INDEPENDENT ACCOUNTANTS REPORT

Quest Academy Community School Allen County 190 East Eighth Street Lima, Ohio 45804

To the Board of Governors:

We have audited the accompanying balance sheet of the Quest Academy Community School, Allen County (the Academy) as of June 30, 2002, and the related Statement of Revenues, Expenses, and Changes in Retained Earnings and the Statement of Cash Flows for the year then ended. These financial statements are the responsibility of the Academy's management. Our responsibility is to express an opinion on these general-purpose financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Academy, as of June 30, 2002, and the results of its operations and its cash flow for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 12, 2002, on our consideration of the Academy's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2002

1. DESCRIPTION OF THE ENTITY

Quest Academy Community School (the Academy) is a nonprofit corporation established pursuant to Ohio Revised Code Chapters 3314 and 1702. The Academy is an approved tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code. Management is not aware of any course of action or series of events that have occurred that might adversely affect the Academy's tax-exempt status.

The Academy's objective is to provide a holistic education utilizing the classroom as well as the community. The educational approach will address multiple learning styles while emphasizing teamwork, community service and family involvement to build on the students' cultural inheritance in order to nurture their individual creativity, talents, and special interests. The Academy is a general population school, although a majority of the students are anticipated to reside in neighborhoods whose populations are "at risk" demographically: low income, low education levels, higher unemployment than surrounding areas, high transience rate, and a correspondingly high percentage of rental homes and aged housing in poor repair.

The Academy provided services to students in grades kindergarten through third in fiscal year 2002, and will be adding grades 4 and 5 in 2003 and 2004, respectively. The Academy, which is part of the State's education program, is independent of any school district and is nonsectarian in its programs, admission policies, employment practices, and all other operations. The Academy may acquire facilities as needed and contract for any services necessary for the operation of the school.

The Academy was approved for operation under a contract with the Ohio State Board of Education (the Sponsor) for a period of five years effective for the 2001-2002 academic school years. The Sponsor is responsible for evaluating the performance of the Academy and has the authority to deny renewal of the contract at its expiration or terminate the contract prior to its expiration.

The Academy operates under the direction of a five-member Governing Board. The Governing Board is responsible for carrying out the provisions of the contract which include, but are not limited to, state-mandated provisions regarding student population, curriculum, academic goals, performance standards, admission standards, and qualifications of teachers. The Governing Board controls the Academy's one instructional/support facility staffed by ten non-certified and eight certificated full time teaching personnel who provide services to 104 students.

The Academy has entered into a service agreement with the Lucas County Educational Service Center (ESC), Lucas County, Ohio to provide certain financial and accounting services and the Treasurer of Lucas County ESC serves as the Chief Financial Officer of the Academy. (See Note 15.)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Academy have been prepared in conformity with generally accepted accounting principles as applied to a governmental nonprofit organization. The Governmental Accounting Standards Board is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

The Academy also applies Financial Accounting Standards Board statements and interpretations issued on or before November 30, 1989, provided they do not conflict with or contradict GASB pronouncements. The more significant of the Academy's accounting policies are described below:

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2002 (Continued)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

A. Basis of Presentation

Enterprise accounting is used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges or where it has been decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

B. Measurement Focus/Basis of Accounting

The accounting and financial reporting treatment is determined by its measurement focus. Enterprise accounting uses a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities are included on the balance sheet. Operating statements present increases (e.g., revenues) and decreases (e.g., expenses) in net total assets. Basis of accounting refers to when revenues and expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made. The accrual basis of accounting is used for reporting purposes. Revenues are recognized when they are earned, and expenses are recognized when they are incurred.

C. Budgetary Process

Unlike other public schools located in the State of Ohio, community schools are not required to follow budgetary provisions set forth in Ohio Revised Code Chapter 5705, unless specifically provided in the Academy's contract with its Sponsor. The contract between the Academy and its Sponsor does prescribe an annual budget requirement in addition to preparing a five-year forecast.

