INDEPENDENT ACCOUNTANTS' REPORT

South Central Ohio Educational Service Center
Scioto County
411 Court Street, Room 105
Portsmouth, Ohio 45662

To the Board of Education:

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the South Central Ohio Educational Service Center, Scioto County, Ohio (the Educational Service Center), as of and for the year ended June 30, 2006, which collectively comprise the Educational Service Center's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Educational Service Center's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the South Central Ohio Educational Service Center, Scioto County, Ohio, as of June 30, 2006, and the respective changes in financial position thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated March 13, 2007, on our consideration of the Educational Service Center's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

Management's Discussion and Analysis is not a required part of the basic financial statements but is supplementary information accounting principles generally accepted in the United States of America requires. We have applied certain limited procedures, consisting principally of inquiries of management regarding the methods of measuring and presenting the required supplementary information. However, we did not audit the information and express no opinion on it.

We conducted our audit to opine on the financial statements that collectively comprise the Educational Service Center's basic financial statements. The Supplemental Information provides additional information and is not a required part of the basic financial statements. The Schedule of Federal Awards Receipts and Expenditures is required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* and is also not a required part of the basic financial statements. We subjected the supplemental information and the Schedule of Federal Awards Receipts and Expenditures to the auditing procedures applied in the audit of the basic financial statements. In our opinion, this information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

South Central Ohio Educational Service Center
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2006
Unaudited

The discussion and analysis of the South Central Ohio Educational Service Center's financial performance provides an overall review of the Educational Service Center's financial activities for the fiscal year ended June 30, 2006. The intent of this discussion and analysis is to look at the Educational Service Center's financial performance as a whole; readers should also review the financial statements and notes to enhance their understanding of the Educational Service Center's financial performance.

Financial Highlights

- In total, net assets decreased \$117,288 which represents a 17 percent decrease from the prior fiscal year. The biggest difference reflected on the Educational Service Center's Statement of Net Assets in relation to the prior fiscal year is related to cash and cash equivalents. The primary reason cash and cash equivalents decreased is that Miscellaneous State Grant Fund cash expenditures were considerably greater than the cash receipts, thus decreasing the current year balance.

General revenues accounted for \$1,287,251 or 16 percent of total revenues. Program specific revenues in the form of charges for services, operating grants, and contributions accounted for \$6,830,620 or 84 percent of total revenues of \$8,117,871.

The School District had \$8,235,159 in expenses related to governmental activities; \$6,830,620 of these expenses were offset by program specific charges for services, grants, and contributions. General revenues (primarily grants and entitlements) of \$1,287,251 were not adequate to provide for these programs.

Using the Basic Financial Statements

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the South Central Ohio Educational Service Center as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The Statement of Net Assets and the Statement of Activities provide information about the activities of the whole Educational Service Center, presenting both an aggregate view of the Educational Service Center's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the Educational Service Center's major funds with all other non-major funds presented in total in one column. The most significant funds for the South Central Ohio Educational Service Center are the General Fund and the Cooperative Low Incidence, MRDD / Mental Health, and Miscellaneous State Grants Special Revenue Funds.

Reporting the Educational Service Center as a Whole

One of the most important questions asked about the Educational Service Center is “How did we do financially during 2006?” The Statement of Net Assets and the Statement of Activities, which appear first in the Educational Service Center’s financial statements, report information on the Educational Service Center as a whole and its activities in a way that helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. This basis of accounting takes into account all of the current year’s revenues and expenses regardless of when cash is received or paid.

These two statements report the Educational Service Center’s net assets and changes in those assets. The change in net assets is important because it tells the reader that, for the Educational Service Center as a whole, the financial position of the Educational Service Center has improved or diminished. The causes of this change may be the result of many factors, some financial, some not.

In the Statement of Net Assets and the Statement of Activities, the Educational Service Center has only one kind of activity:

- Governmental Activities – All of the Educational Service Center’s educational programs and services are reported here including instruction and support services which include operation and maintenance of plant and pupil transportation.

Reporting the Educational Service Center’s Most Significant Funds

Fund Financial Statements

The analysis of the Educational Service Center’s major funds begins on page 9. Fund financial statements provide detailed information about the Educational Service Center’s major funds. The Educational Service Center uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the Educational Service Center’s most significant funds.

Governmental Funds – Most of the Educational Service Center’s activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at fiscal year-end available for spending in future periods. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the Educational Service Center’s general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or difference) between governmental activities (reported in the Statement of Net Assets and the Statements of Activities) and governmental funds is reconciled in the financial statements.

Fiduciary Funds – The Educational Service Center's fiduciary funds are agency funds. All of the Educational Service Center's fiduciary activities are reported in a separate Statement of Fiduciary Net Assets. We exclude these activities from the Educational Service Center's other financial statements because the Educational Service Center cannot use these assets to finance its operations. Fiduciary funds use the accrual basis of accounting.

The Educational Service Center as a Whole

Recall that the Statement of Net Assets provides the perspective of the Educational Service Center as a whole.

Table 1 provides a summary of the Educational Service Center's net assets for 2006 and 2005:

Total assets decreased by less than one percent when compared to the prior fiscal year. However, noteworthy changes occurred within intergovernmental receivables and capital assets of the Educational Service Center. The increase in intergovernmental receivables relates to various grant awards the Educational Service Center receives and for which numerous outstanding requests for cash at the end of the fiscal year existed. Capital assets increased due to the normal acquisitions of equipment and a new telephone system exceeding current year depreciation on the assets held by the Educational Service Center.

Total liabilities increased \$120,140, or ten percent. An increase occurred within accrued wages and benefits payable of fourteen percent, as a result of a three percent wage increase given to all Educational Service Center employees, the hiring of additional teachers and aides due to a new program offered by the Educational Service Center, and the providing of additional services to contracted districts during the current fiscal year. The increase in long-term liabilities is primarily the result of capital lease payments being made throughout the fiscal year offset by the recognition of the liability of the capital lease for the Educational Service Center's new telephone system.

Table 2 shows the changes in net assets for fiscal year 2006 and 2005.

Program revenues, which are primarily represented by charges for tuition and fees, as well as restricted intergovernmental revenues were 84 percent of total revenues for fiscal year 2006 and were somewhat higher than fiscal year 2005.

As stated previously, general revenues represent 16 percent of the Educational Service Center's total revenues, and of this amount, 96 percent consists of grants and entitlements not restricted to specific programs. Other revenue sources, such as investment earnings, are completely insignificant and are somewhat unpredictable revenue sources.

A comparison of both program revenues and general revenues to the prior fiscal year reveals many changes. The major change occurred within charges for services, which had an increase of \$1,027,814. The Educational Service Center added a new program to its services during fiscal year 2006. This program, as well as an increase in students being serviced through the Alternative School Program and additional services being provided within contracted districts, required additional teachers and aides to be hired by the Educational Service Center. The expenses incurred through this are billed directly to the participating school districts. Therefore, an increase in the monies the Educational Service Center receives for providing its services increased due to such billings. Operating grants and contributions decreased by thirteen percent. This is primarily the result of State monies relating to CAFS reimbursements being eliminated during the current fiscal year, as well as the tiered down elimination of the 21st Century Grant monies over the next few years. Over the next few years, the amount of monies the Educational Service Center receives relating to the 21st Century Grant will be reduced until it is completely eliminated. While overall not significant in dollar amount, investment earnings demonstrated a considerable increase when compared to the prior year. This increase is due to the Educational Service Center having considerably better interest rates than in the prior year.

