

TORONTO CITY SCHOOL DISTRICT

Audit Report

For the Year Ended June 30, 2006

CHARLES E. HARRIS & ASSOCIATES, INC.
Certified Public Accountants and Government Consultants

Mary Taylor, CPA
Auditor of State

Board of Education
Toronto City School District
300 Meyers St.
Toronto, OH 43964

We have reviewed the *Report of Independent Accountants* of the Toronto City School District, Jefferson County, prepared by Charles E. Harris & Associates, Inc., for the audit period July 1, 2005 to June 30, 2006. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Toronto City School District is responsible for compliance with these laws and regulations.

REPORT OF INDEPENDENT ACCOUNTANTS

Toronto City School District
Jefferson County
300 Myers Street
Toronto, Ohio 43964

To the Board of Education:

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Toronto City School District, Jefferson County, Ohio, (the District), as of and for the year ended June 30, 2006, which collectively comprise the District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the District's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund and the aggregate remaining fund information of the Toronto City School District, Jefferson County, Ohio, as of June 30, 2006, and the respective changes in financial position and cash flows, where applicable, thereof and the budgetary comparison for the General Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Management's Discussion and Analysis is not a required part of the basic financial statements, but is supplementary information the Governmental Accounting Standards Board requires. We have applied certain limited procedures, which consisted principally on inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

In accordance with *Government Auditing Standards*, we have also issued a report dated February 1, 2007 on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, grants agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

Our audit was made for the purpose of forming an opinion on the basic financial statements of the Toronto City School District taken as a whole. The accompanying schedule of federal awards expenditures is presented for the purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects, in relation to the basic financial statements taken as a whole.

Charles E. Harris & Associates, Inc.

**TORONTO CITY SCHOOL DISTRICT
JEFFERSON COUNTY**

**Management's Discussion and Analysis
For Fiscal Year Ended June 30, 2006
Unaudited**

The discussion and analysis of the financial performance of Toronto City School District (the District) provides an overall review of the District's financial activities for the fiscal year ended June 30, 2006. The intent of this discussion and analysis is to look at the District's financial performance as a whole; readers should also review the basic financial statements and notes to enhance their understanding of the District's financial performance.

Financial Highlights

Key financial highlights for fiscal year 2006 are as follows:

In total, net assets increased \$94,553.

General revenues accounted for \$5,757,165, or 78 percent of all revenues. Program specific revenues in the form of operating grants and contributions accounted for \$1,608,639, or 22 percent of total revenues of \$7,365,804.

The District's major fund is the General Fund. The General Fund had \$5,772,395 in revenues and \$6,097,824 in expenditures and other financing uses. The General Fund's balance decreased \$325,429 from the prior fiscal year.

Using the Basic Financial Statements

This annual report consists of a series of financial statements and notes to those statements. The statements are organized so the reader can understand the District as a financial whole, or as an entire operating entity.

The statement of net assets and the statement of activities provide information about the activities of the whole District, presenting both an aggregate view of the District's finances and a longer-term view of those finances.

Fund financial statements provide a greater level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the District's most significant funds, with all other non-major funds presented in total in a single column.

For the District, the General Fund is by far the most significant fund. The General Fund is the only major fund.

Reporting the District as a Whole

Statement of Net Assets and Statement of Activities

The statement of net assets and the statement of activities reflect how the District did financially during fiscal year 2006. These statements include all assets and liabilities using the accrual basis of accounting similar to which is used by most private-sector companies. This basis of accounting considers all of the current fiscal year's revenues and expenses regardless of when cash is received or paid.

These statements report the District's net assets and changes in those assets. This change in net assets is important because it tells the reader whether the financial position of the District as a whole has increased or decreased from the prior fiscal year. Over time, these increases and/or decreases are one indicator of whether the financial position is improving or deteriorating. Causes for these changes may be the result of many factors, some financial, some not. Non-financial factors include the District's property tax base, current property tax laws in Ohio restricting revenue growth, facility conditions, required educational programs, and other factors.

**TORONTO CITY SCHOOL DISTRICT
JEFFERSON COUNTY**

**Management's Discussion and Analysis
For Fiscal Year Ended June 30, 2006
Unaudited
(Continued)**

In the statement of net assets and the statement of activities, the District discloses a single type of activity:

Governmental Activities - All of the District's programs and services are reported here including instruction, support services, non-instructional services, and extracurricular activities. These services are primarily funded by property tax revenues and from intergovernmental revenues, including federal and state grants and other shared revenues.

Reporting the District's Most Significant Funds

Fund Financial Statements

Fund financial statements provide detailed information about the District's major fund. While the District uses many funds to account for its multitude of financial transactions, the fund financial statements focus on the District's most significant funds. The District's major governmental fund is the General Fund.

Governmental Funds - Most of the District's activities are reported in governmental funds, which focus on how monies flow into and out of those funds and the balances left at fiscal year end for spending in future periods. These funds are reported using modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the District's general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or less financial resources that can be spent in the near future to finance educational programs.

Because the focus of the governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities on the government-wide financial statements. By doing so, readers may better understand the long-term impact of the District's short-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to help make this comparison between governmental funds and governmental activities.

Fiduciary Funds - Fiduciary funds are used to account for resources held for the benefit of parties outside the District. Fiduciary funds are not reflected on the government-wide financial statements because the resources from these funds are not available to support the District's programs. These funds use the accrual basis of accounting.

Unaudited
(Continued)**

<u>Expenses:</u>		
Instruction	\$3,879,826	\$3,650,311
Support Services:		
Pupils	238,525	278,864
Instructional Staff	299,601	276,353
Board of Education	10,196	8,482
Administration	780,288	847,151
Fiscal	278,665	255,626
Business	38,413	32,483
Operation and Maintenance of Plant	967,776	953,768
Pupil Transportation	149,796	258,676
Non-Instructional	395,506	410,879
Extracurricular Activities	232,659	237,140
Total Expenses	<u>7,271,251</u>	<u>7,209,733</u>
Increase/(Decrease) in Net Assets	<u>\$94,553</u>	<u>(\$166,378)</u>

The District had an increase in property tax revenue. Increases in instruction, instruction staff, and administration attributed to the slight increase in expenses.

Governmental Activities

Table 3 indicates the total cost of services and the net cost of services for governmental activities. The statement of activities reflects the cost of program services and the charges for services and sales, grants, and contributions offsetting those services. The net cost of services identifies the cost of those services supported by tax revenues and unrestricted state entitlements.

