#### REPORT OF INDEPENDENT ACCOUNTANTS

Ohio Water Development Authority 88 East Broad Street, Suite 1300 Columbus, OH 43215-3516

We have audited the accompanying combining financial statements and the individual funds included in the schedules of the combining funds of the Ohio Water Development Authority (the Authority), component unit of the State of Ohio, as of and for the year ended December 31, 1999. These financial statements are the responsibility of the Authority's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note 1, the financial statements present only the Ohio Water Development Authority's enterprise funds and are not intended to present fairly the financial position of the State of Ohio and the results of the State of Ohio's operations and cash flows of its proprietary fund types in conformity with generally accepted accounting principles.

In our opinion, the combining financial statements referred to above present fairly, in all material respects, the financial position of the Ohio Water Development Authority as of December 31, 1999, and the results of its operations and its cash flows for the year then ended in conformity with generally accepted accounting principles. Also, in our opinion, the individual fund and group financial statements referred to above present fairly, in all material respects, the financial position of each of the individual funds and groups of the Ohio Water Development Authority as of December 31, 1999, and the results of their operations and their cash flows for the year then ended in conformity with generally accepted accounting principles.

In accordance with Government Auditing Standards, we have also issued our report dated March 29, 2000 on our consideration of the Authority's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, and contracts.

JIM PETRO Auditor of State

March 29, 2000

#### Notes to Financial Statements

December 31, 1999

## (1) AUTHORIZING LEGISLATION, DESCRIPTIONS OF PROGRAMS AND FUNDS AND SIGNIFICANT ACCOUNTING POLICIES

#### Authorizing Legislation

The Ohio Water Development Authority (Authority) is a body corporate and politic in the State of Ohio created by an Act of the General Assembly of the State of Ohio effective March 7, 1968. It is authorized and empowered to acquire, construct, maintain, repair, and operate water development projects and solid waste projects, to issue water development and solid waste revenue bonds and notes, and to collect rentals and other charges to pay such bonds and notes and the interest thereon. The Authority was given jurisdiction over financing solid waste control by an Act of the General Assembly of the State of Ohio during 1970. Under provisions of the Acts, such revenue bonds and notes shall not be deemed to constitute a debt or a pledge of faith and credit of the State nor any political subdivision thereof.

#### Reporting Entity

The accompanying financial statements comply with the provisions of Governmental Accounting Standards Board (GASB) Statement No. 14, The Financial Reporting Entity, in that the financial statements include all organizations, activities, functions and component units for which the Authority (the reporting entity) is financially accountable. Financial accountability is defined by Statement No. 14, as the level of accountability that exists if the reporting entity appoints a voting majority of the component unit's board, and is either (1) able to impose its will on that component unit, or (2) there is a potential for the component unit to provide specific financial benefits to, or impose specific financial burdens on, the reporting entity. Based on this definition, the Authority does not have any component units. However, the Authority is a component unit of the State of Ohio.

#### Programs

The Authority has established the following programs:

#### Local Communities

The Authority has established financing programs to provide loans to local communities in the State of Ohio for the construction of sewage and related water treatment facilities. These programs are accounted for in various funds, which are described, in the following paragraphs. These loans provide for the financing of project construction costs. The federal government's share of costs (federal grants) is secured and assigned by the local community to the Authority. The local community agrees to pay to the Authority its share of project costs plus any costs ineligible for federal reimbursement over a period of 5 to 40 years, plus interest. The underlying project serves as collateral for the loan. The Authority's initial funding of the program came from a \$100,000,000 appropriation, all of which has been designated for use, from the State of Ohio. Subsequent funding of this program came from issuance by the Authority of bonds and notes.

Notes to Financial Statements, Continued

#### Industrial

The Authority has established financing programs to assist private industry and certain municipalities participating in a manner similar to private industry, all located in the State of Ohio, in controlling water pollution and solid wastes by constructing appropriate facilities. These programs are accounted for in various funds, which are described in Note 19. The Authority issues revenue bonds and notes to finance these programs. The Authority and the industrial companies and municipalities enter into agreements whereby the industrial companies and municipalities are required to make payments, as they become due, sufficient to pay the interest and principal on the bonds and notes issued to finance the projects.

These bonds and notes are principally secured by either revenues from the services, lease purchase agreements, mortgages, letters of credit or a combination thereof and are not secured by assets of the Authority.

#### Basis of Presentation—Fund Accounting

The accounts of the Authority are organized on the basis of funds, each of which is considered to be an independent fiscal and accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, retained earnings, revenues and expenses, and are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with laws, regulations or other restrictions. The various funds are summarized by group in the financial statements. The following is a description of the funds and groups adopted by the Authority.

#### (a) Operating Fund

The Operating Fund was established to account for the administrative activities and transactions of the Authority, which are required to carry out the provisions of the aforementioned authorizing legislation.

Revenues for Authority operations are principally provided by an administrative fee charged as a percentage of the total cost of each project which the Authority assists by providing financing. Fee income is recognized at the time that the financing agreements are finalized since substantially all of the costs associated with the agreements have been incurred by that time. Operating expenses, substantially salaries, employee fringe benefits and legal and professional fees, include administrative expenses of the Authority and other expenses incurred in connection with the financing of projects.

#### (b) Working Capital Fund

The Working Capital Fund was established to account for loans made to eligible municipalities, counties and other public bodies for the purpose of financing construction of sewage treatment and related facilities required by orders of the Ohio Environmental Protection Agency (Ohio EPA). The resources of this fund came from the \$100,000,000 appropriation from the State of Ohio.

#### Notes to Financial Statements, Continued

- Construction costs may be reimbursed by federal grants in amounts up to 55% of the total eligible costs. The balance of the construction costs is repaid by Local Government Authorities (LGAs) under the terms of installment contracts (loan agreements) over periods of 25 to 40 years with interest at 5.25% to 7.00%.
- All payments received from LGAs for project costs, interest, and maturities of investments are deposited in the accounts of the Refunding Group for payment of the Water Development Revenue Refunding Bonds—1992 Clean Water Series.

#### (c) Other Projects Group - Unallocated Reserve Fund

In March 1992, the Unallocated Reserve Fund was established by a resolution of the Authority and is administered by a Trustee. Initial funding for the Unallocated Reserve Fund was provided by an \$8,300,000 transfer from the Pure Water Other Projects account. Additional funding has been provided by monetary transfers from the Pure Water Refunding Fund.

This Fund was established for potential collectibility or cash flow problems that may arise in the future on any Authority project.

#### (d) Other Projects Group - Endowment Grant Fund

The Endowment Grant Fund was established during 1990 by a resolution of the Authority and is administered by a Trustee. Funding for the Endowment Grant Fund was provided by a \$6,000,000 transfer from the Pure Water Other Projects account.

The purpose of the fund is to provide grants to local governments for the purpose of developing innovative projects in the area of drinking water, wastewater and solid waste management. Each grant will fund 50% of the total project cost; funding for the remaining 50% is to be provided by a cash match from the local government.

#### (e) Other Projects Group - Solid Waste Fund

The Solid Waste Fund was established during 1991 by a resolution of the Authority and is administered by a Trustee. Funding for the Solid Waste Fund was provided by a \$15,000,000 transfer from the Pure Water Other Projects account.

The purpose of the fund is to provide financing to local governments for the construction of solid waste facilities including recycling projects, composting, waste-to-energy projects and landfills. Additional funding has been provided through monetary transfers from the Pure Water Other Projects account.

The balance of the construction costs is paid by the solid waste facilities under terms of installment contracts over 20 years with interest at 7.71%.

Notes to Financial Statements, Continued

#### (f) Other Projects Group - Local Economic Development Fund

The Local Economic Development Fund was established during 1995 by a resolution of the Authority and is administered by a Trustee. Funding for the Local Economic Development Fund was provided by a \$4,196,200 transfer from the Safe Water Refunding Fund and a \$5,803,800 transfer from the Pure Water Refunding Fund.

The purpose of the fund is to provide financing to local governments in Ohio for the purpose of constructing projects which will provide economic development benefits. Each loan is not to exceed \$5,000,000 and is to be repaid at a term not to exceed 10 years. The interest rate for each loan is negotiated by the local government and the Ohio Department of Development.

The fund also provides financing for clean-up of contaminated brownfield sites under the state's voluntary action program. The loans are to be repaid under terms of installment contracts over periods of 5 to 20 years with interest rates of 6.25% to 6.62%.

#### (g) Other Projects Group - Village Capital Improvements Fund

The Village Capital Improvements Fund was established during 1995 by the Budget Reconciliation Bill which gave the Authority the responsibility to principally administer this fund after pre-approval by the Ohio EPA. Funding was provided by a \$1,961,037 contribution from the Ohio EPA, consisting of loans receivable of \$1,595,433 and cash of \$365,604, and a \$375,000 transfer from the Pure Water Refunding Fund. Additional funding has been provided by monetary transfers from the Pure Water Refunding Fund.

The purpose of the fund is to provide interest-free planning and design loans to qualifying villages for water and wastewater facilities. These loans are to be repaid at a term not to exceed 10 years.

#### (h) Other Projects Group - Emergency Relief Fund

The Emergency Relief Fund was established during 1997 by a resolution of the Authority and is administered by a Trustee. Initial funding for the fund was provided by a \$5,000,000 transfer from the 1995 Fresh Water Fund. Additional funding has been provided by monetary transfers from the 1995 Fresh Water Fund.

