

BOWLING GREEN CITY SCHOOL DISTRICT

FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2005

**Auditor of State
Betty Montgomery**

Board of Education
Bowling Green City School District
Bowling Green, Ohio

We have reviewed the *Independent Auditors' Report* of the Bowling Green City School District, Wood County, prepared by Weber O'Brien, Ltd, for the audit period July 1, 2004 through June 30, 2005. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Bowling Green City School District is responsible for compliance with these laws and regulations.

A handwritten signature in cursive script that reads "Betty Montgomery".

BETTY MONTGOMERY
Auditor of State

INDEPENDENT AUDITORS' REPORT

Board of Education
Bowling Green City School District
140 Grove Street
Bowling Green, OH 43402

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Bowling Green City School District ("District"), as of and for the year ended June 30, 2005, which collectively comprise the District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the District's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Bowling Green City School District as of June 30, 2005, and the respective changes in financial position and cash flow, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States.

The management's discussion and analysis and budgetary comparison information on pages 3 through 8 and page 38 are not a required part of the basic financial statements but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and express no opinion on it.

In accordance with *Government Auditing Standards*, we have also issued our report dated November 10, 2005 on our consideration of the Bowling Green City School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Bowling Green City School District's basic financial statements. The accompanying schedule of expenditures of federal awards on page 39 is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments and Non-Profit Organizations*, and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Weber O'Brien Ltd.

November 10, 2005

BOWLING GREEN CITY SCHOOL DISTRICT

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2005

The Management's Discussion and Analysis is required by GASB Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*. The purpose of this supplementary information is to provide a narrative overview of the accompanying financial statements.

OVERVIEW OF THE FINANCIAL STATEMENTS

These basic financial statements include two kinds of statements that present different views of the District:

Government-wide Statements - These financial statements provide both long-term and short-term information about the District's overall financial status.

Fund Financial Statements – These statements focus on individual parts of the District, reporting the District's operations in more detail than the Government-wide financial statements.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data.

Government-wide Statements

The Government-wide statements report information about the District as a whole using accounting similar to those used by private-sector companies. The Statement of Net Assets includes all of the District's assets and liabilities. All of the current year's revenues and expenses are accounted for in the Statement of Activities regardless of when cash is received or paid.

The two Government-wide statements report the District's net assets and how they have changed. Net assets (the difference between the District's assets and liabilities) are one way to measure the District's financial health or position.

- Over time, increases or decreases in the District's net assets are an indicator of whether its financial health is improving or deteriorating, respectively.
- To assess the overall health of the District one needs to consider additional nonfinancial factors such as property tax base, current property tax laws, and student enrollment growth and facility conditions.

The Government-wide financial statements of the District fall into two categories:

- **Governmental Activities** – Most of the District's programs and services are reported here including instruction, support services, non-instructional and extracurricular activities.
- **Business-type Activities** – The District operates a food service program and provides for the sale of student supplies. These activities are intended to be self-supporting.

BOWLING GREEN CITY SCHOOL DISTRICT

*Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2005*

Fund Financial Statements

The fund financial statements provide more detailed information about the District's most significant funds rather than the District as a whole. Funds are accounting devices that the District uses to keep track of specific sources of funding and spending for particular purposes.

Governmental Funds – Most of the District's activities are reported in Governmental Funds, which focus on (a) how money flows into and out of those funds and (b) the balances left at year-end for spending in future periods. These funds are reported using an accounting method called modified accrual accounting. This method measures cash and all other financial assets that can readily be converted to cash. The Governmental Fund statements provide a detailed short-term view of the District's general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or difference) between governmental activities (reported in the Government-wide statements) and governmental funds is reconciled in the financial statements.

Proprietary Funds – The District uses enterprise funds to report activities for which fees are charged. These enterprise funds are the same as business-type activities, but provide more detail and additional information such as cash flows.

Fiduciary Funds – The District is the agent, or fiduciary, for various student-managed activity programs and other similar programs listed as agency funds. All of the District's fiduciary activities are reported in a separate Statement of Fiduciary Net Assets. We exclude these activities from the District's other financial statements because the assets cannot be utilized by the District to finance its operations.

FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE

Net Assets – The following table shows a comparative analysis of net assets for the fiscal years ended June 30, 2005 and 2004:

	Governmental Activities			Business-type Activities

Governmental Activities

The unique nature of property taxes in Ohio creates the need to routinely seek voter approval for operating funds. The overall revenue generated by a voted levy does not increase solely as a result of inflation. As an example, a homeowner with a home with an assessed value of \$100,000 and taxed at 1.0 mill would pay \$35 in taxes at the time the levy is voted in. If during the County's reappraisal the home's assessed value was increased to \$200,000 (and this increase is comparable to increases for other property owners in the neighborhood) the effective tax rate would become 0.5 mills and the owner would continue to pay \$35 in property tax. However, the effective total millage cannot be reduced below 20 mills according to state statute. This maintenance of the amount of property taxes generated coupled with the state funding method cause school districts to regularly return to voters in order for revenues to keep pace with expenses. In addition to property taxes, residents of the school district pay .5% (one-half percent) of their income in school district income tax. Since the District must rely heavily on voter approval of operating tax issues, management of District resources is of utmost concern to both the administration and the voting public. The District uses a five-year financial forecast to determine whether current tax levies can sustain operations. The current forecast reflects a need for additional operating resources in fiscal year 2009 based upon the assumptions used.

Property and income taxes made up 60.5% of revenues for governmental activities of the Bowling Green City School District in fiscal year 2005, a slight increase from 2004 levels of 59.8%. Property tax revenues increased in fiscal year 2005 because of an additional 3.8 mill levy passed by the voters effective January 1, 2004. Since the new levy was effective half-way through fiscal year 2004, fiscal year 2005 was the first full year of collection of the levy. The increase in the tax rate also results in additional receivables, as well as deferred revenues, at June 30, 2005 which are the principal accounts causing the increases in current assets and other liabilities, respectively. The following table demonstrates the District's reliance upon tax revenues:

BOWLING GREEN CITY SCHOOL DISTRICT

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2005

Revenue Source	2005		2004	
	Amount	% of Total	Amount	% of Total
General tax revenues	\$ 18,322,579	60.5%	\$ 17,119,990	59.8%
Unrestricted grants	8,842,879	29.2%	8,824,821	30.8%
Program revenues	1,879,491	6.2%	1,531,706	5.3%
Other revenues	1,251,902	4.1%	1,173,246	4.1%
Total Revenue	\$ 30,296,851	100.0%	\$ 28,649,763	100.0%

The District also saw an increase in other revenues in fiscal year 2005 resulting from higher interest rates for investment earnings, additional extracurricular activity and charges to other school districts for services. Increased benefit costs, negotiated pay increases and pay increases resulting from educational advancements for certificated/licensed staff members resulted in higher instructional expenditures during fiscal year 2005. Both of these fiscal years had similar accrued wages and benefits due to how pay dates occurred.

Business-type Activities

Business-type activities include food service and uniform school supplies resale. Student lunch purchases again increased during fiscal year 2005 with the introduction of additional food products into the food service program as well as promotion of the food service program. This continued interest in the lunch program again resulted in an increase in the federal free and reduced lunch grant program. These programs had a decrease in net assets of \$62,000 in 2005 which was about one-fourth less than the decrease in net assets for fiscal year 2004. Funds were reinvested in materials to increase efficiencies in operations for the food service program. Although the net assets balance is still very healthy, management will keep a watch on future operations.

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

The District's Governmental Funds reported a combined fund balance of \$9,918,145. This is an overall increase of \$756,221 from the restated June 30, 2004 total of \$9,161,924. Due to implementation of GASB Technical Bulletin 2004-2 "Recognition of Pension and Other Postemployment Benefit Expenditures/Expenses and Liabilities by Cost-Sharing Employers", the June 30, 2004 fund balance was restated to reflect the effects of this accounting treatment in the prior year for comparative purposes. The schedule below indicates the fund balance and total change in fund balance by fund type as of June 30, 2005 and 2004.

