INDEPENDENT ACCOUNTANTS' REPORT

Educational Service Center
Greene County
360 East Enon Road
Yellow Springs, Ohio 45387

To the Board of Education:

We have audited the accompanying financial statements of the governmental activities, the major fund, and the aggregate remaining fund information of Greene County Educational Service Center, Greene County, (the Center), as of and for the year ended June 30, 2009, which collectively comprise the Center's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Center's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the major fund, and the aggregate remaining fund information of Greene County Educational Service Center, Greene County, as of June 30, 2009, and the respective changes in financial position, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated August 5, 2009, on our consideration of the Center's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

Management's Discussion and Analysis is not a required part of the basic financial statements but is supplementary information accounting principles generally accepted in the United States of America requires. We have applied certain limited procedures, consisting principally of inquiries of management regarding the methods of measuring and presenting the required supplementary information. However, we did not audit the information and express no opinion on it.

We conducted our audit to opine on the financial statements that collectively comprise the Center's basic financial statements. The General Fund Schedule of Revenues, Expenditures and Changes in Fund Balance – Budget and Actual (Non-GAAP Budgetary Basis) provides additional information and is not a required part of the basic financial statements. We subjected the Schedule to the auditing procedures applied in the audit of the basic financial statements. In our opinion, this information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2009
UNAUDITED**

The discussion and analysis of the Greene County Educational Service Center's financial performance provides an overall review of the Educational Service Center's financial activities for the fiscal year ended June 30, 2009. The intent of this discussion and analysis is to look at the Educational Service Center's financial performance as a whole; readers should also review the basic financial statements and notes to enhance their understanding of the Educational Service Center's financial performance.

Financial Highlights

Key financial highlights for fiscal year 2009 are as follows:

- In total, net assets increased \$168,097, which represents a 12 percent increase from fiscal year 2008.
- General revenues accounted for \$1,686,830 or 13 percent of all revenues. Program specific revenues accounted for \$11,580,394 or 87 percent of total revenues. Of these program revenues, 89 percent are in the form of charges for services that the Educational Service Center charges other school districts for services provided.
- 88 percent of expenses are offset by program specific charges for services and operating grants and contributions. General revenues, primarily revenues from the State, provided for the remainder of these costs.
- The General Fund's fund balance increased \$308,002 to a year-end fund balance of \$1,548,458.

Using the Basic Financial Statements

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the Greene County Educational Service Center as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The statement of net assets and the statement of activities provide information about the activities of the whole Educational Service Center, presenting both an aggregate view of the Educational Service Center's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the Educational Service Center's most significant funds with all other non-major funds presented in total in one column.

Reporting the Educational Service Center as a Whole

Statement of Net Assets and the Statement of Activities

While this document contains the large number of funds used by the Educational Service Center to provide programs and activities, the view of the Educational Service Center as a whole looks at all financial transactions and asks the question, "How did we do financially during fiscal year 2009?" The statement of net assets and the statement of activities answer this question. These statements include all assets and liabilities using the accrual basis of accounting; which is similar to the accounting used by most private-sector companies. This basis of accounting takes into account all of the current fiscal year's revenues and expenses regardless of when cash is received or paid.

These two statements report the Educational Service Center's net assets and changes in those assets. This change in net assets is important because it tells the reader that, for the Educational Service Center as a whole, the financial position of the Educational Service Center has improved or diminished. The causes of this change may be the result of many factors, some financial, and some not.

In the statement of net assets and the statement of activities, the Educational Service Center only reports governmental activities. Governmental activities are the activities where most of the Educational Service Center's programs and services are reported including, but not limited to, instruction, support services, and operation and maintenance of plant.

Reporting the Educational Service Center's Most Significant Funds

Fund Financial Statements

The analysis of the Educational Service Center's major funds begins on page 8. Fund financial statements provide detailed information about the Educational Service Center's major funds. The Educational Service Center uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the Educational Service Center's most significant fund. The Educational Service Center's major governmental fund is the General Fund.

Governmental Funds

All of the Educational Service Center's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at fiscal year-end available for spending in future periods. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the Educational Service Center's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between governmental activities (reported in the statement of net assets and the statement of activities) and governmental funds is reconciled in the financial statements.

Unrestricted	888,518	745,865	142,653
Total Net Assets	\$1,532,447	\$1,364,350	\$168,097

Total assets of governmental activities increased \$332,398 due to increases in cash from an increase in tuition and fees revenue. Tuition and fees increased due to increases in district contracts for services provided by the Educational Service Center. Capital assets decreased because depreciation expense was higher than current year additions.

Liabilities increased from fiscal year 2008 by \$164,301 because of increases in accrued wages, intergovernmental payables and compensated absences. This was mainly due to staff raises as well as experience step increases.

Unrestricted net assets, the part of net assets that can be used to finance day-to-day activities without constraints established by grants or legal requirements, of the Educational Service Center increased by \$142,653, mainly because of the increase in tuition mentioned above. In total, net assets increased \$168,097.

Governmental Activities

In total, revenues increased \$526,776 due to increases in charges for services. All revenues, other than charges for services, decreased by a total of \$256,755. Decreases in State funding from a poor economy was the main reason for the decrease in these revenues. Charges for services revenue increased as a result of increases in fees and expansion of services the Educational Service Center provides as well as a more aggressive approach to collections.

Expenses increased \$617,606, mainly in three areas, special instruction (\$303,147), pupils support services (\$143,666), and instructional staff support services (\$134,859). These three areas saw increases in pay rates as the Educational Service Center expanded the services it provides and gave raises and step increases to staff. These three areas comprise 75 percent or \$9,854,820 of total expenses.

The statement of activities shows the cost of program services and the charges for services and operating grants and contributions offsetting those services. Table 3 shows the total cost of services and the net cost of services. That is, it identifies the cost of these services supported by unrestricted State entitlements.

