Agreed-Upon Procedures	1

INDEPENDENT ACCOUNTANTS' REPORT ON APPLYING AGREED-UPON PROCEDURES

Village of Dupont Putnam County P.O. Box 100 Dupont, Ohio 45827-0100

We have performed the procedures enumerated below, with which the Village Council and Mayor, and the management of the Village of Dupont, Putnam County (the Village) have agreed, solely to assist the Council and Mayor in evaluating receipts, disbursements and balances recorded in their cash-basis accounting records for the years ended December 31, 2010 and 2009, and certain compliance requirements related to these transactions and balances. Management is responsible for recording transactions; and management, the Mayor, and / or the Council are responsible for complying with the compliance requirements. This agreed-upon procedures engagement was conducted in accordance with the American Institute of Certified Public Accountants' attestation standards and applicable attestation engagement standards included in the Comptroller General of the United States' Government Auditing Standards. The sufficiency of the procedures is solely the responsibility of the parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The Village processes its financial transactions with the Auditor of State's Uniform Accounting Network (UAN). Government Auditing Standards considers this service to impair the independence of the Auditor of State to provide attest services to the Village because the Auditor of State designed, developed, implemented. and as requested, operates UAN. However, Government Auditing Standards permits the Auditor of State to perform this engagement, because Ohio Revised Code § 117.101 requires the Auditor of State to provide UAN services, and Ohio Revised Code § 117.11(A) mandates the Auditor of State to perform attest services for Ohio governments.

This report only describes exceptions exceeding \$10.

Cash

1. We tested the mathematical accuracy of the December 31, 2010 and December 31, 2009 bank reconciliations. We found the December 2009 cash balance to be overstated by \$15,000. Specifically, the General Fund balance was overstated. We found the December 2010 cash balance to be understated by \$15,000. The Street Construction, Maintenance, and Repair Fund was understated. These differences were all due to a 2009 posting error and then incorrect 2010 fund balance adjustments were made in an attempt to correct the 2009 error. These errors have been corrected in the Village's accounting records.

- 2. We agreed the January 1, 2009 beginning fund balances recorded in the Fund Status Report to the December 31, 2008 balances in the prior year audited statements. We found no exceptions.
- We agreed the totals per the bank reconciliations to the total of the December 31, 2010 and 2009 fund cash balances reported in the Fund Status Reports. The amounts agreed.
- 4. We confirmed the December 31, 2010 bank account balances with the Village's financial institution. We found no exceptions. The balances agreed. We also compared the confirmed balances to the amounts appearing in the December 31, 2010 bank reconciliation noting a \$15,000 difference due to posting errors understating the Village's cash balance on the system.
- 5. We selected five reconciling debits (such as outstanding checks) haphazardly from the December 31, 2010 bank reconciliation:
 - a. We traced each check to the debit appearing in the subsequent January bank statement. We found no exceptions.
 - b. We traced the amounts and date written to the check register, to determine the debits were dated prior to December 31. We noted no exceptions.
- 6. We tested investments held at December 31, 2010 and December 31, 2009 to determine that they:
 - a. Were of a type authorized by Ohio Rev. Code Sections 135.13, 135.14 or 135.144. We found no exceptions.
 - b. Mature within the prescribed time limits noted in Ohio Rev. Code Section 135.13 or 135.14. We noted no exceptions.

Property Taxes, Intergovernmental and Other Confirmable Cash Receipts

- 1. We selected a property tax receipt from one *Statement of Semiannual Apportionment of Taxes* (the Statement) for 2010 and one from 2009:
 - a. We traced the gross receipts from the *Statement* to the amount recorded in the Receipt Register Report. The amounts agreed.
 - b. We determined whether the receipt was allocated to the proper fund(s) as required by Ohio Rev. Code Sections 5705.05-.06 and 5705.10. We found no exceptions.
 - c. We determined whether the receipt was recorded in the proper year. The receipt was recorded in the proper year.
- 2. We scanned the Receipt Register Report to determine whether it included the proper number of tax receipts for 2010 and 2009:
 - a. Two personal property tax receipts
 - b. Two real estate tax receipts

We noted the Receipts Register Report included the proper number of tax settlement receipts for each year.