**TORONTO CITY SCHOOL DISTRICT
JEFFERSON COUNTY**

**Management's Discussion and Analysis
For Fiscal Year Ended June 30, 2006
Unaudited
(Continued)**

The dependence upon tax revenues and unrestricted state entitlements for governmental activities is apparent. Over 71 percent of instruction activities is supported through taxes and other general revenues. For all governmental activities, support from general revenues is 78 percent. The remaining 22 percent is derived from tuition and fees, specific grants, and donations.

The District's Funds

The District's governmental funds are accounted for using the modified accrual basis of accounting. The District's major governmental fund is the General Fund. Total governmental funds had revenues of \$7,374,854 and expenditures of \$7,700,802. The net negative change of \$325,948 in fund balance for the year indicates that the District had difficulty meeting current costs.

General Fund Budgeting Highlights

The District's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the General Fund. During the course of fiscal year 2006, the District amended its General Fund budget as needed.

Final expenditures were budgeted at \$6,845,418 while actual expenditures were \$6,210,521. The \$634,897 difference is primarily due to a conservative "worst case scenario" approach. The District over-appropriates in case significant, unexpected expenditures arise during the fiscal year.

Capital Assets and Debt Administration

Capital Assets

At the end of fiscal year 2006, the District had \$1,775,544 invested in capital assets (net of accumulated depreciation) for governmental activities.

For further information regarding the District's capital assets, see Note 7 to the basic financial statements.

Debt

At June 30, 2006, the District had no debt.

At June 30, 2006, the District's overall legal debt margin was \$6,576,331, with an un-voted debt margin of \$73,070.

For further information regarding the District's debt, see Note 12 to the basic financial statements.

Current Issues

The District is holding its own in the state of a declining economy and uncertainty in State funding. Toronto is a small residential community of 5,676 people along the Ohio River in Eastern Ohio. Its major business is TIMET, a worldwide producer/distributor of titanium sheet metal products. Many of its residents are employed in the area steel industry at WEIRTON ISG and Wheeling Pittsburgh Steel. It also has a number of small and medium businesses.

The District is currently operating in the second year of the state biennium budget. 44 percent of District revenue sources is from local funds, 48 percent is from state funds, and the remaining eight percent is from federal funds. The total expenditure per pupil was calculated at \$8,541.

**TORONTO CITY SCHOOL DISTRICT
JEFFERSON COUNTY**

**Management's Discussion and Analysis
For Fiscal Year Ended June 30, 2006
Unaudited
(Continued)**

Over the past several years, the District has remained in a good financial position. In May 1999, the District passed a 5 mill five-year operating levy. The last collection on that levy will occur in calendar year 2005. A replacement levy was approved on the November 2, 2004 ballot for replacement and will generate \$415,422 annually. This levy provides a source of funds for the financial operations and stability of the District. However, future finances are not without challenges as our community changes and state funding is revised. Some of these challenges are in the future of state funding for schools in light of the DeRolph court case and the long term effects of public utility deregulation, as well as the reduction of personal property for business inventory.

Contacting the District's Financial Management

This financial report is designed to provide our citizens, taxpayers, investors, and creditors with a general overview of the District's finances and to reflect the District's accountability for the monies it receives. Questions concerning any of the information in this report or requests for additional information should be directed to Cheryl Vukelic, Treasurer, Toronto City School District, 300 Myers St., Toronto, Ohio 43964.

**Reconciliation of Statement of Revenues, Expenditures, and Changes in Fund Balances
of Governmental Funds to Statement Activities
For the Fiscal Year Ended June 30, 2006**

Net Change in Fund Balances - Total Governmental Funds \$ (325,948)

Amounts reported for governmental activities on the statement of activities are different because of the following:

Governmental funds report capital outlay as expenditures. However, on the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlay exceeds depreciation in the current year.

Capital Outlay - Depreciable Capital Assets	111,277	
Depreciation	<u>(178,763)</u>	
		(67,486)

The proceeds from the sale of capital assets are reported as other financing sources in the governmental funds. However, the cost of the capital assets is removed from the capital asset account on the statement of net assets and is offset against the proceeds from the sale of capital assets resulting in a gain (loss) on disposal of capital assets on the statement of activities.

Gain (Loss) on Disposal of Capital Assets		(1,132)
---	--	---------

Revenues on the statement of activities that do not provide current financial resources are not reported as revenues in governmental funds:

Interest	2,447	
Intergovernmental	16,030	
Delinquent Property Taxes	<u>6,473</u>	
		24,950

Internal service fund is not included in governmental fund financial statements.		382,356
--	--	---------

Some expenses reported on the statement of activities, such as compensated absences do not require the use of current financial resources, therefore, are not reported as expenditures in governmental funds:

Intergovernmental Payable	61,364	
Compensated Absences Payable	<u>20,449</u>	
		<u>81,813</u>

Change in Net Assets of Governmental Activities		\$ <u><u>94,553</u></u>

JEFFERSON COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2006**

1. DESCRIPTION OF THE SCHOOL DISTRICT AND REPORTING ENTITY

Toronto City School District (the District) is a body politic and corporate established for the purpose of exercising the rights and privileges conveyed to it by the constitution and laws of the State of Ohio. Toronto City School District is a city school district as defined by §3311.22 of the Ohio Revised Code. The District operates under an elected Board of Education (5 members) and is responsible for the provision of public education to residents of the District. The Board oversees the operations of the District's seven instructional/support facilities staffed by 41 non-certified and 80 certified full-time teaching personnel who provide services to 956 students and other community members.

The Reporting Entity

The reporting entity is comprised of the primary government, component units, and other organizations that are included to insure that the financial statements of the District are not misleading. The primary government consists of all funds, departments, boards, and agencies that are not legally separate from the District. This includes general operations, food service, and student related activities of the District.

Component units are legally separate organizations for which the District is financially accountable. The District is financially accountable for an organization if the District appoints a voting majority of the organization's governing board and (1) the District is able to significantly influence the programs or services performed or provided by the organization; or (2) the District is legally entitled to or can otherwise access the organization's resources; the District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the District in that the District approves the budget, the issuance of debt, or the levying of taxes. The District does not have any component units.

The District is associated with four organizations, which are defined as a joint venture, a jointly governed organization, and insurance purchasing pools. These organizations include the Ohio Mid-Eastern Regional Education Service Agency, the Jefferson County Career Center, the Ohio School Boards Association Workers' Compensation Group Rating Plan, and the Ohio Mid-Eastern Regional Education Service Agency Health Benefits Plan. These organizations are presented in Notes 14 and 15 to the basic financial statements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the District have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The District also applies Financial Accounting Standards Board (FASB) statements and interpretations issued on or before November 30, 1989, to its governmental activities provided they do not conflict with or contradict GASB pronouncements. Following are the more significant of the District's accounting policies.

