INDEPENDENT ACCOUNTANTS' REPORT

WEB DuBois Academy Hamilton County 1812 Central Parkway Cincinnati, Ohio 45214

To the Board of Directors:

We have audited the accompanying financial statements of WEB DuBois Academy, Hamilton County, Ohio (the School), as of and for the year ended June 30, 2007, as listed in the table of contents. These financial statements are the responsibility of the School's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of WEB DuBois Academy, Hamilton County, Ohio as of June 30, 2007, and the changes in its financial position and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated April 29, 2010, on our consideration of the School's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

As discussed in Note 17 to the financial statements, the School has suffered recurring losses from operations and has a net asset deficiency. Note 17 describe Management's plans regarding these matters. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

As discussed in Note 16 to the financial statements, on August 25, 2009, the Ohio Department of Education made the determination that the School would terminate operations as of June 30, 2010 due to poor academic performance as defined in section 3314.35 of the Ohio Revised Code. Management has not disclosed plans related to the closing of the School.

Corporate Centre of Blue Ash / 11117 Kenwood Rd. / Blue Ash, OH 45242 Telephone: (513) 361-8550 (800) 368-7419 Fax: (513) 361-8577 www.auditor.state.oh.us

WEB DuBois Academy Hamilton County Independent Accountants' Report Page 2

The School has not fully paid the Auditor of State for services provided more than one year prior to our opinion date. AICPA Code of Professional Conduct, ET Section 191 considers this circumstance to impair an auditor's independence. However, *Government Auditing Standards* permits the Auditor of State to audit and opine on this entity because Ohio Revised Code §§ 117.11(B) and 115.56 mandate the Auditor of State to audit Ohio governments. Ohio Revised Code § 117.13 also includes provisions to collect unpaid audit fees including negotiating a schedule for payment of the amount due, seeking payment through the office of budget and management or through the county auditor of the county in which the local public office is located.

Management's Discussion and Analysis is not a required part of the basic financial statements but is supplementary information accounting principles generally accepted in the United States of America requires. We have applied certain limited procedures, consisting principally of inquiries of management regarding the methods of measuring and presenting the required supplementary information. However, we did not audit the information and express no opinion on it.

Mary Taylor, CPA Auditor of State

Mary Taylor

April 29, 2010

Our discussion and analysis of the W.E.B. Dubois Academy's (School's) financial performance provides an overall review of the School's financial activities for the fiscal year ended June 30, 2007. The intent of this discussion and analysis is to look at the School's financial performance as a whole; readers should also review the basic financial statements and notes to the basic financial statements to enhance their understanding of the School's financial performance.

The Management's Discussion and Analysis (MD&A) is an element of the new reporting model adopted by the Governmental Accounting Standards Board (GASB) in their Statement No. 34 Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Government issued June 1999. Certain comparative information between the current year and the prior year is required to be presented in the MD&A.

Financial Highlights

Key financial highlights for the W.E.B. DuBois Academy during fiscal year 2007 are as follows:

- Assets totaled \$1,489,586 a 19.0% decrease from fiscal year 2006. Liabilities were \$1,795,845 a 5.6% decrease from fiscal year 2006.
- In total, net assets decreased \$242,361 which represents a 379.2% decrease from 2006. This decrease was due to an increase in debt obligations.

Using this Financial Report

This report consists of three parts, the MD&A, the basic financial statements, and notes to those statements. The basic financial statements include a Statement of Net Assets, a Statement of Revenues, Expenses and Changes in Net Assets, and a Statement of Cash Flows. As the School reports its operations using enterprise fund accounting, all financial transactions and accounts are reported as one activity. Therefore, the entity wide and the fund presentations information is the same.

One of the most important questions asked about the School's finances is, "Is the School better off or worse off as a result of the year's activities?" The Statement of Net Assets and the Statement of Revenues, Expenses and Changes in Net Assets report information about the School as a whole and about its activities in a manner that helps to answer this question. These statements include all assets, liabilities, revenues and expenses using the accrual basis of accounting similar to the accounting used by private sector corporations. All of the current year's revenues and expenses are taken into consideration regardless of when cash is received or paid.

These two statements report the School's net assets and changes in them. The change in net assets provides the reader a tool to assist in determining whether the School's financial health is improving or deteriorating. The reader will need to consider other nonfinancial factors such as state revenue, student enrollment growth, and facility conditions in arriving at their conclusion regarding the overall health of the School.

