HANCOCK COUNTY**

**NOTES TO THE SCHEDULE OF FEDERAL AWARDS EXPENDITURES
FISCAL YEAR ENDED DECEMBER 31, 2005**

NOTE A - SIGNIFICANT ACCOUNTING POLICIES

The accompanying Schedule of Federal Awards Expenditures (the Schedule) summarizes activity of the County's federal award programs. The schedule has been prepared on the cash basis of accounting.

NOTE B - SUBRECIPIENTS

The County passes-through certain Federal assistance received from the Ohio Department of Alcohol and Drug Addiction Services, and the Ohio Department of Mental Health, to other governments or not-for-profit agencies (subrecipients). As described in Note A, the County records expenditures of Federal awards to subrecipients when paid in cash.

The subrecipient agencies have certain compliance responsibilities related to administering these Federal Programs. Under Federal Circular A-133, the County is responsible for monitoring subrecipients to help assure that Federal awards are used for authorized purposes in compliance with laws, regulations, and the provisions of contracts or grant agreements, and that performance goals are achieved. Medicaid disbursements of \$1,188,116 by the Alcohol, Drug Addiction, and Mental Health Services Board were paid to subrecipients who provide services to the Board.

NOTE C - COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) REVOLVING LOAN PROGRAMS

The County has established a revolving loan program to provide low-interest loans to businesses to create jobs for persons from low-moderate income households. The Federal Department of Housing and Urban Development (HUD) grants money for these loans to the County passed through the Ohio Department of Development. The initial loan of this money is recorded as a disbursement on the accompanying Schedule of Federal Awards Expenditures (the Schedule). No new loans were made in 2005. Loans repaid, including interest, are used to make additional loans. Such subsequent loans are subject to certain compliance requirements imposed by HUD, but are not included as disbursements on the Schedule.

These loans are collateralized by machinery and equipment and by land and buildings. At December 31, 2005, the gross amount of loans outstanding under this program was \$108,292.

NOTE D - MATCHING REQUIREMENTS

Certain Federal programs require that the County contribute non-Federal funds (matching funds) to support the Federally-funded programs. The County has complied with the matching requirements. The expenditure of non-Federal matching funds is not included on the Schedule.

**INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
REQUIRED BY *GOVERNMENT AUDITING STANDARDS***

Hancock County
322 South Main Street
Findlay, Ohio 45840-3353

To the Board of County Commissioners:

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate discretely presented component units and remaining fund information of Hancock County (the County) as of and for the year ended December 31, 2005, which collectively comprise the County's basic financial statements and have issued our report thereon dated July 24, 2006, in which we noted that our opinion on the Blanchard Valley Industries and Hancock Community Housing, Inc., component units were based on the report of other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. The financial statements of the Blanchard Valley Industries component unit were not audited in accordance with *Government Auditing Standards* and accordingly this report does not extend to that component unit.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the County's internal control over financial reporting to determine our auditing procedures in order to express our opinion on the financial statements and not to opine on the internal control over financial reporting. Our consideration of the internal control would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts material to the financial statements we audited may occur and not be timely detected by employees when performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider material weaknesses. In a separate letter to the County's management dated July 24, 2006, we reported other matters involving internal control over financial reporting we did not deem reportable conditions.

Compliance and Other Matters

As part of reasonably assuring whether the County's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express an opinion. The results of our tests disclosed instances of noncompliance we must report under *Government Auditing Standards*, which are described in the accompanying schedule of findings as items 2005-001 through 2005-003. In a separate letter to the County's management dated July 24, 2006, we reported other matters related to noncompliance we deemed immaterial.

We intend this report solely for the information and use of the audit committee, management, the Board of County Commissioners, federal awarding agencies, and pass-through entities. It is not intended for anyone other than these specified parties.

Betty Montgomery
Auditor of State

July 24, 2006

**Auditor of State
Betty Montgomery**

**INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE WITH REQUIREMENTS
APPLICABLE TO MAJOR FEDERAL PROGRAMS AND ON INTERNAL CONTROL OVER
COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133**

Hancock County
322 South Main Street
Findlay, Ohio 45840-3353

To the Board of County Commissioners:

Compliance

We have audited the compliance of Hancock County (the County) with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133, Compliance Supplement that apply to each of its major federal programs for the year ended December 31, 2005. The summary of auditor's results section of the accompanying schedule of findings identifies the County's major federal programs. The County's management is responsible for complying with the requirements of laws, regulations, contracts, and grants applicable to each major federal program. Our responsibility is to express an opinion on the County's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to reasonably assure whether noncompliance occurred with the types of compliance requirements referred to above that could directly and materially affect a major federal program. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing other procedures we considered necessary in the circumstances. We believe our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the County's compliance with those requirements.

In our opinion, Hancock County complied, in all material respects, with the requirements referred to above that apply to each of its major federal programs for the year ended December 31, 2005.

Internal Control Over Compliance

The County's management is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the County's internal control over compliance with requirements that could directly and materially affect a major federal program to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants caused by error or fraud that would be material in relation to a major federal program being audited may occur and not be timely detected by employees when performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

Federal Awards Expenditures Schedule

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate discretely presented component units and remaining fund information of Hancock County (the County) as of and for the year ended December 31, 2005, which collectively comprise the County's basic financial statements and have issued our report thereon dated July 24, 2006, in which we noted that our opinion on the Blanchard Valley Industries and Hancock Community Housing, Inc., component units were based on the report of other auditors. Our audit was performed to form an opinion on the financial statements that collectively comprise the County's basic financial statements. The accompanying schedule of federal awards expenditures provides additional information as required by OMB Circular A-133 and is not a required part of the basic financial statements. We subjected this information to the auditing procedures applied in the audit of the basic financial statements. In our opinion, this information is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

We intend this report solely for the information and use of the audit committee, management, the Board of County Commissioners, federal awarding agencies, and pass-through entities. It is not intended for anyone other than these specified parties.

Betty Montgomery
Auditor of State

<i>(d)(1)(ix)</i>	Low Risk Auditee?	Yes

**2. FINDINGS RELATED TO THE FINANCIAL STATEMENTS
REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS**

FINDING NUMBER 2005-001

Finding for Recovery Repaid Under Audit

Ohio Revised Code Section 2151.352 states in part that a child, the child's parents or custodian, or any other person in loco parentis of the child is entitled to representation by legal counsel at all stages of the proceedings under this chapter or Chapter 2152 of the Revised Code. If, as an indigent person, a party is unable to employ counsel, the party is entitled to have counsel provided for the person pursuant to Chapter 120. of the Revised Code except in civil matters in which the juvenile court is exercising jurisdiction pursuant to division (A)(2), (3), (9), (10), (11), (12), or (13); (B)(2), (3), (4), (5), or (6); (C); (D); or (F)(1) or (2) of section 2151.23 of the Revised Code.

However, Chapter 31 of the Ohio Revised Code, which deals with Domestic Relations, provides no similar statutory right. A county possess only the authority expressly granted by statute or necessarily implied to carry out an express statutory function. Thus, a county may act only where a statutory grant of authority exists. Geauga County Bd. of Comm'rs v. Munn Road Sand & Gravel, 67 Ohio St. 3d 579, 582, 621 N.E.2d 696, 699 (1993).

Hancock County was charged and paid the amount of \$2,150.00 for legal services performed on behalf of CASA in the Hancock County Domestic Relations Court. As indicated above there is no statutory right that requires Hancock County to pay for these services. The Domestic Relations Court collects a \$200.00 deposit and remits this deposit to CASA to cover legal fees.

In accordance with the foregoing facts and pursuant to Ohio Revised Code Section 117.28, a Finding for Recovery for public money illegally expended is hereby issued against Andrew Van Horn, Attorney and Rhonda Moor, CASA/GAL Executive Director, jointly and severally, and in favor of the General Fund of Hancock County in the total amount of \$2,150.00.

We recommend that invoices received for legal services performed include case numbers so the individual who reviews and approves the invoice is able to make a determination that the services were provided for eligible cases.

Payment in the amount of \$2,150.00 was received on August 23, 2006. Receipt number 4261 was issued and the monies were recorded to the County's General Fund.

Clients Response:

Hancock County is currently reviewing its financial arrangement with CASA/GAL of Hancock County. The County and CASA are working on a new contractual arrangement where the County will reimburse CASA at an agreed-upon rate for specific abuse, neglect, and dependency cases only. We anticipate resolution of this issue with the signing of this contract.

Until this contract is signed, the Auditor's Office will require more detailed invoices in order to make a determination that services are only charged for eligible cases. Additionally, the County Commissioners will approve all vouchers, submitted by CASA, before they are released for payment.

FINDING NUMBER 2005-002

Finding for Recovery Repaid Under Audit

Andrew Van Horn, Attorney, improperly submitted charges for legal services performed on behalf of the Court Appointed Special Advocate/Guardian Litem (CASA), which was paid by Hancock County, in 2005.

There was a \$150.00 charge for legal services performed on January 31, 2005. The date and court case the services were charged for were included on both the January and February 2005 invoices resulting in a duplicate charge.

In accordance with the foregoing facts and pursuant to Ohio Revised Code Section 117.28, a Finding for Recovery for public money illegally expended is hereby issued against Andrew Van Horn, Attorney in favor of the General Fund of Hancock County in the total amount of \$150.00.

We recommend that invoices received for legal services performed include case numbers so the individual who reviews and approves the invoice is able to make a determination that the services were provided for eligible cases.

Payment in the amount of \$150.00 was received on August 23, 2006. Receipt number 4262 was issued and the monies were recorded to the County's General Fund.

Clients Response:

Hancock County will continue to conduct thorough reviews of all invoices submitted for payment to review for duplicate and improper charges. The Auditor's Office will also require more detailed invoices in order to make a determination that services are only charged for eligible cases.

FINDING NUMBER 2005-003

Finding for Recovery Repaid Under Audit

Hancock County reimburses the Court Appointed Special Advocate/Guardian Litem (CASA), a non-profit organization, for expenses incurred by CASA for the training of volunteer advocates. CASA could only provide a breakdown of items included in the training expenses and not the costs related to these expenses. One item on the invoices submitted to Hancock County showed a per page copier charge of 10 cents per copy for 250 pages. It was noted that Hancock County provides to CASA the copier and paper supplies free of charge. However, this amount was charged for the training of thirteen volunteers in 2005.

In accordance with the foregoing facts and pursuant to Ohio Revised Code Section 117.28, a Finding for Recovery for public money illegally expended is hereby issued against CASA, and in favor of the General Fund of Hancock County in the total amount of \$325.00.

We recommend that Hancock County request CASA to provide support for these training reimbursement requests.

Payment in the amount of \$325.00 was received on August 23, 2006. Receipt number 4261 was issued and the monies were recorded to the County's General Fund.

**FINDING NUMBER 2005-003
(Continued)**

Clients Response:

Hancock County is currently reviewing its financial arrangement with CASA/GAL of Hancock County. The County and CASA are working on a new contractual arrangement where the County will reimburse CASA at an agreed-upon rate for specific abuse, neglect, and dependency cases only. Hancock County AUDITOR

CHARITY A. RAUSCHENBERG

COURTHOUSE • 300 S. MAIN STREET • FINDLAY, OHIO 45840
PHONE (419) 424-7015 FAX (419) 424-7825

June 27, 2006

To the Citizens of Hancock County
and to The Board of County Commissioners:
The Honorable Edward D. Ingold
The Honorable Dr. Emily A. Walton, D.V.M., and
The Honorable David W. Spahr

As Auditor of Hancock County, I am pleased to present the County's Comprehensive Annual Financial Report (CAFR) for the year ended December 31, 2005. This report conforms to generally accepted accounting principles (GAAP) and provides full and complete disclosure of the financial position and operations of the County.

State law requires that every general-purpose local government file within one hundred fifty days after the close of each fiscal year a complete set of financial statements. This report is published to fulfill that requirement for the fiscal year ended December 31, 2005.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

Included in this report at the front of the financial section is an unqualified opinion on Hancock County's financial statements for the year ended December 31, 2005, rendered by Betty Montgomery, Auditor of the State of Ohio. This Report of Independent Accountants, found on page one of the Financial Section, provides assurance that the financial statements are free of material misstatements.

Management's discussion and analysis (MD & A) immediately follows the Report of Independent Accountants and provides a narrative introduction, overview, and analysis of the basic financial statements. MD & A complement this letter of transmittal and should be read in conjunction with it.

Profile of Hancock County

Hancock County is located in northwestern Ohio abutting Hardin, Putnam, Seneca, Wood and Wyandot counties in Ohio. It is approximately forty-five miles south of the city of Toledo and one hundred ten miles north of the city of Dayton. As a result of this location in the so-called "I-75 Corridor," the County has been able to take advantage of its proximity to major population centers, its access to major transportation routes and its rural location to create strong business and industrial growth. A number of major distribution centers have recently been constructed and opened in the County because of its location. The location of automotive suppliers and related business in the County has been fostered by the presence of large automotive assembly facilities in Michigan, Ohio and Kentucky, all of which are located close to I-75.

The County's estimated 2005 population of 73,503 placed it as the 35th most populous of the State's eighty-eight counties. The City of Findlay (the City), the County seat, with a 2000 population of 38,967 is the largest municipality in the County. In addition to the City, there is a portion of one other city, eleven villages or portions of villages and seventeen townships, located in the County.

The County's area is approximately five hundred thirty-two square miles, broken down by land use as follows:

	Percent of Assessed Valuation for Real Property
Residential	62.77%
Commercial/Industrial	18.00
Public Utility	0.04
Governmental (including parks) and Other Tax Exempt	12.01(a)
Agricultural	7.18

(a) Exempt from property taxation.

Cities and villages in the County provide various services pursuant to statutory authorizations and the constitutional grant to municipal corporations of "all powers of local self government". Among the services provided and powers generally exercised by cities and villages (and to some extent by townships) are public safety, including police and fire; construction, maintenance and repair of streets and sidewalks; certain sanitation and health activities; recreation, including parks, playgrounds and swimming pools; certain public service enterprises such as water and sewer systems, airports and hospitals; and certain planning and zoning functions.

The County nonetheless has significant responsibilities in the areas of general government, administration of justice, road and bridge maintenance, health care, sanitation and public welfare, social services and public assistance.

Educational services are provided by the various school districts within the County.

There are two special districts currently performing particular functions in the County; these districts are the Hancock Park District (park and recreation facilities and programs) and the Hancock County Solid Waste District (solid waste management).

Banking and financial services are provided to the County area by offices of local commercial banks and savings and loan associations.

One daily newspaper serves the County. The County is within the broadcast area of five television stations and approximately twenty AM and FM radio stations. Time Warner Cable provides multi-channel cable television service, including educational, governmental and public access channels, in the County's area.

The County is directly served by Blanchard Valley Regional Health Center, a one hundred fifty bed acute-care hospital located in the City, and one of the largest general hospitals in northwest Ohio. The Health Center is presently owned and operated by Blanchard Valley Health Association, a private, nonprofit corporation. The County owns the land of the Health Center.

The County's area has a number of institutions of higher education. The University of Findlay has an approximate enrollment of nearly 4,000 students. Owens Community College, Brown Mackie College and Winebrenner Theological Seminary all have campuses located in the County and account for enrollment of over 3,200 students. Within commuting distance to the County are numerous public and private two-year and four-year colleges and universities, including Bowling Green State University, University of Toledo, James A. Rhodes State College, The Ohio State University-Lima Branch, Tiffin University, Ohio Northern

University, Ohio Northern University, Bluffton University, Heidelberg College and University of Northwestern Ohio.

The Findlay Area Arts Partnership coordinates the activities of fourteen member organizations in the fields of theater, art, music and literature. It brings The Toledo Symphony and other nonresident artists, poets, writers and dancers into area schools and annually sponsors the Findlay Arts Festival in downtown Findlay.

The Findlay-Hancock County Public Library serves the County with the main library, two branches and a bookmobile. Its collection includes well over 200,000 catalogued items. The Hancock Historical Center preserves the history of the area.

Major railroads serving the County include Conrail and Norfolk and Southern. One interstate highway, and twelve State and U.S. highways that serve the County enable trucking companies to provide motor freight carrier service between the County and various points throughout the United States. In addition, the County has constructed a connector road between the Tall Timber International Industrial park and the Interstate. This road serves as the first leg of a by-pass around the City and will open approximately five hundred acres of land to development.

The County is served by the Findlay Airport, located in the City. Commercial air service is available at airports of the cities of Cleveland, Columbus, Toledo, Dayton and Detroit, all less than a two-hour drive from the County.

The County has only those powers conferred upon it by Ohio statutes. The County is governed by a three member Board of County Commissioners. The Commissioners serve as the taxing authority, the contracting body, and the chief administrator of public services for the County. The Commissioners adopt the annual operating budget and prepare the annual appropriation resolution for expenditures of all county funds.

The Board of County Commissioners, by statute, adopts an annual appropriation measure for the County on or about the first day of January. All disbursements or transfers of cash between funds require appropriation authority from the County Commissioners. Budgets are controlled at the major account level within a department or fund. The department head or the County Commissioners approve the purchase orders and the Auditor encumbers the funds. Any purchase order that exceeds the available appropriation is rejected until additional appropriation authority is secured. A computerized certification system allows the Auditor's Office to ascertain the status of a department's appropriation prior to authorizing additional purchases from a particular account.

