## ***Audited Financial Statements***

***December 31, 2005***

**Auditor of State  
Betty Montgomery**

City Council  
City of St. Clairsville  
100 N. Market St.  
P.O. Box 537 St.  
Clairsville, OH 43950

We have reviewed the *Report of Independent Auditor's* of the City of St. Clairsville, Belmont County, prepared by Rea & Associates, Inc., for the audit period January 1, 2005 through December 31, 2005. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The City of St. Clairsville is responsible for compliance with these laws and regulations.

A handwritten signature in cursive script that reads "Betty Montgomery".

Rea & Associates, Inc.  
ACCOUNTANTS AND BUSINESS CONSULTANTS

June 1, 2006

Mayor and Members of Council  
City of St. Clairsville  
St. Clairsville, Ohio 43950

**REPORT OF INDEPENDENT AUDITOR'S**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of St. Clairsville, Ohio (the "City"), as of and for the year ended December 31, 2005, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of St. Clairsville, Ohio, as of December 31, 2005, and the respective changes in financial position and cash flows, where applicable, and the respective budgetary comparison for the General Fund, Street Fund, Recreation Fund, Police Fund and CHIP Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

City of St. Clairsville  
Report of Independent Auditor's  
June 1, 2006  
Page 2

In accordance with *Government Auditing Standards*, we have also issued our report dated June 1, 2006 on our consideration of the City's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Audit Standards* and should be considered in conjunction with this report when assessing the results of our audit.

Management's Discussion and Analysis is not a required part of the basic financial statements but is supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

*Rea & Associates, Inc.*

**City of St. Clairsville**  
*Management's Discussion and Analysis*  
*For the Year Ended December 31, 2005*  
*(Unaudited)*

---

The discussion and analysis of the City of St. Clairsville's financial performance provides an overall review of the City's financial activities for the fiscal year ended December 31, 2005. The intent of this discussion and analysis is to look at the City's performance as a whole; readers should also review the notes to the basic financial statements and financial statements to enhance their understanding of the City's financial performance.

***Financial Highlights***

Key financial highlights for 2005 are as follows:

- General Revenues accounted for \$1,334,494 in revenue or 37 percent of all revenues for governmental activities and \$264,687 or 6 percent of all revenues in business-type. Program specific revenues in the form of charges for services and sales, grants, and contributions accounted for \$1,309,686 or 49 percent of total revenues of \$2,644,180 for governmental activities. Business-type accounted for \$4,186,548 program specific revenues or 94 percent of total revenues of \$4,451,235.
- Total program expenses were \$6,928,388. \$2,582,498 in governmental activities and \$4,345,890 in business-type activities.
- In total, net assets increased \$167,027. Net assets of governmental activities increased \$61,682. Net assets of business-type activities increased \$105,345 from 2004.
- Outstanding debt decreased from \$961,882 to \$867,113 through principal payments.

***Using this Annual Financial Report***

This report is designed to allow the reader to look at the financial activities of the City of St. Clairsville as a whole and is intended to allow the reader to obtain a summary view or a more detailed view of the City operations, as they prefer.

The Statement of Net Assets and the Statement of Changes in Net Assets provide information from a summary perspective showing the effects of the operations for the year 2005 and how they affected the operations of the City as a whole.

***Reporting the City of St. Clairsville as a Whole***

*Statement of Net Assets and the Statement of Activities*

The *Statement of Net Assets and Statement of Activities* provide information about the activities of the whole City, presenting both an aggregate view of the City's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the City's most significant funds with all other nonmajor funds presented in total in one column. In the case of St. Clairsville, the general, street, recreation, police and CHIP funds are the most significant governmental funds. The water revenue, sewer revenue, and light revenue funds are the significant enterprise funds.

**City of St. Clairsville**  
*Management's Discussion and Analysis (Continued)*  
*For the Year Ended December 31, 2005*  
*(Unaudited)*

---

A question typically asked about the City's finances "How did we do financially during fiscal year 2005?" The Statement of Net Assets and the Statement of Activities answer this question. These statements include *all assets* and *liabilities* using the *accrual basis of accounting* similar to the accounting used by most private-sector companies. This basis of accounting takes into account all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the City's *net assets* and *changes in those assets*. This change in net assets is important because it tells the reader that, for the City as a whole, the *financial position* of the City has improved or diminished. The causes of this change may be the result of many factors, some financial, some not. Non-financial factors include the City's property tax base, current property tax laws in Ohio which restrict revenue growth, facility conditions, required educational programs, and other factors.

In the Statement of Net Assets and the Statement of Activities, the City is divided into two distinct kinds of activities:

- ü **Governmental Activities** - Most of the City's programs and services are reported here, including general government, security of persons and property, community environment, leisure time activities and transportation.
- ü **Business-Type Activities** - These services are provided on a charge for goods or services basis to recover all of the expenses of the goods or services provided. The City's business-type activities are water, sewer and light.

***Reporting the City of St. Clairsville's Most Significant Funds***

***Fund Financial Statements***

A fund is a grouping of related accounts that is used to maintain control over resources that have been safeguarded for specific activities or objectives. The City uses many funds to account for financial transactions. However, these fund financial statements focus on the City's most significant funds. The City's major governmental funds are the general, street, recreation, police and CHIP funds.

**Governmental Funds** - Most of the City's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in future periods. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the City's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Assets and the Statement of Activities) and governmental funds is reconciled in the financial statements.

Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general, street, recreation, police and CHIP funds, all of which are considered to be major funds. Data from the other governmental funds are combined into a single, aggregated presentation.

**City of St. Clairsville**  
*Management's Discussion and Analysis (Continued)*  
For the Year Ended December 31, 2005  
(Unaudited)

The City adopts an annual appropriated budget for each of its funds. A budgetary comparison statement has been provided for the general fund and each major special revenue fund to demonstrate compliance with this budget.

**Proprietary Funds** - Proprietary funds use the same basis of accounting as business-type activities (water, sewer and light); therefore, these statements will essentially match.

**Fiduciary Funds** – Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City's own programs. The accounting used for the fiduciary funds is much like that used for proprietary funds.

**The City of St. Clairsville as a Whole**

Recall that the Statement of Net Assets provides the perspective of the City as a whole.

Table 1 provides a summary of the City's net assets for 2005 compared to 2004:

**(Table 1)**  
**Net Assets**

	Governmental Activities		Business-Type Activities		Total

**City of St. Clairsville**  
*Management's Discussion and Analysis (Continued)*  
For the Year Ended December 31, 2005  
(Unaudited)

Total assets increased by \$741,988 with governmental assets increasing \$942,794 and business-type assets decreasing \$200,806. An increase of \$380,366 in total capital assets reflects the additional purchases exceeding depreciation and was the majority of the increase in governmental assets. Total liabilities decreased by \$425,039 with governmental liabilities decreasing \$118,888 and business-type assets decreasing \$306,151. The majority of this decrease was the result of decreased notes payable and long-term liabilities in business-type activities.

Total net assets increased by \$167,027. This number reflects an increase of \$61,682 in governmental activities and an increase of \$105,345 in the net assets of the business-type activities. Table 2 shows the changes in net assets for fiscal years 2005 and 2004. This table presents two fiscal years in side-by-side comparisons. This will enable the reader to draw further conclusion about the City's financial status and possibly project future problems.

---

**Governmental Activities**

The funding for the governmental activities comes from several different sources. Prominent sources are property taxes, grants and entitlements, and charges for services.

General revenues include grants and entitlements, such as local government funds. With the combination of property tax and intergovernmental funding all expenses in the governmental activities are funded. The City monitors its source of revenues very closely for fluctuations.

Police represents the largest expense of the Governmental Activities. This expense of \$925,014 represents 36 percent of the total expenses. This department operates out of the police fund.

**Business-Type Activities**

Business-type activities include water, sewer and light operations. The revenues are generated primarily from charges for services. In 2005, charges for services of \$4,102,045 accounted for 92 percent of the business-type revenues. The total expenses for the utilities were \$4,345,890.

***The City's Funds***

Information about the City's governmental funds begins on page 13. These funds are accounted for using the modified accrual method of accounting. All governmental funds had revenues of \$2,865,873 and expenditures of \$3,495,572. The funds are monitored consistently with adjustments made throughout the year in budgets to accommodate yearly revenues.

