Auditor of State

Board of Trustees  
Pee Pee Township  
3670 St. Rt. 220  
Waverly, Ohio 45690

We have reviewed the *Independent Auditor's Report* of Pee Pee Township, Pike County, prepared by Balestra, Harr & Scherer, CPAs, Inc., for the audit period January 1, 2007 through December 31, 2008. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

The financial statements in the attached report are presented in accordance with a regulatory basis of accounting prescribed or permitted by the Auditor of State. Due to a February 2, 2005 interpretation from the American Institute of Certified Public Accountants (AICPA), modifications were required to the *Independent Auditor's Report* on your financial statements. While the Auditor of State does not legally require your government to prepare financial statements pursuant to Generally Accepted Accounting Principles (GAAP), the AICPA interpretation requires auditors to formally acknowledge that you did not prepare your financial statements in accordance with GAAP. The attached report includes an opinion relating to GAAP presentation and measurement requirements, but does not imply the statements are misstated under the non-GAAP regulatory basis. The *Independent Auditor's Report* also includes an opinion on the financial statements using the regulatory format the Auditor of State permits.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. Pee Pee Township is responsible for compliance with these laws and regulations.

### Independent Auditor's Report

Board of Trustees  
Pee Pee Township  
Pike County  
3670 State Route 220  
Waverly, Ohio 45690

We have audited the accompanying financial statements of Pee Pee Township, Pike County, Ohio (the Township), as of and for the years ended December 31, 2008 and 2007. These financial statements are the responsibility of the Township's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinion.

As discussed in Note 1, the Township has prepared these financial statements using accounting practices the Auditor of State prescribes or permits. These practices differ from accounting principles generally accepted in the United States of America (GAAP). Although we cannot reasonably determine the effects on the financial statements of the variances between these regulatory accounting practices and GAAP, we presume they are material.

Instead of the combined funds the accompanying financial statements present, GAAP require presenting entity wide statements and also presenting the Township's larger (i.e. major) funds separately. While the Township does not follow GAAP, generally accepted auditing standards requires us to include the following paragraph if the statements do not substantially conform to GAAP presentation requirements. The Auditor of State permits, but does not require Governments to reformat their statements. The Township has elected not to follow GAAP statement formatting requirement. The following paragraph does not imply the amounts reported are materially misstated under the accounting basis the Auditor of State permits. Our opinion on the fair presentation of the amounts reported pursuant to its non-GAAP basis is in the second following paragraph.

In our opinion, because of the effects of the matter discussed in the preceding two paragraphs, the financial statements referred to above for the years ended December 31, 2008 and 2007 do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the Township as of December 31, 2008 and 2007, or its changes in financial position for the years then ended.

Also, in our opinion, the financial statements referred to above present fairly, in all material respects, the combined fund cash balances of Pee Pee Township, Pike County, as of December 31, 2008 and 2007, and its combined cash receipts and disbursements for the years then ended on the accounting basis Note 1 describes.

Pee Pee Township  
Pike County  
Independent Auditors' Report

The Township has not presented Management's Discussion and Analysis, which accounting principles generally accepted in the United States of America has determined is necessary to supplement, although not required to be part of, the financial statements.

In accordance with *Government Auditing Standards*, we have also issued our report dated July 17, 2009, on our consideration of the Township's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

**NOTES TO THE FINANCIAL STATEMENTS  
December 31, 2008 AND 2007**

**1. Summary of Significant Accounting Policies**

**A. Description of the Entity**

The constitution and laws of the State of Ohio establish the rights and privileges of Pee Pee Township, Pike County, Ohio (the Township), as a body corporate and politic. A publicly-elected three-member Board of Trustees directs the Township. The Township provides road and bridge maintenance, cemetery maintenance, and fire protection. The Township contracts with the City of Waverly to provide fire services.

The Township's management believes these financial statements present all activities for which the Township is financially accountable.

**B. Accounting Basis**

These financial statements follow the accounting basis the Auditor of State prescribes or permits. The basis is similar to the cash receipts and disbursements accounting basis. The Township recognizes receipts when received in cash rather than when earned and recognizes disbursements when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved).

These statements include adequate disclosure of material matters, as the Auditor of State prescribes or permits.

