REGULAR AUDIT

JANUARY 1, 2006 THROUGH DECEMBER 31, 2006

PREPARED BY: MANNING & ASSOCIATES CPAs, LLC.

Auditor of State

Board of Trustees
Midwest Employee Benefit Consortium
220 West Livingston Street
Room A 201

We have reviewed the *Independent Auditors' Report* of the Midwest Employee Benefit Consortium, Mercer County, prepared by Manning & Associates CPAs, LLC, for the audit period January 1, 2006 through December 31, 2006. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

The financial statements in the attached report are presented in accordance with a regulatory basis of accounting prescribed or permitted by the Auditor of State. Due to a February 2, 2005 interpretation from the American Institute of Certified Public Accountants (AICPA), modifications were required to the *Independent Auditors' Report* on your financial statements. While the Auditor of State does not legally require your government to prepare financial statements pursuant to Generally Accepted Accounting Principles (GAAP), the AICPA interpretation requires auditors to formally acknowledge that you did not prepare your financial statements in accordance with GAAP. The attached report includes an opinion relating to GAAP presentation and measurement requirements, but does not imply the statements are misstated under the non-GAAP regulatory basis. The *Independent Auditors' Report* also includes an opinion on the financial statements using the regulatory format the Auditor of State permits.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Midwest Employee Benefit Consortium is responsible for compliance with these laws and regulations.

Independent Auditors' Report

We have audited the accompanying financial statements of the Midwest Employee Benefit Consortium (the Consortium) as of and for the years ended December 31, 2006 and 2005. These financial statements are the responsibility of the Consortium's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As discussed in Note A, the Consortium has prepared its financial statement using accounting practices the Auditor of State prescribes or permits. These practices differ from accounting principles generally accepted in the United States of America (GAAP). Although we cannot reasonably determine the effects of the financial statements of the variances between these regulatory accounting practices and GAAP, we presume they are material.

Revisions to GAAP would require the Consortium to reformat its financial statement presentation and make other changes effective for the year ended December 31, 2006 and 2005. Instead of the combined funds the accompanying financial statement presents for 2006 and 2005, the revisions require presenting an entity wide statement and also to present its larger (i.e., major) funds separately for 2006 and 2005. While the Consortium does not follow GAAP, generally accepted auditing standards requires us to include the following paragraph if the statement does not substantially conform to the new GAAP presentation requirements.

The Auditor of State permits, but does not require governments to reformat their statements. The Consortium has elected not to reformat its statement. Since the Consortium does not use GAAP to measure financial statement amounts, the following paragraph does not imply the amounts reported are materially misstated under the accounting basis the Auditor of State permits. Our opinion on the fair presentation of the amounts reported pursuant to its non-GAAP basis is in the second following paragraph.

In our opinion, because of the effects of the matter discussed in the preceding three paragraphs, the financial statements referred to above for the years ended December 31, 2006 and 2005 do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the Consortium as of December 31, 2006 and 2005 or its changes in financial position for the years then ended.

Also, in our opinion, the financial statements referred to above present fairly, in all material respects, the combined fund cash balances of the Midwest Employee Benefit Consortium as of December 31, 2006 and 2005, and its combined cash receipts and disbursements for the years then ended on the accounting basis Note A describes.

The aforementioned revision to generally accepted accounting principles also requires the Consortium to include Management's Discussion and Analysis for the years ended December 31, 2006 and 2005. The Consortium has not presented Management's Discussion and Analysis, which accounting principles generally accepted in the United States of America has determined is necessary to supplement, although not required to be part of, the financial statements.

