

County of Summit, Ohio

*Reports Issued Pursuant to
Government Auditing Standards and
OMB Circular A-133*

Year Ended December 31, 2011

Dave Yost • Auditor of State

Board of Commissioners
Summit County
175 South Main Street
Akron, Ohio 44308

We have reviewed the *Independent Auditor's Report* of Summit County, prepared by Rea & Associates, Inc., for the audit period January 1, 2011 through December 31, 2011. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. Summit County is responsible for compliance with these laws and regulations.

A handwritten signature in black ink that reads "Dave Yost".

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the County of Summit, Ohio (the County), as of and for the year ended December 31, 2011, which collectively comprise the County's basic financial statements and have issued our report thereon dated June 29, 2012, wherein we noted the County restated its governmental funds' fund balances due to changes in fund structure as a result of implementing Governmental Accounting Standards Board Statement 54. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

Management of the County is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the County's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Summit County
Independent Auditor's Report on Internal Control over
Financial Reporting and on Compliance and Other
Matters Based on an Audit of Financial Statements
Performed in Accordance with *Government Auditing Standards*
June 29, 2012
Page 2

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we have reported to management of the County in a separate letter dated June 29, 2012.

This report is intended solely for the information and use of the audit committee, County Council, management, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than those specified parties.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH
REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL
EFFECT ON EACH MAJOR PROGRAM AND ON INTERNAL CONTROL
OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133**

Compliance

We have audited the compliance of the County of Summit, Ohio (the County) with the types of compliance requirements described in the OMB Circular A-133 Compliance Supplement that could have a direct and material effect on each of the County's major federal programs for the year ended December 31, 2011. The County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the County's management. Our responsibility is to express an opinion on the County's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the County's compliance with those requirements.

In our opinion the County complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2011.

Internal Control Over Compliance

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the County's internal control over compliance with the requirements that could have a direct and material effect on a major federal program to determine the auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

Summit County
Independent Auditor's Report on Compliance with Requirements That Could
Have a Direct and Material Effect on Each Major Program and on Internal
Control Over Compliance in Accordance with OMB Circular A-133
September 26, 2012
Page 2

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

Schedule of Expenditures of Federal Awards

We have audited the basic financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the County of Summit, Ohio as of and for the year ended December 31, 2011, and have issued our report thereon dated June 29, 2012, which contained an unqualified opinion on those financial statements, wherein we noted the County implemented Governmental Accounting Standards Board Statement No. 54, "Fund Balance Reporting and Governmental Fund Type Definitions" and restated the December 31, 2010 fund balances of the governmental funds due to a change in fund structure. Our audit was conducted for the purpose of forming our opinions on the financial statements that collectively comprise the County's financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the financial statements as a whole.

This report is intended solely for the information and use of the audit committee, County Council, management, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than those specified parties.

SEE ACCOMPANYING NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

County of Summit, Ohio

**Notes to the Schedule of Expenditures of Federal Awards
December 31, 2011**

NOTE 1: SIGNIFICANT ACCOUNTING POLICIES

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) includes the federal grant activity of the County of Summit (the County) and is presented on the cash basis of accounting. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of State and Governments, and Non-Profit Organizations*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

NOTE 2: MEDICAL ASSISTANCE PROGRAM

The amount received from Medicaid in 2011 represents only a portion of the total amount billed by the County. The federal expenditures amount reported represents the actual receipts at the Federal Financial Participation reimbursement rate.

NOTE 3: FIFO METHOD

Federal funds are commingled with non-Federal funds for the Title XX Medicare Grant CFDA No. 93.667. A first-in first-out (FIFO) method was used to arrive at grant expenditures for the federal program.

NOTE 4: MATCHING

Certain Federal programs require that the County contribute non-Federal funds (matching funds) to support the Federally-funded programs. The County has complied with the matching requirements. The expenditure of non-Federal matching funds is not included on the Schedule.

NOTE 5: SUBRECIPIENTS

The County passes certain federal awards received from the U.S. Department of Housing and Urban Development, the U.S. Department of Labor, the U.S. Department of Energy, the U.S. Department of Education and the U.S. Department of Health and Human Services to other governments or not-for-profit agencies (subrecipients). As Note 1 describes the County reports expenditures of Federal awards to subrecipients when paid in cash.

As a sub-recipient, the County has certain compliance responsibilities, such as monitoring its subrecipients to help assure they use these sub-awards as authorized by laws, regulations, and the provisions of contracts or grant agreements, and that sub-recipient achieve the award's performance goals.

NOTE 6: CHILD NUTRITION CLUSTER

Cash receipts from the U.S. Department of Agriculture are commingled with State grants. It is assumed federal monies are expended first.

County of Summit, Ohio

Notes to the Schedule of Expenditures of Federal Awards (Continued)
December 31, 2011

NOTE 7: TRANSFERS BETWEEN FEDERAL PROGRAMS

During fiscal year 2011, the County made allowable transfers of \$483,461 from the Temporary Assistance for Needy Families (TANF) (93.558) program to the Social Services Block Grant (SSBG) (93.667) program. The Schedule shows the County spent approximately \$11.3 million on the TANF program. The amount reported for the TANF program on the Schedule excludes the amount transferred to the SSBG program. The amount transferred to the SSBG program is included as SSBG expenditures when disbursed. The following table shows the gross amount drawn for the TANF program during fiscal year 2011 and the amount transferred to the Social Services Block Grant program.

Temporary Assistance for Needy Families	\$ 11,800,762
Transfer to Social Services Block Grant	<u>(483,461)</u>
Total Temporary Assistance for Needy Families	<u>\$ 11,317,301</u>

NOTE 8: MAC/WAC DEFERRED PAYMENT

During the calendar year, the County received a deferred payment from the Ohio Department of Developmental Disabilities (DODD) for the Medicaid program (CFDA # 93.778) in the amount of \$2,061,390. The deferred payment was for Medicaid Administrative Claiming (MAC) and Waiver Administrative Claiming (WAC) expenses the County incurred in prior reporting periods due to an increase of federal funding received by DODD to reimburse these expenses and also due to changes in the County's Medicaid Eligibility Rate (MER) for certain activity codes within MAC/WAC. This revenue is not listed on the County's Schedule of Expenditures of Federal Awards since the underlying expenses occurred in prior reporting periods.

KRISTEN M. SCALISE CPA, CFE

Fiscal Officer

County of Summit

June 29, 2012

To the Honorable County of Summit Executive, Council Members,
and Citizens of the County of Summit:

As Fiscal Officer of the County of Summit (County), I am pleased to present the Comprehensive Annual Financial Report (CAFR) of the County of Summit, Ohio for the year ended December 31, 2011. This CAFR was prepared in conformity with Generally Accepted Accounting Principles (GAAP) as set forth by the Governmental Accounting Standards Board (GASB).

Responsibility for both the accuracy of the data presented and the completeness and fairness of the presentation, including disclosures, lays with the management of the County, and in particular the Fiscal Office of the County. To provide a reasonable basis of making these representations, management of the County has established a comprehensive internal control framework that is designed to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the County's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the County's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatements. To the best of my knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly and completely the financial position of the County and the results of its operations.

The County financial statements have been audited by Rea & Associates, Inc., a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the County for the fiscal year ended December 31, 2011, are free of material misstatements. The independent audit involves examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditors issued an unqualified opinion that the County financial statements for the fiscal year ended December 31, 2011, are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the County was part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the government's compliance and internal controls over financial reporting, and compliance with laws, regulations, contracts and reports requirements and internal control requirements of federal awards. These reports are available in the County's separately issued Single Audit Report.

GAAP require that management provide a narrative introduction, overview, an analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The County's MD&A can be found immediately following the report of the independent auditors.

Profile of the Government

The County of Summit, Ohio, formed in 1840, is located in northeastern Ohio, approximately 25 miles south of Cleveland, and covers an area of 416 square miles. As of the 2010 census, the County was the fourth most populous of the 88 counties in Ohio with a population of 541,781. The County seat is the City of Akron, which is the largest municipality in the County with a 2010 population of 199,110. In addition to the City of Akron, there are 21 other cities and villages and 9 townships located within the County.

The County is in the Akron Metropolitan Statistical Area (MSA) comprised of Summit and Portage Counties with a population of 703,200 according to the 2010 census. It is also in the Cleveland-Akron-Elyria Combined Statistical Area (CSA) with a population of 2,881,937 according to the 2010 census, making it the 14th most populous CSA of 123 in the country.

In 1979, the voters of the County adopted a Charter establishing the first charter form of county government in the State of Ohio (State). The Charter became effective January 1, 1981. It replaced the statutory form of county government. The Charter currently provides for a County Executive and an 11 member County Council, comprised of three members elected at large and eight members representing districts.

In addition to the County Executive and the Council, there are five elected administrative officials of the County, each of whom has independent authority within the limits of the State statutes affecting the particular office. These officials, elected to four year terms, are the Fiscal Officer, Clerk of Courts, Engineer, Sheriff, and Prosecuting Attorney. Common Pleas Judges, including Domestic Relations, Juvenile and Probate Courts, are also elected on a county-wide basis and serve six year terms.

The County has significant responsibilities in the areas of general government, human services and social services, civil and criminal justice systems, police protection, road and bridge maintenance, and other miscellaneous County services. The County's Department of Environmental Services operates a sewer system and a water system.

In accordance with Governmental Accounting Standards Board (GASB) Statement No. 39, "Determining Whether Certain Organizations Are Component Units - An Amendment of GASB Statement No. 14," the County's financial statements include organizations, activities and functions for which the County is primarily accountable.

Factors Affecting Financial Condition

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the County operates.

Local Economy

Historically, the County's economy has been associated with the rubber industry. Although the rubber industry's contributions to the economy remain substantial, the focus of that industry in the region has changed from manufacturing to research and development and administration. The Goodyear Tire & Rubber Company is the largest manufacturing employer in the County with approximately 3,000 Akron area employees.

More recently, spawned from the rubber industry, Summit County has become a national leader in the field of plastics and polymers. A recent study ranked Ohio number one in plastics and polymers. It is also ranked number one in rubber and miscellaneous plastic products. The greater Akron region is home to the largest number of polymer companies in Ohio. Custom molders, captive molders, resin processors, and equipment manufactures all call Ohio home.

The combined resources of three major Universities, including The University of Akron, currently rated as the second best program in Polymer Science nationally by the U.S. News and World Report, and an international industrial consortium makes greater Akron one of the leading liquid crystal and polymer research and development centers in the world.

The County, in conjunction with the State, the City of Akron, the Development Finance Authority of Summit County, formally Summit County Port Authority, and other private development partners has worked with The Goodyear Tire & Rubber Company to keep their World and North American Headquarters located in Akron. In exchange for the assistance, Goodyear has agreed to keep 2,900 jobs in the County.

The County, the City of Akron, the State and the Development Finance Authority of Summit County has worked with Bridgestone and is in the process of completing construction of a new state of the art \$70 million, 260,000 square foot technical center in the City. As part of the agreement Bridgestone has agreed to retain 1,000 employees in the County for at least 20 years.

The County is the corporate headquarters for four corporations with annual revenues of more than one billion dollars each. These are FirstEnergy Corp., The Goodyear Tire & Rubber Company, A. Schulman Inc., and Jo-Ann Stores, Inc. The County is also headquarters for FirstMerit Corporation, one of the largest financial services institutions in the region with assets exceeding \$10 billion.

Capitalizing upon the strength of the health systems and associated medical industry in the County, including the region's experience with polymers and material science, the City of Akron launched the Akron Biomedical Corridor in 2006. At the heart of the corridor is the Austin BioInnovation Institute in Akron (ABIA), which is an alliance of three hospital systems, the University of Akron, the Orthopedic of Northeastern Ohio and the Northeastern Ohio Consortium for Wound Healing Research and Education. In March 2010, the City officially designated the Biomedical Corridor, a 1,240 acre area, as a zoned biomedical district. This development is expected to create 3,000 jobs within the next five years.

Like most of the counties in Ohio and across the United States, the County continues to feel the effects of the economic recession. According to the Ohio Department of Job and Family Services, as of April 2012, the County's unemployment rate was 7.1 percent, down from 8.5 percent a year ago, which ranks the County 65th against the other 88 counties in Ohio. Ohio's unemployment rate, at 7.4 percent in April 2012, was down from 8.8 compared to April 2011. The national rate fell from 9.6 percent to 8.9 percent over the year. Total employment in Ohio was 26,838 higher than 2011, while total unemployment was down 84,396.

In the Akron Metropolitan Statistical Area, nonagricultural wage and salary employment rose 2,000 between April 2011 and April 2012. Increases in professional and business services and trade, transportation, and utilities increased employment in service-providing industries 2,100. Smaller increases/decreases occurred in leisure and hospitality, educational, health services, financial activities, information, and other services. Employment in government decreased 900 over the year. The goods-producing sector gained 1,600 jobs as gains were posted in manufacturing and mining, logging, and construction.

Long-term Financial Planning

Annually, Summit County Council adopts a five year Capital Improvement Program (CIP). This five year program invests in the County's facilities and infrastructure, providing space for critical county programs and encouraging the growth and development of the County.

The county, like many local governments, faces financial challenges as the economy slowly begins to recover. Summit County has initiated some significant actions to stabilize the budget in order to maintain existing reserves and guard against any further weakening in the economy. As a result the General fund budgeted expenditures for 2012 were reduced approximately \$2.4 million from 2011. The major reductions occurred in 1) administrative offices were reduced 5.8% and 2) public safety offices were reduced by 3.8%. Also, for 2012, there were no health care cost increases and no cost of living increases for any charter office employees.

In the years ahead, the County will continue to improve the delivery and cost effectiveness of County services by investing in new technologies and energy saving facility improvements. As a result the County embarked on several collaborative and innovative programs to further reduce costs, enhance revenues, and better position itself for growth once the local economy begins to stabilize and return to some semblance of historical size and scope. As a result, in 2010, the City of Tallmadge and the City of Cuyahoga Falls Building Departments were consolidated in to the County's Division of Building Standards. Throughout 2011, the County continued to take steps to eliminate duplicated services, equipment and materials, and reduced personnel through attrition.