Information about the proprietary funds starts on page 22. These funds are accounted for on an accrual basis. All business type funds had operating expenses of \$4,273,574 and operating revenues of \$4,323,944.

***General Fund Budgeting Highlights***

The City's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the general fund.

During the course of 2005, the City amended its general fund budget on various occasions. All recommendations for appropriation changes come to Council from the City Auditor. The Finance Committee of Council reviews them, and they make their recommendation to the Council as a whole.

For the general fund, budget basis revenue was \$841,188, under the original budget estimates of \$845,900. Of this \$4,712 shortfall, most was attributable to decreased property tax collections due to increased delinquency rates and decreased intergovernmental revenue.

Final appropriations of \$1,594,906, were \$222,325 higher than the \$1,372,581 in the original budget.

**City of St. Clairsville**  
*Management's Discussion and Analysis (Continued)*  
For the Year Ended December 31, 2005  
(Unaudited)

**Capital Assets and Debt Administration**

**Capital Assets**

At the end of year 2005, the City had \$12,046,251 invested in land, buildings, improvements other than buildings, machinery and equipment, vehicles, infrastructure and CIP. A total of \$3,545,354 of this was for governmental activities with the remainder attributable to business-type activities. Table 3 shows fiscal year 2005 balances compared with 2004.

**(Table 3)**  
**Capital Assets at December 31**  
**(Net of Depreciation)**

	Governmental Activities		Business-Type Activities		Total	
	2005	2004	2005	2004	2005	2004
Land	\$ 287,706	\$ 285,706	\$ 30,000	\$ 51,671	\$ 317,706	\$ 337,377
Buildings	557,108	604,753	1,892,278	1,959,505	2,449,386	2,564,258

CIP	354,906	0	6,246,364	0	6,601,270	0
<b>Totals</b>	<b>\$ 3,545,354</b>	<b>\$ 2,723,182</b>	<b>\$ 8,500,897</b>	<b>\$ 8,942,703</b>	<b>\$ 12,046,251</b>	<b>\$ 11,665,885</b>

The \$380,366 increase in capital assets was attributable to additional purchases exceeding depreciation expense. Note 8 provides capital asset activity during the 2005 year.

**Debt**

The outstanding debt for the City of St. Clairsville as of December 31, 2005 was \$1,888,215 with \$194,824 due within one year. Table 4 summarizes outstanding debt.

**(Table 4)**

*(Unaudited)*

---

The special assessment bonds consist of various construction projects various improvements. The principal and interest for these bonds are paid from the collection of special assessments by the County Auditor from the specific property owners who primarily benefited from the projects.

Additional information concerning the City's debt can be found in Note 14 to the basic financial statements.

***Current Financial Issues***

The City of St. Clairsville had a very productive year in 2005. We were awarded a record \$9,395,850 in grants for improvements to our city.

Congressman Bob Ney has secured \$7.7 million in the Federal Transportation Bill to add a Mall Road interchange on Rt.70, widen Rt. 40, and refurbish the tunnel and bridge on the National Road Bikeway. We have also been awarded \$900,000 from ODOT Transportation Review Advisory Council for the engineering of the Rt. 70 interchange.

The City received \$250,000 in Economic Development Initiative Special Projects funding to restore the outside of the Clarendon Hotel including foundation, roof, windows and masonry repointing, which began this spring and will continue into 2006. Congressman Bob Ney secured an additional \$100,000 for this project.

A new development was completed this year which brought over 50 new homes to the City. The City was once again named "Tree City USA" for 2005, and was awarded an Inner City Tree Grant for \$30,000 for trees which were planted partially in the new traditional neighborhood development, Ashburn Greene. On Arbor Day, Girl Scout Troop #313 planted a tree near the gazebo on the National Road Bikeway, whose name and logo were trademarked in 2005. A new nature walk was added to the bike path this year.

Many projects were initiated this year including bidding out the City's insurance needs, successfully negotiating an AFSCME agreement with approximately 20 employees, major repairs caused by flooding late in 2004, completed the largest paving program in terms of City dollars spent, received over \$400,000 for community housing improvements and were awarded an additional grant for 2006, planted a record number of trees, and implemented the Downtown Farmer's Market.

The City of St. Clairsville provided the same excellent level of services to its residents in 2005 with no new taxes. The Finance Department was notified late in 2005 that the City's revised Investment Policy has been certified by the Association of Public Treasurers of the United States & Canada. The Insufficient Funds Policy was also revised in 2005.

We are proud of the accomplishments the City of St. Clairsville provided to our residents. We faced additional revenue cuts from the State of Ohio but through careful financial planning we didn't have to eliminate any services, instead we increased our services! St. Clairsville is a great place to live, work, and play.

***Contacting the City's Finance Department***

This financial report is designed to provide our citizens, taxpayers, investors, and creditors with a general overview of the City's finances and to show the City's accountability for the money it receives. If you have any questions about this report or need additional financial information, contact Jill Lucidi, Auditor of St. Clairsville, Ohio, Municipal Building, St. Clairsville, or [jlucidi@1st.net](mailto:jlucidi@1st.net).

**City of St. Clairsville**  
*Reconciliation of the Statement of Revenues, Expenditures and Changes  
in Fund Balances of Governmental Funds to the Statement of Activities  
December 31, 2005*

---

---

**Net Change in Fund Balances - Total Governmental Funds** \$ 370,301

*Amounts reported for governmental activities in the statement  
of activities are different because*

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.

Capital Asset Additions	\$	1,016,024	
Current Year Depreciation		(193,851)	
Total		822,173	822,173

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.

Delinquent Property Taxes		(33,071)	
Special Assessments		(2,210)	
Intergovernmental		(186,413)	
Total		(221,694)	(221,694)

Repayment of bond and capital lease principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets.

Capital Lease Principal		5,175	
Special Assessment Bond Principal		55,000	
Total		60,175	60,175

Other financing sources in the governmental funds that increase long-term liability in the statement of net assets are not reported as revenues in the statement of activities.

Loan proceeds			(1,000,000)
---------------	--	--	-------------

Some expenses reported in the statement of activities, do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.

Compensated Absences		21,978	
Vacation Payable		(26,201)	
Pension Obligations		23,511	
Change in Inventory		11,439	
Total		30,727	30,727

*Change in Net Assets of Governmental Activities* \$ 61,682

## ***CITY OF ST. CLAIRSVILLE, OHIO***

### **Notes to the Basic Financial Statements December 31, 2005**

---

#### **NOTE 1 - REPORTING ENTITY AND BASIS OF PRESENTATION**

The City of St. Clairsville (the “City”) is a body politic, incorporated as a village in 1801 and became a City on March 20, 1977. The City merged with St. Clairsville Township on January 1, 1994. The City is a charter municipal corporation, incorporated under the laws of the State of Ohio. The City operates under a “Mayor-Council-Manager” form of government. The Council, Finance Director, and Mayor are elected. The Council appoints a Manager who is the Chief Administrative Officer of the City.

Legislative power is vested in a seven member Council; three are elected at large and four are elected from wards established in the City. The Ward Council and At-Large Council members are elected at the regular City elections. The terms of the members are for four years, commencing at the first regular meeting in January following their election and continue until their successors have been elected and sworn in.

The Mayor is elected at the regular City election and every fourth year thereafter. The Mayor serves a four year term. The Mayor, when authorized by Council, serves as judge and has all the judicial powers granted generally by the laws of Ohio to mayors of municipalities of St. Clairsville’s class. The President of Council presides at Council meetings but has no vote therein, unless there is a tie. In the event of a tie, the President of Council casts the tie breaking vote. The Mayor is the official and ceremonial head of the City government.

The City’s Manager (Service Director) is appointed by a majority vote of Council to an indefinite term but serves at the pleasure of Council. The Service Director is responsible to Council for the administration of all affairs of the City and the enforcement of all laws and ordinances within the scope of the designated powers and duties of the office. The Service Director has the power to appoint, promote, transfer, reduce or remove, subject to the provisions of the Charter and enactments of Council, any officer or employee of the City, except those required by the Charter to be elected and those whose appointment or term of office may otherwise be provided for in the Charter.

