

BARBERTON CITY SCHOOL DISTRICT

SUMMIT COUNTY

Audit Report

For the Year Ended June 30, 2016

Dave Yost • Auditor of State

Board of Education
Barberton City School District
479 Norton Avenue
Barberton, Ohio 44203

We have reviewed the *Independent Auditors' Report* of the Barberton City School District, Summit County, prepared by Charles E. Harris & Associates, Inc., for the audit period July 1, 2015 through June 30, 2016. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Barberton City School District is responsible for compliance with these laws and regulations.

A handwritten signature in black ink that reads "Dave Yost".

INDEPENDENT AUDITOR'S REPORT

Barberton City School District
Summit County
479 Norton Avenue
Barberton, Ohio 44203

To the Board of Education:

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Barberton City School District, Summit County, Ohio (the District), as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes designing, implementing, and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the District's internal control. Accordingly, we express no opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Barberton City School District, Summit County, Ohio, as of June 30, 2016, and the respective changes in financial position and the budgetary comparison for the General Fund thereof for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require this presentation to include *Management's discussion and analysis* and schedules of net pension liabilities and pension contributions listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, consisting of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, to the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not opine or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to opine or provide any other assurance.

Supplementary and Other Information

Our audit was conducted to opine on the District's basic financial statements taken as a whole.

The Schedule of Expenditures of Federal Awards presents additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards and is not a required part of the financial statements.

The schedule is management's responsibility, and derives from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. We subjected this schedule to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling the schedule directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves in accordance with auditing standards generally accepted in the United States of America. In our opinion, this schedule is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 18, 2016, on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Charles E. Harris & Associates, Inc.

**BARBERTON CITY SCHOOL DISTRICT
SUMMIT COUNTY, OHIO**

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016**

The Management's Discussion and Analysis of the Barberton City School District's (the "District") financial performance provides an overall review of the District's financial activities for the fiscal year ended June 30, 2016. The intent of this discussion and analysis is to look at the District's financial performance as a whole; readers should also review the transmittal letter, the basic financial statements and the notes to the basic financial statements to enhance their understanding of the District's financial performance.

Financial Highlights

Key financial highlights for 2016 are as follows:

- In total, net position of governmental activities increased \$2,224,334 which represents a 7.53% increase from 2015.
- General revenues accounted for \$43,159,441 in revenue or 75.28% of all revenues. Program specific revenues in the form of charges for services and sales, grants and contributions accounted for \$14,174,274 or 24.72% of total revenues of \$57,333,715.
- The District had \$55,109,381 in expenses related to governmental activities; only \$14,174,274 of these expenses was offset by program specific charges for services, grants or contributions. General revenues supporting governmental activities (primarily taxes and unrestricted grants and entitlements) of \$43,159,441 were adequate to provide for these programs.
- The District's major governmental funds are the general fund and the bond retirement fund. The general fund had \$47,591,846 in revenues and other financing sources and \$42,403,157 in expenditures and other financing uses. During fiscal year 2016, the general fund's fund balance increased from \$12,193,186 to \$17,381,875.
- The bond retirement fund had \$12,810,965 in revenues and other financing sources and \$12,830,509 in expenditures and other financing uses. During fiscal year 2016, the bond retirement fund's fund balance decreased from \$2,952,993 to \$2,933,449.

Using these Basic Financial Statements

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the District as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The statement of net position and statement of activities provide information about the activities of the whole District, presenting both an aggregate view of the District's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the District's most significant funds with all other nonmajor funds presented in total in one column. In the case of the District the general fund and bond retirement fund are reported as major funds.

Reporting the District as a Whole

Statement of Net Position and the Statement of Activities

While this document contains the large number of funds used by the District to provide programs and activities, the view of the District as a whole looks at all financial transactions and asks the question, "How did we do financially during 2016?" The statement of net position and the statement of activities answer this question. These statements include all assets, liabilities, deferred inflows and outflows of resources, revenues and expenses using the accrual basis of accounting similar to the accounting used by most private-sector companies. This basis of accounting will take into account all of the current year's revenues and expenses regardless of when cash is received or paid.

**BARBERTON CITY SCHOOL DISTRICT
SUMMIT COUNTY, OHIO**

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016**

These two statements report the District's net position and changes in that position. This change in net position is important because it tells the reader that, for the District as a whole, the financial position of the District has improved or diminished. The causes of this change may be the result of many factors, some financial, some not. Non-financial factors include the District's property tax base, current property tax laws in Ohio restricting revenue growth, facility conditions, required educational programs and other factors.

In the statement of net position and the statement of activities, the governmental activities include the District's programs and services, including instruction, support services, operation and maintenance of plant, pupil transportation, extracurricular activities, and food service operations.

The District's statement of net position and statement of activities can be found on pages 15-16 of this report.

Reporting the District's Most Significant Funds

Fund Financial Statements

The analysis of the District's major governmental funds begins on page 10. Fund financial reports provide detailed information about the District's major funds. The District uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the District's most significant funds. The District's major governmental funds are the general fund and the bond retirement fund.

Governmental Funds

Most of the District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in future periods. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund financial statements provide a detailed short-term view of the District's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between governmental activities (reported in the statement of net position and the statement of activities) and governmental funds is reconciled in the basic financial statements. The basic governmental fund financial statements can be found on pages 17-21 of this report.

Reporting the District's Fiduciary Responsibilities

The District is the trustee, or fiduciary, for its scholarship programs. This activity is presented as a private-purpose trust fund. The District also acts in a trustee capacity as an agent for individuals. These activities are reported in agency funds. All of the District's fiduciary activities are reported in separate statements of fiduciary net position and changes in fiduciary net position on pages 22 and 23. These activities are excluded from the District's other financial statements because the assets cannot be utilized by the District to finance its operations.

Notes to the Basic Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. These notes to the basic financial statements can be found on pages 25-60 of this report.

Required Supplementary Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the District's net pension liability. The required supplementary information can be found on pages 62 through 68 of this report.

**BARBERTON CITY SCHOOL DISTRICT
SUMMIT COUNTY, OHIO**

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016

The District as a Whole

The statement of net position provides the perspective of the District as a whole. The following table provides a summary of the District's net position for fiscal years 2016 and 2015.

	Net Position	
	Governmental Activities <u>2016</u>	Governmental Activities <u>2015</u>
<u>Assets</u>		
Current and other assets	\$ 42,838,144	\$ 41,126,214
Capital assets, net	<u>108,427,297</u>	<u>110,615,392</u>
Total assets	<u>151,265,441</u>	<u>151,741,606</u>
<u>Deferred outflows of resources</u>		
Unamortized deferred charges on debt refunding	2,956,490	2,721,060
Pensions	<u>7,885,377</u>	<u>3,698,147</u>
Total deferred outflows of resources	<u>10,841,867</u>	<u>6,419,207</u>
<u>Liabilities</u>		
Current liabilities	5,160,821	4,957,285
Long-term liabilities:		
Due within one year	3,245,528	2,987,319
Due in more than one year:		
Net pension liability	57,844,331	48,736,816
Other amounts	<u>48,631,172</u>	<u>50,832,349</u>
Long-term liabilities	<u>109,721,031</u>	<u>102,556,484</u>
Total liabilities	<u>114,881,852</u>	<u>107,513,769</u>
<u>Deferred inflows of resources</u>		
Property taxes levied for the next fiscal year	11,964,478	12,277,979
Pensions	<u>3,508,262</u>	<u>8,840,683</u>
Total deferred inflows of resources	<u>15,472,740</u>	<u>21,118,662</u>
<u>Net position</u>		
Net investment in capital assets	61,393,872	64,846,970
Restricted	6,642,833	6,918,817
Unrestricted (deficit)	<u>(36,283,989)</u>	<u>(42,237,405)</u>
Total net position	<u>\$ 31,752,716</u>	<u>\$ 29,528,382</u>

During 2015, the District adopted GASB Statement 68, "Accounting and Financial Reporting for Pensions—an Amendment of GASB Statement 27," which significantly revises accounting for pension costs and liabilities. For reasons discussed below, many end users of this financial statement will gain a clearer understanding of the District's actual financial condition by adding deferred inflows related to pension and the net pension liability to the reported net position and subtracting deferred outflows related to pension.

**BARBERTON CITY SCHOOL DISTRICT
SUMMIT COUNTY, OHIO**

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016

Governmental Accounting Standards Board standards are national and apply to all government financial reports prepared in accordance with generally accepted accounting principles. When accounting for pension costs, GASB 27 focused on a funding approach. This approach limited pension costs to contributions annually required by law, which may or may not be sufficient to fully fund each plan's *net pension liability*. GASB 68 takes an earnings approach to pension accounting; however, the nature of Ohio's statewide pension systems and state law governing those systems requires additional explanation in order to properly understand the information presented in these statements.

Under the new standards required by GASB 68, the net pension liability equals the District's proportionate share of each plan's collective:

1. Present value of estimated future pension benefits attributable to active and inactive employees' past service
- 2 Minus plan assets available to pay these benefits

GASB notes that pension obligations, whether funded or unfunded, are part of the "employment exchange" – that is, the employee is trading his or her labor in exchange for wages, benefits, and the promise of a future pension. GASB noted that the unfunded portion of this pension promise is a present obligation of the government, part of a bargained-for benefit to the employee, and should accordingly be reported by the government as a liability since they received the benefit of the exchange. However, the District is not responsible for certain key factors affecting the balance of this liability. In Ohio, the employee shares the obligation of funding pension benefits with the employer. Both employer and employee contribution rates are capped by State statute. A change in these caps requires action of both Houses of the General Assembly and approval of the Governor. Benefit provisions are also determined by State statute. The employee enters the employment exchange with the knowledge that the employer's promise is limited not by contract but by law. The employer enters the exchange also knowing that there is a specific, legal limit to its contribution to the pension system. In Ohio, there is no legal means to enforce the unfunded liability of the pension system *as against the public employer*. State law operates to mitigate/lessen the moral obligation of the public employer to the employee, because all parties enter the employment exchange with notice as to the law. The pension system is responsible for the administration of the plan.

