LAWRENCE COUNTY SCHOOLS COUNCIL OF GOVERNMENTS LAWRENCE COUNTY

INITIAL AUDIT

For the Year Ended September 30, 2012
Fiscal Year Audited Under GAGAS: 2012

Dave Yost • Auditor of State

Lawrence County Schools Council of Governments
111 South 4th Street
Ironton, Ohio 45638

We have reviewed the *Independent Auditor's Report* of the Lawrence County Schools Council of Governments, Lawrence County, prepared by Balestra, Harr & Scherer, CPAs, Inc., for the audit period October 1, 2011 through September 30, 2012. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Lawrence County Schools Council of Governments is responsible for compliance with these laws and regulations.

Independent Auditor's Report

Lawrence County Schools Council of Governments
111 South 4th Street
Ironton, Ohio 45638

To the Council:

We have audited the accompanying financial statements of the business-type activities of the Lawrence County Schools Council of Governments, Lawrence County, (the Council) as of and for the year ended September 30, 2012, which collectively comprise the Council's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Council's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' Government Auditing Standards. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of Lawrence County Schools Council of Governments, Lawrence County, Ohio, as of September 30, 2012, and the respective changes in financial position and cash flows, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued our report dated March 27, 2013 on our consideration of the Council's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance, and the results of that testing. That report is an integral part of an audit performed in accordance with Government Auditing Standards. You should read it in conjunction with this report in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require this presentation to include Management's discussion and analysis, as listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any other assurance.

Lawrence County Schools Council of Governments
Management's Discussion and Analysis
For the Fiscal Year Ended September 30, 2012
(Unaudited)

The discussion and analysis of the Lawrence County Schools Council of Government's (the "Council") financial performance provides an overall review of the Council's financial activities for the fiscal year ended September 30, 2012. The intent of this discussion and analysis is to look at the Council's financial performance as a whole; readers should also review the basic financial statements and the notes to the basic financial statements to enhance their understanding of the Council's financial performance.

FINANCIAL HIGHLIGHTS

Key financial highlights for 2012 are as follows:

- The assets of Lawrence County School Council of Governments exceeded its liabilities at September 30, 2012 by \$416,724.

OVERVIEW OF BASIC FINANCIAL STATEMENTS

The Council is a single enterprise fund using proprietary fund accounting, similar to private sector business. The Basic Financial Statements are presented using the accrual basis of accounting.

The **Statement of Net Position** includes all of the Council's Assets and Liabilities. These statements provide information about the nature and amounts of investments in resources (assets) owned by the Council, and obligations owed by the Council (liabilities) on September 30, 2012. The Council's net position is the difference between assets and liabilities.

The **Statement of Revenues, Expenses and Changes in Net Position** provide information on the Council's operations over the past year and the success of recovering all its costs through user fees, charges, special assessments and other income. Revenues are reported when earned and expenses are reported when incurred.

The **Statement of Cash Flows** provides information about the Council's cash receipts and cash disbursements. It summarizes the net changes in cash resulting from operating, investing, noncapital financing and capital financing activities.

The notes to the basic financial statements are an integral part of the basic financial statements and provide expanded explanation and detail regarding the information reported in the basic financial statements.

CURRENT ISSUES

Management believes that the Lawrence County Schools Council of Government is financially stable. As indicated in the preceding financial information, the Council is dependent on premiums received from member districts. Premium revenue does not increase solely as a result of inflation. Therefore, in the long-term, the current program benefit levels will be dependent on increased premiums to meet inflation or changes in claims incurred by member districts. Careful financial planning will permit the Council to provide quality benefits for the employees of the member districts.

CONTACTING THE GOVERNMENT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, creditors, and investors with a general overview of the Council's finances and to reflect the Council's accountability for the monies it receives. Questions about this report or additional financial information should be directed to Teresa Lawless, Treasurer at the fiscal agent, Lawrence County Educational Service Center, 111 South 4th Street, Ironton, Ohio 45638.

Lawrence County

Notes to the Financial Statements

For the Fiscal Year Ended September 30, 2012

1. DESCRIPTION OF COUNCIL OF GOVERNMENTS AND REPORTING ENTITY

A. Description of the Entity

The Lawrence County Schools Council of Councils, Lawrence County, Ohio (the Council), formed effective October 1, 2011, is a Regional Council of Governments, governed by and construed in accordance with the laws of the State, and it is the intention of the Council Members that their agreements shall comply with section 9.833 of the Ohio Revised Code. The Council is established for the purpose of exercising the rights and privileges conveyed to it by the Bylaws (agreement) of the Council.

