INDEPENDENT ACCOUNTANTS' REPORT

Jackson County
226 East Main Street
Jackson, Ohio 45640

To the Board of County Commissioners:

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate discretely presented component unit and remaining fund information of Jackson County, Ohio (the County), as of and for the year ended December 31, 2011, which collectively comprise the County's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the County's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinions.

Ohio Administrative Code Section 117-2-03(B) requires the County to prepare its annual financial report in accordance with accounting principles generally accepted in the United States of America. However, as discussed in Note 2, the accompanying financial statements and notes follow the modified cash accounting basis. This is a comprehensive accounting basis other than generally accepted accounting principles. The accompanying financial statements and notes omit assets, liabilities, fund equities, and disclosures that, while material, we cannot determine at this time.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective modified cash financial position of the governmental activities, each major fund, and the aggregate discretely presented component unit and remaining fund information of Jackson County, Ohio, as of December 31, 2011, and the respective changes in modified cash financial position, thereof and the respective budgetary comparisons for the General, Motor Vehicle Gasoline Tax, Job and Family Services, Emergency Medical Services, and Developmental Disabilities Funds thereof for the year then ended in conformity with the accounting basis Note 2 describes.

As described in Note 3, during 2011 the County adopted Governmental Accounting Standards Board Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*.

In accordance with *Government Auditing Standards*, we have also issued our report dated September 17, 2012, on our consideration of the County's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance, and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

We conducted our audit to opine on the County's financial statements taken as a whole. Management's Discussion & Analysis includes tables of net assets, changes in net assets, governmental activities and long-term debt. The Federal Awards Expenditure Schedule (the Schedule) is required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. These tables and the Schedule provide additional information, but are not part of the basic financial statements. However these tables and the Schedule are management's responsibility, and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. These tables and the Schedule were subject to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, in accordance with auditing standards generally accepted in the United States of America. In our opinion, this information is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole. Other than the aforementioned procedures applied to the tables, we applied no procedures to any other information in Management's Discussion & Analysis, and we express no opinion or any other assurance on it.

Dave Yost
Auditor of State

September 17, 2012

Jackson County, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2011
Unaudited

The discussion and analysis of Jackson County's (the County) financial performance provides an overall review of the County's financial activities for the year ended December 31, 2011. The intent of this discussion and analysis is to look at the County's financial performance as a whole; readers should also review the notes to the basic financial statements and financial statements to enhance their understanding of the County's financial performance.

FINANCIAL HIGHLIGHTS

Key financial highlights for fiscal year 2011 are as follows:

- Net cash assets of governmental activities increased \$1,024,478.
- At the end of the current year, the County's governmental funds reported a combined ending fund balance of \$7,764,602, an increase of \$1,024,478 from the prior year.

USING THIS ANNUAL FINANCIAL REPORT

This discussion and analysis is intended to serve as an introduction to the County's modified cash financial statements. The County's financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the County's finances, in a manner similar to a private-sector business.

The *Statement of Net Assets – Modified Cash Basis* presents information on all of the County's cash assets, presented as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the cash position of Jackson County is improving or deteriorating.

The *Statement of Activities – Modified Cash Basis* presents information showing how the County's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs.

Both of the government-wide financial statements identify functions of the County that are principally supported by taxes and intergovernmental receipts (governmental activities). The governmental activities of the County include legislative and executive, judicial, public safety, public works, health, human services, and economic development.

In the statement of net assets and the statement of activities, the County is divided into two types of activities:

Governmental Activities – Most of the County's programs or services are reported here, including legislative and executive, judicial, public safety, public works, health, human services, and economic development. These services are funded primarily by taxes and intergovernmental receipts, including federal and state grants and other shared revenues.

Component Units – The County's financial statements include financial data of the Jackson County Airport Authority. This component unit is described in the notes to the financial statements. Component units are separate and may buy, sell, lease, and mortgage property in their own name and can sue or be sued in their own name.

Jackson County, Ohio
Management's Discussion and Analysis

Unaudited

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objects. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into two categories: governmental funds and fiduciary funds. Fund financial statements provide detailed information about the County's major funds. Based on the restriction on the use of moneys, the County has established many funds that account for the multitude of services provided to our residents. The County's major governmental funds are the General Fund; the Motor Vehicle and Gasoline Tax, Job and Family Services, the Emergency Medical Services Special Revenue Fund, and the Developmental Disabilities Special Revenue Funds.

Governmental Funds Governmental funds are used to account for essentially the same functions reported as governmental activities on the government-wide financial statements. Most of the County's basic services are reported in these funds that focus on how money flows into and out of the funds and the year end balances available for spending.

The County maintains a multitude of individual governmental funds. Information is presented separately in the governmental fund *Statement of Modified Cash Receipts, Disbursements and Changes in Cash Basis Fund Balances* for the major funds, which were identified earlier. Data from other governmental funds are combined into a single, aggregated presentation.

Fiduciary Funds Fiduciary funds are used to account for resources held for the benefit of parties outside the County. Fiduciary funds are not reflected on the government-wide financial statements because the resources from those funds are not available to support the County's programs.

Notes to the Basic Financial Statements The notes provide additional information that is essential to a full understanding of the data provided on the government-wide and fund financial statements.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net assets – modified cash basis may serve over time as a useful indicator of a government's financial position. The County has chosen to report on an *Other Comprehensive Basis of Accounting* in a format similar to that required by Governmental Accounting Standard No. 34. This statement requires a comparative analysis of government-wide data in the Management Discussion and Analysis (MD&A) section.

Jackson County, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2011
Unaudited

Table 1 provides a summary of the County's net assets – cash basis for 2011 compared to 2010:

Jackson County's Net Assets - Modified Cash Basis		
	Governmental Activities	
	2011	2010
Assets		
Equity in Pooled Cash and Cash Equivalents	\$2,327,932	\$6,284,800
Cash and Cash Equivalents in Segregated Accounts	159,021	152,481
Restricted Assets: Cash and Cash Equivalents	291,660	302,843
Investments	4,985,989	0
<i>Total Assets</i>	\$7,764,602	\$6,740,124
Net Assets		
Restricted for:		
Unclaimed Monies	\$291,660	\$302,843
Road and Bridges	747,065	531,792
Human Services	504,761	309,089
Developmental Disabilities	1,327,569	1,564,334
Economic Development	347,352	306,152
Other Purposes	2,644,941	2,604,647
Debt Service	185	12,883
Capital Projects	458,314	181,431
Unrestricted	1,442,755	926,953
<i>Total Net Assets</i>	\$7,764,602	\$6,740,124

A portion of the County's net assets, \$6,321,847, or 81.4 percent, represents resources that are subject to restrictions on how they can be used. The remaining balance of net assets, \$1,442,755, or 18.6 percent, is unrestricted and is to be used to meet the County's ongoing obligations to citizens and creditors.

Total governmental activities assets increased \$1,024,478. This increase is due to the County's conservative spending practices.

Jackson County, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2011

<i>Increase (Decrease) in Net Assets</i>	1,024,478	1,285,257
Net Assets at Beginning of Year	<u>6,740,124</u>	<u>5,454,867</u>
Net Assets at End of Year	<u><u>\$7,764,602</u></u>	<u><u>\$6,740,124</u></u>

Governmental Activities

Program revenues accounted for 72.2 percent of total revenues for governmental activities in 2011, therefore, governmental activities services are primarily funded through these program revenues, with operating and capital grants accounting for \$14,169,746 or 51.8 percent of total revenues. The major recipients of these intergovernmental receipts were the Motor Vehicle and Gasoline Tax, Job and Family Services, and Developmental Disabilities Special Revenue Funds.

Jackson County, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2011
Unaudited

General revenues, primarily property and sales taxes, accounted for the remaining 27.8 percent of total revenues. This highlights the County's continued dependence upon its citizens and taxpayers to fund those programs most important to them.

The County's direct charges to users of governmental services made up \$5,604,717 or 20.5 percent of total governmental revenues. These charges are for fees associated with the collection of property taxes, fines and forfeitures related to judicial activity, licenses and permits, and public assistance fees.

Human service programs accounted for \$6,766,053 or 25.7 percent of total expenses for governmental activities. During 2011, expenses for Job and Family Services and Children's Services amounted to \$4,963,233 and \$669,555, respectively. These activities are entirely paid from program revenues. These grants and entitlements allow the County to continue to offer a wide variety of quality services to its citizens without increasing the tax burden on our citizens.

Public safety programs are a major activity of the County, accounting for \$5,263,827 or 20.0 percent of all governmental expenses. These activities are funded primarily through property and sales taxes. The County attempts to supplement the income and activities of the sheriff department to enable the department to widen the scope of its activity.

Public works programs accounted for \$4,422,010 or 16.8 percent of all governmental activities. These activities are paid predominately with program revenues, with \$63,599 or 1.4 percent of the public works expenses being supported with the County's general revenues.

General government, health, economic development, capital outlay, and principal and interest expenditures account for the remaining 37.5 percent of governmental expenses.

The Statement of Activities shows the cost of program services and the charges for services, grants, contributions, and interest earnings offsetting those services. Table 3 shows the total cost of services and the net cost of services. That is, it identifies the cost of those services supported by tax revenue and unrestricted state entitlements.

Table 3
 Governmental Activities

	Total Cost of Services 2011	Net Cost of Services 2011	Total Cost of Services 2010	Net Cost of Services 2010
Program Expenses				
General Government:				
Legislative and Executive	\$2,125,578	\$884,191	\$2,100,236	\$749,167
Judicial	2,777,489	1,046,559	2,468,006	911,691
Public Safety	5,263,827	2,975,510	4,424,078	3,273,104
Public Works	4,422,010	63,599	4,296,416	245,026
Health	2,695,134	1,036,773	2,395,779	666,826
Human Services	6,766,053	131,461	7,354,002	324,964
Economic Development	505,178	(27,888)	690,316	(52,400)
Capital Outlay	1,361,111	31,712	1,221,884	1,487
Debt Service:				
Principal Retirement	356,675	356,675	333,238	333,238
Interest and Fiscal Charges	72,590	72,590	79,595	79,595
Total	\$26,345,645	\$6,571,182	\$25,363,550	\$6,532,698

Jackson County, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2011
Unaudited

Charges for services, operating grants, and capital grants of \$19,774,463 or 75.1 percent of the total costs of services, are received and used to fund the governmental operations of the County. The remaining \$6,571,182 in governmental expenses are funded by property taxes, permissive sales taxes, unrestricted intergovernmental revenues, interest, insurance proceeds, and other revenues.

For example, the \$1,036,773 in net cost of services for Health demonstrates the costs of services that are not supported by state and federal resources. As such, the taxpayers of the County have approved a property tax levy for Developmental Disabilities in order to fully fund this program.

FINANCIAL ANALYSIS OF THE COUNTY'S FUNDS

As noted earlier, the County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's financing requirements. In particular, unreserved fund balance may serve as a useful measure of the County's net resources available for spending at the end of the year.

As of December 31, 2011, the County's governmental funds reported a combined ending fund balance of \$7,764,602, an increase of \$1,024,478 in comparison with the prior year. Approximately \$7,472,942, or 96.2 percent of this total, constitutes spendable fund balance. The remaining \$291,660 of fund balance is reserved to indicate that it is not available for new spending because it has already been committed for unclaimed monies. While the bulk of governmental fund balances are not reserved in the governmental fund statements, they lead to restricted net assets on the Statement of Net Assets due to expenditure restrictions mandated by the source of the resource, such as the state or federal government.

