We have reviewed the *Independent Auditor's Report* of the Horizon Science Academy Elementary School, Franklin County, prepared by Balestra, Harr & Scherer, CPAs, Inc., for the audit period July 1, 2011 through June 30, 2012. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Horizon Science Academy Elementary School is responsible for compliance with these laws and regulations.

## Independent Auditor's Report

Members of the Board  
Horizon Science Academy Elementary School  
Franklin County  
2835 Morse Road  
Columbus, Ohio 43231

We have audited the accompanying financial statements of the business-type activities of the Horizon Science Academy Elementary School, Franklin County, Ohio, (the School), as of and for the year ended June 30, 2012, as listed in the table of contents. These financial statements are the responsibility of the School's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the business-type activities of Horizon Science Academy Elementary School, Franklin County, Ohio, as of June 30, 2012, and the change in financial position and cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated November 26, 2012, on our consideration of the School's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we do not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance and the results of that testing. The report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require this presentation to include *Management's discussion and analysis*, as listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any other assurance.

We conducted our audit to opine on the financial statements that collectively comprise the School's basic financial statements taken as a whole. The Schedule of Federal Awards Receipts and Expenditures provides additional information required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the basic financial statements. The Schedule of Federal Awards Receipts and Expenditures is management's responsibility, and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. This schedule was subject to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, in accordance with auditing standards generally accepted in the United States of America. In our opinion, this information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2012  
(UNAUDITED)**

---

The discussion and analysis of Horizon Science Academy Elementary School's (the School) financial performance provides an overall review of the financial activities for the fiscal year ended June 30, 2012. Readers should also review the financial statements and notes to enhance their understanding of the School's financial performance.

**Financial Highlights:**

Key financial highlights for fiscal year 2012 are as follows:

- Total net assets increased by \$59,453 from \$1,190,794 to \$1,250,247
- The School had total operating revenues of \$2,688,792
- The School had total operating expenses of \$3,577,578
- The liabilities decreased by \$70,895
- The School received Federal and State Grants totaling of \$925,879

In the fiscal year ended June 30, 2012, net assets increased by \$59,453 which represents a 5% increase from fiscal year 2011. The School also increased its enrollment from 322 to 382 by adding a modular building consisting of two classrooms. Total liabilities also decreased by \$70,895, which is a 22% decrease from previous year. During the fiscal year the School issued a \$125,000 interest-free loan to Horizon Science Academy Dayton High School. At the end of the fiscal year the balance of the loan was \$85,000. In the school year 2012 -2013 school added four more modular classrooms and started the year with 500 students.

**Using this Financial Report:**

This annual report consists of three parts; Management's Discussion and Analysis, the Financial Statements and Notes to the Financial Statements. The Financial Statements part includes a *Statement of Net Assets*, a *Statement of Revenues, Expenses and Change in Net Assets* and a *Statement of Cash Flows*.

These statements report the School's *net assets* and changes to those assets. This change is important because it tells the reader whether the *financial position* of the School has improved or diminished during the fiscal year. The cause of this change may be a result of many factors, some financial, some not. Non-financial factors include the School's student enrollment, per-pupil funding as determined by the State of Ohio, change in technology, required educational programs and other factors.

The *Statement of Net Assets and Statement of Revenues, Expenses and Change in Net Assets* reflect how *the School* performed financially *during the fiscal year*. These statements include all assets and liabilities using the accrual basis of accounting which is similar to the accounting method used by most private-sector companies. This basis of accounting includes all the current year revenues and expenses regardless of when cash is received or paid. These statements can be found on pages 7 and 8 of this report.

In fiscal year 2012 foundation revenues increased by 26% partly because of the increase in enrollment from 322 to 382 and partly because of the reinstatement of SFSF (State Fiscal Stabilization Fund) funds that were available for previous two fiscal years back to the State budget. Salaries increased by 25% and benefits 15%, due to hiring of seven extra teachers. Purchased services increased by 9% and supplies and materials decreased by 6%. Other objects also increased by 20% due to increase in sponsor fees that are calculated based upon foundation revenues from the state.

