We have reviewed the *Independent Auditors' Report* of the Huron-Erie School Employee Insurance Association, Erie County, prepared by Weber O'Brien Ltd., for the audit period July 1, 2006 through June 30, 2007. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Huron-Erie School Employee Insurance Association is responsible for compliance with these laws and regulations.

INDEPENDENT AUDITORS' REPORT

Board of Trustees
Huron-Erie School Employee Insurance Association
2900 Columbus Avenue
Sandusky, Ohio 44870

We have audited the accompanying financial statements of Huron-Erie School Employee Insurance Association ("the Association") as of and for the year ended June 30, 2007, which collectively comprise the Association's basic financial statements, as listed in the table of contents. These financial statements are the responsibility of the Association's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Association's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Huron-Erie School Employee Insurance Association as of June 30, 2007, and the changes in financial position and cash flows for the year then ended in conformity with accounting principles generally accepted in the United States.

The Association has not presented the required supplementary information on revenue and claims development that accounting principles generally accepted in the United States has determined is necessary to supplement, although not required to be part of, the basic financial statements.

In accordance with *Government Auditing Standards*, we have also issued our report dated June 24, 2008, on our consideration of Huron-Erie School Employee Insurance Association's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal

control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The management's discussion and analysis on pages 3 through 6 is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2007**

The discussion and analysis of the Huron-Erie School Employee Insurance Association's (the "Association") financial performance provides an overall review of the Association's financial activities for the fiscal year ended June 30, 2007. The intent of this discussion and analysis is to look at the Association's financial performance as a whole; readers should also review the basic financial statements and the notes to the basic financial statements to enhance their understanding of the Association's financial performance.

Financial Highlights

Key financial highlights for 2007 are as follows:

- In total, net assets were \$6,993,077 at June 30, 2007. This represents an increase of \$3,103,850 or 79.81% over fiscal year 2006.
- The Association had operating revenues of \$23,484,775 and operating expenses of \$20,875,031 for fiscal year 2007. The Association had \$494,106 in investment revenue. This figure includes interest earned plus any changes in the fair market value of investments held by the Association. Operating income and the change in net assets for the fiscal year was \$2,609,744 and \$3,103,850, respectively.

Using these Basic Financial Statements

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the Association's financial activities. The *Statement of Net Assets* and *Statement of Revenues, Expenses, and Changes in Net Assets* provide information about the activities of the Association, including all short-term and long-term financial resources and obligations.

Reporting the Association's Financial Activities

Statement of Net Assets, Statement of Revenues, Expenses, and Changes in Net Assets and the Statement of Cash Flows

These documents look at all financial transactions and ask the question, "How did we do financially during fiscal 2007?" The statement of net assets and the statement of revenues, expenses, and changes in net assets answer this question. These statements include *all assets, liabilities, revenues and expenses* using the *accrual basis of accounting* similar to the accounting used by most private-sector companies. This basis of accounting takes into account all of the current year's revenues and expenses regardless of when cash is received or paid.

The statement of net assets and the statement of revenues, expenses and changes in net assets report the Association's *net assets* and changes in those assets. This change in net assets is important because it tells the reader that, for the Association as a whole, the *financial position* of the Association has improved or diminished. The causes of this change may be the result of many factors, some financial, some not. The Association's statement of net assets and statement of revenues, expenses, and changes in net assets can be found on pages 7-8 of this report. The statement of cash flows provides information about how the Association finances and meets the cash flow needs of its operations. The statement of cash flows can be found on page 9 of this report.

Notes to the Basic Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the financial statements. These notes to the basic financial statements can be found on pages 10-15 of this report.

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2007**

The table below provides a summary of the Association's net assets for 2007 and 2006.

	Net Assets	
	<u>2007</u>	<u>2006</u>
<u>Assets:</u>		
Cash	\$ 545,269	\$ 599,757
Investments	10,747,084	\$ 7,715,727
Prepayments	<u>3,049</u>	<u>117,242</u>
Total assets	<u>11,295,402</u>	<u>8,432,726</u>
<u>Liabilities:</u>

Total net assets	<u>\$ 6,993,077</u>	<u>\$ 3,889,227</u>

Net assets increased by \$3,103,850 primarily due to participant contribution revenue exceeding claims expenses of the current year by approximately \$2.4 million. In addition, other "non claims" operating expenses decreased by approximately \$418,000 primarily due to the switch from the Klais & Company network to Medical Mutual which became effective January 1, 2006 and to the fact that fiscal 2006 included 14 months of activity (May 1, 2005 through June 30, 2006) versus 12 months (July 1, 2006 through June 30, 2007) in fiscal 2007. Interest revenue increased approximately \$181,100 from fiscal year 2006 to 2007. The increase in interest revenue was due to the additional investments purchased by the Association in 2007 with the additional income. The benefit obligations liability decreased \$299,025 based upon the report of the Association's independent actuary.

