REPORT OF INDEPENDENT ACCOUNTANTS

Board of Education
Educational Service Center
Knox County
110 East High Street
Mount Vernon, Ohio 43050

We have audited the accompanying general-purpose financial statements of the Educational Service Center, Knox County, Ohio, (the Center) as of and for the year ended June 30, 2001, as listed in the table of contents. These general-purpose financial statements are the responsibility of the Center's management. Our responsibility is to express an opinion on these general-purpose financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the general-purpose financial statements referred to above present fairly, in all material respects, the financial position of the Center, as of June 30, 2001, and the results of its operations and the cash flows of its proprietary fund type for the year then ended in conformity with accounting principles generally accepted in the United States of America.

As discussed in Note 3 to the general-purpose financial statements, the District changed its method of accounting and reporting for its nonexchange transactions and certain shared nonexchange revenues for the year ended June 30, 2001, as required by Governmental Accounting Standards Board Statements No. 33 and No. 36.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 12, 2001 on our consideration of the Center's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

Our audit was performed for the purpose of forming an opinion on the general-purpose financial statements of the Center taken as a whole. The accompanying schedule of federal awards receipts and expenditures is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the general-purpose financial statements. Such information has been subjected to the auditing procedures applied in the audit of the general-purpose financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the general-purpose financial statements taken as a whole.

JIM PETRO
Auditor of State

December 12, 2001

Notes to the General Purpose Financial Statements
For the Fiscal Year Ended June 30, 2001

Note 1 – Description of the Knox County Educational Service Center

On July 18, 1914, the Knox County Educational Service Center ("Educational Service Center") was formed. The Educational Service Center supplies supervisory, administrative, and other needed services to area school districts.

The Educational Service Center operates under a locally-elected five member Board form of government and provides educational services as mandated by State or federal agencies. The Board controls the Educational Service Center's support facilities staffed by 60 non-certificated, 48 certificated teaching personnel, and seven administrators who provide services to 8,329 students and other community members.

Reporting Entity

A reporting entity is comprised of the primary government, component units and other organizations that are included to ensure that the financial statements are not misleading. The primary government of the Educational Service Center consists of all funds that are not legally separate from the Educational Service Center. For the Educational Service Center, this includes general operations and related activities of the Educational Service Center .

Component units are legally separate organizations for which the Educational Service Center is financially accountable. The Educational Service Center is financially accountable for an organization if the Educational Service Center appoints a voting majority of the organization's governing board and (1) the Educational Service Center is able to significantly influence the programs or services performed or provided by the organization; or (2) the Educational Service Center is legally entitled to or can otherwise access the organization's resources; the Educational Service Center is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the Educational Service Center is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the Educational Service Center in that the Educational Service Center approves the budget, the issuance of debt or the levying of taxes. The Educational Service Center had no component units.

The Educational Service Center is associated with three jointly governed organizations and one insurance purchasing pool. These organizations are presented in Note 15 and 16 to the general purpose financial statements. These organizations include the Knox County Career Center, Tri-Rivers Educational Computer Association, North Central Ohio Special Education Regional Resource Center and the Ohio School Boards Association Workers' Compensation Group Rating Program.

Note 2 - Summary of Significant Accounting Policies

The financial statements of the Educational Service Center have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Educational Service Center's accounting policies are described below.

Knox County Educational Service Center
Notes to the General Purpose Financial Statements
For the Fiscal Year Ended June 30, 2001

A. Basis of Presentation - Fund Accounting

The Educational Service Center uses funds and account groups to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain Educational Service Center functions or activities. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations. An account group is a financial reporting device designed to provide accountability for certain assets and liabilities that are not recorded in the funds because they do not directly affect net expendable available financial resources.

For financial statement presentation purposes, the various funds of the Educational Service Center are grouped into the following generic fund types under the broad fund categories governmental and fiduciary.

Governmental Fund Types Governmental funds are those through which most governmental functions of the Educational Service Center are financed. The acquisition, use and balances of the Educational Service Center's expendable financial resources and the related current liabilities (except those accounted for in the proprietary fund) are accounted for through governmental funds. The following are the Educational Service Center's governmental fund types:

General Fund The general fund is the operating fund of the Educational Service Center and is used to account for all financial resources except those required to be accounted for in another fund. The general fund balance is available to the Educational Service Center for any purpose provided it is expended or transferred according to the general laws of Ohio.

Special Revenue Funds Special revenue funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditure for specified purposes.

Fiduciary Fund Types Fiduciary funds are used to account for assets held by the School District in a trustee capacity or as an agent for individuals, private organizations, other governmental units and/or other funds. There are two types of fiduciary funds, trust and agency.

Nonexpendable Trust Fund The nonexpendable trust fund is used to account for the Educational Service Center's ongoing activities which are similar to those found in the private sector. The principal of the trust must be preserved intact.

