Dave Yost • Auditor of State

Newton Falls Joint Fire District
Trumbull County
19 North Canal Street – Suite 1
Newton Falls, Ohio 44444

To the Board of Trustees:

As you are aware, the Auditor of State's Office (AOS) must modify the *Independent Accountants' Report* we provide on your financial statements due to an interpretation from the American Institute of Certified Public Accountants (AICPA). While AOS does not legally require your government to prepare financial statements pursuant to Generally Accepted Accounting Principles (GAAP), the AICPA interpretation requires auditors to formally acknowledge that you did not prepare your financial statements in accordance with GAAP. Our Report includes an adverse opinion relating to GAAP presentation and measurement requirements, but does not imply the amounts the statements present are misstated under the non-GAAP basis you follow. The AOS report also includes an opinion on the financial statements you prepared using the cash basis and financial statement format the AOS permits.

INDEPENDENT ACCOUNTANTS' REPORT

Newton Falls Joint Fire District
Trumbull County
19 North Canal Street
Newton Falls, Ohio 44444

To the Board of Trustees:

We have audited the accompanying financial statements of Newton Falls Joint Fire District, Trumbull County, (the District) as of and for the years ended December 31, 2011 and 2010. These financial statements are the responsibility of the District's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinion.

As described more fully in Note 1, the District has prepared these financial statements using accounting practices the Auditor of State prescribes or permits. These practices differ from accounting principles generally accepted in the United States of America (GAAP). Although we cannot reasonably determine the effects on the financial statements of the variances between these regulatory accounting practices and GAAP, we presume they are material.

Instead of the combined funds the accompanying financial statements present, GAAP require presenting entity wide statements and also presenting the District's larger (i.e. major) funds separately. While the District does not follow GAAP, generally accepted auditing standards requires us to include the following paragraph if the statements do not substantially conform to GAAP presentation requirements. The Auditor of State permits, but does not require Districts to reformat their statements. The District has elected not to follow GAAP statement formatting requirements. The following paragraph does not imply the amounts reported are materially misstated under the accounting basis the Auditor of State permits. Our opinion on the fair presentation of the amounts reported pursuant to its non-GAAP basis is in the second following paragraph.

In our opinion, because of the effects of the matter discussed in the preceding two paragraphs, the financial statements referred to above for the years ended December 31, 2011 and 2010 do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the District as of December 31, 2011, or its changes in financial position for the years then ended.

Also, in our opinion, the financial statements referred to above present fairly, in all material respects, the combined fund cash balances as of December 31, 2011 and 2010 of Newton Falls Joint Fire District, Trumbull County, and its combined cash receipts and disbursements for the years then ended on the accounting basis Note 1 describes.

As described in Note 1, during 2011 the Newton Falls Joint Fire District adopted Governmental Accounting Standards Board Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*.

In accordance with *Government Auditing Standards*, we have also issued our report dated August 20, 2013, on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance, and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

A handwritten signature in black ink that reads "Dave Yost". The signature is written in a cursive style with a large, looping "D" and "Y".

**NEWTON FALLS JOINT FIRE DISTRICT
TRUMBULL COUNTY
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2011 AND 2010**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Description of the Entity

The constitution and laws of the State of Ohio establish the rights and privileges of the Newton Falls Joint Fire District, Trumbull County, (the District) as a body corporate and politic. A five-member Board of Trustees governs the District. The Board members for the District are appointed by the City Council and the Township Trustees. Each of the aforementioned political subdivisions selects one member from within their ranks to serve a one year term on the District Board. Each political subdivision also selects one resident from within their subdivision to serve a three year term on the District Board. The following member of the Board is also appointed by the political subdivisions to serve a three year term. The final member's selection alternates between a resident of the City and the Township. The District provides fire protection and rescue services within the District and by contract to areas outside the District.

The District's management believes these financial statements present all activities for which the District is financially accountable.

B. Accounting Basis

These financial statements follow the accounting basis the Auditor of State prescribes or permits. This basis is similar to the cash receipts and disbursements accounting basis. The District recognizes receipts when received in cash rather than when earned, and recognizes disbursements when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved).

