Miami Valley Fire/EMS Alliance Montgomery County 444 West Third Street, Suite 20-231 Dayton, Ohio 45402 - 1460

Mary Taylor

To the Board of Directors:

As you are aware, the Auditor of State's Office (AOS) must modify the *Independent Accountants' Report* we provide on your financial statements due to an interpretation from the American Institute of Certified Public Accountants (AICPA). While AOS does not legally require the Alliance to prepare financial statements pursuant to Generally Accepted Accounting Principles (GAAP), the AICPA interpretation requires auditors to formally acknowledge that you did not prepare your financial statements in accordance with GAAP. Our Report includes an adverse opinion relating to GAAP presentation and measurement requirements, but does not imply the amounts the statements present are misstated under the non-GAAP basis you follow. The AOS report also includes an opinion on the financial statements you prepared using the cash basis and financial statement format the AOS permits.

Mary Taylor, CPA Auditor of State

INDEPENDENT ACCOUNTANTS' REPORT

Miami Valley Fire/EMS Alliance Montgomery County 444 West Third Street, Suite 20-231 Dayton, Ohio 45402 -1460

To the Board of Directors:

We have audited the accompanying financial statements of Miami Valley Fire/EMS Alliance, Montgomery County, (the Alliance) as of and for the year ended September 30, 2008. These financial statements are the responsibility of the Alliance's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinion.

As described more fully in Note 1, the Alliance has prepared these financial statements using accounting practices the Auditor of State prescribes or permits. These practices differ from accounting principles generally accepted in the United States of America (GAAP). Although we cannot reasonably determine the effects on the financial statements of the variances between these regulatory accounting practices and GAAP, we presume they are material.

Instead of the combined funds the accompanying financial statements present, GAAP require presenting entity wide statements and also presenting the Alliance's larger (i.e. major) funds separately. While the Alliance does not follow GAAP, generally accepted auditing standards requires us to include the following paragraph if the statements do not substantially conform to GAAP presentation requirements. The Auditor of State permits, but does not require the Alliance to reformat its statements. The Alliance has elected not to follow GAAP statement formatting requirements. The following paragraph does not imply the amounts reported are materially misstated under the accounting basis the Auditor of State permits. Our opinion on the fair presentation of the amounts reported pursuant to its non-GAAP basis is in the second following paragraph.

In our opinion, because of the effects of the matter discussed in the preceding two paragraphs, the financial statements referred to above for the year ended September 30, 2008 do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the Alliance as of September 30, 2008, or its changes in financial position for the year then ended.

Miami Valley Fire/EMS Alliance Montgomery County Independent Accountants' Report Page 2

Also, in our opinion, the financial statements referred to above present fairly, in all material respects, the combined fund cash balances of Miami Valley Fire/EMS Alliance, Montgomery County, as of September 30, 2008, and its combined cash receipts and disbursements for the year then ended on the accounting basis Note 1 describes.

The Alliance has not presented Management's Discussion and Analysis, which accounting principles generally accepted in the United States of America has determined is necessary to supplement, although not required to be part of, the financial statements.

In accordance with *Government Auditing Standards*, we have also issued our report dated March 31, 2009, on our consideration of the Alliance's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance, and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

We conducted our audit to opine on the financial statements that collectively comprise the Alliance's financial statements. The U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* requires presenting a federal awards expenditure schedule. The schedule is not a required part of the basic financial statements. We subjected the federal awards expenditure schedule to the auditing procedures applied in the audit of the financial statements. In our opinion, this information is fairly stated in all material respects in relation to the financial statements taken as a whole.

Mary Taylor, CPA Auditor of State

NOTES TO THE FINANCIAL STATEMENTS SEPTEMBER 30, 2008

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Description of the Entity

The Miami Valley Fire/EMS Alliance, Montgomery County, (the Alliance) has been established as a Regional Council of Governments pursuant to the constitution and laws of Ohio, including, but not limited to Ohio Revised Code Chapter 167. The purpose of the Board hereby established is to foster cooperation among the political subdivisions through the establishment of an organization which will promote programs and recommend matters which will result in more efficient methods of delivering fire and emergency medical services in the region. Bylaws were adopted on February 8, 1995. Ultimate authority of the Alliance shall be vested in a Fire/EMS Alliance Board. The Board consists of a representative from each political subdivision that has paid the "per-capita" fee assessed against it or has contractually paid the "per-capita" fee assessed against another political subdivision from which it receives Fire/EMS services. Each political subdivision may have one delegate and one alternate to the Board who shall be appointed by the legislative authority of said political subdivision.