As should be expected, the major program expense for governmental activities is instruction, which accounts for 46 percent of all governmental expenses. In further consideration, special instruction had a significant increase in expenses of 18 percent, which is the result of the hiring of additional teachers and aides due to a new program offered through the Educational Service Center, an increase in the number of students serviced through the Alternative School Program, and additional services being contracted with member districts. Other programs which support the instruction process, including pupils, instructional staff, and pupil transportation, account for 32 percent of governmental expenses. Administration of the Educational Service Center also represents a significant expense, approximately 16 percent.

Table 3 indicates the total costs of services and the net cost of services for governmental activities. The Statement of Activities reflects the cost of program services and the charges for services, operating grants and contributions offsetting those services. The net cost of services identifies the cost of those services supported by unrestricted State entitlements.

The table demonstrates that program expenses as well as the net costs of providing the programs has remained fairly comparable to the prior fiscal year. A review will further demonstrate that several of the programs receive a significant amount of support from program revenues. The instruction programs, including regular, special, and adult/continuing, receive a significant amount of tuition and fees and State and federal grants for those purposes, as do the support services programs, which include such programs as pupils, instructional staff, and administration.

The Educational Service Center's Funds

Information about the Educational Service Center's most significant funds starts on page 16. Governmental funds are accounted for using the modified accrual basis of accounting. All governmental funds had total revenues of \$8,092,538 and expenditures of \$8,350,561. The net change in fund balance for the year was most significant in the Miscellaneous State Grants Special Revenue Fund, a decrease of \$129,680 due primarily to a decrease in State monies received in the current fiscal year as compared to the prior fiscal year which resulted in cash carryover spending during fiscal year 2006.

The General Fund balance increased \$30,401. Overall, revenues and expenditures increased relatively proportionately from the prior fiscal year. The primary factor with such increase in fund balance in the General Fund is related to the Educational Service Center receiving additional revenues in the form of intergovernmental monies and charges for services due to an increase in the number of students serviced through the Alternative School and additional services provided to member districts.

The Cooperative Low Incidence fund balance decreased \$7,135. This was the result of greater expenditures being incurred to operate the various cooperative programs of the Educational Service Center.

The MRDD / Mental Health fund balance decreased \$73,383 due primarily to a decrease in State monies relating to the elimination of CAFS reimbursements.

General Fund - Budget Highlights

The Educational Service Center's budget is based on accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The most significant budgeted fund is the General Fund.

During the course of fiscal year 2006, the Educational Service Center revised its budget as it attempted to deal with unexpected changes in revenues and expenditures. For the General Fund, final budgeted revenues, in the amount of \$3,266,828, were above original budgeted revenues, in the amount of \$2,940,700. The difference was due to an unexpected increase in the number of students serviced through the Alternative School and additional services provided to member districts for which the Educational Service Center bills the participating districts directly. The difference between the final budgeted revenues and those actually received was inconsequential.

South Central Ohio Educational Service Center
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2006
Unaudited

Final expenditures were budgeted at \$3,242,035 while original expenditures were budgeted at \$3,086,717. The difference of approximately five percent was largely due to an increase in salaries related to the hiring of an additional teacher and aides necessary to provide additional services to member districts and to the increase in students of the Alternative School program.

The overall decrease in fund balance was determined to be insignificant to the General Fund.

Capital Assets and Debt Administration

Capital Assets

At the end of fiscal year 2006, the Educational Service Center had \$317,406 invested in capital assets (net of accumulated depreciation), an increase of \$55,513, or 21 percent. Additions to capital assets included office furniture, computers and computer related purchases. For further information regarding the Educational Service Center's capital assets, refer to Note 8 to the basic financial statements.

Debt

At June 30, 2006, the Educational Service Center had outstanding long-term obligations for capital leases for copier equipment and a telephone system in the amount of \$119,058, and for compensated absences. For further information regarding the Educational Service Center's long-term obligations, refer to Notes 13 and 14 to the basic financial statements.

Current Issues

The South Central Ohio Educational Service Center relies heavily on contracts with local and city school districts within the three county area in which it serves. In addition, State foundation per pupil funding and State and federal grants also provide significant sources of revenue to the Educational Service Center.

A major challenge facing educational service centers statewide is the level of funding by the Ohio Department of Education. Since 1997, the Educational Service Center's State per pupil funding has remained unchanged. This level of funding, combined with decreasing enrollment, has required us to expand our service offerings in the areas of fiscal, administrative and other services to various entities. These expanded services will help provide the necessary funds to meet operating expenses in the future.

South Central Ohio Educational Service Center
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2006
Unaudited

Another major challenge facing the Educational Service Center is a change in State law that no longer requires the county commissioners to provide rent-free facility space. The change, phased in over a five-year period, will be fully implemented by fiscal year 2007. On July 1, 2005, the Educational Service Center entered into an operating lease with Scudder Realty, LLC. The operating lease was for a portion of the premises known as the "Scudder Administrative Building." The term of the lease is five years, beginning July 1, 2005, and ending June 30, 2010, with payments totaling \$546,275. In order to offset this additional cost, an increase in the local share of per pupil funding was adopted on July 1, 2005 by school districts serviced by the Educational Service Center. In the past, the local share of per pupil funding was \$10.40; however, this amount increased to \$13.40 beginning in fiscal year 2006.

 June 30, 2006

Total Governmental Fund Balances \$754,234

*Amounts reported for governmental activities in the
 Statement of Net Assets are different because:*

Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds. These assets consist of:

Total capital assets	317,406	317,406

Some of the Educational Service Center's revenues will be collected after fiscal year-end, but are not available soon enough to pay for the current period's expenditures and therefore are deferred in the funds.

***Amounts reported for governmental activities in the
 Statement of Activities are different because:***

Capital outlays are reported as expenditures in governmental funds. However, in the Statement of Activities, the cost of capital assets is allocated over their estimated useful lives as depreciation expense. In the current period, these amounts are:

Capital assets additions	136,617	
Depreciation expense	(81,104)	
Excess of capital outlay over depreciation expense		55,513

Because some revenues will not be collected for several months after the Educational Service Center's fiscal year ends, they are not considered "available" revenues and are deferred in the governmental funds.

South Central Ohio Educational Service Center

Notes to the Basic Financial Statements

For the Fiscal Year Ended June 30, 2006

NOTE 1 - DESCRIPTION OF THE EDUCATIONAL SERVICE CENTER AND REPORTING ENTITY

The South Central Ohio Educational Service Center (the “Educational Service Center”) is located in Portsmouth, Ohio, the county seat of Scioto County. The Educational Service Center supplies supervisory, special education, administrative, and other services to the Oak Hill, Bloom-Vernon, Clay, Green, Minford, New Boston, Northwest, Valley, Washington-Nile, Wheelersburg, and Manchester Local School Districts, as well as the Scioto County Joint Vocational School District. The Portsmouth City School District is served on a limited basis in the area of handicapped students. The Educational Service Center furnishes leadership and consulting services designed to strengthen the school districts in areas they are unable to finance or staff independently.

