### INDEPENDENT AUDITOR'S REPORT

Apollo Career Center Allen County 3325 Shawnee Road Lima. Ohio 45806

To the Board of Education:

### Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activity, each major fund, and the aggregate remaining fund information of Apollo Career Center, Allen County, Ohio (the Career Center), as of and for the fiscal year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the Career Center's basic financial statements as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes designing, implementing, and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the Career Center's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the Career Center's internal control. Accordingly, we express no opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

Apollo Career Center Allen County Independent Auditor's Report Page 2

### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activity, each major fund, and the aggregate remaining fund information of Apollo Career Center, Allen County, Ohio, as of June 30, 2016, and the respective changes in financial position and, where applicable, cash flows thereof and the budgetary comparison for the General Fund thereof for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

### Other Matters

### Required Supplementary Information

Accounting principles generally accepted in the United States of America require this presentation to include *Management's discussion and analysis* and schedules of net pension liabilities and pension contributions listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, consisting of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, to the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not opine or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to opine or provide any other assurance.

### Supplementary and Other Information

Our audit was conducted to opine on the Career Center's basic financial statements taken as a whole.

The Schedule of Expenditures of Federal Awards presents additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards and is not a required part of the financial statements.

The schedule is management's responsibility, and derives from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. We subjected this schedule to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling the schedule directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves in accordance with auditing standards generally accepted in the United States of America. In our opinion, this schedule is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Apollo Career Center Allen County Independent Auditor's Report Page 3

### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 14, 2016, on our consideration of the Career Center's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Career Center's internal control over financial reporting and compliance.

**Dave Yost** Auditor of State

Columbus, Ohio

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2016 Unaudited

The discussion and analysis of Apollo Career Center's financial performance provides an overview of the Career Center's financial activities for the fiscal year ended June 30, 2016. The intent of this discussion and analysis is to look at the Career Center's financial performance as a whole.

### USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements and notes to those statements. The statements are organized so the reader can understand Apollo Career Center's financial position.

The statement of net position and the statement of activities provide information about the activities of the Career Center as a whole, presenting both an aggregate and a longer-term view of the Career Center.

Fund financial statements provide a greater level of detail. For governmental funds, these statements tell how services were financed in the short-term and what remains for future spending. Fund financial statements report the Career Center's most significant funds individually and the Career Center's non-major funds in a single column. The Career Center's major funds are the General Fund, the Bond Retirement debt service fund, the Locally Funded Initiatives and Ohio Vocational Facilities Assistance capital projects funds, and the Adult Education enterprise fund.

### REPORTING THE CAREER CENTER AS A WHOLE

The statement of net position and the statement of activities reflect how the Career Center did financially during fiscal year 2016. These statements include all assets and liabilities using the accrual basis of accounting similar to that which is used by most private-sector companies. This basis of accounting considers all of the current fiscal year's revenues and expenses regardless of when cash is received or paid.

These statements report the Career Center's net position and changes in net position. This change in net position is important because it tells the reader whether the financial position of the Career Center as a whole has increased or decreased from the prior fiscal year. Over time, these increases and/or decreases are one indicator of whether the financial position is improving or deteriorating. Causes for these changes may be the result of many factors, some financial, some not. Nonfinancial factors can include changes in the Career Center's property tax base and the condition of the Career Center's capital assets. These factors must be considered when assessing the overall health of the Career Center.

In the statement of net position and the statement of activities, the Career Center is divided into two types of activities:

- Governmental Activities Most of the Career Center's programs and services are reported here, including instruction, support services, noninstructional services, and extracurricular activities. These services are primarily funded by property tax revenues and from intergovernmental revenues, including federal and state grants and other shared revenues.
- Business-Type Activity This service is provided on a charge for services basis and is intended to recover all or most of the costs of the service provided. The Career Center's adult education program is reported here.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2016 Unaudited

### REPORTING THE CAREER CENTER'S MOST SIGNIFICANT FUNDS

Fund financial statements provide detailed information about the Career Center's major funds. The Career Center's major funds are the General Fund, the Bond Retirement debt service fund, the Locally Funded Initiatives and Ohio Vocational Facilities Assistance capital projects funds, and the Adult Education enterprise fund. While the Career Center uses many funds to account for its financial transactions, these are the most significant.

Governmental Funds - The Career Center's governmental funds are used to account for the same programs reported as governmental activities on the government-wide financial statements. The Career Center's basic services are reported in these funds and focus on how money flows into and out of the funds as well as the balances available for spending at fiscal year end. These funds are reported using the modified accrual basis of accounting which measures cash and all other financial assets that can be readily converted to cash. The governmental fund financial statements provide a detailed short-term view of the Career Center's operations.

Because the focus of the governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities on the government-wide financial statements. By doing so, readers may better understand the long-term impact of the Career Center's short-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to help make this comparison between governmental funds and governmental activities.

Enterprise Fund - The Career Center's enterprise fund uses the accrual basis of accounting, the same as that used for the business-type activity on the government-wide financial statements.

Fiduciary Funds - Fiduciary funds are used to account for resources held for the benefit of parties outside the Career Center. Fiduciary funds are not reflected on the government-wide financial statements because the resources from these funds are not available to support the Career Center's programs. These funds use the accrual basis of accounting.

Notes to the Financial Statements - The notes to the financial statements provide additional information that is essential to a full understanding of the data provided on the government-wide and fund financial statements.

### THE CAREER CENTER AS A WHOLE

The net pension liability is the largest single liability reported by the Career Center at June 30, 2016, and is reported pursuant to Governmental Accounting Standards Board (GASB) Statement No. 68, "Accounting and Financial Reporting for Pensions". For reasons discussed below, end users of these financial statements will gain a clearer understanding of the Career Center's actual financial condition by adding deferred inflows related to pension and the net pension liability to the reported net position and subtracting deferred outflows related to pension.

GASB standards are national standards and apply to all government financial reports prepared in accordance with generally accepted accounting principles. When accounting for pension costs, GASB Statement No. 27 focused on a funding approach. This approach limited pension costs to contributions annually required by law, which may or may not be sufficient to fully fund each plan's net pension liability. GASB Statement No. 68 takes an earnings approach to pension accounting; however, the nature of Ohio's statewide pension systems and State law governing those systems requires additional explanation in order to properly understand the information presented in these statements.

GASB Statement No. 68 requires the net pension liability to equal the Career Center's proportionate share of each plan's collective present value of estimated future pension benefits attributable to active and inactive employees' past service minus plan assets available to pay these benefits.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2016 Unaudited

GASB notes that pension obligations, whether funded or unfunded, are part of the "employment exchange", that is, the employee is trading his or her labor in exchange for wages, benefits, and the promise of a future pension. GASB noted that the unfunded portion of this pension promise is a present obligation of the government, part of a bargained for benefit to the employee, and should accordingly be reported by the government as a liability since they received the benefit of the exchange. However, the Career Center is not responsible for certain key factors affecting the balance of this liability. In Ohio, the employee shares the obligation of funding pension benefits with the employer. Both employer and employee contribution rates are capped by State statute. A change in these caps requires action of both houses of the General Assembly and approval of the Governor. Benefit provisions are also determined by State statute. The employee enters the employment exchange with the knowledge that the employer's promise is limited not by contract but by law. The employer enters the exchange also knowing that there is a specific legal limit to its contribution to the pension system. In Ohio, there is no legal means to enforce the unfunded liability of the pension system against the public employer. State law operates to mitigate/lessen the moral obligation of the public employer to the employee because all parties enter the employment exchange with notice as to the law. The pension system is responsible for the administration of the plan.

Most long-term liabilities have set repayment schedules or in the case of compensated absences (i.e. vacation and sick leave) are satisfied through paid time off or termination payments. There is no repayment schedule for the net pension liability. As explained above, changes in pension benefits, contribution rates, and return on investments affect the balance of the net pension liability but are outside the control of the Career Center. In the event that contributions, investment returns, and other changes are insufficient to keep up with required pension payments, State statute does not assign/identify the responsible party for the unfunded portion. Due to the unique nature of how the net pension liability is satisfied, this liability is separately identified within the long-term liability section of the statement of net position.

In accordance with GASB Statement No. 68, the Career Center's statements prepared on an accrual basis of accounting include an annual pension expense for their proportionate share of each plan's change in net pension liability not accounted for as deferred outflows/inflows.

Aside from the changes related to pension, there were a number of other significant changes from the prior year for governmental activities and these changes were primarily construction related. The decrease in current and other assets was due to cash resources spent for construction as well as a reduction in intergovernmental receivables, again related to construction grant funding. The decrease in current and other liabilities is primarily due to a reduction in outstanding construction liabilities (contracts payable) as construction gets closer to completion. Note the increases in net capital assets and the net investment in capital assets and the decrease in restricted net position as restricted construction resources were spent (grant resources).

For the business-type activity, current and other assets primarily represents a decrease in cash and cash equivalents as resources were spent to operate the adult education program. The only other significant change, aside from pension related changes, is the decrease in net capital assets due to annual depreciation.

Apollo Career Center

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2016 Unaudited

For governmental activities, program revenues represented almost 28 percent of total revenues for fiscal year 2016 (25 percent in fiscal year 2015) and are primarily represented by tuition, sales of goods or services developed by the various career training classes, charges for providing lunches to students, and grants for specified purposes. The change in program revenues from the prior fiscal year was not significant.

There was a fairly significant decrease in general revenues, over 13 percent. The most significant changes are reflected in a decrease in property tax revenue (based on assessed valuation and the timing of collections) and unrestricted grants and entitlements (primarily State foundation resources).

Overall, governmental activities expenses increased 6 percent from the prior fiscal year. Although there was a larger increase in operation and maintenance expenses, there were modest increases in most programs which can be attributed to salary and benefit related increases.

For the business-type activity, there was little change in revenues and expenses increased approximately 4 percent.

Table 3, indicates the total cost of services and the net cost of services for governmental activities. The statement of activities reflects the cost of program services and the charges for services, grants, and contributions offsetting those services. The net cost of services identifies the cost of those services supported by tax revenues and unrestricted state entitlements.

Total Expenses	\$13,270,377	\$12,479,426	\$9,191,106	\$8,328,773	

Cost of services for governmental activities were financed through user charges and grants awarded for specific programs, in the amount of \$4,079,271 or 31 percent, for fiscal year 2016.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2016 Unaudited

The most significant program revenues from restricted grants are associated with the special, vocational, and the adult/continuing instruction programs, along with noninstructional services. Program revenues for special, vocational, and adult/continuing instruction programs are principally received from tuition received through open enrollment and operating grants, contributions, and interest to support operations. The noninstructional services program costs were almost fully funded through user charges from cafeteria sales and state and federal subsidies.

### GOVERNMENTAL FUNDS FINANCIAL ANALYSIS

The Career Center's governmental funds are accounted for using the modified accrual basis of accounting. The Career Center's major governmental funds are the General Fund, the Bond Retirement debt service fund, and the Locally Funded Initiatives and Ohio Vocational Facilities Assistance capital projects funds.

