We have reviewed the Independent Auditor's Report of the Elmwood Local School District, Wood County, prepared by Trimble, Julian & Grube, Inc, for the audit period July 1, 2001 through June 30, 2002. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Elmwood Local School District is responsible for compliance with these laws and regulations.

Independent Auditor's Report

Board of Education
Elmwood Local School District
7050 Jerry City Road
Bloomdale, Ohio 44817

We have audited the accompanying financial statements of the Elmwood Local School District, Wood County, (the "District") as of and for the fiscal year ended June 30, 2002, as listed in the table of contents. These financial statements are the responsibility of the District's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

Ohio Administrative Code §117-2-03(B) requires the District to prepare its annual financial report in accordance with accounting principles generally accepted in the United States of America. However, as described in Note 1, the District prepares and files its financial statements on the basis of accounting formerly prescribed or permitted by the Auditor of State, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. The accompanying financial statements omit assets, liabilities, fund equities, and disclosures that, while material, cannot be determined at this time.

In our opinion, the financial statements referred to above present fairly, in all material respects, the combined cash, investments and combined cash fund balances of the Elmwood Local School District, Wood County, as of June 30, 2002, and its combined cash receipts and disbursements and its combined budgeted and actual receipts and budgeted and actual disbursements and encumbrances, for the fiscal year then ended on the basis of accounting described in Note 1.

Independent Auditor's Report
Elmwood Local School District

In accordance with *Government Auditing Standards*, we have also issued our report dated October 28, 2002, on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

Our audit was performed for the purpose of forming an opinion on the financial statements of the District, taken as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U. S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the financial statements taken as a whole.

This report is intended solely for the information and use of the management, Board of Elmwood Local School District, Wood County, and other officials authorized to receive this report under §117.26, Ohio Revised Code, and is not intended to be and should not be used by anyone other than these specified parties.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2002**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. DESCRIPTION OF THE ENTITY

The Elmwood Local School District, Wood County (the "District"), is a body politic and corporate established for the purpose of exercising the rights and privileges conveyed to it by the constitution and laws of the State of Ohio. The Elmwood Local School District is a local school district as defined by Section 3311.03 of the Ohio Revised Code. The District operates under an elected Board of Education (5 members) and is responsible for providing public education to residents of the District. The Elmwood Local School District has its own fiscal officer, who is appointed to office by the Board.

Average daily membership (ADM) for fiscal year-end June 30, 2002, was 1,258 (actual measurement dates are the first full school week in October). In addition, the District employed a monthly average of 101 certified employees and 77 non-certified employees.

Joint Venture Without Equity Interest:

Northern Ohio Educational Computer Association - The Northern Ohio Educational Computer Association (NOECA) is a jointly governed organization among thirty-eight area school districts. The jointly governed organization was formed for the purpose of applying modern technology with the aid of computers and other electronic equipment to the administrative and instructional functions among member school districts and service Districts. Each of the governments of these schools support NOECA based upon a per pupil charge dependent upon the software package utilized. The NOECA assembly consists of a superintendent from each participating District and a representative from the fiscal agent. NOECA is governed by a Board of Directors chosen from the general membership of the NOECA assembly. The Board of Directors consists of a representative from the fiscal agent, the chairman of each of the operating committees, and two assembly members from each county in which participating service centers are located. Each district's authority is limited to its representation on the Board. Financial information can be obtained by contacting Betty Schwiefert, who serves as controller, at 2900 South Columbus Avenue, Sandusky, Ohio 44870.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Jointly Governed Organizations:

Penta Career Center

The vocational school district is a separate body politic and corporate, established by the Ohio Revised Code (ORC) to provide vocational and special education needs of the students. The school accepts non-tuition students from the District as a member school, however, it is considered a separate political subdivision and is not considered to be part of the District.

B. BASIS OF ACCOUNTING

Although required by Ohio Administrative Code Section 117-2-03(B) to file its annual financial report pursuant with accounting principles generally accepted in the United States of America, the District chooses to prepare its financial statements on the basis of accounting formerly prescribed or permitted by the Auditor of State. This basis of accounting is similar to the cash receipts and disbursements basis of accounting. Receipts are recognized when received in cash rather than when earned, and disbursements are recognized when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved).

These statements include adequate disclosure of material matters, as formerly prescribed or permitted by the Auditor of State.

C. FUND ACCOUNTING

The District maintains its accounting records in accordance with the principles of fund accounting. Fund accounting is a concept developed to meet the needs of governmental entities in which legal or other restraints require the recording of specific receipts and disbursements.