Most long-term liabilities have set repayment schedules or, in the case of compensated absences (i.e. sick and vacation leave), are satisfied through paid time-off or termination payments. There is no repayment schedule for the net pension liability. As explained above, changes in pension benefits, contribution rates, and return on investments affect the balance of the net pension liability, but are outside the control of the local government. In the event that contributions, investment returns, and other changes are insufficient to keep up with required pension payments, State statute does not assign/identify the responsible party for the unfunded portion. Due to the unique nature of how the net pension liability is satisfied, this liability is separately identified within the long-term liability section of the statement of net position.

In accordance with GASB 68, the District's statements prepared on an accrual basis of accounting include an annual pension expense for their proportionate share of each plan's *change* in net pension liability not accounted for as deferred inflows/outflows.

As a result of implementing GASB 68, the District is reporting a net pension liability and deferred inflows/outflows of resources related to pension on the accrual basis of accounting.

Over time, net position can serve as a useful indicator of a government's financial position. At June 30, 2016, the District's assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$31,752,716.

**BARBERTON CITY SCHOOL DISTRICT
SUMMIT COUNTY, OHIO**

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016**

At year-end, capital assets represented 71.68% of total assets. Capital assets include land, land improvements, buildings and improvements, furniture and equipment and vehicles. The District's net investment in capital assets at June 30, 2016 was \$61,393,872. Capital assets are used to provide services to the students and are not available for future spending. Net capital assets decreased in fiscal year 2016 as a result of depreciation expense in the amount of \$5,835,175 and net capital asset disposals of \$722,105 exceeding capital acquisitions of \$4,369,185.

A portion of the District's net position, \$6,642,833, represents resources that are subject to external restriction on how they may be used. The remaining balance of unrestricted net position is \$(36,283,989).

Overall, current assets and liabilities for the District were comparable to the prior year. The only significant changes are reflected in the deferred inflows and outflows of resources related to pensions and also the net pension liability which increased significantly.

The graph below shows the District's assets and deferred outflows, liabilities and deferred inflows and net position at June 30, 2016 and 2015.

The table below shows the change in net position for fiscal years 2016 and 2015.

Change in Net Position

	Governmental Activities 2016	Governmental Activities 2015
<u>Revenues</u>		
Program revenues:		
Charges for services and sales	\$ 3,168,177	\$ 3,365,007

Net position at end of year	<u><u>\$ 31,752,716</u></u>	<u><u>\$ 29,528,382</u></u>

Governmental Activities

Net position of the District's governmental activities increased \$2,224,334. Total governmental expenses of \$55,109,381 were offset by program revenues of \$14,174,274 and general revenues of \$43,159,441. Program revenues supported 25.72% of the total governmental expenses.

Overall, revenues increased 1.38%. The largest sources of revenue are property taxes and unrestricted grants and entitlements, which together account for 73.94% of total governmental revenues. Although property taxes revenue decreased somewhat, the District continued to experience increased unrestricted grants and contributions, which is primarily due to increases in State Foundation funding.

Program revenues include charges for services, grants and contributions that are program specific. These primarily include grants from the Barberton Community Foundation, State and Federal grants for specific purposes, reimbursements for services by third-parties, open enrollment, tuition, food service receipts, and extracurricular receipts.

**BARBERTON CITY SCHOOL DISTRICT
SUMMIT COUNTY, OHIO**

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016**

The largest expense of the District is for instructional programs. Instruction expenses totaled \$32,168,492 or 58.37% of total governmental expenses for fiscal year 2016. Total expenses increased \$3,584,439 or 6.96%. This is partially attributable to intergovernmental expenses of \$2,098,402 reported in 2016, which represents the return of unused State funding due to the District's recent school facilities construction project coming in under budget. In addition, the District had a loss on capital asset disposals of \$722,105 in 2016 compared to \$9,852 in 2015 resulting in an additional expense.

The statement of activities shows the cost of program services and the charges for services and grants offsetting those services. The following table shows, for governmental activities, the total cost of services and the net cost of services. That is, it identifies the cost of these services supported by tax revenue and unrestricted State grants and entitlements.

	Governmental Activities			
	Total Cost of Services	Net Cost of Services	Total Cost of Services	Net Cost of Services
	<u>2016</u>	<u>2016</u>	<u>2015</u>	<u>2015</u>

SUMMIT COUNTY, OHIO**

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016

The graph below presents the District's governmental activities general and program revenues for fiscal years 2016 and 2015.

Governmental Activities - General and Program Revenues

The District's Funds

The District's governmental funds reported a combined fund balance of \$24,335,886, which is \$2,082,827 higher than last year's total of \$22,253,059. The schedule below indicates the fund balance and the total change in fund balance as of June 30, 2016 and 2015.

	Fund Balance <u>June 30, 2016</u>	Fund Balance <u>June 30, 2015</u>	Increase <u>(Decrease)</u>
General	\$ 17,381,875	\$ 12,193,186	\$ 5,188,689
Bond Retirement	2,933,449	2,952,993	(19,544)
Nonmajor Governmental	<u>4,020,562</u>	<u>7,106,880</u>	<u>(3,086,318)</u>
Total	<u>\$ 24,335,886</u>	<u>\$ 22,253,059</u>	<u>\$ 2,082,827</u>

General Fund

The District's general fund's fund balance increased \$5,188,689. The table that follows assists in illustrating the general fund's revenues.

	<u>2016</u> <u>Amount</u>	<u>2015</u> <u>Amount</u>	<u>Percentage</u> <u>Change</u>
Revenues			
Taxes	\$ 13,138,515	\$ 13,829,146	(4.99) %
Tuition	1,910,094	1,960,668	(2.58) %
Earnings on investments	204,220	77,409	163.82 %
Intergovernmental	30,655,080	28,176,489	8.80 %
Other revenues	<u>1,171,732</u>	<u>1,010,976</u>	15.90 %
Total	<u>\$ 47,079,641</u>	<u>\$ 45,054,688</u>	4.49 %

The most significant change in general fund revenues was the increase in intergovernmental revenues; this is mostly due to additional revenue from the State Foundation program. Earnings on investments increased as a result of an increase in investments allocated to the general fund.

**BARBERTON CITY SCHOOL DISTRICT
SUMMIT COUNTY, OHIO**

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016

The only significant decrease in revenues was property taxes, which is mostly due to fluctuations in the amount of tax collected and available for advance at fiscal year-end by the Summit County Fiscal Officer. Tax advances available are recorded as revenue under GAAP. The amount of tax advances available at June 30, 2016, 2015 and 2014 was approximately \$2.7 million, \$2.6 million and \$1.8 million, respectively. This amount can vary depending upon when the County Fiscal Officer distributes tax bills.

The table that follows assists in illustrating the general fund's expenditures.

<u>Expenditures</u>	<u>2016</u> <u>Amount</u>	<u>2015</u> <u>Amount</u>	<u>Percentage</u> <u>Change</u>
Instruction	\$ 27,126,053	\$ 26,564,518	2.11 %
Support services	13,787,315	12,718,805	8.40 %
Other non-instructional services	183,278	156,422	17.17 %
Extracurricular activities	985,506	1,056,319	(6.70) %
Facilities acquisition and construction	6,142	2,634	133.18 %
Debt service	<u>234,976</u>	<u>105,143</u>	123.48 %
Total	<u>\$ 42,323,270</u>	<u>\$ 40,603,841</u>	4.23 %

The increase in general fund expenditures is primarily a result of higher employee wages and benefits costs due to an increase in staff. The District also financed additional computer equipment upgrades with general fund money in fiscal year 2016. Debt service expenditures increased due to payments on a new capital lease agreement entered into to acquire new school buses.

Bond Retirement Fund

The bond retirement fund is used to account for proceeds from a voted tax levy and other sources that are restricted to expenditure for debt service payments on the District's general obligation bonds and other debt obligations. The bond retirement fund had \$12,810,965 in revenues and other financing sources and \$12,830,509 in expenditures and other financing uses. During fiscal year 2016, the bond retirement fund's fund balance decreased from \$2,952,993 to \$2,933,449. The District issued \$7,500,000 in refunding bonds to refinance a portion of the outstanding general obligation bonds at a lower interest rate. Bond issuance sources of approximately \$8.3 million are reflected in the bond retirement fund.

General Fund Budgeting Highlights

The District's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The most significant budgeted fund is the general fund.

For the general fund, original budgeted revenues and other financing sources of \$45,447,249 were increased to \$46,563,208 in the final budget, mostly to reflect an increase in State Foundation funding. Actual revenues and other financing sources for fiscal year 2016 were \$46,582,632 or \$19,424 higher than the final budget.

General fund original and final appropriations (appropriated expenditures plus other financing uses) were \$42,541,807. The actual budget basis expenditures for fiscal year 2016 were \$42,068,700 or \$473,107 (1.11%) less than the final budgeted amount.

SUMMIT COUNTY, OHIO**

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016

Capital Assets and Debt Administration

Capital Assets

At the end of fiscal year 2016, the District had \$108,427,297 invested in land, land improvements, buildings and improvements, furniture and equipment, and vehicles. This entire amount is reported in governmental activities.

The following table shows fiscal year 2016 balances compared to 2015:

**Capital Assets at June 30
(Net of Depreciation)**

	2016	2015
Land	\$ 16,247,923	\$ 16,271,156
Land improvements	4,881,715	4,578,131
Building and improvements	85,075,015	88,455,013
Furniture and equipment	1,131,802	469,583
Vehicles	1,090,842	841,509
Total	\$ 108,427,297	\$ 110,615,392

Total additions to capital assets for 2016 were \$4,369,185 and disposals, net of accumulated depreciation, were \$722,105. The District recorded depreciation expense of \$5,835,175 during the year. See Note 8 in the notes to the basic financial statements for additional information on the District's capital assets.

Debt Administration

At June 30, 2016, the District had \$44,830,703 in general obligation bonds and capital leases outstanding. Of this total, \$2,884,265 is due within one year and \$41,946,438 is due in greater than one year. The following table summarizes the debt outstanding at June 30, 2016 and 2015.