**1. DESCRIPTION OF THE SCHOOL AND REPORTING ENTITY**

Horizon Science Academy Elementary School (the School), is a nonprofit corporation established pursuant to Ohio Rev. Code Chapters 3314 and 1702 to address the needs of students in grades K through five in Columbus. The School, which is part of the State's education program, is independent of any School and is nonsectarian in its programs, admission policies, employment practices, and all other operations.

The School may sue and be sued, acquire facilities as needed, and contract for any services necessary for the operation of the School. The School has been approved as an exempt organization under Section 501(c) (3) of the Internal Revenue Code. Management is not aware of any course of action or series of events that have occurred that might adversely affect the school's tax-exempt status.

The School was approved for operation under contract with the Buckeye Hope Foundation (the Sponsor) for a period of one year commencing March 31, 2008. The contract was extended in May 2010 until June 30, 2015.

The School operates under the direction of a self-appointed five-member Board of Trustees. The Board is responsible for carrying out the provisions of the contract, which include, but are not limited to, state mandated provisions regarding student population, curriculum, academic goals, performance standards, admission standards, and qualifications of teachers. In fiscal year 2012, the School employed 43 personnel for up to 382 students.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The basic financial statements of the School have been prepared in conformity with generally accepted accounting principles as applied to governmental nonprofit organizations. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The School also applies Financial Accounting Standards Board (FASB) statements and interpretations issued on or before November 30, 1989, provided they do not conflict with or contradict GASB pronouncements. The School does not apply FASB statements issued after November 30, 1989. The more significant of the School's accounting policies are described below.

**A. Basis of Presentation**

The School's basic financial statements consist of a Statement of Net Assets; a Statement of Revenues, Expenses, and Changes in Net Assets; and a Statement of Cash Flows. The School uses enterprise accounting to report on its financial activities. Enterprise accounting focuses on the determination of operating income, changes in net assets, financial position, and cash flows.

**HORIZON SCIENCE ACADEMY ELEMENTARY SCHOOL  
FRANKLIN COUNTY**

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**B. Measurement Focus and Basis of Accounting**

The accounting and financial reporting treatment is determined by its measurement focus. With this measurement focus, all assets and all liabilities associated with the operation of the School are included on the Statement of Net Assets. The Statement of Revenues, Expenses, and Changes in Net Assets present increases (e.g., revenues) and decreases (e.g., expenses) in total net assets. The Statement of Cash Flows provides information about how the School finances meets the cash flow needs of its enterprise activities.

Basis of accounting refers to when revenues and expenses are recognized in the accounts and reported in the financial statements. The full accrual basis of accounting is used for reporting purposes. Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. Revenues resulting from non-exchange transactions, in which the School receives value without directly giving equal value in return, such as grants, entitlements and donations are recognized in the period in which all eligibility requirements have been satisfied. Deferred revenue arises when assets are recognized before revenue recognition criteria have been satisfied. Grants and entitlements received before eligibility requirements are met are recorded as deferred revenue. Expenses are recognized at the time they are incurred.

**C. Budgetary Process**

Unlike other public schools located in the State of Ohio, community Schools are not required to follow budgetary provisions set forth in Ohio Revised Code Chapter 5705; rather community schools are required to create a Five Year Budget Forecast that is approved by the School Board and submitted to ODE and to the School's Sponsor. The contract between the School and its Sponsor does not prescribe any other budgetary process for the School.

**D. Cash**

To improve cash management, all cash received by the School is pooled in a central bank account. Total cash amount at the end of the fiscal year is presented as "Cash" in the Statement of Net Assets. Any investment with an original maturity less than 90 days is considered a cash equivalent and any investment with an original maturity greater than 90 days is considered an investment. As an investment at June 30, 2012, the School had a note receivable from NOG- Ohio LLC for \$375,000.

**E. Capital Assets and Depreciation**

Capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated capital assets are recorded at their fair market values as of the date received. The School maintained a capitalization threshold of \$1,000 for inventory assets and \$10,000 dollars for fixtures and improvements. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized. Improvements are capitalized.

