

Logan County Financial Condition

Single Audit

For the Year Ended December 31, 2008

Mary Taylor, CPA
Auditor of State

Board of Commissioners
Logan County
100 South Madriver Street
Room 103
Bellefontaine, Ohio 43311

We have reviewed the *Independent Auditors' Report* of Logan County, prepared by Clark Schaefer Hackett Co., for the audit period January 1, 2008 through December 31, 2008. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. Logan County is responsible for compliance with these laws and regulations.

INDEPENDENT AUDITORS' REPORT

County Board of Commissioners
Logan County, Ohio
117 E. Columbus Ave.
Bellefontaine, Ohio 43311

We have audited the accompanying financial statements of the governmental activities, business-type activities, discretely presented component unit, each major fund, and the aggregate remaining fund information of Logan County, Ohio (the County), as of and for the year ended December 31, 2008, which collectively comprise the County's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the County's management. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of RTC Industries, Inc., the County's only discretely presented component unit. Those financial statements were audited by other auditors whose report thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for the discretely presented component unit, is based on the report of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The financial statements of RTC Industries, Inc. were audited by other auditors in accordance with auditing standards generally accepted in the United States of America and not in accordance with *Government Auditing Standards*. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the report of other auditors provide a reasonable basis for our opinions.

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, discretely presented component unit, each major fund, and the aggregate remaining fund information of Logan County, Ohio, as of December 31, 2008, and the respective changes in financial position and cash flows, where applicable, thereof and the respective budgetary comparisons for the General Fund, Auto & Gas Fund, Board of MRDD Fund, Children Services Fund, and Job & Family Services Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

springfield, oh 45503

www.cshco.com
p. 937.399.2000
f. 937.399.5433

In accordance with *Government Auditing Standards*, we have also issued our report dated June 30, 2009 on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The Management's Discussion and Analysis on pages 3 through 8 are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

A handwritten signature in black ink that reads "Clark Schaefer Hackett Co." The signature is written in a cursive, flowing style.

June 30, 2009

Logan County
Management's Discussion and Analysis
For the Year Ended December 31, 2008
(Unaudited)

The discussion and analysis of Logan County's financial performance provides an overall view of the County's financial activities for the year ended December 31, 2008. The intent of this discussion and analysis is to look at the County's financial performance as a whole; readers should also review notes to the basic financial statements, and the financial statements themselves, to enhance their understanding of the County's financial performance.

Financial Highlights

Key financial highlights for 2008 are as follows:

- ❑ The County's net assets decreased \$3,344,614 as a result of this year's operations. Net assets of the business-type activities increased \$75,380 and net assets of our governmental activities decreased \$3,419,994 or 4.1 percent.
- ❑ Business-Type activities had expenses of \$9,428,945 which is \$270,170 more than the \$9,158,775 in program revenues generated for such expenses.

Using this Annual Financial Report

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the Logan County as an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The *Statement of Net Assets* and *Statement of Activities* provide information about the activities of the County, presenting both an aggregate view of the County's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the County's most significant funds with all other non-major funds presented in total in one column. In the case of the Logan County, the General Fund is by far the most significant fund.

Reporting the County as a Whole

Statement of Net Assets and the Statement of Activities

While this document contains a large number of funds used by the County to provide programs and activities, the view of the County as a whole looks at all financial transactions and asks the question, "How did we do financially during 2008?" The Statement of Net Assets and the Statement of Activities answer this question. These statements include *all assets* and *liabilities* using the *accrual basis of accounting* similar to the accounting used by most private-sector companies. This basis of accounting takes into account all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the County's *net assets* and changes in those assets. This change in net assets is important because it tells the reader that, for the County, the *financial position* of the County has increased or diminished. The cause of this is the result of many factors, some the County can control, some not. Non-controllable financial factors include the County's insurance costs, Workers Compensation costs, the economy, interest rates, and revenues or expenses determined by laws in Ohio restricting revenue growth, required programs and other factors.

In the Statement of Net Assets and the Statement of Activities, the County is divided into two distinct kinds of activities:

- Governmental Activities - Most of the County's programs and services are reported here including public safety, public works, health, human services, conservation and recreation, economic development, urban redevelopment, legislative and executive, and judicial.

Logan County
Management's Discussion and Analysis
For the Year Ended December 31, 2008
(Unaudited)

- Business-Type Activities - These services are provided on a charge for goods or services basis to recover all of the expenses of the goods or services provided. The Indian Lake Water Pollution Control District Fund and the Logan Acres County Home Funds are reported as business activities.

Reporting the County's Most Significant Funds

Fund Financial Statements

Fund financial statements provide detailed information about the County's major funds. The County uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the County's most significant funds. The County's major governmental funds are the General Fund, the Auto and Gas Fund, the MRDD Fund, the Children Services Fund, and the Job and Family Services Fund.

Governmental Funds Most of the County's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in future periods. These funds are reported using an accounting method called *modified accrual* accounting, which measures cash and all other *financial assets* that can readily be converted into cash. The governmental fund statements provide a detailed *short-term view* of the County's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance County operations. The relationship (or differences) between governmental *activities* (reported in the Statement of Net Assets and the Statement of Activities) and governmental *funds* is reconciled in the financial statements.

Proprietary Funds Proprietary funds use the same basis of accounting as business-type activities; therefore, these statements will essentially match.

The County as a Whole

Recall that the Statement of Net Assets provides the perspective of the County as a whole.

Logan County
Management's Discussion and Analysis
For the Year Ended December 31, 2008
(Unaudited)

The Statement of Activities shows the cost of program services and the charges for services and grants offsetting those services. Table 3 shows, for government activities, the total cost of services and the net cost of services. That is, it identifies the cost of these services supported by tax revenue and unrestricted State entitlements. Comparisons are made to 2007.

Table 3
 Governmental Activities

	Total Cost of Services 2008	Net Cost of Services 2008	Total Cost of Services 2007	Net Cost of Services 2007
General Government - Legislative	\$ 6,948,936	\$ 5,646,160	\$ 6,578,122	\$ 5,205,035
General Government - Judicial	3,595,887	2,231,155	2,901,657	1,625,518
Public Safety	6,347,157	4,872,966	6,499,455	5,008,181
Public Works	9,144,835	2,095,666	4,884,753	(1,936,982)
Health	1,444,252	1,417,212	1,465,547	1,432,221
Human Services	15,533,035	8,642,736	14,569,585	7,824,287
Conservation and Recreation	375,985	370,285	468,234	468,234
Economic Development and Assistance	407,590	336,595	265,212	(23,061)
Urban Redevelopment and Housing	152,621	105,114	403,205	182,762
Interest and Fiscal Charges	289,883	289,883	567,826	567,826
Total Expenses	44,240,181	26,007,772	38,603,596	20,354,021

The dependence upon tax revenues for governmental activities is apparent. Only 41.2 percent of expenses are supported through program revenues. For all governmental activities, taxes and other general revenues support 58.8 percent of expenses. The community, as a whole, is by far the primary support for the County.

Business-Type Activities

Business-type activities include the Water Pollution Control Fund and Logan Acres County Home Fund. These programs had program revenues of \$9,158,775 and expenses of \$9,428,945 for the year 2008. Business activities receive no support from tax revenues.

The County's Funds

Information about the County's major funds starts on page 11. These funds are accounted for using the modified accrual basis of accounting. All governmental funds had total revenues and other fund sources of \$44,929,403 and expenditures and other fund uses of \$46,526,977. The net change in fund balance for the year was a decrease of \$1,597,574. A small decrease and shows the county is working to stay near its budget.

General Fund Budgeting Highlights

The County's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The most significant budgeted fund is the General Fund.

During the course of the year 2008 the County amended its General Fund budget numerous times. The County uses department based budgeting and the budgeting systems are designed to tightly control total department budgets but provide flexibility for site management.

For the General Fund, final budget revenue was \$16,317,000 and actual revenue was \$16,290,846 resulting in a negative variance of \$26,154. Expenditures also had a positive variance for the year of \$432,200.

The County's 2008 ending unobligated General Fund cash balance was \$620,199 which was \$472,418 greater than the final budgeted amount.

For the Year Ended December 31, 2008
(Unaudited)

Capital Assets and Debt Administration

Capital Assets

At the end of the 2008 the County had \$94,387,611 invested in land, buildings, equipment, vehicles, and infrastructure, of which \$64,192,456 was in governmental activities. Table 4 shows the 2008 balances.

Table 4
 Capital Assets at December 31

(Unaudited)

Business-Type Activities as the debt is being paid from the Logan Acres County Home Fund.

The Ohio Revised Code provides that the net general obligation debt of the County, exclusive of certain exempt debt, issued without a vote of the electors shall never exceed one percent of the total assessed valuation of the County.

The code further provides that the total voted and unvoted net debt of the County less the same exempt debt, shall never exceed a sum equal to three percent of the first \$100,000,000, of the assessed valuation, plus one-half percent of such valuation in excess of \$100,000,000 and not in excess of \$300,000,000, plus two and one-half percent of such valuation in excess of \$300,000,000.

See Note 12 and 13 for additional information on the County's debt obligations.

For the Future

As we begin 2009, the sales tax seems to be improving over last year's numbers and we trust this improvement to continue. If it does, then the County will have another successful year financially.

In conclusion, the County has committed itself to financial responsibility for many years. In addition, the County's systems of budgeting and internal controls are well regarded. All of the County's financial abilities will be needed to meet the challenges of the future.