Outstanding Debt, at June 30

	Governmental Activities <u>2016</u>	Governmental Activities <u>2015</u>
General obligation bonds	\$ 44,260,000	\$ 46,838,812
Capital leases	570,703	300,057
Total	\$ 44,830,703	\$ 47,138,869

Additions to debt obligations in 2016 were \$8,109,188 and reductions totaled \$10,417,354. The District issued \$7,500,000 in refunding bonds in order to refinance a portion of the general obligation bonds outstanding at a lower interest rate and also entered into a new capital lease agreement in the amount of \$498,000. See Note 9 in the notes to the basic financial statements for additional information on the District's debt administration.

Current Financial Related Activities

The District's voters passed an 8.57 mill emergency levy renewal for ten years in the November 2009 election. Collection of this levy began in 2011 and now will expire in 2019. District voters passed an 8.45 mill emergency levy in May 2013. Collections on this five year levy began in 2014 and will expire at the end of 2018.

**BARBERTON CITY SCHOOL DISTRICT
SUMMIT COUNTY, OHIO**

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016**

Due to the current economic climate, management is required to plan carefully and prudently to provide the resources to meet student needs over the next several years. Since the local contribution to public education continues to be based on property taxes, the recent reductions in home value reappraisals have had a negative effect on collections. Assessed property tax values in the District have decreased \$65,395,230 or approximately 16.3% since 2011.

The State budget for fiscal years 2016 and 2017 proposed a new formula to fund school districts. Under the new funding formula, the District experienced an increase of approximately \$2.05 million in fiscal year 2016 and expects to see a similar increase of another \$1.95 million in fiscal year 2017.

Contacting the District's Financial Management

This financial report is designed to provide our citizens taxpayers, and investors and creditors with a general overview of the District's finances and to show the District's accountability for the money it receives. If you have questions about this report or need additional financial information contact Shawwna Jones, Treasurer/CFO, Barberton City School District, 479 Norton Avenue, Barberton, Ohio, 44203. Or if you prefer, you may email inquiries to: sjones@barbertonschools.org.

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
FOR THE FISCAL YEAR ENDED JUNE 30, 2016

Net change in fund balances - total governmental funds	\$	2,082,827
<i>Amounts reported for governmental activities in the statement of activities are different because:</i>		
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense.		
Capital asset additions	\$ 4,369,185	
Current year depreciation	(5,835,175)	
Total		(1,465,990)
The net effect of various miscellaneous transactions involving capital assets (i.e., sales, disposals, trade-ins, and donations) is to decrease net position.		
		(722,105)
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.		
Property taxes	(204,815)	
Tuition	(40,000)	
Intergovernmental	(18,516)	
Earnings on investments	(9,953)	
Total		(273,284)
Repayment of bond and capital lease principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities on the statement of net position.		
		2,202,347
Issuances of bonds and capital leases are recorded as other financing sources in the funds; however, in the statement of activities, they are not reported as other financing sources as they increase liabilities on the statement of net position.		
Refunding bonds issued	(7,500,000)	
Capital lease transaction	(498,000)	
Total		(7,998,000)
Payment to refunded bond escrow agent for the retirement of bonds is an other financing use in the governmental funds but the payment reduces long-term liabilities on the statement of net position.		
		8,151,765
Premiums on refunding bonds issued are amortized over the life of the issuance in the statement of activities.		
		(782,332)
In the statement of activities, interest is accrued on outstanding bonds, whereas in governmental funds, an interest expenditure is reported when due. The following items resulted in less interest being reported in the statement of activities:		
Decrease in accrued interest payable	12,352	
Accreted interest on capital appreciation bonds	(111,188)	
Payment of accreted interest on capital appreciation bonds	690,007	
Amortization of bond premiums	390,364	
Amortization of deferred charges on refunding	(212,457)	
Total		769,078
Contractually required contributions are reported as expenditures in governmental funds; however, the statement of activities reports these amounts as deferred outflows of resources.		
		3,423,504
Except for amounts reported as deferred inflows/outflows of resources, changes in the net pension liability are reported as pension expense in the statement of activities.		
		(3,011,368)
Some expenses reported in the statement of activities, such as compensated absences, do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.		
		(152,108)
Change in net position of governmental activities	\$	2,224,334

**BARBERTON CITY SCHOOL DISTRICT
SUMMIT COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016

NOTE 1 - DESCRIPTION OF THE SCHOOL DISTRICT

The Barberton City School District (the "District") is a body politic and corporate established for the purpose of exercising the rights and privileges conveyed to it by the constitution and laws of the State of Ohio.

The District operates under a locally-elected five-member Board form of government and provides educational services as mandated by State and/or federal agencies. The Board controls the District's 4 instructional/support facilities staffed by 176 non-certified employees and 275 certified teaching personnel who provide services to approximately 4,075 students and other community members.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The basic financial statements of the District have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The District's significant accounting policies are described below.

A. Reporting Entity

The reporting entity has been defined in accordance with GASB Statement No. 14, "The Financial Reporting Entity" as amended by GASB Statement No. 39, "Determining Whether Certain Organizations Are Component Units" and GASB Statement No. 61, "The Financial Reporting Entity: Omnibus an Amendment of GASB Statements No. 14 and No. 34". The reporting entity is composed of the primary government and component units. The primary government consists of all funds, departments, boards and agencies that are not legally separate from the District. For the District, this includes general operations, food service, and student related activities of the District.

Component units are legally separate organizations for which the District is financially accountable. The District is financially accountable for an organization if the District appoints a voting majority of the organization's Governing Board and (1) the District is able to significantly influence the programs or services performed or provided by the organization; or (2) the District is legally entitled to or can otherwise access the organization's resources; or (3) the District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or (4) the District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the District in that the District approves the budget, the issuance of debt or the levying of taxes. Certain organizations are also included as component units if the nature and significance of the relationship between the primary government and the organization is such that exclusion by the primary government would render the primary government's financial statements incomplete or misleading. Based upon the application of these criteria, the District has no component units. The basic financial statements of the reporting entity include only those of the District (the primary government).

Within the boundaries of the District, Saint Augustine School is operated as a private school. State legislation provides funding to this private school. The District receives the money and then disburses the money as directed by the private school. The accounting for the monies is reflected in a special revenue fund of the District.

**BARBERTON CITY SCHOOL DISTRICT
SUMMIT COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

The following organizations are described due to their relationship to the District:

RELATED ORGANIZATION

The Barberton Public Library is a distinct subdivision of the State of Ohio created under Chapter 3375 of the Ohio Revised Code. The District is not involved in the budgeting process or operational management of the Library, nor does it subsidize or finance its operations. The selection of directors and approval of the annual budget by the District is conducted only to comply with statutory requirements. There were no related party transactions during fiscal year 2016.

JOINTLY GOVERNED ORGANIZATIONS

Northeast Ohio Network for Educational Technology (NEOnet)

NEOnet was established as a jointly governed organization among sixteen school districts and the Summit County Educational Service Center that was formed July 1, 1995. NEOnet was formed for the purpose of applying modern technology (with the aid of computers and other electronic equipment) to improve administrative and instructional functions of member districts. NEOnet has since been restructured and organized as a council of governments (COG) under Ohio Revised Code 3301.075 and Chapter 167. The new COG is called the Metropolitan Regional Service Council. The Council serves several program functions for the nineteen school district members, such as NEOnet ITC functions and as a collaborative purchasing agent. The Council is self supporting and conducts its fiscal services in house with a licensed treasurer.

The Council employs an Executive Director who works cooperatively with a seven-member Board of Directors consisting of four superintendents, the ESC superintendent, one member of the treasurers' committee and one member of the technology committee. The degree of control exercised by any participating school district is limited to its representation on the assembly, which elects the board of directors, who exercises total control over the operation of NEOnet including budgeting, appropriating, contracting and designating management. All revenues are generated from State funding and an annual fee per student to participating districts. The Metropolitan Regional Services Council and NEOnet are located at 700 Graham Rd., Cuyahoga Falls, Ohio 44221. During the current fiscal year, the District paid \$79,346 to NEOnet for services provided.

Four Cities Vocational Compact

The Four Cities Vocational Compact (Compact) is a jointly governed organization to provide for the vocational and special education needs of the students of four participating school districts. The four-member Board consists of the superintendent from each of the participating school districts. Students may attend any vocational or special education class offered by any of the four districts. If a student elects to attend a class offered by a school district other than the school district in which the student resides, the school district of residence pays an instructional fee to the school district that offered the class. Wadsworth City School District serves as the fiscal agent for this Compact, collecting and distributing payments. The committee exercises total control over the operation of the compact, including budgeting, appropriating, contracting and designating management. All revenues are generated from charges for services.

SUMMIT COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

PUBLIC ENTITY RISK POOL

In July 2010, the District joined together with Wadsworth City School District, Copley-Fairlawn City School District, Norton City School District, and Revere Local School District to establish a regional council of governments, organized under Chapter 167 of the Ohio Revised Code, known as the Summit Regional Health Care Consortium (SRHCC) for the purpose of promoting cooperative agreements and activities among its members in purchasing supplies and services and dealing with problems of mutual concern. The members of the SRHCC have undertaken a Health Benefits Program on a cooperative basis for the provision of certain medical, hospitalization, dental, prescription drug, vision, life, and disability income benefits for their employees and the eligible dependents of those employees, and any other health care benefits which the members may determine. As part of this agreement, each member is required to share in the program costs by making monthly payments to cover the program costs. The Treasurer of the fiscal agent (Copley-Fairlawn City School District) serves as the Treasurer of the SRHCC and is responsible for coordinating and administering the Health Benefits Program.

The Health Benefits Program is governed by the Board of Directors of the SRHCC (Board), which consists of one designee by each member school district (with at least one Superintendent designee), and the representative of the fiscal agent or designee. The fiscal agent Treasurer and program consultant shall serve as non-voting members. The SRHCC representatives and the fiscal agent treasurer's representative shall serve a two-year term of office. The officers consist of a Chairperson and Vice-Chairperson who are elected for one year terms by the Board. The fiscal agent Treasurer shall be a permanent member of the Board and shall serve as the Recording Secretary.

In the event of withdrawal, members are entitled to recover its contributions to the SRHCC, if any, along with the proportionate share of interest earned on these contributions which are not encumbered for payment of its share of program costs. Claims submitted by covered persons of a withdrawing member after the recovery of funds will be exclusively the liability of the withdrawing member. Financial information for the SRHCC can be obtained from John Wheadon, Treasurer of the Copley-Fairlawn City School District at 3797 Ridgewood Road, Copley, Ohio 44321-1665.

