INDEPENDENT ACCOUNTANTS' REPORT

Board of Trustees
Westpark Community School
Cuyahoga County
16210 Lorain Road
Cleveland, Ohio 44111

We have audited the accompanying financial statements of the Westpark Community School, Cuyahoga County, Ohio, (the School) as of and for the year ended June 30, 2003, as listed in the table of contents. These financial statements are the responsibility of the School's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Westpark Community School, Cuyahoga County, Ohio, as of June 30, 2003, and the results of its operations and the cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 12, 2003 on our consideration of the School's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2003

I. Description of the School and Reporting Entity

Westpark Community School (WCS) is a nonprofit corporation established August 25, 2000 pursuant to Ohio Revised Code Chapters 3314 and 1702 to maintain and provide a school exclusively for any educational, literary, scientific and related teaching service that qualifies as an exempt organization under § 501(c)(3) of the Internal Revenue Code. Management is not aware of any course of action or series of events that have occurred that might adversely affect WCS' tax-exempt status. WCS, which is part of Ohio's education program, is independent of any school district. WCS may sue and be sued, acquire facilities as needed, and contract for any services necessary for the operation of WCS.

WCS was approved for operation under a contract between the Governing Authority of the Westpark Community School and the Ohio Department of Education (the Sponsor) for a period of five years commencing July 1, 2001 and terminating on June 30, 2006. The Governing Authority of WCS is responsible for carrying out the provisions of the community school contract. The Governing Authority incorporated an Ohio non-profit corporation, on September 17, 1999 under the name Constellation Community Schools (CCS, the management company). The Sponsor is responsible for evaluating the performance of the school and has the authority to deny renewal of the contract at its expiration or terminate the contract prior to expiration. Effective August 31, 2001, WCS obtained tax-exempt status with the Internal Revenue Service under section 501(c)(3) of the Internal Revenue Code.

The Governing Authority controls WCS' one instructional facility staffed by three uncertified and ten certificated full time teaching personnel who provide services to 127 students. The Board, which governs WCS, also governs Old Brooklyn Montessori School, Parma Community School, Elyria Community School, Lorain Community School, Mansfield Community School, Akron Community School and the Constellation Community Schools.

WCS operates under a five-member Board of Trustees. The Board is responsible for carrying out the provisions of the contract, which include, but are not limited to, state-mandated provisions regarding student population, curriculum, academic goals, performance standards, admission standards, and qualification of teachers.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2003

II. Summary of Significant Accounting Policies

The financial statements of WCS have been prepared in conformity with generally accepted accounting principles as applied to governmental nonprofit organizations. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. WCS also applies Financial Accounting Standards Board statements and interpretations issued on or before November 30, 1989, provided they do not conflict with or contradict GASB pronouncements. The more significant of WCS' accounting policies are described below.

1. Basis of Presentation

Enterprise accounting is used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges or where it has been decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

2. Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment is determined by its measurement focus. Enterprise accounting uses a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities are included on the balance sheet. Operating statements present increases (*e.g.*, revenues) and decreases (*e.g.*, expenses) in net total assets.

Basis of accounting refers to when revenues and expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made.

The accrual basis of accounting is used for reporting purposes. Revenues are recognized when they are earned, and expenses are recognized when they are incurred.

II. Summary of Significant Accounting Policies (Continued)

3. Cash

All monies received by WCS are deposited in demand deposit accounts.

4. Budgetary Process

Unlike other public schools located in the state of Ohio, community schools are not required to follow budgetary provisions set forth in Ohio Revised Code Chapter 5705, unless specifically provided for in the school's contract with its sponsor. The contract between WCS and its Sponsor does not prescribe a budgeting process for WCS.

5. Due from Other Governments and Accounts Receivable

Moneys due WCS for the year ended June 30, 2003 are recorded as Due from Other Governments and Accounts Receivable. A current asset for the receivable amount is recorded at the time of the event causing the moneys to be due.

6. Fixed Assets and Depreciation

Fixed assets are capitalized at cost and updated for additions and retirements during the year. Donated fixed assets are recorded at their fair market values as of the dates received. WCS does not possess any infrastructure.

Leasehold improvements are also capitalized. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized.

Depreciation of leasehold improvements, computers and office equipment is computed using the straight-line method over their estimated useful lives. Improvements to fixed assets are depreciated over the remaining useful lives of the related fixed assets. All items with a useful life of one year or greater and a value of \$500 or more are capitalized. Estimated useful lives are as follows:

7. Intergovernmental Revenues

WCS currently participates in the State Foundation Program and the State Disadvantaged Pupil Impact Aid Program (“DPIA”) and the Federal Lunch Reimbursement Program. Revenues received from these programs are recognized as operating revenues in the accounting period in which all eligibility requirements have been met.