Fund balance increased \$1.1 million in the General Fund. There was little change in either revenues or expenditures from the prior fiscal year but revenues continue to be in excess of operating costs.

Fund balance decreased approximately \$62,000 in the Bond Retirement debt service fund as debt service requirements exceeded property tax related collections for the fiscal year.

The Locally Funded Initiatives capital projects fund had a significant decrease in fund balance as bond proceeds continued to be spent for constructions during fiscal year 2016.

The Ohio Vocational Facilities Assistance capital projects fund also had a significant decrease in fund balance as resources were spent for construction and renovation.

### BUSINESS-TYPE ACTIVITY FINANCIAL ANALYSIS

The Career Center's enterprise fund is the Adult Education fund. Fund balance decreased as operating costs were greater than tuition and grant resources for fiscal year 2016.

### GENERAL FUND BUDGETING HIGHLIGHTS

The Career Center's budget is prepared according to Ohio law and is based upon accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the General Fund.

During fiscal year 2016, the Career Center amended its General Fund budget as needed. For revenues, changes from the original budget to the final budget were not significant. Actual revenues exceeded budget expectations by 6 percent, generally due to conservative budgeting. For expenditures, there was very little change from the original budget to the final budget. Actual expenditures were almost 9 percent less than budget amounts due primarily to savings in the instruction programs.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2016 Unaudited

### CAPITAL ASSETS AND DEBT ADMINISTRATION

### Capital Assets

The Career Center's investment in capital assets for governmental and business-type activities as of June 30, 2016, was \$54,211,535 and \$1,604,765, respectively (net of accumulated depreciation). Capital assets for governmental activities increased significantly from construction in progress of new and renovated instructional buildings. There were no additions for the business-type activity. Disposals were minimal for both governmental activities and the business-type activity. For further information regarding the Career Center's capital assets, refer to Note 8 to the basic financial statements.

### Debt

At June 30, 2016, the Career Center's overall long-term obligations consisted of general obligation bonds and long-term loans, in the amount of \$30,543,723 and \$133,839, respectively. Of this amount, \$80,506 will be repaid from the business-type activity. The Career Center's long-term obligations also include the net pension liability and compensated absences. For further information regarding the Career Center's long-term obligations, refer to Note 15 to the basic financial statements.

### **CURRENT ISSUES**

The construction project (remodel/renovation/additions) that began in 2014 is expected to be completed in fiscal year 2017. The total project cost, estimated at \$53 million, is under budget. The construction includes the renovation of the existing structures for the high school and adult education facilities, along with an additional 81,000 square feet of instructional space. The construction was funded with \$30 million in general obligation bonds which provided \$11,638,923 to pay the local share of school construction under the Ohio Vocational Facilities Assistance Program and an additional \$18,361,077 for additional improvements which are not part of the program. In addition, the State provided \$22,983,250.

The Board of Education settled negotiations with the Apollo Education Association in June 2016 with a three-year contract. The contract provides for a 2 percent increase in the first year and a 1.5 percent increase in each of the next two years. The employees began paying 15 percent of the health and dental premiums in January 2016 and will continue to pay the same percentage through December 31, 2019. There is no administrative or classified union.

The General Fund has increased the June 30 fund balance each of the past three years and the current five-year forecast projects, without any new levies, a higher balance in June 2021 than it has in June 2016. The General Fund millage has remained at 1.7 mills since 1982.

### REQUEST FOR INFORMATION

This financial report is designed to provide a general overview of the Career Center's finances for all those interested in our Career Center's financial well being. Questions concerning any of the information provided in this report or requests for additional information should be directed to Greg Bukowski, Treasurer, Apollo Career Center, 3325 Shawnee Road, Lima, Ohio 45806-1497.

Apollo Career Center
Reconciliation of Statement of Revenues, Expenditures, and Changes in Fund Balances
of Governmental Funds to Statement of Activities For the Fiscal Year Ended June 30, 2016

Changes in Fund Balances - Total Governmental Funds		(\$9,469,033)
Amounts reported for governmental activities on the statement of activities are different because of the following:		
Governmental funds report capital outlays as expenditures. However, on the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlay exceeded depreciation in the current fiscal year. Capital Outlay - Nondepreciable Assets Capital Outlay - Depreciable Assets Depreciation	16,157,746 629,963 (303,224)	16,484,485
The book value of capital assets is removed from the capital asset account on the statement of net position when disposed of resulting in a loss on disposal of capital assets on the statement of activities.		(38,999)
Revenues on the statement of activities that do not provide current financial resources are not reported as revenues in governmental funds.  Delinquent Property Taxes Intergovernmental Interest Tuition and Fees Miscellaneous	(66,994) (5,734,689) 13 (649) (691)	(5,803,010)
Repayment of principal is an expenditure in the governmental funds but the repayment reduces long-term liabilities on the statement of net position.  General Obligation Bonds Payable  Loans Payable	100,000 53,333	153,333
Interest is reported as an expenditure when due in the governmental funds but is accrued on outstanding debt on the statement of net position. Premiums are reported as revenues when the debt is first issued; however, these amounts are deferred and amortized on the statement of activities.  Annual Accretion  Amortization of General Obligation Bond Premium	(22,414) 24,250	1.027
Compensated absences reported on the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.		1,836 60,291
Except for amounts reported as deferred outflows/inflows, changes in the net pension liability are reported as pension expense on the statement of activities.		(750,269)
Contractually required contributions are reported as expenditures in the governmental funds, however, the statement of net position reports these amounts as deferred outflows or a reduction of the liability.	_	866,725
Change in Net Position of Governmental Activities	=	\$1,505,359

### Note 1 - Description of the Career Center and Reporting Entity

Apollo Career Center (the "Career Center") is a distinct political subdivision of the State of Ohio operated under the direction of a Board consisting of one representative from each of the participating Career Center's elected boards. The Board possesses its own budgeting and taxing authority. The Career Center exposes students to job training skills leading to employment upon graduation from high school.

The Career Center was established on February 12, 1973. The Career Center serves Allen, Auglaize, Hancock, Hardin, Putnam, and Van Wert counties. It is staffed by forty-one classified employees, sixty-seven certified teaching personnel, and twelve administrators who provide services to one thousand six hundred eighty-six students and other community members. The Career Center currently operates seven instructional buildings.

### Reporting Entity

A reporting entity is composed of the stand-alone government, component units, and other organizations that are included to ensure the financial statements are not misleading. The primary government of the Career Center consists of all funds, departments, boards, and agencies that are not legally separate from the Career Center. For Apollo Career Center, this includes general operations, food service, and student related activities of the Career Center.

Component units are legally separate organizations for which the Career Center is financially accountable. The Career Center is financially accountable for an organization if the Career Center appoints a voting majority of the organization's governing board and (1) the Career Center is able to significantly influence the programs or services performed or provided by the organization; or (2) the Career Center is legally entitled to or can otherwise access the organization's resources; the Career Center is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the Career Center is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the Career Center in that the Career Center approves the budget, the issuance of debt, or the levying of taxes, and there is a potential for the organization to provide specific financial benefits to or impose specific financial burdens on the Career Center. There are no component units of the Apollo Career Center.

The Career Center participates in a jointly governed organization and three insurance pools. These organizations are the Northwest Ohio Area Computer Services Cooperative, Schools of Ohio Risk Sharing Authority, Allen County Schools Health Benefits Plan, and the Ohio Association of School Business Officials Workers' Compensation Group Rating Plan. These organizations are presented in Notes 18 and 19 to the basic financial statements.

### **Note 2 - Summary of Significant Accounting Policies**

The basic financial statements of Apollo Career Center have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. Following are the more significant of the Career Center's accounting policies.

### Note 2 - Summary of Significant Accounting Policies (continued)

### A. Basis of Presentation

The Career Center's basic financial statements consist of government-wide financial statements, including a statement of net position and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

### **Government-Wide Financial Statements**

The statement of net position and the statement of activities display information about the Career Center as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. These statements distinguish between those activities of the Career Center that are governmental activities (primarily supported by taxes and intergovernmental revenues) and those that are considered business-type activities (primarily supported by fees and charges).

The statement of net position presents the financial condition of the governmental and business-type activities of the Career Center at fiscal year end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the Career Center's governmental activities and business-type activities. Direct expenses are those that are specifically associated with a service, program, or department and, therefore, clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program and grants, contributions, and interest that are restricted to meeting the operational requirements of a particular program. Revenues which are not classified as program revenues are presented as general revenues of the Career Center, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental function or business activity is self-financing or draws from the general revenues of the Career Center.

### Fund Financial Statements

During the fiscal year, the Career Center segregates transactions related to certain Career Center functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the Career Center at this more detailed level. The focus of governmental and enterprise fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. Fiduciary funds are reported by type.

### **B.** Fund Accounting

The Career Center uses funds to maintain its financial records during the fiscal year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The funds of the Career Center are divided into three categories, governmental, proprietary, and fiduciary.

### Note 2 - Summary of Significant Accounting Policies (continued)

### Governmental Funds

Governmental funds are those through which most governmental functions of the Career Center are financed. Governmental fund reporting focuses on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities and deferred inflows of resources is reported as fund balance. The Career Center's major governmental funds are the General Fund, the Bond Retirement debt service fund, and the Locally Funded Initiatives and Ohio Vocational Facilities Assistance capital projects funds.

General Fund - The General Fund is used to account for all financial resources, except those required to be accounted for in another fund. The General Fund balance is available to the Career Center for any purpose provided it is expended or transferred according to the general laws of Ohio

<u>Bond Retirement Fund</u> - The Bond Retirement Fund is used to account for property taxes restricted for the payment of principal, interest, and related costs on general obligation debt.

<u>Locally Funded Initiatives Fund</u> - The Locally Funded Initiatives Fund is used to account for the proceeds of general obligation bonds restricted for the construction and renovation of instructional buildings.

Ohio Vocational Facilities Assistance Fund - The Ohio Vocational Facilities Assistance Fund is used to account for grants received from the Ohio School Facilities Commission and the proceeds of general obligation bonds restricted for the construction and renovation of instructional buildings.

The other governmental funds of the Career Center account for grants and other resources whose use is restricted, committed, or assigned to a particular purpose.

### **Proprietary Fund**

Proprietary fund reporting focuses on the determination of operating income, change in net position, financial position, and cash flows.

<u>Enterprise Funds</u> - Enterprise funds may be used to account for any activity for which a fee is charged to external users for goods or services. The following is the Career Center's only enterprise fund:

<u>Adult Education Fund</u> - The Adult Education enterprise fund is used to account for tuition charges and grants restricted for adult education.

### Note 2 - Summary of Significant Accounting Policies (continued)

### Fiduciary Funds

Fiduciary fund reporting focuses on net position and change in net position. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private purpose trust funds, and agency funds. Trust funds are used to account for assets held by the Career Center under a trust agreement for individuals, private organizations, or other governments and are not available to support the Career Center's own programs. The Career Center's private purpose trust fund accounts for programs that provide college scholarships to students after graduation. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The Career Center's agency funds account for unallocated Pell grants and various noninstructional staff-related and student-managed activities.