The Alliance also assumed the duties as fiscal administrator for Ohio Task Force 1.

The Alliance's management believes these financial statements present all activities for which the Alliance is financially accountable.

B. Accounting Basis

These financial statements follow the accounting basis the Auditor of State prescribes or permits. This basis is similar to the cash receipts and disbursements accounting basis. The Alliance recognizes receipts when received in cash rather than when earned, and recognizes disbursements when paid rather than when a liability is incurred.

These statements include adequate disclosure of material matters, as the Auditor of State prescribes or permits.

C. Cash and Investments

The Alliance values certificates of deposit at cost.

D. Fund Accounting

The Alliance uses fund accounting to segregate cash and investments that are restricted as to use. The Alliance classifies its funds into the following types:

1. General Fund

The General Fund reports all financial resources except those required to be accounted for in another fund.

2. Special Revenue Funds

These funds account for proceeds from specific sources (other than from private-purpose trusts or for capital projects) that are restricted to expenditure for specific purposes. The Alliance had the following significant Special Revenue Funds:

NOTES TO THE FINANCIAL STATEMENTS SEPTEMBER 30, 2008 (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Ohio Task Force One is one of the 28 National Urban Search and Rescue Task Forces administered through FEMA. The mission of the Task Force is to provide a resource capable of locating, extricating, and providing medical care for victims entrapped in collapsed structures and to protect emergency responders when such and entrapment or protection exceeds the local responder's operational capability.

Ohio Region 3 Rescue Strike Team was created to provide local and regional rescue response capability in the Greater Dayton area and the eight counties within Ohio Homeland Security Planning Region 3. The Strike team is one of eight projected State of Ohio regional strike teams. The mission of the Strike Team is to provide a resource capable of locating, extricating, and providing medical care for victims entrapped in collapsed structures, trenches, confined spaces, elevated areas, etc., and to protect emergency responders when such an entrapment or rescue exceeds local responders' operational capabilities.

3. Fiduciary Funds

Fiduciary funds include private purpose trust funds and agency funds. Trust funds account for assets held under a trust agreement for individuals, private organizations, or other governments which are not available to support the Alliance's own programs.

Agency funds are purely custodial in nature and are used to hold resources for individuals, organizations or other governments. The Alliance disburses these funds as directed by the individual, organization or other government. The Alliance's agency fund accounts for Miami Valley Fire/EMS Corporation.

E. Budgetary Process

Ohio Revised Code Chapter 167 does not address the budgetary process of Regional Council of Governments but allows the government to adopt by-laws that may address budgetary matters. The Alliance's by-laws require that the Alliance Board must adopt an Annual Budget. This budget is prepared by the Executive Director for the fiscal year beginning in the next October 1 and submitted to the Alliance Board two weeks prior to the last quarterly meeting for approval.

F. Property, Plant, and Equipment

The Alliance records disbursements for acquisitions of property, plant, and equipment when paid. The accompanying financial statements do not report these items as assets.

G. Accumulated Leave

In certain circumstances, such as upon leaving employment, employees are entitled to cash payments for unused leave. The financial statements do not include a liability for unpaid leave.

NOTES TO THE FINANCIAL STATEMENTS SEPTEMBER 30, 2008 (Continued)

2. CASH

The Ohio Revised Code prescribes allowable deposits and investments. The carrying amount of cash at September 30 was as follows:

	2008
Demand deposits	\$280,700
Certificates of deposit	119,784
Total deposits	\$400,484

Deposits: Deposits are insured by the Federal Depository Insurance Corporation; or collateralized by the financial institution's public entity deposit pool.

3. RETIREMENT SYSTEMS

The Alliance's employees belong to the Ohio Public Employees Retirement System (OPERS). OPERS is a cost-sharing, multiple-employer plan. The Ohio Revised Code prescribes this plan's benefits, which include postretirement healthcare and survivor and disability benefits.

The Ohio Revised Code also prescribes contribution rates. For 2008 and 2007, OPERS members contributed 10% and 9.5%, respectively, of their gross salaries and the Alliance contributed an amount equaling 14% and 13.85%, respectively, of participants' gross salaries. The Alliance has paid all contributions required through September 30, 2008.

4. RISK MANAGEMENT

Commercial Insurance

The Alliance has obtained commercial insurance for the following risks:

- Comprehensive property and general liability;
- Vehicles; and
- Errors and omissions.

5. CONTINGENT LIABILITIES

Amounts grantor agencies pay to the Alliance are subject to audit and adjustment by the grantor, principally the federal government. The grantor may require refunding any disallowed costs. Management cannot presently determine amounts grantors may disallow. However, based on prior experience, management believes any refunds would be immaterial.

