We have reviewed the *Independent Accountants' Report* of the Earnhart Hill Regional Water and Sewer District, Pickaway County, prepared by Perry & Associates, Certified Public Accountants, A.C., for the audit period January 1, 2008 through December 31, 2008. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Earnhart Hill Regional Water and Sewer District is responsible for compliance with these laws and regulations.

INDEPENDENT ACCOUNTANTS' REPORT

May 26, 2009

Board of Trustees
Earnhart Hill Regional Water and Sewer District
2030 Stoneridge Drive
Circleville, Ohio 43113

To the Board of Trustees:

We have audited the accompanying financial statements of the business-type activities of the **Earnhart Hill Regional Water and Sewer District, Pickaway County, Ohio** (the District), as of and for the year ended December 31, 2008, which collectively comprise the District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the District's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of the District, as of December 31, 2008, and the respective changes in financial position and cash flows thereof, for the years then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated May 26, 2009 on our consideration of the Government's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

Management's Discussion and Analysis is not a required part of the basic financial statements but is supplementary information accounting principles generally accepted in the United States of America requires. We have applied certain limited procedures, consisting principally of inquiries of management regarding the methods of measuring and presenting the required supplementary information. However, we did not audit the information and express no opinion on it.

Respectfully Submitted,

A handwritten signature in cursive script that reads "Perry & Associates CPAs A.C.".

Earnhart Hill Regional Water and Sewer District

Management's Discussion and Analysis

For the Year Ended December 31, 2008

(Unaudited)

This discussion and analysis, along with the accompanying financial report, of Earnhart Hill Regional Water and Sewer District (EHRWSD or "the District") is designed to provide our customers, creditors and other interested parties with a general overview of the District and its financial activities.

FINANCIAL HIGHLIGHTS

The total assets of EHRWSD exceeded liabilities on December 31, 2008 and 2007 by \$10.97 million and \$9.99 million, respectively. The District's net assets increased by \$983 thousand (10%) in 2008 and \$1.2 million (13.3%) in 2007.

The District's Operating Revenues increased by \$104 thousand (5.1%) in 2008 and \$67 thousand (3.2%) in 2007. Operating Expenses increased \$162 thousand (9%) in 2008 and \$135 thousand (7.7%) in 2007.

The District issued \$2.1 million in additional long term debt in 2008 and \$0 in 2007.

OVERVIEW OF BASIC FINANCIAL STATEMENTS

The District is a single enterprise fund using proprietary fund accounting, similar to private sector business. The Basic Financial Statements are presented using the accrual basis of accounting.

The **Statements of Net Assets** includes all of the District's Assets and Liabilities. These statements provide information about the nature and amounts of investments in resources (assets) owned by the District, and obligations owed by the District (liabilities) on December 31. The District's net assets (equity) are the difference between assets and liabilities.

The **Statements of Revenues, Expenses and Changes in Net Assets** provide information on the District's operations over the past two years and the success of recovering all its costs through service charges, capacity charges and tap fees, and other income. Revenues are reported when earned and expenses are reported when incurred.

The **Statements of Cash Flows** provide information about the District's cash receipts and cash disbursements. It summarizes the net changes in cash resulting from operating, investing, capital financing and non-capital financing activities.

NET ASSETS

Table 1 summarizes the Net Assets of the District. Capital Assets are reported less accumulated depreciation. "Invested in Capital, Net of Debt", are Capital Assets less outstanding debt that was used to acquire those assets.

Table 1

	<u>2008</u>	<u>2007</u>	<u>Change</u>	<u>%</u>	<u>2006</u>	<u>Change</u>	<u>%</u>
Current & Other Assets	\$ 3,302,739	\$ 2,016,760	\$ 1,285,979	64%	\$ 1,658,972	\$ 357,788	22%
Capital Assets	17,421,558	14,610,887	2,810,671	19%	13,883,529	727,358	5%
Total Assets	20,724,297	16,627,647	4,096,650	25%	15,542,501	1,085,146	7%
Long Term Liabilities	9,298,044	6,190,695	3,107,349	50%	6,342,273	(151,578)	-2%
Current & Other Liabilities	455,477	449,790	5,687	1%	385,363	64,427	17%
Total Liabilities	9,753,521	6,640,485	3,113,036	47%	6,727,636	(87,151)	-1%
Net Assets							
Invested in Capital Assets,							
Net of Debt	8,806,785	8,268,626	538,159	7%	7,395,638	872,988	12%
Restricted	302,933	284,184	18,749	7%	265,435	18,749	7%
Unrestricted	1,861,058	1,434,352	426,706	30%	1,153,792	280,560	24%
Total Net Assets	<u>\$ 10,970,776</u>	<u>\$ 9,987,162</u>	<u>\$ 983,614</u>	<u>10%</u>	<u>\$ 8,814,865</u>	<u>\$ 1,172,297</u>	<u>13%</u>

The District's Net Assets increased \$984 thousand (10%) in 2008 and \$1.2 million (13%) in 2007. These increases were a result of excess revenues over expenses and additional capital contributions.