### C. Measurement Focus

### Government-Wide Financial Statements

The government-wide financial statements are prepared using a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of the Career Center are included on the statement of net position. The statement of activities presents increases (e.g., revenues) and decreases (e.g., expenses) in total net position.

### **Fund Financial Statements**

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. The statement of revenues, expenditures, and changes in fund balances reflects the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements, therefore, include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the fund financial statements for governmental funds.

Like the government-wide financial statements, the enterprise fund is accounted for using a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of this fund are included on the statement of fund net position. The statement of revenues, expenses, and change in fund net position presents increases (e.g., revenues) and decreases (e.g., expenses) in total net position. The statement of cash flows reflects how the Career Center finances and meets the cash flow needs of its enterprise activity.

The private purpose trust fund is accounted for using a flow of economic resources measurement focus.

#### Note 2 - Summary of Significant Accounting Policies (continued)

## **D.** Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting; the enterprise fund and fiduciary funds use the accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred outflows and deferred inflows of resources, and in the presentation of expenses versus expenditures.

## Revenues - Exchange and Nonexchange Transactions

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On the modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the Career Center, available means expected to be received within sixty days of fiscal year end.

Nonexchange transactions, in which the Career Center receives value without directly giving equal value in return, include property taxes, grants, entitlements, and donations. On the accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the fiscal year when the resources are required to be used or the fiscal year when use is first permitted; matching requirements, in which the Career Center must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the Career Center on a reimbursement basis. On the modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered both measurable and available at fiscal year end: property taxes available as an advance, grants, interest, tuition, student fees, and charges for services.

## Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position may report deferred outflows of resources. Deferred outflows of resources represent a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until that time. For the Career Center, deferred outflows of resources are reported on the government-wide statement of net position for pension and explained in Note 12 to the basic financial statements.

#### **Note 2 - Summary of Significant Accounting Policies** (continued)

In addition to liabilities, the statement of financial position may report deferred inflows of resources. Deferred inflows of resources represent an acquisition of net position that applies to a future period and will not be recognized until that time. For the Career Center, deferred inflows of resources consists of property taxes, unavailable revenue, and pension. Property taxes represent amounts for which there was an enforceable legal claim as of June 30, 2016, but which were levied to finance fiscal year 2017 operations. This amount has been recorded as deferred inflows of resources on both the government-wide statement of net position and the governmental fund financial statements. Unavailable revenue is reported only on the governmental fund balance sheet and represents receivables which will not be collected within the available period. For the Career Center, unavailable revenue includes accrued interest, intergovernmental receivables including grants, delinquent property taxes, and other sources. These amounts are deferred and recognized as inflows of resources in the period when the amounts become available. For further details on unavailable revenue, refer to the Reconciliation of Total Governmental Fund Balance to Net Position of Governmental Activities on page 19. Deferred inflows or resources related to pension are reported on the government-wide statement of net position and explained in Note 12 to the basic financial statements.

#### Expenses/Expenditures

On the accrual basis, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

#### E. Budgetary Process

All funds, except agency funds, are legally required to be budgeted and appropriated. The major documents prepared are the alternative tax budget (five-year forecast), the certificate of estimated resources, and the appropriations resolution, all of which are prepared on the budgetary basis of accounting. The alternative tax budget demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amount the Board of Education may appropriate. The appropriations resolution is the Board's authorization to spend resources and sets annual limits on expenditures plus encumbrances at the level of control selected by the Board. The legal level of control has been established by the Board at the fund level for all funds. Budgetary allocations at the function and object level within all funds are made by the Treasurer.

The certificate of estimated resources may be amended during the fiscal year if projected increases or decreases in revenue are identified by the Treasurer. The amounts reported as the original budgeted amounts on the budgetary statements reflect the amounts on the certificate of estimated resources when the original appropriations were adopted. The amounts reported as the final budgeted amounts on the budgetary statements reflect the amounts on the final amended certificate of estimated resources requested by the Career Center prior to fiscal year end.

#### Note 2 - Summary of Significant Accounting Policies (continued)

The appropriations resolution is subject to amendment throughout the fiscal year with the restriction that appropriations cannot exceed estimated resources. The amounts reported as the original budgeted amounts reflect the first appropriations resolution for that fund that covered the entire fiscal year, including amounts automatically carried forward from prior fiscal years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by the Board during the fiscal year.

#### F. Cash and Investments

To improve cash management, cash received by the Career Center is pooled. Monies for all funds are maintained in this pool. Individual fund integrity is maintained through Career Center records. Interest in the pool is presented as "Equity in Pooled Cash and Cash Equivalents".

Cash and cash equivalents that are held separately for the Career Center by escrow agents for payment of retainage to contractors upon project completion are recorded as "Cash and Cash Equivalents with Escrow Agents".

During fiscal year 2016, the Career Center's investments included repurchase agreements, negotiable certificates of deposit, federal agency securities, mutual funds, and STAR Ohio. The Career Center's investments are reported at fair value, except for repurchase agreements, which are reported at cost. Fair value is based on quoted market price or current share price. STAR Ohio is an investment pool, managed by the State Treasurer's Office, which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAR Ohio are valued at STAR Ohio's net asset value per share, which is the price the investment could be sold for on June 30, 2016.

Following Ohio statutes, the Board of Education has, by resolution, specified the funds to receive an allocation of interest earnings. Interest revenue credited to the General Fund during fiscal year 2016 was \$67,715, which included \$15,012 assigned from other Career Center funds.

Investments of the Career Center's cash management pool and investments with an original maturity of three months or less at the time they are purchased by the Career Center are presented on the financial statements as cash equivalents. Investments with an initial maturity of more than three months that were not purchased from the pool are reported as investments.

#### **G.** Prepaid Items

Payments made to vendors for services that will benefit periods beyond June 30, 2016, are recorded as prepaid items using the consumption method. A current asset for the prepaid amount is recorded at the time of purchase and an expenditure/expense is reported in the year in which services are consumed.

#### **H.** Restricted Assets

Assets are reported as restricted when limitations on their use change the nature or normal understanding of the availability of the asset. Such constraints are either externally imposed by creditors, contributors, grantors, laws of other governments, or imposed by law through constitutional provisions.

#### Note 2 - Summary of Significant Accounting Policies (continued)

Resources set aside in separate escrow accounts, whose use is limited to the payment of retainage to contractors, are reported as restricted.

#### I. Capital Assets

General capital assets are those assets not specifically related to activities reported in the enterprise fund. They generally result from expenditures in governmental funds. These assets are reported in the governmental activities column on the government-wide statement of net position but are not reported on the fund financial statements. Capital assets used by the enterprise fund are reported in both the business-type activity column on the government-wide statement of net position and in the fund.

All capital assets are capitalized at cost and updated for additions and reductions during the fiscal year. Donated capital assets are recorded at their acquisition value on the date donated. The Career Center maintains a capitalization threshold of five thousand dollars. The Career Center does not have any infrastructure. Improvements are capitalized. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized. Interest incurred during the construction of enterprise fund capital assets is also capitalized.

All capital assets, except land and construction in progress, are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

	Governmental Activities	Business-Type Activity
Description	Estimated Lives	Estimated Lives
Land Improvements	20 years	20 years
Buildings and Building Improvements	20 - 50 years	20 - 50 years
Furniture, Fixtures, and Equipment	5 - 20 years	5 - 20 years
Vehicles	8 years	8 years

## J. Interfund Assets/Liabilities

On fund financial statements, receivables and payables resulting from interfund loans are classified as "Interfund Receivables/Payables". Interfund balances are eliminated on the statement of net position, except for any net residual amounts due between governmental and business-type activities. These amounts are presented as "Internal Balances".

#### **K.** Compensated Absences

Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable the Career Center will compensate the employees for the benefits through paid time off or some other means. The Career Center records a liability for accumulated unused vacation time when earned for all employees with more than one year of service.

#### **Note 2 - Summary of Significant Accounting Policies** (continued)

Sick leave benefits are accrued as a liability using the termination method. An accrual for sick leave is made to the extent it is probable that benefits will result in termination payments. The liability is an estimate based on the Career Center's past experience of making termination payments. Accumulated unused sick leave is paid to employees who retire at various rates depending on department policy and length of service.

## L. Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities, and long-term obligations are reported on the government-wide financial statements. All payables, accrued liabilities, and long-term obligations payable from the enterprise fund are reported on the enterprise fund financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. However, net pension liability and compensated absences that are paid from governmental funds are reported as liabilities on the fund financial statements only to the extent that they are due for payment during the current fiscal year. General obligation bonds and long-term loans are recognized as liabilities on the fund financial statements when due.

#### M. Unamortized Premiums

On government-wide financial statements, premiums are deferred and amortized over the term of the bonds using the bonds-outstanding method, which approximates the effective interest method. Bond premiums are presented as an addition to the face amount of bonds payable.

On the governmental fund financial statements, bond premiums are recognized in the period when the debt is issued.

## N. Net Position

Net position represents the difference between all other elements on the statement of financial position. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any borrowing used for the acquisition, construction, or improvement of those assets. Net position is reported as restricted when there are limitations imposed on its use through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. Net position restricted for other purposes includes resources restricted for food service operations and federal and state grants. The Career Center's policy is to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

#### **Note 2 - Summary of Significant Accounting Policies** (continued)

#### O. Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the Career Center is bound to observe constraints imposed upon the use of the resources in governmental funds. The classifications are as follows:

<u>Nonspendable</u> - The nonspendable classification includes amounts that cannot be spent because they are not in spendable form or legally or contractually required to be maintained intact. The "not in spendable form" includes items that are not expected to be converted to cash.

<u>Restricted</u> - Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments, or are imposed by law through constitutional provisions.

<u>Committed</u> - The committed classification includes amounts that can be used only for the specific purposes imposed by a formal action (resolution) of the Board of Education. The committed amounts cannot be used for any other purpose unless the Board of Education removes or changes the specified use by taking the same type of action (resolution) it employed to previously commit those amounts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned - Amounts in the assigned classification are intended to be used by the Career Center for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds, other than the General Fund, assigned fund balance represents the remaining amount that is not restricted or committed. Assigned amounts represent intended uses established by the Board of Education. The Board of Education has authorized the Treasurer to assign fund balance for purchases on order provided such amounts have been lawfully appropriated. The Board of Education has also assigned fund balance to cover a gap between estimated resources and appropriations in the fiscal year 2017 budget. Certain resources have also been assigned for capital improvements.

<u>Unassigned</u> - Unassigned fund balance is the residual classification for the General Fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance.

The Career Center first applies restricted resources when an expenditure is incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications can be used.

## Note 2 - Summary of Significant Accounting Policies (continued)

#### P. Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the enterprise fund. For the Career Center, these revenues are charges for services for adult education. Operating expenses are the necessary costs incurred to provide the service that is the primary activity of the fund. All revenues and expenses not meeting this definition are reported as nonoperating.