A. Basis of Presentation

The District's basic financial statements consist of government-wide statements, including a statement of net assets and a statement of activities, and fund financial statements, which provide a more detailed level of financial information.

Government-Wide Financial Statements

The statement of net assets and the statement of activities display information about the District as a whole. These statements include the financial activities of the primary government, except for fiduciary funds.

**TORONTO CITY SCHOOL DISTRICT
JEFFERSON COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2006
(Continued)**

The statement of net assets presents the financial condition of the governmental activities of the District at year-end. The government-wide statement of activities presents a comparison between direct expenses and program revenues for each function program of the District's governmental activities. Direct expenses are those that are specifically associated with a service, program, or department and therefore are clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues, which are not classified as program revenues, are presented as general revenues of the District, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which the governmental function is self-financing or draws from the general revenues of the District.

Fund Financial Statements

During the year, the District segregates transactions related to certain District functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the District at this more detailed level. The focus of governmental and enterprise fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. Fiduciary funds are reported by fund type.

B. Fund Accounting

The District uses funds to maintain its financial records during the fiscal year. Fund accounting is designed to demonstrate legal compliance and to aid management by segregating transactions related to certain District functions or activities. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The various funds of the District are grouped into the categories governmental and fiduciary.

Governmental Funds

Governmental funds focus on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The General Fund is the District's major governmental fund:

General Fund - The General Fund is used to account for all financial resources, except those required to be accounted for in another fund. The General Fund is available to the District for any purpose provided it is expended or transferred according to the general laws of Ohio.

The other governmental funds of the District account for grants and other resources, and capital projects of the District whose uses are restricted to a particular purpose.

**TORONTO CITY SCHOOL DISTRICT
JEFFERSON COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2006
(Continued)**

Proprietary Funds

Proprietary funds are used to account for the District's ongoing activities that are similar to those found in the private sector. The following is the District's proprietary fund:

Internal Service Fund - The Internal Service Fund accounts for the financing of services provided by one department or agency to other departments or agencies of the District on a cost reimbursement basis. The District's only internal service fund accounts for the operation of the District's self-insurance program for employee medical, vision, prescription drug, and dental claims.

Fiduciary Funds

Fiduciary fund reporting focuses on net assets and changes in net assets. The fiduciary funds of the District consist of agency funds.

C. Measurement Focus

Government-Wide Financial Statements

The government-wide financial statements are prepared using the economic resources measurement focus. All assets and all liabilities associated with the operation of the District are included on the statement of net assets. The statement of activities presents increases (e.g. revenues) and decreases (e.g. expenses) of total net assets.

Fund Financial Statements

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

D. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Fiduciary funds use the accrual basis of accounting. Differences in the accrual and modified accrual bases of accounting arise in the recognition of revenue, the recording of deferred revenue and in the presentation of expenses versus expenditures.

**TORONTO CITY SCHOOL DISTRICT
JEFFERSON COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2006
(Continued)**

Revenues - Exchange and Non-exchange Transactions

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. "Measurable" means the amount of the transaction can be determined, and "available" means collectible within the current fiscal year or soon enough thereafter to be used to pay liabilities of the current fiscal year. For the District, available means expected to be received within sixty days of fiscal year end.

Nonexchange transactions, in which the District receives value without directly giving equal value in return, include property taxes, grants, entitlements, and donations. Revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted; matching requirements, in which the District must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the District on a reimbursement basis. On a modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at fiscal year end: property taxes available as an advance, income taxes, grants, investment earnings, tuition, and student fees.

Deferred Revenue

Deferred revenue arises when assets are recognized before revenue recognition criteria have been satisfied.

Property taxes for which there is an enforceable legal claim as of June 30, 2006, but which were levied to finance fiscal year 2007 operations, have been recorded as deferred revenue. Grants and entitlements received before the eligibility requirements are met are also recorded as deferred revenue.

On the governmental fund financial statements, receivables that will not be collected within the available period have been reported as deferred revenue.

Expenditures/Expenses

On the accrual basis of accounting, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

**TORONTO CITY SCHOOL DISTRICT
JEFFERSON COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2006
(Continued)**

E. Budgetary Process

All funds, except agency funds, are legally required to be budgeted and appropriated. The major documents prepared are the tax budget, the certificate of estimated resources, and the appropriations resolution, all of which are prepared on the budgetary basis of accounting. The tax budget demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amount the Board of Education may appropriate. The appropriation resolution is the Board's authorization to spend resources and sets annual limits on expenditures plus encumbrances at the level of control selected by the Board. The primary level of budgetary control is at the fund level within all funds. Any budgetary modifications at this level may only be made by the Board of Education. Budgetary allocations at the function and object level in all funds are made by the Treasurer.

The certificate of estimated resources may be amended during the year if projected increases or decreases in revenue are identified by the Treasurer. The amounts reported as the original budgeted amounts on the budgetary statements reflect the amounts on the certificate of estimated resources when the original appropriations were adopted. The amounts reported as the final budgeted amounts on the budgetary statements reflect the amounts on the amended certificate of estimated resources in effect at the time final appropriations were passed by the Board.

The appropriation resolution is subject to amendment throughout the year with the restriction that appropriations cannot exceed estimated resources. The amounts reported as the original budgeted amounts reflect the first appropriation resolution for that fund that covered the entire fiscal year, including amounts automatically carried forward from prior fiscal years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by the Board during the fiscal year.

F. Cash and Investments

To improve cash management, cash received by the District is pooled. Monies for all funds are maintained in this pool. Interest in the pool is presented as "equity in pooled cash and cash equivalents" on the financial statements.

The District has invested funds in the State Treasury Asset Reserve of Ohio (STAR Ohio) during fiscal year 2006. STAR Ohio is an investment pool managed by the State Treasurer's Office, which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAR Ohio are valued at STAR Ohio's share price, which is the price the investment could be sold for on June 30, 2006.

As authorized by Ohio statutes, the Board of Education has specified the funds to receive an allocation of interest earnings. Interest revenue credited to the General Fund during fiscal year 2006 amounted to \$102,676 and \$2,026 to other District funds.

For presentation on the financial statements, investments of the cash management pool and investments with original maturities of three months or less at the time they are purchased by the District are considered to be cash equivalents. Investments with an initial maturity of more than three months that are not purchased from the pool are reported as investments.