**C. Cash Deposit**

The Township had one checking account and two certificates of deposit are valued at cost.

**D. Fund Accounting**

The Township uses fund accounting to segregate cash deposits that are restricted as the use. The Township classifies its funds into the following types:

**1. General Fund**

The General Fund reports all financial resources except those required to be accounted for in another fund.

**2. Special Revenue Funds**

These funds account for the proceeds from specific sources (other than from private-purpose trusts or for capital projects) that are restricted to expenditure for specific purposes. The Township had the following significant Special Revenue Fund:

Gasoline Tax Fund – This fund receives gasoline tax money to pay constructing, maintaining, and repairing township roads.

Fire Fund – This fund receives property tax money to provide fire protection for the residents of the Township.

PIKE COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS  
December 31, 2008 AND 2007**

**1. Summary of Significant Accounting Policies (Continued)**

**D. Fund Accounting (Continued)**

Cemetery Fund – This fund receives property tax money to maintain a cemetery located in the Township.

**E. Budgetary Process**

The Ohio Revised Code requires that each fund (except certain agency funds) be budgeted annually.

**1. Appropriations**

Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the fund, function or object level of control appropriations may not exceed estimated resources. The Board of Trustees must annually approve appropriation measures and subsequent amendments. The County Budget Commission must also approve the annual appropriation measure. Appropriations lapse at year end.

**2. Estimated Resources**

Estimated Resources include estimates of cash to be received (budgeted receipts) plus cash as of January 1. The County Budget Commission must also approve estimated resources.

**3. Encumbrances**

The Ohio Revised Code requires the Township to reserve (encumber) appropriations when individual commitments are made. The Township did not use the encumbrance method of accounting.

A summary of 2008 and 2007 budgetary activity appears in Note 3.

**F. Property, Plant and Equipment**

The Township records disbursements for acquisition of property, plant and equipments when paid. The accompanying financial statements do not report these items as assets.

**G. Accumulated Leave**

In certain circumstances, such as upon leaving employment, employees are entitled to cash payments for unused leave. The financial statements do not include a liability for unpaid leave.

**2. Equity in Pooled Cash Deposits**

The Township maintains a cash deposit pool all funds use. The Ohio Revised Code prescribes allowable deposits. The carrying amount of cash deposits at December 31 was as follows:

	<u>2008</u>	<u>2007</u>
Demand Deposits	\$ 71,570	\$ 178,091
Certificates of Deposits	75,000	75,000
Total Deposits	<u>\$ 146,570</u>	<u>\$ 253,091</u>

**PEE PEE TOWNSHIP  
PIKE COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS  
December 31, 2008 AND 2007**

**2. Equity in Pooled Cash Deposits (continued)**

**Deposits:** Deposits are insured by the Federal Deposit Insurance Corporation and some deposits are collateralized by securities specifically pledged by the financial institution to the Township.

At December 31, 2008, \$46,570 of deposits were not insured or collateralized, contrary to Ohio law, and at December 31, 2007, \$153,091 of deposits were not insured or collateralized, contrary to Ohio law.

**3. Budgetary Activity**

Budgetary activity for the years ending as follows:

2008 Budgeted vs. Actual Receipts

<u>Fund Type</u>	<u>Budgeted Receipts</u>	<u>Actual Receipts</u>	<u>Variance</u>
General	\$ 78,614	\$ 78,853	\$ 239

**NOTES TO THE FINANCIAL STATEMENTS  
December 31, 2008 AND 2007**

**4. Property Tax**

Real property taxes become a lien on January 1 preceding the October date for which the Trustees adopted tax rates. The State Board of Tax Equalization adjusts these rates for inflation. Property taxes are also reduced for applicable homestead and rollback deductions. The financial statements include homestead and rollback amounts the State pays as Intergovernmental Receipts. Payments are due to the County by December 31. If property owner elects to pay semiannually, the first half is due December 31. The second half payment is due to the following June 20.

Public utilities are also taxed on personal and real property located within the Township.

Tangible personal property tax is assessed by the property owners, who must file a list of such property to the County by each April 30.

The County is responsible for assessing property, and for billing, collecting, and distributing all property taxes on behalf of the Township.