#### Q. Pension

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, information about the fiduciary net position of the pension plans, and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the pension systems. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension systems report investments at fair value.

## R. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

## **Note 3 - Change in Accounting Principles**

For fiscal year 2016, the Career Center has implemented Governmental Accounting Standards Board (GASB) Statement No. 72, "Fair Value Measurement and Application", GASB Statement No. 76, "Hierarchy of Generally Accepted Accounting Principles for State and Local Governments", and GASB Statement No. 82, "Pension Issues-an Amendment of GASB Statements No. 67, No. 69, and No. 73".

GASB Statement No. 72 addresses accounting and financial reporting issues related to fair value measurements. This Statement provides guidance for determining a fair value measurement for financial reporting purposes for applying fair value to certain investments and disclosures related to all fair value measurements. These changes were incorporated in the Career Center's fiscal year 2016 financial statements; however, there was no effect on beginning net position/fund balance.

GASB Statement No. 76 identifies, in the context of the current governmental financial reporting environment, the sources of accounting principles used to prepare financial statements of state and local governmental entities in conformity with generally accepted accounting principles (GAAP) and the framework for selecting those principles. The implementation of this statement did not result in any changes to the Career Center's financial statements.

GASB Statement No. 82 improves consistency in the application of pension accounting. These changes were incorporated in the Career Center's fiscal year 2016 financial statements; however, there was no effect on beginning net position/fund balance.

#### **Note 4 - Budgetary Basis of Accounting**

While the Career Center is reporting financial position, results of operations, and changes in fund balances on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The Statement of Revenues, Expenditures, and Changes in Fund Balance - Budget (Non-GAAP Basis) and Actual for the General Fund is presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and the GAAP basis are as follows:

- 1. Revenues are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis).
- 2. Expenditures are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis).
- 3. Outstanding year end encumbrances are treated as expenditures (budget basis) rather than as restricted, committed, or assigned fund balance (GAAP basis).

The adjustments necessary to reconcile the GAAP and budgetary basis statements are as follows:

## Changes in Fund Balance

	General
GAAP Basis	\$1,153,832
Increase (Decrease) Due To	
Revenue Accruals:	
Accrued FY 2015, Received in Cash FY 2016	696,658
Accrued FY 2016, Not Yet Received in Cash	(615,252)
Expenditure Accruals:	
Accrued FY 2015, Paid in Cash FY 2016	(789,777)
Accrued FY 2016, Not Yet Paid in Cash	968,364
Unrecorded Cash Activity FY 2016	(642)
Change in Fair Value	2,289
Prepaid Items	(54,412)
Advances In	5,000
Advances Out	(35,000)
Encumbrances Outstanding at Year End (Budget Basis)	(245,440)
Budget Basis	\$1,085,620

#### **Note 5 - Deposits and Investments**

Monies held by the Career Center are classified by State statute into three categories.

Active monies are public monies determined to be necessary to meet current demands upon the Career Center treasury. Active monies must be maintained either as cash in the Career Center treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits the Board of Education has identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts, including passbook accounts.

Interim monies held by the Career Center may be deposited or invested in the following securities:

- 1. United States Treasury bills, bonds, notes, or any other obligation or security issued by the United States Treasury, or any other obligation guaranteed as to principal and interest by the United States;
- 2. Bonds, notes, debentures, or any other obligation or security issued by any federal government agency or instrumentality including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, and Government National Mortgage Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
- 3. Written repurchase agreements in the securities listed above;
- 4. Bonds and other obligations of the State of Ohio and, with certain limitations, bonds and other obligations of political subdivisions of the State of Ohio;
- 5. Time certificates of deposit or savings or deposit accounts including, but not limited to, passbook accounts;
- 6. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2);
- 7. The State Treasurer's investment pool (STAR Ohio); and
- 8. Bankers' acceptances and commercial paper if training requirements have been met.

#### Note 5 - Deposits and Investments (continued)

Investments in stripped principal or interest obligations, reverse repurchase agreements, and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage, and short selling are also prohibited. An investment must mature within five years from the date of purchase, unless matched to a specific obligation or debt of the Career Center, and must be purchased with the expectation that it will be held to maturity. Investments may only be made through specified dealers and institutions.

<u>Investments</u>
As of June 30, 2016, the Career Center had the following investments.

		Less Than Six	Six Months to	One Year to	More Than
Measurement/Investment	Total	Months	One Year	Two Years	Two Years
Cost					
Repurchase Agreement	\$1,172,539	\$1,172,539	\$0	\$0	\$0
Fair Value					
Negotiable Certificates of Deposit	3,717,557	3,717,557	\$0	0	0
Federal Home Loan Bank Notes	50,136	0	50,136	0	0
Federal Home Loan Mortgage Corporation Notes	205,880	0	0	0	205,880
Federal National Mortgage Association Notes	581,470	0	0	270,957	310,513
Mutual Funds	77,713	77,713	0	0	0
Net Value per Share					
STAR Ohio	2,214,469	2,214,469	0	0	0
Total	\$8,019,764	\$7,182,278	\$50,136	\$270,957	\$516,393

The Career Center categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets. Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. The above chart identifies the Career Center's recurring fair value measurements as of June 30, 2016. All of the Career Center's investments measured at fair value are valued using quoted market prices (Level 1 inputs).

## Note 5 - Deposits and Investments (continued)

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The investment policy restricts the Treasurer from investing in any securities other than those identified in the Ohio Revised Code and that all investments must mature within five years from the date of investment unless matched to a specific obligation or debt of the Career Center. The Treasurer is also restricted from purchasing investments that cannot be held until the maturity date.

The securities underlying the repurchase agreements (Federal National Mortgage Association Notes), the Federal Home Loan Bank Notes, Federal Home Loan Mortgage Corporation Notes, and Federal National Mortgage Association Notes carry a rating of Aaa by Moodys. The negotiable certificates of deposit are generally covered by FDIC and/or SIPC insurance. The mutual funds carry a rating of Aaa by Moodys. The Washington Mutual Investment Fund is not rated and does not have a weighted average life to maturity due to the amount of equity securities that are included in the mutual funds. STAR Ohio carries a rating of AAA by Standard and Poor's. The Career Center has no policy dealing with credit risk beyond the requirements of State statute. Ohio law requires that no-load money market mutual funds must be rated in the highest category at the time of purchase by at least one nationally recognized standard rating service and STAR Ohio maintain the highest rating provided by at least one nationally recognized standard rating service.

For an investment, custodial credit risk is the risk that, in the event of failure of the counterparty, the Career Center will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The repurchase agreements are exposed to custodial credit risk as they are uninsured, unregistered, and held by the counterparty's trust department or agent but not in the Career Center's name. The Career Center has no investment policy dealing with custodial credit risk beyond the requirements of State statute.

The Career Center places no limit on the amount it may invest in any one issuer or investment type. The following table indicates the percentage of each investment to the total portfolio:

	Fair Value	Percentage of Portfolio
Repurchase Agreements	\$1,172,539	14.62%
Negotiable Certificates of Deposit	3,717,557	46.35
Federal Home Loan Bank	50,136	.63
Federal Home Loan Mortgage Corporation	205,880	2.57
Federal National Mortgage Association	581,470	7.25

#### **Note 6 - Receivables**

Receivables at June 30, 2016, consisted of accounts (student fees and billings for user charged services), accrued interest, interfund, intergovernmental, and property taxes. All receivables are considered collectible in full due to the ability to foreclose for the nonpayment of taxes, the stable condition of State programs, and the current year guarantee of federal funds. All receivables, except property taxes, are expected to be collected within one year. Property taxes, although ultimately collectible, include some portion of delinquencies that will not be collected within one year.

#### Note 6 - Receivables (continued)

A summary of the principal items of intergovernmental receivables follows:

	Amount
Governmental Activities	
Special Revenue Funds	
Adult Basic Literacy Education	
Grant	\$125,012
Adult VEPD Grant	500
Total Governmental Activities	\$125,512
Business-Type Activity	
Adult Education	
Tuition	\$52,488

#### **Note 7 - Property Taxes**

Property taxes are levied and assessed on a calendar year basis, while the Career Center's fiscal year runs from July through June. First-half tax distributions are received by the Career Center in the second half of the fiscal year. Second-half tax distributions are received in the first half of the following fiscal year.

Property taxes include amounts levied against all real and public utility property located within the area served by the Career Center. Real property tax revenues received in calendar year 2016 represent the collection of calendar year 2015 taxes. Real property taxes received in calendar year 2016 were levied after April 1, 2015, on the assessed values as of January 1, 2015, the lien date. Assessed values for real property taxes are established by State statute at 35 percent of appraised market value. Real property taxes are payable annually or semiannually. If paid annually, payment is due December 31; if paid semiannually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, State statute permits alternate payment dates to be established.

Public utility property tax revenues received in calendar year 2016 represent the collection of calendar year 2015 taxes. Public utility real and tangible personal property taxes received in calendar year 2016 became a lien on December 31, 2014, were levied after April 1, 2015, and are collected with real property taxes. Public utility real property is assessed at 35 percent of true value; public utility tangible personal property is currently assessed at varying percentages of true value.

The Career Center receives property taxes from Allen, Auglaize, Hancock, Hardin, Putnam, and Van Wert Counties. The County Auditors periodically advance to the Career Center its portion of the taxes collected. Second-half real property tax payments collected by the counties by June 30, 2016, are available to finance fiscal year 2016 operations. The amount available to be advanced can vary based on the date the tax bills are sent.

#### **Note 7 - Property Taxes** (continued)

Accrued property taxes receivable represents real and public utility property taxes which were measurable as of June 30, 2016, and for which there was an enforceable legal claim. Although total property tax collections for the next fiscal year are measurable, only the amount of real property taxes available as an advance at June 30 was levied to finance current fiscal year operations and is reflected as revenue at fiscal year end. The portion of the receivable not levied to finance current fiscal year operations is offset by a credit to deferred inflows of resources - property taxes.

The amount available as an advance at June 30, 2016, was \$584,131 in the General Fund, \$59,009 in the OSFC Maintenance special revenue fund, \$209,082 in the Bond Retirement debt service fund, and \$112,741 in the Permanent Improvement capital projects fund. The amount available as an advance at June 30, 2015, was \$691,891 in the General Fund, \$72,416 in the OSFC Maintenance special revenue fund, \$386,827 in the Bond Retirement debt service fund, and \$132,387 in the Permanent Improvement capital projects fund.

On the accrual basis, collectible delinquent property taxes have been recorded as a receivable and revenue. On a modified accrual basis, the revenue has been recorded as deferred inflows of resources - unavailable revenue.

