We have reviewed the *Independent Auditor's Report* of the Alcohol, Drug Addiction, and Mental Health Services Board of Tuscarawas and Carroll Counties, prepared by Rea & Associates, Inc., for the audit period January 1, 2006 through December 31, 2006. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

The financial statements in the attached report are presented in accordance with a regulatory basis of accounting prescribed or permitted by the Auditor of State. Due to a February 2, 2005 interpretation from the American Institute of Certified Public Accountants (AICPA), modifications were required to the *Independent Auditor's Report* on your financial statements. While the Auditor of State does not legally require your government to prepare financial statements pursuant to Generally Accepted Accounting Principles (GAAP), the AICPA interpretation requires auditors to formally acknowledge that you did not prepare your financial statements in accordance with GAAP. The attached report includes an opinion relating to GAAP presentation and measurement requirements, but does not imply the statements are misstated under the non-GAAP regulatory basis. The *Independent Auditor's Report* also includes an opinion on the financial statements using the regulatory format the Auditor of State permits.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Alcohol, Drug Addiction, and Mental Health Services Board of Tuscarawas and Carroll Counties is responsible for compliance with these laws and regulations.

Independent Auditor's Report

We have audited the accompanying financial statements of the Alcohol, Drug Addiction and Mental Health Board of Tuscarawas and Carroll Counties (the "Board") as of and for the year ended December 31, 2006, as listed in the table of contents. These financial statements are the responsibility of the Board's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As described in Note 1, the Board has prepared its financial statements using accounting practices the Auditor of State prescribes or permits. These practices differ from accounting principles generally accepted in the United States of America. Although we cannot reasonably determine the effects on the financial statements of the variances between these regulatory accounting practices and accounting principles generally accepted in the United States of America, we presume they are material.

Revisions to generally accepted accounting principles would require the Board to reformat its financial statement presentation and make other changes effective for the year ended December 31, 2006. Instead of the funds the accompanying financial statements present for 2006, the revisions require presenting the entity wide statements and also to present its larger (i.e. major) funds separately for 2006. While the Board does not follow generally accepted accounting principles, generally accepted auditing standards requires us to include the following paragraph if the statements do not substantially conform to the new generally accepted accounting principles presentation requirements. The Auditor of State permits, but does not require governments to reformat their statements. The Board has elected not to reformat its statements. Since the Board does not use generally accepted accounting principles to measure financial statement amounts, the following paragraph does not imply the amounts reported are materially misstated under the accounting basis the Auditor of State permits. Our opinion on the fair presentation of the amounts reported pursuant to its non-GAAP basis is in the second following paragraph.

Alcohol, Drug Addiction, and Mental Health
Services Board of Tuscarawas and Carroll Counties
Independent Auditor's Report

Page 2

In our opinion, because of the effects of the matter discussed in the preceding two paragraphs, the financial statements referred to above for the year ended December 31, 2006 do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the Board as of December 31, 2006, or its changes in financial position for the year then ended.

Also, in our opinion, the financial statements referred to above present fairly, in all material respects, the combined fund cash balances of the Alcohol, Drug Addiction and Mental Health Board of Tuscarawas and Carroll Counties, Tuscarawas County, as of December 31, 2006, and its combined cash receipts and disbursements for the year ended, and the respective budgetary comparison for the general fund and combined special revenue funds thereof, for the year then ended in conformity with the basis of accounting described in Note 1.

The aforementioned revision to generally accepted accounting principles also requires the Board to include Management's Discussion and Analysis for the year ended December 31, 2006. The Board has not presented Management's Discussion and Analysis, which accounting principles generally accepted in the United States of America has determined is necessary to supplement, although not required to be part of, the financial statements.

