INDEPENDENT ACCOUNTANTS' REPORT

Amboy Township
Fulton County
2650 County Road S
P.O. Box 172
Metamora, Ohio 43540-0172

To the Board of Trustees:

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Amboy Township, Fulton County, Ohio (the Township), as of and for the year ended December 31, 2005, which collectively comprise the Township's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Township's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. The Township processes its financial transactions with the Auditor of State's Uniform Accounting Network (UAN). *Government Auditing Standards* considers this service to impair the independence of the Auditor of State to audit the Township because the Auditor of State designed, developed, implemented, and as requested, operates UAN. However, *Government Auditing Standards* permits the Auditor of State to audit and opine on this entity, because Ohio Revised Code § 117.101 requires the Auditor of State to provide UAN services, and Ohio Revised Code §§ 117.11(B) and 115.56 mandate the Auditor of State to audit Ohio governments. We believe our audit provides a reasonable basis for our opinions.

As discussed in Note 1, the accompanying financial statements and notes follow the modified cash accounting basis. This is a comprehensive accounting basis other than accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective modified cash financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Amboy Township, Fulton County, Ohio, as of December 31, 2005, and the respective changes in modified cash financial position and the respective budgetary comparison for the General, Gasoline Tax, Road and Bridge, Fire Department, and Fire & Rescue Ambulance EMS Service funds thereof for the year then ended in conformity with the basis of accounting Note 1 describes.

For the year ended December 31, 2005, the Township revised its financial presentation comparable to the requirements of Governmental Accounting Standard Board Statement No. 34, *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments*.

In accordance with *Government Auditing Standards*, we have also issued our report dated September 21, 2006, on our consideration of the Township's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

Management's discussion and analysis is not a required part of the basic financial statements but is supplementary information the Governmental Accounting Standards Board requires. We have applied certain limited procedures, consisting principally of inquiries of management regarding the methods of measuring and presenting the required supplementary information. However, we did not audit the information and express no opinion on it.

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED DECEMBER 31, 2005
UNAUDITED**

This discussion and analysis of Amboy Township's (the Township) financial performance provides an overall review of the Township's financial activities for the year ended December 31, 2005, within the limitations of Amboy Township's modified cash basis accounting. Readers should also review the basic financial statements and notes to enhance their understanding of the Township's financial performance.

Highlights

Key highlights for 2005 are as follows:

- Net assets of governmental activities increased \$103,146, or 26 percent, a significant change from the prior year. The fund most affected by the increase in cash and cash equivalents was the General Fund, which realized strong inheritance tax revenues of \$39,717 in 2005.
- The Township's general receipts are primarily property taxes and other local taxes. These receipts represent 66 percent of the total cash received for general receipts during the year. Property tax receipts for 2005 changed very little compared to 2004 as development within the Township has leveled.

Using the Basic Financial Statements

This annual report is presented in a format consistent with the presentation requirements of Governmental Accounting Standards Board Statement No. 34, as applicable to the Township's modified cash basis of accounting.

Report Components

The statement of net assets and the statement of activities provide information about the cash activities of the Township as a whole.

Fund financial statements provide a greater level of detail. Funds are created and maintained on the financial records of the Township as a way to segregate money whose use is restricted to a particular specified purpose. These statements present financial information by fund, presenting funds with the largest balances or most activity in separate columns.

The notes to the financial statements are an integral part of the government wide and fund financial statements and provide expanded explanation and detail regarding the information reported in the statements.

Basis of Accounting

The basis of accounting is a set of guidelines that determine when financial events are recorded. The Township has elected to present its financial statements on a modified cash basis of accounting. This basis of accounting is a basis of accounting other than generally accepted accounting principles. Under the Township's modified cash basis of accounting, receipts and disbursements are recorded when cash is received or paid.

As a result of using the modified cash basis of accounting, certain assets and their related revenues (such as accounts receivable) and certain liabilities and their related expenses (such as accounts payable) are not recorded in the financial statements. Therefore, when reviewing the financial information and discussion within this report, the reader must keep in mind the limitations resulting from the use of the modified cash basis of accounting.

Reporting the Township as a Whole

Police protection is under the jurisdiction of the Fulton County Sheriff. The Township is zoned and owns a cemetery.

The statement of net assets and the statement of activities reflect how the Township did financially during 2005, within the limitations of modified cash basis accounting. The statement of net assets presents the cash balances and investments of the governmental activities of the Township at year end. The statement of activities compares cash disbursements with program receipts for each governmental program activity. Program receipts include charges paid by the recipient of the program's goods or services and grants and contributions restricted to meeting the operational or capital requirements of a particular program. General receipts are all receipts not classified as program receipts. The comparison of cash disbursements with program receipts identifies how each governmental function draws from the Township's general receipts.