All capital assets are depreciated. Furniture, computers, office equipment, and vehicles are depreciated using straight-line method over the following estimated useful lives. Improvements to capital assets are depreciated using straight-line method over the remaining useful lives of the related capital assets. Leasehold improvements are depreciated using the straight-line method over the life of the lease.

**HORIZON SCIENCE ACADEMY ELEMENTARY SCHOOL  
FRANKLIN COUNTY**

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**E. Capital Assets and Depreciation (Continued)**

	<u>Useful Life</u>
Improvements	3 to 10 years
Heavy Duty Office or Classroom Furniture	10 years
Computers and Other Electronic Equipment	3 to 5 years
Vehicles	3 to 10 years

**F. Intergovernmental Revenues**

In fiscal year 2012, the School participated in the State Foundation Program, Special Education Program, and the Parity Aid Program which are reflected under "Foundation Payments". Revenues received from these programs are recognized as operating revenues in the accounting period in which all eligibility requirements have been met. Amounts awarded under these programs for fiscal year 2012 totaled \$2,651,282.

Grants from State and Federal Governments and donations are recognized as non-operating revenues in the accounting period in which all eligibility requirements have been met. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted, matching requirements, in which the school must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the school on a reimbursement basis. Amounts awarded under these programs in fiscal year 2012 totaled \$925,879.

**G. Operating Revenues and Expenses**

Operating revenues are those revenues that are generated directly from the primary activity of the School. Operating expenses are necessary costs incurred to provide the service that is the primary activity of the School. All revenues and expenses not meeting this definition are reported as non-operating.

**H. Compensated Absences**

The School's policy indicates that all full time employees are entitled to eight days of sick/personal days in a school year. All leave earned by employees must be used within the current school year and cannot be transferred to the next school year. At the end of the year employees are awarded \$125 per each unused sick/personal day.

**I. Net Assets**

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any borrowing used for the acquisition, construction, or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use, either through enabling legislation adopted by the School or through external restrictions imposed by creditors, grantors, or contracts. The School applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net assets are available. At the end of the fiscal year ended June 30, 2012 the School did not have any restricted net assets.

**HORIZON SCIENCE ACADEMY ELEMENTARY SCHOOL  
FRANKLIN COUNTY**

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**J. Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

**3. DEPOSITS AND INVESTMENTS**

On June 30, 2012, the total book balance of the School's two bank accounts at Chase Bank was \$430,125 and the bank balances were \$242,575 and \$250,257. The bank balances were insured by FDIC up to \$250,000. At June 30, 2012 the School had an investment of \$375,000, invested into a one year note to NOG- Ohio LLC, with an interest rate of 6.25%.

**4. CAPITAL ASSETS**

**5. DEFINED BENEFIT PENSION PLANS**

**A. School Employees Retirement System**

Plan Description – The School participates in the State Teachers Retirement System of Ohio (STRS Ohio), a cost-sharing multiple-employer public employee retirement system. STRS Ohio provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS Ohio issues a stand-alone financial report that can be obtained by writing to STRS Ohio, 275 E. Broad St., Columbus, OH 43215-3771, by calling (888) 227-7877, or by visiting the STRS Ohio Web site at [www.strsoh.org](http://www.strsoh.org).

New members have a choice of three retirement plans; a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. The DB plan offers an annual retirement allowance based on final average salary multiplied by a percentage that varies based on years of service, or an allowance based on a member's lifetime contributions and earned interest matched by STRS Ohio funds divided by an actuarially determined annuity factor. The DC Plan allows members to place all their member contributions and employer contributions equal to 10.5 percent of earned compensation into an investment account. Investment decisions are made by the member. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal. The Combined Plan offers features of both the DB Plan and the DC Plan. In the Combined Plan, member contributions are invested by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The DB portion of the Combined Plan payment is payable to a member on or after age 60; the DC portion of the account may be taken as a lump sum payment or converted to a lifetime monthly annuity at age 50. Benefits are established by Ohio Revised Code Chapter 3307.

