CRAWFORD COUNTY, OHIO**

**BASIC FINANCIAL STATEMENTS
(AUDITED)**

*FOR THE FISCAL YEAR ENDED
JUNE 30, 2015*

RYAN COOK, TREASURER

Dave Yost • Auditor of State

Board of Education
Bucyrus City School District
170 Plymouth Street
Bucyrus, Ohio 44820

We have reviewed the *Independent Auditor's Report* of the Bucyrus City School District, Crawford County, prepared by Julian & Grube, Inc., for the audit period July 1, 2014 through June 30, 2015. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Bucyrus City School District is responsible for compliance with these laws and regulations.

A handwritten signature in cursive script that reads "Dave Yost".

Independent Auditor's Report

Bucyrus City School District
Crawford County
170 Plymouth Street
Bucyrus, Ohio 44820

To the Board of Education:

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Bucyrus City School District, Crawford County, Ohio, as of and for the fiscal year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the Bucyrus City School District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes designing, implementing, and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the Bucyrus City School District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the Bucyrus City School District's internal control. Accordingly, we express no opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Bucyrus City School District, Crawford County, Ohio, as of June 30, 2015, and the respective changes in financial position and, where applicable, cash flows thereof and the budgetary comparison for the General fund thereof for the fiscal year then ended in accordance with the accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 3 to the financial statements, during the fiscal year ended June 30, 2015, the Bucyrus City School District adopted the provisions of Governmental Accounting Standard No. 68, *Accounting and Financial Reporting for Pensions – an Amendment of GASB Statement No. 27* and No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date – an Amendment of GASB Statement No. 68*. We did not modify our opinion regarding this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require this presentation to include *Management's discussion and analysis, Schedules of the district's proportionate share of the net pension liability – School Employees Retirement System of Ohio and State Teachers Retirement System of Ohio, and Schedules of district contributions - School Employees Retirement System of Ohio and State Teachers Retirement System of Ohio*, as listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, consisting of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, to the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not opine or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to opine or provide any other assurance.

Supplementary and Other Information

Our audit was conducted to opine on the Bucyrus City School District's basic financial statements taken as a whole.

The Schedule of Receipts and Expenditures of Federal Awards (the "Schedule") presents additional analysis as required by the U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations and is also not a required part of the financial statements.

The Schedule is management's responsibility, and derives from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. We subjected this Schedule to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling the Schedule directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves in accordance with auditing standards generally accepted in the United States of America. In our opinion, this Schedule is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 11, 2015, on our consideration of the Bucyrus City School District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Bucyrus City School District's internal control over financial reporting and compliance.

**BUCYRUS CITY SCHOOL DISTRICT
CRAWFORD COUNTY, OHIO**

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015**

The management's discussion and analysis of Bucyrus City School District's (the "School District") financial performance provides an overall review of the School District's financial activities for the fiscal year ended June 30, 2015. The intent of this discussion and analysis is to look at the School District's financial performance as a whole; readers should also review the basic financial statements and notes to the basic financial statements to enhance their understanding of the School District's financial performance.

Financial Highlights

Key financial highlights for 2015 are as follows:

- In total, net position increased \$1,186,819. Net position of governmental activities increased \$1,186,905, which represents a 13.83% increase from 2014's restated net position. Net position of business-type activities decreased \$86 or 0.37% from 2014's restated net position.
- General revenues accounted for \$15,221,797 in revenue or 76.32% of all governmental activities revenues. Program specific revenues in the form of charges for services and sales and operating grants and contributions accounted for \$4,722,656 or 23.68% of total governmental activities revenues of \$19,944,453.
- The School District had \$18,757,548 in expenses related to governmental activities; only \$4,722,656 of these expenses were offset by program specific charges for services and sales and operating grants or contributions. General revenues supporting governmental activities (primarily property taxes and unrestricted grants and entitlements) of \$15,221,797 were used to provide for these programs.
- The School District's major governmental funds are the general fund and bond retirement fund. The general fund had \$16,094,094 in revenues and \$15,484,295 in expenditures. The fund balance of the general fund increased from a balance of \$4,341,872 to \$4,951,671.
- The School District's other major governmental fund is the bond retirement fund. The bond retirement fund had \$892,966 in revenues and \$895,078 in expenditures. The fund balance of the bond retirement fund decreased from \$713,939 to \$711,827.

Using this Financial Report

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the School District as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The *statement of net position* and *statement of activities* provide information about the activities of the whole School District, presenting both an aggregate view of the School District's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the School District's most significant funds with all other nonmajor funds presented in total in one column. The School District has two major governmental funds: the general fund and the bond retirement fund. The general fund is by far the most significant fund.

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

Reporting the School District as a Whole

Statement of Net Position and the Statement of Activities

While this document contains the large number of funds used by the School District to provide programs and activities, the view of the School District as a whole looks at all financial transactions and asks the question, "How did we do financially during 2015?" The statement of net position and the statement of activities answer this question. These statements include *all assets, deferred outflows of resources, liabilities, deferred inflows of resources, revenues and expenses* except for fiduciary funds using the *accrual basis of accounting* similar to the accounting used by most private-sector companies. This basis of accounting will take into account all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the School District's *net position* and changes in that position. This change in net position is important because it tells the reader that, for the School District as a whole, the *financial position* of the School District has improved or diminished. The causes of this change may be the result of many factors, some financial, some not. Non-financial factors include the School District's property tax base, current property tax laws in Ohio restricting revenue growth, facility conditions, required educational programs and other factors.

In the statement of net position and the statement of activities, the School District is divided into two distinct kinds of activities:

Governmental Activities - Most of the School District's programs and services are reported here including instruction, support services, operations and maintenance, pupil transportation, extracurricular activities and food service operations.

Business-Type Activities - These services are provided on a charge for goods or services basis to recover all or a significant portion of the expenses of the goods or services provided. The School District's early childhood development program is reported as a business-type activity.

The School District's statement of net position and statement of activities can be found on pages 16-18 of this report.

Reporting the School District's Most Significant Funds

Fund Financial Statements

The analysis of the School District's major governmental funds begins on page 12. Fund financial reports provide detailed information about the School District's major funds. The School District uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the School District's most significant funds.

Governmental Funds

Most of the School District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in future periods. These funds are reported using an accounting method called *modified accrual* accounting, which measures cash and all other *financial assets* that can readily be converted to cash. The governmental fund statements provide a detailed *short-term* view of the School District's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between governmental *activities* (reported in the statement of net position and the statement of activities) and governmental *funds* is reconciled in the financial statements. The basic governmental fund financial statements can be found on pages 19-23 of this report.

**BUCYRUS CITY SCHOOL DISTRICT
CRAWFORD COUNTY, OHIO**

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015**

Proprietary Funds

There are two types of proprietary funds: enterprise funds and internal service funds. The enterprise funds use the same basis of accounting as business-type activities; therefore, these statements will essentially match information provided in the statements for the School District as a whole. Internal service funds are an accounting device used to accumulate and allocate costs internally among the School District's various functions. The School District's internal service fund accounts for employee benefits self-insurance. The proprietary fund financial statements can be found on pages 24-26 of this report.

Reporting the School District's Fiduciary Responsibilities

The School District is the trustee, or fiduciary, for its scholarship programs. This activity is presented as a private-purpose trust fund. The School District also acts in a trustee capacity as an agent for individuals, private organizations, other governmental units and/or other funds. These activities are reported in two agency funds. The School District's fiduciary activities are reported in separate statements of fiduciary net position and changes in fiduciary net position on pages 27 and 28. These activities are excluded from the School District's other financial statements because the assets cannot be utilized by the School District to finance its operations.

Notes to the Basic Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. These notes to the basic financial statements can be found on pages 29-67 of this report.

Required Supplementary Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the School District's net pension liability. The required supplementary information can be found on pages 68-74 of this report.

During 2015, the School District adopted GASB Statement 68, "Accounting and Financial Reporting for Pensions— an Amendment of GASB Statement 27," which significantly revises accounting for pension costs and liabilities. For reasons discussed below, many end users of this financial statement will gain a clearer understanding of the School District's actual financial condition by adding deferred inflows related to pension and the net pension liability to the reported net position and subtracting deferred outflows related to pension.

**BUCYRUS CITY SCHOOL DISTRICT
CRAWFORD COUNTY, OHIO**

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

Governmental Accounting Standards Board standards are national and apply to all government financial reports prepared in accordance with generally accepted accounting principles. When accounting for pension costs, GASB 27 focused on a funding approach. This approach limited pension costs to contributions annually required by law, which may or may not be sufficient to fully fund each plan's *net pension liability*. GASB 68 takes an earnings approach to pension accounting; however, the nature of Ohio's statewide pension systems and state law governing those systems requires additional explanation in order to properly understand the information presented in these statements.

Under the new standards required by GASB 68, the net pension liability equals the District's proportionate share of each plan's collective:

1. Present value of estimated future pension benefits attributable to active and inactive employees' past service
2. Minus plan assets available to pay these benefits

GASB notes that pension obligations, whether funded or unfunded, are part of the "employment exchange" – that is, the employee is trading his or her labor in exchange for wages, benefits, and the promise of a future pension. GASB noted that the unfunded portion of this pension promise is a present obligation of the government, part of a bargained-for benefit to the employee, and should accordingly be reported by the government as a liability since they received the benefit of the exchange. However, the District is not responsible for certain key factors affecting the balance of this liability. In Ohio, the employee shares the obligation of funding pension benefits with the employer. Both employer and employee contribution rates are capped by State statute. A change in these caps requires action of both Houses of the General Assembly and approval of the Governor. Benefit provisions are also determined by State statute. The employee enters the employment exchange with the knowledge that the employer's promise is limited not by contract but by law. The employer enters the exchange also knowing that there is a specific, legal limit to its contribution to the pension system. In Ohio, there is no legal means to enforce the unfunded liability of the pension system *as against the public employer*. State law operates to mitigate/lessen the moral obligation of the public employer to the employee, because all parties enter the employment exchange with notice as to the law. The pension system is responsible for the administration of the plan.

Most long-term liabilities have set repayment schedules or, in the case of compensated absences (i.e. sick and vacation leave), are satisfied through paid time-off or termination payments. There is no repayment schedule for the net pension liability. As explained above, changes in pension benefits, contribution rates, and return on investments affect the balance of the net pension liability, but are outside the control of the local government. In the event that contributions, investment returns, and other changes are insufficient to keep up with required pension payments, State statute does not assign/identify the responsible party for the unfunded portion. Due to the unique nature of how the net pension liability is satisfied, this liability is separately identified within the long-term liability section of the statement of net position.

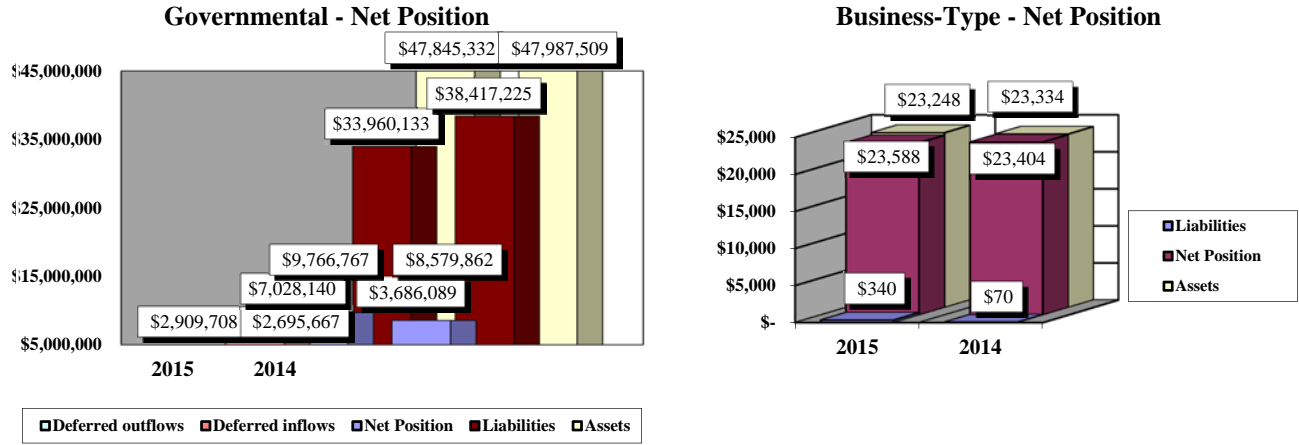

In accordance with GASB 68, the School District's statements prepared on an accrual basis of accounting include an annual pension expense for their proportionate share of each plan's *change* in net pension liability not accounted for as deferred inflows/outflows.