B. Fund Accounting

The District uses funds to report its financial position and the results of its operations. A fund is a separate accounting entity with a self-balancing set of accounts. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain school district activities or functions. Funds are classified into three categories: governmental, proprietary and fiduciary. Each category is divided into separate fund types. The District has no proprietary funds.

GOVERNMENTAL FUNDS

Governmental funds focus on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and deferred outflows and liabilities and deferred inflows is reported as fund balance.

**BARBERTON CITY SCHOOL DISTRICT
SUMMIT COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

The following are the District's major governmental funds:

General fund - The general fund is used to account for and report all financial resources not accounted for and reported in another fund. The general fund balance is available for any purpose provided it is expended or transferred according to the general laws of Ohio.

Bond retirement fund - The bond retirement fund is used to account for the accumulation of resources for, and payment of, general long-term and short-term debt principal and interest

Other governmental funds of the District are used to account for (a) financial resources that are restricted, committed, or assigned to expenditures for capital outlays including the acquisition or construction of capital facilities and other capital assets and (b) specific revenue sources that are restricted or committed to an expenditure for specified purposes other than debt service or capital projects.

FIDUCIARY FUNDS

Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into two classifications: private-purpose trust funds and agency funds. Trust funds are used to account for assets held by the District under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the District's own programs. The District's only trust fund is a private-purpose trust which accounts for several scholarship programs for students. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The District reports three agency funds which are used to account for student activities managed by the student body and other District agency activities and for monies held in fiscal agency capacity for another entity's Head Start program.

C. Basis of Presentation and Measurement Focus

Government-wide Financial Statements - The statement of net position and the statement of activities display information about the District as a whole. These statements include the financial activities of the primary government, except for fiduciary funds.

The government-wide statement of activities presents a comparison between direct expenses and program revenues for each function or program of the governmental activities of the District. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include amounts paid by the recipient of goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues not classified as program revenues are presented as general revenues of the District.

The government-wide financial statements are prepared using the economic resources measurement focus. All assets and deferred outflows and all liabilities and deferred inflows associated with the operation of the District are included on the statement of net position.

Fund Financial Statements - Fund financial statements report detailed information about the District. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column, and all nonmajor funds are aggregated into one column. Fiduciary funds are reported by fund type.

**BARBERTON CITY SCHOOL DISTRICT
SUMMIT COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and deferred outflows of resources and current liabilities and deferred inflows of resources generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include reconciliations with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

The private-purpose trust fund is reported using the economic resources measurement focus. The agency funds do not report a measurement focus as they do not report operations.

D. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Fiduciary funds also use the accrual basis of accounting.

Revenues - Exchange and Nonexchange Transactions - Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the District, available means expected to be received within sixty days of fiscal year end.

Nonexchange transactions, in which the District receives value without directly giving equal value in return, include property taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied (See Note 6). Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted, matching requirements, in which the District must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the District on a reimbursement basis. On a modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at fiscal year end: property taxes available as an advance, interest, tuition, grants, student fees and rentals.

**BARBERTON CITY SCHOOL DISTRICT
SUMMIT COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Deferred Outflows of Resources and Deferred Inflows of Resources - In addition to assets, the government-wide statement of net position will report a separate section for deferred outflows of resources. Deferred outflows of resources, represents a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until then. For the District, see Note 13 for deferred outflows of resources related the District's net pension liability. In addition, deferred outflows of resources include a deferred charge on debt refunding. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

In addition to liabilities, both the government-wide statement of net position and the governmental fund financial statements report a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net position that applies to a future period and will not be recognized as an inflow of resources (revenue) until that time. For the District, deferred inflows of resources include property taxes and unavailable revenue. Property taxes represent amounts for which there is an enforceable legal claim as of June 30, 2016, but which were levied to finance fiscal year 2017 operations. These amounts have been recorded as a deferred inflow of resources on both the government-wide statement of net position and the governmental fund financial statements. Unavailable revenue is reported only on the governmental funds balance sheet, and represents receivables which will not be collected within the available period. For the District unavailable revenue includes, but is not limited to, delinquent property taxes and intergovernmental grants. These amounts are deferred and recognized as an inflow of resources in the period the amounts become available.

For the District, see Note 13 for deferred inflows of resources related to the District's net pension liability. This deferred inflow of resources is only reported on the government-wide statement of net position.

Expenses/Expenditures - On the accrual basis of accounting, expenses are recognized at the time they are incurred. The entitlement value of donated commodities used during the year is reported in the statement of revenues, expenditures and changes in fund balances as an expenditure with a like amount reported as intergovernmental revenue.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

E. Budgetary Accounting

Tax Budget - Prior to January 15, the Superintendent and Treasurer submit to the Board of Education a proposed operating budget for the fiscal year commencing the following July 1. The budget includes proposed expenditures and the means of financing for all funds. Public hearings are publicized and conducted to obtain taxpayers' comments. The purpose of this budget document is to reflect the need for existing (or increased) tax rates. By no later than January 20, the Board-adopted budget is filed with the Summit County Budget Commission for tax rate determination.

**BARBERTON CITY SCHOOL DISTRICT
SUMMIT COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Estimated Resources - Prior to April 1, the Board of Education accepts, by formal resolution, the tax rates as determined by the Budget Commission and receives the Commission's certificate of estimated resources which states the projected revenue of each fund. Prior to July 1, the District must revise its budget so that total contemplated expenditures from any fund during the ensuing year will not exceed the amount stated in the certificate of estimated resources. The revised budget then serves as a basis for the appropriation measure. On or about July 1, the certificate of estimated resources is amended to include any unencumbered balances from the preceding year as reported by the District Treasurer. The certificate of estimated resources may be further amended during the year if projected increases or decreases in revenue are identified by the District Treasurer. The amounts reported as the original and final budgeted amount in the budgetary statement reflect the amounts set forth in the original and final amended certificate of estimated resources issued for fiscal year 2016.

Appropriations - Upon receipt from the County Fiscal Officer of an amended certificate of resources based on final assessed values and tax rates or a certificate saying no new certificate is necessary, the annual appropriation resolution must be legally enacted by the Board of Education at the fund level for all funds for expenditures, which is the legal level of budgetary control. Prior to the passage of the annual appropriation measure, the Board may pass a temporary appropriation measure to meet the ordinary expenses of the District. The Appropriation Resolution, by fund, must be within the estimated resources as certified by the County Budget Commission and the total of expenditures and encumbrances may not exceed the appropriation totals at the legal level of control. Any revisions that alter the total of any fund appropriation must be approved by the Board of Education. The Board may pass supplemental fund appropriations so long as the total appropriations do not exceed the amounts set forth in the most recent certificate of estimated resources. During the year, several supplemental appropriations were legally enacted.

The amounts reported as the original budget expenditure amounts reflect the first appropriation for that fund that covered the entire fiscal year, including amounts automatically carried over from prior years. The final budget figures, which appear in the statements of budgetary comparisons, represent the final appropriation amounts, including all supplemental appropriations. Formal budgetary integration is employed as a management control device during the year for all funds, other than agency funds, consistent with statutory provisions. Under Ohio law advances are not required to be budgeted.

As part of formal budgetary control, purchase orders, contracts and other commitments for the expenditure of monies are recorded as the equivalent of expenditures on non-GAAP budgetary basis in order to reserve that portion of the applicable appropriation and to determine and maintain legal compliance. Expenditures plus encumbrances may not legally exceed appropriations. On the GAAP basis, encumbrances outstanding at fiscal year-end may be reported as part of restricted, committed or assigned classifications of fund balance.

Lapsing of Appropriations - At the close of each fiscal year, the unencumbered balance of each appropriation reverts to the respective fund from which it was appropriated and becomes subject to future appropriation. Encumbered appropriations are carried forward to the succeeding fiscal year and are not reappropriated.

**BARBERTON CITY SCHOOL DISTRICT
SUMMIT COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

F. Cash and Investments

To improve cash management, all cash received by the District is pooled in several bank accounts. Monies for all funds are maintained in these accounts or temporarily used to purchase short-term investments. Individual fund integrity is maintained through the District's records. Each fund's interest in the pool is presented as "equity in pooled cash and investments" on the basic financial statements.

During fiscal year 2016, investments were limited to federal agency securities, U.S. Treasury obligations, U.S. government money market mutual funds, commercial paper, negotiable CDs and repurchase agreements. Investments are reported at fair value.

Following Ohio statutes, the Board of Education has, by resolution, specified the funds to receive an allocation of interest earnings. Interest is legally required to be placed in the general fund and the classroom facilities capital projects fund. Interest revenue credited to the general fund during fiscal year 2016 amounted to \$204,220 which includes \$69,722 assigned from other District funds.

For presentation on the financial statements, investments of the cash management pool and investments with original maturities of three months or less at the time they are purchased by the District are considered to be cash equivalents. Investments with an initial maturity of more than three months are reported as investments.

An analysis of the District's investments at year end is provided in Note 4.

G. Prepayments

Payments made to vendors for services that will benefit periods beyond June 30, 2016, are recorded as prepaid items using the consumption method. A current asset for the prepaid amount is recorded at the time of purchase and an expenditure/expense is reported in the year in which services are consumed. The District had no prepayments at June 30, 2016.

H. Inventory

Inventories of governmental funds are stated at cost. For all funds, cost is determined on a first-in, first-out basis. Inventories of the food service fund consist of donated food, purchased food and supplies held for resale. Inventories reported on the fund financial statements are expensed when used. On the government-wide financial statements, inventories are also presented at cost on a first-in, first-out basis and are expensed when used.

I. Capital Assets and Depreciation

General capital assets generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide statement of net position, but are not reported in the fund financial statements.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated assets are recorded at their acquisition values as of the date received. The District maintains a capitalization threshold of \$5,000. The District does not possess any infrastructure. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset life are not.

**BARBERTON CITY SCHOOL DISTRICT
SUMMIT COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

All reported capital assets except land are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

<u>Description</u>	<u>Estimated Lives</u>
Land improvements	5 - 30 years
Buildings and improvements	10 - 99 years
Furniture and equipment	5 - 20 years
Vehicles	10 years

J. Interfund Balances

On fund financial statements, receivables and payables resulting from short-term interfund loans as a result of cash deficits in certain funds at fiscal year-end are classified as “due to/from other funds”. These amounts are eliminated in the governmental type activities column on the statement of net position.