The County Auditor serves as Chief Fiscal Officer for the County. No county contract or obligation may be made without the Auditor's certification that funds for that contract or obligation have been lawfully appropriated and are available for payment or are in the process of collection. As Chief Assessing Officer for the County, the Auditor is responsible for determining the fair market value on real estate for property tax purposes, establishing tax rates, and maintaining property record information. In addition, the Auditor serves as the County Sealer of Weights and Measures.

The County Treasurer is the custodian of all County funds and is responsible for collecting all tax monies and applying payments to the appropriate tax accounts. The Treasurer is also responsible for investing all County funds under the guidelines specified by Ohio law. Other elected officials serving four-year terms are the Clerk of Courts, Coroner, Engineer, Prosecuting Attorney, Recorder and Sheriff. Three Common Pleas Judges, one designated as Probate/Juvenile Judge, are elected to six-year terms.

For financial reporting purposes, the County includes all funds, agencies, boards, and commissions making up Hancock County (the Primary Government) and its component units in accordance with Governmental Accounting Standards Board (GASB) Statement No. 14 "The Financial Reporting Entity" and GASB Statement No. 39 "Determining Whether Certain Organizations Are Component Units – an amendment to GASB Statement No. 14. The County's primary government includes the financial activities of the Hancock County Board of Mental Retardation and Developmental Disabilities, the Board

of Alcohol, Drug, and Mental Health Services, the Job and Family Services Department, and all departments and activities that are directly operated by the elected County officials.

Component units are legally separate organizations, which are fiscally dependent on the County or for which the County is financially accountable. The Regional Planning Commission, Blanchard Valley Industries, and Hancock Community Housing Inc. have been included as discretely presented component units.

The Joint Board of County Commissioners for the Blanchard River Stream Enhancement Project, the West Central Partnership, Inc., and the Metropolitan Housing Authority are jointly governed organizations. The County participates in the Mid West Pool Risk Management Agency, Inc., the Midwest Employee Benefit Consortium, and the County Commissioners Association of Ohio Workers' Compensation Group Rating Program, which are insurance pools. The County Park District and the Findlay-Hancock County Public Library are related organizations.

The County serves as fiscal officer and custodian of funds but is not financially accountable for the Hancock County General Health Department, the Soil and Water Conservation District, and the Local Emergency Planning Commission whose activities are included as agency funds. The County Park District participates in the County's investment pool.

A complete discussion of the County's reporting entity is provided in Note 1.

Local Economy

Hancock County has experienced growth in several areas in recent years. Since 2001, annual sales tax revenues from the County's one-half of one percent sales tax have grown by \$530 thousand, or 10.8 percent. This is attributable to many new national and local retail establishments locating in the city of Findlay continuing to make the area an attractive retail destination for a multi-county area.

Assessed valuation in the County has risen over \$511 million, or 46.4 percent over the last 10 years. Most of this growth is related to 61.0 percent, or \$566 million, increase in real property values within the County. New residential subdivisions continue to be developed around the County. The average sales price for residential property increased to \$131,834 in 2005, an increase of 4.0 percent from 2004.

Personal incomes in the Hancock County have risen \$649 million, or 39.6 percent, since 1996. During that time, Hancock County has been consistently ranked in the top five counties in the state for the lowest unemployment rate. At the end of 2005, the unemployment rate for the County stands at 4.9 percent, down from a rate of 5.1 percent in both 2003 and 2004.

Long-term Financial Planning

Hancock County management is committed to maintaining, at a minimum, an unencumbered year-end cash balance of \$2.5 million. This level of cash balance ensures that the County will continue operations into the next fiscal year as well as continue to provide a certain level of services to the residents of the County. This is vital to maintaining the credit worthiness of the County. The County currently maintains an "Aa3" rating from Moody's and an "AA-" rating from Standard & Poor's.

The elected officials in the County are working together to establish a three to five year operating plan. This plan will provide a decision-making tool to assist County officials in making management decisions both in the present and into the future. Efforts are being made during the development of the plan to look for operating efficiencies in the day-to-day functions of the County.

Work is also ongoing in the development of a three to five year capital and facilities plan. Energy assessments are being completed on many of the County's aging buildings. Once these assessments are

complete, officials will have the information necessary to make decisions on the prioritization of capital improvements and facility needs within the County.

Relevant Financial Policies

It is the County's policy to ensure that current year revenues are sufficient to fund current year expenditures without the use of non-recurring revenues. Expenditures are set based upon available revenues with the County Commissioners determining the level of funding for each department or office within the primary government.

The County Treasurer manages the investments of County funds by adhering to the Investment Policy that has been approved by the County's Investment Advisory Committee. Any financial institution that holds County funds must also agree to the requirements of this policy. This policy details the objectives and allowable rules for the safekeeping of County funds.

The County Auditor's capital assets policy is designed to provide accountability and control over the County's capital assets and to assist departments in gathering and maintaining information needed for the preparation of financial statements.

Major Initiatives

For the last several years, there has been a large growth of retail establishments on the east side of the city of Findlay. While growth still continues at a moderate pace on the east side, it is booming on the west side of Findlay, along the "I-75 corridor." The anchor of this growth at this time is the addition of a second Wal-Mart store in the City. Finishing touches are being made to the store, which is expected to open during the summer of 2006. A new Bob Evans Restaurant was built in the same area as the new Wal-Mart. This newly designed restaurant replaced an outdated building which previously housed the restaurant on the west side. Other retail establishments are expected to take root in this area in the coming months.

As a result of this recent growth and the anticipation of additional growth in the I-75/US 224 area, the Hancock County Commissioners and the Findlay City Council each created Tax Increment Financing agreements in order to fund various road improvements to the area of US 224 and County Road 300. These agreements will allow both the County and the City to redirect property taxes collected from any new development in this area to pay off debt incurred to make the required improvements.

Tax Increment Financing dollars from the previously established I-75/Tall Timbers Connector Road project are being used to fund road improvements on County Road 99 from I-75 west to County Road 142 on the northwest portion of the city of Findlay. Once complete, these improvements will provide the opportunity for further retail establishments, corporate office complexes, and residential development to develop in the area. Currently, this area is home to a corporate office building and upscale apartments, with ample room for additional tenants.

A major concern of any growing community is the announcement that a company is going out of business or has decided to relocate to a different community. Government and local community leaders have taken a proactive approach to make sure when one of these unfortunate events occur that the buildings that remain do not sit vacant for long. Two recent examples of this are the creation of a Family Center created in a vacant Food Town grocery store and the creation of the North Central Campus for Emerging Technologies, which purchased the former Intersil building.

The Findlay-Hancock County Community Foundation spearheaded the creation of the Family Center. The Foundation acquired the vacant Food Town grocery store from The Kroger Co. and renovated the space to allow nineteen non-profit organizations to move into this "one stop" location. These organizations currently serve thousands of Hancock County residents and will now be able to serve the

community in a more efficient manner, while avoiding some of the duplication of services that occurs with multiple locations.

The North Central Campus for Emerging Technologies (NCC-ET) is being created in cooperation with the Findlay-Hancock County Chamber of Commerce. They have purchased the former Intersil building with the intention that a large portion will be leased to new technology companies looking to accelerate their technology. The hope is that this venture will lead to the creation of additional "high-tech" jobs in Hancock County.

Owens Community College continues to invest in Hancock County. The college broke ground in the spring of 2006 on the start of Phase II on its Findlay campus. Phase II is the construction of a \$4.2 million education and wellness center, which will include three classrooms, including a wireless seminar classroom with tiered seating for more than 150 people; two computer labs; two multifunctional industrial labs/shop bays; and a wellness, cardiovascular, and fitness for general student use. Completion of the project is scheduled for early 2007.

Blanchard Valley Health Association continues its capital investment into the community with two separate construction projects. Work is ongoing on a \$95 million, 200,000 square foot inpatient pavilion on its current Findlay hospital campus. The facility will be a state-of-the-art, modern facility with completion expected in 2007. Construction has also begun at the Jack Schaefer Birchaven Retirement Community, a subsidiary of the Blanchard Valley Health Association. A \$5.4 million expansion project is underway to add 25 new beds, two pools, two jacuzzis and office space for a full-time gerontologist. The retirement community is also adding condominiums to its campus as well as an additional 50-75 beds in its independent living apartment building.

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Hancock County for its comprehensive annual financial report for the year ended December 31, 2004. The Certificate of Achievement is a prestigious national award received for conformance with the highest standards for preparation of state and local government financial reports.

In order to be awarded a Certificate of Achievement, a government unit must publish an efficiently organized Comprehensive Annual Financial Report that is both easy to read and satisfies all program standards. Such a report must also conform to generally accepted accounting principles and comply with applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current report continues to conform to the Certificate of Achievement Program requirements, and we are submitting this report to GFOA.

The preparation of this report could not have been accomplished without the assistance and cooperation of every County elected office, department head and their staffs. I am grateful to the County Commissioners for their continued support through adequate funding of the CAFR.

Sincerely,

Charity A. Rauschenberg, CPA
Hancock County Auditor

INDEPENDENT ACCOUNTANTS' REPORT

Hancock County
322 South Main Street
Findlay, Ohio 45840-3353

To the Board of County Commissioners:

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate discretely presented component units and remaining fund information of Hancock County, Ohio (the County), as of and for the year ended December 31, 2005, which collectively comprise the County's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the County's management. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Blanchard Valley Industries and Hancock Community Housing, Inc., discretely presented component units. Other auditors audited those financial statements. They have furnished their report thereon to us and we base our opinion, insofar as it relates to the amounts included for the Blanchard Valley Industries and Hancock Community Housing, Inc., on the report of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. The other auditors audited the financial statements of the Blanchard Valley Industries in accordance with auditing standards generally accepted in the United States of America and not in accordance with *Government Auditing Standards*. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the report of the other auditors provide a reasonable basis for our opinions.

In our opinion, based on our audit and the reports of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate discretely presented component units and remaining fund information of Hancock County, Ohio, as of December 31, 2005, and the respective changes in financial position and where applicable, cash flows, thereof and the respective budgetary comparison for the General; Motor Vehicle and Gas Tax; Alcohol, Drug Addiction, and Mental Health; Job and Family Services; and Mental Retardation and Development Disabilities; funds for the year then ended in conformity with accounting principles generally accepted in the United States of America.

One Government Center / Room 1420 / Toledo, OH 43604-2246
Telephone: (419) 245-2811 (800) 443-9276 Fax: (419) 245-2484
www.auditor.state.oh.us

In accordance with *Government Auditing Standards*, we have also issued our report dated July 24, 2006, on our consideration of the County's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

Management's Discussion and Analysis is not a required part of the basic financial statements but is supplementary information accounting principles generally accepted in the United States of America requires. We have applied certain limited procedures, consisting principally of inquiries of management regarding the methods of measuring and presenting the required supplementary information. However, we did not audit the information and express no opinion on it.

We conducted our audit to opine on the financial statements that collectively comprise the County's basic financial statements. The introductory section, combining fund statements and individual fund schedules and statistical tables provide additional information and are not a required part of the basic financial statements. We subjected the combining fund statements and individual fund schedules to the auditing procedures applied in the audit of the basic financial statements. In our opinion, based on our audit, this information is fairly stated in all material respects in relation to the basic financial statements taken as a whole. We did not subject the introductory section and statistical tables to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we express no opinion on them.

Betty Montgomery
Auditor of State

July 24, 2006

Hancock County, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2005
Unaudited

The discussion and analysis of Hancock County's financial performance provides an overview of the County's financial activities for the year ended December 31, 2005. The intent of this discussion and analysis is to look at the County's financial performance as a whole.

Financial Highlights

Key financial highlights for 2005 are as follows:

The County's total net assets increased by \$4,688 thousand, which represents a 5.0 percent increase from 2004.

At the end of the current year, the County's governmental funds reported a combined ending fund balance of \$15,871 thousand, an increase of \$482 thousand from the prior year. Of this amount, \$12,928 thousand is available for spending (unreserved fund balance) on behalf of its citizens.

At the end of the current year, unreserved fund balance for the General Fund was \$5,728 thousand, which represents a 35.5 percent increase from the prior year and represents 43.4 percent of total General Fund expenditures.

Overview of the Financial Statements

This annual report consists of a series of financial statements. These statements are organized so the reader can understand the County as a financial whole or as an entire operating entity. The statements also provide a detailed look at specific financial conditions.

The County's basic financial statements are comprised of three components: the County-wide financial statements, fund financial statements, and notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

County-Wide Financial Statements

The County-wide financial statements are designed to provide readers with a broad overview of the County's finances, in a manner similar to a private-sector business.

Statement of Net Assets and Statement of Activities

The statement of net assets presents information on all of the County's assets and liabilities, with the difference between the two reported as net assets. The statement of activities presents information showing how the County's net assets changed during the current year. These statements are prepared using the accrual basis of accounting similar to the accounting method used by private sector companies. This basis of accounting takes into consideration all of the current year's revenues and expenses, regardless of when the cash is received or paid.

The change in net assets is important because it tells the reader whether, for the County as a whole, the financial position of the County has improved or diminished. However, in evaluating the overall position of the County, nonfinancial information such as changes in the County's tax base and the condition of the County's capital assets will also need to be evaluated.

In the statement of net assets and the statement of activities, the County is divided into three kinds of activities:

Hancock County, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2005
Unaudited

Governmental Activities - Most of the County's programs and services are reported here, including general government, public safety, public works, health, human services, and economic development. Primarily taxes and intergovernmental revenues, including federal and state grants and other shared revenues, fund these services.

Business-Type Activities - These services are provided on a charge for goods or services basis to recover all or most of the cost of the services provided. The County's Sanitary Landfill, Agricultural Service Center, and Bureau of Motor Vehicles (BMV) One Stop building are reported here.

Component Units - The County's financial statements include financial data of the Regional Planning Commission, Blanchard Valley Industries, Inc., and Hancock Community Housing, Inc. These component units are described in the notes to the financial statements. The component units are separate and may buy, sell, lease, and mortgage property in their own name and can sue or be sued in their own name.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objects. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds. Fund financial statements provide detailed information about the County's major funds. Based on the restriction on the use of moneys, the County has established many funds that account for the multitude of services provided to our residents. The County's major governmental funds are the General Fund, Motor Vehicle and Gas Tax Fund, Alcohol, Drug, and Mental Health Fund, Job and Family Services Fund, Mental Retardation and Developmental Disabilities Fund, the Water and Sewer Bond Retirement Fund, and the US 224/CR 300 Construction Fund.

Governmental Funds - Governmental funds are used to account for essentially the same functions reported as governmental activities on the government-wide financial statements. Most of the County's basic services are reported in these funds. The reporting focuses on how money flows into and out of the funds and the year end balances available for spending. These funds are reported on the modified accrual basis of accounting that measures cash and all other financial assets that can be readily converted to cash. The governmental fund statements provide a detailed short-term view of the County's general government operations and the basic services being provided, along with the financial resources available.

Because the focus of the governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities on the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's short-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

Hancock County, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2005
Unaudited

The County maintains a multitude of individual governmental funds. Information is presented separately on the governmental fund balance sheet and on the governmental fund statement of revenues, expenditures, and changes in fund balances for the major funds, which were identified earlier. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements elsewhere in this report.

Proprietary Funds - The County has one type of proprietary fund. Enterprise funds are used to report the same functions presented as business-type activities on the government-wide financial statements. The County uses enterprise funds to account for the Sanitary Landfill operations, the Agricultural Service Center, and the BMV One Stop building.

Fiduciary Funds - Fiduciary funds are used to account for resources held for the benefit of parties outside the County. Fiduciary funds are not reflected on the government-wide financial statements because the resources from those funds are not available to support the County's programs. The accounting method used for fiduciary funds is much like that used for the proprietary funds.

Notes to the Financial Statements - The notes provide additional information that is essential to a full understanding of the data provided on the government-wide and fund financial statements.

Other Information - In addition to the basic financial statements and accompanying notes, this report also presents combining and individual fund statements and schedules.

Government-Wide Financial Analysis

Table 1 provides a summary of the County's net assets for 2005 and 2004:

Table 1
Net Assets
(In thousands)

Hancock County, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2005
Unaudited

As noted earlier, the County's net assets, when reviewed over time, may serve as a useful indicator of the County's financial position. In the case of the County, assets exceeded liabilities by \$98,393 thousand (\$92,576 thousand in governmental activities and \$5,817 thousand in business-type activities) as of December 31, 2005. By far, the largest portion of the County's net assets (76.2 percent) reflects its investment in capital assets (e.g., land and improvements, buildings and building improvements, improvements other than buildings, machinery and equipment, vehicles, and infrastructure) less any related debt used to acquire those assets that is still outstanding. The County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the County's net assets (15.2 percent) represents resources that are subject to restrictions on how they can be used. The remaining balance of unrestricted assets (\$8,479 thousand) may be used to meet the County's ongoing obligations to citizens and creditors.

Table 2 shows the changes in net assets for 2005 and 2004.

Table 2

Governmental Activities

Governmental activities increased the County's net assets by \$4,794 thousand, thereby accounting for 102.2 percent of the total growth in the net assets of the County. Key elements of this increase are as follows. Operating grants were the largest program revenue, accounting for \$22,300 thousand or 41.3 percent of total governmental revenues. The major departments that received intergovernmental program revenues were the County Engineer's department (\$3,976 thousand); Alcohol, Drug, and Mental Health (\$3,651 thousand); Job and Family Services (\$5,072 thousand); and Mental Retardation and Developmental Disabilities (\$5,194 thousand).