The transactions of each fund are reflected in a self-balancing group of accounts, and accounting entity which stands separate from the activities reported in other funds. The restrictions associated with each type of fund are as follows:

FOR THE FISCAL YEAR ENDED JUNE 30, 2002

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

GOVERNMENTAL FUND TYPES:

General Fund

The General Fund is the general operating fund of the District. It is used to account for all financial resources except those required by law or contract to be accounted for in another fund. The General Fund balance is available to the District for any purpose provided it is expended or transferred according to the general laws of Ohio.

Special Revenue Funds

The Special Revenue Funds are used to account for proceeds of specific revenue sources (other than expendable trusts, or major capital projects) that are legally restricted to disbursements for specified purposes. The District had the following significant special revenue fund for the fiscal year ended June 30, 2002:

Public School Preschool: This fund receives grant monies to assist school districts in paying the cost of preschool programs for three and four year olds.

Debt Service Funds

The Debt Service Fund is used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest and related costs. According to governmental accounting principles, the debt service fund accounts for the payment of long-term debt for governmental funds only. Under Ohio law, the debt service fund might also be used to account for the payment of the long-term debt of proprietary funds and the short-term debt of both governmental and proprietary funds. For purposes of this report, these funds have been classified into the proper groups, if practicable.

Capital Projects Funds

The Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by Proprietary Funds and Trust Funds). The District had the following significant capital projects fund for the fiscal year ended June 30, 2002:

Classroom Facilities: This fund is used to account for monies received and expended in connection with contracts entered into by the District and the Ohio Department of Education for the building and equipping of classroom facilities.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

PROPRIETARY FUND TYPE:

Enterprise Funds

The Enterprise Funds are used to account for operations that (a) are financed and operated in a manner similar to private business enterprises - where the intent of the governing body is that the costs of providing goods and services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes. The District had the following significant enterprise fund for the fiscal year ended June 30, 2002:

Food Services: This fund receives grant monies and customer fees to record financial transactions related to the District's food service operation.

FIDUCIARY FUND TYPES:

Fiduciary Funds are used to account for assets held by a governmental unit in a trustee capacity or as an agent for individuals, private organizations, other governments, and/or other funds. The District's fiduciary funds include nonexpendable trust fund, expendable trust fund and agency funds. The nonexpendable trust fund and Agency funds are accounted for in essentially the same manner as proprietary funds. The expendable trust fund is accounted for in essentially the same manner as governmental funds.

D. BUDGETARY PROCESS

1. Budget

The budgetary process is prescribed by provisions of the Ohio Revised Code and entails the preparation of budgetary documents within an established timetable. The major documents prepared are the tax budget, the certificate of estimated resources, and the appropriation resolution, all of which are prepared on the budgetary basis of accounting. The certificate of estimated resources and the appropriation resolution are subject to amendment throughout the year with the legal restriction that appropriations cannot exceed estimated resources, as certified. All funds, other than agency funds, are legally required to be budgeted and appropriated. The legal level of budgetary control is at the fund level. All budgetary modifications at this level may only be made by resolution of the Board of Education.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2002**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Advances-in and Advances-out are not required to be budgeted since they represent a temporary cash flow resource and are intended to be repaid.

2. Tax Budget

Prior to January 15, the Superintendent and Treasurer submit to the Board of Education a proposed operating budget for the fiscal year commencing the following July 1. The budget includes proposed expenditures and the means of financing for all funds. Public hearings are publicized and conducted to obtain taxpayers' comments. The express purpose of this budget document is to reflect the need for existing or increased tax rates. By no later than January 20, the Board-adopted budget is filed with the County Budget Commission for rate determination.

3. Estimated Resources

By April 1, the Board of Education accepts, by formal resolution, the tax rates as determined by the Budget Commission and receives the commission's certificate of estimated resources which states the projected revenue of each fund. Prior to June 30, the District must revise its budget so that total contemplated expenditures from any fund during the ensuing year will not exceed the amount stated in the certificate of estimated resources. The revised budget then serves as the basis for the appropriation measure. On or about July 1, the certificate is amended to include any unencumbered cash balances from the preceding year. The certificate may be further amended during the year if projected increases or decreases in revenue are identified by the District Treasurer.

Estimated receipts reported in the budgetary statement reflect the amounts in the final amended certificate issued during fiscal year 2002 and do not include the unencumbered fund balances as of July 1, 2001. However, those fund balances are available for appropriations.

