We have reviewed the Independent Auditor's Report of the Ohio Mid-Eastern Governments Association, Guernsey County, prepared by S. R. Snodgrass, A. C., for the audit period July 1, 1999 to June 30, 2000. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Ohio Mid-Eastern Governments Association is responsible for compliance with these laws and regulations.

INDEPENDENT AUDITOR'S REPORT

Board of Directors
Ohio Mid-Eastern Governments Association
Cambridge, Ohio

We have audited the accompanying general purpose financial statements of Ohio Mid-Eastern Governments Association, as of and for the year ended June 30, 2000, as listed in the table of contents. These general purpose financial statements are the responsibility of Ohio Mid-Eastern Governments Association's management. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Ohio Mid-Eastern Governments Association, as of June 30, 2000, and the results of its operations for the year then ended in conformity with generally accepted accounting principles.

In accordance with *Government Auditing Standards*, we have also issued our report dated October 6, 2000, on our consideration of the Ohio Mid-Eastern Governments Association's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

Our audit was performed for the purpose of forming an opinion on the general purpose financial statements of the Ohio Mid-Eastern Governments Association taken as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the general purpose financial statements. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the general purpose financial statements taken as a whole.

**OHIO MID-EASTERN GOVERNMENTS ASSOCIATION
NOTES TO THE GENERAL PURPOSE FINANCIAL STATEMENTS
JUNE 30, 2000**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. General

The Ohio Mid-Eastern Governments Association (the Association) was created under Ohio Revised Code, Chapter 167. The Association represents a ten county development district and was established to develop a cooperative effort in the planning, programming, implementing, and developing of local and regional plans, programs, and projects.

B. Basis of Presentation - Fund Accounting

Governmental Funds

Governmental funds are those funds through which most governmental functions are typically financed. The acquisition, use, and balances of the Association's expendable financial resources and the related current liabilities are accounted for through governmental funds. The measurement focus is upon determination of "financial flow" (sources, uses, and balances of financial resources). The following are the Association's governmental fund types:

General Fund - The fund is used to account for all financial resources except those accounted for in another fund. The general fund balance is available to the Association for any purpose provided it is expended or transferred according to the general laws of Ohio.

Special Revenue Funds - These funds are used to account for the proceeds of specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to expenditure for specified purposes.

Account Groups

To make a clear distinction between fixed assets related to specific funds and those of general government and between long-term liabilities related to specific funds and those of a general nature, the following account groups are used:

General Fixed Assets Account Group - This account group is established to account for fixed assets of the Association.

General Long-Term Obligations Account Group - This account group is established to account for all long-term debt of the Association.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Revenue Recognition

The modified accrual method of accounting is used to record revenue and expenses. Grant funds are recognized as revenue at the time expenditures authorized by the grant agreement are incurred.

D. Equipment - Basis of Accounting

All fixed assets acquired or constructed for general governmental purposes are reported as expenditures in the fund that finances the asset acquisition and capitalized in the General Fixed Asset Account Group. Donated fixed assets are reported at estimated fair market value at the time received. No depreciation is provided for these assets.

E. Budgetary Process

Although a legal budget is not required, nor is a budgetary statement, budgets for expenditure of federal grants are assigned by the federal government agency at the time the grants are awarded. The grants also require a contribution from nonfederal sources equal to a specified percentage of the project costs. The nonfederal contributions may be in cash or in-kind. In-kind funds for the year ended June 30, 2000, amounted to \$76,178.

F. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

G. Memorandum Only

The "memorandum only" column included in the balance sheet and statement of revenues, expenditures, and changes in fund balances is not intended to present consolidated financial information.

**OHIO MID-EASTERN GOVERNMENTS ASSOCIATION
NOTES TO THE GENERAL PURPOSE FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2000**

NOTE 2. DONATED SPACE AND SERVICES

The Board members of the Association have donated their time and travel expenses related to Board meetings. The total value of the wages and travel donated is \$15,203. The Association also received donated office space and office equipment from various sources. The value of the space and equipment is \$60,975. The total value of donated space and services is reflected in the Association's financial statements as in-kind revenue and administrative expenses.

NOTE 3. RESTATEMENT OF FUND BALANCES

During the fiscal year, Ohio Mid-Eastern Governments Association discovered the need to restate the fund balances reported in the June 30, 1999, audit report. The general fund balance was understated by \$2,062, and the special revenue fund type fund balance was overstated by the same amount. This resulted in a restated June 30, 1999, general fund balance of \$68,978 and a restated June 30, 1999, special revenue fund type fund balance of \$1,018,095.