The purpose of the fund is to provide financial assistance to communities that sustained damage to their water or wastewater utilities as the result of a natural disaster. To be eligible, communities must have an outstanding loan from the Authority and be in a federal or state designated disaster area. The fund can provide a community with up to two semi-annual payments to the Authority for loans in the amount equivalent to the amount of the damage sustained by the water or wastewater systems.

Notes to Financial Statements, Continued

As of December 31, 1999, the Authority has approved \$2,052,310 in assistance to Twelve communities for damage caused by flooding in 1997 and 1998 in southern Ohio.

#### (i) Other Projects Group - Dam Safety Fund

The Dam Safety Fund was established during 1999 by a resolution of the Authority and is administered by a Trustee. Initial funding for the fund was provided by a \$10,000,000 transfer from the Solid Waste Fund.

The purpose of the fund is to help eligible Ohio dam owners receive below market interest rate loans to finance dam repairs and improvements that have been so ordered by the Ohio Department of Natural Resources. These loans are available through the Dam Safety linked deposit program. In the program, Dam Safety funds are invested in local participating banks at below-market rates. The banks, in return, issue low interest rate loans to qualified participants. The amount invested in this program as of December 31, 1999 was 1,823,664.

#### (j) Rural Utility Services Group

The Rural Utility Services Group was established during 1996 by a resolution of the Authority and is administered by a Trustee. Initial funding for the group was provided by a \$2,800,150 transfer from the Pure Water Refunding Fund. Additional funding was provided by the proceeds of the Adjustable Rate Water Development Revenue Notes—RUS Loan Advance Series 1996-A, RD Loan Advance Series 1998-A, RD Loan Advance Series 1999-A, and monetary transfers from the 1995 Fresh Water Fund.

The purpose of these funds is to provide interim loans to local governments to finance water development projects pending their receipt of loan or grant money from the United States of America, acting through Rural Utility Services. The loans accrue interest at rates of 3.83% to 4.72%.

#### (k) Community Assistance Fund

The Community Assistance Fund (formerly known as the Hardship Fund) was established during 1983 by resolution of the Authority and is administered by a Trustee. The purpose of the fund is to provide a financing program for LGAs that are unable to meet debt service requirements at normal market interest rates without undue hardship to users as certified by the Ohio EPA.

Construction costs may be reimbursed by federal grants in amounts up to 75% of the total eligible costs. The balance of the construction costs is paid by the LGA under the terms of installment contracts over periods of 10 to 30 years with interest rates determined by the Ohio EPA at not less than 2%. LGA payments of construction costs may be used for providing additional funding for qualifying projects.

Notes to Financial Statements, Continued

Initial funding for the Community Assistance Fund was provided from a \$15,000,000 transfer from the Pure Water Group Other Projects account. Additional funding has been provided through monetary transfers from the Refunding and Safe Water Refunding Surplus accounts and the Pure Water Other Projects account, and the issuance of the Water Development Revenue Bonds—Community Assistance Series 1997.

#### (1) Fresh Water Group

The Fresh Water Group, which consists of various funds and accounts, was established in 1992 by a resolution providing for the issuance of the Water Development Revenue Refunding Bonds—Pure Water Refunding and Improvement Series. Initial funding was provided by a portion of the proceeds from these bonds and a transfer from the Pure Water Refunding Fund. The Water Development Revenue Bonds—1995 Fresh Water Series and Fresh Water Series 1998 were later issued to provide additional funds necessary for making loans to LGAs as part of the Authority's Fresh Water Program.

The purpose of these funds is to provide moneys necessary to finance the LGA portion of costs for planning, designing, acquiring or constructing wastewater treatment, sewage collection, and water supply and distribution facilities, and to finance other projects approved by the Authority.

The balance of construction costs is repaid by LGAs under terms of installment contracts over periods of 5 to 25 years with interest rates of 5.50% to 7.38%.

#### (m) Refunding Group

The Refunding Group consists of various funds and accounts, which are administered by a Trustee. Initial funding for the group was provided by the Water Development Revenue Bonds—Pollution Abatement Series and Clean Water Series. In 1979, the Water Development Revenue Refunding Bonds—Refunding and Improvement Series were issued to advance refund the outstanding Pollution Abatement and Clean Water Bonds, and to provide initial funding for the Safe Water Refunding Group. The Water Development Revenue Refunding Bonds—1985 Refunding and Improvement Series and 1992 Clean Water Series, were later issued, both for the purpose of advance refunding the presently outstanding Refunding Bonds.

The Refunding Group was established to provide additional funding necessary for the construction of LGA projects in addition to those financed by the State appropriation, referred to previously. Similar to the Working Capital Fund, certain project costs financed were reimbursed by federal grants in amounts up to 75% of the total eligible construction costs. The balance of the construction costs is paid by the LGA under terms of installment contracts over periods of 15 to 40 years with interest rates of 5.25% to 12.00%. LGA payments of project costs are restricted for the purposes of providing additional moneys for projects or for debt service.

Notes to Financial Statements, Continued

#### (n) Safe Water Refunding Group

The Safe Water Refunding Group consists of various funds and accounts which were established by the Water Development Revenue Refunding Bonds—Safe Water Refunding and Improvement Series resolutions and are administered by a Trustee. The initial series of bonds were issued in 1982 through 1984, a portion of which was advance refunded in 1983. The Water Development Revenue Refunding Bonds—Safe Water Refunding 1987 Series A & B and the 1992 Safe Water Series were established by resolutions of the Authority and advance refunded the 1985 Safe Water Refunding and Improvement Series. Additionally, in 1997, the Water Development Revenue Refunding Bonds—1997 Safe Water Series were issued for the purpose of refunding presently outstanding Safe Water Refunding Bonds.

Similar to the Refunding Group and the Working Capital Fund, certain project costs were reimbursed by federal grants in amounts up to 75% of the total eligible costs. The balance of the costs is paid by the LGA under terms of installment contracts over periods of 18 to 25 years with interest rates of 7.11% to 12.00%. LGA payments of project costs are restricted for the purposes of providing additional moneys for projects or for debt service.

#### (o) Pure Water Refunding Fund

The Pure Water Refunding Fund consists of various accounts which were established by a resolution providing for the issuance of the Water Development Revenue Refunding Bonds—Pure Water Refunding and Improvement Series.

Similar to the Refunding Group, the Safe Water Refunding Group and the Working Capital Fund, certain project costs financed were reimbursed by federal grants in amounts up to 75% of the total eligible costs. The balance of the costs is repaid by the LGA under terms of installment contracts over periods of 5 to 25 years with interest rates of 6.02% to 9.48%. LGA repayments of project costs are restricted for the purposes of providing additional moneys for projects or for debt service.

#### (p) Water Pollution Control Loan Group

The Water Pollution Control Loan Group consists of various funds and accounts which were established by an Act of the General Assembly of the State of Ohio in 1989 and are administered by a Trustee. The purpose of this group is to provide financial assistance for the construction of publicly owned wastewater treatment works by LGAs.

Construction costs are paid by LGAs under terms of installment contracts over periods of 5 to 20 years with interest rates of 0.00% to 5.20%. LGA repayments of project costs are restricted for the purpose of providing additional moneys for projects or for debt service.

Notes to Financial Statements, Continued

The Water Pollution Control Loan Group was initially funded in 1989 by a U.S. Environmental Protection Agency capitalization grant, which required a 20% matching contribution from the Ohio EPA. Additional grant funding has been awarded as detailed in the following table:

Year	Capitalization	State
Awarded	Grant	Match
1989	\$ 53,099,244	10,619,849
1990	64,124,705	12,824,941
1992	120,534,782	24,106,956
1992	109,382,724	21,876,545
1993	108,203,832	21,640,766
1994	75,855,333	15,171,067
1995	72,717,472	14,543,495
1996	118,581,512	23,716,302
1997	35,085,699	7,017,140
1998	86,175,844	17,235,168
1999	75.812.616	15,162,523

The Group received additional funding from the proceeds of the Water Pollution Control Loan Fund Revenue Bonds—State Match Series 1991, State Match Series 1993, State Match Series 1995, Water Quality Series 1995, and Water Quality Series 1997 (WPCLF Bonds). The WPCLF Bonds were established by resolutions providing for the issuance of these bonds and are administered by Trustees.

The WPCLF Bonds are special obligations of the Authority, issued to fund the State Match account for use in making loans to LGAs provided by the Ohio EPA and the Authority. All interest earned on moneys and/or investments in the WPCLF Group remain within the Group.

In 1994, the Authority established the Linked Deposit Program. This program is aimed at helping Ohio farmers receive low-interest loans to reduce non-point source pollution from agricultural run-off. In the program, WPCLF funds are invested in local participating banks at below-market rates. The banks, in return, issue low interest rate loans to qualified participants. The amount invested in this program as of December 31, 1999 was \$6,431,108.

#### (q) Drinking Water Assistance Fund

The Drinking Water Assistance Fund was established by legislation enacted by the General Assembly of the State of Ohio in 1997 and is administered by a Trustee. The purpose of this fund is to assist public water systems to finance the costs of infrastructure needed to achieve or maintain compliance with the Safe Drinking Water Act requirements and to protect public health.

Construction costs are paid under terms of installment contracts over periods of 5 to 20 years with interest rates of 2.00% to 4.38%. Repayments of project costs are restricted for the purpose of providing additional moneys for projects.

