**Auditor of State  
Betty Montgomery**

Honorable Mayor and City Council  
City of Wooster  
538 North Market Street  
Wooster, Ohio 44691

We have reviewed the *Independent Auditor's Report* of the City of Wooster, Wayne County, prepared by Rea & Associates, Inc., for the audit period January 1, 2005 through December 31, 2005. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The City of Wooster is responsible for compliance with these laws and regulations.

## **INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Wooster as of and for the year ended December 31, 2005, which collectively comprise the City of Wooster's basic financial statements and have issued our report thereon dated May 19, 2006. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

### Internal Control Over Financial Reporting

In planning and performing our audit, we considered the City of Wooster's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide an opinion on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses. However, we noted certain matters that we have reported to management of the City of Wooster in a separate letter dated May 19, 2006.

### Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Wooster's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance that we must report under *Government Auditing Standards* which are described in the accompanying Schedule of Findings and Questioned Costs as item 2005-01. We also noted certain immaterial instances of noncompliance that we have reported to management of the City of Wooster in a separate letter dated May 19, 2005.

## **INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133**

### Compliance

We have audited the compliance of the City of Wooster with the types of compliance requirements described in the U. S. Office of Management and Budget (OMB) Circular A-133, *Compliance Supplement* that are applicable to each of its major federal programs for the year ended December 31, 2005. The City of Wooster's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the City of Wooster's management. Our responsibility is to express an opinion on the City of Wooster's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City of Wooster's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the City of Wooster's compliance with those requirements.

In our opinion, the City of Wooster complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended December 31, 2005.

### Internal Control Over Compliance

The management of the City of Wooster is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the City of Wooster's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

City of Wooster  
Report on Compliance and Internal Control  
In Accordance with OMB Circular A-133

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants caused by error or fraud that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses. However, we noted other matters involving internal control over compliance and operations that we have reported to management of the City of Wooster in a separate letter dated May 19, 2006.

Schedule of Expenditures and Federal Awards - Non GAAP Budgetary Basis

We have audited the financial statements of the governmental activities, each major funds and the aggregate remaining fund information of the City of Wooster as of and for the year ended December 31, 2005 which collectively comprise the City's basic financial statements, and have issued our report thereon dated May 19, 2006. Our audit was performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

This report is intended solely for the information and use of City Council, management, federal awarding agencies, and pass-through entities, and is not intended to be and should not be used by anyone other than those specified parties.

## CITY OF WOOSTER

May 19, 2006

City Council and Citizens of Wooster  
Wooster, Ohio

### **The Comprehensive Annual Financial Report**

The Comprehensive Annual Financial Report (CAFR) of the City of Wooster (the City) for the fiscal year ended December 31, 2005, is hereby submitted. Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the City's management. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds of the City. Disclosures necessary to enable the reader to gain an understanding of the City's financial activities have been included. The reader is encouraged to review the contents of Management's Discussion and Analysis which begins on page 15.

The CAFR is presented in three sections: introductory, financial, and statistical. The introductory section includes this transmittal letter, our organization chart, and a list of principal officials and Certificate of Achievement for Excellence in Financial Reporting. We have included in the transmittal letter a financial ratio and statistical overview of the city based on entity-wide financial reporting. The financial section includes, under the Governmental Accounting Standard Board Statement No. 34 as amended, the Report of Independent Accountants, the Management Discussion and Analysis, the basic financial statements, required supplementary information, and the combining and individual fund financial statements. The statistical section includes selected financial and demographic information, generally presented on a multi-year basis.

The City is located in the north central part of the State of Ohio, within the boundaries of Wayne County of which it is the county seat. The City is a home rule municipal corporation under the laws of the State of Ohio and, as such, operates under its own charter. The current charter was adopted in 1972 and has undergone two amendments since that time. The city government consists of a Mayor, a seven-member Council and a Council President. All of these officials are elected for four-year terms. The Mayor, three Council members and the Council President are elected on an at-large basis. The four remaining Council members are elected from their respective wards within the City.

For financial reporting purposes, the City includes in this report all funds, agencies, boards, and commissions that are controlled by, or dependent on, the City legislative branch. "Controlled by" or "dependent on" the City is determined on the basis of budget adoption, taxing authority, outstanding debts secured by revenues or general taxing authority of the City, and/or the City's obligation to fund any deficits that may occur.

The City provides a full range of municipal services contemplated by its charter. These services include police, fire, health care, recreation programs (including parks), transportation programs, water and water pollution control programs, planning and zoning, and general administrative services.

The chart displayed above demonstrates past economic trends in the community and provides indications of possible future trends. The Industrial segment continues to lead our economy. Through economic diversification, the City has become less reliant on the industrial sector. We view this trend as positive and expect this pattern to continue. We anticipate, as indicated by the strength of the construction segment and building permits issued during the last three years, future economic expansion. The significant dollar permits issued in 2005 were: Wooster Community Hospital \$17.5 million (new medical building); The College of Wooster \$12 million (renovation); United Titanium \$4 million (addition); Frito Lay \$3.6 million (addition); AM Rodriguez Associates Inc \$2 million (multi-family housing); Wooster Republican Printing \$1.75 million (addition/alteration); City of Wooster \$1.2 million (Water Pollution Control plant expansion); Luk Ohio Inc. \$1.2 million (new construction); AM Rodriguez Associates Inc \$1 million (multi-family housing); Luk Ohio Inc. \$900,000 (addition); Unitarian Universalist Church \$617,000 (new—church); Lightning Rod Mutual Insurance \$600,000(new construction); Franchise Loan Receivables \$532,000 (restaurant renovation).

**Financial Management Initiatives**

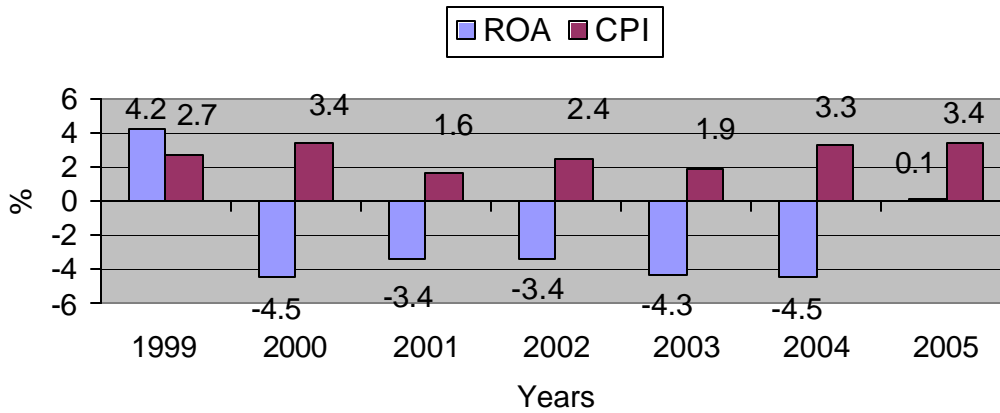

On January 17, 1995, and amended in 1999, Council passed and the Mayor approved new financial policies for the governmental funds of the City. In part, the ordinance states: (1) The governmental funds shall be budgeted to have a rate of return on all assets greater than or equal to the rate of inflation; (2) Council will not provide new services unless new revenue is available or there is a cost reduction in another service; (3) By 1999, the General Fund shall have an unencumbered cash balance of at least 60 days of expenditures, but no more than 240 days; (4) By 2001, the Capital Improvements Fund shall have a cash balance at least equal to the value of the annual depreciation of the governmental fund assets; and, (5) If the General Fund cash exceeds the 240 day requirement and the Capital Improvements Fund cash requirement is achieved and the return on assets in the governmental funds is greater than the rate of inflation Council will lower either the property tax rate or the income tax rate.

GASB Statement No. 34 financial reporting requirements facilitate monitoring actual results with these City policies. Our positions on each measurable point as of December 31 are presented in the following graphs:

### Total Return on Assets (Governmental Operations) vs CPI

### Return on Assets From Operations (Governmental Operations) vs CPI

### Days in Unencumbered General Fund Cash

## Unencumbered Cash Balance (Capital Improvement Fund) to Annual Depreciation (Governmental Activities)

### **Risk Management**

The City is self-insured for general liability for \$25,000 per occurrence. No material losses are anticipated.

An Insurance Claims Board consisting of the Directors of Administration, Law and Finance has been established to review and settle all claims of less than \$5,000.

All full-time employees are provided with traditional health care insurance that covers hospitalization and major medical expenses within specified limits. The plan is self-funded by the City and administered by a third-party administrator. The City pays the administrator a monthly fixed fee for various claim administration services on a per enrolled employee basis.

The City pays all claims. The third-party administrator submits weekly preliminary check registers for all processed claims. The City issues payment to the plan administrator who in turn issues individual claim checks.

The City carries stop-loss insurance against catastrophic losses. The premiums for these coverages are billed monthly by the third-party administrator on a per enrolled employee basis.

### **Cash Management**

As of December 31, 2005, the City of Wooster had approximately \$95 million in cash and investments. Through a series of contractual agreements, all but a small amount of cash is invested at all times. The weighted average length of maturity of these investments was approximately 346 days with a weighted yield to maturity of 3.52%. The allocation of these investment resources is included in the following chart.

## Allocation of Investment Resources

### **Certificate of Achievement**

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Wooster, Ohio, for its comprehensive annual financial report for the fiscal year ended December 31, 2004. This was the twenty-fifth consecutive year that the government has received this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

### **Independent Audit**

Rea & Associates, Inc., has audited the financial statements and related notes of the City of Wooster. As stated in the auditor's report, the audit was conducted in accordance with Generally Accepted Government Auditing Standards, and included a financial compliance evaluation as well as a review of internal accounting controls. See page 13 of the Financial Section of this report for their unqualified opinion.

### **Acknowledgements**

The preparation of this report would not have been possible without the dedicated and efficient services of the Finance Department, and the various managers, directors, and employees who contributed to this report. Our sincere appreciation is given not only for the preparation of this report, but also for the efforts expended throughout the year. A special thanks is extended to members of City Council for their support in managing the affairs of the City.