The Lawrence County Schools Council of Government is a legally separate Council. The Council is in a jointly governed organization with member governmental entities. The Council was formed for the primary purpose of establishing and carrying out a cooperative health program for its member governmental entities. The governing board consists of the superintendent or other designee appointed by each of the members of the Council.

The Council utilizes the Lawrence County Educational Service Center as its fiscal agent. The financial activity for the Council is reflected as an agency fund of the fiscal agent.

Management believes the financial statements included in this report represent all of the financial activity of the Council over which the Council has the ability to exercise direct operating control.

The Council is a partially self-funded pool for health insurance (medical and prescription drug). The Council uses a third party administrator to adjudicate claims, approve/deny claims according to the certificate of coverage, and reimburse medical/Rx providers. Anthem Blue Cross Blue Shield is the third party administrator for medical/Rx insurance as well as the stop loss provider. To protect the Council from catastrophic claims, the Council purchased both specific and aggregate stop loss insurance for its medical/Rx plan. This coverage, includes a specific stop loss limit of **\$200,000** per subscriber up to a maximum of **\$1,000,000** per subscriber per contract period. In addition, the Council has purchased aggregate stop loss insurance at **125%** of expected claims to a maximum of **\$1,000,000** in aggregate coverage per contract period. Stop loss coverage for dental is not applicable as the dental is currently fully insured.

The Council administers the monthly billings and collections from council members. The Council uses Cross Management for the management, bidding, and actuarial services.

To withdraw from the Health Benefit Program, the withdrawing member shall submit a written request to withdraw to the Board of Directors one year prior to the effective date which shall be June 30th of the requested year. The Board of Directors may waive the one year written notice if they so desire. Upon withdrawal from the Health Benefits Program, a withdrawing Member of at least five (5) years shall be entitled to recover their net excess pooled share of the Operating Fund as of June 30th of the year the member is withdrawing. A withdrawing Member of less than five (5) five years shall not be entitled to recover the initial cost. The Fiscal Agent shall distribute their net pooled share to the withdrawing Member not earlier than 90 days and not later than 180 days following receipt of the withdrawing Member. All claims submitted by Covered Persons of the withdrawing Member after the recovery of funds shall be exclusively the liability of the withdrawing Member and the withdrawing Member specifically waives all claims and rights against the Operating Fund and the Health Benefits Program as a result of claims filed after such recovery of funds.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The basic financial statements of the Council have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to Governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The Authority also applies Financial Accounting Standards Board (FASB) Statements and Interpretations issued on or after November 30, 1989, to its business-type activities provided they do no conflict with or contradict GASB pronouncements. The more significant of the Council's accounting policies are described below.

The Governmental Accounting Standards Board (GASB) unanimously approved Statement No. 34, Basic Financial Statements – Management's Discussion and Analysis – for State and Local Councils. Certain items of significance in the Statement include the following:

A. Basis of Presentation

The Council's basic financial statements consist of a statement of net position; a statement of revenues, expenses, and change in net position; and a statement of cash flows. The Council uses a single enterprise presentation for its financial records. Enterprise reporting focuses on the determination of operating income, changes in net position, and cash flows.

B. Measurement Focus

Enterprise accounting uses a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities are included on the statement of net position. Statement of revenues, expenses and change in net position present increases (i.e., revenues) and decreases (i.e., expenses) in total net position. Basis of accounting refers to when revenues and expenses are recognized in the accounts and reported in the basic financial statements. Basis of accounting relates to the timing of the measurements made. The accrual basis of accounting is utilized for reporting purposes. Revenues are recognized when they are earned, and expenses are recognized when they are incurred.

C. Basis of Accounting

As stated above, basis of accounting determines when transactions are recorded in the financial records and reported in the basic financial statements. The Council's basic financial statements are prepared using the accrual basis of accounting. Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. Revenue resulting from the nonexchange transactions, in which the Council receives value without directly giving equal value in return, such as grants and entitlements, are recognized in the period in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the period when the resources are required to be used or the period when use is first permitted, matching requirements, in which the Council must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the Council on a reimbursement basis. Expenses are recognized at the time they are incurred.

D. Cash and Investments

The Council's cash is held and invested by the fiscal agent, Lawrence County Educational Service Center, (the "Service Center"). The Service Center acts as a custodian for Council monies. The Council's assets are held by the Service Center in a separate demand deposit account.

Notes to the Financial Statements
For the Fiscal Year Ended September 30, 2012

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

E. Net Position

Net position represents the difference between assets and liabilities. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the Council or through external restrictions imposed by creditors, grantors or laws, or regulations of other governments.

