INDEPENDENT AUDITOR'S REPORT

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Anna Local School District (the "District"), Shelby County, Ohio, as of and for the years ended June 30, 2010 and June 30, 2009, which collectively comprise the District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the District's management. Our responsibility is to express opinions on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audits provide a reasonable basis for our opinions.

Ohio Administrative Code §117-2-03(B) requires the District to prepare its annual financial report in accordance with accounting principles generally accepted in the United States of America. However, as discussed in Note 2, the accompanying financial statements and notes follow the modified cash basis of accounting. This is a comprehensive basis of accounting other than generally accepted accounting principles. The accompanying financial statements and notes omit assets, liabilities, fund equities, and disclosures that, while material, we cannot determine at this time.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective modified cash financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Anna Local School District, Shelby County, Ohio, as of June 30, 2010 and June 30, 2009, and the respective changes in modified cash basis financial position and the respective budgetary comparisons for the General Fund, thereof for the years then ended in conformity with the basis of accounting Note 2 describes.

In accordance with *Government Auditing Standards* we have also issued our report dated November 30, 2010, on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance, and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The management's discussion and analysis on pages 3 through 10 is not a required part of the basic financial statements but is supplementary information the Governmental Accounting Standards Board requires. We have applied certain limited procedures, consisting principally of inquiries of management regarding the methods of measuring and presenting the required supplementary information. However, we did not audit the information and express no opinion on it.

Management's Discussion and Analysis
For the Fiscal Years Ended June 30, 2010 and June 30, 2009

This discussion and analysis of the Anna Local School District's (the "District") financial performance provides an overall review of the District's financial activities for the fiscal years ended June 30, 2009, and June 30, 2010, within the limitations of the District's modified cash basis accounting. Readers should also review the basic financial statements and notes to enhance their understanding of the District's financial performance.

Highlights

Key highlights for fiscal year 2010 are as follows:

Net assets of governmental activities decreased \$436,278, or 7 percent.

The District's receipts are primarily property and income taxes and intergovernmental receipts and contributions, which accounted for about 82 percent of the total cash received during fiscal year 2010 of \$11,170,322. Program specific receipts in the form of charges for services and sales, and operating grants and contributions and capital grants and contributions accounted for \$1,722,606 or 15 percent of total revenues for fiscal year 2010. The other 3 percent of receipts was made up of investment earnings and miscellaneous receipts.

Using the Basic Financial Statements

This annual report is presented in a format consistent with the presentation requirements of Governmental Accounting Standards Board Statement No. 34, as applicable to the District's modified cash basis of accounting.

Report Components

The statement of net assets and the statement of activities provide information about the cash activities of the District as a whole.

Fund financial statements provide a greater level of detail. Funds are created and maintained on the financial records of the District as a way to segregate money whose use is restricted to a particular specified purpose. These statements present financial information by fund, presenting funds with the largest balances or most activity in separate columns.

The notes to the financial statements are an integral part of the government-wide and fund financial statements and provide expanded explanation and detail regarding the information reported in the statements.

Basis of Accounting

The basis of accounting is a set of guidelines that determine when financial events are recorded. The District has elected to present its financial statements on a modified cash basis of accounting. This basis of accounting is a basis of accounting other than generally accepted accounting principles. Under the District's modified cash basis of accounting, receipts and disbursements are recorded when cash is received or paid.

Anna Local School District
Shelby County
Management's Discussion and Analysis
For the Fiscal Years Ended June 30, 2010 and June 30, 2009

As a result of using the modified cash basis of accounting, certain assets and their related revenues (such as accounts receivable) and certain liabilities and their related expenses (such as accounts payable) are not recorded in the financial statements. Therefore, when reviewing the financial information and discussion within this report, the reader must keep in mind the limitations resulting from the use of the cash basis of accounting.

Reporting the District as a Whole

The statement of net assets and the statement of activities reflect how the District did financially during the fiscal year, within the limitations of modified cash basis accounting. The statement of net assets presents the cash balances of the District at fiscal year-end. The statement of activities compares cash disbursements with program receipts for the District's programs. Program receipts include charges paid by the recipient of the program's goods or services and grants and contributions restricted to meeting the operational and capital requirements of the program.

These statements report the District's cash position and the changes in cash position. Keeping in mind the limitations of the modified cash basis of accounting, you can think of these changes as one way to measure the District's financial health. Over time, increases or decreases in the District's cash position are indicators of whether the District's financial health is improving or deteriorating. When evaluating the District's financial condition, you should also consider other non-financial factors as well such as the condition of the District's capital assets and the reliance on non-local financial resources for operations.

Reporting the District's Most Significant Funds

Fund financial statements provide detailed information about the District's major funds – not the District as a whole. The District establishes separate funds to better manage its activities and to help demonstrate that restricted money is being spent for the intended purpose. The fund financial statements provide a detailed view of the District's operations and the basic services it provides. Fund information helps determine whether there are more or less financial resources that can be spent to finance the District's activities. The District's significant funds are presented on the financial statements in separate columns. The information for non-major funds (funds whose activity or balances are not large enough to warrant separate reporting) is combined and presented in total in a single column. The District's major funds are the General Fund and the Bond Retirement Fund.