**Table 3
Governmental Activities**

	Total Cost of Services 2009	Net Cost of Services 2009	Total Cost of Services 2008	Net Cost of Services 2008
Instruction	\$ 6,524,668	\$ 519,155	\$ 6,152,454	\$ 513,795
Support Services	6,527,611	(2,027,077)	6,278,628	(2,117,650)
Operation of Non- Instructional Services	7,228	(148)	6,578	2,794
Intergovernmental	29,024	(67)	30,664	(564)
Interest and Fiscal Charges	10,596	(10,596)	13,197	(13,197)
Total Expenses	\$13,099,127	(\$1,518,733)	\$12,481,521	(\$1,614,822)

In total, program revenues, mainly charges for services, are not enough to cover expenses by \$1,518,733. The Educational Service Center is dependent on the State to make up the short fall in the form of grants and entitlements. Without, revenue from the State, the Educational Service Center would have to increase the fees charged to the school districts for services provided.

The Educational Service Center's Funds

Information about the Educational Service Center's major fund starts on page 13. These funds are accounted for using the modified accrual basis of accounting. All governmental funds had total revenues of \$13,352,192 and expenditures of \$13,040,077. The net change in fund balance for the fiscal year in the General Fund was \$308,002. The Educational Service Center covers its costs by combining State revenue with the revenue it realizes from the local school districts in the county. The intent is to realize a marginal profit. The districts are charged an estimated "cost of services" each month. At fiscal year-end, a reconciliation is performed to determine what a district may still owe or what a district may be owed. Typically, after the estimated amount is established, additional services may be requested. Usually, the revenue to cover these additional expenses is not received until after the reconciliation is performed. On occasion, this revenue is not received until well into the following fiscal year.

The Educational Service Center also has programs that are paid for with tuition charged to the districts using these programs. Expenses are realized in the fiscal year, but tuition invoices at the end of the fiscal year are typically not paid in a timely manner. The increase in the General Fund balance is due to a combination of estimating the "cost of services" more accurately and through a more aggressive accounts receivable program for tuition. Using a more aggressive accounts receivable program enables a realization of more tuition revenue within the required time to be included as revenue for the fiscal year, which contributed to the increase in the General Fund.

Capital Assets

Table 4 shows fiscal year 2009 balances compared to fiscal year 2008.

Table 4
Capital Assets (Net of Depreciation) at June 30,

	2009	2008
Land	\$161,360	\$161,360
Land Improvements	19,141	20,308
Building and Improvements	379,569	398,333
Furniture and Equipment	107,128	116,911
Totals	\$667,198	\$696,912

Overall capital assets, net of depreciation, decreased \$29,714 from fiscal year 2008 to fiscal year 2009. The decrease was a result of fiscal year 2009 additions only being \$12,661 with the current year depreciation expense being \$42,375. For more information on capital assets, refer to Note 6 of the basic financial statements.

Debt Administration

At June 30, 2009, the Educational Service Center had \$181,663 in total outstanding debt for capital leases. Refer to Notes 11 and 12 of the basic financial statements for additional information.

Current Financial Issues and Concerns

The Educational Service Center provides services at the pleasure of the local, city, and exempted village school districts in Greene County. The majority of the services are special education in nature. The services these children are to be provided are mandated by IEP's, Individual Education Plans. The districts are required, by law, to serve these children. The school districts may provide the service through their own personnel, or contract out to have it provided. Most of the districts rely solely on the Educational Service Center to provide these services, while a few provide them with a combination of the Educational Service Center's staff and their own staff. The Educational Service Center has proven that purchasing the services from the Educational Service Center is a cost effective way for the districts to provide the services.

One of the Educational Service Center's major concerns revolves around the loss of State support that the districts are realizing. The districts are required to make cuts in their general program to make funding available for these special education services that they are required to provide. There is very little fear that the districts will stop utilizing the Educational Service Center in providing these services. There is a fear that the districts could stop using the Educational Service Center to provide services that they are not required to provide.

The Educational Service Center's Alternative Education programs are, for the most part, elective programs. If financial constraints on the districts become large enough, and they choose not to enroll children in the programs, the programs will fail to support themselves. If this were to happen, the Educational Service Center would terminate these elective programs. The Alternative Education programs account for about \$947,000 of the Educational Service Center's annual costs and revenues.

FOR THE FISCAL YEAR ENDED JUNE 30, 2009**

Net Change in Fund Balances - Total Governmental Funds \$312,115

**Amounts reported for governmental activities in the statement of activities
are different because:**

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense.

In the current period, these amounts are:

Capital Outlay	\$12,661	
Depreciation Expense	<u>(42,375)</u>	
Excess of Capital Outlay Under Depreciation Expense		(29,714)

Repayment of long-term obligations is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets. These amounts consist of:

Capital Lease Payments	53,131
------------------------	--------

Some revenues that will not be collected for several months after the Educational Service Center's fiscal year-end are not considered "available" revenues and are deferred in the governmental funds.

Deferred Revenues changed by these amounts:

Tuition and Fees	(65,595)	
Intergovernmental Revenue	(25,014)	
Interest	<u>5,641</u>	
		(84,968)

Some items reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds. These activities consist of:

Increase in Compensated Absences	(82,467)
----------------------------------	----------

Change in Net Assets of Governmental Activities	<u><u>\$168,097</u></u>

1. DESCRIPTION OF THE EDUCATIONAL SERVICE CENTER AND REPORTING ENTITY

The Greene County Educational Service Center (the "Educational Service Center") is located in Yellow Springs, Ohio. The Educational Service Center supplies supervisory, special education, administrative and other services to the Cedar Cliff, Greeneview, and Sugarcreek Local School Districts, the Yellow Springs Exempted Village School District, and the Beavercreek, Fairborn and Xenia City School Districts. The Educational Service Center furnishes leadership and consulting services designed to strengthen the school districts in areas they are unable to finance or staff independently.

The Greene County Educational Service Center operates under a locally-elected Board form of government consisting of five members elected at-large for staggered four year terms. The Board members must be a resident of either Cedar Cliff, Greeneview, or Sugarcreek Local School Districts. The Educational Service Center has 186 employees, which includes 45 teachers, 41 special education therapists, 40 educational aides, 24 mental health therapists, 24 administrative employees, and 12 administrative support staff that provide services to the local, exempted village, and city school districts.