**5. Debt**

Debt outstanding at December 31, 2008 was as follows:

	Principal	Interest Rate
General Obligation Note	\$ 93,163	3.76%
General Obligation Note	25,025	3.25%
Total	\$ 118,188	

The Township issued general obligation notes to finance the purchase of a fire truck for Township safety. The Township's taxing authority collateralized the note.

The Township issued general obligation notes to finance the purchase of a pickup truck for Township road work. The Townships taxing authority collateralized the note.

Amortization of the above debt, including interest, is schedule as follows:

Year Ending December 31:	Fire Truck	Pick-up Truck
2009	\$ 33,420	\$ 8,890
2010	33,420	8,890
2011	33,420	8,608
2012	-	-
2013	-	-
Total	\$ 100,260	\$ 26,388

**PEE PEE TOWNSHIP  
PIKE COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS  
December 31, 2008 AND 2007**

**6. Retirement Systems**

Township officials and employees belong to the Ohio Public Employees Retirement System (OPERS). OPERS is a cost-sharing, multiple-employer plan. This plan provides retirement benefits, which include postretirement healthcare and survivor and disability benefits as prescribed by the Ohio Revised Code.

The Ohio Revised Code also prescribes contribution rates. For 2008 and 2007, OPERS members contributed 10 and 9.5% respectively, of their gross salaries and the Township contributed an amount equaling 14 and 13.85%, respectively, of participants' gross salaries. The Township has paid all contributions required through December 31, 2008.

**7. Risk Management**

The Township is exposed to various risks of property and casualty losses, and injuries to employees.

The Township insures against injuries to employees through the Ohio Bureau of Worker's Compensation.

The Township belongs to the Ohio Township Association Risk Management Authority (OTARMA), a risk-sharing pool available to Ohio townships. OTARMA provides property and casualty coverage for its members. OTARMA is a member of the American Public Entity Excess Pool (APEEP). Member governments pay annual contributions to fund OTARMA. OTARMA pays judgments, settlements and other expenses resulting from covered claims that exceed the members' deductibles.

Casualty Coverage

For an occurrence prior to January 1, 2006 OTARMA retains casualty risks up to \$250,000 per occurrence, including claim adjustment expenses. OTARMA pays a percentage of its contributions to APEEP. APEEP reinsures claims exceeding \$250,000, up to \$1,750,000 per claim and \$10,000,000 in the aggregate per year. For an occurrence on or subsequent to January 1, 2006 the Pool retains casualty risk up to \$350,000 per occurrence, including loss adjustment expenses. Claims exceeding \$350,000 are reinsured with APEEP in an amount not to exceed \$2,650,000 for each claim and \$10,000,000 in the aggregate per year. Governments can elect up to \$10,000,000 in additional coverage with the General Reinsurance Corporation, through contracts with OTARMA.

If losses exhaust OTARMA's retained earnings, APEEP provides excess of funds available coverage up to \$5,000,000 per year, subject to a per-claim limit of \$2,000,000 (for claims prior to January 1, 2006) or \$3,000,000 (for claims on or after January 1, 2006) as noted above.

Property Coverage

Through 2004, OTARMA retained property risks, including automobile physical damage, up to \$100,000 on any specific loss in any one occurrence. The Travelers Indemnity Company reinsured losses exceeding \$100,000 up to \$500 million per occurrence.

Beginning in 2005, Travelers reinsures specific losses exceeding \$250,000 up to \$600 million per occurrence. APEEP reinsures members for specific losses exceeding \$100,000 up to \$250,000 per occurrence, subject to an annual aggregate loss payment. Travelers provides aggregate stop-loss coverage based upon the combined member' total insurable values. If the stop-loss is reached by payment of losses between \$100,000 and \$250,000, Travelers will reinsure specific losses exceeding \$100,000 up to their \$600 million per occurrence limit. The aggregate stop-loss limit for 2007 was \$2,014,548.

**PEE PEE TOWNSHIP  
ADAMS COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS  
December 31, 2008 AND 2007**

**7. Risk Management (Continued)**

The aforementioned casualty and property reinsurance agreements do not discharge OTARMA's primary liability for claims payments on covered losses. Claims exceeding coverage limits are the obligation of the respective government.

