WEST CHESTER TOWNSHIP, OHIO

Independent Auditors' Report on Internal Controls and Compliance

December 31, 2008

Mary Taylor, CPA Auditor of State

Board of Trustees West Chester Township 9113 Cincinnati-Dayton Road West Chester, Ohio 45069

We have reviewed the *Independent Auditors' Report* of West Chester Township, Butler County, prepared by Clark, Schaefer, Hackett & Co., for the audit period January 1, 2008 through December 31, 2008. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. West Chester Township is responsible for compliance with these laws and regulations.

Mary Taylor, CPA Auditor of State

and Other Matters Based on an Audit of Financial Statements Performed	
in Accordance with Government Auditing Standards	l – 2
Schedule of Findings and Responses	3

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Trustees West Chester Township, Ohio:

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of West Chester Township, Ohio (the Township) as of and for the year ended December 31, 2008, which collectively comprise the Township's basic financial statements and have issued our report thereon dated June 22, 2009. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control over Financial Reporting

In planning and performing our audit, we considered the Township's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Township's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Township's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. However, as discussed below, we identified a deficiency in internal control over financial reporting that we consider to be a significant deficiency.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control. We consider the deficiency described and labeled as item 2008-1 in the accompanying schedule of findings and responses to be a significant deficiency in internal control over financial reporting.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the Township's internal control.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies and, accordingly, would not necessarily disclose all significant deficiencies that are also considered to be material weaknesses. We do not consider item 2008-1 to be a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Township's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

The Township's response to the findings identified in our audit is described in the accompanying schedule of findings and responses. We did not audit the Township's response and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of management, the Board of Trustees, the Ohio Auditor of State and others within the entity, and is not intended to be and should not be used by anyone other than those specified parties.

Clark, Schafer, Hachett & Co.

Cincinnati, Ohio June 22, 2009

WEST CHESTER TOWNSHIP, OHIO

Schedule of Findings and Responses Year Ended December 31, 2008

Financial Statement Findings

Finding 2008-1 - Audit Adjustments

During the course of our audit, we identified a misstatement in the financial statements for the year under audit that was not initially identified by the Township's internal control. Throughout the year, the Township maintains its books and records on a cash basis of accounting and converts its financial statements at year end to generally accepted accounting principles. The audit adjustment was necessary to correct errors in the Township's conversion process. A description of the adjustment follows.

Intergovernmental Receivable. An audit adjustment was necessary to correct the Township's calculation of intergovernmental receivable. The Township miscalculated the gas tax receivable by \$1,698,442 and thus, overstated receivables.

We recommend the Township implement reporting procedures to ensure all accounts are properly reported in the financial statements.

Management response: The Township used a template to calculate the December 31, 2008 gasoline tax receivable in the Gasoline Tax Fund. The template parameters were in error for the circumstances that existed for the period under audit and an erroneous receivable was calculated and recorded at December 31, 2008.

The Township has modified the template accordingly and has also instituted a policy of a second review of amounts to be recorded as the financial records are converted from the cash basis to a generally accepted accounting principles basis.

INTRODUCTORY SECTION

June 30, 2009

Citizens of West Chester Township Board of Trustees West Chester Township, Ohio

We are pleased to report our continuous commitment to providing the most detailed financial conditions of West Chester Township and are proud to present our seventh Comprehensive Annual Financial Report (CAFR) for West Chester Township. This report, for the fiscal year ending December 31, 2008, contains the financial statements and other financial and statistical data that provide complete and full disclosure of all material financial aspects of West Chester Township ("Township"). The responsibility for the accuracy and completeness of all data presented, and the fairness of the presentation, rests with the Township, specifically with the Finance Director and Township Fiscal Officer.

This CAFR is divided into three sections as follows:

- The Introductory Section contains the table of contents, letter of transmittal, a list
 of principal officials, an organization chart of the Township and the Certificate of
 Achievement for Excellence in Financial Reporting for the 2007 CAFR.
- 2. The Financial Section begins with the Report of Independent Accountants and includes the Management's Discussion and Analysis, the Basic Financial Statements and Notes to the Basic Financial Statements that provide an overview of the Township's financial position and operating results, the Combining Statements for non-major funds and other schedules that provide detailed information relative to the Basic Financial Statements.
- The Statistical Section demonstrates the fiscal capacity of the Township and presents social and economic data and financial trend information.

TOWNSHIP OVERVIEW

West Chester Township is a community strategically positioned for successful residential and commercial development. Located in the heart of Greater Cincinnati's fastest growing area, West Chester is a community "where families grow and businesses prosper."

West Chester Township, organized in 1823, is located in Butler County in southwestern Ohio. The Township is situated just north of I-275, approximately 18 miles north of downtown Cincinnati, Ohio and 30 miles south of downtown Dayton, Ohio. The Township has, and continues to benefit from the convergence of the Cincinnati and Dayton metro areas along the I-75 corridor. West Chester has been identified as the economic center of this emerging commerce corridor, known as the Cincinnati-Dayton Metroplex.

Geographically, the Township consists of 35 square miles of residential neighborhoods, commercial and industrial developments. West Chester Township is located within minutes of the tri-state's three major interstates (I-75, I-71, I-275) and is positioned within 600 miles of approximately 54% of the United States' population and buying power.

TOWNSHIP ORGANIZATION AND REPORTING ENTITY

The Township has operated as a limited home rule form of government since 1999 and is directed by a publicly elected three-member Board of Trustees. The Trustees are elected for overlapping terms of four years. The Board has an elected Township Fiscal Officer and appoints the Township Administrator.

The reporting entity is comprised of the primary government and other organizations that are included to ensure that the financial statements of the Township are not misleading.

The primary government of the Township consists of all funds, departments, boards and agencies that are not legally separate from the Township. For West Chester Township, this includes providing police protection, fire and emergency medical services, road maintenance and repairs, parks and recreation, planning and zoning, economic development, cemeteries, information technology and community television. The Board of Trustees and the Township Administrator have direct responsibility for these activities.

Component units are organizations for which the Township is financially accountable. The Township is financially accountable for an organization if the Township appoints a voting majority of the organization's governing board and (1) the Township is able to significantly influence the programs or services performed or provided by the organization; or (2) the Township is legally entitled to or can otherwise access the organization's resources; the Township is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the Township is obligated for the debt of the organization. Component units may also include organizations for which the Township approves their budget, the issuance of their debt or the levying of their taxes.

The West Chester Development Council (WCDC) is a legally separated, non-profit organization. The Board is comprised of three Township Trustees and the Trustees appoint one of the remaining four seats. The WCDC was established to serve as an agent for economic development for the Township. Because the Township appoints a voting majority of the WCDC Board and is able to impose its will on the WCDC, the WCDC is considered a blended component unit of the Township. This activity is presented as a special revenue fund of the Township.

ITEMS OF LOCAL INTEREST

Parks and Recreation

The Township features six parks covering approximately 344 acres and provides year-round recreational and educational programs for its citizens.

Keehner Park

Keehner Park is 123 acres and features an 1833 log cabin, picnic shelters, hiking trails, a creek, playground areas, baseball diamonds, soccer fields and tennis and basketball courts. The Amphitheater at Keehner Park is home to the West Chester Concert Series, Family Movie Nights and The Great Pumpkin Fest. Shelters in the park are available for family picnics and gatherings.

Voice of America Park

In 1999, the Township acquired 330 acres of the former Voice of America Bethany Station, as part of the federal government's disposal of the 600-acre site. The facility was decommissioned and given to the Township for recreational and historic monument purposes. In 2008, West Chester Township transferred ownership of approximately 300 acres of the Voice of America Park to MetroParks of Butler County. MetroParks of Butler County provides recreational amenities for all of Butler County and is working to more fully develop this property. West Chester Township retains ownership of the former Voice of America Bethany Station building and approximately 30 acres surrounding the building.

Thousands of children and adults use the park all year long for soccer, baseball, cricket and cross country, as well as kite-flying and radio-control soaring. In addition, the VOA Park is host to Dog Fest, Airwaves Kite Fest and the Optimist Run for Youth. The Wiggly Field dog park and the Daisaku Ikeda Tree Grove were features donated to the community and are enjoyed by many as part of VOA Park.

The 1944 art deco building that once housed the powerful Voice of America transmitters is being preserved as a tribute to the role Voice of America broadcasts played in the downfall of communism and the innovative individuals who made communication technology history right here in West Chester. The restoration of The Voice of America building is a joint effort of West Chester Township and The National Voice of America Museum of Broadcasting Executive Board.

Beckett Park

In February 2000, the Trustees acquired 151 acres of park land on Beckett Road, to the north of Union Centre Boulevard, in West Chester Township. The West Chester Baseball Complex at Beckett Park was dedicated in 2005. The Complex is maintained through an ongoing partnership between West Chester Township and local baseball organizations representing our community's youth. Four high-quality baseball fields, restrooms, press box and concession facilities are operated in the spring and summer months to facilitate sporting events that include the CABA World Series held at the Baseball Complex each year. The Muhlhauser Barn was dedicated in 2008 as part of phase II of park construction. The rustic barn is now available for rent for private and corporate events and can be used for small township gatherings. The Barn is complemented by walking paths, a historic gazebo, and lakes that add to the appeal of the charm of this development.

Upper Mill Creek Conservation Corridor

A greenbelt of wetland and floodplain properties following the course of the Mill Creek and the former Miami Erie Canal has been acquired through successful applications to the State of Ohio voter-approved Clean Ohio Fund. The Corridor features remnants of the community's earliest canal days including the foundation of an icehouse, canal aqueduct and more. A 1.55-mile paved multi-purpose trail project was completed in 2004 from State Route 747 at Port Union Road to the Township line. MetroParks of Butler County has added to this path to the west into a neighboring community. In 2007 West Chester Township acquired a 22-acre site in the corridor and working with partners and grant funding developed a wetland park that could serve as a demonstration project in how floodplains function. The Corridor is home to several endangered species of flora and fauna and presents positive opportunities for improving flood conditions in that area.

Station Road Schoolhouse

A quaint 1910 two-room schoolhouse including a 3-acre schoolyard was purchased by West Chester Township in 1999. The schoolhouse is being restored to provide a setting for small community gatherings

and programs. Restoration efforts moved forward with the restoration of its yellow pine floors, the addition of a handicap ramp and restoration of the building's moldings and windows.

The Square @ Union Centre

The Square @ Union Centre, approximately 2.5 acres, is an urban park in the heart of the Union Centre Business District. The park features the community's newest landmark – a clock tower – as well as green space, patios, a pond and plenty of benches and tables. The Square is a venue for great community events like an after-work summer concert series, a farmers' market and more. The Square is situated adjacent to Lakota West High School and the West Chester Library – due to open at the end of 2009.

Education, Culture and Nearby Attractions

While West Chester Township continues to see significant commercial development, the community retains those qualities that have made it a wonderful place to live and raise a family. Now, more than ever, citizens of West Chester are finding everything in close proximity or just a short drive away.

Several universities have created an education cluster in the West Chester area by opening regional campuses along I-75 in the past few years. The University of Phoenix opened its Cincinnati campus in the Centre Pointe Office Park at Union Centre. Indiana Wesleyan University built a 30,000 square-foot facility at Union Centre. Miami University recently completed a regional learning center in the Voice of America district. Hondros specializes in nursing education and opened a new facility in West Chester in 2007. Xavier University began offering classes in West Chester in 2008. Also, just outside West Chester's southern limits, Mt. Vernon Nazarene College opened its Cincinnati campus.

West Chester residents are served by the Lakota School District, ranked as one of the best and biggest school districts in the state. The Lakota School District continues to grow, but has been able to retain its standards of excellence due in part to strong local support for education.

Miami University is located in Oxford and offers some of the finest recreational activities in the County. The University's athletic teams, including football, basketball, baseball and hockey, compete at the NCAA Division I level as part of the Mid-American Conference. The University also offers an art museum, two indoor ice rinks, a theater and a campus that poet Robert Frost called "the prettiest college that ever was". Miami University also operates branch campuses in Middletown, Hamilton and in the near future West Chester.

Hueston Woods State Park is located within the County. Hueston Woods features Acton Lake and 3,500 wooded acres. In addition to the numerous opportunities for water-related activities, the park also includes one of the largest strands of beech-maple virgin forests east of the Mississippi, a 94-room lodge, a raptor center and a championship 18-hole golf course.

Golfers have their choice of a number of fine golf courses. Within the County there are six public, three private and one semi-public golf courses ranging in size from nine holes to 36 holes, including a championship level course.