A DB or Combined Plan member with five or more years of credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members who die before retirement may qualify for survivor benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Funding Policy - Chapter 3307 of the Ohio Revised Code provides statutory authority for member and employer contributions. Contribution rates are established by the State Teachers Retirement Board, upon the recommendation of its consulting actuary, not to exceed statutory maximum rates of 10 percent for members and 14 percent for employers. For the fiscal year ended June 30, 2012, plan members were required to contribute 10 percent of their annual covered salary. The School was required to contribute 14 percent; 13 percent was the portion used to fund pension obligations.

The School's required contributions to STRS Ohio were \$177,230 for the fiscal year ended June 30, 2012, \$138,106 for the fiscal year ended June 30, 2011, and \$122,026 for the fiscal year ended June 30, 2010. For fiscal year 2012, 81 percent has been contributed. The full amount has been contributed for fiscal years 2011 and 2010.

**HORIZON SCIENCE ACADEMY ELEMENTARY SCHOOL  
FRANKLIN COUNTY**

**5. DEFINED BENEFIT PENSION PLANS (Continued)**

**B. School Employees Retirement System**

Plan Description – The School participates in the School Employees Retirement System (SERS), a cost-sharing multiple-employer defined benefit pension plan. SERS provides retirement, disability and survivor benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Ohio Revised Code Chapter 3309. SERS issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. That report can be obtained by visiting the SERS website at [www.ohsers.org](http://www.ohsers.org) under Employers/Audit Resources.

Funding Policy – Plan members are required to contribute 10 percent of their annual covered salary and the School is required to contribute 14 percent of annual covered payroll. The contribution requirements of plan members and employers are established and may be amended by the SERS' Retirement Board up to statutory maximum amounts of 10 percent for plan members and 14 percent for employers. The Retirement Board, acting with the advice of the actuary, allocates the employer contribution rate among four of the System's funds (Pension Trust Fund, Death Benefit Fund, Medicare B Fund, and Health Care Fund). For the fiscal year ended June 30, 2012, the allocation to pension and death benefits was 12.70 percent. The remaining 1.30 percent of the 14 percent employer contribution rate is allocated to the Medicare B and Health Care funds. The School's required contributions for pension obligations to SERS for the fiscal years ended June 30, 2012, 2011, and 2010 were \$26,028, \$21,362 and \$18,770, respectively. For fiscal year 2012, 81 percent has been contributed. The full amount has been contributed for fiscal years 2011 and 2010.

**C. Social Security System**

Effective July 1, 1991, all employees not otherwise covered by the School Employees Retirement System or the State Teachers Retirement System of Ohio have an option to choose Social Security or the School Employees Retirement System. As of June 30, 2012, two members of the Board of Education have elected Social Security. The remaining Board members contribute to SERS. The Board's liability is 6.2 percent of wages paid.

**6. POSTEMPLOYMENT BENEFITS**

**A. State Teachers Retirement System**

Plan Description – The School participates in the cost-sharing multiple-employer defined benefit Health Plan administered by the State Teachers Retirement System of Ohio (STRS Ohio) for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS Ohio. Ohio law authorizes STRS to offer this plan. Benefits include hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare Part B premiums. The Plan is included in the report of STRS Ohio which can be obtained by visiting [www.strsoh.org](http://www.strsoh.org) or by calling (888) 227-7877.

**HORIZON SCIENCE ACADEMY ELEMENTARY SCHOOL  
FRANKLIN COUNTY**

**6. POSTEMPLOYMENT BENEFITS (Continued)**

**A. State Teachers Retirement System (Continued)**

Funding Policy – Ohio Revised Code Chapter 3307 authorizes STRS Ohio to offer the Plan and gives the Retirement Board authority over how much, if any, of the health care costs will be absorbed by STRS Ohio. Active employee members do not contribute to the Health Care Plan. All benefit recipients, for the most recent year, pay a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions. For fiscal year 2012, STRS Ohio allocated employer contributions equal to 1 percent of covered payroll to post-employment health care. The School's contributions for health care for the fiscal years ended June 30, 2012, 2011, and 2010 were \$12,659, \$9,865, and \$8,716 respectively. For fiscal year 2012, 81 percent has been contributed. The full amount has been contributed for fiscal years 2011 and 2010.

