#### INDEPENDENT AUDITOR'S REPORT

Fayette County General Health District Fayette County 317 South Fayette Street Washington Court House, Ohio 43160

To the Board of Trustees:

#### Report on the Financial Statements

We have audited the accompanying financial statements of the cash balances, receipts and disbursements by fund type, and related notes of Fayette County General Health District, Fayette County, Ohio (the District) as of and for the years ended December 31, 2018 and 2017.

#### Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with the financial reporting provisions Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit; this responsibility includes designing, implementing and maintaining internal control relevant to preparing and fairly presenting financial statements free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

#### Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 2 of the financial statements, the District prepared these financial statements using the accounting basis permitted by the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D), which is an accounting basis other than accounting principles generally accepted in the United States of America (GAAP), to satisfy these requirements.

Although the effects on the financial statements of the variances between the regulatory accounting basis and GAAP are not reasonably determinable, we presume they are material.

Though the District does not intend these statements to conform to GAAP, auditing standards generally accepted in the United States of America require us to include an adverse opinion on GAAP. However, the adverse opinion does not imply the amounts reported are materially misstated under the accounting basis Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit. Our opinion on this accounting basis is in the *Opinion on Regulatory Basis of Accounting* paragraph below.

#### Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the *Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles* paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the District as of December 31, 2018 and 2017, and the respective changes in financial position thereof for the years then ended.

#### Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements referred to above present fairly, in all material respects, the cash balances, receipts and disbursements by fund type, and related notes of Fayette County General Health District, Fayette County as of December 31, 2018 and 2017, for the years then ended in accordance with the financial reporting provisions Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit, described in Note 2.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated August 15, 2019, on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Fayette County Notes to the Financial Statements For the Year Ended December 31, 2018

#### **Note 1 – Reporting Entity**

The constitution and laws of the State of Ohio establish the rights and privileges of the Fayette County General Health District, Fayette County, (the District) as a body corporate and politic. A five-member Board and a Health Commissioner govern the District. The District's services include communicable disease investigations, immunization clinics, inspections, public health nursing services and issues health-related licenses and permits.

The District's management believes these financial statements present all activities for which the District is financially accountable.

#### Note 2 – Summary of Significant Accounting Policies

#### Basis of Presentation

The District's financial statements consist of a combined statement of receipts, disbursements and changes in fund balances (regulatory cash basis) for all governmental fund types organized on a fund type basis.

# Fund Accounting

The District uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The funds of the District are presented below:

**General Fund** The general fund accounts for and reports all financial resources not accounted for and reported in another fund. The general fund balance is available to the District for any purpose provided it is expended or transferred according to the general laws of Ohio.

*Special Revenue Funds* These funds account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. The District had the following significant Special Revenue Funds:

Women, Infants, and Children (WIC) Fund - This is a Federal grant fund accounts for the Special Supplemental Nutrition Program.

*Help Me Grow* – This fund receives federal and state funds for families that have delays and disabilities from birth to three years old.

#### Basis of Accounting

These financial statements follow the accounting basis permitted by the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03 (D). This basis is similar to the cash receipts and disbursements accounting basis. The Board recognizes receipts when received in cash rather than when earned, and recognizes disbursements when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved).

These statements include adequate disclosure of material matters, as the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03 (D) permit.

Fayette County Notes to the Financial Statements For the Year Ended December 31, 2018

#### **Budgetary Process**

The Ohio Revised Code requires the District to budget each fund annually.

**Appropriations** Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the fund, function or object level of control and appropriations may not exceed estimated resources. The District Board must annually approve appropriation measures and subsequent amendments.

**Estimated Resources** Estimated resources include estimates of cash to be received (budgeted receipts). The County Budget Commission must approve estimated resources.

**Encumbrances** The Ohio Revised Code requires the District to reserve (encumber) appropriations when individual commitments are made. Encumbrances outstanding at year end are canceled, and reappropriated in the subsequent year. Management has included audit adjustments in the accompanying budgetary presentations for material items that should have been encumbered.

