INDEPENDENT ACCOUNTANTS' REPORT

Columbus Preparatory Academy Franklin County 3330 Chippewa Street Columbus, Ohio 43204

To the Board of Directors:

We have audited the accompanying basic financial statements of the Columbus Preparatory Academy, Franklin County, Ohio (the Academy), as of and for the year ended June 30,2010, as listed in the table of contents. These financial statements are the responsibility of the Academy's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Columbus Preparatory Academy, Franklin County, Ohio, as of June 30, 2010, and the change in its financial position and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming that the Academy will continue as a going concern. As discussed in Note 18 to the financial statements, the Academy has suffered recurring losses from operations (\$2,167,540) and has a net asset deficiency (\$3,075,262) that raise substantial doubt about its ability to continue as a going concern. Note 18 describes management's plan regarding these issues. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

In accordance with *Government Auditing Standards*, we have also issued our report dated March 7, 2011 on our consideration of the Academy's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

Columbus Preparatory Academy Franklin County Independent Accountants' Report Page 2

Accounting principles generally accepted in the United States of America require this presentation to include *Management's discussion and analysis*, as listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any other assurance.

We conducted our audit to opine on the financial statements that collectively comprise the Academy's basic financial statements taken as a whole. The federal awards receipts and expenditures schedule provides additional information required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations,* and is also not a required part of the basic financial statements. The federal awards receipt and expenditure schedule is management's responsibility, and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, in accordance with auditing standards generally accepted in the United States of America. In our opinion, this information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2010 UNAUDITED

The discussion and analysis of the Columbus Preparatory Academy's (the "Academy") financial performance provides an overall review of the Academy's financial activities for the fiscal year ended June 30, 2010. Readers should also review the basic financial statements and notes to enhance their understanding of the Academy's financial performance.

Highlights

The Academy finished its sixth year of operation during fiscal year 2010 serving grades kindergarten through eighth grade. Enrollment varied during the year but finished with 640 students, an 80 student increase over fiscal year end 2009.

Key highlights for fiscal year 2010 are as follows:

- Net assets decreased \$841,138 as compared to \$247,757 in the prior fiscal year.
- The Academy had an operating loss of \$2,167,540 as compared to an operating loss of \$1,150,772 in the prior fiscal year.
- The operating loss for fiscal 2010 was alleviated by \$1,489,387 of Federal and State Restricted Grants.

Overview of the Financial Statements

The financial report consists of three parts, the management discussion and analysis, the basic financial statements and the notes to the financial statements. These statements are organized so the reader can understand the financial position of the Academy. Enterprise accounting uses a flow of economic resource measurement focus. With this measurement focus, all assets and all liabilities are included on the statement of net assets. The statement of net assets represents the statement of position of the Academy. The statement of revenues, expenses, and changes in net assets present increases (e.g., revenues) and decreases (e.g. expenses) in net total assets. The statement of cash flows reflects how the Academy finances and meets its cash flow needs. Finally, the notes to the basic financial statements provide additional information that is essential to the full understanding of the data provided on the basic financial statements.

Financial Analysis of the Academy as a Whole

The Academy is not required to present government-wide financial statements as the Academy is engaged in only business-type activities. Therefore, no condensed financial information derived from the governmental-wide financial statements is included in the discussion and analysis.

Table 1 provides a summary of Academy's net assets for 2010 compared to 2009:

Table 1 Net Assets

Total Net Assets	(\$3,075,262)	(\$2,234,124)	(\$841,138)

Total net assets decreased \$841,138. The cause of the decrease was the Board's recognition of the need to continue to offer programming that would accelerate learning of underperforming students faster than the traditional single grade level gains. The goal of the Board and management is to grow enrollment to be closer to the capacity of the facility at which point the school would generate surpluses on an annual basis sufficient to eliminate accumulated deficits. Enrollment at the end of fiscal 2010 was 640 students, an increase of 80 students over fiscal year end 2009. The capacity of the current facility is approximately 725 students. This includes a recent renovation of the second floor that expanded the enrollment capacity by approximately 50 students. For the fall of 2011, the Academy's enrollment is 687 students.