The assessed values upon which fiscal year 2016 taxes were collected are:

	2015 Second- Half Collections		2016 First- Half Collections	
	Amount	Percent	Amount	Percent
Agricultural/Residential	\$1,701,777,251	76.89%	\$1,771,662,520	69.92%
Commercial/Industrial	395,606,910	17.87	620,779,930	24.50
Public Utility	115,881,760	5.24	141,285,880	5.58
Total Assessed Value	\$2,213,265,921	100.00%	\$2,533,728,330	100.00%
Tax rate per \$1,000 of assessed valuation	\$3.34		\$3.00	

#### **Note 8 - Capital Assets**

Capital asset activity for the fiscal year ended June 30, 2016, was as follows:

	Balance at 6/30/15	Additions	Reductions	Balance at 6/30/16
Governmental Activities				
Nondepreciable Capital Assets				
Land	\$320,294	\$0	\$0	\$320,294
Construction in Progress	32,775,306	16,157,746	0	48,933,052
Total Nondepreciable Capital Assets	33,095,600	16,157,746	0	49,253,346
				(continued)

Note 8 -	<b>Capital</b>	<b>Assets</b>	(continued)	)
----------	----------------	---------------	-------------	---

Business-Type Activity				
Capital Assets, Net	\$1,751,812	(\$147,047)	\$0	\$1,604,765

Depreciation expense was charged to governmental functions as follows:

Instruction:	
Regular	\$3,576
Vocational	191,924
Adult/Continuing	32,274
Support Services:	
Pupils	253
Instructional Staff	2,545
Board of Education	456
Administration	6,514
Fiscal	261
Operation and Maintenance of Plant	25,739
Pupil Transportation	8,119
Central	19,074
Noninstructional Services	12,489
Total Depreciation Expense	\$303,224

## Note 9 - Interfund Receivables/Payables

At June 30, 2016, the General Fund had an interfund receivable, in the amount of \$279,081, from providing cash flow resources to other governmental funds. This amount is expected to be repaid in one year.

## Note 10 - Construction and Other Significant Commitments

The Career Center has outstanding contracts for professional services and construction. The following amounts remain on these contracts as of June 30, 2016:

	Outstanding Balance
	Datatice
Brewer-Garrett Co.	\$101,381
Garmann/Miller & Associates	113,292
Shook Touchstone VII LLC	3,599,615
Quandel Construction Group	43,953
VEC	119,405

At fiscal year end, the significant encumbrances expected to be honored upon performance by the vendor in 2017 are as follows:

General Fund	\$245,440
Locally Funded Initiatives Fund	1,405,375
Ohio Vocational Facilities	
Assistance Fund	2,584,083
Other Governmental Funds	343,879
Total	\$4,578,777

#### Note 11 - Risk Management

The Career Center is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During fiscal year 2016, the Career Center contracted for the following insurance coverage.

#### **SORSA**

Building and Contents - Replacement Cost	\$70,738,232
Automobile Liability	15,000,000
Excess Liability	10,000,000
General Liability	
Per Occurrence	15,000,000
Aggregate	17,000,000

### Note 11 - Risk Management (continued)

Settled claims have not exceeded this commercial coverage in any of the past three years and there has been no significant reduction in insurance coverage from the prior fiscal year.

In fiscal year 2016, the Career Center participated in the Schools of Ohio Risk Sharing Authority (SORSA), an insurance purchasing pool. Each participant enters into an individual agreement with SORSA for insurance coverage and pays annual premiums to SORSA based on the types and limits of coverage and deductibles selected by the participant.

The Career Center participates in the Allen County Schools Health Benefits Plan (Plan), a public entity shared risk pool consisting of the ten Career Centers and the Allen County Educational Service Center. The Career Center pays monthly premiums to the Plan for employee medical and dental benefits. The Plan is responsible for the management and operations of the program and the payment of claims. Upon withdrawal from the Plan, a participant is responsible for the payment of all Plan liabilities to its employees, dependents, and designated beneficiaries accruing as a result of withdrawal.

The Career Center participates in the Ohio Association of School Business Officials Workers' Compensation Group Rating Plan (Plan), an insurance purchasing pool. The intent of the Plan is to achieve the benefit of a reduced premium for the Career Center by virtue of its grouping and representation with other participants in the Plan. The third party administrator, CompManagement, Inc., reviews each participant's claims experience and determines the rating tier for that participant. A common premium rate is applied to all participants in a given rating tier. Each participant pays its workers' compensation premium to the State based on the rate for their rating tier rather than its individual rate. CompManagement, Inc. provides administrative, cost control, and actuarial services to the Plan.

#### **Note 12 - Defined Benefit Pension Plans**

## **Net Pension Liability**

The net pension liability reported on the statement of net position represents a liability to employees for pensions. Pensions are a component of exchange transactions, between an employer and its employees, of salaries and benefits for employee services. Pensions are provided to an employee on a deferred payment basis as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for pensions is a present obligation because it was created as a result of employment exchanges that have already occurred.

## Note 12 - Defined Benefit Pension Plans (continued)

The net pension liability represents the Career Center's proportionate share of each pension plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension plan's fiduciary net position. The net pension liability calculation is dependent on critical long-term variables including estimated average life expectancies, earnings on investments, cost of living adjustments, and others. While these estimates use the best information available, unknowable future events require adjusting this estimate annually.

The Ohio Revised Code limits the Career Center's obligation for this liability to annually required payments. The Career Center cannot control benefit terms or the manner in which pensions are financed; however, the Career Center does receive the benefit of employees' services in exchange for compensation, including pension.

GASB Statement No. 68 assumes the liability is solely the obligation of the employer because (1) they benefit from employee services and (2) State statute requires all funding to come from the employers. All contributions to date have come solely from the employer (which also includes costs paid in the form of withholdings from employees). State statute requires the pension plans to amortize unfunded liabilities within thirty years. If the amortization period exceeds thirty years, each pension plan's board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension liability. Resulting adjustments to the net pension liability would be effective when the changes are legally enforceable.

The proportionate share of each plan's unfunded benefits is presented as a long-term net pension liability on the accrual basis of accounting. Any liability for the contractually required pension contribution outstanding at the end of the fiscal year is included as an intergovernmental payable on both the accrual and modified accrual basis of accounting.

#### Plan Description - School Employees Retirement System (SERS)

Plan Description - Career Center classified employees participate in SERS, a cost-sharing multiple-employer defined benefit pension plan administered by SERS. SERS provides retirement, disability and survivor benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Ohio Revised Code Chapter 3309. SERS issues a publicly available stand-alone financial report that includes financial statements, required supplementary information, and detailed information about SERS' fiduciary net position. The report can be obtained by visiting the SERS website at <a href="https://www.ohsers.org">www.ohsers.org</a> under employers/audit resources.

#### **Note 12 - Defined Benefit Pension Plans** (continued)

Age and service requirements for retirement are as follows.

	Eligible to retire on or before August 1, 2017 *	Eligible to retire on or after August 1, 2017	
Full Benefits	Any age with 30 years of service credit	Age 67 with 10 years of service credit; Age 57 with 30 years of service credit	
Actuarially Reduced Benefits	Age 60 with 5 years of service credit; Age 55 with 25 years of service credit	Age 62 with 10 years of service credit; Age 60 with 25 years of service credit	

<sup>\*</sup> Members with 25 years of service credit as of August 1, 2017, will be included in this plan.

Annual retirement benefits are calculated based on final average salary multiplied by a percentage that varies based on years of service; 2.2 percent for the first thirty years of service and 2.5 percent for years of service credit over thirty years. Final average salary is the average of the highest three years of salary.

One year after an effective benefit date, a benefit recipient is entitled to a 3 percent cost-of-living adjustment (COLA). This same COLA is added each year to the base benefit amount on the anniversary date of the benefit.

Funding Policy - Plan members are required to contribute 10 percent of their annual covered salary and the Career Center is required to contribute 14 percent of annual covered payroll. The contribution requirements of plan members and employers are established and may be amended by the SERS Retirement Board up to statutory maximum amounts of 10 percent for plan members and 14 percent for employers. The Retirement Board, acting with the advice of the actuary, allocates the employer contribution rate among four of the System's funds (Pension Trust Fund, Death Benefit Fund, Medicare B Fund, and Health Care Fund). For the fiscal year ended June 30, 2016, the allocation to pension, death benefits, and Medicare B was 14 percent. No allocation was made to the Health Care Fund.

The Career Center's contractually required contribution to SERS was \$302,021 for fiscal year 2016. Of this amount, \$14,935 is reported as an intergovernmental payable.

## Plan Description - State Teachers Retirement System (STRS)

Plan Description - Career Center licensed teachers and other certified faculty members participate in STRS Ohio, a cost-sharing multiple-employer public employee retirement system administered by STRS. STRS provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS issues a publicly available stand-alone financial report that includes financial statements, required supplementary information, and detailed information about STRS' fiduciary net position. The report can be obtained by writing to STRS, 275 East Broad Street, Columbus, Ohio 43215-3771, by calling (888) 227-7877, or by visiting the STRS website at www.strsoh.org.

New members have a choice of three retirement plans; a Defined Benefit Plan (DBP), a Defined Contribution Plan (DCP), and a Combined Plan (CP). Benefits are established by Ohio Revised Code Chapter 3307.

#### Note 12 - Defined Benefit Pension Plans (continued)

The DBP offers an annual retirement allowance based on final average salary multiplied by a percentage that varies based on years of service. Effective August 1, 2015, the calculation is 2.2 percent of final average salary for the five highest years of earnings multiplied by all years of service. With certain exceptions, the basic benefit is increased each year by 2 percent of the original base benefit. For members retiring August 1, 2013, or later, the first 2 percent is paid on the fifth anniversary of the retirement benefit. Members are eligible to retire at age sixty with five years of qualifying service credit, at age fifty-five with twenty-five years of service credit, or thirty years of service credit regardless of age. Age and service requirements for retirement increased effective August 1, 2015, and will continue to increase periodically until they reach age sixty with thirty-five years of service or age sixty-five with five years of service on August 1, 2026.

The DCP allows members to place all their member contributions and 9.5 percent of the 14 percent employer contribution into an investment account. Investment allocation decisions are determined by the member. The remaining 4.5 percent of the 14 percent employer rate is allocated to the defined benefit unfunded liability. A member is eligible to receive a retirement benefit at age fifty and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal.

The CP offers features of both the DBP and the DCP. In the CP, 11 percent of the 12 percent member rate goes to the DCP and 1 percent goes to the DBP. Member contributions to the DCP are allocated among investment choices by the member and contributions to the DBP from the employer and the member are used to fund the defined benefit payment at a reduced level from the regular DBP. The defined benefit portion of the CP payment is payable to a member on or after age sixty with five years of service. The defined contribution portion of the account may be taken as a lump sum payment or converted to a lifetime monthly annuity at age fifty.

New members who choose the DCP or CP will have another opportunity to reselect a permanent plan during their fifth year of membership. Members may remain in the same plan or transfer to another STRS plan. The optional annuitization of a member's defined contribution account or the defined contribution portion of a member's CP account to a lifetime benefit results in STRS bearing the risk of investment gain or loss on the account. STRS has therefore included all three plan options as one defined benefit plan for GASB Statement No. 68 reporting purposes.