As mentioned previously, net assets of governmental activities decreased \$436,278, or 7 percent during fiscal year 2010. The primary reason for the decrease in cash balances was a reduction in state funding and lower income tax receipts.

Table 2 reflects the changes in net assets in fiscal year 2010 and 2009, along with a comparative analysis of the changes in net assets for fiscal year 2008.

Management's Discussion and Analysis
For the Fiscal Years Ended June 30, 2010 and June 30, 2009

Unrestricted intergovernmental grants and contributions accounted for about 53 percent of the total cash received in fiscal year 2010. Property and income taxes accounted for 29 percent of the District's receipts in fiscal year 2010. Property tax receipts are decreasing due to the phasing out of the tangible personal property tax, which was completely phased out in 2009. Income tax receipts decreased due to the sluggish economy. Program specific revenues in the form of charges for services, operating grants and contributions accounted for \$1,678,822 or 15 percent of total receipts in fiscal year 2010. Operating grants and contributions decreased 10 percent from fiscal year 2009. The receipt of additional federal grants as part of the American Recovery and Reinvestment Act could not replace other lost program-specific funding. The remaining 3 percent of receipts in fiscal year 2010 was made up of investment earnings and miscellaneous receipts.

Instruction accounted for approximately 56 percent of total cash disbursements for fiscal year 2010, with regular instruction comprising 43 percent of total disbursements. Support services accounted for 19 percent of disbursements during fiscal year 2010. Operation and maintenance of plant and pupil transportation comprised 13 percent of disbursements.

If you look at the Statement of Activities on page 12, you will see that the first column lists the major activities of the District. The next column identifies the costs of providing these services. The next three columns of the Statement entitled Program Cash Receipts identify, in general, the source of the receipts. The amounts are either paid by people who are directly charged for the service or grants and contributions received by the District that must be used to provide a specific service. A comparison between the total cost of services and the net cost is presented in Table 3. That is, it identifies the cost of these services supported by property taxes, unrestricted State entitlements and investment earnings.

Charges for services and sales, and operating grants and contributions and capital grants and contributions of about 15 percent of total cash receipts were received and used to fund the expenses of the District during fiscal year 2010. The remaining 85 percent of cash receipts were from property and income taxes, unrestricted State entitlements, investment earnings and miscellaneous receipts. The District relies on these receipts to furnish the services it provides to students.

The District's Funds

All funds of the District are governmental funds. Total funds cash receipts were \$11,170,322 and total fund disbursements were \$11,606,600 for fiscal year 2010. Total funds cash receipts were \$12,163,293 and total disbursements were \$11,961,901 for fiscal year 2009. The greatest change within the funds for fiscal year 2010 occurred in the General Fund which had a decrease of \$731,330 in fund balance due to the elimination of tangible personal property taxes, lower school district income taxes and less state support. The greatest change within the fund balance for fiscal year 2009 was in the Bond Retirement Debt Service Fund which had an increase of \$249,748 due to collecting 4 mills on higher than expected valuation and the State's hold harmless payment. The millage for the Debt Service Fund has been reduced to .5.

A portion of the 1998 bonds were advance refunded during fiscal year 2007. During fiscal year 2009, the remaining \$270,000 of the 1998 bonds was retired and \$120,000 of the 2007 refunding bonds was retired. During fiscal year 2010, \$235,000 of the bonds was retired. Current Issues

The Anna Local School District continues to benefit from taxpayer and community support as evidenced by the renewal in 2009 of the 4 mill 5 year operating levy first passed in 2000 and a 1.5 mill 5 year permanent improvement levy passed in 2001 and renewed in 2006. An additional .75 percent traditional income tax for a continuing time period was on the ballot and passed voter approval in August 2010. Residents of the District enjoy tax rates that are among the lowest in the area while the District maintains its excellent school report card history-achieving excellent with distinction in 2010.

Energetic and motivated volunteer organizations provide significant benefits to District staff, students, and facilities. The District enjoys respectful relations between the highly professional and mature staff and competent and seasoned administration. A three-year negotiated agreement with the Anna Local Teachers Association expired June 30, 2010 and was extended with a zero percent base raise through June 30, 2011.

District administrators are always concerned with State funding formulas. The current PASS formula is only partially funded and a change in the Governor's office may make the formula obsolete. Anna Schools has been especially and uniquely impacted by the elimination of tangible personal property tax.

School facilities are adequate and appropriately sized, however additional new housing in the District causes administrators to monitor and assess future needs.

The administration of the Anna Local School District continues to try to balance staff, student, and community interests within the restrictions of current law and resources available. The inherent tension between all constituent groups is currently well managed.

NOTE 1 – DESCRIPTION OF THE SCHOOL DISTRICT AND REPORTING ENTITY

Anna Local School District (the "District") is organized under Article VI, Sections 2 and 3 of the Constitution of the State of Ohio. The District operates under a locally-elected five-member Board form of government and provides educational services as mandated by state and federal agencies.

The District serves an area of approximately 70 square miles. It is located in Shelby County, and includes all of the Villages of Anna and Kettlersville and all or part of Van Buren, Dinsmore, Franklin, Turtle Creek, Salem and McLean Townships. It is staffed by 48 non-certified employees, 67 certified full-time teaching personnel, and six administrative employees who provide services to 1,265 students and other community members. The District currently operates two instructional buildings and one vocational agriculture building.