Grants and entitlements are recognized as non-operating revenues in the accounting period in which all eligibility requirements have been met.

Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted, matching requirements, in which the school must provide local resources to be used for a specified purpose, and the expenditure requirements, in which the resources are provided to the school on a reimbursement basis.

WCS also participates in the Federal Charter School Grant Program through the Ohio Department of Education. Under this program, WCS was awarded \$150,000 during the current year to offset start-up costs of the School. During the 2003 fiscal year \$45,000 from this award was received. The balance of \$105,000 is available for the 2004 fiscal year. Revenue received from this program is recognized as non-operating revenue on the accompanying financial statements.

Amounts awarded under the above named programs for the 2003 school year totaled \$944,357.

8. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from these estimates.

9. Compensated Absences

Vacation is taken in a manner which corresponds with the school calendar, therefore, WCS does not accrue vacation time as a liability.

Sick leave benefits are earned at the rate of one day per month and cannot be carried into the subsequent year. No accrual for sick time is made since unused sick time is not paid to employees upon employment termination.

10. Deferred Revenue

Deferred revenue arises when assets are recognized before revenue recognition criteria have been satisfied. The deferred revenue for WCS consists of material and fees received in the current year which pertain to the next school year.

III. Deposits

At fiscal year end June 30, 2003, the carrying amount of WCS' deposits totaled \$143,942 and its bank balance was \$149,571. Of the bank balance \$100,000 was covered by the Federal Depository Insurance Corporation and \$49,571 was covered by US Bank pledged pooled collateral securities. The Ohio Depository Act stipulates that US Bank pledge collateral for the deposits of the Westpark Community School in a pool of securities under Section 135.181 of the Ohio Revised Code.

VI. Operating Leases

WCS leases its facilities from Dorothy Coury, Trustee, under a five-year lease agreement. This lease was effective August 1, 2001 and expires August 31, 2006. WCS has an option to purchase the building in which the premises are located at a price of \$1,100,000 during the first three years of the lease or, during the last two years of the lease, \$1,100,000 plus the percentage by which the Consumer Price Index has increased from the initial month of the lease to the month immediately preceding the month the purchase option is exercised.

WCS recognizes these non-cancelable lease costs on the straight line basis. A comparison of scheduled lease costs and payments due as follows:

Lease Year	Straight Line Expense	Rental Payments Due
2004	90,000	90,000
2005	90,000	108,000
2006	<u>90,000</u>	<u>108,000</u>
Total	<u>\$270,000</u>	<u>\$306,000</u>

WCS has recorded \$36,000 as leases payable on the balance sheet. This amount represents the difference between rental payments made and the amounts due, based on the straight line basis over the life of the lease.

On July 15, 2002, WCS and Dorothy Coury, Trustee amended the lease to include an additional area of the building. The amendment is in effect for the remaining life of the original lease. Monthly base rent for this additional space is \$4,500 beginning in August, 2002, which was prorated to \$2,100 for the month.

The lease also provides that WCS will pay Dorothy Coury, Trustee, \$1,000 per month for a period of 45 months to reimburse the lessor for build-outs and improvements to the building. Should WCS exercise the purchase option the balance shall be made in one payment at the time of purchase. As of June 30, 2003, a Leasehold Improvements Payable account has been created to account for the outstanding balance of \$23,000. Monthly payments of \$1,000 are being applied to the payable balance and are interest free. The leasehold improvements are being depreciated over a five year period of time.

VII. Risk Management

1. Property and Liability Insurance

WCS is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. For fiscal year 2003, WCS contracted with Cincinnati Insurance Company for all of its insurance.

General liability is covered at \$1,000,000 single occurrence limit and \$2,000,000 aggregated. Hired and Non-Owned Vehicles are covered at \$300,000 combined single limit of liability. Other coverage includes School Leaders Errors & Omissions, Employee Crime, Sexual Abuse and Misconduct, Electronic Data Processing and Business Interruption.

2. Workers' Compensation

WCS makes premium payments to the Ohio Worker's Compensation System for employee injury coverage. As of June 30, 2003 there have been no claims filed by WCS employees with the Ohio Worker's Compensation System.

3. Employee Medical, Dental, and Life Benefits

WCS provides medical, dental and life insurance benefits to all full time employees. Up to \$3,500 in premiums are paid by WCS for each employee that elects to have coverage. Those employees whose coverage exceeds the \$3,500 limit reimburse WCS through payroll deductions up to a maximum of \$200 per month. Any amount exceeding the \$200 employee deduction per month is paid by WCS. During the current fiscal year the cost to WCS for insurance benefits was \$35,583.