Earnhart Hill Regional Water and Sewer District
Management's Discussion and Analysis
For the Year Ended December 31, 2008
(Unaudited)

Restricted net assets increased \$19 thousand (7%) in 2008 and \$19 thousand (7%) in 2007. Restricted assets are cash which is limited in use as part of the District's loan covenants.

Unrestricted assets increased by \$427 thousand (30%) in 2008 and \$281 thousand (24%) in 2007. Unrestricted assets may be used without constraints established by loan covenants or other legal requirements.

STATEMENTS OF REVENUES, EXPENSES, AND CHANGES IN NET ASSETS

Table 2 summarizes the changes in Revenues and Expenses and the resulting changes in Net Assets.

Table 2

	2008	2007	Difference	%	2006	Difference	%

Total Operating Expenses	2,046,864	1,884,531	162,333	9%	1,749,107	135,424	8%
Operating Income	225,142	283,959	(58,817)	-21%	352,201	(68,242)	-19%
Non-Operating Expenses	313,137	325,587	(12,450)	-4%	327,188	(1,601)	0%
Non-Operating Revenues	297,493	443,745	(146,252)	-33%	240,250	203,495	85%
Capital Contributions	774,116	770,180	3,936	1%	672,166	98,014	15%
Changes in Net Assets	983,614	1,172,297	(188,683)	-16%	937,429	234,868	25%
Net Assets at Beginning of Year	9,987,162	8,814,865	1,172,297	13%	7,877,436	937,429	12%
Net Assets at End of Year	\$ 10,970,776	\$ 9,987,162	\$ 983,614	10%	\$ 8,814,865	\$ 1,172,297	13%

Operating revenues increased \$104 thousand (5%) in 2008 and \$67 thousand (3%) in 2007. Increased operating revenues in 2008 were a result of the purchase of the Scippo Sewer District and customer growth.

Capital Contributions will fluctuate from year to year depending on construction activity, and improvement projects that may qualify for special assessment and/or grant monies. In 2009 the District received \$706,034 in capital contributions from OWDA through the acquisition of the Scippo Sewer District as more fully described in Note 2 Q in the Basic Financial Statements. In 2007 the District received \$770,180 in grant funds from the US Army Corp of Engineers and the Ohio Department of Development for the North Pickaway Duvall Area Water Line Project. The District recorded \$774 thousand in capital contributions in 2008, \$770 thousand in 2007 and \$672 thousand in 2006.

Operating expenses, excluding depreciation, increased by \$135 thousand (7%) in 2008. Increases of \$59 thousand in distribution expenses, \$22 thousand in treatment expenses and \$21 thousand in power accounted for most of the increase.

Operating expenses, excluding depreciation, increased by \$128 thousand (7%) in 2007. Increases of \$25 thousand in administrative and general expenses, \$26 thousand in distribution expenses, \$20 thousand in fringe benefits and \$16 thousand in power expenses accounted for most of the increase.

Capital Assets (before depreciation) increased \$3.3 million (17 %) in 2008 and \$1.2 million (7%) in 2007.

Total Capital Assets increased by \$2.8 million (19%) in 2008 and \$727 thousand (5%) in 2007. Transmission & Storage increased by \$1.7 million in 2008 and \$ 1.6 million in 2007. Treatment Facilities increased \$1.1 million in 2008. The completion of the North Pickaway Duvall Area Water Line Project accounted for \$1.3 million of the increase in Transmission and Storage in 2007. The purchase of the Scippo Sewer District accounted for increases of \$1.4 million in Transmission and Storage and \$1.0 million in Treatment Facilities in 2008.

For additional information regarding capital assets, please see Note 5 of the *Notes to the Basic Financial Statements*.