NOTE 4. DEPOSITS AND INVESTMENTS

At June 30, 2000, the carrying amount of the Association's deposits was \$347,373 and the bank balance was \$385,800.

The Association's deposits are categorized to give an indication of the level of risk assumed by the District at June 30, 2000. The categories are described as follows:

Category 1 - Insured or collateralized with securities held by the entity or by its agency in the entity's name.

Category 2 - Collateralized with securities held by the pledging financial institution's trust department or agency in the entity's name.

Category 3 - Uncollateralized.

Category 1	\$ 171,098
Category 2	214,702
Category 3	<u>-</u>
Total	<u>\$ 385,800</u>

OHIO MID-EASTERN GOVERNMENTS ASSOCIATION
NOTES TO THE GENERAL PURPOSE FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2000

NOTE 5. CONCENTRATIONS OF CREDIT

The Association maintains significant cash balances on deposit with a federally insured financial institution. At June 30, 2000, the aggregate balance of cash on deposit, in excess of the amount covered by federal deposit insurance, was approximately \$214,702. The Association has collateralized these deposits with separate pledges of bank securities.

The majority of the Association's funding is through federal and state grants. Under the terms of federal and state grants, periodic audits are required and certain costs may be questioned as inappropriate expenditures. Such audits could lead to reimbursement to the grantor agency. Management of the Association believes disallowances, if any, will be immaterial.

NOTE 6. DEFINED BENEFIT PENSION PLANS - PUBLIC EMPLOYEES RETIREMENT SYSTEM

All employees participate in the Public Employees Retirement System ("PERS"), a cost-sharing multiple-employer public employee retirement system created by the State. PERS provides retirement and disability benefits, annual cost of living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by state statute per Chapter 145 of the Ohio Revised Code. The Public Employees Retirement System issues a stand-alone financial report. Interested parties may obtain a copy by making a written request to 277 East Town Street, Columbus, Ohio 43215-4562 or by calling (614) 466-2085.

The Ohio Revised Code provides statutory authority for employee and employer contributions. The rate set for employee contributions for fiscal 2000 was 8.5% for employees. The 1999-2000 employer contribution rate for local government employers was 13.55% of covered payroll. Of the employer contribution (9.35% of covered payroll), 69% was used to fund pension obligations. The Association's contribution for pension obligations to PERS for the year ended June 30, 2000, 1999, and 1998, were \$24,823, \$26,094, and \$23,231, respectively. The full amount has been contributed for 1999 and 1998. For fiscal year 2000, 90.9% has been contributed, with the remainder being reported as fund liabilities.

**OHIO MID-EASTERN GOVERNMENTS ASSOCIATION
NOTES TO THE GENERAL PURPOSE FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2000**

NOTE 7. POST-EMPLOYMENT BENEFITS - PUBLIC EMPLOYEES RETIREMENT SYSTEM

The Public Employees Retirement System of Ohio provides post retirement health care coverage to age and service retirees with ten or more years of qualifying Ohio service credit and to primary survivor recipients of such retirees. Health care coverage for disability recipients and primary survivor recipients is available. The health care coverage provided by the retirement system is considered an Other Post Employment Benefit (OPEB) as described in GASB No. 12, *Disclosure of Information on Post-employment Benefits Other Than Pension Benefits by State and Local Government Employers*. A portion of each employer's contribution to PERS is set aside for the funding of post retirement health care based on authority granted by State Statute. The fiscal 1999-2000 employer contribution rate was 13.55% of covered payroll with 31% of the employer contribution (4.20% of covered payroll) used to fund health care.

Benefits are funded on a pay-as-you-go basis. OPEB are financed through employer contributions and investment earnings. The contributions allocated to retiree health care and Medicare, along with investment income on allocated assets and periodic adjustments in health care provisions, are expected to be sufficient to sustain the program indefinitely. During 1999, OPEB expenditures made by PERS were \$440,596,663. As of December 31, 1999, the unaudited net assets available for future OPEB payments were \$9,447,325,318. At December 31, 1999, the total number of benefit recipients eligible for OPEB through PERS was 115,597. The Association's actual contributions for FY 2000 which were used to fund OPEB were \$11,150.

NOTE 8. OTHER EMPLOYEE BENEFITS

Full-time employees earn vacation on the number of years of service with the Association. Vacation pay is accumulated and vested. In the event that any employee terminates his/her employment, he/she may be compensated for accumulated vacation pay. Only the current portion of the unpaid vacation pay is accrued. The current portion is the dollar value of the vacation accrued as of June 30, 2000, and used within the available period. The long-term portion is reported in the General Long-Term Debt Account Group. As of June 30, 2000, the dollar value of the current portion of the liability for unpaid compensated absences was \$4,632, and the dollar value of the long-term portion was \$10,362.