Table 1 provides a summary of the School's net assets for fiscal year 2007 and 2006:

	(Table 1) Net Assets	
	2007	<u>2006</u>
Assets:		
Current Assets	\$ 231,103	\$ 528,886
Capital Assets, Net	1,258,465	1,308,988
Total Assets	1,489,568	1,837,874
Liabilities:		
Current Liabilities	127,733	379,774
Long Term Liabilities	1,668,112	1,522,016
Total Liabilities	1,795,845	1,901,790
Net Assets:		
Invested in Capital		
Assets, net of debt		
Unrestricted	(306,277)	(63,916)
Total Net Assets	\$ (306,277)	\$ (63,916)

A significant portion of the School's total assets (84.5%) reflects its investment in capital assets less any depreciation. The School uses capital assets to provide services; consequently, these assets are not available for future spending. Although the School's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Net Assets of the School have decreased \$242,361 and unrestricted net assets reflect a deficit balance of \$306,277. The decrease in net assets is primarily the result of an increase in debt obligations.

Table 2 provides a summary of the School's changes in net assets for fiscal year 2007 and 2006:

(Table 2) Changes in Net Assets

	<u>2007</u>	<u>2006</u>
Operating Revenues:		
Sales	\$ 0	\$ 6,739
Foundation payments	1,361,828	2,441,196
Charges for services	465,063	1,271,885
Other Operating Revenues	120,314	241,036
Non-Operating Revenues:		
State subsidies	12,166	42,118
Federal subsidies	<u>152,972</u>	<u>585,773</u>
Total Revenues	<u>2,112,343</u>	4,588,747
Operating Expenses:		
Salaries & Wages	927,244	2,174,630
Fringe Benefits	479,753	668,026
Mgmt Company Services	0	249,773
Purchased Services	507,737	457,230
Materials & Supplies	28,388	492,315
Depreciation	239,645	166,648
Miscellaneous	139,539	405,714
Non-Operating Expenses:		
Interest expense	32,398	28,816
Total Expenses	<u>2,354,704</u>	4,643,152
Change in Net Assets	<u>\$ (242,361)</u>	<u>\$ (54,405)</u>

The School's revenue decreased in all areas. The decline is primarily due to decreased enrollment over the prior school year. Similarly, the expenses for salaries and fringes decreased as a result of having less staff members to serve the decreased number of students.

Capital Assets

The School has \$1,258,465 invested in capital assets net of depreciation. The most significant addition to the School's capital assets for the 2007 fiscal year was continued leasehold improvements valued at \$185,966 on the books. Detailed information regarding capital asset activity is included in the notes to the basic financial statements (Note 5).

Debt

At June 30, 2007, the School had a balance of \$130,000 on a line of credit payable and \$1,310,392 on a promissory note, an increase of \$63,510 over the prior year. Other loans had scheduled payments which reduced the outstanding amount. Note 10 to the basic financial statements summarizes the School's long-term liabilities.

Current Financial Issues

The future financial stability of the School is not without challenges. The major challenge is the state economy. The School does not receive any funds from taxes. The primary source of funding is the state foundation program. An economic slowdown in the state could result in budgetary cuts to education, which would have a negative impact on the School. Based upon Ohio legislation signed into law in mid-2009 regarding school closure rules, the School will be terminating operations at the end of the 2009-2010 school year.

Contacting the School

This financial report is designed to provide our citizens with a general overview of the School's finances and to show the School's accountability for the money it receives. If you have questions regarding this report or need additional information contact: Doug Mangen, Treasurer at 1812 Central Parkway, Cincinnati, Ohio 45214.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2007

1. DESCRIPTION OF THE SCHOOL AND REPORTING ENTITY

W.E.B. Dubois Academy, Hamilton County, Ohio (the School), is a nonprofit corporation established pursuant to Ohio Revised Code Chapters 3314 and 1702 to provide an appropriate education facility and program for all age groups and to provide instruction in courses which meet general educational requirements compatible with and approved by the State of Ohio. The School, which is part of the State's education program, is independent of any school district and is nonsectarian in its programs, admissions policies, employment practices, and all other operations. The School may sue and be sued, acquire facilities as needed, and contract for any necessary services necessary for the operation of the School.

The School was approved for operation under contract with the Ohio Department of Education (the Sponsor) for a period of five years commencing July 1, 2000. The Sponsor is responsible for evaluating the performance of the School and has the authority to deny renewal of the contract at its expiration or terminate the contract prior to its expiration. The School entered into a new sponsor agreement for the period July 1, 2005 through June 30, 2010 with The Thomas B. Fordham Foundation.