The chart below shows a breakdown of the Association's assets, liabilities and net assets for 2007 versus 2006:

Net assets at end of year	<u>\$ 6,993,077</u>	<u>\$ 3,889,227</u>	<u>\$ 3,103,850</u>

During 2007, the Association saw a decrease in participant contributions coupled with a larger decrease in claims expense. The decrease can be primarily attributed to the 12 month period in 2007 versus 14 in 2006. The Association increased member district premiums by 5% effective July 1, 2006 which resulted in increased participant contributions revenue in 2007. Interest revenue increased due to the Association's interest earnings on investments. Other revenue consists primarily of subrogation revenue received by the Association during fiscal year 2007.

The decrease in the claims expense is the largest part of the increase in the Association's net assets. In addition, the Association saw an increase in third party administration fees as a result of the switch to Medical Mutual from the Klais & Company network that became effective January 1, 2006. This increase was more than offset by the reduction in PPO access fees that were previously charged by Klais & Company.

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2007**

The charts below reflect the percentage of the revenues and expenses in 2007 versus 2006:

Debt Administration

The Association had no debt obligations outstanding at June 30, 2007.

Current Financial Related Activities

The Association terminated its relationship with its third-party administrator Klais & Company effective December 31, 2005. Effective January 1, 2006, the Association contracted with Medical Mutual of Ohio as the Association's third-party administrator.

The Association is in the process of developing an "ideal" plan. Under an "ideal" plan, all member districts would receive uniform benefits and health plan arrangements. Once an "ideal" plan is obtained, the Association should see cost savings as the Association will be able to market their services better to insurance carriers.

Contacting the Association's Financial Management

This financial report is designed to provide our citizens, taxpayers and investors and creditors with a general overview of the Association's finances and to show the Association's accountability for the money it receives. **NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2007**

NOTE 1 - DESCRIPTION OF THE ENTITY

The Huron-Erie School Employee Insurance Association (the "Association") is a shared public entity risk pool created on January 30, 1982 for the purpose of providing medical, dental and prescription drug insurance benefits for employees, and their dependents or designated beneficiaries, of the participating member districts in Erie and Huron Counties. The participating employers make contributions to the Association sufficient to cover substantially all costs of the Association. The Association is an approved tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code. Management is not aware of any course of action or series of events that have occurred that might adversely affect the Association's tax-exempt status.

Each of the thirteen participating member districts is represented on the board of trustees of the Association (the "Board") by their respective superintendent or a designate of their superintendent. The Board is authorized to pay reasonable compensation and necessary expenses incurred in the performance of services as consistent with the purpose of the Association, including for the payments of benefits, stop loss insurance premiums and other administrative expenses.

The Association may be terminated at any time by a two-thirds vote of the majority of the member districts of the Association pursuant to relevant laws and regulations. Any assets of the Association remaining after payment of all obligations shall be distributed to the member districts in a manner consistent with the purpose for which the Association was established, according to their proportionate share of contributions paid during the previous plan year.

The Association incurs premiums for specific and aggregate stop loss insurance. The specific stop loss limit of \$300,000 represents the maximum amount of claims to be paid annually by the Association per participant. The aggregate attachment point is based on a contract rate times the number of covered employees and their dependents.

The Association has contracted with a third-party administrator to act as its agent for the payment of plan benefits, selection of reinsurance coverage, and provision of certain administrative services, and is compensated for these services.

The Erie-Huron-Ottawa Educational Service Center (the "ESC") serves as fiscal agent for the Association. The Fiscal Agent is responsible for administering the financial transactions of the Association. The Fiscal Agent carries out other responsibilities as approved by the Board and agreed to by the Fiscal Agent. The Treasurer of the Fiscal Agent is the Treasurer of the Association. The Fiscal Agent is reimbursed for such costs incurred by it in carrying out its responsibilities as may be approved by the Board. The Fiscal Agent maintains the Association's funds as a custodial fund and separate from all other funds of the Fiscal Agent.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The basic financial statements of the Association have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The Association also applies Financial Accounting Standards Board (FASB) Statements and Interpretations issued on or before November 30, 1989, provided they do not conflict with or contradict GASB pronouncements. The Association also has the option to apply FASB Statements and Interpretations issued after November 30, 1989, subject to this same limitation. The Association has elected not to apply these FASB Statements and Interpretations.

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2007

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

The Association's significant accounting policies are described below.