These statements include adequate disclosure of material matters, as the Auditor of State prescribes or permits.

C. Deposits and Investments

The District's accounting basis includes investments as assets. This basis does not record disbursements for investment purchases or receipts for investment sales. This basis records gains or losses at the time of sale as receipts or disbursements, respectively.

D. Fund Accounting

The District uses fund accounting to segregate cash and investments that are restricted as to use. The District classifies its funds into the following types:

1. General Fund

The General Fund reports all financial resources except those required to be accounted for in another fund.

2. Special Revenue Funds

These funds account for resources the District accumulates from emergency services. Resources constituting the EMS fund are restricted by Ohio Law to be used solely for expenses incurred in the operation of the District's emergency response services.

**NEWTON FALLS JOINT FIRE DISTRICT
TRUMBULL COUNTY
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2011 AND 2010
(Continued)**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. Budgetary Process

The Ohio Revised Code requires that each fund be budgeted annually.

1. Appropriations

Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the fund, function or object level of control, and appropriations may not exceed estimated resources. The Board of Trustees must annually approve appropriation measures and subsequent amendments. The County Budget Commission must also approve the annual appropriation measure. Appropriations lapse at year end.

2. Estimated Resources

Estimated resources include estimates of cash to be received (budgeted receipts) plus cash as of January 1. The County Budget Commission must also approve estimated resources.

3. Encumbrances

The Ohio Revised Code requires the District to reserve (encumber) appropriations when individual commitments are made. Encumbrances outstanding at year end are carried over, and need not be reappropriated.

A summary of 2010 and 2011 budgetary activity appears in Note 3.

F. Fund Balance

During 2011, the District adopted Government Accounting Standards Board statement 54. Fund balance is divided into five classifications based primarily on the extent to which the District must observe constraints imposed upon the use of its governmental-fund resources. The classifications are as follows:

1. Nonspendable

The District classifies assets as *nonspendable* when legally or contractually required to maintain the amounts intact.

2. Restricted

Fund balance is *restricted* when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or is imposed by law through constitutional provisions.

3. Committed

Trustees can *commit* amounts via formal action (resolution). The District must adhere to these commitments unless the Trustees amend the resolution. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed to satisfy contractual requirements.

**NEWTON FALLS JOINT FIRE DISTRICT
TRUMBULL COUNTY
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2011 AND 2010
(Continued)**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

4. Assigned

Assigned fund balances are intended for specific purposes but do not meet the criteria to be classified as *restricted* or *committed*. Governmental funds other than the general fund report all fund balances as *assigned* unless they are restricted or committed. In the general fund, *assigned* amounts represent intended uses established by District Trustees or a District official delegated that authority by resolution, or by State Statute.

5. Unassigned

Unassigned fund balance is the residual classification for the general fund and includes amounts not included in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance.

The District applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

G. Property, Plant, and Equipment

The District records disbursements for acquisitions of property, plant, and equipment when paid. The accompanying financial statements do not report these items as assets.

H. Accumulated Leave

In certain circumstances, such as upon leaving employment, employees are entitled to cash payments for unused leave. The financial statements do not include a liability for unpaid leave.

2. EQUITY IN POOLED DEPOSITS AND INVESTMENTS

The District maintains a deposit and investments pool all funds use. The Ohio Revised Code prescribes allowable deposits and investments. The carrying amount of deposits and investments at December 31 was as follows:

	2011	2010
Demand deposits	\$169,183	\$120,401
Other time deposits (savings and accounts)	104,498	109,391
Total deposits	\$273,681	\$229,792

Deposits: Deposits are insured by the Federal Depository Insurance Corporation.