In accordance with *Government Auditing Standards*, we also have issued our report dated April 6, 2007 on our consideration of the Board's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2006

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. DESCRIPTION OF THE ENTITY

The Alcohol, Drug Addiction, and Mental Health Services Board of Tuscarawas and Carroll Counties (the Board) is a body politic and corporate established for the purpose of exercising the rights and privileges conveyed to it by the constitution and laws of the State of Ohio. The Board operates under the direction of a fifteen-member appointed board. The Tuscarawas County Auditor and Tuscarawas County Treasurer are responsible for fiscal control of the resources of the Board which are maintained in the funds described below. Services provided by the Board include services to persons who are mentally ill, drug and alcohol services to residents, services to battered women, and services to students having trouble in school.

Management believes the financial statements included in this report represent all of the funds of the Board over which the Board has the ability to exercise direct operating control.

B. BASIS OF ACCOUNTING

These financial statements follow the basis of accounting prescribed or permitted by the Auditor of State, which is similar to the cash receipts and disbursements basis of accounting. Receipts are recognized when received in cash rather than when earned, and disbursements are recognized when paid rather than when a liability is incurred.

These statements include adequate disclosure of material matters, as prescribed or permitted by the Auditor of State.

C. FUND ACCOUNTING

The Board maintains its accounting records in accordance with the principles of fund accounting. Fund accounting is a concept developed to meet the needs of governmental entities in which legal or other restraints require the recording of specific receipts and disbursements. The transactions of each fund are reflected in a self-balancing group of accounts, an accounting entity which stands separate from the activities reported in other funds. The restrictions associated with each type of funds are as follows:

Governmental Fund Types

General Fund

The General Fund is the general operating fund of the Board. It is used to account for all financial resources except those required by law or contract to be accounted for in another fund.

Special Revenue Funds

Special revenue funds are to account for proceeds of specific revenue sources that are legally restricted to disbursements for specified purposes. The Board had the following significant special revenue fund.

Title XIX Fund - This fund receives reimbursements for Medicaid disbursements.

D. BUDGETARY PROCESS

1. Budget

A budget of estimated cash receipts and disbursements is submitted to the county auditor, as secretary of the county budget commission, by October 28 of each year, for the period January 1 to December 31 of the following year.

2. Estimated Resources

The county budget commission certifies its actions to the Board by December 1. As part of this certification, the Board receives the official certificate of estimated resources which states the projected receipts of each fund. On or about January 1, this certificate is amended to include any unencumbered balances from the preceding year. Prior to December 31, the Board must revise its budget so that the total contemplated expenditures from a fund during the ensuing fiscal year will not exceed the amount stated in the certificate of estimated resources. The revised budget then serves as the basis for the annual appropriation measure. Budget receipts as shown in the accompanying financial statements do not include January 1, 2006, unencumbered fund balances. However, those fund balances are available for appropriations.

3. Appropriations

A temporary appropriation measure to control cash disbursements may be passed on or about January 1 of each year for the period January 1 to March 31. An annual appropriation measure must be passed by April 1 of each year for the period January 1 to December 31. The appropriation measure may be amended or supplemented during the year as new information becomes available. Budgetary expenditures may not exceed appropriations at the object level of control and appropriations may not exceed estimated resources.

4. Encumbrances

The Board is required to use the encumbrance method of accounting by virtue of Ohio law. Under this system, purchase orders, contracts and other commitments for the expenditure of funds are recorded in order to reserve the portion of the applicable appropriation. At the close of each year, the unencumbered balance of each appropriation reverts to the respective fund from which it was appropriated and becomes subject to future appropriations. The encumbered appropriation balance is carried forward to the succeeding year and need not be reappropriated.

E. PROPERTY, PLANT AND EQUIPMENT

Fixed assets acquired or constructed for general governmental service are recorded as expenditures. Depreciation is not recorded for these fixed assets.

F. TOTAL COLUMN ON FINANCIAL STATEMENTS

Total columns on the financial statements are captioned “(Memorandum Only)” to indicate that they are presented only to facilitate financial analysis. Such data is not comparable to a consolidation.