As a result of implementing GASB 68, the School District is reporting a net pension liability and deferred inflows/outflows of resources related to pension on the accrual basis of accounting. This implementation also had the effect of restating net position at June 30, 2014, from \$29,155,527 to \$8,579,862.

Governmental Activities

The information necessary to restate the 2014 beginning balances and the 2014 pension expense amounts for the effects of the initial implementation of GASB 68 is not available. Therefore, 2014 functional expenses still include pension expense of \$1,137,207 computed under GASB 27. GASB 27 required recognizing pension expense equal to the contractually required contributions to the plan. Under GASB 68, pension expense represents additional amounts earned, adjusted by deferred inflows/outflows. The contractually required contribution is no longer a component of pension expense. Under GASB 68, the 2015 statements report pension expense of \$832,564.

Consequently, in order to compare 2015 total program expenses to 2014, the following adjustments are needed:

Total 2015 program expenses under GASB 68	\$ 18,807,146
Pension expense under GASB 68	(766,485)
2015 contractually required contributions	<u>1,164,920</u>
Adjusted 2015 program expenses	19,205,581
Total 2014 program expenses under GASB 27	<u>18,685,939</u>
Increase in program expenses not related to pension	<u>\$ 519,642</u>

**BUCYRUS CITY SCHOOL DISTRICT
CRAWFORD COUNTY, OHIO**

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015**

Net position of the School District's governmental activities increased \$1,186,905. Total governmental expenses of \$18,757,548 were offset by program revenues of \$4,772,656, and general revenues of \$15,221,797. Program revenues supported 25.44% of the total governmental expenses.

The primary sources of revenue for governmental activities are derived from property taxes and unrestricted grants and entitlements. These two revenue sources represent 75.79% of total governmental revenue.

The largest expense of the School District is for instructional programs. Instruction expenses totaled \$11,737,260 or 62.57% of total governmental expenses for fiscal year 2015.

The graph below presents the School District's governmental activities revenue and expenses for fiscal years 2015 and 2014.

THIS SPACE INTENTIONALLY LEFT BLANK

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015**

The statement of activities shows the cost of program services and the charges for services and grants and contributions offsetting those services. The following table shows, for governmental activities, the total cost of services and the net cost of services for 2015 and 2014. That is, it identifies the cost of these services supported by tax revenue and unrestricted State grants and entitlements.

Governmental Activities

	Total Cost of Services	Net Cost of Services	Total Cost of Services	Net Cost of Services
	<u>2015</u>	<u>2015</u>	<u>2014</u>	<u>2014</u>

The dependence upon tax revenues during fiscal year 2015 for governmental activities is apparent, as 71.84% of 2015 instruction activities are supported through taxes and other general revenues. The School District's taxpayers and unrestricted grants and entitlements from the State are the primary support for the School District's students.

**BUCYRUS CITY SCHOOL DISTRICT
CRAWFORD COUNTY, OHIO**

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

The graph below presents the School District's governmental activities revenue for fiscal years 2015 and 2014.

Business-Type Activities

Business-type activities include early childhood development operations. This programs had revenues of \$17,494 and expenses of \$17,580 for fiscal year 2015. The School District's business-type activities do not receive support from tax revenues.

The School District's Funds

The School District's governmental funds (as presented on the balance sheet on page 19) reported a combined fund balance of \$5,652,629 which is \$443,769 greater than last year's total of \$5,208,860. The schedule below indicates the fund balance and the total change in fund balance as of June 30, 2015 and 2014.

	Fund Balance <u>June 30, 2015</u>	Fund Balance <u>June 30, 2014</u>	Increase <u>(Decrease)</u>
General	\$ 4,951,671	\$ 4,341,872	\$ 609,799
Bond retirement	711,827	713,939	(2,112)
Other governmental	<u>(10,869)</u>	<u>153,049</u>	<u>(163,918)</u>
Total	<u>\$ 5,652,629</u>	<u>\$ 5,208,860</u>	<u>\$ 443,769</u>

General Fund

The School District's general fund balance increased \$609,799 during fiscal year 2015. The table that follows assists in illustrating the revenues of the general fund.

	2015 <u>Amount</u>	2014 <u>Amount</u>	Percentage <u>Change</u>
<u>Revenues</u>			
Taxes	\$ 4,106,249	\$ 3,850,774	6.63 %
Intergovernmental	11,314,085	10,245,833	10.43 %
Other revenues	<u>673,760</u>	<u>696,785</u>	(3.30) %
Total	<u>\$ 16,094,094</u>	<u>\$ 14,793,392</u>	8.79 %

**BUCYRUS CITY SCHOOL DISTRICT
CRAWFORD COUNTY, OHIO**

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

The table that follows assists in illustrating the expenditures of the general fund.

	<u>2015</u> <u>Amount</u>	<u>2014</u> <u>Amount</u>	<u>Percentage</u> <u>Change</u>
<u>Expenditures</u>			
Instruction	\$ 10,457,703	\$ 9,994,514	4.63 %
Support services	4,685,903	4,325,880	8.32 %
Extracurricular activities	<u>340,689</u>	<u>351,849</u>	(3.17) %
Total	<u>\$ 15,484,295</u>	<u>\$ 14,672,243</u>	5.53 %

Bond Retirement Fund

The School District's other major governmental fund is the bond retirement fund. The bond retirement fund had \$892,966 in revenues and \$895,078 in expenditures. The fund balance of the bond retirement fund decreased from \$713,939 to \$711,827. The primary revenue source of the fund is property taxes and homestead and rollback that is used to pay debt service payments.

General Fund Budgeting Highlights

The School District's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the general fund.

During the course of fiscal year 2015, the School District amended its general fund budget. The School District uses site-based budgeting and the budgeting systems are designed to tightly control total site budgets but provide flexibility for site management.

For the general fund, final budgeted revenues and other financing sources were \$877,641 below actual revenues and other financing sources of \$15,892,484. The original budgeted revenues and other financing sources were \$122,660 lower than final budgeted revenues and other financing sources.

General fund final appropriations and other financing uses were \$16,160,542. The actual budget basis expenditures and other financing uses for fiscal year 2015 totaled \$15,909,050, which was \$251,492 less than the final budget appropriations. The final appropriations were \$306,935 greater than the original appropriations.

CRAWFORD COUNTY, OHIO**

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

Capital Assets and Debt Administration

Capital Assets

At the end of fiscal year 2015, the School District had \$35,005,749 invested in land, land/improvements, buildings/improvements, furniture/equipment, and vehicles. The following table shows fiscal year 2015 balances compared to 2014:

**Capital Assets at June 30
(Net of Depreciation)**

	<u>Governmental Activities</u>	
	<u>2015</u>	<u>2014</u>
Land	\$ 706,175	\$ 706,175
Land/improvements	496,961	532,918
Building/improvements	32,894,225	33,652,634
Furniture/equipment	587,652	550,431
Vehicles	<u>320,736</u>	<u>263,197</u>
Total	<u>\$ 35,005,749</u>	<u>\$ 35,705,355</u>

See Note 8 to the basic financial statements for detail on the School District's capital assets.

Debt Administration

At June 30, 2015 the School District had \$11,152,826 in general obligation bonds and lease purchase agreements outstanding. The general obligation bonds are comprised of current issue bonds and capital appreciation bonds. Of this total debt outstanding, \$589,683 is due within one year and \$10,563,143 is due in more than one year. The table on the following page summarizes the bonds and leases outstanding:

Outstanding Debt, at June 30

	Governmental Activities <u>2015</u>	Governmental Activities <u>2014</u>
Current interest bonds	\$ 10,540,000	\$ 11,125,000
Capital appreciation bonds	259,999	259,999
Capital appreciation bonds - accreted interest	222,311	68,733
Lease purchase agreements	<u>130,516</u>	<u>135,015</u>
Total	<u>\$ 11,152,826</u>	<u>\$ 11,588,747</u>

See Note 11 to the basic financial statements for detail on the School District's debt administration.

Current Financial Related Activities

The Bucyrus City Schools Board of Education governs our School District finances. Each October and May, the School District prepares a five-year forecast. This year our forecast is laden with risks and uncertainty due to the economic climate and volatility of the legislative changes that are happening very fast and with little time to plan. We are simply responding to the cause-and-effect of the economic changes with promptness. The items on the following page give a short description of the current issues and how they may affect our forecast long term:

**BUCYRUS CITY SCHOOL DISTRICT
CRAWFORD COUNTY, OHIO**

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015**

- 1) Crawford County will go through a reappraisal update in the 2015 tax year to be collected in fiscal year 2016. A complete reappraisal occurred in tax year 2012 for collection in fiscal year 2013, which lowered assessed values by \$15.98 million or a decrease of (11.5%). In 2015 our district is expecting to remain relatively flat in terms of valuation changes as property values are starting to recover in our state but lagging here in Crawford County. There is however some risk that the district could sustain another reduction in values but we do not anticipate that at this time.
- 2) The State Budget represents nearly 70% of district revenues, which means it is a significant area of risk to revenue. The risk comes in fiscal year 2016 and beyond if the state economy worsens or if the currently proposed HB64 budget alters the funding formula to reduce funding to our district in a future state budget. There are two future State Biennium Budgets covering the period from fiscal year 2016 through fiscal year 2018 in this forecast. Future uncertainty in both the state foundation funding formula and the state's economy makes this area an elevated risk to district funding long range through fiscal year 2019.
- 3) The state budget in fiscal year 2012 eliminated \$264,990 per year in tangible personal property (TPP) fixed rate reimbursement to the district. This was an area of uncertainty that was cleared up by abruptly eliminating the funding source to the district. This represents no further risk to the district. However, the "Fixed Sum" TPP reimbursements related to our substitute levy is being phased out through fiscal year 2018. In fiscal year 2019 the levy millage will be increased to keep the revenue whole, however, this shifts the burden onto local tax payers.
- 4) There are many provisions in the current state budget bill HB59 and the current proposed state budget HB64 that would increase district expenditures in the form of an exposure to school choice scholarships or vouchers, additional special education costs, school reform initiatives, college credit plus, and several other school choice provisions. These all could expose the district to new expenditures that are not currently in the forecast. We are monitoring proposed and pending legislation very closely to evaluate the effects on our bottom line.
- 5) Patient Protection and Affordable Care Act (PPACA) – This program was approved March 23, 2010 along with the Health Care and Education Reconciliation Act. Many of the provision of this federal statute were supposed to be implemented January 1, 2014, but were delayed until January 1, 2015. We are aware of additional taxes that will be assessed on the district January 1, 2015 which could increase costs by as much as 2%. There is the additional risk that costs will go up as additional employees are added to our health care rolls. Rules for the PPACA are in flux at this time and we are tracking them closely. Future uncertainty over rules and implementation of PPACA is an elevated risk to district costs. We continue to monitor the rules and implementation as this significant change to health care evolves.
- 6) Labor relations in the district have been very amicable with all parties working for the best interest of students and realizing the resource challenges the district faces. We believe as the district moves forward a strong working relationship will continue.

The Board of Education continues to examine the School District finances diligently to preserve financial resources, while at the same time providing a high quality education for our students.

Contacting the School District's Financial Management

This financial report is designed to provide our citizens, taxpayers, investors and creditors with a general overview of the School District's finances and to show the School District's accountability for the money it receives. If you have questions about this report or need additional financial information contact Mr. Ryan Cook, Treasurer, Bucyrus School District, 170 Plymouth Street, Bucyrus, Ohio 44820.