The South Central Ohio Educational Service Center operates under a locally-elected Board form of government consisting of seven members elected at-large for staggered four year terms. The Educational Service Center has 39 classified, 64 certified, and 2 administrative personnel that provide services to the local, city, and joint vocational school districts.

Reporting Entity:

A reporting entity is comprised of the primary government, component units, and other organizations that are included to insure that the financial statements are not misleading. The primary government of the Educational Service Center consists of all funds, departments, boards, and agencies that are not legally separate from the Educational Service Center. For the South Central Ohio Educational Service Center, this includes general operations and student developmental activities.

Component units are legally separate organizations for which the Educational Service Center is financially accountable. The Educational Service Center is financially accountable for an organization if the Educational Service Center appoints a voting majority of the organization’s governing board and (1) the Educational Service Center is able to significantly influence the programs or services performed or provided by the organization; or (2) the Educational Service Center is legally entitled to or can otherwise access the organization’s resources; the Educational Service Center is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the Educational Service Center is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the Educational Service Center in that the Educational Service Center approves the budget, the issuance of debt, or the levying of taxes. The Educational Service Center has no component units.

Notes to the Basic Financial Statements

For the Fiscal Year Ended June 30, 2006

NOTE 1 - DESCRIPTION OF THE EDUCATIONAL SERVICE CENTER AND REPORTING ENTITY *(continued)*

The Educational Service Center participates in seven organizations, four of which are defined as jointly governed organizations, one as a public entity shared risk pool, one as an insurance purchasing pool, and one as a related organization. These organizations are the South Central Ohio Computer Association, the Family and Children First Council of Scioto County, the Coalition of Rural and Appalachian Schools, the Pilasco-Ross Special Education Regional Resource Center, the Scioto County Schools Council, the Ohio School Plan, and the Scioto County Joint Vocational School. Information about these organizations is presented in Notes 15, 16, 17 and 18 to the basic financial statements.

The Educational Service Center serves as fiscal agent for the Family and Children First Council of Scioto County and the Scioto County Schools Council. The Family and Children First Council provides services to disadvantaged school age children and the Scioto County Schools Council administers programs of health and dental insurance for the benefit of its members' employees and their dependents to obtain lower costs of health and dental coverage. Accordingly, these organizations are presented as agency funds within the Educational Service Center's financial statements.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Educational Service Center have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The Educational Service Center also applies Financial Accounting Standards Board (FASB) statements and interpretations issued on or before November 30, 1989, to its governmental activities provided they do not conflict with or contradict GASB pronouncements. The more significant of the Educational Service Center's accounting policies are described below.

A. Basis of Presentation

The Educational Service Center's basic financial statements consist of government-wide statements, including a Statement of Net Assets and a Statement of Activities, and fund financial statements which provide a more detailed level of financial information.

Government-wide Financial Statements

The Statement of Net Assets and the Statement of Activities display information about the Educational Service Center as a whole. These statements include the financial activities of the Educational Service Center, except for fiduciary funds. The government-wide financial statements usually distinguish between those activities that are governmental and those that are considered business-type activities. The Educational Service Center, however, has no activities which are reported as business-type.

South Central Ohio Educational Service Center

Notes to the Basic Financial Statements

For the Fiscal Year Ended June 30, 2006

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

The Statement of Net Assets presents the financial condition of the governmental activities of the Educational Service Center at fiscal year-end. The Statement of Activities presents a comparison between direct expenses and program revenues for each program or function of the Educational Service Center's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and are therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues which are not classified as program revenues are presented as general revenues of the Educational Service Center, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the Educational Service Center.

Fund Financial Statements

During the fiscal year, the Educational Service Center segregates transactions related to certain Educational Service Center functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the Educational Service Center at this more detailed level. The focus of governmental fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. Fiduciary funds are reported by type.

B. Fund Accounting

The Educational Service Center uses funds to maintain its financial records during the fiscal year. Fund accounting is designed to demonstrate legal compliance and to aid management by segregating transactions related to certain Educational Service Center functions or activities. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The funds of the Educational Service Center fall within two categories, governmental and fiduciary.

Governmental Funds:

Governmental funds are those through which most governmental functions of the Educational Service Center are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance.

South Central Ohio Educational Service Center

Notes to the Basic Financial Statements

For the Fiscal Year Ended June 30, 2006

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

The following are the Educational Service Center's major governmental funds:

General Fund - The General Fund is the operating fund of the Educational Service Center and is used to account for all financial resources except those required to be accounted for in another fund. The General Fund balance is available to the School District for any purpose provided it is expended or transferred according to the general laws of Ohio.

Cooperative Low Incidence Fund – The Cooperative Low Incidence Special Revenue Fund is used to account for grant monies and charges for operations which are used for handicapped programs.

MRDD / Mental Health Fund – The MRDD / Mental Health Special Revenue Fund is used to account for receipts and expenditures in conjunction with programs entered into with boards of mental health or mental retardation.

Miscellaneous State Grants Fund – The Miscellaneous State Grants Special Revenue Fund is used to account for various grant monies received from State agencies.

The other governmental funds of the Educational Service Center account for grants and other resources of the Educational Service Center whose use is restricted to a particular purpose.

Fiduciary Funds:

Fiduciary fund reporting focuses on net assets and changes in net assets. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private purpose trust funds and agency funds. Trust funds are used to account for assets held by the Educational Service Center under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the Educational Service Center's own programs. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The Educational Service Center's only fiduciary funds are agency funds used to account for the Family and Children First Council of Scioto County and the Scioto County Schools Council.

C. Measurement Focus

Government-wide Financial Statements

The government-wide financial statements are prepared using the economic resources measurement focus. All assets and liabilities associated with the operation of the Educational Service Center are included on the Statement of Net Assets. The Statement of Activities presents increases (e.g., revenues) and decreases (e.g., expenses) in total net assets.

South Central Ohio Educational Service Center

Notes to the Basic Financial Statements

For the Fiscal Year Ended June 30, 2006

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Fund Financial Statements

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The Statement of Revenues, Expenditures and Changes in Fund Balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

D. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide and fiduciary fund financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue, and in the presentation of expenses versus expenditures.

Revenues - Exchange and Non-exchange Transactions

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. "Measurable" means the amount of the transaction can be determined, and "available" means that the resources are collectible within the current fiscal year, or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the Educational Service Center, available means expected to be received within sixty days of fiscal year-end.

Non-exchange transactions, in which the Educational Service Center receives value without directly giving equal value in return, include grants, entitlements and donations. Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the fiscal year when the resources are required to be used or the fiscal year when use is first permitted; matching requirements, in which the Educational Service Center must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the Educational Service Center on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

South Central Ohio Educational Service Center

Notes to the Basic Financial Statements

For the Fiscal Year Ended June 30, 2006

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at fiscal year-end: tuition and fees, grants and accrued interest.