Many additional activities are available to residents of West Chester Township in the nearby Cincinnati and Dayton metropolitan regions. Cincinnati offers ballet, symphony, theater, opera, Major League Baseball, National League Football, the Cincinnati Zoo and Botanical Gardens, and the Museum of Natural History.

The City of Dayton offers the Dayton Art Institute, the Air Force Museum, the Dayton Ballet, the Dayton Philharmonic Orchestra, opera, Dayton Contemporary Dance Company, the University of Dayton, Wright State University, Sinclair Community College and Central State University.

Transportation

West Chester lies equidistant from the Greater Cincinnati and Dayton international airports. Additionally, the Butler County Regional, Blue Ash and Middletown Hook airports are all within a short commute.

West Chester has the highest level of interstate access of any community in the region other than its urban center, the City of Cincinnati. Interstate 75 passes directly through the Township with three full interchanges within its limits, which are the first three interchanges north of the regional beltway I-275.

The interchanges – Union Centre Boulevard, Cincinnati-Dayton Road and Tylersville Road -- are full access, five-lane designs. In addition, over the last few and planned for the next several years, West Chester has invested and will invest approximately \$45 million in roadway improvements, infrastructure upgrades, and recreational enhancements

The I-275 regional beltway has three interchanges at the Township's southern and western edges and I-71 provides access to the township's eastern edge.

CSX and Norfolk & Western provide a number of sites and facilities with direct rail access.

ECONOMIC CONDITIONS AND OUTLOOK

Among other Ohio townships, West Chester has one of the highest growth rates and is the third largest township, accounting for nearly 20% of the total population of Butler County. A long-favored residential community, in the past decade West Chester has become a regional powerhouse for business development.

West Chester has consistently been a job growth leader in Butler County, Ohio. In 2007, Butler County outpaced all other counties in the 15-county metro area in job growth with 6,133 new and retained jobs; West Chester accounted for 5,322 or 87% of that total. Total dollars invested in new projects in Butler County for 2007 amounted to \$856 million; West Chester accounted for \$729 million or 85% of that total. The Township ranks among the Tri-state's top tier office and industrial locations for its unmatched access to major interstate corridors, numerous commerce parks, and large inventory of land and buildings and dense labor pool – all in an attractive suburban setting. Community leaders have planned for and achieved development of an expansive corporate base to complement and balance residential growth.

West Chester continues to build upon its success in the development of dining, shopping and entertainment venues. Over the past 10 years, more than 200 acres of new dining, shopping and entertainment venues have been development in the community in three distinct districts. Each of the three I-75 interchanges in West Chester continue to see new development.

Key components in the economic success of the community have been government's positive approach in working with developers and its direct access to three highway interchanges along the I-75 corridor. Tylersville Road, Cincinnati-Dayton Road and Union Centre Boulevard each have a distinctive character and each contributes to the overall economic success of the community. Uptown, Midtown and Downtown respectively together create a successful West Chester community.

Uptown

West Chester's Uptown (Tylersrville Road exit from I-75), always a successful retail area, has experienced a revitalization in recent years with development of medical facilities, office complexes and expanded retail and restaurant options.

In 2001, construction began on a regional medical campus in the Uptown District with a first phase investment of \$100 million. UC Physicians, a group of more than 600 doctors and clinical faculty affiliated with the University of Cincinnati, expanded its medical services to northern Cincinnati and southern Dayton by establishing a 75-acre campus, University Pointe, off I-75 and Tylersville Road. The medical campus was developed to serve the Cincinnati-Dayton Metroplex markets with a regional hospital, short-stay surgical hospital and cardiology center, and mid-rise medical offices and condos housing a full-spectrum of specialty practices. The campus was the first of its kind in the nation for its joint venture between a private physicians group and developer for a project of such magnitude. In 2005, the Health Alliance began construction on a \$200 million, 160-bed hospital at University Pointe. Health Alliance, a conglomeration of Tri-State hospitals and physicians, is currently constructing the 370,000 square-foot hospital on 29 acres at University Pointe. The hospital will offer surgical, outpatient and imaging services, and operate a full-service emergency department staffed 24 hours a day. Employee count is estimated at 700. Construction is slated for completion in late 2008.

These investments in health care services in West Chester have led to other significant projects. In 2007, construction began on the West Chester Medical Office Building, a 108,850 square-foot 4-story medical office building that will incorporate many of the design features of the West Chester Medical Center and include a walkway connecting the two buildings. West Chester Medical Building will be available for occupancy Fall 2008.

The expansive medical developments in West Chester's Uptown district have contributed significantly to the nearly 300,000 square feet of mid-size professional and medical office constructed or under construction in 2007 in West Chester and have helped define the community's Uptown.

In addition to these significant medical developments, Uptown has continued to build a strong base of retail, dining and entertainment options. In 2007, EnterTRAINment Junction, a \$10 million indoor model train center featuring a 25,000 square-foot model train museum, continued construction on its 80,000 square-foot facility. The center is slated to open summer 2008.

Midtown

West Chester's Midtown (Cincinnati-Dayton Road exit from I-75), includes one of the community's oldest business communities known as Old West Chester and yet has achieved renewed success with development of retail and office space and revitalization of existing businesses.

Construction of a new medical office in Old West Chester began in 2007 demonstrating a new commitment to the future success of this area.

Immediately off I-75, a new Walmart super center anchors a new development which features a large fitness facility and several smaller retail/service businesses. Midtown continues to attract interest from developers attracted by its visibility.

Downtown

The community's newest highway interchange has resulted in West Chester's most progressive and visible display of economic success. West Chester's Downtown District (Union Centre Boulevard exit from I-75) was envisioned before the interchange was built 10 years ago. Now, Downtown offers something for everyone.

In 2006, popular international home furnishings giant IKEA announced plans to open a store in West Chester at Union Centre. The 339,000 square-foot store was built on 56 acres in the Union Centre District. IKEA West Chester features three model homes, 50 display rooms, supervised children's play area, and a 300 seat restaurant serving Swedish specialties. IKEA attracts thousands of visitors to the community each year boosting tourism and fueling the economy.

More than 80 new restaurants opened in West Chester since 2000 and more continue to open, many of them in West Chester's Downtown. There are more than 10 hotels in the Township, many offering executive-oriented services, with more than 16,000 square feet of conference space.. More than 820 hotel rooms at the Union Centre interchange alone cater to corporate and social events as well as tourism activities. West Chester leads the county with the highest number of hotel rooms totaling at 1,100.

These amenities were complemented by the construction of the Savannah Center at Chappell Crossing. The region's newest conference and banquet center, can accommodate up to 1,200 people and includes a glass solarium, gazebo overlooking a 4-acre lake, stately boardrooms, grand ballrooms, butler service and an on-site chef. The \$10 million Savannah Center opened in December 2007.

Office development continued in 2007 with the completion of a sixth mid-rise office building in the Downtown district. Fortune 500 company AK Steel located its corporate headquarters in one of these buildings and the others continue to attract prominent companies.

Downtown West Chester also attracts some the leading manufacturing companies in the state. West Chester's top five manufacturing employers combined have nearly 2,900 employees. These are: Pierre Frozen Foods, BAE Systems (formerly Armor Holdings), Amylin Pharmaceuticals, FKI Logistex (formerly the Buschman Company), and CTL Aerospace, Inc.

In 2007, BAE Systems (formerly Armor Holdings, Inc.), a leading manufacturer and provider of specialized security products, expanded its existing West Chester and Fairfield vehicle armoring operations and divisional headquarters into one 470,000 square-foot mega manufacturing and office facility in West Chester Township. A 345,000 square-foot ancillary facility was also leased in 2007 in West Chester for manufacturing, logistic and packaging operations. BAE Systems employs over 700 and plans to create 300 new permanent jobs as a result of this \$75.6 million project.

In addition,, Amylin Pharmaceuticals, a biopharmaceutical company engaged in the discovery, development and manufacturing of diabetes drugs, began construction in 2007 on Phase II, a 240,000 square-foot manufacturing facility adjacent to its existing 220,000 square-foot facility. Phase II is a \$241 million project representing 500 new jobs. Amylin Pharmaceuticals Phases I and II are one of two "once in a lifetime" projects West Chester secured in 2005 for its manufacturing and distribution sector. A California-based company, Amylin invested \$70 million to establish a new biomedical manufacturing

plant in an existing facility for completion of Phase I, which converted a 151,200 square-foot facility into Amylin's manufacturing and packaging operations for national and international distribution. Phase I accounted for 52 new jobs.

FKI Logistex, a global provider of automated material handling systems and equipment, celebrated the grand opening of its new \$5 million, 31,000 square-foot Technology and Education Center in 2007. The state-of-the-art, technology-rich material handling environment is located at 10045 International Boulevard in World Park off Muhlhauser Road. The company supplies its customers with an integrated set of leading-edge technologies in high-speed sorting, conveyor systems, robotic, EFID implementation and more. FKI Logistex has 400 employees at its West Chester facility and will add 12 new positions.

PUBLIC PROJECTS

Quality of life amenities and core services will always be a significant component of capital outlay for West Chester Township. In 2006, the West Chester Board of Trustees approved reconfiguration of the Administration campus at Cincinnati-Dayton and West Chester roads. The project includes reconstruction of fire headquarters, fire station 1 and emergency communications center to meet new standards for essential buildings and improve further the delivery of service to residents and businesses. Construction of the campus began in 2007 and fully operational in 2009.

West Chester has embarked on several initiatives in keeping with the vision for the community. In 2007 West Chester reconstructed a piece of local history. The Muhlhauser Barn, an 1881 timber-frame barn which was once part of a prominent brewery family farm, was reconstructed at Beckett Park. The Barn was completed and opened to the public in April 2008 serving as a rental facility and location for community gatherings.

The Square @ Union Centre was built by West Chester as a community gathering space. Located in the heart of the Union Centre Business District – West Chester's Downtown. The Square is programmed with events designed to attract and entertain the emerging young professional demographic, as well as families throughout the community.

In 2007, planning for a new library in the Union Centre area also began. Working with the Middletown Library System, West Chester hired architectural firm glaserworks Inc. to work with a citizens advisory panel to develop a design for a library more than three times the size of the current library on Cox Road. The new library, to be constructed adjacent to The Square @ Union Centre, will begin construction in Summer 2008 with completion in late 2009.

FINANCIAL INFORMATION

Internal Control Structure and Budgetary Controls

Development of the Township's accounting system included consideration of internal accounting controls. Internal accounting controls are designed to provide reasonable but not absolute assurance regarding (1) the safeguarding of assets against loss from unauthorized use or disposition and (2) the reliability of financial records for preparing financial statements. The concept of reasonable assurance states that internal control should be evaluated to insure that the expense associated with providing internal controls does not exceed the benefit expected to be derived from their implementation. This evaluation involves estimates and judgment by the Township administration and members of the finance office. The administrative and financial management personnel believe that the Township's financial controls adequately safeguard existing assets and provide reasonable assurance of the proper recording of financial transactions.

Budgetary control is maintained by the encumbrance of purchase amounts prior to the release of purchase orders to vendors. Purchase orders are not issued when insufficient appropriations preclude the encumbrance of the amount of the purchase. Each department head is furnished a monthly report showing the month's transactions and summarizing the balances available to be spent from the appropriations for goods and services.

Financial Condition

Starting with fiscal year 2001, the Township presented financial statements in accordance with Generally Accepted Accounting Principles. The Township is committed to and will continue to provide and prepare financial statements following GASB Statement 34, "Basic Financial Statements-and Management's Discussion and Analysis-for State and Local Governments." GASB 34 creates new basic financial statements for reports as follows:

Government-wide financial statements - These statements are prepared on an accrual basis of accounting that is similar to the basis of accounting followed by many businesses. The government-wide statements distinguish between those activities of the Township that are governmental and those that are considered business-type activities.

Fund financial statements - These statements are prepared to present information for individual major funds rather than by fund type. Non-major funds are presented in total in one column. Governmental funds use the modified accrual basis of accounting and include reconciliation to the governmental activities accrual information presented in the government-wide financial statements. Proprietary and fiduciary funds use the accrual basis of accounting.

Statements of budgetary comparisons - These statements present comparisons of actual information to the legally adopted budget. The budgetary basis as provided by law is based upon accounting for certain transaction on a basis of cash receipts, disbursements and encumbrances.

As part of this new reporting model, management is responsible for preparing a Management Discussion and Analysis of the Township. This discussion follows this letter of transmittal, providing an assessment of the Township's current audit year finances.

OTHER INFORMATION

Independent Audit

An audit team from Clark, Schaefer, Hackett &Co. has performed this year's audit. The results of the audit are presented in the Report of Independent Accountants.