These statements report the Township's cash position and the changes in cash position. Keeping in mind the limitations of the modified cash basis of accounting, you can think of these changes as one way to measure the Township's financial health. Over time, increases or decreases in the Township's cash position is one indicator of whether the Township's financial health is improving or deteriorating. When evaluating the Township's financial condition, you should also consider other nonfinancial factors as well, such as the Township's property tax base, the condition of the Township's capital assets and infrastructure, the extent of the Township's debt obligations, the reliance on non-local financial resources for operations and the need for continued growth in the major local revenue sources such as property taxes.

In the statement of net assets and the statement of activities, we report governmental activities which include the Township's basic services such as fire protection and road maintenance. State grants and property taxes finance most of these activities. Benefits provided through governmental activities are not necessarily paid for by the people receiving them.

Reporting the Township's Most Significant Funds

Fund financial statements provide detailed information about the Township's major funds - not the Township as a whole. The Township establishes separate funds to better manage its many activities and to help demonstrate that money that is restricted as to how it may be used is being spent for the intended purpose. The funds of the Township are governmental funds.

The governmental fund financial statements provide a detailed view of the Township's governmental operations and the basic services it provides. Governmental fund information helps determine whether there are more or less financial resources that can be spent to finance the Township's programs. The Township's significant governmental funds are presented on the financial statements in separate columns. The information for nonmajor funds (funds whose activity or balances are not large enough to warrant separate reporting) is combined and presented in total in a single column. The Township's major governmental funds are the General, Gas Tax, Road & Bridge, Fire Department, Fire & Rescue Ambulance EMS Service, and Issue II Funds. The programs reported in governmental funds are the same as those reported in the governmental activities section of the entity-wide statements.

The Township as a Whole

Table 1 provides a summary of the Township's net assets for 2005 compared to 2004 on a modified cash basis:

(Table 1)
Net Assets

	Governmental Activities	
	2005	2004
Assets		
Cash and Cash Equivalents	\$ 500,477	\$ 397,331

Other Purposes	438,113	389,561
Unrestricted	62,364	7,770
Total Net Assets	\$500,477	\$397,331

As mentioned previously, net assets of governmental activities increased \$103,146 or 26 percent during 2005. The primary reasons contributing to the increases in cash balances are as follows:

- The estate tax receipts increased from \$-0- in 2004 to \$39,717 in 2005.
- The Township Issue II capital expenditures decreased from \$198,677 in 2004 to \$75,922 in 2005 for various road projects.

Since the Township did not prepare financial statements in this format for 2004, a comparative analysis of government-wide data has not been presented. In future years, when prior year information is available, a comparative analysis will be presented.

Program receipts represent 47 percent of total receipts and are primarily comprised of restricted intergovernmental receipts such as motor vehicle license and gas tax money, EMS contract & Fire contract services, Issue II money, building permits, and cemetery fees.

General receipts represent 53 percent of the Township's total receipts, and of this amount, 66 percent are local taxes. State and federal grants and entitlements make up the balance of the Township's general receipts (31 percent). Interest is insignificant and a somewhat unpredictable revenue source.

Disbursements for General Government represent the overhead costs of running the Township and the support services provided for the other Township activities. These include the costs of the board of trustees and fiscal officer, as well as internal services such as payroll and purchasing.

Public Safety is the cost of fire protection services; Public Works is the cost of maintaining the roads; and Capital Outlay is the cost of road programs.

Governmental Activities

If you look at the Statement of Activities, you will see that the first column lists the major services provided by the Township. The next column identifies the costs of providing these services. The major program disbursements for governmental activities are capital outlay, which accounts for 32 percent of all governmental disbursements. Public safety and general government also represent, significant costs, of about 29 and 19 percent, respectively. The next three columns of the Statement entitled Program Receipts identify amounts paid by people who are directly charged for the service and grants received by the Township that must be used to provide a specific service. The net Receipt (Disbursement) column compares the program receipts to the cost of the service. This "net cost" amount represents the cost of the service which ends up being paid from money provided by local taxpayers. These net costs are paid from the general receipts which are presented at the bottom of the Statement. A comparison between the total cost of services and the net cost is presented in Table 3.

(Table 3)

	Total Cost Of Services 2005	Net Cost of Services 2005
General Government	\$89,415	\$89,415
Public Safety	133,352	33,836
Public Works	52,700	(45,425)
Health	16,631	15,631

Principal Retirement	24,000	24,000
Interest and Fiscal Charges	1,650	1,650
Total Expenses	\$465,182	\$197,391

The dependence upon property taxes and unrestricted state grants and entitlements is apparent as 42 percent of Governmental activities are supported through these general receipts.