- 3. We selected all twenty-seven receipts from the State Distribution Transaction Lists (DTL) from 2010 and five from 2009. We also selected all thirty-nine receipts from the County Auditor's DTLs from 2010 and five from 2009.
 - We compared the amount from the DTL to the amount recorded in the Receipt Register Report. The amounts agreed.
 - b. We determined whether these receipts were allocated to the proper fund(s). We found no exceptions.
 - c. We determined whether the receipts were recorded in the proper year. We noted \$1,086 from the 2010 state DTL was not recorded until 2011. We also noted \$3,374 from the 2010 county DTL was recorded in 2009.

- 4. We confirmed the amounts paid from the State of Ohio for a Nature Works Project to the Village during 2010 with the State of Ohio. We found no exceptions.
 - We determined whether these receipts were allocated to the proper fund(s). We found no exceptions.
 - b. We determined whether the receipts were recorded in the proper year. We found no exceptions.

Debt

- 1. The prior audit report disclosed no debt outstanding as of December 31, 2008.
- We inquired of management, and scanned the Receipt Register Report and Payment Register Detail Report for evidence of debt issued during 2010 or 2009 or debt payment activity during 2010 or 2009. We noted no new debt issuances, nor any debt payment activity during 2010 or 2009.

Payroll Cash Disbursements

- 1. We haphazardly selected one payroll check for five employees from 2010 and one payroll check for five employees from 2009 from the Employee Detail Adjustment Report and:
 - a. We compared the hours and pay rate, or salary amount used in computing gross pay to supporting documentation (timecard, legislatively or statutorily-approved rate or salary). We found no exceptions.
 - b. We determined whether the fund and account code(s) to which the check was posted was reasonable based on the employees' duties as documented in the payroll files and timesheets. We also determined whether the payment was posted to the proper year. We found no exceptions.
- 2. For any new employees selected in step 1 we determined whether the following information in the payroll files was consistent with the information used to compute gross and net pay related to this check:
 - a. Name
 - b. Authorized salary or pay rate
 - c. Department(s) and fund(s) to which the check should be charged.
 - d. Retirement system participation and payroll withholding.
 - e. Federal, State and Local income tax withholding authorization and withholding.
 - f. Any other deduction authorizations (deferred compensation, etc.)

We found no exceptions related to steps a. – f. above.

3. We scanned the last remittance of tax and retirement withholdings for the year ended December 31, 2010 to determine whether remittances were timely paid, and that the amounts paid agreed to the amounts withheld, plus the employer's share where applicable, during the final withholding period during 2010. We noted the following:

Withholding (plus employer share, where applicable)	Date Due	Date Paid	Amount Due	Amount Paid
Federal income taxes and Medicare	January 31, 2011	December 15, 2010	\$324.55	\$324.55
State income taxes	January 15, 2011	December 15, 2010	\$26.41	\$26.41
School income taxes	January 31, 2011	December 15, 2010	\$61.41	\$61.41
OPERS retirement (withholding plus employer share)	January 30, 2011	December 13, 2010	\$829.20	\$829.20

Non-Payroll Cash Disbursements

- 1. We haphazardly selected ten disbursements from the Payment Register Detail Report for the year ended December 31, 2010 and ten from the year ended December 31, 2009 and determined whether:
 - a. The disbursements were for a proper public purpose. We found no exceptions.
 - b. The check number, date, payee name and amount recorded on the returned, canceled check agreed to the check number, date, payee name and amount recorded in the Payment Register Detail Report and to the names and amounts on the supporting invoices. We found no exceptions.
 - c. The payment was posted to a fund consistent with the restricted purpose for which the fund's cash can be used. We found no exceptions.
 - d. The fiscal officer certified disbursements requiring certification or issued a *Then and Now Certificate*, as required by Ohio Rev. Code Section 5705.41(D). We found six instances where the certification date was after the vendor invoice date and there was also no evidence a Then and Now Certificate was issued. Ohio Rev. Code Section 5705.41(D) requires certifying at the time of a commitment, which should be on or before the invoice date, unless a Then and Now Certificate is used. Because we did not test all disbursements requiring certification, our report provides no assurance whether or not additional similar errors occurred.