**NEWTON FALLS JOINT FIRE DISTRICT
TRUMBULL COUNTY
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2011 AND 2010
(Continued)**

3. Budgetary Activity

Budgetary activity for the years ending 2011 follows:

2011 Budgeted vs. Actual Receipts			
Fund Type	Budgeted Receipts	Actual Receipts	Variance
General		\$361,090	\$361,090
Special Revenue		163,629	163,629
Total	\$0	\$524,719	\$524,719

2011 Budgeted vs. Actual Budgetary Basis Expenditures			
Fund Type	Appropriation Authority	Budgetary Expenditures	Variance
General		\$326,777	(\$326,777)
Special Revenue		154,053	(154,053)
Total	\$0	\$480,830	(\$480,830)

2010 Budgeted vs. Actual Receipts			
Fund Type	Budgeted Receipts	Actual Receipts	Variance
General		\$246,033	\$246,033
Special Revenue		191,041	191,041
Total	\$0	\$437,074	\$437,074

2010 Budgeted vs. Actual Budgetary Basis Expenditures			
Fund Type	Appropriation Authority	Budgetary Expenditures	Variance
General		\$216,777	(\$216,777)
Special Revenue		191,041	(191,041)
Total	\$0	\$407,818	(\$407,818)

Contrary to Ohio Law, the General Fund and Special Revenue Fund exceeded their appropriation authority during both years presented in this report. The Fiscal Officer during the periods in question was not filing the appropriate budgetary requirements with the Trumbull County Auditor and Trumbull County Budget Commission. In addition, contrary to Ohio Law, the fiscal officer did not certify the availability of funds prior to entering into obligations or expenditure of monies.

4. Property Tax

Real property taxes become a lien on January 1 preceding the October 1 date for which the Trustees adopted tax rates. The State Board of Tax Equalization adjusts these rates for inflation. Property taxes are also reduced for applicable homestead and rollback deductions. The financial statements include homestead and rollback amounts the State pays as Intergovernmental Receipts. Payments are due to the County by December 31. If the property owner elects to pay semiannually, the first half is due December 31. The second half payment is due the following June 20.

**NEWTON FALLS JOINT FIRE DISTRICT
TRUMBULL COUNTY
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2011 AND 2010
(Continued)**

4. Property Tax – (Continued)

Tangible personal property tax is assessed by the property owners, who must file a list of such property to the County by each April 30.

The County is responsible for assessing property, and for billing, collecting, and distributing all property taxes on behalf of the District.

5. Retirement Systems

District employees belong to the Ohio Public Employees Retirement System (OPERS). OPERS is a cost-sharing, multiple-employer plans. The Ohio Revised Code prescribes these plans' benefits, which include postretirement healthcare and survivor and disability benefits.

The Ohio Revised Code also prescribes contribution rates. For 2011 and 2010, OPERS members contributed 10 and 10%, respectively, of their gross salaries and the District contributed an amount equaling 14 and 14%, respectively, of participants' gross salaries. The District has paid all contributions required through December 31, 2011.

6. Risk Management

Commercial Insurance

The District has obtained commercial insurance for the following risks:

- Comprehensive property and general liability;
- Vehicles; and
- Errors and omissions.

7. Subsequent Events

In December of 2011, the District procured a loan from The Middlefield Banking Company in the amount of \$175,000 in order to complete necessary renovations to property acquired for a new fire station. The proceeds of this loan were not received until 2012.

Dave Yost • Auditor of State

INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY *GOVERNMENT AUDITING STANDARDS*

Newton Falls Joint Fire District
Trumbull County
19 North Canal Street
Newton Falls, Ohio 44444

To the Board of Trustees:

We have audited the financial statements of the Newton Falls Joint Fire District, Trumbull County (the District) as of and for the years ended December 31, 2011 and 2010 and have issued our report thereon dated August 20, 2013, wherein we noted the Township followed accounting practices the Auditor of State prescribes rather than accounting principles generally accepted in the United States of America. We also noted the District adopted Governmental Accounting Standards Board Statement No. 54 (GASB 54) for 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the District's internal control over financial reporting as a basis for designing our audit procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of opining on the effectiveness of the District's internal control over financial reporting. Accordingly, we have not opined on the effectiveness of the District's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. Therefore, we cannot assure that we have identified all deficiencies, significant deficiencies or material weaknesses. However, as described in the accompanying schedule of findings, we identified certain deficiencies in internal control over financial reporting, that we consider material weaknesses.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and timely corrected. We consider findings 2011-001 and 2011-002 described in the accompanying schedule of findings to be material weaknesses.