The County's direct charges to users of governmental services made up \$7,860 thousand or 14.6 percent of total governmental revenues. These charges are for fees for real estate transfers, fees associated with the collection of property taxes, fines and forfeitures related to judicial activity, and licenses and permits.

Property tax revenues accounted for \$7,609 thousand of total revenues for governmental activities, or 14.1 percent of total revenues. Another major component of general revenues was sales taxes imposed for general operating needs, which accounted for \$5,453 thousand or 10.1 percent of total revenues. This represents an increase of 4.2 percent over 2004 revenues. In addition, general revenues of \$1,597 thousand, or 3.0 percent, were received from a voter-approved additional permissive sales and use tax of one-quarter of one percent (0.25%) that was approved effective July 1, 2003. These revenues were used for criminal and administrative justice services and represented a 39.0 percent decrease over 2004 revenues. Total sales tax revenue for both the imposed and voter-approved taxes decreased 10.2 percent over 2004 revenues. The overall decrease is due to the expiration of the voter-approved on June 30, 2005.

Hancock County, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2005
Unaudited

The health program accounted for \$15,281 thousand of the \$49,195 thousand total expenses for governmental activities, or 31.1 percent of total expenses. This represents a decrease of \$169 thousand, or 1.1 percent from 2004. The next largest program was human services, which accounted for \$9,070 thousand and represented 18.4 percent of total governmental expenses. Human services expenses increased \$342 thousand, or 3.9 percent, from 2004. Expenses for public safety accounted for 15.0 percent of total expenses and represented a decrease of \$144 thousand, or a 1.9 percent decrease over 2004. Public works expenses represented 14.7 percent of total expenses and increased \$830 thousand, or 13.0 percent, over 2004. Other programs experienced an overall increase in expenses of \$188 thousand, or 1.9 percent.

Table 3, for governmental activities, indicates the total cost of services and the net cost of services. The statement of activities reflects the cost of program services and the charges for services, and sales, grants, and contributions offsetting those services. The net cost of services identifies the cost of those services supported by tax revenues and unrestricted intergovernmental revenues.

Table 3
Governmental Activities
(In Thousands)

	Total Cost of Services		Net Cost of Services	
	2005	2004	2005	2004
General Government				
Legislative/Executive	\$5,611	\$5,502	\$1,357	\$2,220
Judicial	3,209	3,198	1,997	2,029
Public Safety	7,367	7,511	5,068	5,502
Public Works	7,217	6,387	(1,239)	(4,257)
Health	15,281	15,450	5,888	5,982
Human Services	9,070	8,728	1,320	1,115
Economic Development	220	173	83	(48)
Intergovernmental	493	446	493	446
Interest Expense	727	753	727	753
Total Expenses	<u>\$49,195</u>	<u>\$48,148</u>	<u>\$15,694</u>	<u>\$13,742</u>

As shown in the table above, 62.0 percent of legislative/executive and judicial costs of services are derived from charges for services and operating grants. Legislative/Executive activities include costs associated with the general administration of County government. Administration consists of the County Commissioners, Auditor, Treasurer, Prosecutor, and Recorder. Judicial represents costs associated with the administration of the County's court system. The net cost of these services decreased 21.1 percent in 2005.

Charges for services and operating grants fund a significant portion of health expenses (61.5 percent) and human services expenses (85.4 percent). The remaining \$7,208 thousand net cost of services is funded by property taxes and other revenues.

Business-Type Activities

The net assets for business-type activities decreased by \$105 thousand during 2005. Major revenue sources increased by 20.9 percent. Landfill receipts accounted for all of this increase. Investment earnings in the landfill trust increased by 6.4 percent. The trust was designed to defray

Hancock County, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2005
Unaudited

closure/postclosure costs of the future. A 10.1 percent increase in interest income in 2005, was offset by a 17.2 percent increase in the decrease in the fair value of the investments.

Financial Analysis of County Funds

As noted earlier, the County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds - The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's financing requirements. In particular, unreserved fund balance may serve as a useful measure of the County's net resources available for spending at the end of the year.

As of December 31, 2005, the County's governmental funds reported a combined ending fund balance of \$15,871 thousand, an increase of \$482 thousand in comparison with the prior year. Approximately 81.5 percent of this total (\$12,928 thousand) constitutes unreserved fund balance, which is available for spending at the County's discretion. The remainder of the fund balance is reserved to indicate that it is not available for new spending because it has already been committed to liquidate contracts and purchase orders of the prior year (\$2,601 thousand), reserved for loans receivable (\$95 thousand), or reserved for endowments (\$247 thousand). Contracts and purchase order commitments increased by \$487 thousand.

The General Fund is the primary operating fund of the County. At the end of 2005, unreserved fund balance was \$5,728 thousand, while total fund balance was \$5,918 thousand. As a measure of the General Fund's liquidity, it may be useful to compare both unreserved fund balance and total fund balance to total fund expenditures. Unreserved fund balance represents 43.4 percent of total General Fund expenditures.

The unreserved fund balance of the County's General Fund increased by \$1,502 thousand during 2005. Property tax revenues increased \$137 thousand, or 8.8 percent due higher property values related to the sexennial property reappraisal. Sales tax revenues also increased \$287 thousand, or 5.5 percent. Intergovernmental revenues increased \$85 thousand, or 3.2 percent. The County also experienced a 146 percent, or \$519 thousand increase in interest income during 2005.

The Motor Vehicle and Gas Tax unreserved fund balance decreased by \$87 thousand, or 12.2 percent. The unreserved fund balance for Alcohol, Drug, and Mental Health decreased by \$341 thousand, or 367.3 percent, primarily due to a 79.0 percent increase in amounts committed to liquidate contracts and purchase orders of the prior year. The Job and Family Services unreserved fund balance decreased \$99 thousand, or 46.9 percent, in 2005. The decrease in fund balance was attributed to an increase in amounts committed to liquidate contracts and purchase orders of the prior year. Despite a 2.3 percent increase in total revenues, expenses still exceeded total revenues for Mental Retardation and Developmental Disabilities. This contributed to an overall decrease in unreserved fund balance of \$273 thousand, or 17.8 percent in 2005. The unreserved fund balance for Water and Sewer Bond Retirement increased \$18 thousand, or 7.4 percent.

Enterprise Funds - The County's enterprise funds provide the same type of information found in the government-wide financial statements, but in more detail.

At December 31, 2005, unrestricted net assets were \$4,482 thousand at the Sanitary Landfill and \$38 thousand at the BMV One Stop. The Agricultural Service Center had an unrestricted net deficit of \$6

Hancock County, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2005
Unaudited

thousand. Overall unrestricted net assets in the enterprise funds increased by \$378 thousand, or 9.1 percent.

Budgetary Highlights

By State statute, the Board of County Commissioners adopts the annual operating budget for the County effective the first day of January. For the General Fund, changes from the original to the final budget net change in fund balance were \$309 thousand. Revenues were estimated conservatively to ensure a healthy fund balance for beginning 2006. Elected officials met regularly to evaluate budget status and prioritize the needs of the County. As a result, the actual expenditures were \$1,235 thousand less than the final budget. Legislative and executive expenditures accounted for \$542 thousand, or 43.9 percent, of this variance. More appropriation was made to contractual services in buildings and grounds than was actually used for 2005. Judicial accounted for an additional \$274 thousand, or 22.2 percent. The judicial system planned for several large jury trials in 2005 that failed to reach the trial stage.

Capital Assets and Debt Administration

Capital Assets - The County's investment in capital assets for governmental and business-type activities as of December 31, 2005, was \$87,391 thousand (net of accumulated depreciation). This investment in capital assets includes land and improvements, buildings and improvements, improvements other than buildings, machinery and equipment, vehicles, and infrastructure.

Major capital asset events during 2005 included the replacement of nine bridges at a cost of \$3,184 thousand. This includes a cost of \$1,710 thousand paid in 2004 for two bridges that were under construction at the end of 2004. The Engineer also replaced four culverts at a cost of \$82 thousand. An additional cost of \$888 thousand was incurred for reconstructing portions of County Road 180 and County Road 16, and the extension of Township Road 187 in the County. This cost also included resurfacing a major portion of County Road 330 as well as the resurfacing of an additional 7.8 miles of County roads.

Note 12 (Capital Assets) provides capital asset activity during 2005.

Long-Term Debt - On October 27, 2005, the County issued special assessment bonds to retire bond anticipation notes, which were originally issued to pay the costs of paying the property owners' portion, in anticipation of the collection of special assessments levied, of the costs of improving the sewers in the County. General obligation bonds were also issued to retire bond anticipation notes, which were originally issued to acquire a building and make necessary improvements for Alcohol, Drug Addiction, and Mental Health Services. In addition, bonds were also issued to advance refund outstanding bonds. This enabled the County to realize a cash flow savings on certain current and future debt service payments.

At December 31, 2005, the County had total general obligation bonded debt outstanding of \$13,220 thousand. Of this amount, \$3,996 thousand will be repaid from business-type activities. Other outstanding debt included special assessment bonds of \$2,049 thousand, and OWDA loans payable of \$443 thousand. The County's long-term bonded debt decreased by \$1,369 thousand (8.2 percent) during 2005.

Hancock County, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2005
Unaudited

Standards & Poor's Corporation has assigned an underlying rating of AA- and Moody's has assigned an underlying rating of Aa3 to the outstanding general obligation debt of the County.

In addition to the bonded debt, the County's long-term obligations include compensated absences and closure/postclosure liability. Note 19 provides information regarding bond anticipation notes. Additional information on the County's long-term debt can be found in Note 20 of this report.

General obligation notes were issued throughout the year for a total of \$5,820 thousand. Of this amount, \$4,076 thousand represents special assessment notes that were issued for road, water, and sewer projects within the County.

Economic Factors

According to the Labor Market Information, population in the County is estimated at 73,503, an increase of 3.1 percent since 2000. The County's unemployment rate of 4.9 percent is one of the six lowest county rates in Ohio and compares favorably with the 5.9 percent rate for the State and 5.1 percent rate for the nation.

The most significant contributing growth component has been the establishment of Hancock County as a retail destination for a multi-county area. The retail market area is estimated at over 250,000 people. Hancock County continues to generate moderate growth in sales tax revenues. For 2005, general operating sales tax revenues increased approximately 4.2 percent over 2004's one-half of one percent (0.50%) general operating sales tax revenues.

Effective July 1, 2005, the voter-approved additional permissive sales and use tax of one-quarter of one percent (0.25%) expired. A five-year one-quarter of one percent (0.25%) tax was voted down by County votes in November 2005. If approved, this tax would have been designated for criminal and administrative justice services beginning in April 2006. As a result, the 2006 criminal and administrative justice services appropriations were moved back into the general fund.

The County Engineer completed work in 2005 on three major road projects and two bridge projects that received funding of over \$2 million from Federal and state sources.

Requests for Information

This financial report is designed to provide a general overview of the County's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional information should be addressed to Charity A. Rauschenberg, CPA, Hancock County Auditor, Courthouse, 300 South Main Street, Findlay, Ohio 45840.

Hancock County, Ohio
*Reconciliation of Total Governmental Fund Balances
to Net Assets of Governmental Activities
December 31, 2005*

Total Governmental Funds Balances \$15,871,187

***Amounts reported for governmental activities on the
statement of net assets are different because of the following:***

Capital assets used in governmental activities are not
financial resources and, therefore, are not reported in the funds. 81,547,895

Other long-term assets are not available to pay for current
period expenditures and, therefore, are deferred in the funds:

Accounts Receivable	330,404	
Sales Taxes Receivable	463,451	
Accrued Interest Receivable	30,480	
Due from Component Unit	194	
Due from Other Governments	5,065,913	
Interfund Receivable	21,123	
Property Taxes Receivable	220,916	
Special Assessments Receivable	3,892,904	
		10,025,385

Unamortized issuance costs represent deferred charges which
do not provide current financial resources and, therefore,
not reported in the funds. 175,708

Some liabilities are not due and payable in the current
period and, therefore, are not reported in the funds:

Accrued Interest Payable	(41,741)	
Compensated Absences Payable	(3,287,221)	
General Obligation Bonds Payable	(9,223,765)	
Special Assessment Bonds Payable	(2,048,898)	
OWDA Loans Payable	(442,522)	
		(15,044,147)

Net Assets of Governmental Activities \$92,576,028

See accompanying notes to the basic financial statements

Hancock County, Ohio

*Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances
of Governmental Funds to the Statement of Activities
For the Year Ended December 31, 2005*

Net Change in Fund Balances - Total Governmental Funds \$481,852

***Amounts reported for governmental activities on the
statement of activities are different because of the following:***

Governmental funds report capital outlays as expenditures. However, on the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current year:

Capital Outlay - Nondepreciable Capital Assets	1,696,978	
Capital Outlay - Depreciable Capital Assets	3,360,692	
Depreciation	<u>(2,337,158)</u>	2,720,512

The book value of capital assets is removed from the capital asset account on the statement of net assets when disposed of resulting in a loss on disposal of capital assets on the statement of activities. (181,299)

Revenues on the statement of activities that do not provide current financial resources are not reported as revenues in governmental funds:

Property Taxes	104,096	
Payment in Lieu of Taxes	(11,588)	
Sales Taxes	(278,837)	
Special Assessments	885,202	
Charges for Services	213,836	
Intergovernmental	(510,071)	
Interest	(2,023)	
Other	<u>3,161</u>	403,776

Repayment of principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities on the statement of activities.

General Obligation Bonds	1,085,000	
General Obligation Bonds Refunded	5,995,000	
Special Assessment Bonds	141,555	
Special Assessment Bonds Refunded	640,000	
OWDA Loans	<u>28,580</u>	7,890,135

Bond proceeds are other financing sources in the governmental funds, but the issuance increases long-term liabilities on the statement of net assets. Governmental funds report the effect of premiums when the debt is first issued; however, these amounts are deferred and amortized on the statement of activities.

General Obligation Bonds	(6,175,000)	
Premium - General Obligation Bonds	(138,346)	
Special Assessment Bonds	(730,000)	
Premium - Special Assessment Bonds	(5,244)	
Amortization of Premium	<u>12,497</u>	(7,036,093)

Interest is reported as an expenditure when due in the governmental funds, but is accrued on outstanding obligations on the statement of activities.

Accrued Interest Payable	<u>11,527</u>	11,527
--------------------------	---------------	--------

Hancock County, Ohio

*Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances
of Governmental Funds to the Statement of Activities (continued)
For the Year Ended December 31, 2005*

The accounting loss on refunded debt is reported as an expense at the time of refunding but is amortized over the life of the new debt on the statement of activities.

Accounting Loss	492,398	
Amortization of Accounting Loss	<u>(57,371)</u>	435,027

Issuance costs are reported as an expenditure when paid in the governmental funds, but is deferred and amortized on the statement of activities:

Unamortized Issuance Costs	131,375	
Amortization of Issuance Costs	<u>(30,245)</u>	101,130

Compensated absences reported on the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds

(32,907)

Change in Net Assets of Governmental Activities

\$4,793,660

See accompanying notes to the basic financial statements

Hancock County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2005

Note 1 - Reporting Entity

Hancock County, Ohio (the County), was incorporated in 1828. The County is governed by a board of three Commissioners elected by the voters of the County. Other officials elected by the voters of the County that manage various segments of the County's operations are the Auditor, Coroner, Engineer, Prosecuting Attorney, Recorder, Sheriff, Treasurer, Clerk of Courts, two Common Pleas Court Judges, and a Probate/Juvenile Court Judge. Although the elected officials manage the internal operations of their respective departments, the County Commissioners authorize expenditures as well as serve as the budget and taxing authority, contracting body, and the chief administrators of public services for the entire County.

A reporting entity is composed of the primary government, component units, and other organizations that are included to ensure the financial statements of the County are not misleading. The primary government of the County consists of all funds, departments, boards, and agencies that are not legally separate from the County. For Hancock County, this includes the Board of Mental Retardation and Developmental Disabilities, the Job and Family Services Department, the Board of Alcohol, Drug, and Mental Health Services, and all departments and activities that are operated directly by the elected County officials.

Component units are legally separate organizations for which the County is financially accountable. The County is financially accountable for an organization if the County appoints a voting majority of the organization's governing board and (1) the County is able to significantly influence the programs or services performed or provided by the organization; or (2) the County is legally entitled to or can otherwise access the organization's resources; the County is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the County is obligated for the debt of the organization. Component units may also include organizations for which the County approves the budget, the issuance of debt, or the levying of taxes.

The component unit columns on the combined financial statements include the financial data of the County's discretely presented component units. They are reported in separate columns to emphasize that they are legally separate from the County.

Regional Planning Commission The Regional Planning Commission (the Commission) is statutorily created as a separate and distinct political subdivision of the State. The nineteen members of the Commission consist of ten members appointed by the County Commissioners, including one commissioner, and nine members appointed by the City of Findlay. This majority membership requires the County to report the Commission as a discretely presented component unit on the County's financial statements. The County and the City each pay for half of the operating costs of the Commission. The Commission adopts its own budget, authorizes expenditures, hires and fires staff, and does not rely on the County to finance deficits. The County serves as fiscal agent for the Commission. The County prepares the financial statements for the Regional Planning Commission.

Blanchard Valley Industries Blanchard Valley Industries (the Industries) is a legally separate, not-for-profit corporation served by a board of trustees whose appointment is approved by the Hancock County Board of Mental Retardation and Developmental Disabilities (MRDD). The Industries, under a contractual agreement with the Hancock County Board of MRDD, provides sheltered employment for mentally retarded or handicapped adults in Hancock County. The Hancock County Board of MRDD provides the Industries with staff salaries, transportation, equipment (except that used directly in the production of goods or rendering of services), staff to

Hancock County, Ohio
Notes to the Basic Financial Statements (continued)
For the Year Ended December 31, 2005

administer and supervise training programs, and other funds as necessary for the operation of the Industries.