	Fund Balance June 30, 2005	Restated Fund Balance June 30, 2004	Increase (Decrease)
General Fund	\$ 6,401,115	\$ 6,613,331	\$ (212,216)
Other Governmental	3,517,030	2,548,593	968,437
Total	\$ 9,918,145	\$ 9,161,924	\$ 756,221

The District's General Fund balance decreased even though property tax revenues increased, primarily because increases in personnel costs outpaced revenue. A significant portion of the increase in Other Governmental funds can be attributed to additional monies set aside to fund imminent severance benefits. The District's reserves for capital projects has also been increased pending final decisions on facility projects.

BOWLING GREEN CITY SCHOOL DISTRICT

*Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2005*

General Fund Budgetary Highlights

The Board approved amendments to the General Fund appropriations for rising fuel costs and to transfer funds for severance benefits mentioned previously.

Budgeted revenues were affected by higher tax collections than originally estimated.

CAPITAL ASSETS AND LONG-TERM OBLIGATIONS ADMINISTRATION

Capital Assets

At June 30, 2005, the District had net capital assets in the amount of \$8,933,672 invested in land, buildings and improvements, furniture and equipment, and vehicles. Quite a bit of obsolete equipment and furniture was disposed of at the end of the school year. The district owns no infrastructure. The following table presents comparative balances for fiscal years 2005 and 2004:

	Governmental Activities		Business-type Activities		Total	Total	Total
	2005	2004	2005	2004	2005	2004	Increase (Decrease)
Land	\$ 289,510	\$ 289,510	\$ -	\$ -	\$ 289,510	\$ 289,510	\$ -
Buildings & Improvements	14,933,072	14,903,534	-	-	14,933,072	14,903,534	29,538
Furniture & Equipment	3,697,544	4,031,504	327,170	318,941	4,024,714	4,350,445	(325,731)
Vehicles	1,869,017	1,755,547	-	-	1,869,017	1,755,547	113,470
Accumulated depreciation	(11,855,471)	(11,586,129)	(232,991)	(221,290)	(12,088,462)	(11,807,419)	(281,043)
Net Capital Assets	\$ 8,933,672	\$ 9,393,966	\$ 94,179	\$ 97,651	\$ 9,027,851	\$ 9,491,617	\$ (463,766)

Long-term Obligations

At June 30, 2005, the District's governmental activities had long-term liabilities totaling \$5,230,759. These are comprised of \$2,035,000 in outstanding general obligation bonds with \$290,000 due within one year, an outstanding capital lease balance for bus purchases in the amount of \$136,986 and probable payments for compensated absences in the amount of \$3,058,773.

Under current state statutes, the District's debt issues are subject to a legal limitation of 9% of the total assessed value of real and personal property. At June 30, 2005, the District's outstanding debt was well below the legal limit.

ECONOMIC FACTORS

School district income tax collections were almost 5% higher in fiscal year 2005 than fiscal year 2004 which is indicative of a recovering local economy. Interest rates turned around in fiscal year 2005 resulting in increased earnings on available cash.

State foundation funding has remained flat. This funding is based upon assessed local property values. Because property values in the District have increased, the foundation formula assumes that property taxes also increase thereby reducing the District's need for state funding. However, as discussed in the Financial Analysis section of this narrative, property taxes do not actually grow with increased property values. For the last several years, the District has been on the "fiscal year 1998 guarantee" for state

BOWLING GREEN CITY SCHOOL DISTRICT

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2005

foundation funding. This means the District has been guaranteed to receive the same amount of funding as it did seven years ago even though, based upon property values, state funding should be significantly less than received in fiscal year 1998. While management is appreciative that actual state funding is no lower than in 1998, operating costs have steadily risen far beyond those levels. Thus, the District is forced to seek additional taxes from its citizens to compensate for the lack of growth in state funding. The latest tax levy was sought in May, 2005, when voters approved a 2.3 replacement levy with a 1.9 mill increase that will be collected beginning in January, 2006.

Significant changes were implemented in the tax structure by the Ohio General Assembly beginning in the next fiscal year. Effective January 1, 2006, HB 66 phases out tangible personal property tax over a four year period. These taxes comprise approximately 10% of the District's revenues. HB 66 provides for "hold harmless" payments to replace these revenues through 2010 at which time these payments are scheduled to be phased out. The "hold harmless" payments will be in declining amounts to reflect the phase-out of the inventory portion of tangible personal property that was already in law prior to the passage of HB 66.

Several court decisions have been issued as a result of the school funding cases filed against the State. The Supreme Court relinquished jurisdiction over the case in late 2002 and directed the Ohio General Assembly to enact a school-funding scheme that is thorough and efficient. It is unknown what effect, if any, this decision will have on future funding the District receives from the State.

The Board of Education and the Administration of the Bowling Green City School District have committed themselves to providing a sound educational program for the citizens of the District while maintaining fiscal integrity. To aid in accomplishing these goals, South Main Elementary School was retired as an educational facility at the end of the 2004-2005 school year.

Contacting the District's Financial Management

This financial report is designed to provide our citizens, taxpayers, investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. Inquiries about this report may be directed to Rhonda Melchi, Treasurer, Bowling Green City School District, 140 South Grove Street, Bowling Green, Ohio 43402.

*Reconciliation of the Statement of Revenues, Expenditures and
Changes in Fund Balances of Governmental Funds
to the Statement of Activities
For the Fiscal Year Ending June 30, 2005*

Net change in Fund Balances - Total Governmental Funds \$ 756,221

*Amounts reported for governmental activities in the statement
of activities are different because*

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation exceeded capital outlays in the current period. (437,890)

Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets and does not result in an expense in the statement of activities. 275,827

Certain expenses for compensated absences payable reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds. (28,204)

Change in Net Assets of Governmental Activities \$ 565,954

BOWLING GREEN CITY SCHOOL DISTRICT
WOOD COUNTY

NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2005

NOTE 1- DESCRIPTION OF THE SCHOOL DISTRICT

Bowling Green City School District (the District) is a body politic and corporate established for the purpose of exercising the rights and privileges conveyed to it by the constitution and laws of the State of Ohio. The District is a city district as defined by Section 3311.02, Ohio Revised Code. The District operates under an elected five member Board of Education and is responsible for provision of public education to residents of the District. The District is located in Wood County in northwest Ohio. Its boundaries include all of the City of Bowling Green and portions of surrounding townships.

Average daily membership (ADM) as of October, 2004 was 3,100.65. The District's average employment was 246 licensed/certificated employees and 123 non-certificated employees. In addition, the District employed substitute employees to cover the duties of absent bus drivers while contracting with an employment service for all other substitute employees.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the District have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The School District also applies Financial Accounting Standards Board (FASB) Statements and interpretations issued on or before November 30, 1989 to its proprietary activities provided they do not conflict or contradict GASB pronouncements. The District has elected not to apply FASB Standards and Interpretations issued after November 30, 1989. Governmental Accounting Standards Board (GASB) pronouncements are applied after this date. The District's significant accounting policies are described below.

A. The Reporting Entity

The District's reporting entity has been defined in accordance with Governmental Accounting Standards Board (GASB) Statement No. 14, The Financial Reporting Entity. The financial statements of the reporting entity include those of the District (the primary government). The District has no component units. The following organizations are described due to their relationship to the District.

Jointly Governed Organization:

Penta County Joint Vocational School District

The vocational school district is a separate body politic and corporate, established by the Ohio Revised Code (ORC) to provide vocational and special education needs of the students. The school accepts non-tuition students from the District as a member school, however, it is considered a separate political subdivision and is not considered to be part of the District. One member of the Bowling Green City Board of Education serves as a member of the Penta County Joint Vocational School District.

The District also participates in two insurance group purchasing pools, described in Note 13.