RECONCILIATION OF TOTAL GOVERNMENTAL FUND BALANCES TO
NET POSITION OF GOVERNMENTAL ACTIVITIES
JUNE 30, 2015

Total governmental fund balances		\$	5,652,629
<i>Amounts reported for governmental activities on the statement of net position are different because:</i>			
Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds.			35,005,749
Other long-term assets are not available to pay for current-period expenditures and therefore are deferred inflows in the funds.			
Property taxes receivable	\$	450,298	
Intergovernmental receivable		486,349	
Total		936,647	936,647
The net pension liability is not due and payable in the current period; therefore, liability and related deferred inflows and outflows are not reported in governmental funds.			
Deferred outflows - Pension		1,336,850	
Deferred Inflows - Pension		(3,300,119)	
Net pension liability		(18,213,961)	
Total		(20,177,230)	(20,177,230)
An internal service fund is used by management to charge the costs of insurance to individual funds. The assets and liabilities of the internal service fund are included in governmental activities on the statement of net position.			932,729
Unamortized premiums on bonds issued are not recognized in the funds.			(1,843,339)
Unamortized amounts on refundings are not recognized in the funds.			1,572,858
Accrued interest payable is not due and payable in the current period and therefore is not reported in the funds.			(22,352)
Long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the funds.			
General obligation bonds		(11,022,310)	
Lease purchase obligations		(130,516)	
Compensated absences		(1,138,098)	
Total		(12,290,924)	(12,290,924)
Net position of governmental activities		\$	9,766,767

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

Net change in fund balances - total governmental funds	\$	443,769
<i>Amounts reported for governmental activities in the statement of activities are different because:</i>		
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense.		
Capital asset additions	\$ 202,045	
Current year depreciation	(901,651)	
Total		(699,606)
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.		
Property taxes	(88,733)	
Earnings on investments	(741)	
Intergovernmental	380,398	
Total		290,924
Repayment of bond and capital lease principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities on the statement of net position. Principal payments during the year were:		
Bonds	585,000	
Capital leases	4,499	
Total		589,499
In the statement of activities, interest is accrued on outstanding bonds, whereas in governmental funds, an interest expenditure is reported when due. The following items resulted in additional interest being reported in the statement of activities:		
Decrease in accrued interest payable	2,333	
Accreted interest on capital appreciation bonds	(153,578)	
Amortization of bond premiums	86,398	
Amortization of deferred charges	(51,681)	
Total		(116,528)
Some expenses reported in the statement of activities, such as compensated absences, do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.		
		107,886
Contractually required pension contributions are reported as expenditures in governmental funds; however, the statement of activities reports these amounts as deferred outflows.		
		1,164,920
Except for amounts reported as deferred inflows/outflows, changes in the net pension liability are reported as pension expense in the statement of activities.		
		(766,485)
An internal service fund used by management to charge the costs of insurance to individual funds is not reported in the district-wide statement of activities. Governmental fund expenditures and the related internal service fund revenues are eliminated. The net revenue (expense) of the internal service fund is allocated among the governmental activities.		
		172,526
Change in net position of governmental activities	\$	1,186,905

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015**

NOTE 1 - DESCRIPTION OF THE SCHOOL DISTRICT

Bucyrus City School District (the "School District") is organized under Article VI, Sections 2 and 3 of the Constitution of the State of Ohio. The School District operates under a locally-elected Board form of government consisting of five members elected at-large for staggered four year terms. The School District provides educational services as authorized by state and federal guidelines.

The School District was established in 1850. The School District serves an area of approximately six square miles. It is located in Crawford County. It is staffed by 50 classified employees and 102 certified personnel who provide services to 1,416 students and other community members. The School District currently operates one elementary school, one high school/middle school, one athletic/community building, and one central office.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

A reporting entity is composed of the primary government, component units, and other organizations that are included to insure the financial statements are not misleading. The primary government of the School District consists of all funds, departments, boards, and agencies that are not legally separate from the School District. For Bucyrus City School District, this includes general operations, food service, and student related activities of the School District.

Component units are legally separate organizations for which the School District is financially accountable. The School District is financially accountable for an organization if the School District appoints a voting majority of the organization's governing board and (1) the School District is able to significantly influence the programs or services performed or provided by the organization; or (2) the School District is legally entitled to or can otherwise access the organization's resources; the School District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the School District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the School District in that the School District approves the budget, the issuance of debt, or the levying of taxes. There are no component units of the Bucyrus City School District.

The following activity is included within the School District's reporting entity:

Within the School District boundaries, Holy Trinity Elementary is operated as a private school. Current state legislation provides funding to this parochial school. The monies are received and disbursed on behalf of the parochial school by the Treasurer of the School District, as directed by the parochial school. This activity is reflected in a special revenue fund for financial reporting purposes by the School District.

The School District participates in three jointly governed organizations and two insurance pools. These organizations are META Solutions, Pioneer Career and Technology Center, Metropolitan Educational Council, the Ohio School Plan and the Ohio School Boards Association Workers' Compensation Group Rating Plan. These organizations are presented in Notes 18 and 19 to the basic financial statements.

CRAWFORD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

The basic financial statements of Bucyrus City School District have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. Following are the more significant of the School District's accounting policies.

B. Basis of Presentation

The School District's basic financial statements consist of government-wide financial statements, including a statement of net position and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

Government-Wide Financial Statements - The statement of net position and the statement of activities display information about the School District as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. These statements distinguish between those activities of the School District that are governmental activities (primarily supported by taxes and intergovernmental revenues) and those that are considered business-type activities (primarily supported by fees and charges).

The statement of net position presents the financial condition of the governmental and business-type activities of the School District at fiscal year end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the School District's governmental activities and the business-type activity. Direct expenses are those that are specifically associated with a service, program, or department and, therefore, clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program and grants, contributions, and interest that are restricted to meeting the operational or capital requirements of a particular program. Revenues which are not classified as program revenues are presented as general revenues of the School District, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental function or business activity is self-financing or draws from the general revenues of the School District.

Fund Financial Statements - During the fiscal year, the School District segregates transactions related to certain School District functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the School District at this more detailed level. The focus of governmental and enterprise fund financial reporting is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. Fiduciary funds are reported by type.

C. Fund Accounting

The School District uses funds to maintain its financial records during the fiscal year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The funds of the School District are divided into three categories; governmental, proprietary, and fiduciary.

**BUCYRUS CITY SCHOOL DISTRICT
CRAWFORD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

GOVERNMENTAL FUNDS

Governmental funds are those through which most governmental functions of the School District are financed. Governmental fund reporting focuses on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and deferred outflows of resources, and liabilities and deferred inflows of resources is reported as fund balance. The School District's major funds are the general fund and the bond retirement fund.

General Fund - The general fund is used to account for all financial resources, except those required to be accounted for in another fund. The general fund balance is available to the School District for any purpose provided it is expended or transferred according to the general laws of Ohio.

Bond retirement fund - The bond retirement fund is used to account for and report financial resources that are restricted, committed, or assigned to expenditure for principal and interest.

Other governmental funds of the School District are used to account for (a) financial resources that are restricted, committed, or assigned to expenditures for capital outlays including the acquisition or construction of capital facilities and other capital assets and (b) specific revenue sources that are restricted or committed to an expenditure for specified purposes other than debt service or capital projects.

PROPRIETARY FUNDS

Proprietary fund reporting focuses on the determination of operating income, change in net position, financial position, and cash flows.

Enterprise Fund - Enterprise funds may be used to account for any activity for which a fee is charged to external users for goods or services. The School District has one enterprise fund, which is not a major fund, that accounts for revenues from an after school care program.

Internal service fund - The internal service fund is used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the School District, or to other governments, on a cost-reimbursement basis. The only internal service fund of the School District accounts for a self-insurance program which provides medical/surgical, dental and vision benefits to employees.

FIDUCIARY FUNDS

Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private purpose trust funds, and agency funds. Trust funds are used to account for assets held by the School District under a trust agreement for individuals, private organizations, or other governments and are not available to support the School District's own programs. The School District's private purpose trust fund accounts for programs that provide college scholarships to students after graduation. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The School District's agency fund accounts for student-managed activities.

**BUCYRUS CITY SCHOOL DISTRICT
CRAWFORD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

D. Measurement Focus

Government-Wide Financial Statements - The government-wide financial statements are prepared using a flow of economic resources measurement focus. All assets and deferred outflows of resources and all liabilities and deferred inflows of resources associated with the operation of the School District are included on the statement of net position. The statement of activities presents increases (e.g., revenues) and decreases (e.g., expenses) in total net position.

Fund Financial Statements - All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and deferred outflows of resources and current liabilities and deferred inflows of resources are generally included on the balance sheet. The statement of revenues, expenditures, and changes in fund balances reflects the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements, therefore, include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the fund financial statements for governmental funds.

Like the government-wide financial statements, the proprietary funds are accounted for using a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of this fund are included on the statement of fund net position. The statement of revenues, expenses, and change in fund net position presents increases (e.g., revenues) and decreases (e.g., expenses) in total net position. The statement of cash flows reflects how the School District finances and meets the cash flow needs of its enterprise activity.

The private purpose trust fund is accounted for using a flow of economic resources measurement focus. Agency funds do not report a measurement focus as they do not report operations.

E. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting; the enterprise fund and fiduciary funds use the accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred outflows and deferred inflows of resources, and in the presentation of expenses versus expenditures.

Revenues - Exchange and Nonexchange Transactions - Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On the modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the School District, available means expected to be received within sixty days of fiscal year end.

**BUCYRUS CITY SCHOOL DISTRICT
CRAWFORD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Nonexchange transactions, in which the School District receives value without directly giving equal value in return, include property taxes, grants, entitlements, and donations. On the accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the fiscal year when the resources are required to be used or the fiscal year when use is first permitted; matching requirements, in which the School District must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the School District on a reimbursement basis. On the modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered both measurable and available at fiscal year-end: property taxes available as an advance, grants, interest, tuition, student fees, and charges for services.

Deferred Outflows of Resources and Deferred Inflows of Resources - In addition to assets, the government-wide statement of net position will report a separate section for deferred outflows of resources. Deferred outflows of resources, represents a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until then. For the School District, deferred outflows of resources have been reported for the following two items related the School District's net pension liability: (1) the difference between expected and actual experience of the pension systems, and (2) the School District's contributions to the pension systems subsequent to the measurement date. In addition, deferred outflows of resources include a deferred charge on debt refunding. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

In addition to liabilities, both the government-wide statement of net position and the governmental fund financial statements report a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net position that applies to a future period and will not be recognized as an inflow of resources (revenue) until that time. For the School District, deferred inflows of resources include property taxes, payments in lieu of taxes and unavailable revenue. Property taxes and payments in lieu of taxes represent amounts for which there is an enforceable legal claim as of June 30, 2015, but which were levied to finance fiscal year 2016 operations. These amounts have been recorded as a deferred inflow of resources on both the government-wide statement of net position and the governmental fund financial statements. Unavailable revenue is reported only on the governmental funds balance sheet, and represents receivables which will not be collected within the available period. For the School District unavailable revenue includes, but is not limited to, delinquent property taxes and intergovernmental grants. These amounts are deferred and recognized as an inflow of resources in the period the amounts become available.

The School District also reports a deferred inflow of resources for the net difference between projected and actual earnings on pension plan investments related to the School District's net pension liability. This deferred inflow of resources is only reported on the government-wide statement of net position.

**BUCYRUS CITY SCHOOL DISTRICT
CRAWFORD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Expenses/Expenditures - On the accrual basis, expenses are recognized at the time they are incurred. The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

F. Budgetary Process

All funds, except agency funds, are legally required to be budgeted and appropriated. The major documents prepared are the statement of fund activity, certificate of estimated resources, and the appropriations resolution, all of which are prepared on the budgetary basis of accounting. The statement of fund activity demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amount the Board of Education may appropriate. The appropriations resolution is the Board's authorization to spend resources and sets annual limits on expenditures plus encumbrances at the level of control selected by the Board. The legal level of budgetary control is at the fund level for all funds. Budgetary allocations at the function and object level within all funds are made by the School District Treasurer.

The certificate of estimated resources may be amended during the fiscal year if projected increases or decreases in revenue are identified by the Treasurer. The amounts reported as the original budgeted amounts on the budgetary statements reflect the amounts on the certificate of estimated resources when the original appropriations were adopted. The amounts reported as the final budgeted amounts on the budgetary statements reflect the amounts on the amended certificate of estimated resources in effect at the time final appropriations were passed by the Board.

The appropriations resolution is subject to amendment throughout the fiscal year with the restriction that appropriations cannot exceed estimated resources. The amounts reported as the original budgeted amounts reflect the first appropriations resolution for that fund that covered the entire fiscal year, including amounts automatically carried forward from prior fiscal years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by the Board during the fiscal year.