Notes to Financial Statements, Continued

Initial funding for the Drinking Water Assistance Fund was provided by a 1998 U.S. Environmental Protection Agency capitalization grant in the amount of \$43,073,000, with a required state match contribution of \$8,614,600. A second grant in the amount of \$22,806,200 was awarded in 1999, with a required state match contribution of \$4,561,240.

#### Accounting Policies

### (a) Basis of Accounting

The basis of accounting determines when transactions and economic events are reflected in financial statements. The Authority has prepared the financial statements on the accrual basis of accounting. Accordingly, revenues are recognized as earned and expenses are recognized as incurred, including interest expense on bonds and notes outstanding.

Pursuant to GASB Statement No. 20, Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities that Use Proprietary Fund Accounting, the Authority follows GASB pronouncements as applicable to proprietary funds and Financial Accounting Standards Board Statements and Interpretations, Accounting Principles Board Opinions and Accounting Research Bulletins issued on or before November 30, 1989, except those that conflict with a GASB pronouncement.

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reported period. Actual results could differ from those estimates.

#### (b) Cash and Cash Equivalents

Cash and cash equivalents include amounts on deposit with Trustees and petty cash.

For the purpose of the statement of cash flows, the Authority considers cash deposits with a maturity of three months or less when purchased to be cash equivalents. Additionally, the Authority considers its loans to be program loans due to the fact that the LGAs are deemed to be constituents.

#### (c) Investments

With the exception of money market investments, participating interest-earning investment contracts, and holdings in the State Treasury Asset Reserve of Ohio (STAROhio) investment pool, which is managed by the State Treasurer's office, investments are carried at fair value, which includes accrued interest receivable. STAROhio operates in a manner consistent with Rule 2a7 of the Investment Company Act of 1940, which requires investments in the 2a7-like pool to be reported at amortized cost (which approximates fair value). Accordingly, the Authority reports money market investments, participating interest-earning investment contracts and holdings in STAROhio at amortized cost plus accrued interest receivable.

#### Notes to Financial Statements, Continued

#### (d) Due to and Due from Other Funds

Interfund receivables and payables arise from interfund transactions and are recorded by all funds affected in the period in which transactions are executed.

#### (e) Loan Income as Defined by the Contracts

Loan income consists primarily of interest charged to LGAs, as defined by the contracts with LGAs, on the amounts estimated to be paid under the loan agreements. Interest charged during the construction period is capitalized by the Authority and is reflected as part of LGA receivables.

#### (f) Amortization of Premium, Discount and Issuance Expense of Bonds and Notes

Premium, discount and issuance expense are amortized over the life of the bonds, following the interest method.

#### (g) Interfund Transfers/Retained Earnings

The Authority reports the following types of interfund transactions when incurred:

- a) Operating transfers: Transfers to a receiving fund from a disbursing fund required to meet routine operating requirements, such as debt service repayments and loan disbursements.
- b) Residual equity transfers: Nonrecurring or nonroutine transfers between funds that are accounted for as additions to or deductions from the corresponding funds' retained earnings.

Interfund transfers have not been eliminated in the combined column of the financial statements.

Retained earnings in excess of those amounts required by the various trust agreements may, upon Board authorization, be used for any lawful purpose.

#### (h) Office Furniture and Automobiles and Facilities

Office furniture and automobiles are stated at historical cost. Depreciation is computed under the straight-line method over a five to ten year period.

The Authority leases office space under an operating lease that expires in 2001. Lease expense is approximately \$114,000 per year and is accounted for in the Operating Fund.

#### (i) Risk Management

It is the policy of the Authority to eliminate or transfer risk. The Authority does not self-insure any risk resulting from acts of God, injury to employees, or breach of contract.

The Authority carries property insurance on property and equipment in the aggregate sum of approximately \$300,000. The Authority carries liability insurance coverage in the amount of approximately \$4,000,000. The Authority also carries premium-based medical and dental coverage for all employees.

Notes to Financial Statements, Continued

#### (2) CASH AND INVESTMENTS

The Authority's carrying amount and bank balance of deposits, including long term certificates of deposit of \$4,082,888, as of December 31, 1999 was \$8,193,760. Of this amount, \$300,000 was covered by federal depository insurance, and \$7,893,760 was collateralized with securities held by the bank's agent but not in the Authority's name.

Statutes authorize the Authority to invest in notes, bonds, or other obligations of the United States Government or of any agency or instrumentality thereof, including repurchase agreements secured by such obligations, or obligations of the State of Ohio or any political subdivision thereof.

The Authority's investments are categorized to give an indication of the level of custodial risk assumed by the entity as of December 31, 1999. Category 1 includes investments that are insured or registered or for which the securities are held by the Authority or its agent in the Authority's name. Category 2 includes uninsured and unregistered investments for which the securities are held by the Authority's agent but not in the Authority's name. Money market funds, guaranteed investment contracts and investments with STAROhio (a statewide external investment pool created pursuant to Ohio statutes and administered by the Treasurer of the State of Ohio) are not required to be categorized due to their nature.

	_		ig amount	<b>-</b>	
	_	Ca	tegory		=
		1	2	Carrying amount	Fair value
Repurchase agreements U.S. government and agency	\$	-	196,990,807	196,990,807	196,990,807

#### (4) WATER DEVELOPMENT REVENUE NOTES—RURAL DEVELOPMENT SERIES 1998-A

As of December 31, 1999, there was \$2,300,000 of Water Development Revenue Notes—Rural Development Series 1998-A notes outstanding, which will mature on July 1, 2000. These notes have an adjustable interest rate not to exceed 10%.

The notes are secured exclusively by Federal Assistance to be received by the Authority from the United States of America, acting through Rural Utility Services based upon assignment from the LGAs. Debt service deficiencies, if any, will be provided from an irrevocable letter of credit issued by the National City Bank of Columbus.

#### Notes to Financial Statements, Continued

The trust agreement provides for four separate accounts to be held by the trustee and designated as follows:

- a) The Loan Advance account is to receive the proceeds of the notes less such sums as are required to be paid to the Debt Service account and is to disburse such moneys for construction in anticipation of receipt of Federal Assistance moneys.
- b) The Revenue account is to receive the Federal Assistance moneys.
- c) The Debt Service account is to receive note proceeds representing capitalized interest and transfers from the Revenue account as necessary to pay the note debt service charges.
- d) The Rebate account is established to comply with the provisions of Section 148(f) of the Internal Revenue Code, as amended. As of December 1, 1999, \$90,425 has been required to be deposited in the Rebate account from currently available surplus funds.

#### (5) WATER DEVELOPMENT REVENUE NOTES—RURAL DEVELOPMENT SERIES 1999-A

As of December 31, 1999, there was \$13,205,000 of Water Development Revenue Notes—Rural Development Series 1999-A notes outstanding, which will mature on May 1, 2001. These notes have an adjustable interest rate not to exceed 10%.

The notes are secured exclusively by Federal Assistance to be received by the Authority from the United States of America, acting through Rural Utility Services based upon assignment from the LGAs. Debt service deficiencies, if any, will be provided from an irrevocable letter of credit issued by the National City Bank of Columbus.

The trust agreement provides for four separate accounts to be held by the trustee and designated as follows:

- a) The Loan Advance account is to receive the proceeds of the notes less such sums as are required to be paid to the Debt Service account and is to disburse such moneys for construction in anticipation of receipt of Federal Assistance moneys.
- b) The Revenue account is to receive the Federal Assistance moneys.
- c) The Debt Service account is to receive note proceeds representing capitalized interest and transfers from the Revenue account as necessary to pay the note debt service charges.
- d) The Rebate account is established to comply with the provisions of Section 148(f) of the Internal Revenue Code, as amended. As of December 31, 1999, no amounts have been required to be deposited in the rebate account.

#### (6) WATER DEVELOPMENT REVENUE BONDS—COMMUNITY ASSISTANCE SERIES 1997

As of December 31, 1999, there was \$51,635,000 of Water Development Revenue Bonds—Community Assistance Series 1997 outstanding, as follows:

Series and Type	Interest Rate	<u>Maturity</u>		<u>Amount</u>	
Serial Term	4.25% to 6.00% 5.250% to 5.375%	2000–2012 2013–2024	\$	27,680,000 23,955,000	
	Less unamo	Less unamortized discount			
			\$_	51,439,843	

The scheduled maturities of the serial bonds and the mandatory redemption of the term bonds for the five years subsequent to December 31, 1999 are as follows: 2000—\$1,595,000; 2001—\$1,665,000; 2002—\$1,735,000; 2003—\$1,810,000; and 2004—\$1,890,000.

The term bonds are subject to mandatory redemption beginning June 1, 2013. The serial bonds are callable for redemption prior to maturity at the option of the Authority, in whole or in part, on or after December 1, 2007, or on any interest payment thereafter at par plus accrued interest plus a premium of 2%, which diminishes to zero by December 1, 2009.

LGA reimbursements of Community Assistance project costs, including interest, are pledged as security for the bonds.

The bond resolution provides for six separate accounts designated as the Community Assistance Fund Construction account, Revenue account, Debt Service account, Debt Service Reserve account, Surplus account, and Rebate account. As of December 1, 1999, \$145,228 has been required to be deposited in the Rebate account from currently available surplus funds.