Financial Position

OTARMA's financial statements (audited by other accountants) conform with the generally accepted accounting principles, and reported the following assets, liabilities and retained earnings at December 31, 2007 and 2006:

	2007	2006
Assets	\$ 43,210,703	\$ 42,042,275
Liabilities	(13,357,837)	(12,120,661)
Retained Earnings	\$ 29,852,866	\$ 29,921,614

At December 31, 2007 and 2006, respectively, casualty coverage liabilities noted above include approximately \$12.5 million and \$11.3 million of estimated incurred claims payable. The Casualty Coverage assets and retained earnings above also include approximately \$11.6 million and \$10.8 million of unpaid claims to be billed to approximately 950 member governments in the future, as of December 31, 2007 and 2006, respectively. These amounts will be included in future contributions from members when the related claims are due for payment. The Township's share of these unpaid claims collectible in future years is approximately \$5,364. This payable includes the subsequent year's contribution due if the Township terminates participation, as described in the last paragraph below.

Based on discussions with OTARMA, the expected rates OTARMA charges to compute member contributions, which are used to pay claims as they become due, are not expected to change significantly from those used to determine the historical contributions detailed below. By contract, the annual liability of each member is limited to the amount of financial contributions required to be made to OTARMA for each year of membership. The Township's contributions to OTARMA for the past three years are as follows:

Year	Contribution
2006	\$ 5,060
2007	\$ 4,031
2008	\$ 5,184

After completing one year of membership, members may withdraw on each anniversary of the date they joined OTARMA provided they give written notice to OTARMA 60 days in advance of the anniversary date. Upon withdrawal, members are eligible for a full or partial refund of their capital contributions, minus the subsequent year's budgetary contribution. Withdrawing members have no other future obligation to the pool. Also upon withdrawal, payments for all casualty claims and claim expenses become the sole responsibility of the withdrawing member, regardless of whether a claim occurred or was reported prior to the withdrawal.

**Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based On an Audit of Financial Statements Performed in Accordance With *Government Auditing Standards***

Board of Trustees  
Pee Pee Township  
Pike County  
3670 State Route 220  
Waverly, Ohio 45690

We have audited the financial statements of Pee Pee Township, Pike County, Ohio, (the Township) as of and for the years ended December 31, 2008 and 2007, which collectively comprise the Township's basic financial statements and have issued our report thereon dated July 17, 2009, wherein we noted the Township followed accounting practices the Auditor of State prescribes rather than accounting principles generally accepted in the United State of America. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States *Government Auditing Standards*.

**Internal Control Over Financial Reporting**

In planning and performing our audit, we considered the Township's internal control over financial reporting as a basis for designing our audit procedures for expressing our opinion on the financial statements, but not to opine on the effectiveness of the Township's internal control over financial reporting. Accordingly, we have not opined on the effectiveness of the Township's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the Township's ability to initiate, authorize, record, process, or report financial data reliably in accordance with the accounting basis described in Note 1 such that there is more than a remote likelihood that the Township's internal controls will not prevent or detect a more-than-inconsequential financial statement misstatement.

A material weakness is a significant deficiency, or combination of significant deficiencies, resulting in more than a remote likelihood that the Township's internal control will not prevent or detect a material financial statement misstatement.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

We noted certain internal control matters that we reported to the Township's management in a separate letter dated July 5, 2009.

### **Compliance and Other Matters**

As part of reasonably assuring whether the Township's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express an opinion. The results of our tests disclosed instances of noncompliance or other matters that we must report under *Government Auditing Standards* which are described in the accompanying schedule of findings as items 2008-001 through 2008-004.

We also noted certain noncompliance or other matters not requiring inclusion in this report that we reported to the Township's management in a separate letter dated July 17, 2009.

We intended this report solely for the information and use of management and the Board of Trustees. We intend it for no one other than these specified parties.

SCHEDULE OF FINDINGS**

<b>FINDINGS RELATED TO THE FINANCIAL STATEMENTS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS</b>

**FINDING NUMBER 2008-001**

**Material Noncompliance**

Ohio Rev. Code, Section 5705.41 (D) states that no orders or contracts involving the expenditure of money are to be made unless there is a certificate of the fiscal officer that the amount required for the order or contract has been lawfully appropriated and is in the treasury or in the process of collection to the credit of an appropriate fund free from any previous encumbrances.