We would also like to take this opportunity to recognize Keith Boyle and Eileen Brodie. Keith, who was Deputy Director of Finance here for 25 years, retired from the City in December 2005. We greatly appreciate Keith's leadership, vision and determination to make the Finance Department, as well as the City of Wooster, the very best it could be. Eileen, who retired in February 2006 with 25 years of service, spent the majority of her career managing the City's software programs. Her skills, dedication, professionalism, and optimistic attitude made our jobs and our lives immeasurably better. We thank you both for all you have done for us.

Respectfully submitted,

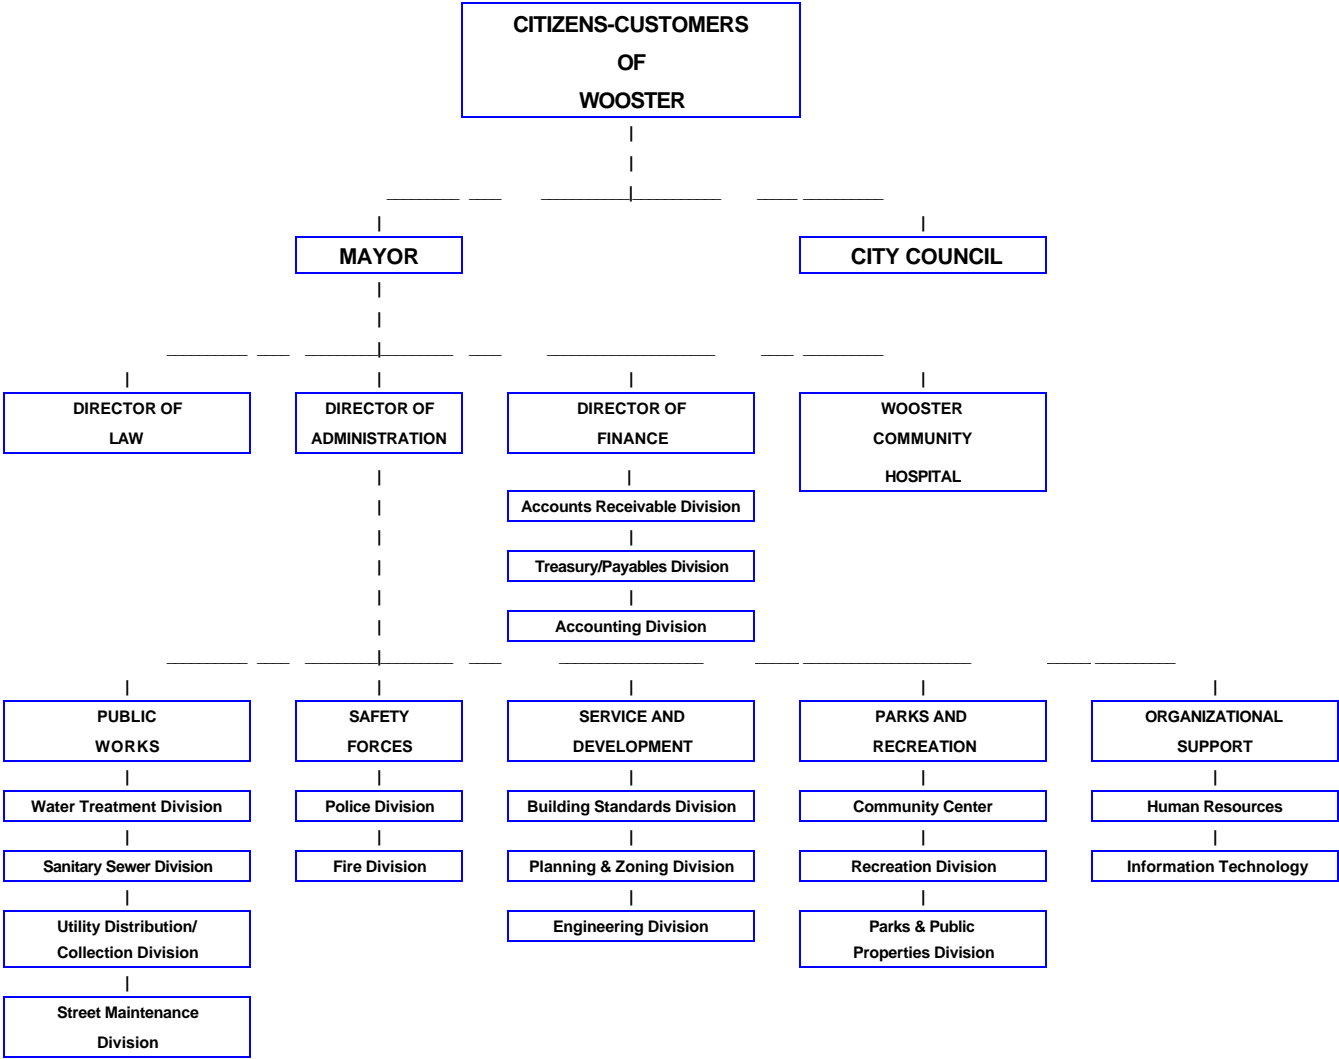

James A. Howey

May 19, 2006

To the Honorable Mayor and City Council  
City of Wooster  
Wayne County, Ohio

## INDEPENDENT AUDITOR'S REPORT

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Wooster, Wayne County, Ohio, as of and for the year ended December 31, 2005, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City of Wooster's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Wooster, Wayne County, Ohio, as of December 31, 2005, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated May 19, 2006, on our consideration of the City of Wooster's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Management's Discussion and Analysis and the budgetary comparison information are not a required part of the basic financial statements but are supplementary information required by the accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

The accompanying introductory and statistical sections, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements. This information has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Management's Discussion and Analysis (MD&A) of the City of Wooster's financial performance provides an overview of the City's financial activities for the fiscal year ended December 31, 2005. Descriptions and definitions follow the highlights below. Please read the MD&A in conjunction with our letter of transmittal, which begins on page 5, and the City's basic financial statements, which begin immediately following the MD&A.

FINANCIAL HIGHLIGHTS

- The City's net assets (total assets minus total liabilities) increased \$12.40 million as a result of this year's operations.
- The City-wide total return on assets was 4.88%.
- Total expenses of all City services was \$99.56 million in 2005 compared to \$95.72 million in 2004.
- Net assets of our business-type activities increased by \$10.24 million. Of these amounts Wooster Community Hospital net assets increased \$8.59 million while the City's utility service and economic development funds net assets increased by \$1.65 million.
- The return on total assets for the business-type activities was 5.34% with the Hospital returning 6.85% on its total assets and the City's utility and economic development services returning 2.48%.
- Net assets of the governmental activities increased by \$2.16 million. The return on total assets for the governmental activities was 3.47%.
- The capital improvements fund ended the year with a cash balance of \$2.72 million. Depreciation expense for all governmental capital assets for 2005 was \$2.81 million. The City budgeted \$7.38 million (including carry-over projects) from the capital improvements fund (for governmental capital projects) in 2005.
- Net governmental capital assets increased by \$.76 million in 2005.

USING THIS ANNUAL REPORT

The major portion of this annual report consists of a series of financial statements and explanatory notes. The Statement of Net Assets and the Statement of Activities (on pages 27 and 28 & 29) provide information about the services provided by the City of Wooster as a whole and present a longer-term view of the City's finances. Fund financial statements start on page 30. For governmental activities, these statements demonstrate how these services were financed in the short term as well as what remains for future spending. Individual fund financial statements also report the City's operations in more detail than the government-wide statements.

Reporting the City as a Whole

The Statement of Net Assets and the Statement of Activities

One of the most important questions asked about the City's finances is "Is the City as a whole better off or worse off as a result of the year's activities?" The Statement of Net Assets and the Statement of Activities report information about the City as a whole and about its activities in a way that helps answer this question. These statements include all assets and liabilities using the *accrual basis of accounting*, which is similar to the accounting used by most private-sector companies. Recognition of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)  
FOR THE YEAR ENDED DECEMBER 31, 2005**

---

These two statements report the City's *net assets* and changes in them. We can think of the City's net assets, the difference between assets (what the citizens own) and liabilities (what the citizens owe) as one way to measure the City's financial health, or *financial position*. Over time, *increases or decreases* in the City's net assets are one indicator of whether its *financial health* is improving or deteriorating. We also must consider other nonfinancial factors, however, such as changes in the City's property tax base, income tax base, and the condition of the City's capital assets (roads, buildings, water and sewer lines) to assess the *overall health* of the City. Each factor is important to sustaining levels of service.

In the Statement of Net Assets and the Statement of Activities, we divide the City into two kinds of activities:

- **Governmental activities:** most of the City's basic services are reported here, including the police, fire, street maintenance, parks and recreation, and general administration (City Council, Mayor and Clerk of Council, Director of Administration, Law, Finance, Engineer and Information Technology). Income taxes, property taxes, state and federal grants, and several user fees finance most of these activities.
- **Business-type activities:** water, sanitary sewer, storm drainage, trash collection, and hospital services are reported here. The City charges fees to its customers to cover the cost of these services.

#### Reporting the City's Most Significant Funds

##### Fund Financial Statements

Our analysis of the City's major governmental activities begins on page 21. The fund financial statements begin on page 30 and provide detailed information about the most significant funds-not the City as a whole. Some funds are required to be established by State law. However, City Council establishes many other funds to help it control and manage money for particular purposes (e.g., Economic Development Capital Improvements Fund) or to show that it is meeting legal responsibilities for using certain taxes, grants, and other money (e.g., grants received from the U.S. Department of Housing and Urban Development). The City's three categories of funds, governmental, proprietary and fiduciary, use different accounting techniques.

*Governmental funds:* Most of the City's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called *modified accrual* accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed *short-term view* of the City's general government operations and the basic services it provides. Governmental fund information helps one determine whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs. We describe the relationship (or differences) between governmental *activities* (reported in the Statement of Net Assets and the Statement of Activities) and governmental funds in a reconciliation beside the fund financial statements.