D. Cash

All monies received by the Academy are accounted for by the Academy's fiscal agent, Lucas County Educational Service Center. All cash received by the fiscal agent is maintained in separate bank accounts in the Academy's name.

E. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America require management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

F. Prepaid Items

Payments made to vendors for services that will benefit periods beyond June 30, 2002, are recorded as prepaid items using the consumption method. A current asset for the prepaid amount is recorded at the time of the purchase and an expense is reported in the year in which services are consumed.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2002 (Continued)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

G. Fixed Assets and Depreciation

Fixed assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated fixed assets are recorded their fair market value on the date received. The Academy maintains a capitalization policy of five hundred dollars for tangible assets and fifteen thousand dollars for improvements to fixed assets. The Academy does not possess any infrastructure.

Improvements are capitalized. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized.

Depreciation of furniture and equipment is computed using the straight-line method over an estimated useful life of five years. Improvements to fixed assets are depreciated over the remaining useful lives of the related fixed assets.

H. Accrued Liabilities

The Academy has recognized certain expenses due but unpaid as of June 30, 2002. These expenses are reported as accrued liabilities in the accompanying financial statements, which include the STRS and SERS employer's share of \$17,457, Medicare of \$16, and worker's compensation of \$2,722.

These have been reported as intergovernmental payables.

I. Compensated Absences

Full-time Academy staff earns vacation leave each year, after six months of service, and are allowed to carry over any unused vacation leave to subsequent school years. Vacation leave must be used, in lieu of payment, prior to separation of employment.

Personal leave may not be accumulated from year to year, however, personal days remaining at June 30 are compensated to each staff member at the rate of \$100 per unused day.

Employees earn sick leave at the rate of 1 1/4 days per month. Sick leave may accumulate to equal the number of days plus sixty. Sick leave is not paid upon termination.

J. Intergovernmental Revenues

The Academy currently participates in the State Foundation Program and the State Disadvantaged Pupil Impact Aid (DPIA) Program. Revenues from these programs are recognized as operating revenues in the accounting period in which all eligibility requirements have been met. Grants and entitlements are recognized as non-operating revenues in the accounting period in which all eligibility requirements have been met.

Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use if first permitted, matching requirements, in which the Academy must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the School on a reimbursement basis.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2002 (Continued)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

J. Intergovernmental Revenues (Continued)

Revenue received from this program is recognized as non-operating revenue in the accompanying financial statements.

Amounts awarded under the above named programs for the 2002 school year totaled \$612,407.

3. DEPOSITS

At June 30, 2002, the carrying amount of the Academy's deposits was \$120,522 and the bank balance was \$125,828. The bank balance was covered by federal depository insurance in the amount of \$100,000; the remaining amount was uninsured.

4. RECEIVABLES

Receivables at June 30, 2002, consisted of accounts receivable and intergovernmental (e.g. state and federal grants) receivables. Accounts receivables consist of other miscellaneous types of receipts and are collectible in full due to the unique nature of the receivables. All intergovernmental receivables are considered collectible in full due to the stable condition of State programs, and the current year guarantee of federal funds.

5. FIXED ASSETS

The following is a summary of changes in the fixed assets during the fiscal year:

SERS provides retirement and disability benefits, annual costof-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by state statute per Chapter 3309 of the Ohio Revised Code.

SERS issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. The report may be obtained by writing to the School Employees Retirement System, 300 East Broad Street, Columbus, Ohio 43215-3746 or by calling (614) 222-5853.

7. DEFINED BENEFIT PENSION PLANS

Plan members are required to contribute 9 percent of their annual covered salary and The Academy is required to contribute at an actuarially determined rate. The current rate is 14 percent of annual covered payroll; 5.46 percent was the portion used to fund pension obligations for fiscal year 2002. For fiscal year 2001, 4.2 percent was the portion used to fund pension obligations. The contribution requirements of plan members and employers are established and may be amended, up to statutory maximum amounts by the SERS' Retirement Board.