Contacting the County's Financial Management

This financial report is designed to provide our citizens, taxpayers, investors, and creditors with a general overview of the County's finances and to show the County's accountability for the money it receives. If you have questions about this report or need additional information contact Michael E. Yoder, County Auditor, 100 South Madriver Street, Bellefontaine, Ohio 43311. Or e-mail at myoder@co.logan.oh.us or telephone at (937) 599-7209.

Logan County
 Reconciliation of Total Governmental Fund Balances to
 Net Assets of Governmental Activities
 December 31, 2008

Total Governmental Fund Balances \$ 16,243,561

*Amounts reported for governmental activities in the
 statement of net assets are different because:*

Capital assets used in governmental activities are not financial
 resources and therefore are not reported in the funds. 64,192,456

Other long-term assets are not available to pay for
 current period expenditures and therefore are deferred
 in the funds:

Taxes	\$ 1,366,111	
Special Assessments	221,980	
Grants	4,227,042	
Accounts Receivable	153,491	
Accrued Interest On Investments	124,699	6,093,323

Some liabilities, including bonds payable and accrued interest,
 are not due and payable in the current period and therefore
 are not reported in the funds.

Accrued Interest Payable	\$ (67,099)	
Bonds & Notes	(6,050,625)	
Compensated Absences Payable	(1,348,329)	(7,466,053)

Net Assets of Governmental Activities

Net Assets of Governmental Activities \$ 79,063,287

See accompanying notes to the basis financial statements.

Logan County
 Reconciliation of the Statement of Revenues, Expenditures and Changes
 in Fund Balances of Governmental Funds to the Statement of Activities
 For the Year Ended December 31, 2008

Net Change in Fund Balances - Total Governmental Funds \$ (1,597,574)

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activity the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays was over (under) depreciation in the current period.

Capital Outlay	\$ 638,899	
Depreciation	<u>(3,172,926)</u>	(2,534,027)

Loss on disposal of Capital Assets is not recorded in the Governmental funds but is recorded in the Statement of Activity. (3,315)

Revenue in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.

Property Taxes	\$ 269,031	
Charges for Services	(16,901)	
Fines and Forfeitures	(2,466)	
Intergovernmental Grants	62,859	
Special Assessments	60,260	
Interest Income	(129,534)	
Miscellaneous Income	<u>1,207</u>	244,456

Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets. 372,750

In the statement of activities, interest is accrued on outstanding bonds, whereas in governmental funds, an interest expenditure is reported when due. (3,908)

Some expenses reported in the statement of activities, such as compensated absences do not require the use of current financial resources and therefore are not reported as expenditures in the governmental funds.

Reserve for Inventory	\$ 57,459	
Compensated Absences	<u>44,165</u>	<u>101,624</u>

Change in Net Assets of Governmental Activities \$ (3,419,994)

See accompanying notes to the basic financial statements.

Logan County
Notes to the Basic Financial Statements
December 31, 2008

NOTE 1 -- DESCRIPTION OF THE ENTITY AND REPORTING ENTITY

The County of Logan (the County) is a body politic and corporate established for the purpose of exercising the rights and privileges conveyed to it by the constitution and laws of the State of Ohio. The County was formed by an act of the Ohio General Assembly in 1818. The three member Board of County Commissioners is the legislative and executive body of the County. The County Auditor is the chief fiscal officer. In addition, there are seven other elected administrative officials, each of whom is independent as set forth in Ohio Law. The officials are: Clerk of Courts, Coroner, Engineer, Prosecutor, Recorder, Sheriff, and Treasurer. The County's basic financial statements include accounts of all County's operations. The County's major operations include human and social services, certain health care and community assistance services, civil and criminal justice systems, road and bridge maintenance and general administrative services. In addition, the county also operates a water pollution control system.

Reporting Entity

A reporting entity is comprised of the primary government, component units, and other organizations that are included to insure that the financials are not misleading. The primary government of the County consists of all funds, departments, boards, and agencies that are not legally separate from the County. The County provides public safety protection within its boundaries and adjacent townships by mutual agreement contracts. The County provides basic utilities in the form of wastewater treatment. The County constructs and maintains roads and bridges within the County. The County also operates and maintains a recreation and conservation system.

Component units are legally separate organizations for the County is financially accountable. The County is financially accountable for an organization if the County appoints a voting majority of the organization's governing board and (1) the County is able to significantly influence the programs or services performed or provided by the organization; the County is legally entitled to or can otherwise access the organization's resources; the County is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the County is obligated for the debt of the organization. Components units may also include organizations that fiscally dependent on the County in that the County approves their budget, the issuance of their debt or the levying of their taxes.

Based on the foregoing criteria, the financial activities of RTC Industries, Inc. has been reflected in the accompanying Basic Financial Statements as follows:

DISCRETELY PRESENTED COMPONENT UNIT

RTC Industries, Inc. - RTC Industries, Inc. (the Workshop) is a legally separate, nonprofit corporation, served by a self-appointing board of trustees. The Workshop, under a contractual agreement with the Logan County Board of Retardation and Developmental Disabilities, provides sheltered employment for adults with mental retardation or developmental disabilities in Logan County. The Logan County Board of MRDD provides the Workshop staff, salaries, transportation, equipment (except that used directly in the production of goods or rendering of services), staff to administer and supervise training programs, and other funds as necessary for the operation of the Workshop. Based on the significant services and resources provided by the County to the Workshop and the Workshop's sole purpose of providing assistance to mentally retarded or developmentally disabled adults of Logan County, the Workshop is reflected as a component unit of the County. It is reported separately to emphasize that it is legally separate from the County. The Workshop is presented as a governmental fund type component unit in a separate column in the financial statements. Complete financial statements for RTC Industries, Inc. may be obtained from the administrative offices at 36 County Road 32, Bellefontaine, Ohio 43311.

JOINTLY GOVERNED ORGANIZATIONS

County Risk Sharing Authority, Inc. (CORSA) - CORSA is jointly governed by forty-one counties in Ohio. CORSA was formed as an Ohio nonprofit corporation for the purpose of establishing the CORSA Insurance/Self-Insurance Program, a group primary and excess insurance/self-insurance and risk

Logan County
Notes to the Basic Financial Statements
December 31, 2008

management program. Member counties agree to jointly participate in coverage of losses and pay all contributions necessary for the specified insurance coverage provided by CORSA. This coverage includes comprehensive general liability, automobile liability, certain property insurance and public officials' errors and omissions liability insurance.

Each member has one vote on all matters requiring a vote, to be cast by a designated representative. An elected board of not more than nine trustees manages the affairs of the CORSA. Only county commissioners of member counties are eligible to serve on the board. No county may have more than one representative on the board at any time. Each member county's control over the budgeting and financing of CORSA is limited to its voting authority and any representation it may have on the Board of Trustees.

RELATED ORGANIZATIONS

Knowlton Public Library - The County is not involved in the budgeting process or operational management of the Library, nor does it subsidize or finance its operations. The County acts as the Library's debt-servicing agent only to comply with statutory requirements.

EXCLUDED POTENTIAL COMPONENT UNITS

As counties are structured in Ohio, the County Auditor and County Treasurer, respectively, serve as fiscal officer and custodian of funds for various agencies, boards, and commissions. As fiscal officer, the Auditor certifies the availability of cash and appropriations prior to the processing of payments and purchases. As the custodian of all public funds, the Treasurer invests public monies held on deposit in the County Treasury.

In the case of the separate agencies, boards, and commissions listed below, the County serves as fiscal agent and custodian, but does not exercise primary oversight responsibility; accordingly the following have been excluded from the County's financial statements:

Logan County Board of Health - The six member Board of Health is appointed by the District Advisory Council, which consists of Township Trustee Chairmen, Clerks and Mayors of participating municipalities. The Board adopts its own budget and operates autonomously from the County.

Soil and Water Conservation District - The five members of the District are independently elected officials. They adopt their own budget and control their separate operations.

Management believes the financial statements included in this report represent all of the funds of the County over which the County has the ability to exercise direct operating control.

NOTE 2 -- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the County of Logan, Ohio (County) have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. Under the provisions of GASB No. 20 the County has elected not to apply Financial Accounting Standards Board Statements and interpretations issued after November 30, 1989 to its proprietary activities. Election of this approach to accounting for proprietary activities by the County has required no change from prior years. The more significant of the County's accounting policies are described below:

A. BASIS OF PRESENTATION

The County's basic financial statements consist of government-wide statements, including a statement of net assets and a statement of activities, and fund financial statements, which provide a more detailed level of financial information.

Logan County
Notes to the Basic Financial Statements
December 31, 2008

Government-wide Financial Statements

The statement of net assets and the statement of activities display information about the County as a whole. These statements include the financial activities of the primary government, except the fiduciary funds. The statements distinguish between those activities of the County that are governmental and those that are considered business-type activities.

The statement of net assets presents the financial condition of the governmental and business-type activities of the County at year-end. The statement of activities presents a comparison between direct expenses and program revenues for each segment of the business-type activities of the County and for each program of the County's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues, which are not classified as program revenues, are presented as general revenues of the County, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each business segment or governmental function is self-financing or draws from the general revenues of the County.

Fund Financial Statements

During the year, the County segregates transactions related to certain County programs or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the County at a more detail level. The focus of governmental and enterprise fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column.

B. FUND ACCOUNTING

The County uses funds to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities. A fund is a separate accounting entity with a self-balancing set of accounts.

Funds are classified into three categories: governmental, proprietary and fiduciary.