The General Fund is the primary operating fund of the County. At the end of 2011, unassigned fund balance was \$1,430,874, while total fund balance was \$1,734,415. As a measure of the General Fund's liquidity, it may be useful to compare both unreserved fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 25.6 percent of total General Fund expenditures, while total fund balance represents 31.1 percent of that same amount.

The fund balance of the County's General Fund decreased \$90 during 2011.

The fund balance of the Motor Vehicle and Gasoline Tax Special Revenue Fund increased \$215,273, attributable to increases in charges for services for road and bridge improvement projects completed by the Engineer for Townships within the County. The Motor Vehicle and Gasoline Tax Fund's fund balance of \$747,065 represented 18.5 percent of current year expenditures.

The fund balance of the Job and Family Services Special Revenue Fund increased \$91,194, attributable to increased federal and state funding from 2010 levels. The Job and Family Services Special Revenue Fund's fund balance of \$250,645 represented 5.1 percent of current year expenditures.

The fund balance of the Emergency Medical Services Special Revenue Fund increased \$256,785, the result of increased charges for services receipts from 2010 levels. The Emergency Medical Services Special Revenue Fund's fund balance of \$778,420 represented 40.9 percent of current year expenditures.

The fund balance of the Developmental Disabilities Special Revenue Fund decreased \$236,765, due to increased transfers made to the Developmental Disabilities Capital Improvement Fund. The Developmental Disabilities Special Revenue Fund's fund balance of \$1,327,569 represented 58.6 percent of current year expenditures.

BUDGETARY HIGHLIGHTS

The County's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The Board of County Commissioners adopts a permanent operating budget for the County on or about January 1.

During the course of 2011, the County amended its General Fund budget several times, none were significant. All recommendations for a budget change came from either the County Auditor or departmental managers to the Finance Committee of the County Commissioners for review before going to the whole Commission for Ordinance enactment on the change. The allocation of appropriations among the departments and objects within a fund may be during the year with approval from the County Commissioners. With the General Fund supporting many of our major activities such as our sheriff department, as well as most legislative and executive activities, the General Fund is monitored closely looking for possible revenue shortfalls or overspending by individual departments.

For the General Fund, increases of \$415,345 were made to the original budgeted revenues. Final budgeted expenditures increased \$149,185 over the original amount. Jackson County's ending unencumbered cash balance in the General Fund matched the final budgeted amount.

DEBT ADMINISTRATION

By year end, the County had a general obligation bond outstanding for the purpose of constructing a wastewater treatment facility, a various purpose bond, and a loan payable for a court computer system, totaling \$1,970,437.

(Table 4)
 Outstanding Debt at December 31, 2011

	Governmental Activities	
	2011	2010
Wastewater Treatment Facility General Obligation Bonds	\$30,000	\$60,000
Various Purpose General Obligation Bonds	1,915,000	2,235,000
Municipal Court Loan	25,437	32,112
Totals	\$1,970,437	\$2,327,112

The County's overall legal debt margin was \$10,421,807 at December 31, 2011. For additional information on the County's debt, see Note 13 to the modified cash basis financial statements

CURRENT ISSUES

As the preceding information shows, the County depends heavily on its taxpayers and grants and entitlements. Stress on the County's finances is ongoing. Although the County has tightened spending to better bring expenses in line with revenues, and carefully watched financial planning, this must continue if the County hopes to remain on firm financial footing.

Various economic factors were considered in the preparation of the County's 2011 budget, and will be considered in the preparation of future budgets. Appropriate measures will be taken to ensure spending is within available resources.

Jackson County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2011

Note 1 – Description of the County and Reporting Entity

Jackson County, Ohio (the “County”), is a body politic and corporate established to exercise the rights and privileges conveyed to it by the constitution and the laws of the State of Ohio. The County is governed by a board of three County Commissioners elected by the voters of the County. An elected County Auditor serves as the chief fiscal officer. In addition, there are ten other elected administrative officials. These officials are: County Treasurer, Recorder, Clerk of Courts, Coroner, Engineer, Prosecuting Attorney, Sheriff, and the Common Pleas/Probate, Juvenile, and Municipal Court Judges.

Although the elected officials manage the internal operations of their respective departments, the County Commissioners authorize cash disbursements as well as serve as the budget and taxing authority, contracting body, and the chief administrators of public services for the County.

The financial reporting entity consists of the primary government, component units, and other governmental organizations included to ensure that the financial statements are not misleading.

The primary government of the County consists of all funds, departments, boards, and agencies that are not legally separate from the County. For the County, this includes the Board of Developmental Disabilities, Children Services Board, and all departments and activities that are directly operated by the elected County Officials.

Component units are legally separate organizations for which the County is financially accountable. The County is financially accountable for an organization if the County appoints a voting majority of the organization’s governing board and (1) the County is able to significantly influence the programs or services performed or provided by the organization; or (2) the County is legally entitled to or can otherwise access the organization’s resources; the County is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the County is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent upon the County in that the County approves the budget, the issuance of debt, or the levying of taxes for the organization.

Discretely Presented Component Unit

The component unit column on the financial statements identifies the financial data of the Jackson County Airport Authority. The component unit is reported separately to emphasize that it is legally separate from the County. Information about the component unit is presented in Note 21 to the basic financial statements.

Jackson County Airport Authority The Jackson County Airport Authority (the Authority) was created by resolution of the County Commissioners under Ohio Revised Code Section 308.01. The purpose of the Authority is for the acquisition, construction, operation and maintenance of the airport and its facilities in Jackson County. The Authority operates under the direction of a three-member Board of Trustees, appointed by the County Commissioners. A Secretary-Treasurer is responsible for the fiscal accounting of the resources of the Authority. Services provided by the Authority include the means by which to aid the safe taking off and landing of aircraft, storage and maintenance of aircraft, and the safe and efficient operation of the airport. The Authority is considered to be a component unit of Jackson County and is discretely presented. The nature and significance of the relationship between the County and the Authority is such that exclusion would cause the County’s financial statements to be misleading. The Authority operates on a fiscal year ending on December 31.

Jackson County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2011

As the custodian of public funds, the County Treasurer invests all public monies held on deposit in the County treasury. In the case of the separate agencies, boards and commissions listed below, the County serves as fiscal agent but is not financially accountable for their operations. Accordingly, the activity of the following districts and agencies is presented as agency funds within the County's financial statements:

The Jackson County Combined General Health District The District is governed by the Board of Health which oversees the operation of the District and is elected by a Regional Advisory Council comprised of township trustees, mayors of participating municipalities, and one County Commissioner. The District adopts its own budget and operates autonomously from the County. Funding is based on a rate per taxable valuation, along with State and Federal grants applied for by the District.

Jackson County Soil and Water Conservation District The Soil and Water Conservation District is statutorily created as a separate and distinct political subdivision of the State. The five supervisors of the Soil and Water Conservation District are elected officials authorized to conduct and sue on behalf of the District. The supervisors adopt their own budget, authorize District expenditures, hire and fire staff, and do not rely on the County to finance deficits.

Joint Venture

A joint venture is a legal entity or other organization that results from a contractual arrangement and that is owned, operated, or governed by two or more participants as a separate and specific activity subject to joint control, in which the participants retain (a) an ongoing financial interest or (b) an ongoing financial responsibility. Under the modified cash basis of accounting, the County does not report assets for equity interests in joint ventures.

The County participates in several jointly governed organizations, a joint venture and public entity risk pools. These organizations are presented in Notes 15, 16, and 17 to the Basic Financial Statements. The organizations are:

- Gallia, Jackson, Meigs, Vinton Solid Waste Management District
- Gallia, Jackson, and Meigs Board of Alcohol, Drug Addiction, and Mental Health Services
- Southeast Ohio Emergency Medical Services District
- Jackson-Vinton Community Action Agency
- Ohio Valley Regional Development Commission
- Gallia-Jackson Child Abuse and Neglect Advisory Council
- South Central Ohio Regional Juvenile Detention Center
- Southern Ohio Council of Governments
- Ohio Valley Resource and Developmental Area, Inc.
- Buckeye Joint-County Self-Insurance Council
- County Commissioners Association of Ohio Workers' Compensation Group Rating Plan

The County's management believes these financial statements present all activities for which the County is financially accountable.

Note 2 – Summary of Significant Accounting Policies

As discussed further in Note 2.C, these financial statements are presented on a modified cash basis of accounting. The modified cash basis of accounting differs from accounting principles generally accepted in the United States of America (GAAP). General accepted accounting principles include all relevant Governmental Accounting Standards Board (GASB) pronouncements, which have been applied to the extent they are applicable to the modified cash basis of accounting. In the government-wide financial statements, Financial Accounting Standards Board (FASB) pronouncements and Accounting Principles

Jackson County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2011

Board (APB) opinions issued on or before November 30, 1989, have been applied, to the extent they are applicable to the modified cash basis of accounting, unless those pronouncements conflict with or contradict GASB pronouncements, in which case GASB prevails. Following are the more significant of the County's accounting policies.

A. Basis of Presentation

The County's basic financial statements consist of government-wide financial statements, including a statement of net assets and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

Government-wide Financial Statements The statement of net assets and the statement of activities display information about the County as a whole. These statements include the financial activities of the primary government, except fiduciary funds.

The statement of net assets presents the cash balance of the governmental activities of the County at year end. The statement of activities compares disbursements and program receipts for each program or function of the County's governmental activities. Disbursements are reported by function. A function is a group of related activities designed to accomplish a major service or regulatory program for which the County is responsible. Program receipts include charges paid by the recipient of the goods or services offered by the program, grants, and contributions that are restricted to meeting the operational or capital requirements of a particular program, and interest earned on grants that is required to be used to support a particular program.

Receipts which are not classified as program receipts are presented as general receipts of the County, with certain limited exceptions. The comparison of direct disbursements with program receipts identifies the extent to which each governmental program is self-financing or draws from the general receipts of the County.

Fund Financial Statements During the year, the County segregates transactions related to certain County functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the County at this more detailed level. The focus of governmental fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. Fiduciary funds are reported by type.

B. Fund Accounting

The County uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. There are three categories of funds: governmental, proprietary, and fiduciary.

Governmental Funds Governmental funds are those through which most governmental functions of the County are financed. The following are the County's major governmental funds:

General Fund The General Fund accounts for all financial resources, except those required to be accounted for in another fund. The General Fund balance is available to the County for any purpose provided it is expended or transferred according to the general laws of Ohio.

Motor Vehicle and Gasoline Tax Special Revenue Fund The Motor Vehicle and Gasoline Tax Special Revenue Fund accounts for revenue derived from motor vehicle licenses, gasoline taxes, grants, permissive license sales taxes, and interest. Expenditures in this fund are restricted by State law to County road and bridge repair/improvement programs.

Jackson County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2011

Job and Family Services Special Revenue Fund The Job and Family Services Special Revenue Fund accounts for various State and Federal grants used to provide public assistance to general relief recipients and to pay their providers of medical assistance and certain public social services.

Developmental Disabilities Special Revenue Fund The Developmental Disabilities Special Revenue Fund accounts for various State and Federal grants as well as property tax collections used to provide assistance to Jackson County residents that suffer from developmental disabilities.

Emergency Medical Services Special Revenue Fund The Emergency Medical Services Special Revenue Fund accounts for property tax collections, and user fees used to provide ambulatory care to Jackson County.

The other governmental funds of the County account for grants and other resources whose use is restricted to a particular purpose.

Proprietary Funds The County classifies funds financed primarily from user charges for goods or services as proprietary. Proprietary funds are classified as either enterprise or internal service; the County has no proprietary funds.

