INDEPENDENT AUDITOR'S REPORT

Board of Commissioners
Darke County Metropolitan Housing Authority

To the Board of Commissioners:

Report on the Financial Statements

We have audited the accompanying financial statements of the Darke County Metropolitan Housing Authority, Darke County, Ohio (the Authority), as of and for the year ended September 30, 2018, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes designing, implementing, and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the Authority's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the Authority's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Darke County Metropolitan Housing Authority, Darke County, Ohio as of September 30, 2018, and the changes in its financial position and its cash flows for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require this presentation to include *management's discussion and analysis* to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, consisting of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries to the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not opine or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to opine or provide any other assurance.

Supplementary and Other Information

Our audit was conducted to opine on the Authority's basic financial statements taken as a whole.

The Financial Data Schedules present additional analysis and are not a required part of the basic financial statements.

The Schedule of Expenditures of Federal Awards presents additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards and is not a required part of the financial statements.

The schedules are management's responsibility, and derive from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. We subjected this information to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves in accordance with auditing standards generally accepted in the United States of America. In our opinion, this information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 27, 2019, on our consideration of the Authority's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

Notes to the Financial Statements

The financial statements are designed to provide readers with a broad overview of the Authority's finances in a manner similar to a private sector business.

The *statement of net position* presents information on all of the Authority's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Authority is improving or deteriorating.

The focus of the statement of net position (the "unrestricted" net position) is designed to represent the net available liquid (non-capital) assets, net of liabilities, for the entire Authority. Net position is reported in three broad categories.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Net Investment in Capital Assets: This component of net position consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that have been used for the acquisition, construction, or improvement of those assets.

Restricted Net Position: This component of net position consists of restricted assets, when constraints are placed on the asset by creditors (such as debt covenants), grantors, contributors, laws, regulations, etc.

Unrestricted Net Position: This component of net position consists of net position that does not meet the definition of Net Investment in Capital Assets, or Restricted Net Position.

The *statement of revenues, expenses and changes in net position* is similar to an income statement. This statement includes operating revenues, such as rental income; operating expenses, such as administrative, utilities, maintenance, and depreciation; and non-operating revenue and expenses, such as investment income, gains and losses on capital asset disposals and interest expense.

The focus of the statement of revenues, expenses and changes in net position is the Increase (Decrease) in Net Position, which is similar to Net Income or Loss.

The *statement of cash flows* provides information about the Authority's cash receipts and cash payments during the reporting period. The statement reports cash receipts, cash payments, and net changes in cash resulting from operating activities, capital and related financing activities and investing activities.

The *notes to the financial statements* provide additional information essential to a full understanding of the data provided in the basic financial statements.

The Authority's Programs

The Authority has two programs. They include the Housing Choice Voucher Program (HCV) and a Business Activities Program.

- The Housing Choice Voucher Program provides rental assistance to help low income families afford decent, safe, and sanitary rental housing. The Authority provides rental assistance in the form of a Housing Assistance Payment (HAP) to a landlord on behalf of the tenant. There are currently 299 vouchers funded. Funds are provided by HUD to provide rental assistance payments. The Authority is provided an administrative fee for the purpose of covering the administrative costs of the program. The fee is based on a HUD established rate earned per voucher leased.
- The Business Activity Program consists of eight rental properties received from the Darke County Board of Developmental Disabilities and other donations. These rental properties enable persons with developmental disabilities to be integrated into the community.

Major Factors Affecting the Statement of Net Position

This is primarily due to a decrease in the unrestricted cash balance from \$228,037 in the prior year to \$182,473 in the current year, a decrease of \$45,564. This decrease resulted primarily from the purchase of capital assets and the reduction of current accounts payable. The Authority's noncurrent asset balance increased due to the purchase of properties for the Business Activities Program. These properties were acquired through the use of loans. Please note the capital asset portion presented in a later section.

Current liabilities increased by \$10,440, due primarily to an increase in the amount reported as current portion of long-term debt due and additional loans acquired in the current year.

