INDEPENDENT ACCOUNTANTS' REPORT

Fairborn Digital Academy Community School
Greene County
700 Black Lane
Fairborn, Ohio 45324

To the Board of Directors:

We have audited the accompanying financial statements of the Fairborn Digital Academy Community School, Greene County, (the School), as of and for the year ended June 30, 2008, which collectively comprise the School's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the School's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinion.

Ohio Administrative Code § 117-2-03 (B) requires the School to prepare its annual financial report in accordance with accounting principles generally accepted in the United States of America. However, as discussed in Note 2, the accompanying financial statements and notes follow the cash accounting basis. This is a comprehensive accounting basis other than generally accepted accounting principles. The accompanying financial statements and notes omit assets, liabilities, fund equities, and disclosures that, while material, we cannot determine at this time.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective cash financial position of the business-type activity of Fairborn Digital Academy Community School, Greene County, as of June 30, 2008, and the respective changes in cash financial position thereof for the year then ended in conformity with the basis of accounting Note 2 describes.

In accordance with *Government Auditing Standards*, we have also issued our report dated January 26, 2009, on our consideration of the School's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance, and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

Management's discussion and analysis is not a required part of the basic financial statements but is supplementary information the Governmental Accounting Standards Board requires. We have applied certain limited procedures, consisting principally of inquiries of management regarding the methods of measuring and presenting the required supplementary information. However, we did not audit the information and express no opinion on it.

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2008
UNAUDITED**

The discussion and analysis of Fairborn Digital Academy's (the School) financial performance provides an overall review of the School's financial activities for the fiscal year ended June 30, 2008, within the limitations of cash basis accounting. Readers should also review the basic financial statements and notes to enhance their understanding of the School's financial performance.

Financial Highlights

Key highlights for fiscal year 2008 are as follows:

- In total, net assets decreased by \$133,270, a significant change from last year. This was due to an increase in operating disbursements. The School's general receipts, those being primarily state foundation payments were \$589,670 or 86.78% of the total cash received during the fiscal year. Dependence on this revenue source is significant.

Using this Annual Report

This annual report is presented in a format consistent with the presentation requirements of Governmental Accounting Standards Board Statement No. 34, as applicable to the School's cash basis of accounting.

The School has elected to present its financial statements on a cash basis of accounting. This basis of accounting is a basis of accounting other than generally accepted accounting principles. Basis of accounting is a reference to when financial events are recorded, such as the timing for recognizing revenues, expenses, and the related assets and liabilities. Under the School's cash basis of accounting, receipts and disbursements and the related assets and liabilities are recorded when they result in cash transactions.

The statement of net assets provides information about the cash activities of the whole School. The Statement of Revenues, Disbursements, and Changes in Net Assets – Cash Basis provides a greater level of detail.

As a result of using the cash basis of accounting, certain assets and their related revenues (such as Accounts Receivables) and certain liabilities and their related disbursements (such as Accounts Payable) are not reported in these basic financial statements. Therefore, when reviewing the financial information and discussion within this report, the reader must keep in mind the limitations resulting from the use of cash basis accounting.

The notes to the financial statements are an integral part of the financial statements and provide expanded explanations and details regarding the information reported in the statements.

Current Issues

The challenge for all school districts is to provide quality education with fewer monies available to spend. Online schools are able to capitalize upon this since fewer full time personnel are needed to educate students. Also, the School is able to provide individualized attention when needed. Only 2 full time certified staff and one full time support staff are needed for 120 students. A traditional school would require double that staff.

Contacting the School's Financial Management

This financial report is designed to provide our citizens, taxpayers, investors, and creditors with a general overview of the School's finances and to reflect the School's accountability for the monies it receives. Questions concerning any of the information in this report or requests for additional information should be directed to Linda Hoch, Treasurer, Fairborn Digital Academy, 700 Black Lane, Fairborn, Ohio 45324.