4. Appropriations

Upon receipt from the County Auditor of an amended certificate of estimated resources based on final assessed values and tax rates or a certificate saying no new certificate is necessary, the annual appropriation resolution must be legally enacted by the Board of Education. Prior to the passage of the annual appropriation measure, the Board may pass a temporary appropriation measure to meet the ordinary expenses of the District. The appropriation resolution, by fund, must be within the estimated resources as certified by the County Budget Commission. Any revisions that alter the total of any fund appropriations, must be approved by the Board of Education. The Board may pass supplemental fund appropriations so long as the total appropriations by fund do not exceed the amounts set forth in the most recent certificate of estimated resources. The budget figures which appear in the statements of budgetary comparisons represent the final appropriation amounts, including all supplemental appropriations. Formal budgetary integration is employed as a management control device during the year for all funds, other than agency funds, consistent with statutory provisions.

5. Encumbrances

As part of formal budgetary control, purchase orders, contracts and other commitments for the expenditure of monies are recorded as the equivalent of expenditures on the budgetary basis in order to reserve that portion of the applicable appropriation and to determine and maintain legal compliance. Expenditures may not legally exceed appropriations at the legal level of control.

6. Lapsing of Appropriations

At the close of each year, the unencumbered balance of each appropriation reverts to the respective fund from which it was appropriated and becomes subject to future appropriation. Encumbered appropriations are carried forward to the succeeding fiscal year and are not reappropriated.

E. PROPERTY, PLANT AND EQUIPMENT

Fixed assets acquired or constructed for the District are recorded as disbursements. Depreciation is not recorded for these fixed assets.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2002

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

F. ACCUMULATED UNPAID VACATION, SICK LEAVE, AND PERSONAL LEAVE

Accumulated unpaid vacation leave, sick leave, and personal leave are not accrued under the cash basis of accounting described in Note 1. All leave will either be absorbed by time off from work, or within certain limitations, be paid to the employees. It is not practical to determine the actuarial value of these benefits as of June 30, 2002.

G. TOTAL COLUMNS ON FINANCIAL STATEMENTS

Total columns on the financial statements are captioned "Memorandum Only" to indicate that they are presented only to facilitate financial analysis. This data is not comparable to a consolidation. Interfund-type eliminations have not been made in the aggregation of this data.

2. ACCOUNTABILITY AND COMPLIANCE

A. STATUTORY NONCOMPLIANCE

3. PROPERTY TAXES

Property taxes are levied and assessed on a calendar year basis. Second half distributions occur in a new fiscal year. Property taxes include amounts levied against all real, public utility and tangible (used in business) property located in the District. Real property taxes are levied after April 1 on the assessed value listed as of the prior January 1, the lien date. Public utility property taxes attached as a lien on December 31, of the prior year, are levied April 1 and are collected with real property taxes. Assessed values for real property taxes are established by State law at thirty-five percent of appraised market value. All property is required to be revalued every six years. Public utility property taxes are assessed on tangible personal property at eighty-eight percent of true value (with certain exceptions) and on real property at thirty-five percent of true value. Tangible personal property taxes are levied after April 1 on the value listed as of December 31 of the current year. Tangible personal property assessments are twenty-five percent of true value.

Real property taxes are payable annually or semi-annually. If paid annually, payment is due December 31; if paid semi-annually, the first payment is due December 31 with the remainder payable by June 20. Under certain circumstances, State statute permits alternate payment dates to be established. Tangible personal property taxes paid by multi-county taxpayers are due September 20. Single county taxpayers may pay annually or semi-annually. If paid annually, payment is due April 30; if paid semi-annually, the first payment is due April 30, with the remainder payable by September 20.

The District receives property taxes from Wood and Hancock Counties. The County Auditor periodically advances to the District its portion of the taxes collected.

The County is responsible for assessing property, and for billing, collecting and distributing all property taxes on behalf of the District.

4. CASH AND INVESTMENTS

State statutes classify monies held by the District into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the District treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

**ELMWOOD LOCAL SCHOOL DISTRICT
WOOD COUNTY, OHIO**

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2002**

4. CASH AND INVESTMENTS - (Continued)

Inactive deposits are public deposits the Board of Education has identified as not required for use within the current two year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings accounts, including passbook accounts.

Protection of the District's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, by surety company bonds deposited with the Treasurer by the financial institution or by a single collateral pool established by the financial institution to secure the repayment of all public moneys deposited with the institution.

State statute permits interim monies to be deposited or invested in the following securities:

- A. United States Treasury Notes, Bills, Bonds, or any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal and interest by the United States;
- B. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
- C. Written repurchase agreements in the securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
- D. Bonds and other obligations of the State of Ohio;

**ELMWOOD LOCAL SCHOOL DISTRICT

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2002**

4. CASH AND INVESTMENTS - (Continued)

- E. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
- F. The State Treasurer's investment pool (STAR Ohio);
- G. Certain bankers' acceptances and commercial paper notes for a period not to exceed one hundred and eighty days from the date of purchase in an amount not to exceed twenty-five percent of the interim moneys available for investment at any one time; and,
- H. Under limited circumstances, corporate debt instruments rated in either of the two highest rating classifications by at least two nationally recognized rating agencies.