Agency Funds Agency funds are purely custodial (assets equal liabilities) and thus do not involve measurement of results of operations. The Educational Service Center's agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

Account Groups To make a clear distinction between fixed assets related to specific funds and those of general government, and between long-term liabilities related to specific funds and those of a general nature, the following account groups are used:

General Fixed Assets Account Group This account group is established to account for all fixed assets of the Educational Service Center except those accounted for in the trust fund.

Knox County Educational Service Center
Notes to the General Purpose Financial Statements
For the Fiscal Year Ended June 30, 2001

General Long-Term Obligations Account Group This account group is established to account for all long-term obligations of the Educational Service Center except those accounted for in the trust fund.

B. Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental fund types are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. Operating statements of these funds present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current assets.

The nonexpendable trust fund is accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operation of this fund is included on the balance sheet. The operating statement presents increases (e.g., revenues) and decreases (e.g., expenses) in net total assets.

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made.

The modified accrual basis of accounting is followed for the governmental fund types.

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the modified accrual basis when the exchange takes place and the resources are available. Available means the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the Educational Service Center, available means expected to be received within sixty days of fiscal year end.

Non-exchange transactions, in which the Educational Service Center receives value without directly giving equal value in return, include grants, entitlements, and donations. Revenue from grants, entitlements, and donations is recognized on the modified accrual basis in the fiscal year in which all eligibility requirements have been satisfied and the revenue is available. Eligibility requirements include timing requirements, which specify the fiscal year when the resources are required to be used or the fiscal year when use is first permitted; matching requirements, in which the Educational Service Center must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the Educational Service Center on a reimbursement basis.

Under the modified accrual basis, the following revenue sources are considered both measurable and available at fiscal year end: grants, interest, and customer services.

Deferred revenue arises when assets are recognized before revenue recognition criteria has been satisfied. Grants and entitlements received before the eligibility requirements are met and receivables that are not collected within the available period are recorded as deferred revenue.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

Knox County Educational Service Center
Notes to the General Purpose Financial Statements
For the Fiscal Year Ended June 30, 2001

C. Budgetary Data

The budgetary process is prescribed by provisions of Section 3317.11 of the Ohio Revised Code and entails the preparation of budgetary documents within an established timetable.

The Educational Service Center adopts its budget for all funds on or before the start of the new fiscal year. Included in the budget are the estimated resources and expenditures for each fund. Upon review by the Educational Service Center's Board, the annual appropriation resolution is adopted. After the start of the fiscal year, the estimated resources are revised and accepted by the Board to include any unencumbered cash balances from the preceding fiscal year. The estimated resources may be amended or supplemented throughout the year as circumstances warrant.

In the first quarter of each fiscal year, the Educational Service Center summarizes and certifies its budget on forms furnished by the State Department of education, together with such other information as the State Department of Education may require. The summarized budget document consists of three parts. Part (A) includes entitlement funding from the State for the cost of salaries, employer's retirement contributions, and travel expenditures of supervisory teachers approved by the State Department of Education. Part (B) includes the cost of all other lawful expenditures of the Educational Service Center. Part (C) includes the adopted appropriation resolution of the Educational Service Center. The State Department of Education reviews the budget and certifies to each Board of Education, under the supervision of the Educational Service Center, the amount from part (B) that is to be apportioned to their school district.

Appropriations The annual appropriation resolution is legally enacted by the Board of Education. Prior to the passage of the annual appropriation measure, the Board may pass a temporary appropriation measure to meet the ordinary expenses of the Educational Service Center. The appropriation resolution, by fund, must be within the estimated resources and the total of expenditures and encumbrances may not exceed the appropriation totals at any level of control. Any revisions that alter the total of any fund appropriation or alter total function appropriations within a fund, or alter object appropriations within functions, must be approved by the Board of Education. The Board may pass supplemental fund appropriations so long as the total appropriations by fund do not exceed the amounts set forth in budget approved by the State Board of Education. During the year, several supplemental appropriations were legally enacted; however, none of these amendments were significant. The budget figures which appear in the statements of budgetary comparisons represent the final appropriation amounts, including all supplemental appropriations. Formal budgetary integration is employed as a management control device during the year for all funds, consistent with statutory provisions.

Encumbrances As part of formal budgetary control, purchase orders, contracts and other commitments for the expenditure of monies are recorded as the equivalent of expenditures on the non-GAAP budgetary basis in order to reserve that portion of the applicable appropriation and to determine and maintain legal compliance. Expenditures plus encumbrances may not legally exceed appropriations at the legal level of control. On the GAAP basis, encumbrances outstanding at year-end are reported as a reservation of fund balance for subsequent-year expenditures for governmental fund types.