A DBP or CP member with five or more years of credited service who is determined to be disabled may qualify for a disability benefit. Eligible survivors of members who die before service retirement may qualify for monthly benefits. New members on or after July 1, 2013, must have at least ten years of qualifying service credit that apply for disability benefits. Members in the DCP who become disabled are entitled only to their account balance. If a member of the DCP dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Funding Policy - Employer and member contribution rates are established by the State Teachers Retirement Board and limited by Chapter 3307 of the Ohio Revised Code. For the fiscal year ended June 30, 2016, plan members were required to contribute 13 percent of their annual covered salary. Effective July 1, 2016, the statutory maximum employee contribution rate was increased 1 percent to 14 percent. The Career Center was required to contribute 14 percent; the entire 14 percent was the portion used to fund pension obligations. The fiscal year 2016 contribution rates were equal to the statutory maximum rates.

## Note 12 - Defined Benefit Pension Plans (continued)

The Career Center's contractually required contribution to STRS was \$797,549 for fiscal year 2016. Of this amount, \$117,987 is reported as an intergovernmental payable.

# <u>Pension Liabilities, Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions</u>

The net pension liability was measured as of June 30, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Career Center's proportion of the net pension liability was based on the Career Center's share of contributions to the pension plan relative to the contributions of all participating entities. Following is information related to the proportionate share and pension expense.

	SERS	STRS	Total
Proportion of the Net Pension Liability Prior Measurement Date	0.06712200%	0.05795130%	
Proportion of the Net Pension Liability	0.060=64004	0.05500550/	
Current Measurement Date	0.06877640%	0.05733057%	
Change in Proportionate Share	(0.00165440%)	0.00062073%	
Proportionate Share of the Net Pension Liability	\$3,924,448	\$15,844,492	\$19,768,940
Pension Expense	\$270,630	\$680,843	\$951,473

At June 30, 2016, the Career Center reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources.

	SERS	STRS	Total
<b>Deferred Outflows of Resources</b>			
Differences Between Expected and Actual			
Experience	\$63,191	\$722,309	\$785,500
Changes in Proportionate Share and Difference			
Between Career Center Contributions			
and Proportionate Share of Contributions	68,470	0	68,470
Career Center Contributions Subsequent to the			
Measurement Date	302,021	797,549	1,099,570
Total Deferred Outflows of Resources	\$433,682	\$1,519,858	\$1,953,540
Deferred Inflows of Resources			
Net Difference Between Projected and Actual			
Earnings on Pension Plan Investments	\$130,030	\$1,139,519	\$1,269,549
Changes in Proportionate Share and Difference			
Between Career Center Contributions			
and Proportionate Share of Contributions	0	158,614	158,614
Total Deferred Inflows of Resources	\$130,030	\$1,298,133	\$1,428,163

## Note 12 - Defined Benefit Pension Plans (continued)

\$1,953,540 reported as deferred outflows of resources related to pension resulting from Career Center contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the fiscal year ending June 30, 2017. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized as pension expense as follows.

	SERS	STRS	Total
Fiscal Year Ended June 30,			
2017	(\$25,345)	(\$296,805)	(\$322,150)
2018	(25,345)	(296,805)	(322,150)
2019	(25,644)	(296,805)	(322,449)
2020	77,965	314,591	392,556
Total	\$1,631	(\$575,824)	(\$574,193)

## **Actuarial Assumptions - SERS**

SERS' total pension liability was determined by their actuaries in accordance with GASB Statement No. 67 as part of the annual actuarial valuation for each defined benefit retirement plan. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (e.g., salaries, credited service) and assumptions about the probability of occurrence of events far into the future (e.g., mortality, disabilities, retirements, employment termination). Actuarially determined amounts are subject to continual review and potential modifications as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases, actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

Key methods and assumptions used in calculating the total pension liability in the latest actuarial valuation prepared as of June 30, 2015, are presented below.

Wage Inflation
Future Salary Increases, including inflation
COLA or Ad Hoc COLA
Investment Rate of Return
Actuarial Cost Method

3.25 percent
4 percent to 22 percent
3 percent
7.75 percent net of investment expenses, including inflation entry age normal

## Note 12 - Defined Benefit Pension Plans (continued)

For postretirement mortality, the table used in evaluating allowances to be paid is the 1994 Group Annuity Mortality Table set back one year for both men and women. Special mortality tables are used for the period after disability retirement.

The most recent experience study was completed June 30, 2010.

The long-term return expectation for the pension plan investments has been determined using a building-block approach and assumes a time horizon, as defined in SERS' Statement of Investment Policy. A forecasted rate of inflation serves as the baseline for the return expectation. Various real return premiums over the baseline inflation rate have been established for each asset class. The long-term expected nominal rate of return has been determined by calculating an arithmetic weighted average of the expected real return premiums for each asset class, adding the projected inflation rate, and adding the expected return from rebalanced uncorrelated asset classes. The target allocation and the long-term expected rate of return for each major asset class are summarized in the following table.

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Cash	1.00%	0.00%
U.S. Stocks	22.50	5.00
Non-U.S. Stocks	22.50	5.50
Fixed Income	19.00	1.50
Private Equity	10.00	10.00
Real Assets	10.00	5.00
Multi-Asset Strategies	15.00	7.50
Total	100.00%	

Discount Rate - The total pension liability was calculated using the discount rate of 7.75 percent. The projection of cash flows used to determine the discount rate assumed the contributions from employers and from the members would be computed based on contribution requirements as stipulated by State statute. Projected inflows from investment earnings were calculated using the long-term assumed investment rate of return (7.75 percent). Based on those assumptions, the plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefits to determine the total pension liability.

#### Note 12 - Defined Benefit Pension Plans (continued)

Sensitivity of the Career Center's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate - Net pension liability is sensitive to changes in the discount rate and to illustrate the potential impact, the following table presents the net pension liability calculated using the discount rate of 7.75 percent as well as what each plan's net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.75 percent) or one percentage point higher (8.75 percent) than the current rate.

	Current		
	1% Decrease Discount Rate 1% Increa		
	(6.75%)	(7.75%)	(8.75%)
Career Center's Proportionate Share of			
the Net Pension Liability	\$5,441,799	\$3,924,448	\$2,646,713

#### **Actuarial Assumptions - STRS**

The total pension liability in the June 30, 2015, actuarial valuation was determined using the following actuarial assumptions applied to all periods included in the measurement.

Inflation	2.75 percent
Projected Salary Increases	12.25 percent at age 20 to 2.75 percent at age 70
Investment Rate of Return	7.75 percent, net of investment expenses
Cost of Living Adjustments (COLA)	2 percent simple applied as follows: for members retiring
	before August 1, 2013, 2 percent per year; for members
	retiring August 1, 2013, or later, 2 percent COLA
	commences on fifth anniversary of retirement date

Mortality rates were based on the RP-2000 Combined Mortality Table (Projection 2022-Scale AA) for males and females. Males ages are set back two years through age eighty-nine and no set back for age ninety and above. Females younger than age eighty are set back four years, one year set back from age eighty through eighty-nine, and no set back from age ninety and above.

Actuarial assumptions used in the June 30, 2015, valuation are based on the results of an actuarial experience study effective July 1, 2012.

## Note 12 - Defined Benefit Pension Plans (continued)

STRS' investment consultant develops best estimates for the investment return assumption based on the target allocation adopted by the retirement board. The target allocation and long-term expected rate of return for each major asset class are summarized as follows.

	Target	Long-Term Expected Nominal
Asset Class	Allocation	Rate of Return *
Domestic Equity International Equity Alternatives Fixed Income Real Estate Liquidity Reserves	31.00% 26.00 14.00 18.00 10.00 1.00	8.00% 7.85 8.00 3.75 6.75 3.00
	100.00%	

<sup>\* 10</sup> year annualized geometric nominal returns include the real rate of return and inflation of 2.25 percent.

Discount Rate - The discount rate used to measure the total pension liability was 7.75 percent as of June 30, 2015. The projection of cash flows used to determine the discount rate assumes member and employer contributions will be made at the statutory contribution rates in accordance with rate increases described above. For this purpose, only employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Projected employer contributions that are intended to fund the service costs of future plan members and their beneficiaries, as well as projected contributions from future plan members, are not included. Based on those assumptions, STRS' fiduciary net position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2015. Therefore, the long-term expected rate of return on pension plan investments of 7.75 percent was applied to all periods of projected benefit payment to determine the total pension liability as of June 30, 2015.

Sensitivity of the Career Center's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate - The following table presents the Career Center's proportionate share of the net pension liability calculated using the current period discount rate assumption of 7.75 percent as well as what the Career Center's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.75 percent) or one percentage point higher (8.75 percent) than the current rate.

	Current		
	1% Decrease (6.75%)	Discount Rate (7.75%)	1% Increase (8.75%)
Career Center's Proportionate Share of			
the Net Pension Liability	\$22,009,196	\$15,844,492	\$10,631,317

### Note 12 - Defined Benefit Pension Plans (continued)

#### **Social Security System**

Effective July 1, 1991, all employees not otherwise covered by the State Teachers Retirement System or the School Employees Retirement System have an option to choose Social Security or the State Teachers Retirement System/School Employees Retirement System. As of June 30, 2016, seven of the Board of Education members have elected Social Security. The Board's liability is 6.2 percent of wages paid.

#### **Note 13 - Postemployment Benefits**

#### **School Employees Retirement System (SERS)**

Health Care Plan Description - The Career Center contributes to the SERS Health Care Fund administered by SERS for classified retirees and their beneficiaries. For GASB Statement No. 45 purposes, this plan is considered a cost-sharing multiple-employer defined benefit other postemployment benefit (OPEB) plan. The Health Care Plan includes hospitalization and physicians' fees through several types of plans including HMO's, PPO's, Medicare Advantage, and traditional indemnity plans as well as a prescription drug program. The financial report of the Plan is included in the SERS Comprehensive Annual Financial Report which can be obtained by visiting the SERS website at <a href="https://www.ohsers.org">www.ohsers.org</a> under employers/audit resources.

Access to health care for retirees and beneficiaries is permitted in accordance with Section 3309 of the Ohio Revised Code. The Health Care Fund was established and is administered in accordance with Internal Revenue Code Section 105(e). SERS' Retirement Board reserves the right to change or discontinue any health plan or program. Health care is financed through a combination of employer contributions and retiree premiums, copays and deductibles on covered health care expenses, investment returns, and any funds received as a result of SERS' participation in Medicare programs. Active employee members do not contribute to the Health Care Plan. Retirees and their beneficiaries are required to pay a health care premium that varies depending on the plan selected, the number of qualified years of service, Medicare eligibility, and retirement status.