**TORONTO CITY SCHOOL DISTRICT
JEFFERSON COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2006
(Continued)**

G. Inventory

On the government-wide financial statements, inventories are presented at the lower of cost or market on a first-in, first-out basis and are expensed when used.

On the fund financial statements, inventories of governmental funds are stated at cost. Cost is determined on a first-in, first-out basis. The cost of inventory items is recorded as an expenditure when purchased.

H. Restricted Assets

Assets are reported as restricted assets when limitations on their use change the normal understanding of the availability of the asset. Such constraints are either imposed by creditors, contributor's grantors, or laws of other government or imposed by enabling legislation. Restricted assets include the amount required by State statute to be set aside for the acquisition or construction of capital assets.

I. Capital Assets

General capital assets are those assets not specifically related to activities. These assets generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide statement of net assets but are not reported on the fund financial statements.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and reductions during the year. Donated fixed assets are recorded at their fair market values as of the date received. The District's capitalization threshold is two thousand five hundred dollars. The District does not possess any infrastructure. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized.

All reported capital assets, other than land and construction in progress, are depreciated. Depreciation is computed using the straight-line method over the following useful lives:

<u>Description</u>	<u>Estimated Lives</u>
Land Improvements	15 - 30 years
Buildings and Building Improvements	30 - 50 years
Furniture and Fixtures	5 - 20 years
Vehicles	5 - 15 years
Equipment	10 years

J. Interfund Balances

On the fund financial statements, receivables and payables resulting from short-term interfund loans are classified as "interfund receivables/payables." These amounts are eliminated in the governmental activities columns of the statement of net assets, except for any net residual amounts due between governmental activities, which are presented as internal balances.

**TORONTO CITY SCHOOL DISTRICT
JEFFERSON COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2006
(Continued)**

K. Compensated Absences

Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the District will compensate the employees for the benefits through paid time off or some other means. The District records a liability for accumulated unused vacation time when earned for all employees with more than one year of service.

Sick leave benefits are accrued as a liability using the vesting method. The liability includes the employees who are currently eligible to receive termination benefits and those the District has identified as probable of receiving payment in the future. The amount is based on accumulated sick leave and employees' wage rates at fiscal year end, taking into consideration any limits specified in the District's termination policy.

The entire compensated absence liability is reported on the government-wide financial statements.

For governmental fund financial statements, the current portion of unpaid compensated absences is the amount that is normally expected to be paid using expendable available financial resources. These amounts are recorded in the account "compensated absences payable" in the fund from which the employees who have accumulated leave are paid. The noncurrent portion of the liability is not reported.

L. Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements.

In general, governmental fund payables and accrued liabilities that once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. However, claims and judgments, compensated absences, and special termination benefits that will be paid from governmental funds, are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current year. Long-term loans are recognized as a liability on the governmental fund financial statements when due.

M. Net Assets

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction, or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the District or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

The District applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

N. Fund Balance Reserves and Designations

The District reserves those portions of fund equity which are legally segregated for a specific future use or which do not represent available expendable resources and therefore are not available for appropriation or expenditure. Unreserved fund balance indicates that portion of fund equity, which is available for appropriation in future periods. Fund equity reserves have been established for encumbrances, property taxes, capital acquisitions, and prepaid items.

**TORONTO CITY SCHOOL DISTRICT
JEFFERSON COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2006
(Continued)**

The reserve for property taxes represents taxes recognized as revenue under generally accepted accounting principles but not available for appropriation under State statute. The reserve for capital acquisitions represents money to be set-aside by statute from improvements and/or construction of District buildings.

O. Interfund Assets/Liabilities

On the fund financial statements, receivables and payables resulting from short-term interfund loans or interfund services provided and used are classified as "Interfund Receivables/Payables." Interfund balances within governmental activities and within business type activities are eliminated on the government-wide statement of net assets. The only interfund balances which remain on the government-wide statement of net assets are those between governmental and business-type activities. These amounts are reflected as "Internal Balances."

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

P. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Q. Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the District and that are either unusual in nature or infrequent in occurrence. Neither type of transaction occurred during 2006.

3. BUDGETARY BASIS OF ACCOUNTING

While the District is reporting financial position, results of operations, and changes in fund balances on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The Statement of Revenues, Expenditures, and Changes in Fund Balance – Budget (Non-GAAP Basis) and Actual presented for the General Fund is presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and fund financial statements are the following:

1. Revenues are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis).
2. Expenditures are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis).
3. Encumbrances are treated as expenditures (budget basis) rather than as a reservation of fund balance (GAAP basis).

**TORONTO CITY SCHOOL DISTRICT
JEFFERSON COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2006
(Continued)**

The following table summarizes the adjustments necessary to reconcile the GAAP basis statements to the budgetary basis statements for the General Fund.

Net Change in Fund Balance Major Governmental Fund	
GAAP Basis	(\$325,429)
<u>Increase (Decrease) Due To:</u>	
Revenue Accruals:	
Accrued FY 2005, Received In Cash FY 2006	570,981
Accrued FY 2006, Not Yet Received in Cash	(617,947)
Expenditure Accruals:	
Accrued FY 2005, Paid in Cash FY 2006	(582,937)
Accrued FY 2006, Not Yet Paid in Cash	676,275
Advances Net	199,048
Encumbrances Outstanding at Year End (Budget Basis)	(173,372)
Budget Basis	(\$253,381)

4. DEPOSITS AND INVESTMENTS

Monies held by the District are classified by State statute into three categories.

Active monies are public monies determined to be necessary to meet current demands upon the District Treasury. Active monies must be maintained either as cash in the District Treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the Board has identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim monies are those monies, which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts, including passbook accounts.

Interim monies held by the District can be deposited or invested in the following securities:

1. United States Treasury bills, bonds, notes, or any other obligation or security issued by the United States Treasury, or any other obligation guaranteed as to principal and interest by the United States;
2. Bonds, notes, debentures, or any other obligation or security issued by any federal government agency or instrumentality including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;

**TORONTO CITY SCHOOL DISTRICT
JEFFERSON COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2006
(Continued)**

3. Written repurchase agreements in the securities listed above;
4. Bonds and other obligations of the State of Ohio or Ohio local governments;
5. Time certificates of deposit or savings or deposit accounts including, but not limited to, passbook accounts;
6. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) and repurchase agreements secured by such obligations;
7. The State Treasurer's investment pool (STAR Ohio); and
8. Commercial paper and bankers acceptances if training requirements have been met.

Investments in stripped principal or interest obligations, reverse repurchase agreements, and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage, and short selling are also prohibited. Investments may only be made through specified dealers and institutions.