Awards

For December 2007, West Chester Township submitted its Comprehensive Annual Financial Report (CAFR) to The Government Finance Officers Association of the United States and Canada (GFOA) for consideration in the Certificate of Achievement for Excellence in Financial Reporting program. West Chester Township was a recipient of this award for the 2007 CAFR and anticipates receiving the commendation again for 2008.

In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report, whose contents conform to program

standards. Such reports must satisfy both generally accepted accounting principles and applicable legal requirements.

We believe our current report conforms to the Certificate of Achievement Program requirements.

Acknowledgments

Our appreciation is extended to the West Chester Township Board of Trustees, the West Chester Township Fiscal Officer, all Department Directors and employees for contributing to the sound financial position of West Chester Township. This report demonstrates a level of professionalism and accountability that West Chester Township strives to maintain.

We would like to especially recognize the finance department staff for their efforts and dedication in preparing this report. A special thanks is due to Jayne Daunt, Julie Flake and Michele Hunkler.

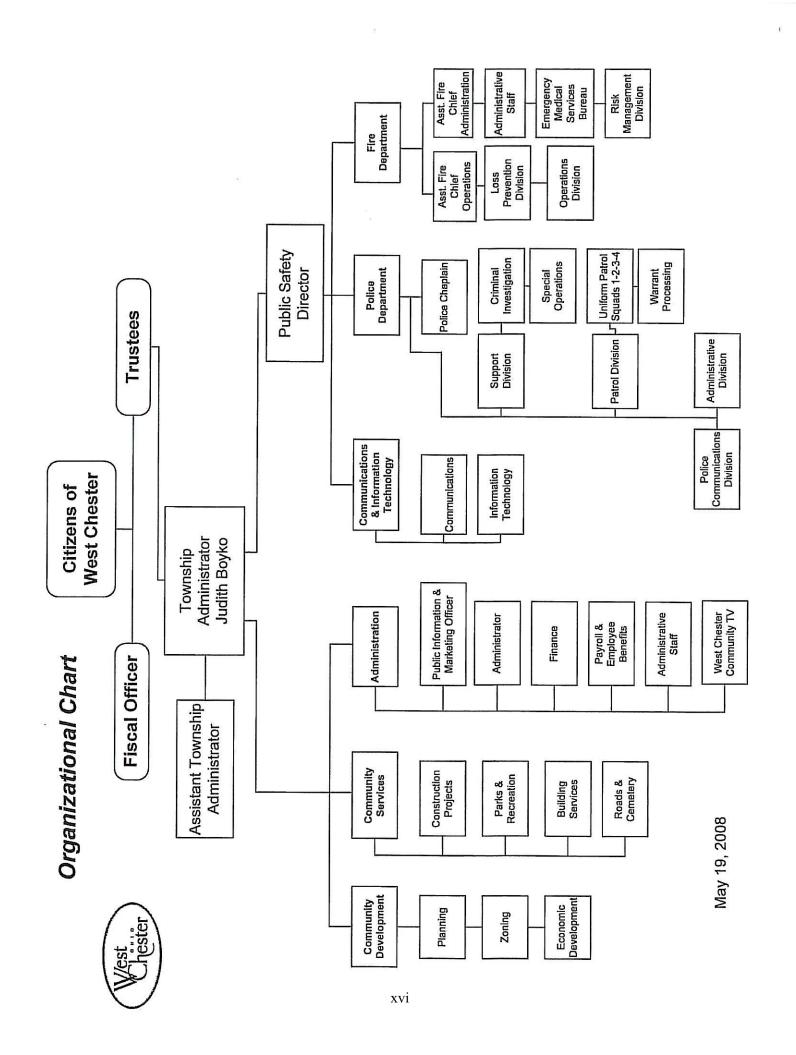

Sincerely,

Judith C. Boyko

FINANCIAL SECTION

INDEPENDENT AUDITORS' REPORT

To The Board of Trustees West Chester Township, Ohio:

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of West Chester Township, Ohio (the Township) as of and for the year ended December 31, 2008, which collectively comprise the Township's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Township's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of West Chester Township, Ohio as of December 31, 2008, and the respective changes in financial position thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated June 22, 2009, on our consideration of the Township's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The Management's Discussion and Analysis and budgetary comparisons on pages 3 through 10 and pages 45 through 49 are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

105 east fourth street, ste. 1500 cincinnati, oh 45202

www.cshco.com p. 513.241.3111 f. 513.241.1212 Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise West Chester Township, Ohio's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements and schedules, and statistical tables are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual nonmajor fund financial statements and schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory section and statistical tables have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

Clark, Schafer, Harhett & Co.

Cincinnati, Ohio June 22, 2009

MANAGEMENT'S DISCUSSION AND ANALYSIS

The West Chester Township's discussion and analysis of the annual financial reports provides a review of the financial performance for the fiscal year ending December 31, 2008.

FINANCIAL HIGHLIGHTS

- The Township's total net assets increased \$11,826,105.
- Capital assets increased by \$17,310,122.
- General revenues accounted for \$47,462,813 in revenue or 93 percent of all revenues. Program specific revenues in charges for services and grants and contributions accounted for \$3,255,809 or 7 percent of total revenues.
- At the end of the current fiscal year, the Township's governmental funds reported a combined ending fund balance of \$64,126,658. Of this amount \$50,971,486 is available for spending (unreserved fund balance) on behalf of its citizens.
- At the end of the current fiscal year, unreserved fund balance for the general fund was \$11,815,965 or 224 percent of total general fund expenditures and other financing uses.

USING THIS ANNUAL FINANCIAL REPORT

This annual report consists of a series of financial statements. These statements are presented so that the reader can understand West Chester Township's (the "Township") financial situation as a whole and also give a detailed view of the Township's fiscal condition.

The statement of Net Assets and Statement of Activities provide information about the activities of the Township as a whole and present a longer-term view of the Township's finances. Major fund financial statements provide the next level of detail. These statements tell how services were financed in the short-term as well as the amount of funds available for future spending. The fund financial statements also look at the Township's most significant funds with all other nonmajor funds presented in total in one column.

REPORTING THE TOWNSHIP AS A WHOLE

Government-Wide Financial Statements-Statement of Net Assets and the Statement of Activities

The analysis of the Township as a whole begins on page 12 with the Statement of Net Assets and the Statement of Activities.

While this document contains information about the funds used by the Township to provide services to our citizens, the view of the Township as a whole looks at all financial transactions and asks the question, "How did we do financially during 2008?" The Statement of Net Assets and the Statement of Activities answers this question. These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting used by private sector companies. This basis of accounting takes into account all of the current year's revenues and expenses regardless of when the cash is received or paid.

These two statements report the Township's net assets and the change in those assets. This change in net assets is important because it tells the reader whether, for the Township as a whole, the financial position of the Township has improved or diminished. However, in evaluating the overall position of the Township, nonfinancial information such as changes in the Township's tax base, the condition of Township capital assets and the reputation of the public schools will also need to be evaluated.

In the Statement of Net Assets and the Statement of Activities, the Township presents only governmental activities where all of the Township's services are reported including general government, police, fire and emergency medical services, public works, cemetery, parks and recreation, planning and zoning, economic development, and community television.

REPORTING THE TOWNSHIP'S MOST SIGNIFICANT FUNDS

Fund Financial Statements

The analysis of the Township's major funds begins on page 14. Fund financial statements provide detailed information about the Township's major funds – not the Township as a whole. Some funds are required by State law and other funds may be established by the Fiscal Officer, with approval of the Board of Trustees, to help control, manage and report money received for a particular purpose or to show that the Township is meeting legal responsibilities for use of grants. The Township's major funds include the General Fund, Police, Fire and Emergency Medical Services, UCB TIF Debt Service, Public Safety Campus and Library Land and Construction funds.

Governmental Funds: Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on current sources and uses of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The Township maintains a multitude of individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental statement of revenues, expenditures and changes in fund balances for the major funds, which were identified earlier. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the Statement of Net Assets, Statement of Activities, and fund financial statements.

THE TOWNSHIP AS A WHOLE

As stated previously, the Statement of Net Assets looks at the Township as a whole. Table 1 provides a summary of the Township's net assets for 2008 compared to 2007.

TABLE 1 - NET ASSETS (in Millions)

	Government	tal Activities
	2008	2007
Assets		
Current and Other Assets	\$121.5	\$115.3
Capital Assets, Net	102.3	85.0
Total Assets	223.8	200.3
Liabilities		
Current and Other Liabilities	34.0	35.4
Long-Term Liabilities		
Due within One Year	4.1	3.1
Due in More Than One Year	68.6	56.5
Total Liabilities	106.7	95.0
Net Assets		
Invested in Capital Assets,		
Net of Debt	39.4	36.9
Restricted for:		
Debt Service	17.5	10.5
Capital Improvements	12.4	7.5
Other Purposes	26.3	40.9
Unrestricted	21.5	9.5
Total Net Assets	\$117.1	\$105.3

Total net assets increased \$11.8 million and the Township had a net capital asset increase of \$17.3 million for 2008. The Township's net assets increased due to revenue streams, specifically charges for services,

property tax revenues and payments in lieu of taxes revenue, continuing to exceed the expenses of the township.

Governmental Activities

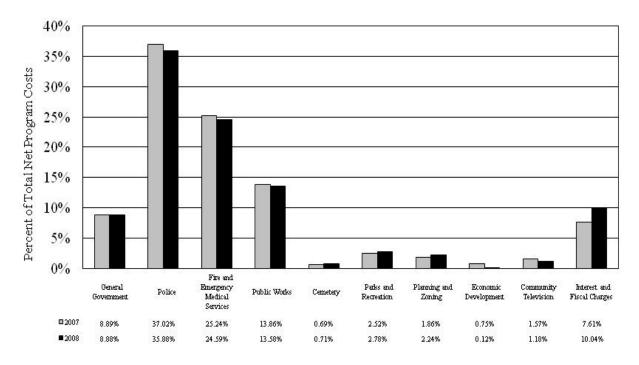

The primary focus of governmental activities is on public safety, which represents the police, fire and emergency medical services departments of the Township. For 2008, total expenses were \$23,518,007 representing 60.5% of governmental activity yielding a reliance on general revenues to fund the program of \$21,955,590 after direct support to their programs.

The changes in net assets for 2007 and 2008 are outlined below,

TABLE 2 – CHANGE IN NET ASSETS (in Millions)

(III MIIIIOIIS)		
	Governmental Activitie	
	2008	2007
Revenues		
Program Revenues:		
Charges for Services	\$2.6	\$2.8
Operating Grants and Contributions	.5	.4
Capital Grants and Contributions	.1

General Revenues		
Property and Other Taxes	35.9	37.9
Grants and Entitlements	8.1	6.4
Unrestricted Investment Earnings	3.0	3.0
Miscellaneous	.5	3
Total General Revenues	47.5	47.6
Total Revenues	50.7	50.8
Program Expenses:		• 0
General Government	3.5	3.0
Public Safety		
Police	13.9	12.5
Fire and Emergency Medical Services	9.6	8.5
Public Works	5.3	4.7
Cemetery	.3	.2
Parks and Recreation	1.1	.9
Planning and Zoning	.8	.6
Economic Development	.1	.3
Community Television	.4	.5
Interest and Fiscal Charges	3.9	2.6
Total Expenses	38.9	33.8
Increase in Net Assets	11.8	17.0
Net Assets Beginning of Year	105.3	88.3
Net Assets End of Year	117.1	\$105.3

Net program cost for 2008 and 2007 by percentage of total net program expenses, as presented on the statement of activities, were as follows:

As indicated by governmental program expenses, citizen safety and well-being is emphasized. Public Works (infrastructure improvements and maintenance of roads within the Township) are considered an integral part of the quality of life factor.

When looking at the sources of income to support operations, it should be noted that charges for services are only 5% of revenue, while 71% of revenue is derived from property and other taxes. The Township relies on these taxes to furnish the quality of life to business and citizens that the current Township Trustees and previous Boards of Trustees have considered a priority.

THE TOWNSHIP'S FUNDS

The Township's major funds for 2008 include the General, Police, Fire & EMS, UCB TIF Debt Service, Public Safety Campus and Library Land and Construction Funds.

The General fund experienced an increase in fund balance of \$3.2 million most significantly because of a long-term township strategy to strengthen the fund balance with the desire to initiate a program for sustainable infrastructure which includes sizable transfers to the Road and Bridge fund over the next 5 years.

Indicative of a tax levy and its cycle in funding services, the Police levy fund experienced a slight decrease in its fund balance carryover in 2008, approximately \$258,000. As a levy matures, revenue collections remain mostly constant while needs and demands for services continually increase.