G. Cash and Investments

To improve cash management, cash received by the School District is pooled. Monies for all funds are maintained in this pool. Individual fund integrity is maintained through School District records. Interest in the pool is presented as "Equity in Pooled Cash and Cash Equivalents".

During fiscal year 2015, the School District invested in nonnegotiable certificates of deposit and mutual funds. Investments are reported at fair value, except for nonnegotiable certificates of deposit which are reported at cost. Fair value is based on quoted market price or current shares price.

The School District allocates interest earnings according to State statutes. Interest revenue credited to the general fund during fiscal year 2015 was \$20,588, which includes \$5,945 assigned from other School District funds.

Investments of the School District's cash management pool and investments with an original maturity of three months or less at the time they are purchased by the School District are presented on the financial statements as cash equivalents.

**BUCYRUS CITY SCHOOL DISTRICT
CRAWFORD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

H. Inventory

On government-wide financial statements, purchased inventories are presented at the lower of cost of market and donated commodities are presented at their entitlement value. Inventory is presented at cost on a first-in, first-out basis and is expended/expensed when used. Inventories are accounted for using the consumption method on the government-wide statements and the fund financial statements.

On the fund financial statements, reported material and supplies inventory is equally offset by nonspendable fund balance in the governmental funds, which indicates that it does not constitute available spending resources even though it is a component of net current assets.

Inventory consists of administrative supplies and donated and purchased food.

I. Restricted Assets

Assets are reported as restricted when limitations on their use change the nature or normal understanding of the availability of the asset. Such constraints are either externally imposed by creditors, contributors, grantors, laws of other governments, or imposed by law through constitutional provisions. Restricted assets in the General Fund represent unexpended revenues restricted for bus purchases.

J. Capital Assets

All of the School District's capital assets are general capital assets generally resulting from expenditures in governmental funds. These assets are reported in the governmental activities column on the government-wide statement of net position, but are not reported on the fund financial statements.

All capital assets are capitalized at cost and updated for additions and reductions during the fiscal year. Donated capital assets are recorded at their fair market value on the date donated. The School District maintains a capitalization threshold of two thousand five hundred dollars. Improvements are capitalized.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized. All capital assets, except land and construction in progress, are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

<u>Description</u>	<u>Governmental Activities Estimated Lives</u>
Land improvements	20 - 40 years
Buildings and improvements	25 - 138 years
Furniture and equipment	10 - 50 years
Vehicles	10 - 15 years

**BUCYRUS CITY SCHOOL DISTRICT
CRAWFORD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

K. Deferred Charge on Refunding

For advance refundings resulting in the defeasance of debt, the difference between the reacquisition price and the net carrying amount of the old debt is deferred and amortized as a component of interest expense. This deferred amount is amortized over the remaining life of the old debt or the life of the new debt, whichever is shorter, and is presented as deferred outflows of resources on the statement of net position.

L. Interfund Assets/Liabilities

On fund financial statements, receivables and payables resulting from interfund loans are classified as "Due to/Due from other funds" and receivables and payables resulting from short-term interfund loans are classified as "interfund loans receivable/payables". Interfund balances are eliminated on the statement of net position, except for any net residual amounts due between governmental and business-type activities. These amounts are presented as "Internal Balances".

M. Compensated Absences

Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable the School District will compensate the employees for the benefits through paid time off or some other means. The School District records a liability for accumulated unused vacation time when earned for all employees with more than one year of service.

Sick leave benefits are accrued as a liability using the vesting method. The liability includes the employees who are currently eligible to receive termination benefits and those the School District has identified as probable of receiving payment in the future. The amount is based on accumulated sick leave and employees' wage rates at fiscal year end, taking into consideration any limits specified in the School District's termination policy. The School District records a liability for accumulated unused sick leave for all employees after ten years of service.

The entire compensated absences liability is reported on the government-wide financial statements.

On governmental fund financial statements, compensated absences are recognized as a liability and expenditure to the extent payments come due each period upon the occurrence of employee resignations and retirements. These amounts are recorded in the account "compensated absences payable" in the fund from which the employees who have accumulated unpaid leave are paid.

N. Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities, and long-term obligations are reported on the government-wide financial statements. All payables, accrued liabilities, and long-term obligations payable from the enterprise fund are reported on the enterprise fund financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. However, compensated absences that are paid from governmental funds are reported as liabilities on the fund financial statements only to the extent that they come due for payment during the current fiscal year. Bonds are recognized as a liability on the fund financial statements when due.

**BUCYRUS CITY SCHOOL DISTRICT
CRAWFORD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

O. Unamortized Premium

On government-wide financial statements, premiums are deferred and amortized over the term of the bonds using the bonds-outstanding method, which approximates the effective interest method. Bond premiums are presented as an addition to the face amount of bonds payable.

On the governmental fund financial statements, bond premiums are recognized in the period when the debt is issued.

P. Net Position

Net position represents the difference between assets and deferred outflows and liabilities and deferred inflows. The net position component “net investment in capital assets,” consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction or improvement of those assets or related debt also should be included in this component of net position. Net position is reported as restricted when there are limitations imposed on its use either through the enabling legislation adopted by the School District or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. The amount restricted for other purposes includes amounts restricted for food service.

The School District applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

Q. Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the School District is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

Nonspendable - The nonspendable fund balance classification includes amounts that cannot be spent because they are not in spendable form or legally required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash. It also includes the long-term amount of loans receivable.

Restricted - Fund balance is reported as restricted when constraints are placed on the use of resources that are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments, or imposed by law through constitutional provisions or enabling legislation.

Committed - The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by a formal action (resolution) of the School District Board of Education (the highest level of decision making authority). Those committed amounts cannot be used for any other purpose unless the School District Board of Education removes or changes the specified use by taking the same type of action (resolution) it employed to previously commit those amounts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

**BUCYRUS CITY SCHOOL DISTRICT
CRAWFORD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Assigned - Amounts in the assigned fund balance classification are intended to be used by the School District for specific purposes, but do not meet the criteria to be classified as restricted nor committed. In governmental funds other than the general fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the general fund, assigned amounts represent intended uses established by policies of the School District Board of Education, which includes giving the Treasurer the authority to constrain monies for intended purposes.

Unassigned - Unassigned fund balance is the residual classification for the general fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is only used to report a deficit fund balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

The School District applies restricted resources first when expenditures are incurred for purposes for which restricted and unrestricted (committed, assigned, and unassigned) fund balance is available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

R. Operating Revenue and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the enterprise fund. For the School District, these revenues are tuition and fees for an after school care program. Operating expenses are the necessary costs incurred to provide the service that is the primary activity of the fund. All revenues and expenses not meeting this definition are reported as nonoperating.

S. Interfund Transactions

Transfers between governmental and business-type activities on the government-wide financial statements are reported in the same manner as general revenues.

Internal allocations of overhead expenses from one function to another or within the same function are eliminated on the statement of activities. Payments made for interfund services provided and used are not eliminated.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after nonoperating revenues/expenses in the proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

**BUCYRUS CITY SCHOOL DISTRICT
CRAWFORD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

T. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the pension plans and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the pension systems. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension systems report investments at fair value.

U. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

V. Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the Board of Education and that are either unusual in nature or infrequent in occurrence. During fiscal year 2015, the School District did not incur any transactions that would be classified as an extraordinary item or special item.

NOTE 3 - ACCOUNTABILITY AND COMPLIANCE

A. Change in Accounting Principles/Restatement of Net Position

For fiscal year 2015, the School District has implemented GASB Statement No. 68, "Accounting and Financial Reporting for Pensions - an Amendment of GASB Statement No. 27", GASB Statement No. 69 "Government Combinations and Disposals of Government Operations", and GASB Statement No. 71, "Pension Transition for Contributions Made Subsequent to the Measurement Date - an Amendment of GASB Statement No. 68".

GASB Statement No. 69 establishes accounting and financial reporting standards related to government combinations and disposals of government operations. The Statement improves the decision usefulness of financial reporting by requiring that disclosures be made by governments about combination arrangements in which they engage and for disposals of government operations. The implementation of GASB Statement No. 69 did not have an effect on the financial statements of the School District.

GASB Statement No. 68 improves the accounting and financial reporting by state and local governments for pensions. It also improves information provided by state and local governmental employers about financial support for pensions that is provided by other entities. The implementation of GASB Statement No. 68 affected the School District's pension plan disclosures, as presented in Note 15 to the financial statements, and added required supplementary information which is presented on pages 68 - 74.

**BUCYRUS CITY SCHOOL DISTRICT
CRAWFORD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 3 - ACCOUNTABILITY AND COMPLIANCE - (Continued)

GASB Statement No. 71 improves the accounting and financial reporting by addressing an issue in GASB Statement No. 68, concerning transition provisions related to certain pension contributions made to defined benefit pension plans prior to implementation of that Statement by employers and nonemployer contributing entities.

A net position restatement is required in order to implement GASB Statement No 68 and 71. The governmental activities at July 1, 2014 have been restated as follows:

	Governmental Activities
Net position as previously reported	\$ 29,155,527
Deferred outflows - payments subsequent to measurement date	1,071,128
Net pension liability	(21,646,793)
Restated net position at July 1, 2014	\$ 8,579,862

Other than employer contributions subsequent to the measurement date, the School District made no restatement for deferred inflows/outflows of resources as the information needed to generate these restatements was not available. The restatement had no effect on fund balances.

B. Deficit Fund Balances

Fund balances at June 30, 2015 included the following individual fund deficits:

Nonmajor funds	Deficit
Food service	\$ 44,575
Public school preschool	3,974
IDEA Part-B	60,427
Title I	76,999
IDEA preschool grant	274
Improving teacher quality	15,223
Miscellaneous federal grants	1,978

The general fund is liable for any deficits in these funds and provides transfers when cash is required, not when accruals occur. The deficit fund balances resulted from adjustments for accrued liabilities.

NOTE 4 - DEPOSITS AND INVESTMENTS

State statutes classify monies held by the School District into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the School District treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

**BUCYRUS CITY SCHOOL DISTRICT
CRAWFORD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 4 - DEPOSITS AND INVESTMENTS - (Continued)

Inactive deposits are public deposits that the Board of Education has identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use, but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts including passbook accounts.

Interim monies may be deposited or invested in the following securities:

1. United States Treasury Notes, Bills, Bonds, or any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal and interest by the United States;
2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
4. Bonds and other obligations of the State of Ohio;
5. No-load money market mutual funds consisting exclusively of obligations described in items (1) and (2) above and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
6. The State Treasurer's investment pool (STAR Ohio);
7. Certain banker's acceptance and commercial paper notes for a period not to exceed one hundred eighty days from the purchase date in an amount not to exceed twenty-five percent of the interim monies available for investment at any one time; and,
8. Under limited circumstances, corporate debt interests rated in either of the two highest classifications by at least two nationally recognized rating agencies.

Protection of the School District's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, by surety company bonds deposited with the Treasurer by the financial institution or by a single collateral pool established by the financial institution to secure the repayment of all public monies deposited with the institution.

**BUCYRUS CITY SCHOOL DISTRICT
CRAWFORD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 4 - DEPOSITS AND INVESTMENTS - (Continued)

Investments in stripped principal or interest obligations, reverse repurchase agreements, and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the School District, and must be purchased with the expectation that it will be held to maturity. Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the Treasurer or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

A. Deposits with Financial Institutions

At June 30, 2015, the carrying amount of all School District deposits was \$2,465,737. Based on the criteria described in GASB Statement No. 40, “Deposits and Investment Risk Disclosures”, as of June 30, 2015, \$2,217,060 of the School District’s bank balance of \$2,717,060 was exposed to custodial risk as discussed below, while \$500,000 was covered by the FDIC.

Custodial credit risk is the risk that, in the event of bank failure, the School District’s deposits may not be returned. All deposits are collateralized with eligible securities in amounts equal to at least 105% of the carrying value of the deposits. Such collateral, as permitted by the Ohio Revised Code, is held in single financial institution collateral pools at Federal Reserve Banks, or at member banks of the federal reserve system, in the name of the respective depository bank and pledged as a pool of collateral against all of the public deposits it holds or as specific collateral held at the Federal Reserve Bank in the name of the School District. The School District has no deposit policy for custodial credit risk beyond the requirements of State statute. Although the securities were held by the pledging institutions’ trust department and all statutory requirements for the deposit of money had been followed, noncompliance with federal requirements could potentially subject the School District to a successful claim by the FDIC.