Based on the significant services and resources provided by the County to the Industries, and the Industries' sole purpose of providing assistance to the mentally disabled and handicapped adults of Hancock County, the Industries is presented as a component unit of Hancock County. Separately issued financial statements can be obtained from Blanchard Valley Industries, 1700 East Sandusky Street, Findlay, Ohio 45840.

Hancock Community Housing, Inc. The Hancock Community Housing, Inc. was incorporated on October 18, 2001. It was created to develop dwellings and provide affordable housing in Hancock County for the occupancy by persons from the County with disabilities. The Hancock Community Housing, Inc., under a contractual agreement with the Hancock County Board of MRDD, provides housing for mentally retarded or handicapped adults in Hancock County. The Hancock County Board of MRDD provides Hancock Community Housing, Inc. with State grants to purchase property.

Based on the significant services and resources provided by the County to Hancock Community Housing, Inc., and their sole purpose of providing housing to the mentally disabled and handicapped adults of Hancock County, the Hancock Community Housing, Inc. is presented as a component unit of Hancock County. Separately issued financial statements can be obtained from Hancock Community Housing, Inc., 1700 East Sandusky Street, Findlay, Ohio 45840.

Jointly Governed Organizations The County participates in three jointly governed organizations; the Joint Board of County Commissioners for the Blanchard River Stream Enhancement Project, the West Central Partnership, Inc., and the Metropolitan Housing Authority. (See Note 25)

Insurance Pools The County participates in three insurance pools; the Mid West Pool Risk Management Agency, Inc.; the Midwest Employee Benefit Consortium; and the County Commissioners Association of Ohio Workers' Compensation Group Rating Program. (See Note 26)

Related Organizations Hancock County officials are responsible for appointing a voting majority of the board members of the County Park District and Findlay-Hancock County Public Library. (See Note 27)

The County Treasurer, as custodian of public funds, invests all public monies held on deposit in the County treasury. In the case of the separate agencies, boards, and commissions, the County serves as fiscal agent but is not financially accountable for the organization. The activity of the Hancock County Park District is presented as an investment trust fund. All of the remaining organizations are presented as agency funds within the County's financial statements:

Hancock County General Health District
Hancock County Soil and Water Conservation District
Local Emergency Planning Commission

Hancock County, Ohio

For the Year Ended December 31, 2005

Note 2 - Summary of Significant Accounting Policies

The financial statements of Hancock County have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The County also applies Financial Accounting Standards Board (FASB) Statements and Interpretations issued on or before November 30, 1989, to its governmental and business-type activities and to its enterprise funds provided they do not conflict with or contradict GASB pronouncements. The County has elected not to apply FASB Statements and Interpretations issued after November 30, 1989, to its business-type activities or enterprise funds. Following are the more significant of the County's accounting policies.

A. Basis of Presentation

The County's basic financial statements consist of government-wide financial statements, including a statement of net assets and a statement of activities, and fund financial statements, which provide a more detailed level of financial information.

Government-Wide Financial Statements

The statement of net assets and the statement of activities display information about the County as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The statements distinguish between those activities of the County that are governmental in nature and those that are considered business-type activities.

The statement of net assets presents the financial condition of the governmental and business-type activities of the County at year-end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the County's governmental activities and business-type activities. Direct expenses are those that are specifically associated with a service, program, or department and, therefore, clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program, and interest earned on grants that is required to be used to support a particular program. Revenues, which are not classified as program revenues, are presented as general revenues of the County, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental program or business activity is self-financing or draws from the general revenues of the County.

Fund Financial Statements

During the year, the County segregates transactions related to certain County functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the County at this more detailed level. The focus of governmental and proprietary fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. Fiduciary funds are reported by type.

Hancock County, Ohio
Notes to the Basic Financial Statements (continued)
For the Year Ended December 31, 2005

B. Fund Accounting

The County uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. There are three categories of funds: governmental, proprietary, and fiduciary.

Governmental Funds

Governmental funds are those through which most governmental functions of the County are financed. Governmental fund reporting focuses on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purpose for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The following are the County's major governmental funds:

General Fund The General Fund accounts for all financial resources, except those required to be accounted for in another fund. The General Fund balance is available to the County for any purpose provided it is expended or transferred according to the general laws of Ohio.

Motor Vehicle and Gas Tax Fund The fund accounts for revenue derived from the sale of motor vehicle licenses, gasoline taxes, charges for services and interest. Expenditures are restricted by state law to county road and bridge repair/improvement programs.

Alcohol, Drug, and Mental Health Fund The fund accounts for a countywide property tax levy, and federal and state grants used to pay the cost of services provided by local mental health agencies to the public at large.

Job and Family Services Fund The fund accounts for various federal and state grants used to provide public assistance to general relief recipients and pay their providers of medical assistance, and for certain public social services.

Mental Retardation and Developmental Disabilities Fund The fund accounts for a county-wide property tax levy and federal and state grants and entitlements for operating the Blanchard Valley School, a residential center, and the costs of administering a facility for the mentally retarded and developmentally disabled.

Water and Sewer Bond Retirement Fund The fund accounts for the retirement of debt for water and sewer projects.

US 224/CR 300 Construction Fund The fund accounts for construction in the area of US 224 and CR 300 that is funded by a bond anticipation note.

The other governmental funds of the County account for grants and other resources whose use is restricted for a particular purpose; the accumulation of resources for, and the payment of debt; and the acquisition or construction of major capital facilities.

Proprietary Funds

Proprietary fund reporting focuses on the determination of operating income, changes in net assets, financial position, and cash flows. The County's enterprise funds may be used to account for any activity

Hancock County, Ohio
Notes to the Basic Financial Statements (continued)
For the Year Ended December 31, 2005

for which a fee is charged to external users for goods or services. The following are the County's major enterprise funds:

Sanitary Landfill Fund The fund accounts for fees collected at the County landfill for the dumping of waste. This fund also includes the activities of the recycling facility, Litter Landing.

Agricultural Service Center Fund The fund accounts for the rental of space in the Agricultural Service Center. Rental fees are based on the costs of maintaining the building and annual debt service payments.

BMV One Stop Fund The fund accounts for the rental of space in the Bureau of Motor Vehicles building. Rental fees are based on the costs of maintaining the building and annual debt service payments.

Fiduciary Funds

Fiduciary fund reporting focuses on net assets and changes in net assets. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private purpose trust funds, and agency funds. Trust funds are used to account for assets held by the County under a trust agreement for individuals, private organizations, or other governments and are not available to support the County's own programs. The County's investment trust fund accounts for the external portion of the cash management pool, which represents resources that belong to legally separate entities. The County's agency funds account for assets held by the County for political subdivisions in which the County acts as fiscal agent and for taxes, state-levied shared revenues, and fines and forfeitures collected and distributed to other political subdivisions.

C. Measurement Focus

Government-Wide Financial Statements

The government-wide financial statements are prepared using a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of the County are included on the statement of net assets. The statement of activities presents increases (e.g. revenues) and decreases (e.g. expenses) in total net assets.

Fund Financial Statements

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. The statement of revenues, expenditures, and changes in fund balance reflects the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements, therefore, include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the fund financial statements for governmental funds.

Like the government-wide financial statements, the enterprise funds are accounted for using a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of these funds are included on the statement of net assets. The statement of changes in revenues, expenses, and changes in fund net assets presents increases (i.e., revenues) and decreases (i.e., expenses) in total net

Hancock County, Ohio
Notes to the Basic Financial Statements (continued)
For the Year Ended December 31, 2005

assets. The statement of cash flows reflects how the County finances and meets the cash flow needs of its enterprise activities.

D. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting; enterprise funds and fiduciary funds use the accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue, and in the presentation of expenses versus expenditures.

Revenues - Exchange and Nonexchange Transactions

Revenues resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On the modified accrual basis, revenue is recorded in the year in which the resources are measurable and become available. Available means the resources will be collected within the current year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current year. For the County, available means expected to be received within thirty-one days after year-end.

Nonexchange transactions, in which the County receives value without directly giving equal value in return, include property taxes, sales taxes, grants, entitlements, and donations. On the accrual basis, revenue from property taxes is recognized in the year for which the taxes are levied. Revenue from sales taxes is recognized in the period in which the sales are made. Revenue from grants, entitlements, and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted; matching requirements, in which the County must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the County on a reimbursement basis. On the modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered both measurable and available at year end: sales taxes, charges for services, fines and forfeitures, state-levied locally shared taxes (including gasoline tax and motor vehicle license tax), grants, interest, and rent.

Deferred Revenues

Deferred revenues arise when assets are recognized before the revenue recognition criteria have been satisfied.

Property taxes for which there was an enforceable legal claim at December 31, 2005, but were levied to finance 2006 operations, have been recorded as deferred revenue. Grants and entitlements received before the eligibility requirements were met have also been recorded as deferred revenue.

On governmental fund financial statements, receivables that were not collected within the available period are recorded as deferred revenue.

Hancock County, Ohio
Notes to the Basic Financial Statements (continued)
For the Year Ended December 31, 2005

Expenses/Expenditures

On the accrual basis, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

E. Budgetary Process

All funds, except agency funds, are legally required to be budgeted and appropriated. The major documents prepared are the certificate of estimated resources and the appropriations resolution, all of which are prepared on the budgetary basis of accounting. The certificate of estimated resources establishes a limit on the amount the County Commissioners may appropriate. The appropriations resolution is the County Commissioners' authorization to spend resources and sets annual limits on expenditures plus encumbrances at the level of control selected by the County Commissioners. The legal level of control has been established by County Commissioners at the fund, program, department, and object level.

The certificate of estimated resources may be amended during the year if projected increases or decreases in revenue are identified by the County Auditor. The amounts reported as the original budgeted amounts on the budgetary statements reflect the amounts when the original appropriations were adopted. These appropriations were made before the end of the prior year and before the year-end fund balances were known. This resulted in differences being reported for beginning of year fund balances for the original and final budgeted amounts. The amounts reported as the final budgeted amounts on the budgetary statements reflect the amounts on the final amended certificate of estimated resources issued during 2005.

The appropriations resolution is subject to amendment throughout the year with the restriction that appropriations cannot exceed estimated resources. The amounts reported as the original budgeted amounts reflect the first appropriations resolution for that fund that covered the entire year, including amounts automatically carried forward from prior years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by the County Commissioners during the year.

F. Cash and Investments

To improve cash management, cash received by the County is pooled. Monies for all funds are maintained in this pool. Individual fund integrity is maintained through County records. Interest in the pool is presented as "Equity in Pooled Cash and Cash Equivalents".

During 2005, the County's investments included nonnegotiable certificates of deposit, U. S. Treasury bonds, federal agency securities, and mutual funds. Investments are reported at fair value, except for nonnegotiable certificates of deposit which are reported at cost. Fair value is based on quoted market price or current share price for mutual funds.

Interest earnings are allocated to County funds according to State statutes and grant requirements. Interest revenue credited to the General Fund during 2005 was \$872,388, which includes \$706,788 assigned from other County funds.

Investments of the County's cash management pool and investments with an original maturity of three months or less at the time they are purchased by the County are presented on the financial statements as cash

Hancock County, Ohio
Notes to the Basic Financial Statements (continued)
For the Year Ended December 31, 2005

equivalents. Investments with an initial maturity of more than three months that were not purchased from the pool are reported as investments.

G. Prepaid Items

Payments made to vendors for services that will benefit periods beyond December 31, 2005, are recorded as prepaid items using the consumption method by recording a current asset for the prepaid amount and reflecting the expenditure/expense in the year in which services are consumed.

H. Inventory

Inventory is presented at cost on a first-in, first-out basis and is expensed/expended when used. Inventory consists of expendable supplies held for consumption.

I. Restricted Assets

Assets are reported as restricted when limitations on their use change the nature or normal understanding of the availability of the asset. Certain resources set aside for the payment of closure and postclosure costs for the sanitary landfill, along with retainage held on contracts are classified as restricted assets on the balance sheet because their use is limited.

J. Loans Receivable

Loans receivable represent the right to receive repayment for certain loans made by the County. These loans are based upon written agreements between the County and the various loan recipients. Reported loans receivable is offset by a fund balance reserve in the amount of the loan expected to be collected in more than one year, which indicates that it does not constitute available expendable resources even though it is a component of net current assets.

K. Unamortized Issuance Costs/Bond Premium

For the enterprise funds, issuance costs and bond premiums are deferred and amortized over the term of the bonds using the straight-line method. Issuance costs are recorded as deferred charges. Bond premiums are presented as an addition to the face amount of bonds payable.

L. Capital Assets

General capital assets are capital assets, which are associated with and generally arise from governmental activities. They generally result from expenditures in governmental funds. General capital assets are reported in the governmental activities column of the government-wide statement of net assets but are not reported in the fund financial statements. Capital assets used by the enterprise funds are reported in both the business-type activities column of the government-wide statement of net assets and in the respective funds.

All capital assets are capitalized at cost and updated for additions and reductions during the year. Donated capital assets are recorded at their fair market value on the date donated. The County maintains a capitalization threshold of five thousand dollars. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized. Interest incurred during the construction of enterprise fund capital assets is also capitalized.

Hancock County, Ohio
Notes to the Basic Financial Statements (continued)
For the Year Ended December 31, 2005

All capital assets are depreciated, except for land and improvements and construction in progress. Improvements are depreciated over the remaining useful lives of the related capital assets. Useful lives for infrastructure were estimated based on the County's historical records of necessary improvements and replacement. The County reports all infrastructure, including that acquired prior to the implementation of GASB Statement No. 34. Depreciation is computed using the straight-line method over the following useful lives:

Description	Estimated Lives
Buildings and Building Improvements	40-100 years
Improvements Other Than Buildings	5 - 20 years
Machinery and Equipment	5 - 20 years
Vehicles	6 - 20 years
Infrastructure	20 - 50 years

The County's infrastructure consists of roads, bridges, and culverts. The estimated historical costs for infrastructure were computed from the original time of construction and/or improvement.

M. Interfund Receivables/Payables

On fund financial statements, receivables and payables resulting from short-term interfund loans or interfund services provided and used are classified as "Interfund Receivables/Payables". Interfund balances within governmental activities and within business-type activities are eliminated on the government-wide statement of net assets. The only interfund balances which remain on the government-wide statement of net assets are those between governmental and business-type activities. These amounts are reflected as "Internal Balances".

N. Compensated Absences

Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable the County will compensate the employees for the benefits through paid time off or some other means. The County records a liability for accumulated unused vacation time when earned for all employees with more than one year of service.

Sick leave benefits are accrued as a liability using the vesting method. The liability includes the employees who are currently eligible to receive termination benefits and those the County has identified as probable of receiving payment in the future. The amount is based on accumulated sick leave and employee wage rates at year-end taking into consideration any limits specified in the County's termination policy. The County records a liability for sick leave for employees with seven or more years of service at varying rates depending on County policy. Employees hired after March 10, 1994 must also be at least 55 years of age to be considered probable of receiving payment under the County's policy enacted in 1994.

The entire compensated absences liability is reported on the government-wide financial statements.

On governmental fund financial statements, compensated absences are recognized as a liability and expenditure to the extent payments come due each period upon the occurrence of employee resignations and retirements. These amounts are recorded in the account "Matured Compensated Absences Payable" in the fund from which the employees who have accumulated leave are paid. The noncurrent portion of the liability is not reported. For enterprise funds, the entire amount of compensated absences is reported as a fund liability.

Hancock County, Ohio
Notes to the Basic Financial Statements (continued)
For the Year Ended December 31, 2005

O. Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities, and long-term obligations are reported on the government-wide financial statements. All payables, accrued liabilities, and long-term obligations payable from the enterprise funds are reported on the enterprise fund financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. However, compensated absences that are paid from governmental funds are reported as liabilities on the fund financial statements only to the extent that they are due for payment during the current year. Loans and capital leases are recognized as a liability on the fund financial statements when due.

P. Unamortized Loss on Advance Refunding

For advance refundings resulting in the defeasance of debt reported in the enterprise funds, the difference between the reacquisition price and the net carrying amount of the old debt is deferred and amortized as a component of interest expense. This accounting loss is amortized over the remaining life of the old debt or the life of the new debt, whichever is shorter, and is presented as an addition to or reduction of the face amount of the new debt.

The general obligation and special assessment bonds advance refunded outstanding general obligation and special assessment bonds in a prior year. These bonds are presented on the statement of net assets net of an unamortized loss. The loss is being amortized over the remaining fifteen-year life of the bonds.

Q. Net Assets

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any borrowing used for the acquisition, construction, or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through constitutional provisions or enabling legislation adopted by the County or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The County's policy is to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available. Net assets restricted by enabling legislation, in the amount of \$1,263,464 are reported as part of restricted net assets on the statement of net assets.

R. Fund Balance Reserves

The County reserves those portions of fund balance which are legally segregated for a specific future use or which do not represent available expendable resources and, therefore, are not available for appropriation or expenditure. Fund balance reserves have been established for encumbrances, loans receivable, and endowments.

S. Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the enterprise funds. For the County, these revenues are charges for services for sanitary landfill and recycling services and rent. Operating expenses are the necessary costs incurred to provide the service that is the primary activity of the fund. Revenues and expenses not meeting these definitions are reported as nonoperating.