Relevant Financial Policies

The County Executive adopted a General Fund Cash Balance Maintenance Policy to establish reasonable guidelines related to the maintenance of certain financial resources of the County. This is in an effort to maintain the County's ability to:

- Meet liquidity requirements for current long-term obligations
- Manage unexpected revenue shortfalls
- Accept reasonable uninsured risks, where advantageous
- Provide for unanticipated contingencies and emergencies
- Provide for long-term budget and tax stabilization
- Borrow funds at reasonable interest rates, when needed
- Maintain its bond rating at current levels, or where possible, improve the rating
- Retain only such cash balance levels that are needed to accomplish the above objectives

The County shall make all reasonable efforts to achieve and maintain an unreserved cash balance in its General Fund, in an amount sufficient to provide liquidity to meet the operating cash flow needs of the County at any given period during the fiscal year. the amount of such reserve, if available, should be no less than the average past three years' total operating expenditures incurred during the first nine weeks of the fiscal year, which is approximately 17.3% of the annual operating budget.

Major Initiatives

Summit County's participation in The Goodyear Tire & Rubber Project culminated with County Council's approval of the County's participation in a development agreement which outlines the County's investment of \$15 million to support the project.

In November 2010, the County funded its participation in the construction of a new technical center for the Bridgestone Firestone North American Tire project. The County issued \$7,550,000 of Recovery Zone Economic Development Bonds backed by a pledge of County non-tax revenues. Construction of this facility is currently under way, with the County's contribution being used to fund a public parking facility and pedestrian connector which ties the parking facility to the technical center. This unique approach to financing is another example of ways in which the County continues to be creative in attracting and retaining jobs in Summit County.

In 2011, the City of Cuyahoga Falls, City of Tallmadge and the Village of Silver Lake consolidated their building departments with the County's building department. As a result the County now performs building permit and inspection services in 25 of the 31 communities in the County.

In 2011, three health departments or districts, the Akron Health Department, the Barberton Health District and the Summit County General Health District, merged into a single agency - Summit County Public Health, serving the entire county. This eliminated duplication of services, reduced spending in taxpayer dollars and improved operating efficiencies.

For 2012 the County will continue its work in finalizing the financing package necessary to move forward with the Goodyear Tire and Rubber Company's World Headquarters project in Akron. The County will also move forward with approximately \$2.2 million worth of improvements and upgrades to the County Jail facility.

Awards and Acknowledgments

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the County for its comprehensive annual financial report (CAFR) for the fiscal year ended December 31, 2010. This was the twenty-fifth consecutive year the County has received this prestigious award. In order to be awarded a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized CAFR. This report satisfied both GAAP and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current CAFR continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The Government Finance Officers Association (GFOA) presented an award of Distinguished Budget Presentation to the County for its annual budget for the year beginning January 1, 2011. This was the ninth consecutive year, eleventh year that the County has received this prestigious award. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan and as a communication device. This award is valid for a period of one year only.

Preparing this report for publication would not have been possible without the cooperation of each elected official and a large number of County employees. I am grateful for their assistance and cooperation.

I would like to extend my sincere appreciation to the members of my staff in the Fiscal Office. I am grateful for their professionalism and dedication in producing this report. Sincere appreciation is also extended to the County's external auditors, Rea & Associates, Inc., for their guidance and constructive assistance.

Finally, I wish to thank the citizens of the County of Summit for this opportunity to continue to improve the professionalism of financial reporting for the County.

Sincerely,

Kristen M. Scalise, CPA, CFE
Fiscal Officer, County of Summit

Certificate of Achievement for Excellence in Financial Reporting

Presented to

County of Summit
Ohio

For its Comprehensive Annual
Financial Report
for the Fiscal Year Ended
December 31, 2010

A Certificate of Achievement for Excellence in Financial Reporting is presented by the Government Finance Officers Association of the United States and Canada to government units and public employee retirement systems whose comprehensive annual financial reports (CAFRs) achieve the highest standards in government accounting and financial reporting.

INDEPENDENT AUDITOR'S REPORT

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the County of Summit, Ohio (the County), as of and for the year ended December 31, 2011, which collectively comprise the County's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the County's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the County, as of December 31, 2011, and the respective changes in financial position and cash flows, where applicable, thereof and the respective budgetary comparisons for the General, Job & Family Services, Children Services Board, Alcohol, Drug, Addiction & Mental Health, and Board of Developmental Disabilities funds for the year then ended in conformity with accounting principles generally accepted in the United States of America.

As further described in Note 3 to the basic financial statements, the County restated its December 31, 2010 governmental funds' fund balances due to changes in fund structure as a result of implementing Governmental Accounting Standards Board (GASB) Statement 54.

In accordance with *Government Auditing Standards*, we have also issued our report dated June 29, 2012, on our consideration of the County's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of the audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 13 through 19 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The combining and individual nonmajor fund financial statements and other schedules, listed in the table of contents as supplementary information, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The accompanying introductory and statistical sections, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

BASIC FINANCIAL STATEMENTS

CAFR

COUNTY OF SUMMIT, OHIO
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED DECEMBER 31, 2011
UNAUDITED

Management's Discussion and Analysis (MD&A) provides the reader with a narrative overview and analysis of the County of Summit, Ohio's (the County) financial activities for the year ended December 31, 2011. The intent of this discussion and analysis is to look at the County's financial performance as a whole. The MD&A should be read in conjunction with the County's transmittal letter, notes to financial statements and financial statements to enhance their understanding of the County's financial performance.

FINANCIAL HIGHLIGHTS

Key financial highlights for 2011 are as follows:

- The assets of the County exceeded its liabilities at the close of the year ended December 31, 2011, by \$637 million (net assets). Of this amount, \$111.3 million may be used to meet the County's ongoing obligations to citizens and creditors.
- The County's total net assets increased \$27.6 million. Net assets related to governmental activities increased \$22.5 million, which represents an increase of 5.1 percent from 2010. Net assets related to business-type activities increased \$5.1 million, which represents an increase of 3 percent from 2010, due to increased operating grants and contributions.
- For governmental activities, general revenues accounted for \$209.6 million or 48 percent of all revenues. Program specific revenues in the form of charges for services, grants and contributions, and capital grants and contributions accounted for \$225.5 million or 52 percent of total revenues of \$435.1 million.
- The County had \$412.6 million in expenses related to governmental activities; only \$225.5 million of these expenses were offset by program specific charges for services, and operating grants and contributions and capital grants and contributions. General revenues (primarily taxes) of \$209.6 million were adequate to provide for these programs by approximately \$22.5 million.
- Among major funds, the General Fund had \$113.5 million in revenues and \$107.1 million in expenditures. The General Fund's fund balance increased to \$51.5 million, an increase of \$2.1 million from 2010.
- At the end of the current fiscal year, the assigned and unassigned fund balance for the General Fund was \$49.5 million or 46.2 percent of total General Fund expenditures.
- The County's total debt decreased \$9.1 million during the current year. The key factor for this decrease was scheduled debt payments of approximately \$11 million and early payments made in December 2011, due January 2012.

USING THIS COMPREHENSIVE ANNUAL FINANCIAL REPORT (CAFR)

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the County of Summit as a financial whole or as an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The County's basic financial statements comprise of three components: 1) county-wide financial statements, 2) fund financial statements, and 3) notes to financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

The *Statement of Net Assets and Statement of Activities* provide information about the activities of the County as a whole and presents a long-term view of the County's finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell the reader how services were financed in the short term, as well as, what remains for future spending. The fund financial statements also look at the County's most significant funds with all other nonmajor funds presented in total in one column. In the case of the County, the General Fund is the most significant fund.

REPORTING THE COUNTY AS A WHOLE

Statement of Net Assets and the Statement of Activities

The analysis of the County as a whole begins on page 20. One of the most important questions asked about the County's finances is, "How did we do financially during 2011?" The *Statement of Net Assets* and the *Statement of Activities* report information about the County as a whole and about its activities in a way that helps answer this question. These statements include all assets and liabilities using the accrual method of accounting similar to the accounting used by most private-sector companies. This method of accounting takes into account, all of the current year's revenues and expenses regardless of when cash is received or paid.

**COUNTY OF SUMMIT, OHIO
MANAGEMENT'S DISCUSSION AND ANALYSIS**

These two statements report the County's net assets and changes in those assets. This change in net assets is important because it tells the reader that, for the County as a whole, the financial position of the County has improved or diminished. The causes of this change may be the result of many factors, some financial, some not. Non-financial factors include the County's tax base, current property tax laws in Ohio restricting revenue growth, and other factors.

In the Statement of Net Assets and the Statement of Activities, the County is divided into two distinct kinds of activities:

- **Governmental Activities** - Most of the County's programs and services are reported here including general government, public safety, public works, and health and human services. These services are funded primarily by taxes and intergovernmental revenues including federal and state grants and other shared revenues.
- **Business-Type Activities** - These services are provided on a charge for goods or services basis to recover all of the expenses of the goods or services provided.

The government-wide financial statements can be found on pages 20-21 of this report.

FUND FINANCIAL STATEMENTS

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Fund financial reports provide detailed information about the County's major funds. The County uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the County's most significant funds, not on the County as a whole. The County's major governmental funds are: the General Fund; Job & Family Services; Children Services Board; Alcohol, Drug Addiction & Mental Health; Board of Developmental Disabilities; and Debt Service Fund. The major proprietary funds are the Water Revenue and Sewer Revenue funds.

Governmental funds: Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on events that produce near-term inflows and outflows of spendable resources, as well as on the balances of spendable resources available at the end of the year. This information may be useful in evaluating a government's near-term financing requirements.

Because the focus of the governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The County maintains a multitude of individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental statement of revenues, expenditures, and changes in fund balances for the major funds, which were identified earlier. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements elsewhere in this report. The basic governmental fund financial statements can be found on pages 22-25 of this report.

The County adopts an annual appropriated budget for its General Fund. Budgetary comparison statements have been provided for all annually budgeted funds to demonstrate compliance.

Proprietary funds: The County maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The County uses an enterprise fund to account for its water and sewer operations. Internal service funds are an accounting device used to accumulate and allocate costs internally among the County's various functions. The County uses internal service funds to account for its office services, self-insurance programs, workers' compensation, telephone systems and Internal Audit. The basic proprietary fund financial statements can be found on pages 31-34 of this report.

Fiduciary funds: Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the County's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. The basic fiduciary fund financial statements can be found on page 35 of this report.

**COUNTY OF SUMMIT, OHIO
MANAGEMENT'S DISCUSSION AND ANALYSIS**

Notes to Financial Statements: The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. Notes to Financial Statements can be found on pages 36-55 of this report.

Other information: In addition to the basic financial statements and accompanying notes, this report also presents combining and individual fund statements, schedules and statistical section, which can be found on pages 57-140 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. In the case of the County, assets exceeded liabilities by \$637 million (\$462.2 million in governmental activities and \$174.8 million in business-type activities) at the close of the most recent year. The County's financial position improved for both governmental and business-type activities.

A large portion of all of the County's net assets (55.5 percent) reflect its investment in capital assets (e.g., land, buildings, infrastructure, and machinery and equipment), less any related debt used to acquire those assets. The County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since capital assets themselves cannot be used to liquidate these liabilities.

**County of Summit, Ohio - Net Assets
(in thousands)**

	Governmental Activities		Business-Type Activities		Total	
	2011	2010	2011	2010	2011	2010
Assets						
Current and Other Assets	\$ 451,912	\$ 445,405	\$ 37,110	\$ 27,161	\$ 489,022	\$ 472,566
Capital Assets	258,901	264,202	207,539	211,160	466,440	475,362
Total Assets	710,813	709,607	244,649	238,321	955,462	947,928
Liabilities						
Long-Term Liabilities	80,655	86,896	53,944	58,271	134,599	145,167
Other Liabilities	167,937	182,999	15,891	10,341	183,828	193,340
Total Liabilities	248,592	269,895	69,835	68,612	318,427	338,507
Net Assets						
Invested in Capital assets, Net of Related Debt	203,051	203,601	150,627	150,662	353,678	354,263
Restricted	214,821	193,210	-	-	214,821	193,210
Unrestricted	44,349	42,901	24,187	19,047	68,536	61,948
Total Net Assets	\$ 462,221	\$ 439,712	\$ 174,814	\$ 169,709	\$ 637,035	\$ 609,421

An additional portion of the County's net assets, \$214.8 million (33.7 percent), represents resources that are subject to external restrictions on how they may be used. The remaining balance, \$68.5 million (10.8 percent), of unrestricted net assets may be used to meet the County's ongoing obligations to citizens and creditors.

At the end of the current year, the County is able to report positive balances in all three categories of net assets, both for the County as a whole, as well as for its separate governmental and business-type activities.

GOVERNMENTAL ACTIVITIES

Governmental activities increased the County's net assets by \$22.5 million, thereby accounting for 3.7 percent increase in the net assets of County. Key elements of this increase are as follows:

- Decreases in the County's operating grants and contributions of \$31.3 million (15.9 percent), are the direct result of reduced funding by state and federal programs.
- Investment income decreased by \$.8 million (19.9 percent) primarily due to the rate adjustments by the Federal Reserve.
- Increases in sales taxes (\$1.6 million) and property taxes (\$.4 million) are the direct result of increased consumer spending and a less stagnant housing market in Ohio's economy.

**COUNTY OF SUMMIT, OHIO
MANAGEMENT'S DISCUSSION AND ANALYSIS**

- Program revenues as a whole decreased \$30 million (11.7 percent). This was primarily due to an increase in charges for services (\$1.7 million) and a decrease in operating grants and contributions (\$31.3 million).
- Program expenditures as a whole decreased \$22.6 (5.2 percent). Although the expenditures for health (\$6.9 million) and public works (\$2.5 million) increased, they were offset by the reductions in expenditures for human services (\$18.1 million), economic development (\$6.7 million) and the County's overall cost saving measures, primarily the reduction in the number of employees, wage concessions and a hiring freeze.