A. Reporting Entity:

A reporting entity is comprised of the primary government, component units, and other organizations that are included to ensure that the financial statements are not misleading. The primary government of the Educational Service Center consists of all funds, departments, boards, and agencies that are not legally separate from the Educational Service Center. For the Greene County Educational Service Center, this includes general operations of the Educational Service Center.

Component units are legally separate organizations for which the Educational Service Center is financially accountable. The Educational Service Center is financially accountable for an organization if the Educational Service Center appoints a voting majority of the organization's governing board and (1) the Educational Service Center is able to significantly influence the programs or services performed or provided by the organization; or (2) the Educational Service Center is legally entitled to or can otherwise access the organization's resources; the Educational Service Center is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the Educational Service Center is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the Educational Service Center in that the Educational Service Center approves the budget, the issuance of debt, or the levying of taxes. The Educational Service Center has no component units.

The Educational Service Center participates in three jointly governed organizations, two insurance purchasing pools and one public entity shared risk pool. These organizations are discussed in Note 13 to the basic financial statements. These organizations are:

Jointly Governed Organizations:

- Miami Valley Educational Computer Association
- Southwestern Ohio Educational Purchasing Council
- Greene County Family and Children First Council

Insurance Purchasing Pools:

- Southwestern Ohio Educational Purchasing Council Workers' Compensation Group Rating Plan
- Ohio School Plan

Public Entity Shared Risk Pool:

- Southwestern Ohio Educational Purchasing Cooperative Benefit Plan Trust

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Educational Service Center have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The Educational Service Center also applies Financial Accounting Standards Board (FASB) Statements and Interpretations issued on or before November 30, 1989, to its governmental activities provided they do not conflict with or contradict GASB pronouncements. The more significant of the Educational Service Center's accounting policies are described below.

A. Basis of Presentation

The Educational Service Center's basic financial statements consist of government-wide statements, including a statement of net assets and a statement of activities, and fund financial statements, which provide a more detailed level of financial information.

1. Government-wide Financial Statements:

The statement of net assets and the statement of activities display information about the Educational Service Center as a whole. The government-wide statements usually distinguish between those activities that are governmental and those that are business-type. The Educational Service Center, however, has no business-type activities.

The statement of net assets presents the financial condition of the governmental activities of the Educational Service Center at fiscal year-end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the Educational Service Center's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and are therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program and interest earned on grants that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the Educational Service Center, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the Educational Service Center.

2. Fund Financial Statements:

During the fiscal year, the Educational Service Center segregates transactions related to certain Educational Service Center functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the Educational Service Center at this more detailed level. The focus of governmental fund financial statements is on major funds rather than reporting by type. The major fund is presented in a separate column. Non-major funds are aggregated and presented in a single column.

B. Fund Accounting

The Educational Service Center uses funds to maintain its financial records during the fiscal year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. All funds of the Educational Service Center are classified as governmental.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

1. Governmental Funds:

Governmental funds are those through which most governmental functions of the Educational Service Center are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The following is the Educational Service Center's major governmental fund:

General Fund - The General Fund is the operating fund of the Educational Service Center and is used to account for all financial resources except those required to be accounted for in another fund. The General Fund balance is available to the Educational Service Center for any purpose provided it is expended or transferred according to the general laws of Ohio.

The other governmental funds of the Educational Service Center account for grants and other resources whose use is restricted to a particular purpose.

C. Measurement Focus

1. Government-wide Financial Statements:

The government-wide financial statements are prepared using the economic resources measurement focus. All assets and liabilities associated with the operation of the Educational Service Center are included on the statement of net assets. The statement of activities presents increases (e.g., revenues) and decreases (e.g., expenses) in total net assets.

2. Fund Financial Statements:

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

D. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue, and in the presentation of expenses versus expenditures.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

1. Revenues - Exchange and Non-exchange Transactions:

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. "Measurable" means that the amount of the transaction can be determined and "available" means that the resources will be collected within the current fiscal year, or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the Educational Service Center, available means expected to be received within sixty days of fiscal year-end.

Non-exchange transactions, in which the Educational Service Center receives value without directly giving equal value in return, include grants, entitlements and donations. Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the fiscal year when the resources are required to be used or the fiscal year when use is first permitted; matching requirements, in which the Educational Service Center must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the Educational Service Center on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at fiscal year-end: excess costs, tuition, student fees, and interest.

2. Deferred Revenue:

Deferred revenue arises when assets are recognized before revenue recognition criteria have been satisfied.

Grants and entitlements received before the eligibility requirements are met are recorded as deferred revenue.

On governmental fund financial statements, receivables that will not be collected within the available period have also been reported as deferred revenue.

3. Expenses/Expenditures:

On the accrual basis of accounting, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of costs, such as depreciation and amortization, are not recognized in the governmental funds.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. Cash and Cash Equivalents

To improve cash management, all cash received by the Educational Service Center is pooled. Monies for all funds are maintained in this pool. Individual fund integrity is maintained through the Educational Service Center's records. Interest in the pool is presented as "Equity in Pooled Cash and Cash Equivalents".

During fiscal year 2009, the Educational Service Center's investments were limited to non-negotiable certificates of deposit, which are reported at cost.

Following Ohio Statutes, the Governing Board has, by resolution, specified the funds to receive an allocation of interest earnings. Interest revenue credited to the General Fund during fiscal year 2009 amounted to \$16,805, which includes \$1,084 assigned from other Educational Service Center funds.

F. Prepaid Items

Payments made to vendors for services that will benefit periods beyond June 30, 2009, are recorded as prepaid items using the consumption method. A current asset for the prepaid amount is recorded at the time of the purchase and an expenditure/expense is reported in the fiscal year in which services are consumed.

G. Capital Assets

The Educational Service Center's only capital assets are general capital assets. General capital assets usually result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide statement of net assets but are not reported in the fund financial statements.