The Township's Funds

Total government funds had receipts of \$568,328 and disbursements of \$465,182. The greatest change within governmental funds occurred within the General Fund. The fund balance of the General Fund increased \$54,594 as the result of the \$39,717 increase in Estate Taxes and \$17,201 of Trustees' salaries being paid from Road & Bridge fund.

General Fund Budgeting Highlights

The Township's budget is prepared according to Ohio law and is based upon accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances.

During 2005, the Township did not amend its General Fund budget. Budgeted receipts were less than actual receipts which reflect a conservative approach to the budget process.

The Township appropriates most, over 90% of its estimated receipts and available fund balances. Final disbursements were budgeted at \$70,609 while actual disbursements were \$59,614. The Township kept spending very close to budgeted amounts as demonstrated by the minor reported variances. The result is an increase in fund balance of \$54,594 for 2005.

Capital Assets and Debt Administration

Capital Assets

The Township does not record capital assets in the accompanying basic financial statements, but records payments for capital assets as disbursements

Debt

At December 31, 2005, the Township's outstanding debt included \$12,000 for fire truck note.

Current Issues

The challenge for all Townships is to provide quality services to the public while staying within the restrictions imposed by limited, and in some cases shrinking funding.

The Township's administration has kept expenditures in line with revenues. The result is a continued strong net asset figure at the end of 2005. The Township relies heavily on local taxes and has very little industry to support the tax base. Sources of revenue were reviewed and determined that increases were unlikely. Disbursement history of the Township was reviewed and the Township may have to reduce planned road projects, in favor of repairs and maintenance so as to have the least impact on other services provided. Departments are reducing spending for non essential supplies that will not affect services to the taxpayers.

Contacting the Township's Financial Management

This financial report is designed to provide our citizens, taxpayers, investors, and creditors with a general overview of the Township's finances and to reflect the Township's accountability for the monies it receives. Questions concerning any of the information in this report or requests for additional information should be directed to Suzanne Holland, Fiscal Officer, Amboy Township, P.O. FULTON COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2005**

NOTE 1 - REPORTING ENTITY

Amboy Township, Fulton County, Ohio (the Township), is a body politic and corporate established to exercise the rights and privileges conveyed to it by the constitution and laws of the State of Ohio. The Township is directed by a publicly elected three-member Board of Trustees. The Township also has an elected Township Fiscal Officer.

The reporting entity is comprised of the primary government.

A. Primary Government

The primary government consists of all funds, departments, boards and agencies that are not legally separate from the Township. The Township provides general government services, maintenance of Township roads and bridges, cemetery maintenance, fire protection, and emergency medical services. Police protection is provided by the Fulton County Sheriff.

B. Component Units

Component units are legally separate organizations for which the Township is financially accountable. The Township is financially accountable for an organization if the Township appoints a voting majority of the organization's governing board and (1) the Township is able to significantly influence the programs or services performed or provided by the organization; or (2) the Township is legally entitled to or can otherwise access the organization's resources; the Township is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide support to, the organization; or the Township is obligated for the debt of the organization. The Township is also financially accountable for any organizations that are fiscally dependent on the Township in that the Township approves their budget, the issuance of their debt or the levying of their taxes. Component units also include legally separate, tax-exempt entities whose resources are for the direct benefit of the Township, are accessible to the Township and are significant in amount to the Township.

Based on these criteria, the Township has no component units.

The Township's management believes these financial statements present all activities for which the Township is financially accountable.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

As discussed further in Note 2.C, these financial statements are presented on a modified cash basis of accounting. This modified cash basis of accounting differs from accounting principles generally accepted in the United States of America (GAAP). Generally accepted accounting principles include all relevant Governmental Accounting Standards Board (GASB) pronouncements, which have been applied to the extent they are applicable to the modified cash basis of accounting. In the government-wide financial statements, Financial Accounting Standards Board (FASB) pronouncements and Accounting Principles Board (APB) opinions issued on or before November 30, 1989, have been applied, to the extent they are applicable to the modified cash basis of accounting, unless those pronouncements conflict with or contradict GASB pronouncements, in which case GASB prevails. Following are the more significant of the Township's accounting policies.

**AMBOY TOWNSHIP
FULTON COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2005
(Continued)**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

A. Basis of Presentation

The Township's basic financial statements consist of government-wide financial statements, including a statement of net assets and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

Government-Wide Financial Statements

The statement of net assets and the statement of activities display information about the Township as a whole. These statements include the financial activities of the primary government. Governmental activities generally are financed through taxes, intergovernmental receipts or other nonexchange transactions.

