## REPORT OF INDEPENDENT ACCOUNTANTS

Stark/Portage Area Computer Consortium  
Stark County  
2100 38<sup>th</sup> Street NW  
Canton, Ohio 44709

To the Assembly:

We have audited the accompanying financial statements of the Stark/Portage Area Computer Consortium, Stark County, Ohio, (the Consortium) as of and for the year ended June 30, 2000. These financial statements are the responsibility of the Consortium's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described Note 1, the Consortium prepares its financial statements on the basis of accounting prescribed or permitted by the Auditor of State, which is a comprehensive basis of accounting other than generally accepted accounting principles.

In our opinion, the financial statements referred to above present fairly, in all material respects, the fund cash balance and reserves for encumbrances of the Consortium as of June 30, 2000, and its cash receipts and disbursements for the year then ended on the basis of accounting described in Note 1.

In accordance with *Government Auditing Standards*, we have also issued our report dated October 23, 2000 on our consideration of the Consortium's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

This report is intended solely for the information and use of management, the Assembly, and other officials authorized to receive this report under Section 117.26, Ohio Revised Code, and is not intended to be and should not be used by anyone other than these specified parties.

**Jim Petro**  
Auditor of State

**STARK/PORTAGE AREA COMPUTER CONSORTIUM  
STARK COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2000**

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**A. DESCRIPTION OF THE ENTITY**

The Stark/Portage Area Computer Consortium, Stark County, (the Consortium) is a body politic and corporate established for the purpose of exercising the rights and privileges conveyed to it by the constitution and laws of the State of Ohio as defined by Section 3313.92 of the Ohio Revised Code.

The Consortium is a not-for-profit computer service organization owned and operated by thirty-one school districts in the Ohio counties of Stark, Portage and Carroll which form the Consortium General Assembly. The primary function of the Consortium is to provide information technology services to its member school districts with major emphasis being placed on accounting, payroll and inventory control services.

The Consortium is one of twenty-three regional service organizations serving over 600 public school districts in the State of Ohio that make up the Ohio Educational Computer Network (OECN). These service organizations are known as "Data Acquisition Sites." The OECN is a collective group of Data Acquisition Sites, authorized pursuant to Section 3301.075 of the Revised Code, and their member school districts. Such sites, in conjunction with the Ohio Department of Education, comprise a statewide delivery system to provide comprehensive, cost-efficient accounting and other administrative and instructional computer services for participating Ohio school districts. Funding for this network and for the Consortium is derived from State of Ohio grants and from contracted services.

Agreements entered into pursuant to Section 3313.92 of the Ohio Revised Code must be approved by the State Superintendent of Public Instruction who has interpreted this revised code section to require a board of education to serve as fiscal agent for a Data Acquisition Site receiving funds from the Ohio Education Computer Network.

The Stark County Educational Service Center (Service Center) serves as fiscal agent for the Consortium and performs certain functions to ensure receipt of funds from the Ohio Education Computer Network. The Consortium is located in the Service Center building in Canton, Ohio.

The Consortium's management believes these financial statements present all activities for which the Consortium is financially accountable.

**B. BASIS OF ACCOUNTING**

These financial statements follow the basis of accounting prescribed or permitted by the Auditor of State, which is similar to the cash receipts and disbursements basis of accounting. Receipts are recognized when received in cash rather than when they are earned. Disbursements are recognized when they are paid rather than when a liability is incurred.

These statements include adequate disclosure of material matters, as prescribed or permitted by the Auditor of State.

**STARK/PORTAGE AREA COMPUTER CONSORTIUM  
STARK COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2000  
(Continued)**

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**C. CASH AND INVESTMENTS**

In accordance with the Ohio Revised Code and the Agreement establishing the Stark/Portage Area Computer Consortium, the Consortium's cash is held and invested by the Treasurer of the Stark County Educational Service Center (Service Center) who acts as custodian for Consortium monies. The Consortium's assets are held in the Service Center's cash and investment pool, and are valued at the Service Center's reported carrying amount.

**D. FUND ACCOUNTING**

The Consortium maintains its accounting records in accordance with the principles of "fund" accounting. Fund accounting is a concept developed to meet the needs of government entities in which legal or other restraints require the recording of specific receipts and disbursements. The Consortium uses an Enterprise Fund to account for operations (a) that are financed and operated in a manner similar to private business enterprises, where the intent of the governing body is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

**E. BUDGETARY PROCESS**

The Consortium is not required to follow the budgetary process but has decided to adopt a formal budget annually.

**1. Appropriations**

Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the fund, function or object level of control. The Board annually approves appropriation measures and subsequent amendments. Unencumbered appropriations lapse at year end.