Based on continued analysis of enrollment data, the Board and its management are committed to following the plan to invest in the future of the children of this community, not based on a plan that is expected to generate economic profits, but rather on a plan that is economically sustainable over the long term and that would generate dividends to the community in the form of enhanced opportunities for children and families. Resources for the necessary programs are being made available by delaying payment on invoices from the Academy's management company for certain rent, management services, operating expenses and personnel services.

Budgeting

Unlike other public schools located in the State of Ohio, community schools are not required to follow budgetary provision set forth in the Ohio Revised Code Chapter 5705, unless specifically provided by the Academy's contract with its sponsor. The contract between the Academy and its sponsor, Ohio Council of Community Schools, does not prescribe a budgetary process for the Academy.

Capital Assets and Debt Administration

Capital Assets

At the end of fiscal year 2010, the Academy had \$169,437 invested in capital assets (net of accumulated depreciation and related capital leases payable) for computer and other equipment, a decrease of \$16,137. The following table shows fiscal year 2010 compared to 2009:

Capital Assets at June 30 (Net of Depreciation)

Debt

At June 30, 2010, the Academy had \$1,081,626 in notes and capital leases outstanding, of which \$60,166 is due within one year. The following outstanding table summarized the Academy's debt outstanding as of June 30, 2010.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2010

Note 1 - Description of the School

The Columbus Preparatory Academy (the "Academy") is a nonprofit corporation established pursuant to Ohio Revised Code Chapter 3314. The Academy offers education for Ohio children in grades K-8. The Academy is independent of any school district and is nonsectarian in its programs, admission policies, employment practices, and all other operation. The Academy may lease or acquire facilities as needed and contract for any services necessary for the operation of the Academy.

The Academy was approved for operation under a contract with the Ohio Council of Community Schools (the Sponsor) for a period of four academic years commencing after July 1, 2004 and ending June 30, 2008 and subsequently renewed for a ten year term set to expire on June 30, 2018. The Sponsor is responsible for evaluating the performance of the Academy and has the authority to deny renewal of the contract at its expiration or terminate the contract prior to its expiration.

Ohio Revised Code Section 3314.02(E) states in part that the Academy operate under the direction of a Governing Board that consists of not less than five individuals who are not owners or employees, or immediate relatives or owners or employees of any for-profit firm that operates or manages an Academy for the Governing Board. The Board is responsible for carrying out the provisions of the contract that include, but are not limited to, state-mandated provision regarding student population, curriculum, academic goals, performance standards, admission standards, and qualification of teachers. The Academy's Governing Board also serves as the Board for Columbus Arts and Technology Academy.

The Academy contracts with Mosaica Education, Inc, for management services including management of personnel and human resources, the program of instruction, marketing data management, purchasing, strategic planning, public relation, financial reporting, recruiting, compliance issues, budgets, contracts, and equipment and facilities. See Note 16 to the financial statements.

Note 2 - Summary of Significant Accounting Policies

The financial statements of the Academy have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The Academy also applies Financial Accounting Standards Board (FASB) statements and interpretations issued on or before November 30, 1989, provided they do not conflict with or contradict GASB pronouncements. The entity has elected not to apply FASB pronouncements and interpretations issued after November 30, 1989. The more significant of the Academy's accounting policies are described below.

A. Basis of Presentation

The Academy's basic financial statements consist of a statement of net assets; a statement of revenues, expenses, and changes in net assets; and a statement of cash flows. The Academy uses a single enterprise presentation for its financial records. Enterprise reporting focuses on the determination of operating income, changes in net assets, financial position, and cash flows.