The charter agreement with the sponsor required the School to develop a nonprofit corporation. Equal Playing Field Corporation was incorporated under Chapter 1702 of the Ohio Revised Code on August 23, 1999, as the not for profit corporate board of W.E.B. DuBois Academy (See Note 15 regarding the School's Federal tax status). Equal Playing Field meets once a year to reappoint the Board of Trustees of the School and to give them authority to make all decisions for the School. During fiscal year 2007, the School entered into contracts, signed agreements, issued debt, and conducted business under the name of Equal Playing Field. Two of the board members for Equal Playing Field are also board members of the School.

The fiscal operations of the School are under the direction of a seven member Board of Trustees. The Board is responsible for formulating policies regarding fiscal operations and monitoring the expense of funds. The District contracted with Mangen & Associates to provide Treasurer services.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the School have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental nonprofit organizations. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The School also applies Financial Accounting Standards Board (FASB) statements and interpretations issued on or before November 30, 1989, provided they do not conflict with or contradict GASB pronouncements. The School has elected not to apply FASB statement and interpretations issued after November 30, 1989. The more significant of the School's accounting policies are described below.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2007 (Continued)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

A. Basis of Presentation

Enterprise accounting is used to track and report the School's financial activities. Enterprise accounting is used to account for operations that are financed in a manner similar to private business enterprises where the intent is that the cost (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges or where it has been decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

B. Measurement Focus and Basis of Accounting

Enterprise accounting uses a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities are included on the Statement of Net Assets. The Statement of Changes in Net Assets present increases and decreases in net total assets. The Statement of Cash Flows provides information about how the School finances and meets the cash flow needs of its enterprise activities.

Basis of accounting determines when transactions are recognized in the accounts and reported in the financial statements. The School's financial statements are prepared using the accrual basis of accounting. Revenues are recognized when they are earned and expenses are recognized when they are incurred.

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place.

Non-exchange transactions, in which the School receives value without directly giving equal value in return, include grants, entitlements and donations. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted, matching requirements, in which the School must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the School on a reimbursement basis.

Expenses are recognized at the time they are incurred.

C. Budgetary Process

Unlike other public schools located in the State of Ohio, community schools are not required to follow the budgetary provisions set forth in Ohio Revised Code Chapter 5705, unless specifically provided in the School's contract with its Sponsor. The contract between the School and its Sponsor does not prescribe a budgetary process for the School.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2007 (Continued)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Cash and Deposits

All monies received by the School are accounted for by the School's Treasurer. For cash management, all cash received by the Treasurer is deposited within various different bank accounts.

The School had no investments during the fiscal year.

E. Capital Assets and Depreciation

Fiscal assets are capitalized at cost and updated for additions and retirements during the fiscal year. Donated capital assets are recorded at their fair market values as of the dates received. The School maintains a capitalization threshold of five hundred dollars. The School does not possess any infrastructure. Improvements are capitalized, the cost of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized.

Depreciation of furniture and equipment is computed using the straight line method over an estimated useful live of five years. Leasehold improvements to capital assets are depreciated over the remaining useful life or five years of the related capital assets. Depreciation of building is computed using the straight line method over an estimated useful life of thirty years.

F. Intergovernmental Revenues

The School currently participates in the State Foundation Program. Revenues received from this program are recognized as operating revenues in the accounting period in which all eligibility requirements are met.

Grants and entitlements are recognized as non-operating revenues in the accounting period in which all eligibility requirements have been met.

Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year use is first permitted, matching requirements, in which the School must provide local resources to be used for a specified purpose, and expenditures requirements, in which the resources are provided to the School on a reimbursement basis.

G. Net Assets

Net assets represent the difference between assets and liabilities. Assets, net of related debt, consist of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction, or improvement of those assets.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2007 (Continued)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

H. Operating Revenues and Expenses

Operating revenues are those revenues generated directly from the primary activities. For the School, these revenues are primarily foundation payments. Operating expenses are the necessary costs incurred to provide the goods or services that occur in carrying out the primary activity of the School. Revenues and expenses not meeting this definition are reported as non-operating.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

J. Accrued Liabilities Payable

The School has recognized certain liabilities on its Statement of Net Assets relating to expenses, which are due but unpaid as of June 30, 2007, including:

Accounts Payable – payment for goods and services received by the School.