BUSINESS-TYPE ACTIVITIES

Business-type activities increased the County's net assets by \$5.1 million, accounting for a .8 percent increase in the growth of the County's net assets. Key elements for this net increase were the increases in operating grants and contributions (\$4.4 million) (112.8 percent) and increases in capital grants and contributions (\$.6 million) (28.4 percent) exceeded the increases in overall expenses of \$4.6 million (12.1 percent) for business-type activities in the Sewer Revenue fund. These increases were due to state and federal stimulus funds and increased donated capital.

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

As discussed previously, the County uses fund accounting to ensure and demonstrate compliance with finance related legal requirements.

Governmental Funds: The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of expendable resources. Such information is useful in assessing the County's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a county's net resources available for spending at the end of the year.

As of the end of the current year, the County's governmental funds reported combined ending balances of \$237.7 million, an increase of \$23.9 million in comparison with the prior year. Approximately 18.3 percent of this total amount (\$43.5 million) constitutes unassigned fund balance, which is available for appropriation at the government's discretion within certain legal constraints and purpose restrictions. The remainder of the fund balance is reserved as nonspendable (\$4.5 million), restricted (\$184.6 million), and assigned (\$5.1 million).

The General Fund is the chief operating fund of the County. The fund balance of the County's General Fund increased \$2.1 million during the current year to \$51.5 million. The unassigned fund balance of the General Fund was \$18 million. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 16.8 percent of total General Fund expenditures, while total fund balance represents 48 percent of that same amount. Revenues exceeded expenditures by \$6.4 million due to an increase in charges for services (\$5.1 million) and a decrease in economic development expenditures (\$7.3 million).

Transfers from the General Fund to other governmental and internal service funds, amounted to \$4.4 million and are discussed later in this analysis.

Job and Family Services deficit fund balance increased by \$.3 million. Intergovernmental revenues decreased (\$17.6 million) and expenditures for human services decreased (\$11.4 million). These decreases are primarily due to the State of Ohio taking over the day care program.

Children Services Board fund balance increased by \$2.8 million. Although charges for services increased (\$1.1 Million) and intergovernmental revenues decreased (\$.6 million) expenditures in human services decreased (\$4.5 million).

The Alcohol, Drug Addiction and Mental Health fund balance increased by \$8 million. Although intergovernmental revenues decreased \$1.9 million, property taxes (\$.1 million) and health expenditures decreased \$.1 million, total revenues exceeded expenditures during the year.

The fund balance of the Board of Developmental Disabilities increased \$7.3 million. Although property taxes decreased (\$.2 million) and intergovernmental revenues decreased (\$3 million,) this was possible when combined with the increase in health expenditures (\$3.3 million).

The fund balance of \$3.2 million of the Debt Service Fund, which is restricted, increased less than \$.6 million during the current year. Property taxes (\$1.7 million) increased, and intergovernmental revenues (\$.7 million) increased, which were adequate to cover debt requirements for the year. The decrease in principal retirement (\$5.4 million) and the increase in interest & fiscal charges (\$1.2 million) helped to offset the excess expenditures for the year.

Enterprise Funds: The County's proprietary funds provide the same type of information found in the government-wide financial statements for business-type activities, but in more detail.

Unrestricted net assets for Water Revenue (\$.5 million) and Sewer Revenue (\$23.7 million) Funds at the end of the year amounted to \$24.2 million. The increase of net assets was due largely to an increase in revenues from federal and state stimulus funds which exceeded the increase in operating expenses (\$4.6 million).

GENERAL FUND BUDGETARY HIGHLIGHTS

The County's budgeting process is prescribed by the Ohio Revised Code. Essentially, the budget is the County's appropriations, which are restricted by the amounts of anticipated revenues certified by the Budget Commission in accordance with Ohio Revised Code. Therefore, the County's plans or desires cannot be totally reflected in the original budget. If budgeted revenues are adjusted due to actual activity then the appropriations can be adjusted, accordingly. All elected officials worked closely with the County Council to reduce, maintain, or hold down increases in departmental expenditures.

During the year, there was a \$6 million increase in appropriations between the original and final budget. Following are the main components of the increase:

- \$1.6 million supplemental appropriations in General Government - Legislative and Executive, in the departments of; Physical Plants, Utilities and Rentals and the Fiscal Office.
- \$1.3 million supplemental appropriations in General Government - Judicial, in the Court of Common Pleas, Juvenile Court, and Prosecutors Office.
- \$1.1 million supplemental appropriations in Public Safety, for the Sheriffs' Jail operations, Policing rotary services and the Building Regulations department.
- \$.2 million supplemental appropriations in Miscellaneous services.
- \$1.8 million supplemental appropriations in Human Services for subsidies and shared revenues.

The addition of approximately \$5.1 million prior year commitments, not included in the original budget, are the primary sources for the increases in appropriations.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets: The County's investment in capital assets, for its governmental and business-type activities as of December 31, 2011 amounts to \$466.4 million (net of accumulated depreciation). The investment in capital assets includes land, buildings, building improvements, machinery and equipment, sewer/water lines, and infrastructure. The total decrease in the County's investment in capital assets for the fiscal year was 1.9 percent (a 2 percent decrease in governmental activities and a 1.7 percent decrease for business-type activities).

Major capital asset events during the current fiscal year included the following:

- Construction completed on the Hazel Street Bridge Project.
- Construction completed on the Everett Street Widening Project.
- Construction completed on the Waterloo Road (US 224) Project.
- Construction plans abandoned on the Sheriff Office-Administration Building.
- Continued construction on the Visitation/Respite Center building project; construction in progress as of the close of the year had reached less than \$.2 million.
- Continued construction on the Jail Repairs Project; construction in progress as of the close of the fiscal year had reached less than \$.1 million.
- Continued construction on the Van Buren Bridge Project; construction in progress as of the close of the fiscal year had reached \$.7 million.
- New construction on the Ohio Building -HVAC Project; construction in progress as of the close of the fiscal year had reached less than \$.1 million.

This page intentionally left blank.

**COUNTY OF SUMMIT, OHIO
MANAGEMENT'S DISCUSSION AND ANALYSIS**

- New construction on the Clerks Case Management System Project; construction in progress as of the close of the fiscal year had reached \$2 million.
- New construction on the Northampton Road Bridge Project; construction in progress as of the close of the fiscal year had reached \$.7 million.
- New construction on the Twinsburg Road Culvert Project; construction in progress as of the close of the fiscal year had reached less than \$.1 million.
- New construction on the Akron Peninsula Road Resurface Project; construction in progress as of the close of the fiscal year had reached \$.5 million.
- New and continued construction on various sewer lines, plant/facility improvements and expansions, and wastewater treatment studies; construction in progress as of close of fiscal year had reached \$2.3 million.

Additional information on the County's capital assets can be found in Note 11 of the Notes to Financial Statements.

Long-term Debt: At the end of the current fiscal year, the County had total bonded debt outstanding of \$109.8 million, net of the outstanding premium. Of this amount, \$67.4 million comprises debt backed by the full faith and credit of the County and \$42.4 million is special assessment debt for which the County is liable in the event of default by the property owner subject to the assessment. The County's long-term bonded debt decreased \$8.7 million (7.3 percent) during the current fiscal year.

The County's outstanding uninsured general obligation bonds are currently rated "AA" by Standard & Poor's Rating Services, "Aa2" by Moody's Investors Service, and "AA" by Fitch Ratings. Certain of the County's general obligation bonds are insured by AMBAC Indemnity Corporation, MBIA Insurance Corporation, and Financial Guaranty Insurance Company (FGIC). All of the insured general obligation bonds are rated "Aa2" by Moody's and "AA" by Standard & Poor's. The bonds insured by FGIC are also rated "AA" by Fitch. State statute limits the total amount of debt a government entity may issue. The current direct debt limitation for the County is \$311 million, which is significantly higher than the County's outstanding net debt.

In addition to the bonded debt, the County's other long-term obligations include compensated absences, claims and judgments, and capital leases. Additional information on the County's long-term debt can be found in Note 17 of this report. Notes 15 and 16 discuss capital leases and compensated absences, respectively.

Interest and fiscal charges amounted to less than .9 percent of the total expenses for governmental activities.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The unemployment rate for the County is currently 8.5 percent, which decreased from a rate of 9.9 percent a year ago. This rate is close to the State's average unemployment rate of 8.6 percent and comparable to the national average of 8.8 percent.

Inflationary trends in the region compare favorably to national indices.

All of these factors were considered in preparing the County's budget for 2012. At the end of the 2011 fiscal year, the unassigned fund balance in the General Fund amounted to \$18 million.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the County's finances for all those with an interest in its finances and to show the County's accountability for the money it receives. Questions concerning any of the information provided in this report or requests for additional information should be addressed to the County of Summit Fiscal Office, 175 South Main Street - Suite 400, Akron, Ohio 44308-1354.

Total Governmental Funds Balances \$ 237,667,930

Amounts reported for governmental activities in the statement of net assets are different because

Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds 258,900,932

Other long-term assets are not available to pay for current-period expenditures and therefore are deferred in the funds:

Property Taxes	\$ 18,570,306	
Sales and Use Tax	3,807,563	
Charges for Services	20,694	
Intergovernmental	26,148,330	
Special Assessments	553,614	
Investment Income	179,548	
Other	1,883,550	
Total		51,163,605

In the statement of activities, bond issuance costs are amortized over the term of the bonds, whereas in governmental funds a bond issuance expenditure is reported when bonds are issued. 833,845

Internal service funds are used by management to charge the costs of services provided to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net assets.

Net Assets of Internal Service Funds	4,601,442	
Capital Assets (included above)	(21,233)	
Compensated Absences (included below)	224,746	
Workers Compensation (included below)	2,033,152	
Capital Leases (included below)	22,160	
Internal Balance Elimination	(14,664)	
Total		6,845,603

Long-term liabilities, including bonds payable and accrued interest payable, are not due and payable in the current period and therefore are not reported in the funds:

Accrued Interest Payable	(271,932)	
Compensated Absences	(20,023,489)	
Claims and Judgements	(1,989,812)	
Capital Leases	(484,679)	
Workers Compensation	(2,033,152)	
General Obligation Debt	(68,387,450)	
Total		(93,190,514)

Net Assets of Governmental Activities

<u>\$ 3,236,564</u>	<u>\$ 34,597,220</u>	<u>\$ 237,667,930</u>

Net Change in Fund Balances - Total Governmental Funds \$ 23,864,346

Amounts reported for governmental activities in the statement of activities are different because

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.

Capital Assets	\$ 7,961,087	
Current Year Depreciation	(13,261,695)	
Total		(5,300,608)

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.

Property Taxes	2,651,602	
Sales and Use Tax	140,876	
Charges for Services	(2,591,674)	
Intergovernmental	(2,512,929)	
Investment Income	(118,141)	
Special Assessments	285,430	
Other	(52,189)	
Capital Lease Proceeds	(293,845)	
Total		(2,490,870)

Repayment of long-term debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets.

Bond Principal Payments	5,392,387	
Capital Lease Principal Payments	702,126	
Total		6,094,513

In the statement of activities, interest is accrued on outstanding bonds, whereas in governmental funds, an interest expenditure is reported when due.

44,284

Some expenses reported in the statement of activities, do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.

Compensated Absences	(210,869)	
Claims and Judgements	168,842	
Total		(42,027)

Internal service funds used by management to charge the the costs of services provided to individual funds are not reported in the entity-wide state of activities. Governmental fund expenditures and related internal service fund revenues are eliminated.

339,747

Change in Net Assets of Governmental Activities \$ 22,509,385

County of Summit, Ohio
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2011

1. DESCRIPTION OF COUNTY OF SUMMIT and REPORTING ENTITY

The County of Summit is a body politic and corporate established for the purpose of exercising the rights and privileges conveyed to it by the Constitution and laws of the State of Ohio (State). The County was formed by an enabling act of the Ohio State Legislature in 1840. The County operates under a council-executive form of government, as provided by its charter, the only county in Ohio operating under a Home Rule Charter. Per the Charter, there are 11 elected County Council members and a County Executive. The County Fiscal Officer is the chief fiscal officer. In addition, there are four other elected administrative officials, each of whom is independent as set forth in Ohio Law. These officials are the Clerk of Courts, Engineer, Prosecutor, and Sheriff. There are also ten Common Pleas Court Judges, two Domestic Relations Court Judges, one Juvenile Court Judge, and one Probate Court Judge. As of December 31, 2011 one of the Common Pleas Court Judge seats remained open.

A reporting entity is comprised of the primary government, component unit and other organizations that are included to ensure that the financial statements are not misleading. The primary government of the County consists of funds, departments, boards and agencies that are not legally separate from the County. For the County of Summit, this includes the Children Services Board (CSB), Board of Developmental Disabilities (BDD), Alcohol, Drug Addiction & Mental Health Services Board (ADAMHS), Job & Family Services (JFS), and all departments and activities that are directly operated by the elected County Officials.

Component units are legally separate organizations for which the County is financially accountable. The County is financially accountable for an organization if the County appoints a voting majority of the component unit's board and either 1) the County's ability to impose its will over the component unit, or 2) the possibility that the component unit will provide a financial benefit or impose a financial burden to the County. The County has no component units.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(A) BASIS OF PRESENTATION

The financial statements of the County have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The County also applies Financial Accounting Standards Board (FASB) statements and interpretations issued on or after November 30, 1989, to its governmental and business-type activities and to its enterprise funds, provided they do not conflict with or contradict GASB pronouncements. The most significant of the County's accounting policies are described below.

The County's basic financial statements consist of government-wide statements, including a statement of net assets and a statement of activities, and fund financial statements, which provide a more detailed level of financial information.