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the District, and must be purchased with the expectation that it will be held to maturity. Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the Treasurer or qualified trustee or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

During fiscal year 2002, the District's investments were limited to STAR Ohio and a Certificate of Deposit. STAR Ohio is an investment pool managed by the State Treasurer's Office which allows governments within the state to pool their funds for investment purposes. STAR Ohio is not registered with SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of The Investment Company Act of 1940. Investments in STAR Ohio are valued at STAR Ohio's share price which is the price the investment could be sold for on June 30, 2002.

4. CASH AND INVESTMENTS - (Continued)

The carrying amount of cash and investments at June 30, 2002 was as follows:

Deposits:	
Demand deposits	\$ 7,685
Investments:	
STAR Ohio	14,522,373
Certificate of Deposit	<u>2,020,715</u>
Total investments	<u>16,543,088</u>
 Total deposits and investments	 <u>\$16,550,773</u>

Deposits:

At year end, the carrying amount of the District's deposits was \$7,685 as shown above and the bank balance was \$56,834. Of the bank balance, \$56,834 was covered by federal depository insurance.

Although all statutory requirements for the deposit of money has been followed, non-compliance with federal requirements could potentially subject the District to a successful claim by the FDIC.

Investments:

The District's investments are categorized below to give an indication of the level of risk assumed by the District at fiscal year end. Investments are usually categorized into three categories of credit risk:

Category 1: Securities held by the District or its agent in the District's name.

Category 2: Securities held by the counter party's trust department or agency in the District's name.

Category 3: Securities held by the counter party, or by its trust department or agent but not in the District's name.

Cash with Escrow Agent:

At June 30, 2002, the District had \$201,185 held by an escrow agent in connection with the District's bond retirement. The District makes quarterly required deposits comprised of principal and interest into this account, which distributes the bond payments on behalf of the District upon bond maturity.

Restricted Assets:

Restricted assets in the general fund represent investments set aside to establish a budget stabilization reserve. These reserves are required by State statute. A schedule of statutory reserves is presented in Note 14.

5. DEBT SERVICE

Debt activity and outstanding balances for the fiscal year 2002 and at June 30, 2002, was as follows:

5. DEBT SERVICE - (Continued)

Outstanding general obligation bonds consist of school building construction issues. General obligation bonds are direct obligations of the District for which its full faith, credit, and resources are pledged and are payable from taxes levied on all taxable property in the District.

The District executed a promissory note for \$404,414 with Mid American National Bank & Trust on December 14, 1992. The proceeds were used for installation of energy conservation measures. On December 6, 1996, the agreement was modified for the remaining balance due at that time in the amount of \$254,414. The agreement was modified to fulfill the House Bill 264 contract and extend the maturity date to December 4, 2002, with a fixed interest rate of 5.25%. Payments of principal and interest are recorded in the debt service fund. This note will be paid in full in fiscal 2003.

On April 1, 1983, the District issued \$1,735,000 School Improvement Bonds to make necessary improvements to the District buildings at an interest rate of 9.5%, maturing in fiscal 2007. Payments of principal and interest are recorded in the debt service fund.

On April 15, 2001, the District issued \$3,673,000 School Facilities Construction and Improvement Bonds to fund the construction of the District's new K-12 facility. This issue is comprised of both current interest bonds at a par value of \$3,158,000 and term bonds at a par value of \$515,000. The interest rates on the current and interest bonds range from 3.4% to 5.0%. The term bonds have effective rates of 5.10%.

Amortization of the above debt, including interest, is scheduled as follows:

Year Ending <u>June 30,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2003	\$ 587,000	\$ 255,915	\$ 842,915

6. RELATED ORGANIZATION

The Wayne Public Library is a related organization to the District. The School Board members are responsible for appointing the trustees of the Public Library; however, the School Board cannot influence the Library's operation nor does the Library represent a potential financial benefit or burden to the District. Although the District does serve as the taxing authority and may issue tax related debt on behalf of the Library, its role is limited to a ministerial function. Once the Library determines to present a levy to the voters, including the determination of the rate and duration, the District must place the levy on the ballot. The Library may issue debt and determine its own budget. The Library did not receive any funding from the District during fiscal year 2002.