Amounts received from the LGAs as reimbursements of project or construction costs, including capitalized interest, are deposited in the Revenue account. The trustee then allocates or pays out moneys in the Revenue account as follows:

- a) To the trustee for the payment of its fees on the first day of each May and November.
- b) To the Debt Service account on the first day of each May and November, commencing on May 1, 1998, (1) a sum which, when added to any available balance then on deposit in the Debt Service account, will be equal to the interest due on that day on all bonds outstanding; (2) a sum which will be equal to the next ensuing mandatory redemption for term bonds; and (3) a sum which will be equal to the next ensuing principal maturity on all outstanding bonds.
- c) To the Debt Service Reserve account, a semiannual sum as necessary to maintain in the Debt Service Reserve account investments or cash having an aggregate value at least equal to 50% of the maximum annual bond service charges required to be paid in that year or any succeeding year.

#### Notes to Financial Statements, Continued

- After the Debt Service Reserve account has reached the required reserve fund balance, interest earned on that balance will be transferred to the Debt Service account on the first day of November of each year, prior to making allocations or payments of moneys on hand in the Revenue account.
- On December 1 of each year, all remaining moneys (after making up any deficiencies) in the Revenue account (excluding amounts received for the next ensuing LGA repayment date) are allocated to the Surplus account.

Any deficiency in the amounts required to be deposited in the Debt Service account or the Debt Service Reserve account is to be made up by moneys available in the Surplus account.

#### (7) WATER DEVELOPMENT REVENUE BONDS—FRESH WATER 1995 SERIES

As of December 31, 1999, there was \$74,800,000 of Water Development Revenue Bonds—Fresh Water 1995 Series outstanding, as follows:

Series and Type	Interest Rate	Maturity		Amount
Serial Term	5.10% to 6.25% 5.90%	2000–20Ī3 2014–2021	. , \$	34,420,000 40,380,000
				74,800,000
	Less unam	ortized discount	_	(504,873)
			\$_	74,295,127

Not included in the above amounts is \$31,370,000 of bonds remaining outstanding, which the Authority defeased in April 1998. For accounting purposes, the assets and liabilities for the defeased bonds are not reflected in the Authority's financial statements.

The scheduled maturities of the serial bonds and the mandatory redemption of the term bonds for the five years subsequent to December 31, 1999 are as follows: 2000—\$3,425,000; 2001—\$3,590,000; 2002—\$3,775,000; 2003—\$4,000,000; and 2004—\$4,210,000.

The term bonds are subject to mandatory redemption beginning June 1, 2014. Both the term and serial bonds are callable for redemption prior to maturity at the option of the Authority, in whole or in part, on or after June 1, 2005, or on any interest payment thereafter at par plus accrued interest plus a premium of 2%, which diminishes to zero by June 1, 2007.

LGA reimbursements of Fresh Water project costs, including interest, are pledged as security for the bonds.

The bond resolution provides for seven separate accounts designated as the 1995 Fresh Water Fund Construction account, Revenue account, Debt Service account, Debt Service Reserve account, Surplus account, Cross-Collateralization account and Rebate account. As of December 1, 1999, \$203,033 has been required to be deposited in the Rebate account from currently available surplus funds.

#### Notes to Financial Statements, Continued

Amounts received from the LGAs as reimbursements of project or construction costs, including capitalized interest, are deposited in the Revenue account. The trustee then allocates or pays out moneys in the Revenue account as follows:

- a) To the trustee for the payment of its fees on the first day of each May and November.
- b) To the Debt Service account on the first day of each May and November, commencing on May 1, 1995, (1) a sum which, when added to any available balance then on deposit in the Debt Service account, will be equal to the interest due on that day on all bonds outstanding; (2) a sum which will be equal to the next ensuing mandatory redemption for term bonds; and (3) a sum which will be equal to the next ensuing principal maturity on all outstanding bonds.
- c) To the Debt Service Reserve account, a semiannual sum as necessary to maintain in the Debt Service Reserve account investments or cash having an aggregate value at least equal to 50% of the maximum annual bond service charges required to be paid in that year or any succeeding year.

After the Debt Service Reserve account has reached the required reserve fund balance, interest earned on that balance will be transferred to the Debt Service account on the first day of November of each year, prior to making allocations or payments of moneys on hand in the Revenue account.

On December 1 of each year, all remaining moneys (after making up any deficiencies) in the Revenue account (excluding amounts received for the next ensuing LGA repayment date) are allocated to the Surplus account.

Any deficiency in the amounts required to be deposited in the Debt Service account or the Debt Service Reserve account is to be made up by moneys available in the Surplus account.

#### (8) WATER DEVELOPMENT REVENUE BONDS—FRESH WATER 1998 SERIES

As of December 31, 1999, there was \$140,980,000 of Water Development Revenue Bonds—Fresh Water 1998 Series outstanding, as follows:

Series and Type	Interest Rate	<u>Maturity</u>	<u>Amount</u>
Serial Term	4.50% to 5.25% 5.125%	2000–2016 2017–2023	\$ 116,020,000 24,960,000
			140,980,000
	Add unamo	ortized premium	1,623,814
			\$ 142,603,814

The scheduled maturities of the serial bonds and the mandatory redemption of the term bonds for the five years subsequent to December 31, 1999 are as follows: 2000—\$3,625,000; 2001—\$3,895,000; 2002—\$4,095,000; 2003—\$4,300,000; and 2004—\$4,530,000.

Notes to Financial Statements, Continued

- The term bonds are subject to mandatory redemption beginning June 1, 2017. Both the term and serial bonds are callable for redemption prior to maturity at the option of the Authority, in whole or in part, on or after June 1, 2008, or on any interest payment thereafter at par plus accrued interest plus a premium of 1%, which diminishes to zero by June 1, 2010.
- LGA reimbursements of Fresh Water project costs, including interest, are pledged as security for the bonds.
- The bond resolution provides for six separate accounts designated as the 1998 Fresh Water Fund Construction account, Revenue account, Debt Service account, Debt Service Reserve account, Surplus account, and Rebate account. As of December 1, 1999, \$1,277,039 has been required to be deposited in the Rebate account from currently available surplus funds.
- Amounts received from the LGAs as reimbursements of project or construction costs, including capitalized interest, are deposited in the Revenue account. The trustee then allocates or pays out moneys in the Revenue account as follows:
  - a) To the trustee for the payment of its fees on the first day of each May and November.
  - b) To the Debt Service account on the first day of each May and November, commencing on November 1, 1998, (1) a sum which, when added to any available balance then on deposit in the Debt Service account, will be equal to the interest due on that day on all bonds outstanding; (2) a sum which will be equal to the next ensuing mandatory redemption for term bonds; and (3) a sum which will be equal to the next ensuing principal maturity on all outstanding bonds.
  - c) To the Debt Service Reserve account, a semiannual sum as necessary to maintain in the Debt Service Reserve account investments or cash having an aggregate value at least equal to 50% of the maximum annual bond service charges required to be paid in that year or any succeeding year.
- After the Debt Service Reserve account has reached the required reserve fund balance, interest earned on that balance will be transferred to the Debt Service account on the first day of November of each year, prior to making allocations or payments of moneys on hand in the Revenue account.
- On December 1 of each year, all remaining moneys (after making up any deficiencies) in the Revenue account (excluding amounts received for the next ensuing LGA repayment date) are allocated to the Surplus account.
- Any deficiency in the amounts required to be deposited in the Debt Service account or the Debt Service Reserve account is to be made up by moneys available in the Surplus account.

Notes to Financial Statements, Continued

#### (9) WATER DEVELOPMENT REVENUE REFUNDING BONDS—1992 CLEAN WATER SERIES

As of December 31, 1999, there was \$64,785,000 of Water Development Revenue Refunding Bonds—1992 Clean Water Series outstanding, as follows:

Series and Type	Interest Rate	Maturity	Amount
Serial Term	5.15% to 5.65% 6.00%	2000–2007 2008–2016	\$ 59,730,000 5,055,000
			64,785,000
	Less unam	ortized discount	(211,586)
			\$ 64,573,414

Not included in the above amounts is \$42,020,000 of bonds remaining outstanding which the Authority defeased in May 1985. For accounting purposes, the assets and liabilities for the defeased bonds are not reflected in the Authority's financial statements.

The scheduled maturities of the serial bonds and the mandatory redemption of the term bonds through a sinking fund for the five years subsequent to December 31, 1999 are as follows: 2000—\$15,160,000; 2001—\$13,635,000; 2002—\$11,235,000; 2003—\$7,255,000; and 2004—\$5,165,000.

The term bonds are subject to mandatory redemption under a sinking fund requirement and are also subject to current redemption on June 1 and December 1 of each year at par, beginning June 1, 1993. Both the term and serial bonds are callable for redemption prior to maturity at the option of the Authority, in whole or in part, on or after December 1, 2002, or on any interest payment thereafter at par plus accrued interest plus a premium of 2%, which diminishes to zero by December 1, 2004.

LGA reimbursement of project costs, including interest, financed by the Working Capital Fund and the 1985 Refunding Fund are pledged as security for the bonds.

The bond resolution provides for six separate accounts designated as the Clean Water Refunding Construction account, Revenue account, Debt Service account, Debt Service Reserve account, Surplus account and Rebate account. As of December 1, 1999, no amounts have been required to be deposited in the Rebate account.