The statement of net assets presents the cash balance of the governmental activities of the Township at year end. The statement of activities compares disbursements with program receipts for each of the Township's governmental activities. Disbursements are reported by function. A function is a group of related activities designed to accomplish a major service or regulatory program for which the Township is responsible. Program receipts include charges paid by the recipient of the program's goods or services, grants and contributions restricted to meeting the operational requirements of a particular program. General receipts are all receipts not classified as program receipts, with certain limited exceptions. The comparison of direct disbursements with program receipts identifies the extent to which each governmental function is self-financing on a modified cash basis or draws from the Township's general receipts.

Fund Financial Statements

During the year, the Township segregates transactions related to certain Township functions or activities in separate funds to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the Township at this more detailed level. The focus of governmental fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column.

B. Fund Accounting

The Township uses fund accounting to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. Funds are used to segregate resources that are restricted as to use. The funds of the Township are categorized as governmental.

Governmental Funds

The Township classifies funds financed primarily from taxes, intergovernmental receipts (e.g. grants), and other nonexchange transactions as governmental funds. The Township's major governmental fund are as follows:

1. General Fund

The General Fund is used to account for all financial resources, except those required to be accounted for in another fund. The General Fund balance is available to the Township for any purpose provided it is expended or transferred according to the general laws of Ohio.

**AMBOY TOWNSHIP
FULTON COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2005
(Continued)**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

2. Gasoline Tax Fund

The Gasoline Tax Fund receives state fuel excise taxes to pay for constructing, maintaining, and repairing Township roads.

3. Road and Bridge Fund

The Road and Bridge Fund received property tax monies for constructing, maintaining, and repairing Township roads and bridges.

4. Fire Department Fund

The Fire Department Fund receives property tax monies for providing fire protection within the Township.

5. Fire & Rescue Ambulance EMS Service Fund

The Fire & Rescue Ambulance EMS Service Fund receives contract monies from Fulton County to provide fire & EMS services within the Township.

6. Issue II Fund

The Issue II Fund received a grant from the State of Ohio to repair County Road 6.

The other governmental funds of the Township account for grants and other resources whose use is restricted to a particular purpose.

C. Basis of Accounting

The Township's financial statements are prepared using the modified cash basis of accounting. Receipts are recorded in the Township's financial records and reported in the financial statements when cash is received rather than when earned and disbursements are recorded when cash is paid rather than when a liability is incurred.

As a result of the use of this modified cash basis of accounting, certain assets and their related revenues (such as accounts receivable and revenue for billed or provided services not yet collected) and certain liabilities and their related expenses (such as accounts payable and expenses for goods or services received but not yet paid, and accrued expenses and liabilities) are not recorded in these financial statements.

D. Budgetary Process

All funds are legally required to be budgeted and appropriated. The major documents prepared are the tax budget, the certificate of estimated resources, and the appropriations ordinance, all of which are prepared on the budgetary basis of accounting. The tax budget demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amount the Township may appropriate.

**AMBOY TOWNSHIP
FULTON COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2005
(Continued)**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

The appropriations ordinance is the Township's authorization to spend resources and sets limits on disbursements plus encumbrances at the level of control selected by the Township. The legal level of control has been established at the fund, department, and object level for all funds.

The certificate of estimated resources may be amended during the year if projected increases or decreases in receipts are identified by the Township Fiscal Officer. The amounts reported as the original budgeted amounts on the budgetary statements reflect the amounts on the certificate of estimated resources when the original appropriations were adopted. The amounts reported as the final budgeted amounts on the budgetary statements reflect the amounts on the amended certificated of estimated resources in effect at the time final appropriations were passed by the Township.

The appropriations resolution is subject to amendment throughout the year with the restriction that appropriations cannot exceed estimated resources. The amounts reported as the original budgeted amounts reflect the first appropriation resolution for that fund that covered the entire year. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by the Township during the year.

E. Cash and Investments

To improve cash management, cash received by the Township is pooled and invested. Individual fund integrity is maintained through Township records. Interest in the pool is presented as "Equity in Pooled Cash and Cash Equivalents".

During 2005, the Township invested in nonnegotiable certificates of deposit and STAR Ohio. The nonnegotiable certificates of deposit are reported at cost.

STAR Ohio is an investment pool, managed by the State Treasurer's Office, which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAR Ohio are valued at STAR Ohio's share price, which is the price the investment could be sold for on December 31, 2005.

Interest earnings are allocated to Township funds according to State statutes, grant requirements, or debt related restrictions. Interest receipts credited to the General Fund during 2005 was \$5,796.

F. Inventory and Prepaid Items

The Township reports disbursements for inventories and prepaid items when paid. These items are not reflected as assets in the accompanying financial statements.