<u>Intergovernmental Payable</u> – payment for funding adjustments by the Ohio Department of Education

3. DEPOSITS

Custodial credit risk is the risk that in the event of bank failure, the government's deposits may not be returned to it. Protection of School cash and deposits is provided by the federal deposit insurance corporation as well as qualified securities pledged by the institution holding the assets. By law, financial institutions must collateralize all public deposits. The face value of the pooled collateral must equal at least 105 percent of public funds deposited. Collateral is held by trustees including the Federal Reserve Bank and designated third party trustees of the financial institutions.

The School had no deposit policy for custodial risk beyond the requirements of State statute. Ohio law requires that deposits be either insured or be protected by eligible securities pledged to and deposited either with the School or a qualified trustee by the financial institution as security for repayment or by a collateral pool of eligible securities deposited with a qualified trustee and pledged to secure the repayments of all public monies deposited in the financial institution whose market value at all times shall be at least one hundred and five percent of the deposits being secured.

At fiscal year end, the carrying amount of the School's deposits was \$67,072 and the bank balance was \$113,628. Of the bank balance, \$100,000 was covered by federal depository insurance and \$13,628 was exposed to custodial credit risk because it was uninsured and uncollateralized.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2007 (Continued)

4. RECEIVABLES

Receivables at June 30, 2007, consisted of accounts receivable in the amount of \$134,379 and intergovernmental receivables (federal grants) of \$29,652. All intergovernmental receivables are considered collectible in full, due to the stable condition of State programs, and the current year guarantee of federal funds.

5. CAPITAL ASSETS

A summary of the School's capital assets at June 30, 2007, follows:

	Balance 6/30/06	A	Additions	Deletions	Balance 6/30/07
Capital Assets being depreciated	0,00,00	•		20.0	0,00,0.
Buildings	\$ 629,061	\$	0		\$ 629,061
Leasehold Improvements	1,286,151	·	185,966		1,472,117
Furniture and Equipment	115,181		3,156		118,337
Vehicles	93,142		0		<u>93,142</u>
Total Capital Assets, Being Depreciated	2,123,535		189,122		2,312,657
Less: Accumulated Depreciation					
Buildings	6,990		20,969		27,959
Leasehold Improvements	709,196		182,529		891,725
Furniture and Equipment	71,281		17,519		88,800
Vehicles	<u>27,080</u>		18,628		45,708
Total Accumulated Depreciation	814,547		239,645		1,054,192
Capital Assets, Net	\$ <u>1,308,988</u>	\$	(50,523	<u>)</u>	\$ <u>1,258,465</u>

6. RISK MANAGEMENT

A. Property and Liability

The School is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. For fiscal year 2007, the School contracted with Monroe Guaranty Insurance Company for property insurance. There is a \$500 deductible with a \$100,000 limit. General liability coverage has a \$1,000,000 single occurrence limit and \$2,000,000 aggregate and no deductible.

Employee dishonesty is protected by Monroe Guaranty Insurance Company with a \$50,000 blanket bond.

B. Worker's Compensation

The School pays the State Worker's Compensation System a premium for employee injury coverage. The premium is calculated by multiplying the annual total gross payroll by a factor determined by the State.

C. Employee Medical and Dental Benefits

The School carries medical and dental insurance for all employees of the School.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2007 (Continued)

7. DEFINED BENEFIT PENSION PLANS

A. School Employees Retirement System

The School contributes to the School Employees Retirement System of Ohio (SERS), a cost sharing multiple employer defined benefit pension plan. SERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Chapter 3309 of the Ohio Revised Code. SERS issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to School Employees Retirement System, 300 East Broad Street, Suite 100 Columbus, Ohio 43215-3476 or by calling (614) 222-5853.

Plan members are required to contribute 10 percent of their annual covered salary and the School is required to contribute at an actuarially determined rate. The current School rate is 14 percent of annual covered payroll. A portion of the School's contribution is used to fund pension obligations with the remainder being used to fund health care benefits. For fiscal year 2007, 10.58 percent of annual covered salary was the portion used to fund pension obligations. The contribution requirements of plan members and employees are established and may be amended, up to a statutory maximum amount, by the SERS' Retirement Board. The School's required contribution for pension obligations to SERS for the years ending June 30, 2007, 2006 and 2005 were \$42,028, \$73,564 and \$59,355 respectively, equal to the required contributions for each year.