Lapsing of Appropriations At the close of each year, the unencumbered balance of each appropriation reverts to the respective fund from which it was appropriated and becomes subject to future appropriation. Encumbered appropriations are carried forward to the succeeding fiscal year and are not re-appropriated

Knox County Educational Service Center
Notes to the General Purpose Financial Statements
For the Fiscal Year Ended June 30, 2001

D. Cash and Cash Equivalents

To improve cash management, all cash received by the Educational Service Center is pooled in a central bank account. Monies for all funds are maintained in this pool. Individual fund integrity is maintained through Educational Service Center records. Each fund's interest in the pooled bank account is presented as "Equity in Pooled Cash and Cash Equivalents" on the combined balance sheet.

Investments are reported at fair market value, which is based on quoted market prices.

The Educational Service Center has invested funds in the State Treasury Asset Reserve of Ohio (STAROhio) during fiscal year 2001. STAROhio is an investment pool management by the State Treasurer's Office, which allows governments within the State to pool their funds for investment purposes. STAROhio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAROhio are valued at STAROhio's share price, which is the price the investment could be sold for on June 30, 2001.

Following Ohio statutes, the Board of Education has, by resolution, specified the funds to receive an allocation of interest earnings. Interest revenue credited to the general fund during fiscal year 2001 amounted to \$78,441, which includes \$17,686 assigned from other Educational Service Center funds.

For purposes of the statement of cash flows and for presentation on the combined balance sheet, investments of the cash management pool and investments with an original maturity of three months or less at the time they are purchased by the Educational Service Center are considered to be cash equivalents. Investments with an initial maturity of more than three months are reported as investments.

E. Inventory

Inventories are stated at cost. For all funds, cost is determined on a first-in, first-out basis. Inventory consists of expendable supplies held for consumption. The cost of inventory items is recorded as an expenditure when purchased. Reported material and supplies inventory is equally offset by a fund balance reserve which indicates that it does not constitute available spendable resources even though it is a component of net current assets.

Since the inventory balance at June 30, 2001 was not significant, an amount was not reported on the combined balance sheet.

F. Pass-Through Grants

The Educational Service Center is the primary recipient of grants which are passed-through to or spent on-behalf of the local school districts within the County. When the Educational Service Center has a financial or administrative role in the grants, the grants are reported as revenues and intergovernmental expenditures in a special revenue fund. Grants in which the Educational Service Center has no financial or administrative role and are passed-through to the local district in the County are reported in an agency fund.

G. Fixed Assets

General fixed assets are not capitalized in the funds used to acquire or construct them. Instead, capital acquisition and construction costs are reflected as expenditures in governmental funds, and related assets are reported in the general fixed assets account group. All fixed assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated fixed assets are

Knox County Educational Service Center
Notes to the General Purpose Financial Statements
For the Fiscal Year Ended June 30, 2001

recorded at their fair market values as of the date received. The Educational Service Center maintains a capitalization threshold of \$500. The Educational Service Center does not possess any infrastructure.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized. Improvements are capitalized. Interest incurred during the construction of general fixed assets is also not capitalized. Assets in the general fixed assets account group are not depreciated.

H. Compensated Absences

The Educational Service Center reports compensated absences in accordance with the Provisions of GASB Statement No.16, "Accounting for Compensated Absences." Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the Educational Service Center will compensate the employees for the benefits through paid time off or some other means. The Educational Service Center records a liability for accumulated unused vacation time earned for all employees with more than one year of service.

Sick leave benefits are accrued as a liability using the termination method. An accrual for sick leave is made to the extent it is probable that benefits will result in termination payments. The liability is an estimate based on the Educational Service Center's past experience of making termination payments.

For governmental funds, the current portion of unpaid compensated absences is the amount expected to be paid using expendable available resources. These amounts are recorded in the account "Compensated Absences Payable" in the fund from which the employees who have accumulated unpaid leave are paid. The remainder is reported in the general long-term obligations account group.

I. Accrued Liabilities and Long-Term Obligations

In general, governmental fund payables and accrued liabilities are reported as obligations of the funds regardless of whether they will be liquidated with current resources. However, claims and judgments, compensated absences, and contractually required pension contributions are reported as a liability in the general long-term obligations account group to the extent that they will not be paid with current available expendable financial resources. In general, payments made more than sixty days after year-end are considered not to have been made with current available financial resources.

J. Interfund Transactions

Quasi-external transactions are accounted for as revenues, expenditures or expenses. Transactions that constitute reimbursements to a fund for expenditures/expenses initially made from it that are properly applicable to another fund are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the fund that is reimbursed.

Nonrecurring or nonroutine permanent transfers of equity are reported as residual equity transfers. All other interfund transfers are reported as operating transfers.

K. Fund Balance Reserves

The Educational Service Center records reservations for portions of fund equity which are legally segregated for specific future use or which do not represent available spendable resources and therefore are not available for appropriations for expenditures. Unreserved fund balance indicates that portion of

Knox County Educational Service Center
Notes to the General Purpose Financial Statements
For the Fiscal Year Ended June 30, 2001

fund equity which is available for appropriation in future periods. Fund balance reserves are established for encumbrances and for the endowment, which cannot be spent in the nonexpendable trust fund.

L. Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

M. Total Columns on General Purpose Financial Statements

Total columns on the general purpose financial statements are captioned "Totals (Memorandum Only)" to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position, results of operations, or cash flows in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

Note 3 – Change in Accounting Principle and Restatement of Fund Balance

For fiscal year 2001, the Educational Service Center has implemented GASB Statement No. 33 “Accounting and Financial Reporting for Nonexchange Transactions” and GASB Statement No. 36 “Receipt Reporting for Certain Shared Nonexchange Revenues.” At June 30, 2000, the special revenue fund balance decreased by \$65,752 from \$169,361 to \$103,609.

Note 4 - Budgetary Basis of Accounting

While the Educational Service Center is reporting financial position, results of operations, and changes in fund balance/retained earnings on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The Combined Statement of Revenues, Expenditures and Changes in Fund Balances - Budget (Non-GAAP Basis) and Actual, All Governmental Fund Types are presented on the budgetary basis to provide a meaningful comparison of actual results with the budget.

The major differences between the budget basis and GAAP basis are that:

1. Revenues are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis).
2. Expenditures/expenses are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis).
3. Encumbrances are treated as expenditures/expenses for all funds (budget basis) rather than as a reservation of fund balance for governmental fund types and note disclosure in the proprietary fund type (GAAP basis).
4. Activity for the nonexpendable Trust Fund is not required to be budgeted, therefore no reconciliation is shown.

Knox County Educational Service Center
Notes to the General Purpose Financial Statements
For the Fiscal Year Ended June 30, 2001

The following tables summarize the adjustments necessary to reconcile the GAAP and budgetary basis statements by fund type.

	Excess of Revenues and Other Financing Sources Over (Under) Expenditures and Other Financing Uses All Governmental Fund Types	
	<u>General</u>	<u>Special Revenue</u>
GAAP Basis	\$62,456	\$18,973
Net Adjustment for Revenue Accruals	(38,100)	(61,729)
Advance In	0	500
Net Adjustments for Expenditure Accruals	23,638	5,179
Advance Out	(9,079)	0
Adjustments for Encumbrances	<u>(200,452)</u>	<u>(14,943)</u>
 Budget Basis	 <u>(\$161,537)</u>	 <u>(\$52,020)</u>

Note 5 - Deposits and Investments

State statutes classify monies held by the Educational Service Center into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the Educational Service Center treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the Board of Education has identified as not required for use within the current two year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts including pass book accounts.

Protection of Educational Service Center's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, by surety company bonds deposited with the treasurer by the financial institution or by a single collateral pool established by the financial institution to secure the repayment of all public moneys deposited with the institution.

Interim monies may be deposited or invested in the following securities:

1. United States Treasury Notes, Bills, Bonds, or any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal and interest by the United States;
2. Bonds, notes, debentures, or other obligations or securities issued by any federal government agency or instrumentality, including but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and

Knox County Educational Service Center
Notes to the General Purpose Financial Statements
For the Fiscal Year Ended June 30, 2001

- Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by a least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
 4. Bonds and other obligations of the State of Ohio;
 5. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) of this section and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
 6. The State Treasurer's investment pool (STAROhio);
 7. Certain bankers' acceptances and commercial paper notes for a period not to exceed one hundred and eighty days in an amount not to exceed twenty-five percent of the interim monies available for investment at any one time; and,
 8. Under limited circumstances, corporate debt interests rated in either of the two highest rating classifications by at least two nationally recognized rating agencies.

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the Educational Service Center, and must be purchased with the expectation that it will be held to maturity. Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the Treasurer or qualified trustee or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

The following information classifies deposits and investments by categories of risk as defined in GASB Statement 3, "Deposits with Financial Institutions, Investments (including Repurchase Agreement), and Reverse Repurchase Agreements."

Deposits At fiscal year end, the carrying amount of the Educational Service Center's deposits was \$132,003 and the bank balance was \$524,317. \$144,598 of the bank balance was covered by federal depository insurance. \$379,719 was uninsured and uncollateralized. Although the securities serving as collateral were held by the pledging institution in the pledging institution's name and all State statutory requirements for the deposit of money had been followed, noncompliance with federal requirements would potentially subject the Educational Service Center to a successful claim by the FDIC.