Governmental Funds

Governmental funds focus on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may be or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The General Fund, Auto and Gas Fund, MRDD Fund, Children Services Fund, and Job and Family Services Fund are the County's major governmental funds:

General Fund - The general fund is used to account for all financial resources except those required to be accounted for in another fund. The general fund balances is available for any purpose provided it is expended or transferred according to the general laws of Ohio.

Auto and Gas Fund - The Auto and Gas Fund is used to account for monies received by the County for State gasoline tax and vehicle registration fees used for County road and bridge improvement programs.

Notes to the Basic Financial Statements
December 31, 2008

Mental Retardation/Developmentally Disabilities (MRDD) Fund - The MRDD Fund is used to account for a County-wide property tax levy, State grants and reimbursements used for care and services for the mentally handicapped and retarded.

Children Services Fund - The Children Services Fund is used to account for a Countywide property tax levy, State grants and reimbursements used for County child care programs.

Job and Family Services Fund – The Job and Family Services Fund is used to maintain and account for the revenue and expenditures necessary to support the Human Services programs administered by Logan County.

The other governmental funds of the County are for grants and other resources, debt service, and capital projects of the County whose uses are restricted to a particular purpose.

Proprietary Funds

Proprietary funds are used to account for activities similar to those found in the private sector, where the determination of net income is necessary or useful to sound financial administration. Proprietary funds focus on the determination of the changes in net assets, financial position and cash flows and are classified as either enterprise or internal service.

Enterprise Funds - Enterprise funds may be used to account for any activity for which a fee is charged to external users for goods or services. The County's two major enterprise funds are:

Water Pollution Control Fund - The Water Pollution fund is used to account for the financial transactions related to the water treatment service operations of the County.

Logan Acres County Home Fund - The Logan Acres County Home is used to account for home services for individuals of Logan County.

Fiduciary Funds

Fiduciary funds reporting focuses on net assets and changes in net assets. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds and agency funds. Trust funds are used to account for assets held by the County under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the County's own programs. The County's only trust fund (Chase Stuart Fund) is a private trust fund recorded as part of the fiduciary funds activities because the fund does not support any of the County's programs. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The County's agency funds account for assets held in an exclusively custodial capacity by the County as fiscal agent for other entities, and for various taxes, state-shared revenues and fines and forfeitures collected on behalf of and distributed to other local governments. Agency fund transactions typically involve only the receipt, temporary investment and distribution of these fiduciary resources.

Logan County
Notes to the Basic Financial Statements
December 31, 2008

C. MEASUREMENT FOCUS

Government Wide Financial Statements

The Government-wide Financial Statements are prepared using the economic resources measurement focus. All assets and liabilities associated with the operation of the County as included on the Statement of Net Assets.

Fund Financial Statements

All governmental fund types are accounted for using a flow of current financial resources measurement focus. The financial statements for governmental funds are a balance sheet, which generally includes only current assets and current liabilities, and a statement of revenues, expenditures and changes in fund balances, which reports on the sources (i.e., revenues and others financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

Like the government-wide statements, all proprietary fund types are accounted for on a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of these funds are included on the statement of net assets. The statement of changes in fund net assets presents increases (i.e. revenues) and decreases (i.e. expenses) in net total assets. The statement of cash flows provides information about how the County finances and meets the cash flow needs of its proprietary activities.

D. BASIS OF ACCOUNTING

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Proprietary and fiduciary funds also use the accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue and in the presentation of expenses versus expenditures.

Revenues - Exchange and Non-exchange Transactions

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the year in which the resources are measurable and become available. Available means that the resources will be collected within the current year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current year. For the County, available means expected to be received within thirty days of year-end.

Non-exchange transactions, in which the County receives value without directly giving equal value in return, include property taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the year for which the taxes are levied. Revenue from grants, entitlements and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used of the year when use is first permitted, matching requirements, in which the County must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the County on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Logan County
Notes to the Basic Financial Statements
December 31, 2008

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at year-end: property taxes available as an advance, interest, grants, and rentals.

Deferred Revenue

Deferred revenues, as reported on the balance sheet, arise when potential revenue does not meet both the measurable and available criteria for recognition in the current period. In subsequent periods, when both revenue recognition criteria are met, the liability for deferred revenue is removed from the balance sheet and revenue is recognized. Special assessments are recorded as deferred revenue because they do not meet the availability criteria. Property taxes that are measurable as of December 31, 2008, but are intended to finance 2009 operations, and delinquent property taxes, whose availability is indeterminate, have been recorded as deferred revenue. Also non-exchange receivables have been deferred, such as, gasoline taxes, motor vehicle license fees, homestead and rollback, permissive license taxes, local government funds and CDBG, MRDD, VOCA, and other small grants. Revenue sources not susceptible to accrual include dog and vendor licenses, donations and some fines and forfeitures.

Expenses/Expenditures

On the accrual basis of accounting, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocation of cost, such as depreciation and amortization, are not recognized in governmental funds.

E. BUDGET

An annual appropriated budget is legally required to be prepared for all funds of the County other than agency funds. The Commissioners appropriate at the major account level within a division and fund. The appropriation level accounts for the County include personal services, fringe benefits, county share of the Public Employees Retirement System, unemployment compensation, materials and supplies, services and charges, grants, capital outlays, debt service, interfund transfers, and other expenses. For funds, which the Commissioners directly appropriate, transfers of appropriations at the major account level or between appropriation levels require a resolution signed by at least two Commissioners.

Estimated Resources:

The County Budget Commission determines if the budget substantiates a need to levy all or part of previously authorized taxes and reviews estimated revenue. The Commission certifies its actions to the County Auditor by September 1. As part of this certification, the County receives the official certificate of estimated resources, which states the projected revenue of each fund. Prior to December 31, the County must revise its budget so that the total contemplated expenditures from any fund during the ensuing year will not exceed the amount available as stated in the certificate of estimated resources. The revised budget then serves as the basis for the annual appropriation measure. On or about January 1, the certificate of estimated resources is amended to include any unencumbered balances from the preceding year. The certificate may be further amended during the year if a new source of revenue is identified or actual receipts exceed current estimates. The amounts reported on the budgetary statements reflect the amounts in the final amended official certificate of estimated resources issued during 2008.

Logan County
Notes to the Basic Financial Statements
December 31, 2008

Appropriations:

A temporary appropriation resolution to control expenditures may be passed on or about January 1 of each year for the period of January 1 to March 31. An annual appropriation resolution must be passed by April 1 of each year for the period January 1 to December 31. The appropriation resolution fixes spending authority at the fund, department, and object level. The appropriation resolution may be amended during the year as new information becomes available, provided that total fund appropriations do not exceed current estimated resources, as certified. The allocation of appropriations among departments and objects within a fund may be modified during the year by an approval by at least two Commissioners. Several supplemental appropriation resolutions were legally enacted by the Commissioners during the year and were considered routine. The budget figures, which appear in the statement of budgetary comparisons, present the original and final appropriation amounts including all amendments and modifications.

Encumbrances:

As part of formal budgetary control, purchase orders, contracts, and other commitments for the expenditure of monies are encumbered and recorded as the equivalent of expenditures on the non-GAAP budgetary basis in order to reserve that portion of the applicable appropriation and to determine and maintain legal compliance. On the GAAP basis, encumbrances outstanding at year-end are reported as reservations of fund balances for subsequent-year expenditures.

Lapsing of Appropriations:

At the close of each year, the unencumbered balance of each appropriation reverts to the respective fund from which it was appropriated and becomes subject to future appropriations. The encumbered appropriation balance is carried forward to the succeeding year and need not be reappropriated.

F. CASH AND INVESTMENTS

For GASB reporting purposes the County considers "Equity in Pooled Cash and Investments" to be cash on hand, demand deposits, and all investments held by the County Treasurer; and "Cash and Cash Equivalent with Fiscal Agents" to be all cash, deposits, and investments not held by the County Treasurer or in the County's investment pool. The County Treasurer, by statute, invests all short-term cash surpluses. The residual investments are reported on the balance sheet as "Equity in Pooled Cash and Investments". Interest income was credited to the General, Ludlow Center Regional Planning, Program Income, Water Pollution Control, Logan Acres Home, and the Chase Stewart Expendable Trust Funds. Interest income earned by these funds in 2008 totaled \$1,461,614. Investments are reported at fair value (See Note 5). All coupon-bearing instruments include the cost of accrued interest paid until such time as the first coupon comes due. Premiums paid for coupon bearing investments are amortized using the straight-line method; discounts are not amortized.

G. INVENTORIES

On government-wide financial statements, inventories are presented at the lower of cost or market on a first-in, first-out basis and are expense when used.

On the fund financial statements, inventories of governmental funds are stated at cost while inventories of proprietary funds are stated at the lower of cost or market. For all funds, cost is determined on a first in, first out basis. Inventory in governmental funds consist of expendable supplies held for consumption. The cost of inventory items is recorded as expenditures in the governmental fund types when purchased. Inventories of the proprietary funds are expensed when used.

Logan County
Notes to the Basic Financial Statements
December 31, 2008

H. PREPAID ITEMS

Payments made to vendors for services that will benefit periods beyond December 31, 2008, are recorded as prepaid items using the consumption method by recording a current asset for the prepaid amount and reflecting the expenditure/expense in the year in which it was consumed.