#### **Reporting Entity**

In evaluating how to define the City for financial reporting purposes, management has considered all agencies, departments, and organizations making up the City (the primary government) and its potential component units consistent with Government Accounting Standards Board Statements No. 14, “The Financial Reporting Entity” and No. 39, “Determining Whether Certain Organizations are Component Units – an Amendment of GASB Statement No. 14”.

The City provides various services including police, parks and recreation, cemetery, planning, zoning, street construction, maintenance and repair, water, sewer and electric services, and general administrative services. The operation of these activities is directly controlled by Council through the budgetary process. None of these services are provided by a legally separate organization; therefore these operations are included in the primary government.

**CITY OF ST. CLAIRSVILLE, OHIO**

**Notes to the Basic Financial Statements (Continued)  
December 31, 2005**

---

**NOTE 1 - REPORTING ENTITY AND BASIS OF PRESENTATION** (Continued)

Component units are legally separate organizations for which the City is financially accountable. The City is financially accountable for an organization if the City appoints a voting majority of the organization's governing board and (1) the City is able to significantly influence the programs or services performed or provided by the organization; or (2) the City is legally entitled to or can otherwise access the organization's resources; the City is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the City is obligated for the debt of the organization. Component units may also include organizations for which the City approves the budget, the levying of taxes or the issuance of debt. The City has no component units.

The City is involved with the Ohio Mid-Eastern Governments Association, Jefferson-Belmont Joint Solid Waste Authority, Southeastern Ohio Narcotics Task Force, Bel-O-Mar Regional Council, and Belmont County Board of Health which are defined as jointly governed organizations. Additional information concerning the jointly governed organizations is presented in Note 18.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The financial statements of the City have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to local governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The City also applies Financial Accounting Standards Board (FASB) Statements and Interpretations issued on or before November 30, 1989, to its governmental and business-type activities and to its proprietary funds provided they do not conflict with or contradict GASB pronouncements. The City has elected not to apply Financial Accounting Standards Board (FASB) Statements of Interpretation issued after November 30, 1989 to its enterprise and business-type activities. The most significant of the City's accounting policies are described below.

***A. Basis of Presentation***

The City's basic financial statements consist of government-wide statements, including a statement of net assets and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

***Government-wide Financial Statements*** The statement of net assets and the statement of activities display information about the City as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The activity of the internal service fund is also eliminated to avoid "doubling up" revenues and expenses. The statements distinguish between those activities of the City that are governmental and those that are considered business-type.

**CITY OF ST. CLAIRSVILLE, OHIO**

**Notes to the Basic Financial Statements (Continued)**  
**December 31, 2005**

---

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The statement of net assets presents the financial condition of the governmental and business-type activities of the City at year-end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the City's governmental activities and for the business-type activities of the City. Direct expenses are those that are specifically associated with a service, program, or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program, and interest earned on grants that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the City, with certain limitations. The comparison of direct expenses with program revenues identifies the extent to which each business segment or governmental function is self-financing or draws from the general revenues of the City.

**Fund Financial Statements** During the year, the City segregates transactions related to certain City functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the City at this more detailed level. The focus of governmental and enterprise fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. Fiduciary funds are reported by type.

**B. Fund Accounting**

The City uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self balancing set of accounts. There are three categories of funds: governmental, proprietary, and fiduciary.

**Governmental Funds** Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The following are the City's major governmental funds:

**General Fund** The general fund accounts for all financial resources except those required to be accounted for in another fund. The general fund balance is available to the City for any purpose provided it is expended or transferred according to the general laws of Ohio.

**Street Fund** The Street special revenue fund is required by the Ohio Revised Code to account for state gasoline tax and motor vehicle registration fees designated for maintenance of streets within the City.

**Recreation** The Recreation special revenue fund is used to account for the costs associated with maintaining the parks.

**Police Fund** The Police special revenue fund is to account for the property taxes levied in the City for the operation of its Police Department.

December 31, 2005**

---

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (Continued)

**CHIP** The Community Housing Improvement Program special revenue fund provides federal grant monies for low to moderate income housing.

The other governmental funds of the City account for grants and other resources whose use is restricted to a particular purpose.

**Proprietary Fund Type** Proprietary fund reporting focuses on the determination of operating income, changes in net asset, financial position, and cash flows. The following is the City's proprietary fund type:

**Enterprise Funds** Enterprise funds may be used to account for any activity for which a fee is charged to external users for goods or services. The water, sewer and light funds are the City's major enterprise funds.

**Water Fund** The water fund accounts for the provision of water service to the residents and commercial users located within the City.

**Sewer Fund** The sewer fund accounts for the provision of sanitary sewer service to the residents and commercial users located within the City.

**Light Fund** The light fund accounts for revenues generated from charges for electric services provided to residential and commercial users of the City.

**Fiduciary Funds** Fiduciary fund reporting focuses on net assets and changes in net assets. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private purpose trust funds, and agency funds. Trust funds are used to account for assets held by the City under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the City's own programs. The City has no trust funds. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The City's agency fund accounts for court collections that are distributed to various other subdivisions and City funds.

**C. Measurement Focus**

**Government-wide Financial Statements** The government-wide financial statements are prepared using a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of the City are included on the Statement of Net Assets. The Statement of Activities presents increases (e.g. revenues) and decreases (e.g. expenses) in total net assets.

**Notes to the Basic Financial Statements (Continued)  
December 31, 2005**

---

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

***Fund Financial Statements*** All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures, and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

Like the government-wide statements, all proprietary fund types are accounted for on a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of these funds are included on the statement of fund net assets. The statement of revenues, expenses and changes in fund net assets presents increases (i.e., revenues) and decreases (i.e., expenses) in net total assets. The statement of cash flows provides information about how the City finances and meets the cash flow needs of its proprietary fund activities.

***D. Basis of Accounting***

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Proprietary and fiduciary funds also use the accrual basis of accounting. Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue, and in the presentation of expenses versus expenditures.

***Revenues - Exchange and Non-Exchange Transactions*** Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the City, available means expected to be received within sixty days of the fiscal year-end.

Nonexchange transactions, in which the City receives value without directly giving equal value in return, include property taxes, grants, entitlements, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. (See Note 6.) Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted, matching requirements, in which the City must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the City on a reimbursement basis. On the modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at fiscal year-end: state-levied locally shared taxes (including gasoline tax and motor vehicle license fees), fines and forfeitures, interest, grants and entitlements, and rentals.

**CITY OF ST. CLAIRSVILLE, OHIO**

**Notes to the Basic Financial Statements (Continued)  
December 31, 2005**

---

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

**Deferred Revenue** Deferred revenue arises when assets are recognized before revenue recognition criteria have been satisfied.

Property taxes for which there is an enforceable legal claim as of December 31, 2005, but which were levied to finance fiscal year 2006 operations, have been recorded as deferred revenue. Grants and entitlements received before the eligibility requirements are met are also recorded as deferred revenue.

On governmental fund financial statements, receivables that will not be collected within the available period have also been reported as deferred revenue.

**Expenses/Expenditures** On the accrual basis of accounting, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

***E. Pooled Cash and Cash Equivalents***

To improve cash management, all cash received by the City is pooled. Monies for all funds, including proprietary funds, are maintained in this pool. Individual fund integrity is maintained through City records. Each fund's interest in the pool is presented as "equity in pooled cash and cash equivalents."

Investments are reported at fair value which is based on quoted market prices, with the exception of nonparticipating certificates of deposit and repurchase agreements, which are reported at cost.

During fiscal year 2005, the City's investments were limited to certificates of deposit, money market funds, STAR Ohio, and overnight sweep accounts.

The City has invested funds in the State Treasury Asset Reserve of Ohio (STAROhio) during fiscal year 2005. STAROhio is an investment pool managed by the State Treasurer's Office which allows governments within the State to pool their funds for investment purposes. STAROhio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAROhio are valued at STAROhio's share price, which is the price for which the investment could be sold on December 31, 2005.

Investment procedures are restricted by the provisions of the Ohio Revised Code and the City's investment policy and Charter. Interest revenue credited to the general fund during 2005 amounted to \$164,445, which includes \$119,177 assigned from other City funds.

The City has segregated bank accounts for monies held separate from the City's central bank account. These depository accounts are presented on the Combined Balance Sheet as "Cash and Cash Equivalents in Segregated Accounts" since they are not required to be deposited into the City's treasury.