Government-wide Financial Statements:

The statement of net assets and the statement of activities display information about the County as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The activity of the internal service funds is eliminated to avoid "doubling up" revenues and expenses. The statements distinguish between those activities of the County that are governmental and those that are considered business-type activities.

The statement of net assets presents the financial condition of the governmental and business-type activities for the County at year-end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the County's governmental activities and for the business-type activities of the County. Direct expenses are those that are specifically associated with a service, program or department and therefore are clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program and interest earned on grants that is required to be used to support a particular program. Revenues not classified as program revenues are presented as general revenues of the County, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each business segment or governmental function is self-financing or draws from the general revenues of the County.

Fund Financial Statements:

During the year, the County segregates transactions related to certain County functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the County at this more detailed level. The focus of governmental and enterprise fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. Internal service funds are combined and the totals are presented in a single column on the face of the proprietary fund statements. Fiduciary funds are reported by type.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(B) FUND ACCOUNTING

The County uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. There are three categories of funds: governmental, proprietary and fiduciary.

Governmental Funds:

Governmental funds are those through which most governmental functions of the County are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The following are the County's major governmental funds:

General - This fund accounts for the general operating revenues and expenditures of the County not recorded elsewhere. The general fund balance is available to the County for any purpose provided it is expended or transferred according to the general laws of Ohio. The primary revenue sources are property taxes, sales and use tax, charges for services, intergovernmental revenues and investment income.

Job & Family Services - This fund accounts for various Federal and State grants as well as transfers from the General fund used to provide public assistance to general relief recipients, medical assistance and certain public social services.

Children Services Board - This fund accounts for countywide property tax levy, Federal and State grants and reimbursements used for County child care programs. State law restricts the expenditure of these resources to programs designed to aid children from troubled families. Major expenditures are for foster homes, emergency shelters, medical costs, counseling and parental training.

Alcohol, Drug Addiction & Mental Health Services - This fund accounts for countywide property tax levy, Federal and State grants that are extended primarily to pay the costs of contracts with local mental health agencies which provide services to the public at large including mental health and alcohol and drug programs.

Board of Developmental Disabilities - This fund accounts for a countywide property tax levy, Federal and State grants and reimbursements used for care and services for the mentally handicapped and developmentally disabled.

Debt Service - This fund accounts for the accumulation of resources for, and the payment of, general long term debt principal, interest and related costs other than enterprise debt.

The other governmental funds of the County account for grants and other resources whose use is restricted to a particular purpose.

Proprietary Funds:

Proprietary fund reporting focuses on the determination of operating income, changes in net assets, financial position and cash flows. Proprietary funds are classified as either enterprise or internal service.

Enterprise Funds - These funds are used to account for operations that provide services, which are financed primarily by user charges, or activities where periodic measurement of income is appropriate for capital maintenance, public policy, management control or other purposes. These funds account for the provision of water and sewer services to external users throughout the County. All activities necessary to provide such services, including capital projects and debt financed by user charges, are accounted for in these funds. Water Revenue and Sewer Revenue funds are reported as major funds of the County.

Internal Service Funds - Internal service funds account for the financing of services provided by one department or agency to other departments or agencies of the County on a cost-reimbursement basis. The County's internal service funds are: Office Services, Medical Self-Insurance, Workers' Compensation, Telephone Services and Internal Audit.

Fiduciary Funds:

Fiduciary fund reporting focuses on net assets and changes in net assets. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds and agency funds. The County only maintains agency funds. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The County's agency funds are primarily established to account for the collection of various taxes, as well as other intergovernmental resources that will be distributed to other taxing districts located within the County of Summit.

(C) MEASUREMENT FOCUS

Government-wide Financial Statements

The government-wide financial statements are prepared using the economic resources measurement focus. All assets and all liabilities associated with the operation of the County are included on the Statement of Net Assets.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fund Financial Statements

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements, therefore, include reconciliations with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds. Like the government-wide statements, all proprietary fund types are accounted for on a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of these funds are included on the statement of net assets. The statement of revenues, expenses and changes in fund net assets presents increases (i.e., revenues) and decreases (i.e., expenses) in net total assets. The statement of cash flows provides information about how the County finances and meets the cash flow needs of its proprietary activities.

Agency funds do not report a measurement focus as they do not report operations.

(D) BASIS OF ACCOUNTING

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements, proprietary and fiduciary funds are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue and in the presentation of expenses versus expenditures.

1. **Revenues - Exchange and Nonexchange Transactions:** Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. The availability period used for the recognition of revenue is sixty days.

Nonexchange transactions, in which the County receives value without directly giving equal value in return, include sales and use taxes, property taxes, grants, entitlements and donations. On an accrual basis, revenue from sales taxes is recognized in the period in which the taxable sale takes place. Revenue from property taxes is recognized in the fiscal year for which the taxes are levied. (See Note 8) Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the County must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the County on a reimbursement basis. On a modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at year-end: sales and use tax (See Note 9), investment income, federal and state grants and subsidies, state-levied locally shared taxes (including motor vehicle license fees and gasoline taxes), fees and rentals.

Deferred Revenue: Deferred revenue arises when assets are recognized before revenue recognition criteria have been satisfied.

Property taxes for which there is an enforceable legal claim as of December 31, 2011, but which were levied to finance year 2012 operations, have been recorded as deferred revenue. Grants and entitlements received before the eligibility requirements are met are also recorded as deferred revenue.

On governmental fund financial statements, receivables that will not be collected within the available period have also been reported as deferred revenue.

Expenses/Expenditures: On the accrual basis of accounting, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

(E) BUDGETARY DATA

The budgetary process is prescribed by provisions of the Ohio Revised Code and entails the preparation of budgetary documents within an established timetable. The major documents prepared are the tax budget, the certificate of estimated resources and the appropriations resolution, all of which are prepared on the budgetary basis of accounting. The certificate of estimated resources and the appropriations resolution are subject to amendment throughout the year with the legal restriction that appropriations cannot exceed estimated resources, as certified. All funds, other than certain special revenue funds (operating on a different fiscal year), capital project funds and agency funds, are required by law to be budgeted and appropriated. The legal level of budgetary control is at the object level within each department. Although statutory law requires that all funds be budgeted, it is not necessary to do so if the County Budget Commission does not anticipate any cash activity for certain funds. Budgetary modifications may only be made by resolution of County Council.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

TAX BUDGET

A budget of estimated revenues and expenditures is submitted to the County of Summit Fiscal Officer, by July 20 of each year, for the period January 1 to December 31 of the following year.

ESTIMATED RESOURCES

The County Budget Commission reviews estimated revenues and determines if the budget substantiates a need to levy all or part of previously authorized taxes. The Commission certifies its actions to the County by September 1. As part of this certification, the County receives the official certificate of estimated resources, which states the projected revenue of each fund. Prior to December 31, the County must revise its budget so that the total contemplated expenditures from any fund during the ensuing fiscal year will not exceed the amount available as stated in the certificate of estimated resources. The revised budget then serves as the basis for the annual appropriation measure. On or about January 1, the certificate is amended to include any unencumbered cash balances from the preceding year. The certificate may be amended further during the year if the County of Summit Fiscal Officer determines, and the Budget Commission agrees, that an estimate needs to be increased or decreased.

The amounts reported as the original budgeted amounts in the budgetary statements reflect the amounts in the amended certificate when the original appropriations were adopted. The amounts reported as the final budgeted amounts in the budgetary statements reflect the amounts in the final amended certificate issued during 2011.

APPROPRIATIONS

A temporary resolution to control expenditures may be passed on or around January 1 of each year for the period January 1 to March 31. An annual appropriation resolution must be passed by April 1 of each year for the period January 1 to December 31. Each County department, in conjunction with the Office of Finance & Budget, prepares a budget that is approved by County Council. Throughout the year modifications and amendments to the original budget must be processed by the Office of Finance & Budget and approved through legal resolution by County Council. Each revised budget includes all modifications and supplemental appropriations that were necessary during the year. The County maintains budgetary control by fund, function, organizational unit, and object class and does not permit expenditures/expenses and encumbrances to exceed appropriations.

LAPSING OF APPROPRIATIONS

At the close of each year, unencumbered and unexpended appropriations in annually budgeted funds revert to the respective fund from which they were appropriated. As required by State law, the Delinquent Tax Assessment Collection fund must rollover the unexpended appropriations at the end of the year.

(F) DEPOSITS AND INVESTMENTS

To improve cash management, cash received by the County is pooled. Monies for all funds, including proprietary funds, are maintained in this pool. Individual fund integrity is maintained through the County's records. Each fund's interest in the pool is presented as "Equity in Pooled Cash and Investments" on the financial statements. The County has segregated bank accounts for monies held separate from the County's central bank account. These monies are presented in the financial statements as "Cash and Cash Equivalents - Segregated Accounts" since they are not required to be deposited into the County treasury.

The County utilizes a jointly governed organization (NEON), see Note 20, to service mentally disabled and developmentally disabled residents within the County. The balance in this account is presented as "Cash With Fiscal Agent" and represents the monies held for the County.

During 2011, investments were limited to Federal Home Loan Bank Bonds, Federal Home Loan Mortgage Bonds, Federal Farm Credit Bank, Federal National Mortgage Association, Government Treasury Certificates, Repurchase Agreements, Money Market Funds and STAROhio.

The County has the ability and the intent to hold all investments to maturity. County policy requires interest earned on investments to be credited to the General Fund except where there is a legal requirement that the interest income follow the principal. Any increase or decrease in fair value is reported as a component of interest income.

The County has invested in the State Treasury Assets Reserve of Ohio (STAROhio) during 2011. STAROhio, which is an investment pool managed by the State Treasurer's Office, which allows governments within the State to pool their funds for investment purposes. STAROhio is not registered with the SEC as an investment company, but does operate in a manner that is consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAROhio are valued at STAROhio's share price, which is the price the investment could be sold.

Equity in Pooled Cash and Investments include all liquid deposits and investments with maturity of three months or less when deposited or purchased.

(G) MATERIAL AND SUPPLIES INVENTORY

On government-wide financial statements, inventories are presented at the lower of cost or market on a first-in, first-out basis and are expensed when used.

On fund financial statements, inventories of governmental funds are stated at cost while inventories of proprietary funds are stated at the lower of cost or market. For all funds, cost is determined on a first-in, first-out basis. The cost of inventory items is recorded as expenditures in the governmental fund types when consumed. Inventories of the enterprise fund are expensed when used.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(H) PREPAID ITEMS

Payments made to vendors for services that will benefit periods beyond December 31, 2011, are recorded as prepaid items, using the allocation method by recording a current asset for the prepaid amount and reflecting the expenditure in the year in which services are consumed.

(I) CAPITAL ASSETS AND DEPRECIATION

Capital assets, including property, plant, equipment and infrastructure assets, are those assets, which are associated with and generally arise from governmental activities. Capital assets generally result from expenditures in the governmental funds. Capital assets are reported in the governmental activities column of the government-wide statement of net assets but are not reported in the fund financial statements, except for internal service funds, which are reported in both. Capital assets utilized by the enterprise fund are reported both in the business-type activities column of the government-wide statement of net assets and in the fund financial statements.

In the case of the initial capitalization of general infrastructure assets, associated with governmental activities, the County chose to include all such items regardless of their acquisition date or amount. The County was able to estimate the historical cost for the initial reporting of these assets by estimating the current replacement cost of the infrastructure to be capitalized and using a price index to adjust the cost to the acquisition or estimated acquisition year. Capital assets, including infrastructure, are capitalized at cost (or estimated historical cost). Donated capital assets are recorded at estimated fair market value at the date of donation. Capital assets are defined as assets with an individual cost of \$5,000 and an estimated useful life in excess of one year. The County's infrastructure consists of roads, bridges, culverts and similar items. Improvements are capitalized, while the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not. Interest incurred during the construction of capital assets utilized by the enterprise fund is also capitalized. The total interest expense incurred by the County during the current fiscal year was \$7,261,080. Of that, \$3,824,283 and \$3,436,797 represent governmental activity and proprietary activity, respectively.

All capital assets are depreciated except for land and construction in progress. Improvements are depreciated over the useful lives of the related capital assets. Useful lives for infrastructure were estimated based on the County's historical records of necessary improvements and replacement. Depreciation is computed using the straight-line method over the following estimated useful lives:

Governmental Activities- Estimated Lives

Land Improvements	15	years
Buildings and Building Improvements	40	years
Machinery and Equipment	3-7	years
Intangibles	3	years
Infrastructure	20-50	years

Business-Type Activities- Estimated Lives

Buildings and Building Improvements	35	years
Machinery and Equipment	15	years
Pump Stations	25	years
Treatment Plants	25	years
Water Towers	50	years
Sewer/Water Lines	75	years

(J) INTERFUND BALANCES

On fund financial statements, receivables and payables resulting from short-term interfund loans are classified as "Due To/From Other Funds". These amounts are eliminated in the governmental and business-type activities columns of the statement of net assets, except for any net residual amounts due between governmental and business-type activities, which are presented as internal balances.

(K) COMPENSATED ABSENCES

The liability for compensated absences is based on the provisions of GASB Statement No. 16, "Accounting for Compensated Absences" as interpreted by Interpretation No.6 of the GASB, "Recognition and Measurement of Certain Liabilities and Expenditures in Governmental Fund Financial Statements". Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the County will compensate the employees for the benefits through paid time off or some other means. Sick leave benefits are accrued as a liability using the vesting method. An accrual for earned sick leave is made to the extent that it is probable that the benefits will result in termination payments. The liability is based on the County's past experience of making termination payments.