**B. School Employees Retirement System**

Plan Description – The School participates in two cost-sharing multiple-employer defined benefit other postemployment benefit (OPEB) plans administered by the School Employees Retirement System for non-certificated retirees and their beneficiaries, a Health Care Plan and a Medicare Part B Plan. The Health Care Plan includes hospitalization and physicians' fees through several types of plans including HMO's, PPO's and traditional indemnity plans as well as a prescription drug program. The Medicare Part B Plan reimburses Medicare Part B premiums paid by eligible retirees and beneficiaries up to a statutory limit. Benefit provisions and the obligation to contribute are established by SERS based on authority granted by State statute. The financial reports of both Plans are included in the SERS Comprehensive Annual Financial Report which can be obtained on SERS' website at [www.ohsers.org](http://www.ohsers.org) under Employers/Audit Resources.

Funding Policy - State statute permits SERS to fund the health care benefits through employer contributions. Each year, after the allocation for statutorily required benefits, the Retirement Board allocates the remainder of the employer contribution of 14 percent of covered payroll to the Health Care Fund. The Health Care Fund was established and is administered in accordance with Internal Revenue Code Section 105(e). For fiscal year 2012, 0.55 percent of covered payroll was allocated to health care. In addition, employers pay a surcharge for employees earning less than an actuarially determined amount; for fiscal year 2012, this amount was \$35,800. During fiscal year 2012, the School paid \$2,305 in surcharge.

Active employee members do not contribute to the Health Care Plan. Retirees and their beneficiaries are required to pay a health care premium that varies depending on the plan selected, the number of qualified years of service, Medicare eligibility and retirement status. The School's contributions for health care for the fiscal years ended June 30, 2012, 2011, and 2010 were \$1,023, \$2,182, and \$1,167, respectively. For fiscal year 2012, 66 percent has been contributed. The full amount has been contributed for fiscal years 2011 and 2010.

The Retirement Board, acting with advice of the actuary, allocates a portion of the employer contribution to the Medicare B Fund. For fiscal year 2012, this actuarially required allocation was 0.76 percent of covered payroll. The School's contributions for Medicare Part B for the fiscal years ended June 30, 2012, 2011, and 2010, were \$1,394, \$1,160, and \$1,018 respectively. For fiscal year 2012, 64 percent has been contributed. The full amount has been contributed for fiscal years 2011 and 2010.

**HORIZON SCIENCE ACADEMY ELEMENTARY SCHOOL  
FRANKLIN COUNTY**

**7. RISK MANAGEMENT**

The School is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. For fiscal year 2012, the School contracted with Selective Insurance Company for property and general liability insurance with a \$1,000,000 single occurrence limit and \$3,000,000 annual aggregate with no deductible. The School did not make any claims in the fiscal year.

The School also pays the State Workers Compensation System a premium for employee injury coverage. The premium is calculated by multiplying the monthly total gross payroll by a factor that is calculated by the State. The School paid 100% of its premiums for the fiscal year ended June 30, 2012.

**8. EMPLOYEE MEDICAL AND DENTAL BENEFITS**

According to the School’s Policy, the School is required to provide Medical and Dental Insurance to all its full time employees. 60% of the monthly premiums for Medical and Dental coverage are to be paid by the School while the remaining 40% are to be deducted from employee’s wages.

**9. PURCHASED SERVICES**

Purchased service expenses during fiscal year 2012 were as follows:

<b>Purchased Services</b>	
<b>Type</b>	<b>Amount</b>
Instructional Services	\$ 212,248
Rent and Property Services	568,242
Management Fees	317,421
Advertising and Communications	39,759

Extra-Curricular Activities	9,781
Professional Development	43,661
Other Professional Technical Services	52,816
<b>Total</b>	<b>\$ 1,258,327</b>

**10. OPERATING LEASES**

In August 2008, the School entered into a lease agreement for the School building at 2835 Morse Road with Charter Schools Development Corporation for ten years. In fiscal year 2012, the School paid a total rent of \$336,257 per the contract. The required lease payments with an annual increase of 2% for the following five fiscal years will be as follows;