Capital assets are capitalized at cost (or estimated historical cost, which is determined by indexing the current replacement cost back to the year of acquisition) and updated for additions and retirements during the fiscal year. Donated capital assets are recorded at their fair market values as of the date received. The Educational Service Center maintains a capitalization threshold of \$2,500. The Educational Service Center does not possess any infrastructure. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized.

All capital assets, except land, are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

<u>Description</u>	<u>Estimated Lives</u>
Land Improvements	15-20 years
Building and Improvements	20-25 years
Furniture and Equipment	10-20 years

H. Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of the funds. However, compensated absences that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current fiscal year. The capital lease that will be paid from governmental funds is recognized as a liability in the fund financial statements when due.

I. Compensated Absences

Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the Educational Service Center will compensate the employees for the benefits through paid time off or some other means. The Educational Service Center records a liability for accumulated unused vacation time when earned for all eligible employees with more than one year of service.

Sick leave benefits are accrued as a liability using the vesting method. The liability includes the employees who are currently eligible to receive termination benefits and those the Educational Service Center has identified as probable of receiving payment in the future. The amount is based on accumulated sick leave and employees' wage rates at fiscal year-end, taking into consideration any limits specified in the Educational Service Center's termination policy. The Educational Service Center records a liability for accumulated unused sick leave for all employees after 10 years of current service with the Educational Service Center.

The entire compensated liability is reported on the government-wide financial statements

J. Net Assets

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction, or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the Educational Service Center or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. Net assets restricted for other purposes represent federal and State grants whose use is restricted to specified purposes.

The Educational Service Center applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

The government-wide statement of net assets reports \$158,394 of restricted net assets, none of which are restricted by enabling legislation.

K. Fund Balance Reserves

The Educational Service Center reserves those portions of fund balance which are legally segregated for a specific future use or which do not represent available expendable resources and therefore are not available for appropriation or expenditure. Unreserved fund balance indicates that portion of fund equity which is available for appropriation in future periods. Fund equity reserves have been established for encumbrances.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

L. Pass-Through Grants

The Educational Service Center is the primary recipient of grants which are passed through or spent on behalf of the school districts within the county. When the Educational Service Center has a financial or administrative role in the grants, the grants are reported as revenues and intergovernmental expenditures in the Preschool Grant Fund.

M. Internal Activity

Internal allocations of overhead expenses from one function to another or within the same function are eliminated on the statement of activities. Payments for interfund services provided and used are not eliminated.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

N. Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

3. DEPOSITS AND INVESTMENTS

Monies held by the Educational Service Center are classified by State statute into three categories.

Active monies are public monies determined to be necessary to meet current demands upon the Educational Service Center treasury. Active monies must be maintained either as cash in the Educational Service Center treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the Governing Board has identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts, including passbook accounts.

Interim monies held by the Educational Service Center can be deposited or invested in the following securities:

3. DEPOSITS AND INVESTMENTS (Continued)

1. United States Treasury bills, bonds, notes, or any other obligation or security issued by the United States Treasury, or any other obligation guaranteed as to principal and interest by the United States;
2. Bonds, notes, debentures, or any other obligation or security issued by any federal government agency or instrumentality including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above;
4. Bonds and other obligations of the State of Ohio;
5. Time certificates of deposit or savings or deposit accounts including, but not limited to, passbook accounts;
6. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2);
7. The State Treasurer's investment pool (STAR Ohio); and
8. Commercial paper and bankers acceptances if training requirements have been met.

Investments in stripped principal or interest obligations, reverse repurchase agreements, and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage, and short selling are also prohibited. Investments may only be made through specified dealers and institutions.

Deposits

Custodial credit risk is the risk that in the event of bank failure, the government's deposits may not be returned to it. The Educational Service Center has no deposit policy for custodial credit risk beyond the requirements of State statute. Ohio law requires that deposits be either insured or protected by eligible securities pledged to and deposited either with the Educational Service Center or a qualified trustee by the financial institution in security for repayment, or by a collateral pool of eligible securities deposited with a qualified trustee and pledged to secure the repayment of all public monies deposited in the financial institution whose market value at all times shall be at least 105 percent of the deposits being secured.

At fiscal year-end, the carrying amount of the Educational Service Center's deposits was \$3,286,102 and the bank balance was \$3,313,222. \$250,000 of the Educational Service Center's deposits was insured by federal depository insurance. The remaining balance of \$3,063,222 of the Educational Service Center's deposits were collateralized by a letter of credit from the Federal Home Loan Bank of Cincinnati. Based on the criteria described in GASB Statement No. 40, "Deposits and Investment Risk Disclosures", as of June 30, 2009, none of the Educational Service Center's bank balance of \$3,313,222 was exposed to custodial risk.

At June 30, 2009, the Educational Service Center had no investments.

4. STATE AND LOCAL SCHOOL DISTRICT FUNDING

The Educational Service Center, under State law, provides supervisory services to the local school districts within its territory. Each city, local, and exempted village school district that entered into an agreement with the Educational Service Center is considered to be provided supervisory services. The cost of the supervisory services is determined by formula under State law. The State Department of Education apportions the costs for all supervisory services among the Educational Service Center's city, local, and exempted village school districts based on each school's total student count. The Department of Education deducts each school district's amount from their State Foundation Program settlements and remits the amount to the Educational Service Center. The Educational Service Center may provide additional supervisory services if the majority of the client school districts agree to the services and the apportionment of the costs to all of the client school districts.

The Educational Service Center also receives funding from the State Department of Education in the amount of \$37 times the average daily membership of the Educational Service Center. Average daily membership includes the total student counts of all local school districts within the Educational Service Center's territory and all of the Educational Service Center's client school districts. This amount is paid from State resources. The State Department of Education also deducts from the State Foundation Program settlement of each of the Education Service Center's local and client school districts an amount equal to \$6.50 times the school district's total student count and remits this amount to the Educational Service Center.

The Educational Service Center may contract with city, exempted village, local, joint vocational, or cooperative education school districts to provide special education and related services or career-technical education services. The individual boards of education pay the costs for these services directly to the Educational Service Center.