Amounts received from the LGAs as reimbursement of project or construction costs, including capitalized interest, are deposited in the Revenue account. The trustee then allocates or pays out moneys in the Revenue account as follows:

- a) To the trustee for the payment of its fees on the first day of each May and November.
- b) To the Debt Service account on the first day of each May and November, commencing on May 1, 1993, (1) a sum which, when added to any available balance then on deposit in the Debt Service account, will be equal to the interest due on the next ensuing interest payment date on all outstanding bonds, (2) a sum which will be equal to the next ensuing principal

Notes to Financial Statements, Continued

- maturity on all outstanding bonds and (3) a sum which will be equal to the next ensuing mandatory sinking fund requirement less the mandatory sinking fund credit.
- c) To the Debt Service Reserve account on the first day of each June and November, an amount necessary to maintain investments or cash therein having a par value at least equal to \$2,700,000 through November 1, 2002, and thereafter, an amount at least equal to 10% of the maximum annual debt service requirements.
- d) To the Surplus account on the first day of each December, any remaining balance in the Revenue account, excluding any advance repayments, after the requirements of (a) through (c) above are met.

The trustee transfers to the Debt Service account on the first day of each November all investment income paid to the Debt Service Reserve account.

Any deficiency in the amounts required to be deposited in the Debt Service account or the Debt Service Reserve account is to be made up by the Surplus account. Any remaining deficit in the Debt Service account is to be made up by the Debt Service Reserve account.

## (10) WATER DEVELOPMENT REVENUE REFUNDING BONDS—SAFE WATER REFUNDING 1987 SERIES A & B

As of December 31, 1999, there was \$51,270,000 of Water Development Revenue Refunding Bonds—Safe Water Refunding 1987 Series A&B bonds outstanding, as follows:

Series and Type	Interest Rate	Maturity		Amount
Serial Term	6.00% to 6.50% 5.00%	2000–2002 2008–2012	\$_	15,955,000 35,315,000
				51,270,000
	Less una	mortized discount	_	(5,159,250)
			\$_	46,110,750

Not included in the above amounts is \$103,250,000 of bonds remaining outstanding which the Authority defeased in September 1985. For accounting purposes, the assets and liabilities for the defeased bonds are not reflected in the Authority's financial statements.

The scheduled maturities of the serial bonds and the mandatory redemption of the term bonds for the five years subsequent to December 31, 1999 are as follows: 2000—\$2,010,000; 2001—\$5,120,000; 2002—\$8,825,000; 2003—\$0; and 2004—\$0.

The term bonds are subject to mandatory redemption, beginning June 1, 2008. The bonds maturing on December 1, 2012 are callable for optional redemption prior to maturity, in whole or in part, on June 1, 1997, or on any interest payment thereafter at par plus accrued interest. The bonds not maturing on December 1, 2012 are also callable for optional redemption prior to maturity, in whole or in part, on June 1, 1997, or on any interest payment thereafter at par plus accrued interest plus a premium of 3%, which diminishes to zero by June 1, 2000.

Notes to Financial Statements, Continued

LGA reimbursements of project costs from Safe Water projects, including interest, in addition to all moneys and investments in the Safe Water Refunding Group, are pledged as security for the bonds.

The bond resolution provides for five separate accounts designated as Safe Water Refunding 1987 Series A&B Revenue account, Debt Service account, Debt Service Reserve account, Surplus account and Rebate account. As of December 1, 1999, no amounts have been required to be deposited in the Rebate account. However, the amount currently deposited in the Rebate account as of December 31, 1999 is \$49,297.

- A pro rata portion of amounts received from the LGAs as reimbursements of project or construction costs, including capitalized interest, are deposited in the Revenue account. The trustee then allocates or pays out moneys in the Revenue account as follows:
  - a) To the trustee for the payment of its fees on the first day of each May and November.
  - b) To the Debt Service account on the first day of each May and November, (1) a sum which when added to any available balance then on deposit in the Debt service account, will be equal to the interest due on the next ensuing interest payment date for all bonds outstanding, (2) a sum which will be equal to the next ensuing principal maturity, and (3) a sum which will be equal to the next ensuing mandatory sinking fund requirement.
  - c) To the Debt Service Reserve account, as much of the balance remaining in the Revenue account after the deposit described in (b) above, as may be necessary to maintain in the Debt Service Reserve account investments or cash having a par value at least equal to one-half of the average annual 1987 bond service charges remaining to be paid.
  - d) To the Surplus account on the first day of each December, any remaining balance in the Revenue account after making up any existing deficiencies and meeting the current deposit requirements.

After the Debt Service Reserve account has reached the required reserve fund balance, interest earned on that balance will be transferred to the Debt Service account on the first day of November of each year prior to making allocations or payments of moneys on hand in the Revenue account.

#### (11) WATER DEVELOPMENT REVENUE REFUNDING BONDS—1992 SAFE WATER SERIES

As of December 31, 1999, there was \$48,867,171 of Water Development Revenue Refunding Bonds—1992 Safe Water Series bonds outstanding, as follows:

Series and Type	Interest Rate	<b>Maturity</b>		Amount
Serial Capital Appreciation	5.15% 5.55% to 6.00%	2000 2000–2005	\$	8,135,000 40,732,171
			_	48,867,171
	Less unam	ortized discount	_	(3,913)
			\$	48,863,258

Notes to Financial Statements, Continued

- The scheduled maturities of the serial bonds and the capital appreciation bonds for the five years subsequent to December 31, 1999 are as follows: 2000—\$16,480,000; 2001—\$13,715,000; 2002—\$9,215,000; 2003—\$6,530,000; and 2004—\$5,005,000.
- The 1992 Safe Water Series bonds are not subject to mandatory or optional redemption prior to maturity.
- LGA reimbursements of project costs from Safe Water projects, including interest, in addition to all moneys and investments in the Safe Water Refunding Group, are pledged as security for the bonds.
- The bond resolution provides for five separate accounts designated as 1992 Safe Water Refunding Revenue account, Debt Service account, Debt Service Reserve account, Surplus account and Rebate account. As of December 1, 1999, no amounts have been required to be deposited in the Rebate account.
- A pro rata portion of amounts received from the LGAs as reimbursements of project or construction costs, including capitalized interest, are deposited in the Revenue account. The trustee then allocates or pays out moneys in the Revenue account as follows:
  - a) To the trustee for the payment of its fees on the first day of each May and November.
  - b) To the Debt Service account on the first day of each May and November, commencing May 1, 1993, (1) a sum which, when added to any available balance then on deposit in the Debt service account, will be equal to the interest due on the next ensuing interest payment date for all bonds outstanding, (2) a sum which will be equal to the next ensuing principal maturity, and (3) a sum which will be equal to the next ensuing mandatory sinking fund requirement.
  - c) To the Debt Service Reserve account, as much of the balance remaining in the Revenue account after the deposit described in (b) above, as may be necessary to maintain in the Debt Service Reserve account investments or cash having a par value of one-half the average annual service charges remaining to be paid on the outstanding 1992 Safe Water Series Bonds.
  - d) To the Surplus account on the first day of each December, any remaining balance in the Revenue account after making up any existing deficiencies and meeting the current deposit requirements.
- After the Debt Service Reserve account has reached the required reserve fund balance, interest earned on that balance will be transferred to the Debt Service account on the first day of November of each year prior to making allocations or payments of moneys on hand in the Revenue account.

Notes to Financial Statements, Continued

#### (12) WATER DEVELOPMENT REVENUE REFUNDING BONDS—1997 SAFE WATER SERIES

As of December 31, 1999, there was \$73,860,000 of Water Development Revenue Refunding Bonds—1997 Safe Water Series bonds outstanding, as follows:

Series and Type	Interest Rate	<u>Maturity</u>		<u>Amount</u>
Serial	4.20% to 6.00%	2000–2007	\$	73,860,000
	Less unamortized loss Plus unamortized premium		_	(4,646,945) 2,248,337
			\$	71,461,392

The scheduled maturities of the serial bonds for the five years subsequent to December 31, 1999 are as follows: 2000—\$750,000; 2001—\$785,000; 2002—\$820,000; 2003—\$12,245,000; and 2004—\$13,900,000.

The 1997 Safe Water Series Bonds are not subject to mandatory or optional redemption prior to maturity.

LGA reimbursements of project costs from Safe Water projects, including interest, in addition to all moneys and investments in the Safe Water Refunding Group, are pledged as security for the bonds.

The bond resolution provides for five separate accounts designated as 1997 Safe Water Refunding Revenue account, Debt Service account, Debt Service Reserve account, Surplus account and Rebate account. As of December 31, 1999, \$180,919 has been required to be deposited in the Rebate account from currently available surplus funds.

- A pro rata portion of amounts received from the LGAs as reimbursements of project or construction costs, including capitalized interest, are deposited in the Revenue account. The trustee then allocates or pays out moneys in the Revenue account as follows:
  - a) To the trustee for the payment of its fees on the first day of each May and November.
  - b) To the Debt Service account on the first day of each May and November, commencing on June 1, 1997, (1) a sum which, when added to any available balance then on deposit in the Debt service account, will be equal to the interest due on the next ensuing interest payment date for all bonds outstanding, (2) a sum which will be equal to the next ensuing principal maturity, and (3) a sum which will be equal to the next ensuing mandatory sinking fund requirement.
  - c) To the Debt Service Reserve account, as much of the balance remaining in the Revenue account after the deposit described in (b) above, as may be necessary to maintain in the Debt Service Reserve account investments or cash having a par value of one-half the average annual service charges remaining to be paid on the outstanding 1997 Safe Water Refunding Bonds.