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2008**

1. DESCRIPTION OF THE ENTITY

Fairborn Digital Academy Community School (the School) is a nonprofit corporation established pursuant to Ohio Rev. Code Chapters 3314 and 1702 to address the growing need for a comprehensive educational program delivered to students in the K – 12 population primarily through distance learning technologies. The comprehensive educational program will address special problems of disabled students, students removed from school for disciplinary reasons, students needing advanced or specialized courses which are not available locally, and others, including some home-schooled students, who are not currently enrolled in any public school and who are not receiving a meaningful, comprehensive, and standards-based educational program.

The School was approved for operation under contract with the Fairborn City School District (the Sponsor) for a period of five years commencing July 1, 2002. The School accepted students beginning September 3, 2002. The Sponsor is responsible for evaluating the performance of the School and has the authority to deny renewal of the contract at its expiration or terminate the contract prior to its expiration.

The School operates under the direction of a five-member Board of Directors. The Board is responsible for carrying out the provisions of the contract which include, but are not limited to, state-mandated provisions regarding student population, curriculum, academic goals, performance standards, admission standards, and qualifications of teachers. Fairborn City School District appoints the voting majority of the Board of Directors.

The Board of Directors has entered into a one year service contract with Tri-Rivers Educational Computer Association ("TRECA") to provide planning, instructional, administrative, and technical services required for the operation of the School. (See note 5)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Although required by Ohio Administrative Code Section 117-2-03 (B) to prepare its annual financial report in accordance with generally accepted accounting principles, the School chooses to prepare its financial statements on the basis of accounting formerly prescribed or permitted for school districts by the Auditor of State. The School recognizes receipts when received in cash rather than when earned and recognizes disbursements when paid rather than when a liability is incurred.

A. Basis of Presentation

Enterprise Accounting

The School uses enterprise accounting to track and report on its financial activities. Enterprise accounting is used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.

GREENE COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2008
(Continued)**

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Budgetary Process

Unlike other public schools located in the State of Ohio, community schools are not required to follow budgetary provisions set forth in Ohio Revised Code Chapter 5705, unless specifically provided in the School's contract with its Sponsor or otherwise adopted by the Board of Directors. The contract between the School and its Sponsor prescribes a budget requirement of preparing five-year forecast annually. The contract also states the School will follow the operating procedures recommended by the Auditor of State, including those related to regular presentation, review, discussion, and approval or rejection of the budget and reports of current and encumbered expenses. The School currently prepares an annual five-year forecast budget and the Board of Directors receives financial statements on a bi-monthly basis.

C. Cash

All monies received by the School are maintained in a demand deposit account.

D. Intergovernmental Revenues

The School currently participates in the State Foundation Program. Revenues from this program are recognized as operating revenues in the accompanying financial statements.

3. DEPOSITS

Custodial credit risk for deposits is the risk that in the event of bank failure, the School will not be able to recover deposits or collateral securities that are in the possession of an outside party. At year end, \$326,952 of the School's bank balance of \$426,952 was exposed to custodial credit risk because those deposits were uninsured and collateralized with securities held by the pledging financial institution's trust departments or agent, but not in the School's name.

The School has no deposit policy for custodial risk.

4. RISK MANAGEMENT

The School is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. For fiscal year 2008, the School was insured for commercial inland marine, general liability, and property.

5. CONTRACT WITH TRECA

The School entered into a one year contract for fiscal year 2008, with TRECA. Under the contract, the following terms were agreed upon:

- TRECA shall provide the School with instructional, supervisory/administrative, and technical services sufficient to effectively implement the School's educational plan and the School's assessment and accountability plan.
- All personnel providing services to the School on behalf of TRECA under the agreement shall be employees of TRECA and TRECA shall be solely responsible for all payroll functions, including retirement system contributions and all other legal withholding and/or payroll taxes, with respect to such personnel. All shall possess any certification or licensure which may be required by law.