Funding Policy - State statute permits SERS to fund the health care benefits through employer contributions. Each year, after the allocation for statutorily required basic benefits, the Retirement Board allocates the remainder of the employer contribution of 14 percent of covered payroll to the Health Care Fund. For fiscal year 2016, no allocation of covered payroll was allocated to health care. In addition, employers pay a surcharge for employees earning less than an actuarially determined minimum compensation amount, pro-rated according to service credit earned. For fiscal year 2016, this amount was \$23,000. State statute provides that no employer shall pay a health care surcharge greater than 2 percent of that employer's SERS covered payroll; nor may SERS collect in aggregate more than 1.5 percent of the total statewide SERS covered payroll for the health care surcharge. For fiscal year 2016, the Career Center's surcharge obligation was \$17,208.

The Career Center's contribution for health care for the fiscal years ended June 30, 2016, 2015, and 2014 was \$0, \$16,627, and \$2,605, respectively. The full amount has been contributed for all three fiscal years.

#### Note 13 - Postemployment Benefits (continued)

#### **State Teachers Retirement System (STRS)**

Health Care Plan Description - The Career Center participates in the cost-sharing multiple-employer defined benefit health care plan administered by the State Teachers Retirement System of Ohio (STRS) for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS. Ohio law authorizes STRS to offer the plan. Benefits include hospitalization, physicians' fees, prescription drugs, and reimbursement of monthly Medicare Part B premiums. The Plan is included in the STRS financial report which can be obtained by visiting the STRS website at <a href="https://www.strsoh.org">www.strsoh.org</a> or by calling (888) 227-7877.

Funding Policy - Ohio Revised Code Chapter 3307 authorizes STRS to offer the health care plan and gives the Retirement Board authority over how much, if any, of the health care costs will be absorbed by STRS. Active employee members do not contribute to the health care plan. Nearly all health care plan enrollees, for the most recent year, pay a portion of the health care costs in the form of a monthly premium. Under Ohio law, funding for postemployment health care may be deducted from employer contributions. For the fiscal years ended June 30, 2016, and June 30, 2015, STRS did not allocate any employer contributions to postemployment health care. For the fiscal year ended June 30, 2014, 1 percent of covered payroll was allocated to postemployment health care. The Career Center's contribution for health care for the fiscal years ended June 30, 2016, 2015, and 2014 were \$0, \$0, and \$59,071, respectively. The full amount has been contributed for all three fiscal years.

#### **Note 14 - Other Employee Benefits**

#### A. Compensated Absences

The criteria for determining vacation and sick leave benefits are derived from negotiated agreements and State laws. Classified employees earn five to twenty days of vacation per year, depending upon length of service. The Superintendent and Treasurer are entitled to thirty days of vacation per year. Accumulated unused vacation time is paid to classified employees and administrators upon termination of employment. Teachers do not earn vacation time.

Teachers, administrators, and classified employees earn sick leave at a rate of one and one-fourth days per month. Teachers may accumulate sick leave up to a maximum of two hundred forty days. Upon retirement, payment is made for one-fourth of accrued but unused sick leave credit to a maximum of sixty days. Administrators and classified employees may accumulate sick leave up to a maximum of two hundred forty days and upon retirement, payment is made for one-fourth of accrued but unused sick leave credit to a maximum of sixty days.

#### **B.** Health Care Benefits

The Career Center offers employee medical and dental benefits through the Allen County Schools Health Benefits Plan. The employee pays 15 percent of the cost of the monthly premium. The premium varies with each employee depending on the terms of the union contract. The Career Center provides life insurance and accidental death and dismemberment insurance to all contract employees through Dearborn National Life Insurance Company.

Note 15 - Long-Term Obligations

The changes in the Career Center's long-term obligations during fiscal year 2016 were as follows:

	Balance at 6/30/15	Additions	Reductions	Balance at 6/30/16	Within One Year
Governmental Activities					
General Obligation Bonds					
FY 2014 Ohio School Facilities Commission Bonds					
Serial Bonds 2 - 5.25%	\$10,335,000	\$0	\$100,000	\$10,235,000	\$180,000
Term Bonds 5 - 5.125%	19,435,000	0	0	19,435,000	0

### Note 15 - Long-Term Obligations (continued)

### FY 2014 Ohio Schools Facilities Commission General Obligation Bonds

In fiscal year 2014, the Career Center issued general obligation bonds, in the original amount of \$30,000,000, for constructing and improving new facilities. The bond issue consisted of serial, term, and capital appreciation bonds, in the amount of \$10,380,000, \$19,435,000, and \$185,000, respectively. The bonds were issued for a thirty year period, with final maturity in fiscal year 2044. The bonds are being retired from the Bond Retirement debt service fund with property tax revenues.

The bonds maturing on December 1, 2038, are subject to mandatory sinking fund redemption, in part by lot, on December 1, in each of the fiscal years 2035 through 2039, at a redemption price equal to 100 percent of the principal amount redeemed plus accrued interest to the redemption date according to the following schedule:

Fiscal	
Year	Amount
2035	\$1,370,000
2036	1,475,000
2037	1,590,000
2038	1,710,000

Unless otherwise called for redemption, the remaining \$1,835,000 principal amount of the bonds due December 1, 2038, is to be paid at stated maturity.

The bonds maturing on December 1, 2043, are subject to mandatory sinking fund redemption, in part by lot, on December 1, in each of the fiscal years 2040 through 2044, at a redemption price equal to 100 percent of the principal amount redeemed plus accrued interest to the redemption date according to the following schedule:

Fiscal	
Year	Amount
2040	\$1,965,000
2041	2,135,000
2042	2,285,000
2043	2,450,000

Unless otherwise called for redemption, the remaining \$2,620,000 principal amount of the bonds due December 1, 2043, is to be paid at stated maturity.

The term bonds maturing on December 1, 2022, are subject to mandatory sinking fund redemption, in part by lot, pursuant to the terms of the mandatory sinking fund redemption requirements of the Career Center. The mandatory redemption is to occur on December 1, 2021, at par plus accrued interest.

The capital appreciation bonds are not subject to early redemption. The capital appreciation bonds will mature in fiscal years 2018 through 2021. The maturity amount for the bonds is \$1,200,000. For fiscal year 2016, \$22,414 was accreted on the capital appreciation bonds for a total value of \$233,126 at June 30, 2016.

### Note 15 - Long-Term Obligations (continued)

As of June 30, 2016, \$2,135,414 of the proceeds had not been spent.

<u>Building Assistance Loans</u> - In January 2003, the Career Center obtained an interest-free loan for the construction of an equipment building, in the original amount of \$800,000. The loan was issued for a fifteen year period with final maturity in fiscal year 2017. The loan is being retired from the Permanent Improvement capital projects fund.

In March 2002, the Career Center obtained an interest-free loan for the construction of an adult education addition, in the original amount of \$1,019,779. The loan was issued for a fifteen year period with final maturity in fiscal year 2017. The loan is being retired from the Adult Education enterprise fund.

The Career Center pays obligations related to employee compensation from the fund benefitting from their service. For additional information related to the net pension liability, see Note 12 to the basic financial statements.

Compensated absences will be paid from the General Fund, Food Service and Adult Basic and Literacy Education special revenue funds, and the Adult Education enterprise fund.

The Career Center's overall debt margin was \$188,954,657 with an unvoted debt margin of \$2,416,729 at June 30, 2016.

The following is a summary of the Career Center's future annual debt service requirements for governmental long-term obligations:

1.011' ' D 1

	General Obligation Bonds			
	Serial		Term	
Fiscal Year				
Ending	Principal	Interest	Principal	Interest
2017	\$180,000	\$494,175	\$0	\$986,069
2018	0	491,475	0	986,069
2019	0	491,475	0	986,069
2020	0	491,475	0	986,069
2021	0	491,475	0	986,069
2022-2026	2,515,000	2,174,713	0	4,930,344
2027-2031	4,090,000	1,436,200	0	4,930,344
2032-2036	3,450,000	281,663	1,370,000	4,790,719
2037-2041	0	0	8,575,000	3,126,950
2042-2044	0	0	9,490,000	582,584
Totals	\$10,235,000	\$6,352,651	\$19,435,000	\$23,291,286

## Note 15 - Long-Term Obligations (continued)

	General Oblig		
			Loans
	Capital Ap	Capital Appreciation	
Fiscal Year			
Ending	Principal	Interest	Principal
2017	\$0	\$0	\$53,333
2018	50,000	165,000	0
2019	55,000	245,000	0
2020	45,000	280,000	0
2021	35,000	325,000	0
Totals	\$185,000	\$1,015,000	\$53,333

The interest on the capital appreciation bonds represents the accretion of the deep-discounted bonds from the initial value at the time of issuance to their value at final maturity.

The Career Center's future annual debt service requirements, including mandatory sinking fund requirements, payable from the enterprise fund are as follows:

	Business-Type
Fiscal year	Activity
Ending June 30,	Principal
2017	\$80,506

## Note 16 - Set Asides

The Career Center is required by State statute to annually set aside, in the General Fund, an amount based on a statutory formula for the acquisition and construction of capital improvements. Amounts not spent by the end of the fiscal year or offset by similarly restricted resources received during the fiscal year must be held in cash at fiscal year end. This amount must be carried forward and used for the same purpose in future years.

The following cash basis information identifies the change in the fund balance reserve for capital improvements during fiscal year 2016.

	Capital
	Improvements
Balance June 30, 2015	\$0
Current Year Set Aside	
Requirement	135,871
Current Year Offsets	(135,871)
Balance June 30, 2016	\$0
Current Year Offsets	*

## Note 17 - Fund Balance

Fund balance is classified as nonspendable, restricted, committed, assigned, and/or unassigned based primarily on the extent to which the Career Center is bound to observe constraints imposed upon the use of the resources in governmental funds. The constraints placed on fund balance for the major governmental funds and all other governmental funds are presented below:

Fund Balance	General	Bond Retirement	Locally Funded Initiatives
Nonspendable for:	<del></del>		
Prepaid Items	\$123,963	\$0	\$2,459
Restricted for:			
Capital Improvements	0	0	1,696,221
Debt Service	0	1,357,393	0

Unpaid Obligations	0	0	233,992
Total Assigned	0	455,603	8,152,093
Total Fund Balance	\$2,609,533	\$2,990,245	\$16,776,304

## Note 18 - Jointly Governed Organization

The Career Center is a participant in the Northwest Ohio Area Computer Services Cooperative (NOACSC), which is a computer consortium. NOACSC is an association of educational entities within the boundaries of Allen, Hancock, Mercer, Paulding, Putnam, and Van Wert Counties, and the Cities of St. Marys and Wapakoneta. The organization was formed for the purpose of applying modern technology with the aid of computers and other electronic equipment to administrative and instructional functions among member educational entities. The governing board of NOACSC consists of two representatives from each county elected by majority vote of all charter member educational entities within each county. During fiscal year 2016, the Career Center paid \$32,694 to NOACSC for various services. Financial information can be obtained from the Northwest Ohio Area Computer Services Cooperative, 645 South Main Street, Lima, Ohio 45804.