A summary of 2018 budgetary activity appears in Note 4.

#### Accumulated Leave

In certain circumstances, such as upon leaving employment, employees are entitled to cash payments for unused leave. The financial statements do not include a liability for unpaid leave.

#### Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the District must observe constraints imposed upon the use of its governmental-fund resources. The classifications are as follows:

*Nonspendable* The District classifies assets as *nonspendable* when legally or contractually required to maintain the amounts intact.

**Restricted** Fund balance is *restricted* when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or is imposed by law through constitutional provisions.

**Committed** The Board can *commit* amounts via formal action (resolution). The District must adhere to these commitments unless the Board amends the resolution. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed to satisfy contractual requirements.

Assigned Assigned fund balances are intended for specific purposes but do not meet the criteria to be classified as restricted or committed. Governmental funds other than the general fund report all fund balances as assigned unless they are restricted or committed. In the general fund, assigned amounts represent intended uses established by the Board or a District official delegated that authority by resolution, or by State Statute.

Fayette County Notes to the Financial Statements For the Year Ended December 31, 2018

**Unassigned** Unassigned fund balance is the residual classification for the general fund and includes amounts not included in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance.

The District applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

#### Note 3 – Budgetary Activity

Budgetary activity for the year ending December 31, 2018, follows:

#### Note 4 – Deposits and Investments

As required by the Ohio Revised Code, the Fayette County Treasurer is custodian for the District's deposits. The County's deposit and investment pool holds the District's assets, valued at the Treasurer's reported carrying amount.

#### **Note 5 – Intergovernmental Funding and Property Taxes**

#### Intergovernmental Funding

The County apportions the excess of the District's appropriations over other estimated receipts among the townships and municipalities composing the District, based on their taxable property valuations. The County withholds the apportioned excess from property tax settlements and distributes it to the District. The financial statements present these amounts as intergovernmental receipts.

#### **Property Taxes**

Real property taxes become a lien on January 1 preceding the October 1 date for which the taxing authority of the subdivision to whose jurisdiction the District is subject adopts rates. The State Department of

Fayette County Notes to the Financial Statements For the Year Ended December 31, 2018

Taxation, Division of Tax Equalization, adjusts these rates for inflation. Property taxes are also reduced for applicable applicable non-business, owner occupancy, and homestead exemption credits and/or homestead and rollback deductions. The financial statements include credits and/or deduction amounts the State pays as Other Intergovernmental Receipts. Payments are due to the County by December 31. If the property owner elects to pay semiannually, the first half is due December 31. The second half payment is due the following June 20.

The County is responsible for assessing property, and for billing, collecting, and distributing all property taxes on behalf of the District.

#### **Note 6 – Interfund Balances**

#### Advances

Outstanding advances at December 31, 2018, consisted of \$71,000 advanced to WIC funds to provide special supplemental nutrition program.

#### Note 7 – Risk Management

Workers' Compensation coverage is provided by the State of Ohio. The District pays the State Workers' Compensation System a premium based on a rate per \$100 of salaries. This rate is calculated based on accident history and administrative costs (if material).

#### Commercial Insurance

The District belongs to the Public Entities Pool of Ohio (PEP), a risk-sharing pool available to Ohio local governments. PEP provides property and casualty coverage for its members. American Risk Pooling Consultants, Inc. (ARPCO), a division of York Insurance Services Group, Inc. (York), functions as the administrator of PEP and provides underwriting, claims, loss control, risk management, and reinsurance services for PEP. PEP is a member of the American Public Entity Excess Pool (APEEP), which is also administered by ARPCO. Member governments pay annual contributions to fund PEP. PEP pays judgments, settlements and other expenses resulting from covered claims that exceed the members' deductibles.