DEBT

The District issues long term debt to finance much of its construction. Loans from USDA Rural Development, Ohio Water Development Authority and The Savings Bank were used to finance most general improvement projects.

For additional information regarding debt, please see Note 3 of the *Notes to the Basic Financial Statements*.

Table 4 summarizes the changes in Long Term Debt.

CASH

Table 5 summarizes the changes in Unrestricted and Restricted Cash and Cash Equivalents.

Table 5

	2008	2007	Change	%	2006	Change	%
Unrestricted Cash and Cash Equivalents	\$ 1,273,813	\$ 1,340,343	\$ (66,530)	-5%	\$ 1,012,688	\$ 327,655	32%
Cash Restricted for Debt Service	302,933	284,184	18,749	7%	265,435	18,749	7%
Total Cash	<u>\$ 1,576,746</u>	<u>\$ 1,624,527</u>	<u>\$ (47,781)</u>	<u>-3%</u>	<u>\$ 1,278,123</u>	<u>\$ 346,404</u>	<u>27%</u>

Unrestricted Cash and Cash Equivalents decreased by \$67 thousand (-5%) in 2008 and increased by \$328 thousand (32%) in 2007. Cash restricted for debt service increased \$19 thousand in 2008 and 2007.

CURRENT FINANCIAL RELATED ACTIVITIES

The District anticipates a decrease in new residential services over the next few years and is revising its budget accordingly.

The District purchased the assets of the Scippo Sewer District in 2008. The purchase of the Scippo Sewer District adds an additional wastewater treatment plant, operating at 30% capacity, and twelve industrial/commercial customers to the District's assets. Future plans are to expand the former Scippo plant and abandon the District's exiting wastewater treatment plant, adding additional capacity to the region.

A 15% water and sewer rate adjustment was implemented on January 1, 2009. This was the first rate adjustment since 2006. Future rate adjustments will be evaluated annually.

Increase (decrease) in accounts payable (trade only)	(45,081)
Increase (decrease) in insurance and taxes payable	(91)
Increase (decrease) in accrued payroll	(8,214)
Increase (decrease) in intergovernmental payable	(21,308)
Total adjustments	409,002
Net cash provided by operating activities	\$ 634,144

Developer dedicated water lines with totals of \$68,082 in 2008 were non-cash contributions and were recorded as developer capital contributions.

The accompanying notes to the basic financial statements are an integral part of this statement.

Earnhart Hill Regional Water and Sewer District

Notes to the Basic Financial Statements

For the Year Ended December 31, 2008

NOTE 1 - NATURE OF ORGANIZATION AND REPORTING ENTITY

Earnhart Hill Regional Water and Sewer District (the District) was founded for the purpose of providing water and wastewater services to those areas in south central Ohio not served by other water companies. As of February 1, 1997, the previous company (Earnhart Hill Water District, Inc.) was declared by the Court to be a duly organized regional water and sewer district, a political subdivision of the state of Ohio organized pursuant to Chapter 6119 of the Ohio Revised Code. The Court approved the Plan to the Operation of the District which provided that the District would accept a transfer of the assets, and assume all of the liabilities of the Company as a part of its organization.

Reporting Entity

The reporting entity is comprised of the primary government, component units and other organizations that are included to ensure that the financial statements of the District are not misleading. The primary government consists of all funds, departments, boards and agencies that are not legally separate from the District. For Earnhart Hill Regional Water and Sewer District, there are no other boards and agencies other than the District.

Component units are legally separate organizations for which the District is financially accountable. The District is financially accountable for an organization if the District appoints a voting majority of the organization's governing board and (1) the District is able to significantly influence the programs or services performed or provided by the organization; or (2) the District is legally entitled to or can otherwise access the organization's resources; the District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the District is obligated for the debt of the organization. Component units may also include organizations for which the District approves the budget, the issuance of debt or levying of taxes. The District has no component units.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies followed in the preparation of these financial statements conform to generally accepted accounting principles for local governmental units as prescribed in the statements issued by the Governmental Accounting Standards Board (GASB) and other recognized authoritative sources. Under the guidelines of GASB Statement No. 20, the District has elected not to apply Financial Accounting Standards Board Statements and Interpretations issued after November 30, 1989 to its proprietary activities. A summary of the significant accounting policies consistently applied in preparation of the accompanying financial statements is as follows:

A. Basis of Presentation - Fund Accounting

The accounts of the District are organized on the basis of funds, each of which is considered a separate accounting entity. The District has created a single type of fund and a single fund within that fund type. The fund is accounted for by a separate set of self-balancing accounts that comprise its assets, liabilities, net assets, revenues, and expenses.