## **Note 19 - Insurance Pools**

#### A. Schools of Ohio Risk Sharing Authority

The Career Center participates in the Schools of Ohio Risk Sharing Authority (SORSA), an insurance purchasing pool established under Section 2744.081 of the Ohio Revised Code. SORSA is an incorporated nonprofit association of its members which enables the participants to provide for a formalized joint insurance purchasing program for maintaining adequate insurance protection and provides risk management programs and other administrative services. SORSA's business and affairs are conducted by a board consisting of nine superintendents and treasurers, as well as an attorney, accountant, and four representatives from the pool's administrator, Willis Pooling. Willis Pooling is responsible for processing claims and establishing agreements between SORSA and its members. Financial information can be obtained from Willis Pooling, 655 Metro Place South, Dublin, Ohio 43017.

#### B. Allen County Schools Health Benefits Plan

The Career Center participates in the Allen County Schools Health Benefits Plan (Plan), a public entity shared risk pool consisting of the Career Centers within Allen County and the Allen County Educational Service Center. The Plan is organized as a Voluntary Employee Benefit Association under Section 501(c)(9) of the Internal Revenue Code and provides medical and dental benefits to the employees of the participants. Each participant's superintendent is appointed to a Board of Directors which advises the Trustee, Allen County Educational Service Center, concerning aspects of the administration of the Plan.

Each participant decides which plans offered by the Board of Directors will be extended to its employees. Participation in the Plan is by written application subject to acceptance by the Board of Directors and payment of the monthly premiums. Financial information can be obtained from the Allen County Schools Health Benefits Plan, 204 North Main Street, Lima, Ohio 45801.

#### **Note 19 - Insurance Pools** (continued)

# C. Ohio Association of School Business Officials (OASBO) Workers' Compensation Group Rating Plan

The Career Center participates in a group rating plan for workers' compensation as established under Section 4123.29 of the Ohio Revised Code. The OASBO Workers' Compensation Group Rating Plan (Plan) was established through the Ohio Association of School Business Officials as an insurance purchasing pool. The Plan's business and affairs are conducted by a five member OASBO Board of Directors. Each year, the participants pay an enrollment fee to the Plan to cover the costs of administering the program.

#### **Note 20 - Contingencies**

#### A. Grants

The Career Center received financial assistance from federal and state agencies in the form of grants. The expenditure of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the Career Center at June 30, 2016.

## **B.** School Foundation

Career Center foundation funding is based on the annualized full-time equivalent (FTE) enrollment of each student. Effective for fiscal year 2015, traditional Career Centers must comply with minimum hours of instruction instead of a minimum number of school days each year. The funding formula the Ohio Department of Education (ODE) is legislatively required to follow will continue to adjust as enrollment information is updated by the Career Center, which can extend past the fiscal year end. As of the date of this report, ODE has not finalized the impact of enrollment adjustments to the June 30, 2016, foundation funding for the Career Center, therefore, any financial statement impact is not determinable at this time. ODE and management believe this will result in either a receivable to or a liability of the Career Center.

#### C. Litigation

There are currently no matters in litigation with the Career Center as defendant.

# NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS 2 CFR 200.510(b)(6) FOR THE FISCAL YEAR ENDED JUNE 30, 2016

#### NOTE A - BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) includes the federal award activity of the Apollo Career Center's (the Career Center) federal award programs' expenditures for the fiscal year ended June 30, 2016. The information on this Schedule is prepared in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the Career Center, it is not intended to and does not present the financial position, changes in net position, or cash flows of the Career Center.

#### **NOTE B - SIGNIFICANT ACCOUNTING POLICIES**

Expenditures reported on the Schedule are reported on the cash basis of accounting. Such expenditures are recognized following the cost principles contained in Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards,* wherein certain types of expenditures may or may not be allowable or may be limited as to reimbursement. The Career Center has elected to not use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

#### **NOTE C - CHILD NUTRITION CLUSTER**

The Career Center commingles cash receipts from the U.S. Department of Agriculture with similar State grants. When reporting expenditures on the Schedule, the Career Center assumes it expends federal monies first.

#### **NOTE D - FOOD DONATION PROGRAM**

Program regulations do not require the Center to maintain separate inventory records for purchased food and food received from the U.S. Department of Agriculture. This non-monetary assistance is reported in the Schedule at the entitlement value of the commodities received and consumed. The entitlement value reported in the Schedule is determined using the Commodity Allocation Tracking System (CATS). The Career Center allocated donated food commodities to the respective program that benefitted from the use of those donated food commodities. At June 30, 2016, the Center had no significant food commodities inventory.

#### **NOTE E - MATCHING REQUIREMENTS**

Certain Federal programs require that the Career Center contribute non-Federal funds (matching funds) to support the Federally-funded programs. The Career Center has met its matching requirements. The expenditure of non-Federal matching funds is not included on the Schedule.

# INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

Apollo Career Center Allen County 3325 Shawnee Road Lima, Ohio 45806

To the Board of Education:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements of the governmental activities, the business-type activity, each major fund, and the aggregate remaining fund information of the Apollo Career Center, Allen County, (the Career Center) as of and for the fiscal year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the Career Center's basic financial statements and have issued our report thereon dated December 14, 2016.

#### Internal Control Over Financial Reporting

As part of our financial statement audit, we considered the Career Center's internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support our opinion on the financial statements, but not to the extent necessary to opine on the effectiveness of the Career Center's internal control. Accordingly, we have not opined on it.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A material weakness is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the Career Center's financial statements. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Given these limitations, we did not identify any deficiencies in internal control that we consider material weaknesses. However, unidentified material weaknesses may exist.

Apollo Career Center
Allen County
Independent Auditor's Report on Internal Control
Over Financial Reporting and on Compliance and
Other Matters Required by Government Auditing Standards
Page 2

#### Compliance and Other Matters

As part of reasonably assuring whether the Career Center's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed an instance of noncompliance or other matter we must report under *Government Auditing Standards* which is described in the accompanying schedule of findings as item 2016-001.

#### Entity's Response to Finding

The Career Center's response to the finding identified in our audit is described in the accompanying schedule of findings. We did not audit the Career Center's response and, accordingly, we express no opinion on it.

#### Purpose of this Report

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the Career Center's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the Career Center's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Dave Yost** Auditor of State Columbus, Ohio

December 14, 2016

# INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO THE MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Apollo Career Center Allen County 3325 Shawnee Road Lima, Ohio 45806

To the Board of Education:

#### Report on Compliance for the Major Federal Program

We have audited the Apollo Career Center's (the Career Center) compliance with the applicable requirements described in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* that could directly and materially affect the Apollo Career Center's major federal program for the fiscal year ended June 30, 2016. The *Summary of Auditor's Results* in the accompanying schedule of findings identifies the Career Center's major federal program.

#### Management's Responsibility

The Career Center's Management is responsible for complying with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal program.

#### Auditor's Responsibility

Our responsibility is to opine on the Career Center's compliance for the Career Center's major federal program based on our audit of the applicable compliance requirements referred to above. Our compliance audit followed auditing standards generally accepted in the United States of America; the standards for financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). These standards and the Uniform Guidance require us to plan and perform the audit to reasonably assure whether noncompliance with the applicable compliance requirements referred to above that could directly and materially affect a major federal program occurred. An audit includes examining, on a test basis, evidence about the Career Center's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe our audit provides a reasonable basis for our compliance opinion on the Career Center's major program. However, our audit does not provide a legal determination of the Career Center's compliance.

Apollo Career Center
Allen County
Independent Auditor's Report on Compliance with Requirements
Applicable to the Major Federal Program and on Internal Control Over
Compliance Required by the Uniform Guidance
Page 2

#### Opinion on the Major Federal Program

In our opinion, the Apollo Career Center complied, in all material respects with the compliance requirements referred to above that could directly and materially affect its major federal program for the fiscal year ended June 30, 2016.

#### Report on Internal Control Over Compliance

The Career Center's management is responsible for establishing and maintaining effective internal control over compliance with the applicable compliance requirements referred to above. In planning and performing our compliance audit, we considered the Career Center's internal control over compliance with the applicable requirements that could directly and materially affect a major federal program, to determine our auditing procedures appropriate for opining on each major federal program's compliance and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not to the extent needed to opine on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the Career Center's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program's applicable compliance requirement. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program compliance requirement will not be prevented, or timely detected and corrected. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with federal program's applicable compliance requirement that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

This report only describes the scope of our internal control over compliance tests and the results of this testing based on Uniform Guidance requirements. Accordingly, this report is not suitable for any other purpose.

**Dave Yost**Auditor of State
Columbus, Ohio

(d)(1)(ix)	Low Risk Auditee under 2 CFR §200.520?	No

Apollo Career Center Allen County Schedule of Findings Page 2

### 2. FINDINGS RELATED TO THE FINANCIAL STATEMENTS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS

#### **FINDING NUMBER 2016-001**

Noncompliance Citation – Finding for Recovery – Repayment Plan

The Collective Bargaining Agreement between the Apollo Joint Vocational School District Board of Education and Apollo Education Association, OEA/NEA effective July 1, 2014 through June 30, 2016, Appendix A states that a teacher with a first 5-Year Teaching License and on Step 24 of the Teacher Salary Schedule the previous year will be paid \$68,312 plus an \$800 longevity step. The total amount to be paid per this agreement is \$69,112.

The **Apollo Joint Vocational School 2015-2016 Salary Notice**, dated June 29, 2015, for Mike Diglia stated that the 2015-2016 salary would be \$69,112 payable in 27 equal pays of \$2,559.70 beginning September 3, 2015. Per the Earnings Register (ERNREG) Report from the Uniform School Accounting System (USAS) system, Mike Diglia was paid \$2,726.37 for 27 pay periods which equaled \$73,612. As a result, Mike Diglia was overpaid \$4,500 for the contract period. This overpayment was the result of a lab stipend that was added to the salary without Board approval. The Treasurer realized the error and notified Mike Diglia in a letter dated September 21, 2016.

In accordance with the foregoing facts, and pursuant to **Ohio Rev. Code §117.28**, a Finding for Recovery for public money illegally expended is hereby issued against Michael Diglia, and in favor of Apollo Career Center's General Fund, in the amount of \$4,500. A repayment plan has been approved and incorporated into Mike Diglia's CORRECTED 2016-2017 Salary Notice which will result in the overpayment being repaid by the end of Mike Diglia's 2016-2017 contract period. This Salary Notice was signed by the Board President and Treasurer.

**OFFICIALS' RESPONSE:** The school brought the overpayment to the auditor's attention as soon as the error was discovered. Mr. Diglia had received the \$4,500 stipend for many consecutive years but in FY16 he was not approved for the stipend. The treasurer was aware that Mr. Diglia should not have received the \$4,500 but there was miscommunication between the treasurer and the Payroll department. Mr. Diglia was very professional in agreeing to the repayment plan.

A new procedure has been implemented in the treasurer's office to triple check that employees are paid correctly.

#### 3. FINDINGS AND QUESTIONED COSTS FOR FEDERAL AWARDS