G. Capital Assets

Acquisitions of property, plant and equipment are recorded as disbursements when paid. These items are not reflected as assets in the accompanying financial statements.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

H. Employer Contributions to Cost-Sharing Pension Plans

The Township recognizes the disbursement for employer contributions to cost-sharing pension plans when they are paid. As described in Notes 9 and 10, the employer contributions include portions for pension benefits and for postretirement health care benefits.

I. Long-Term Obligations

The Township's modified cash basis financial statements do not report liabilities for bonds or other long-term obligations. Proceeds of debt are reported when the cash is received and principal and interest payments are reported when paid.

J. Net Assets

Net assets are reported as restricted when there are limitations imposed on their use either through enabling legislation or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. Net assets restricted for other purposes include resources restricted for road and bridge construction, maintenance, and repair, fire protection, and cemetery maintenance.

The Township's policy is to first apply restricted resources when an obligation is incurred for purposes for which both restricted and unrestricted net assets are available.

K. Fund Balance Reserves

Unreserved fund balance indicates that portion of fund balance which is available for appropriation in future periods.

NOTE 3 - CHANGE IN BASIS OF ACCOUNTING

Last year the Township reported fund financial statements by fund type using the regulatory basis of accounting as prescribed by the State Auditor's Office. This year the Township has implemented the modified cash basis of accounting described in note 2. The fund financial statements now present each major fund in a separate column with nonmajor funds aggregated and presented in a single column, rather than a column for each fund type.

NOTE 4 - COMPLIANCE

Contrary to Ohio law, the Township did not obtain an amended certificate for \$67,500 or appropriate it resulting in budgetary expenditures exceeded appropriation authority in the Issue II Capital Project fund.

NOTE 5 - BUDGETARY BASIS OF ACCOUNTING

The budgetary basis as provided by law is based upon accounting for certain transactions on the basis of cash receipts, disbursements, and encumbrances. The Statement of Receipts, Disbursements and Changes in Fund Balance - Budget and Actual - Budgetary Basis presented for the general fund and major special revenue funds are prepared on the budgetary basis to provide a meaningful comparison of actual results with the budget. There are no differences between the budgetary basis and the modified cash basis in as much as the Township cancels outstanding year end encumbrances.

FULTON COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2005

NOTE 6 - DEPOSITS AND INVESTMENTS

Monies held by the Township are classified by State statute into three categories.

Active monies are public monies determined to be necessary to meet current demands upon the Township treasury. Active monies must be maintained either as cash in the Township treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the Trustees have identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts, including passbook accounts.

Interim monies held by the Township can be deposited or invested in the following securities:

1. United States Treasury bills, bonds, notes, or any other obligation or security issued by the United States Treasury, or any other obligation guaranteed as to principal and interest by the United States;
2. Bonds, notes, debentures, or any other obligation or security issued by any federal government agency or instrumentality including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above provided the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least 2 percent and be marked to market daily, and the term of the agreement must not exceed thirty days;
4. Bonds and other obligations of the State of Ohio or Ohio local governments;
5. Time certificates of deposit or savings or deposit accounts including, but not limited to, passbook accounts;
6. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
7. The State Treasurer's investment pool (STAR Ohio).

**AMBOY TOWNSHIP
FULTON COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2005
(Continued)**

NOTE 6 - DEPOSITS AND INVESTMENTS – (Continued)

Investments in stripped principal or interest obligations, reverse repurchase agreements, and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage, and short selling are also prohibited. An investment must mature within five years from the date of purchase, unless matched to a specific obligation or debt of the Township, and must be purchased with the expectation that it will be held to maturity. Investments may only be made through specified dealers and institutions.

Deposits

The Township has no deposit policy for custodial risk beyond the requirements of State statute. Ohio law requires that deposits be either insured or be protected by eligible securities pledged to and deposited either with the Township or a qualified trustee by the financial institution as security for repayment, or by a collateral pool of eligible securities deposited with a qualified trustee and pledged to secure the repayment of all public monies deposited in the financial institution whose market value at all times shall be at least one hundred five percent of the deposits being secured.

Investments

As of December 31, 2005, the Township had the following investments:

	<u>Carrying Value</u>	<u>Average Rate</u>
STAR Ohio	<u>\$140,298</u>	3.06%

STAR Ohio carries a rating of AAAM by Standard and Poor's. The Township has no investment policy dealing with investment credit risk beyond the requirements in state statutes. Ohio law requires that STAR Ohio maintain the highest rating provided by at least one nationally recognized standard rating service and that the money market fund be rated in the highest category at the time of purchase by at least one nationally recognized standard rating service.