Compliance – Budgetary

1. We compared the total from the Amended Official Certificate of Estimated Resources required by Ohio Rev. Code Section 5705.36(A)(1), to the amounts recorded in the Revenue Status Report for the General, Street Construction Maintenance and Repair (SCMR), and State Highway funds for the years ended December 31, 2010 and 2009. The Revenue Status Report recorded no budgeted (i.e. certified) resources for the General, SCMR, and State Highway funds for 2010. However, the final Amended Official Certificate of Estimated Resources reflected \$51,261, \$12,795, and \$1,745, respectively. The Revenue Status Report recorded budgeted (i.e. certified) resources for the General, SCMR, and State Highway funds of \$51,261, \$12,794, and \$1,745, respectively, for 2009. However, the final Amended Official Certificate of Estimated Resources reflected \$56,185, \$18,050, and \$1,755, respectively. The Fiscal Officer should periodically compare amounts recorded in the Revenue Status Report to amounts recorded on the Amended Official Certificate of Estimated Resources to assure they agree. If the amounts do not agree, the Council may be using inaccurate information for budgeting and to monitor spending.

- We scanned the appropriation measures adopted for 2010 and 2009 to determine whether, for the General, SCMR, and State Highway funds, the Council appropriated separately for "each office, department, and division, and within each, the amount appropriated for personal services," as is required by Ohio Rev. Code Section 5705.38(C). We found no exceptions.
- 3. We compared total appropriations required by Ohio Rev. Code Section 5705.38 and 5705.40, to the amounts recorded in the Appropriation Status Report for 2010 and 2009 for the following funds: General, SCMR, and State Highway funds. The amounts on the appropriation resolutions agreed to the amounts recorded in the Appropriation Status report except for the General Fund 2010, and the General Fund and SCMR funds 2009. The appropriation resolution showed \$81,770 but the appropriation status report showed \$78,770 for the General Fund 2010. The appropriation resolution showed \$86,055 and \$95,962 for the General and SCMR Funds, respectively, while the appropriation status report showed \$86,541 and \$92,962 for those funds, respectively. Council should routinely monitor the Appropriation Status Report to reduce the likelihood that adopted appropriations vary from recorded appropriations.
- 4. Ohio Rev. Code Section 5705.39 prohibits appropriations from exceeding the certified resources. We compared total appropriations to total certified resources for the General, SCMR and State Highway funds for the years ended December 31, 2010 and 2009. We noted no funds for which appropriations exceeded certified resources.
- 5. Ohio Rev. Code Section 5705.41(B) prohibits expenditures (disbursements plus certified commitments) from exceeding appropriations. We compared total expenditures to total appropriations for the years ended December 31, 2010 and 2009 for the General, SCMR, and State Highway funds, as recorded in the Appropriation Status Report. We noted no funds for which expenditures exceeded appropriations.
- 6. Ohio Rev. Code Section 5705.09 requires establishing separate funds to segregate externally-restricted resources. We scanned the Receipt Register Report for evidence of new restricted receipts requiring a new fund during December 31, 2010 and 2009. We also inquired of management regarding whether the Village received new restricted receipts. We noted no evidence of new restricted receipts for which Ohio Rev. Code Section 5705.09 would require the Village to establish a new fund.
- 7. We scanned the 2010 and 2009 Revenue Status Reports and Appropriation Status Reports for evidence of interfund transfers which Ohio Rev. Code Sections 5705.14 -- .16 restrict. We found no evidence of transfers these Sections prohibit, or for which Section 5705.16 would require approval by the Tax Commissioner and Court of Common Pleas.
- 8. We inquired of management and scanned the Appropriation Status Reports to determine whether the Village elected to establish reserve accounts permitted by Ohio Rev. Code Section 5705.13. We noted the Village did not establish these reserves.

Compliance – Contracts and Expenditures

- We inquired of management and scanned the Payment Register Detail report for the years ended December 31, 2010 and 2009 for material or labor procurements which exceeded \$25,000, and therefore required competitive bidding under Ohio Rev. Code Section 731.14. We identified no purchases subject to the aforementioned bidding requirements.
- 2. We inquired of management and scanned the Payment Register Detail Report for the years ended December 31, 2010 and 2009 to determine if the Village had road construction projects

exceeding \$30,000 for which Ohio Rev. Code Sections 117.16(A) and 723.52 requires the Village engineer, or officer having a different title but the duties and functions of an engineer, to complete a force account project assessment form (i.e., cost estimate). We identified no projects requiring the completion of the force account assessment form.

Officials' Response

We did not receive a response from Officials to the exceptions reported above.

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on the Village's receipts, disbursements, balances and compliance with certain laws and regulations. Accordingly, we do not express an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of management and those charged with governance, and others within the Village, and is not intended to be, and should not be used by anyone other than these specified parties.

Dave Yost Auditor of State