**HORIZON SCIENCE ACADEMY ELEMENTARY SCHOOL  
FRANKLIN COUNTY**

**10. OPERATING LEASES (Continued)**

Fiscal Year	Amount
2013	\$ 342,983
2014	349,842
2015	356,839
2016	363,976
2017	371,255
Total	\$ 1,784,895

In fiscal year 2012, the School also incurred installation and removal costs of a two-classroom modular unit in the sum of \$100,268. In fiscal year 2013, the School had this unit removed and had a larger modular unit consists of eight classrooms installed. The monthly lease cost of the unit is \$12,160 for three years. The required lease payments for the following four fiscal years will be as follows;

Fiscal Year	Amount
2013	\$ 133,760
2014	144,720
2015	144,720
2016	10,960
Total	\$ 434,160

**11. CAPITAL LEASES**

In September 2009 the School leased two copy machines/printers and Thin Client computer systems (30) from CIT Technologies. The leases meet the criteria of a capital lease as defined by Statement of Financial Accounting Standards No. 13, "Accounting for Leases," which defines a capital lease generally as one which transfers benefits and risks of ownership to the lessee. Capital assets of \$32,603 have been recorded, which represents the present value of equipment at time of acquisition. At the end of the fiscal year the accumulated depreciation for the capital lease assets was \$25,387. Principal payments for fiscal year 2011 totaled \$5,401. The following is a schedule of the future minimum lease payments required for the capital leases as of June 30, 2012.

	Lease Payments	Interest	Principal
<b>2013</b>	4,884	290	4,594
<b>2014</b>	1,221	16	1,205
<b>Total</b>	<b>\$ 6,105</b>	<b>\$ 306</b>	<b>\$ 5,799</b>

**12. CONTINGENCIES**

**A. Auditor of State Review**

The Auditor of State is currently performing a statewide review of supporting documentation for student attendance data reported to the Ohio Department of Education. The results of this review are still pending and will be reported separately to the Ohio Department of Education at a later date.

**HORIZON SCIENCE ACADEMY ELEMENTARY SCHOOL  
FRANKLIN COUNTY**

**12. CONTINGENCIES (Continued)**

The School received Federal and State grants in total of \$925,879. The expenditure of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability for the School. This also encompasses the Auditor of State's ongoing review of student attendance data. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the School at June 30, 2012.

**B. Ohio Department of Education Enrollment Review**

The Ohio Department of Education (ODE) conducts reviews of enrollment data and full time equivalency (FTE) calculations made by the School. These reviews are conducted to ensure the Community School is reporting accurate student enrollment data to the State, upon which state foundation funding is calculated. According to the FTE review made for fiscal year 2012, the School was overpaid by \$50. This amount is included under intergovernmental payable in the Statement of Net Assets.

**13. NOTE RECEIVABLES TO OTHER RELATED PARTIES**

In June 2010, the School issued a Note to NOG- Ohio LLC for \$500,000 for a term of one year with the option of extension for another year with an interest rate of 6.25%. The Note was extended for a third year in May 2012. The interest is paid quarterly. In fiscal year 2012, the School received a total of \$21,766 of interest from the Note. NOG- Ohio is a subsidiary of New Plan Learning which is a non-profit organization established to acquire and manage school facilities for charter schools.

In January 2012, the School issued an interest free loan to Horizon Science Academy Dayton High School in the amount of \$125,000. The remaining balance of the loan at the end of the fiscal year was \$85,000. The term of the loan has been extended until June 30, 2013.

**14. SPONSORSHIP AGREEMENT**

On March 31, 2008, the School signed a sponsorship agreement with Buckeye Hope Foundation for one year. The contract has been extended in May 2010 until June 30, 2015. The Sponsor is responsible for evaluating the performance of the School and has the authority to deny renewal of the contract at its expiration or terminate the contract prior to its expiration. According to the contract agreed by both parties, the School pays 3% of its foundation revenues to the Sponsor. In fiscal year 2012, the School's compensation to the Sponsor was \$79,212.