The entire compensated absence liability is recorded on the government-wide financial statements. For governmental funds, the County records a liability for accumulated, unused, vacation time when earned for all employees with more than one year of service. The County records a liability for accumulated, unused, sick leave for eligible employees in the period in which the employee becomes eligible to receive payment. The current portion of unpaid compensated absences is the expected amount to be paid using expendable available resources, and is reported in the governmental funds only if they have matured, as a result of resignations or retirements. These amounts are recorded in the account "compensated absences payable" in the fund from which the employees who have accumulated leave are paid. The non-current portion of the liability is not reported. In the proprietary funds, compensated absences are expensed when earned. The entire amount of compensated absences is reported as a fund liability.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(L) ACCRUED LIABILITIES AND LONG-TERM OBLIGATIONS

County payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements, and all payables, accrued liabilities and long-term obligations payable from proprietary funds are reported in the proprietary fund financial statements.

In general, governmental fund payables and accrued liabilities, once incurred, are paid in a timely manner and in full from current financial resources and are reported as obligations of the funds. However, claims and judgments, compensated absences and special termination benefits that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current year. Bonds, capital leases and long-term loans are recognized as a liability in the governmental fund financial statements when due.

(M) FUND BALANCE RESERVES

Fund balance is divided into five classifications based primarily on the extent to which the County is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

Nonspendable

The nonspendable fund balance category includes amounts that cannot be spent because they are not in spendable form, or legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash. It also includes the long-term amounts of loans receivable, as well as property acquired for resale, unless the use of the proceeds from the collection of those receivables or from the sale of those properties is restricted, committed, or assigned.

Restricted

Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditor (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or is imposed by law through constitutional provisions.

Committed

The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by a formal action (ordinance or resolution) of County Council. Those committed amounts cannot be used for any other purpose unless the County Council removes or changes the specific use by taking the same type of action (ordinance or resolution) it employed to previously commit those amounts. Constraints imposed on the use of committed amounts are imposed by County Council, separate from the authorization to raise the underlying revenue; therefore, compliance with these constraints are not considered to be legally enforceable. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned

Amounts in the assigned fund balance classification are intended to be used by the County for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the general fund, assigned fund balances represents the remaining amount that is not restricted or commanded. In the general fund, assigned amounts represent intended uses established by policies of the County Commission.

Unassigned

Unassigned fund balance is the residual classification for the general fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, unassigned classification is used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

The County applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amount available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classification could be used.

(N) NET ASSETS

Net Assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt, consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the County or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

(O) OPERATING REVENUES AND EXPENSES

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. Operating expenses are necessary costs incurred to provide the goods or services that are the primary activity of the fund. All revenues and expenditures not meeting these definitions are classified as Nonoperating.

(P) CONTRIBUTIONS OF CAPITAL

Contributions of capital in the proprietary fund financial statements arise from outside contributions of capital assets, tap-in fees to the extent they exceed the cost of the connection to the system, or from grants or outside contributions of resources restricted to capital acquisition and construction.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(Q) INTERFUND ACTIVITY

During the normal course of operations, the County has numerous transactions between funds. These transactions include charges for services provided by one fund to other funds and transfers, which represent transfers of resources from a fund receiving revenue to a fund through which those resources will be expended. Transfers are recorded as other financing sources (uses) in governmental funds and transfers in (out) in the proprietary funds.

(R) ESTIMATES

The preparation of the basic financial statements in conformity with generally accepted accounting principles require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results may differ from those estimates.

(S) GRANTS AND OTHER INTERGOVERNMENTAL REVENUES

Local Government fund revenues are recorded as receivables and revenues when measurable and available. Assistance awards made on the basis of entitlement are recorded as intergovernmental receivables and revenues when entitlement occurs. Federal and State reimbursement type grants for the acquisition or construction of capital assets are recorded as receivables and contributed capital when the related expenses are incurred. All other Federal and State type grants are recorded as receivables and revenues when the related expenditures/expenses are incurred.

(T) ACCOUNTING STANDARDS

The GASB issued Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, which enhances the usefulness of fund balance information by providing clearer fund balance classification that can be more consistently applied and by clarifying the existing governmental fund type definitions. The implementation of this statement resulted in reclassification of certain funds and restatement of the County's financial statements.

GASB issued Statement No. 59, *Financial Instruments Omnibus*, which is to update and improve existing standards regarding financial reporting and disclosure requirements of certain financial instruments and external investment pools for which significant issues have been identified in practice. The implementation of this statement has made no impact on the County's financial reporting or results of financial position for 2011.

3. CHANGES IN ACCOUNTING PRINCIPLES AND RESTATEMENT

Change in Accounting Principle:

The County has implemented Governmental Accounting Standards Board (GASB) Statement No. 54, "Fund Balance Reporting and Governmental Fund Type Definitions" for fiscal year 2011.

GASB Statement No. 54 is said to enhance the usefulness of fund balance information by providing clearer fund balance classifications that can be more consistently applied and by clarifying the existing governmental fund type definitions. The statement establishes fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds. The implementation of this statement resulted in the reclassification certain funds and restatement of the County's financial statements.

Restatement:

The implementation of GASB Statement No. 54 had the following effect on fund balances of the major and Nonmajor funds as they were previously reported.

	<u>General</u>	<u>Other Governmental Funds</u>
Fund Balance December 31, 2010	\$ 47,690,676	\$ 32,854,377
Change in Fund Structure	1,724,510	(1,724,510)
Restated Fund Balance December 31, 2010	<u>\$ 49,415,186</u>	<u>\$ 31,129,867</u>

The implementation of GASB Statement No. 54 had the following effect on the budgeted general fund. In prior years certain funds legally budgeted in separate special revenue funds were not considered part of the general fund on a budgetary basis. Therefore, a restatement of the beginning budgetary fund balance is required. The restatement of the general fund's budgetary basis fund balance at December 31, 2010 is as follows:

	<u>General</u>
Balance at December 31, 2010	\$ 6,751,631
Funds Budgeted Elsewhere	2,811,682
Restated Fund Balance December 31, 2010	<u>\$ 9,563,313</u>

COUNTY OF SUMMIT, OHIO
NOTES TO FINANCIAL STATEMENTS

4. FUND BALANCE

The fund balance for all governments funds are now classified as nonspendable, restricted, committed, assigned and/or unassigned based primarily on the extent to which the County is bound to observe constraints imposed upon the use of the resources. The constraints placed on the fund balance for the major governmental funds and all other governmental funds are presented below.

Fund Balances	General	Job & Family Services	Children Services Board	Alcohol, Drug Addiction & Mental Health	Board of Developmental Disabilities	Debt Service	Non-major Funds
Nonspendable							
Supplies	\$ 143,678	\$ 48,768	\$ -	\$ -	\$ 156,884	\$ -	\$ 482,249
Prepays	388,351	240,493	142,787	36,369	1,264,033	-	179,808
Unclaimed Funds	1,399,226	-	-	-	-	-	-
Other Purpose	-	-	-	-	1,602	-	-
Restricted							
Job & Family	-	-	-	-	-	-	595,334
Children Services	-	-	39,068,902	-	-	-	-
Mental Health	-	-	-	32,525,442	76,642,045	-	-
Social Services	-	-	-	-	-	-	13,783,172
Engineer Services	-	-	-	-	-	-	2,242,754
Debt Services	-	-	-	-	-	3,236,564	-
Emergency Mgmt	-	-	-	-	-	-	96,150
Capital Projects	-	-	-	-	-	-	6,402,748
Other Purpose	-	-	-	-	-	-	9,995,484
Assigned							
Other Capital Projects	-	-	-	-	-	-	819,521
Other Purpose	4,267,011	-	-	-	-	-	-
Unassigned	45,271,081	(1,762,526)	-	-	-	-	-
Total Fund Balances	<u>\$ 51,469,347</u>	<u>\$ (1,473,265)</u>	<u>\$ 39,211,689</u>	<u>\$ 32,561,811</u>	<u>\$ 78,064,564</u>	<u>\$ 3,236,564</u>	<u>\$ 34,597,220</u>

5. DEFICIT FUND BALANCES AND DEFICIT NET ASSETS/LEGAL COMPLIANCE

At December 31, 2011, the special revenue fund, Job & Family Services, had a deficit fund balance of \$1,473,265. And, the internal service funds, Office Services, Medical Self-Insurance, Telephone Services and Internal Audit had deficit net assets of \$4,525, \$1,186,253, \$99,662 and \$106,454, respectively. The deficit fund balances/net assets occurred due to the recognition of liabilities applicable to accrued payables.

Contrary to Ohio Revised Code Section 5705.41(b), the following line items in the fund below had expenditures plus encumbrances in excess of appropriations at December 31, 2011:

General Fund - Sheriff - Personal Services	\$4,487
- Court Security - Personal Services	1,090

6. BUDGETARY BASIS OF ACCOUNTING

While reporting financial position, results of operations and changes in fund balance on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The Statement of Revenues, Expenditures and Changes in Fund Balances - Budget (Non-GAAP Basis) and Actual are presented in the basic financial statements for the General Fund and Major Special Revenue Funds. The major differences for those funds between the budget basis and the GAAP basis are that:

1. Revenues are recorded when received in cash (budget) as opposed to when susceptible to accrual (GAAP).
2. Expenditures/Expenses are recorded when paid in cash (budget) as opposed to when the liability is incurred (GAAP).
3. Outstanding year-end encumbrances are treated as expenditures/expenses (budget) rather than as a reservation of fund balance for governmental fund types (GAAP).

Transfers will not equal on a non-GAAP budget basis. The special revenue funds not budgeted annually are as follows: certain Other Special Revenue, Akron Zoo Project and Capital Project Funds.

The adjustments necessary to convert the results of operations for the year from the Non-GAAP Budget Basis to the GAAP Basis for the governmental funds are as follows:

	Net Change in Fund Balance General and Major Special Revenue				
	General	Job & Family Services	Children Services Board	Alcohol, Drug Addiction & Mental Health	Board of Developmental Disabilities
Budget Basis	\$ (4,586,806)	\$ (736,303)	\$ (2,997,982)	\$ (5,145,248)	\$ 942,998
Net Adjustments for Revenue Accruals	(2,053,166)	(326,539)	707,323	(2,446,710)	1,916,717
Net Adjustments for Expenditure Accruals	8,694,133	748,928	5,098,205	15,567,871	4,429,604
GAAP Basis	<u>\$ 2,054,161</u>	<u>\$ (313,914)</u>	<u>\$ 2,807,546</u>	<u>\$ 7,975,913</u>	<u>\$ 7,289,319</u>

7. DEPOSITS AND INVESTMENTS

The County maintains a cash and investment pool that is available for use by all fund types, general, special revenue, debt service, capital projects, enterprise, internal service and agency. Each fund type's portion of the pool is presented on the Fund Balance Sheets as "Equity in Pooled Cash and Investments."

Custodial Credit Risk - Deposits: Pursuant to O.R.C. 135.181, financial institutions may establish a collateral pool to cover all public deposits. The face value of the pooled collateral must equal at least 105% of the public funds deposited. At least quarterly, the County determines the collateral has a market value adequate to cover deposits. Collateral is held by trustees, including the Federal Reserve Bank and designated third party trustees, of the financial institutions.

At December 31, 2011, the carrying amount of the County's deposits was \$21,516,498 and the bank balance was \$34,186,407. The difference in the carrying amount and the bank balance were items in transit. Of the bank balance:

1. \$32,113,323 was covered by federal depository insurance.
2. \$2,073,084 was held in a public fund collateral pool by third party trustees pursuant to Section 135.181, Ohio Revised Code. Although all statutory requirements for the deposit of money had been followed, under GASB Statement No. 3, this money is considered uninsured and uncollateralized.

Investments

The County Council and the County Investment Advisory Board has approved its investment policy and has filed the policy with the Auditor of State, pursuant to Ohio Revised Code 135.35. The County is authorized to invest in U.S. Treasury Bills, Notes and Bonds; various federal agency securities including issues of the Federal National Mortgage Association (FNMA), Federal Home Loan Mortgage Corporation (FHLMC), Federal Home Loan Bank (FHLB), Federal Farm Credit Bank (FFCB), Student Loan Marketing Association (SLMA), Government National Mortgage Association (GNMA), and other agencies or instrumentalities of the United States. Eligible investments include securities that may be purchased at premium or a discount. All Federal agency securities shall be direct issuances of the federal government agencies or instrumentalities. Commercial paper and Banker Acceptances rated in the highest category by a nationally recognized rating agency and must mature within 180 days. Commercial paper and corporate notes, if invested in, must mature within 270 days. The County may invest in Certificates of deposits from eligible institutions. No load money market funds rated in the highest category by a nationally recognized rating agency. Repurchase agreements and securities lending agreements and the State Treasurer's Investment pool.

Investments in stripped principal or interest obligations reverse repurchase agreements and derivatives are prohibited by the County investment policy. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited by the County investment policy. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the County, and must be purchased with the expectation that it will be held to maturity.

Interest Rate Risk - The market value of securities in the County's portfolio will increase or decrease based upon changes in the general level of interest rates. Maintaining adequate liquidity so that current obligations can be met without a sale of securities and diversification of assets will minimize the effects of the market value fluctuations.

Credit Risk - Credit risk will be minimized by diversifying assets by the issuer and ensuring that required minimum credit quality ratings exist prior to the purchase of commercial paper and bankers acceptances and maintaining adequate collateralization of CD's pursuant to the method as determined by the Chief Fiscal Officer. The County's investment in various federal agencies; FNMA, FHLMC, FHLB and FFCB were rated AAA by both Standard and Poor's and Moody's Investor Services.

As of December 31, 2011, the county had the following investments:

Investment type	Fair Value	Investment Maturities (In Years)		
		Less Than 1	1 - 3	4 - 5
U.S. Treasury Notes	\$ 604,298	\$ 15,395	\$ 588,903	\$ -
U.S. Treasury Bills	163,300	100,000	63,300	-
U.S. Agencies	245,706,208	19,025,475	129,615,343	97,065,390
Money Market Mutual Funds	60,133,851	60,133,851	-	-
Repurchase Agreements	2,980,984	2,980,984	-	-
Total Fair Value	<u>\$ 309,588,641</u>	<u>\$ 82,255,705</u>	<u>\$ 130,267,546</u>	<u>\$ 97,065,390</u>

Custodial Credit Risk - For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the County will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The County's custodial credit risk policy is stated in Investments policy described above. Of the county's \$2,980,984 investment in repurchase agreements, \$2,980,984 of the underlying securities is held by the investment's counterparty, not in the name of the County.