# Casualty and Property Coverage

APEEP provides PEP with an excess risk-sharing program. Under this arrangement, PEP retains insured risks up to an amount specified in the contracts. At December 31, 2017, PEP retained \$438,294 for casualty claims and \$100,000 for property claims.

The aforementioned casualty and property reinsurance agreement does not discharge PEP's primary liability for claims payments on covered losses. Claims exceeding coverage limits are the obligation of the respective government.

Based on discussions with PEP, the expected rates PEP charges to compute member contributions, which are used to pay claims as they become due, are not expected to change significantly from those used to determine the historical contributions detailed below. By contract, the annual liability of each member is limited to the amount of financial contributions required to be made to PEP for each year of membership.

Fayette County
Notes to the Financial Statements
For the Year Ended December 31, 2018

Contributions to PEP
2018
\$13,711

After one year of membership, a member may withdraw on the anniversary of the date of joining PEP, if the member notifies PEP in writing 60 days prior to the anniversary date. Upon withdrawal, members are eligible for a full or partial refund of their capital contributions, minus the subsequent year's contribution. Withdrawing members have no other future obligation to PEP. Also upon withdrawal, payments for all casualty claims and claim expenses become the sole responsibility of the withdrawing member, regardless of whether a claim occurred or was reported prior to the withdrawal.

#### Note 8 - Defined Benefit Pension Plans

#### Ohio Public Employees Retirement System

The District's employees belong to the Ohio Public Employees Retirement System (OPERS). OPERS is a cost-sharing, multiple-employer plan. The Ohio Revised Code prescribes this plan's benefits, which include postretirement healthcare and survivor and disability benefits.

The Ohio Revised Code also prescribes contribution rates. OPERS members contributed 10 percent of their gross salaries and the District contributed an amount equaling 14 percent of participants' gross salaries. The District has paid all contributions required through December 31, 2018.

Retirement Rates	Year	Member	Employer
		Rate	Rate
OPERS – Local	2018	10%	14%

#### **Note 9 – Postemployment Benefits**

OPERS offers a cost-sharing, multiple-employer defined benefit postemployment plan, that includes multiple health care plans including medical coverage, prescription drug coverage, and deposits to a Health Reimbursement Arrangement and Medicare Part B premium reimbursements, to qualifying benefit recipients. The portion of employer contributions allocated to health care for members in the traditional pension plan and combined plan was 0 percent during calendar year 2018. The portion of employer contributions allocated to health care for members in the member-directed plan was 4.0 percent during calendar year 2018.

Fayette County Notes to the Financial Statements For the Year Ended December 31, 2017

#### **Note 1 – Reporting Entity**

The constitution and laws of the State of Ohio establish the rights and privileges of the Fayette County General Health District, Fayette County, (the District) as a body corporate and politic. A five-member Board and a Health Commissioner govern the District. The District's services include communicable disease investigations, immunization clinics, inspections, public health nursing services and issues health-related licenses and permits.

The District's management believes these financial statements present all activities for which the District is financially accountable.

# INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

Fayette County General Health District Fayette County 317 South Fayette Street Washington Court House, Ohio 43160

To the Board of Trustees:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements of the cash balances, receipts, and disbursements by fund type of the Fayette County General Health District, Fayette County, (the District) as of and for the year ended December 31, 2018 and 2017, and the related notes to the financial statements and have issued our report thereon dated August 15, 2019, wherein we noted the Government followed financial reporting provisions Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit.

# Internal Control Over Financial Reporting

As part of our financial statement audit, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support our opinions on the financial statements, but not to the extent necessary to opine on the effectiveness of the District's internal control. Accordingly, we have not opined on it.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A material weakness is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the District's financial statements. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Given these limitations, we did not identify any deficiencies in internal control that we consider material weaknesses. However, unidentified material weaknesses may exist.

#### **Compliance and Other Matters**

As part of reasonably assuring whether the District's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

# Purpose of this Report

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this report is not suitable for any other purpose.