The Academy's required contribution for pension obligations to SERS for the year ended June 30, 2002 and 2001 were \$4,712 and \$3,481; 81.24 percent has been contributed for fiscal year 2002. The unpaid contribution for fiscal year 2002, in the amount of \$884 is recorded as a liability.

B. State Teachers Retirement System

The Academy contributes to the State Teachers Retirement System of Ohio (STRS), a costsharing, multiple-employer public employee retirement system administered by the State Teachers Retirement Board. STRS provides basic retirement benefits, disability, survivor, and health care benefits based on eligible service credit to members and beneficiaries. Benefits are established by Chapter 3307 of the Ohio Revised Code.

STRS issues a public available financial report that includes financial statements and required supplementary information for STRS. The report may be obtained by writing to the State Teachers Retirement System, 275 East Broad Street, Columbus, Ohio 43215-3771, or by calling (614)-227-4090.

Plan members are required to contribute 9.3 percent of their annual covered salary and the Academy is required to contribute 14 percent; 9.5 percent was the portion used to fund pension obligations for both fiscal year 2002 and 2001. Contribution rates are established by STRS, upon recommendation of its consulting actuary, not to exceed statutory maximum rates of 10 percent for members and 14 percent for employers.

The Academy's required contributions for pension obligations to STRS for the year ended June 30, 2002 and 2001 were \$25,617 and \$13,169; 75.96 percent being paid in 2002 and 100.00 percent has been contributed for fiscal year 2001. Benefit provisions and the obligation to contribute are established by the Systems based on authority granted by State statute. Both systems are funded on a pay-as-you-go basis.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2002 (Continued)

8. POST-EMPLOYMENT BENEFITS (Continued)

The State Teachers Retirement Board has authority over how much, if any, of the health care costs will be absorbed by STRS. Most benefit recipients pay a portion of the health care cost in the form of a monthly premium. By law, the cost of the coverage paid from STRS funds shall be included in the employer contribution rate, currently 14 percent of covered payroll. For the year ended June 30, 2002, the Board allocated employer contributions equal to 4.5 percent of covered payroll to the Health Care Reserve Fund. For the Academy, this amount equaled \$12,134 for the year ended June 30, 2002.

STRS pays health care benefits from the Health Care Reserve Fund. The balance in the Fund was \$3.256 billion at June 30, 2001 (the latest information available). For the fiscal year ended June 30, 2001, net health care costs paid by STRS were \$300,772,000 and STRS had 102,132 eligible benefit recipients.

For SERS, coverage is made available to service retirees with ten or more years of qualifying service credit, disability and survivor benefit recipients. Members retiring on or after August 1, 1989, with less than twenty-five years of service credit must pay a portion of their premium for health care. The portion is based on years of service up to a maximum of 75 percent of the premium.

For this fiscal period, employer contributions to fund health care benefits were 8.54 percent of covered payroll. In addition, SERS levies a surcharge to fund health care benefits equal to 14 percent of the difference between a minimum pay and the member's pay, pro-rated for partial service credit. For fiscal year 2002, the minimum pay had been established at \$12,400. For the Academy, the amount to fund health care benefits, including surcharge, was \$13,486 for the year ended June 30, 2002.

Health Care benefits are financed on a pay-as-you-go basis. The target level for the health care reserve is 150 percent of annual health care expenses. Expenses for health care at June 30, 2001 (the latest information available) were \$161,439,934 and the target level was \$242.2 million. At June 30, 2001, the Retirement System's net assets available for payment of health care benefits as \$315.7 million. The number of benefit recipients currently receiving health care benefits is approximately 50,000.

9. OTHER EMPLOYEE BENEFITS

A. Compensated Absences

The criteria for determining vacation and personal leave are derived from policies and procedures approved by the Governing Board. Two members of the staff had vacation leave earned in the current fiscal year that had not been used at year end. Seven members of the staff had personal leave earned in the current year that had not been used at year end. Both the unused vacation and personal leave amounts are shown as current liabilities.