B. Investments

As of June 30, 2015, the School District had the following investments and maturities:

Investment type	Fair Value	Investment Maturities				
		6 months or less	7 to 12 months	13 to 18 months	19 to 24 months	24 to 60 months
Negotiable CD's	\$ 2,495,028	\$ -	\$ 547,169	\$ 499,830	\$ 793,066	\$ 654,963
Mutual funds	831,826	831,826	-	-	-	-
Total	<u>\$ 3,326,854</u>	<u>\$ 831,826</u>	<u>\$ 547,169</u>	<u>\$ 499,830</u>	<u>\$ 793,066</u>	<u>\$ 654,963</u>

The weighted average maturity of investments is 1.55 years.

Interest Rate Risk: As a means of limiting its exposure to fair value losses arising from rising interest rates and according to State law, the School District’s investment policy limits investment portfolio maturities to five years or less.

**BUCYRUS CITY SCHOOL DISTRICT
CRAWFORD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 4 - DEPOSITS AND INVESTMENTS - (Continued)

Custodial Credit Risk: For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the School District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The School District has no investment policy dealing with investment custodial risk beyond the requirement in State statute that prohibits payment for investments prior to the delivery of the securities representing such investments to the Treasurer or qualified trustee.

Credit Risk: Standard & Poor's has assigned the mutual fund an AAAM money market rating. The negotiable CD's do not receive a rating.

Concentration of Credit Risk: The District places no limit on the amount that may be invested in any one issuer. The following table includes the percentage of each investment type held by the School District at June 30, 2015:

<u>Investment type</u>	<u>Fair Value</u>	<u>% of Total</u>
Negotiable CD's	\$ 2,495,028	75.00
Mutual funds	831,826	25.00
Total	<u>\$ 3,326,854</u>	<u>100.00</u>

C. Reconciliation of Cash and Investments to the Statement of Net Position

The following is a reconciliation of cash and investments as reported in the note above to cash and investments as reported on the statement of net position as of June 30, 2015:

<u>Cash and investments per note</u>	
Carrying amount of deposits	\$ 2,465,737
Investments	<u>3,326,854</u>
Total	<u>\$ 5,792,591</u>
 <u>Cash and investments per statement of net position</u>	
Governmental activities	\$ 5,726,230
Business-type activities	23,588
Private-purpose trust fund	3,930
Agency funds	<u>38,843</u>
Total	<u>\$ 5,792,591</u>

**BUCYRUS CITY SCHOOL DISTRICT
CRAWFORD COUNTY, OHIO**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015**

NOTE 5 - RECEIVABLES

Receivables at June 30, 2015 consisted of taxes, payments in lieu of taxes, accounts (billings for user charged services and student fees), accrued interest and intergovernmental grants and entitlements. All receivables are considered collectible in full due to the ability to foreclose for the nonpayment of taxes, the stable condition of State programs and the current year guarantee of Federal funds.

A summary of the principal items of receivables reported on the statement of net position follows:

Governmental activities:

Property taxes	\$ 6,229,751
Intergovernmental	747,520
Accounts	54,069
Accrued interest	8,527
Payments in lieu of taxes	<u>42,787</u>
Total	<u>\$ 7,082,654</u>

Receivables have been disaggregated on the face of the basic financial statements. All receivables are expected to be collected within the subsequent year.

NOTE 6 - PROPERTY TAXES

Property taxes are levied and assessed on a calendar year basis while the School District fiscal year runs from July through June. First half tax collections are received by the School District in the second half of the fiscal year. Second half tax distributions occur in the first half of the following fiscal year.

Property taxes include amounts levied against all real property and public utility property. Real property tax revenues received in calendar year 2015 represent the collection of calendar year 2014 taxes. Real property taxes received in calendar year 2015 were levied after April 1, 2014, on the assessed values as of January 1, 2014, the lien date. Assessed values for real property taxes are established by State statute at 35 percent of appraised market value. Real property taxes are payable annually or semiannually. If paid annually, payment is due December 31; if paid semiannually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, State statute permits alternate payment dates to be established. Public utility property tax revenues received in calendar year 2015 represent the collection of calendar year 2014 taxes. Public utility real and personal property taxes received in calendar year 2015 became a lien on December 31, 2013, were levied after April 1, 2014, and are collected with real property taxes. Public utility real property is assessed at 35 percent of true value; public utility tangible personal property is currently assessed at varying percentages of true value.

The School District receives property taxes from Crawford County. The County Auditor periodically advances to the School District its portion of the taxes collected. Second-half real property tax payments collected by the County by June 30, 2015, are available to finance fiscal year 2015 operations. The amount available as an advance at June 30, 2015 was \$1,728,218 in the general fund, \$320,251 in the bond retirement fund, \$22,875 in the classroom facilities fund and \$22,875 in the permanent improvement fund. This amount is recorded as revenue. The amount available for advance at June 30, 2014 was \$1,580,910 in the general fund, \$292,830 in the bond retirement fund, \$20,916 in the classroom facilities fund and \$20,916 in the permanent improvement fund. The amount of second-half real property taxes available for advance at fiscal year-end can vary based on the date the tax bills are sent.

**BUCYRUS CITY SCHOOL DISTRICT
CRAWFORD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 6 - PROPERTY TAXES - (Continued)

Accrued property taxes receivable includes real property, public utility property and delinquent tangible personal property taxes which are measurable as of June 30, 2015 and for which there is an enforceable legal claim. Although total property tax collections for the next fiscal year are measurable, only the amount of real property taxes available as an advance at June 30 was levied to finance current fiscal year operations and is reported as revenue at fiscal year-end. The portion of the receivable not levied to finance current fiscal year operations is offset by a credit to deferred inflows.

On the accrual basis of accounting, collectible delinquent property taxes have been recorded as a receivable and revenue, while on a modified accrual basis of accounting the revenue has been reported as a deferred inflow.

The assessed values upon which the fiscal year 2015 taxes were collected are:

	2014 Second Half Collections		2015 First Half Collections	
	<u>Amount</u>	<u>Percent</u>	<u>Amount</u>	<u>Percent</u>
Agricultural/residential and other real estate	\$ 115,089,690	93.95	\$ 114,642,670	93.88
Public utility personal	<u>7,413,840</u>	<u>6.05</u>	<u>7,478,850</u>	<u>6.12</u>
Total	<u>\$ 122,503,530</u>	<u>100.00</u>	<u>\$ 122,121,520</u>	<u>100.00</u>
Tax rate per \$1,000 of assessed valuation	\$59.45		\$59.45	

NOTE 7 - PAYMENT IN LIEU OF TAXES

According to State law, Crawford County has entered into an agreement with a property owner under which the County has granted property tax exemptions to the property owner. The property owner has agreed to make payments to the County which reflect all or a portion of the property taxes which the property owner would have paid if their taxes had not been exempted. The agreement requires a portion of these payments to be made to the School District. The property owner contractually promises to make these payments in lieu of taxes until the agreement expires.

**BUCYRUS CITY SCHOOL DISTRICT

CRAWFORD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 9 - LEASE PURCHASE AGREEMENT

During fiscal year 2014, the School District entered into a lease purchase agreement for land. Lease payments have been reclassified and are reflected as debt service expenditures in the permanent improvement fund.

Capital assets consisting of land have been capitalized in the amount of \$282,015. This amount represents the present value of the minimum lease payments at the time of acquisition. A corresponding liability is recorded in the government-wide financial statements. Principal payments in fiscal year 2015 totaled \$4,499 by the permanent improvement fund (a nonmajor governmental fund).

The following is a schedule of the future minimum lease payments required under the capital leases and the present value of the future minimum lease payments as of June 30, 2015.

<u>Fiscal Year Ending June 30,</u>	<u>Amount</u>
2016	\$ 10,000
2017	10,000
2018	10,000
2019	10,000
2020	10,000
2021 - 2025	50,000
2026 - 2030	50,000
2031 - 2034	<u>40,000</u>
Total minimum lease payments	190,000
Less: amount representing interest	<u>(59,484)</u>
Total	<u><u>\$ 130,516</u></u>

NOTE 10 - INTERFUND TRANSACTIONS

A. Interfund balances at June 30, 2015 as reported on the fund statements, consist of the following amounts due to/from other funds:

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
General	Nonmajor governmental funds	<u>\$ 114,104</u>

The primary purpose of the interfund balances is to cover negative cash balances in specific funds where revenues were not received by June 30. These interfund balances will be repaid once the anticipated revenues are received. All interfund balances are expected to be repaid within one year.

Interfund balances between governmental funds are eliminated on the government-wide financial statements; therefore, no internal balances at June 30, 2015 are reported on the statement of net position.

**BUCYRUS CITY SCHOOL DISTRICT
CRAWFORD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 10 - INTERFUND TRANSACTIONS - (Continued)

B. Interfund balances at June 30, 2015 as reported on the fund financial statements consist of the following individual interfund loans receivable and payable:

<u>Receivable fund</u>	<u>Payable fund</u>	<u>Amount</u>
General	Nonmajor governmental funds	<u>\$ 125,000</u>

The primary purpose of the interfund balances is to cover costs in specific funds where revenues were not received by June 30. These interfund balances will be repaid once the anticipated revenues are received. All interfund balances are expected to be repaid within one year. Interfund balances between governmental funds are eliminated on the government-wide financial statements.

NOTE 11 - LONG-TERM OBLIGATIONS

During the fiscal year 2015, the following changes occurred in governmental activities long-term obligations. The long-term obligations at June 30, 2014 have been restated as described in Note 3.A.

**BUCYRUS CITY SCHOOL DISTRICT
CRAWFORD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 11 - LONG-TERM OBLIGATIONS - (Continued)

FY2007 School Improvement Bonds - On December 19, 2006, the School District issued general obligation bonds, in the amount of \$13,150,000, for the renovation of an elementary school and renovation/addition to the high school. The bond issue included serial and term bonds, in the original amount of \$3,230,000 and \$9,920,000, respectively. The bonds were issued for a twenty-seven fiscal year period, with maturity in fiscal year 2034. The bonds are being retired through the Bond Retirement debt service fund. During fiscal year 2013, \$8,310,000 of the bonds were refunded. During fiscal year 2014, a portion of the bonds were refunded, in the amount of \$2,015,000. The maturity for the unrefunded portion of the bonds is fiscal year 2017.

As of June 30, 2015, \$10,325,000 of the refunded bonds was still outstanding.

The term bonds maturing on December 1, 2022, are subject to mandatory sinking fund redemption, at a redemption price equal to 100 percent of the principal amount redeemed, plus accrued interest to the date of redemption, on December 1 in each year and principal amount as follows:

<u>Year</u>	<u>Amount</u>
2018	\$ 420,000
2019	440,000
2020	465,000
2021	485,000

The remaining principal, in the amount of \$510,000, will be paid at stated maturity on December 1, 2022.

FY2013 School Improvement Refunding Bonds - On May 16, 2013, the School District issued general obligation bonds, in the amount of \$8,310,000, to partially refund bonds previously issued in fiscal year 2007 for the renovation of an elementary school and renovation/addition to the high school. The refunding bond issue includes serial and capital appreciation bonds, in the amount of \$8,070,000 and \$240,000, respectively. The bonds were issued at a premium of \$1,594,156. The bonds were issued for a nineteen year period, with final maturity in fiscal year 2032. The bonds are being retired through the Bond Retirement debt service fund.

The net proceeds of the refunding bond issue, in the amount of \$9,776,979, were used to purchase U.S. government securities. The securities were deposited in an irrevocable trust with an escrow agent to provide for future debt service payments on the FY2007 School Improvement bonds. As a result, \$8,310,000 of the FY2007 School Improvement bonds are considered to be defeased and the liability for the bonds has been removed from the School District's financial statements.

The refunding resulted in a deferred outflow of \$1,466,979.

The serial bonds maturing on or after December 1, 2024, are subject to prior redemption on or after June 1, 2021, by and at the sole option of the School District, either in whole or in part and in integral multiples of \$5,000, at a redemption price of 100 percent of the principal amount redeemed plus accrued interest to the redemption date.