This fund accounts for the resources allocated to it for the purpose of carrying on specific activities in accordance with laws, regulations or other restrictions.

The fund type that the District uses is described below:

Proprietary Fund Type - This fund type accounts for operations that are organized to be self-supporting through user charges. The fund included in this category used by the District is the Enterprise Fund.

Enterprise Fund - This fund is established to account for operations that are financed and operated in a manner similar to private business enterprises where the intent is that costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. The District's enterprise fund provides water and sewer services to its users.

B. Basis of Accounting

The accounting records are maintained on the accrual basis of accounting for financial reporting purposes.

C. Budgetary Process

The Ohio Revised Code requires that each fund be budgeted annually. The District has adopted a budget and adopted and passed annual appropriations for the year ended December 31, 2008.

Earnhart Hill Regional Water and Sewer District
Notes to the Basic Financial Statements
For the Year Ended December 31, 2008

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

C. Budgetary Process - Continued

Appropriations - Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the fund level of control, and appropriations may not exceed estimated resources. The District must annually approve appropriation measures and subsequent amendments. Appropriations lapse at year-end.

Estimated Resources - Estimated resources include estimates of cash to be received (budgeted receipts) plus unencumbered cash as of January 1.

Encumbrances - The Ohio Revised Code requires the District to reserve (encumber) appropriations when commitments are made.

D. Revenue Recognition

Revenues for service fees are recorded in the period the service is provided. Revenue for tap fees are recorded when the taps have been installed and the customer is using the service. All other revenue is recognized when earned.

E. Accounts Receivable

Accounts receivable are presented at their net realizable value. Uncollectible account balances are certified to the County Auditor after administrative collection efforts have been exhausted.

F. Restricted Assets

As explained in Note 3, a restricted account was established for the required reserve for the Rural Development Loans and is recorded as a restricted asset in the accompanying basic financial statements.

G. Capital Assets

Capital Assets are presented at cost or fair market values for the assets received in the acquisition of the Scippo Sewer District and are depreciated over the estimated useful lives of the assets.

Depreciation is computed using the straight-line method for financial reporting purposes. Repairs and maintenance costs are charged to operations when incurred. Improvements and additions are capitalized.

H. Cash and Cash Equivalents

For purposes of the statement of cash flows, the District does not have any investments; so all cash balances are included in the statement of cash flows.

I. Interest Expense

Interest expense represents the interest portion of loan payments to the United States Department of Agriculture, Rural Development, as well as amounts paid and accrued for the loans obtained through The Savings Bank of Circleville, Ohio.

J. Interest Income

Interest income represents earnings from all of the District's bank accounts.

K. Inventory of Supplies

Inventories are stated at the lower of cost or market. Cost is determined on a first-in, first-out basis. The costs of inventory items are recorded as expenses or capitalized when used.

L. Prepaid Expenses

Payments made to vendors for services that will benefit periods beyond December 31, 2008 are recorded as prepaid items by using the consumption method. A current asset for the prepaid amount is recorded at the time of the purchase and an expense is reported in the year in which services are consumed.

Earnhart Hill Regional Water and Sewer District

Notes to the Basic Financial Statements

For the Year Ended December 31, 2008

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

M. Compensated Absences

Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the employer will compensate the employees for the benefits through paid time off or some other means. The amount of vacation leave liability was insignificant as of December 31, 2008 and is not recorded in the accompanying basic financial statements. Sick leave benefits are not accrued as a liability as employees receive no payment for accrued sick leave upon termination or retirement.

N. Intergovernmental Payable

The District bills and collects sewer fees and penalties for Scippo Sewer District (through 4/30/08), Circleville Sewer, Village of Stoutsville Sewer and Pickaway County Sewer. Intergovernmental payable represents those amounts collected on behalf of those districts but not yet paid as of December 31, 2008.

O. Net Assets

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consist of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvements of those assets. Net assets are reported as restricted for debt service reserves as required by the Rural Development Loan requirements. The District applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available. Of the District's \$302,933 in restricted net assets as of December 31, 2008, none was restricted by enabling legislation.

P. Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the District, these revenues are fees and contract fee revenue for water and sewer services provided. Operating expenses are necessary costs incurred to provide the goods and/or service that are the primary activity of the fund.