Investments The Educational Service Center's investments are required to be categorized below to give an indication of the level of risk assumed by the Educational Service Center at fiscal year end. Category 1 includes investments that are insured or registered or for which the securities are held by the Educational Service Center or its agent in the Educational Service Center's name. Category 2 includes uninsured and unregistered investments which are held by the counterparty's trust department or agent in the Educational Service Center's name. Category 3 includes uninsured and unregistered investments for which the securities are held by the counterparty or by its trust department or agent but not in the Educational Service Center's name. StarOhio is an unclassified investment since it is not evidenced by securities that

Knox County Educational Service Center
Notes to the General Purpose Financial Statements
For the Fiscal Year Ended June 30, 2001

exist in physical or book entry form. The School District's investment in STAROhio had a fair value of \$1,419,464 at June 30, 2001.

The classification of cash and cash equivalents, and investments on the combined financial statements is based on criteria set forth in GASB Statement No.9, "Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Governmental entities that use Proprietary Fund Accounting." A reconciliation between the classifications of cash and investments on the combined financial statements and the classification per GASB Statement No.3 is as follows:

	<u>Cash and Cash Equivalents/Deposits</u>	<u>Investments</u>
GASB Statement 9	\$1,551,467	\$0
Investments which are part of a cash management pool: STAROhio	<u>(1,419,464)</u>	<u>1,419,464</u>
GASB Statement 3	<u>\$132,003</u>	<u>\$1,419,464</u>

Note 6 - Receivables

Receivables at June 30, 2001, consisted of intergovernmental monies. All receivables are considered collectible because of the stable condition of State programs, and the current fiscal year guarantee of federal funds.

A summary of the principal items of intergovernmental receivables follows:

<u>Intergovernmental Receivables</u>	<u>Amounts</u>
General Fund:	
Customer Services	\$174,213

Note 7 - State Funding

The Educational Service Center is funded by the State Board of Education from State funds for the cost of Part (A) of the budget. This funding is provided from State resources.

Part (B) of the budget is provided by the school districts to which the Educational Service Center provides services and by the Sate Department of Education. Each school district's portion is determined by multiplying he average daily membership of the school district (the total number of students enrolled) by \$6.50. This amount is deducted by the State Department of Education from that school district's resources provided under the State's School Foundation Program. The Department of Education's portion is determined by multiplying the sum of the average daily memberships of all of the school districts serviced by the Educational Service Center by \$37. This amount is provided from State resources.

If additional funding is needed for the Educational Service Center, and if a majority of the Boards of Education of the school districts served by the Educational Service Center approve, the cost of Part (B) of the budget can be increased. The portion that is in excess of the original funding calculation is shared by all of the school districts served by the Educational Service Center through additional educations in their resources provided through the State School Foundation Program. The State Board of Education initiates and supervises the procedure under which the school districts approve or disapprove the additional apportionment.

Knox County Educational Service Center
Notes to the General Purpose Financial Statements
For the Fiscal Year Ended June 30, 2001

Note 8 - Fixed Assets

A summary of the changes in general fixed assets during fiscal year 2001 follows:

	<u>Balance</u> <u>6/30/00</u>	<u>Additions</u>	<u>Deletions</u>	<u>Balance</u> <u>6/30/01</u>
Furniture & Equipment	\$131,270	\$25,019	\$15,770	\$140,519

Note 9 - Risk Management

The Educational Service Center is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees and natural disasters. During fiscal year 2001, the Educational Service Center contracted with Nationwide Insurance Company for property and general liability insurance.

Professional liability is protected by the Nationwide Insurance Company with a \$5,000,000 annual aggregate/\$2,000,000 single occurrence limit and no deductible. Non-owned auto insurance of \$1,000,000. This includes autos owned by employees of the Knox County Educational Service Center while they are on school business. It covers after their own insurance pays. No claims have been made. Settled claims have not exceeded this commercial coverage in any of the past three years. There have been no significant reductions in insurance coverage from last year.

For fiscal year 2001, the Educational Service Center participated in the Ohio School Boards Association Workers' Compensation Group Rating Program (GRP), an insurance purchasing pool (Note 16). The intent of the GRP is to achieve the benefit of a reduced premium for the Educational Service Center by virtue of its grouping and representation with other participants in the GRP. The workers' compensation experience of the participants is calculated as one experience and a common premium rate is applied to all participants in the GRP. Each participant pays its workers' compensation premium to the State based on the rate for the GRP rather than its individual rate. Total savings are then calculated and each participant's individual performance is compared to the overall savings percentage of the GRP. A participant will then either receive money from or be required to contribute to the "Equity Pooling Fund". This "equity pooling" arrangement insures that each participant shares equally in the overall performance of the GRP. Participation in the GRP is limited to school districts and educational service centers that can meet the GRP's selection criteria. The firm of Gates McDonald & Co. provides administrative, cost control and actuarial services to the GRP.