Hancock County, Ohio
Notes to the Basic Financial Statements (continued)
For the Year Ended December 31, 2005

T. Interfund Transactions

Transfers between governmental and business-type activities on the government-wide financial statements are reported in the same manner as general revenues.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after nonoperating revenues/expenses in enterprise funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

U. Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of management and are either unusual in nature or infrequent in occurrence. Neither of these types of transactions occurred during 2005.

V. Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Note 3 - Change in Accounting Principle

For 2005, the County has implemented Governmental Accounting Standards Board (GASB) Statement No. 40, "Deposit and Investment Risk Disclosures" and GASB Statement No. 42, "Accounting and Financial Reporting for Impairment of Capital Assets and for Insurance Recoveries."

GASB Statement No. 40 establishes and modifies the disclosure requirements related to deposit and investment risks. The implementation of this statement did not result in any change to the county's financial statements.

GASB Statement No. 42 establishes accounting and financial reporting standards for impairment of capital assets. The implementation of this statement did not result in any change to the county's financial statements.

Hancock County, Ohio
Notes to the Basic Financial Statements (continued)
For the Year Ended December 31, 2005

Note 4 - Accountability

The following funds had deficit fund balances as of December 31, 2005.

	<u>Deficit Fund Balances</u>
Major Fund:	
US 224/CR 300 Construction	\$3,528
Capital Projects Funds:	
Water Projects	900,391
Special Improvements	45,858
Enterprise Funds:	
BMV One Stop	273,518

The deficits in the US 224/CR 300 Construction, Water Projects, and Special Improvements capital projects funds were caused by the requirement to report the bond anticipation note liability in the fund receiving the proceeds. These deficits will be alleviated when the bonds are issued or when the notes are paid.

The deficit in the BMV One Stop fund was caused by the requirement to report the general obligation bond liability in the fund receiving the proceeds. This deficit will be alleviated when operating revenues are received to retire the debt.

Note 5 - Budgetary Basis of Accounting

While reporting financial position, results of operations, and changes in fund balances on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The Statements of Revenues, Expenditures, and Changes in Fund Balance - Budget (Non-GAAP Basis) and Actual for the general and major special revenue funds are presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and the GAAP basis are as follows:

1. Revenues are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis).
2. Expenditures are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis).
3. Encumbrances are treated as expenditures (budget basis) rather than as a reservation of fund balance (GAAP basis).
4. Although not part of the appropriated budget, the County has various activities that are included as part of the reporting entity when preparing financial statements that conform to GAAP.

Hancock County, Ohio
Notes to the Basic Financial Statements (continued)
For the Year Ended December 31, 2005

The adjustments necessary to reconcile the GAAP and budgetary basis statements are as follows:

Net Change in Fund Balance

	<u>General</u>	<u>Motor Vehicle and Gas Tax</u>	<u>Alcohol, Drug, and Mental Health</u>
GAAP Basis	\$1,446,032	(\$138,229)	\$ 45,722
Net Adjustment for Revenue			
Accruals	(42,966)	(28,491)	6,147
Net Adjustment for Expenditure			
Accruals	(51,268)	(80,099)	(330,172)
Prepaid Items	(40,510)	(1,767)	10,229
Materials and Supplies			
Inventory	(3,853)	26,879	360
Advances-In	138,343	0	0
Advances-Out	(171,834)	0	0
Encumbrances	(303,901)	(225,379)	(1,363,416)
Budget Basis	<u>\$970,043</u>	<u>(\$447,086)</u>	<u>(\$1,631,130)</u>

Net Change in Fund Balance

	<u>Job and Family Services</u>	<u>Mental Retardation and Developmental Disabilities</u>
GAAP Basis	\$2,142	(\$311,949)
Nonbudgeted Cash Activity	0	(8,299)
Net Adjustment for Revenue		
Accruals	86,516	76,823
Net Adjustment for Expenditure		
Accruals	(316,456)	54,412
Prepaid Items	(2,472)	29,526
Materials and Supplies		
Inventory	(2,521)	2,141
Encumbrances	(312,259)	(111,096)
Budget Basis	<u>(\$545,050)</u>	<u>(\$268,442)</u>

Note 6 - Deposits and Investments

Moneys held by the County are classified by State statute into two categories. Active moneys are public moneys determined to be necessary to meet current demands upon the County treasury. Active moneys must be maintained either as cash in the County treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Moneys held by the County, which are not considered active, are classified as inactive. Inactive moneys may be deposited or invested in the following securities provided a written investment policy has been filed with the Ohio Auditor of State:

1. United States Treasury bills, bonds, notes, or any other obligation or security issued by the United States Treasury, or any other obligation guaranteed as to principal and interest by the United

Hancock County, Ohio
Notes to the Basic Financial Statements (continued)
For the Year Ended December 31, 2005

- States, or any book entry zero-coupon United States treasury security that is a direct obligation of the United States;
2. Bonds, notes, debentures, or any other obligation or security issued by any federal government agency or instrumentality including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
 3. Written repurchase agreements in the securities listed above provided the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least 2 percent and be marked to market daily, and the term of the agreement must not exceed thirty days;
 4. Bonds and other obligations of the State of Ohio or its political subdivisions, provided that such political subdivisions are located wholly or partly within the County;
 5. Time certificates of deposit or savings or deposit accounts including, but not limited to, passbook accounts;
 6. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
 7. The State Treasurer's investment pool (STAR Ohio);
 8. Securities lending agreements in which the County lends securities and the eligible institution agrees to exchange similar securities, or cash, equal value for equal value;
 9. Up to twenty-five percent of the County's average portfolio in either of the following:
 - a. commercial paper notes in entities incorporated under the laws of Ohio or any other State that have assets exceeding five hundred million dollars rated at the time of purchase, which are rated in the highest qualification established by two nationally recognized standard rating services, which do not exceed 10 percent of the value of the outstanding commercial paper of the issuing corporation, and which mature within two hundred seventy days after purchase;
 - b. bankers acceptances eligible for purchase by the federal reserve system and which mature within one hundred eighty days after purchase;
 10. Up to 15 percent of the County's average portfolio in notes issued by United States corporations or by depository institutions that are doing business under authority granted by the United States provided that the notes are rated in the second highest or higher category by at least two nationally recognized standard rating services at the time of purchase and the notes mature within two years from the date of purchase;
 11. No-load money market mutual funds rated in the highest category at the time of purchase by at least one nationally recognized standard rating service consisting exclusively of obligations guaranteed by the United States, securities issued by a federal government agency or instrumentality, and/or highly rated commercial paper; and

Hancock County, Ohio
Notes to the Basic Financial Statements (continued)
For the Year Ended December 31, 2005

12. Up to 1 percent of the County's average portfolio in debt interests rated at the time of purchase in the three highest categories by two nationally recognized standard rating services and issued by foreign nations diplomatically recognized by the United States government.

Protection of the County's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, by surety company bonds deposited with the Treasurer by the financial institution, or by a single collateral pool established by the financial institution to secure the repayment of all public moneys deposited with the institution.

Investments in stripped principal or interest obligations, reverse repurchase agreements, and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage, and short selling are also prohibited. An investment must mature within five years from the date of purchase, unless matched to a specific obligation or debt of the County, and must be purchased with the expectation that it will be held to maturity.

Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the Treasurer or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

Deposits

Custodial credit risk for deposits is the risk that in the event of bank failure, the County will not be able to recover deposits or collateral securities that are in the possession of an outside party. At year end, \$27,600,339 of the County's bank balance of \$28,691,784 was exposed to custodial credit risk because it was uninsured and collateralized with securities held by the pledging financial institution's trust department or agent, but not in the County's name.

The County has no deposit policy for custodial credit risk beyond the requirements of State statute. Ohio law requires that deposits be either insured or be protected by eligible securities pledged to and deposited either with the County or a qualified trustee by the financial institution as security for repayment, or by a collateral pool of eligible securities deposited with a qualified trustee and pledged to secure the repayment of all public monies deposited in the financial institution whose market value at all times shall be at least 105 percent of the deposits being secured.

Investments

As of December 31, 2005, the County had the following investments:

	Moody Rating	Total	Less Than One Year	One Year to Five Years	Five Years To Ten Years	More Than Ten Years
U. S. Treasury bonds	Aaa	\$433,091	\$0	\$0	\$0	\$433,091
Federal Farm Credit Bank Bonds	Aaa	891,313	100,058	456,334	223,753	111,168
Federal Home Loan Bank bonds	Aaa	808,787	402,395	293,766	112,626	0
Federal Home Loan Mortgage Corporation bonds	Aaa	179,984	179,984	0	0	0
Federal National Mortgage Association bonds	Aaa	455,647	0	455,647	0	0
Student Loan Mortgage Association bonds	Aaa	114,375	0	0	114,375	0
Mutual Funds	Aaa	1,149,646	1,149,646	0	0	0
Total		\$4,032,843	\$1,832,083	\$1,205,747	\$450,754	\$544,259

Hancock County, Ohio
Notes to the Basic Financial Statements (continued)
For the Year Ended December 31, 2005

All of these investments are held by the Landfill enterprise fund and are restricted for the closure and postclosure of the solid waste facility.

The investment policy restricts the County Treasurer from investing in anything other than as identified in the Ohio Revised Code and that all investments must mature within five years from the date of investment unless matched to a specific obligation or debt of the County. Investments may not be redeemed prior to maturity without approval of the Advisory Committee by a majority vote.

The County has no policy dealing with credit risk beyond the requirements of State statute. Ohio law requires that no-load money market mutual funds must be rated in the highest category at the time of purchase by at least one nationally recognized standard rating service.

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the County will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The U. S. Treasury bonds, Federal Farm Credit Bank bonds, Federal Home Loan Bank bonds, Federal Home Loan Mortgage Corporation bonds, Federal National Mortgage Association bonds, and mutual funds are exposed to custodial credit risk as they are uninsured, unregistered, and held by the counterparty's trust department or agent but not in the County's name. The County has no policy dealing with custodial credit risk beyond the requirements of ORC 135.14(M)(2) which states, "Payment for investments shall be made only upon the delivery of securities representing such investments to the treasurer, investing authority, or qualified trustee. If the securities transferred are not represented by a certificate, payment shall be made only upon receipt of confirmation of transfer from the custodian by the treasurer, governing board, or qualified trustee".

The County places no limit on the amount of its interim monies it may invest in a particular security. The following table indicates the percentage of each investment to the County's total portfolio.

	<u>Fair Value</u>	<u>Percentage of Portfolio</u>
Federal Farm Credit Bank bonds	\$891,313	30.91%
Federal Home Loan Bank bonds	808,787	28.05
Federal Home Loan Mortgage Corporation bonds	179,984	6.24
Federal National Mortgage Association bonds	455,647	15.80
Student Loan Mortgage Association bonds	114,375	3.97

Note 7 - Investment Pool

By statute, the County serves as fiscal agent for various legally separate entities. The County pools the monies of these entities with the County's monies for investment purposes. The County cannot allocate its investments between the internal and external investment pools. The investment pool is not registered with the Securities and Exchange Commission as an investment company. The fair value of investments is determined annually. The pool does not issue shares.

Hancock County, Ohio
Notes to the Basic Financial Statements (continued)
For the Year Ended December 31, 2005

Each participant is allocated a pro rata share of each investment at fair value along with a pro rata share of the interest that it earns. Condensed financial information for the investment pool follows:

Statement of Net Assets
December 31, 2005

<u>Assets</u>	
Equity in Pooled Cash and Cash Equivalents	\$26,203,123
Accrued Interest Receivable	81,416
<i>Total Assets</i>	\$26,284,539
 <u>Net Assets</u>	
Internal Portion	\$25,907,544
External Portion	376,995
<i>Total Net Assets</i>	\$26,284,539

Statement of Changes in Net Assets
For the Year Ended December 31, 2005

<u>Additions</u>	
Interest	\$1,052,480
Individual Account Transactions	
Operating Revenues	222,675,458
Reinvested Distributions	896,687
Operating Expenses	(221,137,235)
Net Individual Account Transactions	2,434,910
Total Additions	3,487,390
 <u>Deductions</u>	
Distribution to Participants	896,687
 <i>Change in Net Assets</i>	 2,590,703
 <i>Net Assets Beginning of Year</i>	 23,693,836
 <i>Net Assets End of Year</i>	 \$26,284,539

At year-end, the pool had \$357,785 in undeposited cash on hand which is included on the balance sheet of the County as part of "Equity in Pooled Cash and Cash Equivalents".

At year-end, the carrying amount of the pool's deposits was \$25,845,338 and the bank balance was \$26,865,241. Of the bank balance, \$601,555 was federally insured. The remaining amount was uninsured and uncollateralized. Although all State statutory requirements for the deposit of money had been followed, non-compliance with federal requirements could potentially subject the County to a successful claim by the FDIC.

The external investment pool only receives checking account interest on a monthly basis.

Hancock County, Ohio
Notes to the Basic Financial Statements (continued)
For the Year Ended December 31, 2005

Note 8 - Property Taxes

Property taxes include amounts levied against all real property, public utility property, and tangible personal property located in the County. Real property tax revenues received in 2005 represent the collection of 2004 taxes. Real property taxes received in 2005 were levied after October 1, 2004, on the assessed values as of January 1, 2004, the lien date. Assessed values for real property taxes are established by State statute at 35 percent of appraised market value. Real property taxes are payable annually or semiannually. If paid annually, payment is due December 31; if paid semiannually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, State statute permits alternate payment dates to be established.

Public utility property tax revenues received in 2005 represent the collection of 2004 taxes. Public utility real and tangible personal property taxes received in 2005 became a lien on December 31, 2004, was levied after October 1, 2004, and is collected with real property taxes. Public utility real property is assessed at 35 percent of true value; public utility tangible personal property is currently assessed at varying percentages of true value.

Tangible personal property tax revenues received in 2005 (other than public utility property) represent the collection of 2005 taxes. Tangible personal property taxes received in 2005 were levied after October 1, 2004, on the true value as of December 31, 2004. Tangible personal property is currently assessed at 25 percent of true value for capital assets and 23 percent for inventory. Amounts paid by multi-county taxpayers are due September 20. Single county taxpayers may pay annually or semiannually. If paid annually, the first payment is due April 30; if paid semiannually, the first payment is due April 30, with the remainder payable by September 20.

The County Treasurer collects property taxes on behalf of all taxing districts within the County. The County Auditor periodically remits to the taxing districts their portion of the taxes collected. The collection and distribution of taxes for all subdivisions within the County, excluding the County itself, is accounted for through agency funds. The amount of the County's tax collections is accounted for within the applicable funds.

Accrued property taxes receivable represents real property, public utility property, and tangible personal property taxes, which were measurable as of December 31, 2005, and for which there was an enforceable legal claim. Although total property tax collections for the next year are measurable, amounts to be received during the available period are not subject to reasonable estimation at December 31 and are not intended to finance 2005 operations.

Collectible delinquent real property taxes have been recorded as a receivable and revenue on the full accrual basis. On the modified accrual basis, the revenue is deferred.

Hancock County, Ohio
Notes to the Basic Financial Statements (continued)
For the Year Ended December 31, 2005

The full tax rate for all County operations for the year ended December 31, 2005, was \$5.40 per \$1,000 of assessed value. The assessed values of real property, public utility property, and tangible personal property upon which 2005 property tax receipts were based are as follows:

	Amount
Real Property	
Agricultural	\$107,403,340
Residential	938,517,780
Industrial	73,057,330
Commercial	196,024,810
Public Utility Property	58,358,780
Tangible Personal Property	240,100,584
Total Assessed Value	\$1,613,462,624

Note 9 - Permissive Sales and Use Tax

In 1983, the County Commissioners, by resolution, imposed a one-half of one percent tax on all retail sales made in the County, except sales of motor vehicles, and on the storage, use, or consumption of tangible personal property, including motor vehicles not subject to the sales tax. As required by State statute, the County Commissioners established how the sales tax proceeds would be allocated prior to the election. Effective July 1, 2003, the voters approved an additional permissive sales and use tax of one-quarter of one percent (0.25%) percent sales tax to be used for expenditures related to criminal and administrative justice services. That levy was approved for a period of two (2) years and expired June 30, 2005. Final collections were received from that levy in September 2005. Proceeds of the tax are credited to the General Fund and the Criminal Administrative Justice Services special revenue fund.

Vendor collections of the tax are paid to the State Treasurer by the twenty-third day of the month following collection. The State Tax Commissioner certifies to the State Auditor the amount of the taxes to be returned to the County. The Tax Commissioner's certification must be made within forty-five days after the end of each month. The State Auditor then has five days in which to draw the warrant payable to the County.

A receivable is recognized at year-end for amounts that will be received from sales which occurred during 2005. On the accrual basis, the full amount of the receivable is recognized as revenue. On the modified accrual basis, the amount of the receivable not collected within the available period is recorded as deferred revenue.

Note 10 - Payment in Lieu of Taxes

According to State law, the County has entered into agreements with a number of property owners under which the County has granted property tax abatements to those property owners and agreed to construct certain infrastructure improvements. The property owners have agreed to make payments to the County to help pay the costs of the infrastructure improvements. The amount of those payments generally reflects all or a portion of the property taxes which the property owners would have paid if their taxes had not been abated. The property owners' contractual promise to make these payments in lieu of taxes generally continues until the costs of the improvement have been paid or the agreement expires, whichever occurs first. Future development by those owners or others may result in subsequent

Hancock County, Ohio
Notes to the Basic Financial Statements (continued)
For the Year Ended December 31, 2005

agreements to make payments in lieu of taxes and may therefore spread the costs of the improvements to a larger number of property owners.