Non-public Schools

Non-public schools located within the District boundaries include: St. Aloysius and St. Louis Elementary Schools, the Montessori School of Bowling Green, Bowling Green Christian Academy and Plan, Do and Talk Primary. These non-public schools are operated independently of the District. The District receives and disburses auxiliary services money from the State for support of these non-public schools as directed by these non-public schools. The receipt and expenditure of these auxiliary services monies are accounted for by the District and are reflected in a Special

BOWLING GREEN CITY SCHOOL DISTRICT
WOOD COUNTY

NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2005

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

A. The Reporting Entity (Continued)

Revenue Fund for financial reporting purposes, but the non-public schools' operations are not reflected in the accompanying financial statements.

B. Fund Accounting

The District uses funds to report its financial position and the results of its operations. A fund is a separate accounting entity with a self-balancing set of accounts. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain school district activities or functions. Funds are classified into three categories: Governmental, Proprietary and Fiduciary. Each category is divided into separate fund types.

GOVERNMENTAL FUNDS

Governmental Funds are those through which most governmental functions of the District are financed. The acquisition, use and balances of the District's expendable financial resources and the related liabilities (except those accounted for in Proprietary Funds) are accounted for through Governmental Funds. The measurement focus is upon determination of "financial flow" (sources, uses and balances of financial resources). The following is the District's major Governmental Fund:

General Fund - The General Fund is the general operating fund of the District and is used to account for all financial resources except those required to be accounted for in another fund. The General Fund balance is available to the District for any purpose provided it is expended or transferred according to the general laws of Ohio.

PROPRIETARY FUNDS

Proprietary Funds are accounted for on an "economic resources" measurement focus. This measurement focus provides that all assets and all liabilities associated with the operation of the Proprietary Funds are included on the balance sheet. The proprietary fund operating statements present increases (i.e. revenues) and decreases (i.e. expenses) in net total assets. The following are the District's Proprietary Funds:

Enterprise Funds - Enterprise Funds are used to account for operations (a) that are financed and operated in a manner similar to private business enterprises--where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

FIDUCIARY FUNDS

Fiduciary fund reporting focuses on net assets and changes in net assets. The District's only Fiduciary Funds are Agency Funds that are custodial in nature (assets equal liabilities) and do not involve the measurement of results of operations.

BOWLING GREEN CITY SCHOOL DISTRICT
WOOD COUNTY

NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2005

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Basis of Presentation – Financial Statements

Government-wide Financial Statements

The statement of net assets and the statement of activities display information about the District as a whole. These statements include the financial activities of the primary government, except for Fiduciary Funds. The statements distinguish between those activities of the District that are governmental and those that are considered business-type activities.

The government-wide statements are prepared using the economic resources measurement focus. This is the same approach used in the preparation of the proprietary fund financial statements but differs from the manner in which Governmental Fund financial statements are prepared. Governmental Fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for Governmental Funds.

The government-wide statement of activities presents direct expenses and program revenues for each function or program of the District's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues which are not classified as program revenues are presented as general revenues of the District, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the District.

Fund Financial Statements

Fund financial statements report detailed information about the District. The focus of Governmental Fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. Enterprise funds are combined and the totals are presented in a single column on the face of the proprietary fund statements. Fiduciary Funds are reported by fund type.

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All Governmental Funds are accounted for using a current financial resources measurement focus. The financial statements for Governmental Funds are a balance sheet, which generally includes only current assets and current liabilities, and a statement of revenues, expenditures and changes in fund balances, which reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources.

All Proprietary funds are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operations of these funds are included on the statement of net assets. The statement of changes in fund net assets presents increases (revenues) and decreases (expenses) in net total assets. The statement of cash flows provides information about how the District finances and meets the cash flow needs of its proprietary activities.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operation. The principal operating revenues of the District's enterprise funds

BOWLING GREEN CITY SCHOOL DISTRICT
WOOD COUNTY

NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2005

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Basis of Presentation – Financial Statements (Continued)

are charges for sales and services. Operating expenses for enterprise funds include the cost of sales and services. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

D. Basis of Accounting

Basis of accounting represents the methodology utilized in the recognition of revenues and expenditures or expenses reported in the financial statements. The accounting and reporting treatment applied to a fund is determined by its measurement focus.

Government-wide, proprietary and fiduciary fund financial statements measure and report all assets, liabilities, revenues, expenses, gains and losses using the economic resources measurement focus and accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The modified accrual basis of accounting is followed by the Governmental Funds. Under the modified accrual basis of accounting, revenues are recognized when they become both measurable and available to finance expenditures of the current period. "Measurable" means the amount of the transaction can be determined while "available" means collectible within the current fiscal year or soon enough thereafter to be used to pay liabilities of the current fiscal year. The available period for the District is sixty days after the June 30 year-end.

In applying the susceptible to accrual concept under the modified accrual basis, the following revenue sources are deemed both measurable and available: interest, tuition, student fees, and property and income taxes.

Nonexchange transactions, in which the District receives value without directly giving equal value in return, include property taxes, grants, entitlements and donations. On the modified accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied and the resources are available. Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been met and the resources are available.

The District reports deferred revenues on its balance sheet. Deferred revenues arise when a potential revenue does not meet both the measurable and available criteria for recognition in the current period. In the subsequent period, when both revenue recognition criteria are met, the liability for deferred revenue is removed from the combined balance sheet and revenue is recognized. Property taxes measurable as of June 30, 2005, and delinquent property taxes whose availability is indeterminable and which are intended to finance fiscal year 2005 operations, have been recorded as deferred revenue.

The accrual basis of accounting is utilized for reporting purposes by the government-wide financial statements, Proprietary Funds and the Fiduciary Funds. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recognized when they are incurred. The fair value of donated commodities used during the year is reported in the operating statement as an expense with a like amount reported as donated commodities revenue.

On the accrual basis of accounting, revenue from nonexchange transactions, such as grants, entitlements and donations, is recognized in the fiscal year in which all eligibility requirements have been met. The Proprietary Funds receive no revenue from property taxes.

BOWLING GREEN CITY SCHOOL DISTRICT
WOOD COUNTY

NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2005

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. Budgets

The District is required by state statute to adopt an annual appropriated cash basis budget for all funds while only major Governmental Funds are required to be reported in these financial statements. The specific timetable for fiscal year 2005 is as follows:

1. Pursuant to Section 5705.281, ORC, the Wood County Budget Commission has waived the requirement for school districts to adopt a tax budget. In place of the tax budget, the District must submit an estimate of revenues for the fiscal year commencing the following July 1 for all funds by no later than January 20 of the preceding fiscal year.
2. Prior to April 1, the Board of Education accepts, by formal resolution, the tax rates as determined by the Budget Commission and receives the Commission's Certificate of Estimated Resources which states the projected revenue of each fund. Prior to July 1, the District must prepare a budget in which total contemplated expenditures from any fund during the ensuing year will not exceed the amount stated in the Certificate of Estimated Resources. This budget then serves as a basis for the appropriation measure. On or about July 1, the Certificate is amended to include any unencumbered balances from the preceding year as reported by the District Treasurer. The Certificate may be further amended during the year if projected increases or decreases in revenue are identified by the District Treasurer. The amounts reported in the budgetary statement reflect the amounts set forth in the Amended Official Certificate of Estimated Resources and the final Amended Certificate issued for fiscal year 2005.
3. By July 1, the annual appropriation resolution is legally enacted by the Board of Education. While the District uses an expenditure account coding system consisting of a minimum of fund number, a four digit function, and a three digit object, the Board adopted appropriation is at the fund and first digit of function level of expenditures for the General Fund and at the fund level for all other district funds. These are considered the legal levels of budgetary control. Administrative control is maintained through the establishment of more detailed line-item budgets. (State statute permits a temporary appropriation to be effective until no later than October 1 of each year.) Resolution appropriations by fund must be within the estimated resources as certified by the County Budget Commission and the total of expenditures and encumbrances may not exceed the appropriation totals.
4. Any revisions that alter the total of any fund appropriation or alter first digit function appropriations within the General Fund must be approved by the Board of Education.
5. Formal budgetary integration is employed as a management control device during the year for all funds consistent with the general obligation bond indenture and other statutory provisions. All departments/functions and funds completed the year within the amount of their legally authorized cash basis appropriation.
6. Appropriation amounts are as originally adopted, or as amended by the Board of Education through the year by supplemental appropriations which either reallocated or increased the original appropriated amounts. All supplemental appropriations were legally enacted by the Board during fiscal 2005.