K. Compensated Absences

Vacation benefits are accrued as a liability as the benefits are earned if the employees’ rights to receive compensation are attributable to services already rendered and it is probable that the District will compensate the employees for the benefit through paid time off or some other means.

Sick leave benefits are accrued as a liability using the termination method. An accrual for earned sick leave is made to extent that it is probable that the benefits will result in termination payments. The liability is based on the District’s past experience of making termination payments. The entire compensated absence liability is reported on the government-wide financial statements.

For governmental fund financial statements, compensated absences are recognized as liabilities and expenditures as payments come due each period upon the occurrence of employee resignations and retirements.

The District records a liability for accumulated unused vacation time when earned for all employees with more than one year of service.

L. Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. However, compensated absences that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current year. Long-term bonds are recognized as a liability on the fund financial statements when due.

**BARBERTON CITY SCHOOL DISTRICT
SUMMIT COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

M. Unamortized Bond Premium and Discount/Accounting Gain or Loss

Bond premiums are deferred and amortized over the term of the bonds using the straight-line method, which approximates the effective interest method. Bond premiums are presented as an addition to the face amount of the bonds.

For advance refundings resulting in the defeasance of debt, the difference between the reacquisition price and the net carrying amount of the old debt is deferred and amortized as a component of interest expense. This accounting gain or loss is amortized over the remaining life of the old debt or the life of the new debt, whichever is shorter, and is presented as a deferred outflow of resources on the statement of net position.

On the governmental fund financial statements, bond premiums are recognized in the current period. A reconciliation between the bonds face value and the amount reported on the statement of net position is presented in Note 9.A.

N. Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the District is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

Nonspendable - The nonspendable fund balance classification includes amounts that cannot be spent because they are not in spendable form or legally required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash.

Restricted - Fund balance is reported as restricted when constraints are placed on the use of resources that are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments, or imposed by law through constitutional provisions or enabling legislation.

Committed - The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by a formal action (resolution) of the District Board of Education (the highest level of decision making authority). Those committed amounts cannot be used for any other purpose unless the District Board of Education removes or changes the specified use by taking the same type of action (resolution) it employed to previously commit those amounts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned - Amounts in the assigned fund balance classification are intended to be used by the District for specific purposes but do not meet the criteria to be classified as restricted nor committed. In governmental funds other than the general fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the general fund, assigned amounts represent intended uses established by policies of the District Board of Education, which includes giving the Treasurer the authority to constrain monies for intended purposes.

Unassigned - Unassigned fund balance is the residual classification for the general fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is only used to report a deficit fund balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

**BARBERTON CITY SCHOOL DISTRICT
SUMMIT COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

The District applies restricted resources first when expenditures are incurred for purposes for which restricted and unrestricted (committed, assigned, and unassigned) fund balance is available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

O. Estimates

The preparation of the basic financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the basic financial statements and accompanying notes. Actual results may differ from those estimates.

P. Net Position

Net position represents the difference between assets and deferred outflows and liabilities and deferred inflows. The net position component "net investment in capital assets," consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction or improvement of those assets or related debt also should be included in this component of net position. Net position is reported as restricted when there are limitations imposed on its use either through the enabling legislation adopted by the District or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

The District applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

Q. Interfund Transactions

Interfund transfers are reported as other financing sources/uses for governmental funds in the fund financial statements. All transfers between governmental funds have been eliminated within the governmental activities column of the statement of net position.

R. Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the Board of Education and that are either unusual in nature or infrequent in occurrence. Neither type of transaction occurred during fiscal year 2016.

S. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the pension plans and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the pension systems. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension systems report investments at fair value.

**BARBERTON CITY SCHOOL DISTRICT
SUMMIT COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

T. Fair Market Value

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

NOTE 3 - ACCOUNTABILITY AND COMPLIANCE

A. Change in Accounting Principles

For fiscal year 2016, the District has implemented GASB Statement No. 72, "Fair Value Measurement and Application", GASB Statement No. 73 "Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68", GASB Statement No. 76, "The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments", and GASB Statement No. 79, "Certain External Investment Pools and Pool Participants".

GASB Statement No. 72 addresses accounting and financial reporting issues related to fair value measurement. This Statement also provides guidance for applying fair value to certain investments and disclosures related to all fair value measurements. The implementation of GASB Statement No. 72 did not have an effect on the financial statements of the District.

GASB Statement No. 73 improves the usefulness of information about pensions included in the general purposes external financial reports of state and local governments for making decisions and assessing accountability. The implementation of GASB Statement No. 73 did not have an effect on the financial statements of the District.

GASB Statement No. 76 identifies - in the context of the current governmental financial reporting environment - the hierarchy of generally accepted accounting principles (GAAP). This Statement reduces the GAAP hierarchy to two categories of authoritative GAAP and addresses the use of authoritative and nonauthoritative literature in the event that the accounting treatment for a transaction or other event is not specified within a source of authoritative GAAP. The implementation of GASB Statement No. 76 did not have an effect on the financial statements of the District.

GASB Statement No. 79 establishes criteria for an external investment pool to qualify for making the election to measure all of its investments at amortized cost for financial reporting purposes. The implementation of GASB Statement No. 79 did not have an effect on the financial statements of the District.

B. Deficit Fund Balances

Fund balances at June 30, 2016 included the following individual fund deficits:

<u>Nonmajor funds</u>	<u>Deficit</u>
Public school preschool	\$ 677
IDEA Part B	6,397
IDEA preschool grant for the handicapped	8,648

**BARBERTON CITY SCHOOL DISTRICT
SUMMIT COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016

NOTE 3 - ACCOUNTABILITY AND COMPLIANCE - (Continued)

The general fund is liable for any deficit in these funds and provides transfers when cash is required, not when accruals occur. The deficit fund balances resulted from adjustments for accrued liabilities.

NOTE 4 - DEPOSITS AND INVESTMENTS

State statutes classify monies held by the District into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the District treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the Board of Education has identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use, but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than five years from the date of deposit or by savings or deposit accounts including passbook accounts.

Interim monies may be deposited or invested in the following securities:

1. United States Treasury Notes, Bills, Bonds, or any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal and interest by the United States;
2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
4. Bonds and other obligations of the State of Ohio;
5. No-load money market mutual funds consisting exclusively of obligations described in item (1) or (2) above of this section and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
6. The State Treasurer's investment pool (STAR Ohio);
7. Certain banker's acceptance and commercial paper notes for a period not to exceed one hundred eighty days from the purchase date in an amount not to exceed twenty-five percent of the interim monies available for investment at any one time; and,

**BARBERTON CITY SCHOOL DISTRICT
SUMMIT COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016

NOTE 4 - DEPOSITS AND INVESTMENTS - (Continued)

8. Under limited circumstances, corporate debt interests rated in either of the two highest classifications by at least two nationally recognized rating agencies.

Protection of the District's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, by surety company bonds deposited with the Treasurer by the financial institution or by a single collateral pool established by the financial institution to secure the repayment of all public monies deposited with the institution.

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the District, and must be purchased with the expectation that it will be held to maturity. Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the Treasurer or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

A. Deposits with Financial Institutions

At June 30, 2016, the carrying amount of all District deposits was \$2,676,621, exclusive of the \$6,875,000 repurchase agreements included in investments below. Based on the criteria described in GASB Statement No. 40, "Deposits and Investment Risk Disclosures", as of June 30, 2016, \$2,473,021 of the District's bank balance of \$2,723,021 was exposed to custodial risk as discussed below, while \$250,000 was covered by the FDIC.

Custodial credit risk is the risk that, in the event of bank failure, the District's deposits may not be returned. All deposits are collateralized with eligible securities in amounts equal to at least 105% of the carrying value of the deposits. Such collateral, as permitted by the Ohio Revised Code, is held in single financial institution collateral pools at Federal Reserve Banks, or at member banks of the federal reserve system, in the name of the respective depository bank and pledged as a pool of collateral against all of the public deposits it holds or as specific collateral held at the Federal Reserve Bank in the name of the District. The District has no deposit policy for custodial credit risk beyond the requirements of State statute. Although the securities were held by the pledging institutions' trust department and all statutory requirements for the deposit of money had been followed, noncompliance with federal requirements could potentially subject the District to a successful claim by the FDIC.

**BARBERTON CITY SCHOOL DISTRICT
SUMMIT COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016

NOTE 4 - DEPOSITS AND INVESTMENTS - (Continued)

B. Investments

As of June 30, 2016, the District had the following investments and maturities:

<u>Investment type</u>	<u>Fair Value</u>	<u>6 months or less</u>	<u>7 to 12 months</u>	<u>13 to 18 months</u>	<u>19 to 24 months</u>	<u>Greater than 24 months</u>
FFCB	\$ 1,685,617	\$ -	\$ -	\$ -	\$ -	\$ 1,685,617
FHLB	1,348,354	-	1,348,354	-	-	-
FHLMC	3,076,675	-	-	-	-	3,076,675
FNMA	2,963,589	-	-	1,203,312	984,998	775,279
Commercial paper	5,411,534	2,193,339	3,218,195	-	-	-
Negotiable CDs	1,776,283	1,021,844	-	-	-	754,439
U.S. Government money market mutual fund	4,975	4,975	-	-	-	-
Repurchase agreements	<u>6,875,000</u>	<u>6,875,000</u>	<u>-</u>	<u>-</u>	<u>-</u>	<u>-</u>
	<u>\$ 23,142,027</u>	<u>\$ 10,095,158</u>	<u>\$ 4,566,549</u>	<u>\$ 1,203,312</u>	<u>\$ 984,998</u>	<u>\$ 6,292,010</u>

The weighted average maturity of investments is 1.31 years.

The District's investments are valued using quoted market prices (Level 1 inputs).