7. PENSION AND RETIREMENT PLANS

A. SCHOOL EMPLOYEES RETIREMENT SYSTEM

The District contributes to the School Employees Retirement System (SERS), a cost-sharing multiple-employer defined benefit pension plan. SERS provides retirement and disability benefits, annual cost of living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by state statute per Chapter 3309 of the Ohio Revised Code. SERS issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. The report may be obtained by writing to SERS, 45 North Fourth Street, Columbus, Ohio 43215 or by calling (614) 222-5853.

Plan members are required to contribute 9 percent of their annual covered salary and the District is required to contribute at an actuarially determined rate. The current District rate is 14 percent of annual covered payroll. The contribution requirements of plan members and employers are established and may be amended, up to statutory maximum amounts by the SERS' Retirement Board. A portion of the District's contribution is used to fund pension obligations with the remainder being used to fund health care benefits; for fiscal year 2002, 5.46 percent of annual covered salary was the portion used to fund pension obligations. For fiscal year 2001, 5.5 percent was used to fund pension obligations. The contribution requirements of plan members and employers are established and may be amended, up to a statutory maximum amount, by the SERS' Retirement Board. The District's required contributions for pension obligations to SERS for the fiscal years ended June 30, 2002, 2001, and 2000 were \$154,819, \$147,168, and \$134,081, respectively; 100 percent has been contributed for fiscal years 2002, 2001 and 2000.

B. STATE TEACHERS RETIREMENT SYSTEM

The District contributes to the State Teachers Retirement System of Ohio (STRS), a cost-sharing, multiple-employer public employee retirement system administered by the State Teachers Retirement Board. STRS provides basic retirement benefits, disability, survivor, and health care benefits based on eligible service credit to members and beneficiaries. Benefits are established by Chapter 3307 of the Ohio Revised Code. STRS issues a publicly-available financial report that includes financial statements and required supplementary information for STRS. The report may be obtained by writing to the State Teachers Retirement System, 275 East Broad Street, Columbus, Ohio 43215-3771 or by calling (614) 227-4090.

For the fiscal year ended June 30, 2002, plan members were required to contribute 9.3 percent of their annual covered salaries. The District was required to contribute 14 percent; 9.5 percent was the portion used to fund pension obligations. For fiscal year 2001, the portion used to fund pension obligations was 6.0 percent. Contribution rates are established by STRS, upon recommendation of its consulting actuary, not to exceed statutory maximum rates of 10 percent for members and 14 percent for employers. The District's required contributions for pension obligations to STRS for the fiscal years ending June 30, 2002, 2001, and 2000 were \$576,719, \$531,972, and \$510,268, respectively; 100 percent has been contributed for fiscal years 2002, 2001, and 2000.

C. SOCIAL SECURITY TAX

Effective July 1, 1991, all employees not otherwise covered by SERS or STRS have an option to choose Social Security, SERS or STRS. As of June 30, 2002, two Board of Education members have elected Social Security. The Board's liability is 1.45 percent of wages paid.

8. POSTEMPLOYMENT BENEFITS

The District provides comprehensive health care benefits to retired teachers and their dependents through STRS, and to retired non-certified employees and their dependents through SERS. Benefits include hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare premiums. Benefit provisions and the obligations to contribute are established by the Systems based on authority granted by State statute. Both STRS and SERS are funded on a pay-as-you-go basis..

**ELMWOOD LOCAL SCHOOL DISTRICT
WOOD COUNTY, OHIO**

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2002**

8. POSTEMPLOYMENT BENEFITS - (Continued)

The State Teachers Retirement Board has statutory authority over how much, if any, of the health care costs will be absorbed by STRS. Most benefit recipients pay a portion of the health care cost in the form of a monthly premium. By Ohio law, the cost of coverage paid from STRS funds is included in the employer contribution rate, currently 14 percent of covered payroll. For the fiscal year, the STRS Board allocated employer contributions equal to 4.5 percent of covered payroll to the Health Care Reserve Fund. For the District, this amount equaled \$180,380 during fiscal year 2002.

STRS pays healthcare benefits from the Health Care Reserve Fund. The balance in the Health Care Reserve Fund was \$3.256 billion at June 30, 2001 (the latest information available). For the fiscal year ended June 30, 2001 (the latest information available) net health care costs paid by STRS were \$300.772 million and STRS had 102,132 eligible benefit recipients.

For SERS, coverage is made available to service retirees with ten or more fiscal years of qualifying service credit, and to disability and survivor benefit recipients. Members retiring on or after August 1, 1989, with less than twenty-five years of service credit must pay a portion of their premium for health care. The portion is based on years of service up to a maximum of 75 percent of the premium.