Police levies were last passed in 2001: a replacement 4.5 mills levy in May 2001 and an additional 2.5 mills in November 2001. Since passage and indicative of levy cycles, the effective rates have continued to erode while inflation and growth have mandated demands on and increased costs for services. However due to sound fiscal planning, conservative budgeting, and constrained spending, West Chester Township has extended the levy beyond the traditional five (5) year life cycle. Consistent with levy cycles, over the next few years, West Chester will seek approval from the electorate to continue to fund law enforcement services and provide exceptional police protection in the manner the citizenry has come to expect.

Contrarily, the Fire and Emergency Medical Services (EMS) fund experienced a significant increase in its fund balance carryover in 2008, approximately \$3.8 million consistent with a recently approved fire levy in 2006. A Fire levy was last passed in May 2006, combining an existing 4.5 mills with a 1.5 mills increase for a new 6.0 continuing levy. West Chester Township seeks to supplement tax levy revenues and decrease the sole reliance of funding services on the tax payer through other revenue sources, namely EMS billing. EMS billing is a "user" fee for ambulatory services, charged to a patient's insurance provider; however, revenues collected from EMS billing are minimal and will never fully fund fire protection and EMS services. Consistent with historical activity, it will be several years before a replacement fire levy is sought.

Commitments to quality of life amenities and investment in essential infrastructure have been development directives of the West Chester Board of Trustees. In 2008, West Chester invested in over \$19 million in infrastructure and project improvements, creating larger fund balances in debt service funds and applicable project funds. In order to ensure sufficient debt coverage, West Chester Township covers debt service by retaining 2 years worth of amortized obligations. The increase in project investment coupled with the Township's aggressive schedule to cover debt, the UCB TIF debt service fund carryover balance increased by \$1.1 million; while project construction funds for the public safety campus and the library were affected. This is demonstrated by their respective fund balance carryovers decreasing by \$8.2 million and increasing \$10.9 million respectively.

Budgetary Activity and Actual Results

The schedules comparing the Township's original and final budgets and actual results are included in the Required Supplementary Information for the General, Police and Fire and Emergency Medical Services funds. Other governmental funds with adopted budgets are presented with the combining statements and individual fund schedules.

During 2008, there were minor revisions to the General fund budget. West Chester's budget practice is to estimate revenues conservatively and expenses at capacity. Actual revenues were 34.8 percent over the final budget and actual expenditures plus encumbrances were 175.2 percent under final budget amounts. These variances are consistent with the budget strategy.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

TABLE 3 – NET CAPITAL ASSETS (In Millions)

	2008	2007
Land	\$19.3	\$19.3
Land Improvements	4.2	4.3
Buildings and Improvements	17.1	17.1
Infrastructure	40.9	33.6
Machinery and Equipment	3.8	4.1
Construction in Progress	17.0	6.6
Totals	\$102.3	\$85.0

Capital assets increased \$17,310,122 during 2008. The increase in construction in progress is related to several projects. The Township continued to add infrastructure related to various projects, including the State Route 747 area, Union Centre Boulevard, Central Business District and other areas during 2008. Some additional police, fire and general equipment was also purchased and capitalized during 2008. Additional information regarding capital assets can be found in Note 6 to the Basic Financial Statements.

Debt

At December 31, 2008, West Chester Township had \$69.135 million in unvoted general obligation bonds. The Township issued \$19.085 million in general obligation bonds during 2008 for various capital infrastructure and projects. The Township also issued \$3.62 million in short-term notes to be used for specific infrastructure and other projects. The Township paid \$3.39 million in principal on general obligation bonds during 2008 and \$3.23 million on the TIF revenue bonds.

The Township's overall legal debt margin was \$147,887,577 at December 31, 2008. Long-term debt and short-term debt obligations are discussed in Note 8 and 9 of the Notes to the Basic Financial Statements.

FINANCIAL POSITION

In the past two decades, West Chester Township has experienced a tremendous amount of population and business growth. Although this growth has benefited the Township's financial position, the Township continues to seek ways to improve the quality and quantity of the services we provide to the citizens of West Chester. Considering the stable condition of the General Fund, the 2006 Fire and Emergency Medical Service tax levy and the continued growth of revenue from the various Tax Incremental Financing Districts, the Township's overall financial position has improved during 2008.

CONTACTING THE TOWNSHIP'S FINANCE DEPARTMENT

This financial report is designed to provide our citizens, taxpayer, creditors and investors with a general overview of the Township's finances and to show the Township's accountability for the money it receives. If you have any questions about this report or need additional financial information write to Kenneth Keim, CPA, CMA, Director of Finance, West Chester Township, 9113 Cincinnati-Dayton Road, West Chester, Ohio 45069.

West Chester Township Butler County, Ohio

Reconciliation of Total Governmental Fund Balances to Net Assets of Governmental Activities

December 31, 2008

Total	Governmental	Fund Ra	lances
I OIAL	Стоуениненіаі	FIIIIO DE	Hances

\$ 64,126,658

Amounts reported for governmental activities in the statement of net assets are different because:

Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds. These assets consist of:

Land	19,323,972
Construction in progress	16,968,430
Infrastructure	71,121,487
Other capital assets	41,217,361
Accumulated depreciation	(46,306,601)

Total capital assets 102,324,649

Some of the Township's revenues will be collected after year end, but are not available soon enough to pay for the current period's expenditures and therefore are reported as deferred revenue in the funds:

Property Taxes	4,252,006
Payment in Lieu of Taxes	14,019,702
Special Assessments	1,059,031
Due From Other Governments	2,315,673
Accounts Receivable	529,860
Interest Revenue	2,803

22,179,075

Long-term liabilities are not due and payable in the current period and therefore are not reported in the funds. Those liabilities consist of:

Accrued interest on bonds	(267,309)
Premium on bonds	(1,121,349)
Unamortized issuance costs	1,285,578
Bonds	(69,135,000)
Compensated absences	(2,309,154)

Total liabilities (71,547,234)

Net Assets of Governmental Activities

\$ 117,083,148

West Chester Township Butler County, Ohio

Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of Governmental Funds to the Statement of Activities

For the Year Ended December 31, 2008

Net Change in Fund Balances - Total Governmental Funds		\$ 4,708,325
Amounts reported for governmental activities in the statement of activities are different because:		
Capital outlays are reported as expenditures in governmental funds. However, in the statement of activities, the cost of those assets is allocate over their estimated useful lives as depreciation expense. In the current period, these amounts are: Capital Asset Additions Capital Asset Deletions	21,443,155 (28,329)	
Current Year Depreciation	(4,104,704)	17,310,122
Because some revenues will not be collected for several months after the Township's year-end, they are not considered "available" revenues and are reported as deferred revenue in the governmental funds. Property Taxes Payment in Lieu of Taxes Due From Other Governments Special Assessments Accounts Receivable Interest Revenue	1,086,684 1,284,663 591,881 (122,865) 244,468 (376,744)	2,708,087
Repayment of long-term debt is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of		
net assets. Bond Principal Retirement		6,620,000
In the statement of activities interest is accrued on outstanding bonds, whereas in governmental funds, interest is expensed when due.		(29,628)
Governmental Funds report premiums, discounts and bond issuance costs a expenditures, whereas these amounts are deferred and amortized in the statement of activities	as	
Amortization of Bond Issuance Costs		(155,336)
Bond and Note Issuance Costs		302,710
Bond Premiums on Issue Amortization of Bond Premiums		(329,109)
Bond Proceeds are reported as other financing sources in governmental fur contribute to the change in fund balances. However, in the government-vissuing debt increases long-term liabilities in the statement of net assets a not affect the statement of activities.	vide statements,	66,982
Bond Proceeds		(19,085,000)
Compensated Absences reported in the statement of activities do not require the use of current financial resources and		
therefore are not reported as expenditures in governmental funds.		(291,048)

See accompanying notes to the basic financial statements

Change in Net Assets of Governmental Activities

\$ 11,826,105

Note 1 - Description of the Township and Reporting Entity

West Chester Township (the "Township") is a body corporate and politic established in 1823 to exercise the rights and privileges conveyed to it by the constitution and laws of the State of Ohio. The Township is directed by a publicly elected three-member Board of Trustees, who are elected for overlapping terms of four years. They have an elected Township Fiscal Officer and a Township Administrator, who is appointed by the Board of Trustees. All department heads report to the Township Administrator.

Reporting Entity

A reporting entity is comprised of the primary government, component units and other organizations that are included to ensure that financial statements are not misleading. The primary government of the Township consists of all funds, departments, boards and agencies that are not legally separate from the Township. For the Township, this includes providing police protection, fire and emergency medical services, road maintenance and repairs, cemeteries, parks and recreation, planning and zoning, economic development, and community television. The Board of Trustees and the Township Administrator have direct responsibility for these activities.

Component units are legally separate organizations for which the Township is financially accountable. The Township is financially accountable for an organization if the Township appoints a voting majority of the organization's governing board; and (1) the Township is able to significantly influence the programs or services performed or provided by the organization; or (2) the Township is legally entitled to or can otherwise access the organization's resources; the Township is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the Township is obligated for the debt of the organizations. Component units may also include organizations for which the Township authorizes the issuance of debt or the levying of taxes, or determines the budget.

The West Chester Development Council (WCDC) is a legally separated, non-profit organization. The WCDC was established to serve as an agent for economic development for the Township. The Board is comprised of seven members. The members are separated into two voting classes. Class A consists of the three Township Trustees and Class B consists of four members of the public. One of the Class B trustees is elected by a majority of the Class A members (Township trustees) and the remaining three Class B trustees are elected by a majority of all the WCDC members.

The WCDC is classified as a blended component unit of the Township based on the Township appointing a voting majority of the WCDC Board, the two Boards being substantively the same and the ability of the Township to impose its will on the WCDC. The WCDC's only fund is presented on the fund financial statements as a non-major special revenue fund. The WCDC follows the modified accrual basis of accounting; however, there is no difference between the amounts presented on the government wide financial statements and the amounts reported under modified accrual.

Note 2 - Summary of Significant Accounting Policies

The financial statements of the Township have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to local governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial principles. The most significant of the Township's accounting policies are described below.

Note 2 - Summary of Significant Accounting Policies (continued)

A. Basis of Presentation

The Township's basic financial statements consist of government-wide statements, including a statement of net assets and a statement of activities, and fund financial statements, which provide a more detailed level of financial information.

Government-Wide Financial Statements The statement of net assets and the statement of activities display information about the Township as a whole. These statements include the financial activities of the primary government and its component unit. The effect of inter-fund activity has been removed from these statements; however, any effect from interfund services provided and used are not eliminated in the process of consolidation.

The statement of net assets presents the financial condition of the governmental activities of the Township at year-end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the Township's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program or grants and contributions that are restricted to meeting the operational requirements of a particular program. Revenues, which are not classified as program revenues, are presented as general revenues of the Township, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the Township.

Fund Financial Statements During the year, the Township segregates transactions related to certain Township functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the Township at this more detailed level. The focus of governmental financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column.

B. Fund Accounting

The Township uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The Township only has the governmental category of funds.

Governmental Funds Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The following are the Township's major governmental funds:

General Fund The general fund accounts for all financial resources except those required to be accounted for in another fund. The general fund balance is available to the Township for any purpose provided it is expended or transferred according to the general laws of Ohio.

Note 2 - Summary of Significant Accounting Policies (continued)

Police Fund The police special revenue fund accounts for tax revenues levied for the operation of the Township Police Department.

Fire and Emergency Medical Service (Fire and EMS) Fund The fire and emergency medical services special revenue fund accounts for tax revenues levied for the operation of the Township Fire Department.

Union Centre Boulevard Tax Incremental Financing Fund The Union Centre Boulevard Tax Incremental Financing Fund accounts for payments in lieu of taxes to pay for general obligation bonded debt.

Public Safety Campus Fund The Public Safety Campus Fund accounts for Debt proceeds and project costs related to the construction of the Public Safety Campus.

Library Land and Construction Fund The Library Land and Construction Fund accounts for debt proceeds and project costs related to the purchase of land as well as the construction of a library.

The other governmental funds of the Township account for grants and other resources whose use is restricted to a particular purpose.

C. Measurement Focus

Government-Wide Financial Statements The government-wide financial statements are prepared using the economic resources measurement focus. All assets and all liabilities associated with the operation of the Township are included on the Statement of Net Assets. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows.

Fund Financial Statements All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

D. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting.

Note 2 - Summary of Significant Accounting Policies (continued)

Revenues - Exchange and Non-exchange Transactions Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the Township, available means expected to be received within thirty-one days of year-end.