Interest Rate Risk: Interest rate risk is the possibility that changes in interest rates will adversely affect the fair value of an investment. The District's investment policy places a five year limit on investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk: The District's U.S. Treasury obligations, commercial paper, federal agency securities, and the federal agency securities that underlie the repurchase agreements, were rated AA+ and Aaa by Standard & Poor's and Moody's Investor Services, respectively. Standard & Poor's has assigned the U.S. government money market mutual funds an AAAM money market rating. The District's investment policy does not specifically address credit risk beyond the adherence to all relevant sections of the Ohio Revised Code.

Custodial Credit Risk: For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The federal agency securities, commercial paper and U.S. Treasury obligations are exposed to custodial credit risk in that they are uninsured, unregistered and held by the counterparty's trust department or agent but not in the District's name. Of the District's investment in repurchase agreements, the entire balance is collateralized by underlying securities that are held by the investment's counterparty, not in the name of the District. Ohio law requires the market value of the securities subject to repurchase agreements must exceed the principal value of securities subject to a repurchase agreement by 2%. The District has no investment policy dealing with investment custodial risk beyond the requirement in State statute that prohibits payment for investments prior to the delivery of the securities representing such investments to the Treasurer or qualified trustee.

**BARBERTON CITY SCHOOL DISTRICT
SUMMIT COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016

NOTE 4 - DEPOSITS AND INVESTMENTS - (Continued)

Concentration of Credit Risk: The District's investment policy places specific limits on the percentage of the District's portfolio that may be invested in any one issuer. The following table includes the percentage of each investment type held by the District at June 30, 2016:

<u>Investment type</u>	<u>Fair Value</u>	<u>% of Total</u>
FFCB	\$ 1,685,617	7.28
FHLB	1,348,354	5.83
FHLMC	3,076,675	13.29
FNMA	2,963,589	12.81
Commercial paper	5,411,534	23.38
Negotiable CDs	1,776,283	7.68
U.S. Government money		
market mutual funds	4,975	0.02
Repurchase agreements	<u>6,875,000</u>	<u>29.71</u>
	<u>\$ 23,142,027</u>	<u>100.00</u>

C. Reconciliation of Cash and Investments to the Statement of Net Position

The following is a reconciliation of cash and investments as reported in the note above to cash and investments as reported on the statement of net position as of June 30, 2016:

<u>Cash and investments per note</u>	
Carrying amount of deposits	\$ 2,676,621
Investments	<u>23,142,027</u>
Total	<u>\$ 25,818,648</u>
<u>Cash and investments per statement of net position</u>	
Governmental activities	\$ 25,706,766
Private-purpose trust fund	36,166
Agency funds	<u>75,716</u>
Total	<u>\$ 25,818,648</u>

NOTE 5 - INTERFUND TRANSACTIONS

- A.** Interfund transfers for the year ended June 30, 2016, consisted of the following, as reported on the fund financial statements:

<u>Transfers to nonmajor governmental funds from:</u>	
General fund	\$ 79,887
Nonmajor governmental funds	2,259,578

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, and (2) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

**BARBERTON CITY SCHOOL DISTRICT
SUMMIT COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016

NOTE 5 - INTERFUND TRANSACTIONS

Transfers between nonmajor governmental funds consisted of transfers to close out the District's classroom facilities fund and transfer the remaining money in the fund into the permanent improvement fund and building fund.

All transfers were made in compliance with Ohio Revised Code Sections 5705.14, 5705.15 and 5705.16. Interfund transfers between governmental funds are eliminated for reporting in the statement of activities.

- B.** Interfund balances at June 30, 2016, as reported on the fund statements consist of \$48,870 due to the general fund from various nonmajor governmental funds. The primary purpose of the due to/from other funds is to cover negative cash in those funds. The interfund balances will be repaid once the anticipated revenues are received.

Interfund balances between governmental funds are eliminated on the government-wide financial statements; therefore, no internal balances at June 30, 2016 are reported on the statement of net position.

NOTE 6 - PROPERTY TAXES

Property taxes are levied and assessed on a calendar year basis while the District's fiscal year runs from July through June. First half tax collections are received by the District in the second half of the fiscal year. Second half tax distributions occur in the first half of the following fiscal year.

Property taxes include amounts levied against all real property and public utility property. Real property tax revenues received in calendar year 2016 represent the collection of calendar year 2015 taxes. Real property taxes received in calendar year 2016 were levied after April 1, 2015, on the assessed values as of January 1, 2015, the lien date. Assessed values for real property taxes are established by State statute at 35 percent of appraised market value. Real property taxes are payable annually or semiannually. If paid annually, payment is due December 31; if paid semiannually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, State statute permits alternate payment dates to be established. Public utility property tax revenues received in calendar year 2016 represent the collection of calendar year 2015 taxes. Public utility real and personal property taxes received in calendar year 2016 became a lien on December 31, 2014, were levied after April 1, 2015, and are collected with real property taxes. Public utility real property is assessed at 35 percent of true value; public utility tangible personal property is currently assessed at varying percentages of true value.

The District receives property taxes from Summit County. The County Fiscal Officer periodically advances to the District its portion of the taxes collected. Second-half real property tax payments collected by the County by June 30, 2016, are available to finance fiscal year 2016 operations. The amount available as an advance at June 30, 2016 was \$2,714,064 in the general fund, \$392,547 in the bond retirement fund and \$55,573 in the permanent improvement fund (a nonmajor governmental fund). This amount is recorded as revenue. The amount available as an advance at June 30, 2015 was \$2,581,811 in the general fund, \$421,977 in the bond retirement fund and \$53,539 in the permanent improvement fund (a nonmajor governmental fund). The amount of second-half real property taxes available for advance at fiscal year-end can vary based on the date the tax bills are sent.

**BARBERTON CITY SCHOOL DISTRICT
SUMMIT COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016

NOTE 6 - PROPERTY TAXES - (Continued)

Accrued property taxes receivable includes real property, public utility property and delinquent tangible personal property taxes which are measurable as of June 30, 2016 and for which there is an enforceable legal claim. Although total property tax collections for the next fiscal year are measurable, only the amount of real property taxes available as an advance at June 30 was levied to finance current fiscal year operations and is reported as revenue at fiscal year end. The portion of the receivable not levied to finance current fiscal year operations is offset by a credit to deferred inflows.

On the accrual basis of accounting, collectible delinquent property taxes have been recorded as a receivable and revenue, while on a modified accrual basis of accounting the revenue has been reported as a deferred inflow.

The assessed values upon which the fiscal year 2016 taxes were collected are:

	2015 Second Half Collections		2016 First Half Collections	
	<u>Amount</u>	<u>Percent</u>	<u>Amount</u>	<u>Percent</u>
Agricultural/residential and other real estate	\$ 325,588,870	96.37	\$ 322,091,440	96.18
Public utility personal	<u>12,267,780</u>	<u>3.63</u>	<u>12,805,850</u>	<u>3.82</u>
Total	<u>\$ 337,856,650</u>	<u>100.00</u>	<u>\$ 334,897,290</u>	<u>100.00</u>
Tax rate per \$1,000 of assessed valuation	\$ 70.21		\$ 69.86	

NOTE 7 - RECEIVABLES

Receivables at June 30, 2016 consisted of property taxes, accounts (billings for user charged services and student fees), intergovernmental grants and entitlements, and accrued interest. All receivables are considered collectible in full due to the ability to foreclose for the nonpayment of taxes, the stable condition of State programs and the current year guarantee of federal funds. Receivables have been disaggregated on the face of the financial statements. All receivables are expected to be collected within the subsequent year.

**BARBERTON CITY SCHOOL DISTRICT
SUMMIT COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016

NOTE 8 - CAPITAL ASSETS

Capital asset activity for the fiscal year ended June 30, 2016, was as follows:

	<u>Balance</u> <u>June 30, 2015</u>	<u>Additions</u>	<u>Disposals</u>	<u>Balance</u> <u>June 30, 2016</u>
Governmental activities:				
<i>Capital assets, not being depreciated:</i>				
Land	\$ 16,271,156	\$ -	\$ (23,233)	\$ 16,247,923
Total capital assets, not being depreciated	<u>16,271,156</u>	<u>-</u>	<u>(23,233)</u>	<u>16,247,923</u>
<i>Capital assets, being depreciated:</i>				
Land improvements	9,568,150	959,328	-	10,527,478

B. See Note 10 for detail on the capital lease and Note 13 for detail on the net pension liability.

Compensated Absences - Compensated absences will be paid from the fund from which the employee is paid, which for the District is primarily the general fund and the following nonmajor governmental funds: classroom facilities maintenance, auxiliary services, alternative education, IDEA - Part B, Title I, improving teacher quality and food service.

School Improvement Bonds (Series 2008): During fiscal year 2009, the District issued general obligation bonds to provide funds for the construction of new buildings and to improve existing buildings (hereinafter called "Construction Project"). These bonds are general obligations of the District for which the full faith and credit of the District is pledged for repayment. Accordingly, such unmatured obligations of the District are accounted for on the statement of net position. Payments of principal and interest relating to this bond are recorded as expenditures in the bond retirement fund. The District refunded the callable serial bonds for this issue in fiscal year 2016.

**BARBERTON CITY SCHOOL DISTRICT
SUMMIT COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016

NOTE 9 - LONG-TERM OBLIGATIONS - (Continued)

These bonds represent the amount of the Construction Project that the District itself was required to finance, in accordance with the terms of a facilities grant from the Ohio School Facilities Commission (OSFC). OSFC makes quarterly disbursements to the District as the project is completed.

This issue is comprised of both current interest bonds, par value \$34,175,000, and a capital appreciation bond, par value \$74,993. The interest rates on the current interest bonds range from 3.00% to 5.25%. The capital appreciation bond matured on December 1, 2015 at a redemption price equal to 100% of the principal, plus accrued interest to the redemption date. The approximate initial offering yield to maturity was 3.92%. The accreted value at maturity for the capital appreciation bond was \$765,000.

Interest payments on the current interest bonds are due on June 1 and December 1 of each year. The final maturity stated in the issue is December 1, 2017.

The following is a summary of the future debt service requirements to maturity for the series 2008 general obligation bonds:

Fiscal Year Ended	Current Interest Bonds		
<u>Year Ended</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2017	\$ 780,000	\$ 48,313	\$ 828,313
2018	<u>830,000</u>	<u>16,600</u>	<u>846,600</u>
Total	<u>\$ 1,610,000</u>	<u>\$ 64,913</u>	<u>\$ 1,674,913</u>

School Improvement Refunding Bonds (Series 2013): During fiscal year 2013, the District issued general obligation refunding bonds to advance refund the series 2005 current interest bonds. These bonds are general obligations of the District for which the full faith and credit of the District is pledged for repayment. Payments of principal and interest relating to this bond are recorded as expenditures in the bond retirement fund.