Deferred Revenue

Deferred revenue arises when assets are recognized before revenue recognition criteria have been satisfied.

Grants and entitlements received before the eligibility requirements are met are recorded as deferred revenue.

On governmental fund financial statements, receivables that will not be collected within the available period have also been reported as deferred revenue.

Expenses/Expenditures

On the accrual basis of accounting, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in the governmental funds.

E. Cash and Cash Equivalents

To improve cash management, all cash received by the Educational Service Center is pooled. Monies for all funds are maintained in this pool. Individual fund integrity is maintained through the Educational Service Center's records. Interest in the pool is presented as "Equity in Pooled Cash and Cash Equivalents" on the financial statements. The Scioto County Schools Council has its own investment account to administer health and dental insurance for the benefit of the Council members' employees and their dependents. The investment account is presented on the Statement of Fiduciary Net Assets as "Investments in Segregated Accounts".

During fiscal year 2006, the Educational Service Center's investments were limited to Federal Home Loan Mortgage Corporation Notes, Federal Home Loan Bank Bonds, Federal National Mortgage Association Bonds, and State Treasury Asset Reserve of Ohio (STAROhio). Investments are reported at fair value which is based on quoted market prices.

STAROhio is an investment pool managed by the State Treasurer's Office which allows governments within the State to pool their funds for investment purposes. STAROhio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAROhio are valued at STAROhio's share price which is the price the investment could be sold for on June 30, 2006.

South Central Ohio Educational Service Center

Notes to the Basic Financial Statements

For the Fiscal Year Ended June 30, 2006

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Following Ohio statutes, the Educational Service Center has, by resolution, specified the funds to receive an allocation of interest earnings. Interest revenue credited to the General Fund during fiscal year 2006 amounted to \$44,272, which includes \$41,145 assigned from other Educational Service Center funds.

Investments of the cash management pool and investments with an original maturity of three months or less at the time they are purchased by the Educational Service Center are presented on the financial statements as Cash and Cash Equivalents.

F. Capital Assets

The Educational Service Center's only capital assets are general capital assets. General capital assets are those specifically related to governmental activities. These assets generally result from expenditures in the governmental funds. These assets are reported on the government-wide Statement of Net Assets but are not reported in the fund financial statements.

All capital assets are capitalized at cost (or estimated historical cost, which is determined by indexing the current replacement cost back to the year of acquisition) and updated for additions and retirements during the fiscal year. Donated capital assets are recorded at their fair market values as of the date received. The Educational Service Center maintains a capitalization threshold of five hundred dollars. The Educational Service Center does not possess any infrastructure. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized.

All reported capital assets are depreciated. Depreciation of furniture, fixtures and equipment is computed using the straight-line method over five to twenty years.

G. Compensated Absences

Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the Educational Service Center will compensate the employees for the benefits through paid time off or some other means. The Educational Service Center records a liability for accumulated unused vacation time when earned for all employees with more than one year of service.

Sick leave benefits are accrued as a liability using the vesting method. The liability includes the employees who are currently eligible to receive termination benefits and those the Educational Service Center has identified as probable of receiving payment in the future. The amount is based on accumulated sick leave and employees' wage rates at fiscal year-end, taking into consideration any limits specified in the Educational Service Center's termination policy. The Educational Service Center records a liability for accumulated unused sick leave for all employees after 10 years of service.

South Central Ohio Educational Service Center

Notes to the Basic Financial Statements

For the Fiscal Year Ended June 30, 2006

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

The entire compensated absences liability is reported on the government-wide financial statements. On governmental fund financial statements, compensated absences are reported as liabilities and expenditures to the extent that payments come due each period upon the occurrence of employee resignations or retirements. These amounts are recorded in the account "Matured Compensated Absences Payable" in the fund from which the employees are paid.

H. Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of the funds. However, compensated absences that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment in the current fiscal year. Capital leases that will be paid from governmental funds are recognized as an expenditure and liability in the governmental fund financial statements when due.

I. Interfund Balances

On fund financial statements, receivables and payables resulting from short-term interfund loans are classified as "Interfund Receivables" and "Interfund Payables". These amounts are eliminated in the governmental activities column of the Statement of Net Assets.

J. Interfund Transactions

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds. Repayments from funds responsible for particular expenditures to the funds that initially paid for them are not presented on the financial statements.

K. Fund Balance Reserves

The Educational Service Center reserves those portions of fund balance which are legally segregated for a specific future use or which do not represent available expendable resources and therefore are not available for appropriation or expenditure. Unreserved fund balance indicates that portion of fund equity which is available for appropriation in future periods. Fund equity reserves have been established for encumbrances.

South Central Ohio Educational Service Center

Notes to the Basic Financial Statements

For the Fiscal Year Ended June 30, 2006

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

L. Net Assets

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the Educational Service Center or through external restrictions imposed by creditors, grantors, laws, or regulations of other governments. The government-wide Statement of Net Assets reports \$360,167 of restricted net assets, none of which is restricted by enabling legislation. Net assets restricted for other purposes include federal and State grants restricted to expenditures for specified purposes.

The Educational Service Center applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

M. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

NOTE 3 – CHANGES IN ACCOUNTING PRINCIPLES

For fiscal year 2006, the Educational Service Center has implemented *GASB Statement No. 42, "Accounting and Financial Reporting for Impairment of Capital Assets and for Insurance Recoveries,"* and *GASB Statement No. 47, "Accounting for Termination Benefits"*.

GASB Statement No. 42 establishes accounting and financial reporting standards for the impairment of capital assets. A capital asset is considered impaired when its service utility has declined significantly and unexpectedly. This statement also clarifies and establishes accounting requirements for insurance recoveries. The implementation of this statement had no effect on the Educational Service Center's financial statements for fiscal year 2006.

GASB Statement No. 47 establishes accounting and financial reporting standards for termination benefits. This statement clarifies and establishes reporting requirements for those benefits provided by employers to employees as an incentive or settlement for voluntary early termination or as a consequence of the involuntary early termination of services. The implementation of this statement had no effect on the Educational Service Center's financial statements for fiscal year 2006.

South Central Ohio Educational Service Center

Notes to the Basic Financial Statements

For the Fiscal Year Ended June 30, 2006

NOTE 4 – ACCOUNTABILITY

At June 30, 2006, the Cooperative Low Incidence, Alternative School, EHA Pre-School, and Miscellaneous Federal Grants Special Revenue Funds had deficit fund balances of \$219,287, \$817, \$6,374, and \$4,489, respectively. The General Fund provides transfers to cover deficit balances; however, this is done when cash is needed rather than when accruals occur.

NOTE 5 - DEPOSITS AND INVESTMENTS

State statutes classify monies held by the Educational Service Center into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Active monies must be maintained either as cash in the Educational Service Center's Treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the Educational Service Center has identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit, or by savings or deposit accounts, including passbook accounts.