B. Measurement Focus

The enterprise activity is accounted for using a flow of economic resources measurement focus. All assets and liabilities associated with the operation of the Academy are included on the statement of net assets. The statement of revenues, expenses, and changes in net assets presents increases (e.g. revenues) and decreases (e.g. expenses) in total net assets. The statement of cash flows reflects how the Academy finances meet its cash flow needs.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2010 (Continued)

Note 2 - Summary of Significant Accounting Policies (Continued)

C. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. The Academy's financial statements are prepared using the accrual basis of accounting. Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. Revenue resulting from nonexchange transactions, in which Academy receives value without directly giving equal value in return, such as grants and entitlements, are recognized in the period in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the period when the resources are required to be used or the period when use is first permitted, matching requirements, in which the Academy must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the Academy on a reimbursement basis. Expenses are recognized at the time they are incurred.

D. Budgetary Process

Unlike other public schools located in the State of Ohio, community schools are not required to follow budgetary provision set forth in the Ohio Revised Code Chapter 5705, unless specifically provided by the Academy's contract with its sponsor. The contract between the Academy and its sponsor, the Ohio Council of Community Schools, does not prescribe a budgetary process for the Academy.

E. Cash and Cash Equivalents

Cash received by the Academy is reflected as "Cash and Cash Equivalents" on the Statement of Net Assets. The Academy had no investments during the fiscal year ended June 30, 2010.

F. Prepaid Items

The Academy records payments made to vendors for services that will benefit periods beyond June 30, 2010, as prepaid items using the consumption method. A current asset for the prepaid amount is recorded at the time of the purchase and an expense is reported in the year in which services are consumed.

G. Capital Assets

The Academy's capital assets during fiscal year 2010 consisted of computers and other equipment. All capital assets are capitalized at cost and updated for additions and retirements during the fiscal year. Donated capital assets are recorded at their fair market values as of the date received. The Academy maintains a capitalization threshold of one thousand five hundred dollars. The Academy does not have any infrastructure. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2010 (Continued)

Note 2 - Summary of Significant Accounting Policies (Continued)

All capital assets are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

Description	Useful Lives			
Computers, Furniture and Equipment	5-20 years			
Leasehold Improvements	Remaining term of lease			

H. Net Assets

Net assets represent the difference between assets and liabilities. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by Academy or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The Academy applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net assets are available. As of June 30, 2010, there was \$31 of net assets restricted by enabling legislation.

The statement of net assets reports \$18,110 invested in capital assets net of related debt.

I. Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the Academy. Operating expenses are necessary costs incurred to provide the service that is the primary activity of the Academy. All revenues and expenses not meeting this definition are reported as non-operating.

J. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

K. Economic Dependency

The Academy receives approximately 97% of its operating revenue from the Ohio Department of Education. Due to the significance of this revenue source, the Academy is considered to be economically dependent on the State of Ohio Department of Education.

Note 3 – Changes in Accounting Principles

There were no changes in accounting principles implemented during 2010 that would have a material effect on the financial statements.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2010 (Continued)

Note 4 - Deposits

Custodial credit risk is the risk that, in the event of a bank failure, the Academy's deposits may not be returned. The Academy does not have a deposit policy for custodial credit risk. At June 30, 2010 the bank balance of Academy's deposits was \$78,492. The bank balance was covered by federal depository insurance. There are no significant statutory restrictions regarding the deposit and investment of funds by the nonprofit corporation.

Note 9 - Defined Benefit Pension Plans

The Academy has contracted with Mosaica Education, Inc. to provide employee services. However, these contracted services do not relieve the Academy of the obligation for remitting pension contributions. The retirement systems consider the School as the Employer-of-Record and the Academy is ultimately responsible for remitting retirement contributions to each of the systems noted below.

A. School Employees Retirement System

Plan Description - The Academy contributes to the School Employees Retirement System (SERS), a cost-sharing multiple-employer pension plan. SERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Chapter 3309 of the Ohio Revised Code. SERS issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the School Employees Retirement System, 300 East Broad Street, Suite 100, Columbus, Ohio 43215-3746.