Fiduciary Funds Fiduciary fund reporting focuses on net assets and changes in net assets. There are four categories of fiduciary funds: pension trust funds, investment trust funds, private-purpose trust funds, and agency funds. Trust funds are used to account for assets held by the County under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the County's own programs. The County did not have any trust funds in 2011. Agency funds are purely custodial in nature and are used to account for assets held by the County as agent for the Board of Health and other districts and entities and various taxes, assessments, and state shared resources collected on behalf of and distributed to other local governments.

C. Basis of Accounting

The County's financial statements are prepared using the modified cash basis of accounting. Except for modifications having substantial support, receipts are recorded in the County's financial records and reported in the financial statements when cash is received rather than when earned and disbursements are recorded when cash is paid rather than when a liability is incurred. Any such modifications made by the County are described in the appropriate section in this note.

As a result of this use of the modified cash basis of accounting, certain assets and their related revenues (such as accounts receivable and revenue for billed or provided services not yet collected) and certain liabilities and their related expenses (such as accounts payable and expenses for goods or services received but not yet paid, and accrued expenses and liabilities) are not recorded in these financial statements.

D. Budgetary Process

All funds, other than agency funds, are legally required to be budgeted and appropriated. The major documents prepared are the tax budget, the certificate of estimated resources, and the appropriation resolution, all of which are prepared on the budgetary basis of accounting. The tax budget demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amount the County Commissioners may appropriate. The appropriation resolution is the County Commissioners' authorization to spend resources and set annual limits on cash disbursements plus encumbrances at a level of control selected by the County Commissioners. The legal level of control has been established by the County Commissioners at the fund, department, and object level for all funds.

Jackson County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2011

The certificate of estimated resources may be amended during the year if projected increases or decreases in receipts are identified by the County Auditor. The amounts reported as the original budgeted amounts on the budgetary statements reflect the amounts on the certificate of estimated resources when the original appropriations were adopted. The amounts reported as the final budgeted amounts on the budgetary statements reflect the amounts on the amended certificate in effect when final appropriations for the year were adopted by the County Commissioners.

The appropriation resolution is subject to amendment throughout the year with the restriction that appropriations may not exceed estimated resources. The amounts reported as the original budgeted amounts in the budgetary statements reflect the first appropriation for that fund that covered the entire year, including amounts automatically carried forward from prior years. The amounts reported as final budgeted amounts represent the final appropriation amounts passed by the County Commissioners during the year.

E. Cash and Cash Equivalents

To improve cash management, cash received by the County is pooled. Monies for all funds are maintained in this pool. Individual fund integrity is maintained through the County's records. Interest in the pool is presented as "Equity in Pooled Cash and Cash Equivalents".

Cash and cash equivalents that are held separately within the departments of the County are recorded as "Cash and Cash Equivalents in Segregated Accounts".

Cash and cash equivalents of the Airport Authority are held by the county and are recorded as "Cash and Cash Equivalents".

Investments of the cash management pool and investments with an original maturity of three months or less at the time of purchase are presented on the financial statements as cash equivalents. Investments with an initial maturity or more than three months that were not purchased from the pool are reported as investments.

Investments are reported as assets. Accordingly, purchases of investments are not recorded as disbursements, and sales of investments are not reported as receipts. Gains or losses at the time of sale are recorded as receipts or negative receipts (contra revenue), respectively.

During 2011, the County invested in corporate notes, federal agency securities, a money market fund, and STAR Ohio. Investments are reported at cost, except for the money market fund and STAR Ohio. The County's money market fund investment is recorded at the amount reported by Wesbanco at December 31, 2011. STAR Ohio is an investment pool managed by the State Treasurer's Office, which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but does operate in a manner consistent with rule 2a7 of the Investment Company Act of 1940. Investments in STAR Ohio are valued at STAR Ohio's share price, which is the price the investment could be sold for on December 31, 2011.

Investment procedures are restricted by the provisions of the Ohio Revised Code, grant requirements, or debt related restrictions. Interest is credited to the General Fund, and the Board of Developmental Disabilities, and the Community Development Block Grant Special Revenue Funds. Interest revenue credited to the General Fund during 2011 amounted to \$34,359, which includes \$28,808 assigned from other County funds.

Jackson County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2011

F. Restricted Assets

Assets are reported as restricted when limitations on their use change the nature or normal understanding of the availability of the asset. Such constraints are either externally imposed by the creditors, contributors, grantors, or laws of other governments, or are imposed by law through constitutional provisions or enabling legislation. Unclaimed monies that are required to be held for five years before they may be utilized by the County are reported as restricted.

G. Inventory and Prepaid Items

The County reports disbursements for inventory and prepaid items when paid. These items are not reflected as assets in the accompanying financial statements.

H. Capital Assets

Acquisitions of property, plant and equipment are recorded as disbursements when paid. These items are not reflected as assets in the accompanying financial statements.

I. Interfund Receivables/Payables

The County reports advances in and advances out for interfund loans. These items are not reflected as assets and liabilities in the accompanying financial statements.

J. Internal Activity

Transfers within governmental activities are eliminated on the government-wide statements. Internal allocations of overhead expenses from one program to another or within the same program are eliminated on the Statement of Activities. Payments for interfund services provided and used are not eliminated.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after nonoperating revenues/expenses in proprietary funds. Repayments of funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

K. Accumulated Leave

In certain circumstances, such as upon leaving employment or retirement, employees are entitled to cash payments for unused leave. Unpaid leave is not reflected as a liability under the County's modified cash basis of accounting.

L. Employer Contributions to Cost-Sharing Pension Plans

The County recognizes the disbursement for employer contributions to cost-sharing pension plans when they are paid. As described in Notes 11 and 12, the employer contributions include portions for pension benefits and for postretirement health care benefits.

M. Long-Term Obligations

The County's modified cash basis financial statements do not report liabilities for bonds or other long-term obligations. Proceeds of debt are reported when cash is received and principal and interest payments are reported when paid.

Jackson County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2011

N. Net Assets

Net assets are reported as restricted when there are limitations imposed on their use either through enabling legislation adopted by the County or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments.

Net assets restricted for other purposes primarily include activities involving the upkeep of the County's roads and bridges, various mental health services, child support and welfare services, services for the handicapped and developmentally disabled, and activities of the County's courts.

The County applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

O. Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the County is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

Nonspendable The nonspendable fund balance category includes amounts that cannot be spent because they are not in spendable form, or are legally or contractually required to be maintained intact. The "not in spendable form" includes items that are not expected to be converted to cash. It also includes the long-term amount of loans and notes receivable, as well as property acquired for resale, unless the use of proceeds from the collection of those receivables or from the sale of those properties is restricted, committed, or assigned.

Restricted Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or is imposed by law through constitutional provisions or enabling legislation (County resolutions).

Enabling legislation authorizes the County to assess, levy, charge, or otherwise mandate payment of resources (from external resource providers) and includes a legally enforceable requirement that those resources be used only for the specific purposes stipulated in the legislation. Legal enforceability means that the County can be compelled by an external party, such as citizens, public interest groups, or the judiciary to use resources created by enabling legislation only for the purposes specific by the legislation.

Committed The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by a formal action (resolution) of the County Commissioners. Those committed amounts cannot be used for any other purpose unless the Commission removes or changes the specified use by taking the same type of action (resolution) it employed to previously commit those amounts. In contrast to fund balance that is restricted by enabling legislation, committed fund balance classification may be redeployed for other purposes with appropriate due process. Constraints imposed on the use of committed amounts are imposed by County Commissioners, separate from the authorization to raise the underlying revenue; therefore, compliance with these constraints are not considered to be legally enforceable. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned Amounts in the assigned fund balance classification are intended to be used by the County for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the General Fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the general fund, assigned amounts represent intended uses established by the County Commissioners or a County official delegated that authority by resolution or by State Statute.

Jackson County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2011

Unassigned Unassigned fund balance is the residual classification for the General Fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

The County applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

Note 3 – Changes in Accounting Principles and Restatement of Fund Balance and Net Assets

A. Changes in Accounting Principles

For 2011, the County has implemented Governmental Accounting Standards Board (GASB) Statement 54, "Fund Balance Reporting and Governmental Fund Type Definitions". GASB Statement No. 54 enhances the usefulness of fund balance information by providing clearer fund balance classifications that can be more consistently applied and by clarifying the existing governmental fund type definitions. This statement establishes fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds. The implementation of this statement did result in a restatement of the County's balances.

B. Restatement of Prior Year Balances

The implementation of GASB Statement No. 54 had the following effect on fund balances of the major and nonmajor funds as they were previously reported:

	General Fund	Motor Vehicle Gasoline Tax	Job and Family Services	Board of Developmental Disabilities
Fund Balance at December 31, 2010	\$1,229,796	\$531,792	\$159,451	\$1,564,334
Change in Fund Structure	504,709	0	0	0
Adjusted Fund Balance at December 31, 2010	<u>\$1,734,505</u>	<u>\$531,792</u>	<u>\$159,451</u>	<u>\$1,564,334</u>

	Emergency Medical Services	Other Governmental Funds	Totals
Fund Balance at December 31, 2010	\$521,635	\$2,733,116	\$6,740,124
Change in Fund Structure	0	(504,709)	0
Adjusted Fund Balance at December 31, 2010	<u>\$521,635</u>	<u>\$2,228,407</u>	<u>\$6,740,124</u>

Jackson County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2011

Note 4 – Accountability and Compliance

Ohio Administrative Code, Section 117-2-03(B), requires the County to prepare its annual financial report in accordance with generally accepted accounting principles. However, the County prepared its financial statements on a cash basis, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United State of America. The accompanying financial statements omit assets, liabilities, net assets/fund balances, and disclosures that, while material, cannot be determined at this time. The County can be fined and various other administrative remedies may be taken against the County. Contrary to Ohio Law, the County did not certify certain purchases prior to obligation.

