INDEPENDENT ACCOUNTANTS' REPORT ON APPLYING AGREED-UPON PROCEDURES

Area Agency on Aging
Champaign County Board of Commissioners
Champaign County Transit Commission
308 Miami Street – Suite D
Urbana, Ohio 43078

We have performed the procedures enumerated below, which were agreed to by the Area Agency on Aging, Champaign County Board of Commissioners, and the Champaign County Transit Commission, solely to assist the specified parties in evaluating the Champaign County Transit Commission's (the Commission) compliance with the requirements of the Nutrition Transportation, Adult Day Care Transportation, and Medical Transportation Grants for the year ended December 31, 2006. Management is responsible for the Commission's compliance with those requirements. We followed the American Institute of Certified Public Accountants' attestation standards for agreed-upon procedures engagements. The sufficiency of the procedures is solely the responsibility of the addressees as listed above. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. Our procedures were as follows:

We summarized the Nutrition Transportation, Adult Day Care Transportation, and Medical Transportation Grant receipts recorded in the Champaign County Transit Commission's ledgers and compared them with the amounts from the monthly billing reports for each service contract. We found no exceptions as a result of this procedure.

We compared the amounts billed for each program and determined they were within the contracted amounts. We found no exceptions as a result of this procedure.

We selected September 2006 to perform the following steps:

- Agreed unit (passenger mile) documentation on monthly billing reports to drivers' log sheets. We found no exceptions as a result of this procedure.
- Compared passenger names and service dates on driver logs, which identified the grants charged, to determine if units were charged to more than one contract. We found no exceptions as a result of this procedure.
- Recomputed total miles claimed on the Nutrition, Medical, and Adult Day Care Miles Reports and traced total miles recorded to the drivers' log odometer readings. Area Agency on Aging was under billed in the amount of \$41.25 during 2006 for Nutrition Transportation.

We compared age eligibility standards per the service contract to the ages listed on the customer application in the standing file maintained for each customer. We found no exceptions as a result of this procedure.

We compared the amount of required local matching funds for each grant per the contract with the amount disbursed from local sources as recorded in the Transaction History Report by Fund. Champaign County was over billed in the amount of \$6.32 for the matching requirements.

We agreed the amount of program income reported for each grant to the Transaction History Report by Fund. We found no exceptions as a result of this procedure.

We compared the award amount to the amount earned, amount received, required match, and matching funds contributed as reported in the Schedule of Federal Financial Assistance prepared by the Champaign County Transit Commission to the approved contract and Transaction History Report by Fund. We found no exceptions as a result of this procedure.

We were not engaged to and did not perform an examination, the objective which would be the expression of an opinion on compliance on the Schedule of Federal Financial Assistance, accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the Area Agency on Aging, Champaign County Board of Commissioners, and Champaign County Transit Commission, and is not intended to be and should not be used by anyone else.