This section also provides two “exceptions” to the above requirements:

- A. Then and Now Certificate – If the fiscal officer can certify that both at the time That the contract or order was made (“then”), and at the time that the fiscal officer is completing the certification (“now”), that sufficient funds were available or in the process of collection, to the credit of a proper fund, properly appropriated and free from any previous encumbrance, the Township can authorize the drawing of a warrant for the payment or the amount due. The Township can authorize the drawing of a warrant for the payment of the amount due. The Township has thirty days from the receipt of the “then and now” certificate to approve payment by ordinance or resolution.

Amounts of less than \$3,000 maybe paid by the fiscal officer without a resolution or ordinance upon completion of the “then and now” certificate, provided that the expenditure is otherwise lawful. This does not eliminate any otherwise applicable requirement for approval of expenditures by the Township.

- B. Blanket Certificate – Fiscal officers may prepare “blanket” certificates for a certain sum of money not in excess of an amount established by resolution or ordinance adopted by a majority of the members of the legislative authority against any specific line item account over a period not running beyond the end of the current fiscal year. The blanket certificates may, but need not, be limited to a specific vendor. Only one blanket certificate may be outstanding at one particular time for any on particular line item appropriation.
- C. Super Blanket Certificate – The Township may also make expenditures and contracts for any amount from a specific line-item appropriation account in a specified fund upon certification of the fiscal officer for most professional services, fuel, oil, food items, and any other specific recurring and reasonable predictable operating expense. This certification is not to extend beyond the current year. More than one super blanket certificate may be outstanding at a particular time for any line item appropriation.

Purchases orders were not properly used by the Township in 2008 or 207. Failure to properly certify funds could result in overspending the Township funds.

Every effort should be made by the Township to properly utilize the encumbrance method of accounting by certifying funds prior to making a purchase obligation. Failure to properly certify funds could result in overspending and negative fund balances.

The Township should certify purchases to which 5705.41 (D) applies. The most convenient method is to use purchase orders that include the certification language 5705.41(D) requires to authorize disbursements. The fiscal officer should post approved purchase commitments to the proper appropriation code, to reduce the available appropriation.

<b>FINDINGS RELATED TO THE FINANCIAL STATEMENTS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS</b>
--

**FINDING NUMBER 2008-002**

**Material Noncompliance**

Ohio Rev. Code Section 5705.39 provides that total appropriations from each fund shall not exceed the total estimated resources.

Appropriations exceeded estimated resource in the General fund by \$22,521 and the Cemetery fund by \$42,000 at December 31, 2008 and in the Road & Bridge fund by \$4,902, Cemetery fund by \$4,000 and in the Fire fund by \$31,562 at December 31, 2007.

Failure to receive an Amended Certificate of Estimated Resources from the County Auditor results in an inability to approve appropriations which do not exceed total resources. The Township's Fiscal Officer should monitor to ensure that appropriations from each fund do not exceed the total amount of estimated resources.

**FINDING NUMBER 2008-003**

**Material Noncompliance**

Ohio Rev. Code Section 5705.41(B) prohibits a subdivision or taxing unit from expending money unless it has been appropriated.

The Township had disbursements that exceeded appropriations in the Cemetery Fund by \$13,784 at December 31, 2007.

Failure to monitor actual expenditures versus the amount appropriated can result in expenditures exceeding the amount of available resources. The Township's Fiscal Officer should monitor to ensure that expenditures do not exceed appropriations.

**FINDING NUMBER 2008-004**

**Material Noncompliance**

Ohio Rev. Code Section 5705.36 (A) states in part that appropriations made during a fiscal year from any fund must not exceed the amount contained in the certificate of estimated resources or the amended certificate of estimated resources which was certified prior to making the appropriation or supplemental appropriation.

The Township had appropriations in excess of estimated resources in the General fund for 2008 by \$22,518.

The Township's Fiscal Officer should review the certificate of estimated resources prior to submitting the annual appropriations to ensure that the Township's appropriations do not exceed the estimated resources.