Notes to Financial Statements, Continued

d) To the Surplus account on the first day of each December, any remaining balance in the Revenue account after making up any existing deficiencies and meeting the current deposit requirements.

After the Debt Service Reserve account has reached the required reserve fund balance, interest earned on that balance will be transferred to the Debt Service account on the first day of November of each year, prior to making allocations or payments of moneys on hand in the Revenue account.

## (13) WATER DEVELOPMENT REVENUE REFUNDING BONDS—PURE WATER REFUNDING AND IMPROVEMENT SERIES

As of December 31, 1999, there was \$368,215,000 of Water Development Revenue Refunding Bonds—Pure Water Refunding and Improvement Series outstanding, as follows:

Series and Type	Interest Rate	Maturity	<u>Amount</u>
Serial	5.40% to 5.75%	2000-2006	\$ 197,005,000
Term	5.50% to 6.00%	2007-2018	171,210,000
			368,215,000
	Less unamo	rtized discount	(11,971,124)
			\$ 356,243,876

Not included in the above amounts is \$104,170,000 of bonds remaining outstanding which the Authority defeased in 1992 and 1999. For accounting purposes, the assets and liabilities for the defeased bonds are not reflected in the Authority's financial statements.

The scheduled maturities of the serial bonds and the mandatory redemption of the term bonds for the five years subsequent to December 31, 1999 are as follows: 2000—\$25,040,000; 2001—\$26,105,000; 2002—\$27,255,000; 2003—\$28,485,000; and 2004—\$29,410,000.

The term bonds are subject to mandatory redemption beginning June 1, 2007. Both the term and serial bonds are callable for redemption prior to maturity at the option of the Authority, in whole or in part, on or after December 1, 2002, or on any interest payment thereafter at par plus accrued interest plus a premium of 2%, which diminishes to zero by December 1, 2004.

LGA reimbursements of Pure Water project costs, including interest, are pledged as security for the bonds.

The bond resolution provides for seven separate accounts designated as Pure Water Refunding Construction account, Revenue account, Debt Service account, Debt Service Reserve account, Surplus account, Other Projects account and Rebate account. As of October 14, 1999, no amounts have been required to be deposited in the Rebate account. However, as of December 31, 1999, the amount currently deposited in the Rebate account is \$2,661,934.

Notes to Financial Statements, Continued

- Amounts received from the LGAs as reimbursement of project or construction costs, including capitalized interest, are deposited in the Revenue account. The trustee then allocates or pays out moneys in the Revenue account as follows:
  - a) To the trustee for the payment of its fees on the first day of each May and November.
  - b) To the Debt Service account on the first day of each May and November, commencing May 1, 1993, (1) a sum which, when added to any available balance then on deposit in the Debt Service account, will be equal to the interest due on that day on all bonds outstanding; (2) a sum which will be equal to the next ensuing mandatory redemption for term bonds; and (3) a sum which will be equal to the next ensuing principal maturity on all outstanding bonds.
  - c) To the Debt Service Reserve account, a semiannual sum as necessary to maintain in the Debt Service Reserve account investments or cash having a par value at least equal to 50% of the maximum annual bond service charges required to be paid in that year or any succeeding year.
- After the Debt Service Reserve account has reached the required reserve fund balance, interest earned on that balance will be transferred to the Debt Service account on the first day of November of each year, prior to making allocations or payments of moneys on hand in the Revenue account.
- On December 1 of each year, all remaining moneys (after making up any deficiencies) in the Revenue accounts (excluding amounts received for the next ensuing LGA repayment date) are allocated to the Surplus account.
- Any deficiency in the amounts required to be deposited in the Debt Service account or the Debt Service Reserve account is to be made up by moneys available in the Surplus account.
- On December 4, 1998, the Authority entered into a Swap Option Agreement with Bear Stearns Financial Products, Inc. (BSFP). If the Swap Option Agreement were exercised by BSFP, the Authority would issue variable rate bonds to refund \$108,030,000 of Pure Water Refunding and Improvement Series bonds, and swap the variable rate bonds with BSFP for a fixed rate of interest not to exceed 4.60%. The swap transaction would allow the Authority to achieve net debt service savings of at least 5%. The period during which BSFP may exercise the option extends from September 1, 2002 to September 1, 2004. If BSFP should decide not to exercise the Swap Option, BSFP must pay a non-exercise fee that shall not be less than \$1,500,000.

Notes to Financial Statements, Continued

#### (14) WATER POLLUTION CONTROL LOAN FUND REVENUE BONDS—STATE MATCH SERIES 1991

As of December 31, 1999, there was \$18,630,000 of Water Pollution Control Loan Fund Revenue Bonds—State Match Series 1991 outstanding, as follows:

Series and Type	Interest Rate	Maturity		<u>Amount</u>
Serial Term	5.90% 5.90% to 6.00%	2000 2001–2011	\$_	2,380,000 16,250,000
				18,630,000
	Less unam	ortized discount	_	(356,286)
			\$_	18,273,714

The scheduled maturities of the serial bonds and the mandatory redemption of the term bonds for the five years subsequent to December 31, 1999 are as follows: 2000—2,380,000; and 2001—\$2,300,000; 2002—\$2,200,000; 2003—\$2,080,000; and 2004—\$1,940,000.

The Series 1991 bonds maturing on or after June 1, 2002 are subject to redemption prior to maturity at the option of the Authority, in whole or in part, on December 1, 2001, or at any time thereafter at par plus accrued interest plus a premium of 2%, which diminishes to zero by December 1, 2003.

LGA reimbursements of Water Pollution Control Loan Fund project costs of interest only, not the principal, pursuant to Water Pollution Control Loan Fund loan agreements, are pledged as security for the bonds.

The bond resolution provides for four separate accounts designated as Net Bond Proceeds account, Debt Service account, Debt Service Reserve account and Cost of Issuance account. A Rebate account is also provided by the bond resolution. As of December 5, 1999, no amounts have been required to be deposited in the Rebate account.

Amounts received as interest from the LGAs as reimbursement of project or construction costs are deposited in the Interest account. The trustee then allocates or pays out moneys in the Interest account as follows:

- a) To the Debt Service account on the fifteenth day of each January or July, (1) a sum which, when added to any available balance then on deposit in the Debt Service account, will be equal to the interest due on the next interest payment date; (2) a sum which will be equal to the next ensuing principal payment due on all outstanding bonds; and (3) a sum which will be equal to the next ensuing mandatory sinking fund requirement due on all outstanding bonds.
- b) To the trustee for the payment of its fees on the last day of each May and November.

#### Notes to Financial Statements, Continued

- c) To the Debt Service Reserve account, a semiannual sum on June 1 and December 1 as may be necessary to maintain in the Debt Service Reserve account investments or cash having a par value at least equal to the lesser of 50% of the maximum annual bond service charges required to be paid in that year or any succeeding year, or 10% of the principal amount of WPCLF Bonds issued and outstanding computed in accordance with the Trust Agreement.
- After the Debt Service Reserve account has reached the required reserve fund balance, interest earned on that balance will be transferred to the Debt Service account on the last day of May or November of each year.
- On November 1 of each year, commencing November 1, 2001, all remaining moneys in the Interest account (excluding repayments received from LGAs for the next ensuing due date) are allocated to the Debt Service account, but only after first making up any existing deficiencies in specified deposit requirements and fund balances, and meeting the requirements of subparagraphs (a), (b) and (c) above.

#### (15) WATER POLLUTION CONTROL LOAN FUND REVENUE BONDS—STATE MATCH SERIES 1993

As of December 31, 1999, there was \$35,730,000 of Water Pollution Control Loan Fund Revenue Bonds—State Match Series 1993 outstanding, as follows:

Series and Type	Interest Rate	<u>Maturity</u>		<u>Amount</u>
Serial Term	4.35% to 5.05% 5.25%	2000–2007 2008–2014	\$	25,775,000 9,955,000
	Less unamortized discount		_	35,730,000 (185,179)
			\$	35,544,821

- The scheduled maturities of the serial bonds and the mandatory redemption of the term bonds for the five years subsequent to December 31, 1999 are as follows: 2000—\$3,695,000; 2001—\$3,590,000; 2002—\$3,470,000; 2003—\$3,340,000; and 2004—\$3,195,000.
- The Series 1993 bonds maturing on or after December 1, 2003 are subject to redemption prior to maturity at the option of the Authority, in whole or in part, on June 1, 2003, or at any time thereafter at par plus accrued interest.
- LGA reimbursements of Water Pollution Control Loan Fund project costs of interest only, not the principal, pursuant to Water Pollution Control Loan Fund loan agreements, are pledged as security for the bonds.
- The bond resolution provides for four separate accounts designated as Net Bond Proceeds account, Debt Service account, Debt Service Reserve account and Cost of Issuance account. A Rebate account is also provided by the bond resolution. As of December 1, 1999, no amounts have been required to be deposited in the Rebate account.