2. PROPERTY TAX

Tuscarawas County

Real property taxes are levied on assessed values which equal 35% of appraised value. The county auditor reappraises all real property every six years with a triennial update. The last update was completed for tax year 2004.

Real property taxes become a lien on all non-exempt real property located in the county on January 1. Real property taxes are payable annually or semiannually. If paid annually, payment is due December 31; if paid semiannually, the first payment is due December 31 with the remainder payable by June 20 of the following year. Under certain circumstances, state statute permits later payment dates to be established.

The full tax rate applied to real property for the tax (calendar) year 2006 was \$.50 per \$1,000 of assessed valuation. After adjustment of the rate for inflationary increases in property values, the effective tax rate was \$.223 per \$1,000 of assessed valuation for real property classified as residential/agricultural, and \$.331 per \$1,000 of assessed valuation for all other real property. Real property owners' tax bills are further reduced by homestead and rollback deductions, when applicable. The amount of these homestead and rollback reductions is reimbursed to the Board by the State of Ohio.

2. PROPERTY TAX (Continued)

Owners of tangible personal property are required to file a list of such property, including costs, by April 30 of each year. The property is assessed for tax purposes at varying statutory percentages of cost. The tax rate applied to tangible personal property for the fiscal year ended December 31, 2006 was \$.50 per \$1,000 of assessed valuation.

Real property – 2005 valuation:

Residential/Agricultural	\$ 1,128,496,100
Commercial/Industrial/Minerals	293,585,300
Public Utilities	654,620

Tangible personal property - 2006 valuation:

General	149,847,953
Public Utilities	<u>70,699,140</u>

Total valuation \$ 1,643,283,113

The Tuscarawas County Treasurer collects property tax on behalf of all taxing districts within the county. The Tuscarawas County Auditor periodically remits to the taxing districts their portion of the taxes collected.

Carroll County

Carroll County did not have a property tax levy in effect for community mental health, alcohol, and drug services.

3. EQUITY IN POOLED INVESTMENTS

The County Auditor serves as statutory fiscal officer of the Board. Board investments, as shown on the “Combined Statement of Cash, Investments and Fund Cash Balances – All Fund Types” at December 31, 2006 were commingled with the County’s cash and investments for investment purposes and were not separately identified as to risk.

4. INTERFUND CASH ADVANCES OUTSTANDING

As of December 31, 2006, the following interfund cash advances from the Board's General Fund were not repaid as follows:

Special Revenue Funds:	
Title XIX Medicaid Fund	\$ 470,000
Alcohol & Drug Abuse Fund	70,000
Women's Set Aside Fund	50,000
Drug Free Schools Fund	<u>27,500</u>
	<u>\$ 617,500</u>

5. RETIREMENT COMMITMENTS

Employees of the Board were covered by the Ohio Public Employees Retirement System. The State of Ohio accounts for the activity of the retirement system and, accordingly, the amount of that fund is not reflected in the accompanying financial statements. As of December 31, 2006, Board employees contributed 9.0 percent of their gross wages to the fund, while the Board contributed 13.70 percent of its employees' gross wages.

6. RISK MANAGEMENT

The Board is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees and natural disasters.

Public officials' liability insurance is provided by Fireman's Fund Insurance Company with limits of \$1,000,000. This policy has a \$2,500 deductible.

The Board maintains position bonds on the Executive Director, Fiscal Manager and MIS Manager in the amount of \$50,000 each through Westfield Insurance Company.

Settled claims have not exceeded this commercial coverage in any of the past three years. There has not been a significant reduction in coverage from the prior year.

The Board pays the State Workers' Compensation System a premium based on a rate of \$100 of salaries. This rate is calculated based on accident history and administrative costs.