Reporting Entity

A reporting entity is comprised of the primary government, component units and other organizations that are included to ensure that the basic financial statements are not misleading. The primary government of the District consists of all funds, departments, boards and agencies that are not legally separate from the District. For Anna Local School District, this includes general operations, food service and student related activities of the District.

Component units are legally separate organizations for which the District is financially accountable, or for which the District is not financially accountable but the nature and significance of the District's relationship with the separate organization is such that it is required to be presented as a component unit. The District is financially accountable for an organization if the District appoints a voting majority of the organization's governing board and (1) the District is able to significantly influence the programs or services performed or provided by the organization or (2) the District is legally entitled to or can otherwise access the organization's resources; the District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the District in that the District approves the budget, the issuance of debt, or the levying of taxes. Organizations for which the District is not financially accountable are component units of the District if (1) economic resources received or held by the organization are entirely or almost entirely for the direct benefit of the District or its constituents, (2) the District is entitled to, or has the ability to otherwise access a majority of the economic resources received or held by the organization and (3) the economic resources received or held by the organization are significant to the District. Anna Local School District has no component units.

NOTE 1 – DESCRIPTION OF THE SCHOOL DISTRICT AND REPORTING ENTITY
(continued)

The District participates in four jointly governed organizations and three insurance purchasing pools. A jointly governed organization is governed by representatives from each of the governments that create the organizations, but there is no ongoing financial interest or responsibility on the part of the participating governments. An insurance purchasing pool is an organization formed by a group of governments to pool funds or resources to purchase commercial insurance policies. These organizations are discussed in Notes 12 and 13 to the basic financial statements. These organizations are:

Jointly Governed Organizations:

Western Ohio Computer Organization
Anna Local Schools Education Foundation
Southwestern Ohio Educational Purchasing Council
Southwestern Ohio Instructional Technology Association

Insurance Purchasing Pools:

Ohio School Boards Association Workers' Compensation Group Rating Plan
Shelby County Schools Consortium
Ohio School Insurance Program

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Although required by Ohio Administrative Code Section 117-2-03 (B) to prepare its annual financial report in accordance with generally accepted accounting principles, the District chooses to prepare its financial statements and notes in accordance with the cash basis of accounting.

This basis of accounting is similar to the cash receipts and disbursements basis. The District recognizes receipts when received in cash rather than when earned and recognizes disbursements when paid rather than when a liability is incurred.

Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved). Differences between disbursements reported in the fund and entity wide statements versus budgetary expenditures are due to encumbrances outstanding at the beginning and end of the fiscal year.

A. Fund Accounting

The District uses funds to maintain its financial records during the fiscal year. Fund accounting is designed to demonstrate legal compliance and to aid management by segregating transactions related to certain District functions or activities. A fund is a fiscal and accounting entity with a self-balancing set of accounts.

Shelby County
Notes to the Basic Financial Statements
For the Fiscal Years Ended June 30, 2010 and June 30, 2009

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

An emphasis is placed on major funds within the governmental and proprietary categories. A fund is considered major if it is the primary operating fund of the District or meets the following criteria:

1. Total assets, receipts or disbursements of that individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type, and
2. Total assets, receipts or disbursements of that individual governmental or enterprise fund are at least 5 percent of the corresponding total for all governmental and enterprise funds combined.

Governmental Fund Types - The District classifies funds financed primarily from taxes, intergovernmental receipts (e.g. grants) and other nonexchange transactions as governmental funds. The following are the District's major governmental funds:

General Fund - The General Fund is the operating fund of the District and is used to account for all financial resources except those required to be accounted for in another fund. The General Fund balance is available to the District for any purpose provided it is expended or transferred according to the general laws of Ohio.

Bond Retirement Fund - The Bond Retirement Fund accounts for property tax revenues and State exemption reimbursements collected for the payment of general obligation bonded debt.

The other governmental funds of the District account for grants and other resources whose use is restricted to a particular purpose.

Fiduciary Fund Type - Fiduciary funds account for cash and investments where the District is acting as trustee or fiscal agent for other entities or individuals. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds and agency funds. The District's only fiduciary funds are agency funds. Agency funds are custodial in nature and do not involve measurement of results of operations. The unreimbursed medical claims agency fund accounts for the pretax dollars that employees have taken out of their pay check to be used as needed for medical bills. The student managed activities agency fund accounts for those student activity programs which have student participation in the activity and have students involved in the management of the program. This fund typically includes those student activities which consist of a student body, student president, student treasurer, and faculty advisor.

B. Basis of Presentation

The District's basic financial statements consist of a government-wide statement of net assets and a statement of activities, and fund financial statements providing more detailed financial information.

Government-wide Financial Statement of Activities: This statement displays information about the District as a whole.

Anna Local School District
Shelby County
Notes to the Basic Financial Statements
For the Fiscal Years Ended June 30, 2010 and June 30, 2009

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

The government-wide statement of activities compares disbursements with program receipts for each function of the District's governmental activities. These disbursements are specifically associated with a service, program or department and are therefore clearly identifiable to a particular function. Program receipts include charges paid by the recipient of the program's goods or services and grants and contributions restricted to meeting the operational or capital requirements of a particular program. General receipts are all receipts not classified as program receipts, with certain limited exceptions. The comparison of direct disbursements with program receipts identifies the extent to which each governmental function is self-financing on the modified-cash basis or draws from the District's general receipts.