**2. Estimated Resources**

Estimated resources include estimates of cash to be received (budgeted receipts) plus unencumbered cash as of July 1.

**3. Encumbrances**

The Consortium reserves (encumbers) appropriations when commitments are made. Encumbrances outstanding at year end are carried over, and need not be reappropriated.

A summary of 2000 budgetary activity appears in Note 2.

**STARK/PORTAGE AREA COMPUTER CONSORTIUM  
STARK COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2000  
(Continued)**

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**F. PROPERTY, PLANT AND EQUIPMENT**

Acquisitions of property, plant and equipment are recorded as capital outlay disbursements when paid. These items are not reflected as assets on the accompanying financial statements.

**G. UNPAID VACATION AND SICK LEAVE**

Employees are entitled to cash payments for unused vacation and sick leave in certain circumstances, such as upon leaving employment. Unpaid vacation and sick leave are not reflected as liabilities under the cash basis of accounting used by the Consortium.

**2. BUDGETARY ACTIVITY**

Budgetary activity for the year ended June 30, 2000 was as follows:

2000 Budgeted vs. Actual Receipts			
<u>Fund Type</u>	<u>Budgeted Receipts</u>	<u>Actual Receipts</u>	<u>Variance</u>
Enterprise	\$2,001,980	\$2,187,980	\$186,000

2000 Budgeted vs. Actual Budgetary Basis			
<u>Fund Type</u>	<u>Appropriation Authority</u>	<u>Budgetary Expenditures</u>	<u>Variance</u>
Enterprise	\$2,074,836	\$1,672,318	\$402,518

**3. RETIREMENT SYSTEMS**

The Consortium's full-time employees belong to the School Employees Retirement System (SERS) of Ohio. SERS is a cost-sharing, multiple-employer plan. This plan provides retirement benefits, including post retirement healthcare, and survivor and disability benefits to participants as prescribed by the Ohio Revised Code. The Treasurer of the Stark County Educational Service Center (Service Center) contributes the employer's share for the Consortium's employees.

Contribution rates are also prescribed by the Ohio Revised Code. Plan members are required to contribute 9% of their annual covered salary and the Consortium is required to contribute at an actuarially determined rate.

**STARK/PORTAGE AREA COMPUTER CONSORTIUM  
STARK COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2000  
(Continued)**

**4. RISK MANAGEMENT**

**A. COMPREHENSIVE**

Through the Stark County Educational Service Center, the Consortium maintains comprehensive commercial insurance coverage for risks related to property loss or damage and general liability. Deductible amounts, if necessary, are assessed to participating members.

**B. SHARED RISK POOL**

Through the Stark County Educational Service Center, the Consortium is a participant in the Stark County Schools Council of Governments (Council) for the purpose of obtaining benefits at a reduced premium for both health care and workers' compensation.

The Consortium's insurance program for health care, through the Council, is administered by Mutual Health Services Company and Aultcare Corporation. Payments are made to the Council each month for health insurance premiums, stop-loss premiums and administrative charges. As fiscal agent for the Council, the Stark County Educational Service Center makes payments each month to Mutual Health Services and Aultcare Corporation for the actual amount of claims processed, the stop-loss premium and administrative charges.

The workers' compensation program, through the Council, is administered by Comp Management, Inc. The experience rating for each of the participating members is calculated as one experience rate and applied to all participants of the program. Premiums paid to the Ohio Bureau of Workers' Compensation are based on this calculation. Total savings are then determined and each participant's performance is compared to the overall savings percentage of the program. Based on the calculation of savings, members then either receive refunds for contributions or are required to make additional contributions to the program.

**REPORT OF INDEPENDENT ACCOUNTANTS ON COMPLIANCE AND ON  
INTERNAL CONTROL REQUIRED BY *GOVERNMENT AUDITING STANDARDS***

Stark/Portage Area Computer Consortium  
Stark County  
2100 38<sup>th</sup> Street NW  
Canton, Ohio 44709

To the Assembly:

We have audited the accompanying financial statements of the Stark/Portage Area Computer Consortium, Stark County, Ohio, (the Consortium) as of and for the year ended June 30, 2000, and have issued our report thereon dated October 23, 2000. We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

**Compliance**

As part of obtaining reasonable assurance about whether the Consortium's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

**Internal Control Over Financial Reporting**

In planning and performing our audit, we considered the Consortium's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

However, we noted a matter involving the internal control over financial reporting that does not require inclusion in this report, that we have reported to management of the Consortium in a separate letter dated October 23, 2000.
