INDEPENDENT AUDITORS' REPORT

September 18, 2003

The Board of Directors  
Lorain County Community College Foundation  
Elyria, Ohio

We have audited the accompanying statement of financial position of Lorain County Community College Foundation, Inc. (an Ohio non-profit organization) as of June 30, 2003 and the related statements of activities and cash flows for the year then ended. These financial statements are the responsibility of the organization's management. Our responsibility is to express an opinion on these financial statements based on our audit. The financial statements include certain prior year summarized comparative information in total, but not by net asset class. Such information should be read in conjunction with the Organization's financial statements for the year ended June 30, 2002, from which the summarized information is derived.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Lorain County Community College Foundation, Inc. as of June 30, 2003, and the changes in its net assets and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued our report dated September 18, 2003, on our consideration of Lorain County Community College Foundation, Inc.'s internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grants. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be read in conjunction with this report in considering the results of our audit.

#### **Basis of Accounting**

The financial statements of the Foundation have been prepared utilizing the accrual basis of accounting and accordingly reflect all significant receivables, payables and other liabilities. Furthermore, the accounting policies adhered to by the Foundation are generally consistent with the *Audit and Accounting Guide for Not-For-Profit Organizations* issued by the American Institute of Certified Public Accountants.

Accordingly, such information should be read in conjunction with the Foundation's financial statements for the year ended June 30, 2002, from which the summarized information was derived.

#### **Use of Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL  
REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED  
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

September 18, 2003

The Board of Directors  
Lorain County Community College Foundation  
Elyria, Ohio

We have audited the financial statements of Lorain County Community College Foundation, Inc. (an Ohio nonprofit organization) as of and for the year ended June 30, 2003, and have issued our report dated September 18, 2003. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits obtained in Government Auditing Standards, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether Lorain County Community College Foundation, Inc.'s financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under Government Auditing Standards.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Lorain County Community College Foundation, Inc.'s internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operations that we consider to be material weaknesses.