**Notes to the Basic Financial Statements (Continued)**  
**December 31, 2005**

---

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The City utilizes a trustee bank to service bonded debt as principal and interest payments come due. The balances in these accounts are presented on the Combined Balance sheet as “Restricted Assets: Investments with Trustees” for investments in money market accounts.

The City utilizes a trustee bank to hold monies set aside for current and future debt service payments and asset replacement. The balances in these accounts are presented on the Combined Balance Sheet as “Restricted Assets: Investments with Trustees” for investments in money market accounts. See Note 5, Deposits and Investments.

***F. Prepaid Items***

Payments made to vendors for services that will benefit periods beyond December 31, 2005 are recorded as prepaid items using the consumption method. A current asset for the prepaid amount is recorded at the time of the payment and an expenditure/expense is reported in the year in which services are consumed.

***G. Materials and Supplies Inventory***

On government-wide financial statements, inventories are presented at the lower of cost or market on a first-in, first-out basis and are expensed when used.

On fund financial statements, inventories of governmental funds are stated at cost, while inventories of proprietary funds are stated at the lower of cost or market. For all funds, cost is determined on a first-in, first-out basis. Inventory consists of expendable supplies.

***H. Restricted Assets***

Assets are reported as restricted when limitations on their use change the nature or normal understanding of the availability of the asset. Such constraints are either externally imposed by creditors, contributors, grantors, or laws of other governments, or are imposed by law through constitutional provisions or enabling legislation. Customer deposits have been restricted in the enterprise funds because the deposit remains the property of the customer. The restricted asset account is balanced by a customer deposit payable liability account.

***I. Capital Assets***

General capital assets are capital assets which are associated with and generally arise from governmental activities. They generally result from expenditures in the governmental funds. General capital assets are reported in the governmental activities column of the government-wide statement of net assets but are not reported in the fund financial statements. Capital assets utilized by the proprietary funds are reported both in the business-type activities column of the government-wide statement of net assets and in the respective funds.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated capital assets are recorded at their fair market values as of the date received. The City maintains a capitalization threshold of \$2,000. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not. Interest incurred during the construction of proprietary fund capital assets is also capitalized.

**CITY OF ST. CLAIRSVILLE, OHIO**

**Notes to the Basic Financial Statements (Continued)  
December 31, 2005**

---

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

All reported capital assets, except for land and construction-in-progress, are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Useful lives for infrastructure were estimated based on the City's historical records of necessary improvements and replacement. Depreciation is computed using the straight-line method over the following useful lives:

Description	Governmental Activities Estimated Lives	Business-Type Activities Estimated Lives
Buildings	20-30 Years	20-30 Years
Improvements Other Than Buildings	15 - 30 Years	15 - 30 Years
Machinery and Equipment	5 - 20 Years	5-15 Years
Vehicles	5 - 10 Years	5 - 10 Years
Infrastructure	30 Years	N/A

The City's infrastructure consists of streets, sidewalks and storm sewers. For 2005, the City reported governmental activities infrastructure for the first time. The City only reports the amounts acquired after 2005.

**J. Interfund Balances**

During the course of operations, transactions occur between individual funds for goods provided or services rendered. In the fund financial statements, these receivables and payables are reported as "due from other funds" or "due to other funds" on the balance sheet, and are normally expected to be liquidated in a year or less.

On fund financial statements, receivables and payables resulting from short-term interfund loans are classified as "interfund receivables/payables."

These amounts are eliminated in the governmental columns of the statement of net assets, except for any net residual amounts due between governmental and business-type activities, which are presented as internal balances.

**K. Compensated Absences**

Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the employer will compensate the employees for the benefits through paid time off or some other means. The City records a liability for all accumulated unused vacation time when earned for all employees with more than one year of service.

Sick leave benefits are accrued as a liability using the termination method. The City records a liability for accumulated unused sick leave for employees to the extent it is probable that the benefits will result in termination payments based upon an estimate of past experience of making termination payments for sick leave. The amount is based on accumulated sick leave and employees' wage rates at year end, taking into consideration any limits specified in the City's union contracts.

**Notes to the Basic Financial Statements (Continued)  
December 31, 2005**

---

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

***L. Accrued Liabilities and Long-Term Obligations***

All payables, accrued liabilities, and long-term obligations are reported in the government-wide financial statements, and all payables, accrued liabilities and long-term obligations payable from proprietary funds are reported on the proprietary fund financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. However, claims and judgments, compensated absences, special termination benefits, and contractually required pension contributions that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current fiscal year. Bonds, capital leases, and long-term loans are recognized as a liability on the government fund financial statements when due.

***M. Fund Balance Reserves***

The City reserves those portions of fund balance which are legally segregated for specific future use or which do not represent available expendable resources and therefore are not available for appropriation or expenditure. Unreserved fund balance indicates that portion of fund equity, which is available for appropriation, in future periods. Fund balance reserves are established for encumbrances, inventory of materials and supplies inventory, long-term loans receivable and unclaimed monies.

***N. Net Assets***

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction, or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through constitutional provisions, enabling legislation or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments.

Net assets restricted for other purposes include recreation, street construction and repair, and the operation of the police department.

The City applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

***O. Operating Revenues and Expenses***

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the City, these revenues are charges for services for water and sewer services. Operating expenses are necessary costs incurred to provide the goods or service that is the primary activity of the fund. All revenues and expenses not meeting this definition are reported as non-operating.

**Notes to the Basic Financial Statements (Continued)  
December 31, 2005**

---

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

***P. Interfund Activity***

Transfers between governmental and business-type activities on the government-wide statements are reported in the same manner as general revenues.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after non-operating revenues/expenses in proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

***P. Extraordinary and Special Items***

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the City Administration and that are either unusual in nature or infrequent in occurrence. Neither type of transaction occurred during the current year.

***Q. Estimates***

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

***R. Budgetary Data***

All funds, except agency funds, are legally required to be budgeted and appropriated. The major documents prepared are the tax budget, the certificate of estimated resources, and the appropriations resolution, all of which are prepared on the budgetary basis of accounting. The tax budget demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amount Council may appropriate. The appropriations resolution is Council's authorization to spend resources and sets annual limits on expenditures plus encumbrances at the level of control selected by Council. The legal level of control has been established by Council at the object level within each department in the general fund and at the object level for all other funds. Budgetary modifications may only be made by resolution of the City Council at the legal level of control.

The certificate of estimated resources may be amended during the year if projected increases or decreases in revenue are identified by the Finance Director. The amounts reported as the original budgeted amounts on the budgetary statements reflect the amounts on the certificate of estimated resources when the original appropriations were adopted. The amounts reported as the final budgeted amounts on the budgetary statements reflect the amounts on the amended certificate of estimated resources in effect at the time the final appropriations were enacted by Council.

**CITY OF ST. CLAIRSVILLE, OHIO**

**Notes to the Basic Financial Statements (Continued)  
December 31, 2005**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The appropriations resolution is subject to amendment throughout the year with the restriction that appropriations cannot exceed estimated resources. The amounts reported as the original budgeted amounts reflect the first appropriation resolution for that fund that covered the entire year, including amounts automatically carried forward from prior years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by Council during the year.

NOTE 3 – BUDGETARY BASIS OF ACCOUNTING

While reporting financial position, results of operations, and changes in fund balance on the basis of generally accepted accounting principles (GAAP basis), the budgetary basis as provided by law is based upon accounting for transactions on a basis of cash receipts, disbursements, appropriations and encumbrances.

The Statement of Revenues, Expenditures, and Changes in Fund Balances – Budget (Non-GAAP Budgetary Basis), and Actual presented for the general fund and the Street and Police major special revenue funds are presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between budget basis and GAAP basis are:

1. Revenues are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis).
2. Expenditures/expenses are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis).
3. Outstanding year-end encumbrances are treated as expenditures/expenses (budget basis) rather than as a reservation of fund balance for governmental fund types.

The following table summarizes the adjustments necessary to reconcile the GAAP basis statements to the budgetary basis statements for the general fund and the street and police special revenue funds.