WOOD COUNTY

NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2005

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. Budgets (Continued)

7. Unencumbered appropriations lapse at year-end. Encumbered appropriations are carried forward to the succeeding fiscal year and need not be re-appropriated. Expenditures plus encumbrances may not legally exceed budgeted appropriations at the fund, first digit function level for the General fund and the fund level for all other funds.

Encumbrance accounting is utilized with District funds in the normal course of operations, for purchase orders and contract-related expenditures. An encumbrance is a reserve on the available spending authority due to commitment for a future expenditure and does not represent a liability. For Governmental Funds, encumbrances outstanding at year-end appear as a reserve to the fund balance on the balance sheet and as the equivalent of expenditures on a non-GAAP budgetary basis in order to demonstrate legal compliance.

F. Cash and Investments

Cash received by the District is deposited in a central bank account with individual fund balance integrity maintained. Monies for all funds are maintained in this account or temporarily used to purchase short-term cash equivalent investments (maturity date within three months of the date acquired by the District) which are stated at cost. State statutes authorize the District to invest in obligations of the U.S. Treasury, commercial paper and repurchase agreements. Under existing Ohio statutes, all investment earnings are credited to the General Fund except those specified according to Board Resolution. Interest earnings are allocated to these funds based on average monthly cash balances. Interest revenue credited to the General fund during fiscal year 2005 amounted to \$280,905 while interest in the amount of \$10,421 was credited to other District funds.

Except for nonparticipating investment contracts, investments are reported at fair value which is based on quoted market prices. Nonparticipating investment contracts such as repurchase agreements and nonnegotiable certificates of deposit are reported at cost. Money market investments are short-term, highly liquid debt instruments including commercial paper, banker's acceptances and U.S. Treasury and agency obligations.

The District has invested funds in the State Treasury Asset Reserve of Ohio (STAR Ohio) during fiscal year 2005. STAR Ohio is an investment pool managed by the State Treasurer's Office which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAR Ohio are valued at STAR Ohio's share price which is the price the investment could be sold for on June 30, 2005.

For purposes of the combined statement of cash flows and for presentation on the balance sheet, investments of the cash management pool and investments with original maturities of three months or less at the time of purchase by the District are considered to be cash equivalents. Investments with an initial maturity of more than three months are reported as investments.

An analysis of the Treasurer's investment account at year end is provided in Note 5.

YEAR ENDED JUNE 30, 2005

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

G. Inventory

Inventories for all Governmental Funds are valued at cost (first-in/first out method). The purchase method is used to account for inventories. Under the purchase method, inventories are recorded as expenditures when purchased; however, material amounts of inventories at period-end are reported as assets of the respective fund, which are equally offset by a fund balance reserve which indicates they are unavailable for appropriation even though they are a component of reported assets.

Inventories of Proprietary Funds are valued at the lower of cost (first-in/first-out method) or market and expensed when used rather than when purchased.

H. Prepaids

Prepayments for Governmental Funds represent cash disbursements which have occurred and are therefore not current expendable resources. These items are reported as fund assets on the balance sheet using the allocation method, which amortizes their cost over the periods benefiting from the advance payment. At period-end, because prepayment is not available to finance future Governmental Fund expenditures, the fund balance is reserved by an amount equal to the carrying value of the asset.

I. Capital Assets and Depreciation

Property, Plant and Equipment – Governmental Activities

Capital assets are acquired or constructed for governmental activities and are recorded as expenditures in the Governmental Funds and are capitalized at cost (or estimated historical cost for assets not purchased in recent years). These assets are reported in the Government-wide Statement of Net Assets, but they are not reported in the Fund Financial Statements. The District follows the policy of not capitalizing assets with a cost of less than \$1,000 and a useful life of less than five years.

Donated capital assets are recorded at fair market value at the date received. The District does not possess any infrastructure. Estimated historical costs of capital assets were derived, when information supporting historical costs was not obtainable, by an appraisal company who specializes in this area.

Depreciation

All capital assets, except for land, are depreciated. Depreciation has been provided, where appropriate, on a straight-line basis over the following estimated useful lives.

<u>Asset</u>	<u>Life (years)</u>
Buildings and Improvements	20-50
Furniture, Fixtures and Minor Equipment	5-20
Vehicles	5-10

BOWLING GREEN CITY SCHOOL DISTRICT
WOOD COUNTY

NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2005

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

J. Intergovernmental Revenues

In Governmental Funds, entitlements and non-reimbursable grants (to the extent such grants and entitlements relate to the current fiscal year) are recorded as receivables and revenue when measurable and available. Reimbursement type grants are recorded as receivables and revenues when the related expenditures are incurred. Grants for Proprietary Fund operations are recognized as revenue when measurable and earned.

K. Compensated Absences

Compensated absences of the District consist of vacation leave and sick leave to the extent that payment to the employee for these absences is attributable to services already rendered and is not contingent on a specific event that is outside the control of the District and the employee.

In accordance with the provisions of Statement No. 16 of the Governmental Accounting Standards Board, Accounting for Compensated Absences, a liability for vacation leave is accrued if a) the employees' rights to payment are attributable to services already rendered; and b) it is probable that the employer will compensate the employees for the benefits through paid time off or other means, such as cash payment at termination or retirement.

A liability for severance is accrued using the vesting method; i.e., the liability is based on the sick leave accumulated at the balance sheet date by those employees who are currently eligible to receive termination (severance) payments, as well as those employees expected to become eligible in the future.

The total liability for vacation and sick leave payments has been calculated using pay rates in effect at the balance sheet date, and reduced to the maximum payment allowed by labor contract and/or statute, plus any applicable additional salary related payments.

For Governmental Funds, that portion of unpaid compensated absences expected to be paid using expendable, available resources is reported as an expenditure in the fund from which the individual earning the leave is paid, and a corresponding liability is reflected in the account "Compensated Absences Payable" on the balance sheet. In the Government-wide statement of net assets, the "Compensated Absences Payable" is recorded in the "Due within one year" liability account with the long-term portion of accumulated absences recorded in the "Due in more than one year" liability account.

L. Long-Term Obligations

For long-term obligations, only that portion expected to be financed from expendable available financial resources is reported as a fund liability of Governmental Funds. In the Government-wide statement of net assets, the current portion of general obligation bonds is recorded in the "Due within one year" liability account with the long-term portion of these general obligation bonds recorded in the "Due in more than one year" liability account.

M. Reservations of Fund Balance

Reserved fund balances indicate that portion of fund balance which is not available for current appropriation or is legally segregated for a specific use. Fund balances are reserved for encumbrances, materials and supplies inventory, debt service, prepaids, and as revenue unavailable for appropriation. The unreserved portions of fund balances reflected for the Governmental Funds are available for use within the specific purposes of those funds.

BOWLING GREEN CITY SCHOOL DISTRICT
WOOD COUNTY

NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2005

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

N. Interfund Transactions

During the course of normal operations, transactions occur between funds. The most significant include:

1. Routine transfers of resources from one fund to another through which resources are to be expended are recorded as operating transfers.
2. Reimbursements from one fund to another are treated as an expenditure/expense in the reimbursing fund and a reduction of expenditure/expense in the reimbursed fund.
1. Short-term interfund loans are reflected as interfund loans payable/receivable, while long-term interfund loans (greater than one year in length) are recorded as advances to/from other funds.