Funding Policy - Plan members are required to contribute 10 percent of their annual covered salary and the Academy is required to contribute at an actuarially determined rate. The current Academy rate is 14 percent of annual covered payroll. A portion of the Academy's contribution is used to fund pension obligations with the remainder being used to fund health care benefits; for fiscal year 2010, 12.74 percent of annual covered salary was the portion used to fund pension obligations. The contribution requirements of plan members and employers are established and may be amended by the SERS' Retirement Board up to a statutory maximum amount of 10 percent for plan members and 14 percent for employers. Chapter 3309 of the Ohio Revised Code provides statutory authority for member and employer contributions. The Academy's required contributions for pension obligations to SERS for the fiscal years ended June 30, 2010, 2009 and 2008 were \$40,981, \$33,542 and \$27,774, respectively; 100 percent has been contributed for fiscal year 2010 and 100 percent for fiscal years 2009 and 2008.

B. State Teachers Retirement System

Plan Description - The Academy participates in the State Teachers Retirement System of Ohio (STRS Ohio), a cost-sharing, multiple-employer public employee retirement system. STRS Ohio provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS Ohio issues a stand-alone financial report that may be obtained by writing to STRS Ohio, 275 E. Broad St., Columbus, OH 43215-3371, by calling (888) 227-7877, or by visiting the STRS Ohio web site at www.strsoh.org.

New members have a choice of three retirement plans, a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. The DB plan offers an annual retirement allowance based on final average salary times a percentage that varies based on years of service, or an allowance based on member's lifetime contributions and earned interest matched by STRS Ohio funds divided by an actuarially determined annuity factor. The DC Plan allows members to place all their member contributions and employer contributions equal to 10.5 percent of earned compensation into an investment account. Investment decisions are made by the member. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal. The Combined Plan offers features of both the DC Plan and the DB Plan. In the Combined Plan, member contributions are invested by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2010 (Continued)

Note 9 – Defined Benefit Pension Plans (Continued)

B. State Teachers Retirement System (Continued)

The DB portion of the Combined Plan payment is payable to a member on or after age 60; the DC portion of the account may be taken as a lump sum or converted to a lifetime monthly annuity at age 50. Benefits are established by Chapter 3307 of the Ohio Revised Code.

A DB or Combined Plan member with five or more years credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members who die before retirement may qualify for survivor benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Funding Policy - For the fiscal year ended June 30, 2010, plan members were required to contribute 10 percent of their annual covered salaries. The Academy was required to contribute 14 percent; 13 percent was the portion used to fund pension obligations. For fiscal year 2009, the portion used to fund pension obligations was also 13 percent. Contribution rates are established by the State Teachers Retirement Board, upon recommendations of its consulting actuary, not to exceed statutory maximum rates of 10 percent for members and 14 percent for employers. Chapter 3307 of the Ohio Revised Code provides statutory authority for member and employer contributions.

The Academy's required contributions for pension obligations to STRS Ohio for the fiscal years ended June 30, 2010, 2009 and 2008 were \$225,670, \$200,075 and \$161,687, respectively; 76 percent has been contributed for the fiscal year 2010, and 100 percent for fiscal years 2009 and 2008.

C. Social Security System

Effective July 1, 1991, all employees not otherwise covered by the School Employees Retirement System or the State Teachers Retirement System of Ohio have an option to choose Social Security or the School Retirement System. The contribution rate is 6.2 percent of wages. As of June 30, 2010, none of the Academy staff have elected Social Security.