Note 11 - Receivables

Receivables at December 31, 2005, consisted of accounts (billings for user charged services, including unbilled utility services), sales taxes, accrued interest, grants, entitlements, and shared revenues, interfund, property taxes, loans (community development block grant monies loaned to local businesses), and special assessments. All amounts due from other governments are considered collectible in full. Delinquent property taxes may be certified and collected as a special assessment, subject to foreclosure for nonpayment.

Receivables recorded on the County's financial statements are recorded to the extent the amounts are determined material and substantiated, not only by supporting documentation but also by a reasonable systematic method of determining their existence, completeness, valuation, and collectibility. Using this criteria, the County has elected to not record child support arrearages in the agency funds. These amounts, while potentially significant, are not considered measurable and, because collections are often significantly in arrears, the County is unable to determine a reasonable value.

Special assessments relating to the payment of debt are not expected to be collected within one year. The amount not scheduled for collection during the subsequent year is \$3,638,041. On December 31, 2005, the amount of delinquent special assessments was \$34,679.

Loans receivable expected to be collected in more than one year are \$95,063 in the Community Development Block Grant special revenue fund.

A summary of the principal amounts due from other governments is as follows:

Fund Type/Fund	Description	Amount
General Fund	Estate Tax	\$5,262
	Fines and Forfeitures	5,425
	Local Government	1,058,888

Human Services	
Job and Family Services	38,938
Other Human Services	13,267
Total Depreciation Expense-Governmental Activities	<u><u>\$2,337,158</u></u>

Note 13 - Interfund Balances

Interfund balances at December 31, 2005, consisted of the following individual fund receivables and payables:

Due to General Fund from	
Motor Vehicle & Gas Tax	\$551
Job and Family Services	1,526
Water and Sewer Bond Retirement	4,972
Other Governmental	82,865
Landfill	39
Total Due to General Fund	<u><u>\$89,953</u></u>

The balance resulted from loans made to provide working capital for operations or projects.

Hancock County, Ohio
Notes to the Basic Financial Statements (continued)
For the Year Ended December 31, 2005

Due to Other Major Funds from	
Motor Vehicle and Gas Tax	
General	\$6,619
Other Governmental Funds	70
Sanitary Landfill	1,313
Total Due to Motor Vehicle and Gas Tax	\$8,002
Alcohol, Drug, and Mental Health	
Other Governmental Funds	\$1,240
Total Due to Alcohol, Drug, and Mental Health	\$1,240
Job and Family Services	
Other Governmental Funds	\$20,015
Due to Total Other Major Funds	\$29,257
Due to Other Governmental Funds from	
General Fund	\$3,070
Other Governmental Funds	1,078
Total Due to Other Governmental Funds	\$4,148
Due to Sanitary Landfill from	
Other Governmental Funds	\$15,000
Total Due to Sanitary Landfill	\$15,000

These balances resulted from the time lag between the dates that (1) interfund goods and services are provided, (2) transactions are recorded in the accounting system, and (3) payments between funds are made. All interfund balances are due within one year.

Note 14 - Risk Management

A. Property and Liability

The County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Since 1992, the County has contracted with the Mid West Pool Risk Management Agency, Inc. for liability, property, and crime insurance. The program has a \$100,000 self-insured retention per occurrence, respectively. The list below is a general description of insurance coverage; all policy terms, conditions, restrictions, exclusions, etc. are not included.

Liability	
General and Law Liability	
Combined (Per Occurrence and Aggregate)	\$2,000,000
Automobile (Per Occurrence)	2,000,000
Public Official Errors and Omissions	
Aggregate	7,000,000
Property (Per Occurrence)	52,728,000
Flood and Earthquake (Annual Aggregate)	36,000,000

Hancock County, Ohio
Notes to the Basic Financial Statements (continued)
For the Year Ended December 31, 2005

Equipment Breakdown Limit (Per Occurrence)	\$30,000,000
Crime Protection Insurance (Per Occurrence)	500,000
Excess Liability (Per Occurrence and Aggregate)	5,000,000

The County pays all elected officials' bonds by statute.

Settled claims have not exceeded this commercial coverage in any of the past three years.

B. Health Care

The County participates in the Midwest Employee Benefit Consortium (the MEBC), a public entity shared risk pool consisting of five counties. Each member pays premiums to the MEBC for employee medical and life insurance premiums. The MEBC is responsible for the management and operation of the program. Upon withdrawal, the County is responsible for the payment of all MEBC liabilities to its employees, dependents, and designated beneficiaries accruing as a result of the withdrawal. Upon termination of the MEBC, all member claims will be paid without regard to the member's account balance. The MEBC Board of Trustees has the right to return monies to an exiting member subsequent to the settlement of all expenses and claims.

C. Workers' Compensation

The County participates in the County Commissioners Association of Ohio Workers' Compensation Group Rating Program (the Program), an insurance purchasing pool. The Program is intended to achieve lower workers' compensation rates while establishing safe working conditions and environments for the participants. The workers' compensation experience of the participating Counties is calculated as one experience and a common premium rate is applied to all participants of the Program. Each participant pays its workers' compensation premium to the State based on the rate for the Program rather than its individual rate. In order to allocate the savings derived by formation of the Program, and to maximize the number of participants in the Program, the Program's executive committee annually calculates the total savings, which accrued to the Program through its formation. This savings is then compared to the overall savings percentage of the Program. The Program's executive committee then collects rate contributions from or pays rate equalization rebates to the various participants. Participation in the Program is limited to counties that can meet the Plan's selection criteria. The firm of Comp Management, Inc., provides administrative, cost control, and actuarial services to the Program. Each year, the County pays an enrollment fee to the Program to cover the costs of administering the Program.

The County may withdraw from the Program if written notice is provided sixty days prior to the prescribed application deadline of the Ohio Bureau of Workers' Compensation. However, the participant is not relieved of the obligation to pay any amounts owed to the Program prior to withdrawal, and any participant leaving the Program allows representatives of the Program to access loss experience for three years following the last year of participation.

Note 16 - Defined Benefit Retirement Plans

A. Public Employees Retirement System

The County participates in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans. The traditional plan is a cost-sharing, multiple-employer defined benefit pension plan. The member-directed plan is a defined contribution plan in which the member invests both member and employer contributions (employer contributions vest over five years at 20 percent per year). Under the member-directed plan, members accumulate retirement assets equal to the value of the member and vested employer contributions plus any investment earnings. The combined plan is a cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and a defined contribution plan. Under the combined plan, employer contributions are invested by OPERS to provide a formula retirement benefit similar to the traditional plan benefit. Member contributions, whose investment is self-directed by the member, accumulate retirement assets in a manner similar to the member-directed plan.

OPERS provides retirement, disability, survivor and death benefits, and annual cost of living adjustments to members of the traditional and combined plans. Members of the member-directed plan do not qualify for ancillary benefits. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to the Ohio Public Employees Retirement System, 277 East Town Street, Columbus, Ohio 43215-4642.

Hancock County, Ohio
Notes to the Basic Financial Statements (continued)
For the Year Ended December 31, 2005

For the year ended December 31, 2005, members of all three plans, except those in law enforcement or public safety participating in the traditional plan, were required to contribute 8.5 percent of their annual covered salary to fund pension obligations. Members participating in the traditional plan, who were in law enforcement, contributed 10.1 percent of their annual covered salary; members in public safety contributed 9 percent. The County's contribution rate for pension benefits for 2005 was 9.55 percent, except for those plan members in law enforcement or public safety. For those classifications, the County's pension contributions were 12.7 percent of covered payroll. The Ohio Revised Code provides statutory authority for member and employer contributions.

The County's required contribution for pension obligations to the traditional and combined plans for the years ended December 31, 2005, 2004, and 2003 was \$1,885,154, \$1,751,781, and \$1,531,003, respectively; 88 percent has been contributed for 2005 and 100 percent has been contributed for 2004 and 2003. The unpaid contribution for 2005 is recorded as a liability. Contributions to the member-directed plan for 2005 were \$33,647 made by the County and \$21,107 made by plan members.

B. State Teachers Retirement System

Certified teachers, employed by the school for Developmental Disabilities, participate in the State Teachers Retirement System of Ohio (STRS), a cost-sharing multiple employer public employee retirement system administered by the State Teachers Retirement Board. STRS provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. Benefits are established by Chapter 3307 of the Ohio Revised Code. STRS issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to the State Teachers Retirement System, 275 East Broad Street, Columbus, Ohio 43215-3771.

New members have a choice of three retirement plans, a Defined Benefit Plan (DBP), a Defined Contribution Plan (DCP), and a Combined Plan (CP). The DBP offers an annual retirement allowance based on final average salary multiplied by a percentage that varies based on years of service or on an allowance based on member contributions and earned interest matched by STRS funds multiplied by an actuarially determined annuity factor. The DCP allows members to place all of their member contributions and employer contributions equal to 10.5 percent of earned compensation into an investment account. Investment decisions are made by the member. A member is eligible to receive a retirement benefit at age fifty and termination of employment. The CP offers features of both the DBP and DCP. In the CP, member contributions are invested by the member and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DBP. DCP and CP members will transfer to the DBP during their fifth year of membership unless they permanently select the DCP or CP. Existing members with less than five years of service credit as of June 30, 2001, were given the option of making a one time irrevocable decision to transfer their account balance from the existing DBP into the DCP or CP. This option expired on December 31, 2001.

A DBP or CP member with five or more years of credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members who die before retirement may qualify for survivor benefits. Members in the DCP who become disabled are entitled only to their account balance. If a member dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Plan members were required to contribute 10 percent of their annual covered salary and the County was required to contribute 14 percent; 13 percent was the portion used to fund pension obligations. Contribution rates are established by STRS, upon recommendation of its consulting actuary, not to exceed statutory maximum rates of 10 percent for members and 14 percent for employers.

Hancock County, Ohio
Notes to the Basic Financial Statements (continued)
For the Year Ended December 31, 2005

The County's required contribution for pension obligations for the DBP for the years ended December 31, 2005, 2004, and 2003 was \$63,365, \$69,691, and \$71,953, respectively; 96 percent has been contributed for fiscal years 2005, and 100 percent has been contributed for fiscal years 2004 and 2003. The unpaid contribution for 2005 is recorded as a liability. Contributions for the DCP and CP for the year ended December 31, 2005, were \$3,060 made by plan members.

Note 17 - Postemployment Benefits

A. Public Employees Retirement System

The Ohio Public Employees Retirement System (OPERS) provides postretirement health care coverage to age and service retirees with ten or more years of qualifying Ohio service credit with either the traditional or combined plans. Health care coverage for disability recipients and primary survivor recipients is available. Members of the member-directed plan do not qualify for postretirement health care coverage. The health care coverage provided by OPERS is considered an Other Postemployment Benefit (OPEB) as described in GASB Statement No. 12, "Disclosure of Information on Postemployment Benefits Other Than Pension Benefits by State and Local Governmental Employers". A portion of each employer's contribution to the traditional or combined plans is set aside for the funding of postretirement health care based on authority granted by State statute. The 2005 employer contribution rate was 13.55 percent of covered payroll (16.7 percent for law enforcement and public safety); 4.00 percent was the portion used to fund health care.

Benefits are advance-funded using the entry age normal actuarial cost method. Significant actuarial assumptions, based on OPERS's latest actuarial review performed as of December 31, 2004, include a rate of return on investments of 8 percent, an annual increase in active employee total payroll of 4 percent compounded annually (assuming no change in the number of active employees), and an additional increase in total payroll of between .5 percent and 6.3 percent based on additional annual pay increases. Health care premiums were assumed to increase 1 to 6 percent annually for the next eight years and 4 percent annually after eight years.

All investments are carried at fair value. For actuarial valuation purposes, a smoothed market approach is used. Assets are adjusted to reflect 25 percent of unrealized market appreciation or depreciation on investment assets annually.

The number of active contributing participants in the traditional and combined plans was 376,109. Actual employer contributions for 2005 which were used to fund postemployment benefits were \$765,302. The actual contribution and the actuarial required contribution amounts are the same. OPERS's net assets available for the payment of benefits at December 31, 2004 (the latest information available), was \$10.8 billion. The actuarial accrued liability and the unfunded actuarial accrued liability were \$29.5 billion and \$18.7 billion, respectively.

The Health Care Preservation Plan (HCPP) adopted by the OPERS Retirement Board on September 9, 2004, will be effective January 1, 2007. In addition to the HCPP, OPERS has taken additional action to improve the solvency of the Health Care Fund in 2005 by creating a separate investment pool for health care assets. As an additional component of the HCPP, member and employer contribution rates increased as of January 1, 2006, which will allow additional funds to be allocated to the health care plan.

Hancock County, Ohio
Notes to the Basic Financial Statements (continued)
For the Year Ended December 31, 2005

B. State Teachers Retirement System

Comprehensive health care benefits are provided to retired teachers and their dependents through the State Teachers Retirement System (STRS). Benefits include hospitalization, physicians' fees, prescription drugs, and reimbursement of monthly Medicare premiums. Benefit provisions and the obligation to contribute are established by STRS based on authority granted by State statute. STRS is funded on a pay-as-you-go basis.

STRS retirees who participated in the Defined Benefit Plan or the Combined Plan and their dependents are eligible for health care coverage. The State Teachers Retirement Board has statutory authority over how much, if any, of the health care costs will be absorbed by STRS. All benefit recipients pay a portion of the health care cost in the form of a monthly premium. By law, the cost of coverage paid from STRS funds shall be included in the employer contribution rate, currently 14 percent of covered payroll. For fiscal year 2005, the Board allocated employer contributions equal to 1 percent of covered payroll to the Health Care Stabilization Fund. For the County, this amount was \$4,874.

STRS pays health care benefits from the Health Care Stabilization Fund. The balance in the Fund was \$3.3 billion at June 30, 2005. For the fiscal year ended June 30, 2005, net health care costs paid by STRS were \$254,780,000, and STRS had 115,395 eligible benefit recipients.

Note 18 - Compensated Absences

County employees earn vacation and sick leave at varying rates depending on length of service and department policy. All accumulated, unused vacation time is paid upon separation if the employee has at least one year of service with the County. Accumulated, unused sick leave is paid, up to a maximum of 120 days, depending on length of service to employees hired before March 10, 1994, who retire, leave, or die. Accumulated, unused sick leave is paid, up to a maximum of 30 days, depending on length of service to employees who retire or die for employees hired on or after March 10, 1994.

Hancock County, Ohio
Notes to the Basic Financial Statements (continued)
For the Year Ended December 31, 2005

Note 19 - Notes Payable

A summary of the note transactions for the year ended December 31, 2005, follows:

Sanitary Landfill 4.25%	0	1,700,000	1,100,000	600,000
BMV Sewer Project 4.25%	110,200	44,000	110,200	44,000
	<u>110,200</u>	<u>1,744,000</u>	<u>1,210,200</u>	<u>644,000</u>
Total	<u>\$2,208,000</u>	<u>\$5,820,000</u>	<u>\$3,308,000</u>	<u>\$4,720,000</u>

The special assessment notes were issued to install water and sewer lines to citizens within the County and to make improvements to certain ditches and streams within the County. The special assessment notes will be paid from the proceeds of special assessments levied against benefited property owners. In the event the property owners do not pay their assessment, the County would be responsible for the debt payment.

The US 224/CR 300 Improvements general obligation bond anticipation notes were issued to widen and add traffic signals to the aforementioned area. The county expects to pay that portion of the debt service with payments it receives in lieu of taxes. The bond anticipation notes have a maturity of one year and are backed by the full faith and credit of Hancock County.

The County issued general obligation bond anticipation notes for the Sanitary Landfill for additional construction at the landfill. The bond anticipation note liability is reflected in the fund that received the proceeds. All bond anticipation notes have a maturity of one year and are backed by the full faith and credit of Hancock County.

The BMV Sewer Project general obligation bond anticipation notes were issued for purpose of installing sewer lines to the BMV One Stop building. The bond anticipation notes have a mature of one year and are backed by the full faith and credit of Hancock County.

All general obligation bonds are supported by the full faith and credit of the County. General obligation bonds will be paid from a 0.1 mill unvoted property tax levy, transfers from the ADAMHS special revenue fund, rental charges to County departments and other tenants who occupy the facilities, and payments received from the Findlay/Hancock County Public Library.

The County Road 140, Tiffin Avenue, and I-75/Tall Timbers Connector bonds will be paid from payments in lieu of taxes the County receives related to the projects. Based on development, which has occurred, and the terms of the agreements already in place, the County expects to receive annual payments of approximately \$1,200,000 in lieu of taxes through at least 2006.

On April 1, 2002, the County issued \$3,145,000 in various purpose refunding bonds with a range of interest rates from 3.5 percent to 4.75 percent. The bonds were issued to advance refund the \$1,590,000 in the library improvement general obligation bonds, \$865,000 in the Job and Family Services general obligation bonds, and \$415,000 in the Beechwood Water and Sewer special assessment bonds with interest rate of 6.808 percent. The net proceeds of \$3,065,984 (after payment of \$88,950 in underwriting fees, insurance, and other issuance costs) were used to purchase U.S. government securities. Those

Hancock County, Ohio
Notes to the Basic Financial Statements (continued)
For the Year Ended December 31, 2005

securities were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the refunded general obligation bonds. As a result, the library improvement and Job and Family Services general obligation bonds, and the Beechwood Water and Sewer special assessment bonds are considered to be defeased and the liability for those bonds was removed from the County's long-term obligations.