Interfund operating transfers are eliminated on the Government-wide statements.

O. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

NOTE 3 – CHANGE IN ACCOUNTING PRINCIPLES

For fiscal year 2005, the District has implemented GASB Statement No. 40, “Deposit and Investment Risk Disclosures” and GASB Technical Bulletin 2004-2, “Recognition of Pension and Other Postemployment Benefit Expenditures/Expenses and Liabilities by Cost-Sharing Employers”.

GASB Statement No. 40 establishes and modifies disclosure requirements related to investment risks: credit risk (including custodial credit risk and concentrations of credit risk) and interest rate risk. This Statement also establishes and modifies disclosure requirements for custodial credit risk on deposits.

GASB Technical Bulletin No. 2004-2 addresses the amount that should be recognized as expenditure/expense and as a liability each period by employers participating in a cost-sharing multiple-employer pension and other postemployment benefit (OPEB) plans.

The implementation of GASB Statement No. 40 did not have an effect on the financial statements of the District, however, additional note disclosure can be found in Note 5. The implementation of GASB Technical Bulletin No. 2004-2 had the following effect on the fund balances of the major and non-major governmental funds of the District as they were previously reported as of June 30, 2004:

	<u>General Fund</u>	<u>Other Governmental Funds</u>	<u>Total</u>
Fund Balances June 30, 2004	\$6,787,116	\$2,553,338	\$9,340,454
GASB Technical Bulletin No. 2004-2	(173,785)	(4,745)	(178,530)
Restated Fund Balances, June 30, 2004	<u>\$6,613,331</u>	<u>\$2,548,593</u>	<u>\$9,161,924</u>

NOTE 4 - RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

A. Explanation of Certain Differences between the Governmental Funds Balance Sheet and the Government-Wide Statement of Net Assets

The Governmental Funds balance sheet includes a reconciliation between fund balance – total Governmental Funds and Net Assets of Governmental Funds as reported in the government-wide statement of net assets. The following is a detailed listing of those reconciling items that are net adjustments or a combination of several transactions:

Long-term liabilities not reported in the funds:

Accrued Bond Interest	\$ (9,173)
Capital Lease Payable	(136,986)
Bonds Payable	(2,035,000)
Compensated absences	<u>(2,777,483)</u>
	<u>\$ (4,958,642)</u>

B. Explanation of Certain Differences between the Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balances and the Government-wide Statement of Activities

The Governmental Fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between net changes in fund balances – total Governmental Funds and changes in net assets of governmental activities as reported in the government-wide statement of activities. The following is a detailed listing of those reconciling items that are net adjustments or a combination of several transactions:

<i>Amount by which depreciation exceeds capital outlay in the current period:</i>	
Capital Outlay	\$ 306,304
Depreciation Expense	<u>(744,194)</u>
	<u>\$(437,890)</u>

NOTE 5 – EQUITY IN POOLED CASH AND INVESTMENTS

State statutes require the classification of monies held by the District into three categories:

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must by law be maintained either as cash in the District treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits the Board of Education has identified as not required for use within the current five year period of designation or depositories. Inactive deposits must be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim

BOWLING GREEN CITY SCHOOL DISTRICT
WOOD COUNTY

NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2005

NOTE 5 - EQUITY IN POOLED CASH AND INVESTMENTS (Continued)

monies must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings accounts, including passbook accounts.

Protection of the District's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, by surety company bonds deposited with the treasurer by the financial institution or by a single collateral pool established by the financial institution to secure the repayment of all public monies deposited with the institution.

Interim monies are permitted to be deposited or invested in the following securities:

1. United States treasury notes, bills, bonds, or any other obligation or security issued by the United States treasury or any other obligation guaranteed as to principal or interest by the United States;
2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
4. Bonds and other obligations of the State of Ohio;
5. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) of this section and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
6. The State Treasurer's investment pool (STAR Ohio);
7. Certain banker's acceptances and commercial paper notes for a period not to exceed one hundred and eighty days in an amount not to exceed twenty-five percent of the interim monies available for investment at any one time; and
8. Under limited circumstances, corporate debt interests rated in either of the two highest rating classifications by at least two nationally recognized rating agencies.

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. Historically, the District has not purchased these types of investments or issued these types of notes. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the District, and must be purchased with the expectation that it will be held to maturity.

Cash on Hand At year-end the District had \$615 in undeposited cash on hand which is included on the balance sheet of the District as part of "cash and cash equivalents".

BOWLING GREEN CITY SCHOOL DISTRICT
WOOD COUNTY

NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2005

NOTE 5 - EQUITY IN POOLED CASH AND INVESTMENTS (Continued)

The following information classifies deposits and investments by categories of risk as defined in GASB Statement No. 40, "Deposit and Investment Risk Disclosures (an amendment of GASB Statement No. 3)".

Deposits: At June 30, 2005, the carrying amount of the District's deposits was \$ 6,730,361 and the bank balance was \$7,330,516. Of the entire bank balance, \$351,172 was covered by federal depository insurance while \$6,979,344 was exposed to custodial credit risk as described in GASB Statement No. 40 further discussed below.

Custodial credit risk is the risk that, in the event of bank failure, the District's deposits may not be returned. All deposits are collateralized with eligible securities in amounts equal to at least 105% of the carrying value of the deposits. Such collateral, as permitted by the Ohio Revised Code, is held in single financial institution collateral pools at Federal Reserve Banks, or at member banks of the federal reserve system, in the name of the respective depository bank and pledged as a pool of collateral against all of the public deposits it holds or as specific collateral held at the Federal Reserve Bank in the name of the District.

Investments:

	<u>Maturities</u>	<u>Fair Value</u>
FHLMC Discount Note	10/26/05	\$ 989,379
FHLB Debt Security	8/12/05	998,182
Citigroup Commercial Paper	8/10/05	1,984,176
Citigroup Commercial Paper	7/8/05	498,717
STAR Ohio	7/1/05	384,270
Total Investments		<u>\$4,854,724</u>

Interest Rate Risk: As a means of limiting its exposure to fair value losses arising from rising interest rates and according to state laws, the District's investment policy limits investment maturities to those permitted by the Ohio Revised Code which is five years or less.

Credit Risk: The District's investment policy limits investments to securities specifically authorized by the Ohio Revised Code. As of June 30, 2005, the District's investment in STAR Ohio (the State investment pool) was rated AAAm by Standard & Poor's. The District's investment in FHLMC Discount Notes was rated AAA by Standard & Poor's and Fitch Ratings and Aaa by Moody's. The District's investments in FHLB Debt Securities was rated AAA by Standard & Poor's and Aaa by Moody's. Citigroup Global Markets Holdings Inc. Commercial Paper investments were rated A-1+ by Standard & Poor's and P-1 by Moody's.

Custodial Credit Risk: For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. Of the District's investments in federal agency securities and commercial paper, the entire balance is uninsured, are not registered in the name of the District, and are held by the counterparty.

Concentration of Credit Risk: The District places no limit on the amount that may be invested in any one issuer, although Ohio law sets limits on investments in commercial paper. Of the investments held at June 30, 2005, 51% were commercial paper, 41% were federal agency securities and 8% were in the State investment pool.

YEAR ENDED JUNE 30, 2005

NOTE 5 - EQUITY IN POOLED CASH AND INVESTMENTS (Continued)

Reconciliation of Cash and Investments to the Statement of Net Assets: The following is a reconciliation between cash and investments as reported in the preceding paragraphs to that reported on in the statements of net assets:

	<u>Investments</u>
Cash and Investments per footnote:	
Cash on hand	\$ 615
Carrying amount of deposits	6,730,361
Investments	4,854,724
Total	\$11,585,700
 Cash and Investments per Statements of Net Assets:	
Government Wide	\$11,498,136
Fiduciary Funds	87,564
	\$11,585,700

NOTE 6 – TAXES

A. Property Tax

Property taxes are levied and assessed on a calendar year basis. Distributions from the second half of the calendar year occur in a new fiscal year and are intended to finance the operations of that year. Property taxes include amounts levied against all real, public utility and tangible (used in business) property located in the District.