**15. MANAGEMENT COMPANY AGREEMENT**

School contracted with Concepts Schools, Inc. on March 15, 2008 to serve as the School's Management Company. The contract is renewed automatically every year in one year terms unless the school or the management company decides otherwise. According to the contract, the school transfers 12% of the funds received from State. The total management fees incurred in fiscal year 2012 was \$317,421.

**NOTE A – SIGNIFICANT ACCOUNTING POLICIES**

The accompanying Schedule of Federal Awards Receipts and Expenditures (the Schedule) summarizes activity of the School's federal award programs. The Schedule has been prepared on the cash basis of accounting.

**NOTE B – NATIONAL SCHOOL LUNCH AND BREAKFAST PROGRAMS**

Federal funds received from the National School Lunch and Breakfast Programs were commingled with state subsidy and local revenue from the sale of meals. It was assumed that federal dollars were expended first.

**NOTE C – FOOD DONATION**

Program regulations do not require the School to maintain separate inventory records for purchased food and food received from the U.S. Department of Agriculture. This non-monetary assistance (expenditures) is reported in the Schedule at the fair value of the commodities received as assessed by the U.S. Department of Agriculture.

## Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Required by *Government Auditing Standards*

Members of the Board  
Horizon Science Academy Elementary School  
Franklin County  
2835 Morse Road  
Columbus, Ohio 43231

We have audited the financial statements of the business-type activities of Horizon Science Academy Elementary School, Franklin County, Ohio, (the School), as of and for the year ended June 30, 2012, and have issued our report thereon dated November 26, 2012. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*.

### Internal Control Over Financial Reporting

In planning and performing our audit, we considered the School's internal control over financial reporting as a basis for designing our audit procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of opining on the effectiveness of the School's internal control over financial reporting. Accordingly, we have not opined on the effectiveness of the School's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in more than a reasonable possibility that a material misstatement of the School's financial statements will not be prevented, or detected and timely corrected.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider material weaknesses, as defined above.

### **Compliance and Other Matters**

As part of reasonably assuring whether the School's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

We intend this report solely for the information and use of management, the Board Members, the Community School's sponsor, federal awarding agencies, pass-through entities, and others within the School. We intend it for no one other than these specified parties.

## Report on Compliance with Requirements Applicable to Each Major Federal Program and on Internal Control Over Compliance Required by OMB Circular A-133

Members of the Board  
Horizon Science Academy Elementary School  
Franklin County  
2835 Morse Road  
Columbus, Ohio 43231

### Compliance

We have audited the compliance of Horizon Science Academy Elementary School, Franklin County, Ohio (the School) with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133, Compliance Supplement* that could directly and materially affect Horizon Science Academy Elementary School's major federal program for the year ended June 30, 2012. The summary of auditor's results section of the accompanying schedule of findings identifies the School's major federal program. The School's management is responsible for complying with the requirements of laws, regulations, contracts, and grants applicable to each major federal program. Our responsibility is to express an opinion on the School's compliance based on our audit.

Our compliance audit followed auditing standards generally accepted in the United States of America; the standards applicable to financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. These standards and OMB Circular A-133 require that we plan and perform the audit to reasonably assure whether noncompliance occurred with the compliance requirements referred to above that could directly and materially affect a major federal program. An audit includes examining, on a test basis, evidence about the School's compliance with these requirements and performing other procedures we considered necessary in the circumstances. We believe our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the School's compliance with these requirements.

In our opinion, Horizon Science Academy Elementary School complied, in all material respects, with the requirements referred to above that could directly and materially affect its major federal program for the year ended June 30, 2012.

### Internal Control Over Compliance

The School's management is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the School's internal control over compliance with requirements that could directly and materially affect a major federal program, to determine our auditing procedures for the purpose of opining on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of opining on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the School's internal control over compliance.

Horizon Science Academy Elementary School  
Report on Compliance with Requirements Applicable to each Major Federal Program and on  
Internal Control Over Compliance Required by OMB Circular A-133  
Page 2

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program compliance requirement. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program compliance requirement will not be prevented, or timely detected and corrected.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

We intend this report solely for the information and use of management, the Board Members, the Community School's sponsor, others within the entity, federal awarding agencies, and pass-through entities. It is not intended for anyone other than these specified parties.