A. Reporting Entity

The reporting entity has been defined in accordance with GASB Statement No. 14, "The Financial Reporting Entity" as amended by GASB Statement No. 39 "Determining Whether Certain Organizations Are Component Units". The reporting entity is composed of the primary government, component units and other organization that are included to ensure that the basic financial statements of the Association are not misleading. On this basis, no governmental organizations other than the Association itself are included in the financial reporting entity. The primary government consists of all funds, departments and agencies that are not legally separate from the Association. For the Association, this consists of a single enterprise fund.

Component units are legally separate organizations for which the Association is financially accountable. The Association is financially accountable for an organization if the Association appoints a voting majority of the organization's governing board and (1) the Association is able to significantly influence the programs or services performed or provided by the organization; or (2) the Association is legally entitled to or can otherwise access the organization's resources; or (3) the Association is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to the organization; or (4) the Association is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the Association in that the Association approves the budget, the issuance of debt, or the levying of taxes. Based upon the application of these criteria, the Association has no component units.

B. Fund Accounting

The Association maintains its accounting records in accordance with the principles of "fund" accounting. Fund accounting is a concept developed to meet the needs of government entities in which legal or other restraints require the recording of specific receipts and disbursements. The Association uses an enterprise fund to account for its operations. Enterprise funds account for operations (a) that are financed and operated in a manner similar to private business enterprises, where the intent of the governing body is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for public policy, management control, accountability or other purposes.

C. Basis of Accounting/Measurement Focus

Basis of accounting refers to when revenues and expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

For financial statement presentation purposes, the Association utilizes the accrual basis of accounting. Under this method of accounting, revenues are recognized when they are earned and expenses are recognized when the liability is incurred.

**HURON-ERIE SCHOOL EMPLOYEE INSURANCE ASSOCIATION
ERIE COUNTY, OHIO**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2007**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

The Association's activities are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the Association's operations are included on the statement of net assets. The statement of revenues, expenses, and changes in net assets presents increases (i.e., revenues) and decreases (i.e., expenses) in net total assets.

The Association distinguishes operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from participants contributions for insurance coverage. Operating expenses for the Association include the payment of claims, carrier stop loss premiums and administrative and other fees. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

D. Cash and Investments

The ESC, as the Association's current Fiscal Agent, maintains the Association's financial activity on the Educational Service Center's books under a specific fund designated for Association activity.

The Treasurer of the Association, who also serves as Treasurer of the Fiscal Agent, purchases specific investments and maintains a separate checking account for the Association.

During 2007, investments of the Association were limited to federal agency securities, commercial paper and investments in the State Treasury Asset Reserve of Ohio (STAR Ohio). These investments are reported at fair value, which is based on quoted market prices.

STAR Ohio is an investment pool managed by the State Treasurer's Office, which allows governments within the state to pool their fund for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAR Ohio are valued at STAR Ohio's share price which is the price the investment could be sold for on June 30, 2007.

For purposes of the statement of net assets and the statement of cash flows, investments of the Association with original maturities of three months or less at the time they are purchased are considered to be cash equivalents. Investments with an initial maturity of more than three months are reported as investments. In addition, the Association's policy is to treat all of its short-term, highly liquid investments (such as STAR Ohio) as investments and not as cash equivalents.

An analysis of the Association's cash and investments at fiscal year-end is provided in Note 3.

E. Budgetary Process

The member school districts of the Association are required by Ohio law to adopt an annual budget. The Association itself is not required to follow the budgetary process and, therefore, no budgetary information is provided in these basic financial statements.

FOR THE FISCAL YEAR ENDED JUNE 30, 2007

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

F. Prepayments

Payments made to vendors for services that will benefit periods beyond June 30, 2007, are recorded as prepaid items using the consumption method. A current asset for the prepaid amounts is recorded at the time of the payment by the Association and the expense is recorded when used. The Association has prepaid items of \$3,049 at June 30, 2007.

G. Net Assets

Net assets represent the difference between assets and liabilities. Net assets are reported as restricted when there are limitations imposed on their use, either through enabling legislation adopted by the Association or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. The Association had no restricted net assets at June 30, 2007.

H. Estimates

The preparation of the basic financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the basic financial statements and accompanying notes. Actual results may differ from those estimates.

I. Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the Board of Trustees and that are either unusual in nature or infrequent in occurrence. Neither type of transaction occurred during fiscal 2007.

NOTE 3 - CASH AND INVESTMENTS

In accordance with the Constitution of the Association, the investment of the Association funds shall be subject to the laws of the State of Ohio concerning the investment and management of public funds, particularly Chapter 135 of the Ohio Revised Code, and are the responsibility of the Fiscal Agent. The following disclosures relate to the deposits and investments of the Association.