Note 10 - Postemployment Benefits

A. School Employees Retirement System

Plan Description – The Academy participates in two cost-sharing multiple employer defined benefit OPEB plans administered by the School Employees Retirement System for non-certificated retirees and their beneficiaries, a Health Care Plan and a Medicare Part B Plan. The Health Care Plan includes hospitalization and physicians' fees through several types of plans including HMO's, PPO's and traditional indemnity plans as well as a prescription drug program. The Medicare Part B Plan reimburses Medicare Part B premiums paid by eligible retirees and beneficiaries up to a statutory limit. Benefit provisions and the obligations to contribute are established by the System based on authority granted by State statute. The financial reports of both Plans are included in the SERS Comprehensive Annual Financial Report which is available by contacting SERS at 300 East Broad St., Suite 100, Columbus, Ohio 43215-3746.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2010 (Continued)

Note 10 - Postemployment Benefits (Continued)

A. School Employees Retirement System (Continued

Funding Policy – State statute permits SERS to fund the health care benefits through employer contributions. Each year, after the allocation for statutorily required benefits, the Retirement Board allocates the remainder of the employer contribution of 14 percent of covered payroll to the Health Care Fund. The Health Care Fund was established and is administered in accordance with Internal Revenue Code Section 401h. For 2010, 0.5 percent of covered payroll was allocated to health care.

Active employee members do not contribute to the Health Care Plan. Retirees and their beneficiaries are required to pay a health care premium that varies depending on the plan selected, the number of qualified years of service, Medicare eligibility and retirement status.

The Academy's contributions for health care for the fiscal years ended June 30, 2010, 2009 and 2008 were \$1,608, \$15,306 and \$12,674, respectively; 100 percent has been contributed for fiscal year 2010 and 100 percent for fiscal years 2009 and 2008.

The Retirement Board, acting with advice of the actuary, allocates a portion of the employer contribution to the Medicare B Fund. For 2010, this actuarially required allocation was 0.76 percent of covered payroll. The Academy's contributions for Medicare Part B for the fiscal years ended June 30, 2010, 2009 and 2008 were \$2,448, \$2,417 and \$2,001, respectively; 100 percent has been contributed for fiscal year 2010 and 100 percent has been contributed for fiscal years 2009 and 2008.

B. State Teachers Retirement System

Plan Description – The Academy contributes to the cost sharing multiple employer defined benefit Health Plan administered by the State Teachers Retirement System of Ohio (STRS Ohio) for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS Ohio. Benefits include hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare Part B premiums. The Plan is included in the report of STRS Ohio which may be obtained by visiting www.strsoh.org or by calling (888) 227-7877.

Funding Policy – Ohio law authorizes STRS Ohio to offer the Plan and gives the Retirement Board authority over how much, if any, of the health care costs will be absorbed by STRS Ohio. Active employee members do not contribute to the Plan. All benefit recipients pay a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions. For 2010, STRS Ohio allocated employer contributions equal to 1 percent of covered payroll to the Health Care Stabilization Fund. The Academy's contributions for health care for the fiscal years ended June 30, 2010, 2009 and 2008 were \$17,359, \$15,390 and \$12,437, respectively; 100 percent has been contributed for fiscal year 2010 and 100 percent for fiscal years 2009 and 2008.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2010 (Continued)

Note 11 - Contingencies

A. Grants

The Academy received financial assistance from federal and state agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the Academy. However, in the opinion of management, any such disallowed claims will not have a material adverse affect on the overall financial position of the Academy at June 30, 2010.

B. Ohio Department of Education Enrollment Review

The Ohio Department of Education (ODE) conducts reviews of enrollment data and full-time equivalency (FTE) calculations made by community schools. These reviews are conducted to ensure the Academy is reporting accurate student enrollment data to the State, upon which state foundation funding is calculated. The conclusion of this review could result in state funding being adjusted. An audit of the 2009-10 school year indicated that the Academy was underfunded \$7,508. This amount is included in Intergovernmental Receivables (see Note 5).