5. RECEIVABLES

Receivables at June 30, 2009, consisted of accrued interest and intergovernmental in the forms of excess costs, tuition, and student fees from other school districts. All receivables are considered collectible in full and will be received within one year. A summary of the principal items of intergovernmental receivables follows:

	<u>Amounts</u>
Governmental Activities:

7. RISK MANAGEMENT

A. Property and Liability

The Educational Service Center is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During fiscal year 2009, the Educational Service Center contracted with Indiana Insurance Company for property insurance with a \$2,500 deductible and \$4,916,013 as the limit.

The Educational Service Center does not own any vehicles. The vehicles owned by employees who travel are covered under a business policy with the Indiana Insurance Company which has a \$1,000,000 limit on any accident.

**GREENE COUNTY EDUCATIONAL SERVICE CENTER
GREENE COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS

7. RISK MANAGEMENT (Continued)

During fiscal year 2009, the Educational Service Center, along with other school districts in Ohio, participated in the Ohio School Plan (OSP), an insurance purchasing pool. Each individual school district or educational service center enters into an agreement with the OSP and its premium is based on types of coverage, limits of coverage, and deductibles that it selects. The Educational Service Center pays this annual premium to the OSP (See Note 13). The Educational Service Center contracts for education general liability, fiduciary liability, employer's liability and stop gap, errors and omissions liability, employment practices, educational excess liability, and violence coverage with OSP.

Insurance coverage provided includes the following:

Education General Liability:	
Bodily Injury/Property Damage and Sexual Abuse Injury	\$3,000,000
General Aggregate Limit	5,000,000
Fiduciary Liability:	
Each Offense	3,000,000
Aggregate Limit	5,000,000
Employer's Liability and Stop Gap:	
Each Occurrence	3,000,000
Disease-Each Employee	3,000,000
Errors and Omissions Liability (\$2,500 deductible):	
Per Occurrence	3,000,000
Aggregate Limit	5,000,000
Employment Practices (\$2,500 deductible):	
Each Occurrence	3,000,000
Aggregate Limit	5,000,000
Educational Excess Liability:	
Each Occurrence	2,000,000
Aggregate Limit	2,000,000
Violence Coverage:	
Each Act	1,000,000
Plan Limit	1,000,000

Settled claims have not exceeded this commercial coverage in any of the past three fiscal years. There has not been a significant reduction in insurance coverage from the last fiscal year.

B. Workers' Compensation

For fiscal year 2009, the Educational Service Center participated in the Southwestern Ohio Educational Purchasing Council Workers' Compensation Group Rating Plan (GRP), an insurance purchasing pool (Note 13). The intent of the GRP is to achieve the benefit of a reduced premium for the Educational Service Center by virtue of its grouping and representation with other participants in the GRP. The workers' compensation experience of the participating school districts is calculated as one experience and a common premium rate is applied to all school districts in the GRP. Each participant pays its workers' compensation premium to the State based on the rate for the GRP rather than its individual rate. Participation in the GRP is limited to school districts that can meet the GRP's selection criteria. The firm of Hunter Consulting Company provides administrative, cost control, and actuarial services to the GRP.

7. RISK MANAGEMENT (Continued)

C. Medical Benefits

For fiscal year 2009, the Educational Service Center participated in the Southwestern Ohio Educational Purchasing Cooperative Benefit Plan Trust (Trust), a public entity shared risk pool consisting of 55 school districts (Note 13). The Educational Service Center pays monthly premiums to the Trust for employee medical, dental, and vision insurance benefits. The Trust is responsible for the management and operations of the program. Upon withdrawal from the Trust, a participant is responsible for the payment of all Trust liabilities to its employees, dependents, and designated beneficiaries accruing as a result of withdrawal.

8. DEFINED BENEFIT PENSION PLANS

A. School Employees Retirement System

Plan Description – The Educational Service Center contributes to the School Employees Retirement System (SERS), a cost-sharing, multiple-employer pension plan. SERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Chapter 3309 of the Ohio Revised Code. SERS issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the School Employees Retirement System, 300 East Broad Street, Suite 100, Columbus, Ohio 43215-3746.

Funding Policy – Plan members are required to contribute 10 percent of their annual covered salary and the Educational Service Center is required to contribute at an actuarially determined rate. The current Educational Service Center rate is 14 percent of annual covered payroll. A portion of the Educational Service Center's contribution is used to fund pension obligations with the remainder being used to fund health care benefits; for fiscal year 2009, 9.84 percent of annual covered salary was the portion used to fund pension obligations. The contribution requirements of plan members and employers are established and may be amended by the SERS' Retirement Board up to a statutory maximum amount of 10 percent for plan members and 14 percent for employers. Chapter 3309 of the Ohio Revised Code provides statutory authority for member and employer contributions. The Educational Service Center's required contributions for pension obligations to SERS for the fiscal years ended June 30, 2009, 2008 and 2007 were \$228,754, \$225,734, and \$252,782 respectively; 100 percent has been contributed for all three fiscal years.

B. State Teachers Retirement System of Ohio

Plan Description – The Educational Service Center participates in the State Teachers Retirement System of Ohio (STRS Ohio), a cost-sharing, multiple employer public employee retirement plan. STRS Ohio provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS Ohio issues a stand-alone financial report that may be obtained by writing to STRS Ohio, 275 E. Broad Street, Columbus, OH 43215-3771, by calling (888) 227-7877, or by visiting the STRS Ohio website at www.strsoh.org.

8. DEFINED BENEFIT PENSION PLANS (Continued)

New members have a choice of three retirement plans, a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. The DB Plan offers an annual retirement allowance based on final average salary times a percentage that varies based on years of service, or an allowance based on a member's lifetime contributions and earned interest matched by STRS Ohio funds divided by an actuarially determined annuity factor. The DC Plan allows members to place all their member contributions and employer contributions equal to 10.5 percent of earned compensation into an investment account. Investment decisions are made by the member. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal.