For this fiscal year, employer contributions to fund health care benefits were 9.8 percent of covered payroll. In addition, SERS levies a surcharge to fund health care benefits equal to 14 percent of the difference between a minimum pay and the member's pay, pro-rated for partial service credit. For fiscal year 2002, the minimum pay has been established at \$12,400. The surcharge, added to the unallocated portion of the 14 percent employer contribution rate, provides for maintenance of the asset target level for the health care fund.

The target level for the health care reserve is 150 percent of annual health care expenses. Expenses for health care at June 30, 2001, (the latest information available), were \$161.440 million and the target level was \$242.2 million. At June 30, 2001, (the latest information available), SERS had net assets available for payment of health care benefits of \$315.7 million. SERS has approximately 50,000 participants currently receiving health care benefits. For the District, the amount to fund health care benefits, including surcharge, equaled \$123,736 during the 2002 fiscal year.

9. EMPLOYEE BENEFITS

A. OTHER EMPLOYEE BENEFITS

The District provides health and major insurance for all eligible employees through Medical Mutual of Ohio. The District pays 95% of single plan and 90% of family plan. Those amounts are the same on the Tradition and for the PPO plans for the certified staff. For the Classified staff - Board pays 85% for Family and 100% for Single (for those hired before 9-1-92). For those hired after 9-1-92 for the PPO the Board pays 90% of the family and 100% of the single.

Current premium for the medical plan is:

Medical

Family Traditional - \$950.49

Single Traditional - \$354.73

Single PPO - \$272.97

Family PPO - \$727.54

Dental coverage is provided through Medical Mutual of Ohio. Premiums for this coverage are the same for both the Certified and Classified staff. Board pays 100% of single and 85% for Family.

Dental - Premium cost

Family Dental - \$59.00

Single Dental - \$21.71

Life Insurance and accidental death and dismemberment insurance to most employees are provided through National Insurance Services. Both Certified and Classified employees have \$35,000 coverage. Administrators are covered at \$40,000 and the Superintendent is covered at twice his/her salary amount. The Board pays the full premium on life insurance and accidental death and dismemberment.

B. DEFERRED COMPENSATION

District employees may participate in the Ohio Public Employees Deferred Compensation Plan. This plan was created in accordance with Internal Revenue Code Section 457. Participation is on a voluntary payroll deduction basis. The plan permits deferral of compensation until future years. According to the plan, the deferred compensation is not available until termination, retirement, death or an unforeseeable emergency.

10. RISK MANAGEMENT

The District is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets, errors and omissions, injuries to employees and natural disasters. During fiscal year ending June 30, 2002, the District contracted with various insurance companies for property and general liability insurance, including criminal, mechanical, electrical and pressure equipment, inland marine, and fleet coverage.

Settled claims have not exceeded any aforementioned commercial coverage in any of the past three years. There have been no significant reductions in amounts of insurance coverage from 2001.

The District pays the State Workers' Compensation System a premium based on a rate of \$100 salaries. This rate is calculated based on accident history and administrative costs.

11. INSURANCE PURCHASING POOL

Ohio School Boards Association (OSBA) Workers' Compensation Group Rating Plan

The District participates in the Ohio School Boards Association Workers' Compensation Group Rating Program (GRP), an insurance purchasing pool. The GRP's business and affairs are conducted by a three member Board of Directors consisting of the President, the President-Elect and the Immediate Past President of the OSBA. The Executive Director of the OSBA, or his designee, serves as coordinator of the program. Each year, the participating school districts pay an enrollment fee to the GRP to cover the costs of administering the program.

12. SCHOOL FUNDING COURT DECISION

On September 6, 2001, the Ohio Supreme Court issued its latest opinion regarding the State's school funding plan. The decision identified aspects of the current plan that require modification if the plan is to be considered constitutional, including:

A change in the school districts that are used as the basis for determining the base cost support amount. Any change in the amount of funds distributed to school districts as a result of this change must be retroactive to July 1, 2001, although a timeline for distribution is not specified.

Fully funding parity aid no later than the beginning of fiscal year 2004 rather than fiscal year 2006.

12. SCHOOL FUNDING COURT DECISION - (Continued)

The Supreme Court relinquished jurisdiction over the case based on anticipated compliance with its order.

The State of Ohio, in a motion filed September 17, 2001, asked the Court to reconsider and clarify the parts of the decision changing the school districts that are used as the basis for determining the base cost support amount and the requirement that changes be made retroactive to July 1, 2001. In November, 2001, the Court granted the request for reconsideration, but also ordered the parties to participate in a settlement conference with a court appointed mediator. On March 21, 2002, the mediator issued his final report indicating that the conference was unable to produce a settlement. The case is now under reconsideration by the Court.