Notes to Financial Statements, Continued

Amounts received as interest from the LGAs as reimbursement of project or construction costs are deposited in the Interest account. The trustee then allocates or pays out moneys in the Interest account as follows:

- a) To the Debt Service account, (a) all revenues as soon as received until the balance in the Debt Service account equals an amount which, when added to any balance then on deposit in the Debt Service account and available for such purpose, will be equal to the sum of (1) the interest on all outstanding WPCLF Bonds due on the next interest payment date, and (2) the principal of all outstanding WPCLF Bonds due on the next interest payment date, and (3) the mandatory sinking fund requirement for all outstanding WPCLF Bonds due on the next interest payment date and (b) on the last day of May, the amount contained in a direction from the Authority to be used to purchase WPCLF Bonds received by the trustee pursuant to any invitation to the holders to tender such WPCLF Bonds in accordance with the provisions of the applicable Series resolution.
- b) To the trustee for the payment of its fees on the last day of each May and November.
- c) To the Debt Service Reserve account, a semiannual sum on June 1 and December 1 as may be necessary to maintain in the Debt Service Reserve account investments or cash having a par value at least equal to the lesser of 50% of the maximum annual bond service charges required to be paid on all WPCLF Bonds issued and outstanding, or 10% of the principal amount of WPCLF Bonds issued and outstanding computed in accordance with the Trust Agreement.

After the Debt Service Reserve account has reached the required reserve fund balance, interest earned on that balance will be transferred to the Debt Service account on the last day of May or November of each year.

#### (16) WATER POLLUTION CONTROL LOAN FUND REVENUE BONDS—STATE MATCH SERIES 1995

As of December 31, 1999, there was \$69,620,000 of Water Pollution Control Loan Fund Revenue Bonds—State Match Series 1995 outstanding, as follows:

Series and Type	Interest Rate	<u>Maturity</u>		<u>Amount</u>
Serial Term	4.70% to 6.50% 5.75%	2000–2011 2012–2017	\$_	62,030,000 7,590,000
	•			69,620,000
	Plus unamo	ortized premium	_	680,663
			\$	70,300,663

The scheduled maturities of the serial bonds and the mandatory redemption of the term bonds for the five years subsequent to December 31, 1999 are as follows: 2000—\$6,470,000; 2001—\$6,290,000; 2002—\$6,090,000; 2003—\$5,885,000; and 2004—\$5,720,000.

Notes to Financial Statements, Continued

- The term bonds are subject to mandatory redemption beginning June 1, 2012 at par plus accrued interest. Both the term and serial bonds are callable for redemption prior to maturity at the option of the Authority, in whole or in part, on or after June 1, 2005, at par plus accrued interest plus a premium of 1%, which diminishes to zero by June 1, 2007.
- LGA reimbursements of Water Pollution Control Loan Fund project costs of interest only, not the principal, pursuant to Water Pollution Control Loan Fund loan agreements, are pledged as security for the bonds.
- The bond resolution provides for five separate accounts designated as Net Bond Proceeds account, Debt Service account, Debt Service Reserve account, Cost of Issuance account, and a Rebate account. As of December 1, 1999, \$1,097,482 has been required to be deposited in the Rebate account from currently available surplus funds.
- Amounts received as interest from the LGAs as reimbursement of project or construction costs are deposited in the Interest account. The trustee then allocates or pays out moneys in the Interest account as follows:
  - a) To the Debt Service account, (a) all revenues as soon as received until the balance in the Debt Service account equals an amount which, when added to any balance then on deposit in the Debt Service account and available for such purpose, will be equal to the sum of (1) the interest on all outstanding WPCLF Bonds due on the next interest payment date, and (2) the principal of all outstanding WPCLF Bonds due on the next interest payment date, and (3) the mandatory sinking fund requirement for all outstanding WPCLF Bonds due on the next interest payment date and (b) on the last day of May, the amount contained in a direction from the Authority to be used to purchase WPCLF Bonds received by the trustee pursuant to any invitation to the holders to tender such WPCLF Bonds in accordance with the provisions of the applicable Series resolution.
  - b) To the trustee for the payment of its fees on the last day of each May and November.
  - c) To the Debt Service Reserve account, a semiannual sum on June 1 and December 1 as may be necessary to maintain in the Debt Service Reserve account investments or cash having a par value at least equal to the lesser of 50% of the maximum annual bond service charges required to be paid on all WPCLF Bonds issued and outstanding, or 10% of the principal amount of WPCLF Bonds issued and outstanding computed in accordance with the Trust Agreement.

After the Debt Service Reserve account has reached the required reserve fund balance, interest earned on that balance will be transferred to the Debt Service account on the last day of May or November of each year.

#### (17) WATER POLLUTION CONTROL LOAN FUND REVENUE BONDS—WATER QUALITY SERIES 1995

As of December 31, 1999, there was \$204,185,000 of Water Pollution Control Loan Fund Revenue Bonds—Water Quality Series 1995 outstanding, as follows:

Series and Type	Interest Rate	Maturity	Amount
Serial	4.40% to 6.00%	2000–2015	\$ 204,185,000
	Plus unamo	rtized premium	664,765
			\$ 204,849,765

The scheduled maturities of the serial bonds for the five years subsequent to December 31, 1999 are as follows: 2000—\$4,730,000; 2001—\$5,640,000; 2002—\$6,625,000; 2003—\$7,770,000; and 2004—\$9,015,000.

The bonds are callable for redemption prior to maturity at the option of the Authority, in whole or in part, on or after June 1, 2005, at par plus accrued interest plus a premium of 1%, which diminishes to zero by June 1, 2007.

LGA reimbursements of Water Pollution Control Loan Fund project costs of principal only, not the interest, pursuant to Water Pollution Control Loan Fund loan agreements, are pledged as security for the bonds.

The bond resolution provides for five separate accounts designated as Net Bond Proceeds account, Debt Service account, Debt Service Reserve account, Cost of Issuance account, and a Rebate account. As of December 1, 1999, \$244,251 has been required to be deposited in the Rebate account from currently available surplus funds.

Amounts received as principal from the LGAs as reimbursement of project or construction costs are deposited in the Repayment account. The trustee then allocates or pays out moneys in the Repayment account as follows:

- a) To the Debt Service account, (a) all revenues as soon as received until the balance in the Debt Service account equals an amount which, when added to any balance then on deposit in the Debt Service account and available for such purpose, will be equal to the sum of (1) the interest on all outstanding WPCLF Bonds due on the next interest payment date, and (2) the principal of all outstanding WPCLF Bonds due on the next interest payment date, and (3) the mandatory sinking fund requirement for all outstanding WPCLF Bonds due on the next interest payment date and (b) on the last day of May, the amount contained in a direction from the Authority to be used to purchase WPCLF Bonds received by the trustee pursuant to any invitation to the holders to tender such WPCLF Bonds in accordance with the provisions of the applicable Series resolution.
- b) To the trustee for the payment of its fees on the last day of each May and November.

#### Notes to Financial Statements, Continued

c) To the Debt Service Reserve account, a semiannual sum on June 1 and December 1 as may be necessary to maintain in the Debt Service Reserve account investments or cash having a par value at least equal to the lesser of 50% of the maximum annual bond service charges required to be paid on all Water Quality Bonds outstanding.

After the Debt Service Reserve account has reached the required reserve fund balance, interest earned on that balance will be transferred to the Debt Service account on the last day of May or November of each year.

#### (18) WATER POLLUTION CONTROL LOAN FUND REVENUE BONDS—WATER QUALITY SERIES 1997

As of December 31, 1999, there was \$205,105,000 of Water Pollution Control Loan Fund Revenue Bonds—Water Quality Series 1997 outstanding, as follows:

Series and Type	Interest Rate	<u>Maturity</u>	<u>Amount</u>
Serial Term	4.20% to 5.50% 5.125%	2000-2016 2016-2019	\$ 161,605,000 43,500,000
	Plus unamo	ortized premium	205,105,000 356,094 \$ 205,461,094

The scheduled maturities of the serial bonds for the five years subsequent to December 31, 1999 are as follows: 2000—\$2,635,000; 2001—\$3,715,000; 2002—\$4,475,000; 2003—\$5,195,000; and 2004—\$5,970,000.

The bonds are callable for redemption prior to maturity at the option of the Authority, in whole or in part, on or after December 1, 2007, at par plus accrued interest plus a premium of 1%, which diminishes to zero by December 1, 2009.

LGA reimbursements of Water Pollution Control Loan Fund project costs of principal only, not the interest, pursuant to Water Pollution Control Loan Fund loan agreements, are pledged as security for the bonds.

The bond resolution provides for five separate accounts designated as Net Bond Proceeds account, Debt Service account, Debt Service Reserve account, Cost of Issuance account, and a Rebate account. As of December 1, 1999, \$2,031,372 has been required to be deposited in the Rebate account from currently available surplus funds.

Amounts received as principal from the LGAs as reimbursement of project or construction costs are deposited in the Repayment account. The trustee then allocates or pays out moneys in the Repayment account as follows:

#### Notes to Financial Statements, Continued

- a) To the Debt Service account, (a) all revenues as soon as received until the balance in the Debt Service account equals an amount which, when added to any balance then on deposit in the Debt Service account and available for such purpose, will be equal to the sum of (1) the interest on all outstanding WPCLF Bonds due on the next interest payment date, and (2) the principal of all outstanding WPCLF Bonds due on the next interest payment date, and (3) the mandatory sinking fund requirement for all outstanding WPCLF Bonds due on the next interest payment date and (b) on the last day of May, the amount contained in a direction from the Authority to be used to purchase WPCLF Bonds received by the trustee pursuant to any invitation to the holders to tender such WPCLF Bonds in accordance with the provisions of the applicable Series resolution.
- b) To the trustee for the payment of its fees on the last day of each May and November.
- c) To the Debt Service Reserve account, a semiannual sum on June 1 and December 1 as may be necessary to maintain in the Debt Service Reserve account investments or cash having a par value at least equal to the lesser of 50% of the maximum annual bond service charges required to be paid on all Water Quality Bonds outstanding.