Non-current liabilities increased by \$31,177 due to additional debt obligations acquired in the current year associated with the Business Activities Program.

The net position of the Authority increased by \$50,387 compared to the previous fiscal year.

The Authority's unrestricted component of net position changed from \$175,100 to \$145,881, a decrease of \$29,219 or 17% for the current year. This decrease was due to operating expenses exceeding revenues

associated with the Business Activities Program. The unrestricted component of net position is the amount available for future appropriations. This balance is subject to program specific guidelines.

Individual program balances that comprise the unrestricted component of net position are as follows:

Housing Choice Voucher Program	\$ 33,483
Business Activities	<u>112,398</u>
Total Unrestricted Net Assets	<u>\$145,881</u>

The Authority's restricted component of net position changed from \$16,766 to \$42,374. This was due to HAP revenues of \$1,084,463 exceeding HAP expenditures of \$1,058,855 in the current year. The restricted component of the net position is restricted for the purpose of HAP expenses. Net Investments in Capital Assets increased by \$53,998 as net capital assets increased by \$117,884 while debt used to fund the purchase of those assets increased by \$63,886.

Major Factors Affecting the Statement of Net Position

Revenues of the Authority are principally generated from Federal funding. Revenue increased by a total of \$24,016 compared to the previous fiscal year. Tenant revenue increased by \$10,640 due to the addition of two rental properties for the Business Activities Program. Government operating grants decreased by \$24,607 due to a decrease in funding received for HAP expenditures. Current year HAP funding was calculated based on prior year's HAP expenses resulting in a decrease in funding in the current year. Other revenue increased by a total of \$37,968 was due to additional management fees associated with the Business Activities Program and a reduction in Fraud recovery.

Total expenses increased \$5,197. Administration expense increased by \$11,931 primarily due to an increase in management fees paid to a third party in the amount of \$6,250 associated with the Business Activities Program. Other increases include allocated expenses from Darke Facility in the amount of \$6,155. Ordinary maintenance increased by \$7,190 primarily due to an increase in contracted repairs in the amount of \$3,129 and an increase in extermination expense of \$3,500. General expenses increased by \$8,982 due to real estate taxes paid by the Business Activity Program and bad debt reserves for fraud recovery cases ordered during the year in the HAP Program. Housing assistance payments decreased by \$27,302 due to the average housing assistance payment per unit months leased decreasing from \$321 per voucher to \$307 per voucher.

DARKE COUNTY METROPOLITAN HOUSING AUTHORITY

Notes to the Basic Financial Statements for the year ended September 30, 2018

NOTE 1 – DESCRIPTION OF THE ENTITY

The Darke County Metropolitan Housing Authority was created under the Ohio Revised Code Section 3735.27. The Authority contracts with the United States Department of Housing and Urban Development (HUD) to provide low- and moderate-income persons with safe and sanitary housing through subsidies provided by HUD. The Authority depends on the subsidies from HUD to operate.

The accompanying financial statements comply with the provision of Governmental Accounting Standards Board (GASB) Statement 14 (as amended by GASB Statement No. 61), the Financial Reporting Entity, in that the financial statements include all organizations, activities and functions for which the Authority is financially accountable. This report includes all activities considered by management to be part of the Authority by virtue of Section 2100 of the Codification of Governmental Accounting and Financial Reporting Standards.

Section 2100 indicates that the reporting entity consists of a) the primary government, b) organizations for which the primary government is financially accountable and c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

The definition of the reporting entity is based primarily on the notion of financial accountability. A primary government is financially accountable for the organizations that make up its legal entity.

It is also financially accountable for legally separate organizations if its officials appoint a voting majority of an organization's government body and either it is able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to, or to impose specific financial burdens on, the primary government. A primary government may also be financially accountable for governmental organizations that are fiscally dependent on it.