*Proprietary funds:* When the City charges customers for the full cost of the services it provides whether to outside customers or to other units of the City, these services are reported in proprietary funds. Proprietary funds are reported in the same way that all activities are reported in the Statement of Net Assets and the Statement of Activities. In fact, the City's enterprise funds (a component of business-type funds) are the same as the business-type activities we report in the government-wide statements but provide more detail and additional information, such as cash flows, for proprietary funds. We use internal service funds, such as the City's Garage Fund, (the other component of proprietary funds) to report activities that provide supplies and services to the City's other programs and activities.

**CITY OF WOOSTER, OHIO  
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)  
FOR THE YEAR ENDED DECEMBER 31, 2005**

*Fiduciary funds:* Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statement because the resources are not available to support the City's own programs. The City of Wooster has only agency funds to report within the Fiduciary Fund category. Agency funds are reported on the accrual basis and present a statement of assets and liabilities and a statement of changes in assets and liabilities.

**THE CITY AS A WHOLE**

The City's combined net assets increased from \$206.64 million to \$219.03 million. Our analysis below focuses on the assets, liabilities and net assets (Table 1) and changes in net assets (Table 2) of the City's governmental and business-type activities.

**Table 1**

Unrestricted net assets of governmental activities, the portion of net assets that can be used to finance day-to-day governmental operations (without constraints established by debt covenants, enabling legislation, or other legal requirements), increased 8.79% from \$11.46 million at December 31, 2004 to \$12.47 million at December 31, 2005. Restricted net assets, those restricted mainly for capital projects and special purposes such as street cleaning or maintenance, increased 1.06 million (13.82%). Investment in governmental capital assets net of related debt increase by \$.09 million (.03%).

The net assets of our business-type activities increased by \$10.24 million or 6.49% (\$157.81 million to \$168.05 million) in 2005. The majority of this was in the hospital fund which increased by \$8.59 million. The City is required to use these net assets for sustaining services of the water, sanitary sewer, storm sewer and hospital funds.

Financial Ratios  
(dollars in thousands)

The following Financial Ratios may be used to assess the financial stability of the City over an extended period of time. The City has adopted guidelines regarding return on assets as discussed under the Governmental Activities section and the Business-type Activities section.

“Working Capital” balances demonstrate the continuing ability to finance operations with cash. The relative stability of the “current ratio” and the “liabilities to net assets” demonstrate the fact that the City has not financed its working capital with an increasing proportion of debt.

“Working Capital” is the amount by which current assets exceed current liabilities. The “Current Ratio” compares current assets to current liabilities and is an indicator of the ability to pay current obligations.

**Governmental Activities**

Table 3 below presents the cost of each of the City's four largest Governmental programs: Safety Services, Transportation Services, Leisure Services, and Environment and Development Services as well as each program's *net* cost (total cost less revenues generated by the activities). The net cost shows the financial burden that was placed on the City's taxpayers by each of these functions. The increase in the net cost demonstrates the inability to recover increased cost of the program under the current revenue policies.

Business-type Funds

The City's major Enterprise Funds consist of the Water Fund, the Water Pollution Control Fund, the Storm Drainage Fund, the Hospital Fund and the Refuse Collection Fund. The basic financial statements for the major funds are included in this report. Because the focus on business-type funds is a cost of service measurement or capital maintenance, we have included these funds in Table 4, below, which demonstrates return on ending assets and return on ending net assets.

In November of 1989, Council passed an ordinance that set forth the following policy regarding all enterprise funds user charges (rates).

1. Sufficient revenue must be generated by the charges to ensure high quality service for an indefinite period of time. Therefore, the return on assets must approximate inflation after consideration of gifts, donations, grants and subsidized loans.
2. Sufficient cash flow must be generated by the charges to ensure all expenditures, including debt service, can be paid in a timely manner.

The Water Pollution Control plant will undergo upgrades over the next two years to comply with EPA regulations which will affect us approximately two years from now.

Rates for the Storm Water Utility were increased by 60% in November of 2001, the first adjustment since inception in 1987.

As discussed in Note 15 a special item adjustment increased the Water Fund net assets by \$1,803,575.

Capital Assets

At December 31, 2005 the City had a broad range of capital assets, including police and fire equipment, buildings, park facilities, roads, bridges, and water and sewer lines at a cost of \$253.16 million. (See Table 5). This amount represents a net increase (including additions and deductions) of \$24.73 million, or 10.8%, over last year.

The City's 2006 capital budget anticipates a spending level of \$40.58 million for capital projects, exclusive of the hospital. Of this amount, \$18.06 million is budgeted for the water pollution control plant upgrade. The Hospital's 2006 Capital Budget anticipates a capital projects spending level of \$16.08 million. More detailed information about the City's capital assets is presented in Note 7 to the basic financial statements.

**Debt**

At year-end, the City had \$12.90 million in bonds, notes and loans outstanding versus \$14.27 million last year representing a decrease of 9.6% as shown in Table 6 below.

At December 31, 2005 the City's general obligation bonds are rated Aa3 by Moody's and A+ by Standard and Poor's. Other obligations include accrued vacation pay and sick leave. More detailed information about the City's long-term liabilities is presented in Note 17 to the basic financial statements.

**CITY OF WOOSTER, OHIO  
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)  
FOR THE YEAR ENDED DECEMBER 31, 2005**

---

**ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES**

The City is a stand-alone community with the nearest large city twenty-five miles distant. The City has in the diversified mix of economic sectors a relatively strong, greater than 28%, industrial sector. Because the community is stand-alone and derives its tax revenue from income taxes, the government budgets are forecast relying on employment conditions. Below is a table that demonstrates the changes in employment of those employers that employed 500 or more individuals as of December 31, 2000. Figures are rounded to the nearest 50.

<u>Employer</u>	<u>Nature of Activity</u>	<u>2001</u>	<u>2002</u>	<u>2003</u>	<u>2004</u>	<u>2005</u>

In June 2004, Newell Rubbermaid Incorporated closed its Wooster Rubbermaid factory and headquarters as part of the company's restructuring efforts. The company's distribution center remains, employing approximately 100 workers.

**BUDGETS**

The Mayor proposed and Council adopted an original budget for the year 2005, which, if necessary, adjusted rates for any revenues for inflation and other local and statewide economic factors. The target of 60 to 240 days of unencumbered cash in the General Fund is budgeted to be maintained. The variances between the originally adopted budget for the year 2005 and the final budget are caused by amendments to the original appropriation ordinance. (See Note 2.)

**CONTACTING THE CITY'S FINANCIAL MANAGEMENT**

This financial report is designed to provide our citizens, taxpayers, customers, employees, and investors and creditors with a general overview of the City's finances and to show the City's accountability for the money it receives. This report is also available on the City's website at [www.woosteroh.com](http://www.woosteroh.com). If you have questions about this report or need additional financial information, contact the Director of Finance, City of Wooster, 538 North Market Street, Wooster, Ohio 44691, (330) 263-5225.

<b>Net Change in Fund Balances - Total Governmental Funds</b>		<b>\$ 1,628,202</b>
<i>Amounts reported for governmental activities in the statement of activities are different because</i>		
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlay exceeded depreciation in the current period.		331,187
Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds.		733,092
Some revenues that do provide current financial resources but are not subject to accrual in the Statement of Activities are reported as revenues in the funds.		(643,991)
Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Assets		344,338
In the Statement of Activities, interest is accrued on outstanding bonds, whereas in governmental funds, an interest expenditure is reported when due.		30,077
Some expenses reported in the Statement of Activities, such as compensated absences do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.		(58,085)
Some expenditures reported in the governmental funds, such as labor and materials for street construction are not reported as expenses in the Statement of Activities, but instead are included in net capital assets.		790,754
Governmental funds only report the disposal of assets to the extent proceeds are received from the sale. In the Statement of Activities, a gain or loss is reported for each disposal. This is the amount of the loss on the disposal of fixed assets.		(2,979)
Debt proceeds are reported as revenues in the funds. In the Statement of Activities, debt proceeds reflect an increase in cash and a corresponding liability.		(1,000,000)
Retainage on capital assets is reported as an expense on the Statement of Activities, but not on the fund statements		3,698
Change in Net Assets of the internal service fund is not reported on the fund financial statements, but is included on the Statement of Activities		504

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Financial Reporting Entity**

The City of Wooster (City) was incorporated on October 13, 1817 under the laws of the State of Ohio. In 1973 a voter-approved charter became effective. The City provides various services and consists of many different activities and smaller accounting entities. These include a community hospital, an economic development loan program, a police force, a fire fighting and prevention force, a sewage treatment plant, a water treatment plant, a storm water drainage system, a traffic control system, street lighting, a street maintenance force (including construction, repair, and snow and ice removal), a parks and recreation system, a community center, rubbish collection and recycling service and staff to provide the necessary support to these service providers. All are responsible to the citizens of Wooster and are therefore included within the reporting entity.

The criteria used to determine which accounting entities, agencies, commissions, boards and authorities are part of the City's operations include how the budget is adopted, whether debt is secured by general obligations of the City, the City's duty to cover any deficits that may occur, and supervision over the accounting functions. There are no agencies, organizations or activities meeting any of the above criteria that are excluded from the City reporting entity.

**Basis of Presentation - Fund Accounting**

The accounting system is organized and operated on a fund basis. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations.

The City's funds are grouped into two broad fund categories and six generic fund types for financial statement presentation purposes. Governmental funds include the general, special revenue, debt service and capital projects funds. Proprietary funds include enterprise funds and an internal service fund. The City has three fiduciary agency funds.

**Basis of Accounting**

**GOVERNMENT-WIDE FINANCIAL STATEMENTS**

The government-wide financial statements (i.e., the Statement of Net Assets and the Statement of Activities) report information on all of the non-fiduciary activities of the primary government. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which primarily rely on fees and charges for support. Internal service fund activity is eliminated to avoid "doubling up" revenues and expenses. Fiduciary funds are also excluded from the government-wide financial statements.