The Council applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

As of September 30, 2012, none of the Council's net position is considered restricted by enabling legislation.

F. Budgetary Process

The member governments of the Council are required by Ohio law to adopt an annual budget. The Council itself does not adopt a budget.

G. Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the Council. For the Council, these revenues are charges for insurance services provided. Operating expenses are necessary costs incurred to provide the goods and/or services that are the primary activity of the fund. For the Council, these expenses are for claims, administrative and stop loss fees, other purchased services, and any other operating related expenses. All revenues and expenses not meeting this definition are reported as non-operating.

H. Unearned Revenue

Unearned revenue arises when assets are recognized before revenue recognition criteria have been satisfied. Payments made by member districts in September 2012 are for claims to be incurred in October and are reported as unearned revenue at year end.

I. Estimates

The preparation of basic financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported on the basic financial statements and accompanying notes. Actual results may differ from those estimates.

J. Claims Payable

Claims incurred during the current fiscal year, but not paid until the subsequent fiscal year are recorded as a liability in the accompanying financial statements. Please see Note 4 for additional information.

Lawrence County Schools Council of Governments

Lawrence County

Notes to the Financial Statements

For the Fiscal Year Ended September 30, 2012

3. DEPOSITS AND INVESTMENTS

State statutes classify monies held by the Council into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the Council Treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the Council has identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories.

Interim monies may be deposited or invested in the following securities:

1. United States treasury notes, bills, bonds, or other obligations of or securities issued by the United States treasury or any other obligation guaranteed as to the payment of principal and interest by the United States;
2. Bonds, notes, debentures, or other obligations or securities issued by any federal government agency or instrumentality, including, but not limited to, the federal national mortgage association, federal home loan bank, federal farm credit bank, federal home loan mortgage corporation, government national mortgage association, and student loan marketing association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above, provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
4. Bonds and other obligations of the State of Ohio;
5. Interim deposits in the eligible institutions applying for interim money as provided in section 135.08 of the Revised Code;
6. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) of this section, and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
7. The State Treasurer's investment pool (STAROhio);
8. Certain bankers' acceptances for a period not to exceed one hundred eighty days and commercial paper notes for a period not to exceed one hundred eighty days in an amount not to exceed twenty-five percent of the interim moneys available for investment at any one time;
9. Linked deposits as authorized by ordinance adopted pursuant to section 135.08 of the Revised Code;

Lawrence County Schools Council of Governments

Lawrence County

Notes to the Financial Statements

For the Fiscal Year Ended September 30, 2012

3. DEPOSITS AND INVESTMENTS (continued)

10. Commercial paper notes issued by any entity that is defined in division (D) of section 1705.01 of the Revised Code and has assets exceeding five hundred million dollars, and to which notes are rated at the time of purchase in the highest classification established by at least two standard rating services; the aggregate value of the notes does not exceed ten percent of the aggregate value of the outstanding commercial paper of the issuing corporation; the notes mature no later than one hundred eighty days after purchase; and
11. Bankers' acceptances of banks that are members of the federal deposit insurance corporation to which obligations both the following apply: obligations are eligible for purchase by the Federal Reserve System and the obligations mature no later than one hundred eighty days after purchase.

Protection of the Council's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, by surety company bonds deposited with the Fiscal Agent by the financial institution or by a single collateral pool established by the financial institution to secure the repayment of all public monies deposited with the institution.

Investments in stripped principal or interest obligations reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the Council, and must be purchased with the expectation that it will be held to maturity.

Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the Fiscal Agent or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

Deposits: Custodial credit risk is the risk that in the event of a bank failure, the Council's deposits may not be returned to it. According to state law, public depositories must give security for all public funds on deposit in excess of those funds that are insured by the Federal Deposit Insurance Corporation (FDIC) or by any other agency or instrumentality of the federal government. These institutions may either specifically collateralize individual accounts in lieu of amounts insured by the FDIC, or may pledge a pool of government securities valued at least 105 percent of the total value of public monies on deposit at the institution. The Educational Service Center's policy is to deposit money with financial institutions that are able to abide by the laws governing insurance and collateralization of public funds.

At September 30, 2012, the bank balance of all Council deposits was either exposed to custodial risk as discussed above or covered by Federal Deposit Insurance Corporation.

Investments: As of September 30, 2012, the Council held no investments.