	<b>Net Change in Fund Balance</b>				
	<u>General</u>	<u>Street</u>	<u>Recreation</u>	<u>Police</u>	<u>CHIP</u>
GAAP Basis	\$ (404,853)	\$ 32,927	\$ 947,705	\$ (9,786)	\$ (56,310)
Revenue accruals	(5,924)	(7,661)	2,040	0	0
Expenditure accruals	(45,105)	5,975	3,684	9,252	0
Encumbrances	<u>(9,473)</u>	<u>(38,323)</u>	<u>(4,099)</u>	<u>(3,231)</u>	<u>0</u>
Budget Basis	<u>\$ (465,355)</u>	<u>\$ (7,082)</u>	<u>\$ 949,330</u>	<u>\$ (3,765)</u>	<u>\$ (56,310)</u>

**CITY OF ST. CLAIRSVILLE, OHIO**

**Notes to the Basic Financial Statements (Continued)  
December 31, 2005**

---

NOTE 4 – ACCOUNTABILITY

The following funds had a deficit fund balance as of December 31, 2005:

	<u>Deficit Fund Balance</u>
Police Fund	\$ 25,536
Non-Major Funds:	
Bike Trail	218,245
Street Assessment	33,965
Litter	610
Police Pension	24,120

The deficit balances were created by the application of generally accepted accounting principles. The General Fund provides transfers to cover deficit balances, however, this is done when cash is needed rather than when accruals occur.

NOTE 5 - DEPOSITS AND INVESTMENTS

State statutes classify monies held by the City into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the City Treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the City has identified as not required for use within the current two-year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts including passbook accounts.

Protection of the City's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, by surety company bonds deposited with the treasurer by the financial institution, or by a single collateral pool established by the financial institution to secure the repayment of all public monies deposited with the institution.

Interim monies may be deposited or invested in the following securities:

1. United States treasury notes, bills, bonds, or any other obligation or security issued by the United States treasury or any other obligation guaranteed as to principal or interest by the United States;

**CITY OF ST. CLAIRSVILLE, OHIO**

**Notes to the Basic Financial Statements (Continued)  
December 31, 2005**

---

NOTE 5 - DEPOSITS AND INVESTMENTS (Continued)

2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
4. Bonds and other obligations of the State of Ohio;
5. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) of this section and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
6. The State Treasurer's investment pool (STAR Ohio);
7. Certain bankers acceptances and commercial paper notes for a period not to exceed one hundred and eighty days from the purchase date in any amount not to exceed twenty-five percent of the interim monies available for investment at any one time; and
8. Under limited circumstances, corporate debt interests noted in either of the two highest rating classifications by at least two nationally recognized rating agencies.

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the City, and must be purchased with the expectation that it will be held to maturity.

Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the treasurer or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

According to State law, public depositories must give security for all public funds on deposit. These institutions may either specifically collateralize individual accounts in lieu of amounts insured by FDIC, or may pledge a pool of government securities valued at least 105 percent of the total value of public monies on deposit at the institution. Repurchase agreements must be secured by the specific government securities upon which the repurchase agreements are based. These securities must be obligations of or guaranteed by the United States and mature or be redeemable within five years of the date of the related repurchase agreement. State law does not require security for public deposits and investments to be maintained in the City's name. During 2005, the City and public depositories complied with the provisions of these statutes.

**CITY OF ST. CLAIRSVILLE, OHIO**

**Notes to the Basic Financial Statements (Continued)  
December 31, 2005**

NOTE 5 - DEPOSITS AND INVESTMENTS (Continued)

Deposits with Financial Institutions

Custodial credit risk is the risk that, in the event of a bank failure, the City's deposits may not be returned. All deposits are collateralized with eligible securities in amounts equal to at least 105 percent of the carrying value of the deposits. Such collateral, as permitted by the Ohio Revised Code, is held in single financial institution collateral pools at Federal Reserve Banks, or at member banks of the federal reserve system, in the name of the respective depository bank and pledged as collateral against all of the public deposits it holds or as specific collateral held at the Federal Reserve Bank in the name of the City.

At fiscal year-end, the carrying amount of the City's deposits was \$4,705,614. Based on the criteria described in GASB Statement No. 40, "Deposits and Investment Risk Disclosures," as of December 31, 2005, \$4,148,593 of the City's bank balance of \$4,754,879 was exposed to custodial risk as discussed above, while \$606,286 was covered by Federal Deposit Insurance Corporation.

Investments

As of December 31, 2005, the City had the following investments and maturities:

Investment Type	Fair Value	Investment Maturities 6 Months or Less
Repurchase Agreement	\$ 982,142	\$ 982,142
STAROhio	302,956	302,956
	\$ 1,285,098	\$ 1,285,098

**Interest Rate Risk.** As a means of limiting its exposure to fair value losses arising from rising interest rates and according to state law, the City's investment policy limits investment portfolio maturities to five years or less for investments with a fixed interest rate, and two years or less for investments with a variable interest rate.

**Credit Risk.** The City's repurchase agreement and STAROhio is an unrated investment.

**Concentration of Credit Risk.** The City places no limit on the amount that may be invested in any one issuer. The following table includes the percentage to total of each investment type held by the City at December 31, 2005:

Investment Type	Fair Value	Percent of Total
Repurchase Agreement	\$ 982,142	76%
STAROhio	302,956	24%
Total	\$ 1,285,098	100%

**CITY OF ST. CLAIRSVILLE, OHIO**

**Notes to the Basic Financial Statements (Continued)  
December 31, 2005**

---

NOTE 6 - PROPERTY TAXES

Property taxes include amounts levied against all real, public utility, and tangible personal property located in the City. Property tax revenue received during 2005 for real and public utility property taxes represents collections of the 2005 taxes. Property tax payments received during 2005 for tangible personal property (other than public utility property) are for 2005 taxes.

2005 real property taxes are levied after October 1, 2005, on the assessed value as of January 1, 2005, the lien date. Assessed values are established by the State law at 35 percent of appraised market value. 2005 real property taxes are collected in and intended to finance 2005.

Public utility tangible personal property currently is assessed at varying percentages of true value; public utility real property is assessed at 35 percent of true value. 2005 public utility property taxes which became a lien on December 31, 2004, are levied after October 1, 2005, and are collected in 2006 with real property taxes.

2005 tangible personal property taxes are levied after October 1, 2005, on the values as of December 31, 2005. Collections are made in 2005. Tangible personal property assessments are 25 percent of true value for capital assets and 23 percent for inventory.

The full tax rate for all City operations for the year ended December 31, 2005, was \$12.35 per \$1,000 of assessed value. The assessed values of real and tangible personal property upon which 2005 property tax receipts were based are as follows:

Real Property	\$ 87,405,150
Tangible Personal Property	3,427,660
Public Utility Property	<u>1,290,030</u>
Total	<u>\$ 92,122,840</u>

Real property taxes are payable annually or semi-annually. If paid annually, payment is due December 31; if paid semi-annually, the first payment is due December 31 with the remainder payable by June 20. Under certain circumstances, State statute permits earlier or later payment dates to be established.

Tangible personal property taxes paid by multi-county taxpayers are due September 20. Single county taxpayers may pay annually or semi-annually. If paid annually, payment is due April 30; if paid semi-annually, the first payment is due April 30, with the remainder payable by September 20.

The County Treasurer collects property tax on behalf of all taxing districts in the County, including the City of St. Clairsville. The County Auditor periodically remits to the City its portion of the taxes collected. Property taxes receivable represent real and tangible personal property, public utility taxes and outstanding delinquencies which are measurable as of December 31, 2005 and for which there is an enforceable legal claim. In the general fund, and the police levy and police pension special revenue funds, the entire receivable has been offset by deferred revenue since the current taxes were not levied to finance 2005 operations and the collection of delinquent taxes during the available period is not subject to reasonable estimation. On a full accrual basis, delinquent property taxes have been recorded as revenue while the remainder of the receivable is deferred.

**CITY OF ST. CLAIRSVILLE, OHIO**

**Notes to the Basic Financial Statements (Continued)  
December 31, 2005**

NOTE 7 - RECEIVABLES

Receivables at December 31, 2005 consisted of taxes, accounts (billings for user charged services including unbilled utility services), special assessments, loans, and intergovernmental receivables arising from grants and shared revenues. All receivables are deemed collectible in full.