B. State Teachers Retirement System

The School participates in the State Teachers Retirement System of Ohio (STRS), a cost sharing multiple employer public employee retirement system. STRS provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS issues a stand-alone financial report that may be obtained by writing to State Teachers Retirement System, 275 East Broad Street, Columbus, Ohio 43215-3771 or by calling (614) 227-4090

New members have a choice of three retirement plans, a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. The DB plan offers an annual retirement allowance based on final average salary times a percentage that varies based on years of service, or an allowance based on member contributions and earned interest matched by STRS funds times an actuarially determined annuity factor. The DC Plan allows members to place all their member contributions and employer contributions equal to 10.5 percent of earned compensation into an investment account. Investment decisions are made by the member. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The Combined Plan offers features of both the DC Plan and the DB Plan. In the Combined Plan, member contributions are invested by the member, and the employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan.

DC and Combined Plan members will transfer to the DB Plan during their fifth year of membership unless they permanently select the DC or Combined Plan.

Existing members with less than five years of service credit as of June 30, 2001, were given the option of making a one time, irrevocable decision to transfer their account balances from the existing DB Plan into the DC or Combined Plan. This option expired on December 31, 2001. Benefits are established by Chapter 3307 of the Ohio Revised Code.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2007 (Continued)

7. DEFINED BENEFIT PENSION PLANS (Continued)

For the fiscal year ended June 30, 2007, plan members were required to contribute 10 percent of their annual covered salary. The School was required to contribute 14 percent; 13 percent was the portion used to fund pension obligations. Contribution rates are established by State Teachers Retirement Board, upon recommendation of its consulting actuary, not to exceed statutory maximum rates of 10 percent for members and 14 percent for employers.

The School's required contribution for pension obligations to STRS for the years ending June 30, 2007, 2006 and 2005 were \$131,549, \$229,037 and \$138,516 respectively, equal to the required contributions for each year.

8. POSTEMPLOYMENT BENEFITS

The School provides comprehensive health care benefits to retired teachers and their dependents through the State Teachers Retirement System (STRS), and to retired non-certified employees and their dependents through the School Employees Retirement System (SERS). Benefits include hospitalization, physicians' fees, prescription drugs, and partial reimbursement of monthly Medicare premiums. Benefit provisions and the obligations to contribute are established by the Systems based on authority granted by State statute. Both systems are funded on a pay-as-you-go basis.

The State Teachers Retirement Board has statutory authority over how much, if any, of the health care costs will be absorbed by STRS. Most benefit recipients pay a portion of the health care cost in the form of a monthly premium. By Ohio law, the cost of coverage paid from STRS funds shall be included in the employer contribution rate. The board currently allocates employer contributions equal to 1% of covered payroll to the Health Care Reserve Fund from which payments for health care benefits are paid. At June 30, 2006 (the latest information available), the balance in the Fund was \$3.5 billion. For the year ended June 30, 2006, net health care costs paid by STRS were \$282,743,000 and eligible benefit recipients totaled 119,184.

For SERS, coverage is made available to service retirees with ten or more fiscal years of qualifying service credit, disability, and survivor benefit recipients. Members retiring on or after August 1, 1989, with less than twenty-five years of service credit must pay a portion of their premium for health care. The portion is based on years of service up to a maximum of 75 percent of the premium. The Board currently allocates employer contributions equal to 3.32% of covered payroll to fund health care benefits. In addition, SERS levies a surcharge to fund health care benefits equal to 14 percent of the difference between a minimum pay and the member's pay, pro-rated for partial service credit. For fiscal year 2007, the minimum pay has been established at \$135,800. The surcharge, added to the unallocated portion of the 14 percent employer contribution rate, provides for maintenance of the asset target level for the healthcare fund. The target level for the healthcare reserve is 150 percent of the projected claims less premium contributions for the next fiscal year.

Expenses for healthcare at June 30, 2006 were \$158,751,207. At June 30, 2006, SERS had net assets available for payments for health care benefits of \$295.6 million. SERS has 59,492 participants eligible to receive benefits.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2007 (Continued)

9. OTHER EMPLOYEE BENEFITS

Insurance Benefits

The School has contracted with a private carrier to provide employee health insurance. The School paid 100% of the monthly premium for fiscal year 2005, the total monthly premium was \$780 for family coverage and \$260 for single coverage.

The School provides life insurance to all employees through a private carrier. Coverage in the amount of \$15,000 is provided to all employees.

10. NON-CURRENT LIABILITIES

Debt Obligations

The School held the following debt during the fiscal year:

PNC Bank Line of Credit with a limit of \$290,000 dated August 18, 2003 and expiring on September 1, 2008. The interest rate on the line of credit is variable at the prime rate and payable in monthly installments of \$2,417 plus accrued interest. The balance at June 30, 2007 is \$177,400.