The Combined Plan offers features of both the DC Plan and the DB Plan. In the Combined Plan, member contributions are invested by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The DB portion of the Combined Plan payment is payable to a member on or after age 60; the DC portion of the account may be taken as a lump sum or converted to a lifetime monthly annuity at age 50. Benefits are established by Chapter 3307 of the Ohio Revised Code.

A DB or Combined Plan member with five or more years of credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members who die before retirement may qualify for survivor benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Funding Policy – For the fiscal year ended June 30, 2009, plan members were required to contribute 10 percent of their annual covered salaries. The Educational Service Center was required to contribute 14 percent; 13 percent was the portion used to fund pension obligations. Contribution rates are established by the State Teachers Retirement Board, upon recommendations of its consulting actuary, not to exceed statutory maximum rates of 10 percent for members and 14 percent for employers. Chapter 3307 of the Ohio Revised Code provides statutory authority for member and employer contributions.

The Educational Service Center's required contributions for pension obligations to STRS Ohio for the fiscal years ended June 30, 2009, 2008, and 2007 were \$856,830, \$802,201 and \$761,504 respectively; 83.4 percent has been contributed for fiscal year 2009 and 100 percent for fiscal years 2008 and 2007. Contributions to the DC and Combined Plans for fiscal year 2009 were \$29,151 made by the Educational Service Center and \$57,528 made by the plan members.

C. Social Security System

Effective July 1, 1991, all employees not otherwise covered by the School Employees Retirement System or the State Teachers Retirement System of Ohio have an option to choose Social Security or the School Employees Retirement System. As of June 30, 2009, one member of the Governing Board has elected Social Security. The Board's liability is 6.2 percent of wages paid.

9. POST-EMPLOYMENT BENEFITS

A. School Employees Retirement System

Plan Description – The Educational Service Center participates in two cost-sharing, multiple-employer defined benefit OPEB plans administered by the School Employees Retirement System (SERS) for non-certificated retirees and their beneficiaries, a Health Care Plan and a Medicare Part B Plan. The Health Care Plan includes hospitalization and physicians' fees through several types of plans including HMO's, PPO's and traditional indemnity plans as well as a prescription drug program. The Medicare Part B Plan reimburses Medicare Part B premiums paid by eligible retirees and beneficiaries up to a statutory limit. Benefit provisions and the obligations to contribute are established by SERS based on authority granted by State statute. The financial reports of both Plans are included in the SERS Comprehensive Annual Financial Report which is available by contacting SERS at 300 East Broad Street, Suite 100, Columbus, Ohio 43215-3746.

Funding Policy – State statute permits SERS to fund the health care benefits through employer contributions. Each year, after the allocation for statutorily required benefits, the Retirement Board allocates the remainder of the employer contribution of 14 percent of covered payroll to the Health Care Fund. The Health Care Fund was established and is administered in accordance with Internal Revenue Code Section 401h. For 2009, 4.16 percent of covered payroll was allocated to health care. In addition, employers pay a surcharge for employees earning less than an actuarially determined amount; for 2009, this amount was \$35,800.

Active employee members do not contribute to the Health Care Plan. Retirees and their beneficiaries are required to pay a health care premium that varies depending on the plan selected, the number of qualified years of service, Medicare eligibility and retirement status.

The Educational Service Center's contributions for health care for the fiscal years ended June 30, 2009, 2008, and 2007 were \$153,480, \$152,285, and \$134,427, respectively; 100 percent has been contributed for all three fiscal years.

The Retirement Board, acting with advice of the actuary, allocates a portion of the employer contribution to the Medicare Part B Fund. For 2009, this actuarially required allocation was 0.66 percent of covered payroll. The Educational Service Center's contributions for Medicare Part B for the fiscal years ended June 30, 2009, 2008, and 2007 were \$16,446, \$16,265, and \$17,189 respectively; 100 percent has been contributed for all three fiscal years.

B. State Teachers Retirement System of Ohio

Plan Description – The Educational Service Center contributes to the cost-sharing, multiple-employer defined benefit Health Plan administered by the State Teachers Retirement System of Ohio (STRS Ohio) for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS Ohio. Benefits include hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare Part B premiums. The Plan is included in the report of STRS Ohio which may be obtained by visiting www.strsoh.org or by calling (888) 227-7877.

9. POST-EMPLOYMENT BENEFITS (Continued)

Funding Policy – Ohio law authorizes STRS Ohio to offer the Plan and gives the Retirement Board authority over how much, if any, of the health care costs will be absorbed by STRS Ohio. Active employee members do not contribute to the Plan. All benefit recipients pay a monthly premium. Under Ohio law, funding for post employment health care may be deducted from employer contributions. For 2009, STRS Ohio allocated employer contributions equal to one percent of covered payroll to the Health Care Stabilization Fund. The Educational Service Center's contributions for health care for the fiscal years ended June 30, 2009, 2008, and 2007 were \$65,910, \$61,708, and \$58,577 respectively; 83.4 percent has been contributed for fiscal year 2009 and 100 percent for fiscal years 2008 and 2007.

10. OTHER EMPLOYEE BENEFITS

A. Compensated Absences

The criteria for determining vacation and sick leave benefits are derived from negotiated agreements and State laws. All 12 month employees earn 15 to 25 days of vacation per fiscal year, depending upon length of service. Employees may accumulate five vacation days over their yearly maximum allowance at any time during a contract year. Accumulated, unused vacation time is paid to all staff who have any accumulated vacation upon termination of employment. Teachers do not earn vacation time.

All regular, full-time employees earn three days of personal leave per fiscal year. Accumulated, unused personal leave is converted to sick leave at fiscal year-end. Accumulated, unused personal leave is not paid to employees upon termination of employment. All regular, part-time staff earn personal leave at a prorated rate based upon the percentage they work compared to full-time.