A reconciliation of cash and investments as shown on the Financial Statements is as follows:

Cash on Hand	\$ 499,155	Equity in Pooled Cash and Investments	\$314,782,550
Carrying amount of Deposits	21,516,498	Cash and Cash Equivalents -	
Fair Value of Investments	309,588,641	Segregated Accounts	16,821,744
Total	<u>\$331,604,294</u>	Total	<u>\$331,604,294</u>

7. DEPOSITS AND INVESTMENTS (Continued)

Cash With Fiscal Agent

In addition to deposits and investments, the County has uninsured and uncollateralized cash in the amount of \$2,020,643 being held by NEON, a jointly governed organization (See Note 20).

Cash Deficits

Certain disbursements for accounts within various funds have been made from the "Equity in Pooled Cash and Investments" account in excess of their individual equities. The balance of these amounts has been reported in the balance sheet as "Due To/From Other Funds and Governments." The following funds had deficit cash balances:

<u>Fund</u>	<u>Cash Deficit</u>
Internal Service Funds - Office Services	\$ 53,145
- Telephone Services	15,850
- Internal Audit	82,653

8. PROPERTY TAX REVENUES

Property taxes include amounts levied against all real, public utility and tangible (used in business) property located in the County. Real property taxes, for 2010, were levied after October 1, 2010, on the assessed value as of January 1, 2010, the lien date, and were collected in 2011. Assessed values are established by State Law at 35% of appraised market value. Public utility property taxes received in 2011 attached as a lien on December 31, 2009, were levied after October 1, 2010, and were collected with real property taxes.

Public utility property taxes are assessed on tangible personal property at true value. Tangible personal property tax revenues received in calendar year 2011 (other than public utility property) represent the collection of calendar year 2011 taxes levied against local and inter-exchange telephone companies. Tangible personal property tax on business inventory, manufacturing machinery and equipment, and furniture and fixtures is no longer levied and collected. The October 2009 tangible personal property tax settlement was the last property tax settlement for general personal property taxes. Tangible personal property taxes received from telephone companies in calendar year 2011 were levied after October 1, 2010, on the value as of December 31, 2010.

The assessed value upon which the 2010 taxes were collected was \$12,541,669,830. The full tax rate for all County operations applied to real property for fiscal year ended December 31, 2011, was \$12.70 per \$1,000 of assessed valuation. The assessed values of real and tangible personal property upon which 2010 property tax receipts were based are as follows:

Real Property	\$12,308,911,900
Public Utility	<u>232,757,930</u>
Total Assessed Value	\$12,541,669,830

Real and public utility property taxes are payable annually or semi-annually. If paid annually, payment is due January 20; if paid semi-annually, the first payment is due January 20 with the remainder payable by June 20. Under certain circumstances, state statute permits earlier or later payment dates to be established.

Tangible personal property taxes paid by multi-county taxpayers are due September 20. Single-county taxpayers may pay annually or semi-annually. If paid annually, payment is due April 30; if paid semi-annually, the first payment is due April 30 with the remainder payable by September 20.

The County Fiscal Officer collects property taxes on behalf of all taxing districts within the County. The County Fiscal Officer - Auditor's Division periodically remits to the taxing districts their portions of the taxes collected. Collection of the taxes and remittance of them to the taxing districts are accounted for in various funds of the County.

Property taxes receivable represents delinquent taxes and outstanding real property, public utility and tangible personal property taxes, which were measurable at December 31, 2011. Total property tax collections for the next fiscal year are measurable amounts. However, since these revenue collections to be received during the available period are not subject to reasonable estimation at December 31, nor are they intended to finance 2011 operations, the receivable is offset by a credit to Deferred Revenue.

9. SALES AND USE TAX

For the purpose of providing additional revenues, the County has levied a tax at the rate of one-half of one percent upon certain retail sales and upon the storage, use, or consumption of tangible personal property within the County. This levy is in addition to the five and half percent statewide sales tax levy. Vendor collections of the tax are paid to the State Treasurer by the twenty-third day of the month following collection. The State Tax Commissioner certifies to the State Auditor the amount of the tax to be returned to the County. The Tax Commissioner's certification must be made within forty-five (45) days after the end of each month. The State Auditor then has five (5) days in which to draw the warrant payable to the County.

Proceeds of the tax are credited entirely to the General Fund. Amounts that have been collected by the State and are to be received within sixty days of year-end are accrued as revenue, as measurable and available. A receivable is recognized at year-end for amounts that will be received from sales, which occurred during 2010. On a full accrual basis, the full amount of the receivable is recognized as revenue. On a modified accrual basis, the amount of the receivable that will be received outside of the available period is deferred. As of December 31, 2011, sales tax revenues amounted to approximately \$36.2 million.

COUNTY OF SUMMIT, OHIO
NOTES TO FINANCIAL STATEMENTS

10. RECEIVABLES

Receivables, at December 31, 2011, consisted of taxes, accounts (billing for user charged services, including unbilled utility services), special assessments, accrued interest, loans and intergovernmental receivables arising from grants, entitlements, and shared revenues. The County has implemented GASB No. 38 "Certain Financial Statement Note Disclosures" which modifies disclosure requirements related to the summary of significant accounting policies. The County of Summit presents receivables on the statement of net assets and the combining balance sheet as disaggregated major components; therefore, full note disclosure is not required. Special assessments, accrued interest and intergovernmental receivables are deemed collectible in full. Delinquent accounts receivable may be certified and collected as a special assessment, subject to foreclosure for nonpayment. The County has \$3,194,215 in current special assessments at December 31, 2011, of that amount \$3,156,850 is delinquent and an allowance has been provided.

The County applies the provisions of GASB No. 6 in accounting for and reporting special assessments and related transactions. The County's special assessments are secured by liens on assessed properties and are also backed by the full faith and credit of the County. Accordingly, they are accounted for and reported in the government-wide financial statement as governmental or business-type activities based on the purpose of the assessment. Long-term special assessments expected to be collected in more than one year amount to \$355,120 in the Business-type activities column. The special assessments receivable in the Other Special Revenue Fund represents Engineer's ditch maintenance, a service-type assessment, which is expected to be collected in more than one year and amounted to \$553,614 at December 31, 2011.

The County constructed a wastewater treatment facility in Portage County using federal funds and money borrowed from Ohio Water Development Authority (OWDA). The facility serves the City of Streetsboro in Portage County. Portage County had agreed to pay the County for that portion of the OWDA loan, 28%, related to the construction or improvement of the assets that benefit Portage County. Accordingly, an intergovernmental receivable of \$1,624,146 has been reported for 2011.

11. CAPITAL ASSETS

Capital asset activity for the year ended December 31, 2011, was as follows:

	Beginning Balance	Additions/ Transfers	Deletions/ Transfers	Ending Balance

12. DEFINED BENEFIT PENSION PLAN

All full-time employees of the County of Summit participate in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans: 1) Traditional Pension Plan (TP) - a cost-sharing multiple-employer defined benefit pension plan; 2) Member-Directed Plan (MD) - a defined plan in which the member invests both member and employer contributions (employer contributions vest over five years at 20% per year), under MD, members accumulate retirement assets equal to the value of member and (vested) employer contributions plus any investment earnings; and 3) Combined Plan (CO) - a cost-sharing multiple-employer defined benefit pension plan, under CO, employer contributions are invested by the retirement system to provide a formula retirement benefit similar to the Traditional Plan. Member contributions are self-directed investments by the member, which accumulate retirement assets in a manner similar to the Member-Directed Plan. OPERS provides retirement, disability, survivor and death benefits and annual cost of living adjustments to members of the Traditional and Combined Plans. The MD does not qualify for ancillary benefits. The Ohio Revised Code, Chapter 145 assigns the authority to establish and amend benefits to the OPERS Board of Trustees. OPERS issues a stand-alone financial report, a copy of which may be obtained by mailing a written request to the Ohio Public Employees Retirement System, Attention: Finance Director, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling (614) 222-5601 or 1-800-222-PERS (7377).

The Ohio Revised Code provides statutory authority for member and employer contributions. The contribution rates were consistent across all three plans (TP, MD and CO). Separate divisions for law enforcement and public safety exist only within the Traditional Plan. Member contributions rates are 10.0% for members other than law enforcement and public safety. Law enforcement and public safety division members contribute at 11% and 11.6%, respectively. The employer contribution rate is 14.0% of covered payroll except for the law enforcement and public safety divisions, which is 18.1%. The employer contributions from the County to OPERS for the years ended 2011, 2010 and 2009 were \$24,047,732, \$25,079,108, and \$24,104,928, respectively. 92.29% has been contributed for 2011 and 100% has been contributed for 2010 and 2009.

13. POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS

In addition to the pension benefits described in Note 12, the Ohio Public Employees Retirement System (OPERS) maintains a cost-sharing multiple employer defined benefit post-employment health care plan, which includes a medical plan, prescription drug program and Medicare Part B premium to qualifying members of both the Traditional and Combined Plans. Participants of the Member Directed Plan do not qualify for ancillary benefits, including post-employment health care coverage. To qualify for post-employment health care coverage, age and service retirees under the Traditional and Combined plans must have ten or more years of qualifying Ohio service credit. Health care coverage for disability recipients and qualified survivor benefits recipients is available. The health care coverage provided by OPERS is considered an Other Postemployment Benefit (OPEB) as described in GASB Statement No. 45. The Ohio Revised Code (ORC) permits, but does not mandate, OPERS to provide OPEB to its eligible members and beneficiaries. The ORC, Chapter 145 provides the authority to establish and amends benefits to the OPERS Board of Trustees. OPERS issues a stand-alone financial report, a copy of which may be obtained by mailing a written request to the Ohio Public Employees Retirement System, Attention: Finance Director, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling (614) 222-5601 or 1-800-222-7377.

The ORC provides the statutory authority requiring public employers to fund post retirement health care through their contributions to OPERS. A portion of each employer's contribution to OPERS is set aside for the funding of post-employment health care benefits. Employer contribution rates are expressed as a percentage of the covered payroll of active members. The OPERS Law Enforcement program is separated into two divisions, law enforcement and public safety, which contribute at the same rate. For 2011, the employer contribution rate for local government employer units was 14% of covered payroll. Law enforcement and public safety employer units contributed at 18.1% of covered payroll. The ORC currently limits the employer contribution to a rate not to exceed 14% of covered payroll for local employer units, and 18.1% for law enforcement and public safety employer units. Active members do not make contributions to the OPEB Plan.

The retiree health care plan was established under, and is administered in accordance with, Internal Revenue Code 401(h). Each year the OPERS Board determines the portion of the employer contribution rate that will be set aside for funding of post-employment health care benefits. For 2011, the employer contribution allocated to the health care for members in the Traditional Plan was 4.0% during calendar year 2011. The portion of employer contributions allocated to health care for members in the Combined Plan was 6.05% during calendar year 2011. The portion of employer contributions allocated to health care for the calendar year beginning January 1, 2012 remained the same, but they are subject to change based on Board action. The OPERS Board is also authorized to establish rules for the payment of a portion of the health care benefits provided by the retiree or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and coverage selected. The employer contributions that were used to fund post-employment benefits for local government, law enforcement and public safety for the years ended is as follows:

For the Year Ended	Annual OPEB Cost	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
2011	\$ 8,461,210	92.3%	\$ 634,628
2010	8,828,669	100%	-
2009	9,832,680	100%	-

The OPERS Board adopted the Health Care Preservation Plan on September 9, 2004, effective January 1, 2007. OPERS took additional actions to improve the solvency of the Health Care Fund in 2005, by creating a separate investment pool for health care assets. Member and employer contribution rates increased on January 1 of each year from 2006 to 2008. Rates for law and public safety employers increased over a six year period beginning January 1, 2006, with a final rate increase on January 1, 2011. These rate increases allow additional funds to be allocated to the health care plan.

14. DEFERRED COMPENSATION

County employees and elected officials may participate in either of two state-wide deferred compensation plans or one insurance deferred compensation plans created in accordance with Internal Revenue Code Section 457, one offered by the State of Ohio, one by the County Commissioners Association of Ohio and the last offered by ING Life Insurance and Annuity Company. Participation is on a voluntary payroll deduction basis and is available to all employees. The plans permit deferral of compensation until future years. According to the plans, the deferred compensation is not available to employees until termination, retirement, death or emergency. As of December 1999, the two state-wide and one insurance deferred compensation plans were established as Trusts, as required by the amended Internal Revenue Code Section 457. This amended section requires that in order for a plan to be an eligible plan, all assets and income of the plan must be held in trust for the exclusive benefit of participants and their beneficiaries.

The County Commissioner's Plan Trust, the Ohio Deferred Compensation Program and the ING Life Insurance and Annuity Company are held for the exclusive benefit of participants and their beneficiaries. Except as otherwise provided in the Plan, it is impossible under any circumstances at any time for any part of the corpus or income of the Trust fund to be used for, or diverted to, purposes other than for the exclusive benefit of participants and their beneficiaries. And, in accordance with GASB Statement No. 32, the County has removed these Deferred Compensation Plans from the County's Agency Fund.