The library improvement and Job and Family Services refunding bonds pledge the full faith and credit of the County for the payment of debt service. The Beechwood Water and Sewer special assessment bonds will be paid from the proceeds of special assessments levied against benefited property owners. In the event the property owners do not pay their assessment, the County would be responsible for the debt payment.

The term bonds maturing on December 1, 2017, are subject to mandatory sinking fund redemption, in part by lot, pursuant to the terms of the mandatory sinking fund redemption requirements of the County. The mandatory redemption is to occur on December 1, from 2012 through 2016 (with the balance of \$55,000 to be paid at stated maturity on December 1, 2017) at a redemption price equal to 100 percent of the principal amount redeemed, plus accrued interest to the redemption date, according to the following schedule:

Year	Amount
2012	\$55,000
2013	60,000
2014	55,000
2015	60,000
2016	55,000

The term bonds maturing on December 1, 2013, will be subject to optional redemption by and at the sole option of the County, either in whole or in part (as selected by the County), on any date commencing after December 1, 2012, and in integral multiples of \$5,000, at the following redemption prices (expressed as percentages of the principal amount redeemed), plus accrued interest to the redemption date:

Redemption dates (Dates Inclusive)	Redemption Prices
December 1, 2012 through November 30, 2013	101%
December 1, 2013 and thereafter	100

On May 1, 2003, the County issued general obligation bonds to retire a bond anticipation note, which was originally issued to pay the costs of constructing, furnishing and equipping a building to house motor vehicle offices and facilities. The County expects that rental payments made by the tenants of the offices will be used to make debt payments.

On November 10, 2005, the County issued \$8,085,000 in various purpose improvement and refunding bonds with a range of interest rates from 3.50 percent to 5.00 percent. The various purpose improvement bonds were issued to retire bond anticipation notes, which were originally issued for Alcohol, Drug Addiction, and Mental Health Services to purchase a new office building and construct a road. The refunding bonds were also issued to advance refund the \$4,050,000 in the I-75/Tall Timbers Connector general obligation bonds, the \$770,000 in the Courthouse Restoration general obligation bonds, the \$755,000 in the Justice Center general obligation bonds, the \$171,740 in the US 224 Water special

Hancock County, Ohio
Notes to the Basic Financial Statements (continued)
For the Year Ended December 31, 2005

assessment bonds, the \$389,366 in the CR 88/SR 12 Sewer special assessment bonds, the \$78,894 in the SR 12 West Water special assessment bonds, and the \$1,070,000 in the Agricultural Service Center general obligation bonds. The refunded bonds carried interest rates ranging from 5.000 percent to 5.875 percent.

The net proceeds of the refunding bonds of \$7,848,742 (after payment of \$154,388 in underwriting fees, insurance, and other issuance costs) were used to purchase U.S. government securities. Those securities were deposited in an irrevocable trust with an escrow agent to provide for future debt service payments on portions of the refunded general obligation and special assessment bonds. As a result, the Justice Center general obligation bonds and the US 224 Water, CR 88/SR 12 Sewer, and SR 12 West Water special assessment bonds are considered to be defeased and the liability for those bonds was removed from the County's long-term obligations. Portions of the I-75/Tall Timbers Connector, the Courthouse Restoration, and the Agriculture Service Center did not meet the criteria for advance refunding and remain as part of the County's long-term obligations.

Although the advance refunding will result in the recognition of an accounting loss of \$613,925 for the year ended December 31, 2005, the County in effect lowered its aggregated debt service payments by \$317,722 over the next fifteen years and obtained an economic gain (difference between the present values of the old and new debt service payments) of \$255,166.

The I-75/Tall Timbers Connector, Courthouse Restoration, Justice Center, and Agriculture Service Center refunding bonds pledge the full faith and credit of the County for the payment of debt service. The US 224 Water, CR 88/SR 12 Sewer, and SR 12 West Water special assessment bonds will be paid from the proceeds of special assessments levied against benefited property owners. In the event the property owners do not pay their assessment, the County would be responsible for the debt payment.

Special assessment debt and OWDA loans will be paid from the proceeds of special assessments levied against benefited property owners. In the event the property owners do not pay their assessment, the County would be responsible for the debt payment.

The compensated absences liability will be paid from the General Fund, the Motor Vehicle and Gas Tax, Child Support Enforcement Agency, Dog and Kennel, Alcohol, Drug Addiction, and Mental Health, Job and Family Services, Mental Retardation and Developmental Disabilities, Real Estate Assessment, Delinquent Real Estate Tax Assessment Collection, Jail Diversion, Community Corrections, Certificate of Title, Felony Delinquent Juvenile Care and Custody, Emergency Management Agency, and Criminal and Administrative Justice special revenue funds, and the Sanitary Landfill, Agricultural Service Center, and Litter Landing enterprise funds.

The Ohio Revised Code provides that the net general obligation debt of the County, exclusive of certain exempt debt, issued without a vote of the electors should not exceed 1 percent of the total assessed valuation of the County. The Revised Code further provides that the total voted and unvoted net debt of the County less the same exempt debt should not exceed a sum equal to 3 percent of the first \$100,000,000, plus 1.5 percent of such valuation in excess of \$100,000,000 and not in excess of \$300,000,000, plus 2.5 percent of such valuation in excess of \$300,000,000.

The effect of the debt limitations described above is an overall debt margin of \$36,456,453 at December 31, 2005.

Hancock County, Ohio
Notes to the Basic Financial Statements (continued)
For the Year Ended December 31, 2005

The following is a summary of the County's future annual debt service requirements on long-term obligations:

Governmental Activities

Conduit Debt

In 1998, the County issued \$8,115,000 in Multi-Family Housing Revenue Bonds and \$3,500,000 in Multi-Family Housing Mortgage Revenue Bonds. The proceeds were used to acquire, construct, improve, and equip real and personal property as a multi-family housing complex. The County is not obligated in any way to pay debt charges on the bonds from any of its funds, and therefore, the debt has been excluded entirely from the County's debt presentation. As of December 31, 2005, \$11,286,000 of these bonds was outstanding.

In 1999, the County issued \$1,500,000 in Economic Development Revenue Bonds. The proceeds were used to acquire, construct, and equip a manufacturing facility. The County is not obligated in any way to pay debt charges on the bonds from any of its funds, and therefore, the debt has been excluded entirely from the County's debt presentation. As of December 31, 2005, \$1,080,000 of these bonds was outstanding.

Hancock County, Ohio
Notes to the Basic Financial Statements (continued)
For the Year Ended December 31, 2005

In 2000, the County issued \$5,000,000 in Hospital Facilities Revenue Bonds. The proceeds were used for the construction of an underground parking garage and an acute health care facility. The County is not obligated in any way to pay the debt charges on the bonds from any of its funds, and therefore, the debt has been excluded entirely from the County's debt presentation. As of December 31, 2005, \$3,933,895 of these bonds was outstanding.

In 2004, the County issued \$110,875,000 in Hospital Facilities Revenue Bonds. The proceeds were used to provide financing to acquire, construct, equip, and improve hospital facilities at an acute health care facility. The County is not obligated in any way to pay the debt charges on the bonds from any of its funds, and therefore, the debt has been excluded entirely from the County's debt presentation. As of December 31, 2005 \$110,875,000 of these bonds was outstanding.

Note 21 - Closure and Postclosure of Landfill

State and federal laws and regulations require the County to place a final cover on its landfill site when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for thirty years after closure. Although closure and postclosure care costs will be paid only near or after the date the landfill stops accepting waste, the County reports a portion of these closure and postclosure costs as an operating expense in each period based on landfill capacity used as of each balance sheet date. The \$1,801,104 reported as landfill closure and postclosure costs payable at December 31, 2005, represents the cumulative amount reported to date based on the use of 15.2 percent of the estimated capacity of the landfill. The County will recognize the remaining cost of closure and postclosure care of \$10,032,880 as the remaining estimated capacity is filled. These amounts are based on what it would cost to perform all closure and postclosure care in 2005. The County expects to close the active cell of the landfill in 2049. Actual costs may be higher due to inflation, changes in technology, or changes in regulations.

The County is required by state and federal laws and regulations to make annual contributions to a trust to finance closure and postclosure care. The County is in compliance with these requirements, and, at December 31, 2005, cash, cash equivalents, and investments of \$4,132,843 are held for these purposes. These are reported as restricted assets on the statement of fund net assets.

The County expects that future inflation costs will be paid from interest earnings on these annual contributions. However, if interest earnings are inadequate or additional postclosure care requirements are determined (due to changes in technology or applicable laws or regulations, for example), these costs may need to be covered by charges to future landfill users or from future tax revenues.

Hancock County, Ohio
Notes to the Basic Financial Statements (continued)
For the Year Ended December 31, 2005

Note 22 - Interfund Transfers

During 2005, the following transfers were made:

	Transfers Out				Total
	General	Alcohol, Drug, and Mental Health	Mental Retardation and Developmental Disabilities	Other Governmental	
Governmental					
Major Funds					
General	\$0	\$0	\$0	\$7,376	\$7,376
Water and Sewer Bond					
Retirement	19,713	0	0	0	19,713
Total Major Funds	19,713	0	0	7,376	27,089
All Other Governmental Funds	445,104	133,075	85,441	812	664,432
Total Governmental Funds	464,817	133,075	85,441	8,188	691,521

Transfers are used to move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them and use unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

Note 23 - Donor Restricted Endowments

The County's permanent fund includes donor restricted endowments. Endowments, in the amount of \$247,000, represent the principal portion. The amount of net appreciation in donor restricted investments that is available for expenditures by the County is \$105,547 and is included as unreserved, reported in permanent fund. State law permits the County to appropriate, for purposes consistent with the endowment's intent, net appreciation, realized and unrealized, unless the endowment terms specify otherwise. The endowment indicates that the interest should be used to provide assistance to children in the custody of Job and Family Services.

Note 24 - Component Units

A. Hancock Regional Planning Commission

Basis of Presentation The financial statements of the Hancock County Regional Planning Commission (the Commission) have been prepared in accordance with generally accepted accounting principles (GAAP) for local governmental units and, accordingly, reflect all significant receivables, payables, and other liabilities. The Commission uses funds to report on its financial position and results of its operations. The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect amounts reported in the financial statements. Actual results may differ from those estimates.

Basis of Accounting The accrual basis of accounting is followed by the Commission. Revenues are recognized when an exchange takes place or when all eligibility requirements have been satisfied.

Hancock County, Ohio
Notes to the Basic Financial Statements (continued)
For the Year Ended December 31, 2005

Cash and Cash Equivalents Cash and cash equivalents of the Commission are part of the County's cash management pool and are reported as part of "Equity in Pooled Cash and Cash Equivalents".

Capital Assets General capital assets are capital assets, which are associated with and generally arise from governmental activities. They generally result from expenditures in governmental funds.

Property and equipment as of December 31, 2005, was as follows:

	Balance at January 1, 2005	Additions	Reductions	Balance at December 31, 2005
Depreciable Capital Assets:				
Equipment	\$16,946	\$0	\$0	\$16,946
Less: Accumulated Depreciation for:				
Equipment	(5,138)	(2,952)	0	(8,090)
Total Depreciable Capital Assets, Net	\$11,808	(\$2,952)	\$0	\$8,856

Compensated Absences Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable the County will compensate the employees for the benefits through paid time off or some other means. The County records a liability for accumulated unused vacation time when earned for all employees with more than one year of service.

Sick leave benefits are accrued as a liability using the vesting method. The liability includes the employees who are currently eligible to receive termination benefits and those the County has identified as probable of receiving payment in the future. The amount is based on accumulated sick leave and employee wage rates at year-end taking into consideration any limits specified in the County's termination policy. The County records a liability for sick leave for employees with seven or more years of service at varying rates depending on County policy. Employees hired after March 10, 1994 must also be at least 55 years of age to be considered probable of receiving payment under the County's policy enacted in 1994. All of the liability was considered more than one year.

B. Blanchard Valley Industries

Basis of Presentation Financial statement presentation follows the recommendations of Governmental Accounting Standards Board (GASB) No. 34, "Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments." Under GASB No. 34, Blanchard Valley Industries prepares its financial statements in accordance with generally accepted accounting principles (GAAP) as applied to a governmental nonprofit organization.

Basis of Accounting The financial statements of Blanchard Valley Industries (the Industries) have been prepared on the accrual basis of accounting and, accordingly, reflect all significant receivables, payables, and other liabilities. The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect amounts reported in the financial statements. Actual results may differ from those estimates.

Cash and Cash Equivalents The Industries considers all highly liquid instruments purchased with a maturity of less than three months to be cash equivalents. Cash and cash equivalents and investments of the Blanchard Valley Industries are presented as "Cash and Cash Equivalents in Segregated Accounts" and "Investments in Segregated Accounts", respectively.

Hancock County, Ohio
Notes to the Basic Financial Statements (continued)
For the Year Ended December 31, 2005

All of the Industries' deposits were covered by federal depository insurance. There are no statutory guidelines regarding the deposit and investment of funds by the not-for-profit corporation.

Investments Investments are recorded at fair value as determined by quoted market prices of the securities held. The market value of the investments as of December 31, 2005, were as follows:

	Fair Value
Money Market	\$13,337
Fixed-Income Mutual Funds	153,850
Corporate Stock Mutual Funds	229,410
Totals	\$396,597

For the year ended December 31, 2005, the Industries had the following investments:

Investment	Total	Credit Rating	5 % or More of Total
Money Market Bank Deposits	\$13,337	N/A	N/A
Dodge & Cox Stock Fund	70,183	N/A	17.7%
American Growth Fund of America #5	97,052	N/A	24.5%
Harbor International Fund	40,918	N/A	10.3%
TCW Galileo Value Opportunity #735	21,257	N/A	10.3%
Dodge & Cox Income Fund	27,619	5 Star	7.0%
Evergreen Adjustable Rate Inst	37,516	5 Star	9.5%
Primco Low Duration Fund	23,709	4 Star	6.0%
Primco High Yield Fund	15,677	5 Star	N/A
Primco Real Return Fund	34,485	4 Star	8.7%
Templeton Global Bond Fund CIA	14,844	4 Star	N/A
Total	\$396,597		

The above credit ratings were all from Morningstar. The Industries' investment policy does not address any restrictions on investments relating to interest rate, credit risk, or custodial credit risk. The policy does employ an asset allocation policy with the following guidelines:

	Minimum	Maximum
Equities	40%	60%
Fixed Income	38%	60%
Cash	0%	15%

Hancock County, Ohio
Notes to the Basic Financial Statements (continued)
For the Year Ended December 31, 2005

Property and Equipment Property and equipment are carried at cost or, if donated, the fair value on the date donated. Depreciation is computed using the straight-line method over the estimated useful life of the asset.

Property and equipment as of December 31, 2005, was as follows:

	Balance at January 1, 2005	Additions	Reductions	Balance at December 31, 2005
Depreciable Capital Assets:				
Building	\$189,380	\$0	\$0	\$189,380
Equipment	45,750	2,328	0	48,078
Furniture and Fixtures	77,433	0	7,530	69,903
Vehicles	67,254	0	0	67,254

Furniture and Fixtures	(44,204)	(8,654)	(7,530)	(45,328)
Vehicles	(67,254)	0	(0)	(67,254)
Total Accumulated Depreciation	<u>(222,256)</u>	<u>(24,345)</u>	<u>(7,530)</u>	<u>(239,071)</u>
Total Depreciable Capital Assets, Net	<u>\$157,561</u>	<u>(\$22,017)</u>	<u>\$0</u>	<u>\$135,544</u>

Restaurant Inventory Food inventory is valued at cost using the first-in, first-out method.

Related Party Transactions The Industries had \$3,580 due from the primary government at December 31, 2005, from the Mental Retardation and Developmental Disabilities special revenue fund. Due to lower materiality levels in the component unit audit versus the primary government audit, a corresponding amount is not reflected in the primary government.

C. Hancock Community Housing, Inc.

Basis of Presentation Financial statement presentation follows the recommendations of Governmental Accounting Standards Board (GASB) No. 34, "Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments." Under GASB No. 34, Hancock Community Housing, Inc. prepares its financial statements in accordance with generally accepted accounting principles (GAAP) as applied to a governmental nonprofit organization.

Basis of Accounting The financial statements of Hancock Community Housing, Inc. have been prepared on the accrual basis of accounting and, accordingly, reflect all significant receivables, payables, and other liabilities. The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect amounts reported in the financial statements. Actual results may differ from those estimates.

Cash and Cash Equivalents Hancock Community Housing, Inc. considers all highly liquid instruments purchased with a maturity of less than three months to be cash equivalents. Cash and cash equivalents of Hancock Community Housing, Inc. are presented as "Cash and Cash Equivalents in Segregated Accounts". At December 31, 2005, the carrying amount of deposits was \$14,740 and the bank balance was \$15,841, which was all covered by federal depository insurance.

Hancock County, Ohio
Notes to the Basic Financial Statements (continued)
For the Year Ended December 31, 2005

Property Property is carried at cost or, if donated, the fair value on the date donated. Depreciation is computed using the straight-line method over the estimated useful life of 27.5 years.