Interim monies held by the Educational Service Center may be deposited or invested in the following securities:

1. United States Treasury notes, bills, bonds, or any other obligation or security issued by the United States Treasury, or any other obligation guaranteed as to payment of principal and interest by the United States;
2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above;
4. Bonds and other obligations of the State of Ohio or Ohio local governments;

NOTE 5 - DEPOSITS AND INVESTMENTS *(continued)*

5. Time certificates of deposit or savings or deposit accounts including, but not limited to, passbook accounts;
6. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) and repurchase agreements secured by such obligations;
7. The State Treasurer's investment pool (STAROhio); and
8. Commercial paper and bankers acceptances if training requirements have been met.

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. Investments may only be made through specified dealers and institutions.

Investments: As of June 30, 2006, the Educational Service Center had the following investments. All investments are held on behalf of the Scioto County Schools Council.

Interest Rate Risk: As a means of limiting its exposure to fair value losses caused by rising interest rates, the Educational Service Center's investment policy requires that, to the extent possible, investments will match anticipated cash flow requirements. No investment shall be made unless the Treasurer, at the time of making the investment, reasonably expects it can be held to its maturity. Unless matched to a specific obligation or debt of the Educational Service Center, the Educational Service Center will not directly invest in securities maturing more than five years from the date of investment.

NOTE 5 - DEPOSITS AND INVESTMENTS *(continued)*

Credit Risk: The Federal Home Loan Mortgage Corporation Notes, Federal Home Loan Bank Bonds, and Federal National Mortgage Association Bonds carry a rating of Aaa by Moody's and AAA by Standard and Poor's. STAROhio carries a rating of AAAM by Standard and Poor's. Ohio law requires that STAROhio maintain the highest rating provided by at least one nationally recognized standard rating service. The Educational Service Center's investment policy limits investments to those authorized by State statute.

Concentration of Credit Risk: The Educational Service Center places no limit on the amount it may invest in any one issuer. The Educational Service Center's investments in Federal Home Loan Mortgage Corporation Notes, Federal Home Loan Bank Bonds, and Federal National Mortgage Association Bonds represents 7.3 percent, 52.6 percent, and 30.2 percent, respectively, of the Educational Service Center's total investments. The remaining 9.9 percent is invested in STAROhio.

NOTE 6 - STATE AND LOCAL SCHOOL DISTRICT FUNDING

The Educational Service Center, under State law, provides supervisory services to the local school districts within its territory. Each city and exempted village school district that entered into an agreement with the Educational Service Center is considered to be provided supervisory services. The cost of the supervisory services is determined by formula under State law. The State Department of Education apportions the costs for all supervisory services among the Educational Service Center's local and client school districts based on each school's total student count. The Department of Education deducts each school district's amount from their State Foundation Program settlements and remits the amount to the Educational Service Center. The Educational Service Center may provide additional supervisory services if the majority of local and client school districts agree to the services and the apportionment of the costs to all of the local and client school districts.

The Educational Service Center also receives funding from the State Department of Education in the amount of \$40.52 times the average daily membership of the Educational Service Center. Average daily membership includes the total student counts of all local school districts within the Educational Service Center's territory and all of the Educational Service Center's client school districts. This amount is paid from State resources. The State Department of Education also deducts from the State Foundation Program settlement of each of the Educational Service Center's local and client school district an amount equal to \$13.40 times the school district's total student count and remits this amount to the Educational Service Center. Each client of the Educational Service Center has agreed to pay more than the statutory limit of \$6.50.

The Educational Service Center may contract with city, exempted village, local, joint vocational, or cooperative educational school districts to provide special education and related services or career-technical educational services. The individual boards of education pay the costs for these services directly to the Educational Service Center.

NOTE 9 - RISK MANAGEMENT

The Educational Service Center is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During fiscal year 2006, the Educational Service Center contracted with Hylant Administrative Services for property coverage. Insurance coverage includes the following:

Business Personal Property (\$1,000 deductible)	<u><u>\$180,000</u></u>
---	-------------------------

During fiscal year 2006, the Educational Service Center participated in the Ohio School Plan (OSP), an insurance purchasing pool. Each individual school district or educational service center enters into an agreement with the OSP and its premium is based on types of coverage, limits of coverage, and deductibles that it selects. The Educational Service Center pays this annual premium to the OSP. (See Note 17)

Each Accident Limit	1,000,000
Liability Hired - Non-Owned	1,000,000

Settled claims have not exceeded this commercial coverage in any of the past three years. There has been no significant reduction in coverage from last year.

The Educational Service Center pays the State Workers' Compensation System a premium based on a rate per \$100 of salaries. This rate is calculated based on accident history and administrative costs.

The Educational Service Center participates in and is fiscal agent for the Scioto County Schools Council (the "Council"), a public entity shared risk pool (Note 16), consisting of school districts within the County offering medical and dental insurance to their employees. Monthly premiums are paid to the Educational Service Center as fiscal agent, who in turn pays the claims.

The Council is responsible for the management and operations of the program. Upon termination from the Council, for any reason, the Council shall have no obligation under the plan beyond paying the difference between the claims incurred (even though later filed) and expenses of the plan due up to the date of termination plus extended benefits, if any, provided under the plan. Such claims and expenses shall be paid from the funds of the Council.

NOTE 10 - DEFINED BENEFIT PENSION PLANS

A. School Employees Retirement System

The Educational Service Center contributes to the School Employees Retirement System (SERS), a cost-sharing multiple-employer defined benefit pension plan. SERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Chapter 3309 of the Ohio Revised Code. SERS issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the School Employees Retirement System, 300 East Broad Street, Suite 100, Columbus, Ohio 43215-3746, by calling (800) 878-5853 or by visiting the SERS website at www.ohsers.org.

Plan members are required to contribute 10 percent of their annual covered salary and the Educational Service Center is required to contribute at an actuarially determined rate. The current Educational Service Center rate is 14 percent of annual covered payroll. A portion of the Educational Service Center's contribution is used to fund pension obligations with the remainder being used to fund health care benefits; for fiscal year 2006, 10.58 percent of annual covered salary was the portion used to fund pension obligations. The contribution requirements of plan members and employers are established and may be amended, up to a statutory maximum amount, by the SERS' Retirement Board. The Educational Service Center's required contributions for pension obligations to SERS for the fiscal years ended June 30, 2006, 2005, and 2004, were \$140,472, \$129,166, and \$105,004, respectively; 92.03 percent has been contributed for fiscal year 2006 and 100 percent for fiscal years 2005 and 2004.

B. State Teachers Retirement System of Ohio

The Educational Service Center participates in the State Teachers Retirement System of Ohio (STRS Ohio), a cost-sharing, multiple-employer public employee retirement system. STRS Ohio provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS Ohio issues a stand-alone financial report that may be obtained by writing to STRS Ohio, 275 East Broad Street, Columbus, Ohio 43215-3371, by calling (614) 227-4090, or by visiting the STRS Ohio website at www.strsoh.org.