Note 5 – Fund Balances

Fund balance is classified as nonspendable, restricted, committed, assigned, and/or unassigned based primarily on the extent to which the County is bound to observe constraints imposed upon the use of the resources in the government funds. The constraints placed on fund balance for the major governmental funds and all other governmental funds are presented below:

Fund Balances	General Fund	Motor Vehicle Gas Tax	Job and Family Services	Emergency Medical Services	Board of Developmental Disabilities	Other Governmental Funds	Totals
Nonspendable:							
Unclaimed Monies	\$291,660	\$0	\$0	\$0	\$0	\$0	\$291,660

Jackson County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2011

Note 6 – Budgetary Basis of Accounting

The budgetary basis as provided by law is based upon accounting for certain transactions on the basis of cash receipts, disbursements, and encumbrances. The Statement of Cash Receipts, Cash Disbursements and Changes in Cash Basis Fund Balance – Budget and Actual (Budget Basis) presented for the General Fund and each major special revenue fund is prepared on the budgetary basis to provide a meaningful comparison of actual results with the budget. The difference between the budgetary basis and the modified cash basis are outstanding year end encumbrances. These are treated as expenditures (budgetary basis) rather than as a reservation of fund balance (modified cash basis) (outstanding year end advances are treated as an other financing source or use (budgetary basis) rather than as an interfund receivable or payable (modified cash basis)). The encumbrances outstanding at year end (budgetary basis) amounted to:

General Fund	\$11,793
--------------	----------

Note 7 – Deposits and Investments

Monies held by the County are classified by State statute into two categories. Active monies are public monies determined to be necessary to meet current demands upon the County treasury. Active monies must be maintained either as cash in the County treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Monies held by the County which are not considered active are classified as inactive. Inactive monies may be deposited or invested with certain limitations in the following securities provided the County has filed a written investment policy with the Ohio Auditor of State:

1. United States Treasury bills, bonds, notes, or any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal and interest by the United States;
2. Bonds, notes, debentures, or any other obligation or security issued by any federal government agency or instrumentality, including but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, and Government National Mortgage Association and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above provided the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least 2 percent and be marked to market daily, and the term of the agreement must not exceed thirty days;
4. Bonds and other obligations of the State of Ohio or Ohio local governments;
5. Time certificates of deposit or savings or deposit accounts including, but not limited to, passbook accounts;
6. No-load money market mutual funds consisting exclusively of obligations describe in division (1) or (2) and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
7. The State Treasurer's investment pool (STAR Ohio);

Jackson County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2011

8. Securities lending agreements in which the County lends securities and the eligible institution agrees to simultaneously exchange similar securities or cash, equal value for equal value;
9. Up to twenty-five percent of the County's average portfolio in either of the following:
 - a. commercial paper notes in entities incorporated under the laws of Ohio or any other State that have assets exceeding five hundred million dollars rated at the time of purchase, which are rated in the highest qualification established by two nationally recognized standard rating services, which do not exceed ten percent of the value of the outstanding commercial paper of the issuing corporation and which mature within 270 days after purchase.
 - b. bankers acceptances eligible for purchase by the federal reserve system and which mature within 180 days after purchase;
10. Fifteen percent of the County's average portfolio in notes issued by U.S. corporations or by depository institutions that are doing business under authority granted by the U.S. provided that the notes are rated in the second highest or higher category by at least two nationally recognized standard rating services at the time of purchase and the notes mature within two years from the date of purchase;
11. No-load money market mutual funds rated in the highest category at the time of purchase by at least one nationally recognized standard rating service consisting exclusively of obligations guaranteed by the United States, securities issued by a federal government agency or instrumentality, and/or highly rated commercial paper; and,
12. One percent of the County's average portfolio in debt interests rated at the time of purchase in the three highest categories by two nationally recognized standard rating services and issued by foreign nations diplomatically recognized by the United States government.

Repurchase agreements, investments in derivatives, and investments in stripped principal or interest obligations that are not issued or guaranteed by the United States, are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. Other than corporate notes, commercial paper, and bankers' acceptances, an investment must mature within five years from the date of settlement unless matched to a specific obligation or debt of the County. Investments must be purchased with the expectation that they will be held to maturity. Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the treasurer or qualified trustee or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

Cash on Hand At year end, the County had \$122,178 in undeposited cash on hand which is included as a part of "Equity in Pooled Cash and Cash Equivalents".

Deposits Custodial credit risk for deposits is the risk that in the event of bank failure, the County will not be able to recover deposits or collateral securities that are in the possession of an outside party. At year end, the carrying value of the County's deposits was \$4,375,513 and the bank balance was \$4,942,164. Of the bank balance \$1,532,466 was covered by Federal depository insurance and \$3,409,698 was exposed to custodial credit risk because it was uninsured and uncollateralized. This does not include \$135,873 in segregated cash which is held by SOCOG which cannot be disclosed by risk because it is co-mingled with other Counties' monies.

Jackson County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2011

The County has no deposit policy for custodial credit risk beyond the requirements of State statute. Ohio law requires that deposits be either insured or be protected by eligible securities pledged to and deposited either with the County or a qualified trustee by the financial institution as security for repayment, or by a collateral pool of eligible securities deposited with a qualified trustee and pledged to secure repayment of all public monies deposited in the financial institution whose market value at all times shall be at least one hundred five percent of the deposits being secured.

Investments Investments are reported at fair value. As of December 31, 2011, the County had the following investments:

	Fair Value	Percentage of Portfolio	Maturity
Money Market Mutual Funds	\$1,722,494	34.55%	1 Day
Federal Home Loan Mortgage Corporation Discount Notes	999,280	20.04%	June 12, 2015
Federal National Mortgage Association Discount Notes	499,400	10.02%	December 19, 2014
Federal National Mortgage Association Discount Notes	502,565	10.08%	July 8, 2015
Federal National Mortgage Association Discount Notes	499,800	10.02%	November 28, 2014
General Electric Capital Corporate Notes	253,080	5.08%	September 16, 2013
JP Morgan Chase and Company Corporate Notes	303,172	6.08%	May 1, 2013
Johnson and Johnson Corporate Notes	205,754	4.13%	August 15, 2012
STAR Ohio	444	0.01%	Average 57.0 Days
Totals	<u>\$4,985,989</u>	<u>100.00%</u>	

Interest Rate Risk The County does not have an investment policy that addresses interest rate risk. State statute requires that an investment mature within five years from the date of purchase, unless matched to a specific obligation or debt of the County, and that an investment must be purchased with the expectation that it will be held to maturity.

Credit Risk STAR Ohio carries a rating of AAA by Standard and Poor's. Ohio law requires that STAR Ohio maintain the highest rating provided by at least one nationally recognized standard rating service. The County has no investment policy that would further limit its investment choices. The Federal Home Loan Bank and Federal National Mortgage Securities carry a rating of AAA by Standard and Poor's. The General Electric Corporate notes carry a rating of Aa2 from Moody's and an AA from Standard and Poor's. JP Morgan Chase and Company Corporate notes carry a rating of Aa3 by Moody's and an AA from Standard and Poor's. Johnson and Johnson Corporate notes carry a rating of Aaa by Moody's and an AA from Standard and Poor's.

Custodial Credit Risk For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the County will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The County has no investment policy dealing with investment custodial credit risk beyond the requirement in state statute that prohibits payment for investments prior to the delivery of the securities representing such investments to the treasurer or qualified trustee.

Jackson County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2011

Concentration of Credit Risk is defined by the Governmental Accounting Standards Board as having five percent or more invested in the securities of a single issuer. The County's investment policy places no limit on the amount it may invest in any one issuer.

Note 8 – Permissive Sales and Use Tax

The County Commissioners, by resolution, imposed a one and one-half percent tax on all retail sales made in the County, except sales of motor vehicles, and on the storage, use, or consumption of all tangible personal property in the County, including motor vehicles, not subject to the sales tax. The sales tax is allocated fifty percent to the County's General Fund and fifty percent to the Sales Tax Trust Agency Fund, from which the proceeds are distributed to the various taxing districts within the County for use on community improvement projects. Vendor collections of the tax are paid to the State Treasurer by the twenty-third day of the month following collection. The State Tax Commissioner certifies the amount of the tax to be returned to the County to the Office of Budget and Management. The Tax Commissioner's certification must be made within forty-five days after the end of each month. The Office of Budget and Management then has five days in which to draw the warrant payable to the County.

Note 9 – Property Taxes

Property taxes include amounts levied against all real and public utility property located in the County. Property tax revenue received during 2011 for real and public utility property taxes represents collections of 2010 taxes.

2011 real property taxes were levied after October 1, 2011, on the assessed value as of January 1, 2011, the lien date. Assessed values are established by State law at 35 percent of appraised market value. 2011 real property taxes are collected in and intended to finance 2012.

Real property taxes are payable annually or semi-annually. If paid annually, payment is due December 31; if paid semi-annually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, State statute permits later payment dates to be established.

Public utility tangible personal property currently is assessed at varying percentages of true value; public utility real property is assessed at 35 percent of true value. 2011 public utility property taxes which became a lien December 31, 2010, are levied after October 1, 2011, and are collected in 2012 with real property taxes.

Tangible personal property taxes paid by multi-county taxpayers are due September 20. Single County taxpayers may pay annually or semi-annually. If paid annually, payment is due April 30; if paid semi-annually, the first payment is due April 30, with the remainder payable at September 20.

The full tax rate for all County operations for the year ended December 31, 2011, was \$10.00 per \$1,000 of assessed value. The assessed values of real property and public utility tangible property upon which 2011 property tax receipts were based are as follows:

Real Property	\$428,648,950
Public Utility Real	\$142,450
Public Utility Tangible Personal Property	47,443,600
Tangible Personal Property	<u>637,280</u>
Total Assessed Value	<u><u>\$476,872,280</u></u>

The County Treasurer collects property taxes on behalf of all taxing districts in the County. The County Auditor periodically remits to the taxing districts their portion of the taxes collected. The collection and distribution of taxes for all subdivisions within the County, excluding the County itself, is accounted for through agency funds. The amount of the County's tax collections is accounted for within the applicable funds.

Jackson County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2011

Note 10 – Risk Management

The County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During 2011, the County contracted with the Ohio Government Risk Management Plan, operated by the Buckeye Joint-County Self-Insurance Council, an insurance purchasing pool, (see Note 17), for liability, auto, and crime insurance. Each member pays a premium for their coverage. The agreement provides that the Council will be self-sustaining through member premiums. In the event of losses, the first \$250 to \$2,500 of any valid claim, depending upon type of loss, will be paid by the member. The next payment, with a maximum payout ranging from \$100,000 to \$1,000,000 per occurrence, will come from the insurance purchasing pool based on the member's percentage of contribution. If the aggregate claims by the pool exceed the available resources, the pool may require the members to make additional supplementary payments. Jackson County does not have any ongoing financial interest or responsibility. The agreement between the Counties and the Council indicates that a voluntary withdrawal or termination by any county shall constitute a forfeiture of any pro rate share of the Council reserve fund. Current calculation of this potential residual interest is, therefore, not possible. During 2011, Jackson County paid \$139,518 to the Council for insurance coverage. Coverage provided by the program and applicable deductibles are as follows:

Property	Deductible	Limits of Coverage
Real Property	\$1,000	\$22,527,924
General Liability	0	1,000,000/3,000,000
Public Official Liability	5,000	1,000,000/3,000,000

Jackson County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2011

Settled claims have not exceeded coverage in any of the past three years. There has been no significant reduction in insurance coverage from the prior year.

For 2011, the County participated in the County Commissioners Association of Ohio Workers' Compensation Group Rating Plan (Plan), an insurance purchasing pool (see Note 17). The Plan is intended to achieve lower workers' compensation rates while establishing safer working conditions and environments for the participants. The workers' compensation experience of the participating Counties is calculated as one experience and a common premium rate is applied to all participants in the Plan. Each participant pays its workers' compensation premium to the State based on the rate for the Plan rather than its individual rate. In order to allocate the savings derived by formation of the Plan, and to maximize the number of participants in the Plan, the Plan's executive committee annually calculates the total savings which accrued to the Plan through its formation. This savings is then compared to the overall savings percentage of the Plan. The Plan's executive committee then collects rate contributions from or pays rate equalization rebates to the various participants. Participation in the Plan is limited to Counties that can meet the Plan's selection criteria. The firm of Gates McDonald, Inc. provides administrative, cost control and actuarial services to the Plan. Each year, the County pays an enrollment fee to the Plan to cover the costs of administering the program.

The County may withdraw from the Plan if written notice is provided sixty days prior to the prescribed application deadline of the Ohio Bureau of Workers' Compensation. However, the participant is not relieved of the obligation to pay any amounts owed to the Plan prior to withdrawal, and any participant leaving the Plan allows the representative of the Plan to access loss experience for three years following the last year of participation.

The County pays all elected officials bonds by State statute.