At June 30, 2006, the District's internal service fund had a balance of \$254,854 with OME-RESA, a claims servicing pool (See Note 8). The balance is held by the claims administrator in a pooled account that is representative of numerous entities and therefore cannot be included in the risk disclosures reported by the District. Disclosures for the OME-RESA Self-Insurance Plan as a whole may be obtained from the Plan's fiscal agent, the Jefferson County Educational Service Center. To obtain financial information, write to the Ohio Mid Eastern Regional Educational Service Agency Self-Insurance Plan, Treasurer, Jefferson County ESC, Steubenville, Ohio 43695.

Deposits

Custodial credit risk for deposits is the risk that in the event of bank failure, the District will not be able to recover deposits or collateral securities that are in the possession of an outside party. At year end, \$3,058,386 of the District's bank balance of \$3,158,386 was exposed to custodial credit risk because it was uninsured and collateralized with securities held by the pledging financial institution's trust department or agent, but not in the District's name.

The District has no deposit policy for custodial risk beyond the requirements of State statute. Ohio law requires that deposits be either insured or be protected by eligible securities pledged to and deposited either with the District or a qualified trustee by the financial institution as security for repayment, or by a collateral pool of eligible securities deposited with a qualified trustee and pledged to secure the repayment of all public monies deposited in the financial institution whose market value at all times shall be at least one hundred five percent of the deposits being secured.

Investments

As of June 30, 2006, the District had \$519,876 invested in a repurchase agreement.

Interest Rate Risk - The District has no investment policy that addresses interest rate risk. State statute requires that an investment mature within five years from the date of purchase, unless matched to a specific obligation or debt of the District, and that an investment must be purchased with the expectation that it will be held to maturity. State statute limits investments in commercial paper to a maximum maturity of 180 days from the date of purchase. Repurchase agreements are limited to 30 days and the market value of the securities must exceed the principal value of the agreement by at least 2% and be marked to market daily.

**TORONTO CITY SCHOOL DISTRICT
JEFFERSON COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2006
(Continued)**

Custodial Credit Risk - For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The District has no investment policy dealing with investment custodial risk beyond the requirement in state statute that prohibits payment for investments prior to the delivery of the securities representing such investments to the Treasurer or qualified trustee.

Concentration of Credit Risk - The District places no limit on the amount it may invest in any one issuer

5. PROPERTY TAXES

Property taxes are levied and assessed on a calendar year basis, while the District's fiscal year runs from July through June. First-half tax distributions are received by the District in the second half of the fiscal year. Second-half tax distributions are received in the first half of the following fiscal year.

Property taxes include amounts levied against all real, public utility, and tangible personal (used in business) property located in the District. Real and public utility property tax revenues received in calendar year 2006 represent the collection of calendar year 2005 taxes. Real property taxes for 2006 were levied after April 1, 2005, on the assessed values as of January 1, 2005, the lien date. Assessed values for real property taxes are established by State statute at 35 percent of appraised market value. Real property taxes are payable annually or semiannually. If paid annually, payment is due December 31; if paid semiannually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, State statute permits alternate payment dates to be established.

Public utility real and tangible personal property taxes for 2006 were levied after April 1, 2005, on the assessed values as of December 31, 2004, the lien date. Public utility real property is assessed at 35 percent of true value; tangible personal property is currently assessed at varying percentages of true value. Public utility property taxes are payable on the same dates as real property taxes described previously.

Tangible personal property tax revenues received in calendar year 2006 (other than public utility property) represent the collection of calendar year 2006 taxes. Tangible personal property taxes for 2006 were levied after April 1, 2005, on the value as of December 31, 2004. Tangible personal property is currently assessed at 25 percent of true value. Amounts paid by multi-county taxpayers are due September 20. Single county taxpayers may pay annually or semiannually. If paid annually, payment is due April 30; if paid semiannually, the first payment is due April 30, with the remainder payable by September 20.

The District receives property taxes from Jefferson County. The County Auditor periodically advances to the District its portion of the taxes collected. Second-half real property tax payments collected by the county by June 30, 2006, are available to finance fiscal year 2006 operations. The amount available to be advanced can vary based on the date the tax bills are sent.

Accrued property taxes receivable represents delinquent taxes outstanding and real property, public utility property, and tangible personal property taxes, which were measurable as of June 30, 2006 and for which there is an enforceable legal claim. Although total property tax collections for the next fiscal year are measurable, amounts to be received during the available period are not subject to reasonable estimation at June 30, nor were they levied to finance fiscal year 2006 operations. For the governmental fund financial statements, the receivable is therefore offset by a credit to deferred revenue for that portion not intended to finance current year operations. The amount available as an advance was recognized as revenue.

**TORONTO CITY SCHOOL DISTRICT
JEFFERSON COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2006
(Continued)**

The amount available as an advance at June 30, 2006, was \$153,055 in the General Fund.

The assessed values upon which the fiscal year 2006 taxes were collected are:

	2005 Second- Half Collections		2006 First- Half Collections	
	Amount	Percent	Amount	Percent
Agricultural/Residential	\$45,195,860	54%	\$45,313,980	62%
Industrial/Commercial	8,880,820	11%	8,877,140	12%
Public Utility	3,574,840	4%	3,651,930	5%
Tangible Personal	25,432,940	31%	15,227,297	21%
Total Assessed Value	<u>\$83,084,460</u>	<u>100%</u>	<u>\$73,070,347</u>	<u>100%</u>
Tax rate per \$1,000 of assessed valuation	\$37.65		\$37.65	

6. RECEIVABLES

Receivables at June 30, 2006, consisted of property, accounts (rent and student fees), intergovernmental, and accrued interest. All receivables are considered collectible in full due to the ability to foreclose for the nonpayment of taxes, the stable condition of State programs, and the current year guarantee of federal funds.