I. CAPITAL ASSETS

General capital assets are those assets not specifically related to activities reported in the proprietary funds. These assets generally result from expenditures in the government funds. These assets are reported in the governmental activities column of the government-wide statement of net assets but are not reported in the fund financial statements. Capital assets utilized by the proprietary funds are reported both in the business-type activities column of the government-wide statement of net assets and in the respective funds.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated capital assets are recorded at their fair market values as of the date received. The County maintains a capitalization threshold of \$1,000 dollars. Public domain ("infrastructure") general capital assets consisting of roads and bridges have been capitalized under new requirements of the Governmental Accounting Standards Board. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not.

All reported capital assets are depreciated, with the exception of land including land under road base. Improvements are depreciated over the remaining useful live of the related capital assets. Useful lives for infrastructure were estimated based on the County's historical records of necessary improvements and replacement. Depreciation is computed using the straight-line method over the following useful lives:

<u>Description</u>	<u>Governmental Activities Estimated Lives</u>	<u>Business-Type Activities Estimated Lives</u>
Land Improvements	15-20 years	15-20 years
Buildings and Improvements	50 years	50 years
Furniture and Equipment	10 years	10 years
Vehicles	5 years	5 years
Water Pollution Control Infrastructure		70 years
Roads	15 years	
Bridges	75 years	

J. INTERFUND BALANCES

On fund financial statements, receivables and payables resulting from long-term interfund loans are classified as "Advance to/Advance from." These amounts are eliminated in the governmental and business-type activities columns of the statement of net assets, except for the net residual amounts due between governmental and business-type activities, which are presented as internal balances. Presently, there are no internal balances.

Logan County
Notes to the Basic Financial Statements
December 31, 2008

K. COMPENSATED ABSENCES

Compensated absences of the County consist of vacation leave and sick leave to the extent that payment to the employee for these absences are attributable to services already rendered and are not contingent on a specific event that is outside the control of the County and the employee.

In accordance with the provisions of Statement No. 16 of the Governmental Accounting Standards Board, Accounting for Compensated Absences, a liability for vacation leave is accrued if a) the employees' rights to payment are attributable to services already rendered; and b) it is probable that the employer will compensate the employees for the benefits through paid time off or other means, such as cash payment at termination or retirement. A liability for sick leave is based on the sick leave accumulated at the balance sheet date by those employees who are currently eligible to receive termination (severance) payments, as well as those employees expected to become eligible in the future.

The total liability for vacation and sick leave payments has been calculated using pay rates in effect at the balance sheet date, and reduced to the maximum payment allowed by labor contract and/or statute, plus any applicable additional salary related payments.

The entire compensated absence liability is reported on the government-wide financial statements.

County employees earn vacation at varying rates ranging from two to five weeks per year. Sick leave is accumulated at the rate of three weeks per year. Vacation and sick leave is accumulated on an hours-worked basis. Accumulated vacation cannot exceed three times the annual accumulation rate for an employee. The County does not accrue a liability for non-vested sick leave or vacation benefits except as required by GASB 16 (see above).

L. ACCRUED LIABILITIES AND LONG-TERM OBLIGATIONS

All payables accrued liabilities and long-term obligations are reported in the government-wide financial statements, and all payables, accrued liabilities and long-term obligations payable from proprietary funds are reported on the proprietary fund financial statements.

In general, payables and accrued liabilities that will be paid from governmental funds are reported on the governmental fund financial statements regardless of whether they will be liquidated with current resources. However, claims and judgments, the noncurrent portion of capital leases, compensated absences, contractually required pension contributions and special termination benefits that will be paid from governmental funds are reported as a liability in the fund statements only to the extent they will be paid with current, expendable, available resources. In general, payments made within thirty days after year-end are considered to have been made with current available financial resources. Bonds and other long-term obligations that will be paid from governmental funds are not recognized as a liability in the fund financial statements until due.

M. FUND BALANCE RESERVES

The County reserves those portions of fund equity which are legally segregated for a specific future use or which do not represent available expendable resources and therefore are not available for appropriation or expenditure. Unreserved balance indicates that portion of fund equity, which is available for appropriation in future periods. Fund equity reserves have been established for encumbrances, advances, and inventories of supplies and materials.

Logan County
Notes to the Basic Financial Statements
December 31, 2008

N. NET ASSETS

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction, or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the County or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. The majority of net assets reported as restricted include auto and gas tax, MRDD, Children services, job and family services, and other programs. The County did not have any restrictions through enabling legislation at year ended December 31, 2008.

The County applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

O. OPERATING REVENUES AND EXPENSE

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the County, these revenues are water pollution control and county home resident charges for services. Operating expenses are necessary costs incurred to provide the good or service that are the primary activity of the fund.

P. CONTRIBUTION OF CAPITAL

Contributions of capital in proprietary fund financial statements arise from outside contributions of capital assets, or from grant or outside contributions of resources restricted to capital acquisition and construction.

Q. INTERFUND ACTIVITY

Transfers between governmental and business-type activities on the governmental-wide statements are reported in the same manner as general revenues.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after non-operating revenues/expense in proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented of the financial statements.

R. EXTRAORDINARY AND SPECIAL ITEMS

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of Council and that are either unusual in nature or infrequent in occurrence. Neither type of transaction occurred during 2008.

S. ESTIMATES

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Logan County
Notes to the Basic Financial Statements
December 31, 2008

NOTE 3 – Prior Period Reclassification Adjustment

As the Logan Acres County Home was completed and put in operation last year, the capital asset was transferred to the Business-Type Assets. This year County Home Construction debt was reclassified from Governmental Fund Activities to the Business-Type Activities in the amount of \$6,396,000 as payments against the debt are now paid from the Logan Acres County Home fund. The following prior period reclassification adjustments was made to the 12/31/07 net asset balances:

	<u>Governmental Fund Activities</u>	<u>Business Type Activities</u>
Net Assets, December 31, 2007	\$ 76,087,281	\$ 23,584,930
Reclassification of Debt:		
County Home Construction Bonds Reclassified	<u>6,396,000</u>	<u>(6,396,000)</u>
Restated Net Assets, December 31, 2007	<u>\$ 82,483,281</u>	<u>\$ 17,188,930</u>

NOTE 4 – BUDGET BASIS OF ACCOUNTING

While reporting financial position, results of operations and changes in fund balance on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law and described above is based upon accounting for certain transactions on a basis of cash receipts and disbursements.

The Statement of Revenue, Expenditures, and Changes in Fund Balances, Budget and Actual is presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and the GAAP basis are that:

- (a) Revenues are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis).
- (b) Expenditures are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis).
- (c) Encumbrances are treated as expenditures (budget basis) rather than as a reservation of fund balance (GAAP).

Adjustments necessary to convert the results of operations at the end of the year on the Budget basis to the GAAP basis are as follows:

Logan County

NOTE 5 -- DEPOSITS AND INVESTMENTS

Deposits

State statutes classify deposits held by the County into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the County treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the County has identified as not required for use within the current two-year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies, which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit, or by savings or deposit accounts including passbook accounts.

Interim monies may be deposited or invested in the following securities:

1. United State Treasury bills, bonds, notes or any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal and interest by the United States

Logan County
Notes to the Basic Financial Statements
December 31, 2008

2. Bonds, notes, debentures, or any other obligation or security issued by any federal government agency or instrumentality, including but not limited to the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
4. Bonds and other obligations of the State of Ohio;
5. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) of this section and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
6. The State Treasurer's investment pool (STAR Ohio); and
7. Certain bankers' acceptances and commercial paper notes in an amount not to exceed 25 percent of the interim monies available for investment at any one time for a period not to exceed one hundred eighty days.
8. Time certificates of deposit or savings or deposit accounts, including, but not limited to, passbook accounts; and
9. Securities lending agreements in which the County lends securities and the eligible institution agrees to exchange either securities described in divisions in divisions (1) or (2) of this section or cash or both securities and cash, equal value for equal value.

Investments in stripped principal or interest obligations, reverse repurchase agreements, and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage, and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the County, and must be purchased with the expectation that it will be held to maturity. Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon the delivery of the securities representing the investments to the Treasurer or qualified trustee or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

A. Cash on Hand

At year-end, the County Treasurer had \$8,000 in undeposited drawer and petty cash funds that is included in the financial statements as "Equity in Pooled Cash and Investments. Cash on hand in undeposited drawer and petty cash fund in county departments was \$1,650 that is included in "Cash With Fiscal Agents".

B. Deposits with Financial Institutions

At year-end, the carrying amount of the County's deposits, including cash with fiscal agents, was \$30,208,416. Based on the criteria described in GASB Statement No. 40, "Deposits and Investment Risk Disclosures", as of December 31, 2008, \$1,811,355 of the County's bank balance of \$30,126,808 was covered by the Federal Deposit Insurance Corporation, while \$28,315,453 was exposed to custodial risk as discussed below.

Logan County
Notes to the Basic Financial Statements
December 31, 2008

Custodial credit risk is the risk that, in the event of bank failure, the County's deposits may not be returned. Protection of the County's cash and deposits is provided by the Federal Deposit Insurance Corporation as well as qualified securities pledged by the institution holding the assets. By law, all financial institutions must collateralize all public deposits. All deposits are collateralized with eligible securities in amounts equal to at least 105 percent of the carrying value of the deposits. Such collateral, as permitted by the Ohio revised Code, is held in single financial institution collateral pools at the Federal Reserve Banks, or at member banks of the federal reserve system, in the name of the respective depository bank and pledged as a pool of collateral against all of the public deposits it holds or as specific collateral held at the Federal Reserve Bank in the name of the County.