A primary government has the ability to impose its will on an organization if it can significantly influence the programs, projects, or activities of, or the level of services performed or provided by, the organization. A financial benefit or burden relationship exists if the primary government a) is entitled to the organization's resources; b) is legally obligated or has otherwise assumed the obligation to finance the deficits of, or provide financial support to, the organization; or c) is obligated in some manner for the debt of the organization.

Management believes the financial statements included in this report represent all of the funds of the Authority over which the Authority is financially accountable.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The basic financial statements of the Authority have been prepared in conformity with accounting principles generally accepted in the United States of America. The Governmental

DARKE COUNTY METROPOLITAN HOUSING AUTHORITY

Notes to the Basic Financial Statements for the year ended September 30, 2018

Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Authority's accounting policies are described below.

Basis of Presentation

The Authority's financial statements consist of a statement of net position, a statement of revenue, expenses and changes in net position, and a statement of cash flows.

Fund Accounting

The Authority maintains its accounting records in accordance with the principles of "fund" accounting. Fund accounting is a concept developed to meet the needs of government entities in which legal or other restraints require the recording of specific revenues and expenses.

The Authority uses a single enterprise fund to account for operations (a) that are financed and operated in a manner similar to private business enterprises, where the intent of the Authority is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for public policy, management control, accountability or other purposes.

Basis of Accounting

Enterprise fund transactions are recorded on the accrual basis of accounting; revenues are recognized when earned and measurable and expenses are recognized as incurred.

Measurement Focus

Enterprise funds are accounted for on a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of these funds are included on the statement of net position. The statement of changes in net position presents increases (revenues) and decreases (expenses) in net total assets. The statement of cash flows provides information about how the Authority finances and meets the cash flow needs of its enterprise activity.

Cash and Cash Equivalents

The Authority considers all highly liquid investments (including restricted assets) with a maturity of three months or less when purchased to be cash equivalents.

Restricted Cash

Restricted cash represent amounts held due to HAP revenues exceeding HAP expenditures.

DARKE COUNTY METROPOLITAN HOUSING AUTHORITY

**Notes to the Basic Financial Statements
for the year ended September 30, 2018**

Accounts Receivable

Accounts receivable consist mainly of amounts due from various funding agencies for program costs incurred that have not been reimbursed at year-end. Accounts receivable also include \$21,631 for fraud recovery \$14,980 of which is considered as uncollectable at September 30, 2018.

Capital Assets

Capital assets are stated at cost. The capitalization policy of the Authority is to depreciate all non-expendable personal property having a useful life of more than one year and purchase price of \$500 or more per unit. Expenditures for repairs and maintenance are charged directly to expense as they are incurred. Depreciation is computed using the straight-line method over the following estimated useful lives:

Buildings	39 years
Furniture, equipment and machinery	3-5 years
Leasehold improvement	15 years

Revenue Recognition

Subsidies and grants received from HUD and other grantors are generally recognized during the periods to which they relate and all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted; matching requirements, in which the Authority must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the Authority on a reimbursement basis. Tenant rental revenues are recognized during the period of occupancy. Other receipts are recognized when the related expenses are incurred. Expenses are recognized as incurred.

Unearned Revenue

Unearned revenue arises when revenues are received before revenue recognition criteria have been satisfied.

DARKE COUNTY METROPOLITAN HOUSING AUTHORITY
Notes to the Basic Financial Statements
for the year ended September 30, 2018

Net Position

Net position represents the difference between assets and liabilities.

Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by any outstanding balances of any borrowings that have been used for the acquisition, construction or improvement of those assets.

Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by Authority or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

The Authority applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net positions are available.

Revenues and Expenses

The Authority distinguishes operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with an enterprise fund's principal ongoing operations. The principal operating revenues of the Authority's enterprise fund are charges to tenants for rent and operating subsidies from HUD. Operating expenses for the enterprise fund include the costs of facility maintenance, housing assistance payments, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Income Taxes

No provision for income taxes is recorded as the Authority is a non-profit, tax exempt entity under the Internal Revenue Code.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statement, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 3 – DEPOSITS AND INVESTMENTS

State statutes classify monies held by the Authority into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the Authority's Treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the Authority has identified as not required for use within the current two-year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies, which are not needed for immediate use, but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts including passbook accounts.