NOTES TO THE FINANCIAL STATEMENTS

6. RISK MANAGEMENT (Continued)

The Board has elected to provide employees' major medical, vision and hospitalization through the Tuscarawas County self-insured program. The predominate participant is the County. The County maintains a Self-Insurance Internal Service Fund to account for and finance its uninsured risks of loss in this program. This plan provides a major medical plan with a \$100 single and \$200 family deductible. A third party administrator, AultCare, located in Canton, Ohio, reviews all claims which are then paid by the County. The County purchases stop-loss coverage of \$100,000 per employee per year and an aggregate limit of \$1,000,000. The County pays coverage into the Self-Insurance Internal Service Fund for County employees of \$817 family, \$804 couple and \$392 individual per employee per month, which represents the entire premium required. These premiums are paid by the fund that pays the salary for the employee and is based on historic cost information. Claims liability information is disclosed in the Tuscarawas County Comprehensive Annual Financial Report.

7. CONTINGENCIES

Grants

The Board received financial assistance from federal and state agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the general fund or other applicable funds.

Ohio Department of Mental Health Loan

The Board obtained a loan from the Ohio Department of Mental Health (ODMA) in March 2000 to purchase property to be used for mental health activities. This loan was in the amount of \$126,099, maturing March 1, 2040 with monthly payments of \$262.71. The ODMH has agreed to forgive the loan as long as the facility is used for mental health activities. Should the purpose of the facility change or the building be sold, the remaining balance would be owed to the ODMH. The balance at December 31, 2006 is \$104,820.

Independent Auditor's Report on Internal Control Over Financial Reporting
And on Compliance and Other Matters Based on an Audit of Financial Statements
Performed in Accordance with *Government Auditing Standards*

We have audited the financial statements of the Alcohol, Drug Addiction and Mental Health Services Board of Tuscarawas and Carroll Counties (the Board) as of and for the year ended December 31, 2006, and have issued our report thereon dated April 6, 2007, wherein we noted the Board follows accounting practices the Auditor of State prescribes rather than accounting principles generally accepted in the United States of America. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Board's internal control over financial reporting as a basis for designing auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on effectiveness of the Board's internal control over financial reporting. Accordingly, we do not express an opinion the effectiveness of the Board's internal control over financial reporting.

A control deficiency exists when the design of operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the Board's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the Board's financial statements that is more than inconsequential will not be prevented or detected in the Board's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the Board's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting and its operation that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Board's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended for the information and use of the audit committee, management, Board, federal awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.

Independent Auditor's Report on Compliance with
Requirements Applicable to Each Major Program and Internal
Control Over Compliance in Accordance with OMB Circular A-133

Compliance

We have audited the compliance of the Alcohol, Drug Addiction and Mental Health Services Board of Tuscarawas and Carroll Counties (the "Board") with the types of compliance requirements described in the *U. S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to its major federal programs for the year ended December 31, 2006. The Board's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to its major federal program is the responsibility of the Board's management. Our responsibility is to express an opinion on the Board's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States of America; and OMB Circular A-133, *Audits of State, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Board's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Board's compliance with those requirements.

In our opinion, the Alcohol, Drug Addiction and Mental Health Services Board of Tuscarawas and Carroll Counties complied, in all material respects, with the requirements referred to above that are applicable to its major federal program for the year ended December 31, 2006.

Internal Control Over Compliance

The management of the Board is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the Board's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants caused by error or fraud that would be material in relation to the major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

Schedule of Expenditures of Federal Awards - Non-GAAP Budgetary Basis

We have audited the financial statements of the Alcohol, Drug Addiction and Mental Health Services Board of Tuscarawas and Carroll Counties as of and for the year ended December 31, 2006, and have issued our report thereon dated April 6, 2007, wherein we noted the Board follows accounting practices the Auditor of State prescribes rather than accounting principles generally accepted in the United States of America. Our audit was performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying Schedule of Expenditures of Federal Awards for 2006 is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the financial statements taken as a whole.

This report is intended for the information and use of the audit committee, management, Board, federal awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.