In accordance with *Government Auditing Standards*, we have also issued our report dated June 21, 2007, on our consideration of the Midwest Employee Benefit Consortium's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

NOTES TO FINANCIAL STATEMENT

MIDWEST EMPLOYEE BENEFIT CONSORTIUM AUGLAIZE, HANCOCK, MERCER, SHELBY, AND VAN WERT COUNTIES, OHIO

December 31, 2006 and 2005

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Description of the Entity:

The Midwest Employee Benefit Consortium, Auglaize, Hancock, Mercer, Shelby, and Van Wert Counties, Ohio (the Consortium) is a joint self-insurance program consortium established pursuant to the rights and privileges conveyed to it by the constitution and laws of the State of Ohio as defined by Ohio Revised Code Chapter 167. The Consortium is a shared risk pool as defined by Government Accounting Standards Board Statement No. 10. It was formed to carry out a cooperative program for the provisions and administration of health care benefits for member employees and covered dependents in accordance with the Consortium's amended and restated agreement. In addition to the self-insurance pool, the Consortium provides risk management services and established loss reduction and prevention procedures and programs. The members of the Consortium include the following counties within the State of Ohio: Auglaize, Hancock, Mercer, Shelby and Van Wert.

The Assembly is the legislative body (Board of Trustees) of the Consortium consisting of each member's board of county commissioners. Officers of the Assembly are elected from the Board of Trustees for a one year term. The Board of Trustees acts as the managerial body of the Consortium.

Member premiums are calculated to annually produce a sufficient sum of money within the self-insurance pool adequate to fund administrative expenses of the Association and to create adequate reserves for claims and –allocated loss adjustment expenses.

Under the terms of membership, should annual member premiums not be sufficient to fund ultimate losses, establish adequate reserves and cover administrative expenses, the Board of Trustees can require supplementary contributions. Supplementary contributions can be assessed during the entire life of the Consortium and any later period when claims or expenses need to be paid which are attributable to any membership year during which the event or claim occurred.

The Consortium uses reinsurance agreements to reduce its exposure to large losses on all types of insured events. Reinsurance permits recovery of a portion of losses from reinsurance, although it does not discharge the primary liability of the Consortium as direct insurer of the risks reinsured. The Consortium is contingently liable with respect to certain loss coverage, which would become a liability in the event these insurance carriers are unable to meet the obligations under these contracts.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Description of the Entity (Continued):

Members may withdraw from the Consortium or from any particular benefits program with at least 12 months notice. No members withdrew from the Consortium during the period from January 1, 2005 through December 31, 2006.

All administrative costs and expenses incurred for the maintenance of the Consortium are paid through the benefit pool account balances through December 31, 2006 and 2005.

Management believes these financial statements present all activities for which the Consortium is financially accountable.

Basis of Accounting:

The consortium's financial statements follow the basis of accounting prescribed or permitted by the Auditor of State, which is similar to the cash receipts and disbursements basis of accounting. Receipts are recognized when received in cash rather than when earned, and disbursements are recognized when paid rather than when a liability is incurred.

The Consortium's financial statements include adequate disclosure of material matters, as prescribed or permitted by the Auditor of State.

Fund Accounting:

The Consortium maintains its accounting records in accordance with the principles of "fund" accounting. Fund accounting is a concept developed to meet the needs of government entities in which legal or other restraints require the recording of specific receipts and disbursements. The Consortium maintains a general fund to account for its expendable financial resources and related current expenses.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Budgetary Process:

The Consortium is not required to follow the budgetary process but has decided to adopt a formal budget annually as part of their amended and restated agreement.

1. Appropriations

Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the fund/function level of control. Independent insurance consultants annually recommend appropriation measures and they are approved by the Consortium annually along with any subsequent amendments.

2. Estimated Resources

Estimated resources include estimates of cash to be received (budgeted receipts) plus cash as of December 1.

3. Encumbrances

The Consortium does not reserve encumbrances.

A summary of the 2006 and 2005 budgetary activity appears in Note C.

Cash and Investments:

Investments are reported as assets and are carried at cost, which approximates fair value. Accordingly, purchases of investments are not recorded as disbursements, and sales of investments are not recorded as receipts. Gains or losses are recorded as receipts or disbursements when a sale occurs.