The issuance proceeds of \$17,600,115 were used to purchase securities which were placed in an irrevocable trust to provide resources for all future debt service payments on the refunded debt. This refunded debt is considered defeased (in substance) and accordingly has been removed from the statement of net position. At June 30, 2016, none of this debt was outstanding.

The reacquisition price exceeded the net carrying amount of the old debt by \$582,185. This amount is amortized over the remaining life of the refunded debt, which is equal to the life of the new debt issued, and is reported as a deferred outflow of resources on the statement of net position.

This issue is comprised of current interest bonds, par value \$16,290,000, with interest rates ranging from 0.55% to 4.00%. Interest payments are due on May 1 and November 1 of each year. The final maturity date stated in the issue is November 1, 2022.

NOTE 9 - LONG-TERM OBLIGATIONS - (Continued)

The following is a summary of the future debt service requirements to maturity for the series 2013 general obligation refunding bonds:

Fiscal Year Ended	Current Interest Bonds		
	Principal	Interest	Total
2017	\$ 1,860,000	\$ 460,258	\$ 2,320,258
2018	1,880,000	423,688	2,303,688
2019	1,935,000	364,044	2,299,044
2020	1,995,000	292,700	2,287,700
2021	2,075,000	211,300	2,286,300
2022 - 2023	<u>4,245,000</u>	<u>168,300</u>	<u>4,413,300</u>
Total	<u>\$ 13,990,000</u>	<u>\$ 1,920,290</u>	<u>\$ 15,910,290</u>

School Improvement Refunding Bonds (Series 2015): During fiscal year 2015, the District issued general obligation refunding bonds to advance refund a portion of the series 2008 current interest bonds. These bonds are general obligations of the District for which the full faith and credit of the District is pledged for repayment. Payments of principal and interest relating to this bond are recorded as expenditures in the bond retirement fund.

The issuance proceeds of \$24,605,490 were used to purchase securities which were placed in an irrevocable trust to provide resources for all future debt service payments on the refunded debt. This refunded debt is considered defeased (in substance) and accordingly has been removed from the statement of net position. At June 30, 2016, \$21,720,000 of this debt was outstanding.

The reacquisition price exceeded the net carrying amount of the old debt by \$2,336,743. This amount is amortized over the remaining life of the refunded debt, which is equal to the life of the new debt issued, and is reported as a deferred outflow of resources on the statement of net position.

This issue is comprised of current interest bonds, par value \$21,215,000, with interest rates ranging from 2.00% to 5.25%. Interest payments are due on June 1 and December 1 of each year. The final maturity date stated in the issue is December 1, 2031.

The following is a summary of the future debt service requirements to maturity for the series 2015 general obligation refunding bonds:

School Improvement Refunding Bonds (Series 2016): During fiscal year 2016, the District issued general obligation refunding bonds to advance refund a portion of the series 2008 current interest bonds. These bonds are general obligations of the District for which the full faith and credit of the District is pledged for repayment. Payments of principal and interest relating to this bond are recorded as expenditures in the bond retirement fund.

The issuance proceeds of \$8,151,765 were used to purchase securities which were placed in an irrevocable trust to provide resources for all future debt service payments on the refunded debt. This refunded debt is considered defeased (in substance) and accordingly has been removed from the statement of net position. At June 30, 2016, \$7,525,000 of this debt was outstanding.

The reacquisition price exceeded the net carrying amount of the old debt by \$447,887. This amount is amortized over the remaining life of the refunded debt, which is equal to the life of the new debt issued, and is reported as a deferred outflow of resources on the statement of net position. The refunding was undertaken to reduce total debt service payments by \$503,248 and resulted in an economic gain of \$380,535.

This issue is comprised of current interest bonds, par value \$7,500,000, with interest rates ranging from 4.00% to 4.125%. Interest payments are due on June 1 and December 1 of each year. The final maturity date stated in the issue is December 1, 2033.

C. Legal Debt Margin

The Ohio Revised Code provides that voted net general obligation debt of the District shall never exceed 9% of the total assessed valuation of the District. The code further provides that unvoted indebtedness shall not exceed 1/10 of 1% of the property valuation of the District. The code additionally states that unvoted indebtedness related to energy conservation debt shall not exceed 9/10 of 1% of the property valuation of the District. The assessed valuation used in determining the District's legal debt margin has been modified by House Bill 530 which became effective March 30, 2006. In accordance with House Bill 530, the assessed valuation used in the District's legal debt margin calculation excluded tangible personal property used in business, telephone or telegraph property, interexchange telecommunications company property, and personal property owned or leased by a railroad company and used in railroad operations.

The Ohio Revised Code further provides that when a board of education declares a resolution that the student population is not adequately served by existing facilities, and that insufficient capacity exists within the 9 percent limit to finance additional facilities, the State Department of Education may declare that District a "special needs" District. This permits the incurrence of additional debt based upon projected 5-year growth of the school district's assessed valuation. The District was determined to be a "special needs" District on November 14, 2007.

At June 30, 2016, the District's unvoted debt margin was \$334,897.

NOTE 10 - CAPITAL LEASES - LESSEE DISCLOSURE

During fiscal years 2015 and 2016, the District entered into lease agreements to acquire school buses. The lease agreements meets the criteria of a capital lease as defined by GAAP, which defines a capital lease generally as one which transfers benefits and risks of ownership to the lessee.

Capital assets consisting of vehicles have been capitalized in the amount of \$902,600. At June 30, 2016, accumulated depreciation was \$45,130, leaving a book value of \$857,470. A liability is recorded in the government-wide financial statements for the present value of the future minimum lease payments. Principal payments on the lease were \$227,354 and were paid from the general fund.

The following is a schedule of the future long-term minimum lease payments required under the capital lease and the present value of the future minimum lease payments as of June 30, 2016:

**BARBERTON CITY SCHOOL DISTRICT
SUMMIT COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016

NOTE 10 - CAPITAL LEASES - LESSEE DISCLOSURE - (Continued)

<u>Fiscal Year Ending June 30.</u>	<u>Amount</u>
2017	\$ 234,976

2019	<u>129,833</u>
Total minimum lease payments	599,785
Less: amount representing interest	<u>(29,082)</u>
Total	<u>\$ 570,703</u>

NOTE 11 - EMPLOYEE BENEFITS

A. Compensated Absences

The criteria for determining vacation and sick leave components are derived from negotiated agreements and state laws. Classified employees earn ten to thirty days of vacation per year, depending upon length of service. Administrator employees earn twenty vacation days per year and teachers do not earn vacation time.

Teachers, administrators, and classified employees can earn sick leave at a rate of one and one-fourth days per month. Sick leave may be accumulated up to a maximum of two hundred fifty-nine days for certified employees, two hundred fifty days for year round classified employees and two hundred thirty-five days for nine month classified employees. Upon retirement, payment is made for one-fourth of their accrued, but unused sick leave credit to a maximum established by negotiated agreements.

B. Health Care Benefits

The District provides medical, dental, vision and life insurance benefits to most employees. The premium and coverage varies with employee depending on the terms of the union contract.

NOTE 12 - RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks are covered by commercial insurance purchased from independent third parties. There have been no settlements paid in excess of insurance nor has insurance coverage been significantly reduced in any of the past three years.

In July 2010, the District joined the Summit Regional Health Care Consortium (SRHCC) Health Benefits Program, a public entity risk pool, to provide employee hospitalization, dental, prescription drug, vision, life, and disability benefits (see Note 2.A for detail). Premium rates are set or determined by the Board of Directors of the SRHCC. To the extent and in the manner permitted by any applicable agreements, policies, rules, regulations and laws, each member of the SRHCC may require contributions from its employees toward the cost of any benefit program being offered by the District and such contributions shall be included in the payments from the District to the fiscal agent of the SRHCC. The District pays a monthly premium to the SRHCC. Because the District is a member of the SRHCC and the SRHCC holds the reserves for Incurred But Not Reported (IBNR) claims, not the individual districts, IBNR information is not available on a district-by-district basis.

**BARBERTON CITY SCHOOL DISTRICT
SUMMIT COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016

NOTE 13 - DEFINED BENEFIT PENSION PLANS

Net Pension Liability

The net pension liability reported on the statement of net position represents a liability to employees for pensions. Pensions are a component of exchange transactions—between an employer and its employees—of salaries and benefits for employee services. Pensions are provided to an employee—on a deferred-payment basis—as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for pensions is a present obligation because it was created as a result of employment exchanges that already have occurred.

The net pension liability represents the District's proportionate share of each pension plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension plan's fiduciary net position. The net pension liability calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting this estimate annually.

The Ohio Revised Code limits the District's obligation for this liability to annually required payments. The District cannot control benefit terms or the manner in which pensions are financed; however, the District does receive the benefit of employees' services in exchange for compensation including pension.

GASB 68 assumes the liability is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires all funding to come from these employers. All contributions to date have come solely from these employers (which also includes costs paid in the form of withholdings from employees). State statute requires the pension plans to amortize unfunded liabilities within 30 years. If the amortization period exceeds 30 years, each pension plan's board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension liability. Resulting adjustments to the net pension liability would be effective when the changes are legally enforceable.

The proportionate share of each plan's unfunded benefits is presented as a long-term *net pension liability* on the accrual basis of accounting. Any liability for the contractually-required pension contribution outstanding at the end of the year is included in *pension and postemployment benefits payable* on both the accrual and modified accrual bases of accounting.

Plan Description - School Employees Retirement System (SERS)

Plan Description –District non-teaching employees participate in SERS, a cost-sharing multiple-employer defined benefit pension plan administered by SERS. SERS provides retirement, disability and survivor benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Ohio Revised Code Chapter 3309. SERS issues a publicly available, stand-alone financial report that includes financial statements, required supplementary information and detailed information about SERS' fiduciary net position. That report can be obtained by visiting the SERS website at www.ohsers.org under Employers/Audit Resources.