Nonexchange transactions, in which the Township receives value without directly giving equal value in return, include property taxes, payments in lieu of taxes, grants, entitlements and donations. Revenue from property taxes is recognized in the fiscal year for which the taxes are levied. (See Note 4.) Revenue from payments in lieu of taxes, grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the Township must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the Township on a reimbursement basis. On a modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at year-end: state-levied locally shared taxes (including gasoline tax), fines and forfeitures, interest, grants, and fees.

Deferred Revenue Deferred revenue arises when assets are recognized before revenue recognition criteria have been satisfied.

Delinquent property taxes and property taxes for which there is an enforceable legal claim as of December 31, 2008, but which were levied to finance year 2009 operations, have been recorded as deferred revenue. Grants and entitlements received before the eligibility requirements are met are also recorded as deferred revenue.

On governmental fund financial statements, receivables that will not be collected within the available period have also been reported as deferred revenue.

Expenses/Expenditures On the accrual basis of accounting, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

Note 2 - Summary of Significant Accounting Policies (continued)

E. Cash and Cash Equivalents

To improve cash management, cash received by the Township is pooled. Monies for all funds are maintained in this pool. Individual fund integrity is maintained through Township records. Each fund's interest in the pool is presented as "Equity in Pooled Cash, Cash Equivalents and Investments" on the statement of net assets and the governmental fund balance sheet.

Investments are reported at fair value, which is based on quoted market prices, with the exception of nonparticipating repurchase agreements, which are reported at cost. For investments in open-end mutual funds, fair value is determined by the fund's share price.

Interest is distributed according to Ohio statutes. Interest revenue credited to the general fund during 2008 amounted to \$2,632,707, which includes \$2,280,208 assigned from other Township funds.

F. Prepaid Items

Payments made to vendors for services that will benefit periods beyond December 31, 2008, are recorded as prepaid items using the consumption method by recording a current asset for the prepaid amount and reflecting the expenditure/expense in the year in which it was consumed.

G. Capital Assets

Capital assets generally result from expenditures in the governmental funds. These assets are reported in the statement of net assets but are not reported in the fund financial statements.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated capital assets are recorded at their fair market values as of the date received. The Township maintains a capitalization threshold of three thousand five hundred dollars. The Township's infrastructure consists of Township roads and street lighting. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not.

All reported capital assets are depreciated except for land and construction in progress. Improvements are depreciated over the remaining useful lives of the related capital assets. Useful lives for infrastructure were estimated based on the Township's historical records of necessary improvements and replacement. Depreciation is computed using the straight-line method over the following useful lives:

Description	Estimated Lives
Land Improvements	20 years
Buildings and Improvements	45 years
Infrastructure	20 to 35 years
Machinery and Equipment	5 to 20 years

Note 2 - Summary of Significant Accounting Policies (continued)

H. Compensated Absences

The Township reports compensated absences in accordance with the provisions of GASB No. 16, "Accounting for Compensated Absences". Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the employer will compensate the employees for the benefits through paid time off or some other means.

Sick leave benefits are accrued as a liability using the vesting method. The liability includes the employees who are currently eligible to receive termination benefits and those that the Township has identified as probable of receiving payment in the future. The amount is based on accumulated sick leave and employee wage rates at fiscal year end taking into consideration any limits specified in the Township's termination policy. The Township records a liability for all accumulated unused vacation time when earned for all employees. The Township records a liability for accumulated unused sick leave for all employees after ten years of accumulated service.

For governmental funds, the current portion of unpaid compensated absences is the amount normally due for payment during the current year. Matured vacation leave represents the entire current portion. These amounts are recorded in the account "matured compensated absences payable" in the fund from which the employees who have accumulated leave are paid.

The entire compensated absence liability is reported on the government-wide statement of net assets.

I. Long-Term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements.

In general, payables and accrued liabilities that will be paid from governmental funds are reported on the fund financial statements regardless of whether they will be liquidated with current resources. However, compensated absences and general obligation bonds that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that are normally due for payment during the current year. The entire balance is reported as a liability on the statement of net assets.

J. Fund Balance Reserves

The Township reserves those portions of fund balance which are legally segregated for a specific future use or which do not represent expendable resources and therefore are not available for appropriation or expenditure. As a result, encumbrances, prepaids and advances are recorded as a reservation of fund balance.

Note 2 - Summary of Significant Accounting Policies (continued)

K. Net Assets

Net assets represent the difference between assets and liabilities. Investment in capital assets, net of debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the Township or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

The Township applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

L. Interfund Activity

During the course of normal operations, the Township has numerous transactions between funds. Interfund transactions are generally classified as follows:

- Transfers are reported as "Other Financing Sources and Uses" in the governmental funds, as "Transfers In" by the recipient fund and "Transfers Out" by the disbursing fund on the fund financial statements. These transfers are consolidated on the government-wide statements.
- Long-term interfund loans are classified as "advances to/from other funds" and are equally offset by a fund balance reserve account which indicates that they do not constitute available expendable resources. These amounts are eliminated in the governmental activities columns of the statement of net assets.

Transactions that would be treated as revenues and expenditures if the transactions involved organizations external to the Township are similarly treated when involving other funds of the Township.

M. Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Note 3 - Deposits and Investments

State statutes classify monies held by the Township into three categories.

Active deposits are public deposits determined to be necessary to meet current demands upon the Township's Treasury. Active monies must be maintained either as cash in the Township Treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Note 3 - Deposits and Investments (continued)

Inactive deposits are public deposits that the Board has identified as not required for use within the current two year period of designation of depositories. Inactive deposits may be deposited or invested only as certificates of deposit maturing no later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use, but needed before the end of the current period of designation of depositories. Interim funds may be invested or deposited in the following securities:

- United States Treasury notes, bills, bonds, or any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal or interest by the United States;
- Bonds, notes, debentures, or any other obligations or securities issued by any federal
 government agency or instrumentality, including but not limited to, the federal national
 mortgage association, federal home loan bank, federal farm credit bank, federal home loan
 mortgage corporation, government national mortgage association, and student loan marketing
 association. All federal agency securities shall be direct issuances of federal government
 agencies or instrumentalities;
- Written repurchase agreements in the securities listed above, provided that the market value
 of the securities subject to the repurchase agreement must exceed the principal value of the
 agreement by at least two percent and be marked to market daily, and that the term of the
 agreement must not exceed thirty days;
- Interim deposits in eligible institutions applying for interim funds;
- Bonds and other obligations of the State of Ohio;
- No-load money market mutual funds consisting exclusively of obligations described in the
 first two bullets of this section and repurchase agreements secured by such obligations,
 provided that investments in securities described in this division are made only through
 eligible institutions;
- The State Treasury Asset Reserve of Ohio (STAR Ohio); and
- Certain banker's acceptances and commercial paper notes for a period not to exceed one
 hundred eighty days from the purchase date in an amount not to exceed twenty-five percent
 of the interim monies available for investment at any one time.

Note 3 - Deposits and Investments (continued)

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the Township, and must be purchased with the expectation it will be held to maturity. Investments may be made only upon delivery of the securities representing the investments to the Fiscal Officer or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

The Township follows GASB Statement No. 40, Deposit and Investment Risk Disclosures – an amendment of GASB Statement No. 3. GASB Statement No. 40 creates new disclosure requirements for deposits and investments related to credit risk, interest rate risk and foreign currency risk.

Deposits

Custodial credit risk for deposits is the risk that in the event of bank failure, the Township will not be able to recover deposits or collateral securities that are in the possession of an outside party. At year end, \$31,751,432 of the Township's bank balance of \$32,251,432 was exposed to custodial credit risk because it was uninsured and uncollateralized. Although all state statutory requirements for the deposit of money had been followed, noncompliance with federal requirements could potentially subject the Township to a successful claim by the FDIC.

The Township has no deposit policy for custodial risk beyond the requirements of State statute. Ohio law requires that deposits be either insured or be protected by eligible securities pledged to and deposited either with the Township or a qualified trustee by the financial institution as security for repayment, or by a collateral pool of eligible securities deposited with a qualified trustee and pledged to secure the repayment of all public monies deposited in the financial institution whose market value at all times shall be at least one hundred five percent of the deposits being secured.

Investments

The Township follows GASB Statement No. 31, Accounting and Financial Reporting for Certain Investments and for External Investment Pools, and records all its investments at fair value. At December 31, 2008, fair value was \$320,300 above the Township's net cost for its investments. Fair value is determined by quoted market prices and acceptable other pricing methodologies.

Note 3 - Deposits and Investments (continued)

As of December 31, 2008, the Township had the following investments and maturities.

Investment Maturities

Investment Type	Fair Value	6 months or less	7 to 12 months	13 to 18 months	19 to 24 months	Greater than 24 months
Money Market Funds	\$ 6,501,836	\$ 6,501,836	\$ -	\$ -	\$ -	\$ -
Treasury Notes	10,000	-	-	-	10,000	-
FHLB Notes	15,058,300	2,370,016	513,280	260,782	3,570,470	8,343,752
FHLMC Notes	8,256,885	2,982,125	-	-	-	5,274,760
FNMA Notes	11,689,077	792,767	-	-	267,265	10,629,045
FFCB Notes	1,006,250					1,006,250
	\$42,522,348	\$12,646,744	\$513,280	\$260,782	\$3,847,735	\$25,253,807

Interest Rate Risk: As a means of maximizing interest earnings in conjunction with minimizing fair value losses and maintaining consistent cash availability, the Township's investment portfolio is structured as a 5 year ladder. The Township does not have an investment policy other than State statute. State statute requires that an investment mature within five years from the date of purchase, unless matched to a specific obligation or debt of the Township, and that investment must be purchased with the expectation that it will be held to maturity.

Credit Risk: The Township's investments in the Money Market Funds, FHLB, FHLMC, FNMA and FFCB Coupon Notes were rated AAA and Aaa by Standard & Poor's and Moody's Investor Services, respectively. State statute only addresses credit risk by limiting the investments that may be purchased to those offered by specifically identified issuers.

Concentration of Credit Risk: The Township places no limit on the amount it may be invested in any one issuer. Of the Township's total investments, 15.29% are Money Market Funds, .02% in Treasury Notes, 35.41% are FHLB Notes, 19.42% are FHLMC Notes, 27.49% are FNMA Notes, and 2.37% are FFCB Notes.

Credit Risk Policy: The Township's funds are invested in accordance with State statute and the Township's investment policy. This policy addresses the acceptable types of investments, proper diversification, maturity, qualified institutions to invest in and overall investment objectives.

Reconciliation of Cash, Cash Equivalents and Investments

The following is a reconciliation of cash and investments to the Statement of Net Assets as of December 31, 2008.

Investments (summarized above)	\$42,522,348
Carrying amount of the Township's Deposits	32,202,272
Equity in Pooled Cash, Cash Equivalents and Investments	\$74,724,620

Note 4 - Receivables

Receivables at December 31, 2008, consisted primarily of accounts, accrued interest on investments intergovernmental receivables arising from entitlements, shared revenues, property and other taxes, payments in lieu of taxes, and special assessments receivable.

Allowances for doubtful accounts have been recorded in the Fire and EMS fund in the amount of \$183,697. This amount represents outstanding accounts that have aged 120+ days in the EMS billing system.

A. Property Taxes

Property taxes include amounts levied against all real, public utility, and tangible personal property located in the Township. Property tax revenue received during 2008 for real and public utility property taxes represents collections of the 2007 taxes. Property tax payments received during 2008 for tangible personal property (other than public utility property) are for 2008 taxes.

2008 real property taxes are levied after October 1, 2008, on the assessed value as of January 1, 2008, the lien date. Assessed values are established by State law at 35 percent of appraised market value. 2008 real property taxes are collected in and intended to finance 2009.

Public utility tangible personal property currently is assessed at varying percentages of true value; public utility real property is assessed at 35 percent of true value. 2008 public utility property taxes became a lien December 31, 2007, are levied after October 1, 2008, and are collected in 2009 with real property taxes.

2008 tangible personal property taxes are levied after October 1, 2007, on the value as of December 31, 2007. Collections are made in 2008. Tangible personal property assessments are 25 percent of true value.

The full tax rate for all Township operations for the year ended December 31, 2008, was \$14.59 per \$1,000 of assessed value. The assessed values of real and tangible personal property upon which 2008 property tax receipts were based are as follows:

Real Property – Residential, Agricultural and Other	\$1,887,905,600
Personal Property	148,097,826
Public Utility (Personal Property)	44,833,900
Total Valuation	\$2,080,837,326

Real property taxes are payable annually or semi-annually. If paid annually, the payment is due December 31; if paid semi-annually, the first payment is due December 31 with the remainder payable by June 20. Under certain circumstances, State statute permits later payment dates to be established.