PNC Bus Loan in the amount of \$78,357 dated May 23, 2005 and expiring June 1, 2010. The interest rate on the bus loan is fixed at 6.875% and payable in monthly installments of \$1,553 including accrued interest. The balance at June 30, 2007 is \$50,318.

PNC Loan in the amount of \$250,000 dated August 17, 2006 and expiring August 16, 2007. The interest rate on the line of credit is variable at the prime rate.

The Hubert Family Foundation provided a promissory note in the amount of \$1,700,000 dated February 28, 2006. The School borrowed \$183,510 during the fiscal year bringing the total borrowing to \$1,455,392. A monthly payment of \$10,000 is required and the balance at June 30, 2007 is \$1,310,392.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2007 (Continued)

11. CAPITAL LEASE

The School has a ten year lease with Knowlton Terminals, Inc. for building space at 1905 Elm Street to be used for educational and administrative purposes. The lease includes a purchase option which must be exercised not less than six months prior to the end of the lease on July 13, 2013. In fiscal year 2007, there were lease obligations of \$48,000, and additional fees of \$3,786. The School paid \$29,825; the Cincinnati Speech & Reading Intervention Center, with whom the School has a service agreement, paid \$21,961 because it had partial use of the facility during fiscal year 2007.

12. CONTINGENCIES

A. Grants

The School received financial assistance from federal and state agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the general fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall position of the School at June 30, 2007.

B. State Funding

The Ohio Department of Education conducts reviews of enrollment data and FTE calculations made by schools. These reviews are conducted to ensure the schools are reporting accurate student enrollment data to the State upon which state foundation funding is calculated. The results of this review could result in state funding being adjusted.

13. PURCHASED SERVICES

For the year ended June 30, 2007, purchased service expenses were payments for services rendered by various vendors as follows:

Professional and Technical Services	\$ 188,823
Property Services	110,019
Communications	11,903
Utilities	53,215
Pupil Transportation	11,397
Miscellaneous	132,380
Total Purchased Services	\$ 507,737

14. CONTRACTED SERVICES

The School is a party to service agreements with Veritas/Cesar Chavez Academy and Cincinnati Speech & Reading Intervention Center, wherein the School provides for administrative services at a cost of \$85 per student per month. The provision of fiscal services, including treasurer services is included in this administrative fee.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2007 (Continued)

15. TAX EXEMPT STATUS

The School has obtained its § 501(c)(3) tax exempt status under the name of Equal Playing Field Corporation. Management is not aware of any course of action or series of events that might adversely affect the School's tax exempt status.

16. SUBSEQUENT EVENTS

On August 25, 2009, the Ohio Department of Education made the determination that the School would terminate operations as of June 30, 2010 due to poor academic performance as defined in section 3314.35 of the Ohio Revised Code.

17. MANAGEMENT PLAN FOR NEGATIVE NET ASSETS

The financial plan for recovering from the negative net asset position is to restrict spending for administration and operating expenses to a level below 20% of core operating expenses.

18. NONCOMPLIANCE

Contrary to Ohio law, available data was not sufficient to prove that students were withdrawn from school once the student had missed 105 consecutive hours of school without a legitimate excuse. This resulted in the School being overfunded for certain students and Findings for Recovery were issued for the overfunded amount.

The Cincinnati Speech and Reading Intervention Center made payments on behalf of WEB Dubois to two outside vendors based upon verbal agreements (as opposed to written agreements) to support the WEB lease payments.

Mary Taylor, CPA Auditor of State

INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

WEB DuBois Academy Hamilton County 1812 Central Parkway Cincinnati, Ohio 45214

To the Board of Directors:

We have audited the financial statements of the WEB DuBois Academy, Hamilton County, Ohio (the School), as of and for the year ended June 30, 2007, and have issued our report thereon dated April 29, 2010, wherein we noted the School incurred an operating loss and negative net asset balance. Additionally, it was noted that the School has unpaid audit fees and has an independence impairment regarding these fees. We also noted the School will permanently close and their contract will be terminated on June 30, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the School's internal control over financial reporting as a basis for designing our audit procedures for expressing our opinion on the financial statements, but not to opine on the effectiveness of the School's internal control over financial reporting. Accordingly, we have not opined on the effectiveness of the School's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. However, as discussed below, we identified certain deficiencies in internal control over financial reporting that we consider significant deficiencies.