**FAIRBORN DIGITAL ACADEMY COMMUNITY SCHOOL
GREENE COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2008
(Continued)**

5. CONTRACT WITH TRECA (Continued)

- The technical services provided by TRECA to the School shall include access to, and the use of, computer software, computer hardware, networking hardware, network services, and the services of technical support personnel necessary to implement the plan of operation.
- The School shall secure the services of an Executive Director, who shall be the chief operating officer of the school, with primary responsibility for day-to day operations of the School.
- Curricular services provided by TRECA shall be limited to the standardized curriculum developed by TRECA.
- In exchange for the services and support (including equipment) provided by TRECA, the School shall pay TRECA \$3,750 per full-time student. Part-time students may be enrolled on such terms as are agreed to by the parties.

For fiscal year 2008, \$292,813 was paid to TRECA by the School.

To obtain TRECA's audited June 30, 2008 financial statements please contact Scott Armstrong, Treasurer, at scott@treca.org.

6. CONTINGENCIES

A. Grants

The School received financial assistance from federal and state agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the School. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the School at June 30, 2008.

B. State Foundation Funding

The Ohio Department of Education conducts reviews of enrollment data and fulltime equivalency (FTE) calculations made by the schools. These reviews are conducted to ensure the schools are reporting accurate student enrollment data to the State, upon which state foundation funding is calculated. The conclusions of this review could result in state funding being adjusted. The conclusions of the fiscal year 2008 review resulted in the School owing \$3,028 which it will pay over eight months starting November 2008.

7. FISCAL AGENT

The School utilizes the services of TRECA as their fiscal officer. The School contracts with TRECA who in turn assigned Linda Hoch as the Treasurer.

8. PURCHASED SERVICES

For the period ended June 30, 2008, purchased service expenses were payments for services rendered by various vendors, as follows:

Instruction Services	\$478,368
Administrative Services	82,651
Data Processing	9,186
Insurance Expense	3,546
Utility Expense	718
Meeting/Travel Expense	6,599
Sponsorship Management	<u>100,000</u>
TOTAL	<u>\$681,068</u>

9. RELATED PARTY TRANSACTIONS

Fairborn City Schools (Sponsor) provides planning, instructional, administrative, and technical services required for the operation of the Academy.

Total payments made to the Fairborn City School District equaled \$302,105 out of which \$201,626 was for the use of facilities and personnel and \$100,000 were for sponsorship. See Note 10 for details.

10. CONTRACT WITH FAIRBORN CITY SCHOOLS

- Fairborn City Schools (the Sponsor) shall support the School's establishment and operation by converting to the School's use certain resources previously utilized by the Sponsor, including but not limited to portions of the Sponsor's facilities , staff, equipment, instructional materials, curriculum, and educational strategy, as determined to be appropriate by the Sponsor in the Sponsor's sole discretion
- If a student is entitled to transportation under any applicable law, such transportation shall be provided by the sponsor.

In 2008 & 2007, the School paid Fairborn City Schools \$302,105 and \$213,000 respectively.

To obtain Fairborn City School's audited June 30, 2008, financial statements please contact Tammy Emrick, Treasurer, at temrick@fairborn.k12.oh.us

11. JOINTLY GOVERNED ORGANIZATION

Metropolitan Dayton Educational Cooperative Association - The Academy is a participant in the Metropolitan Dayton Educational Cooperative Association (MDECA) which is a computer consortium. MDECA is an association of public school districts within the boundaries of Montgomery, Miami and Darke Counties and the Cities of Dayton, Troy and Greenville. The organization was formed for the purpose of applying modern technology with the aid of computers and other electronic equipment to administrative and instructional functions among member school districts.

INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY *GOVERNMENT AUDITING STANDARDS*

Fairborn Digital Academy Community School
Greene County
700 Black Lane
Fairborn, Ohio 45324

To the Board of Directors:

We have audited the basic financial statements of the business-type activity of Fairborn Digital Academy Community School, Greene County, (the School) as of and for the year ended June 30, 2008, and have issued our report thereon dated January 26, 2009, wherein we noted the School uses a comprehensive accounting basis other than generally accepted accounting principles. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the School's internal control over financial reporting as a basis for designing our audit procedures for expressing our opinion on the financial statements, but not to opine on the effectiveness of the School's internal control over financial reporting. Accordingly, we have not opined on the effectiveness of the School's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. However, as discussed below, we identified a certain deficiency in internal control over financial reporting that we consider a significant deficiency.