Note 11 – Defined Benefit Pension Plans

A. Ohio Public Employees Retirement System

Plan Description – The County participates in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans. The Traditional Pension Plan is a cost-sharing, multiple-employer defined benefit pension plan. The Member-Directed Plan is a defined contribution plan in which the member invests both member and employer contributions (employer contributions vest over five years at 20 percent per year). Under the Member-Directed Plan, members accumulate retirement assets equal to the value of the member and vested employer contributions plus any investment earnings. The Combined Plan is a cost-sharing, multiple-employer defined benefit pension plan. Under the Combined Plan, OPERS invests employer contributions to provide a formula retirement benefit similar in nature to, but less than, the Traditional Pension Plan benefit. Member contributions, the investment of which is self-directed by the members, accumulate retirement assets in a manner similar to the Member-Directed Plan.

OPERS provides retirement, disability, survivor and death benefits, and annual cost-of-living adjustments to members of the Traditional Pension and Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report. Interested parties may obtain a copy by visiting <https://www.opers.org/investments/cafr.shtml>, writing to OPERS, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling 614-222-5601 or 800-222-7377.

Jackson County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2011

Funding Policy – The Ohio Revised Code provides statutory authority for member and employer contributions and currently limits the employer contribution to a rate not to exceed 14 percent of covered payroll for state and local employer units and 18.1 percent of covered payroll for law enforcement and public safety employer units. Member contribution rates, as set forth in the Ohio Revised Code, are not to exceed 10 percent of covered payroll for members in State and local divisions and 12 percent for law enforcement and public safety members. For the year ended December 31, 2011, members in state and local divisions contributed 10 percent of covered payroll while public safety and law enforcement members contributed 11.0 percent and 11.6 percent, respectively. While members in the state and local divisions may participate in all three plans, law enforcement and public safety divisions exist only within the Traditional Pension Plan. For 2011, member and employer contribution rates were consistent across all three plans.

The County's 2011 contribution rate was 14.0 percent, except for those plan members in law enforcement or public safety, for whom the County's contribution was 18.10 percent of covered payroll. The portion of employer contributions used to fund pension benefits is net of post-employment health care benefits. The portion of employer contribution allocated to health care for members in the Traditional Plan was 4.00 percent for 2011. The portion of employer contributions allocated to health care for members in the Combined Plan was 6.05 percent for 2011. Employer contribution rates are actuarially determined.

The County's required contributions for pension obligations to the Traditional Pension and Combined Plans for the years ended December 31, 2011, 2010, and 2009, were \$1,294,995 \$1,136,218, and \$1,228,799, respectively. The full amount has been contributed for 2011, 2010, and 2009. Contributions to the Member-Directed Plan for 2011 were \$29,977 made by the County and \$21,413 made by plan members.

B. State Teachers Retirement System

Plan Description – Certified teachers, employed by the school for developmental disabilities, participates in the State Teachers Retirement System of Ohio (STRS Ohio), a cost-sharing multiple-employer public employee retirement system. STRS Ohio provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS Ohio issues a stand-alone financial report that can be obtained by writing to STRS Ohio, 275 E. Broad St., Columbus, OH 43215-3771, by calling (888) 227-7877, or by visiting the STRS Ohio Web site at www.strsoh.org.

New members have a choice of three retirement plans; a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. The DB plan offers an annual retirement allowance based on final average salary multiplied by a percentage that varies based on years of service, or an allowance based on a member's lifetime contributions and earned interest matched by STRS Ohio funds divided by an actuarially determined annuity factor. The DC Plan allows members to place all their member contributions and employer contributions equal to 10.5 percent of earned compensation into an investment account. Investment decisions are made by the member. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal. The Combined Plan offers features of both the DB Plan and the DC Plan. In the Combined Plan, member contributions are invested by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The DB portion of the Combined Plan payment is payable to a member on or after age 60; the DC portion of the account may be taken as a lump sum payment or converted to a lifetime monthly annuity at age 50. Benefits are established by Ohio Revised Code Chapter 3307.

A DB or Combined Plan member with five or more years of credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members who die before retirement may qualify for survivor benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Jackson County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2011

Funding Policy - For the fiscal year ended June 30, 2011, plan members were required to contribute 10 percent of their annual covered salaries. The County was required to contribute 14 percent; 13 percent was the portion used to fund pension obligations. For year 2011, the portion used to fund pension obligations was also 13 percent. Contribution rates are established by the State Teachers Retirement Board, upon recommendations of its consulting actuary, not to exceed statutory maximum rates of 10 percent for members and 14 percent for employers. Chapter 3307 of the Ohio Revised Code provides statutory authority for member and employer contributions.

The County's required contributions for pension obligations to the DB Plan for the fiscal years ended December 31, 2011, 2010, and 2009, were \$17,296, \$25,014, and \$28,640, respectively. The full amount has been contributed for 2011, 2010, and 2009. There were no contributions made to either the DC or combined plans in 2011.

Note 12 – Postemployment Benefits

A. Ohio Public Employees Retirement System

Plan Description – Ohio Public Employees Retirement System (OPERS) administers three separate pension plans: The Traditional Pension Plan—a cost-sharing, multiple-employer defined benefit pension plan; the Member-Directed Plan—a defined contribution plan; and the Combined Plan—a cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan.

OPERS maintains a cost-sharing multiple-employer defined benefit post-employment health care plan for qualifying members of both the Traditional Pension and the Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits, including post-employment health care coverage. The plan includes a medical plan, prescription drug program and Medicare Part B premium reimbursement.

In order to qualify for post-employment health care coverage, age-and-service retirees under the Traditional Pension and Combined Plans must have 10 or more years of qualifying Ohio service credit. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available. The Ohio Revised Code permits, but does not mandate, OPERS to provide health care benefits to its eligible members and beneficiaries. Authority to establish and amend benefits is provided in Chapter 145 of the Ohio Revised Code.

Disclosures for the health care plan are presented separately in the OPERS financial report which may be obtained by visiting <https://www.opers.org/investments/cafr.shtml>, writing to OPERS, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling 614-222-5601 or 800-222-7377.

Funding Policy – The post-employment health care plan was established under, and is administrated in accordance with, Internal Revenue Code 401(h). The Ohio Revised Code provides the statutory authority requiring public employers to fund post-retirement health care through contributions to OPERS. A portion of each employer's contribution to OPERS is set aside for the funding of post-retirement health care.

Employer contribution rates are expressed as a percentage of the covered payroll of active members. In 2011, state and local employers contributed at a rate of 14.0 percent of covered payroll, and public safety and law enforcement employers contributed at 18.10 percent. These are the maximum employer contribution rates permitted by the Ohio Revised Code.

Each year, the OPERS Retirement Board determines the portion of the employer contribution rate that will be set aside for funding of post-employment health care benefits. The portion of employer contributions allocated to health care for members in the Traditional Plan was 4.0 percent for 2011. The portion of employer contributions allocated to health care for members in the Combined Plan was 6.05 percent for 2011.

Jackson County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2011

The OPERS Retirement Board is also authorized to establish rules for the payment of a portion of the health care benefits provided, by the retiree or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected. Active members do not make contributions to the post-employment health care plan.

The County's contributions allocated to fund post-employment health care benefits for the years ended December 31, 2011, 2010, and 2009, were \$384,632, \$421,191, and \$515,657, respectively. The full amount has been contributed for 2011, 2010, and 2009.

The Health Care Preservation Plan (HCPP) adopted by the OPERS Retirement Board on September 9, 2004, was effective January 1, 2007. Member and employer contribution rates increased on January 1 of each year from 2006 to 2008. Rates for law enforcement and public safety employers increased over a six year period beginning on January 1, 2006, with a final rate increase on January 1, 2011. These rate increases allowed additional funds to be allocated to the health care plan.

B. State Teachers Retirement System

Plan Description – The County participates in the cost-sharing multiple-employer defined benefit Health Plan administered by the State Teachers Retirement System of Ohio (STRS Ohio) for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS Ohio. Ohio law authorizes STRS to offer this plan. Benefits include hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare Part B premiums. The Plan is included in the report of STRS Ohio which can be obtained by visiting www.strsoh.org or by calling (888) 227-7877.

Funding Policy – Ohio law authorizes STRS Ohio to offer the Plan and gives the Retirement Board authority over how much, if any, of the health care costs will be absorbed by STRS Ohio. Active employee members do not contribute to the Plan. All benefit recipients pay a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions. For 2011, STRS Ohio allocated employer contributions equal to 1 percent of covered payroll to the Health Care Stabilization Fund. The County's contributions for health care for the years ended December 31, 2011, 2010, and 2009, were \$1,330, \$1,787, and \$2,046, respectively. The full amount has been contributed for 2011, 2010, and 2009.

Note 13 – Long Term Obligations

A schedule of changes in long-term obligations of the County during 2011 follows:

	Principal Outstanding 12/31/10	Additions	Deductions	Principal Outstanding 12/31/11	Amounts Due in One Year
Governmental Activities:					
1998 Wastewater Treatment Facility General Obligation Bonds - 4.95%	\$60,000	\$0	\$30,000	\$30,000	\$30,000
2009 Various Purpose General Obligation Bonds:					
Serial Bonds - 2.00% - 3.50%	1,550,000	0	320,000	1,230,000	275,000
Term Bonds - 4.00%	320,000	0	0	320,000	0
Term Bonds - 4.50%	365,000	0	0	365,000	0
2010 Municipal Court Computer Note - 3.80%	32,112	0	6,675	25,437	6,926
	<u>\$2,327,112</u>	<u>\$0</u>	<u>\$356,675</u>	<u>\$1,970,437</u>	<u>\$311,926</u>

Jackson County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2011

Principal and interest requirements to retire the Wastewater Treatment Facility General Obligation Bonds outstanding at December 31, 2011, are as follows:

December 31,	Principal	Interest	Total
2012	\$30,000	\$1,485	\$31,485

The 1998 Wastewater Treatment Facility General Obligation Bonds, originally issued for \$337,500, represents amounts issued on behalf of the Gallia, Jackson, Meigs, and Vinton Joint Solid Waste District to finance the construction of a solid waste recycling facility for the District. The District has agreed to make payments to the County to retire the debt as it becomes due.

On August 26, 2009, the County issued unvoted Various Purpose General Obligation Bonds in the amount of \$2,535,000. The general obligation bonds issued included serial and term bonds in the amount of \$1,850,000 and \$685,000, respectively.

Principal and interest requirements to retire the Various Purpose General Obligations Bonds outstanding at December 31, 2011, are as follows:

December 31,	Serial		Term	
	Principal	Interest	Principal	Interest
2012	\$275,000	\$62,062	\$0	\$0
2013	175,000	56,563	0	0
2014	160,000	52,625	0	0
2015	150,000	48,625	0	0
2016	155,000	44,500	0	0
2017 - 2021	315,000	74,500	195,000	79,275
2022 - 2026	0	0	335,000	82,725
2027 - 2028	0	0	155,000	10,575
	\$1,230,000	\$338,875	\$685,000	\$172,575

The term bonds, issued at \$320,000, maturing December 1, 2023, are subject to mandatory sinking fund redemption at a redemption price of 100% of the principal amount to be redeemed plus accrued interest to the date of redemption, on December 1 in the years and in the respective principal amounts as follows:

December 1,	Amount
2019	\$75,000
2020	60,000
2021	60,000
2022	60,000
2023	65,000
Total	\$320,000

The term bonds, issued at \$365,000, maturing December 1, 2028 are subject to mandatory sinking fund redemption at a redemption price of 100% of the principal amount to be redeemed plus accrued interest to the date of redemption, on December 1, in the years and in the respective principal amounts as follows:

Jackson County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2011

Fiscal Year Ending June 30,	Amount
2024	\$65,000
2025	70,000
2026	75,000
2027	75,000
2028	80,000
Total	\$365,000

The Justice Center, Courthouse Portico, and the Courthouse Renovations portions will be retired from the General Bond Retirement Fund with property tax revenue from the General Fund. The Job and Family Services portion will be retired from the Job and Family Services Center Bond Retirement Fund with rental payments received from the Job and Family Services Special Revenue Fund and property tax revenues from the General Fund. The Fair Board portion will be retired from the Fair Board Bond Retirement Fund from charges for services revenue from the Jackson County Fair Board. The Highway Garage, Track Hoe, Photo Mapping, and Engineer Building portion will be retired from the Motor Vehicle Gasoline Tax Bond Retirement Fund with license and gas tax revenue from the Motor Vehicle Gasoline Tax Special Revenue Fund. The Municipal Court portion will be retired from the Municipal Court Bond Retirement Fund with charges for services receipts from the Municipal Court Capital Improvements Fund. The Courts Computer portion will be retired from the Courts Computer Bond Retirement Fund with fines, licenses, and permits revenues from the Computer/Equipment Capital Improvements Fund.