The capital appreciation bonds are not subject to prior redemption. The capital appreciation bonds will mature in fiscal years 2020 through 2023. The par value of the capital appreciation bonds is \$240,000 and the maturity amount of the bonds is \$2,145,000. For fiscal year 2015, \$128,683 was accreted on the capital appreciation bonds for a total value of \$434,895 at fiscal year-end.

**BUCYRUS CITY SCHOOL DISTRICT
CRAWFORD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 11 - LONG-TERM OBLIGATIONS - (Continued)

FY2014 School Improvement Refunding Bonds - On May 8, 2014, the School District issued general obligation bonds, in the amount of \$2,014,999, to partially refund bonds previously issued in fiscal year 2007 for the renovation of an elementary school and renovation/addition to the high school. The refunding bond issue includes serial and capital appreciation bonds, in the amount of \$1,995,000 and \$19,999, respectively. The bonds were issued at a premium of \$312,317. The bonds were issued for an eight year period, with final maturity in fiscal year 2021. The bonds are being retired through the Bond Retirement debt service fund.

The net proceeds of the refunding bond issue, in the amount of \$2,267,418, were used to purchase U.S. government securities. The securities were deposited in an irrevocable trust with an escrow agent to provide for future debt service payments on the FY2007 School Improvement bonds. As a result, \$2,015,000 of the FY2007 School Improvement bonds are considered to be defeased and the liability for the bonds has been removed from the School District's financial statements.

Although the refunding will result in a deferred outflow of \$172,907, the School District in effect decreased its aggregate debt service payments by \$60,834 over the next nine years and obtained an economic gain (difference between present values of the old and new debt service payments) of \$60,710.

The capital appreciation bonds will mature in fiscal year 2018. The par value of the capital appreciation bonds is \$19,999 and the maturity amount of the bonds is \$305,000. For fiscal year 2015, \$24,895 was accreted on the capital appreciation bonds for a total value of \$47,415 at fiscal year-end.

Compensated absences will be paid from the general fund and the food service special revenue fund.

See Note 9 for detail on the lease purchase agreement.

See Note 15 for detail on the net position liability.

The School District's overall debt margin was \$902,765 with an unvoted debt margin of \$122,122 at June 30, 2015.

Principal and interest requirements to retire general obligation bonds outstanding at June 30, 2015, were as follows:

Fiscal Year <u>Ending June 30</u>	FY2007 General Obligation Bonds		
	Principal	Interest	Total
2016	\$ 370,000	\$ 18,563	\$ 388,563

NOTE 12 - BUDGETARY BASIS OF ACCOUNTING

While reporting financial position, results of operations, and changes in fund balance on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts and disbursements.

The statement of revenue, expenditures and changes in fund balance - budget and actual (non-GAAP budgetary basis) presented for the general fund is presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and the GAAP basis are that:

- (a) Revenues and other financing sources are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis);
- (b) Expenditures and other financing uses are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis);
- (c) In order to determine compliance with Ohio law, and to reserve that portion of the applicable appropriation, total outstanding encumbrances (budget basis) are recorded as the equivalent of an expenditure, as opposed to assigned or committed fund balance for that portion of outstanding encumbrances not already recognized as an account payable (GAAP basis);

**BUCYRUS CITY SCHOOL DISTRICT
CRAWFORD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 12 - BUDGETARY BASIS OF ACCOUNTING - (Continued)

- (d) Advances-in and advances-out are operating transactions (budget basis) as opposed to balance sheet transactions (GAAP basis); and,
- (e) Some funds are included in the general fund (GAAP basis), but have separate legally adopted budgets (budget basis).

The adjustments necessary to convert the results of operations for the year on the budget basis to the GAAP basis for the general fund is as follows:

Net Change in Fund Balance

	<u>General fund</u>
Budget basis	\$ (16,566)
Net adjustment for revenue accruals	214,856
Net adjustment for expenditure accruals	146,109
Net adjustment for other sources/uses	94,151
Funds budgeted elsewhere	(8,905)
Adjustment for encumbrances	180,154
GAAP basis	<u>\$ 609,799</u>

Certain funds that are legally budgeted in separate special revenue funds are considered part of the general fund on a GAAP basis. This includes the class play fund and the public school support fund.

NOTE 13 - SET-ASIDES

The School District is required by State law to annually set-aside certain general fund revenue amounts, as defined by statutory formula, for the acquisition and construction of capital improvements. Amounts not spent by the end of the fiscal year or offset by similarly restricted resources received during the year must be held in cash at fiscal year-end. This amount must be carried forward to be used for the same purpose in future years. Expenditures exceeding the set-aside requirement may not be carried forward to the next fiscal year.

**BUCYRUS CITY SCHOOL DISTRICT
CRAWFORD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 13 - SET-ASIDES - (Continued)

The following cash-basis information describes the change in the fiscal year-end set-aside amount for capital improvements. Disclosure of this information is required by State statute.

	<u>Capital Improvements</u>
Set-aside balance June 30, 2014	\$ -

Waiver granted by ODE	-
Prior year offset from bond proceeds	<u>(44,343)</u>
Total	<u>\$ -</u>
Balance carried forward to fiscal year 2016	<u>\$ -</u>
Set-aside balance June 30, 2015	<u>\$ -</u>

NOTE 14 - RISK MANAGEMENT

A. Ohio School Plan

The School District belongs to the Ohio School Plan (the “Plan”), an unincorporated non-profit association providing a formalized, jointly administered self-insurance risk management program and other administrative services to approximately 400 Ohio schools (“Members”).

Pursuant to Section 2744.081 of the Ohio Revised Code, the Plan is deemed a separate legal entity. The Plan provides property, general liability, educator’s legal liability, automobile and violence coverages, modified for each member’s needs. The Plan pays judgments, settlements and other expenses resulting from covered claims that exceed the member’s specific deductible.

The Plan issues its own policies and reinsures the Plan with reinsurances carriers. Only if the Plan’s paid liability loss ratio exceeds 65 percent and is less than 80 percent does the Plan contribute to paid claims. (See the Plan’s audited financial statements on the website for more details.) The individual members are responsible for their self-retention (deductible) amounts, which vary from member to member.

**BUCYRUS CITY SCHOOL DISTRICT
CRAWFORD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 14 - RISK MANAGEMENT - (Continued)

The Plan's audited financial statements conform with generally accepted accounting principles, and reported the following assets, liabilities and retained earnings at December 31, 2014, 2013 and 2012:

	2014	2013	2012
Assets	\$ 7,974,679	\$ 6,841,599	\$ 5,351,369
Liabilities	2,780,801	4,052,930	2,734,952
Members' equity	5,193,878	2,788,669	2,616,417

You can read the complete audited financial statements for The Ohio School Plan at the Plan's website, www.ohioschoolplan.org under "Financials".

Coverages provided to the School District through the Plan are as follows:

- Buildings and Contents - replacement cost \$65,518,130
- Auto Liability 1,000,000
- General Liability
 - Each Occurrence 4,000,000
 - Aggregate 6,000,000

Settled claims have not exceeded this commercial coverage in any of the past three years, and there has been no significant reduction in insurance coverage from the prior fiscal year.

B. Worker's Compensation

For fiscal year 2015, the School District participated in the Ohio School Boards Association Workers' Compensation Group Rating Plan (GRP), an insurance purchasing pool. The intent of the GRP is to achieve the benefit of a reduced premium for the School District by virtue of its grouping and representation with other participants in the GRP. The workers' compensation experience of the participants is calculated as one experience and a common premium rate is applied to all participants in the GRP. Each participant pays its workers' compensation premium to the State based on the rate for the GRP rather than its individual rate. Participation in the GRP is limited to participants that can meet the GRP's selection criteria. The firm of Gates McDonald & Co. provides administrative, cost control, and actuarial services to the GRP.

**BUCYRUS CITY SCHOOL DISTRICT
CRAWFORD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 14 - RISK MANAGEMENT - (Continued)

C. Medical Insurance

The School District offers medical and drug insurance to all employees through a self-insured program through the self-insurance internal service fund. The School District purchased stop loss insurance for claims in excess of \$100,000 per individual. The School District has reinsurance for claims above \$100,000, with a capped maximum of \$1,000,000. Settled claims have not exceeded this coverage for the past three years. Claims payable is based on the requirements of Governmental Accounting Standards Board Statement No. 30, "Risk Financing Omnibus", which requires that a liability for unpaid claims costs, including estimates of costs relating to incurred but not reported claims, be reported if information prior to issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount can be reasonably estimated. The estimate was not affected by incremental claim adjustment expenses and does not include other allocated or unallocated claim adjustment expenses. Claims payable at June 30, 2015, was estimated by the third party administrator at \$80,919.

The change in the claims liability for the past two fiscal years is as follows:

		Balance at Beginning <u>of Year</u>	Current Year Claims	<u>Claim Payments</u>	Balance at End of Year
2015	\$	252,000	\$ 1,598,590	\$ (1,769,671)	\$ 80,919
2014		450,790	1,321,612	(1,520,402)	252,000

NOTE 15 - DEFINED BENEFIT PENSION PLANS

Net Pension Liability

The net pension liability reported on the statement of net position represents a liability to employees for pensions. Pensions are a component of exchange transactions—between an employer and its employees—of salaries and benefits for employee services. Pensions are provided to an employee—on a deferred-payment basis—as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for pensions is a present obligation because it was created as a result of employment exchanges that already have occurred.

The net pension liability represents the School District's proportionate share of each pension plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension plan's fiduciary net position. The net pension liability calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting this estimate annually.

Ohio Revised Code limits the School District's obligation for this liability to annually required payments. The School District cannot control benefit terms or the manner in which pensions are financed; however, the School District does receive the benefit of employees' services in exchange for compensation including pension.

**BUCYRUS CITY SCHOOL DISTRICT
CRAWFORD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 15 - DEFINED BENEFIT PENSION PLANS - (Continued)

GASB 68 assumes the liability is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires all funding to come from these employers. All contributions to date have come solely from these employers (which also includes costs paid in the form of withholdings from employees). State statute requires the pension plans to amortize unfunded liabilities within 30 years. If the amortization period exceeds 30 years, each pension plan’s board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension liability. Resulting adjustments to the net pension liability would be effective when the changes are legally enforceable.

The proportionate share of each plan’s unfunded benefits is presented as a long-term *net pension liability* on the accrual basis of accounting. Any liability for the contractually-required pension contribution outstanding at the end of the year is included in *pension obligation payable* on both the accrual and modified accrual bases of accounting.

Plan Description - School Employees Retirement System (SERS)

Plan Description –School District non-teaching employees participate in SERS, a cost-sharing multiple-employer defined benefit pension plan administered by SERS. SERS provides retirement, disability and survivor benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Ohio Revised Code Chapter 3309. SERS issues a publicly available, stand-alone financial report that includes financial statements, required supplementary information and detailed information about SERS’ fiduciary net position. That report can be obtained by visiting the SERS website at www.ohsers.org under Employers/Audit Resources.

Age and service requirements for retirement are as follows:

	Eligible to Retire on or before August 1, 2017 *	Eligible to Retire on or after August 1, 2017
Full Benefits	Any age with 30 years of service credit	Age 67 with 10 years of service credit; or Age 57 with 30 years of service credit
Actuarially Reduced Benefits	Age 60 with 5 years of service credit Age 55 with 25 years of service credit	Age 62 with 10 years of service credit; or Age 60 with 25 years of service credit

* Members with 25 years of service credit as of August 1, 2017, will be included in this plan.

Annual retirement benefits are calculated based on final average salary multiplied by a percentage that varies based on year of service; 2.2 percent for the first thirty years of service and 2.5 percent for years of service credit over 30. Final average salary is the average of the highest three years of salary.

One year after an effective benefit date, a benefit recipient is entitled to a three percent cost-of-living adjustment (COLA). This same COLA is added each year to the base benefit amount on the anniversary date of the benefit.