VIII. Defined Benefit Pension Plans

1. School Employees Retirement System

WCS contributes to the School Employees Retirement System of Ohio (“SERS”), a cost sharing multiple employer public employee retirement system administered by the School Employees Retirement Board. SERS provides basic retirement benefits, annual cost of living adjustments, disability, survivor, and health care benefits based on eligible service credit to members and beneficiaries. Benefits are established by Chapter 3309 of the Ohio Revised Code. SERS issues a publicly available financial report that includes financial statements and required supplementary information for SERS. That report may be obtained by writing to the School Employees Retirement System, 300 East Broad St., Suite 100, Columbus, Ohio 43215-3476 or by calling (614)222-5853.

Plan members are required to contribute 9 percent of their annual covered salary and WCS is required to contribute an actuarially determined rate. The current rate is 14 percent of annual covered payroll. A portion of WCS’ contribution is used to fund pension obligations with the remainder being used to fund health care benefits; for fiscal year 2003, 8.17 percent of annual covered salary was the portion to fund pension obligations. For fiscal year 2002, 5.46 percent of annual covered salary was the portion used to fund pension obligations. The contribution requirements of plan members and employers are established and may be amended, up to a statutory maximum amount, by the SERS’ Retirement Board. WCS’ required contribution to SERS for the fiscal year ended June 30, 2003 and 2002 was \$2,960 and \$983. For fiscal year 2003, WCS contributions totaling \$63 were payable at year end and are reflected in Due to Other Governments in the accompanying financial statements. All other required contributions were paid.

2. State Teachers Retirement System

WCS contributes to the State Teachers Retirement System of Ohio (“STRS Ohio”), a cost-sharing multiple employer public employee retirement system administered by the State Teachers Retirement Board. STRS provides basic retirement benefits, disability, survivor, and health care benefits based on eligible service credit to members and beneficiaries. Benefits are established by Chapter 3307 of the Ohio Revised Code. STRS Ohio issues a publicly available financial report that includes financial statements and required supplementary information for STRS. That report may be obtained by writing to the State Teachers Retirement System, 275 East Broad Street, Columbus, Ohio 43215-3771.

VIII. Defined Benefit Pension Plans (Continued)

2. State Teachers Retirement System (Continued)

New members have a choice of three retirement plans, a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. The DB plan offers an annual retirement allowance based on final average salary times a percentage that varies based on years of service, or an allowance based on member contributions and earned interest matched by STRS Ohio funds times an actuarially determined annuity factor. The DC Plan allows members to place all their member contributions and employer contributions equal to 10.5% of earned compensation into an investment account. Investment decisions are made by the member. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The Combined Plan offers features of both the DC and the DB Plan. In the Combined Plan, member contributions are invested by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. DC and Combined Plan members will transfer to the Defined Benefit Plan during the fifth year of membership unless they permanently select the DC or Combined Plan. Existing members with less than five years of service credit as of June 30, 2001, were given the option of making a one time irrevocable decision to transfer their account balances from the existing DB Plan into the DC or the Combined Plan. This option expired on December 31, 2002. Benefits are established by Chapter 3307 of the Ohio Revised Code.

A DB or Combined Plan member with five or more years credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members who die before retirement may qualify for survivor benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

For the fiscal year ended June 30, 2003, plan members were required to contribute 9.3 percent of their annual covered salary and WCS is required to contribute 14 percent, 13 percent was the portion used to fund pension obligation. Contribution rates are established by STRS, upon recommendation of its consulting actuary, not to exceed statutory maximum rates of 10 percent for members and 14 percent for employers. Chapter 3307 of the Ohio Revised Code provides statutory authority for members and employer contributions.

VIII. Defined Benefit Pension Plans (Continued)

2. State Teachers Retirement System (Continued)

WCS' required contribution to STRS for the fiscal year ended June 30, 2003 and 2002 was \$38,414 and \$16,397. For fiscal year 2003, WCS contributions totaling \$981 were payable at year end and are reflected in Due to Other Governments in the accompanying financial statements. All other required contributions were paid.

IX. Post-Employment Benefits

WCS provides comprehensive health care benefits to retired teachers and their dependents through the State Teachers Retirement System (STRS), and to retired non-certified employees and their dependents through the School Employees Retirement System (SERS). Benefits include hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare premiums. Benefit provisions and the obligations to contribute are established by the Systems based on authority granted by State statute. Both systems are on a pay-as-you-go basis.

The STRS Board has statutory authority over how much, if any, of the health care costs will be absorbed by STRS. Most benefit recipients pay a portion of the health care cost in the form of a monthly premium. By Ohio Law, the cost of coverage paid from STRS funds shall be included in the employer contribution rate, currently 14 percent of covered payroll. As of June 30, 2002, the Board allocated employer contributions equal to 1 percent of covered payroll to the Health Care Stabilization Fund, from which payments for health care benefits are paid. For WCS, this amount equaled \$2,955 during fiscal 2003.