The District is currently unable to determine what effect, if any, this decision will have on its future State funding and on its financial operations.

13. INCOME TAX

The District levies a voted tax of 1.25 percent for general operations on the income of residents and of estates. The tax was renewed on January 1, 2001, and will continue for five years. Employers of residents are required to withhold income tax on compensation and remit the tax to the State of Ohio. Taxpayers are required to file an annual return. The State makes quarterly distributions to the District after withholding amounts for administrative fees and estimated refunds. Income tax receipts are credited to the General Fund in the amount of \$1,139,639.

14. SET-ASIDE CALCULATIONS AND FUND RESERVES

The District is required by State statute to annually set-aside in the general fund an amount based on a statutory formula for the purchase of textbooks and other instructional materials and an equal amount for the acquisition and construction of capital improvements. Amounts not spent by year end or offset by similarly restricted resources received during the year must be held in cash at year end and carried forward to be used for the same purposes in future years.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2002

14. SET-ASIDE CALCULATIONS AND FUND RESERVES - (Continued)

The following cash basis information describes the change in the year end set-aside amounts for textbooks acquisition and capital acquisition reserves. Disclosure of this information is required by State statute.

	<u>Textbook Reserve</u>	<u>Capital Acquisition</u>
Set-aside cash balance as of June 30, 2001	\$ (11,105)	\$(5,327,628)
Current year set-aside requirement	158,288	158,288
Qualifying disbursements	<u>(330,450)</u>	<u>(426,837)</u>
Total	<u>\$(183,267)</u>	<u>\$(5,596,177)</u>
Cash balance carried forward to FY 2003	<u>\$(183,267)</u>	<u>\$(5,327,628)</u>

The District had, for the Textbook Acquisition Reserve, additional qualifying disbursements during the year that reduced the set-aside amounts below zero. These extra amounts may be used to reduce the set-aside requirements of future years. During fiscal 2001, the District issued bonds totaling \$5,473,000 in connection with the building of the District's new K-12 building. These are qualifying offsets and thus the beginning balance in the capital acquisition reserve has been restated to reflect this. In addition, the District had qualifying disbursements in excess of the annual required set aside. The excess qualifying disbursements are not able to be carried forward to fiscal 2003, however the excess offsets are eligible to be carried forward to future years.

15. CONTINGENCIES

A. GRANTS:

The District received financial assistance from federal and state agencies in the form of grants. The expenditure of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the District at June 30, 2002.

B. LITIGATION

The District is not involved in material litigation as either plaintiff or defendant.

Report on Compliance and on Internal Control Over Financial Reporting Based on an Audit of Financial Statements Performed in Accordance With *Government Auditing Standards*

Board of Education
Elmwood Local School District
7050 Jerry City Road
Bloomdale, Ohio 44817

We have audited the financial statements of the Elmwood Local School District, Wood County, Ohio (the "District"), as of and for the fiscal year ended June 30, 2002, and have issued our report thereon dated October 28, 2002. For the fiscal year ended June 30, 2002, Elmwood Local School District prepared its financial report on the basis of accounting formerly prescribed or permitted for school districts by the Auditor of State, which is a basis of accounting other than accounting principles generally accepted in the United States of America and is non-compliant with Ohio Administrative Code Section 117-2-03(B). We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance that are required to be reported under *Government Auditing Standards* which are described in the accompanying schedule of findings as items 2002-ELSD-001, 2002-ELSD-002 and 2002-ELSD-003. We also noted certain immaterial instances of noncompliance that we have reported to the management of the District in a separate letter dated October 28, 2002.

Board of Education

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Elmwood Local School District's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses. However, we noted other matters involving the internal control over financial reporting that do not require inclusion in this report that we have reported to the management of Elmwood Local School District in a separate letter dated October 28, 2002.

This report is intended for the information and use of the management and Board of Education of Elmwood Local School District, Wood County, federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Report on Compliance With Requirements Applicable to Its Major Federal Program and on Internal Control Over Compliance in Accordance With OMB Circular A-133

Board of Education
Elmwood Local School District
7050 Jerry City Road
Bloomdale, Ohio 44817

Compliance

We have audited the compliance of Elmwood Local School District, Wood County, Ohio (the "District") with the types of compliance requirements described in the *U. S. Office of Management and Budget (OMB) Circular A-133, Compliance Supplement* that are applicable to its major federal program for the fiscal year ended June 30, 2002. The District's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings. Compliance with the requirements of laws, regulations, contracts and grants applicable to its major federal program is the responsibility of the District's management. Our responsibility is to express an opinion on the District's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America: the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States of America; and *OMB Circular A-133, Audit of States, Local Governments, and Non-Profit Organizations*. Those standards and *OMB Circular A-133* require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance occurred with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on Elmwood Local School District's compliance with those requirements.