NOTE 10 - DEFINED BENEFIT PENSION PLANS *(continued)*

New members have a choice of three retirement plans, a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. The DB plan offers an annual retirement allowance based on final average salary times a percentage that varies based on years of service, or an allowance based on member contributions and earned interest matched by STRS Ohio funds times an actuarially determined annuity factor. The DC Plan allows members to place all their member contributions and employer contributions equal to 10.5 percent of earned compensation into an investment account. Investment decisions are made by the member. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The Combined Plan offers features of both the DC Plan and the DB Plan. In the Combined Plan, member contributions are invested by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. DC and Combined Plan members will transfer to the Defined Benefit Plan during their fifth year of membership unless they permanently select the DC or Combined Plan. Existing members with less than five years of service credit as of June 30, 2001, were given the option of making a one time irrevocable decision to transfer their account balances from the existing DB Plan into the DC Plan or the Combined Plan. This option expired on December 31, 2001. Benefits are established by Chapter 3307 of the Ohio Revised Code.

A DB or Combined Plan member with five or more years of credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members who die before retirement may qualify for survivor benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

For the fiscal year ended June 30, 2006, plan members were required to contribute 10 percent of their annual covered salaries. The Educational Service Center was required to contribute 14 percent; 13 percent was the portion used to fund pension obligations. Contribution rates are established by the State Teachers Retirement Board, upon recommendations of its consulting actuary, not to exceed statutory maximum rates of 10 percent for members and 14 percent for employers. Chapter 3307 of the Ohio Revised Code provides statutory authority for member and employer contributions.

The Educational Service Center's required contributions for pension obligations to the DB Plan for the fiscal years ended June 30, 2006, 2005, and 2004, were \$466,104, \$426,012, and \$391,849, respectively; 89.93 percent has been contributed for fiscal year 2006 and 100 percent for fiscal years 2005 and 2004. Contributions to the DC and Combined Plans for fiscal year 2006 were \$88 made by the Educational Service Center and \$4,665 made by the plan members.

C. Social Security System

Effective July 1, 1991, all employees not otherwise covered by the School Employees Retirement System or the State Teachers Retirement System of Ohio have an option to choose Social Security or the School Employees Retirement System. As of June 30, 2006, two members of the Board of Education have elected social security. The Board's liability is 6.2 percent of wages paid.

NOTE 11 - POSTEMPLOYMENT BENEFITS

The Educational Service Center provides comprehensive health care benefits to retired teachers and their dependents through the State Teachers Retirement System of Ohio (STRS Ohio), and to retired non-certified employees and their dependents through the School Employees Retirement System (SERS). Benefits include hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare premiums. Benefit provisions and the obligations to contribute are established by the Systems based on authority granted by State statute. Both systems are on a pay-as-you-go basis.

All STRS Ohio retirees who participated in the DB or Combined Plans and their dependents are eligible for health care coverage. The STRS Ohio Board has statutory authority over how much, if any, of the health care costs will be absorbed by STRS Ohio. All benefit recipients pay a portion of the health care cost in the form of a monthly premium. By law, the cost of coverage paid from STRS Ohio funds is included in the employer contribution rate, currently 14 percent of covered payroll. For the fiscal year ended June 30, 2006, the STRS Ohio Board allocated employer contributions equal to one percent of covered payroll to the Health Care Stabilization Fund. For the Educational Service Center, this amount equaled \$35,854 for fiscal year 2006.

STRS Ohio pays health care benefits from the Health Care Stabilization Fund. At June 30, 2005 (the latest information available), the balance in the Fund was \$3.3 billion. For the year ended June 30, 2005, net health care costs paid by STRS Ohio were \$254,780,000 and STRS Ohio had 115,395 eligible benefit recipients.

For SERS, coverage is made available to service retirees with ten or more fiscal years of qualifying service credit, and to disability and survivor benefit recipients. All retirees and beneficiaries are required to pay a portion of their premium for health care. The portion is based on years of service, Medicare eligibility, and retirement status.

After the allocation for basic benefits, the remainder of the employer's 14 percent contribution is allocated to providing health care benefits. For the fiscal year ended June 30, 2006, employer contributions to fund health care benefits were 3.42 percent of covered payroll, compared to 3.43 of covered payroll for fiscal year 2005. In addition, SERS levies a surcharge to fund health care benefits equal to 14 percent of the difference between a minimum pay and the member's pay, pro-rated for partial service credit. For fiscal year 2006, the minimum pay was established at \$35,800. However, the surcharge is capped at two percent of each employer's SERS salaries. For the Educational Service Center, the amount contributed to fund health care benefits, including the surcharge, during the 2006 fiscal year equaled \$63,376.

The surcharge, added to the unallocated portion of the 14 percent employer contribution rate, provides for maintenance of the asset target level for the health care fund. The target level for the health care reserve is 150 percent of the annual health care expenses. Expenses for health care for the fiscal year ended June 30, 2005 (the latest information available), were \$178,221,113 and the target level was \$267.3 million. At June 30, 2005, SERS had net assets available for payment of health care benefits of \$267.5 million. SERS has approximately 58,123 participants currently receiving health care benefits.

NOTE 12 - EMPLOYEE BENEFITS

A. Compensated Absences

The criteria for determining vacation and sick leave benefits are derived from negotiated agreements and State laws. Support staff earn ten to twenty days of vacation per fiscal year, depending upon length of service. Accumulated, unused vacation time is paid to classified staff upon termination of employment. Teachers do not earn vacation time.

Teachers and support staff earn sick leave at the rate of one and one-fourth days per month. Sick leave may be accumulated up to a maximum of 220 days for all personnel. Upon retirement, payment is made for one-fourth of accrued, but unused sick leave credit to a maximum of 55 days for all employees.

B. Insurance Benefits

The Educational Service Center provides life insurance and accidental death and dismemberment insurance to most employees through SunLife.

C. Deferred Compensation

Educational Service Center employees may participate in the Ohio Public Employees Deferred Compensation Plan or the Ohio Association of School Business Officials Deferred Compensation Plan. Both plans were created in accordance with Internal Revenue Code Section 457. Participation is on a voluntary payroll deduction basis. The plans permit deferral of compensation until future years. According to the plans, the deferred compensation is not available until termination, retirement, death or an unforeseeable emergency.

NOTE 13 - LEASES

During fiscal year 2006, and in prior years, the Educational Service Center entered into capitalized leases for a new telephone system and furniture, fixtures and equipment. Each lease meets the criteria of a capital lease as defined by Statement of Financial Accounting Standards No. 13, "Accounting for Leases," which defines a capital lease generally as one which transfers benefits and risks of ownership to the lessee. Capital lease payments have been reclassified and are reflected as debt service expenditures in the basic financial statements for the governmental funds. These expenditures are reflected as program/function expenditures on a budgetary basis.

Capital assets acquired by lease were initially capitalized in the Statement of Net Assets for governmental activities in the amount of \$218,585 which is equal to the present value of the minimum lease payments at the time of acquisition. A corresponding liability was recorded on the Statement of Net Assets for governmental activities. Principal payments in fiscal year 2006 totaled \$44,969 and were paid from the General Fund and the Miscellaneous State Grants Special Revenue Fund.