NOTE 14. ALLOCATION OF COSTS

Office of Management and Budget Circular A-87 provides for the establishment of cost pools which are to be distributed over the benefitting activity in some rational and equitable manner. The concept of indirect costs is introduced and defined as follows in Circular A-87: "Indirect costs are those (a) incurred for a common or joint purpose benefitting more than one cost objective, and (b) not readily assignable to the cost objective specifically benefitted without effort disproportionate to the results achieved."

OMB Circular A-87 also provides the following basis options for the allocation of indirect costs accumulated in an indirect cost pool: (1) direct salary costs or (2) total direct costs, excluding items like large consulting contracts and capital expenditures.

The Association chose the direct salary cost method because it felt that the more salary costs a grant has, the more of the kinds of costs that accumulate in an indirect cost pool that the grant would have under a totally direct costing system. Management and administrative salaries and indirect costs are allocated to the various programs using the actual rate as determined by the method shown in the Association's cost allocation plan.

NOTE 15. CAPITAL LEASE

The Association leases office equipment under an operating lease with a term of 60 months. Lease payments during fiscal year 2000 were approximately \$4,317. The future minimum payments required under the lease are as follows:

<u>Year</u>	<u>Amount</u>
2001	\$ 4,317
2002	4,317
2003	<u>3,237</u>
Total	<u>\$ 11,871</u>

NOTE 16. CONTINGENCIES

The Association received financial assistance from federal and state agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the general fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the Association at June 30, 2000.

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) summarizes activity of the Association's federal award programs. The schedule has been prepared on the modified accrual basis of accounting.

NOTE B - REVOLVING LOAN FUND

The Association has established a revolving loan program to provide low-interest loans to businesses to create jobs in the region. The Appalachian Regional Commission (ARC) and the Economic Development Administration (EDA) have granted money for these loans to the Association. The initial loan of this money is recorded as a disbursement on the Schedule. Loans repaid, including interest, are used to make additional loans. Such subsequent loans are subject to certain compliance requirements imposed by the grantors, and are included as disbursements on the Schedule.

Collateral for these loans is determined on a case by case basis, but includes mortgages on real estate and liens on business equipment and inventory. The gross amount of loans outstanding under these programs at June 30, 2000, is listed in Notes 9, 10, and 11 to the general purpose financial statements.

NOTE C - MATCHING REQUIREMENTS

Certain Federal programs require that the Association contribute non-Federal funds (matching funds) to support the Federally funded programs. The Association has complied with the matching requirements.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE AND ON INTERNAL
CONTROL OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

Board of Directors
Ohio Mid-Eastern Governments Association
Cambridge, Ohio

We have audited the general purpose financial statements of Ohio Mid-Eastern Governments Association as of and for the year ended June 30, 2000, and have issued our report thereon dated October 6, 2000. We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether Ohio Mid-Eastern Governments Association's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Ohio Mid-Eastern Governments Association's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

However, we noted certain matters involving the internal control over financial reporting that we have reported to management of Ohio Mid-Eastern Governments Association in a separate letter dated October 6, 2000.

This report is intended solely for the information of the Board of Directors, management, others within the organization, and the federal awarding agencies and pass-through entities and is not intended to be, and should not be, used by anyone other than these specified parties.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Board of Directors
Ohio Mid-Eastern Governments Association
Cambridge, Ohio

Compliance

We have audited the compliance of Ohio Mid-Eastern Governments Association with the types of compliance requirements described in the *U. S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended June 30, 2000. Ohio Mid-Eastern Governments Association's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of Ohio Mid-Eastern Governments Association's management. Our responsibility is to express an opinion on Ohio Mid-Eastern Governments Association's compliance based on our audit.

We conducted our audit of compliance in accordance with generally accepted auditing standards; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Ohio Mid-Eastern Governments Association's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on Ohio Mid-Eastern Governments Association's compliance with those requirements.

In our opinion, Ohio Mid-Eastern Governments Association complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2000.

Internal Control Over Compliance

The management of Ohio Mid-Eastern Governments Association is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered Ohio Mid-Eastern Governments Association's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

This report is intended solely for the information of the Board of Directors, management, others within the organization, and the federal awarding agencies and pass-through entities and is not intended to be, and should not be, used by anyone other than these specified parties.