Tangible personal property taxes paid by multi-county taxpayers are due September 20. Single county taxpayers may pay annually or semi-annually. If paid annually, payment is due April 30; if paid semi-annually, the first payment is due April 30; with the remainder payable by September 20.

Note 4 – Receivables (continued)

The County Treasurer collects property taxes on behalf of all taxing districts in the county, including the Township. The County Auditor periodically remits to the Township its portion of the taxes collected. Accrued property taxes receivable represent real and tangible personal property taxes, public utility taxes and outstanding delinquencies which are measurable as of December 31, 2008 and for which there is an enforceable legal claim. Although total property tax collections for the next year are measurable, they were not levied to finance 2008 operations. The receivable is therefore offset by deferred revenue in the governmental fund financial statements presented on a modified accrual basis.

B. Intergovernmental Receivables

A summary of intergovernmental receivables follows:

	Amounts
Local Government and Local Government	
Revenue Assistance	\$916,417
Homestead and Rollback	1,304,228
Gasoline and Excise Tax	171,351
Motor Vehicle License Tax	40,935
Fines, Fees and Forfeitures	16,610
Total	\$2,449,541

Note 5 - Risk Management

The Township is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees and natural disasters. During 2008, the Township contracted with the Ohio Township Association Risk Management Authority (OTARMA), a risk-sharing pool available to Ohio townships. OTARMA provides property and casualty coverage for its members. OTARMA is a member of the American Public Entity Excess Pool (APEEP.) Member governments pay annual contributions to fund OTARMA. OTARMA pays judgments, settlements and other expenses resulting from covered claims that exceed the members' deductibles. Coverage provided by OTARMA is as follows:

Legal Liability	\$10,000,000	Per Occurrence
Automobile Liability	\$10,000,000	Per Occurrence
Law Enforcement Operations Coverage	\$10,000,000	Per Occurrence
Wrongful Acts Coverage	\$10,000,000	Per Occurrence
Property Coverage	\$29,445,200	Real Property
	\$ 1,915,400	Personal Property
Boiler and Machinery Coverage	\$31,360,000	Limit

Note 5 - Risk Management (continued)

There were no significant reductions from prior years and claims have not exceeded insurance coverage in any of the last three years. The Township pays the State Workers' Compensation System a premium based on a rate per \$100 of salaries. This rate is calculated based on accident history and administrative costs.

The Township has elected to provide employee medical/surgical benefits through Humana. Employees share a percentage of the cost of the monthly premium with the Township. The premiums vary with the employee, depending upon type of coverage selected (single, family). The Township also provides dental insurance to all employees through Dental Care Plus. The employees share a percentage of the cost of the monthly premium with the Township. The Township, through a third-party provider, pays for the life insurance premiums for employees at an amount determined by employee classification.

Note 6 - Capital Assets

Capital asset activity for the year ended December 31, 2008, was as follows:

	Balance			Balance
	1/1/2008	Additions	Deductions	12/31/2008
Governmental Activities				
Capital Assets, not being depreciated:				
Land	\$19,323,972	\$ -	\$ -	\$19,323,972
Construction in Progress	6,573,332	14,474,947	(4,079,849)	16,968,430
Total Capital Assets, not being depreciated Capital Assets, being Depreciated:	25,897,304	14,474,947	(4,079,849)	36,292,402
Land Improvements	5,552,090	300,416	-	5,852,506
Buildings and Improvements	19,964,739	809,886	(11,865)	20,762,760
Infrastructure	62,105,780	9,015,707	-	71,121,487
Machinery and Equipment	13,861,544_	922,048	(181,497)	14,602,095
Total Capital Assets, being Depreciated	101,484,153	11,048,057	(193,362)	112,338,848
Less Accumulated Depreciation:				
Land Improvements	1,255,277	401,362	-	1,656,639
Buildings and Improvements	2,834,998	814,739	(328)	3,649,409
Infrastructure	28,466,069	1,751,800	-	30,217,869
Machinery and Equipment	9,810,586	1,136,803	(164,705)	10,782,684
Total Accumulated Depreciation	42,366,930	4,104,704	(165,033)	46,306,601
Total Capital Assets, being Depreciated, Net	59,117,223	6,943,353	(28,329)	66,032,247
Governmental Activities Capital Assets, Net	\$85,014,527	\$21,418,300	\$(4,108,178)	\$102,324,649

Note 6 - Capital Assets (continued)

Depreciation expense was charged to governmental functions as follows:

General Government	\$277,716
Public Safety	
Police	1,125,013
Fire and Emergency Medical Services	361,643
Economic Development	6,739
Public Works	1,856,877
Cemetery	23,771
Park and Recreation	354,601
Community Television	98,344
Total Depreciation Expense	\$4,104,704
Community Television	98,344

Note 7 - Compensated Absences

All full-time employees of the Township earn vacation at varying rates depending on length of service. Vacation hours are earned in one year and credited to the employee the following January 1. Employees may carry over a maximum of 40 hours of vacation leave from one year to another, without department head approval. Sick leave is accrued at the rate of 10 hours each month of service for all full-time employees.

Upon retirement or death, the employee, or his/her next of kin, as the case may be, will be eligible to receive payment for earned sick leave credit accumulated in excess of 210 days on a one-for-one basis at the employee's current rate of pay and, additionally, will receive up to ninety (90) days of earned sick leave credit to be paid at one-half (1/2) of the employees regular rate of pay (annual salary divided by 2,080 hours.)

From time to time, employees may need, with prior approval from their supervisors, to work overtime. These overtime hours will usually be paid at the appropriate overtime rate; however, with permission of the supervisor, an employee may have the option of taking the overtime in compensatory time at one and one half times the amount of hours worked.

Note 8 - Long-Term Obligations

A schedule of changes in bonds and other long-term obligations of the Township during 2008 follows:

	Amount			Amount	Amounts
	Outstanding			Outstanding	Due in
	1/1/2008	Additions	Deletions	12/31/2008	One Year
Governmental Activities					
Unvoted General Obligation Bonds					
2001 – 4.00% - 5.50%					
Various Purpose Refunding Bonds	\$8,800,000	\$ -	\$(515,000)	\$8,285,000	\$540,000
2002 – 2.15% - 5.75%					
Various Purpose Bonds	12,525,000	-	(550,000)	11,975,000	565,000
2003 – 2.00% - 5.25%					
Various Purpose Bonds	10,480,000	-	(455,000)	10,025,000	465,000
2006 – 4.00% - 5.00%			/		
Various Purpose Bonds	6,310,000	-	(305,000)	6,005,000	320,000
2007 – 4.00% - 5.00%			/		
Various Purpose Bonds	6,425,000	-	(290,000)	6,135,000	500,000
2007 – 4.00% - 5.00%					
Public Safety Campus Bonds	8,900,000	-	(380,000)	8,520,000	505,000
2008 – 3.00% - 5.00%					
Various Purpose Bonds	=	19,085,000	(895,000)	18,190,000	645,000
Revenue Bonds					
2004 – variable rate			,		
TIF Revenue Bonds	3,230,000	-	(3,230,000)	-	-
Other Long Term Obligations					
Premium on 2002 G.O. Bonds	318,719	-	(17,707)	301,012	-
Premium on 2003 G.O. Bonds	132,682	-	(6,320)	126,362	-
Premium on 2006 G.O. Bonds	25,796	-	(1,358)	24,438	-
Premium on 2007 G.O. Bonds	113,845	-	(8,331)	105,514	-
Premium on 2007 G.O. Bonds	268,180	-	(19,555)	248,625	-
Premium on 2008 G.O. Bonds	=	329,109	(13,711)	315,398	
Compensated Absences	2,092,845	799,661	(477,292)	2,415,214	579,404
Total Governmental Activities	\$59,622,067	\$20,213,770	\$(7,164,274)	\$72,671,563	\$4,119,404

The 2001 Various Purpose Refunding Bonds is a general obligation supported by the full faith and credit of the Township. These bonds will be retired from the Union Centre Boulevard Tax Incremental Financing Debt Service Fund using revenue generated from the Union Centre Boulevard Tax Incremental Financing District.

The 2002 Various Purpose General Obligation Bonds is a general obligation supported by the full faith credit of the Township. These bonds will be retired from the Community Television and the Fire and Emergency Medical Services Special Revenue Funds and the Union Centre Boulevard Tax Incremental Financing Debt Service Fund using revenue generated from the Union Centre Boulevard Tax Incremental Financing District.

Note 8 - Long-Term Obligations (continued)

The 2003 Various Purpose General Obligation Bonds is a general obligation supported by the full faith credit of the Township. These bonds will be retired from the Union Centre Boulevard Tax Incremental Financing and the 747 Tax Incremental Financing Debt Service Funds using revenue generated from the Union Centre Boulevard and 474 Tax Incremental Financing Districts.

The 2004 Variable Rate Tax Increment Financing Revenue Bonds were issued for the Streets of West Chester development project and are supported by payments in lieu of taxes received by the Township from the parcels contained within the project boundaries. The revenues as well as the debt service payments will be accounted for in the Streets of West Chester capital projects fund. The Township holds a service agreement with the project developer which stipulates that the developer must hold a letter of credit until such time that an agreed upon coverage ratio is reached.

The 2006 Various Purpose Limited Tax General Obligation Bonds are a general obligation supported by the full faith credit of the Township. The Township anticipates that it will make debt service payments on a portion of the bonds from service payments in lieu of taxes made by property owners.

The 2007 Various Purpose Limited Tax General Obligation Bonds are a general obligation supported by the full faith credit of the Township. The Township anticipates that it will make debt service payments on a portion of the bonds from service payments in lieu of taxes made by property owners.

The 2007 Public Safety Campus Bonds are a general obligation supported by the full faith and credit of the Township. The Township anticipates that it will make debt service payments from service payments in lieu of taxes made by property owners.

The 2008 Various Purpose Limited Tax General Obligation Bonds are a general obligation supported by the full faith credit of the Township. The Township anticipates that it will make debt service payments on a portion of the bonds from service payments in lieu of taxes made by property owners.

Compensated Absences will be paid from the General, Fire and Emergency Medical Services, Police, West Chester Community Television, and Road and Bridge funds.

The Township's overall legal debt margin was \$163,194,047 at December 31, 2008. Principal and interest requirements to retire the long-term debt obligations at December 31, 2008, are as follows:

2001 Various Purpose Refunding Bonds

Years	Principal	Interest	Total
2009	\$540,000	\$407,790	\$947,790
2010	555,000	384,840	939,840
2011	585,000	361,253	946,253
2012	605,000	334,928	939,928
2013	630,000	307,098	937,098
2014-2018	3,645,000	1,021,926	4,666,926
2019-2020	1,725,000	130,498	1,855,498
	\$8,285,000	\$2,948,333	\$11,233,333

Note 8 - Long-Term Obligations (continued)

2002 Various Purpose General Obligation Bonds

Years	Principal	Interest	Total
2009	\$565,000	\$632,098	\$1,197,098
2010	595,000	608,085	1,203,085
2011	620,000	582,500	1,202,500
2012	650,000	556,150	1,206,150
2013	675,000	526,900	1,201,900
2014-2018	4,000,000	2,006,026	6,006,026
2019-2023	3,885,000	733,838	4,618,838
2024-2025	985,000	74,497	1,059,497
	\$11,975,000	\$5,720,094	\$17,695,094

2003 Various Purpose General Obligation Bonds

Years	Principal	Interest	Total
2009	\$465,000	\$464,912	\$929,912
2010	480,000	450,962	930,962

Note 9 – Short-Term Debt Obligations

A summary of the short-term note transactions for the year ended December 31, 2008 follows:

	Amount Outstanding			Amount Outstanding
	1/1/2008	Issued	Retired	12/31/2008
Fund/Issue				
West Chester 75 TIF Project				
Tax Increment Financing				
Revenue Notes – 4.60%	\$2,670,000	\$2,610,000	\$(2,670,000)	\$2,610,000
Library Improvement Bond Anticipation Note –				
4.125%	5,000,000	-	(5,000,000)	-
CHAPPCO TIF Project				
Tax Increment Financing				
Revenue Notes – 4.70%	1,160,000	1,010,000	(1,160,000)	1,010,000
Total	\$8,830,000	\$3,620,000	\$(8,830,00)	\$3,620,000

The Township renewed two short-term notes in 2008 for both the West Chester 75 TIF Project and the CHAPPCO TIF project. Short-term notes provide the Township with the flexibility to determine principal reduction amounts year by year as debt service for these notes is specific to Tax Increment Financing receipts of defined developments. Project stakeholders include developers who are obliged to back the debt with a letter of credit therefore the year to year flexibility was needed.