NOTES TO THE FEDERAL AWARDS EXPENDITURES SCHEDULE FISCAL YEAR ENDED SEPTEMBER 30, 2008

NOTE A - SIGNIFICANT ACCOUNTING POLICIES

The accompanying Federal Awards Expenditures Schedule (the Schedule) summarizes activity of the Alliance's federal award programs. The schedule has been prepared on the cash basis of accounting.

INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

Miami Valley Fire/EMS Alliance Montgomery County 444 West Third Street, Suite 20-231 Dayton, Ohio 45402 - 1460

To the Board of Directors:

We have audited the financial statements of Miami Valley Fire/EMS Alliance, Montgomery County, (the Alliance) as of and for the year ended September 30, 2008, and have issued our report thereon dated March 31, 2009, wherein we noted the Alliance followed accounting practices the Auditor of State prescribes rather than accounting principles generally accepted in the United States of America. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Alliance's internal control over financial reporting as a basis for designing our audit procedures for expressing our opinion on the financial statements, but not to opine on the effectiveness of the Alliance's internal control over financial reporting. Accordingly, we have not opined on the effectiveness of the Alliance's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the Alliance's ability to initiate, authorize, record, process, or report financial data reliably in accordance with its applicable accounting basis, such that there is more than a remote likelihood that the Alliance's internal control will not prevent or detect a more-than-inconsequential financial statement misstatement.

A material weakness is a significant deficiency, or combination of significant deficiencies resulting in more than a remote likelihood that the Alliance's internal control will not prevent or detect a material financial statement misstatement.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all internal control deficiencies that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider material weaknesses, as defined above.

We noted certain matters that we reported to the Alliance's management in a separate letter dated March 31, 2009.

One First National Plaza / 130 W. Second St. / Suite 2040 / Dayton, OH 45402 Telephone: (937) 285-6677 (800) 443-9274 Fax: (937) 285-6688 www.auditor.state.oh.us Miami Valley Fire/EMS Alliance
Montgomery County
Independent Accountants' Report on Internal Control Over Financial Reporting and on
Compliance and Other Matters Required by *Government Auditing Standards*Page 2

Compliance and Other Matters

As part of reasonably assuring whether the Alliance's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

We intend this report solely for the information and use of the audit committee, management, the Board of Directors, and federal awarding agencies and pass-through entities. We intend it for no one other than these specified parties.

Mary Taylor, CPA
Auditor of State

INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO THE MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Miami Valley Fire/EMS Alliance Montgomery County 444 West Third Street, Suite 20-231 Dayton, Ohio 45402 - 1460

To the Board of Directors:

Compliance

We have audited the compliance of Miami Valley Fire/EMS Alliance, Montgomery County (the Alliance) with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133, Compliance Supplement* that apply to its major federal program for the year ended September 30, 2008. The summary of auditor's results section of the accompanying schedule of findings identifies the Alliance's major federal program. The Alliance's management is responsible for complying with the requirements of laws, regulations, contracts, and grants applicable to its major federal program. Our responsibility is to express an opinion on the Alliance's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to reasonably assure whether noncompliance occurred with the types of compliance requirements referred to above that could directly and materially affect a major federal program. An audit includes examining, on a test basis, evidence about the Alliance's compliance with those requirements and performing other procedures we considered necessary in the circumstances. We believe our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Alliance's compliance with those requirements.

In our opinion, the Miami Valley Fire/EMS Alliance, Montgomery County complied, in all material respects, with the requirements referred to above that apply to its major federal program for the year ended September 30, 2008.

Internal Control Over Compliance

The Alliance's management is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the Alliance's internal control over compliance with requirements that could directly and materially affect a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Alliance's internal control over compliance.

Miami Valley Fire/EMS Alliance Montgomery County Independent Accountants' Report on Compliance With Requirements Applicable to the Major Federal Program And on Internal Control Over Compliance in Accordance With OMB Circular A-133 Page 2

Internal Control Over Compliance (Continued)

A control deficiency in internal control over compliance exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent or detect noncompliance with a federal program compliance requirement on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the Alliance's ability to administer a federal program such that there is more than a remote likelihood that the Alliance's internal control will not prevent or detect more-than-inconsequential noncompliance with a federal program compliance requirement.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that the Alliance's internal control will not prevent or detect material noncompliance with a federal program's compliance requirements.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

We intend this report solely for the information and use of the executive committee, management, the Board of Directors, federal awarding agency, and pass-through entity. It is not intended for anyone other than these specified parties.

Mary Taylor, CPA Auditor of State