C. Investments

As of December 31, 2008, the District had the following investment and maturities:

<u>Investment Type</u>	Balance at Fair Value	Investment Maturities			
		6 months or less	7 to 12 months	13 to 18 months	19 months and over
Repurchase Agreement - Huntington Bank	\$ 101,469	\$ 101,469	\$ -	\$ -	\$ -
Federal Home Loan Bank	2,430,977	510,780	-	-	1,920,197
Federal National Mortgage Association	847,760	-	-	758,205	89,555
Government National Mortgage Association	43,464	5,531	-	-	37,933
	<u>\$ 3,423,670</u>	<u>\$ 617,780</u>	<u>\$ -</u>	<u>\$ 758,205</u>	<u>\$ 2,047,685</u>

The weighted average maturity of investments is 2.26 years.

Interest Rate Risk: As a means of limiting its exposure to fair value losses arising from rising interest rates and according to state law, the County's investment policy limits investment portfolio maturities to five years or less.

Credit Risk: The County's investments were rated AAA by Standard & Poor's.

Concentration of Credit Risk: The County places no limit on the amount that may be invested in any one issuer. The following table includes the percentage of each investment type held by the County at December 31, 2008:

<u>Investment Type</u>	<u>Fair Value</u>	<u>% of Total</u>
Repurchase Agreement - Huntington Bank	\$ 101,469	2.96
Federal Agency Securities	3,278,737	95.77
Governmental Agency Securities	43,464	1.27
	<u>\$ 3,423,670</u>	<u>100.00</u>

Logan County
Notes to the Basic Financial Statements
December 31, 2008

D. Reconciliation of Cash and investment to the Statements of Net Assets

The following is a reconciliation of cash and investments as reported in the footnote above to cash and investments as reported on the statement of net assets as of December 31, 2008:

<u>Cash and Investments per footnote</u>	
Carrying amount of deposits	\$ 30,200,416
Investments	3,423,670
Cash on Hand	8,000
Total	<u>\$33,632,086</u>

<u>Cash and Investments per Statement of Net Assets</u>	
Governmental and Business-Type Activities	\$28,318,905
Private-Purpose Trust Funds	196,653
Agency Funds	5,116,528
Total	<u>\$33,632,086</u>

E. Deficit Fund Balances

The following debt service funds had deficit fund balances at December 31, 2008 as a result of expecting future fund transfers in. These deficits will be eliminated through the future fund transfers as debt payment come due.

<u>Fund</u>	<u>Deficit</u>
Bond Retirement-Leach Ditch #780	(20,459)
Bond Retirement-McClure 77 Ditch	(19,769)
Bond Retirement-South Fork Ditch	(11,113)
Bond Retirement-Laughlin Ditch	(6,026)

NOTE 6 -- INTERFUND TRANSACTIONS

The following is a summarized breakdown of the County's operating transfers for 2008.

<u>Funds:</u>	<u>Transfers In</u>	<u>Transfers Out</u>
General Fund	\$ -	\$3,533,159
Board of MRDD Fund	-	100,000
Job and Family Services	773,854	365
Other Governmental Funds	3,525,463	720,148
Total Governmental Funds	<u>4,299,317</u>	<u>4,353,672</u>
Proprietary Funds:		
Indian Lake Water Pollution Control	<u>54,355</u>	<u>-</u>
Totals	<u>\$4,353,672</u>	<u>\$4,353,672</u>

Logan County
Notes to the Basic Financial Statements
December 31, 2008

NOTE 7 -- ADVANCES

The following interfund payables and receivables are due at December 31, 2008:

<u>Funds:</u>	<u>Advances</u> <u>From</u>	<u>Advances</u> <u>To</u>
General Fund	\$ 38,496	\$ -
Other governmental Funds	20,484	58,980
Total Governmental Funds	\$ 58,980	\$ 58,980

NOTE 8 -- RECEIVABLES

Receivables at December 31, 2008, consisted primarily of sales taxes, property and other taxes, intergovernmental receivables arising from entitlements, shared revenues, special assessments, accrued interest on investments, and accounts receivable. No allowances for doubtful accounts have been recorded because uncollectible amounts are expected to be insignificant.

Property taxes include amounts levied against all real, public utility and tangible (used in business) property located in the County. Real property taxes and public utility taxes are levied after October 1 on the assessed value listed as of the prior January 1, the lien date. Assessed values are established by state law at 35% of appraised market value. Public utility property taxes are assessed on tangible personal property, as well as land and improvements, at true value (normally 50% of cost). Tangible personal property taxes attach as a lien and are levied on January 1 of the current year. Tangible personal property assessments are currently 25% of true value. The assessed value upon which the 2008 taxes were collected was \$1,024,322,930. The full tax rate for all County operations applied to real property for the year ended December 31, 2008, was \$2.50 per \$1,000 of assessed valuation.

Real property taxes for tax year 2008 are payable annually or semi-annually. If paid annually, payment is due February 10, 2008. If paid semi-annually, the first payment is due February 10, 2008 and the remainder payable by July 20, 2008. Under certain circumstances, state statute permits earlier or later payment dates to be established.

The County Treasurer collects property tax on behalf of all taxing districts within the County. The County Auditor periodically remits to the taxing districts their portions of the tax collected. Collections of the taxes and remittance of them to the taxing districts are accounted for in various agency funds of the County.

Tangible personal property taxes for unincorporated and single county businesses are due semi-annually, with the first payment due April 30 and the remainder payable by September 20. Due dates are normally extended an additional 30 days. The due date for the entire tax for inter-county businesses is September 20 or the extended date. The first \$10,000 of taxable value is exempt from taxation for each business by state law. The lien date is either December 31 or the end of their fiscal year (for incorporated businesses in operation more than one year). Since each business files a return to the County Auditor, the tangible personal taxes are not known until all the returns are received.

"Real and Other Taxes" receivable represents delinquent real and tangible personal property and public utility taxes outstanding as of the last settlement (net of allowances for estimated uncollectible) and real and public utility taxes which were measurable as of the year end. Since the current levy is not intended to finance 2008 operations, the receivable is offset by a credit to "Deferred Revenue". The delinquent real, public utility and tangible personal property taxes that will become available to the County within the first 30 days of 2008 are shown as 2008 revenue; the remainder are shown as "Deferred Revenue".

The eventual collection of significantly all real and public utility property taxes (both current and delinquent) is reasonably assured due to the County's ability to force foreclosure of the properties on which the taxes are levied.

PH Infrastructure Grant	30,711
Women Infants Children Admin Grant	131,873
Total Fiduciary Activities	\$ 2,053,030

NOTE 9 -- INSURANCE

The County is exposed to various risks of loss related to torts, theft, damage to or destruction of assets, errors and omissions, employee injuries, and natural disasters.

The County is a member of County Risk Sharing Authority, Inc. (CORSA) which is a shared risk pool of forty-one counties in Ohio. CORSA was formed as an Ohio nonprofit corporation for the purpose of establishing the CORSA Insurance/Self-Insurance Program, a group primary and excess insurance/self-insurance and risk management program. Member counties agree to jointly participate in coverage of losses

Logan County
Notes to the Basic Financial Statements
December 31, 2008

and pay all contributions necessary for the specified insurance coverage provided by CORSA. This coverage includes comprehensive general liability, automobile liability, certain property insurance and public officials' errors and omissions liability insurance.

The County continues to carry commercial insurance for all other risks of loss, including workers' compensation and employee health and accident insurance. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

Total Depreciation Expense	<u>\$ 3,172,926</u>

NOTE 11 -- COMPENSATED ABSENCES

Vacation and sick leave accumulated by governmental fund type employees has been recorded in the Government Wide Basic Financial Statements. Upon termination of County service, a fully vested employee is entitled to 25% of their accumulated sick leave not to exceed 30 days, plus all accumulated vacation and overtime. At December 31, 2008 vested vacation and sick leave benefits for governmental activity type and business type activity employees totaled \$1,348,329 and \$234,918, respectively.

NOTE 12 -- NOTES PAYABLE

The Ohio Revised Code provides that notes, including renewal notes, issued in anticipation of the issuance of general obligation bonds may be issued and outstanding from time to time up to a maximum period of 20 years from the date of issuance of the original notes. Bond anticipation notes may be retired at maturity from the proceeds of the sale of renewal notes or of the bonds anticipated by the notes, or from available fund of the County or a combination of these sources. The County is retiring its notes payable by issuance

Logan County
Notes to the Basic Financial Statements

Logan County
Notes to the Basic Financial Statements
December 31, 2008

(1) As the Logan Acres County Home was completed and put in operation last year, the capital asset was transferred to the Business-Type Assets and this year debt was reclassified from Governmental Fund Activities to the Business-Type Activities in the amount of \$6,396,000 as payment against the debt are now paid from the Logan Acres County Home Fund.

In November 2002, the County issued \$11,015,000 of Various Purpose Bonds, Series 2002 and \$1,865,000 of its own funds to advance refund various Bonds and to currently refund the Sewer Bonds; Jail Construction and Capital Facility Notes; and Sanitary Improvement notes.

In August, 2007, the County issued \$3,000,000 of County Home Revenue Bonds and \$6,500,000 of County Home Construction Bonds, Series 2007, to finance the construction of a new county home.

In March 2007 the County issued \$2,485,000 of Sewer System Improvement Revenue Bonds, Series A for the purpose of constructing Huntsville-Cherokee-Manns area sanitary sewers.