**BUCYRUS CITY SCHOOL DISTRICT
CRAWFORD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 15 - DEFINED BENEFIT PENSION PLANS - (Continued)

Funding Policy – Plan members are required to contribute 10 percent of their annual covered salary and the School District is required to contribute 14 percent of annual covered payroll. The contribution requirements of plan members and employers are established and may be amended by the SERS' Retirement Board up to statutory maximum amounts of 10 percent for plan members and 14 percent for employers. The Retirement Board, acting with the advice of the actuary, allocates the employer contribution rate among four of the System's funds (Pension Trust Fund, Death Benefit Fund, Medicare B Fund, and Health Care Fund). For the fiscal year ended June 30, 2015, the allocation to pension, death benefits, and Medicare B was 13.18 percent. The remaining 0.82 percent of the 14 percent employer contribution rate was allocated to the Health Care Fund.

The School District's contractually required contribution to SERS was \$264,766 for fiscal year 2015. Of this amount \$17,853 is reported as pension obligation payable/intergovernmental payable.

Plan Description - State Teachers Retirement System (STRS)

Plan Description –School District licensed teachers and other faculty members participate in STRS Ohio, a cost-sharing multiple-employer public employee retirement system administered by STRS. STRS provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS issues a stand-alone financial report that includes financial statements, required supplementary information and detailed information about STRS' fiduciary net position. That report can be obtained by writing to STRS, 275 E. Broad St., Columbus, OH 43215-3771, by calling (888) 227-7877, or by visiting the STRS Web site at www.strsoh.org.

New members have a choice of three retirement plans; a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. Benefits are established by Ohio Revised Code Chapter 3307. The DB plan offers an annual retirement allowance based on final average salary multiplied by a percentage that varies based on years of service. Effective August 1, 2015, the calculation will be 2.2 percent of final average salary for the five highest years of earnings multiplied by all years of service. With certain exceptions, the basic benefit is increased each year by two percent of the original base benefit. For members retiring August 1, 2013, or later, the first two percent is paid on the fifth anniversary of the retirement benefit. Members are eligible to retire at age 60 with five years of qualifying service credit, or age 55 with 25 years of service, or 30 years of service regardless of age. Age and service requirements for retirement will increase effective August 1, 2015, and will continue to increase periodically until they reach age 60 with 35 years of service or age 65 with five years of service on August 1, 2026.

The DC Plan allows members to place all their member contributions and 9.5 percent of the 14 percent employer contributions into an investment account. Investment allocation decisions are determined by the member. The remaining 4.5 percent of the 14 percent employer rate is allocated to the defined benefit unfunded liability. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal.

The Combined Plan offers features of both the DB Plan and the DC Plan. In the Combined Plan, member contributions are allocated among investment choices by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The defined benefit portion of the Combined Plan payment is payable to a member on or after age 60 with five years of services. The defined contribution portion of the account may be taken as a lump sum payment or converted to a lifetime monthly annuity at age 50.

**BUCYRUS CITY SCHOOL DISTRICT
CRAWFORD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 15 - DEFINED BENEFIT PENSION PLANS - (Continued)

New members who choose the DC plan or Combined Plan will have another opportunity to reselect a permanent plan during their fifth year of membership. Members may remain in the same plan or transfer to another STRS plan. The optional annuitization of a member's defined contribution account or the defined contribution portion of a member's Combined Plan account to a lifetime benefit results in STRS bearing the risk of investment gain or loss on the account. STRS has therefore included all three plan options as one defined benefit plan for GASB 68 reporting purposes.

A DB or Combined Plan member with five or more years of credited service who is determined to be disabled may qualify for a disability benefit. Eligible survivors of members who die before service retirement may qualify for monthly benefits. New members on or after July 1, 2013, must have at least ten years of qualifying service credit that apply for disability benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Funding Policy – Employer and member contribution rates are established by the State Teachers Retirement Board and limited by Chapter 3307 of the Ohio Revised Code. The statutory maximum employee contribution rate was increased one percent July 1, 2014, and will be increased one percent each year until it reaches 14 percent on July 1, 2016. For the fiscal year ended June 30, 2015, plan members were required to contribute 12 percent of their annual covered salary. The School District was required to contribute 14 percent; the entire 14 percent was the portion used to fund pension obligations. The fiscal year 2015 contribution rates were equal to the statutory maximum rates.

The School District's contractually required contribution to STRS was \$900,154 for fiscal year 2015. Of this amount, \$153,608 is reported as pension obligation payable/intergovernmental payable.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The net pension liability was measured as of June 30, 2014, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The School District's proportion of the net pension liability was based on the School District's share of contributions to the pension plan relative to the contributions of all participating entities. Following is information related to the proportionate share and pension expense:

	<u>SERS</u>	<u>STRS</u>	<u>Total</u>
Proportionate share of the net pension liability	\$ 3,062,984	\$ 15,150,977	\$ 18,213,961
Proportion of the net pension liability	0.06052200%	0.06228956%	
Pension expense	\$ 178,744	\$ 587,741	\$ 766,485

**BUCYRUS CITY SCHOOL DISTRICT
CRAWFORD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 15 - DEFINED BENEFIT PENSION PLANS - (Continued)

At June 30, 2015, the School District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>SERS</u>	<u>STRS</u>	<u>Total</u>
Deferred outflows of resources			
Differences between expected and actual experience	\$ 26,069	\$ 145,861	\$ 171,930
District contributions subsequent to the measurement date	<u>264,766</u>	<u>900,154</u>	<u>1,164,920</u>
Total deferred outflows of resources	<u>\$ 290,835</u>	<u>\$ 1,046,015</u>	<u>\$ 1,336,850</u>
Deferred inflows of resources			
Net difference between projected and actual earnings on pension plan investments	\$ 497,131	\$ 2,802,988	\$ 3,300,119
Total deferred inflows of resources	<u>\$ 497,131</u>	<u>\$ 2,802,988</u>	<u>\$ 3,300,119</u>

\$1,164,920 reported as deferred outflows of resources related to pension resulting from School District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2016. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

	<u>SERS</u>	<u>STRS</u>	<u>Total</u>
Fiscal Year Ending June 30:			
2016	\$ (117,766)	\$ (664,282)	\$ (782,048)
2017	(117,766)	(664,282)	(782,048)
2018	(117,766)	(664,282)	(782,048)
2019	<u>(117,764)</u>	<u>(664,281)</u>	<u>(782,045)</u>
Total	<u>\$ (471,062)</u>	<u>\$ (2,657,127)</u>	<u>\$ (3,128,189)</u>

Actuarial Assumptions - SERS

SERS' total pension liability was determined by their actuaries in accordance with GASB Statement No. 67, as part of their annual actuarial valuation for each defined benefit retirement plan. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (e.g., salaries, credited service) and assumptions about the probability of occurrence of events far into the future (e.g., mortality, disabilities, retirements, employment termination). Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

**BUCYRUS CITY SCHOOL DISTRICT
CRAWFORD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 15 - DEFINED BENEFIT PENSION PLANS - (Continued)

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

Key methods and assumptions used in calculating the total pension liability in the latest actuarial valuation, prepared as of June 30, 2014, are presented below:

Wage Inflation	3.25 percent
Future Salary Increases, including inflation	4.00 percent to 22 percent
COLA or Ad Hoc COLA	3 percent
Investment Rate of Return	7.75 percent net of investments expense, including inflation
Actuarial Cost Method	Entry Age Normal

For post-retirement mortality, the table used in evaluating allowances to be paid is the 1994 Group Annuity Mortality Table set back one year for both men and women. Special mortality tables are used for the period after disability retirement.

The most recent experience study was completed June 30, 2010.

The long-term return expectation for the Pension Plan Investments has been determined using a building-block approach and assumes a time horizon, as defined in SERS' *Statement of Investment Policy*. A forecasted rate of inflation serves as the baseline for the return expectation. Various real return premiums over the baseline inflation rate have been established for each asset class. The long-term expected nominal rate of return has been determined by calculating a weighted averaged of the expected real return premiums for each asset class, adding the projected inflation rate, and adding the expected return from rebalancing uncorrelated asset classes. The target allocation and best estimates of arithmetic real rates of return for each major assets class are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Cash	1.00 %	0.00 %
US Stocks	22.50	5.00
Non-US Stocks	22.50	5.50
Fixed Income	19.00	1.50
Private Equity	10.00	10.00
Real Assets	10.00	5.00
Multi-Asset Strategies	15.00	7.50
Total	<u>100.00 %</u>	

**BUCYRUS CITY SCHOOL DISTRICT
CRAWFORD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 15 - DEFINED BENEFIT PENSION PLANS - (Continued)

Discount Rate The total pension liability was calculated using the discount rate of 7.75 percent. The projection of cash flows used to determine the discount rate assumed the contributions from employers and from the members would be computed based on contribution requirements as stipulated by State statute. Projected inflows from investment earning were calculated using the long-term assumed investment rate of return (7.75 percent). Based on those assumptions, the plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefits to determine the total pension liability.

Sensitivity of the School District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate Net pension liability is sensitive to changes in the discount rate, and to illustrate the potential impact the following table presents the net pension liability calculated using the discount rate of 7.75 percent, as well as what each plan's net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.75 percent), or one percentage point higher (8.75 percent) than the current rate.

	1% Decrease (6.75%)	Current Discount Rate (7.75%)	1% Increase (8.75%)
District's proportionate share of the net pension liability	\$ 4,369,968	\$ 3,062,984	\$ 1,963,698

Actuarial Assumptions - STRS

The total pension liability in the June 30, 2014, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.75 percent
Projected salary increases	2.75 percent at age 70 to 12.25 percent at age 20
Investment Rate of Return	7.75 percent, net of investment expenses
Cost-of-Living Adjustments (COLA)	2 percent simple applied as follows: for members retiring before August 1, 2013, 2 percent per year; for members retiring August 1, 2013, or later, 2 percent COLA paid on fifth anniversary of retirement date.

Mortality rates were based on the RP-2000 Combined Mortality Table (Projection 2022—Scale AA) for Males and Females. Males' ages are set-back two years through age 89 and no set-back for age 90 and above. Females younger than age 80 are set back four years, one year set back from age 80 through 89 and not set back from age 90 and above.

Actuarial assumptions used in the June 30, 2014, valuation are based on the results of an actuarial experience study, effective July 1, 2012.

The 10 year expected real rate of return on pension plan investments was determined by STRS' investment consultant by developing best estimates of expected future real rates of return for each major asset class. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized as follows:

**BUCYRUS CITY SCHOOL DISTRICT
CRAWFORD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 15 - DEFINED BENEFIT PENSION PLANS - (Continued)

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Domestic Equity	31.00 %	8.00 %
International Equity	26.00	7.85
Alternatives	14.00	8.00
Fixed Income	18.00	3.75
Real Estate	10.00	6.75
Liquidity Reserves	<u>1.00</u>	3.00
Total	<u><u>100.00 %</u></u>	

Discount Rate The discount rate used to measure the total pension liability was 7.75 percent as of June 30, 2014. The projection of cash flows used to determine the discount rate assumes member and employer contributions will be made at the statutory contribution rates in accordance with rate increases described above. For this purpose, only employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Projected employer contributions that are intended to fund the service costs of future plan members and their beneficiaries, as well as projected contributions from future plan members, are not included. Based on those assumptions, STRS' fiduciary net position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2014. Therefore, the long-term expected rate of return on pension plan investments of 7.75 percent was applied to all periods of projected benefit payment to determine the total pension liability as of June 30, 2014.

Sensitivity of the School District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate The following table presents the School District's proportionate share of the net pension liability calculated using the current period discount rate assumption of 7.75 percent, as well as what the School District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one-percentage-point lower (6.75 percent) or one-percentage-point higher (8.75 percent) than the current rate:

	<u>1% Decrease (6.75%)</u>	<u>Current Discount Rate (7.75%)</u>	<u>1% Increase (8.75%)</u>
District's proportionate share of the net pension liability	\$ 21,690,275	\$ 15,150,977	\$ 9,620,931

**BUCYRUS CITY SCHOOL DISTRICT
CRAWFORD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 16 - POSTEMPLOYMENT BENEFITS

A. School Employees Retirement System

Health Care Plan Description - The School District contributes to the SERS Health Care Fund, administered by SERS for non-certificated retirees and their beneficiaries. For GASB 45 purposes, this plan is considered a cost-sharing, multiple-employer, defined benefit other postemployment benefit (OPEB) plan. The Health Care Plan includes hospitalization and physicians' fees through several types of plans including HMO's, PPO's, Medicare Advantage, and traditional indemnity plans as well as a prescription drug program. The financial report of the Plan is included in the SERS Comprehensive Annual Financial Report which can be obtained on SERS' website at www.ohsers.org under Employers/Audit Resources.