Compliance and Other Matters

As part of reasonably assuring whether the District's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed instances of noncompliance or other matters we must report under *Government Auditing Standards* which are described in the accompanying schedule of findings as items 2011-001 through 2011-003.

We did note certain matters not requiring inclusion in this report that we reported to the District's management in a separate letter dated August 20, 2013.

We intend this report solely for the information and use of management, the Board of Trustees, and others within the District. We intend it for no one other than these specified parties.

Dave Yost
Auditor of State

Columbus, Ohio

August 20, 2013

**NEWTON FALLS JOINT FIRE DISTRICT
TRUMBULL COUNTY**

**SCHEDULE OF FINDINGS
DECEMBER 31, 2011 AND DECEMBER 31, 2010**

1. FINDINGS RELATED TO THE FINANCIAL STATEMENTS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS

1. Certification of Availability of Funds

<i>Finding Number</i>	2011-001
-----------------------	----------

NONCOMPLIANCE AND MATERIAL WEAKNESS

Ohio Revised Code Section 5705.41(D) (1) states that no subdivision shall make any contract or give any order involving the expenditure of money unless there is attached thereto a certificate of the fiscal officer of the subdivision. The fiscal officer must certify that the amount required to meet such a commitment has been lawfully appropriated and is in the treasury or in the process of collection to the credit of an appropriate fund free from any previous encumbrance. Further, contracts or orders for expenditures lacking prior certification shall be null and void.

There are several exceptions to the standard requirement stated above that a fiscal officer's certificate must be obtained prior to a subdivision or taxing authority entering into a contract or order involving the expenditure of money. The main exceptions are : "then and now" certificates, blanket certificates, and super blanket certificates, which are provided for in sections 5705.41(D)(1) and 5705.41(D)(3), respectively, of the Ohio Revised Code.

Then and Now Certificate: If the fiscal officer can certify that both at the time the contract or order was made ("then"), and at the time that the fiscal officer is completing the certification ("now"), that sufficient funds were available or in the process of collection, to the credit of a proper fund, properly appropriated and free from any previous encumbrance, the taxing authority can authorize the drawing of a warrant for the payment of the amount due. The taxing authority has 30 days from receipt of the "then and now" certificate to approve payment by resolution ordinance.

Amounts of less than three thousand dollars (\$3,000) may be paid by the fiscal officer without a resolution or ordinance upon completion of the "then and now" certificate, provided that the expenditure is otherwise lawful. This does not eliminate any otherwise applicable requirement for approval of expenditures by the taxing authority.

Blanket Certificate: Fiscal officers may prepare "blanket" certificates for a certain sum of money not in excess of an amount established by resolution or ordinance adopted by a majority of the members of the legislative authority against any specific line item account over a period not running beyond the end of the current fiscal year. The blanket certificates may, but need not, be limited to a specific vendor. Only one blanket certificate may be outstanding at one particular time for any one particular line item appropriation.

Super Blanket Certificate: The taxing authority may also make expenditures and contracts for any amount from a specific line-item appropriation account in a specific fund upon certification of the fiscal officer for most professional services, fuel, oil, food items, and any specific recurring and reasonably predictable operating expense. This certification is not to extend beyond the current year. More than one super blanket may be outstanding at a particular time for any line item appropriation.

The Fiscal Officer did not obtain certification of available funds prior to incurring obligations for 100% of the expenditures and there was no evidence of a "then and now" certificate being used by the Fiscal Officer. Failure to properly certify the availability of funds can result in overspending funds and negative cash fund balances.

**Finding Number - 2011-001
 (Continued)**

Unless the exceptions noted above are used, prior certification in the form of purchase orders or “blanket” purchase orders is not only required by statute, but is a key control in the disbursement process to assure that purchase commitments receive prior approval. To improve controls over the disbursement process and reduce the possibility of the District’s funds exceeding budgetary spending limitations, we recommend that the Fiscal Officer certify that the funds are or will be available prior to a commitment of an obligation by the District. When prior certification is not possible, “then and now” certification should be used.