A summary of the principal items of intergovernmental receivables follows:

	Amount
Governmental Activities	
Title VI-B	\$41,235
Title I	19,461
Preschool Handicapped	685
Title II-A	1,423
Total Intergovernmental Receivables	<u>\$62,804</u>

FOR THE FISCAL YEAR ENDED JUNE 30, 2006
(Continued)**

8. RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft or damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During fiscal year 2006, the District's insurance coverage was as follows:

<u>Type of Coverage</u>	<u>Insurance Carrier</u>	<u>Deductible</u>	<u>Liability Limit</u>
Building and Contents	Indiana Insurance Company	\$5,000	\$26,505,085
Boiler and Machinery	Travelers Property Casualty	1,000	5,000,000
Automobile Liability	Indiana Insurance Company		1,000,000
Comprehensive		100	
Collision		250	
Uninsured Motorists	Indiana Insurance Company	250	1,000,000
Inland Marine	Indiana Insurance Company	500	329,262
General Liability	Marsh USA		
Per occurrence		0	2,000,000
Aggregate		0	4,000,000
Excess Liability (Umbrella)	Marsh USA		
Per occurrence		0	1,000,000
Aggregate		0	1,000,000
Abuse or Molestation Liability	Marsh USA		
Per occurrence			1,000,000
Aggregate			1,000,000

Settled claims have not exceeded this commercial coverage in any of the past three years. There have been no significant reductions in insurance coverage from the last fiscal year.

For fiscal year 2006, the District participated in the Ohio School Boards Association Workers' Compensation Group Rating Program (GRP), an insurance purchasing pool (Note 15). The intent of the GRP is to achieve the benefit of a reduced premium for the District by virtue of its grouping and representation with other participants in the GRP. The workers' compensation experience of the participating school districts is calculated as one experience and a common premium rate is applied to all school districts in the GRP. Each participant pays its workers' compensation premium to the State based on the rate for the GRP rather than its individual rate. Total savings are then calculated and each participant's individual performance is compared to the overall savings percentage of the GRP. A participant will then either receive money from or be required to contribute to the "Equity Pooling Fund." This "equity pooling" arrangement insures that each participant shares equally in the overall performance of the GRP. Participation in the GRP is limited to school districts that can meet the GRP's selection criteria. The firm of Gates McDonald & Co. provides administrative, cost control and actuarial services to the GRP.

Medical/surgical and dental insurance is offered to employees through a self-insurance internal service fund. The District is a member of the Ohio Mid-Eastern Regional Education Service Agency Health Benefit Plan, a public entity risk management, insurance, and claims servicing pool, consisting of school districts within the region, in which monthly premiums are paid to the fiscal agent who in turn pays the claims on the District's behalf.

**TORONTO CITY SCHOOL DISTRICT
JEFFERSON COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2006
(Continued)**

The claims liability of \$134,308 reported in the Internal Service Fund at June 30, 2006 is based on an estimate provided by the third party administrator and the requirements of Governmental Accounting Standards Board Statement No. 30 which requires that a liability for unpaid claim costs, including estimates of costs relating to incurred but not reported claims, be reported. Changes in claims activity for the past two fiscal years are as follows:

	Balance at Beginning of Year	Current Year Claims	Claims Payments	Balance at End of Year
2005	\$62,719	\$672,861	\$667,994	\$67,586
2006	\$67,586	\$535,189	\$468,467	\$134,308

9. DEFINED PENSION BENEFIT PLANS

A. School Employees Retirement System

The District contributes to the School Employees Retirement System of Ohio (SERS), a cost-sharing multiple employer public employee retirement system administered by the School Employees Retirement Board. SERS provides basic retirement benefits, disability, survivor, and health care benefits based on eligible service credit to members and beneficiaries. Benefits are established by Chapter 3309 of the Ohio Revised Code. SERS issues a publicly available financial report that includes financial statements and required supplementary information for SERS. The report may be obtained by writing to the School Employees Retirement System, 300 East Broad Street, Suite 100 Columbus, Ohio 43215-3746 or by calling (614) 222-5853.

Plan members are required to contribute 10 percent of their annual covered salary and the District is required to contribute an actuarially determined rate. The current rate is 14 percent of annual covered payroll. A portion of the District's contribution is used to fund pension obligations with the remainder being used to fund health care benefits; for fiscal year 2006, 10.58 percent of annual covered salary was the portion used to fund pension obligations. For fiscal year 2005, 10.57 percent was used to fund pension obligations. The contribution requirements of plan members and employers are established and may be amended, up to statutory maximum amounts, by the SERS Retirement Board. The District's required contributions for pension obligations to SERS for the fiscal years ended June 30, 2006, 2005, and 2004 were \$194,182, \$182,571, and \$198,133, respectively; 61 percent has been contributed for fiscal year 2006 and 100 percent for fiscal years 2005 and 2004. The unpaid contributions for fiscal year 2006 are \$76,248.

B. State Teachers Retirement System

The District contributes to the State Teachers Retirement System of Ohio (STRS), a cost sharing multiple employer public employee retirement system administered by the State Teachers Retirement Board. STRS provides basic retirement benefits, disability, survivor, and health care benefits based on eligible service credit to members and beneficiaries. Benefits are established by Chapter 3307 of the Ohio Revised Code. STRS issues a publicly available financial report that includes financial statements and required supplementary information for STRS. The report may be obtained by writing to the State Teachers Retirement System, 275 East Broad Street, Columbus, Ohio 43215-3771 or by calling (614) 227-4090.

**TORONTO CITY SCHOOL DISTRICT
JEFFERSON COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2006
(Continued)**

New members have a choice of three retirement plans, a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. The DB plan offers an annual retirement allowance based on final average salary times a percentage that varies based on years of service, or an allowance based on member contributions and earned interest matched by STRS Ohio funds times an actuarially determined annuity factor. The DC Plan allows members to place all their member contributions and employer contributions equal to 10.5% of earned compensation into an investment account. Investment decisions are made by the member. A member is eligible to receive a retirement benefit at age 50 and termination of employment.

The Combined Plan offers features of both the DC Plan and the DB Plan. In the Combined Plan, member contributions are invested by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. DC and Combined Plan members will transfer to the Defined Benefit Plan during their fifth year of membership unless they permanently select the DC or Combined plan. Existing members with less than five years of service credit as of June 30, 2001, were given the option of making a one time irrevocable decision to transfer their account balances from the existing DB Plan into the DC Plan or the Combined Plan. This option expired on December 31, 2001. Benefits are established by Chapter 3307 of the Ohio Revised Code.

A DB or Combined Plan member with five or more years credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members who die before retirement may qualify for survivor benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

For the fiscal year ended June 30, 2006, plan members are required to contribute 10 percent of their annual covered salaries. The District was required to contribute 14 percent; 13 percent was the portion used to fund pension obligations. For fiscal year 2005, the portion used to fund pension obligations was 13 percent. Contribution rates are established by the State Teachers Retirement Board, upon recommendation of its consulting actuary, not to exceed statutory maximum rates of 10 percent for members and 14 percent for employers. Chapter 3307 of the Ohio Revised code provides statutory authority for member and employer contributions.