Note 10 - Defined Benefit Pension Plans

A. School Employees Retirement System

The Educational Service Center contributes to the School Employees Retirement System of Ohio (SERS), a cost sharing multiple employer defined benefit pension plan administered by the School Employees Retirement Board. SERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to members and beneficiaries. Authority to establish and amend benefits is provided by Chapter 3309 of the Ohio Revised Code. SERS issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to the School Employees Retirement System, 45 North Fourth Street, Columbus, OH 43215-364

Plan members are required to contribute 9 percent of their annual covered salary and the Educational Service Center is required to contribute an actuarially determined rate. The current rate is 14 percent of annual covered payroll; 4.2 percent was the portion used to fund pension obligations for fiscal year 2001. For fiscal year 2001, 5.5 percent was the portion used to fund pension obligations. The contribution requirements of plan members and employers are established and may be amended, up to statutory maximum amounts, by the SERS Retirement Board. The Educational Service Center's required contribution for pension obligations to SERS for the fiscal years ended June 30, 2001, 2000, and 1999, were \$30,007, \$38,496, and \$34,885, respectively; 100 percent has been contributed for fiscal year 2001 and 100 percent for fiscal years 2000 and 1999.

B. State Teachers Retirement System

The Educational Service Center contributes to the State Teachers Retirement System of Ohio (STRS), a cost-sharing multiple employer public employee retirement system administered by the State Teachers Retirement Board. STRS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to members and beneficiaries. Benefits are established by Chapter 3307 of the Ohio Revised Code. STRS issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to the State Teachers Retirement System, 275 East Board Street, Columbus, OH 43215-3771.

Plan members are required to contribute 9.3 percent of their annual covered salary and the Educational Service Center is required to contribute 14 percent; 9.5 percent was the portion used to fund pension obligations for fiscal year 2001. For fiscal year 2000, 6 percent was the portion used to fund pension obligations. Contribution rates are established by STRS, upon recommendation of its consulting actuary, not to exceed statutory maximum rates of 10 percent for members and 14 percent of employers. The Educational Service Center's required contribution for pension obligations to STRS for the fiscal years ended June 30, 2001, 2000, and 1999, were \$155,506, \$92,496, and \$81,719, respectively; nothing has been contributed for fiscal year 2001 and 100 percent for fiscal years 2000 and 1999.

Note 11 - Post-employment Benefits

The Educational Service Center provides comprehensive health care benefits to retired teachers and their dependents through the State Teachers Retirement System (STRS), and to retired classified employees and their dependents through the school Employees Retirement System (SERS). Benefits include hospitalization, physicians' fees, prescription drugs, and reimbursement of monthly Medicare premiums. Benefit provisions and the obligation to contribute are established by the Systems based on authority granted by State statute. Both systems are funded on a pay-as-you-go basis.

Knox County Educational Service Center
Notes to the General Purpose Financial Statements
For the Fiscal Year Ended June 30, 2001

All STRS benefit recipients and sponsored dependents are eligible for health care coverage. The State Teachers Retirement Board has statutory authority over how much, if any, of the health care costs will be absorbed by STRS. Most benefit recipients pay a portion of the health care cost in the form of a monthly premium. By law, the cost of coverage paid from STRS funds shall be included in the employer contribution rate, currently 14 percent of covered payroll. For fiscal year 2001, the Board allocated employer contributions equal to 4.5 percent of covered payroll to the Health Care Reserve Fund. For the Educational Service Center, this amount equaled \$73,661.

STRS pays health care benefits from the Health Care Reserve Fund. The balance in the Fund was \$3,419 million at June 30, 2000 (the latest information available). For the fiscal year ended June 30, 2000, net health care costs paid by STRS were \$283,137,000, and STRS had 99,011 eligible benefit recipients.

For SERS, coverage is made available to service retirees with ten or more years of qualifying service credit, and to disability and survivor benefit recipients. Members retiring on or after August 1, 1989, with less than twenty-five years of service credit, must pay a portion of their premium for health care. The portion is based on years of service up to a maximum of 75 percent of the premium.

After the allocation for basic benefits, the remainder of the employer's 14 percent contribution is allocated to providing health care benefits. For the fiscal year ended June 30, 2001, employer contributions to fund health care benefits were 9.80 percent of covered payroll, an increase of 1.3 percent from fiscal year 2000. In addition, SERS levies a surcharge for fund health care benefits equal to 14 percent of the difference between a minimum pay and member's pay, pro-rated for partial service credit. For fiscal year 2001, the minimum pay was established at \$12,400. For the School District, the amount contributed to fund health care benefits including the surcharge, during the 2001 fiscal year equaled \$70,017.

The surcharge, added to the unallocated portion of the 14 percent employer contribution rate, provides for maintenance of the asset target level for the health care fund. The target level for the health care reserve is 150 percent of the annual health care expenses. Expenses for health care for the fiscal year ended June 30, 2000 (the latest information available), were \$140,696,340 and the target level was \$211 million. At June 30, 2000, SERS had net assets available for payment of health care benefits of \$252.3 million. SERS has approximately 50,000 participants currently receiving health care benefits.