NOTE 8 - CAPITAL ASSETS

A summary of changes in capital assets during 2005 follows:

	Balance 12/31/04	Additions	Deletions	Balance 12/31/05
<b>Governmental Activities</b>				
<i>Capital Assets Not Being Depreciated:</i>				
Land	\$ 285,706	\$ 2,000	\$ 0	\$ 287,706
CIP	0	354,906		354,906
<i>Total Capital Assets Not Being Depreciated</i>	<u>285,706</u>	<u>356,906</u>	<u>0</u>	<u>642,612</u>
<i>Capital Assets, Being Depreciated:</i>				
Buildings	2,225,184	0	0	2,225,184
Improvements Other Than Buildings	90,154	14,985		105,139
Machinery and Equipment	364,006	104,143	0	468,149
Vehicles	232,895	13,790	0	246,685

**NOTE 9 - RISK MANAGEMENT**

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees and natural disasters. The City of St. Clairsville has a public employee dishonesty policy with a \$50,000 bond with Ohio Casualty, through Pilney Insurance Agency. The City's public official's liability policy has a \$1,000,000 liability with a \$3,000 deductible with Monticello, through Pilney Insurance Agency. The City's comprehensive package is with Indiana Insurance, also through Pilney Insurance Agency. The liability limits are; general aggregate limit of \$2,000,000; products aggregate limit of \$2,000,000; personal and advertising injury limit of \$1,000,000; each occurrence limit of \$1,000,000; fire damage limit (any one fire) of \$50,000; and medical expense limit (any one person) of \$5,000. The City's law enforcement liability is with National Casualty Co., through Andrew Yanok Insurance Agency. The liability limit is \$5,000,000 with a \$2,500 deductible. The City's vehicle insurance is with Grange Mutual Casualty Company. The liability limits are; bodily injury of \$1,000,000 per person per accident; property damage of \$1,000,000 per accident; medical payments of \$5,000; uninsured motorist's bodily injury of \$25,000 per person, \$50,000 per accident. The vehicle insurance deductible is \$500.

**Notes to the Basic Financial Statements (Continued)**  
**December 31, 2005**

---

NOTE 9 - RISK MANAGEMENT (Continued)

The City pays the Ohio Bureau of Workers' Compensation a premium based on the Ohio Municipal League through Gates McDonald group rate of .028306 of salaries and service contractor rates. This rate is calculated based on accident history and administrative costs to provide coverage to employees and service contractors for job related injuries.

Settlement claims have not exceeded this commercial coverage in any of the past three years. There have been no significant reductions in insurance coverage from last year.

NOTE 10 - DEFINED BENEFIT PENSION PLANS

A. Ohio Public Employees Retirement System:

The City participates in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans. The traditional plan is a cost-sharing, multiple-employer defined benefit pension plan. The member-directed plan is a defined contribution plan in which the member invests both member and employer contributions (employer contributions vest over five years at 20 percent per year). Under the member directed plan, members accumulate retirement assets equal to the value of the member and vested employer contributions plus any investment earnings. The combined plan is a cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan. Under the combined plan, employer contributions are invested by the retirement system to provide a formula retirement benefit similar to the traditional plan benefit. Member contributions, whose investment is self-directed by the member, accumulate retirement assets in a manner similar to the member directed plan.

OPERS provides retirement, disability, survivor and death benefits and annual cost of living adjustments to members of the traditional and combined plans. Members of the member directed plan do not qualify for ancillary benefits. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report which may be obtained by writing to the Ohio Public Employees Retirement System, 277 East Town Street, Columbus, Ohio 43215-4642 or by calling (614) 222-6705 or (800) 222-7377.

For the year ended December 31, 2005, the members of all three plans were required to contribute 8.5 percent of their annual covered salaries. Members participating in the traditional plan who were in law enforcement contributed 10.1 percent of their annual covered salary: members in public safety contributed 9 percent. The employer contribution rate for pension benefits for 2005 was 9.55 percent, except for those plan members in law enforcement or public safety. For those classifications, the employer's pension contributions were 12.7 percent of covered payroll. The Ohio Revised Code provides statutory authority for member and employer contributions.

The City's required contributions for pension obligations to the traditional and combined plans for the years ended December 31, 2005, 2004 and 2003 were \$200,795, \$132,355 and \$113,662, respectively. 92 percent has been contributed for 2005 and 100 percent for 2004 and 2003.

**CITY OF ST. CLAIRSVILLE, OHIO**

**Notes to the Basic Financial Statements (Continued)  
December 31, 2005**

---

NOTE 10 - DEFINED BENEFIT PENSION PLANS (Continued)

B. Ohio Police and Fire Pension Fund

The City contributes to the Ohio Police and Fire Pension Fund (OP&F), a cost-sharing, multiple employer, public employee retirement system, administered by the OP&F's Board of Trustees. The OP&F provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by the Ohio Legislature and by Chapter 742 of the Ohio Revised Code. OP&F issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the Ohio Police and Fire Pension Fund, 140 East Town Street, Columbus, Ohio 43215-5164.

Police and firefighters are required to contribute 10 percent of their annual covered salary to fund pension obligations while the City is required to contribute 11.75 percent for police officers. The City has no firefighters. Contributions are authorized by State statute. The City's contributions to the OP&F for police for the years ended December 31, 2005, 2004 and 2003 were \$51,833, \$46,460, and \$42,564, respectively. The full amount has been contributed for 2004 and 2003. 73 percent has been contributed for 2005.

C. Medicare System:

All employees hired after April 1, 1986 are required to contribute to Medicare at a rate of 1.45 percent of their covered salary. The City of St. Clairsville is required to contribute 1.45 percent also. It is paid bi-weekly with the employee's federal withholding by bank transfer within three working days of the pay date. There is a liability reported under intergovernmental payables in each fund for Medicare on the accrued wages only. All other contributions were paid for the year.

NOTE 11 - POSTEMPLOYMENT BENEFITS

A. Ohio Public Employees Retirement System

The Ohio Public Employees Retirement System of Ohio (OPERS) provides postretirement health care coverage to age and service retirees with ten or more years of qualifying Ohio service credit with either the traditional or combined plans. Health care coverage for disability recipients and primary survivor recipients is available. Members of the member-directed plan do not qualify for postretirement health care coverage. The health care coverage provided by the retirement system is considered an Other Postemployment Benefit (OPEB) as described in *GASB Statement No. 12*. A portion of each employer's contribution to PERS is set aside for the funding of postretirement health care based on authority granted by State statute. The 2005 local government employer contribution rate was 13.55 percent of covered payroll (16.7 percent for public safety and law enforcement); 4.00 percent of covered payroll was the portion that was used to fund health care.

Benefits are advanced-funded using the age normal cost method. Significant actuarial assumptions, based on PERS's latest actuarial review performed as of December 31, 2004, include a rate of return on investments of 8.00 percent, an annual increase in active employee total payroll of 4.00 percent compounded annually (assuming no change in the number of active employees) and an additional increase in total payroll of between .50 percent and 6.3 percent based on additional annual pay increases. Health care premiums were assumed to increase between 1.00 percent and 6.00 percent annually for the next eight years and 4 percent annually after eight years.

**Notes to the Basic Financial Statements (Continued)**  
**December 31, 2005**

---

NOTE 11 - POSTEMPLOYMENT BENEFITS (Continued)

All investments are carried at market. For actuarial valuation purposes, a smoothed market approach is used. Assets are adjusted to reflect 25 percent of unrealized market appreciation or depreciation on investment assets annually.

The number of active contributing participants in the traditional and combined plans was 376,109. The City's actual contributions for 2005 which were used to fund postemployment benefits were \$55,437. The actual contribution and the actuarially required contribution amounts are the same. PERS's net assets available for payment of benefits at December 31, 2004 (the latest information available) were \$10.8 billion. The actuarially accrued liability and the unfunded actuarial accrued liability were \$29.5 billion and \$18.7 billion, respectively.

On September 9, 2004, the OPERS Retirement Board adopted a Health Care Preservation Plan (HCPP) with an effective date of January 1, 2007. The HCPP restructures OPERS' health care coverage to improve the financial solvency of the fund in response to increasing health care costs. Members and employer contribution rates increased as of January 1, 2006, which will allow additional funds to be allocated to the health care plan.