The District's required contributions for pension obligations to the DB Plan for the fiscal years ended June 30, 2006, 2005, and 2004 were \$456,765, \$503,396, and \$496,251, respectively; 84 percent has been contributed for fiscal year 2006 and 100 percent for fiscal years 2005 and 2004. The unpaid contribution for fiscal year 2006 is \$71,872.

C. Social Security System

Effective July 1, 1991, all employees not otherwise covered by the School Employees Retirement System or the State Teachers Retirement System have an option to choose Social Security or the School Employees Retirement System/State Teachers Retirement System. As of June 30, 2006, all members of the Board of Education have elected SERS.

10. POSTEMPLOYMENT BENEFITS

The School District provides comprehensive health care benefits to retired teachers and their dependents through the State Teachers Retirement System of Ohio, (STRS Ohio), and to retired non-certificated employees and their dependents through the School Employees Retirement System (SERS). Benefits include hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare premiums. Benefit provisions and the obligations to contribute are established by the System based on authority granted by State statute. Both systems are funded on a pay-as-you-go basis.

**TORONTO CITY SCHOOL DISTRICT
JEFFERSON COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2006
(Continued)**

All STRS Ohio benefit recipients and sponsored dependents are eligible for health care coverage. The STRS Ohio Board has statutory authority over how much, if any, of the health care costs will be absorbed by STRS Ohio. Most benefit recipients pay a portion of health care cost in the form of a monthly premium. By law, the cost of coverage paid from STRS Ohio funds is included in the employer contribution rate, currently 14 percent of covered payroll. The STRS Ohio Board currently allocates employer contributions equal to 1 percent of covered payroll to the Health Care Stabilization Fund from which payments for health care benefits are paid. For the School District this amount equaled \$67,257 for fiscal year 2006.

STRS Ohio pays health care benefits from the Health Care Stabilization Fund. At June 30, 2005, (the latest information available) the balance in the Fund was \$3.3 billion. For the year ended June 30, 2005, net health care costs paid by STRS were \$254,780,000 and STRS had 115,395 eligible benefit recipients.

For SERS, coverage is made available to service retirees with ten or more fiscal years of qualifying service credit, and to disability and survivor benefit recipients. Effective January 1, 2004, all retirees and beneficiaries are required to pay a portion of their health care premium. The portion is based on years of service, Medicare eligibility and retirement status. Premiums may be reduced for retirees whose household income falls below the poverty level.

After the allocation for basic benefits, the remainder of the employer's 14 percent contribution is allocated to providing health care benefits. For the fiscal year ended June 30, 2006, employer contributions to fund health care benefits were 3.42 percent of covered payroll, a decrease of .01 from fiscal year 2005. In addition, SERS levies a surcharge to fund health care benefits equal to 14 percent of the difference between a minimum pay and the member's pay, pro-rated for partial service credit. For fiscal year 2006, the minimum pay has been established as \$35,800. The surcharge, added to the unallocated portion of the 14 percent employer rate, provides for maintenance of the asset target level for the health care fund. For the School District, the amount to fund health care benefits, including surcharge, during the 2006 fiscal year equaled \$60,509. The SERS surcharge is capped at 2 percent of the total qualifying payroll.

Net health care costs for the year ending June 30, 2006 (the latest information available) were \$158,751. The target level for the health care fund is 150% of the projected claims less premium contributions for the next fiscal year. As of June 30, 2006, (the latest information available), the value of the health care fund was \$295.6 million, which is about 221% of next year's projected net health care costs. On the basis of actuarial projections, the allocated contributions will be insufficient, in the long term, to provide for a health care reserve equal to at least 150% of estimated annual net claim costs. The number of participants eligible to receive benefits is 59,492.

11. COMPENSATED ABSENCES

The criteria for determining vacation and sick leave components are derived from negotiated agreements and State laws. Classified employees earn ten to twenty days of vacation per fiscal year, depending upon length of service. Accumulated, unused vacation time is paid to classified employees and administrators upon termination of employment. Teachers do not earn vacation time.

Teachers, administrators, and classified employees earn sick leave at the rate of one and one-fourth days per month. Sick leave may be accumulated up to a maximum of 260 days for certified personnel and 265 days for classified personnel. Upon retirement, payment is made for one-fourth of accrued, but unused sick leave credit to a maximum of 55 days for certified employees and 57 days for classified employees.

**TORONTO CITY SCHOOL DISTRICT

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2006
(Continued)**

12. LONG-TERM OBLIGATIONS

During the year ended June 30, 2006, the following changes occurred in obligations reported in the Government-Wide Financial Statements:

	<u>Balance at 6/30/05</u>	<u>Additions</u>	<u>Reductions</u>	<u>Balance at 6/30/06</u>	<u>Amounts Due Within One Year</u>
Governmental Activities:					
Compensated Absences	\$418,181	\$21,369	\$41,818	\$397,732	\$3,760
Total	<u>\$418,181</u>	<u>\$21,369</u>	<u>\$41,818</u>	<u>\$397,732</u>	<u>\$3,760</u>

Compensated absences will be paid from the fund from which the employees' salaries are paid.

The District's voted legal debt margin was \$6,576,331, with an unvoted debt margin of \$73,070 at June 30, 2006.

13. SET-ASIDE CALCULATIONS AND FUND RESERVES

The District is required by State statute to annually set aside in the General Fund an amount based on a statutory formula for the purchase of textbooks and other instructional materials and an equal amount for the acquisition and construction of capital improvements. Amounts not spent by year-end or offset by similarly restricted resources received during the year must be held in cash at year-end and carried forward to be used for the same purposes in future years.

The following cash basis information describes the change in the year-end set-aside amounts for textbooks and capital acquisition. Disclosure of this information is required by State statute.

	<u>Textbooks</u>	<u>Capital Acquisition</u>	<u>Totals</u>
Set-aside Cash Balance as of June 30, 2005	(\$53,670)	\$10,573	(\$43,097)
Current Year Set-aside Requirement	125,087	125,087	250,174
Qualifying Disbursements	(129,012)	(121,260)	(250,272)
Total	<u>(\$57,595)</u>	<u>\$14,400</u>	<u>(\$43,195)</u>
Set-aside Balance Carried Forward to FY 2007	<u>(\$57,595)</u>	<u>\$14,400</u>	<u>(\$43,195)</u>

The District had offsets and qualifying disbursements during the year that reduced the set-aside amounts to below zero. The negative amounts may be used to offset future year textbook set-aside requirements.