In March 2007 the County issued \$2,410,000 of Sewer System Improvement Revenue Bonds, Series A for the purpose of paying the cost of improving the Logan County Water Pollution Control District by constructing sanitary sewers and installing individual grinder pumping stations.

In December 2008 the County issued \$9,500,000 of Sewer System Improvement Bonds, series 2008 for the purpose of paying the cost of improving the wastewater treatment plant, including constructing a new sewage pumping station and associated force main, an equalization basin, a septage receiving station, new office facilities, and a pump maintenance building, installing a fine screening facility, solids handling equipment, aerobic equipment, disinfection equipment, a current age design aeration system, yard piping, electrical control systems, and ventilation and air handling systems.

The following is a summary of the County's future annual debt service requirements for long-term debt:

Various Purpose Bonds, Series 2002

Sewer System Improvement Bonds, Series 2008			
	Principal	Interest	Total
2009	\$ -	\$ 425,962	\$ 425,962
2010	15,000	445,774	460,774
2011	250,000	445,324	695,324
2012	260,000	437,824	697,824
2013	270,000	429,374	699,374
2014-2018	1,495,000	1,989,558	3,484,558
2019-2023	1,855,000	1,627,188	3,482,188
2024-2028	2,350,000	1,150,836	3,500,836
2029-2033	3,005,000	495,934	3,500,934
Total	\$ 9,500,000	\$ 7,447,774	\$ 16,947,774

The Ohio Revised Code provides that the net general obligation debt of the County, exclusive of certain exempt debt, issued without a vote of the electors shall never exceed one percent of the total assessed valuation of the County.

The code further provides that the total voted and unvoted net debt of the County less the same exempt debt, shall never exceed a sum equal to three percent of the first \$100,000,000, of the assessed valuation, plus one-half percent of such valuation in excess of \$100,000,000 and not in excess of \$300,000,000, plus two and one-half percent of such valuation in excess of \$300,000,000.

Pledged Revenues on Debt Issuances – The County has pledged future Logan Acres home revenues, net of specified operating expenses, to repay \$3.0 million in county home revenue bonds issued in August 2006. Proceeds from the bonds provided financing for the construction of the new Logan Acres facility. The bonds are payable solely from the home customers net revenues and are payable through 2036. Annual principal and interest payments on the bonds are expected to require less than 20 percent of net revenues. The total principal and interest remaining to be paid on the bonds is \$5,161,505. Principal and interest paid for the current year and total customer net revenues were \$184,204 and \$677,989, respectively.

The County also has pledged future sewer customer revenues, net of specified operating expenses, to repay \$2.41 million in sewer system improvement revenue bonds issued in March 2007. Proceeds from the bonds provided financing for the construction of sanitary sewers and installing individual grinder pumping stations. The bonds are payable solely from sewer customer net revenues and are payable through 2047. Annual principal and interest payments on the bonds are expected to require less than 13 percent of net revenues. The total principal and interest remaining to be paid on the bonds is \$4,887,269. Interest paid for the current year and total customer net revenues in 2008 were \$91,404 and \$968,841, respectively.

NOTE 14-- DEFINED BENEFIT PENSION PLANS

The employees of the County are covered by either the Ohio Public Employees Retirement System or the State Teachers Retirement System. The State of Ohio accounts for the activities of the retirement systems and the amounts of these funds are not reflected in the accompanying financial statements.

Ohio Public Employees Retirement System (OPERS) - The Ohio Public Employees Retirement System (OPERS) administers three separate pension plans. The Traditional Pension Plan (TP) is a cost-sharing multiple-employer defined benefit pension plan. The Member-Directed Plan (MD) is a defined contribution plan in which the member invests both member and employer contributions (employer contributions vest over five years at 20% per year). Under the Member-Directed Plan members accumulate retirement assets equal to the value of member and (vested) employer contributions plus any investment earnings thereon. The Combined Plan (CO) is a cost-sharing multiple-employer defined benefit pension plan. Under the Combined Plan employer contributions are invested by the retirement system to provide a formula retirement benefit similar in nature to the Traditional Plan benefit. Member contributions, the investment of which is self-directed by the members, accumulate retirement assets in a manner similar to the Member-Directed Plan.

Logan County
Notes to the Basic Financial Statements
December 31, 2008

OPERS provides retirement and disability, survivor and death benefits and annual cost of living adjustments to the Traditional Plan and Combined Plans. Members of the Member-Director Plan do not qualify for ancillary benefits. Authority to establish and amend benefits is provided by state statute per Chapter 145 of the Ohio Revised Code.

OPERS issues a stand-alone financial report. Interested parties may obtain a copy by making a written request to 277 East Town Street, Columbus, Ohio 43215-4642 or by calling (614) 222-5601 or 1-800-222-7377.

The Ohio Revised Code provides statutory authority for employee and employer contributions. For 2008 member and employer contribution rates were consistent across all three plans. Separate divisions for law enforcement and public safety exist only within the Traditional Pension Plan. The 2008 member contribution rates were 10.0% for members in state, local, and public safety classifications. Members in law enforcement classification, which consists generally of sheriffs, deputy sheriffs and township police, contributed 10.1%. The 2008 employer contribution rate for local government employer units was 14.00% of covered payroll. For both the law enforcement and public safety divisions, the employer contribution rate for 2008 was 17.4%.

The County's contributions for pension obligations to OPERS for the years ended December 31, 2008, 2007, and 2006 were \$2,932,435, \$2,938,137, and \$2,767,180; respectively; 92.4% representing the paid contribution for 2008 and 100% for 2007 and 2006.

State Teachers Retirement Systems - The County contributes to the State Teachers Retirement System of Ohio (STRS Ohio), a cost sharing multiple employer public employee retirement system. STRS Ohio is a statewide retirement plan for licensed teachers and other agency controlled, managed and supported, in whole or in part, by the state or any political subdivision thereof.

Plan Options – New members have a choice of three retirement plan options. In addition to the Defined Benefit (DB) Plan, new members are offered a Defined Contribution (DC) Plan and a Combined Plan. The DC Plan allows members to allocate all their member contributions and employer contributions equal to 10.5% of earned compensation among various investment choices. The Combined Plan offers features of the DC Plan and the DB. In the Combined Plan, the member contributions are allocated by the member, and employer contributions are used to fund a defined benefit payment at a reduced level from regular DB Plan. Contributions into the DC Plan and the Combined Plan are credited to member accounts as employers submit their payroll information to STRS Ohio, generally on a biweekly basis. DC and Combined Plan members will transfer the Defined Benefit Plan during their fifth year of membership unless they permanently select the DC or Combined Plan.

DB Plan Benefits – Plan benefits are established under Chapter 3307 of the Revised Code. Any member may retire who has (i) five years of service credit and attained age 60; (ii) 25 years of service credit and attained age 55; or (iii) 30 years of service credit regardless of age. The annual retirement allowance, payable for life, is the greater of the “formula benefit” or the “money-purchase benefit” calculation. Under the “formula benefit,” the retirement allowance is based on years of credited service and final average salary, which is the average of the member’s three highest salary years. The annual allowance is calculated by using a base percentage of 2.2% multiplied by the total number of years of service credit (including Ohio-valued purchased credit) times the final average salary. The 31st year of earned Ohio service credit is calculated at 2.5%. An additional one-tenth of a percent is added to the calculation for every year of earned Ohio service over 31 years (2.6% for 32 years, 2.7% for 33 years and so on) until 100% of final average salary is reached. For members with 35 or more years of Ohio contributing service, the first 30 years will be calculated at 2.5% instead of 2.2%. Under the “money-purchase benefit” calculation, a member’s lifetime contributions plus interest at specified rates are matched by an equal amount from other STRS Ohio funds. This total is then divided by an actuarially determined annuity factor to determine the maximum annual retirement allowance.

Logan County
Notes to the Basic Financial Statements
December 31, 2008

DC Plan Benefits – Benefits are established under Sections 3307.80 to 3307.89 of the Revised Code. For members who select the DC Plan, all member contributions and employer contributions at a rate of 10.5% are placed in an investment account. The member determines how to allocate the member and employer money among various investment choices. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump-sum withdrawal. Employer contributions into members' accounts are vested after the first anniversary of the first day of paid service. Members in the DC Plan who become disabled are entitled only to their account balance. If a member dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Combined Plan Benefits – The member allocates Member contributions, and employer contributions are used to fund a defined benefit payment. A member's defined benefit is determined by multiplying 1% of the member's final average salary by the member's years of service credit. The defined benefit portion of the Combined Plan payment is payable to a member on or after age 60. The defined contribution portion of the account may be taken as a lump sum or converted to a lifetime monthly annuity at age 50.

Eligible faculty of Ohio' public colleges and universities may choose to enroll in either STRS Ohio or an alternative retirement plan (ARP) offer by their employer. Employees have 120 days from their employment date to select a retirement plan.

A retiree of STRS Ohio or another Ohio public retirement system is eligible for reemployment as a teacher following the elapse of two months from the date of retirement. Contributions are made by the reemployed member and employer during the reemployment. Upon termination of reemployment or age 65, whichever comes later, the retiree is eligible for a money-purchase benefit or a lump-sum payment in addition to the original retirement allowance. A reemployed retiree may alternatively receive a refund of only member contributions with interest before age 65, once employment is terminated.

Benefits are increased annually by 3% of the original base amount for Defined Benefit Plan participants.

The Defined Benefit and Combined Plans offer access to health care coverage to eligible retirees who participated in the plans and their eligible dependent. Coverage under the current program includes hospitalization, physicians' fees, prescription drugs and partial reimbursement of monthly Medicare Part B premiums. By Ohio Law health care benefits are not guaranteed.