Note 10 - Defined Benefit Pension Plans

A. Ohio Public Employees Retirement System

All Township full-time employees, other than Firemen, participate in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans. The traditional plan is a cost-sharing, multiple-employer defined benefit pension plan. The member-directed plan is a defined contribution plan in which the member invests both member and employers contributions (employer contributions vest over five years at 20% per year.) Under the member directed plan, members accumulate retirement assets equal to the value of the member and multiple-employer defined benefit pension plan that has elements of both a defined benefit and a defined contribution plan. The combined plan is a cost sharing, multiple-employer defined benefit pension plan that has elements of both defined benefit and defined contribution plan. Under the combined plan, employer contributions are invested by the retirement system to provide a formula retirement benefit similar to the traditional plan benefit. Member contributions, whose investment is self-directed by the member, accumulate retirement assets in a manner similar to the member directed plan.

Note 10 - Defined Benefit Pension Plans (continued)

OPERS provides retirement, disability, survivor, and death benefits and annual cost of living adjustments to members of the traditional and combined plans. Members of the member-directed plan do not qualify for ancillary benefits. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report, that may be obtained by writing to OPERS, 277 East Town Street, Columbus, Ohio, 43215-4642, or by calling (614) 222-6701 or (800)-222-7377.

The Ohio Revised Code provides statutory authority for member and employer contributions. For 2008, member and employer contribution rates were consistent across all three plans. Separate divisions for law enforcement and public safety exist only within the Traditional Pension Plan.

The 2008 member contribution rates were 10% for members in state and local classifications. Public safety members contributed 10.1%. Members in the law enforcement classification, which consist generally of sheriffs, deputy sheriffs and township police, contributed at a rate of 10.1%.

The 2008 employer contribution rate for state employers was 14% of covered payroll. For local government employer units, the rate was 14% of covered payroll. For both the law enforcement and public safety divisions, the employer contribution rate for 2008 was 17.4%. The portion of employer contributions, for all employers, allocated to health care was 7% for 2008.

The Township's required contributions to OPERS for the years ended December 31, 2008, 2007, and 2006 were \$1,903,785, \$1,638,642, and \$1,061,596, respectively, equal to the required contributions for each year. 87 percent has been contributed for 2008 with the remainder being reflected as an intergovernmental payable. 100% has been contributed for 2007 and 2006.

B. Ohio Police and Fire Pension Fund

The Township contributes to the Ohio Police and Fire Pension Fund (OP&F), a cost-sharing multiple employer defined benefit pension plan. OP&F provides retirement and disability pension benefits, annual cost of living adjustments and death benefits to plan members and beneficiaries. Benefit provisions are established by the Ohio State Legislature and are codified in Chapter 742 of the Ohio Revised Code. OP&F issues a publicly available financial report that includes financial information and required supplementary information for the plan. That report may be obtained by writing to OP&F, 140 East Town Street, Columbus, Ohio 43215-5164.

Plan members are required to contribute 10 percent of their annual covered salary, while employers are required to contribute 24 percent for firefighters. The Township's required contributions to OP&F for the years ending December 31, 2008, 2007, and 2006 were \$976,396, \$935,864, and \$549,163, respectively. 75 percent has been contributed for 2008 with the remainder being reflected as an intergovernmental payable. 100% has been contributed for 2007 and 2006.

Note 11 - Postemployment Benefits

Ohio Public Employees Retirement System

The Ohio Public Employees Retirement System has provided the following information pertaining to other postemployment benefits for health care costs in order to assist the Township in complying with GASB Statement No. 45, Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pension Benefits.

A. Plan Description

Ohio Public Employees Retirement System (OPERS) administers three separate pension plans: The Traditional Pension Plan – a cost-sharing, multiple-employer defined benefit pension plan; the Member Directed Plan – a defined contribution plan; and the Combined Plan – a cost sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan.

OPERS maintains a cost-sharing multiple employer defined benefit post-employment healthcare plan, which includes a medical plan, prescription drug program and Medicare Part B premium reimbursement, to qualifying members of both the Traditional Pension and the Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits, including post-employment health care coverage.

In order to qualify for post-employment health care coverage, age-and-service retirees under the Traditional Pension and Combined Plans must have 10 or more years of qualifying Ohio service credit. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available. The health care coverage provided by OPERS meets the definition of an Other Post Employment Benefit (OPEB) as described in GASB Statement 45.

The Ohio Revised Code permits, but does not mandate, OPERS to provide OPEB benefits to its eligible members and beneficiaries. Authority to establish and amend benefits is provided in Chapter 145 of the Ohio Revised Code.

B. Funding Policy

The Ohio Revised Code provides the statutory authority requiring public employers to fund post retirement health care through their contributions to OPERS. A portion of each employer's contribution to OPERS is set aside for the funding of post retirement health care benefits.

Employer contribution rates are expressed as a percentage of the covered payroll of active members. In 2008, state and local employers contributed at a rate of 14.00% of covered payroll, and public safety and law enforcement employers contributed at 17.40%. The Ohio Revised Code currently limits the employer contribution to a rate not to exceed 14.0% of covered payroll for state and local employer units and 18.1% of covered payroll for law and public safety employer units. Active members do not make contributions to the OPEB Plan.

Note 11 - Postemployment Benefits (continued)

OPERS' Post Employment Health Care plan was established under, and is administrated in accordance with, Internal Revenue Code 401(h). Each year, the OPERS Retirement Board determines the portion of the employer contribution rate that will be set aside for funding of post employment health care benefits. For 2008, the employer contribution allocated to the health care plan was 7.0% of covered payroll. The OPERS Retirement Board is also authorized to establish rules for the payment of a portion of the health care benefits provided, by the retiree or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected.

C. Township Contributions

The Township's actual contributions that were used to fund post employment benefits were approximately \$950,000, \$651,000 and \$519,000 for 2008, 2007 and 2006, respectively.

D. OPERS Retirement Board Implements its Health Care Preservation Plan

The Health Care Preservation Plan (HCPP) adopted by the OPERS Retirement Board on September 9, 2004, was effective January 1, 2007. Member and employer contribution rates increased as of January 1, 2006, January 1, 2007 and January 1, 2008, which allowed additional funds to be allocated to the health care plan.

Ohio Police and Fire Pension Fund

The Ohio Police and Fire Pension Fund has provided the following information pertaining to other postemployment benefits for health care costs in order to assist the Township in complying with GASB Statement No. 45, Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pension Benefits.

A. Plan Description

The Township contributes to the Ohio Police and Fire Pension Fund (OP&F) sponsored health care program, a cost-sharing multiple-employer defined postemployment health care plan administered by OP&F. OP&F provides healthcare benefits including coverage for medical, prescription drugs, dental, vision, Medicare Part B Premium and long term care to retirees, qualifying benefit recipients and their eligible dependents.

OP&F provides access to post-retirement health care coverage for any person who receives or is eligible to receive a monthly service, disability, or survivor benefit check or is a spouse or eligible dependent child of such person. The health care coverage provided by OP&F meets the definition of an Other Post Employment Benefit (OPEB) as described in GASB Statement 45.

The Ohio Revised Code allows, but does not mandate OP&F to provide OPEB benefits. Authority for the OP&F Board of Trustees to provide health care coverage to eligible participants and to establish and amend benefits is codified in Chapter 742 of the Ohio Revised Code.

Note 11 - Postemployment Benefits (continued)

B. Funding Policy

The Ohio Revised Code provides for contribution requirements of the participating employers and of plan members to the OP&F (defined benefit pension plan). Participating employers are required to contribute to the pension plan at rates expressed as percentages of the payroll of active pension plan members, currently, 19.50% and 24.00% of covered payroll for police and fire employers, respectively.

The Ohio Revised Code states that the employer contribution may not exceed 19.50% of covered payroll for police employer units and 24.00% of covered payroll for fire employer units. Active members do not make contributions to the OPEB Plan. OP&F maintains funds for health care in two separate accounts. One for health care benefits under an IRS Code Section 115 trust and one for Medicare Part B reimbursements administrated as an Internal Revenue Code 401(h) account, both of which are within the defined benefit pension plan, under the authority granted by the Ohio Revised Code to the OP&F Board of Trustees.

The Board of Trustees is authorized to allocate a portion of the total employer contributions made into the pension plan to the Section 115 trust and the Section 401(h) account as the employer contribution for retiree health care benefits. For the year ended December 31, 2008, the employer contribution allocated to the health care plan was 6.75% of covered payroll. The amount of employer contributions allocated to the health care plan each year is subject to the Trustees' primary responsibility to ensure that pension benefits are adequately funded and is limited by the provisions of Sections 115 and 401(h).

The OP&F Board of Trustees also is authorized to establish requirements for contributions to the health care plan by retirees and their eligible dependents, or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected.

C. Township Contributions

The Township's actual contributions that were used to pay postemployment benefits were approximately \$275,000, \$263,000 and \$262,000 for 2008, 2007 and 2006, respectively.

Note 12 – Interfund Activity

Advances From/Advances To balances at December 31, 2008, consist of the following individual fund receivables and payables:

Receivable Fund	Payable Fund	Amount			
Clean Ohio Grant – Round I	Clean Ohio Grant – Round III	\$6,212			
State Route 747 Tax Increment Financing Fund	Clean Ohio Grant – Round II	806,016			
	Bike Trail Grant	87,240			
	Clean Ohio Grant – Round III	418,788			
Grand Total		\$1,318,256			

Note 12 – Interfund Activity (continued)

The Township made the following transfers during 2008:

	Transfer In	Transfer Out
Major Funds:		
General Fund	\$ -	\$333,377
Police Fund	89,955	18,000
Fire Fund	118,080	
Nonmajor Funds:		
Road and Bridge Fund	273,377	-
Bullet Proof Vest Grant Fund	18,000	-
Buffer Zone Protection Plan Fund	-	88,746
Assistance to Firefighters Fund (FEMA)	-	118,080
Highway Safety Grant Fund	-	1,209
Cemetery Fund	60,000	-
IKEA Road Improvement Debt Service Fund	353,341	-
IKEA Road Improvement Fund		353,341
Total	\$912,753	\$912,753

The General Fund transferred \$273,377 to the Road and Bridge Fund to assist with Road Maintenance issues. The General Fund transferred \$60,000 to the Cemetery Fund for operating expenses not covered by fund revenue. The Police Fund transferred a total of \$18,000 to the Bullet Proof Vest Grant Fund so that the fund could incur expenses that would later be recouped through the grant process. The Buffer Zone Protection Plan Fund transferred \$88,746 to the Police Fund to recoup previously incurred expenses. The Highway Safety Grant Fund transferred \$1,209 to the Police Fund to recoup previously incurred expenses. The Assistance to Firefighters Fund (FEMA) transferred \$118,080 to the Fire Fund to recoup previously incurred expenses. The IKEA Road Improvement Fund transferred \$353,341 to the IKEA Road Improvement Debt Service Fund to segregate the IKEA project funds from funds specifically for debt service.

Note 13 – Accountability

The following funds had deficit fund balances as of December 31, 2008:

Special Revenue Funds:	
Bike Trail Grant	\$87,240
Clean Ohio Grant – Round II	\$450,691
Clean Ohio Grant – Round III	\$240,541
Capital Projects Fund:	
	A= 0 < 0 2.4
CHAPPCP TIF Project	\$796,824
West Chester 75 TIF Project	\$1,947,906

Note 13 – Accountability (continued)

The deficits occurring in the Special Revenue Funds have occurred due to the recognition of liabilities, which are primarily advances due to other funds. When grants, transfers or other revenues are received, and the liability is paid, the deficit will be eliminated.

The deficits occurring in the CHAPPCO TIF Project Capital Projects Fund for the West Chester 75 TIF Project Capital Projects Fund are due to the issuance of short-term bond anticipation notes, which are used to finance the projects until bonds are issued. These deficits will be alleviated when the bonds are issued or when the notes are paid.

Note 14 – Accounting Changes

For 2008, the Township implemented GASB Statement No. 49 – Accounting and Financial Reporting for Pollution Remediation Obligations and GASB Statement No. 45 – Accounting and Financial Reporting by Employers for Postemployment Benefits Other than Pensions. The implementation of these pronouncements did not have a material effect on the financial statements.

Note 15 - Contingent Liabilities

A. Litigation

West Chester Township is a party to legal proceedings seeking damages. The Township management is of the opinion that the ultimate disposition of the various claims and legal proceedings will not have a material effect, if any, on the financial condition of the Township.

B. Federal and State Grants

The Township participates in federally assisted programs. These programs are subject to financial and compliance audits by the grantor or their representative. As of December 31, 2008, audits of certain programs have not been completed. Accordingly, the Township's compliance with applicable grant requirements will be established at some future date.