We recommend the District certify purchases to which section 5705.41 (D) applies. The Fiscal Officer should sign the certification prior to the District incurring a commitment, and only when the requirements of 5705.41(D) are satisfied. The Fiscal Officer should post approved purchase commitments to the proper appropriation code, to reduce the available appropriation.

2. Tax Budget

<i>Finding Number</i>	2011-002
-----------------------	----------

NONCOMPLIANCE AND MATERIAL WEAKNESS

The budgetary process is a plan for the coordination of expenditures and resources. **Ohio Rev. Code Chapter 5705** has been adopted to control expenditures by means of tax budgets and appropriations.

Ohio Rev. Code Section 5705.36 requires that on or about January 1 of each year, the fiscal officer is to certify to the county auditor the total amount from all sources which are available for expenditures from each fund in the tax budget along with any unencumbered balances that exist at the end of the preceding year. Based upon this information and estimates provided by the District’s management and County Auditor, the County Budget Commission shall certify the estimated receipts for the year by means of a certificate of estimated resources.

Ohio Rev. Code Section 5705.38 provides, in part, that on the first day of each fiscal year, an appropriation measure is to be passed by the board of trustees. If the taxing authority wants to postpone the passage of the annual appropriation measure until an amended certificate is received from the county budget commission based upon the actual year end balances, it may pass a temporary appropriation measure for meeting the ordinary expenses until April 1.

Ohio Rev. Code Section 5705.39 states that total appropriations from each fund shall not exceed the total estimated resources. An appropriation measure is not effective until the county auditor certifies that appropriations from each fund do not exceed the total official estimate approved by the county budget commission.

Ohio Revised Code Section 5705.41(B) states that no subdivision or taxing unit is to expend money unless it has been appropriated.

**Finding Number - 2011-002
 (Continued)**

For the years ended December 31, 2011 and 2010, the District did not certify to the County Auditor the total amount from all sources which are available for expenditures from each fund in the tax budget along with any unencumbered balances that exist at the end of the preceding year. As a result, the County Budget Commission was unable to certify the District's estimated receipts. Additionally, the District did not pass appropriation measures for 2011 and 2010. As expenditures are limited by the appropriations established by each fund, all expenditures made by the District in these years were not in compliance with the Ohio Revised Code.

Noncompliance with budgetary laws makes it impossible for the District to monitor its available resources by comparing the estimated receipts with the actual receipts. Without obtaining an amended certificate of estimated resources from the County Budget Commission and adopting appropriations, the District cannot ensure there will be sufficient available resources for any orders or contracts involving the expenditure of money.

We recommend the Fiscal Officer provide the Board of Trustees monthly reports comparing the estimated and actual receipts and expenditures. The Board should review the reports and enact legislation as necessary to comply with Ohio law governing tax budgets and appropriations. The Fiscal Officer should deny payment requests lacking sufficient available appropriations.

3. Filling of Annual Report

<i>Finding Number</i>	2011-003
-----------------------	----------

NONCOMPLIANCE

Ohio Rev. Code Section 117.38 states that the District must file annual reports with the Auditor of State within 60 days of the fiscal year end. These reports must be filed on forms prescribed by the Auditor of State. Any public office which does not file the reports by the required date shall pay a penalty of twenty five dollars for each day the report remains unfiled, not to exceed seven hundred fifty dollars.

The annual financial reports shall contain the amount of: (1) receipts, and amounts due from each source; (2) expenditures for each purpose; (3) income of any public service industry that the entity owns or operates, as well as the costs of ownership or operation; and (4) public debt of each taxing district, the purpose of the debt, and how the debt will be repaid. Also, the public office must publish a notice in a local newspaper stating that the financial reports are available for public inspection at the office of the chief fiscal officer.

The District failed to file its 2011 and 2010 annual financial reports with the Auditor of State by the required date.

The District did pay a \$750.00 maximum fine on January 26, 2010. This fine relates to the District not filling its annual report in prior years.

We recommend the District institute procedures and controls to ensure that required annual financial reports are prepared and filed in a timely manner.

Official's Response: The District did not provide any responses.