The government-wide statements are prepared using the economic resources measurement focus and the accrual basis of accounting. This is the same approach used in the preparation of the proprietary fund financial statements but differs from the manner in which governmental fund financial statements are prepared. Therefore, governmental fund financial statements include reconciliations with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds. The primary effect of internal activity has been eliminated from the government-wide financial statements.

The government-wide Statement of Activities presents a comparison between expenses, both direct and indirect, and program revenues for each segment of the business-type activities of the City and for each governmental program. Direct expenses are those that are specifically associated with a service, program

**CITY OF WOOSTER, OHIO

---

or department and are therefore clearly identifiable to a particular function. Indirect expenses for centralized services and administrative overhead are allocated among the programs, functions and segments using a full cost allocation approach and are presented separately to enhance comparability of direct expenses between governments that allocate direct expenses and those that do not. Program revenues include charges paid by the recipients of the goods or services offered by the programs and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues not classified as program revenues are presented as general revenues. The comparison of program revenues and expenses identifies the extent to which each program or business segment is self-financing or draws from the general revenues of the City.

Net assets should be reported as restricted when constraints placed on net asset use are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation. The net assets restricted for other purposes result from special revenue funds and the restrictions on their net asset use.

Depreciation expense for renovation of the municipal building was not charged until January 2005. We have determined that a portion of the depreciation should have been charged to 2004 for portions of the asset that were in use for that year. As a result, a prior period restatement to the beginning net asset balance of Governmental Activities is necessary.

	<u>Governmental</u>	<u>Business-type</u>	<u>Total</u>
Beginning Net Assets	\$49,085,673	\$157,813,998	\$206,899,671
Depreciation Adjustment	<u>( 264,177)</u>	<u>0</u>	<u>(264,177)</u>
Adjusted Beginning Net Assets	<u>\$48,821,496</u>	<u>\$157,813,998</u>	<u>\$206,635,494</u>

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

**FUND FINANCIAL STATEMENTS**

Fund financial statements report detailed information about the City. The focus of governmental and enterprise fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. The internal service fund is presented in a single column on the face of the proprietary fund statements.

**GOVERNMENTAL FUNDS**

All governmental funds are accounted for using modified accrual basis of accounting and the current financial resources measurement focus. Under this basis revenues are recognized in the accounting period in which they become measurable and available. Expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable.

The major governmental funds are:

- General Fund – This is the City’s primary operating fund. It is used to account for all financial resources except those required to be accounted for in another fund.
- Street Construction Maintenance and Repair Fund– Required by the Ohio Revised Code to account for that portion of the state gasoline tax and motor vehicle registration fees restricted for maintenance of streets within the City.
- Capital Improvements Fund – To account for various capital projects financed by general fund revenues.

**CITY OF WOOSTER, OHIO  
NOTES TO THE BASIC FINANCIAL STATEMENTS (CONTINUED)  
FOR THE YEAR ENDED DECEMBER 31, 2005**

---

- Debt Service Fund – To accumulate special assessment revenues collected by the County Treasurer and remitted to the City by the County Auditor for payment of special assessment principal and interest. These debt issues were sold to finance construction of various projects that were deemed to benefit only those residents in the immediate area of the projects and are paid for by those residents through assessments against their property.

**Revenue Recognition**

In applying the susceptible to accrual concept under the modified accrual basis, the following revenue sources are deemed both measurable and available (i.e., collectible within the current year or within one month of year-end and available to pay obligations of the current period). These revenues include investment earnings, income taxes withheld by employers, estate taxes, and fines and forfeitures. In accordance with GASB 36, certain state-levied locally shared taxes including motor vehicle license tax and gasoline taxes are considered voluntary non-exchange transactions. These types of transactions are subject to six months accrual and income recognition. Reimbursements due for federally funded projects are accrued as revenue at the time the expenditures are made, or when received in advance, deferred until expenditures are made.

Property taxes and special assessments (in the debt service funds), though measurable, are not available soon enough in the subsequent year to finance current period obligations. Therefore, property tax and special assessment receivables are recorded and deferred until they become available.

Other revenues, including licenses and permits, certain charges for services, income taxes other than those withheld by employers and miscellaneous revenues, are recorded as revenue when received in cash because they are generally not measurable until actually received.

**Expenditure Recognition**

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Most expenditures are measurable and are recorded when the related fund liability is incurred. However, principal and interest on general long-term debt, which has not matured, are recognized when paid. Allocations of costs, such as depreciation and amortization, are not recognized in the governmental funds.

**PROPRIETARY FUNDS**

All proprietary funds are accounted for using the accrual basis of accounting. The City applies Financial Accounting Standards Board (FASB) Statements and Interpretations issued after November 30, 1989, to its enterprise funds and business-type activities, provided they do not conflict with or contradict Governmental Accounting Standards Board (GASB) pronouncements. These funds account for operations that are primarily financed by user charges. The economic resource focus concerns determining costs as a means of maintaining the capital investment and management control. Revenues are recognized when earned and expenses are recognized when incurred. Allocations of costs, such as depreciation, are recorded in proprietary funds. Unbilled utility and hospital service receivables are recorded at each year-end. City Council granted certain residents a credit against storm drainage user charges for amounts paid by them for special assessments levied. The amount of the credit is recorded as deferred revenue and will be credited against each customer's monthly storm drainage charge. The receivable and revenue from such assessments are reported as accounts receivable and user charges (or deferred revenue), respectively.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of all the City's enterprise funds and internal service fund are charges to customers for sales and services.

**CITY OF WOOSTER, OHIO**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS (CONTINUED)**  
**FOR THE YEAR ENDED DECEMBER 31, 2005**

---

Operating expenses for enterprise funds and the internal service fund include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

The major proprietary funds are:

- Wooster Community Hospital Fund – To account for the health care services provided by the City owned and operated hospital.
- Water Production Fund – To account for the provision of water treatment and distribution to the residential and commercial users of the City and some residents of the county.
- Water Pollution Control Fund – To account for sanitary sewer services provided to the residential and commercial users of the City and some residents of the county.
- Storm Drainage Fund – To account for the storm drainage runoff service provided to the residential and commercial users of the City.
- Refuse Collection Fund – To account for trash collection services provided to the residential and some commercial users of the City.

The City's only internal service fund is the Municipal Garage Fund. This fund accounts for the costs of maintaining automotive equipment used by various City departments. Costs are billed to the departments for labor and materials at actual cost with the elimination of the effect of internal service fund activity adjusted to break even.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, and then unrestricted resources as they are needed.

## **FIDUCIARY FUNDS**

The City currently has three agency fiduciary funds. Agency funds are unlike all other types of funds, reporting only assets and liabilities. Therefore agency funds cannot be said to have a measurement focus. They do, however, use the accrual basis of accounting to recognize receivables and payables.

### **Cash and Cash Equivalents**

To improve cash management, cash received by the City is pooled and invested. Individual fund integrity is maintained through City records. Interest in the pool is presented as "Equity in City Treasury Cash."

Investments of the cash management pool and investments with an original maturity of three months or less at the time of purchase are presented on the financial statements as cash equivalents. Investments with an initial maturity of more than three months that were not purchased from the pool are reported as investments.

### **Investments**

Governmental Accounting Standards Board Statement No. 31, "Accounting and Financial Reporting for Certain Investments" was implemented during 1997. In accordance with this statement, investments held at December 31, 2005 with original maturities greater than one year are stated at fair value. Fair value is estimated based on quoted market prices at year-end. All investments not required to be reported at fair value are stated at cost or amortized cost.

Governmental Accounting Standards Board Statement No. 40, "Deposit and Investment Risk Disclosures" was implemented during 2004. This statement addresses common deposit and investment risks related to credit risk, concentration of credit risk, interest rate risk, and foreign currency risk. The City of Wooster's policy is to invest public funds in a manner which protects the citizens and the investors from a loss of principal while attaining a competitively high rate of return on investment. The portfolio is continuously analyzed to attain the following objectives:

**CITY OF WOOSTER, OHIO**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS (CONTINUED)**  
**FOR THE YEAR ENDED DECEMBER 31, 2005**

---

- A. Preserve capital and protect investment principal in conformance with federal, state and local requirements.
- B. Maintain sufficient liquidity to meet operating requirements.
- C. Diversify the portfolio to avoid incurring unreasonable risks regarding specific security type or individual financial institutions.
- D. Attain a market rate of return throughout budgetary and economic cycles.
- E. Protect the principal of lenders.
- F. Encourage community growth.

**Receivables**

Hospital Fund accounts receivable is stated at billed charges less the difference between billed charges and the amount payable under third-party payor contractual agreements, and net of allowance for doubtful accounts. The \$4,471,695 allowance for uncollectibles represents estimates of uncollectible patient receivables in the accounts (user charge) classification and third party contractual adjustments for hospital fund receivables.

Other receivables at December 31, 2005 consist of property tax, income taxes withheld by employers, accounts (billings for user charged services, including utility services), special assessments, and accrued interest on investments. Taxes, special assessments, utility charges and accrued interest are deemed collectible in full.

Receivables not expected to be collected within the subsequent year include loans in the HUD Home non-major special revenue fund, deferred special assessments receivable in the Debt Service fund, and long-term receivables in the Water Pollution Control and Economic/Downtown Development Loan funds.

**Reimbursements**

Hospital Fund net operating revenues include amounts received or receivable from Medicare, Medicaid, and other third party payors under the provisions of reimbursement agreements. Inpatient services rendered to Medicare and Medicaid program beneficiaries are paid at prospectively determined rates per discharge. These rates vary according to a patient classification system that is based on clinical, diagnostic, and other factors. Outpatient services rendered to Medicare program beneficiaries are paid based on a combination of fee schedules, prospectively determined rates and a cost reimbursement methodology. Outpatient services rendered to the Medicaid program beneficiaries are generally paid based on fee schedules and prospectively determined rates.

Other third party payors may provide for payments at amounts different from established rates. Payment arrangements may include prospectively determined rates per discharge, discounted charges and per diem payments.