Note 12 – Building Leases

The Academy has entered into a lease for the period from January 2005 through December 2019 with EFA Company, LLC a wholly owned subsidiary of Mosaica Education, Inc. for the use of the main building and grounds as a school facility. Mosaica Education, Inc. is a related party, as disclosed in Note 16. Net occupancy costs incurred totaled \$1,047,798 for the fiscal year. Under the lease agreement, the Academy is responsible for paying all utilities, maintenance and repairs, and applicable property taxes. The following summarizes the occupancy costs for the Academy:

Base rent	\$851,017
Property taxes	216,781
Less: Rental income from Mosaica Education for office space	(20,000)

Net Occupancy Costs \$1,047,798

Property taxes are accrued but remain unpaid. The owner / landlord has filed for property tax exemption under Ohio Revised Code 5709.07 and 3314.08. The application was pending at June 30, 2010. However, there is a case pending before the Ohio State Supreme Court that may affect the property tax exemption for public schools that pay rent to for-profit lessors (see Note 19). As of June 30, 2010, accrued property taxes total \$887,771.

There are scheduled inflationary rent adjustments (lesser of 5% or CPI factor) effective January 1 once every two years. The lease also stipulates that renovation investments in the building by the owner will cause the rent to increase by an annual factor of 9.25% - 10% of the investment. During fiscal 2010, the owner invested no funds into the property.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2010 (Continued)

Note 16 - Related Party Transactions/Management Company (Continued)

Also, per the management agreement there are expenses that will be billed to the Academy based on the actual cost incurred for the Academy by Mosaica Education, Inc. These expenses include rent, salaries, of Mosaica Education, Inc employees working at the Academy, and other costs related to providing educational and administration services. The total expenses paid to Mosaica Education Inc. during fiscal year 2010 were \$3,246,213.

Projected revenues and expenses for fiscal year 2011 indicate these financial difficulties will continue during next fiscal year. As of January 31, 2011, the Academy's change in net assets was (\$816,959) and net asset deficit of (\$3,051,083).

Final full-time equivalents students was 640 and 563 students for the fiscal years ending June 30, 2010 and 2009, respectively. Current full-time equivalent student enrollment as of January 2011 was 647 students. Management plans to continue to increase enrollment through active advertising via print, radio, mailings, and through referrals of current parents which will help achieve enrollment closer to the capacity of the facility which, in turn, will generate future surpluses.

Furthermore, management has moved forward with its plans to renovate the second floor of the facility and thereby expand classroom space to allow for more students. The renovated second floor was put into service in the fall of 2010.

Note 19 – Subsequent Events

In October 2010, the Ohio State Supreme Court ruled that not-for-profit schools receiving public funds that enter into facility leases with for-profit lessors are not exempt from property taxes. The result of this decision may cause the Academy to have to remit all current and prior years taxes. The Academy is fully reserved for all potential property tax liability (see Note 12).

INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

Columbus Preparatory Academy Franklin County 3330 Chippewa Street Columbus, Ohio 43204

To the Board of Directors:

We have audited the financial statements of Columbus Preparatory Academy, Franklin County, Ohio (the Academy) as of and for the year ended June 30, 2010, and have issued our report thereon dated March 7, 2011, wherein we noted matters which raise substantial doubt about the Academy's ability to continue as a going concern. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Academy's internal control over financial reporting as a basis for designing our audit procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of opining on the effectiveness of the Academy's internal control over financial reporting. Accordingly, we have not opined on the effectiveness of the Academy's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A material weakness is a deficiency, or combination of internal control deficiencies resulting in more than a reasonable possibility that a material misstatement of the Government's financial statements will not be prevented, or detected and timely corrected.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider material weaknesses, as defined above.

Compliance and Other Matters

As part of reasonably assuring whether the Academy's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed an instance of noncompliance or other matters we must report under *Government Auditing Standards* which is described in the accompanying schedule of findings as item 2010-001.

We did note certain matters not requiring inclusion in this report that we reported to the Academy's management in a separate letter dated March 7, 2011.

The Academy's response to the finding identified in our audit is described in the accompanying schedule of findings. We did not audit the Academy's response and, accordingly, we express no opinion on it.

We intend this report solely for the information and use of management, the audit committee, Board of Directors, the Ohio Council of Community Schools, federal awarding agencies and pass-through entities and others within the Academy. We intend it for no one other than these specified parties.

INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133

Columbus Preparatory Academy Franklin County 3330 Chippewa Street Columbus, Ohio 43204

To the Board of Directors:

Compliance

We have audited the compliance of Columbus Preparatory Academy, Franklin County, Ohio (the Academy) with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133, Compliance Supplement* that could directly and materially affect each of Columbus Preparatory Academy's major federal programs for the year ended June 30, 2010. The summary of auditor's results section of the accompanying schedule of findings identifies the Academy's major federal programs. The Academy's management is responsible for complying with the requirements of laws, regulations, contracts, and grants applicable to each major federal program. Our responsibility is to express an opinion on the Academy's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to reasonably assure whether noncompliance occurred with the compliance requirements referred to above that could directly and materially affect a major federal program. An audit includes examining, on a test basis, evidence about the Academy's compliance with those requirements and performing other procedures we considered necessary in the circumstances. We believe our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Academy's compliance with those requirements.

In our opinion, the Academy complied, in all material respects, with the requirements referred to above that could directly and materially affect each of its major federal programs for the year ended June 30, 2010.

Compliance in accordance with OMB Circular A-133

Internal Control Over Compliance

The Academy's management is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the Academy's internal control over compliance with requirements that could directly and materially affect a major federal program, to determine our auditing procedures for the purpose of opining on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of opining on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the Academy's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program compliance requirement. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program compliance requirement will not be prevented, or timely detected and corrected.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

We noted matters involving federal compliance or internal control over federal compliance not requiring inclusion in this report, that we reported to the Academy's management in a separate letter dated March 7, 2011

We intend this report solely for the information and use of the audit committee, management, Board of Directors, the Ohio Council of Community Schools, federal awarding agencies, pass-through entities and others within the Academy. We intend it for no one other than these specified parties.

INDEPENDENT ACCOUNTANTS REPORT ON APPLYING AGREED-UPON PROCEDURES

Columbus Preparatory Academy Franklin County 3330 Chippewa Street Columbus, OH 43204

To the Board of Directors:

Ohio Rev. Code Section 117.53 states "the auditor of state shall identify whether the school district or community school has adopted an anti-harassment policy in accordance with Section 3313.666 of the Revised Code. This determination shall be recorded in the audit report. The auditor of state shall not prescribe the content or operation of any anti-harassment policy adopted by a school district or community school."

Accordingly, we have performed the procedures enumerated below, which were agreed to by the Board, solely to assist the Board in evaluating whether Columbus Preparatory Academy (the Academy) has adopted an anti-harassment policy in accordance with Ohio Rev. Code Section 3313.666. Management is responsible for complying with this requirement. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of the Board. Consequently; we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

- 1. We noted the Board adopted an anti-harassment policy at its meeting on October 18, 2007.
- 2. We read the policy, noting it included the following requirements from Ohio Rev. Code Section 3313.666(B):
 - (1) A statement prohibiting harassment, intimidation, or bullying of any student on school property or at school-sponsored events;

- (8) A strategy for protecting a victim from additional harassment, intimidation, or bullying, and from retaliation following a report;
- (9) A disciplinary procedure for any student guilty of harassment, intimidation, or bullying, which shall not infringe on any student's rights under the first amendment to the Constitution of the United States;
- 3. We read the policy, noting it did not include the following requirement from Ohio Rev. Code Section 3313.666 (B):
 - (1) A requirement that the Academy administration semiannually provide the president of the board of Directors a written summary of all reported incidents and post the summary on its web site, if the district has a web site, to the extent permitted by section 3319.321 of the Revised Code and the "Family Educational Rights and Privacy Act of 1974," 88 Stat. 571, 20 U.S.C. 1232q, as amended.

Official's Response:

The Board has developed the appropriate policy language and is planning to adopt the updated policy at the next regular Board meeting.

We were not engaged to and did not conduct an examination, the objective of which would be the expression of an opinion on compliance with the anti-harassment policy. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the Board and the Ohio Council of Community Schools and is not intended to be and should not be used by anyone other than these specified parties.