Fund Financial Statements: Fund financial statements report detailed information about the District. The focus of governmental fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column.

C. Cash, Cash Equivalents and Investments

The District pools cash from all funds for investment purposes. Interest in the pool is presented as "equity in pooled cash, cash equivalents and investments" on the financial statements.

The District values investments and cash equivalents at cost.

Following Ohio statutes, the Board of Education specified the funds to receive an allocation of interest earnings. Interest receipted into the General Fund during fiscal year 2009 was \$216,084 including \$121,168 assigned from other District funds. Interest receipted into the General Fund during fiscal year 2010 was \$160,415 including \$88,576 assigned from other District funds.

For presentation on the financial statements, investments with an original maturity of three months or less when purchased are deemed cash equivalents. Investments with an initial maturity of more than three months are reported as investments.

D. Inventory and Prepaid Items

On the cash-basis of accounting, inventories of supplies are reported as disbursements when purchased.

E. Capital Assets

Acquisitions of property, plant and equipment are recorded as disbursements when paid. The financial statements do not report these assets.

F. Compensated Absences

In certain circumstances, such as upon leaving employment, employees are entitled to cash payments for unused leave. Unpaid leave is not reflected as a liability under the District's modified-cash basis of accounting.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

G. Fund Balance Reserves

The District reserves those portions of fund equity which are legally segregated for a specific future use or which are not available for appropriation or expenditure. Fund equity reserves have been established for encumbrances and bus purchases. The reserve for bus purchases represents money required to be spent on buses.

H. Net Assets

Net assets are reported as restricted when enabling legislation or creditors, grantors or laws or regulations of other governments have imposed limitations on its use.

The District first applies restricted resources when a disbursement is incurred for purposes for which both restricted and unrestricted net assets are available.

I. Interfund Activity

Exchange transactions between funds are reported as receipts in the seller funds and as disbursements in the purchasing funds. Nonexchange flows of cash from one fund to another are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds. Repayments from funds responsible for particular disbursements to the funds that initially paid for them are not presented on the financial statements.

J. Budgetary Data

All funds, other than agency funds, are legally required to be budgeted and appropriated. The major documents prepared are the certificate of estimated resources and appropriation resolution, which are prepared on the budgetary basis of accounting. The certificate of estimated resources establishes a limit on the amounts that the Board of Education may appropriate. The appropriation resolution is the Board's authorization to spend resources and sets annual limits on expenditures plus encumbrances at a level of control selected by the Board. The legal level of control has been established by the Board of Education at the object level within the General Fund and at the fund level for all other funds. Any budgetary modifications at this level may only be made by resolution of the Board of Education.

The certificate of estimated resources may be amended during the fiscal year if projected increases or decreases in revenue are identified by the District Treasurer. The amounts reported as the original budgeted amounts in the budgetary statements reflect the amounts in the certificate when the original appropriations were adopted. The amounts reported as the final budgeted amounts in the budgetary statements reflect the amounts in the certificate that was in effect at the time final appropriations were passed by the Board.

The appropriation resolution is subject to amendment by the Board throughout the fiscal year with the restriction that appropriations may not exceed estimated revenues. The amounts reported as the original budgeted amounts reflect the first appropriation for that fund that covered the entire fiscal year, including amounts automatically carried over from prior years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by the Board during the fiscal year.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

K. Long-Term Debt

Under Ohio law, a debt service fund must be created and used for the payment of tax and receipt anticipation notes. Long-term debt arising from cash basis transactions of governmental funds is not reported as a liability in the fund financial statements. The debt proceeds are reported as other financing sources and payment of principal and interest reported as disbursements.

L. Intergovernmental Receipts

Unrestricted intergovernmental receipts received on the basis of entitlement are recorded as receipts when the entitlement is received. Federal and State reimbursement type grants for the acquisition or construction of capital assets in proprietary funds are recorded as receipts when the grant money is received.

M. Receipts, Disbursements, and Expenses

Program Receipts

In the statement of activities, receipts that are derived directly from each activity or from parties outside the District's taxpayers are reported as program receipts. The District has the following program receipts: charges for services and sales, operating and capital grants, and contributions.

All other governmental receipts are reported as general. All taxes are classified as general receipts even if restricted for a specific purpose.

NOTE 3 – DEPOSITS AND INVESTMENTS

State statutes classify monies held by the District into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the District Treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the Board of Education has identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories.

Anna Local School District
Shelby County
Notes to the Basic Financial Statements
For the Fiscal Years Ended June 30, 2010 and June 30, 2009

NOTE 3 – DEPOSITS AND INVESTMENTS (continued)

Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit, or by savings or deposit accounts including, but not limited to, passbook accounts.

Protection of the District's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, by surety company bonds deposited with the Treasurer by the financial institution or by a single collateral pool established by the financial institution to secure the repayment of all public monies deposited with the institution.