A Defined Benefit or Combined Plan member with five or more years' credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members who die before retirement may qualify for survivor benefits. A death benefit of \$1,000 is payable to the beneficiary of each deceased retired member who participated in the Defined Benefit Plan. Death benefit coverage up to \$2,000 can be purchased by participants in the DB, DC, or Combined Plans. Various other benefits are available to members' beneficiaries.

Chapter 3307 of the Revised Code provides statutory authority for member and employer contributions. Contributions rate are established by the State Teachers Retirement Board, upon recommendations of its consulting actuary, not to exceed statutory maximum rates of 10% for members and 14% for employers.

For the year ended December 31, 2008, plan members were required to contribute 10 percent of their annual covered salaries. The County was required to contribute 14 percent; 13 percent was the portion used to fund pension obligations. The County 's required contribution for pension obligations for the year December 31, 2008, 2007 and 2006 were \$131,400, \$134,077, and \$126,819; 96.0 percent was contributed for the year December 31, 2008 and 100 percent was made for the years 2007 and 2006.

STRS Ohio issues a stand-alone financial report. Copies of STRS Ohio 2008 Comprehensive Annual Financial Report will be available after January 1, 2007. Additional information or copies of STRS Ohio's 2008 Comprehensive Annual Financial Report can be requested by writing to STRS Ohio, 275 E. Board St., Columbus, Ohio 43215-3771, by calling (614) 227-4090, or by visiting the STRS Ohio Web site at www.strsoh.org.

Logan County
Notes to the Basic Financial Statements
December 31, 2008

NOTE 15-- POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS

Ohio Public Employees Retirement System (OPERS) - The Ohio Public Employees Retirement System (OPERS) administers three separate pension plans. The Traditional Pension Plan is a cost-sharing multiple-employer defined benefit pension plan. The Member-Directed Plan is a defined contribution plan. The Combined Plan is a cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and contribution plan.

OPERS maintains a cost-sharing multiple employer defined benefit post-employment healthcare plan, which includes a medical plan, prescription drug program and Medicare Part B premium reimbursement, to qualifying members of the Traditional Pension and the Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits, including post-employment health care coverage.

In order to qualify for post-employment health care coverage, age-and-service retirees under the Traditional Pension and Combined Plans must have 10 or more years of qualifying Ohio service credit. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available. The health care coverage provided by OPERS meets the definition of an Other Post Employment Benefit (OPEB) as described GASB Statement 45.

The Ohio Revised Code permits, but does not mandate, OPERS to provide OPEB benefits to its eligible members and beneficiaries. Authority to establish and amend benefits is provided by state statute per Chapter 145 of the Ohio Revised Code.

OPERS issues a stand-alone financial report. Interested parties may obtain a copy by making a written request to 277 East Town Street, Columbus, Ohio 43215-4642 or by calling (614) 222-5601 or 1-800-222-7377.

The Ohio Revised Code provides statutory authority requiring public employers to fund post retirement health care through their contributions to OPERS. A portion of each employer's contribution to OPERS is set aside for the funding of post retirement health care benefits.

Employer contribution rates are expressed as a percentage of the covered payroll of active members. In 2008, state and local employers contributed at a rate of 14.00% of covered payroll, and public safety and law enforcement employers contributed at 17.40%. The Ohio Revised Code currently limits the employer contribution to a rate not to exceed 14.0% of covered payroll for state and local employer units and 18.1% of covered payroll for law and public safety employer units. Active members do not make contributions to the OPEB Plan.

OPERS' Post Employment Health Care plan was established under, and is administered in accordance with, Internal Revenue Code 401(h). Each year, the OPERS Retirement Board determines the portion of the employer contribution rate that will be set aside for funding of post employment health care benefits. For 2008, the employer contribution allocated to the health care plan was 7.0% of covered payroll. The OPERS Retirement Board is also authorized to establish rules for the payment of a portion of the health care benefits provided by the retiree or their surviving beneficiaries. Payments amounts vary depending on the number of covered dependents and the coverage selected.

The County's contribution to OPERS for the years ending December 31, 2008, 2007, and 2006 were \$2,932,435, \$2,938,137, and \$2,767,180, respectively, of which \$1,466,218, \$1,060,667, and \$918,990, respectively, was allocated to the healthcare plan.

The Health Care Preservation Plan (HCPP) adopted by the OPERS Board of Trustees on September 9, 2004, was effective January 1, 2007. Member and employer contribution rates increased as of January 1, 2006, January 1, 2007 and January 1, 2008, which allowed additional funds to be allocated to the health care plan

Logan County
Notes to the Basic Financial Statements
December 31, 2008

State Teachers Retirement System - STRS Ohio provides access to health care coverage to retirees who participated in the Defined Benefit or Combined Plans and their dependents. Coverage under the current plan includes hospitalization, physicians' fees prescription drugs and partial reimbursement of monthly Medicare Part B premiums. Pursuant to 3307 of the Revised Code (R.C.) the State Teachers Retirement Board (the Board) has discretionary authority over how much, if any, of the associated health care costs will be absorbed by STRS Ohio. All benefit recipients pay a portion of the health care cost in the form of a monthly premium.

STRS Ohio issues a stand-alone financial report. Interested parties can view the most recent *Comprehensive Annual Financial Report* by visiting www.strs.org or by requesting a copy by calling toll-free 1-888-227-7877.

Under Ohio Law, funding for post-employment health care may be deducted from employer contributions. Of the 14% employer contribution rate, 1% of covered payroll was allocated to post employment health care for the years ended June 30, 2008, 2007, and 2006. The 14% employer contribution rate is the maximum rate established under Ohio law.

The County's contribution to STRS for the years ending December 31, 2008, 2007, and 2006 were \$131,400, \$134,077, and \$126,819, respectively, of which \$9,386, \$9,577, and \$9,059, respectively, was allocated to the STRS post employment healthcare plan.

NOTE 16-- DEFERRED COMPENSATION PLAN

Logan County employees and elected officials participate in a statewide deferred compensation plan created in accordance with Internal Revenue Code Section 457. Participation is on a voluntary payroll deduction basis. The plan permits deferral of compensation until future years. According to the plan, the deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency.

NOTE 17-- RELATED PARTY TRANSACTIONS

RTC Industries, Inc. - RTC Industries Inc., a discretely presented component unit of Logan County, received contributions from the County for facilities, certain equipment, transportation and salaries for administration, implementation, and supervision of its programs. These contributions are reflected as operating revenues and expenses at cost or fair market value as applicable, in the financial statements of the corporation. In 2008, these contributions were \$114,898.

NOTE 18-- CONTINGENT LIABILITIES

Federal and State Grants

The County participates in several federally assisted programs. These programs are subject to financial and compliance audits by grantor agencies or their representative. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the government expects such amounts, if any, to be immaterial.

Pending Litigation

The County is a defendant in a lawsuit. Although the outcome of this lawsuit is not presently determinable, it is the opinion of the County's counsel that a resolution of this matter will not have a material adverse effect on the financial condition of the County.

Logan County
Notes to the Basic Financial Statements
December 31, 2008

NOTE 19—SUBSEQUENT EVENTS

In February 2009 the County issued \$2,000,000 in General Obligation notes. The note in anticipation of the issuance of bonds for the purpose of paying the cost of building and improving the County recycling sites with upgrades. The debt will be paid from collections of revenues through charges for the services provided.

See accompanying notes to the Schedule of Expenditures of Federal Awards

NOTE 1 – GENERAL:

The accompanying Schedule of Expenditures of Federal Awards presents the activity of all federal award programs of Logan County, Ohio (the County). The County's reporting entity is defined in Note 1 to the County's basic financial statements. All federal awards received directly from federal agencies, as well as federal awards passed through other government agencies are included on the Schedule.

NOTE 2 – BASIS OF ACCOUNTING:

The accompanying Schedule of Federal Awards has been prepared using the cash basis of accounting in accordance with the format as set forth in the *Governmental Auditing Standards*, issued by the Comptroller General of the United States, and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*.

NOTE 3 – MATCHING REQUIREMENTS:

Certain Federal Programs require that the County contribute non-federal funds (matching funds) to support the Federally-funded programs. The expenditures of non-Federal matching funds are not included on the Schedule.

NOTE 4 – COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG):

The County received several different grants that fall under CDBG and within each grant there are various programs for projects within the County. The County primarily uses these funds for street improvements within the county, historical preservation projects and the fair housing program. The fair housing program allows the County to provide low-interest loans to eligible persons for the rehabilitation of their homes.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

County Board of Commissioners
Logan County, Ohio
117 E. Columbus Ave.
Bellefontaine, Ohio 43311

We have audited the financial statements of the governmental activities, business-type activities, discretely presented component unit, each major fund, and the aggregate remaining fund information of Logan County, Ohio (the County), as of and for the year ended December 31, 2008, which collectively comprise the County's basic financial statements and have issued our report thereon dated June 30, 2009. We did not audit the financial statements of RTC Industries, Inc., the County's only discretely presented component unit. Those financial statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the discretely presented component unit, is based on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. The financial statements of the discretely presented component unit were not audited in accordance with *Government Auditing Standards*.