4. RISK MANAGEMENT

The Lawrence County Schools Council of Governments, Lawrence County, Ohio (the Council), is a Regional Council of Governments, governed by and construed in accordance with the laws of the State (Chapter 167 of the Ohio Revised Code), and it is the intention of the Council Members that their agreements shall comply with section 9.833 of the Ohio Revised Code. The Council is established for the purpose of exercising the rights and privileges conveyed to it by the Bylaws (agreement) of the Council.

Notes to the Financial Statements

For the Fiscal Year Ended September 30, 2012

4. RISK MANAGEMENT (continued)

The Council is governed by a Board of Directors who selects qualified insurance companies that provide the health insurance that is adequate to meet the needs of each member school under its benefit plan for its employees. The Board of Directors is composed of one representative from each member school.

The Council is self-insured for health insurance and prescription drugs. Annual premiums are determined by a majority vote of the Directors.

To withdraw from the Health Benefit Program, the withdrawing member shall submit a written request to withdraw to the Board of Directors one year prior to the effective date which shall be June 30th of the requested year. The Board of Directors may waive the one year written notice if they so desire. Upon withdrawal from the Health Benefits Program, a withdrawing Member of at least five (5) years shall be entitled to recover their net excess pooled share of the Operating Fund as of June 30th of the year the member is withdrawing. A withdrawing Member of less than five (5) five years shall not be entitled to recover the initial cost. The Fiscal Agent shall distribute their net pooled share to the withdrawing Member not earlier than 90 days and not later than 180 days following receipt of the withdrawing Member. All claims submitted by Covered Persons of the withdrawing Member after the recovery of funds shall be exclusively the liability of the withdrawing Member and the withdrawing Member specifically waives all claims and rights against the Operating Fund and the Health Benefits Program as a result of claims filed after such recovery of funds.

The claims liability of \$1,543,791 reported at September 30, 2012 is based on an estimate provided by the third party administrator and the requirements of GASB Statement No. 10 "Accounting and Financial Reporting for Risk Financing and Related Insurance Issues", which requires that a liability for unpaid claim costs, including estimates of costs relating to incurred but not reported claims, be reported. The estimate was not affected by incremental claim adjustment expenses and does not include other allocated or unallocated claim adjustment expenses.

Changes in claims activity for the current fiscal year are as follows:

	<u>Balance at Beginning of Year</u>	<u>Current Year Claims</u>	<u>Claim Payments</u>	<u>Balance at End of Year</u>
2012	\$0	\$12,921,185	\$11,377,394	\$1,543,791

5. SHARED RISK POOL

The Lawrence County Schools Council of Governments is a shared risk pool created pursuant to State statute for the purpose of administering health care benefits. The Council is governed by a council; which consists of the superintendent from each participating school district. The council elects officers for one-year terms to serve on the Board of Directors. The council exercises control over the operation of the council. All council revenues are generated from charges for services received from the participating school districts, based on the established premiums for the insurance plans. The Lawrence County Educational Service Center is the fiscal agent of the council.

6. LOSS RESERVE

The loss reserve for the Lawrence County Schools Council of Governments is not less than 20 percent nor more than 30 percent of claims paid for the preceding 12 month period that would not be covered by Aggregate Stop-Loss Insurance. At September 30, 2012 the reserve for health and prescription drug was \$2,137,629. The Council's excess cash balance over the reserve/surplus calculation at September 30, 2012 was \$851,135.

7. CHANGES IN ACCOUNTING PRINCIPLES

For 2012, the Council implemented Governmental Accounting Standard Board (GASB) Statement No. 63, "Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position."

GASB Statement No. 63 identifies net position, rather than net assets, as the residual of all other elements presented in a statement of financial position. This change was incorporated in the Council's 2012 financial statements; however, there was no effect on beginning net position.

Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Required by *Government Auditing Standards*

Lawrence County Schools Council of Governments
111 South 4th Street
Ironton, Ohio 45638

To the Council:

We have audited the financial statements of the business-type activities of the Lawrence County Schools Council of Governments, Lawrence County, Ohio (the Council), as of and for the year ended September 30, 2012, which collectively comprise the Council's basic financial statements and have issued our report thereon dated March 27, 2013, wherein we noted that the Council implemented GASB Statement No. 63. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*.

Internal Control over Financial Reporting

In planning and performing our audit, we considered the Council's internal control over financial reporting as a basis for designing our audit procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of opining on the effectiveness of the Council's internal controls over financial reporting. Accordingly, we have not opined on the effectiveness of the Council's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in more than a reasonable possibility that a material misstatement of the Council's financial statements will not be prevented, or detected and timely corrected.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider material weaknesses, as defined above.

Compliance and Other Matters

As part of reasonably assuring whether the Council's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.