NOTE 15 - JOINTLY GOVERNED ORGANIZATIONS

A. South Central Ohio Computer Association

The Educational Service Center is a participant in the South Central Ohio Computer Association (SCOCA) which is a computer consortium. SCOCA is an association of public school districts within the boundaries of Pickaway, Gallia, Highland, Adams, Pike, Scioto, Brown, Ross, Jackson, Vinton, and Lawrence Counties. The organization was formed for the purpose of applying modern technology with the aid of computers and other electronic equipment to administrative and instructional functions among member school districts. The governing board of SCOCA consists of two representatives from each county in the SCOCA service region designated by the Ohio Department of Education, two representatives of the school treasurers, plus a representative of the fiscal agent. The Educational Service Center paid SCOCA \$2,500 for services provided during the fiscal year. Financial information can be obtained from their fiscal agent, the Pike County Joint Vocational School District, Tonya Cooper who serves as Treasurer, at P.O. Box 577, 175 Beaver Creek Road, Piketon, Ohio 45661.

B. Family and Children First Council of Scioto County

The Family and Children First Council of Scioto County (the “Council”) is a jointly governed organization created under Ohio Revised Code Section 121.37. The Council is made up of the following members: the director of the Alcohol, Drug Addiction and Mental Health Services Board of Adams, Lawrence, and Scioto Counties; the director of the Scioto County Health Department; the director of the City of Portsmouth Health Department; the director of the Scioto County Department of Human Services; the executive director of the Scioto County Children Services; the superintendent of the Scioto County Board of Mental Retardation and Developmental Disabilities; the Scioto County juvenile court judge; the superintendent of the city, exempted village, or local school district with the largest number of pupils residing in the County; a school superintendent representing all other school districts in the County; a representative of the City of Portsmouth; the chair of the Scioto County commissioners; a representative of the regional office of the department of youth services; a representative of the Scioto County Head Start Program; a representative of the County’s Early Intervention Collaborative established pursuant to the program; a representative of the federal early intervention program operated under the “Education of the Handicapped Act Amendments of 1988” and at least three individuals representing the interest of families in the County. The Council provides services to disadvantage school age children. The Educational Service Center made no contributions to the Council during fiscal year 2006. Continued existence of the Council is not dependent on the Educational Service Center’s continued participation, no equity interest exists, and no debt is outstanding. To obtain financial information, write to the fiscal agent, South Central Ohio Educational Service Center at 411 Court Street, Portsmouth, Ohio 45662.

C. Coalition of Rural and Appalachian Schools

The Coalition of Rural and Appalachian Schools (the “Coalition”) is a jointly governed organization of over one hundred school districts in southeastern Ohio. The Coalition is operated by a Board which is composed of fourteen members. The Board members are composed of one superintendent from each county elected by the school districts within that county. The Coalition provides various services for school district administrative personnel; gathers data regarding education in the region; cooperates with other professional groups to assess and develop programs designed to meet the needs of member districts; and provides staff development programs for school district personnel. The Coalition is not dependent upon the continued participation of the Educational Service Center and the Educational Service Center does not maintain an equity interest in or a financial responsibility for the Coalition. The Educational Service Center paid \$300 to the Coalition for services provided during the fiscal year.

D. Pilasco-Ross Special Education Regional Resource Center

The Pilasco-Ross Special Education Regional Resource Center (SERRC) is a special education service center which represents Lawrence, Pike, Ross and Scioto Counties. The SERRC selects its own governing board, adopts its own budget and receives direct federal and State grants for its operation. The jointly-governed organization was formed for the purpose of initiating, expanding and improving special education programs and services for children with disabilities and their parents.

The SERRC is governed by a board composed of superintendents of participating schools, parents of children with disabilities, representatives of county boards of MR/DD, joint vocational schools, Shawnee State University, and Ross-Pike, Lawrence and South Central Ohio Educational Service Centers, whose terms rotate every year. The degree of control exercised by any participating school district is limited to its representation on the Board. The fiscal agent for the SERRC is Dawson-Bryant Local School District. Financial information can be obtained by contacting Gary Dutey, Director of Pilasco-Ross, at the South Central Ohio Educational Service Center at 411 Court Street, Portsmouth, Ohio 45662.

NOTE 16 - PUBLIC ENTITY SHARED RISK POOL

Scioto County Schools Council

The Educational Service Center is a member and fiscal agent of the Scioto County Schools Council (the "Council"), a public entity shared risk pool. Several Scioto County school districts have entered into an agreement with the Educational Service Center to form the Scioto County Schools Council. The overall objectives of the Council are to formulate and administer programs of health and dental insurance for the benefit of the Council members' employees and their dependents, to obtain lower costs for health and dental coverage, and to secure cost control by implementing a program of comprehensive loss control. The Council's business and affairs are managed by a Board of Directors, consisting of the superintendents from each of the participating school districts. The Educational Service Center pays premiums based on what the Council estimates will cover the costs of all claims for which the Council is obligated. If the Educational Service Center's claims exceed its premiums, there is no individual supplemental assessment; on the other hand, if the School District's claims are low, it will not receive a refund. The Council views its activities in the aggregate, rather than on an individual entity basis. To obtain financial information, write to the fiscal agent, South Central Ohio Educational Service Center at 411 Court Street, Portsmouth, Ohio 45662.

NOTE 17 – INSURANCE PURCHASING POOL

Ohio School Plan

The Educational Service Center participates in the Ohio School Plan (OSP), an insurance purchasing pool. The Ohio School Plan (OSP) is created and organized pursuant to and as authorized by Section 2744.081 of the Ohio Revised Code. The OSP is an unincorporated, non-profit association of its members and an instrumentality for each member for the purpose of enabling members of the Plan to provide for a formalized, joint insurance purchasing program to maintain adequate insurance protection, risk management programs and other administrative services. The OSP's business and affairs are conducted by a fifteen member Board of Directors consisting of school district superintendents and treasurers, as well as Dave Harcum, an independent consultant of Hylant Group, Inc., and a partner of the Hylant Group, Inc. Hylant Group, Inc. is the Administrator of the OSP and is responsible for processing claims.

NOTE 18 – RELATED ORGANIZATION

Scioto County Joint Vocational School

The Scioto County Joint Vocational School is a distinct political subdivision of the State of Ohio operated under the direction of a five member Board of Education. Two representatives are appointed by the Portsmouth City School District and three representatives are appointed by the South Central Ohio Educational Service Center. The Scioto County Joint Vocational School exposes students to job training, leading to employment upon graduation from high school. There is no financial benefit/burden relationship between the Scioto County Joint Vocational School and the South Central Ohio Educational Service Center, nor can the South Central Ohio Educational Service Center impose their will on the Scioto County Joint Vocational School.

NOTE 19 - INTERFUND ACTIVITY

As of June 30, 2006, interfund receivables and payables that resulted from various interfund transactions were as follows:

		Receivable
		General
		<hr/>
Payable	Miscellaneous State Grants	\$46,372
	Other Governmental Funds	13,987
	Total All Funds	<hr/> <hr/> \$60,359

Notes to the Basic Financial Statements

For the Fiscal Year Ended June 30, 2006

NOTE 19 - INTERFUND ACTIVITY *(continued)*

General Fund advances are made to move unrestricted balances to support programs and projects accounted for in other funds. Advancing monies to other funds is necessary due to timing differences in the receiving of grant monies. When the monies are finally received, the grant fund will use these restricted monies to reimburse the General Fund for the initial advance.