NOTE 7 - PROPERTY TAXES

Property taxes include amounts levied against all real property, public utility property, and tangible personal property located in the Township. Real property tax receipts received in 2005 represent the collection of 2004 taxes. Real property taxes received in 2005 were levied after October 1, 2004, on the assessed values as of January 1, 2004, the lien date. Assessed values for real property taxes are established by State statute at 35 percent of appraised market value. Real property taxes are payable annually or semiannually. If paid annually, payment is due December 31; if paid semiannually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, State statute permits alternate payment dates to be established.

Public utility property tax receipts received in 2005 represent the collection of 2004 taxes. Public utility real and tangible personal property taxes received in 2004 became a lien on December 31, 2003, were levied after October 1, 2004, and are collected with real property taxes. Public utility real property is assessed at 35 percent of true value; public utility tangible personal property is currently assessed at varying percentages of true value.

**AMBOY TOWNSHIP
FULTON COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2005
(Continued)**

NOTE 7 - PROPERTY TAXES – (Continued)

Tangible personal property tax receipts received in 2005 (other than public utility property) represent the collection of 2005 taxes. Tangible personal property taxes received in 2005 were levied after October 1, 2004, on the true value as of December 31, 2004. Tangible personal property is currently assessed at 25 percent of true value for capital assets and 23 percent for inventory. Amounts paid by multi-county taxpayers are due September 20. Single county taxpayers may pay annually or semiannually. If paid annually, the first payment is due April 30; if paid semiannually, the first payment is due April 30, with the remainder payable by September 20.

The full tax rate for all Township operations for the year ended December 31, 2005, was \$48.30 per \$1,000 of assessed value. The assessed values of real property, public utility property, and tangible personal property upon which 2005 property tax receipts were based are as follows:

Real Property	
Residential	\$22,045,780
Agriculture	7,032,820
Commercial/Industrial	3,139,950
Public Utility Property	
Real	44,800
Personal	3,417,700
Tangible Personal Property	2,946,293
Total Assessed Value	<u>\$38,627,343</u>

NOTE 8 - RISK MANAGEMENT

The Township is exposed to various risks of property and casualty losses, and injuries to employees.

The Township insures against injuries to employees through the Ohio Bureau of Worker's Compensation.

The Government belongs to the Ohio Township Association Risk Management Authority (OTARMA), a risk-sharing pool available to Ohio townships. OTARMA provides property and casualty coverage for its members. OTARMA is a member of the American Public Entity Excess Pool (APEEP). Member townships pay annual contributions to fund OTARMA. OTARMA pays judgments, settlements and other expenses resulting from covered claims that exceed the members' deductibles.

Casualty Coverage

OTARMA retains casualty risks up to \$250,000 per occurrence, including claim adjustment expenses. OTARMA pays a percentage of its contributions to APEEP. APEEP reinsures claims exceeding \$250,000, up to \$1,750,000 per claim and \$10,000,000 in the aggregate per year. Townships can elect additional coverage, from \$2,000,000 to \$12,000,000 with the General Reinsurance Corporation, through contracts with OTARMA.

If losses exhaust OTARMA's retained earnings, APEEP provides *excess of funds available* coverage up to \$5,000,000 per year, subject to a per-claim limit of \$2,000,000.

**AMBOY TOWNSHIP
FULTON COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2005
(Continued)**

NOTE 8 - RISK MANAGEMENT – (Continued)

Property Coverage

Through 2004, OTARMA retained property risks, including automobile physical damage, up to \$100,000 on any specific loss in any one occurrence. The Travelers Indemnity Company reinsured losses exceeding \$100,000 up to \$500 million per occurrence. APEEP's Guarantee Fund was responsible for losses and loss adjustment expenses exceeding operating contributions.

Beginning in 2005, Travelers reinsures specific losses exceeding \$250,000 up to \$600 million per occurrence. APEEP reinsures members for specific losses exceeding \$100,000 up to \$250,000 per occurrence, subject to an annual aggregate loss payment. Travelers provides aggregate stop-loss coverage based upon the combined members' total insurable value. If the stop loss is reached by payment of losses between \$100,000 and \$250,000, Travelers will reinsure specific losses exceeding \$100,000 up to their \$600 million per occurrence limit. The aggregate stop-loss limit for 2005 was \$1,682,589.

The aforementioned casualty and property reinsurance agreements do not discharge OTARMA's primary liability for claims payments on covered losses. Claims exceeding coverage limits are the obligation of the respective township.

Property and casualty settlements did not exceed insurance coverage for the past three fiscal years.