Real property taxes and public utility taxes are levied after November 1 on the assessed value listed as of the prior January 1, the lien date. Assessed values are established by State law at 35% of appraised market value.

Public utility property taxes are assessed on tangible personal property, as well as land and improvements. Real property is assessed at 35% of market value and personal property is assessed at 100% of market value except for the personal property of rural electric companies which is assessed 50% of market and railroads which are assessed at 29%.

Tangible personal property taxes attach as a lien and are levied on January 1 of the current year. Tangible personal property assessments for 2005 are 25% of true value for equipment and machinery and 23% of inventory property. The assessed value upon which the 2005 taxes were collected was \$562,441,817. Agricultural/Residential, public utility and mineral real estate represented 61% or \$340,632,140 of this total; Commercial & Industrial real estate represented 28% or \$155,868,880; public utility tangible 2% or \$9,856,940; and general tangible property 9% or \$56,083,857. Tax exempt property in the District totaled \$245,740,220. The voted general tax rate for operations at the fiscal year ended June 30, 2005, was \$46.20 per \$1,000.00 of assessed valuation; the voted rate for debt service was \$.80 per \$1,000.00 of assessed valuation; and the voted rate for permanent improvements was \$1.20 per \$1,000.00 of assessed valuation.

Real property taxes are payable annually or semi-annually, If paid annually, payment is due January 20; if paid semi-annually, the first payment is due January 20 with the remainder payable by June 20.

BOWLING GREEN CITY SCHOOL DISTRICT
WOOD COUNTY

NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2005

NOTE 6 – TAXES (Continued)

The Wood County Treasurer collects property tax on behalf of the District. The Wood County Auditor periodically remits to the District its portion of the taxes collected. These tax "advances" are based on statutory cash flow collection rates. Final "settlements" are made each February and August.

Accrued property taxes receivable represent delinquent taxes outstanding and real property, personal property and public utility taxes which became measurable, in accordance with GASB 33, as of June 30, 2005. Although total property tax collections for the next fiscal year are measurable, they are not (exclusive of advances) intended to finance current year operations. The net receivable (total receivable less amount available intended to finance the current year) is therefore offset by a credit to deferred revenue.

B. School District Income Tax

The District levies an income tax of 0.5% on the gross salaries, wages and other personal service compensation earned by residents of the School District. All the revenue received from income tax is recorded directly into the General Fund.

NOTE 7 - CAPITAL ASSETS

The following is a summary by category of changes in governmental activities capital assets at June 30, 2005:

Historical Cost:

<u>Asset Category</u>	<u>Balance at 7/1/04</u>	<u>Additions</u>	<u>Deletions</u>	<u>Balance at 6/30/05</u>
Land	\$ 289,510	\$ 0	\$ 0	\$ 289,510
Buildings & Improvements	14,903,534	29,538	0	14,933,072
Furniture/Equipment	4,031,504	160,164	494,124	3,697,544
Vehicles	1,755,547	113,470	0	1,869,017
Total General Fixed Assets	<u>\$ 20,980,095</u>	<u>\$ 303,172</u>	<u>\$ 494,124</u>	<u>\$ 20,789,143</u>

Accumulated Depreciation:

<u>Asset Category</u>	<u>Balance at 7/1/04</u>	<u>Additions</u>	<u>Deletions</u>	<u>Balance at 6/30/05</u>
Buildings & Improvements	\$ 8,214,574	\$ 255,021	\$ 0	\$ 8,469,595
Furniture/Equipment	2,554,409	340,337	474,852	2,419,894
Vehicles	817,146	148,836	0	965,982
Total General Fixed Assets	<u>\$ 11,586,129</u>	<u>\$ 744,194</u>	<u>* \$474,852</u>	<u>\$ 11,855,471</u>

<i>Net Capital Assets:</i>	<u>\$ 9,393,966</u>	<u>\$ (441,022)</u>	<u>\$ 19,272</u>	<u>\$ 8,933,672</u>
----------------------------	---------------------	---------------------	------------------	---------------------

* Depreciation expenses were charged to governmental functions as follow:

Instruction	\$ 58,250
Support Services	408,445
Non-instructional Services	10,188
Extracurricular Activities	2,623
Capital Outlay	264,688
Total Depreciation Expense	<u>\$744,194</u>

BOWLING GREEN CITY SCHOOL DISTRICT
WOOD COUNTY

NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2005

NOTE 7 - CAPITAL ASSETS (Continued)

A summary of the Proprietary Capital Assets at June 30, 2005, follows:

Furniture and Equipment	\$327,170
Less: Accumulated Depreciation	<u>(232,991)</u>
Net Fixed Assets	<u>\$ 94,179</u>

NOTE 8 - RECEIVABLES

Receivables at June 30, 2005, consisted of taxes, accounts (tuition and student fees), accrued interest, and intergovernmental receivables. All receivables are considered collectible in full due to the ability to foreclose for the nonpayment of taxes and the stable condition of State programs.

NOTE 9 - INTERFUND TRANSACTIONS

Interfund transfers for the fiscal year ended June 30, 2005, consisted of the following, as reported on the fund statement:

Transfers from general fund to nonmajor governmental funds	\$ 798,950
--	------------

Transfers are used to move unrestricted revenues collected in the general fund to finance various programs accounted for in accordance with budgetary authorizations.

NOTE 10 - LONG-TERM OBLIGATIONS

All current bonds outstanding, issued to provide funds for the acquisition and construction of equipment and facilities, are general obligations of the District for which the full faith and credit of the District is pledged for repayment.

A. The following is a description of the Bowling Green City School District bonds outstanding as of June 30, 2005:

	Interest	Issue	Maturity	Bonds	New Issues	Retired	Bonds	Due
	Rate	Date	Date	Outstandin g At 7/1/04	During 2005	In 2005	Outstanding At 6/30/05	Within 1 Year
1995 Refunding								
Building	4.5-	6/8/1995	12/1/2011	\$2,320,000	\$-0-	\$285,000	\$2,035,000	\$290,000
Improvements	5.7%							

B. The following is a summary of the District's future annual debt service requirements to maturity for general obligation bonds:

Year Ending <u>June 30</u>	Principal on <u>General Obligation</u>	Interest on <u>General Obligation</u>	<u>Total</u>
2006	\$ 290,000	\$ 102,602	\$ 392,602
2007	290,000	87,595	377,595
2008	290,000	72,370	362,370
2009	285,000	56,990	341,990
2010	285,000	41,458	326,458
2011-2012	<u>595,000</u>	<u>33,910</u>	<u>628,910</u>
Total	<u>\$2,035,000</u>	<u>\$ 394,925</u>	<u>\$2,429,925</u>

BOWLING GREEN CITY SCHOOL DISTRICT
WOOD COUNTY

NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2005

NOTE 10 - LONG-TERM OBLIGATIONS (Continued)

C. The District entered into lease purchase agreements for three busses during the fiscal year ending June 30, 2004. All of the leases have been entered into for a period of five years with an interest rate of 4.96% and are considered capital leases. As of June 30, 2005, general capital assets recorded as capital leases totaled \$189,700. The following is a summary of the District's remaining annual capital lease requirements to maturity as of June 30, 2005:

Year Ending June 30	Principal on Capital Leases	Interest on Capital Leases	Total
2006	\$ 23,516	\$ 6,794	\$ 30,310
2007	24,682	5,628	30,310
2008	25,907	4,404	30,311
2009	<u>62,881</u>	<u>3,119</u>	<u>66,000</u>
Total	<u>\$136,986</u>	<u>\$19,945</u>	<u>\$156,931</u>

D. During the year ended June 30, 2005 the following changes occurred in Governmental Activities long-term liabilities:

Governmental Activities:

	Balance at 7/1/04	Increase	Decrease	Balance at 6/30/05	Due Within 1 Year
Compensated Absences:					
Sick leave (severance)	\$2,763,323	\$719,545	\$624,165	\$2,858,703	\$281,290
Vacation	191,051	171,203	162,184	200,070	200,070
Capital Lease Payable	159,390	-	22,404	136,986	23,516
General Obligation Bonds	<u>2,320,000</u>	-	<u>285,000</u>	<u>2,035,000</u>	<u>290,000</u>
Total	<u>\$5,433,764</u>	<u>\$890,748</u>	<u>\$1,093,753</u>	<u>\$5,230,759</u>	<u>\$794,876</u>

NOTE 11- FUND BALANCE DEFICITS

Fund balances at June 30, 2005, included the following individual fund deficits:

<u>Special Revenue</u>	<u>GAAP Basis</u>
Title II-A	\$(5,418)
Title I	(877)
Title V	(469)
IDEA – Special Education Part B	(9,362)

This fund complied with Ohio statute, which does not permit a cash basis deficit at year-end. The GAAP-basis deficit will be funded by anticipated future intergovernmental revenues or other subsidies not recognized and recorded at June 30.

BOWLING GREEN CITY SCHOOL DISTRICT
WOOD COUNTY

NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2005

NOTE 12 - SEGMENT INFORMATION - ENTERPRISE FUNDS

The District maintains two Enterprise Funds to account for the operations of Food Services and Uniform School Supplies. The table below reflects, in a summarized format, the more significant data relating to the Enterprise Funds of the District as of and for the year ended June 30, 2005:

	Food Service	Uniform School Supplies	Total
Operating Revenues	\$682,306	\$41,082	\$723,388
Depreciation	11,701	-	11,701
Operating Income (Loss)	(414,391)	(370)	(414,761)
Operating Grants	344,544	-	344,544
Change in Net Assets	(61,630)	(370)	(62,000)
Net Working Capital	141,602	4,535	146,137
Total Assets	406,858	4,663	411,521
Total Liabilities	171,077	128	171,205
Total Fund Equity	235,781	4,535	240,316

NOTE 13 - RISK MANAGEMENT

The District is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District maintains comprehensive commercial insurance coverage for real property, building contents, general liability, and vehicles. Vehicle policies include liability coverage for bodily injury and property damage.

Real property and contents have a liability limit of \$72,058,363 with 90% co-insurance.

The District's fleet insurance policy has a liability limit of \$1,000,000 each occurrence.

The District has liability insurance coverage limits of \$3,000,000 each occurrence and \$5,000,000 annual aggregate.

Settled claims resulting from these risks have not exceeded the commercial insurance coverage in any of the past three fiscal years. There have been no significant reductions in insurance coverage from last year.

Wood County Schools Health Insurance Consortium

The Wood County Schools Health Insurance Consortium (the Consortium) is a public entity shared risk pool consisting of six local school districts, three city or exempted village school districts, one vocational school district, and an educational service center. The Consortium is organized as a Voluntary Employee Benefit Association under Section 501(c)(9) of the Internal Revenue Code and provides medical, dental, and other benefits to the employees of the participating entities. Each participating entity's superintendent is appointed to an Administrative Committee which advises the Trustee, Huntington Bank, concerning aspects of the Consortium.

Each entity decides which plans offered by the Administrative Committee will be extended to its employees. Participation in the Consortium is by written application subject to acceptance by the Administrative Committee and payment of monthly premiums. Financial information may be obtained from Sharon Gillespie, Medical Mutual of Ohio, 3737 Sylvania Avenue, Toledo, Ohio 43623.

BOWLING GREEN CITY SCHOOL DISTRICT
WOOD COUNTY

NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2005

NOTE 13 - RISK MANAGEMENT (Continued)

OASBO Worker's Compensation Group Rating

The District participates in the Ohio Association of School Business Officials' Worker's Compensation Group Rating Plan, an insurance purchasing pool. This Group Rating Plan allows school districts to group together to potentially achieve a lower premium rate than they may otherwise be able to acquire as individual employers. Each year the participating school districts pay an enrollment fee to the Plan to cover the costs of administering the program.

NOTE 14 - DEFINED BENEFIT PENSION PLANS

A. School Employees Retirement System

The District contributes to the School Employees Retirement System of Ohio (SERS), a cost-sharing multiple employer public employee defined benefit pension plan administered by the School Employees Retirement Board. SERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by state statute per Chapter 3309 of the Ohio Revised Code. SERS issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information for SERS. The report may be obtained by writing to the School Employees Retirement System, 300 East Broad Street, Suite 100, Columbus, Ohio 43215-3746 or by calling (614) 222-5853.

Plan members are required to contribute 10% of their annual covered salary and Bowling Green City School District is required to contribute at an actuarially determined rate. The current rate is 14% of annual covered payroll. The contribution requirements of plan members and employers are established and may be amended, up to statutory maximum amounts by the SERS' Retirement Board. The District's contributions to SERS for the years ended June 30, 2005, 2004, and 2003 were \$502,848, \$549,014, and \$483,765, respectively. As of June 30, 2005, fifty percent has been contributed for fiscal year 2005 and one hundred percent for fiscal years 2004 and 2003. The unpaid contribution for fiscal year 2005 of \$251,424 is recorded as a liability within the respective funds.

B. State Teachers Retirement System

The District contributes to the State Teachers Retirement System of Ohio (STRS), a cost-sharing multiple employer public employee retirement system administered by the State Teachers Retirement Board. STRS provides retirement and disability benefits, annual cost-of-living adjustments, and death, and survivor benefits to members and beneficiaries. Benefits are established by Chapter 3307 of the Ohio Revised Code. STRS issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information for STRS. The report may be obtained by writing to the State Teachers Retirement System, 275 East Broad Street, Columbus, Ohio 43215-3371, or by calling (614) 227-4090.

New members have a choice of three retirement plans, a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. The DB plan offers an annual retirement allowance based on final average salary times a percentage that varies based on years of service, or an allowance based on member contributions and earned interest matched by STRS Ohio funds times an actuarially determined annuity factor. The DC Plan allows members to place all their member contributions and employer contributions equal to 10.5% of earned compensation into an investment account. Investment decisions are made by the member. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The Combined Plan offers features of both the DC Plan and the

BOWLING GREEN CITY SCHOOL DISTRICT
WOOD COUNTY

NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2005

NOTE 14 - DEFINED BENEFIT PENSION PLANS (Continued)

DB Plan. In the Combined Plan, member contributions are invested by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. DC and Combined Plan members will transfer to the Defined Benefit Plan during their fifth year of membership unless they permanently select the DC or Combined Plan. Existing members with less than five years of service credit as of June 30, 2001, were given the option of making a one time irrevocable decision to transfer their account balances from the existing DB Plan into the DC Plan or the Combined Plan. This option expired on December 31, 2001. Benefits are established by Chapter 3307 of the Ohio Revised Code.

A DB or Combined Plan member with five or more years credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members who die before retirement may qualify for survivor benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member dies before retirement benefits begin, the member's designated beneficiary is entitled to received the member's account balance.

Plan members are required to contribute 10% of their annual covered salary and the District is required to contribute 14 %. Contribution rates are established by the State Teachers Retirement Board, upon recommendation of its consulting actuary, not to exceed statutory maximum rates of 10 % for members and 14 % for employers. A portion of the District's contribution is used to fund pension obligations with the remainder being used to fund health care benefits; for fiscal year 2004, the latest information available, 13% funded pensions while 1% of covered payroll contributions was allocated to the Health Care Stabilization Fund.

The District's required contributions for pension obligations to STRS for the fiscal years ended June 30, 2005, 2004, and 2003 were \$2,141,944, \$1,958,984, and \$1,914,144, respectively. As of June 30, 2005, eighty-three percent has been contributed for fiscal year 2005 and one hundred percent for fiscal years 2004 and 2003. The unpaid contributions of \$370,096 for fiscal year 2005 are recorded as a liability within the respective funds.