Q. Capital Contributions

The District records capital contributions of capital assets or grants and other outside contributions restricted to capital acquisition and construction. During 2008 and 2007, the following capital contributions were received:

	2008
Intergovernmental contribution from OWDA	
for the Scippo Sewer District acquisition	\$ 706,034
Developer donated lines	68,082
Totals	<u>\$ 774,116</u>

NOTE 3 - CURRENT AND LONG-TERM DEBT

Current and long-term debt at December 31, 2008 are as follows:

<u>Loan #</u>	<u>Payable To</u>	<u>Interest Rate</u>	<u>First Payment</u>	<u>Principal Term</u>
91-04	Rural Development	6.625%	10/1/1998	33 yrs.

The debt listed with the United States Department of Agriculture – Rural Development is water system revenue bonds. The District is required to maintain a cash balance reserve to meet revenue bond requirements. This cash balance is reported as a restricted asset in the accompanying basic financial statements. The debt listed above with the Savings Bank and OWDA are long-term loans. Principal and interest payments for Rural Development debt are due on the 1st day of each month. Principal and interest payments for Savings Bank are due on the 20th day of each month. Principal and interest payments for OWDA are due on June 1 and December 1. Interest is calculated at the rates reflected above and payable for the terms described above. Future principal and interest payments on all debt are as follows:

Year	Savings Bank			Water System Revenue Bond			OWDA		
	Principal	Interest	Total	Principal	Interest	Total	Principal	Interest	Total

In connection with the Rural Development Bonds, Savings Bank Loans and OWDA loans listed above, the District has pledged future customer revenues, net of specified operating expenses, to repay this debt. Pledged revenues of a given year may also include specified portions of cash balances carried over from the prior year. The bonds payable, through their final maturities as listed above, solely from net revenues. Total interest and principal remaining to be paid on these bonds and loans is \$13,071,847. For the current year, net revenue available, principal and interest paid and the coverage ratio is as follows: \$763,274, \$928,501, .82.

An \$821,966 long-term note is payable to the Water and Sewer Rotary Commission with no annual interest rate. The loan was obtained to enable the District to make debt service payments on OWDA loans while these properties remain in agricultural status. The term is in effect as long as the properties listed as agricultural status pertaining to this loan do not change. If such properties do not qualify as agricultural status their assessment is collected by the

NOTE 3 - CURRENT AND LONG-TERM DEBT – Continued

District and payable to the Water and Sewer Rotary Commission within ten days after the status has changed. The agreement was entered into on June 6, 1995. No amortization schedule is provided for this note. There were no payments due to the Water and Sewer Rotary Commission for the fiscal year ended December 31, 2008.

NOTE 4 - DEPOSITS WITH FINANCIAL INSTITUTIONS – LEGAL REQUIREMENTS

Active deposits are public deposits necessary to meet current demands on the Treasury. Such monies must be maintained either as cash in the District Treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the Board of Trustees has identified as not required for use within the current five-year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits represent interim monies that are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim monies can be deposited or invested in the following securities:

1. Notes, bills, bonds, or any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal and interest by the United States;
2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above, provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
4. Bonds and other obligations of the State of Ohio; its political subdivisions, or other units or agencies of this State or its political subdivisions.
5. Time certificates of deposit or savings or deposit accounts, including, but not limited to, passbook accounts;
6. No-load money market mutual funds consisting exclusively of obligations described in items (1) and (2) of this footnote and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
7. The State Treasurer's investment pool (STAR Ohio);
8. Securities lending agreements in which the District lends securities and the eligible institution agrees to exchange either securities described in division (1) or (2), or cash, or both securities and cash, equal value for equal value.
9. High grade commercial paper in an amount not to exceed five percent of the District's total average portfolio; and
10. Bankers acceptances for a period not to exceed 270 days and in an amount not to exceed ten percent of the District's average portfolio..

Protection of the District's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, by surety company bonds deposited with the Treasurer by the financial institution, or by a single collateral pool established by the financial institution to secure the repayment of all public monies deposited with the institution.

Investments in stripped principal or interest obligations reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the District, and must be purchased with the expectation that it will be held to maturity.