A control deficiency exists when the design or operation of a control does not allow management or employees, in performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the School's ability to initiate, authorize, record, process, or report financial data reliably in accordance with its applicable accounting basis, such that there is more than a remote likelihood that the School's internal control will not prevent or detect a more-than-inconsequential financial statement misstatement.

We consider finding 2007-002 described in the accompanying schedule of findings to be a significant deficiency in internal control over financial reporting.

WEB DuBois Academy
Hamilton County
Independent Accountants' Report on Internal Control Over
Financial Reporting and on Compliance and Other Matters
Required by Government Auditing Standards
Page 2

A material weakness is a significant deficiency, or combination of significant deficiencies resulting in more than a remote likelihood that the School's internal control will not prevent or detect a material financial statement misstatement.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies and accordingly, would not necessarily disclose all significant deficiencies that are also material weaknesses. Of the significant deficiency described above, we believe finding number 2007-002 is also a material weakness.

We also noted certain internal control matters that we reported to the School's management in a separate letter dated April 29, 2010.

Compliance and Other Matters

As part of reasonably assuring whether the School's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed instances of noncompliance or other matters that we must report under *Government Auditing Standards* which are described in the accompanying schedule of findings as items 2007-001 and 2007-003.

We also noted certain noncompliance or other matters not requiring inclusion in this report that we reported to the School's management in a separate letter dated April 29, 2010.

The School's responses to the findings identified in our audit are described in the accompanying schedule of findings. We did not audit the School's responses and, accordingly, we express no opinion on them.

We intend this report solely for the information and use of management, the Board of Directors, and the School's sponsor. We intend it for no one other than these specified parties.

Mary Taylor, CPA Auditor of State

April 29, 2010

SCHEDULE OF FINDINGS JUNE 30, 2007

FINDINGS RELATED TO THE FINANCIAL STATEMENTS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS

FINDING NUMBER 2007-001

Finding for Recovery

Ohio Rev. Code, Section 3314.03(A)(6)(b), requires that the governing authority adopt an attendance policy that includes a procedure for automatically withdrawing a student from the school if the student without a legitimate excuse fails to participate in 105 consecutive hours of the learning opportunities offered to the student. During the 2006-2007 school year, the School offered 5.11 hours of instruction per day; therefore, a student could not have missed more than 21 consecutive non-excused days before being considered withdrawn from the school.

School management is responsible for accurately entering and maintaining student information in the CSADM database. The student files maintained by the School should substantiate the date a student withdraws from the School. When a student withdraws from the School the student file should be updated with a withdrawal form to support the withdrawal date. Because information was not provided for audit, additional procedures were performed over student attendance and the following exceptions were noted:

- No enrollment forms were presented for audit specifically enrolling students in WEB DuBois Academy for three of the 40 students (8%) tested; however, for two of the three exceptions, we did find enrollment forms indicating student enrollment in either Cincinnati Speech and Reading Intervention Center or Veritas Cesar Chavez Academy (related schools).
- For the 13 students who were withdrawn during the school year, no student withdrawal form(s) were presented for audit for 12 of the 13 students (92%).
- Student files were incomplete. For four of the 40 student files (10%) tested a copy of the student's birth certificate and/or social security card were not on file.

While the School's available student attendance records were incomplete, we expanded our testing and performed alternative procedures. We determined 17 students reflected on the CSADM Report submitted to ODE for funding should have been withdrawn from the School, and funding from ODE should have ceased prior to the date reflected on the CSADM report.

Of the 17 students identified:

- Four students should have been withdrawn six months earlier;
- Seven students should have been withdrawn three to four months earlier;
- One student should have been withdrawn one month earlier; and
- Five students should have been withdrawn one week earlier.

For the 17 students deemed to be overfunded, the number of days overfunded ranged from six days to 149 days. The total number of days overfunded for all students combined totaled 1,221 days.

WEB DuBois Academy Hamilton County Schedule of Findings Page 2

FINDING NUMBER 2007-001 (Continued)

For fiscal year 2007, ODE provided a base amount and a cost of doing business factor for weighted foundation amount for each student in attendance at the School totaling \$5,585.88. We divided the ODE funding amount by the maximum 920 hours of learning opportunities eligible for funding times 5.11 hours of instruction provided per day to arrive at a daily FTE unit rate per student of \$31.03. We multiplied the combined unallowable 1,221 days by the daily FTE unit rate of \$31.03 (\$5,585.88/920 hours * 5.11 hours per day = \$31.03) to calculate ODE's overpayment to the School of \$37,887.63 (\$31.03*1,221 days = \$37,887.63).