**B. Ohio Police and Fire Pension Fund**

The Ohio Police and Fire Pension Fund (OP&F) provides postretirement health care coverage to any person who receives or is eligible to receive a monthly service, disability or survivor benefit check or is a spouse or eligible dependent child of such person. An eligible dependent child is any child under the age of eighteen whether or not the child is attending school or under the age of twenty-two if attending school full-time or on a two thirds basis.

The health care coverage provided by the retirement system is considered an Other Postemployment Benefit (OPEB) as described in *GASB Statement No. 12*. The Ohio Revised Code provides the authority allowing the Ohio Police and Fire Pension Fund's board of trustees to provide health care coverage and states that health care cost paid from the Ohio Police and Fire Pension Fund shall be included in the employer's contribution rate. Health care funding and accounting is on a pay-as-you-go basis. The total police employer contribution rate is 19.5 percent of covered payroll, of which 7.75 percent of covered payroll was applied to the postemployment health care program during 2005 and 2004. In addition, since July 1, 1992, most retirees have been required to contribute a portion of the cost of their health care coverage through a deduction from their monthly benefit payment. Beginning in 2001, all retirees and survivors have monthly health care contributions.

The City's actual contributions for 2005 that were used to fund postemployment benefits were \$34,150 for police. The City has no firefighters. The OP&F's total health care expenses for the year ended December 31, 2004 (the latest information available) was \$102,173,796, which was net of member contributions of \$55,665,341. The number of OP&F participants eligible to receive health care benefits as of December 31, 2004 was 13,812 for police and 10,528 for firefighters.

**CITY OF ST. CLAIRSVILLE, OHIO**

**Notes to the Basic Financial Statements (Continued)  
December 31, 2005**

NOTE 12 - OTHER EMPLOYEE BENEFITS

A. Additional Insurance

The City provides life insurance and accidental death and dismemberment insurance to employees, excluding part-time elected officials, appointed part-time officials, and part-time employees. The policy is in the amount of \$10,000 life insurance and \$10,000 accidental death and dismemberment.

The City contracts with Health Plan of the Upper Ohio Valley for hospitalization insurance; Delta Dental for dental insurance; for all employees, excluding part-time elected officials, part-time appointed officials, and part-time employees. The City offers Ohio AFSCME Eye Care and Hearing Care for AFSCME and FOP members. The City contracts with Vision Service Plan for eye care for full-time employees that are not in a union and elected officials who choose to pay for it themselves. The City and employees share the cost of the total monthly premiums of \$872.89 family health care, \$349.16 single health care; \$91.35 family dental care, \$26.39 single dental care, employee and one dependent dental care \$50.19; and \$7.25 family or single eye and hearing care. Health insurance co-payments for doctors' visits are reimbursed by the City. Premiums and co-payments are paid from the same funds that pay the employee's salaries.

B. Compensated Absences

The criteria for determining vested vacation and sick leave benefits are derived from negotiated agreements and State laws. Employees earn vacation time based on the length of service. Typically, vacation can not be carried over, however, unforeseen circumstances may come into play and the superintendent may elect to permit an employee to carryover minimal vacation time. Sick leave is accumulated at a rate of 4.6 hours per each 80 hours worked. For employees that work less than a 40 hour work week, the sick leave accumulation is prorated based on 4.6 hours per 80 hours worked. All accumulated, unused vacation time and personal days are paid upon separation if the employee has acquired at least one year of service with the City. Upon separation, AFSCME members and non-union employees other than police, are paid for a maximum of 400 hours of accumulated sick time provided they have ten years of service with PERS. Police are paid a maximum of 400 hours of accumulated sick time provided they have ten years of service with the City. Upon separation, police are paid all accumulated unused comp time up to a maximum of 60 hours. As of December 31, 2005, the liability for unpaid compensated absences was \$52,849.

NOTE 13 - CONTRACTUAL COMMITMENTS

As of December 31, 2005, the City had contractual commitments for the following projects:

	<u>Contractual Commitment</u>	<u>Expended</u>	<u>Balance 12/31/2005</u>

---

NOTE 14 - LONG-TERM OBLIGATIONS (Continued)

General obligation bonds, mortgage revenue bonds, the OPWC loan, the OWDA loan, and the Enterprise Fund capital lease will be paid from revenues derived from charges for services in the Enterprise funds. The City and Belmont County are jointly obligated for the Rural Development Loan for Water Works System #3, Phase I Project. At December 31, 2005, the total debt was \$1,800,000 with the City's share being 7.34 percent or \$131,940. Compensated absences will be paid from the fund from which the employees' salaries are paid. The Business-Type capital lease will be paid from user charges and the Governmental Activities lease will be paid from the General Fund revenues. The special assessment bonds will be paid from revenues assessed to property owners. Any shortage between special assessments collected and the required bond payments will be covered by General Fund revenues.

The City has been awarded a \$356,000 Ohio Public Works Commission Loan in 2003 to pay for the costs of an East Main Force Main Project. The City has drawn down \$214,890 as of December 31, 2005.

The City has been awarded a \$168,428 Ohio Public Works Commission loan in 2003 to pay for the costs associated with the Waste Water System Repairs Project. The City has drawn down \$133,216 as of December 31, 2005.

The City has been awarded a \$17,773 Ohio Public Works Commission loan in 2003 for the costs associated with the Water Storage Tank Repairs Project. The City has fully drawn down this loan as of December 31, 2005.

The City has been awarded a \$74,000 Ohio Public Works Commission loan in 2004 to pay for the costs associated with the Pump Station Replacement Project. The City has drawn down \$73,774 in 2005.

In 2005 the City had been awarded a \$52,875 Ohio Public Works Commission loan for the cost associated with the Water Transmission Connection Project. As of December 31, 2005, the City had completely drawn down this loan.

In 2005 the City issued \$1,000,000 in general obligation bond anticipation notes for the purpose of purchasing real property from the Belmont County Agricultural Society. The City plans to pay back the loan with recreation fees and general revenues.

Special assessment bonds are payable from the proceeds of assessments against the specific property owners who primarily benefited from the project. Special assessment monies will be received in and the debt will be retired from the special assessment payments, the City is responsible for providing the resources to meet the annual principal and interest payments.

The City's overall legal debt margin was \$ 7,418,943 at December 31, 2005.

**CITY OF ST. CLAIRSVILLE, OHIO**

NOTE 15 - NOTE DEBT

The City's note activity for 2005, including amounts outstanding, interest rates, and the purpose for which the note was issued, is as follows:

	<u>Outstanding 12/31/2004</u>	<u>Additions</u>	<u>Reductions</u>	<u>Outstanding 12/31/2005</u>
<b>Governmental Activities</b>				
Bike Trail Fund:				
Construction - 1.57%	\$ 242,500	\$ 223,500	\$ (242,500)	\$ 223,500
<b>Business-Type Activities</b>				
Water Fund:				
Vehicles and Reservoir Improvements - 1.57%	\$ 265,000	\$ 255,000	\$ (265,000)	\$ 255,000
Sewer Fund:				
Vehicles, Chlorine Removal and West End Improvements - 1.57%	564,000	444,000	(564,000)	444,000
Light Fund:				
Light Garage Construction- 1.57%	<u>1,200,000</u>	<u>1,100,000</u>	<u>(1,200,000)</u>	<u>1,100,000</u>
Total Business-Type Activities	<u>\$ 2,029,000</u>	<u>\$ 1,799,000</u>	<u>\$ (2,029,000)</u>	<u>\$ 1,799,000</u>

All of the notes are bond anticipation notes issued April 28, 2005 and are backed by the full faith and credit of the City of St. Clairsville and mature within one year. The note liability is reflected in the fund which receives the proceeds and which will repay the debt.

NOTE 16 – CAPITALIZED LEASES

In prior years the City entered into four leases for the acquisition of a copier in the finance department, mayor's office, recreation department and a mailing system. All leases meet the criteria of a capital lease as defined by Statement of Financial Accounting Standards No. 13, "Accounting for Leases," which defines a capital lease generally as one which transfers benefits and risks of ownership to the lessee.

The capital assets acquired by the leases have been capitalized in the governmental activities and business-type activities in the amounts of \$ 24,602 and \$ 33,036, respectively, which is equal to the present value of the future minimum lease payments at the time of acquisition. A corresponding liability was recorded and is reduced for each required principal payment.