Note 12 - Other Employee Benefits

The criteria for determining vacation and sick leave benefits are derived from State laws. Classified employees, administrators and supervisors earn twenty days of vacation per year. Accumulated unused vacation time is paid upon termination of employment. Teachers do not earn vacation time. All employees earn sick leave at the rate of one and one-fourth days per month. Sick leave may be accumulated up to 180 days for 180-day employees and 200 days for 260-day employees. Upon retirement, payment is made for one-fourth of the total sick leave accumulation, up to a maximum accumulation of 45 days. Any employee receiving such payment must meet the requirement provisions set by STRS or SERS.

Life Insurance is provided through Medical Life Insurance Company. The Governing Board pays 100 percent of the premium. Coverage is \$40,000 life and an additional \$40,000 Accidental Death, Dismemberment, and Loss of Sight.

Health insurance is provided through Medical Benefits Administrators, Inc. Employees pay \$15 and \$25 monthly for single and family coverage, respectively. Yearly deductible for individuals is \$100 and yearly family deductible is \$300. After the deductible is paid, in-network pays 90 percent of first \$5,000

Knox County Educational Service Center
Notes to the General Purpose Financial Statements
For the Fiscal Year Ended June 30, 2001

of covered expenses and 100 percent thereafter. Out-of-Network is 80 percent of first \$5,000 of covered expenses.

Note 13 - Long-Term Obligations

Changes in long-term obligations of the Educational Service Center during fiscal year 2001, were as follows:

	<u>Outstanding</u> <u>6/30/00</u>	<u>Additions</u>	<u>Deductions</u>	<u>Outstanding</u> <u>6/30/01</u>
Compensated Absences	\$26,043	\$4,421	\$0	\$30,464
Intergovernmental Payable	<u>29,428</u>	<u>14,289</u>	<u>29,428</u>	<u>14,289</u>
 Total General Long-Term Obligations	 <u>\$55,471</u>	 <u>\$18,710</u>	 <u>\$29,428</u>	 <u>\$44,753</u>

Compensated absences will be paid from the fund from which the employee is paid. The intergovernmental payable represents pension obligations paid outside the available period and will be paid from the fund from which the person is paid.

Note 14 - Contingencies

A. Grants

The Educational Service Center received financial assistance from federal and State agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the general fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the Educational Service Center at June 30, 2001.

B. Litigation

The Educational Service Center is not a party to legal proceedings.

Note 15 - Jointly Governed Organizations

The Knox County Career Center is a distinct political subdivision of the State of Ohio operated under the direction of a Board consisting of three representative from Knox County Educational Service Center elected board, three from Mount Vernon City elected board and one from Mid Ohio Educational Service Center elected board, which possesses its own budgeting and taxing authority. Each participant's control is limited to its representation on the board. The Knox County Educational Service Center did not make any payments for services during fiscal year 2001. To obtain financial information write to the Knox County Career Center, 302 Martinsburg Road, Mt. Vernon, Ohio 43050.

The Tri-Rivers Educational Computer Association (TRECA) is jointly governed organization among 31 member districts. TRECA was formed for the purpose of applying modern technology with the aid of computers and other electronic equipment to the administrative and instructional functions among member districts. Each of the governments of these schools supports TRECA based upon a per pupil charge dependent upon the software package utilized. TRECA is governed by a board of directors

Knox County Educational Service Center
Notes to the General Purpose Financial Statements
For the Fiscal Year Ended June 30, 2001

consisting of superintendents of the members' districts. The degree of control exercised by any participating school district is limited to its representation on the board. Audited yearly financial statements are available at TRECA, 2222 Marion-Mt. Gilead Road, Marion, Ohio, 43302.

North Central Ohio Special Education Regional Resource Center (NCO/SERRC)-NCO/SERRC is a special education service center which selects its own board, adopts its own budget and receives direct federal and State grants for its operation. The jointly governed organization was formed for the purpose of initiating, expanding and improving special education programs and services for children with disabilities and their parents. NCO/SERRC is governed by a governing board of 47 members made up of representatives from 42 superintendents of the participating districts, one representative from area colleges and university branches, one representative of the County 169 programs, two parents of children with disabilities, and one non-public representative. The degree of control exercised by any participating school district is limited to its representation on the Board. Financial information can be obtained by contacting the Treasurer at the Knox County Educational Service Center, 106 East High Street, Mount Vernon, Ohio, 43050.

Note 16 - Insurance Purchasing Pool

The Educational Service Center participates in the Ohio School Boards Association Workers' Compensation Group Rating Program (GAP), an insurance purchasing pool. The GAP's business and affairs are conducted by a three member Board of Directors consisting of the President, the President-Elect and the Immediate Past President of the OSBA. The Executive Director of the OSBA, or his designee, serves as coordinator of the program. Each year, the participants pay an enrollment fee to the GAP to cover the costs of administering the program.