Principal and interest requirements to retire the Municipal Court Computer Note outstanding at December 31, 2011, are as follows:

Year Ended December 31,	Principal	Interest	Total
2012	\$6,926	\$904	\$7,830
2013	7,196	635	7,831
2014	7,472	359	7,831
2015	3,843	72	3,915
	\$25,437	\$1,970	\$27,407

The 2010 Municipal Court Computer Note, originally issued for \$35,350, represents amounts borrowed to finance the ongoing computerization of the Municipal Court Complex. The note will be retired from fine, license, and permit revenue in the Municipal Court Special Projects Capital Improvements Fund.

The Ohio Revised Code provides that the net general obligation debt of the County, exclusive of certain exempt debt, issued without a vote of the electors shall never exceed one percent of the total valuation of the County. The Code further provides that the total shall never exceed a sum equal to three percent of the first \$100,000,000 of the assessed valuation, plus one and one-half percent of such valuation in excess of \$100,000,000 and not in excess of \$300,000,000, plus two and one-half percent of such valuation in excess of \$300,000,000. The County's total debt margin was \$10,421,807 and the unvoted debt margin was \$8,481,370 at December 31, 2011.

Jackson County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2011

Conduit Debt

To assist private sector in acquiring and constructing facilities deemed to be in the public interest, the County on occasion has issued industrial revenue bonds. Mortgages on the facilities secure the bonds. The bonds are payable solely from payments received on the underlying mortgage loans. Upon repayment of the loans, ownership of the facilities will transfer to the private sector entities. The County, the State, or any other political subdivision is not obligated in any manner for paying the bonds, which are not reflected in the debt schedule above. At December 31, 2011, aggregate principal outstanding on the bonds was \$4,473,826.

Note 14 – Interfund Activity and Balances

A. Transfers

During 2011, the following transfers were made:

Transfer to	Transfer from					Total
	Major Funds				Other	
	General Fund	Motor Vehicle and Gasoline Tax	Job and Family Services	Developmental Disabilities	Nonmajor Governmental	
Developmental Disabilities	\$0	\$0	\$0	\$0	\$4,975	\$4,975
Other Nonmajor Governmental	235,700	137,107	26,400	354,975	174,987	929,169
	<u>\$235,700</u>	<u>\$137,107</u>	<u>\$26,400</u>	<u>\$354,975</u>	<u>\$179,962</u>	<u>\$934,144</u>

The above mentioned Transfers From/To were used to move receipts from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them; debt service payments; and to use unrestricted receipts collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

B. Advances

The Job and Family Services Special Revenue Fund made a \$49,326 advance to the Child Support and Enforcement Agency Special Revenue Fund resulting from a repayment of prior year advances.

Note 15 – Jointly Governed Organizations

A. Gallia, Jackson, Meigs, Vinton Solid Waste Management District

The County is a member of the Gallia, Jackson, Meigs and Vinton Solid Waste Management District (the District), which a jointly governed organization of the four named counties. The purpose of the District is to make disposal of waste in the four-county area more comprehensive in terms of recycling, incinerating, and land filling.

Jackson County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2011

The District is governed and operated through three groups. A twelve member Board of Directors, comprised of the three commissioners from each county, is responsible for the District's financial matters. Financial records are maintained by the District. The District's sole revenue source is a waste disposal fee for in-district and out-of-district waste. A twenty-five member Policy Committee, comprised of six members from each county and one at-large member appointed by the Policy Committee, is responsible for preparing the solid waste management plan of the District in conjunction with a Technical Advisory Council whose members are appointed by the Policy Committee. Each participating County's influence is limited to the numbers of members each appoints to the Board. Continued existence of the District is not dependent upon the County's continued participation, no equity interest exists, and no debt is outstanding. The County made no contributions to the District in 2011.

B. Gallia, Jackson, Meigs Board of Alcohol, Drug Addiction, and Mental Health Services

The Gallia, Jackson, Meigs Board of Alcohol, Drug Addiction, and Mental Health Services (ADAMH), is a jointly governed organization of the three named counties. The ADAMH provides no direct services but contracts for their delivery. The ADAMH's function is to assess needs, and to plan, monitor, fund and evaluate the services. The ADAMH is managed by an eighteen member Board. The Board is comprised of five members appointed by the Jackson County Commissioners, two by the Gallia County Commissioners, and three by the Meigs County Commissioners, which are proportionate to population, four by the Ohio Department of Drug and Alcohol, and four by the State Department of Mental Health. Each participating county's influence is limited to the number of members each appoints to the Board. The Board exercises total control of the budgeting, appropriating, contracting and managing.

All of the Board's revenue is derived from State and Federal grants awarded to the multi-county Board. Gallia County serves as fiscal agent for the Board. Continued existence of the ADAMH is not dependent upon the County's continued participation, no debt exists, and the County does not have an equity interest in the Board. During 2011, the County made no in payments to the Board.

C. Southeast Ohio Emergency Medical Services District

The Southeast Ohio Emergency Medical Services District (the EMS) was organized to provide emergency medical services to the resident of the southeast Ohio. The EMS serves Athens, Jackson, and Lawrence Counties. A nine member Board of Directors governs the EMS. Each County appoints three members to the Board of Directors, upon approval of the current board members. The Board of Directors, in conjunction with the Finance Director, budget and approve expenditures, retain responsibility for surpluses and deficits, and are responsible for any debt incurred. The EMS is not dependent upon Jackson County for its continued existence, and the County does not maintain an equity interest. Emergency medical services are provided to each county under a contractual agreement. Each county is billed on a monthly basis for the services provided to their county. In 2011, the County paid \$51,030 to the SOEMS for services provided to the County. SOEMS ceased operations in 2011.

D. Jackson-Vinton Community Action Agency

The Jackson-Vinton Community Action Agency (the Agency) is a non-profit corporation organized to plan, conduct and coordinate programs designed to combat social and economic problems and to help eliminate conditions of poverty within Jackson and Vinton Counties. The Agency is governed by a Board comprised of public officials from Jackson and Vinton Counties, representatives of the poor in the area served and officials or members of the private sector of the community. The Agency controls its own operations and budget. In 2011, the County paid \$174,989 to the Agency for services provided to the County.

Jackson County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2011

E. Ohio Valley Regional Development Commission

The Ohio Valley Regional Development Commission (the Commission) is a jointly governed organization that serves a twelve county economic development planning district in southern Ohio. The Commission was formed to influence favorably the future economic, physical and social development of Adams, Brown, Clermont, Fayette, Gallia, Highland, Jackson, Lawrence, Pike, Ross, Scioto, and Vinton Counties. Membership is comprised of elected and appointed county, municipal, and township officials or their officially appointed designees, as well as members of the private sector, community action agencies and regional planning commissions. The Commission is not dependent upon Jackson County for its continued existence. In 2011, the County made no contributions to the Commission.

F. Gallia-Jackson Child Abuse and Neglect Advisory Board

The Child Abuse and Neglect Advisory Board (the Board) is a jointly governed organization formed to prevent child abuse and neglect in its members counties. The Board is controlled by a five member Board of Directors. Gallia and Jackson County each appoints two members and there is one at-large member. The at-large member is currently the Gallia, Jackson, and Meigs Counties Alcohol, Drug Addiction, and Mental Health Services Board director. The Board Organization receives \$20,000 a year from the State for birth registration fees, of which \$19,400 is sent directly to the Ohio Children's Trust Fund Board. The Gallia, Jackson, and Meigs Counties Alcohol, Drug Addiction, and Mental Health Services Board received the remaining \$600 for administrative services. Continued existence of the Board is not dependent upon the County's continued participation, nor does the County have an equity interest in the Board. The Board is not accumulating significant financial resources nor is it experiencing fiscal distress that may cause an additional financial benefit to or burden on the County. The Board currently does not prepare year end financial statements due to the limited amount of financial activity.

G. Southern Ohio Council of Governments

The County is a member of the Southern Ohio Council of Governments (the Council), which is a jointly governed organization created under Ohio Revised Code Section 167.01. The governing body consists of a thirteen member board with each participating County represented by its Director of its Board of Developmental Disabilities (BDD). Member counties include: Adams, Athens, Brown, Fayette, Gallia, Highland, Jackson, Lawrence, Pickaway, Pike, Ross, Scioto, and Vinton Counties. The Council acts as fiscal agent for the Jackson County BDD's supportive living program monies. During 2011, the Council received \$29,836 from Jackson County and as of December 31, 2011, the County had a \$135,873 balance on hand with the Council. These monies are recorded as "Cash and Cash Equivalents in Segregated Accounts" on the County's financial statements. Financial statements can be obtained from the Council at 43 N. Paint St., Chillicothe, Ohio 45601.

H. Ohio Valley Resource Conservation and Development Area, Inc.

The Ohio Valley Resource Conservation and Development Area, Inc. is a jointly governed organization that is operated as a non-profit corporation. The Ohio Valley Resource Conservations and Development Area, Inc. was created to aid regional planning to participating counties. Jackson County, along with Ross, Vinton, Highland, Gallia, Brown, Adams, Pike, Scioto, and Lawrence Counties each appoint three members to the thirty member Council. The Council selects an administrator to oversee operations. In 2011, the County made a \$250 contribution to the OVRCD.

Jackson County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2011

Note 16 – Joint Venture

South Central Ohio Regional Juvenile Detention Center

The County is a participant with Highland, Pike, Ross, Vinton, and Fayette counties in the South Central Ohio Regional Juvenile Detention Center (the Center) which is a facility that provides temporary housing for juvenile offenders awaiting disposition by the respective juvenile courts of the member counties. The juvenile judge from each participating county appoints one trustee to serve on the Board, except Ross County which appoints two trustees since it is the home county. The Commissioners of each county have final approval of their respective trustee. Each county is obligated to provide financial support to the Center through per diem charges and assessments which are based on the total assessed valuation of each county in proportion to the total assessed valuation of all participating counties. The County has an ongoing financial responsibility for this entity and, during 2011, contributed \$128,037 toward the operation of this facility. During 2001, the Board of Trustees for the Center determined that it was necessary to improve the Center by constructing a new facility and making related improvements to the existing facility. This work, completed in 2004, had a total cost of \$5,834,000. The County's equity interest in that Center was determined to be \$482,000. The Center is not accumulating significant financial resources or experiencing fiscal distress which would cause an additional financial benefit to or burden on the County. The Ross County Auditor is the fiscal agent for the Center. Complete financial statements of the joint venture can be obtained from the Ross County Auditor, Ross County Courthouse, 2 North Paint Street, Suite G, Chillicothe, Ohio 45601.