NOTE B – EQUITY IN POOLED CASH AND INVESTMENTS

In March 2003, the GASB issued Statement No. 40, Deposit and Investment Risk Disclosures. This statement amends GASB Statement No. 3 and addresses additional cash and investment risks to which governments are exposed. Generally, this statement requires that state and local governments communicate key information about such risks. GASB Statement No. 40 was adopted by the Consortium during 2005.

The Consortium maintains a cash and savings account used by all funds. The Consortium is not required by law to have an investment policy.

The carrying amount of the Consortium's cash and savings at December 31 were as follows:

	<u>2006</u>	<u>2005</u>
Demand deposits	\$ 269,021	\$ (270,581)
Savings account	<u>0</u>	<u>831,770</u>
Total deposits and savings	<u>\$ 269,021</u>	<u>\$ 561,189</u>

Deposits:

Deposits are either insured by the Federal Depository Insurance Corporation or collateralized by the financial institution's public entity deposit pool.

NOTE D – RISK MANAGEMENT

The Consortium contracted with a third-party administrator, Core Source, Inc. to process and pay health benefit claims incurred by its members. The members contribute monthly premiums into the benefit pool fund of the Consortium. The Treasurer approves payments to the third-party administrator for actual insurance claims processed, stop-loss premiums and administrative charges incurred on behalf of the Consortium members. Besides the standard monthly contributions, the Consortium may extend an assessment to each member.

Member counties that withdraw from the Consortium are obligated for payment of any negative balance in their account and the remaining claims of any of its eligible members and dependents are the responsibility of each individual member upon withdrawal from the Consortium.

NOTE E – CLAIMS LIABILITY

The Consortium receives an annual actuarial report that estimates an amount for the runoff liability for claims incurred but not reported (IBNR claims) based on an analysis of historic claims data using generally accepted actuarial principles. The actuarial reports reflected that the minimum requirement of the Ohio Revised Code Section 9.833 had not been satisfied for the year ended December 31, 2006. Due to not meeting the minimum funding requirements, the Consortium changed, effective January 1, 2007, its plan administrator, plan networks, stop loss policy, prescription plan provider and the individual counties made changes to their benefit plans. In addition, the member monthly premiums were increased by two percent (2%), effective January 1, 2007. The reported reserve fund available to pay the IBNR claims and the IBNR claim liability per the actuarial report at December 31, 2006 and 2005 are as follows:

	<u>2006</u>	<u>2005</u>
Cash and savings	\$ 269,021	\$ 561,189
IBNR actuarial liability	<u>2,540,802</u>	<u>2,295,901</u>
(Negative)/excess funds	<u>\$(2,271,781)</u>	<u>\$(1,734,712)</u>

NOTE F – PROFESSIONAL FEES

The Consortium has contracted with Arthur J. Gallagher & Co. to provide various management, underwriting, claim adjustments and loss control services. The fees, \$50,701 and \$51,221 for the years ended December 31, 2006 and 2005, respectively, are paid monthly based on the total of member employees in the Consortium. Effective January 1, 2007, the Consortium contracted with Core Source, Inc. to provide these management services.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING
STANDARDS**

Board of Trustees
Midwest Employee Benefit Consortium
Auglaize, Hancock, Mercer, Shelby, and Van Wert Counties, Ohio

We have audited the financial statement of the Midwest Employee Benefit Consortium, as of and for the years ended December 31, 2006 and 2005, and have issued our report thereon dated June 21, 2007. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audits, we considered Midwest Employee Benefit Consortium's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Consortium's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Consortium's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the Consortium's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the Consortium's financial statements that is more than inconsequential will not be prevented or detected by the Consortium's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the Consortium's internal control.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Midwest Employee Benefit Consortium's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the board of trustees, management, and Auditor of the State, and is not intended to be and should not be used by anyone other than those specified parties.