Property and equipment as of December 31, 2005, was as follows:

	Balance at January 1, 2005	Additions	Reductions	Balance at December 31, 2005
Land	\$111,854	\$0	\$0	\$111,854

Long-term Debt Hancock Community Housing obtained open-ended mortgages for the purchase of real estate and it was collateralized by the real estate. The open-ended mortgages are available for eleven years (2014) and have fixed rates of 5.99 to 6.5 percent. In 2005, Hancock Community Housing issued \$13,201 in open-ended mortgages and paid off \$22,473. The amount of open-ended mortgages due within one year was \$37,997.

Annual requirements to amortize the mortgage bonds outstanding as of December 31, 2005, follows:

Year	Principal	Interest	Total
2006	\$37,997	\$25,239	\$63,236
2007	43,293	24,321	67,614
2008	46,889	20,725	67,614
2009	50,916	16,697	67,613
2010	55,223	12,391	67,614
2011-2014	133,128	15,305	148,433
Totals	\$367,446	\$114,678	\$482,124

Note 25 - Jointly Governed Organizations

A. Joint Board of County Commissioners for the Blanchard River Stream Enhancement Project

The Joint Board of County Commissioners for the Blanchard River Stream Enhancement Project (the Board) is a jointly governed organization among six counties. The Board consists of eighteen members; the three county commissioners of each of the six counties. The Board was formed to approve construction and maintenance for clearing the Blanchard River of logjams and debris. Revenues are generated by assessments and a State grant. Hancock County's portion of the assessments was collected in 1996 for construction and maintenance.

Hancock County, Ohio
Notes to the Basic Financial Statements (continued)
For the Year Ended December 31, 2005

B. West Central Partnership, Inc.

The West Central Partnership, Inc. (the Partnership) is a jointly governed organization among Allen, Auglaize, Hancock, Hardin, Mercer, Paulding, Putnam, and Van Wert counties. The Partnership was formed to administer local loan programs in these counties for the State of Ohio Department of Development using State funds and to raise money for such purposes and to expend, contribute, disburse, or otherwise handle and dispose of the same for such purposes. The Board of Trustees consists of nine members, including a County Commissioner from each of the member counties and the Director of Region 3, West Central SBDC Partnership.

C. Metropolitan Housing Authority

The Metropolitan Housing Authority (the Authority) is a jointly governed organization between Hancock County and the City of Findlay. The Authority was established under Section 3735.27 of the Ohio Revised Code to monitor housing accommodations to insure safe and sanitary housing is available to the citizens. Two members of the Board of Trustees are appointed by the Probate Court Judge, two members are appointed by the City of Findlay's mayor, and one member is appointed by the County Commissioners.

Note 26 - Insurance Pools

A. Mid West Pool Risk Management Agency, Inc.

The Mid West Pool Risk Management Agency, Inc., (the Pool) is an Ohio not-for-profit corporation established by five counties for the purpose of establishing a group primary and excess insurance/self-insurance and risk management program. Member counties agree to jointly participate in coverage of losses and pay all contributions necessary for the specified insurance coverages provided by the Pool. These coverages include comprehensive general liability, automobile liability, certain property insurance, and public officials' errors and omissions liability insurance.

Each member county has one vote on all matters requiring a vote, to be cast by a designated representative. The affairs of the Pool are managed by an elected board of not more than five trustees. Only county commissioners of member counties are eligible to serve on the Board. No county may have more than one representative on the Board at any time. Each member county's control over the budgeting and financing of the Pool is limited to its voting authority and any representation it may have on the Board of Trustees.

The Pool participates in an excess Property & Liability insurance pool for claims in excess of the Pool's self-insured retentions. This pool, Public Entity Risk Corporation (PERC), self-insures the first excess layer and purchases excess insurance to limit its self-insured amounts per occurrence and per year.

PERC is owned and managed by its public entity members. Each PERC member's number of votes is proportionate to its exposures. The Pool has 23% of PERC's total votes.

B. Midwest Employee Benefit Consortium

The County participates in the Midwest Employee Benefit Consortium (the MEBC), a public entity shared risk pool consisting of five counties. The MEBC is responsible for the administration of the program and processing of all claims for each member. The County pays premiums to the MEBC for employee medical and life insurance benefits.

Hancock County, Ohio
Notes to the Basic Financial Statements (continued)
For the Year Ended December 31, 2005

The MEBC is governed by a Board of Trustees consisting of one county commissioner from each participating member. Each participant decides which plans offered by the Board of Trustees will be extended to its employees. Participation in the MEBC is by written application subject to acceptance by the Board of Trustees and payment of the monthly premiums.

C. County Commissioners Association of Ohio Workers' Compensation Group Rating Program

The County participates in a group-rating plan for workers' compensation as established under Section 4123.29 of the Ohio Revised Code. The County Commissioners Association of Ohio Workers' Compensation Group Rating Program (the Program) was established through the County Commissioners Association of Ohio as an insurance purchasing pool.

The Program's business and affairs are conducted by a seven-member group executive committee consisting of the President and Treasurer of the County Commissioners Association of Ohio and five members representing the participants. The President of the County Commissioners Association of Ohio, or his designee, serves as coordinator of the Program. Each year, the participants pay an enrollment fee to the Program to cover the costs of administering the Program.

Note 27 - Related Organizations

A. County Park District

The Hancock County Park District (the District) is a distinct political subdivision of the State of Ohio. The District is governed by a Board of Trustees appointed by the Hancock County Probate Court Judge. The Board of Trustees possesses its own contracting and budgeting authority, hires and fires personnel, and does not depend on the County for operational subsidies. Although the County serves as the taxing authority, its role is limited to a ministerial function. The determination to request approval of a tax, the rate, and the purpose are discretionary decisions made solely by the Board of Trustees. Financial information can be obtained from Hancock County, Charity A. Rauschenberg, County Auditor, 300 South Main Street, Findlay, Ohio 45840-3345.

B. Findlay-Hancock County Public Library

The Findlay-Hancock County Public Library is a distinct political subdivision of the State of Ohio created under Chapter 3375 of the Ohio Revised Code. The Library is governed by a Board of Trustees appointed by the County Commissioners. The Board of Trustees possesses its own contracting and budgeting authority, hires and fires personnel, and does not depend on the County for operational subsidies. Although the County serves as the taxing authority, its role is limited to a ministerial function. The determination to request approval of a tax, the rate, and the purpose are discretionary decisions made solely by the Board of Trustees. Financial information can be obtained from the Findlay-Hancock County Public Library, Ron Struble, Clerk/Treasurer, 206 Broadway Street, Findlay, Ohio 45840.

Note 28 - Related Party Transactions

Blanchard Valley Industries, a discretely presented component unit of Hancock County, received contributions from the County for facilities, certain equipment, transportation, and salaries for administration, implementation, and supervision of its programs. In 2005, these contributions were \$257,975.

Hancock County, Ohio
Notes to the Basic Financial Statements (continued)
For the Year Ended December 31, 2005

Note 29 - Contingent Liabilities

The County has received federal and state grants for specific purposes that are subject to review and audit by the grantor agencies or their designee. These audits could lead to a request for reimbursement to the grantor agency for expenditures disallowed under terms of the grant. Based on prior experience, the County Commissioners believe such disallowances, if any, will be immaterial.

The County is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the County's counsel, the resolution of these matters will not have a material adverse effect on the financial condition of the County.

Note 30 – Subsequent Events

A contract was issued April 2006, to Shelly Company in the amount of \$1,639,653 for road improvements to US 224 between Interstate Route 75 and County Road 300.

A contract was issued May 2006, to Underground Utilities in the amount of \$1,942,320 for road improvements to County Road 99 between Interest Route 75 and County Road 142.

**Combining Statements and
Individual Fund Schedules**

Hancock County, Ohio

Nonmajor Special Revenue Funds

Special revenue funds are used to account for the proceeds of specific revenue sources (other than for major capital projects or private purpose trusts) that are legally restricted to expenditure for specified purposes. Following is a description of the County's nonmajor special revenue funds:

Child Support Enforcement Agency

The fund accounts for poundage fees and earned incentives collected by the Child Support Enforcement Agency. Moneys are restricted by State statute to finance the operation of the CSEA. The fund also accounts for Title IV-D grants that reimburse expenditures for support enforcement. The CSEA is managed by the Department of Job and Family Services.

Dog and Kennel

The fund accounts for the dog warden's operations that are financed by fine collections and the sale of dog tags and kennel permits.

Children Services

The fund accounts for moneys received from federal and state grants, support collections, and social security. Major expenditures are for foster homes, emergency shelters, medical treatment, school supplies, counseling, and parental training.

Real Estate Assessment

The fund accounts for State mandated county-wide real estate reappraisals that are funded by charges to the political subdivisions located within the County.

Community Development Block Grant

The fund accounts for housing rehabilitation, tenant-based rental payment assistance, and home buyer down payment assistance through grants received from the Department of Housing and Urban Development.

Community Corrections

The fund accounts for moneys received from the Bureau of Rehabilitation and Corrections used to pay for the cost of probation officers to rehabilitate high risk people on probation. Expenditures consist of salaries, supplies, and equipment.

Certificate of Title

The fund accounts for the collection of fees used by the Clerk of Courts for processing titles.

Felony Delinquent Juvenile Care and Custody

The fund accounts for moneys received from the Department of Youth Services and used for training, treatment, and rehabilitation of juveniles who have committed felonies.

Agency On Aging Levy

The fund accounts for collection and distribution of real estate taxes for senior services provided by Agency on Aging.

Criminal Administrative Justice Services

The fund accounts for monies collected as a result of an additional permissive sales and use tax at a rate of one-quarter (1/4) of one (1%) percent for criminal and administrative justice services in Hancock County.

continued

Hancock County, Ohio

Nonmajor Special Revenue Funds (continued)

Other Public Safety

The fund accounts for a combination of funds that receive federal, state, and local moneys used for public safety purposes. These funds are:

Drug Law Enforcement	Emergency Management Agency
Domestic Violence	Probation Services
Indigent Drivers Alcohol Treatment	COPS
Sheriff's Commissary	Law Enforcement
Enforcement and Education	Juvenile Diversion
Jail Diversion	Sheriff's Concealed Handgun License
Metrich Law Enforcement	Child Advocacy
E-911	

Other

The fund accounts for a combination of funds operated by the County and subsidized in part by federal, state, and local moneys. These funds are:

Ditch Maintenance Assessment	Recorder's Indexing
Court Computerization	Substance Abuse
Indigent Guardianship	County Tuberculosis
Delinq. Real Estate Tax Assessment Collection	Common Pleas Court General Special Projects
Multi-Mat Recycling Facility	Project P.E.A.C.E.
Special Projects	Enterprise Zone
Victim Assistance	Veterans Service Trust
Water and Sewer Project Maintenance	Market Development
Ohio Children's Trust	Probate Court Dispute Resolution
Van Buren Water	Help Americans Vote Act

Nonmajor Debt Service Funds

Debt service funds are used to account for the accumulation of financial resources for, and the payment of, general long-term obligation principal, interest, and related costs. The note retirement funds are shown on a budgetary basis only. The activity has been reclassified on a GAAP basis to the appropriate funds.

Justice Center Bond Retirement

The fund accounts for a portion of taxes to pay principal and interest payments on the justice center refunding bonds.

Hospital Improvement Bond #4 Bond Retirement

The fund accounts for voted real estate taxes used to pay for general obligation bonds issued for construction at the Blanchard Valley Regional Health Center.

Library Improvement Bond Retirement

The fund accounts for principal and interest payments on general obligation bonds issued for Library construction.

continued

Hancock County, Ohio

Nonmajor Debt Service Funds (continued)

Special Improvement Bond Retirement

The fund accounts for the retirement of special assessment notes issued for the construction or major improvement to various ditches.

Job and Family Services Bond Retirement

The fund accounts for principal and interest payments on general obligation bonds issued to construct the human services building.

County Road 140 Bond Retirement

The fund accounts for the retirement of general obligation bonds issued for infrastructure improvements and construction of County Road 140.

Tiffin Avenue Bond Retirement

The fund accounts for the retirement of general obligation bonds issued for infrastructure improvements to Tiffin Avenue.

I-75/Tall Timbers Connector Bond Retirement

The fund accounts for the retirement of general obligation bonds issued for infrastructure construction.

Road Improvement Bond Retirement

The fund accounts for the retirement of special assessment notes issued for the construction of roads.

Courthouse Restoration Bond Retirement

The fund accounts for the retirement of general obligation bonds issued for courthouse renovations.

Alcohol, Drug, and Mental Health Bond Retirement

The fund accounts for the retirement of general obligation bonds issued for the acquisition of an office building and necessary improvements to the building.

Nonmajor Capital Projects Funds

Capital projects funds are used to account for financial resources used for the acquisition or construction of major capital facilities (other than those financed by the enterprise funds). Following is a description of the County's nonmajor capital projects funds:

Water Projects

The fund accounts for water and sewer construction projects that are funded by special assessments.

Special Improvements

The fund accounts for the construction or major improvement to various ditches that are funded by special assessments.

Alcohol and Drug Abuse

The fund accounts for capital improvements for the Alcohol, Drug Addiction, and Mental Health Board.

Issue II

The fund accounts for state grants to construct bridges, roads and culverts.

Hancock County, Ohio

Nonmajor Capital Projects Funds (continued)

Federal Highway

The fund accounts for a grant from the Federal Highway Administration to construct a bridge over the Blanchard River on Township Road 123.

I-75/Tall Timbers Connector

The fund accounts for payment in lieu of taxes to construct an addition to the road.

Road Improvement

The fund accounts for road construction projects funded by special assessments and transfers from the General Fund.

Courthouse Restoration

The fund accounts for the renovations to the Courthouse, an entrance addition, and installation of a security system.

MRDD Capital

The fund accounts for bequests and donations used for capital improvements at the Blanchard Valley School.

County Capital Improvements

The fund accounts for the purchase and renovation of administrative offices for the County.

Nonmajor Permanent Fund

Permanent funds are used to account for resources that are legally restricted to the extent that only earnings, and not principal, may be used for purposes that support the County's programs.

Children's Trust

The fund accounts for clothing, medical/dental assistance, and holiday gifts for children in the custody of the County. Expenditures are limited to interest earnings on the original principal contribution.

Hancock County, Ohio

Fiduciary Funds

Fiduciary funds are used to account for assets held by the County in a trustee capacity, or as an agent for individuals, private organizations, other governments, and/or other funds. The following are the County's fiduciary fund types:

Investment Trust Fund

External Investment Pool

The fund accounts for the external portion of the cash management pool. The external portion represents the funds that belong to legally separate entities that are not part of the County's financial reporting entity.

Agency Funds

These funds are custodial in nature (assets equal liabilities) and thus do not involve the measurement of results of operations.

Subdivision Agency

The fund accounts for the flow of taxes and state-levied shared revenues that are allocated to the various political subdivisions of the County.

Payroll

The fund accounts for payroll withholdings that are distributed to other governmental units and private organizations.

Real Estate Taxes

The fund accounts for the collection and distribution of real estate taxes and special assessments to local governments in the County.

Personal Taxes

The fund accounts for the collection and distribution of tangible personal property taxes to local governments in the County.

Library/Local Government Support

The fund accounts for shared revenues from the State of Ohio that represent a portion of State income taxes returned to the County for use by district libraries and park districts. These moneys are apportioned to the libraries on a monthly basis.

Local Government

The fund accounts for shared revenues from the State of Ohio that represent a portion of State income taxes, State sales taxes, and corporate franchise taxes. These moneys are apportioned to local governments on a monthly basis.

Hancock County, Ohio

Fiduciary Funds (continued)

County Court

The fund accounts for money received and distributed by the Court for the following court activities:

1. Clerk of Courts auto title fees, and legal (court related) receipts, and dispositions;
2. Probate Court related receipts and disbursements; and
3. Juvenile Court related receipts and disbursements.

Hancock County, Ohio

Statistical Section Description

This part of Hancock County’s comprehensive annual financial report represents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the County’s overall financial health.

CONTENTS

Financial Trends	S3
-------------------------------	----

These schedules contain trend information to help the reader understand how the County’s financial performance and well-being have changed over time.

Revenue Capacity	S10
-------------------------------	-----

These schedules contain information to help the reader assess the County’s most significant local revenue source, the property tax.

Debt Capacity	S19
----------------------------	-----

These schedules present information to help the reader assess the affordability of the County’s current levels of outstanding debt and the County’s ability to issue additional debt in the future.

Demographic and Economic Information	S24
---	-----

These schedules offer demographic and economic indicators to help the reader understand how the environment within which the County’s financial activities take place.

Operating Information	S26
------------------------------------	-----

These schedules contain service and infrastructure data to help the reader understand how the information in the County’s financial report relates to the services the County provides and the activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year. The County implemented GASB Statement No. 34 in 2001; schedules presenting government-wide information include information beginning in that year.

- (1) Excludes tax-exempt property
- (2) Direct tax rate can be located on S12

Note: Property is reassessed once every six years. According to Ohio law, tax exempt property is classified separately and is not included in residential, commercial or industrial properties until it is no longer exempt and its use is determined at a later date.

Sales Tax Rate (2) 0.50% (1) 0.50% 0.50%

- (1) The sales rate increased to 0.75% in July 2003 due to a voter-approved increase of 0.25% to the 0.50% sales tax rate
- (2) The sales rate decreased to 0.50% in July 2005 due to the expiration of the voter-approved increase of 0.25% increase that was approved in 2003

Source: Hancock County Auditor

The rate may be imposed by the commissioners subject to referendum or approved by a majority of the voters within the County.

Information pertaining to the top ten taxpayers for sales tax is not available through the Ohio Department of Taxation.

Information prior to 2001 was not available.