Note 16 – Significant Contractual Commitments

As of December 31, 2008, the Township has contractual commitments related to property, plant and equipment improvements and additions, as well as various other contracts and agreements to provide or receive services related to the operations of the Township. The list below reflects the major contracts that comprise commitments at December 31, 2008:

	Remaining
	Contractual
Description	Commitment
Conservation Corridor	\$8,000
Library	8,723,000
Phase II Beckett Park - Muhlhauser Barn	48,000
Public Safety Campus	2,258,000
Trail on Beckett Road	37,000
UCB/Muhlhauser Road Improvement	141,000
Urban Park	15,000
	\$11,230,000

West Chester Township Butler County, Ohio Notes To The Required Supplementary Information For the Year Ended December 31, 2008

Note 1 - Summary of Significant Accounting Policies

A. Budgets

An annual appropriated budget is legally required to be prepared for all funds of the Township, except the Park Acquisition capital projects fund although presented in the individual fund schedules. The Board passes appropriations at the fund/department level. The following are the procedures used by the Township in establishing the budgetary data reported in the basic financial statements.

Tax Budget A tax budget of estimated revenues and expenditures for all funds is submitted to the County Auditor, as Secretary of the County Budget Commission, by July 20 of each year for the period January 1 to December 31 of the following year.

Estimated Resources The County Budget Commission determines if the tax budget substantiates a need to levy all or part of previously authorized taxes and reviews estimated revenue. The Commission certifies its actions to the Township by October 1. As part of this certification, the Township receives the official certificate of estimated resources that states the projected revenue of each fund. Prior to December 31, the Township must revise its budget so that the total contemplated expenditures from any fund during the ensuing fiscal year will not exceed the amount available as stated in the certificate of estimated resources. The revised budget then serves as the basis for the annual appropriations measure. On or about January 1, the certificate of estimated resources is amended to include any unencumbered balances from the preceding year. The certificate of estimated resources can be further amended during the year if the fiscal officer determines, and the Budget Commission agrees, that an estimate needs to be either increased or decreased. The amounts reported in the budgetary statements as final reflect the amounts in the final amended official certificate of estimated resources issued during 2008.

Appropriations A temporary appropriation ordinance to control expenditures may be passed on or about January 1 of each year for the period January 1 to March 31. An annual appropriation ordinance must be passed by April 1 of each year, for the period January 1 to December 31. The appropriation ordinance may be supplemented during the year by action of the Board, as new information becomes available, provided that total fund appropriations do not exceed current estimated resources, as certified. During the year, three supplemental appropriation measures were passed. The amounts reported as the original budgeted amounts in the budgetary statements reflect the first appropriated budget that covered the entire year, including amounts automatically carried over from prior years. The amounts reported as the final budgeted amounts in the statements of budgetary comparisons represent the final appropriation amounts, including all amendments and modifications.

Lapsing of Appropriations At the close of each year, the unencumbered balance of each appropriation reverts to the respective fund from which it was appropriated and becomes subject to future appropriations. The encumbered appropriation balance is carried forward to the succeeding year and is not re-appropriated.

West Chester Township Butler County, Ohio Notes To The Required Supplementary Information For the Year Ended December 31, 2008

Encumbrances As part of formal budgetary control purchase orders, contracts and other commitments for the expenditure of monies are recorded as the equivalent of expenditures on the non-GAAP budgetary basis in order to reserve that portion of the applicable appropriation and to determine and maintain legal compliance. The Ohio Revised Code prohibits expenditures plus encumbrances from exceeding appropriations. On the GAAP basis, encumbrances outstanding at year-end are reported as reservations of fund balances for subsequent-year expenditures of governmental funds.

Budgetary Basis of Accounting While the Township is reporting financial position, results of operations and changes in fund balance on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The Statement of Revenues, Expenditures and Changes in Fund Balances - Budget (Non-GAAP Basis) and Actual presented for each major governmental fund is presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and GAAP basis are as follows:

- 1. Revenues are recorded when received in cash (budget) as opposed to when susceptible to accrual (GAAP).
- 2. Expenditures/expenses are recorded when paid in cash (budget) as opposed to when the liability is incurred (GAAP).
- 3. Encumbrances are treated as expenditures (budget) rather than as a reservation of fund balance (GAAP).

The following table summarizes the adjustments necessary to reconcile the GAAP basis statements to the budgetary cash basis statements for the General and major special revenue funds.

	General	Police	Fire and
	Fund	Fund	EMS Fund
GAAP Basis	\$ 3,183,250	\$ (257,531)	\$ 3,821,942
Adjustments:			
Revenue Accruals	172,272	10,671	(45,851)
Expenditure Accruals	57,978	(11,948)	164,737
Transfers	-	163,048	-
Encumbrances	(304,027)	(168,424)	(696,303)
Budget Basis	\$ 3,109,473	\$ (264,184)	\$ 3,244,525

COMBINING STATEMENTS AND INDIVIDUAL FUND SCHEDULES

Combining Statements – Nonmajor Governmental Funds

NONMAJOR SPECIAL REVENUE FUNDS

Township Motor Vehicle License Tax

To account for the additional license tax levied by the Township for routine maintenance and repairs of Township roads.

Motor Vehicle License Tax

To account for the additional motor vehicle license tax levied by Butler County for routine road maintenance and repairs.

Gasoline Tax

To account for the gasoline tax fees used for routine maintenance of state highways within the Township.

Road and Bridge

To account for property taxes used for routine maintenance of roads and bridges in the Township.

Cemetery

To account for monies received for the operation and maintenance of the cemeteries.

West Chester Community Television

To account for cable franchise fees for the operation of the community television channel.

Union Centre Boulevard Tax Increment Financing

To account for payments received in lieu of taxes on property located in the Union Centre Boulevard tax incremental financing district.

Enforcement and Education

To account for fines for the purpose of enforcing and educating the public about laws governing operation of a motor vehicle while under the influence of alcohol.

Purdue Pharma Grant

To account for grant money awarded to the Police Department for their continuing investigations of illegal distributions of prescription drugs in the West Chester area.

Drug Law Enforcement

To account for fines and costs collected for felonious drug trafficking convictions. This money may be used in any drug law enforcement activity.

Bike Trail Grant

To account for State grant monies received and expenditures made for the construction of the Port Union Canal Bike Trail.

Clean Ohio Grant – Round I

To account for State grant monies received and expenditures made under the first phase of the Clean Ohio Conservation Corridor project.

Clean Ohio Grant – Round II

To account for State grant monies received and expenditures made under the second phase of the Clean Ohio Conservation Corridor project.

Clean Ohio Grant – Round III

To account for State grant monies received and expenditures made under the third phase of the Clean Ohio Conservation Corridor project.

Bulletproof Vest

To account for Federal Grant monies received for reimbursement of protective vests purchased by the police department.

Assistance To Firefighters Grant

To account for Federal Grant monies received for reimbursement of fire equipment and training purchases.

Highway Safety Grant

To account for State Grant monies received for reimbursement of payroll expenses incurred during approved program operations.

Asset Forfeiture

To account for monies received from forfeited assets that are a result from Federal cases occurring in our jurisdiction.

Buffer Zone Protection Plan

To account for Federal Grant monies received and expenditures made from the United States Department of Homeland Security.

Street Lighting

To account for assessments levied on property owners for the purpose of street lights within the Township.

UCB Landscape District

To account for assessments levied on property owners for the implementation, repair and maintenance costs of landscaping within the Union Centre Boulevard downtown area.

Cemetery Bequest

To account for donations received to help in the maintenance of the Township cemetery.

Park Trust

To account for donations and contributions received to support the development of parks and to enhance the recreational opportunities available to Township residents.

Firing Range Trust

To account for fees collected from various law enforcement agencies from the lease of the firing range operated by the Township.

West Chester Development Council

To account for the financial activity of the Township's component unit.

Central Business TIF District

To account for assessments levied on property owners for the implementation, repair and maintenance costs within the central business district.

Tylersville TIF

To account for payments received in lieu of taxes on property located in the Tylersville tax increment financing district.

West Chester Connections Fund

To account for monies received from recycling efforts to enable the development of bicycle and walking trails.

Law Enforcement Block Grant Fund

To account for Federal grant funds received for education of preventive law enforcement programs.

State Route 747 TIF Fund

To account for payments received in lieu of taxes on property located in the State Route 747 tax incremental financing district.

Sustainable Infrastructure

To account for interest revenue from TIF funds for continued maintenance of Township Infrastructure including pavement, slurry, curbs and culverts.

NONMAJOR DEBT SERVICE FUNDS

State Route 747 Tax Incremental Financing

To account for payments in lieu of taxes to pay for general obligation bonded debt.

CBD TIF Debt Service

To account for payments in lieu of taxes to pay for general obligation bonded debt.

IKEA Road Improvement Debt Service

To account for financed debt service related to the road improvements at Muhlhauser and Allen Roads.

NONMAJOR CAPITAL PROJECT FUNDS

9113 Building Renovations

To account for debt proceeds and expenditures related to renovating the 9113 Cincinnati-Dayton Road Government Services Building for the purpose of relocating the administrative, communication, and information technology offices.

Union Centre Boulevard Tax Increment Financing

To account for construction costs and related debt proceeds for the Union Centre Boulevard TIF area infrastructure projects.

State Route 747 Tax Increment Financing

To account for the monies used for construction costs and related debt proceeds for the State Route 747 TIF area infrastructure projects.

Beckett Park Capital Improvements

To account for debt proceeds and construction costs related to various projects within Beckett Park, including the Baseball Complex, Muhlhauser Barn, and Internal Roadway.

Streets of West Chester

To account for debt proceeds and various costs related to the Streets of West Chester development project.

Urban Park

To account for debt proceeds and construction costs related to various projects for the Urban Park.

CHAPPCO TIF Project

To account for debt proceeds and various costs related to the CHAPPCO development project.

West Chester 75 TIF Project

To account for debt proceeds and various costs related to the West Chester Interstate 75 development project.

IKEA Road Improvement

To account for Debt proceeds and project costs related to the improvements at Muhlhauser and Allen Road.

UCB/Muhlhauser Phase I

To account for Debt proceeds and project costs related to phase I of improvements at Union Centre Blvd and Muhlhauser Road.

Cin-Day & West Chester Road Intersection

To account for debt proceeds and various costs related to the Cincinnati-Dayton Road improvement project.

Beckett Road

To account for debt proceeds and various costs related to the Beckett Road improvement project.

STATISTICAL SECTION

West Chester Township

Statistical Section

This is part of the Township's comprehensive annual financial report presenting detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the Township's overall financial health. These tables are presented in accordance with Governmental Accounting Standards Board (GASB) Statement No. 44, *Economic Condition Reporting: The Statistical Section*.

Contents	Tables
Financial Trends These schedules contain trend information to help understand how the Township's financial performance and well being have changed over time.	1 – 4
Revenue Capacity These schedules contain information to help assess the Township's most significant local revenue source.	5 – 8
Debt Capacity These schedules present information to help the reader assess the affordability of the Township's current levels of outstanding debt and the Township's ability to issue additional debt in the future.	9 – 12
Demographic and Economic Information These schedules offer demographic and economic indicators to help the reader understand the environment the Township's financial activities take place in.	13 – 14
Operating Information These Schedules contain service and infrastructure data to help the reader understand how the information in the Township's financial reports relates to the services the Township provides and the activities it performs.	15 – 17

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year. The Township implemented GASB 34 in 2001; schedules presenting government-wide information include information beginning that year.

Real property is reappraised every six years with a State mandated update of the current market value in the third year following each reappraisal.

The assessed value of real property (including public utility real property) is 35 percent of estimated true value. The assessed value of public utility personal property ranges from previous years at 25 percent for machinery and equipment and 23 percent for inventories. General business tangible personal property tax is being phased out beginning in 2006. For collection year 2006 both types of general business tangible personal property were assessed at 18.75 percent. The percentage will be 12.5 percent for 2007, 6.25 percent for 25 percent of true value for railroad property to 88 percent for electric transmission and distribution property. General business tangible personal property was assessed in 2008 and zero for 2009. The tangible personal property values associated with each year are the values that, when multiplied by the applicable rates, generated the property tax revenue billed in that year. For real property, the amounts generated by multiplying the assessed values by the applicable rates would be reduced by the 10%, 2 1/2% and homestead exemptions before being billed. Beginning in the 2006 collection year, the 10% rollback for commercial/industrial property has been eliminated.

Notes: The rates presented for a particular calendar year are the rates that, when applied to the assessed values presented in the Assessed Value Table, generated the property tax revenue billed in that year.

The real property tax rates for the voted levies of the overlapping taxing districts are reduced so that inflationary increases in value do not generate additional revenue.