Note 17 – Insurance Purchasing Pools

A. Buckeye Joint-County Self-Insurance Council

The Buckeye Joint-County Self-Insurance Council (the Council) is a public entity shared risk pool that serves Athens, Hocking, Jackson, Lawrence, Meigs, Monroe, Morgan, Noble, Perry, Pike, Vinton and Washington Counties. The Council was formed as an Ohio non-profit corporation for the purpose of establishing a shared risk pool to provide general liability, law enforcement, professional, and fleet insurance. Member counties provide operating resources to the corporation based on actuarially determined rates.

The degree of control exercised by any participating government is limited to its representation on the Board. The Governing Board is comprised of at least one County Commissioner from each of the participating counties. The Governing Board annually elects officers which include a President, Vice President, Second Vice President and two Governing Board Members. The expenses and investment of funds by the officers must be approved by the Governing Board unless specific limits have been set by the Governing Board to permit otherwise.

B. County Commissioners Association of Ohio Workers' Compensation Group Rating Plan

The County is participating in a group rating plan for workers' compensation as established under Section 4123.29 of the Ohio Revised Code. The County Commissioners Association Service Corporation (CCAOSC) was established through the County Commissioners Association of Ohio (CCAO) as a group purchasing pool.

A group executive committee is responsible for calculating annual rate contributions and rebates, approving the selection of a third party administrator, reviewing and approving proposed third party fees, fees for risk management services and general management fees, determining ongoing eligibility of each participant, and performing any other acts and functions which may be delegated to it by the participating employers. The group executive committee consists of seven members. Two members are the president and treasurer of CCAOSC; the remaining five members are representatives of the participants. These

Jackson County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2011

five members are elected for the ensuing year by the participants at the meeting held in the month of December each year. No participant can have more than one member of the group executive committee in any year and each elected member shall be a County Commissioner.

Note 18 – Revolving Loan Program

The County participates in a Community Development Block Grant Revolving Loan Program. The goal of the Revolving Loan Fund (RLF) is to enable eligible communities to overcome specific gaps in local capital markets that inhibit business and industry from obtaining suitable credit, and thereby impede local economic growth and stability. The primary goal of each RLF project will be private sector job creation or retention of which at least 51% of such jobs must be taken by or made available to persons from low and moderate income households. The program is administered by the Jackson County Economic Development Commission. At December 31, 2011, total outstanding balances were \$732,050, principal loan revenue was \$52,851, and the County paid \$16,183 in administrative costs.

Note 19 – Contingent Liabilities

The County has received federal and state grants for specific purposes that are subject to review and audit by the grantor agencies or their designee. These audits could lead to a request for reimbursement to the grantor agency for expenditures disallowed under terms of the grant. Based on prior experience, the County Commissioners believe such disallowances, if any, will be immaterial.

Several claims and lawsuits are pending against the County. In the opinion of the County Prosecutor, any potential liability would not have a material effect on the County's financial condition.

Note 20 – Food Stamps

The County's Department of Job and Family Services distributes, through contracting issuance centers, federal food stamps to entitled recipients with Jackson County. The receipt and issuance of the stamps have the characteristics of a federal grant. However, the Department of Job and Family Services merely acts in an intermediary capacity. Therefore, the inventory value of these stamps is not reflected in the accompanying financial statements, as the only economic interest related to these stamps rests with the ultimate recipient.

Note 21 – Component Unit Disclosures

Jackson County Airport Authority

The following are the Jackson County Airport Authority (the Authority) notes to the financial statements for the year ended December 31, 2011:

Summary of Significant Accounting Policies

Basis of Presentation: The Summary of Significant Accounting Policies is presented to assist in understanding the Authority's financial statements. The financial statements and notes are representations of the Authority's management, who are responsible for their integrity and objectivity. These accounting policies conform to the basis of accounting prescribed or permitted by the Auditor of State. This basis of accounting is similar to the cash receipts and disbursements basis of accounting. Receipts are recognized when received in cash rather than when earned, and disbursements are recognized when paid rather than when a liability is incurred.

Liability for Income Taxes: The Authority is exempt from income tax under Section 501(c)(3) of Internal Revenue Code.

Jackson County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2011

Cash and Cash Equivalents: The Authority considers deposits with maturities of twelve months or less to be cash equivalents. At December 31, 2011, the Authority had no additional deposit accounts.

Property, Plant and Equipment: Fixed assets acquired or constructed for the Authority are recorded as disbursements. Depreciation is not recorded for these fixed assets.

JACKSON COUNTY

**NOTES TO THE FEDERAL AWARDS EXPENDITURES SCHEDULE
FOR THE YEAR ENDED DECEMBER 31, 2011**

NOTE A – SIGNIFICANT ACCOUNTING POLICIES

The accompanying Federal Awards Expenditures Schedule (the Schedule) summarizes activity of the County's federal award programs. The Schedule has been prepared on the cash basis of accounting.

NOTE B – COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) REVOLVING LOAN PROGRAMS

The County has a revolving loan fund (RLF) program to provide low-interest loans to businesses to create jobs for low to moderate income persons and also to lend money to eligible persons to rehabilitate homes. The Federal Department of Housing and Urban Development (HUD) grants money for these loans to the County, passed through the Ohio Department of Development. The Schedule reports loans made and administrative costs as disbursements on the Schedule. Subsequent loans are subject to the same compliance requirements imposed by HUD as the initial loans.

These loans are collateralized by machinery and equipment.

Activity in the CDBG revolving loan fund during 2011 is as follows:

Beginning loans receivable balance as of January 1, 2011:	\$ 634,901
Loans made:	150,000
Loan principal repaid during 2011:	<u>(52,851)</u>
Ending loans receivable balance as of December 31, 2011:	<u><u>\$ 732,050</u></u>
Cash balance on hand in the revolving loan fund as of December 31, 2011:	\$ 166,951
Interest subsidies and administrative costs expended during 2011:	<u>16,183</u>
Total value of the revolving loan fund portion of the CDBG 14.228 program:	<u>\$ 915,184</u>
Cash balance on hand in the microenterprise revolving loan fund *:	37,500
Expenditures in the microenterprise revolving loan fund*:	-
Other grants administered through the CDBG 14.228 program:	<u>242,340</u>
Total CDBG 14.228 program:	<u>\$ 1,195,024</u>
Loans made, interest subsidies and administrative costs expended during 2011:	\$ 166,183
Other grants administered through the CDBG 14.228 program:	<u>242,340</u>
Total CDBG 14.228 program Federal Schedule Expenditures:	<u>\$ 408,523</u>

*During 2008, Ohio Department of Development Office of Housing and Community Partnerships approved a waiver request to use \$100,000 of revolving loan fund program income to establish a microenterprise revolving loan fund.

The table above reports gross loans receivable. Of the loans receivable as of December 31, 2011, the County estimates none to be uncollectible. There were no delinquent amounts outstanding.

NOTE C – MATCHING REQUIREMENTS

Certain Federal programs require that the County contribute non-Federal funds (matching funds) to support the Federally-funded programs. The County has complied with the matching requirements. The Schedule does not include the expenditure of non-Federal matching funds.

JACKSON COUNTY

**NOTES TO THE FEDERAL AWARDS EXPENDITURES SCHEDULE
FOR THE YEAR ENDED DECEMBER 31, 2011
(Continued)**

NOTE D – OHIO DEPARTMENT OF DEVELOPMENTAL DISABILITIES (DODD) ADJUSTMENT

During the calendar year, the County received a deferred payment from the Ohio Department of Developmental Disabilities (DODD) for the Medicaid program (CFDA # 93.778) in the amount of \$13,030. The deferred payment was for Medicaid Administrative Claiming (MAC) and Waiver Administrative Claiming (WAC) expenses the County incurred in prior reporting periods due to an increase of federal funding received by DODD to reimburse these expenses and also due to changes in the County's Medicaid Eligibility Rate (MER) for certain activity codes within MAC/WAC. This revenue is not listed on the Schedule since the underlying expenses occurred in prior reporting periods.

Dave Yost • Auditor of State

INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

Jackson County
226 East Main Street
Jackson, Ohio 45640

To the Board of County Commissioners:

We have audited the financial statements of the governmental activities, each major fund, and the aggregate discretely presented component unit and remaining fund information of Jackson County, Ohio (the County), as of and for the year ended December 31, 2011, which collectively comprise the County's basic financial statements and have issued our report thereon dated September 17, 2012, wherein we noted that the County uses a comprehensive accounting basis other than generally accepted accounting principles. In addition, we noted the County has adopted Governmental Accounting Standards Board Statement No. 54. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the County's internal control over financial reporting as a basis for designing our audit procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of opining on the effectiveness of the County's internal control over financial reporting. Accordingly, we have not opined on the effectiveness of the County's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A material weakness is a deficiency, or combination of internal control deficiencies resulting in more than a reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and timely corrected.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider material weaknesses, as defined above.

Compliance and Other Matters

As part of reasonably assuring whether the County's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express an opinion. The results of our tests disclosed instances of noncompliance or other matters we must report under *Government Auditing Standards*, which are described in the accompanying Schedule of Findings as items 2011-01 and 2011-02.

We also noted certain matters not requiring inclusion in this report that we reported to the County's management in a separate letter dated September 17, 2012.

The County's responses to the findings identified in our audit are described in the accompanying Schedule of Findings. We did not audit the County's responses and, accordingly, we express no opinion on them.

We intend this report solely for the information and use of management, the Board of County Commissioners, and federal awarding agencies and pass-through entities, and others within the County. We intend it for no one other than these specified parties.

Dave Yost
Auditor of State

September 17, 2012

Dave Yost • Auditor of State

INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Jackson County
226 East Main Street
Jackson, Ohio 45640

To the Board of County Commissioners:

Compliance

We have audited the compliance of Jackson County, Ohio (the County), with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133, Compliance Supplement* that could directly and materially affect each of the County's major federal programs for the year ended December 31, 2011. The Summary of Auditor's Results section of the accompanying Schedule of Findings identifies the County's major federal programs. The County's management is responsible for complying with the requirements of laws, regulations, contracts, and grants applicable to each major federal program. Our responsibility is to express an opinion on the County's compliance based on our audit.

Our compliance audit followed auditing standards generally accepted in the United States of America; the standards applicable to financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. These standards and OMB Circular A-133 require that we plan and perform the audit to reasonably assure whether noncompliance occurred with the compliance requirements referred to above that could directly and materially affect a major federal program. An audit includes examining, on a test basis, evidence about the County's compliance with these requirements and performing other procedures we considered necessary in the circumstances. We believe our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the County's compliance with these requirements.

As described in finding 2011-03 in the accompanying Schedule of Findings, the County did not comply with requirements regarding cash management applicable to its Community Development Block Grant major federal program. Compliance with this requirement is necessary, in our opinion, for the County to comply with requirements applicable to this program.

In our opinion, except for the noncompliance described in the preceding paragraph, the County complied, in all material respects, with the requirements referred to above that could directly and materially affect each of its major federal programs for the year ended December 31, 2011.

Internal Control Over Compliance

The County's management is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the County's internal control over compliance with requirements that could directly and materially affect a major federal program, to determine our auditing procedures for the purpose of opining on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of opining on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the County's internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over compliance that might be significant deficiencies or material weaknesses and therefore, we cannot assure we have identified all deficiencies, significant deficiencies, or material weaknesses. However, as discussed below, we identified a certain deficiency in internal control over compliance that we consider to be a material weakness.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program compliance requirement. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program compliance requirement will not be prevented, or timely detected and corrected. We consider the deficiency in internal control over compliance described in the accompanying Schedule of Findings as item 2011-03 to be a material weakness.