**CITY OF ST. CLAIRSVILLE, OHIO**

**Notes to the Basic Financial Statements (Continued)  
December 31, 2005**

NOTE 16 – CAPITALIZED LEASES (Continued)

The following is a schedule of the future long-term minimum lease payments required under the capital leases and the present value of the minimum lease payments:

Year Ending December 31:	<u>Governmental Activities</u>	<u>Business-Type Activities</u>	<u>Total</u>
2006	\$ 5,355	\$ 5,628	\$ 10,983
2007	6,516	2,680	9,196
2008	1,922	1,228	3,150
2009	605	387	992
Minimum lease payments	<u>14,398</u>	<u>9,923</u>	<u>24,321</u>
Less: amount representing interest at the City's incremental borrowing rate of interest	<u>(2,617)</u>	<u>(602)</u>	<u>(3,219)</u>
Present value of minimum lease payments	<u>\$ 11,781</u>	<u>\$ 9,321</u>	<u>\$ 21,102</u>

NOTE 17 – INTERFUND TRANSFERS AND BALANCES

Interfund transfers for the year ended December 31, 2005, consisted of the following:

	<u>Transfer In</u>	<u>Transfer Out</u>
<b>Governmental Activities</b>		
General	\$ 0	\$ 1,114,308
Street	407,700	0
Recreation	136,800	0
Police	446,800	0
Litter	10,950	0
Police Pension	51,800	0
Bike Trail	22,358	0
Street Assessment	7,100	0
Bike Trail Maintenance	<u>30,800</u>	<u>0</u>
<i>Totals</i>	<u>\$ 1,114,308</u>	<u>\$ 1,114,308</u>

The general fund transfer to the special assessment fund was due to special assessment collections not being sufficient to meet the annual principal and interest payments. The general fund transfers to the other funds were made to provide additional resources for current operations and capital improvements.

**CITY OF ST. CLAIRSVILLE, OHIO**

**Notes to the Basic Financial Statements (Continued)  
December 31, 2005**

NOTE 17 – INTERFUND TRANSFERS AND BALANCES (Continued)

As of December 31, 2005, receivables and payables that resulted from interfund transactions were as follows:

	<u>Receivable</u> <u>Interfund</u>	<u>Payable</u> <u>Interfund</u>
<b>Governmental Activities</b>		
General	\$ 34,100	\$ 0
Street Assessment	0	34,100
	<u>34,100</u>	<u>34,100</u>
<b>Business-Type Activities</b>		
Water	0	70,000
Sewer	70,000	0
	<u>70,000</u>	<u>70,000</u>
<i>Total Business-Type Activities</i>	<u>70,000</u>	<u>70,000</u>
<i>Totals</i>	<u><u>\$ 104,100</u></u>	<u><u>\$ 104,100</u></u>

NOTE 18 - JOINTLY GOVERNED ORGANIZATIONS

- A. Ohio Mid-Eastern Governments Association (OMEGA) is a ten county regional council of governments comprised of Belmont, Carroll, Coshocton, Columbiana, Guernsey, Harrison, Holmes, Jefferson, Muskingum, and Tuscarawas counties. OMEGA was formed to aid and assist the participating counties and political subdivisions within the counties in the application for Appalachian Regional Commission and Economic Development grant monies. OMEGA is governed by a sixteen member executive board comprised of members appointed from each participating county and cities within each county. City membership is voluntary. The Mayor of the City of St. Clairsville serves as the City’s representative on the board, however the City is not active. Each member currently pays a per capita membership fee based upon the most recent United States census. During 2005, no fees were paid to OMEGA. The continued existence of OMEGA is not dependent on the City’s continued participation and no equity interest exists. OMEGA has no outstanding debt.
- B. Jefferson-Belmont Joint Solid Waste Authority is established by State statutes and is operated to provide solid waste services to Jefferson and Belmont counties. The Authority is governed by a fourteen member board of directors of which the Mayor of the City of St. Clairsville is a member. The Authority is not dependent on the City of St. Clairsville for its continued existence, no debt exists, and the City does not maintain an equity interest. The City does not make any monetary contributions to the Authority.

**CITY OF ST. CLAIRSVILLE, OHIO**

**Notes to the Basic Financial Statements (Continued)  
December 31, 2005**

---

NOTE 18 - JOINTLY GOVERNED ORGANIZATIONS (Continued)

- C. Bel-O-Mar Regional Council is operated as a non-profit organization formed to provide planning and administrative services to all local governments in a four county region comprised of Belmont County, Ohio and three counties in West Virginia. The governing board is comprised of 58 officials from the four county service area of which three members and one alternate member are appointed by Belmont County and one member is appointed by each local government within Belmont County. The Mayor of the City of St. Clairsville serves as the City's representative on the board. The Council is not dependent upon the City of St. Clairsville for its continued existence, no debt exists, and the City does not maintain an equity interest. During 2005, the City made no contribution to Bel-O-Mar Regional Council.
  
- D. Southeastern Ohio Narcotics Task Force (SENT) is a multi jurisdictional drug task force with the primary goal of combating major narcotic traffickers in Belmont, Carroll, Guernsey, Harrison, Monroe, and Tuscarawas counties. The Task Force is jointly governed among the participating counties and cities. A grant is received from the State of Ohio of which the participating entities must match 25 percent. Of the 14 members of the board, the Police Chief of the City of St. Clairsville acts as the City's representative on the board. Each member's control over the operation of SENT is limited to its representation on the board, and the City does not maintain an equity interest. During 2005, the City made no contribution to the Task Force.
  
- E. Belmont County Board of Health is operated as a non-profit organization formed to provide health care services to all areas within Belmont County. The governing board is comprised of officials from Belmont County. The City of St. Clairsville has a contract with the Board of Health. The Board is not dependent upon the City of St. Clairsville for its continued existence, no debt exists, and the City does not maintain an equity interest. During 2005, Belmont County Board of Health received \$31,285 from the City of St. Clairsville for annual fees, which are deducted from the property tax collections and distributed to the Board by the County Auditor.

NOTE 19 - CONTINGENCIES

- A. Grants:  
The City received financial assistance from federal and state agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material effect on the overall financial position of the City at December 31, 2005.
  
- B. Litigation:  
The City of St. Clairsville, Ohio, is a defendant in a couple of lawsuits, the outcome of which cannot be determined. It is the opinion of the City's management that any judgment against the City would not have a material adverse effect on the City's financial position.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT  
OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH  
GOVERNMENT AUDITING STANDARDS

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of St. Clairsville (the "City") as of and for the year ended December 31, 2005, which collectively comprise the City's basic financial statements and have issued our report thereon dated June 1, 2006. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the City's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinions on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses. We also noted other matters involving the internal control over financial reporting that do not require inclusion in this report, that we have reported to the management of the City in a separate letter dated June 1, 2006.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*. However, we noted certain instances of noncompliance that we have reported to management of the City in a separate letter dated June 1, 2006.

This report is intended solely for the information and use of the audit committee, management, federal awarding agencies, pass-through entities, and City Council and is not intended to be and should not be used by anyone other than those specified parties.

## INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

### Compliance

We have audited the compliance of the City of St. Clairsville (the "City") with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133, *Compliance Supplement* that are applicable to each of its major federal programs for the year ended December 31, 2005. The City's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the City's management. Our responsibility is to express an opinion on the City's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the City's compliance with those requirements.

In our opinion, the City of St. Clairsville complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended December 31, 2005.

### Internal Control over Compliance

The management of the City is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the City's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses. However, we noted other matters involving internal control over compliance and operations that we have reported to management of the City in a separate letter dated June 1, 2006.

Schedule of Expenditures of Federal Awards

We have audited the accompanying financial statements of the governmental activities, the business-type activities, and each major fund and the aggregate remaining fund information of the City of St. Clairsville, Ohio as of and for the year ended December 31, 2005, which collectively comprise the City's basic financial statements, and have issued our report thereon dated June 1, 2006. Our audit was performed for the purpose of forming opinions on the basic financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

This report is intended solely for the information and use of the audit committee, management, federal awarding agencies, pass-through entities, and City Council and is not intended to be and should not be used by anyone other than those specified parties.