Wooster Community Hospital accepts all patients, regardless of their ability to pay. Care is provided without charge, or at amounts less than established rates, to patients who meet certain criteria under a charity care policy. Wooster Community Hospital provided \$1,102,076 in charity care in 2005.

**Inventory of Supplies**

Inventories are stated at cost, on the first-in, first-out basis. The costs of inventory items are recorded as expenditures in the governmental fund types and expenses in the proprietary fund types when used.

**Capital Assets and Depreciation**

The accounting and reporting treatment applied to the capital assets associated with a fund are determined by its measurement focus. General capital assets are long-lived assets of the City as a whole. When purchased, such assets are recorded as expenditures in the governmental funds and capitalized. Infrastructure such as streets, traffic signals and signs are capitalized. The valuation bases for general

**CITY OF WOOSTER, OHIO  
NOTES TO THE BASIC FINANCIAL STATEMENTS (CONTINUED)  
FOR THE YEAR ENDED DECEMBER 31, 2005**

---

capital assets are historical cost, or where historical cost is not available, estimated historical cost based on replacement cost. The minimum capitalization threshold is any individual item with a total cost greater than \$5,000.

Capital assets in the proprietary funds are capitalized in the fund in which they are utilized. The valuation bases for proprietary fund capital assets are the same as those used for the general capital assets. Donated capital assets are capitalized at estimated fair market value on the date donated.

Depreciation of capital assets is computed and recorded by the straight-line method. Estimated useful lives of the various classes of depreciable capital assets are as follows:

Buildings/interior: 5-50 years

Improvements/Infrastructure: streets 10-50 years; land improvements 10-20 years; water, sewer, storm lines 50 years

Equipment: vehicles 2-6 years; other moveable equipment 10-15 years; fire equipment 12 years.

**Reservations of Fund Balance**

Fund balances are reserved for encumbrances outstanding and carried forward and added to the subsequent year's appropriation. The fund balance in the Debt Service Fund is restricted to retirement of debt principal and interest.

**Unpaid Compensated Absences**

The City accrues unused portions of vacation pay in the period the liability is incurred. As permitted by Governmental Accounting Standards Board Statement No. 16, the vesting method is used to accrue sick leave liability. The liability is based on the sick leave accumulated at year-end by those employees who are currently eligible to receive termination payments as well as other employees who are expected to become eligible to receive such payments. Even though the City has appropriated, accumulated and earmarked expendable available fund resources for these amounts, the portion not normally expected to be liquidated with expendable available financial resources is not reported as a fund liability in accordance with Interpretation No. 6 of the Governmental Accounting Standards Board – Recognition and Measurement of Certain Liabilities and Expenditures in Governmental Fund Financial Statements.

**NOTE 2 - COMPLIANCE AND ACCOUNTABILITY**

**Budget Requirements, Accounting, and Reporting**

Requirements for all funds:

- A. Annual budgets are adopted for all City funds. Under state law, the Mayor submits an annual budget (a preliminary financial plan often referred to as the 'tax budget') to Council for consideration and approval no later than July 15. Such budget is based on expected expenditures by program within a fund and estimated resources by source for all funds.
- B. By Charter the Mayor must submit an annual appropriation ordinance to City Council. This ordinance builds upon the tax budget of the previous July and is updated for any estimate revisions as well as year-end encumbrances and may include any additional information requested by Council. Council may subsequently amend such ordinance. Amendments to the appropriation ordinance during 2005 were approved by City Council as provided by the Charter.

**CITY OF WOOSTER, OHIO**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS (CONTINUED)**  
**FOR THE YEAR ENDED DECEMBER 31, 2005**

---

- C. For day-to-day management control, expenditures plus encumbrances may not exceed budget at the expenditure-type (i.e., personal services, operations and maintenance, capital, etc.) level of each cost center (activity within a program within a fund). The Mayor may transfer unencumbered appropriations within programs within funds.
- D. Appropriation control (City Council appropriated budget) is by program (i.e., safety, leisure, health, etc.) within a fund. City Council may, by ordinance, transfer amounts among programs within and between funds. Budgetary comparison schedules are presented in the Supplemental Section as Required Supplemental Information. The budgetary basis is the modified accrual basis of accounting with encumbrances included as actual.

The requirement that the unencumbered cash balance in the capital projects fund must be equal to the value of the annual depreciation of the governmental fund assets was not met as of December 31, 2005. Corrective action will be taken in 2006.

The Beall Avenue Streetscape Fund had a deficit balance in the amount of \$6,150 due to accrual of planning expenses. This amount is included on the governmental fund financial statements in the Other Governmental Funds column.

The Milltown Road Construction Fund had a negative unreserved fund balance at December 31. The total amount of encumbrances exceeded total fund balance due to a lag in reimbursement of grant eligible expenditures.

The Noble Drive Construction Fund had a negative cash balance on December 31, 2005. This resulted from a state grant draw that was submitted in 2005 and was not received until 2006.

Contrary to Section 5705.39, Ohio Revised Code, the Water Pollution Control Fund had appropriations in excess of estimated resources in the amount of \$2.1 million as of December 31, 2005.

**NOTE 3 – CHANGE IN ACCOUNTING METHOD**

When the City early implemented GASB 34 in 1999, there was no specific guidance addressing the accrual of compensated absences on the modified accrual basis of accounting. Without such guidance the City has been recording one twelfth of the total vacation and compensatory time off liability as an expense and a liability on the fund statements

Since then the GASB has issued Interpretation No. 6, which requires that employers report a liability for compensated absences that are strictly limited to leave that is attributable to services already rendered and that is not contingent on a specific event that is outside the control of the employer and employee. The City has implemented Interpretation No. 6 in preparation of the 2005 Comprehensive Financial Report. What follows is a detailed discussion of that implementation.

Because the City pays out all vacation and compensatory time earned for all employees with at least one year of service regardless of the type of separation of employment, all vacation and compensatory time is recorded as a liability on the accrual basis statements. In order to classify the liability on the Statement of Net Assets, any vacation above one year's worth of accrual is considered a long-term liability and the remainder is considered a current liability. The total amount of the liability is recorded as encumbered fund balance on the modified accrual basis of accounting.

For modified accrual, compensated absences are accrued only when an employee separates employment before the end of the period and has not yet been paid. The employee's vacation and compensatory payout due at year end is recorded as both an expenditure and liability in the governmental funds as of year end.

**CITY OF WOOSTER, OHIO  
 NOTES TO THE BASIC FINANCIAL STATEMENTS (CONTINUED)  
 FOR THE YEAR ENDED DECEMBER 31, 2005**

---

Because ordinary sick leave does not meet the two criteria listed above, sick leave liability is recorded only for employees who are expected to become eligible for retirement and therefore receive a payout of up to 33% of their sick leave balance. The City uses the vesting method to calculate the amount of leave payable upon termination in order to record a liability on the accrual basis. Employees are expected to become eligible to retire after 5 years of service in safety forces and 7 or 10 years for all others.

In order to classify the liability on the Statement of Net Assets, the City has estimated that the calculated sick leave payout for all employees with at least 25 years of public service and 10 years of city service should be recorded as a current liability. All other sick leave payable upon termination for qualifying employees is recorded as a long-term liability. The total sick leave liability is recorded as encumbered fund balance for the governmental funds in the modified accrual basis statements.

**NOTE 5 – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS**

Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net assets

The governmental fund balance sheet includes a reconciliation between fund balance – total governmental funds and net assets – governmental activities as reported in the government-wide Statement of Net Assets. One element of that reconciliation explains that “long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the funds”. The details of that difference are as follows:

Bonds payable	\$ 2,170,268
Loans payable	83,526
Accrued interest payable	11,711
Compensated absences	1,739,127
Special assessment debt	1,106,821
Current portion of long term debt	<u>1,232,499</u>
Net adjustment to reduce fund balance – total governmental funds to arrive at net assets – governmental activities	<u>\$ 6,343,952</u>

Explanation of certain differences between the governmental fund statement of revenues, expenditures, and changes in fund balances and the government-wide statement of activities

The governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between net changes in fund balances – total governmental funds and changes in net assets of governmental activities as reported in the government-wide statement of activities. One element of that reconciliation explains that “Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.” The details of this difference are as follows:

Capital outlay	\$ 3,145,019
Depreciation	<u>(2,813,832)</u>
Net adjustment to increase net changes in fund balances – total governmental funds to arrive at changes in net assets of governmental activities	<u>\$ 331,187</u>

**NOTE 6 - DEPOSITS AND INVESTMENTS**

Policies and Practices

The City’s Charter specifies that the Director of Finance is responsible for selecting depositories and investing idle funds. The Director of Finance also has the authority to choose the types of deposits and investments made by the City. Various federal deposit insurance corporations provide protection of City cash and investments as well as qualified pledged or pooled securities by the institutions holding the assets. The various institutions, or their trustees, including the Federal Home Loan Bank and the Federal Reserve Bank hold such collateral. The City does not enter into reverse repurchase agreements.

The City pools all individual fund cash balances. Each fund’s portion of this pool is displayed on the statements of net assets or balance sheets as 'Equity in city treasury cash'. Income is distributed to the funds based on contribution to the pool.

Investment securities purchased by the City will be delivered by either book entry or physical delivery. The purchase and sale of all securities may be on a delivery versus payment basis. The primary agent shall issue a safekeeping receipt to the City listing the specific instrument, rate, maturity and other pertinent information. Deposit type securities (i.e., certificates of deposit) shall be collateralized as required by O.R.C. for any amount exceeding FDIC or FSLIC coverage. Other investments shall be collateralized by the actual security held in safekeeping by the primary agent.