The County's response to the finding we identified is described in the accompanying Schedule of Findings. We did not audit the County's response and, accordingly, we express no opinion on it.

We intend this report solely for the information and use of management, the Board of County Commissioners, others within the entity, federal awarding agencies, and pass-through entities. It is not intended for anyone other than these specified parties.

Dave Yost
Auditor of State

September 17, 2012

JACKSON COUNTY
SCHEDULE OF FINDINGS
OMB CIRCULAR A-133 § .505
DECEMBER 31, 2011

(d)(1)(viii)	Dollar Threshold: Type A/B Programs	Type A: > \$300,000 Type B: all others
(d)(1)(ix)	Low Risk Auditee?	No

JACKSON COUNTY
SCHEDULE OF FINDINGS
OMB CIRCULAR A-133 § .505
DECEMBER 31, 2011
(Continued)

2. FINDINGS RELATED TO THE FINANCIAL STATEMENTS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS

FINDING NUMBER 2011-01

Noncompliance Finding

Ohio Rev. Code Section 117.38 provides that each public office shall file a financial report for each fiscal year. The Auditor of State may prescribe forms by rule or may issue guidelines, or both, for such reports. If the Auditor of State has not prescribed a rule regarding the form for the report, the public office shall submit its report on the form utilized by the public office. Ohio Admin. Code Section 117-2-03 further clarifies the requirements of Ohio Rev. Code Section 117.38.

Ohio Admin. Code Section 117-2-03(B) requires the County to file its annual financial report pursuant to generally accepted accounting principles. However, the County prepared its financial statements in accordance with standards established by the Auditor of State for governmental entities not required to prepare annual reports in accordance with generally accepted accounting principles. The accompanying financial statements and notes omit assets, liabilities, fund equities, and disclosures that, while material, cannot be determined at this time. Pursuant to Ohio Rev. Code Section 117.38, the County may be fined and subject to various other administrative remedies for its failure to file the required financial report.

We recommend the County take the necessary steps to ensure that the annual financial report is prepared and filed on a generally accepted accounting principles basis.

Officials' Response: With the latest state cuts to local governments, Jackson County cannot afford to convert to GAAP.

FINDING NUMBER 2011-02

Noncompliance Finding

Ohio Rev. Code Section 5705.41(D)(1) prohibits a subdivision or taxing entity from making any contract or ordering any expenditure of money unless a certificate signed by the fiscal officer is attached thereto. The fiscal officer must certify that the amount required to meet any such contract or expenditure has been lawfully appropriated and is in the treasury, or is in the process of collection to the credit of an appropriate fund free from any previous encumbrance. Every such contract made without such a certificate shall be void and no warrant shall be issued in payment of any amount due thereon.

There are several exceptions to the standard requirement stated above that a fiscal officer's certificate must be obtained prior to a subdivision or taxing authority entering into a contract or order involving the expenditure of money. The main exceptions are: "then and now" certificates, blanket certificates, and super blanket certificates, which are provided for in Sections 5705.41(D)(1) and 5705.41(D)(3), respectively, of the Ohio Revised Code.

1. "Then and Now" Certificate – If the fiscal officer (County Auditor) can certify that both at the time that the contract or order was made ("then"), and at the time that the County Auditor is completing the certification ("now"), that sufficient funds were available or in the process of collection, to the credit of a proper fund, properly appropriated and free from any previous encumbrance, the County can authorize the drawing of a warrant for the payment of the amount due. The County has thirty days from the receipt of the "then and now" certificate to approve payment by ordinance or resolution.

JACKSON COUNTY
SCHEDULE OF FINDINGS
OMB CIRCULAR A-133 § .505
DECEMBER 31, 2011
(Continued)

2. FINDINGS RELATED TO THE FINANCIAL STATEMENTS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS (Continued)

FINDING NUMBER 2011-02 (Continued)

Noncompliance Finding - Ohio Rev. Code Section 5705.41(D)(1) (Continued)

Amounts of less than \$100 for counties may be paid by the County Auditor without a resolution upon completion of the “then and now” certificate, provided that the expenditure is otherwise lawful. This does not eliminate any otherwise applicable requirement for approval of expenditures by the County.

2. Blanket Certificate – Fiscal officers may prepare “blanket” certificates for a certain sum of money not in excess of an amount established by resolution adopted by a majority of the members of the legislative authority against any specific line item account over a period not running beyond the end of the current fiscal year. The blanket certificates may, but need not, be limited to a specific vendor. Only one blanket certificate may be outstanding at one particular time for any one particular line item appropriation.

3. Super Blanket Certificate – The County may also make expenditures and contracts for any amount from a specific line-item appropriation account in a specified fund upon certification of the County Auditor for most professional services, fuel, oil, food items, and any other specific recurring and reasonably predictable operating expense. This certification is not to extend beyond the current year. More than one super blanket certificate may be outstanding at a particular time for any line item appropriation.

Fifty-eight percent of the transactions tested were not certified by the County Auditor at the time the commitment was incurred and there was no evidence that the County followed the aforementioned exceptions. Failure to properly certify the availability of funds can result in overspending funds and negative cash fund balances.

Unless the exceptions noted above are used, prior certification is not only required by statute but is a key control in the disbursement process to assure that purchase commitments receive prior approval. To improve controls over disbursements and to help reduce the possibility of the County’s funds exceeding budgetary spending limitations, we recommend that the County Auditor certify that the funds are or will be available prior to obligation by the County. When prior certification is not possible, “then and now” certification should be used.

We recommend the County Auditor certify purchases to which Section 5705.41(D) applies. The most convenient certification method is to use purchase orders that include the certification language Section 5705.41(D) requires to authorize disbursements. The County Auditor should sign the certification at the time the County incurs a commitment, and only when the requirements of Section 5705.41(D) are satisfied. The County Auditor should post approved purchase commitments to the proper appropriation code, to reduce the available appropriation.

Officials’ Response: The current staff in the office cannot handle the additional work load this correction will create. We would need to hire a purchase order clerk.

JACKSON COUNTY

**SCHEDULE OF FINDINGS
OMB CIRCULAR A-133 § .505
DECEMBER 31, 2011
(Continued)**

3. FINDINGS FOR FEDERAL AWARDS

Finding Number	2011-03
CFDA Title and Number	Community Development Block Grant – CFDA #14.228
Federal Award Number / Year	B-F-09-1BK-1, B-C-10-1BK-1, and B-F-10-1BK-1
Federal Agency	United States Department of Housing and Urban Development
Pass-Through Agency	Ohio Department of Development

Noncompliance Finding/Material Weakness - Cash Management

24 C.F.R. Section 85.21(c) and Section (A)(3)(f) of the Ohio Department of Development, Office of Housing and Community Partnership’s Financial Management Rules and Regulations Handbook, require grantees to develop a cash management system to ensure compliance with the Fifteen Day Rule relating to prompt disbursement of funds. This rule states that fund draw downs should be limited to amounts that will enable the grantee to disburse funds on hand to a balance of less than \$5,000 within fifteen days of receipt. Lump sum draw downs are not permitted.

The State of Ohio Department of Development, Office of Housing and Community Partnership Financial Management Rules and Regulations Handbook, Section (A)(3)(l), states that the grantee should deposit federal funds received from OHCP in a non-interest bearing account. If the grantee deposits funds in an interest bearing account, the grantee must remit to OHCP, on at least a quarterly basis, any interest earned that totals more than \$100 per year. The check must be payable to the U.S. Department of Housing and Urban Development. In addition, the grantee must, on a monthly basis, credit any interest earned to the appropriate grant. The only exception is an escrow account for rehabilitation of private property.

The following funds were drawn down but were not disbursed to a balance of less than \$5,000 within fifteen days of receipt:

From Grant B-F-09-1BK-1 Community Development Block Grant:

Draw number 326, dated February 22, 2011, was requested in the amount of \$5,600. The County received the funding on March 18, 2011; however, the money was not expended within fifteen days of receipt as required, and the balance exceeded \$5,000 until April 5, 2011 or 18 days.

Draw number 335, dated July 6, 2011, was requested in the amount of \$25,650. The County received the funding on August 8, 2011; however, the money was not expended within fifteen days of receipt as required, and the balance exceeded \$5,000 until August 24, 2011 or 16 days.

From Grant B-C-10-1BK-1 Community Development Block Grant:

Draw number 323, dated December 9, 2010, was requested in the amount of \$18,000. The County received the funding on January 6, 2011; however, the money was not expended within fifteen days of receipt as required, and the balance exceeded \$5,000 until February 2, 2011 or 27 days.

Draw number 331, dated May 10, 2011, was requested in the amount of \$33,760. The County received the funding on June 2, 2011; however, the money was not expended within fifteen days of receipt as required, and the balance exceeded \$5,000 until July 6, 2011 or 34 days.

3. FINDINGS FOR FEDERAL AWARDS (Continued)

FINDING NUMBER 2011-03 (Continued)

Noncompliance Finding/Material Weakness - Cash Management (Continued)

Draw number 332, dated May 24, 2011, was requested in the amount of \$18,850. The County received the funding on June 16, 2011; however, the money was not expended within fifteen days of receipt as required, and the balance exceeded \$5,000 until August 30, 2011 or 75 days.

Draw number 337, dated August 9, 2011, was requested in the amount of \$14,141. The County received the funding on September 9, 2011; however, the money was not expended within fifteen days of receipt as required, and the balance exceeded \$5,000 until September 28, 2011 or 22 days.

Draw number 339, dated October 12, 2011, was requested in the amount of \$12,625. The County received the funding on November 14, 2011; however, the money was not expended within fifteen days of receipt as required, and the balance exceeded \$5,000 until November 30, 2011 or 16 days.

Draw number 8, dated November 15, 2011, was requested in the amount of \$20,725. The County received the funding on December 16, 2011; however, the money was not expended within fifteen days of receipt as required, and the balance exceeded \$5,000 until January 24, 2012 or 39 days.

From Grant B-F-10-1BK-1 Community Development Block Grant:

Draw number 324 dated February 9, 2011, was requested in the amount of \$8,000. The County received the funding on February 18, 2011; however, the money was not expended within fifteen days of receipt as required, and the balance exceeded \$5,000 until March 9, 2011 or 19 days.

Draw number 333 dated June 24, 2011, was requested in the amount of \$10,000. The County received the funding on July 29, 2011; however, the money was not expended within fifteen days of receipt as required, and the balance exceeded \$5,000 until August 16, 2011 or 18 days.

Draw number 336 dated July 6, 2011, was requested in the amount of \$29,600. The County received the funding on September 6, 2011; however, the money was not expended within fifteen days of receipt as required, and the balance exceeded \$5,000 until September 28, 2011 or 22 days.

Draw number 127 dated December 19, 2011, was requested in the amount of \$103,900. The County received the funding on December 31, 2011; however, the money was not expended within fifteen days of receipt as required, and the balance exceeded \$5,000 until January 24, 2011 or 25 days.

Based on our testing utilizing the 1% average 2011 U.S. Treasury Current Value of Funds Rate, we estimate the imputed interest could have been \$75 for the year ended December 31, 2011.

We recommend the County monitor the cash balances in these funds to determine when and how much cash to request. This will help ensure that the monies drawn down are expended within the required time frame