A control deficiency exists when the design or operation of a control does not allow management or employees, in performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the School's ability to initiate, authorize, record, process, or report financial data reliably in accordance with its applicable accounting basis, such that there is more than a remote likelihood that the School's internal control will not prevent or detect a more-than-inconsequential financial statement misstatement.

We consider the following deficiency described in the accompanying schedule of findings to be a significant deficiency in internal control over financial reporting: 2008-002.

A material weakness is a significant deficiency, or combination of significant deficiencies resulting in more than a remote likelihood that the School's internal control will not prevent or detect a material financial statement misstatement.

**Internal Control Over Financial Reporting
(Continued)**

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies and accordingly, would not necessarily disclose all significant deficiencies that are also material weaknesses. We do not believe the significant deficiency described above is a material weakness.

Compliance and Other Matters

As part of reasonably assuring whether the School's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed an instance of noncompliance or other matter that we must report under *Government Auditing Standards* which is described in the accompanying schedule of findings as item 2008-0001.

We also noted certain noncompliance or other matters not requiring inclusion in this report that we reported to the School's management in a separate letter dated January 26, 2009.

We intend this report solely for the information and use of the audit committee, management, Board of Directors, and the School's sponsor. We intend it for no one other than these specified parties.

SCHEDULE OF FINDINGS
JUNE 30, 2008

1. FINDINGS RELATED TO THE FINANCIAL STATEMENTS
REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS

FINDING NUMBER 2008-001

Noncompliance

Ohio Rev. Code Section 117.38 provides that each public office shall file a financial report for each fiscal year. The Auditor of State may prescribe forms by rule or may issue guidelines, or both, for such reports. If the Auditor of State has not prescribed a rule regarding the form for the report, the public office shall submit its report on the form utilized by the public office. Ohio Administrative Code Section 117-2-03 further clarifies the requirements of Ohio Rev. Code Section 117.38.

Ohio Administrative Code Section 117-2-03 (B) requires the School to prepare its annual financial report in accordance with generally accepted accounting principles (GAAP). However, the School prepared its financial report in accordance with standards established by the Auditor of State for governmental entities not required to prepare annual reports in accordance with generally accepted accounting principles. The accompanying financial statements and footnotes omit assets, liabilities, fund equities, and disclosures that, while material, cannot be determined at this time. Pursuant to Ohio Rev. Code Section 117.38 the School may be fined and subject to various other administrative remedies for its failure to file the required financial report.

GAAP financial statements provide a more detailed overview of the Schools financial condition. The School should consider presenting GAAP financial statements.

FINDING NUMBER 2008-002

Significant Deficiency - Memo Transactions

The School booked memo transactions to move funds from one grant special cost center to another. The School moved \$7,563 in IDEA Part B Title VI-B funds by posting it as federal grants in one special cost center and as negative refund of prior year expenditures in the other cost center. This resulted in federal grants being overstated and other revenue being understated by \$7,563 respectively on the accompanying financial statements. Similarly, the School moved \$6,231 in IDEA Part B Title VI-B funds by posting it as federal grants in one special cost center and as refund of prior year receipts in the other cost center. This resulted in federal grants and other expenditures being overstated by \$6,231 respectively. Additionally \$1,782 in federal and state grants revenue was posted as other revenue on the accompanying financial statements. None of the above noted misstatements required an audit adjustment.

The School should post such memo transactions in the same line item, revenue or expenditure or should move funds from one special cost center to another in form of an intra-fund transfer. Additionally, policies and procedures should be established to verify that amounts from the School's system are rolled up to correct line items on the financial statements. Failure to do so could result in material misstatements on the School's financial statements.

Officials Response:

We did not receive a response from officials to these findings.