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2006
(Continued)**

14. JOINTLY GOVERNED ORGANIZATIONS

A. Ohio Mid Eastern Regional Educational Service Agency (OME-RESA)

Ohio Mid Eastern Regional Educational Service Agency (OME-RESA) is a jointly governed organization created as a regional council of governments pursuant to State statutes. OME-RESA provides financial accounting services, an educational management information system, cooperative purchase services and legal services, to member districts. OME-RESA has eleven participating counties consisting of Belmont, Carroll, Columbiana, Coshocton, Guernsey, Harrison, Holmes, Jefferson, Muskingum, Noble, and Tuscarawas Counties. OME-RESA operates under the direction of a Board consisting of one representative from each of the participating school districts. The Jefferson County Educational Service Center office serves as fiscal agent and receives funding from the State Department of Education. The continued existence of OME-RESA is not dependent on the District's continued participation and no equity interest exists. OME-RESA has no outstanding debt. To obtain financial information write to the Ohio Mid-Eastern Regional Service Agency, Debra Angelo, who serves as Treasurer, Steubenville, Ohio 43952.

B. Jefferson County Career Center

The Jefferson County Career Center is a distinct political subdivision of the State of Ohio operated under the direction of a Board consisting of one representative from each of the participating school districts' elected boards, which possesses its own budgeting and taxing authority. To obtain financial information write to the Jefferson County Career Center, Karen S. Spoonemore, who serves as Treasurer, at 1509 County Highway 22A, Bloomingdale, Ohio 43910-9781.

15. GROUP PURCHASING POOLS

A. Ohio School Boards Association Workers' Compensation Group Rating Plan

The District participates in the Ohio School Boards Association Workers' Compensation Group Rating Program (GRP), an insurance purchasing pool. The GRP's business and affairs are conducted by a three member Board of directors consisting of the President, the President-Elect and the Immediate Past President of the OSBA. The Executive Director of the OSBA, or his designee, serves as coordinator of the program. Each year, the participating school districts pay an enrollment fee to the GRP to cover the costs of administering the program.

The intent of the GRP is to achieve the benefit of a reduced premium for the District by virtue of its grouping and representation with other participants in the GRP. The workers' compensation experience of the participating school districts is calculated as one experience and a common premium rate is applied to all school districts in the GRP. Each participant pays its workers' compensation premium to the State based on the rate for the GRP rather than its individual rate. Total savings are then calculated and each participant's individual performance is compared to the overall savings percentage of the GRP. A participant will then either receive money from or be required to contribute to the "Equity Pooling Fund." This "equity pooling" arrangement insures that each participant shares equally in the overall performance of the GRP. Participation in the GRP is limited to school districts that can meet the GRP's selection criteria. The firm of Gates McDonald & Co. provides administrative, cost control and actuarial services to the GRP.

**TORONTO CITY SCHOOL DISTRICT
JEFFERSON COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2006
(Continued)**

B. Ohio Mid-Eastern Regional Education Service Agency Health Benefits Plan

The District participates in the Ohio Mid-Eastern Regional Education Service Agency Health Benefits Plan, an insurance purchasing pool. The Plan's business and affairs are conducted by a Board of Trustees consisting of the current Superintendent of each of the school districts and county boards of education in the Plan. The Executive Director, or his designee, serves as coordinator of the program. Each month, the participating school districts pay a premium to the Plan to cover the costs of administering the program.

16. SCHOOL FUNDING DECISION

On December 11, 2002, the Ohio Supreme Court issued its latest opinion regarding the State's school funding plan. The decision reaffirmed earlier decisions that Ohio's current school-funding plan is unconstitutional.

The Supreme Court relinquished jurisdiction over the case and directed "...the Ohio General Assembly to enact a school-funding scheme that is thorough and efficient...." The District is currently unable to determine what effect, if any, this decision will have on its future State funding and its financial operations.

17. INTERFUND BALANCES

As of June 30, 2006, the District did not have any interfund receivables/payables.

18. INTERFUND TRANSFERS

During the year ended June 30, 2006, the District transferred \$34,000 from the General Fund to a Non-major Governmental Fund. This transfer was made to eliminate a deficit cash balance.

19. CONTINGENCIES

A. Grants

The District received financial assistance from federal and state agencies in the form of grants. The expenditure of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies.

Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the District at June 30, 2006.

B. Litigation

There are currently no matters in litigation with the District as defendant.

See notes to the Schedule of Federal Awards Expenditures.

TORONTO CITY SCHOOL DISTRICT
Notes to the Schedule of Federal Awards Expenditures
For the Year Ended June 30, 2006

1. Significant Accounting Policies

The accompanying schedule of federal awards expenditures is a summary of the activity of the District's federal award programs. The schedule has been prepared on the cash basis of accounting. Consequently, certain revenues are recognized when received rather than when earned and certain expenditures are recognized when paid rather than the obligation is incurred.

2. Food Distribution

Non-monetary assistance, such as food received from the U.S. Department of Agriculture, is reported in the schedule at fair market value of the commodities received and disbursed. Monies are commingled with State grants. It is assumed federal monies are expended first. At June 30, 2006, the District had food commodities in inventory recorded in the Food Service Fund.

3. Matching Requirements

Certain federal programs require that the District contribute non-federal funds (matching funds) to support the federally funded programs. The expenditure of non-federal funds is not included on this schedule.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE
AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Toronto City School District
Jefferson County
300 Myers Street
Toronto, Ohio 43964

To the Board of Education:

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Toronto City School District, Jefferson County, Ohio, (the District), as and for the year ended June 30, 2006, and have issued our report thereon dated February 1, 2007. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Controls Over Financial Reporting

In planning and performing our audit, we considered the District's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide an opinion on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

However, we noted other matters involving the internal controls over financial reporting that we have reported to management in a separate letter dated February 1, 2007.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of management, federal awarding agencies and pass-through entities and the District Board of Education and is not intended to be and should not be used by anyone other than these specified parties.

February 1, 2007

**REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO
EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE
IN ACCORDANCE WITH OMB CIRCULAR A-133**

Toronto City School District
Jefferson County
300 Myers Street
Toronto, Ohio 43964

To the Board of Education:

Compliance

We have audited the compliance of the Toronto City School District with the types of compliance requirements described in *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to its major federal program for the year ended June 30, 2006. The District's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to its major federal program is the responsibility of the District's management. Our responsibility is to express an opinion on the District's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the District's compliance with those requirements.

In our opinion, the District complied, in all material respects, with the requirements referred to above that are applicable to its major federal program for the year ended June 30, 2006.

Internal Control Over Compliance

The management of the District is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the District's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with *OMB Circular A-133*.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

This report is intended for the information and use of management, the Board of Education, federal awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.