Interim monies may be deposited or invested in the following securities:

1. United States Treasury Notes, Bills, Bonds, or any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal and interest by the United States;
2. Bonds, notes debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
4. Bonds and other obligations of the State of Ohio;
5. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
6. The State Treasurer's investment pool (STAR Ohio);
7. Certain bankers' acceptances and commercial paper notes for a period not to exceed one hundred eighty days from the date of purchase in an amount not to exceed twenty-five percent of the interim monies available for investment at any one time; and
8. Under limited circumstances, debt interests rated in either of the two highest rating classifications by at least two nationally recognized rating agencies.

For the Fiscal Years Ended June 30, 2010 and June 30, 2009

NOTE 3 – DEPOSITS AND INVESTMENTS (continued)

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage and the use of leverage and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the District, and must be purchased with the expectation that it will be held to maturity.

Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the Treasurer or qualified trustee or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

The following information discloses the risks associated with the District’s deposits and investments as defined in GASB Statement No. 3, “Deposits with Financial Institutions, Investments and Reverse Repurchase Agreements” and GASB Statement No. 40, “Deposit and Investment Risk Disclosures.”

A. Deposits

At June 30, 2009, the carrying amount of the District’s deposits was \$159,474 and the bank balance was \$327,722. At June 30, 2010, the carrying amount of the District’s deposits was \$2,036,887 and the bank balance was \$1,701,497. Of the bank balance at June 30 of each year, the entire balance was covered by federal depository insurance. Non-compliance with federal requirements would potentially subject the District to a successful claim by the Federal Deposit Insurance Corporation.

B. Investments

As of June 30, 2009, the District had the following investments and maturities:

NOTE 3 – DEPOSITS AND INVESTMENTS (continued)

Interest Rate Risk: State statute limits the maturity of investments to five years unless matched to a specific obligation or debt of the District. The District does not have a formal investment policy that further limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Concentration of Credit Risk: The District places no limit on the amount it may invest in any one issuer. At June 30, 2009, 6% of the District's investments were in the Federal Farm Credit Bank, 17% were in the Federal Home Loan Bank, 54% were in the Federal Home Loan Mortgage Corporation and 22% were in the Federal National Mortgage Association. At June 30, 2010, 7% of the District's investments were in the Federal Farm Credit Bank, 28% were in the Federal Home Loan Bank, 28% were in the Federal Home Loan Mortgage Corporation and 36% were in the Federal National Mortgage Association.

Credit Risk: State statute limits investments in corporate bonds to the top two ratings issued by nationally recognized statistical rating organizations. The District has no investment policy that would further limit its investment choices. The District's investments in the Federal Farm Credit Bank, the Federal Home Loan Bank, the Federal Home Loan Mortgage Corporation, and the Federal National Mortgage Association were rated Aaa by Moody's Investors Service and AAAM by Standard & Poor's at June 30, 2009 and at June 30, 2010. The District's investment in STAR Ohio was rated AAA by Standard & Poor's at June 30, 2009 and June 30, 2010.

NOTE 4 - PROPERTY TAXES

Tangible personal property tax revenues received in calendar year 2010 (other than public utility property) represent the collection of calendar year 2010 taxes levied against local and inter-exchange telephone companies. Tangible personal property tax on business inventory, manufacturing machinery and equipment, and furniture and fixtures is no longer levied and collected. The October 2008 tangible personal property tax settlement was the last property tax settlement for general personal property taxes. Tangible personal property taxes received from telephone companies in calendar year 2010 were levied after October 1, 2009, on the value as of December 31, 2009. Amounts paid by multi-county taxpayers are due September 20. Single county taxpayers may pay annually or semiannually. If paid annually, payment is due April 30; if paid semiannually, the first payment is due April 30, with the remainder payable by September 20. Tangible personal property taxes paid by April 30 are usually received by the District prior to June 30.

House Bill No. 66 was signed into law on June 30, 2005. House Bill No. 66 phases out the tax on tangible personal property of general businesses, telephone and telecommunications companies, and railroads. The tax on general business and railroad property will be eliminated by calendar year 2009, and the tax on telephone and telecommunications property will be eliminated by calendar year 2011. The tax is phased out by reducing the assessment rate on the property each year. The bill replaces the revenue lost by the District due to the phasing out of the tax. In calendar years 2006 – 2010, the District will be fully reimbursed for the lost revenue. In calendar years 2011-2017, the reimbursements will be phased out.

NOTE 4 - PROPERTY TAXES (continued)

Real property taxes are payable annually or semi-annually. If paid annually, payment is due December 31; if paid semi-annually, the first payment is due December 31 with the remainder payable by June 20. Under certain circumstances, State Statute permits alternate payment dates to be established. Tangible personal property taxes paid by multi-county taxpayers are due September 20. Single county taxpayers may pay annually or semi-annually. If paid annually, payment is due April 30; if paid semi-annually, the first payment is due April 30, with the remainder payable by September 20.

The District receives property taxes from Shelby County. The County Auditor periodically advances to the District its portion of the taxes collected. Second-half real property tax payments collected by the County by June 30, 2009, are available to finance fiscal year 2009 operations. Second-half real property tax payments collected by the County by June 30, 2010, are available to finance fiscal year 2010 operations. The amount available to be advanced can vary based on the date the tax bills are sent.