Earnhart Hill Regional Water and Sewer District

Notes to the Basic Financial Statements

For the Year Ended December 31, 2008

NOTE 4 - DEPOSITS WITH FINANCIAL INSTITUTIONS – LEGAL REQUIREMENTS – Continued

Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the Treasurer or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

Deposits – Custodial credit risk for deposits is the risk that in the event of bank failure, the District will not be able to recover deposits or collateral securities that are in the possession of an outside party. As of December 31, 2008 \$250,000 of the District’s bank balances of \$1,729,166 were covered by federal depository insurance. The remaining balances were covered by specific securities held by the pledging financial institution’s trust department in the District’s name and therefore, not subject to custodial credit risk. Although all State statutory requirements for the deposit of money have been followed, non-compliance with federal requirements could potentially subject the District to a successful claim by the FDIC.

The District has no deposit policy for custodial risk beyond the requirements of State statute. Ohio law requires that deposits be either insured or be protected by eligible securities pledged to and deposited either with the District or a qualified trustee by the financial institution as security for repayment, or by a collateral pool of eligible securities deposited with a qualified trustee and pledged to secure the repayment of all public monies deposited in the financial institution whose market value at all times shall be at least one hundred five percent of the deposits being secured.

NOTE 5 - CAPITAL ASSETS

Capital assets activity for the fiscal year ended December 31, 2008 was as follows:

	Ending Balance 12/31/07	Additions	Deletions	Ending Balance 12/31/08

Earnhart Hill Regional Water and Sewer District

Notes to the Basic Financial Statements

For the Year Ended December 31, 2008

NOTE 6 - DEFINED BENEFIT RETIREMENT PLAN

The Ohio Public Employees Retirement System (OPERS) administers three separate pension plans as described below:

1. The Traditional Pension Plan (TP) – a cost-sharing multiple-employer defined benefit pension plan.
2. The Member-Directed Plan (MD) – a defined contribution plan in which the member invests both member and employer contributions (employer contributions vest over five years at 20% per year). Under the Member-Directed Plan members accumulate retirement assets equal to the value of member and (vested) employer contributions plus any investment earnings thereon.
3. The Combined Plan (CO) – a cost-sharing multiple-employer defined benefit pension plan. Under the Combined Plan, OPERS invests employer contributions to provide a formula retirement benefit similar in nature to the Traditional Pension Plan benefit. Member contributions, the investment of which is self-directed by the members, accumulate retirement assets in a manner similar to the Member-Directed Plan.

OPERS provides retirement, disability, and survivor benefits and annual cost-of-living adjustments to members of the Traditional Pension and Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits.

Authority to establish and amend benefits is provided in Chapter 145 of the Ohio Revised Code.

OPERS issues a stand-alone financial report. Interested parties may obtain a copy by making a written request to OPERS, Attention: Finance Director, 277 East Town Street, Columbus, Ohio 43215-4642 or by calling (614) 222-5601 or 800-222-7377.

The Ohio Revised Code provides statutory authority for member and employer contributions. For 2008, member and employer contribution rates were consistent across all three plans. While members in the state and local divisions may participate in all three plans, law enforcement and public safety divisions exist only within the Traditional Pension Plan.

The 2008 member contribution rates were 10.0% for members in state and local classifications. Public safety and law enforcement members contributed 10.1%.

The 2008 employer contribution rate for state and local employers was 14.00% of covered payroll. For both the law enforcement and public safety divisions, the employer contribution rate for 2008 was 17.40%.

Total required employer contributions for all plans are equal to 100% of employer charges and should be extracted from the employer's records.

NOTE 7 - POSTEMPLOYMENT BENEFITS

Ohio Public Employees Retirement System (OPERS) administers three separate pension plans: The Traditional Pension Plan (TP) – a cost-sharing multiple-employer defined benefit pension plan; the Member-Directed Plan (MD) – a defined contribution plan; and the Combined Plan (CO) – a cost-sharing multiple-employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan.

OPERS provides retirement, disability, and survivor benefits as well as post-employment health care coverage to qualifying members of both the Traditional and the Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits, including post-employment health care coverage.

In order to qualify for post-employment health care coverage, age-and-service retirees under the Traditional Pension and Combined Plans must have 10 or more years of qualifying Ohio service credit. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available. The health care coverage provided by OPERS meets the definition of an Other Post-Employment Benefit (OPEB) as described in GASB Statement No. 12.

A portion of each employer's contribution to OPERS is set aside for the funding of post-employment health care. The Ohio Revised Code provides statutory authority for employer contributions. In 2008, state and local employers contributed at a rate of 14.00% of covered payroll and public safety and law enforcement employer units contributed at 17.40%. The portion of the employer contributions allocated to health care was 7.00% in 2008 for all employers.