All regular, full-time teachers, administrators, and classified employees earn sick leave at the rate of one and one-fourth days per month. Sick leave may be accumulated up to a maximum of 260 days for all personnel. Upon retirement, employees with 10 or more years of current service with the Educational Service Center receive payment for one-fourth of accrued, but unused sick leave credit to a maximum of 65 days. For those employees with less than 10 years of service, the maximum leave payment is 40 days. To be eligible for the sick leave payout, the employee must show acceptance into STRS or SERS. If the employee is a rehired retiree, no sick leave is paid out at termination of service.

B. Insurance Benefits

The Educational Service Center provides dental insurance, life insurance and accidental death and dismemberment insurance to most employees through Delta Dental, Sun Life, Vision Service Plan, and Anthem EPC, respectively.

C. Deferred Compensation Plan

Employees may elect to participate in the ING Financial, the Ohio Public Employees Deferred Compensation Plan, or the Ohio Association of School Board Officials (OASBO) Deferred Compensation Plan in accordance with Internal Revenue Code Section 457. The employees may also participate in a qualified annuity plan, sponsored by multiple providers, in accordance with Internal Revenue Code Section 403(b). Participation is on a voluntary payroll deduction basis. The plans permit deferral of compensation until future years. According to the plans, the deferred compensation is not available until termination, retirement, death or an unforeseeable emergency

11. CAPITALIZED LEASES - LESSEE DISCLOSURE

In fiscal year 2003, the Educational Service Center entered into a lease-purchase agreement for the purchase and renovation of the land and building where the Educational Service Center is housed, instead of continuing to make rental payments. The initial term of the agreement was July 25, 2002, until June 30, 2003, provided that U. S. Bank and/or the Educational Service Center will have the right each year to either renew for an additional one-year renewable term until the end of the lease or pay off the total amount outstanding at that time. The lease meets the criteria of a capital lease as defined by Statement of Financial Accounting Standards No. 13, "Accounting for Leases," which defines a capital lease generally as one which transfers benefits and risks of ownership to the lessee. Capital lease payments have been reclassified and are reflected as debt service expenditures in the basic financial statements. These expenditures are reflected as program/function expenditures on a budgetary basis. Principal payments made during fiscal year 2009 totaled \$53,131 in the General Fund.

The assets acquired through capital leases are as follows:

	<u>Asset Value</u>	<u>Accumulated Depreciation</u>	<u>Net Book Value</u>
Land	\$161,360	\$0	\$161,360
Building and Improvements	338,640	94,822	243,818
Totals	<u>\$500,000</u>	<u>\$94,822</u>	<u>\$405,178</u>

The following is a schedule of the future long-term minimum lease payments required under the capital leases and the present value of the minimum lease payments as of June 30, 2009.

<u>Year</u>	<u>Amount</u>
2010	63,727

13. JOINTLY GOVERNED ORGANIZATIONS, INSURANCE PURCHASING POOLS, AND PUBLIC ENTITY SHARED RISK POOL

A. Jointly Governed Organizations

Miami Valley Educational Computer Association - The Educational Service Center is a participant in the Miami Valley Educational Computer Association (MVECA) which is a computer consortium. MVECA is an association of public schools within the boundaries of Clark, Clinton, Fayette, Greene and Highland Counties. The organization was formed for the purpose of applying modern technology with the aid of computers and other electronic equipment to administrative and instructional functions among member districts.

The governing board of MVECA consists of five Superintendents and two Treasurers of member school districts, with four of the five Superintendents and both Treasurers elected by a majority vote of all member school districts, except the Greene County Career Center. The fifth Superintendent is from the Greene County Career Center. The Educational Service Center paid MVECA \$11,900 for services provided during fiscal year 2009. Financial information can be obtained from Dean Reineke, who serves as Executive Director, at 330 East Enon Road, Yellow Springs, Ohio 45387.

Southwestern Ohio Educational Purchasing Council - The Southwestern Ohio Educational Purchasing Council (SOEPC) is a purchasing cooperative made up of over 100 school districts and educational service centers in 18 counties. The purpose of the cooperative is to obtain prices for quality merchandise and services commonly used by schools. All member districts are obligated to pay all fees, charges, or other assessments as established by the SOEPC.

Each member district has one voting representative. Title to any and all equipment, furniture and supplies purchased by the SOEPC is held in trust for the member districts. Any district withdrawing from the SOEPC forfeits its claim to any and all SOEPC assets. One year prior notice is necessary for withdrawal from the group. During this time, the withdrawing member is liable for all member obligations. Payments to SOEPC are made from the General Fund. During fiscal year 2009, the Educational Service Center paid \$300 to the SOEPC. To obtain financial information, write to the Southwestern Ohio Educational Purchasing Council, Ken Swink, who serves as Director, at 303 Corporate Center Drive, Suite 208, Vandalia, OH 45377.

Greene County Family and Children First Council - The Greene County Family and Children First Council (Council) is a jointly governed organization created under Ohio Revised Code Section 121.37. The Council is made up of the following members: the Director of the Board of Alcohol, Drug Addiction and Mental Health Services that serves Greene County, the Health Commissioner of the Board of Greene County, the Director of the Greene County Department of Human Services, the Executive Director of Greene County's Children Services Board, the Superintendent of Greene County's Board of Mental Retardation and Developmental Disabilities, the Greene County Juvenile Court Judge, the Superintendents of all School Districts and Educational Service Centers within the County, a representative of the largest city in the County, the Chair of the Board of Greene County Commissioners, a representative of the regional office of the Department of Youth Services, a representative of Head Start services in Greene County, a representative of Greene County's Early Intervention Collaborative, and at least three individuals representing families residing in Greene County. When possible, the number of members representing families will be equal to 20 percent of the Council's remaining membership.

In fiscal year 2009, the Educational Service Center paid \$688 to the Council. Continued existence of the Council is not dependent on the Educational Service Center's continued participation, no equity interest exists, and no debt is outstanding.