Members may withdraw on each anniversary of the date they joined OTARMA. They must provide written notice to OTARMA 60 days in advance of the anniversary date. Upon withdrawal, members are eligible for a full or partial refund of their capital contribution, minus the subsequent year's premium. Also upon withdrawal, payments for all property and casualty claims and claim expenses become the sole responsibility of the withdrawing member, regardless of whether a claim was incurred or reported prior to the withdrawal.

Financial Position

OTARMA's financial statements (audited by other accountants) conform with generally accepted accounting principles, and reported the following assets, liabilities and retained earnings at December 31, 2005 and 2004

<u>Casualty Coverage</u>	<u>2005</u>	<u>2004</u>
Assets	\$30,485,638	\$28,132,620
Liabilities	<u>(12,344,576)</u>	<u>(11,086,379)</u>
Retained earnings	<u>\$18,141,062</u>	<u>\$17,046,241</u>
<u>Property Coverage</u>	<u>2005</u>	<u>2004</u>
Assets	\$9,177,796	\$7,588,343
Liabilities	<u>(1,406,031)</u>	<u>(543,176)</u>
Retained earnings	<u>\$7,771,765</u>	<u>\$7,045,167</u>

NOTE 8 - RISK MANAGEMENT – (Continued)

The Casualty Coverage assets and retained earnings above include approximately \$11.6 million and \$10.3 million of unpaid claims to be billed to approximately 950 member townships in the future, as of December 31, 2005 and 2004, respectively. OTARMA will collect these amounts in future annual premium billings when OTARMA's related liabilities are due for payment. The Township's share of these unpaid claims is approximately \$19,818.

NOTE 9 - DEFINED BENEFIT PENSION PLAN

Ohio Public Employees Retirement System

The Township participates in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans. The traditional plan is a cost-sharing, multiple-employer defined benefit pension plan. The member-directed plan is a defined contribution plan in which the member invests both member and employer contributions (employer contributions vest over five years at 20 percent per year). Under the member directed plan, members accumulate retirement assets equal to the value of the member and vested employer contributions plus any investment earnings.

The combined plan is a cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and a defined contribution plan. Under the combined plan, employer contributions are invested by the retirement system to provide a formula retirement benefit similar to the traditional plan benefit. Member contributions, whose investment is self-directed by the member, accumulate retirement assets in a manner similar to the member directed plan.

OPERS provides retirement, disability, survivor and death benefits and annual cost of living adjustments to members of the traditional and combined plans. Members of the member directed plan do not qualify for ancillary benefits. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report that may be obtained by writing to OPERS, 277 East Town Street, Columbus, OH 43215-4642 or by calling (614) 222-6705 or (800) 222-7377.

For the year ended December 31, 2005, the members of all three plans were required to contribute 8.5 percent of their annual covered salaries. The Township's contribution rate for pension benefits for 2005 was 9.55 percent. The Ohio Revised Code provides statutory authority for member and employer contributions.

The Township's required contributions for pension obligations to the traditional and combined plans for the years ended December 31, 2005, 2004, and 2003, were \$8,991, \$8,403, and \$7,589 respectively. The full amount has been contributed for 2005, 2004, and 2003.

NOTE 10 - POSTEMPLOYMENT BENEFITS

Ohio Public Employees Retirement System

The Ohio Public Employees Retirement System (OPERS) provides postretirement health care coverage to age and service retirees with ten or more years of qualifying Ohio service credit with either the traditional or combined plans. Health care coverage for disability recipients and primary survivor recipients is available. Members of the member-directed plan do not qualify for postretirement health care coverage. The health care coverage provided by the retirement system is considered an Other Postemployment Benefit as described in *GASB Statement No. 12*. A portion of each employer's contribution to the traditional or combined plans is set aside for the funding of postretirement health care based on authority granted by State statute. The 2005 local government employer contribution rate was 13.55 percent of covered payroll; 4.00 percent of covered payroll was the portion that was used to fund health care.

Benefits are advance-funded using the entry age normal actuarial cost method. Significant actuarial assumptions, based on OPERS's latest actuarial review performed as of December 31, 2003, include a rate of return on investments of 8.00 percent, an annual increase in active employee total payroll of 4.00 percent compounded annually (assuming no change in the number of active employees) and an additional increase in total payroll of between .50 percent and 6.3 percent based on additional annual pay increases. Health care premiums were assumed to increase between 1.00 and 6.00 percent annually for the next eight years and 4.00 percent annually after eight years.

All investments are carried at market. For actuarial valuation purposes, a smoothed market approach is used. Assets are adjusted to reflect 25 percent of unrealized market appreciation or depreciation on investment assets annually.