C. Social Security System

Effective July 1, 1991, all employees not otherwise covered by the School Employees Retirement System or the State Teachers Retirement System have an option to choose Social Security or the School Employees Retirement System/State Teachers Retirement System. As of June 30, 2005, certain members of the Board of Education have elected Social Security. The Board's liability is 6.2 percent of wages paid.

NOTE 15 - POSTEMPLOYMENT BENEFITS

The District provides comprehensive health care benefits to retired teachers and their dependents through the State Teachers Retirement System (STRS), and to retired non-certified employees and their dependents through the School Employees Retirement System (SERS). Benefits include hospitalization, physicians' fees, prescription drugs, and partial reimbursement of monthly Medicare premiums. Benefit provisions and the obligations to contribute are established by the Systems based on authority granted by State statute. Both systems are funded on a pay-as-you-go basis.

For STRS, most benefit recipients are required to pay a portion of health care costs in the form of a monthly premium. By Ohio law, the cost of coverage paid from STRS funds shall be included in the employer contribution rate, currently 14 percent of covered payroll. The board allocated employer contributions equal to 1.0% of covered payroll to the Health Care Reserve Fund from which payments for health care benefits were paid for fiscal year ended June 30, 2005. For the District, this amount equaled \$147,704 during the 2005 fiscal year. As of June 30,

BOWLING GREEN CITY SCHOOL DISTRICT
WOOD COUNTY

NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2005

NOTE 15 - POSTEMPLOYMENT BENEFITS (Continued)

2004 (the latest information available), eligible benefit recipients totaled 111,853. For the fiscal year ended June 30, 2004 net health care costs paid by STRS were \$268,739,000.

For SERS, coverage is made available to service retirees with ten or more fiscal years of qualifying service credit, disability, and survivor benefit recipients. Members retiring on or after August 1, 1989 with less than twenty-five years of service credit must pay a portion of their premium for health care. The portion is based on years of service up to a maximum of 75 percent of the premium.

After the allocation for basic benefits, the remainder of the employer's 14 percent contribution is allocated to providing health care benefits. At June 30, 2004, the latest information available, the allocation rate was 4.91 percent. In addition, SERS levies a surcharge to fund health care benefits equal to 14 percent of the difference between a minimum pay and the member's pay, pro-rated for partial service credit. For fiscal year 2005, the minimum pay has been established as \$27,400. The surcharge, added to the unallocated portion of the 14 percent employer contribution rate, provides for maintenance of the asset target level for the health care fund. The target level for the health care reserve is 150 percent of annual health care expenses. Expenses for health care at June 30, 2004, the latest information available, were \$223,443,805 and the target level was \$335.2 million. Also at June 30, 2004 SERS' net assets available for payment of health care benefits was \$300.8 million, with approximately 62,000 participants receiving health care benefits. The portion of the District's contributions used to fund postemployment benefits was \$210,569 for the fiscal year ending June 30, 2005.

NOTE 16 - OTHER EMPLOYEE BENEFITS - DEFERRED COMPENSATION PLANS

The District employees may participate in the Ohio Public Employees Deferred Compensation Plan created in accordance with Internal Revenue Code Section 457. Participation is on a voluntary payroll deduction basis. The plan permits deferral of compensation until future years. According to the plan, the deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergency.

The plan Agreement states that the District and the Ohio Public Employees Deferred Compensation Board have no liability for losses under the plan with the exception of fraud or wrongful taking.

NOTE 17 - SET-ASIDES

The Ohio Legislature has passed H.B. 412 which requires school districts to "set aside" money from the General Fund for three purposes: textbooks and materials, capital acquisition, and budget stabilization. Subsequently, Am. Sub. Senate Bill 345, effective April 10, 2001, eliminated the requirement for the budget reserve set-aside. The District's requirements for fiscal year 2005 and the balances to be carried forward at year-end are presented below:

	Textbooks & Materials	Capital Acquisition
Set-aside Balance as of July 1, 2004	(\$2,080,820)	\$ -0-
Current Year Set-aside Requirement	434,266	434,266
Current Year Offsets	-0-	527,796
Qualifying Disbursements	892,576	-0-
Total	<u>(2,539,130)</u>	<u>(93,530)</u>
Set-aside Balance Carried Forward to FY 2006	<u>(2,539,130)</u>	<u>-0-</u>

BOWLING GREEN CITY SCHOOL DISTRICT
WOOD COUNTY

NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2005

NOTE 17 - SET-ASIDES (Continued)

Beginning with fiscal year ended June 30, 2000, expenditures in excess of current year or accumulated set-aside requirements in the Textbooks and Materials Set-aside were permitted to be carried forward to offset future years' textbooks and materials set-aside requirements. Although the District had off-sets and qualifying disbursements during the year that reduced the set-aside amounts below zero for Capital Acquisition purposes, these extra amounts may not be used to reduce the set-aside requirements of future years. Negative amounts are therefore not presented as being carried forward to the next fiscal year for the Capital Acquisition Set-aside.

NOTE 18 - CONTINGENT LIABILITIES

A. Grants

The District receives significant financial assistance from numerous federal, state, and local agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on any of the financial statements of the individual fund types included herein or on the overall financial position of the District at June 30, 2005.

B. Litigation

As of the balance sheet date, the District was not involved in any litigation as either defendant or plaintiff.

C. School Funding Decision

On December 11, 2002, the Ohio Supreme Court issued its latest opinion regarding the State's school funding status. The decision reaffirmed earlier decisions that Ohio's current funding plan is unconstitutional. The Supreme Court relinquished jurisdiction over the case and directed the Ohio General Assembly to enact a school-funding scheme that is thorough and efficient. The District is currently unable to determine what effect, if any, this decision will have on its future State funding and its financial operations.

NOTE 19 - SUBSEQUENT EVENT

The General Assembly of the State of Ohio passed the State Biennial Budget Bill (HB 66) that phases-out Tangible Personal Property Tax over a four-year period beginning January 1, 2006. The District receives 10% of its revenue through this revenue source. Based upon 2004 personal property values, "hold harmless" payments are to be made by the State to replace this revenue source for school districts through fiscal year 2010 at which time these payments will also be phased out. The "hold harmless" payments through fiscal year 2010 will be in declining amounts to reflect a 2% per year phase-out of the inventory portion of this tax already in law prior to passage of HB 66.

Cash receipts from the U. S. Department of Agriculture are commingled with State grants. It is assumed federal monies are expended first.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Education
Bowling Green City School District
140 S. Grove Street
Bowling Green, Ohio 43402

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Bowling Green City School District as of and for the year ended June 30, 2005, which collectively comprise the Bowling Green City School District's basic financial statements and have issued our report thereon dated November 10, 2005. We conducted our audit in accordance with auditing standards generally accepted in the United States and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the District's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide an opinion on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

However, we noted certain matters that we reported to management of Bowling Green City School District, in a separate letter dated November 10, 2005.

This report is intended solely for the information of and use of the District's Board of Education, management, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Weber O'Brien Ltd.
November 10, 2005

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE WITH REQUIREMENTS
APPLICABLE TO EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER
COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Board of Education
Bowling Green City School District
140 S. Grove Street
Bowling Green, Ohio 43402

Compliance

We have audited the compliance of Bowling Green City School District with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended June 30, 2005. The District's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the District's management. Our responsibility is to express an opinion on the District's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133 *Audits of States, Local Governments and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the District's compliance with those requirements.

In our opinion, the District complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2005.

Internal Control Over Compliance

The management of the District is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the District's internal control over compliance with requirements that could have a direct and

Board of Education
Page Two

material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants caused by error or fraud that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

This report is intended solely for the information of and use of the District's Board of Education, management, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.