13. JOINTLY GOVERNED ORGANIZATIONS, INSURANCE PURCHASING POOLS, AND PUBLIC ENTITY SHARED RISK POOL (Continued)

B. Insurance Purchasing Pools

Southwestern Ohio Educational Purchasing Council Workers' Compensation Group Rating Plan - The Educational Service Center participates in the Southwestern Ohio Educational Purchasing Council Workers' Compensation Group Rating Plan (GRP), an insurance purchasing pool. The GRP's business and affairs are conducted by an 11 member Executive Committee consisting of the Chairperson, the Vice-Chairperson, a representative from the Montgomery County Educational Service Center and eight other members elected by majority vote of all member Educational Service Centers. The Chief Administrator of the GRP serves as the coordinator of the program. Each fiscal year, the participating Educational Service Centers pay an enrollment fee to the GRP to cover the costs of administering the program.

Ohio School Plan - The Educational Service Center participates in the Ohio School Plan (OSP), an insurance purchasing pool. The OSP is an unincorporated, non-profit association of its members and an instrumentality for each member for the purpose of enabling members of the Plan to provide for a formalized, joint insurance purchasing program to maintain adequate insurance protection, risk management programs and other administrative services. The OSP's business and affairs are conducted by a 13 member Board of Directors consisting of school district superintendents and treasurers, as well as the president of Harcum-Hyre Insurance Agency, Inc. and a partner of the Hylant Group, Inc. is the Administrator of the OSP and is responsible for processing claims. Harcum-Hyre Insurance Agency, Inc. is the sales and marketing representative, which establishes agreements between OSP and member schools.

C. Public Entity Shared Risk Pool

Southwestern Ohio Educational Purchasing Cooperative Benefit Plan Trust - The Southwestern Ohio Educational Purchasing Cooperative Benefit Plan Trust (Trust) is a public entity shared risk pool consisting of 55 school districts. The Trust is organized as a Voluntary Employee Benefit Association under Section 501(c)(9) of the Internal Revenue Code and provides medical, dental, and vision insurance benefits to the employees of the participants. The Trust is governed by the Southwestern Ohio Educational Purchasing Cooperative and its participating members. Each participant decides which plans offered by the Trust will be extended to its employees. Participation in the Trust is by written application subject to acceptance by the Trust and payment of the monthly premiums. Financial information can be obtained from the Southwestern Ohio Educational Purchasing Cooperative, 1831 Harshman Road, Dayton, Ohio 45424.

14. CONTINGENCIES

A. Grants

The Educational Service Center received financial assistance from federal and State agencies in the form of grants. The expenditure of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the Educational Service Center at June 30, 2009.

B. Litigation

There are currently no matters in litigation with the Educational Service Center as defendant.

**NOTES TO SUPPLEMENTAL INFORMATION
FOR THE FISCAL YEAR ENDED JUNE 30, 2009**

1. BUDGETARY PROCESS

There are no budgetary requirements for Educational Service Centers identified in the Ohio Revised Code nor does the State Department of Education specify any budgetary guidelines to be followed.

The Educational Service Center's Board budgets for resources estimated to be received during the fiscal year. The estimated revenues may be amended during the fiscal year if projected increases or decreases in revenue are identified by the Treasurer. The amounts reported as the original budgeted amounts on the budgetary statements reflect the amounts of the estimated revenues when the original appropriations were adopted. The amounts reported as the final budgeted amounts on the budgetary statements reflect the amounts of the estimated revenues in effect at the time final appropriations were passed by the Board.

The Educational Service Center's Board adopts an annual appropriations resolution, which is the Board's authorization to spend resources and sets annual limits on the expenditures plus encumbrances at the level of control selected by the Board. The level of control has been established by the Board at the fund/function/object level for the General Fund and at the fund level for all other funds. The Treasurer has been authorized to allocate appropriations to the function and object level within all funds.

Throughout the fiscal year, appropriations may be amended or supplemented as circumstances warrant. The amounts reported as the original budgeted amounts on the budgetary statements reflect the amounts on the first appropriations resolution for that fund that covered the entire fiscal year, including amounts automatically carried forward from the prior fiscal year. The amounts reported as the final budgeted amounts on the budgetary statements represent the final appropriation amounts passed by the Board during the fiscal year.

2. BUDGETARY BASIS OF ACCOUNTING

While the Educational Service Center is reporting financial position, results of operations and changes in fund balance on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The schedule of revenues, expenditures and changes in fund balance - budget (non-GAAP basis) and actual is presented for the General Fund on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and GAAP basis are as follows:

1. Revenues are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis).
2. Expenditures are recorded when paid in cash (budget basis) as opposed to when the fund liability is incurred (GAAP basis).
3. Encumbrances are treated as expenditures (budget basis) rather than as a reservation of fund balance (GAAP basis).

The following table summarizes the adjustments necessary to reconcile the GAAP basis statements to the budgetary basis statements for the General Fund.

INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY *GOVERNMENT AUDITING STANDARDS*

Educational Service Center
Greene County
360 East Enon Road
Yellow Springs, Ohio 45387

To the Board of Education:

We have audited the financial statements of the governmental activities, the major fund, and the aggregate remaining fund information of Greene County Educational Service Center, Greene County, (the Center) as of and for the year ended June 30, 2009, which collectively comprise the Center's basic financial statements and have issued our report thereon dated August 5, 2009. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Center's internal control over financial reporting as a basis for designing our audit procedures for expressing our opinions on the financial statements, but not to opine on the effectiveness of the Center's internal control over financial reporting. Accordingly, we have not opined on the effectiveness of the Center's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the Center's ability to initiate, authorize, record, process, or report financial data reliably in accordance with its applicable accounting basis, such that there is more than a remote likelihood that the Center's internal control will not prevent or detect a more-than-inconsequential financial statement misstatement.

A material weakness is a significant deficiency, or combination of significant deficiencies resulting in more than a remote likelihood that the Center's internal control will not prevent or detect a material financial statement misstatement.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all internal control deficiencies that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider material weaknesses, as defined above.

Compliance and Other Matters

As part of reasonably assuring whether the Center's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

We also noted a certain noncompliance or other matter that we reported to the Center's management in a separate letter dated August 5, 2009.

We intend this report solely for the information and use of management, the Board of Education, and the audit committee. We intend it for no one other than these specified parties.