The amount available as an advance at June 30, 2009, was \$164,771 in the General Fund, \$3,917 in the Bond Retirement Debt Service Fund, and \$9,860 in the Capital Improvement Capital Projects Fund. The amount available as an advance at June 30, 2010, was \$140,180 in the General Fund, \$3,329 in the Bond Retirement Debt Service Fund, and \$8,387 in the Capital Improvement Capital Projects Fund.

NOTE 5 - INCOME TAX

The District levies a voted tax of 0.50 percent for general operations on the income of residents and of estates. The tax was effective on January 1, 1983, and is a continuing tax. Employers of residents are required to withhold income tax on compensation and remit the tax to the State. Taxpayers are required to file an annual return. The State makes quarterly distributions to the District after withholding amounts for administrative fees and estimated refunds. Income tax receipts credited to the General Fund for fiscal year 2010 and fiscal year 2009 were \$566,589 and \$625,054, respectively.

NOTE 6 – INTERFUND ADVANCES

General fund advances are made to move temporarily unrestricted balances to support programs and projects accounted for in other funds. Restricted monies are used to reimburse the General Fund for advancing monies to other funds or paying expenditures of other funds due to timing differences in the receiving of grant and property tax monies. When the monies are finally received, those funds reimburse the General Fund for the initial advance. During fiscal year 2010, the General Fund advanced \$73,700 to nonmajor funds and received \$106,843 from nonmajor funds as reimbursement for prior advances. Of the \$73,700 advanced during fiscal year 2010, \$67,700 is not expected to be repaid within one year; payments of \$20,000 will be made annually until the entire balance is paid in full. During fiscal year 2009, the General Fund advanced \$106,843 to nonmajor funds and received \$35,000 from nonmajor funds as reimbursement for prior advances.

NOTE 7 – RISK MANAGEMENT

A. Property and Liability

The District has obtained commercial insurance for the following risks:

- Building and Contents – replacement cost
- Automobile Liability
- General Liability

There has been no significant reduction in insurance coverage from last fiscal year, nor have there been any claims in excess of coverage limits in any of the past three years.

B. Workers' Compensation

For fiscal year 2009 and fiscal year 2010, the District participated in the Ohio School Boards Association Workers' Compensation Group Rating Plan (GRP), an insurance purchasing pool (Note 13). The intent of the GRP is to achieve the benefit of a reduced premium for the District by virtue of its grouping and representation with other participants in the GRP. The workers' compensation experience of the participating school districts is calculated as one experience and a common premium rate is applied to all school districts in the GRP. Each participant pays its workers' compensation premium to the State based on the rate for the GRP rather than its individual rate. Total savings are then calculated and each participant's individual performance is compared to the overall savings percentage of the GRP. A participant will then either receive money from or be required to contribute to the "Equity Pooling Fund."

NOTE 7 – RISK MANAGEMENT (continued)

This “equity pooling” arrangement insures that each participant shares equally in the overall performance of the GRP. Participation in the GRP is limited to school districts that can meet the GRP’s selection criteria. The firm of Gates McDonald and Company provides administrative, cost control, and actuarial services to the GRP.

NOTE 8 – PENSION PLANS

A. State Teachers Retirement System

The District participates in the State Teachers Retirement System of Ohio (STRS Ohio), a cost-sharing, multiple-employer public employee retirement system. STRS Ohio provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS Ohio issues a stand-alone financial report that may be obtained by writing to STRS Ohio, 275 E. Broad St., Columbus, OH 43215-3371 or by calling (614) 227-4090.

New members have a choice of three retirement plans, a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. The DB plan offers an annual retirement allowance based on final average salary times a percentage that varies based on years of service, or an allowance based on member contributions and earned interest matched by STRS Ohio funds times an actuarially determined annuity factor. The DC Plan allows members to place all their member contributions and employer contributions equal to 10.5 percent of earned compensation into an investment account. Investment decisions are made by the member. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The Combined Plan offers features of both the DC Plan and the DB Plan. In the Combined Plan, member contributions are invested by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. DC and Combined Plan members will transfer to the Defined Benefit Plan during their fifth year of membership unless they permanently select the DC or Combined Plan.

A DB or Combined Plan member with five or more years credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members who die before retirement may qualify for survivor benefits. Members in the DC Plan who become disabled are entitled to only their account balance. If a member dies before retirement benefits begin, the member’s designated beneficiary is entitled to receive the member’s account balance.

For the fiscal years ended June 30, 2010 and June 30, 2009, plan members were required to contribute 10 percent of their annual covered salaries. The District was required to contribute 14 percent; 13 percent was the portion used to fund pension obligations. Contribution rates are established by the State Teachers Retirement Board, upon recommendations of its consulting actuary, not to exceed statutory maximum rates of 10 percent for members and 14 percent for employers. Chapter 3307 of the Ohio Revised Code provides statutory authority for member and employer contributions.

The District’s required contributions for pension obligations to the DB Plan for the fiscal years ended June 30, 2010, 2009, and 2008 were \$616,120, \$600,148, and \$634,269, respectively; 84 percent has been contributed for fiscal year 2010 and 100 percent for fiscal years 2009 and 2008. Contributions to the DC and Combined Plans for fiscal years 2010 and 2009 were \$9,856 and \$614 respectively, made by the District and \$7,040 and \$7,433, respectively made by the plan members.