B. Employee Medical and Life Benefits

The Academy has contracted through Anthem Blue Cross to provide employee medical and life insurance to its full time employees who work 20 or more hours per week. The Academy pays the full amount of the monthly premiums for all selected coverage (medical and/or life). NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2002 (Continued)

10. LINE OF CREDIT

In October 2001, the Academy entered into a line-of-credit agreement with Sky Bank for a period of one year in the amount \$50,000. The specific purpose of the line-of-credit was to provide working capital in the event of timing gaps experienced in awaiting state funding. As of the date of this report, there have been no draws against the line-of-credit.

11. CAPITALIZED LEASE - LESSEE DISCLOSURE

During fiscal year 2001, The Academy entered into a capital lease for a copying machine. The lease meets the criteria of a capital lease as defined by Statement of Financial Accounting Standards No. 13, "Accounting for Leases", which defines a capital lease generally as one which transfers benefits and risks of ownership to the lessee. The capital lease has been recorded at the present value of the future minimum lease payments as of the inception date.

The capital lease has a term of 63 months and is payable monthly. The capital lease principal totaled \$13,744. Monthly lease payments (principal and interest) are \$290. In addition to the lease payments, the lease agreement included a \$45 monthly copy cost and an excess copy charge of \$0.015 per copy for copies in excess of 3,000 on each copier.

The following is a schedule of the future minimum lease payments required under the capital lease and the present value of the minimum lease payments as of June 30, 2002:

The rental fee was \$1. The Academy is responsible for the maintenance, utilities, repairs, remodeling, redecorating, inspections, insurance, and damages to the premises.

The Academy entered into an operating lease for the period July 15, 2000 through October 15, 2004 with BCL Capital for the use of a Risograph. Base payments made totaled \$3,216 for the year. Additional payments were made for exceeding the monthly minimum number of copies.

The Academy received financial assistance from federal and state agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the school. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the Academy at June 30, 2002.

B. Pending Litigation

A suit was filed in Franklin County Common Pleas Court on May 14, 2001, alleging that Ohio's Community (i.e. Charter) Schools program violates the State Constitution and State Law. The effect of this suit, if any, on the school is not presently determinable.

C. State Foundation Funding

The Ohio Department of Education conducts reviews of enrollment data and full time equivalency (FTE) calculations made by the school. These reviews are conducted to ensure the schools are reporting accurate student enrollment data to the State, upon which state foundation funding is calculated. The conclusions of this review could result in state funding being adjusted. This information was not available as of the date of this report. For the fiscal year 2002, the Academy does not anticipate any material adjustments to state funding.

17. STATE SCHOOL FUNDING DECISION

On December 11, 2002, the Ohio Supreme Court issued its latest opinion regarding the State's school funding plan. The decision reaffirmed earlier decisions that Ohio's current school-funding plan is unconstitutional.

The Supreme Court relinquished jurisdiction over the case and directed "... the Ohio General Assembly to enact a school-funding scheme that is thorough and efficient..." The District is currently unable to determine what effect, if any, this decision will have on its future State funding and on its financial operations.

18. SUBSEQUENT EVENTS

On August 15, 2002, the Quest Academy Community School entered into a lease for classroom facilities with the Philipian Missionary Baptist Church, located at 190 East Eighth Street, Lima, Ohio. The term of the lease is for one year commencing on July 1, 2002 and ending on June 30, 2003. The Academy was also given the option to renew the lease for two additional terms of one year each. The rent for the lease is \$36,000 annually, payable in equal monthly installments of \$3,000 each.

To the Board of Governors:

We have audited the financial statements of the Quest Academy Community School, Allen County, (the Academy), as of and for the year ended June 30, 2002, and have issued our report thereon dated December 12, 2002. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the Academy's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*. However, we noted a certain immaterial instance of noncompliance that we have reported to management of the Academy, in a separate letter dated December 12, 2002.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Academy's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting that might be material weaknesses.