Transfers made during the fiscal year ended June 30, 2006, were as follows:

		Transfers From
		Other
		<u>Governmental Funds</u>
Transfers To	Other	
	Governmental Funds	<u>\$17,324</u>

For fiscal year 2006, a transfer was made from the Instructional Media Center Special Revenue Fund to the Alternative In School Special Revenue Fund due to the deletion of the fund within the Uniform School Accounting System. It was necessary for the Educational Service Center to move the fund balance of the Instructional Media Center Special Revenue Fund prior to fiscal year-end because its use would no longer be permitted in future fiscal years.

NOTE 20 - CONTINGENCIES

A. Grants

The Educational Service Center received financial assistance from federal and State agencies in the form of grants. The expenditure of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the Educational Service Center at June 30, 2006.

B. Litigation

At fiscal year-end the School District was party to a legal proceeding. However, at fiscal year-end, the School District was not able to determine what effect, if any, this claim will have on the financial condition of the School District.

Budgetary Notes

For the Fiscal Year Ended June 30, 2006

NOTE 1 – BUDGETARY PROCESS

The Educational Service Center is no longer required under State statute to file budgetary information with the State Department of Education. However, the Educational Service Center's Board does follow the budgetary process for control purposes.

The Educational Service Center's Governing Board budgets for resources estimated to be received during the fiscal year. The estimated revenues may be amended during the fiscal year if projected increases or decreases in revenue are identified by the Treasurer. The amounts reported as the original budgeted amounts on the budgetary statements reflect the amounts of the estimated revenues when the original appropriations were adopted. The amounts reported as the final budgeted amounts on the budgetary statements reflect the amounts of the estimated revenues in effect at the time final appropriations were passed by the Governing Board.

The Educational Service Center's Governing Board adopts an annual appropriation resolution, which is the Board's authorization to spend resources and sets annual limits on expenditures plus encumbrances at the level of control selected by the Governing Board. The level of control has been established by the Governing Board at the fund level for all funds. The Treasurer has been authorized to allocate appropriations to the function and object level within all funds.

Throughout the fiscal year, appropriations may be amended or supplemented as circumstances warrant. The amounts reported as the original budgeted amounts on the budgetary statements reflect the amounts on the first appropriation resolution for that fund that covered the entire fiscal year, including amounts automatically carried forward from prior fiscal years. The amounts reported as the final budgeted amounts on the budgetary statements represent the final appropriation amounts passed by the Governing Board during the fiscal year.

NOTE 2 - BUDGETARY BASIS OF ACCOUNTING

While the Educational Service Center is reporting financial position, results of operations, and changes in fund balances on the basis of generally accepted accounting principles (GAAP), the budgetary basis is based upon accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The Statement of Revenues, Expenditures and Changes in Fund Balance - Budget and Actual (Budget Basis) – for the General Fund and the Cooperative Low Incidence, MRDD / Mental Health, and Miscellaneous State Grants Special Revenue Funds are presented on the budgetary basis to provide a meaningful comparison of actual results with the budget.

South Central Ohio Educational Service Center

Budgetary Notes

For the Fiscal Year Ended June 30, 2006

NOTE 2 - BUDGETARY BASIS OF ACCOUNTING (continued)

The major differences between the budget basis and GAAP basis are that:

1. Revenues are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis).
2. Expenditures are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis).
3. Encumbrances are treated as expenditures (budget basis) rather than as a reservation of fund balance (GAAP Basis).
4. Advances In and Advances Out are operating transactions (budget basis) as opposed to balance sheet transactions (GAAP basis).

The following table summarizes the adjustments necessary to reconcile the GAAP and budgetary basis statements for the General Fund and the Cooperative Low Incidence, MRDD / Mental Health and Miscellaneous State Grants Special Revenue Funds.

Net Change in Fund Balances

	General	Cooperative Low Incidence	MRDD / Mental Health	Miscellaneous State Grants
GAAP Basis	\$30,401	(\$7,135)	(\$73,383)	(\$129,680)

NOTE A – BASIS OF ACCOUNTING

The accompanying Schedule of Federal Awards Receipts and Expenditures (the Schedule) summarizes activity of the Educational Service Center's federal award programs. The Schedule has been prepared on the cash basis of accounting.

NOTE B – MATCHING REQUIREMENTS

Certain Federal programs require that the Educational Service Center contribute non-Federal funds (matching funds) to support the federally-funded programs. The Educational Service Center has complied with the matching requirements. The expenditure of non-Federal matching funds is not included on this Schedule.

INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY *GOVERNMENT AUDITING STANDARDS*

South Central Ohio Educational Service Center
Scioto County
411 Court Street, Room 105
Portsmouth, Ohio 45662

To the Board of Education:

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the South Central Ohio Educational Service Center, Scioto County, Ohio (the Educational Service Center), as of and for the year ended June 30, 2006, which collectively comprise the Educational Service Center's basic financial statements and have issued our report thereon dated March 13, 2007. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Educational Service Center's internal control over financial reporting to determine our auditing procedures to express our opinions on the basic financial statements and not to opine on the internal control over financial reporting. Our consideration of the internal control would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts material to the financial statements we audited may occur and not be timely detected by employees when performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider material weaknesses. In a separate letter to the Educational Service Center's management dated March 13, 2007, we reported an other matter involving internal control over financial reporting we did not deem a reportable condition.

Compliance and Other Matters

As part of reasonably assuring whether the Educational Service Center's basic financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

South Central Ohio Educational Service Center
Scioto County
411 Court Street, Room 105
Portsmouth, Ohio 45662

To the Board of Education:

Compliance

We have audited the compliance of the South Central Ohio Educational Service Center, Scioto County, Ohio (the Educational Service Center), with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133, Compliance Supplement that apply to each of its major federal programs for the year ended June 30, 2006. The Summary of Auditor's Results section of the accompanying Schedule of Findings identifies the Educational Service Center's major federal programs. The Educational Service Center's management is responsible for complying with the requirements of laws, regulations, contracts, and grants applicable to each major federal program. Our responsibility is to express an opinion on the Educational Service Center's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to reasonably assure whether noncompliance occurred with the types of compliance requirements referred to above that could directly and materially affect a major federal program. An audit includes examining, on a test basis, evidence about the Educational Service Center's compliance with those requirements and performing other procedures we considered necessary in the circumstances. We believe our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Educational Service Center's compliance with those requirements.

In our opinion, the Educational Service Center complied, in all material respects, with the requirements referred to above that apply to each of its major federal programs for the year ended June 30, 2006.

Internal Control Over Compliance

The Educational Service Center's management is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to federal programs.

Telephone: (740) 594-3300 (800) 441-1389 Fax: (740) 594-2110

In planning and performing our audit, we considered the Educational Service Center's internal control over compliance with requirements that could directly and materially affect a major federal program to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants caused by error or fraud that would be material in relation to a major federal program being audited may occur and not be timely detected by employees when performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

We intend this report solely for the information and use of management, the Board of Education, federal awarding agencies, and pass-through entities. It is not intended for anyone other than these specified parties.