B. School Employees Retirement System

The District contributes to the School Employees Retirement System (SERS), a cost-sharing, multiple-employer defined benefit pension plan. SERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Chapter 3309 of the Ohio Revised Code. SERS issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the School Employees Retirement System, 300 East Broad Street, Columbus, Ohio 43215-3746 or by calling (614) 222-5853, or at www.ohsers.org under Employers/Audit Resources.

For fiscal years 2010 and 2009, plan members were required to contribute 10 percent of their annual covered salary and the District was required to contribute at an actuarially determined rate of 14 percent of annual covered payroll. A portion of the District's contribution is used to fund pension obligations with the remainder being used to fund health care benefits; for fiscal year 2009, 9.09 percent of annual covered salary was the portion used to fund pension obligations. For fiscal year 2010, 12.78 percent of annual covered salary was the portion used to fund pension obligations. The contribution requirements of plan members and employers are established and may be amended, up to a statutory maximum amount, by the SERS' Retirement Board. The District's required contributions for pension obligations to SERS for the fiscal years ended June 30, 2010, 2009, and 2008 were \$177,026, \$122,246, and \$110,127, respectively; 99 percent has been contributed for fiscal year 2010 and 100 percent for fiscal years 2009 and 2008.

C. Social Security System

Effective July 1, 1991, all employees not otherwise covered by the State Teachers Retirement System or the School Employees Retirement System have an option to choose Social Security or the State Teachers Retirement System/School Employees Retirement System. For the fiscal years ended June 30, 2009 and June 30, 2010, all five members of the Board of Education members have elected Social Security. The Governing Board's liability is 6.2 percent of wages.

NOTE 9 – POSTEMPLOYMENT BENEFITS

The District provides comprehensive health care benefits to retired teachers and their dependents through the State Teachers Retirement System of Ohio (STRS Ohio), and to retired non-certified employees and their dependents through the School Employees Retirement System (SERS). Benefits include hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare Part B premiums. Benefit provisions and the obligations to contribute are established by the Systems based on authority granted by State statute. Both systems are on a pay-as-you-go basis.

NOTE 9 – POSTEMPLOYMENT BENEFITS (continued)

A. State Teachers Retirement System

All STRS Ohio benefit recipients and sponsored dependents are eligible for health care coverage. The STRS Ohio Board has statutory authority over how much, if any, of the health care costs will be absorbed by STRS Ohio. All benefit recipients pay a portion of the health care cost in the form of a monthly premium. By Ohio law, the cost of coverage paid from STRS Ohio funds is included in the employer contribution rate, currently 14 percent of covered payroll. For the fiscal years ended June 30, 2009 and June 30, 2010, the STRS Ohio Board allocated employer contributions equal to 1 percent of covered payroll to the Health Care Stabilization Fund.

For the District, this amount equaled \$47,394 for fiscal year 2010, \$46,165 for fiscal year 2009, and \$48,790 for fiscal year 2008.

STRS Ohio pays health care benefits from the Health Care Stabilization Fund. At June 30, 2009, (the latest information available) the balance in the Fund was \$2.7 billion. For the fiscal year ended June 30, 2009, net health care costs paid by STRS Ohio were \$298,110,000 and STRS Ohio had 129,659 eligible benefit recipients.

B. School Employees Retirement System

SERS administers two postemployment benefit plans – the Medicare Part B Plan and the Health Care Plan. The Medicare Part B Plan reimburses Medicare Part B premiums paid by eligible retirees and beneficiaries as set forth in Ohio Revised Code (3309.69. Qualified benefit recipients who pay Medicare Part B premiums may apply for and receive a monthly reimbursement from SERS. The reimbursement amount is limited by statute to the lesser of the January 1, 1999 Medicare part B premium or the current premium. The Medicare Part B premium for calendar years 2010 and 2009 was \$94.50; SERS' reimbursement to retirees was \$45.50. The Retirement Board, acting with the advice of the actuary, allocates a portion of the current employer contribution rate to the Medicare B Fund. For fiscal year 2009, the actuarially required allocation was .75 percent. For fiscal year 2010, the actuarially required allocation was .76 percent. The District's contributions for the fiscal years ended June 30, 2010, 2009, and 2008 were \$11,081, \$10,793, and \$7,935, respectively, which equaled the required contributions for the fiscal year.

ORC 3309.375 and 3309.69 permit SERS to offer health care benefits to eligible retirees and beneficiaries. SERS' Retirement Board reserves the right to change or discontinue any health plan or program. SERS offers several types of health plans from various vendors including HMO's, PPO's, Medicare Advantage and traditional indemnity plans. A prescription drug program is also available to those who elect health coverage. SERS employs two third-party administrators and a pharmacy benefit manager to manage the self-insurance and prescription drug plans, respectively. The ORC provides statutory authority to SERS' postemployment benefits through employer contributions. Active members do not make contributions to the postemployment benefit plans. The Healthcare Fund was established under, and is administered in accordance with, Internal Revenue Code 105(e). Each year after the allocation for statutorily required benefits, the remainder of the employer's 14 percent contribution is allocated to the Health Care Fund. For the fiscal years ended June 30, 2010 and 2009, the health care allocation was 4.16 percent and .46 percent of covered payroll, respectively.