Access to health care for retirees and beneficiaries is permitted in accordance with Section 3309 of the Ohio Revised Code. The Health Care Fund was established and is administered in accordance with Internal Revenue Code Section 105(e). SERS' Retirement Board reserves the right to change or discontinue any health plan or program. Health care is financed through a combination of employer contributions and retiree premiums, copays and deductibles on covered health care expenses, investment returns, and any funds received as a result of SERS' participation in Medicare programs. Active employee members do not contribute to the Health Care Plan. Retirees and their beneficiaries are required to pay a health care premium that varies depending on the plan selected, the number of qualified years of service, Medicare eligibility and retirement status.

Funding Policy - State statute permits SERS to fund the health care benefits through employer contributions. Each year, after the allocation for statutorily required basic benefits, the Retirement Board allocates the remainder of the employer contribution of 14 percent of covered payroll to the Health Care Fund. For fiscal year 2015, 0.82 percent of covered payroll was allocated to health care. In addition, employers pay a surcharge for employees earning less than an actuarially determined minimum compensation amount, pro-rated according to service credit earned. For fiscal year 2015, this amount was \$20,450. Statutes provide that no employer shall pay a health care surcharge greater than 2 percent of that employer's SERS-covered payroll; nor may SERS collect in aggregate more than 1.5 percent of the total statewide SERS-covered payroll for the health care surcharge. For fiscal year 2015, the School District's surcharge obligation was \$34,789.

The School District's contributions for health care for the fiscal years ended June 30, 2015, 2014, and 2013 were \$45,752, \$32,202, and \$2,448, respectively. For fiscal year 2015, 93.26 percent has been contributed, with the balance being reported as pension obligation payable/intergovernmental payable. The full amount has been contributed for fiscal years 2014 and 2013.

B. State Teachers Retirement System

Plan Description - The School District participates in the cost-sharing multiple-employer defined benefit Health Plan administered by the State Teachers Retirement System of Ohio (STRS) for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS. Ohio law authorizes STRS to offer this plan. Benefits include hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare Part B premiums. The Plan is included in the report of STRS which can be obtained by visiting www.strsoh.org or by calling (888) 227-7877.

**BUCYRUS CITY SCHOOL DISTRICT
CRAWFORD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 16 - POSTEMPLOYMENT BENEFITS - (Continued)

Funding Policy – Ohio Revised Code Chapter 3307 authorizes STRS to offer the Plan and gives the Retirement Board authority over how much, if any, of the health care costs will be absorbed by STRS. Active employee members do not contribute to the Health Care Plan. All benefit recipients, for the most recent year, pay a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions. For fiscal year 2015, STRS did not allocate any employer contributions to post-employment health care. The School District’s contributions for health care for the fiscal years ended June 30, 2015, 2014, and 2013 were \$0, \$65,186, and \$62,934, respectively; 82.94 percent has been contributed for fiscal year 2015 and 100 percent for fiscal years 2014 and 2013.

NOTE 17 - OTHER EMPLOYEE BENEFITS

A. Compensated Absences

The criteria for determining vacation and sick leave benefits are derived from negotiated agreements and State laws. Classified employees earn ten to twenty-five days of vacation per year, depending upon length of service. Accumulated unused vacation time is paid to classified employees upon termination of employment. Teachers do not earn vacation time.

Teachers, administrators, and classified employees earn sick leave at a rate of one and one-fourth days per month. Sick leave may be accumulated up to a maximum of two hundred seventy-four days for classified employees and two hundred sixty-three days for certified employees. Upon retirement, payment is made for thirty percent of accrued but unused sick leave credit for classified employees and for certified employees payment is made based on accrued but unused sick leave credit as follows:

<u>Sick Leave Balance</u>	<u>Maximum Days Paid</u>
At least 235 days	65
At least 175 days	55
At least 100 days	50
Less than 100 days	30% of balance

B. Health Care Benefits

The School District offers medical insurance to all employees through a self-insurance program. Dental insurance is offered to all employees through Coresource, Inc. Life insurance is through the Metropolitan Educational Council.

CRAWFORD COUNTY, OHIO**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015**

NOTE 18 - JOINTLY GOVERNED ORGANIZATIONS

A. META Solutions

The School District is a participant in META Solutions which is a computer consortium that was the result of a merger between Tri-Rivers Educational Computer Association (TRECA) and the Metropolitan Educational Council (MEC). META Solutions develops, implements and supports the technology and instructional needs of schools in a cost-effective manner. META Solutions provides instructional, core, technology and purchasing services for its member districts. The Board of Directors consists of the Superintendents from eight of the member districts. During fiscal year 2015, the District paid META Solutions \$17,982 for services. Financial information can be obtained from Scott Armstrong, who serves as Chief Financial Officer, 100 Executive Drive, Marion, Ohio 43302.

B. Pioneer Career and Technology Center

The Pioneer Career and Technology Center (Center) is a distinct political subdivision of the State of Ohio which provides vocational education. The Center operates under the direction of a Board consisting of eleven appointed members from the fourteen participating school districts. The Board possesses its own budgeting and taxing authority. The degree of control exercised by the School District is limited to its representation on the Board. Financial information can be obtained from Pioneer Career and Technology Center, 27 Ryan Road, Shelby, Ohio 44875.

C. Metropolitan Educational Council

The Metropolitan Education Council (MEC) is a purchasing cooperative made up of one-hundred-ninety-three school districts, libraries, and related agencies in fifty-two counties. The purpose of the MEC is to obtain prices for quality merchandise and services commonly used by the participants. The governing board of the MEC consists of one representative from each participant. All participants must pay all fees, charges, or other assessments as established by the MEC.

NOTE 19 - INSURANCE POOLS

A. The Ohio School Boards Association Workers' Compensation Group Rating Plan

The School District participates in a group rating plan for worker's compensation as established under Section 4123.29 of the Ohio Revised Code. The Ohio School Boards Association Workers' Compensation Group Rating Plan (GRP) was established through the Ohio School Boards Association (OSBA) as an insurance purchasing pool.

The GRP's business and affairs are conducted by a three member Board of Directors consisting of the President, the President-Elect, and the Immediate Past President of the OSBA. The Executive Director of the OSBA, or his designee, serves a coordinator of the GRP. Each year, the participants pay an enrollment fee to the GRP to cover the costs of administering the program.

CRAWFORD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 19 - INSURANCE POOLS - (Continued)

B. Ohio School Plan

The School District participates in the Ohio School Plan (the "Plan"), an insurance purchasing pool established under Section 2744.081 of the Ohio Revised Code. The Plan is an unincorporated nonprofit association of its members which enables the participants to provide for a formalized joint insurance purchasing program for maintaining adequate insurance protection and provides risk management programs and other administrative services. The Plan's business and affairs are conducted by a fifteen member board consisting of superintendents, treasurers, the president of Harcum-Schuett Insurance Agency, Inc., and a member of Hylant Group, Inc. Hylant Group, Inc. is the Plan's administrator and is responsible for processing claims. Harcum-Schuett Insurance Agency serves as the sales and marketing representative which establishes agreements between the Plan and its members. Financial information can be obtained from Harcum-Schuett Insurance Agency, 246 East Sycamore Street, Columbus, Ohio 43206.

NOTE 20 - CONTINGENCIES

A. Grants

The School District received financial assistance from federal and state agencies in the form of grants. The expenditure of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the School District at June 30, 2015.

B. Litigation

There are currently no matters in litigation with the School District as a defendant.

C. Foundation Funding

District Foundation funding is based on the annualized full-time equivalent (FTE) enrollment of each student. Effective for the 2014-2015 school year, traditional Districts must comply with minimum hours of instruction, instead of a minimum number of school days each year. The funding formula the Ohio Department of Education (ODE) is legislatively required to follow will continue to adjust as enrollment information is updated by the District, which can extend past the fiscal year-end. As of the date of this report, ODE has not finalized the impact of enrollment adjustments to the June 30, 2015 Foundation funding for the District; therefore, the financial statement impact is not determinable at this time. ODE and management believe this will result in either a receivable to or liability of the District.

FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 21 - OTHER COMMITMENTS

The School District utilizes encumbrance accounting as part of its budgetary controls. Encumbrances outstanding at year end may be reported as part of restricted, committed, or assigned classifications of fund balance. At year end, the School District's commitments for encumbrances in the governmental funds were as follows:

<u>Fund</u>	Year-End <u>Encumbrances</u>
General fund	\$ 163,503
Other nonmajor governmental funds	<u>27,494</u>
Total	<u>\$ 190,997</u>

**Independent Auditor's Report on Internal Control Over Financial Reporting and on
Compliance and Other Matters Required by *Government Auditing Standards***

Bucyrus City School District
Crawford County
170 Plymouth Street
Bucyrus, Ohio 44820

To the Board of Education:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Bucyrus City School District, Crawford County, as of and for the fiscal year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the Bucyrus City School District's basic financial statements and have issued our report thereon dated November 11, 2015, wherein we noted as discussed in Note 3, the Bucyrus City School District adopted Governmental Accounting Standards Board Statement No. 68, *Accounting and Financial Reporting for Pensions - an Amendment of GASB Statement No. 27* and No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date - an Amendment of GASB Statement No. 68*.

Internal Control Over Financial Reporting

As part of our financial statement audit, we considered the Bucyrus City School District's internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support our opinions on the financial statements, but not to the extent necessary to opine on the effectiveness of the Bucyrus City School District's internal control. Accordingly, we have not opined on it.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the Bucyrus City School District's financial statements. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Given these limitations, we did not identify any deficiencies in internal control that we consider material weaknesses. However, unidentified material weaknesses may exist.

Board of Education
Bucyrus City School District

Compliance and Other Matters

As part of reasonably assuring whether the Bucyrus City School District's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

Purpose of this Report

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the Bucyrus City School District's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the Bucyrus City School District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Independent Auditor's Report on Compliance With Requirements Applicable to the
Major Federal Program and on Internal Control Over Compliance
Required by OMB Circular A-133**

Bucyrus City School District
Crawford County
170 Plymouth Street
Bucyrus, Ohio 44820

To the Board of Education:

Report on Compliance for the Major Federal Program

We have audited the Bucyrus City School District's compliance with the applicable requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133, Compliance Supplement* that could directly and materially affect the Bucyrus City School District's major federal program for the fiscal year ended June 30, 2015. The *Summary of Auditor's Results* in the accompanying schedule of findings identifies the Bucyrus City School District's major federal program.

Management's Responsibility

The Bucyrus City School District's Management is responsible for complying with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to opine on the Bucyrus City School District's compliance for the Bucyrus City School District's major federal program based on our audit of the applicable compliance requirements referred to above. Our compliance audit followed auditing standards generally accepted in the United States of America; the standards for financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. These standards and OMB Circular A-133 require us to plan and perform the audit to reasonably assure whether noncompliance with the applicable compliance requirements referred to above that could directly and materially affect a major federal program occurred. An audit includes examining, on a test basis, evidence about the Bucyrus City School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe our audit provides a reasonable basis for our compliance opinion on the Bucyrus City School District's major program. However, our audit does not provide a legal determination of the Bucyrus City School District's compliance.

Board of Education
Bucyrus City School District

Opinion on the Major Federal Program

In our opinion, the Bucyrus City School District complied, in all material respects with the compliance requirements referred to above that could directly and materially affect its major federal program for the fiscal year ended June 30, 2015.

Report on Internal Control Over Compliance

The Bucyrus City School District's management is responsible for establishing and maintaining effective internal control over compliance with the applicable compliance requirements referred to above. In planning and performing our compliance audit, we considered the Bucyrus City School District's internal control over compliance with the applicable requirements that could directly and materially affect a major federal program, to determine our auditing procedures appropriate for opining on each major federal program's compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not to the extent needed to opine on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the Bucyrus City School District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program's applicable compliance requirement. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program compliance requirement will not be prevented, or timely detected and corrected. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with federal program's applicable compliance requirement that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

This report only describes the scope of our internal control over compliance tests and the results of this testing based on OMB Circular A-133 requirements. Accordingly, this report is not suitable for any other purpose.