STRS pays health care benefits from the Health Care Reserve Fund. At June 30, 2002, (the latest information available) the balance in the Fund was \$3.011 billion. For the year ended June 30, 2002, net health care costs paid by STRS were \$354,697,000 and STRS had 105,300 eligible benefit recipients.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2003

IX. Post-Employment Benefits (Continued)

For SERS, coverage is made available to service retirees with ten or more fiscal years of qualifying service credit, disability and survivor benefit recipients. Members retiring on or after August 1, 1989, with less than twenty-five years of service credit must pay a portion of their premium for health care. The portion is based on years of service up to a maximum of 75 percent of the premium.

After the allocation for the basic benefits, the remainder of the employer's 14 percent contribution is allocated to providing health care benefits. For this fiscal year, employer contributions used to fund health care benefits were 5.83 percent of covered payroll, a decrease of 2.71 percent from fiscal year 2002. In addition, SERS levies a surcharge to fund health care benefits equal to 14 percent of the difference between a minimum pay and the member's pay, pro-rated for partial service credit. For fiscal year 2003, the minimum pay was established at \$12,400. For WCS, the amount to fund health care benefits, including surcharge, equaled \$2,112 for fiscal 2003.

The surcharge added to the unallocated portion of the 14 percent employer contribution rate, provides for maintenance of the asset target level of the health care fund. The target level of the health care reserve is 150 percent of the annual health care expenses. Expenses for health care for the fiscal year ended June 30, 2002 (the latest information available), were \$182,946,77 and the target level was \$274.4 million dollars. At June 30, 2002, SERS had net assets available for health care benefits of \$335.2 million. SERS has approximately 50,000 participants currently receiving health care benefits.

X. State School Funding Decision

On December 11, 2002, the Ohio Supreme Court issued its latest opinion regarding the State's school funding plan. The decision reaffirmed earlier decisions that Ohio's current school-funding plan is unconstitutional.

The Supreme Court relinquished jurisdiction over the case and directed "...the Ohio General Assembly to enact a school-funding scheme that is thorough and efficient...".

WCS is currently unable to determine what effect, if any, this decision will have on its future State funding and its financial operations.

XI. Contingencies

1. Grants

WCS received financial assistance from Federal and State agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of WCS. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of WCS at June 30, 2003.

2. Litigation

On April 21, 2003, the Court dismissed the counts containing constitutional claims and stayed the other counts pending appeal of the constitutional issues. The plaintiffs appealed to the Court of Appeals, the issues have been briefed, and the case was heard for oral argument on November 18, 2003. A suit was filed in Franklin County Common Pleas Court on May 14, 2001, alleging that Ohio's Community (i.e. Charter) Schools program violates the State Constitution and State law. The effect of this suit, if any, on WCS is not presently determinable.

3. Enrollment FTE

The Ohio Department of Education conducts reviews of enrollment and full-time equivalency (FTE) calculations made by the schools. These reviews are conducted to ensure the schools are reporting accurate student enrollment data to the State, upon which state foundation funding is calculated. The conclusions of this review could result in state funding being adjusted. Based on ODE's review there are no adjustments to the state funding received during fiscal year 2003.

XII. Management Agreement

WCS entered into an agreement with Constellation Community Schools (CCS) to provide legal, financial, and business management services for the fiscal year 2003. The agreement was for a period of one year, effective July 1, 2002 with a cost of \$500 per enrolled student. The total amount due from WCS for the fiscal year ending June 30, 2003 was \$63,500 and was fully paid as of June 30, 2003.

XIII. Related Parties

The members of the WCS Board of Trustees are also members of the Constellation Community Schools (CCS), Old Brooklyn Montessori School, Parma Community School, Elyria Community School, Lorain Community School, Mansfield Community School and Akron Community School governing boards. WCS contracts with CCS for legal, financial and business management services.

XIV. Subsequent Events

On August 21, 2003, the Board of Trustees for Akron Community School, which is the same as WCS, resigned their membership to the Board of Trustees for Akron Community School. A new Board of Trustees, which has no relationship to WCS Board of Trustees, was subsequently appointed.

On November 12, 2003 WCS purchased the former George Washington Elementary School property that it occupies at 16210 Lorain Avenue in Cleveland, Ohio for \$1,100,000. WCS has a mortgage loan with US Bank, a loan guarantee from the Ohio School Facilities Commission and a second mortgage which was assigned to First Federal Lakewood.

INTERNAL CONTROL REQUIRED BY *GOVERNMENT AUDITING STANDARDS***

We have audited the financial statements of the Westpark Community School, Cuyahoga County, Ohio, (the School), as of and for the year ended June 30, 2003 and have issued our report thereon dated December 12, 2003. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the School's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the School's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses. However, we noted other matters involving the internal control over financial reporting that do not require inclusion in this report, that we have reported to management of the School in a separate letter dated December 12, 2003.