The Ohio Revised Code provides the statutory authority requiring public employers to fund post-employment health care through their contributions to OPERS.

Earnhart Hill Regional Water and Sewer District

Notes to the Basic Financial Statements

For the Year Ended December 31, 2008

NOTE 7 - POSTEMPLOYMENT BENEFITS - Continued

Summary of Assumptions:

Actuarial Review - The assumptions and calculations below were based on OPERS' latest Actuarial Reviews performed as of December 31, 2007.

Funding Method – An individual entry age actuarial cost method of valuation is used in determining the present value of OPEB. The difference between assumed and actual experience (actuarial gains and losses) becomes part of unfunded actuarial accrued liability.

Assets Valuation Method – All investments are carried at market value. For actuarial valuation purposes, a smoothed market approach is used. Under this approach, assets are adjusted annually to reflect 25% of unrealized market appreciation or depreciation on investment assets annually, not to exceed a 12% corridor.

Investment Return – The investment assumption rate for 2007 was 6.50%.

Active Employee Total Payroll – An annual increase of 4.00%, compounded annually, is the base portion of the individual pay increase assumption. This assumes no change in the number of active employees. In addition, annual pay increases over and above the 4.00% base increase, were assumed to range from 0.50% to 6.30%.

Health Care – Health care cost were assumed to increase at the projected wage inflation rate plus an additional factor ranging from 0.50% to 4% for the next 7 years. In subsequent years (8 and beyond) health care costs were assumed to increase at 4% (the projected wage inflation rate).

OPEB is advance-funded on an actuarially determined basis. The following disclosures are required:

1. The Traditional Pension and Combined Plans had 363,503 active contributing participants as of December 31, 2008. The number of active participants for both plans used in the December 31, 2007, actuarial valuation was 364,076.
2. The employer contributions that were used to fund post employment benefits were \$41,227 for 2008 and \$34,869 for 2007.
3. The amount of \$12.8 billion represents the actuarial value of OPERS' net assets available for OPEB at December 31, 2007.
4. Based on the actuarial cost method used, the Actuarial Valuation as of December 31, 2007, reported the actuarial accrued liability and the unfunded actuarial accrued liability for OPEB at \$29.8 billion and \$17.0 billion, respectively.

OPERS Retirement Board adopts it's Health Care Preservation Plan.

The Health Care Preservation Plan (HCPP) adopted by the OPERS Retirement Board on September 9, 2004, was effective on January 1, 2007. Member and employer contribution rates increased as of January 1, 2006, January 1, 2007 and January 1, 2008, which will allow additional funds to be allocated to the health care plan.

NOTE 8 - ACCOUNTS RECEIVABLE

**INDEPENDENT ACCOUNTANT'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
REQUIRED BY *GOVERNMENT AUDITING STANDARDS***

May 26, 2009

Board of Trustees
Earnhart Hill Regional Water and Sewer District
2030 Stoneridge Drive
Circleville, Ohio 43113

To the Board of Trustees:

We have audited the financial statements of the business-type activities of the **Earnhart Hill Regional Water and Sewer District, Pickaway County, Ohio** (the District), as of and for the year ended December 31, 2008, which collectively comprise the District's basic financial statements and have issued our report thereon dated May 26, 2009. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the District's internal control over financial reporting as a basis for designing our audit procedures for expressing our opinions on the financial statements, but not to opine on the effectiveness of the District's internal control over financial reporting. Accordingly, we have not opined on the effectiveness of the District's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or a combination of control deficiencies, that adversely affects the District's ability to initiate, authorize, record, process, or report financial data reliably in accordance with its applicable accounting basis, such that there is more than a remote likelihood that the District's internal control will not prevent or detect a more-than-inconsequential financial statement misstatement.

A material weakness is a significant deficiency, or combination of significant deficiencies resulting in more than a remote likelihood that the District's internal control will not prevent or detect a material financial statement misstatement.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all internal control deficiencies that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider material weaknesses, as defined above.

Pickaway County
Independent Accountants' Report on Internal Control Over
Financial Reporting and on Compliance and Other Matters
Required by *Government Auditing Standards*
Page 2

Compliance and Other Matters

As part of reasonably assuring whether the District's basic financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

We intend this report solely for the information and use of management and District Trustees. It is not intended for anyone other than these specified parties.

Respectfully Submitted