NOTE 9 – POSTEMPLOYMENT BENEFITS (continued)

The actuarially required contribution represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities of the plan over a period not to exceed thirty years.

In addition, SERS levies a surcharge to fund health care benefits equal to 14 percent of the difference between a minimum pay and the member's pay, pro-rated for partial service credit. For fiscal years 2010 and 2009, the minimum pay was established at \$35,800. However, the surcharge is capped at two percent of each employer's SERS salaries. For the District, the amount contributed to fund health care benefits, including the surcharge, during the 2010, 2009, and 2008 fiscal years equaled \$27,290, \$76,529, and \$68,795, respectively.

The SERS Retirement Board establishes rules for the premiums paid by the retirees for health care coverage for themselves and their dependents or for their surviving beneficiaries. Premiums vary depending on the plan selected, qualified years of service, Medicare eligibility, and retirement status. The financial reports of SERS' Health care and Medicare B Plans are included in its stand-alone report. That report may be obtained by writing to the School Employees Retirement System, 300 East Broad Street, Suite 100, Columbus, Ohio 43215-3746 or by calling toll free (800) 878-5853, or by visiting the SERS website at ohsers.org under Employers/Audit Resource.

NOTE 10 – OTHER EMPLOYEE BENEFITS

A. Compensated Absences

The criteria for determining vacation and sick leave benefits are derived from negotiated agreements, board policy, and State laws. Eligible classified employees and administrators earn ten to twenty-five days of vacation per fiscal year, depending upon length of service. Teachers do not earn vacation time. Accumulated, unused vacation time up to 45 days is paid to classified employees and administrators upon termination of employment.

Teachers, administrators, and classified employees earn sick leave at the rate of one and one-fourth days per month. Sick leave may be accumulated up to a maximum of 216 days for all personnel. Upon retirement with five years of service, or upon separation with twenty years of service at the District, payment is made for one-fourth of accrued, but unused sick leave credit to a maximum of 50 days for all employees. Upon retirement, payment to the Treasurer and Superintendent is made for 35 percent of accrued, but unused sick leave credit.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Anna Local School District (the "District") as of and for the years ended June 30, 2010 and June 30, 2009, which collectively comprise the District's basic financial statements and have issued our report thereon dated November 30, 2010, wherein we noted the District uses a comprehensive accounting basis other than generally accepted accounting principles. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control over Financial Reporting

In planning and performing our audit, we considered the District's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above. However, we identified a certain deficiency in internal control over financial reporting, described as Finding 2010-01 in the accompanying Schedule of Findings and Questioned Costs that we consider to be a significant deficiency in internal control over financial reporting. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of Anna Local School District in a separate letter dated November 30, 2010.

The District's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. We did not audit the District's response and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of the Board of Education, management, and federal awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than those specified parties.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Compliance

We have audited the compliance of Anna Local School District (the "District") with the types of compliance requirements described in the U. S. Office of Management and Budget (OMB) Circular A-133, *Compliance Supplement* that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2010. The District's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the District's management. Our responsibility is to express an opinion on the District's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the District's compliance with those requirements.

In our opinion, Anna Local School District complied, in all material respects, with the compliance requirements referred to above that are could have a direct and material effect on each of its major federal programs for the year ended June 30, 2010. However, the results of our auditing procedures disclosed an instance of noncompliance with those requirements that is required to be reported in accordance with OMB Circular A-133 and which is described in the accompanying Schedule of Findings and Questioned Costs as item 2010-02.

Internal Control over Compliance

Management of the District is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the District's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine

our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over compliance that might be significant deficiencies or material weaknesses and therefore, there can be no assurance that all deficiencies, significant deficiencies, or material weaknesses have been identified. However, as discussed below, we identified certain deficiencies in internal control over compliance that we consider to be a significant deficiency.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as item 2010-02 to be significant deficiency.

The District's response to the finding identified in our audit is described in the accompanying Schedule of Findings and Questioned Costs. We did not audit the District's response and, accordingly, we express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Anna Local School District basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

This report is intended solely for the information and use of the Board of Education, management, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than those specified parties.

INDEPENDENT ACCOUNTANT'S REPORT ON APPLYING AGREED-UPON PROCEDURES

Ohio Rev. Code Section 117.53 states "the auditor of state shall identify whether the school district or community school has adopted an anti-harassment policy in accordance with Section 3313.666 of the Revised Code. This determination shall be recorded in the audit report. The auditor of state shall not prescribe the content or operation of any anti-harassment policy adopted by a school district or community school."

Accordingly, we have performed the procedures enumerated below, which were agreed to by the Board, solely to assist the Board in evaluating whether Anna Local School District (the "District") has adopted an anti-harassment policy in accordance with Ohio Rev. Code Section 3313.666. Management is responsible for complying with this requirement. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of the Board. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

1. We noted the Board adopted an anti-harassment policy at its meeting on June 23, 2008.
2. We read the policy, noting it included the following requirements from Ohio Rev. Code Section 3313.666(B):

We were not engaged to and did not conduct an examination, the objective of which would be the expression of an opinion on compliance with the anti-harassment policy. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the Board of Education and is not intended to be and should not be used by anyone other than these specified parties.