Protection of Authority's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, by Surety Company bonds deposited with the treasurer by the financial institution or by a single collateral pool established by the financial institution to secure the repayment of all public monies deposited with the institution.

At September 30, 2018, the carrying amount of the Authority's deposits totaled \$224,847 and its bank balance was \$267,967. Based on the criteria described in GASB Statement No. 40, "Deposit and Investment Risk Disclosure," as of September 30, 2018, the \$267,967 bank balance was covered by the Federal Depository Insurance Corporation.

Custodial credit risk is the risk that, in the event of bank failure, the Authority's deposits may not be returned. The Authority's policy is to place deposits with major local banks approved by the Authority's Board. All deposits are collateralized with eligible securities in amounts equal to at least 105 percent of the carrying value of deposits. Such collateral, as permitted by Chapter 135 of the Ohio Revised Code, is held in financial institution pools at Federal Reserve Banks, or at member banks of the federal reserve system, in the name of the respective depository bank and pledged as a pool of collateral against the public deposits it holds or as specific collateral held at the Federal Reserve Bank in the name of the Authority.

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements of the Darke County Metropolitan Housing Authority, Darke County, Ohio (the Authority) as of and for the year ended September 30, 2018, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements and have issued our report thereon dated March 27, 2019.

Internal Control Over Financial Reporting

As part of our financial statement audit, we considered the Authority's internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support our opinion on the financial statements, but not to the extent necessary to opine on the effectiveness of the Authority's internal control. Accordingly, we have not opined on it.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the Authority's financial statements. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Given these limitations, we did not identify any deficiencies in internal control that we consider material weaknesses. However, unidentified material weaknesses may exist.

Compliance and Other Matters

As part of reasonably assuring whether the Authority's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

Purpose of this Report

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the Authority's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the Authority's internal control and compliance. Accordingly, this report is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS
APPLICABLE TO THE MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL
OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

Board of Commissioners
Darke County Metropolitan Housing Authority

To the Board of Commissioners:

Report on Compliance for the Major Federal Program

We have audited Darke County Metropolitan Housing Authority' (the Authority) compliance with the applicable requirements described in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* that could directly and materially affect the Authority's major federal program for the year ended September 30, 2018. The *Summary of Auditor's Results* in the accompanying schedule of findings identifies the Authority's major federal program.

Management's Responsibility

The Authority's Management is responsible for complying with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to opine on the Authority's compliance for the Authority's major federal program based on our audit of the applicable compliance requirements referred to above. Our compliance audit followed auditing standards generally accepted in the United States of America; the standards for financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). These standards and the Uniform Guidance require us to plan and perform the audit to reasonably assure whether noncompliance with the applicable compliance requirements referred to above that could directly and materially affect a major federal program occurred. An audit includes examining, on a test basis, evidence about the Authority's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe our audit provides a reasonable basis for our compliance opinion on the Authority's major program. However, our audit does not provide a legal determination of the Authority's compliance.

Opinion on the Major Federal Program

In our opinion, the Darke County Metropolitan Housing Authority complied, in all material respects with the compliance requirements referred to above that could directly and materially affect its major federal program for the year ended September 30, 2018.

Report on Internal Control over Compliance

The Authority's management is responsible for establishing and maintaining effective internal control over compliance with the applicable compliance requirements referred to above. In planning and performing our compliance audit, we considered the Authority's internal control over compliance with the applicable requirements that could directly and materially affect a major federal program, to determine our auditing procedures appropriate for opining on each major federal program's compliance and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not to the extent needed to opine on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the Authority's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program's applicable compliance requirement. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program compliance requirement will not be prevented, or timely detected and corrected. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with federal program's applicable compliance requirement that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

This report only describes the scope of our internal control over compliance tests and the results of this testing based on Uniform Guidance requirements. Accordingly, this report is not suitable for any other purpose.