A. Deposits with Financial Institutions

At June 30, 2007, the carrying amount of all Association deposits was \$545,269. Based on the criteria described in GASB Statement No. 40, "Deposits and Investment Risk Disclosures", as of June 30, 2007, \$915,278 of the Association's bank balance of \$1,015,278 was exposed to custodial risk as discussed below, while \$100,000 was covered by the Federal Deposit Insurance Corporation.

Custodial credit risk is the risk that, in the event of bank failure, the Association's deposits may not be returned. All deposits are collateralized with eligible securities in amounts equal to at least 105% of the carrying value of the deposits. Such collateral, as permitted by the Ohio Revised Code, is held in single financial institution collateral pools at Federal Reserve Banks, or at member banks of the federal reserve system, in the name of the respective depository bank and pledged as a pool of collateral against all of the public deposits it holds or as specific collateral held at the Federal Reserve Bank in the name of the Association.

The weighted average maturity of investments is .33 years.

Interest Rate Risk: As a means of limiting its exposure to fair value losses arising from rising interest rates, the Association's investment policy limits investment portfolio maturities to five years or less. Commercial paper must mature within 180 days.

Credit Risk: The Association's investments in federal agency securities were rated AAA and Aaa by Standard & Poor's and Moody's Investor Services, respectively. The Association's investments in commercial paper were rated A1+ and P1 and by Standard & Poor's and Moody's Investor Services, respectively. Commercial paper must be rated in the highest classification by at least two nationally recognized rating services. Standard & Poor's has assigned STAR Ohio an AAAM money market rating. STAR Ohio must maintain the highest letter or numerical rating provided by at least one nationally recognized standard service.

Custodial Credit Risk: For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the Association will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The federal agency securities and commercial paper are exposed to custodial credit risk in that they are uninsured, unregistered and held by the counterparty's trust department or agent but not in the Association's name. The Association has no investment policy dealing with investment custodial risk beyond the requirement in State statute that prohibits payment for investments prior to the delivery of the securities representing such investments to the treasurer or qualified trustee.

Concentration of Credit Risk: The Association places no limit on the amount that may be invested in any one issuer. The following table includes the percentage of each investment type held by the Association at June 30, 2007:

NOTE 4 – BENEFIT OBLIGATIONS

GASB Statement No. 10, “Accounting and Financial Reporting for Risk Financing and Related Insurance Issues”, and GASB Statement No. 30, “Risk Financing Omnibus – an amendment of GASB Statement No. 10”, establish accounting and financial reporting standards for insurance related activities of state and local governmental entities, and requires that actuarial techniques be utilized to estimate any claims’ liabilities, including those for claims incurred but not reported. The Association has recorded benefit obligations as of June 30, 2007 totaling \$3,783,700, which includes reported claims not yet paid, claims incurred but not reported and an allowance for claim settlement expenses on these estimated unpaid claims. This amount is actuarially determined using historical trends in lag between the date a claim is incurred and paid.

Changes in claims activity by plan for the past two fiscal years are as follows:

<u>Fiscal Year</u>	<u>Beginning Balance</u>	<u>Claims Incurred</u>	<u>Claims Payments</u>	<u>Ending Balance</u>
2007	\$ 4,082,725	\$ 19,353,859	\$(19,652,884)	\$ 3,783,700
2006	2,197,895	24,042,246	(22,157,416)	4,082,725

NOTE 5 – TAX STATUS

The trust established under the Association to hold plan assets is qualified pursuant to the appropriate section of the Internal Revenue Code as a tax exempt organization. The Association has obtained a favorable determination letter from the Internal Revenue Service and the Association believes that the plan continues to qualify and operate as designed.

NOTE 6 – LITIGATION

The Association is not party to any litigation.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Trustees
Huron-Erie School Employee Insurance Association
2900 Columbus Avenue
Sandusky, Ohio 44870

We have audited the financial statements of Huron-Erie School Employee Insurance Association ("the Association") as of and for the year ended June 30, 2007, and have issued our report thereon dated June 24, 2008. We conducted our audit in accordance with auditing standards generally accepted in the United States and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Association's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Association's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Association's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the Association's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the Association's financial statements that is more than inconsequential will not be prevented or detected by the Association's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the Association's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Association's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted a certain matter that we reported to the management of Huron-Erie School Employee Insurance Association in a separate letter dated June 24, 2008.

This report is intended solely for the information and use of the Association's Board of Trustees, management, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Summary Schedule of Prior Audit Findings
June 30, 2007

The year ended June 30, 2006 included the following audit finding:

2006-1: For the year ended June 30, 2006, the Association failed to complete an ORC 9.833 report by September 30, 2006 (90 days after the fiscal year end). The actuary's report was dated June 15, 2007. For the year ended June 30, 2007, the Association made improvement regarding the filing date of this report, thus reducing this to a management letter item.