The number of active contributing participants in the traditional and combined plans was 376,109. Actual employer contributions for 2005 which were used to fund postemployment benefits were \$2,654. The actual contribution and the actuarially required contribution amounts are the same. OPERS's net assets available for payment of benefits at December 31, 2004, (the latest information available) were \$10.8 billion. The actuarially accrued liability and the unfunded actuarial accrued liability were \$29.5 billion and \$18.7 billion, respectively.

On September 9, 2004, the OPERS Retirement Board adopted a Health Care Preservation Plan (HCPP) with an effective date of January 1, 2007. In addition to the HCPP, OPERS has taken additional action to improve the solvency of the Health Care Fund in 2005 by creating a separate investment pool for health care assets. As an additional component of the HCPP, member and employer contribution rates increased as of January 1, 2006, which will allow additional funds to be allocated to the health care plan.

NOTE 11 - DEBT

The Township's long-term debt activity for the year ended December 31, 2005, was as follows:

<u>Governmental Activities</u>	<u>Interest Rate</u>	<u>Balance 12/31/04</u>	<u>Additions</u>	<u>Reductions</u>	<u>Balance 12/31/05</u>	<u>Due Within One Year</u>
General Obligation Note 2001 Issue (\$120,000)	5.50%	<u>\$36,000</u>		<u>\$24,000</u>	<u>\$12,000</u>	<u>\$12,000</u>

The general obligation note is supported by the full faith and credit of the Township and is payable from voted property tax receipts to the extent that other resources are not available to meet annual principal and interest payments.

The following is a summary of the Township's future annual debt service requirements:

Year	<u>G.O. Note</u>	
	<u>Principal</u>	<u>Interest</u>
2006	<u>\$12,000</u>	<u>\$330</u>

The Ohio Revised Code provides that net general obligation debt of the Township, exclusive of certain exempt debt, issued without a vote of the electors shall never exceed 5.5 percent of the tax valuation of the Township. The Revised Code further provides that total voted and unvoted net debt of the Township less the same exempt debt shall never exceed amount equal to 10.5 percent of its tax valuation. The effects of the debt limitations at December 31, 2005, were an overall debt margin of \$4,043,871 and an unvoted debt margin of \$2,124,504.

**INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
REQUIRED BY *GOVERNMENT AUDITING STANDARDS***

Amboy Township
Fulton County
2650 County Road S
P.O. Box 172
Metamora, Ohio 43540-0172

To the Board of Trustees:

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Amboy Township, Fulton County, (the Township) as of and for the year ended December 31, 2005, which collectively comprise the Township's basic financial statements and have issued our report thereon dated September 21, 2006, wherein we noted that the Township revised its financial statement presentation comparable to the requirements of Governmental Accounting Standards Board statement No. 34, *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments*. We also noted the Township uses the Auditor of State's Uniform Accounting Network (UAN) to process its financial transactions. *Government Auditing Standards* considers this service to impair the Auditor of State's independence to audit the Township because the Auditor of State designed, developed, implemented, and as requested, operates UAN. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Township's internal control over financial reporting to determine our auditing procedures in order to express our opinion on the financial statements and not to opine on the internal control over financial reporting. Our consideration of the internal control would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts material to the financial statements we audited may occur and not be timely detected by employees when performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider material weaknesses.

Compliance and Other Matters

As part of reasonably assuring whether the Township's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express an opinion. The results of our tests disclosed an instance of noncompliance that is required to be reported under *Government Auditing Standards* which is described in the accompanying schedule of findings as item 2005-001. Also, in a separate letter to the Township's management dated September 21, 2006, we reported a matter related to noncompliance we deemed immaterial.

We intend this report solely for the information and use of the audit committee, management, and the Board of Trustees. It is not intended for anyone other than these specified parties.

FINDING NUMBER 2005-001

Noncompliance Citation

Ohio Revised Code § 5705.41(B) prohibits a subdivision from making expenditure unless it has been properly appropriated. In Ohio, the legal level of control is the level at which the appropriation measure is passed by the legislative authority of a local government. Also, Ohio Revised Code § 5705.36 allows subdivisions to request increased amended certificates of estimated resources upon determination by the fiscal officer that revenue to be collected will be greater than the amount in the official certificate of estimated resources.

The Township received Issue II monies from the Ohio Public Works Commission related to the County Road 6 project in 2005. The Township did not obtain an amended certificate for \$67,500 or appropriate it resulting in expenditures exceeding appropriations in the Issue II Capital Projects Fund for the year ending December 31, 2005.

We recommend the Clerk and Board of Trustees review and implement the budgetary requirements as outlined in the aforementioned Ohio Revised Code Sections and in Auditor of State Bulletin 2002-004, Ohio Public Works Commission Infrastructure Project Accounting (Issue II Money).