15. OBLIGATIONS UNDER CAPITALIZED AND OPERATING LEASES

The County has entered into agreements to lease office equipment and vehicles. These leases meet the criteria of a capital lease as they transfer benefits and risks of ownership to the lessee. The County also has operating leases for building space and equipment in various offices. These lease payments are recorded as expense/expenditures for the current period. Future minimum lease payments under capital lease obligations and operating leases are as follows:

	Governmental Activities	Operating Leases
Year	Capital Leases	Leases
2012	\$ 397,260	\$ 417,271
2013	71,471	131,387
2014	25,648	67,498
2015	14,792	24,965
2016	<u>2,223</u>	<u>18,181</u>
Total Operating Leases		<u>\$ 659,302</u>
Total Minimum Lease Payments	511,394	
Less: Amount Representing Interest	(26,715)	
Present Value Minimum Lease Payments	<u>\$ 484,679</u>	

The assets acquired through capital leases are as follows:

	Governmental Activities
Assets:	
Machinery and Equipment	\$ 2,930,460
Less: Accumulated Depreciation	(2,379,887)
Total	<u>\$ 550,573</u>

A summary of capital lease obligations transactions for the year ended December 31, 2011, follows:

	Beginning Balance	Additions	Deletions	Ending Balance	Due Within One Year
Government Activities:					
General Government	\$ 867,314	\$ 293,845	\$ (698,640)	\$ 462,519	\$ 370,618
Internal Service	3,282	22,363	(3,485)	22,160	5,994
Total	<u>\$ 870,596</u>	<u>\$ 316,208</u>	<u>\$ (702,125)</u>	<u>\$ 484,679</u>	<u>\$ 376,612</u>

The County of Summit's total lease expenses for 2011, was approximately \$897,320.

16. COMPENSATED ABSENCES

Vacation is accumulated at varying rates ranging from two to six weeks per year depending on length of service. Accumulated vacation may be carried over into the next year. However, the maximum amount allowed to carry forward is three times the employee's annual accrual rate, which is based on years of service. However, unused vacation at the time of retirement or termination of employment cannot exceed three times the annual accrual rate. This maximum payment of accumulated vacation time would be equal to 720 hours. All employees earn sick leave at the rate of 4.6 hours for each 80 hours of work completed. Sick leave vests with 10 years service at age 60, 25 years service at age 55 or 30 years service at any age. Although the sick leave vests as noted above, the County records a liability for sick leave for all employees with service time of more than 12 years. Employees are paid at one-half of the accumulated sick time up to a maximum payment equal to 720 hours. All sick leave and vacation payments are made at employees current wage rates.

General obligation bonds are direct obligations of the County for which its full faith and credit are pledged and are payable from taxes levied on all taxable property located in the County. The County has issued general obligation bonds to provide funds for the acquisition and construction of major capital facilities. In government-wide financial statements and proprietary fund types in the fund financial statements, long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets. The County's long term debt at December 31, 2011, consists of general obligation bonds, capital appreciation bonds, long term general obligation notes, Ohio Water Development Authority (OWDA) Loans, Ohio Public Works Commission (OPWC) Loans and Ohio Department of Development (ODD) Loans.

General obligation bonds are secured by the County of Summit's ability to levy a voted or unvoted property tax within limitations of Ohio law. Self-supporting bonds are secured by an unvoted property tax levy (special assessments) with principal and interest to be paid from enterprise fund user charges, and other revenue sources. OWDA and OPWC Loans will be repaid by special assessments and/or enterprise funds user charges.

During 1999, the County issued Long term General Obligation Notes. The notes are unvoted general obligations of the County. These notes are not subject to redemption before their maturity date. The Long-term General Obligation Notes are issued under the authority of the general laws of the State of Ohio, Ohio Revised Code, Chapter 133.

During 1999, the County issued various purpose Capital Appreciation (deep discount) Bonds. These bonds were purchased at a discount at the time of issuance and at maturity all compound interest is paid and the bondholder collects the face value. Since interest associated with these bonds is earned and compounded semi-annually, the value of the bond increases in proportion to the interest. Therefore, as the value increases, the accretion is recorded as principal. The capital appreciation bonds are not subject to redemption before their maturity date.

During 2010, the County issued Various Purpose General Obligation Bonds. The bonds are unvoted general obligations of the County. These bonds are not subject to redemption before their maturity date. The General Obligation Bonds are issued under the authority of the general laws of the State of Ohio, Ohio Revised Code, Chapter 133.

COUNTY OF SUMMIT, OHIO
 NOTES TO FINANCIAL STATEMENTS

17. LONG TERM DEBT OBLIGATIONS - (Continued)

The Ohio Department of Development Loans were issued to property owners in 1977 and 1978. The Loans are to defer the collection of assessments on agricultural land. The Loans are being deferred so long as the land is used for agricultural purposes. If the land is ever used for purposes other than agricultural, the loans are due and payable, the assessments are then due and collectible by the County, and the monies collected are to be remitted to the ODD within one year of collection. The ODD Loans are non-interest bearing so long as, once the assessment is due and payable, the amounts collected are paid to the ODD within one year.

The notes above have been issued once and are not subject to payment and reissue each year. Therefore, for reporting purposes the County has deemed these long-term obligations and has reported them in the financial statements as long-term debt.

The following is a summary of changes in long-term debt and other obligations, of the County, for the year ended December 31, 2011:

	Beginning Balance	Additions	Deductions	Ending Balance	Due Within One Year
Governmental Activities:					
Long-term Payables:					
General Obligation Bonds	\$ 71,081,620	\$ -	\$ 5,147,387	\$ 65,934,233	\$ 5,420,233
Capital Appreciation Bonds	842,895	-	125,018	717,877	116,750
Accreted Interest	809,654	103,724	119,981	793,397	128,250
Bond Premiums	3,063,011	-	298,852	2,764,159	298,852
Less Deferred on Refunding	(1,927,933)	-	(105,718)	(1,822,215)	(219,296)
Total Long-term Payables	<u>73,869,247</u>	<u>103,724</u>	<u>5,585,520</u>	<u>68,387,451</u>	<u>5,744,789</u>
Other Liabilities:

In addition to the above loans presented in the foregoing schedule, the County has entered into an agreement with OWDA for a loan from the Water Pollution Control Loan Fund (WPCLF) for a project within the county. In 2009, the County entered into an agreement with OWDA for a loan from the Fresh Water Contribution Capital (FWCC) program and OPWC. These projects are still under construction and funds received thus far are for reimbursement of expenses incurred. Therefore, the County's liability for these loans, as of December 31, 2011, are the amounts forwarded to the County as of this date. These payments are made on a "temporary" amortization schedule provided by the WPCLF, FWCC and OPWC, these liabilities are not reflected within the accompanying summary of the County's future annual debt service requirements for long-term debt. These "temporary" amortization schedules are based on the estimated total amount of funds to be borrowed by the County even though only a portion may have been received at December 31, 2011. The County also pays interest on these temporary loans. Upon completion WPCLF, FWCC and OPWC will present the County with a one-time adjustment for any amounts on the temporary amortization schedule that will be applied to the County's next payment. During 2011, \$1,695,172 of FWCC loans was reclassified to permanent status. Permanent amortization schedules are then compiled and all future debt payments by the County will be based on that schedule. At December 31, 2011, the loan liability for WPCLF and FWCC amounted to \$3,961,365 and \$1,596,675, with scheduled payment of \$413,797 and \$77,425 respectively, due in 2012. OPWC loan is not yet in billing, therefore there are no scheduled payments, but the liability at December 31, 2011 amounted to \$339,868.

The compensated absences liability will be paid from the funds from which the employees' salaries are paid. This includes all the funds except Akron Zoo Project, Debt Service and Other Capital Improvements. The claims and judgments liability will be paid from the General, Motor Vehicle & Gas Tax and board of Developmental Disabilities, Medical Self-Insurance and Workers' Compensation Funds. As of December 31, 2011, the claims and judgments are related to court claims and audit findings. At December 31, there were no litigation claims that are considered current or due within one year. At December 31, there were \$4,133,289 of Medical Self-Insurance claims that are considered current and due within one year, which are reported as Insurance Claims Payable. The capital lease obligations will be paid from the General, Job & Family Services, Board of Developmental Disabilities, Child Support Enforcement Agency, and Internal Audit Funds.

The Ohio Revised Code provides that the net principal amount of unvoted general obligation debt of the County, excluding exempt debt, may not exceed 1% of the total assessed valuation of all property in the County, and that the principal amount of both voted and unvoted general obligation debt of the County, excluding the exempt debt, may not exceed a sum equal to \$6,000,000 plus 2.5% of the assessed valuation in excess of \$300 million. These two limitations are referred to as the "direct debt limitations" and may be amended by the Ohio General Assembly.

At December 31, 2011, the County had net indebtedness (voted and unvoted) of \$61.3 million. A direct debt margin of \$250.7 million and a unvoted debt margin of \$64.1 million.

During 2004, the County issued \$40,330,000 of general obligation refunding bonds to provide resources to purchase U.S. Government, State and Local Government Series securities that were placed in an irrevocable trust for the purpose of generating resources for all future debt service payments of \$37,730,000 of general obligation bonds. As a result, the refunded bonds are considered to be defeased and the liability has been removed from the appropriate activities column of the statement of net assets. The principal balance outstanding on these defeased bonds was \$29,135,000, with scheduled payments ending December 1, 2021.

18. CONDUIT DEBT OBLIGATIONS

The County has issued Industrial Development Revenue Bonds (IDRB) to provide financial assistance to private sector entities for the acquisition and construction of industrial and commercial facilities deemed to be in the public interest. The bonds are secured by the property financed and are payable solely from payments received on the underlying mortgage loans. Upon repayment of the bonds, ownership of the acquired facilities transfers to the private-sector entity served by the bond issuance.

As of December 31, 2011, there were eighty-three series of IDRB's outstanding. During 2011, no new IDRB's were issued. The aggregate remaining principal amount payable for the eighty-two issued prior to 2008 could not be determined; however, their original issue amounts totaled \$447,641,000. Industrial Development Revenue Bonds are not obligations of the County and, therefore, are not reported as liabilities in the accompanying financial statements.

The County has issued Health Care Facility Revenue Bonds (HCFRB) to provide financial assistance to private sector entities for the acquisition, construction and improvements of health care facilities deemed to be in the public interest. The bonds are secured by the property financed and are payable solely from payments received on the underlying mortgage loans. Upon repayment of the bonds, ownership of the acquired facilities transfers to the private-sector entity served by the bond issuance.

As of December 31, 2011, there were two HCFRB's outstanding. In 2010, the County was party to two HCFRB's totaling \$1,037,600,000. Health Care Facility Revenue Bonds are not obligations of the County and, therefore, are not reported as liabilities in the accompanying financial statements. No new HCFRB's were issued in 2011.

COUNTY OF SUMMIT, OHIO
 NOTES TO FINANCIAL STATEMENTS

19. INTERNAL BALANCES

Due to/from other funds balances at December 31, 2011, consist of the following individual fund receivables and payables:

Receivable Fund	Payable Fund	Amounts
General	Job & Family Services	\$ 32,700
	Alcohol, Drug Addiction & Mental Health	14,483
	Children Services Board	2,014
	Nonmajor Governmental Funds	3,064,680
	Sewer	10,915
	Internal Service Funds	151,648
Job & Family Services	Board of Developmental Disabilities	65,000
Board of Developmental Disabilities	Alcohol, Drug Addiction & Mental Health	6,025
Nonmajor Governmental funds	General	32,700
	Job & Family Services	134,162
	Alcohol, Drug Addiction & Mental Health	40,762
Sewer	General	7,576
	Job & Family Services	1,271
	Nonmajor Governmental Funds	869
	Internal Service Funds	545
Internal Service funds	General	120,070
	Job & Family Services	260,283
	Alcohol, Drug Addiction & Mental Health	21,240
	Board of Developmental Disabilities	637,997
	Children Services Board	270,743
	Nonmajor Governmental Funds	343,767
	Sewer	378,058
	Internal Service Funds	16,984
Total		<u>\$ 5,614,495</u>

The balances between funds result mainly from (1) interfund goods and services provided or reimbursable expenditures, (2) costs for operation of internal service funds, and (3) payments made between funds. These balances also include amounts associated with negative cash balances that will be collected in the subsequent year.

Interfund transfers for the year ended December 31, 2011, consisted of the following:

Transfer Out	General	Job & Family Services	Children Services Board	Debt Service	Nonmajor Governmental	Internal Services	Total
General	\$ -	\$3,636,123	\$ -	\$ -	\$ 235,448	\$ 540,000	\$4,411,571

Transfers are used to move revenues from the fund with collection authorization to the debt service fund as debt service principal and interest payments become due and move unrestricted general fund revenues to finance various programs that the government must account for in other funds. This includes amounts provided as subsidies or matching funds for various grant programs from other funds. The transfers from General Fund to Job & Family Services and Internal Services represent required subsidies, and transfers to Nonmajor Governmental cover local matches on grants. Transfers from Job & Family Services to Nonmajor Governmental are for local matches. The transfers from Alcohol, Drug Addiction & Mental Health fund to Nonmajor Governmental and Debt Service represents transfers for local matches on grants and debt payments, respectively. The transfers from Nonmajor Governmental to General Fund and Debt Service represent residual equity transfers and debt payments. The transfers within the Nonmajor Governmental represent the Motor Vehicle Gas Tax funds local share of a capital project.

The Children Services Board transferred \$483,461 of their State funding allocation to Nonmajor Governmental (CSEA) in accordance with Ohio Administrative Code. The Job & Family Services fund transferred an equal amount of their federal funding allocation to the Children Services Board. These transfers were both approved by the Ohio Department of Job and Family Services.

20. JOINTLY GOVERNED ORGANIZATIONS

AKRON-CANTON REGIONAL AIRPORT

The Akron-Canton Regional Airport is a 50% jointly governed organization by the County of Summit and Stark County. An eight-member board of trustees oversees the operation of the Regional Airport. Each county appoints four board members. The board exercises total authority for the day-to-day operations of the Regional Airport. These include budgeting, appropriating, contracting and designating management. Management at the Airport prepares its own Annual Financial Report, which is audited separately. The County of Summit has no financial responsibility for any of the Airport's liabilities. Complete financial statements may be obtained from the Akron-Canton Regional Airport, North Canton, Ohio 44720-1598.