After the Debt Service Reserve account has reached the required reserve fund balance, interest earned on that balance will be transferred to the Debt Service account on the last day of May or November of each year.

#### (19) Water Development Revenue Bonds and Notes—Industrial Series

The Authority established the industrial program to assist private industry and certain municipalities in financing the construction of water and solid waste pollution control facilities. Under the financing agreements, industrial companies and municipalities are required to make payments for a period of up to 38 years, sufficient to pay, as they become due, interest and principal on the bonds and notes issued to finance the projects. The Authority has no liability for repayment of these bonds and notes.

As of December 31, 1999, outstanding bonds and notes under this program are \$2,061,825,565. Annual maturities of the bonds and notes for the five years subsequent to December 31, 1999 are as follows: 2000—\$9,225,565; 2001—\$21,580,000; 2002—\$23,980,000; 2003—\$36,640,000; and 2004—\$8,850,000

#### (20) DEFINED BENEFIT PENSION PLAN

All employees of the Authority participate in the Public Employees Retirement System of Ohio (PERS), a cost-sharing multiple-employer public employee retirement system. The total payroll as well as the payroll for employees covered by PERS for the years ended December 31, 1999, 1998 and 1997 were approximately \$733,000, \$600,000 and \$559,000, respectively.

Notes to Financial Statements, Continued

PERS provides retirement and disability benefits, annual cost of living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by state statute per Chapter 145 of the Ohio Revised Code. The Ohio Revised Code also provides statutory authority for employee and employer contributions. In 1999, the employee and employer contribution rate was 8.50% and 13.31%, respectively, for all employees. Total required employer contributions were approximately \$98,000, \$80,000 and \$74,000 for the years ending December 31, 1999, 1998 and 1997, respectively, and are equal to 100% of the dollar amount billed to the Authority.

The PERS issues a stand-alone financial report. Interested parties may obtain a copy by making a written request to 277 East Town Street, Columbus, Ohio 43215-4642 or by calling (614) 466-2085.

#### Postretirement Healthcare

PERS provides postretirement healthcare coverage to age and service retirants with 10 or more years of qualifying Ohio service credit. Healthcare coverage for disabled recipients and primary survivor recipients is also available.

The healthcare coverage provided by the retirement system is considered an Other Postemployment Benefit (OPEB) as described in GASB Statement No. 12, Disclosure of Information on Postemployment Benefits other than Pension Benefits by State and Local Governmental Employers. The ORC provides statutory authority for employer contributions and requires public employers to fund postretirement healthcare through their contributions to PERS. A portion of each contribution to PERS is set aside for the funding of postretirement healthcare. For the year ended December 31, 1999, that portion was 4.2% for all Authority employees.

OPEB are financed through employer contributions and investment earnings there on. The contributions allocated to retiree healthcare, along with investment income on allocated assets and periodic adjustments in healthcare provisions are expected to be sufficient to sustain the program indefinitely.

Expenditures for OPEB during 1999 were \$523,599,349. As of December 31, 1999, the unaudited estimated net assets available for future OPEB payments were \$9,870,285,641. The number of benefit recipients eligible for OPEB as of December 31, 1999 was 118,062.

During 1997, the Retirement Board adopted a new calculation method for determining employer contributions applied to OPEB. Under the new method, effective January 1, 1998, employer contributions, equal to 4.2% of member covered payroll, are used to fund healthcare expenses. Under the prior method, accrued liabilities and normal cost rates were determined for retiree healthcare coverage.

Notes to Financial Statements, Continued

#### (21) COMMITMENTS

As of December 31, 1999, the Authority has loan commitments to finance LGA construction projects in the following amounts:

		<u>Amount</u>
Endowment Grant Fund	\$	573,968
Local Economic Development Fund		1,461,664
Village Capital Improvements Fund		388,672
Rural Development 1998 Fund		734,674
Rural Development 1999 Fund		6,104,408
Community Assistance Fund		2,781,535
Fresh Water Fund		1,007,886
1995 Fresh Water Fund		11,702,532
1998 Fresh Water Fund		33,330,571
Pure Water Refunding Fund		334,885
Water Pollution Control Loan Fund – State Match account	_	4,832,226
Water Pollution Control Loan Fund - Capitalization Grant account		101,937,337
Water Pollution Control Loan Fund - Water Quality account		170,659,219
Water Pollution Control Loan Fund – Other Projects account		8,679,703
Drinking Water Assistance Fund – State Match account		_10,500,285
Drinking Water Assistance Fund – Revolving Loan account		38,422
	\$	355,067,987

The Authority intends to meet these LGA commitments with currently available funds.

#### (22) DEFICIT RETAINED EARNINGS

Retained earnings as of December 31, 1999 include the following individual fund deficits:

Rural Development 1999 Fund	\$	(3,032,646)
Safe Water Refunding Fund		(15,181,759)
Water Pollution Control Loan Group:		
State Match Bond Proceeds Series 1991 Fund		(12,892,224)
State Match Bond Proceeds Series 1993 Fund		(28,308,617)
State Match Bond Proceeds Series 1995 Fund		(62,252,610)
Water Quality Bond Proceeds Series 1995 Fund	(	(168,001,856)
Water Quality Bond Proceeds Series 1997 Fund		(26,758,690)

The fund deficit in the Rural Development 1999 Fund is due to a transfer to the Solid Waste Fund to reimburse that fund for amounts expended in connection with existing projects. The deficit will be eliminated with future loan repayments and future repayments of debt outstanding.

The fund deficit in the Safe Water Refunding Fund is due to the closing of the Safe Water Construction account in 1995 and the Safe Water Surplus account in 1996. The deficit will be eliminated by future loan repayments and future repayments of debt outstanding.

Notes to Financial Statements, Continued

The fund deficits in the State Match Bond Proceeds Series 1991, 1993 and 1995 Funds and the Water Quality Bond Proceeds Series 1995 and 1997 Funds are due to transfers of moneys to the WPCLF State Match and Water Quality accounts as required by the Water Pollution Control Loan Group trust agreements. These deficits will be eliminated by future repayments of debt outstanding by the WPCLF Fund.

#### (23) RESIDUAL EQUITY TRANSFERS

In February 1999, the Authority's Board authorized a transfer of \$10,000,000 from the Solid Waste Fund to the Dam Safety Fund to provide the initial funding to the fund.

In February 1999, the Authority's Board authorized a transfer of \$4,600,000 from the Solid Waste Fund to the Drinking Water Assistance Fund to provide additional funding to the fund.

In February 1999, the Authority's Board authorized a transfer of \$4,460,884 from the 1995 Fresh Water Fund to the Local Economic Development Fund to provide additional funding to the fund.

#### (24) RETAINED EARNINGS

As of December 31, 1999, the Authority has a retained earnings balance of \$1,465,789,351, which is restricted for bond or grant requirements and unrestricted as follows:

	Restricted	Unrestricted	Total
Operating Fund	\$ 	6,530,036	6,530,036
Working Capital Fund	7,158,281	. –	7,158,281
Other Projects Group	2,424,304	102,893,202	105,317.506
Rural Utility Services Group	6,700,486		6,700,486
Community Assistance Fund	67,776,445	_	67,776,445
Fresh Water Group	240,240,640	19,628,637	259,869,277
Refunding Group	16,124,665	_	16,124,665
Safe Water Refunding Group	11,840,420		11,840,420
Pure Water Refunding Fund	68,345,381	14,801,780	83,147,161
Water Pollution Control Loan Group	797,417,126	67,739,032	865,156,158
Drinking Water Assistance Fund	36,168,916		36,168,916
	\$ 1,254,196,664	211,592,687	1,465,789,351

#### (25) SUBSEQUENT EVENT

On February 2, 2000, the Authority entered into a five-year interest rate swap agreement for \$50,080,000 of its Pure Water Refunding and Improvement Series bonds. As a result of the agreement, which is dated February 2, 2000 and terminates on December 1, 2004, the Authority makes interest payments to the counterparty based on the weekly BMA Municipal Bond Index and receives payment from the counterparty at a fixed rate of 4.68%. The rate used to calculate the payment to the counterparty shall not exceed 7.32%.

#### REPORT ON COMPLIANCE AND ON INTERNAL CONTROL REQUIRED BY GOVERNMENT AUDITING STANDARDS

Ohio Water Development Authority 88 East Broad Street, Suite 1300 Columbus, OH 43215-3516

We have audited the financial statements of the Ohio Water Development Authority as of and for the year ended December 31, 1999, and have issued our report thereon dated March 29, 2000. We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

#### Compliance

As part of obtaining reasonable assurance about whether the Ohio Water Development Authority's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

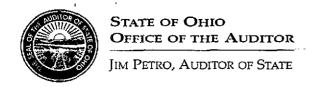

#### Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Ohio Water Development Authority's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

However, we noted other matters involving the internal control over financial reporting that do not require inclusion in this report, that we have reported to management of the Ohio Water Development Authority in a separate letter dated March 29, 2000.

This report is intended for the information and use of the Ohio Water Development Authority, it's management, the State of Ohio, the Ohio Legislature and federal awarding agencies and is not intended to be and should not be used by anyone other than these specified parties.