Note 17 – Interfund Activity

At June 30, 2001, the general fund had an interfund receivable for \$9,079. The other grants special revenue fund and the SERRC agency fund had interfund payables in the amount of \$500 and \$8,579, respectively.

Note 18 – State School Funding Decision

On September 6, 2001, the Ohio Supreme Court issued its latest opinion regarding the State's school funding plan. The decision identified aspects of the current plan that require modification if the plan is to be considered constitutional, including:

A change in the school districts that are used as the basis for determining the base cost support amount. Any change in the amount of funds distributed to school districts as a result of this change must be retroactive to July 1, 2001, although a time line for distribution is not specified.

Fully funding parity aid no later than the beginning of fiscal year 2004 rather than fiscal year 2006.

The Supreme Court relinquished jurisdiction over the case based on anticipated compliance with its order.

In general, it is expected that the decision would result in an increase in State funding for most Ohio school districts. However, as of November 30, 2001, the Ohio General Assembly is still analyzing the impact this Supreme Court decision will have on funding for individual school districts. Further, the State of Ohio, in a motion filed September 17, 2001, asked the Court to reconsider and clarify the parts of

Knox County Educational Service Center
Notes to the General Purpose Financial Statements
For the Fiscal Year Ended June 30, 2001

the decision changing the school districts that are used as the basis for determining the base cost support amount and the requirement that changes be made retroactive to July 1, 2001.

On November 2, 2001, the Court granted this motion for reconsideration. The Court must re-examine and redetermine any issue upon such reconsideration.

As of the date of these financial statements, the School District is unable to determine what effect, if any, this decision and the reconsideration will have on its future State funding and on its financial operations.

**NOTES TO THE SCHEDULE OF FEDERAL AWARDS RECEIPTS AND EXPENDITURES
FOR THE YEAR ENDED JUNE 30, 2001**

NOTE A - SIGNIFICANT ACCOUNTING POLICIES

The accompanying Schedule of Federal Awards Receipts and Expenditures (Schedule) is a summary of the activity of the Center's federal award programs. The Schedule has been prepared on the cash basis of accounting.

NOTE B - MATCHING REQUIREMENTS

Certain Federal programs require that the Government contribute non-Federal funds (matching funds) to support the Federally-funded programs. The Center has complied with the matching requirements. The expenditure of non-Federal matching funds is not included on the Schedule.

NOTE C - SPECIAL EDUCATION REGIONAL RESOURCE CENTER (SERRC)

The Schedule includes amounts received and spent by the SERRC. SERRC is a separate entity from the Center and has its own governing body. The Center's responsibility for funding is limited to depositing and disbursing federal monies as directed by the SERRC. SERRC is responsible for compliance with federal requirements, but the federal monies are included within the scope of the Center.

**REPORT OF INDEPENDENT ACCOUNTANTS ON COMPLIANCE AND ON INTERNAL
CONTROL REQUIRED BY GOVERNMENT AUDITING STANDARDS**

Board of Education
Educational Service Center
Knox County
110 East High Street
Mount Vernon, Ohio 43050

We have audited the general-purpose financial statements of the Educational Service Center, Knox County, Ohio (the Center), as of and for the year ended June 30, 2001, and have issued our report thereon dated December 12, 2001, wherein we noted the Center adopted Governmental Accounting Statements Nos. 33 and 36. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*. However, we noted an immaterial instance of noncompliance that we have reported to the Center in a separate letter dated December 12, 2001.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the District's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses. However, we noted a matter involving the internal control over financial reporting that does not require inclusion in this report, that we have reported to management of Center in a separate letter dated December 12, 2001.

This report is intended for the information and use of the audit committee, management, Board of Education and federal awarding and pass through entities and is not intended to be and should not be used by anyone other than these specified parties.

**REPORT OF INDEPENDENT ACCOUNTANTS ON COMPLIANCE WITH REQUIREMENTS
APPLICABLE TO MAJOR FEDERAL PROGRAMS AND INTERNAL CONTROL OVER
COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133**

Board of Education
Educational Service Center
Knox County
110 East High Street
Mount Vernon, Ohio 43050

We have audited the compliance of the Educational Service Center, Knox County, Ohio, (the Center) with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133, Compliance Supplement* that are applicable to its major federal program for the year ended June 30, 2001. The Center's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings. Compliance with the requirements of laws, regulations, contracts and grants applicable to its major federal program is the responsibility of the Center's management. Our responsibility is to express an opinion on the Center's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance occurred with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program. An audit includes examining, on a test basis, evidence about the Center's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Center's compliance with those requirements.

In our opinion, the Center complied, in all material respects, with the requirements referred to above that are applicable to its major federal program for the year ended June 30, 2001.

Internal Control Over Compliance

The management of the Center is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the Center's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

This report is intended for the information and use of the audit committee, management, the Board of Education, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.