20. JOINTLY GOVERNED ORGANIZATIONS (Continued)

NORTHEAST OHIO TRADE AND ECONOMIC CONSORTIUM

The Consortium is a jointly governed organization by the counties of Columbiana, Mahoning, Portage, Trumbull, Stark and Summit. A six member regional council oversees the operation of the Consortium. Each county appoints one council member. The Council exercises total authority for the day-to-day operations of the Consortium. These include budgeting, appropriating, contracting and designating management. The County has no financial responsibility for any of the Consortium's liabilities. Complete financial statements may be obtained from the Northeast Ohio Trade and Economic Consortium, Kent, Ohio 44242.

NORTH EAST OHIO NETWORK (NEON)

North East Ohio Network is a Council of Governments that is jointly governed organization among fourteen counties. The Council is made up of the superintendents of each county's Board of Developmental Disabilities and Developmental Disabilities. The Council exercises total authority for the day-to-day operations of the organization. These include budgeting, appropriating, contracting and designating management. Revenues are generated by fees and State grants. The Council does not have any outstanding debt. The County has no financial responsibility for any of the Council's liabilities. Complete financial statements may be obtained from NEON, 5121 Mahoning Avenue, Suite 102, Austintown, Ohio 44515.

21. SELF-INSURANCE

The County is exposed to various risks of loss related to torts; theft, damage and destruction of assets; errors and omissions; injuries to employees and natural disasters. The County has insurance coverage with various companies. Settled claims have not materially exceeded coverage in any of the last three years and there was no significant reduction in coverage from the prior year.

The County participates in the State Worker's Compensation Retrospective Rating and Payment Option Plan. This plan involves the payment of a minimum premium for administrative services and stop-loss coverage plus the actual claim costs for employees injured during 2011. At December 31, 2011, the County recorded a claims liability of \$3,335,392 in its Workers' Compensation Fund. This is the latest information provided by the State of Ohio Bureau of Workers' Compensation. At December 31, 2011, \$8,325,437 of Workers' Compensation Fund Equity in Pooled Cash and Investments was held to fund this liability.

The County offers its employees an alternative form of health insurance coverage, for which the County is self-insured. All claim liabilities related to this coverage are reported in the Medical Self-Insurance Fund. The County's health-care benefits are administered by Medical Mutual, which provides claims reviews and processing. The County maintains specific stop-loss coverage with a commercial insurance company for claims in excess of \$225,000 individually with no aggregate stop loss coverage in 2011. Claims expenditures and liabilities are recognized when it is probable a loss has occurred and the amount of that loss can be reasonably estimated. These losses include an estimate of claims that have been incurred but not paid and incurred but not reported.

At December 31, 2011, the amount of the workers' compensation and health insurance liability was \$6,166,441 which is the County's best estimate based on available information. Changes in the self-insurance claims liability accounts were as follows:

	Liability January 1	Current Year Claims and Estimates	Claim Payments	Liability December 31
2010	\$ 8,680,502	\$ 36,698,509	\$ 38,038,963	\$ 7,340,048
2011	7,340,048	35,871,844	37,045,451	6,166,441

At December 31, 2011, \$2,699,007 of Medical Self-Insurance Fund Equity in Pooled Cash and Investments was held for the purpose of funding the County's \$2,831,049 liability for health self-insurance.

22. POLLUTION REMEDIATION

On February 24, 2011, the Ohio Environmental Protection Agency (EPA) issued final findings and orders to the County's Department of Environmental Services. These findings relate to the improper disposal of sewage sludge and solid waste from Wastewater Treatment Plant #36 located in Springfield Township. The findings further call for the removal and proper disposal of the entire contents of the site, the removal of the liner system, and to restore, stabilize, and grade the site. The County has until October 1, 2015 to complete this work.

The County contracted with Hull & Associates, Inc. to perform a preliminary cost estimate to comply with the EPA's order. An estimate of \$1.9 million was received and has been recorded in the statements. This estimate is for assumed engineering, construction, and lagoon management fees associated with temporary sludge storage site at the treatment plant.

On February 1, 2012, the Ohio Environmental Protection Agency (EPA) issued final findings and orders to the County's Department of Environmental Services. These findings relate to the improper disposal of sewage, sludge, and solid waste in Springfield Township, in the Village of Mogadore. This is the Columbine Sanitary Sewer System Project, Project Q948 and calls for the removal and proper disposal of the entire contents of the site. The County has until May 15, 2015 to complete this work. The costs associated with this work cannot be determined at this time.

23. CONTINGENCIES

Grants

The County received financial assistance from Federal and state agencies in the form of grants. The expenditure of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies.

The County recorded an accrual of approximately \$1.6 million for an audit of Child Support Enforcement Agency (CSEA) performed by the Ohio Department of Job and Family Services. This audit was completed during 2001, and the County is negotiating with the State to resolve this issue.

Other such audits could be undertaken by federal and state granting agencies and result in the disallowance of claims and expenditures; however, in the opinion of management, any such disallowed claims or expenditures will not have a material effect on the overall financial position of the County at December 31, 2011.

Litigation

The County is subject to continuing civil and criminal investigations by Federal and State agencies, and their ultimate outcome, and the impact on the County, cannot be determined at this time.

The County is currently, and from time to time, subject to claims and suits arising in the normal course of providing services and conducting business. Management intends to vigorously defend the County and believes that these claims and litigation will not have a material adverse effect on the County's operations or financial position.

24. SUBSEQUENT EVENT

In March 2012, the Development Finance Authority of Summit County (formally Summit County Port Authority) issued \$15,815,000 of Development Revenue Bonds, Series 2012. The bond is being issued to pay costs of the Goodyear project. The 2012 Bonds are being issued by the Development Finance Authority of Summit County (Authority) under the authority of the Act, which authorizes the Authority to issue the 2012 bonds to provide for the construction renovation, improvement and equipping of the Project Facilities. Revenue bonds, such as these are to be paid from revenues of the Authority derived from sources other than taxes levied by the Authority. The Act prohibits the Authority from obligating or pledging money raised by taxation for the payment of the debt service on the 2012 Bonds. Summit County has pledged County Nontax revenue under a cooperative agreement with the Authority to secure the obligation.

County of Summit, Ohio
Fiscal Officer
Kristen M. Scalise CPA, CFE

COMBINING FINANCIAL STATEMENTS

CAFR

COUNTY OF SUMMIT, OHIO

GENERAL FUND

The General Fund is used to account for all financial resources and activities of the County that are not to be accounted for in other specified funds.

COUNTY OF SUMMIT, OHIO

Nonmajor Governmental Funds

Special Revenue Funds

The special revenue funds are used to account for proceeds of specific revenue sources (other than special assessments, expendable trusts or major capital projects) that are legally restricted to expenditures for specified purposes. Following is a description of all special revenue funds:

Motor Vehicle and Gas Tax - To account for revenue derived from taxes on motor vehicle licenses and gasoline. By state law, expenditures are restricted to road and bridges, for maintenance and minor construction. The townships reimburse the County its expenditures for work done on townships' road and bridges.

Real Estate Assessment - To account for monies from Auditor's fees to assess real property within the County for tax valuation purposes as required by law.

Delinquent Tax Assessment Collection - To account for 5% of all certified delinquent taxes and assessments collected by the County Fiscal Office on any tax duplicate. The funds shall be used by the County Fiscal Office and County Prosecutor, solely in connection with the collection of delinquent taxes and assessments.

Governmental Grants - To account for federal, state and local grants received from various granting agencies for the administration and operation of following; Local Government, Police Traffic Services, Psycho-Diagnostic Services, Child Care Food Programs, Adult Probation Programs, Hazardous Materials Programs and various employment projects. Funding for group homes for juvenile delinquency prevention and similar programs. The Community Development Block Grant Program funding is used for various housing rehabilitation and similar projects within the County. Each individual grant is accounted for in a separate subfund for compliance and reporting purposes.

Other Special Revenue - To account for smaller special revenue funds operated by the County and subsidized in part by fees, local and state monies as well as other miscellaneous sources. Each individual fund is accounted for in a separate subfund for compliance and reporting purposes.

Child Support Enforcement - To account for the collection of fees restricted as to use for the administration of the Child Support Enforcement Agency and court operated support enforcement activities.

Akron Zoo Project - The primary revenue source is a special property tax levy approved by County voters. Per an agreement with the Akron Zoological Park, a non-profit agency, the County collects the revenue that is used for the purpose of operations and capital expenses at the Akron Zoo.

Emergency Management Agency - To account for federal, state and local grants received from various granting agencies for the administration and operations of Homeland Security and Disaster relief within the County. Each individual grant is accounted for in a separate subfund for compliance and reporting purposes.

Capital Project Funds

The capital projects funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by enterprise funds or special revenue funds).

General Capital Improvements - To account for costs of various projects and certain purchases of capital equipment. The primary financing source consists of proceeds from the sale of lands, buildings and other County owned assets.

Other Capital Improvements - To account for the activity associated with construction and/or renovation of various county buildings and other projects. Bond anticipation notes and general tax revenues provide the source of financing.

COUNTY OF SUMMIT, OHIO

PROPRIETARY FUNDS

Enterprise Funds

The enterprise funds are used to account for operations (a) that are financed and operated in a manner similar to private business enterprises. The intent of the County is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the County has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

Water Revenue - To account for the provision of water service to certain areas of the County not already serviced by other local water operations. All activities necessary to provide such services, including capital projects and debt financed by user charges, are accounted for in this fund.

Sewer Revenue - To account for the provision of sanitary sewer services to a large number of customers in the County. All activities necessary to provide such services, including capital projects and debt financed by user charges, are accounted for in this fund.

Combining Statements - Internal Service Funds

The internal service funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the government and to other government units, on a cost reimbursement basis.

Office Services - This fund accounts for centralized interoffice and outgoing mail services for all County departments and printing, reproduction and paper supplies. Charges are on a cost reimbursement basis.

Medical Self-Insurance - To account for medical and prescription benefits for the County. The primary source of revenue is monthly fees and any balance on hand is held until used.

Workers' Compensation - To provide self-insurance to the County through a retrospective rating plan with the State of Ohio for workers compensation.

Telephone Services - This fund accounts for communication services for all County departments. Charges are on a cost reimbursement basis.

Internal Audit - This fund accounts for internal audit services to all County departments. Charges are on a cost reimbursement basis.

COUNTY OF SUMMIT, OHIO

Combining Fiduciary Funds

Fiduciary funds are used to account for assets held by the County in a trustee capacity, or as an agent for individuals, private organizations, other governments, and/or other funds. The following is the County's fiduciary fund type.

AGENCY FUNDS

These funds are purely custodial (assets equal liabilities) and thus do not involve the measurement of results of operations.

Undivided/Subdivision Holding - To account for the collection of all taxes (including real estate), forfeited land sales and fines until they are distributed to the appropriate subdivision.

Payroll Holding - To account for monies deposited to this fund for monies withheld from employee's payroll warrants for payroll taxes, Ohio Public Employees Retirement System, United States Savings Bonds and other deductions.

Custodial Checking - To account for the following activities:

1. Clerk of Courts Legal and Title receipts.
2. Probate court related receipts.
3. Juvenile court related receipts.
4. Sheriff civil receipts

Metro Parks - To account for all monies held for Metro Parks as custodian.

District Health - To account for all monies held for District Health as custodian.

Children Services - Family Stability - To account for monies received by Children Services, to be paid to third party's per the Ohio Revised Code.

Summit County Port Authority - To account for all monies held for Summit County Port Authority as custodian.

Other Agency - To account for monies held in an agency capacity from various sources by the county as custodian. These funds are as follows: AMATS, Public Defender, Tax Certificate Redemption, Ohio Elections Commission, Special Emergency Planning and Soil and Water Conservation.

County of Summit, Ohio
Fiscal Officer
Kristen M. Scalise CPA, CFE

STATISTICAL SECTION

CAFR

COUNTY OF SUMMIT, OHIO

STATISTICAL SECTION

This part of the County's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the government's overall financial health.

Financial Trends

Tables 1 -5

These schedules contain trend information to help the reader understand how the government's financial performance and well-being have changed over time.

Revenue Capacity

Tables 6 - 9

These schedules contain information to help the reader assess the government's most significant local revenue source, the property tax.

Debt Capacity

Tables 10 - 14

These schedules present information to help the reader assess the affordability of the government's current levels of outstanding debt and the government's ability to issue additional debt in the future.

Demographic and Economic Information

Tables 15 - 16

These schedules offer demographic and economic indicators to help the reader understand the environment within which the government's financial activities take place.

Operating Information

Tables 17 - 19

These schedules contain service and infrastructure data to help the reader understand how the information in the government's financial report relates to the services the government provides and the activities it performs.

Property is assessed every year. The assessed value of real property (including public utility real property) is 35 percent of estimated true value. Personal property tax is assessed on all tangible personal property used in business in Ohio. The assessed value of public utility personal property ranges from 25 percent of true value for railroad property to 88 percent for electric transmission and distribution property. Other tangible personal property is assessed at 12.5 percent for everything including inventories.

The tangible personal property values associated with each year are the values that, when multiplied by the applicable rates, generated the property tax revenue billed in that year. For real property, the amounts generated by multiplying the assessed values by the applicable rates would be reduced by the 10%, 2 1/2% and homestead exemption before being billed.

Note: The rates presented for a particular calendar year are the rates that, when applied to the assessed values presented in the Assessed Value Table, generated the property tax revenue billed in that year.

The County's basic property tax rate may be increased only by a majority vote of the County's residents.

Overlapping rates are those of local and county governments that apply to property owners within the County.

(1) The Ohio Revised Code provides that the net principal amount of unvoted general obligation debt of the County, excluding exempt debt may not exceed 1% of the total assessed valuation of all property in the County, and that the principal amount of both voted and unvoted general obligation debt of the County, excluding the exempt debt may not exceed a sum equal to \$6,000,000, plus 2.5% of the assessed valuation in excess of \$300,000,000. These two limitations are referred to as the "direct debt limitations" and may be amended from time to time by the General Assembly.