Board of Education
Elmwood Local School District

In our opinion, the District's complied, in all material respects, with the requirements referred to above that are applicable to its major federal program for the fiscal year ended June 30, 2002.

Internal Control Over Compliance

The management of the District is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the District's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with *OMB Circular A-133*.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

This report is intended for the information and use of management, the Board of Education of Elmwood Local School District, federal awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.

**2. FINDINGS RELATED TO THE FINANCIAL STATEMENTS
REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS**

Finding Number	2002-ELSD-001
----------------	---------------

Ohio Administrative Code §117-2-03(B) requires the District to prepare its annual financial report in accordance with accounting principles generally accepted in the United States of America (GAAP). However, as described in Note 1, the District prepares its financial statements on the basis of accounting formerly prescribed or permitted for school districts by the Auditor of State, which is a basis of accounting other than GAAP.

The accompanying financial statements omit assets, liabilities, and fund equities, and disclosures that, while material, cannot be determined at this time. The District may be fined and various other administrative remedies may be taken against the District.

We recommend that the District file their financial report in accordance with GAAP.

The District understands this requirement but feels they do not have the resources to convert to GAAP.

**SCHEDULE OF FINDINGS
OMB CIRCULAR A-133 § .505**

**2. FINDINGS RELATED TO THE FINANCIAL STATEMENTS
REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS - (Continued)**

Finding Number	2002-ELSD-002
----------------	---------------

Ohio Revised Code Section 5705.39 in part requires that the total appropriation from each fund should not exceed total estimated resources.

It was noted during the audit that the District had appropriations exceeding estimated resources in the following funds:

<u>Fund Type/Fund</u>	<u>Estimated Resources</u>	<u>Appropriations</u>	<u>Excess</u>
<u>Special Revenue Fund Type:</u>			
Public School Support	\$ 46,972	\$ 56,754	\$ 9,782
District Managed Activities	173,198	176,400	3,202
Ohio Reads	46,648	90,000	43,352
School Improvement	2,612	2,821	209
Eisenhower	9,679	10,331	652
Title I	125,476	127,262	1,786
Title VI	2,029	6,981	4,952
Title VI-R	25,690	31,268	5,578
Miscellaneous Federal Grants	165	356	191
<u>Enterprise Fund Type:</u>			
Uniform School Supplies	47,769	64,384	16,615

With appropriations exceeding estimated resources, the District is spending monies that are not lawfully appropriated for that fund's purposes and thus could result in a fund deficit, or spending of another fund's monies.

We recommend that the District comply with the Ohio Revised Code and Auditor of State Bulletin 97-010 by keeping more accurate appropriations versus estimated resources records and amending the budget prior to year end. If it is determined that estimated revenues will be greater than initially anticipated, the District should amend its official estimate in order to provide for any additional appropriations; however, appropriations should not exceed estimated resources.

**SCHEDULE OF FINDINGS
OMB CIRCULAR A-133 § .505**

**2. FINDINGS RELATED TO THE FINANCIAL STATEMENTS
REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS**

Finding Number	2002-ELSD-003
----------------	---------------

Ohio Revised Code Section 5705.41(B) requires that no subdivision is to expend money unless it has been appropriated.

It was noted during the audit that the District had expenditures in excess of appropriations in the following funds:

<u>Fund Type/Fund</u>	<u>Appropriations</u>	<u>Expenditures</u>	<u>Excess</u>
<u>Special Revenue Fund Type:</u>			
SchoolNet Professional Development	\$ 4,000	\$ 7,496	\$ 3,496
Miscellaneous State Grants	-	1,103	1,103
<u>Capital Projects Fund Type:</u>			
Tech Equity	660	13,413	12,753
<u>Enterprise Fund Type:</u>			
Food Service	337,683	364,213	26,530
Expendable Trust Fund	788	1,428	640
Nonexpendable Trust Fund	1,867	2,663	796

With expenditures exceeding appropriations, the District is unlawfully expending monies that have not been appropriated.

We recommend that the District comply with the Ohio Revised Code and the Auditor of State Bulletin 97-010 by monitoring expenditures so they do not exceed lawful appropriations and amending the budget prior to year end. This may be achieved by monitoring the budget more closely on a continual basis.