In accordance with the foregoing facts, and pursuant to Ohio Rev. Code Section 117.28, a finding for recovery for public money illegally expended is hereby issued against WEB DuBois Academy for public money illegally expended in the amount of \$37,887 and in favor of the Ohio Department of Education.

Of the 17 students indicated above the School improperly received base foundation funding totaling \$37,887. Due to the complex nature of calculating the special education foundation payment amount, we will refer the calculation of the special education overpayment amount to ODE for calculation.

Officials' Response:

After being notified by the Auditors, the School established additional control procedures to monitor the CSADM/SOES database and to ensure students are withdrawn after 105 consecutive hours of absences from the School.

FINDING NUMBER 2007-002

Material Weakness

When designing the public office's system of internal control and the specific control activities, management should consider ensuring that accounting records are properly designed, verifying the existence and valuation of assets and liabilities and periodically reconcile them to the accounting records, and performing analytical procedures to determine the reasonableness of financial data.

Audit adjustments have been posted to the School's financial records and are reflected in the accompanying financial statements to properly reflect the receipts, disbursements, assets and liabilities of the School. As a result, the records maintained by the School were not an accurate reflection of all moneys received and expended by the School. The following exceptions were noted:

- A \$15,520.50 food service receipt that was received in June 2007 and was not recorded on the books until June 2008.
- Accounts Receivable and Charges for Services revenue were understated by \$134,379 from unrecorded service agreement activity from Cincinnati Speech and Reading Intervention Center and Veritas Cesar Chavez Academy, two related community schools.
- Intergovernmental Payable was understated and State Foundation revenue overstated by \$102,500 from unrecorded full-time-equivalent adjustments by the Ohio Department of Education.

Failure to accurately prepare and reconcile the accounting records 1) reduces the accountability over School funds, 2) reduces the Board of Directors' ability to monitor financial activity and make informed financial decisions, 3) increases the likelihood that moneys will be misappropriated and not detected, and 4) increases the likelihood that the financial statements will be misstated.

We recommend the School accurately maintain the accounting records and adopt procedures to properly monitor the School's financial activity.

WEB DuBois Academy Hamilton County Schedule of Findings Page 3

FINDING NUMBER 2007-002 (Continued)

Officials' Response:

An additional review process was implemented by the School to ensure all future transactions are appropriately posted.

FINDING NUMBER 2007-003

Noncompliance

The Equal Playing Field Corporation, doing business as WEB DuBois Academy (the School), entered a ten year lease with Knowlton Terminals, Inc. for the use of a facility located at 1905 Elm Street. The lease contains a lease-purchase option and is in effect for the period August 1, 2003 through July 13, 2013.

The lease agreement between Equal Playing Field Corporation doing business as WEB DuBois Academy ("Lessee") and Knowlton Terminals, Inc. ("Lessor") Article 13 Assignment or Subletting states that "Lessee shall not voluntarily or by operation of law assign, transfer, mortgage, sublet or otherwise transfer or encumber all or any part of Lessee's interest in this Lease or in the Demised Premises without the prior written consent of the Lessor, not to be unreasonably withheld."

For fiscal year 2007, there was a service agreement between the School and Cincinnati Speech and Reading Intervention. The service agreement between Cincinnati Speech and Reading Intervention Center (CSR) and WEB DuBois Academy (WEB) Clause #3 Facility Services states that "WEB shall provide facilities, utilities (including heating, air conditioning, electric, gas, water/sewer, etc.) necessary for CSR to operate the CSR model of instruction at a flat rate of \$7,816 per month."

For fiscal year 2007, the School violated its lease agreement by subletting the facility to the Cincinnati Speech and Reading Intervention Center, a related community school.

Failure to adhere to the terms of the lease agreement could result in a termination of the lease agreement and the purchase option available to the School. We recommend that the School terminate the subletting of the lease facility to the related community school, and use the facility only within the confines of the lease agreement with Knowlton Terminals, Inc. or amend the lease accordingly.

In addition, during fiscal year 2007, neither School abided by the terms of the lease and service agreement. CSR did not make all of their monthly payments to WEB DuBois and CSR made lease payments to Knowlton Terminals, Inc totaling \$21,961 on behalf of WEB DuBois Academy. We recommend that the School follow its service agreement to avoid paying for the same services more than once or modify the service agreement.

Officials' Response:

An additional review process was implemented by the School to ensure all future lease and services agreements are written in a manner consistent with the intent of both parties.