Internal Control over Financial Reporting

In planning and performing our audit, we considered the County's internal control over financial reporting as a basis for designing our audit procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. However, as discussed below, we identified deficiencies in internal control over financial reporting that we consider to be significant deficiencies.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control. We consider the deficiencies described in the accompanying schedule of findings and questioned costs as items 2008-1 and 2008-2 to be significant deficiencies in internal control over financial reporting.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies and, accordingly, would not necessarily disclose all significant deficiencies that are also considered to be material weaknesses. However, we consider item 2008-1, described above, to be a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of the County in a separate letter dated June 30, 2009.

The County's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. We did not audit the County's response and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of the County Audit Committee, management, Board of Commissioners, the Auditor of the State of Ohio, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

County Board of Commissioners
Logan County, Ohio
117 E. Columbus Ave.
Bellefontaine, Ohio 43311

Compliance

We have audited the compliance of Logan County, Ohio (the County) with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended December 31, 2008. The County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the County's management. Our responsibility is to express an opinion on the County's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the County's compliance with those requirements.

As described in items 2008-4 and 2008-5 in the accompanying schedule of findings and questioned costs, the County did not comply with requirements regarding Cash Management and Reporting that are applicable to its Community Development Block Grant. Compliance with such requirements is necessary, in our opinion, for the County to comply with the requirements applicable to that program. In relation, item 2008-3 notes the County did not comply with requirements regarding the preparation and completion of the Schedule of Expenditures of Federal Awards.

In our opinion, except for the noncompliance described in the preceding paragraph, the County complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended December 31, 2008.

Internal Control over Compliance

The management of the County is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the County's internal control over compliance with the requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in the entity's internal control that might be significant deficiencies or material weaknesses as defined below. However, as discussed below, we identified certain deficiencies in internal control over compliance that we consider to be significant deficiencies and others that we consider to be material weaknesses

A control deficiency in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the entity's internal control. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as items 2008-3 and 2008-6 to be significant deficiencies.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the entity's internal control. Of the significant deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs, we consider item 2008-6 to be a material weakness.

The County's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. We did not audit the County's responses and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of the County Audit Committee, management, Board of Commissioners, the Auditor of the State of Ohio, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Springfield, Ohio

Section I – Summary of Auditors’ Results

Financial Statements

Type of auditors’ report issued:	Unqualified
Internal control over financial reporting:	
• Material weakness(es) identified?	Yes
• Significant deficiency(ies) identified not considered to be material weakness(es)?	Yes
Noncompliance material to financial statements noted?	None noted

Federal Awards

Internal control over major programs:	
• Material weakness(es) identified?	Yes
• Significant deficiency(ies) identified not considered to be material weakness(es)?	Yes
Type of auditors’ report issued on compliance for major programs:	Qualified
Any audit findings that are required to be reported in accordance with 510(a) of Circular A-133?	Yes – CDBG CFDA 14.228
Identification of major programs:	
CFDA 14.228 – Community Development Block Grant	
Workforce Investment Act Cluster:	
CFDA 17.258 – Workforce Investment Act - Adult	
CFDA 17.259 – Workforce Investment Act – Youth	
CFDA 17.260 – Workforce Investment Act – Dislocated Worker	
CFDA 17.225 – Workforce Investment Act – Unemployment Insurance	
CFDA 20.205 – Highway Planning and Construction Grant	
Dollar threshold to distinguish between Type A and Type B programs:	\$300,000
Auditee qualified as low-risk auditee?	No

Section II – Financial Statement Findings

2008-1: Material Weakness – Financial Reporting:

The compilation and presentation of materially correct financial statements and the related footnotes is the responsibility of management of the County. Thus, it is important that management develop control procedures related to drafting financial statements and footnotes that enable management to prevent and detect potential misstatements in the financial statements and footnotes.

As a result of our audit, we identified misstatements in the County’s financial statements pertaining to (1) Reporting of special assessment receivables in the proper fund; (2) Reporting of all funds in the Governmental Funds statements; (3) Reporting of ODOT project funds received and disbursed for bridge construction; (4) Inclusion of short term notes payable in the Governmental Funds statements; (5) Calculation error in estimate of receivables; (6) the consistent classifications of homestead and rollback revenues; and (7) the classification of debt in the Business-Type Activities. We also identified various adjustments to the notes of the financial statements. The misstatements are an indicator that

the County does not have sufficient internal control procedures in place related to financial reporting. It is recommended the County implement sufficient control procedures over the financial reporting process in order to enable management to prevent and detect potential misstatement in the financial statements and footnotes.

Officials Response: The County's accountant has been informed of the audit adjustments and a review of the compiled financial statements by the County's management will be reflected upon the start of the audit.

2008-2: Significant Deficiency – Capital Asset Reporting:

The County should maintain effective management controls over tracking and reporting capital assets throughout all departments. During the audit, the County had utilized a computerized capital asset inventory system to provide a comprehensive listing of the assets being reported on the financial statements. However, the listing was not complete and the detail book value of assets is not accurate causing the list to be inconsistent to prior or current year's financial statements.

We recommend the County proceed with a correction plan and review the current and prior years fixed asset reports to insure all historical cost and net book values are included in their comprehensive listing of capital assets to substantiate the accuracy of the assets being reported in the financial statements.

Officials Response: We will continue our efforts to make the County's capital asset tracking system work towards our financial reporting needs. Due to the complexity in identifying and valuing/depreciating capital assets in a county, we have had difficulties getting the system to balance.

Section III – Federal Awards Findings and Questioned Costs

2008-3: Noncompliance and Significant Deficiency – Completion of the Federal Expenditures Schedule:

Office of Management and Budget (OMB) Circular A-133.300(a) requires each recipient to "identify", in its accounts, all federal awards received and expended and the federal programs under which they were received, including, as applicable, the CFDA title and number, the award number and year, the name of the federal agency and the pass-through entity." According to OMB Circular A-133.205(a), "the determination of when an award is expended is based on when the activity related to the award occurs. Generally, the activity pertains to events that require the non-federal entity to comply with laws, regulations, and the provisions of contracts or grant agreements, such as expenditures/expense transactions associated with grants, cost reimbursements contracts, cooperative agreements, and direct appropriations; the disbursements of funds passed through to subrecipients; the use of loan proceeds under loan and loan guarantee programs; the receipt of property; the receipt of surplus property; the receipt or use of program income; the distribution or consumption of food commodities; the disbursements of amounts entitling the non-Federal entity to an interest subsidy; and, the period when insurance is in force."

The County reporting inaccurate or incomplete grant information in the Schedule of Expenditures of Federal Awards may jeopardize future grant funding and/or require the County to return funding to the grantor agency. The County should utilize due care in preparing the annual schedule to ensure completeness and accuracy of all information reported. This effort will require all departments carefully review grant documents and accounting records to ensure the correct amounts and program information is provided to the responsible official to prepare the annual schedule. The final schedule should be reviewed after completion and agreed to underlying cash accounting records of the County.

Officials Response: Each year the County works diligently attempting to make certain what grants have been received and the CFDA title and number. The County will continue to work hard to make certain there are no omissions regarding this matter.

2008-4: Noncompliance Citation – CDBG Program Cash Management:

The OHCP Financial Management Handbook, Section 3(f), states "The grantee must develop a cash management system to ensure compliance with the Fifteen Day Rule relating the prompt disbursement

of funds". This rule states that funds drawn should be limited to a balance of less than \$5,000. We noted that the County's CDBG Grant Program drawdowns were not always expended to below the \$5,000 threshold within 15 days of receipt. This problem was also noted in prior audits. The County and its consultants should attempt to more accurately forecast cash requirements to eliminate this problem.

Officials Response: Our consultant in the area of federal awards has been contacted for this citation and is being addressed.

2008-5: Noncompliance Citation – CDBG Program Reporting:

The Final Performance reports for the 2005 CHIP and 2006 Formula Grant programs were not filed by the date specified by ODOD. The Final Performance reports were not filed timely after an extension, for the 2005 CHIP. Although the County has assigned the preparation of grants reports to CDC of Ohio (CHIP), the County is responsible for assuring timely filing, and thus should more closely monitor to assure that reports are filed when due. This is a repeat of a citation in the previous audit.

Officials Response: Our consultant in the area of federal awards has been contacted for this citation and is being addressed.

2008-6: Material Weakness – CDBG Program Reporting:

As evidenced by the noncompliance citations (findings 2008-4 and 2008-5) related to the Community Development Block Grant program Grant, the County's controls for monitoring compliance with requirements of this program are not as effective as they should be. The County should implement sufficient monitoring controls which ensure program requirements are adhered to, including those aspects of the grant which are administered by the outside consulting company.

Officials Response: The County will continue to work towards establishing procedures to ensure compliance with grant requirements.

Section IV – Summary Schedule of Prior Audit Findings

2007-1: Certain transfers from the enterprise funds to the County capital improvement fund for the repayment of General Obligation Debt against Ohio Revised Code Section 5705.15.

Status: Corrected

2007-2: The County's noncompliance and control procedures over properly reporting the Schedule of Expenditures of Federal Awards .

Status: Not-corrected see current year finding 2008-3

2007-3: County's noncompliance over CDBG and HOME Investment Partnership grant cash management system to ensure compliance with the Fifteen Day rule relating to the prompt disbursement of funds.

Status: Not-corrected see current year finding 2008-4

2007-4: County's noncompliance over CDBG and HOME Investment Partnership grant reporting requirements specified by ODOD for the filing of status and final performance reports.

Status: Not-corrected see current year finding 2008-5

2007-5: County's material control weakness over implementation of more effective controls over CDBG and HOME Investment Partnership grants.

Status: Not-corrected see current year finding 2008-6