The City will diversify the portfolio to avoid incurring unreasonable risks inherent in over investing in specific instruments, individual financial institutions or maturities. Diversification by instrument and the percentage of portfolio cannot exceed the following:

- A. U.S. Treasury Obligations (bills, notes and bonds), 100%.
- B. U.S. Government Agency Securities and Instrumentality’s of Government Sponsored Corporations, 100%.
- C. Certificates of Deposit (collateralized), 100%.
- D. Commercial paper notes, 25%.
  - 1. Notes must be rated at time of purchase in the highest classification established by at least two standard rating services.
  - 2. Aggregate value of the note does not exceed 10% of the aggregate value of the outstanding commercial paper of the issuing corporation.
  - 3. Notes mature no later than 180 days after purchase.

**CITY OF WOOSTER, OHIO**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS (CONTINUED)**  
**FOR THE YEAR ENDED DECEMBER 31, 2005**

- E. Banker's acceptance of banks that are members of the FDIC, 25%.
  - 1. The obligations are eligible for purchase by the Federal Reserve System.
  - 2. The obligations mature no later than 180 days after purchase.
- F. Repurchase Agreements, 25%.
- G. State and Local Government Securities, 25%.
- H. State of Ohio Investment pool, 25%.

Maturity limitations shall depend upon whether the funds being invested are considered short term or long-term funds. All funds shall be considered short term except those reserved for capital projects (i.e., bond sale proceeds), funds to be used in the future for debt service, and special assessment prepayments being held for debt retirement. Except for previously mentioned situations, as directed by the investment officer, investments shall be limited to maturities not exceeding 24 months.

**Interest Rate Risk.** In accordance with its investment policy, the City manages its exposure to declines in fair values by shortening the weighted average maturity of its investment portfolio during periods of rising interest rates. At the end of 2004, the weighted average maturity of the City's investment portfolio was approximately 376 days. At December 31, 2005 the weighted average maturity of the City's investment portfolio was shortened to approximately 346 days.

<u>Investment Type</u>	<u>Fair Value</u>	<u>Weighted Average Maturity (Days)</u>
U.S. Agencies	\$ 57,675,966	321
Certificates of Deposit	18,035,200	20
Commercial Paper	10,721,609	23
Money Market (Mutual Fund)	6,952,549	1
Repurchase Agreement	226,774	1
Municipal Bonds	339,452	3,253
	<u>\$ 93,951,550</u>	

Portfolio Weighted Average Maturity 346

**Credit Risk.** State law limits investments in corporate debt to the top two ratings issued by nationally recognized statistical rating organizations. The City does not have a written policy limiting its corporate debt investments to the top rating. However, all investments in commercial paper are rated A-1 and P-1, which are the top ratings by Standard & Poor's and Moody's Investors services, respectively. In addition, all amounts in U.S. Agencies are rated Aaa and AAA by Moody's and Standard & Poor's, respectively, which is the top rating available for those investment types.

**Custodial Credit Risk.** Custodial credit risk is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. At December 31, 2005, the carrying amount of the City's deposits was (\$744,992) and the bank balances totaled \$806,449. Of the bank balances, \$334,947 was insured by federal deposit insurance and \$477,227 was covered by pooled and/or pledged collateral, as allowed by the Ohio Revised Code, but not necessarily held in the City's name (uncollateralized). The City has no written policy limiting the dollar amount of holdings by any single counterparty.

Net increase in the fair value of applicable investments during 2005 per Governmental Accounting Standards Board Statement No. 31:

Fair value reported December 31, 2004	\$ 97,855,954
Correction: Investments maturing in under one year	<u>(35,673,503)</u>
Corrected Fair value December 31, 2004	\$ 62,182,451

**CITY OF WOOSTER, OHIO**

**FOR THE YEAR ENDED DECEMBER 31, 2005**

Fair value at December 31, 2005	\$ 49,564,763
Proceeds of investments sold in 2005	18,456,566
Cost of investments purchased in 2005	(5,999,688)
Fair Value at December 31, 2004	<u>(62,182,451)</u>
Change in fair value of investments during 2005	<u>\$ (160,810)</u>

**NOTE 7 - CAPITAL ASSETS AND DEPRECIATION**

During 2004, the City completed the interior renovation of its municipal building. It was found that the appropriate depreciation associated with the project was not recognized in 2004. This omission has been corrected and appears in the restated beginning balances of depreciation in the governmental activities.

Capital asset activity for the year ended December 31, 2005 was as follows:

**NOTE 8 - PROPERTY TAX**

Property taxes include amounts levied against all real and public utility property and tangible personal property, which are used in businesses located in the City. Real property taxes are levied before the first day of October on the assessed value listed as of the prior January 1st. The due date for the 2005 levy is February 2006 for all or one-half of taxes due. The remaining balance of the 2005 levy is due in July 2006. The lien of the county for taxes levied each year attaches on the first day of January and continues until such taxes and any penalty, interest or other charges accruing thereon are paid.

Assessed values are established by the County Auditor at 35% of appraised market value for real property, 100% for public utilities, and 25% for tangible personal property. A revaluation of all property is required to be completed no less than every six years. A revaluation was completed in 2002. The City's tax rate applicable to 2005 was \$4.20 on each \$1,000 of tax valuation.

**NOTE 9 - PENSIONS AND OTHER POST EMPLOYMENT BENEFITS**

Employees and Plans

All employees of the City belong to one of two state operated cost-sharing multiple-employer pension plans. Non-uniformed employees (including employees of the Wooster Community Hospital) are members of the Ohio Public Employees Retirement System of Ohio (OPERS). All police and fire personnel are members of the Ohio Police and Fire Pension Fund (OP&F). Elected officials participate in PERS on a voluntary basis.

Benefit Provisions

**OPERS**

Ohio Public Employees Retirement System (OPERS) administers three separate pension plans. (1) The Traditional Pension Plan – a cost sharing, multiple-employer defined benefit pension plan. (2) The Member-Directed Plan – a defined contribution plan in which the member invests both member and employer contributions (employer contributions vest over five years at 20% per year). Under the Member-Directed Plan, members accumulate retirement assets equal to the value of member and (vested) employer contributions plus any investment earnings. (3) The Combined Plan – a cost sharing, multiple-employer defined benefit pension plan. Under the Combined Plan, employer contributions are invested by OPERS to provide a formula retirement benefit similar in nature to the Traditional Pension Plan benefit. Member contributions, the investment of which is self-directed by the members, accumulate retirement assets in a manner similar to the Member-Directed Plan. OPERS provides retirement, disability, survivor and death benefits and annual cost-of-living adjustments as well as post-retirement health care coverage to qualifying members of both the Traditional Pension and Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits, including post-employment health care coverage.

Benefits of OPERS members are calculated on the basis of age, final average salary, and service credit. Authority to establish and amend benefits is provided by state statute within Chapter 145 of the Ohio Revised Code. The Ohio Public Employees Retirement System (OPERS) issues a stand-alone financial report. Interested parties may obtain a copy by making a written request to 277 East Town Street, Columbus, Ohio 43215-4642 or by calling (614)-222-6701 or 1-800-222-7377.

**OP&F**

The City of Wooster contributes to the Ohio Police and Fire Pension Fund (OP&F); a cost-sharing multiple-employer defined benefit pension plan. OP&F provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Contribution requirements and benefit provisions are established by the Ohio State Legislature and are codified in Chapter 742 of the Ohio Revised Code. The OP&F issues a publicly available financial report that includes financial information and required supplementary information for the plan. That report may be obtained by writing to OP&F, 140 East Town Street, Columbus, Ohio 43215-5164.

Contributions to Plans

Employee Contributions

The Ohio Revised Code provides statutory authority for employee and employer contributions. For 2005, employees covered under OPERS were required to contribute 8.5% of their gross wages to the plan. Members of the Wooster Employees Association bargaining unit had 5.5% of the 8.5% paid by the City; Management employees had 2% of their pensions paid by the City. Members of OP&F were required to contribute 10% of their gross wages to their plan.

Employer Contributions

The 2005 employer contribution rate for local government employer units was 13.55% of covered payroll for the year. The OPERS portion of the City's employer contributions used to fund post-employment benefits was \$1,332,231 in 2005. The City is obligated to pay 24.0% of each firefighter's covered payroll and 19.5% of each police officer's covered payroll. The OP&F portion of the City's employer contributions used to fund post-employment benefits was \$343,598.

Both the City and the employees made one hundred percent of the required contributions for years 1996 through 2005. The City's contributions for the years ending December 31 were as follows:

<u>Year</u>	<u>OPERS</u>	<u>OP&amp;F</u>
1996	\$2,699,727	\$652,674
1997	2,716,873	693,067
1998	2,870,405	740,943
1999	2,979,632	798,993
2000	2,989,123	878,110
2001	3,445,256	865,105
2002	3,849,302	914,681
2003	4,062,316	931,003
2004	4,341,125	980,208
2005	4,512,979	971,642

Post Employment Benefits Other Than Pensions

OPERS provides post-retirement health care coverage under the Traditional Pension and Combined Plans to age and service retirants with 10 or more years of qualifying Ohio service credit. Health care coverage for disability recipients and primary survivor recipients is available. A portion of each employer's contribution to OPERS is set aside for the funding of post retirement health care. The health care coverage provided by the retirement system is considered an Other Postemployment Benefit (OPEB) as described in Governmental Accounting Standards Board Statement No. 12. The Ohio Revised Code provides statutory authority requiring public employers to fund post retirement health care through their contributions to OPERS. (See "Contributions to Plans", above.)

On September 9, 2004 the Board adopted a Health Care Preservation Plan (HCPP) with an effective date of January 1, 2007. The HCPP restructures OPERS' health care coverage to improve the financial solvency of the fund in response to skyrocketing health care costs. Under the HCPP, retirees eligible for health care coverage will receive a graded monthly allocation based on their years of service at retirement. The Plan incorporates a cafeteria approach, offering a broad range of health care options that allow benefit recipients to use their monthly allocation to purchase health care coverage customized to meet their individual needs. If the monthly allocation exceeds the cost of the options selected, the excess is deposited into a Retiree Medical Account that can be used to fund future health care expenses. In addition to the HCCP, OPERS has taken additional action to improve the solvency of the Health Care Fund in 2005 by creating a separate investment pool for health care assets. As an additional component of the HCPP, member and employer contribution rates increased as of January 1, 2006, which will allow additional funds to be allocated to the health care plan.

The assumptions and calculations below were based on the system's latest actuarial review performed as of December 31, 2004. OPERS uses an entry age normal actuarial cost method of valuation in determining the present value of benefits liabilities and normal cost. The difference between assumed and

actual experience (actuarial gains and losses) becomes part of unfunded actuarial accrued liability. All investments are carried at market value. For actuarial valuation purposes, a smoothed market approach is used. Under this approach assets are adjusted annually to reflect 25% of unrealized market appreciation or depreciation on investment assets. The investment assumption rate for 2004 was 8.00%. An annual increase of 4.00% compounded annually, is the base portion of the individual pay increase assumption. This assumes no change in the number of active employees. Additionally, annual pay increases, over and above the 4.00% base increase, were assumed to range from .50% to 6.30%. Health care costs were assumed to increase at the projected wage inflation rate plus an additional factor ranging from 1% to 6% for the next 8 years. In subsequent years (9 and beyond) health care costs were assumed to increase at 4% (the projected wage inflation rate).

OPEBs are advance-funded on an actuarially determined basis. The number of active contributing participants was 376,109 as of December 31, 2005. The actuarial value of the retirement System's net assets available for OPEB at December 31, 2004, was \$10.8 billion. The actuarially accrued liability and the unfunded actuarial accrued liability, based on the actuarial cost method used, were \$29.5 billion and \$18.7 billion, respectively.

The Ohio Revised Code provides the statutory authority allowing the Fund's Board of Trustees to provide health care coverage to all eligible individuals. OP&F provides access to post-retirement health care coverage to any person who receives or is eligible to receive a monthly benefit check or is a spouse or eligible dependent child of such person. An eligible dependent child is any child under the age of 18 whether or not the child is attending school, or under the age of 22 if attending school full-time or on a 2/3 basis. The health care coverage provided by the retirement system is considered an Other Post-employment Benefit (OPEB) as described in Governmental Accounting Standards Board Statement No. 12. The Ohio Revised code provides that health care cost paid from the funds of the OP&F shall be included in the employer's contribution rate. (See "Contributions to Plans", above.)

OP&F health care funding and accounting is on a pay-as-you-go basis. A percentage of covered payroll as defined by the Board, is used to pay retiree health care expenses. The Board defined allocation was 7.75% of covered payroll in 2004 and 2005. In addition, since July 1, 1992 most retirees and survivors have been required to contribute a portion of the cost of their health care coverage through a deduction from their monthly benefit payment. Beginning in 2001, all retirees and survivors have monthly health care contributions. The number of participants eligible to receive health care benefits as of December 31, 2004, the date of the last actuarial valuation available, is 13,812 for police and 10,528 for firefighters. OP&F's total health care expense for the year ending December 31, 2004 was \$102,173,796, which was net of member contributions of \$55,665,341.

## **NOTE 10 - OTHER EMPLOYEE BENEFITS**

### Compensated Absences

#### Accumulated Unpaid Vacation and Compensatory Time

Each bargaining unit and the management staff earn vacation at different rates, which are based upon length of service. Vacation accumulation is limited to two and three years, respectively. Any unused excess is eliminated from the employee's leave balance. In the case of death, termination, or retirement an employee (or their estate) is paid for his unused vacation to a maximum of the above limitations. The total obligation for vacation and compensatory time accrual for the City and Hospital amounted to \$2,586,553 at December 31, 2005.

Accumulated Unpaid Sick Leave

Each bargaining unit and the management staff earn sick leave at different rates. Employees with at least 10 years service upon retirement are paid for thirty-three percent (City) and twenty-five percent (Hospital) of their accumulated sick leave, not to exceed various ceilings depending on bargaining unit or management staff status. This obligation amounted to \$2,325,346 for the City and Hospital at December 31, 2005, for those employees who are eligible, or are expected to become eligible, to retire with at least 10 years of service at retirement. Employees are expected to become eligible after 5 years of service in safety forces, and 7 or 10 years for all others.

**NOTE 11 - OTHER COMMITMENTS**

Justice Center Contract

The City has a continuous agreement with Wayne County to share in the costs of operating the Justice Center. The agreement calls for the City to pay 29% of the operating costs of the Justice Center (subject to annual updates based on actual use) except for staffing of shared areas for which costs are shared equally. The 2005 contract cost for the Justice Center was \$564,531.

Operating Leases

The Wooster Community Hospital leases medical and office equipment under noncancelable operating leases. Total costs for such leases were \$743,791 for the year ended December 31, 2005. All leases end in 2009. The future minimum payments for these leases are as follows:

Year Ending December 31	Amount
2006	\$817,400
2007	524,974
2008	157,812
2009	22,017
Total	<u>\$1,522,203</u>

City Construction Commitments

The City of Wooster is in the process of renovating its Water Pollution Control facilities. Low interest state loans and existing cash balances are being used to finance this approximately \$20 million project. Engineering for this project is substantially complete and construction began in August 2005. With Council's approval, the City has paid \$1.2 million on this project and has committed to \$18.3 million as of year-end. Construction of the plant has an estimated completion date in April 2007.

The work on the new two-story building connected to the east side of the Hospital facility continued, as approved by the Board of Governors of the Wooster Community Hospital. The \$16,881,000 project will contain the Hospital's new Obstetrical Unit named the Women's Pavilion and the new the Progressive Care Unit. This project was over 60% finished as of December 31, 2005 with mid-summer 2006 as a targeted completion date.

The Milltown Road East reconstruction project, funded through available cash balances and a no-interest state loan, involves approximately 5,000 feet of new asphalt roadway, concrete curbs, gutters and sidewalks. Storm sewers are being built as well as excavation and embankment construction, construction of a pedestrian bridge over the Little Apple Creek, installation of new traffic control signs and pavement markings, and all associated appurtenances. The contract for the project was awarded in

---

November 2005 for a cost of \$1,474,906. Utility relocation work began in the fall of 2005. Project completion is scheduled for fall of 2006. At the end of the year, \$1,407,929 remained on the contract.

A new sanitary sewer is being constructed on Long Road, complete with manholes, borings (state highway, county road and railroad) and pump station removal. Construction began in January 2006 and will be completed by June 2006 for the contracted amount of \$723,474, payable from available cash balances.

Engineering work has been completed for development of the South Well Field Development Project. Included in this project is the location and installation of monitoring wells, where needed, and the determination of site location for two new interceptor wells and two air stripping water towers. The approved bid amount for this project is \$617,000, which is being funded by existing cash balances. Completion of the project is expected in September 2006.

As part of ongoing sanitary and storm sewer separation projects, the City began construction on storm sewers in the Bever Street and Beall Street areas. This project consisted of constructing manholes, storm sewers and appurtenances on Maple, Henry, Bever, South, Liberty, and North streets. The contract was awarded for the project in November 2005 in the amount of \$696,640. As of 12/31/05, the construction was approximately 25% complete and \$533,019 remained on the contract. Final completion will be early Spring 2006.

Also included in the City's plan for sanitary and storm sewer separations, construction began in November 2005 on Liberty Street storm sewer improvements. This project consisted of furnishing all materials and labor for the installation of manholes, catch basins and storm sewer, including all appurtenances. The contract amount of the project was \$321,051, with 75% of the work being complete by the end of the year. However, no payment requests were made as of that date. This project was completed in March 2006.

Beall Avenue Reconstruction and Streetscape is phase three of an ongoing streetscape program. New utilities and roadway will be constructed complete with curb and gutters, turn lanes, storm sewer, water line, sanitary sewer and a boulevard section through the College of Wooster. Engineering plans will be completed in Fall of 2006 as well as right-of-way acquisition and funding secured, with construction starting in April of 2007. The anticipated completion of construction is October of 2008. Approximately \$816,990 had been committed to engineering and design contracts, of which \$303,987 remained outstanding at the end of the year. This project is being funded through multiple sources, including existing cash balances, federal and state grants, as well as private donation. Ordinance No. 2006-10 authorized the issuance of \$1,000,000 notes in anticipation of the issuance of bonds. Notes were issued in April 2006 with an interest rate of 3.89% for paying the cost of construction.

Construction on a new water well, known as the S-3 Well, began with the approval of City Council. Resolution 2003-41, which repealed Resolution 2002-46 authorized a pre-bid budget of \$950,000. The approved bid amount for this project was \$593,448. This project was being funded by existing cash balances with expected completion in May 2006. An outstanding commitment of \$172,000 existed at year-end.

In Fall 2005, construction began on the Woodcrest Sanitary Sewer Replacement project, which replaced an existing clay sanitary sewer line with new PVC sanitary sewer line and appurtenance. The new construction allowed for the abandonment of the existing sanitary sewer system that was undersized and allowed infiltration of ground water. The total project cost is \$246,657, with \$124,002 remaining outstanding at year-end. The project was completed in April 2006.

Design for improvements to two existing water booster stations commenced in 2005 in order to meet current water system demands and enhance water system operations. A \$128,700 contract for engineering and design services was entered into for the improvements to the Mechanicsburg Road and

Buckeye booster stations. As of 12/31/05, approximately 25% of the design was complete, however no payment request had been made.

In conjunction with the Ohio Department of Transportation's contract to reconstruct U.S. Route 30, the City contracted with the same company to install steel casing pipe and waterline under Route 30. Construction began on the waterline in May 2005. The waterline crossing was completed in 2005 and the City was awaiting billing at the end of the year in the amount of \$73,140.

Construction began on the extension of the Melrose Drive sanitary sewer project in December 2005. PVC and PVC lateral pipe make up the new gravity sewer. New manholes were installed and sewer pipe was constructed for the contracted cost of \$67,840. The project was 50% complete at the end of the year, with the full amount of the contract outstanding. The project was completed in February 2006.

## **NOTE 12 - CONTINGENCIES**

### Enterprise and Special Assessment Bonded Debt

Certain general obligation bonds are being retired by use of revenues generated by the Water, Water Pollution Control, Hospital, and Special Assessment Debt Service Funds. These bonds are general obligation issues backed by the full faith and credit of the City. Management does not foresee any circumstance that would change the current source of funding for these obligations.

### Litigation

There are two cases pending against the City. The maximum exposure of the City is the deductible of \$25,000 for one case; the other case does not include a monetary claim. There are five lawsuits, one administrative claim, and four open claims pending involving Wooster Community Hospital. The Hospital carries both malpractice and general liability coverage. The Wooster Community Hospital has a maximum exposure of \$50,000 deductible/claim each for one of the lawsuits and for the administrative claim; the other cases and claims expose the Hospital to a maximum liability of a deductible of \$25,000 deductible, with a total limit of \$75,000 per year.

### Contingencies Under Grant Provisions

The City participates in several federally assisted programs and is a recipient of several grants. These programs and grants are subject to financial and compliance audits by the grantors or their representatives. As of December 31, 2005, the audits of these grants and programs were complete through 2003 and the City's compliance with applicable requirements has been established. The City's compliance with applicable requirements for 2005 will be established at a future date. The City does not expect any disallowance of grant expenditures.

### Other Contingencies

#### Donated Property

During 1989, City Council accepted a donation of real property from a downtown merchant. Council then turned over the property to the Wooster Growth Corporation (WGC). The WGC then contracted with a management group to lease the property. A condition of the City's agreement with the WGC guarantees return of proceeds of any sale of the property to the City of Wooster.

#### Low Income Housing

The City has an ongoing contract with the Wooster Interfaith Housing Corporation (WIHC) for the acquisition, rehabilitation and management of properties to be made available as low income housing

**CITY OF WOOSTER, OHIO**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS (CONTINUED)**  
**FOR THE YEAR ENDED DECEMBER 31, 2005**

---

under grant provisions approved by the Secretary of Housing and Urban Development (HUD). A total of 16 properties are now owned and managed by the WIHC. Terms of the agreement call for title to the properties to be conveyed to the City upon termination of the agreement.

**Capital Project**

The City entered into a contract for Enterprise Resource Planning (ERP) software, for which \$330,000 has been expended and capitalized. Implementation has been suspended and the future of this project is uncertain.

**NOTE 13 - CONDUIT DEBT OBLIGATIONS**

From time to time, the City has issued certain limited-obligation revenue bonds on behalf of private sector and nonprofit entities for the acquisition and construction of facilities deemed to be in the public interest. The bonds are secured by the property and revenues of those entities, and are payable solely from the resources of those entities. The City is not obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements.

As of December 31, 2005 there were two series of Industrial Revenue Bonds outstanding, with an aggregate principal amount payable of \$8,485,000, and one series of Adjustable Rate Demand Health Care Facilities Bonds with a principal amount payable of \$6,985,000. The aggregate amount of all conduit debt obligations at December 31, 2005 was \$15,470,000.

**NOTE 14 - RISK MANAGEMENT**

Risk Pool Membership

The City belongs to the Public Entities Pool of Ohio (PEP), a risk-sharing pool available to Ohio local governments. PEP provides property and casualty coverage for its members. PEP is a member of the American Public Entity Excess Pool (APEEP). Member governments pay annual contributions to fund PEP. PEP pays judgments, settlements and other expenses resulting from covered claims that exceed the members' deductibles.

**Casualty Coverage**

PEP retains casualty risks up to \$250,000 per claim, including loss adjustment expenses. PEP pays a percentage of its contributions to APEEP. APEEP reinsures claims exceeding \$250,000, up to \$1,750,000 per claim and \$5,000,000 in the aggregate per year. Governments can elect additional coverage, from \$2,000,000 to \$10,000,000 from the General Reinsurance Corporation.

If losses exhaust PEP's retained earnings, APEEP covers PEP losses up to \$5,000,000 per year, subject to a per-claim limit of \$2,000,000.

**Property Coverage**

PEP retains property risks, including automobile physical damage, up to \$100,000 on any specific loss in any one occurrence, with no annual aggregate. The Travelers Indemnity Company reinsures losses exceeding \$100,000. APEEP's Guarantee Fund pays losses and loss adjustment expenses exceeding operating contributions.

The aforementioned casualty and property reinsurance agreements do not discharge PEP's primary liability for claims payments on covered losses. Claims exceeding coverage limits are the obligation of the respective local government.

There were no significant reductions in insurance coverage from the prior year in any category of risk. Insurance coverage for each of the past three years was sufficient to cover any claims settlements.

Financial Position

PEP's financial statements (audited by other accountants) conform with generally accepted accounting principles, and reported the following assets, liabilities and retained earnings at December 31, 2004 and 2003:

<u>Casualty Coverage</u>	<u>2004</u>	<u>2003</u>
Assets	\$30,547,049	\$25,288,098
Liabilities	<u>(16,989,918)</u>	<u>(12,872,985)</u>

Self-insured Health Care

City employees are provided traditional health care insurance that covers hospitalization and major medical expenses within specified limits. The plan is self-funded by the City and administered by a third-party administrator. The City pays the administrator a monthly fixed fee for various claim administration services on a per enrolled employee basis.

The City pays all claims. The third-party administrator submits weekly preliminary check registers for all processed claims. The City issues payment to the plan administrator who in turn issues individual claim

checks. The City carries stop-loss insurance against catastrophic losses. The premiums for these policies are billed monthly by the third-party administrator on a per enrolled employee basis. Third party administrators estimated the claims liability reported in the fund at December 31, 2005. It is based on the requirements of Governmental Accounting Standards Board Statement No. 10 which requires that a liability for unpaid claims costs, including estimates of costs relating to incurred but not reported claims, be reported.

As of December 31, 2005, the outstanding claims liability was \$2,128,433, of which \$1,486,496 is attributed to the Hospital and \$641,937 is attributed to the City.

Changes in the fund's claims liability amounts 2001 to 2005 are:

**NOTE 15 – SPECIAL ITEM**

State and Federal regulations require the City to close its original water production plant once taken completely out of service. The City built a new water production plant, which started production in January 1999. The original plant will be closed in accordance with regulatory requirements in 2006. In addition to the demolition of the old plant, the lime lagoon will also be closed after the removal of approximately 73,000 cubic yards of sludge from the site. The original estimate for the entire project was \$3,430,475, which was disclosed as of December 31, 2004. During the bid process in 2005, the original estimate was found to be overstated, as bids were accepted for \$288,000 for the demolition and \$1,191,000 for the closure of the lime lagoon. The contracted amount has been recorded as a long-term liability in the Water Fund, while the difference between the original estimate and the actual contract costs has been reported as a special item. Demolition of the plant and the lagoon has begun; the plant demolition will be completed in June 2006 and demolition of the lagoon will be completed by Summer 2007.

**NOTE 16 – SUBSEQUENT EVENT**

In April of 2006 Wooster City Council passed Ordinance 2006-35 which authorized an agreement between the City of Wooster and the Wayne County Agricultural Society. This agreement established a methodology for billing sewer charges to the Wayne County Fairgrounds. This agreement also forgave penalty charges and reduced the balance of sewer charges billed during the negotiation period based upon the agreed upon methodology. This agreement will cause the accounts receivable balance of the business type funds to be reduced by approximately one percent.

**NOTE 17 – LONG-TERM LIABILITIES**

Governmental Activities

Internal service funds predominantly serve the governmental funds. Accordingly, long-term liabilities for compensated absences related to internal services are included in governmental activities. Also, for

governmental activities and land debt are generally liquidated by the General fund. All special assessment debt is paid through the debt service fund. All of the City's special assessment debt is full commitment with \$339,452 held by the City. There are no legal funding restraints on the remainder of the outstanding special assessment debt, and the amount of delinquent accounts at year-end is \$5,665. The remaining general portion of bonds and notes are liquidated by General, Special Revenue, and Capital Project funds.

Compensated Absences

For employees not considered to be eligible for retirement, estimated sick leave payable upon termination is recorded as a long-term liability. Vacation accrual in excess of one year is also considered a long-term liability. The General fund, Permissive Tax fund, and Street Construction Maintenance and Repair fund have been used to liquidate compensated absences of governmental activities in the past.

## GENERAL FUND

**GENERAL FUND** – This fund is used to account for all financial resources except those required to be accounted for in another fund.

---

## SPECIAL REVENUE FUNDS

Special revenue funds are used to account for the proceeds of specific revenue sources (other than fiduciary funds or capital project funds) legally restricted to expenditure for specified purposes.

**STREET CONSTRUCTION MAINTENANCE AND REPAIR** – This fund is required by the Ohio Revised Code to account for that portion of the state gasoline tax and motor vehicle registration fees, which are to be used for maintenance of streets within the City.

**STATE HIGHWAY** – This fund is required by the Ohio Revised Code to account for that portion of the state gasoline tax and motor vehicle registration fees which are to be used for maintenance of state highways within the City.

**PERMISSIVE TAX** – This fund is required by the Ohio Revised Code to account for that portion of motor vehicle registration fees allocated to assist in maintaining those city streets designated as contributing to the effective and efficient flow of traffic through and within the county.

**ENFORCEMENT AND EDUCATION** – This fund is used to account for monies from the Municipal Court designated to enforce drunk driving laws and related educational programs.

**MANDATORY DRUG FINES** - This fund is used to account for monies from the Municipal Court designated to subsidize each agency's law enforcement efforts that pertain to drug offenses.

**LOCAL LAW ENFORCEMENT BLOCK GRANT** – This fund is used to account for receipts and expenditures of Local Law Enforcement Block Grants, funded by the U.S. Department of Justice. Grant proceeds are used to fund law enforcement employees.

**COMMUNITY DEVELOPMENT BLOCK GRANT**– This fund is used to account for monies received from the federal government under the Community Development Block Grant program for providing decent housing and a suitable living environment, and expanded economic opportunities principally for persons of low and moderate income and the allowable administrative costs associated with those projects.

**ECONOMIC DEVELOPMENT (Hotel Tax)** – This fund is used to account for the portion of the transient occupancy tax to be used for promoting economic development within the City.