**BARBERTON CITY SCHOOL DISTRICT
SUMMIT COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016

NOTE 13 - DEFINED BENEFIT PENSION PLANS - (Continued)

Age and service requirements for retirement are as follows:

	Eligible to Retire on or before August 1, 2017 *	Eligible to Retire after August 1, 2017
Full Benefits	Any age with 30 years of service credit	Age 67 with 10 years of service credit; or Age 57 with 30 years of service credit
Actuarially Reduced Benefits	Age 60 with 5 years of service credit Age 55 with 25 years of service credit	Age 62 with 10 years of service credit; or Age 60 with 25 years of service credit

* Members with 25 years of service credit as of August 1, 2017, will be included in this plan.

Annual retirement benefits are calculated based on final average salary multiplied by a percentage that varies based on year of service; 2.2 percent for the first thirty years of service and 2.5 percent for years of service credit over 30. Final average salary is the average of the highest three years of salary.

One year after an effective benefit date, a benefit recipient is entitled to a three percent cost-of-living adjustment (COLA). This same COLA is added each year to the base benefit amount on the anniversary date of the benefit.

Funding Policy – Plan members are required to contribute 10 percent of their annual covered salary and the District is required to contribute 14 percent of annual covered payroll. The contribution requirements of plan members and employers are established and may be amended by the SERS’ Retirement Board up to statutory maximum amounts of 10 percent for plan members and 14 percent for employers. The Retirement Board, acting with the advice of the actuary, allocates the employer contribution rate among four of the System’s funds (Pension Trust Fund, Death Benefit Fund, Medicare B Fund, and Health Care Fund). For the fiscal year ended June 30, 2016, the entire 14 percent was allocated to pension, death benefits, and Medicare B and no portion of the employer contribution rate was allocated to the Health Care Fund.

The District’s contractually required contribution to SERS was \$710,564 for fiscal year 2016. Of this amount, \$5,164 is reported as pension and postemployment benefits payable.

Plan Description - State Teachers Retirement System (STRS)

Plan Description –District licensed teachers and other faculty members participate in STRS Ohio, a cost-sharing multiple-employer public employee retirement system administered by STRS. STRS provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS issues a stand-alone financial report that includes financial statements, required supplementary information and detailed information about STRS’ fiduciary net position. That report can be obtained by writing to STRS, 275 E. Broad St., Columbus, OH 43215-3771, by calling (888) 227-7877, or by visiting the STRS Web site at www.strsoh.org.

**BARBERTON CITY SCHOOL DISTRICT
SUMMIT COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016

NOTE 13 - DEFINED BENEFIT PENSION PLANS - (Continued)

New members have a choice of three retirement plans; a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. Benefits are established by Ohio Revised Code Chapter 3307. The DB plan offers an annual retirement allowance based on final average salary multiplied by a percentage that varies based on years of service. Effective August 1, 2015, the calculation will be 2.2 percent of final average salary for the five highest years of earnings multiplied by all years of service. With certain exceptions, the basic benefit is increased each year by two percent of the original base benefit. For members retiring August 1, 2013, or later, the first two percent is paid on the fifth anniversary of the retirement benefit. Members are eligible to retire at age 60 with five years of qualifying service credit, or age 55 with 25 years of service, or 30 years of service regardless of age. Age and service requirements for retirement will increase effective August 1, 2015, and will continue to increase periodically until they reach age 60 with 35 years of service or age 65 with five years of service on August 1, 2026.

The DC Plan allows members to place all their member contributions and 9.5 percent of the 14 percent employer contributions into an investment account. Investment allocation decisions are determined by the member. The remaining 4.5 percent of the 14 percent employer rate is allocated to the defined benefit unfunded liability. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal.

The Combined Plan offers features of both the DB Plan and the DC Plan. In the Combined Plan, member contributions are allocated among investment choices by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The defined benefit portion of the Combined Plan payment is payable to a member on or after age 60 with five years of services. The defined contribution portion of the account may be taken as a lump sum payment or converted to a lifetime monthly annuity at age 50.

New members who choose the DC plan or Combined Plan will have another opportunity to reselect a permanent plan during their fifth year of membership. Members may remain in the same plan or transfer to another STRS plan. The optional annuitization of a member's defined contribution account or the defined contribution portion of a member's Combined Plan account to a lifetime benefit results in STRS bearing the risk of investment gain or loss on the account. STRS has therefore included all three plan options as one defined benefit plan for GASB 68 reporting purposes.

A DB or Combined Plan member with five or more years of credited service who is determined to be disabled may qualify for a disability benefit. Eligible survivors of members who die before service retirement may qualify for monthly benefits. New members on or after July 1, 2013, must have at least ten years of qualifying service credit that apply for disability benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Funding Policy – Employer and member contribution rates are established by the State Teachers Retirement Board and limited by Chapter 3307 of the Ohio Revised Code. The statutory maximum employee contribution rate was increased one percent July 1, 2014, and will be increased one percent each year until it reaches 14 percent on July 1, 2016. For the fiscal year ended June 30, 2016, plan members were required to contribute 13 percent of their annual covered salary. The District was required to contribute 14 percent; the entire 14 percent was the portion used to fund pension obligations. The fiscal year 2016 contribution rates were equal to the statutory maximum rates.

The District's contractually required contribution to STRS was \$2,712,940 for fiscal year 2016. Of this amount, \$489,148 is reported as pension and postemployment benefits payable.

**BARBERTON CITY SCHOOL DISTRICT
SUMMIT COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016

NOTE 13 - DEFINED BENEFIT PENSION PLANS - (Continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The net pension liability was measured as of June 30, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on the District's share of contributions to the pension plan relative to the contributions of all participating entities. Following is information related to the proportionate share and pension expense:

	<u>SERS</u>	<u>STRS</u>	<u>Total</u>
Proportionate share of the net pension liability	\$ 8,873,877	\$ 48,970,454	\$ 57,844,331
Proportion of the net pension liability - current measurement date	0.15551570%	0.17719116%	
Proportion of the net pension liability - prior measurement date	0.15302900%	0.16852908%	
Change in the proportionate share	0.00248670%	0.00866208%	
Pension expense	\$ 596,231	\$ 2,415,137	\$ 3,011,368

At June 30, 2016, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>SERS</u>	<u>STRS</u>	<u>Total</u>
Deferred outflows of resources			
Differences between expected and actual experience	\$ 142,252	\$ 2,217,221	\$ 2,359,473
Changes in proportionate share	95,378	2,007,022	2,102,400
District contributions subsequent to the measurement date	<u>710,564</u>	<u>2,712,940</u>	<u>3,423,504</u>
Total deferred outflows of resources	<u>\$ 948,194</u>	<u>\$ 6,937,183</u>	<u>\$ 7,885,377</u>
Deferred inflows of resources			
Net difference between projected and actual earnings on pension plan investments	<u>\$ 278,701</u>	<u>\$ 3,229,561</u>	<u>\$ 3,508,262</u>

\$3,423,504 reported as deferred outflows of resources related to pension resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2016. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

**BARBERTON CITY SCHOOL DISTRICT
SUMMIT COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016

NOTE 13 - DEFINED BENEFIT PENSION PLANS - (Continued)

Fiscal Year Ending June 30:	<u>SERS</u>	<u>STRS</u>	<u>Total</u>
2017	\$ (71,633)	\$ (200,644)	\$ (272,277)
2018	(71,633)	(200,644)	(272,277)
2019	(71,633)	(200,645)	(272,278)
2020	<u>173,828</u>	<u>1,596,615</u>	<u>1,770,443</u>
Total	<u>\$ (41,071)</u>	<u>\$ 994,682</u>	<u>\$ 953,611</u>

Actuarial Assumptions - SERS

SERS' total pension liability was determined by their actuaries in accordance with GASB Statement No. 67, as part of their annual actuarial valuation for each defined benefit retirement plan. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (e.g., salaries, credited service) and assumptions about the probability of occurrence of events far into the future (e.g., mortality, disabilities, retirements, employment termination). Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

Key methods and assumptions used in calculating the total pension liability in the latest actuarial valuation, prepared as of June 30, 2015, are presented below:

Wage Inflation	3.25 percent
Future Salary Increases, including inflation	4.00 percent to 22.00 percent
COLA or Ad Hoc COLA	3 percent
Investment Rate of Return	7.75 percent net of investments expense, including inflation
Actuarial Cost Method	Entry Age Normal

F

or post-retirement mortality, the table used in evaluating allowances to be paid is the 1994 Group Annuity Mortality Table set back one year for both men and women. Special mortality tables are used for the period after disability retirement.

The most recent experience study was completed June 30, 2010.

**BARBERTON CITY SCHOOL DISTRICT
SUMMIT COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016

NOTE 13 - DEFINED BENEFIT PENSION PLANS - (Continued)

The long-term return expectation for the Pension Plan Investments has been determined using a building-block approach and assumes a time horizon, as defined in SERS' *Statement of Investment Policy*. A forecasted rate of inflation serves as the baseline for the return expectation. Various real return premiums over the baseline inflation rate have been established for each asset class. The long-term expected nominal rate of return has been determined by calculating a weighted averaged of the expected real return premiums for each asset class, adding the projected inflation rate, and adding the expected return from rebalancing uncorrelated asset classes. The target allocation and best estimates of arithmetic real rates of return for each major assets class are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Cash	1.00 %	0.00 %
US Stocks	22.50	5.00
Non-US Stocks	22.50	5.50
Fixed Income	19.00	1.50
Private Equity	10.00	10.00
Real Assets	10.00	5.00
Multi-Asset Strategies	15.00	7.50
Total	<u>100.00 %</u>	

Discount Rate - The total pension liability was calculated using the discount rate of 7.75 percent. The projection of cash flows used to determine the discount rate assumed the contributions from employers and from the members would be computed based on contribution requirements as stipulated by State statute. Projected inflows from investment earning were calculated using the long-term assumed investment rate of return (7.75 percent). Based on those assumptions, the plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefits to determine the total pension liability.

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate - Net pension liability is sensitive to changes in the discount rate, and to illustrate the potential impact the following table presents the net pension liability calculated using the discount rate of 7.75 percent, as well as what each plan's net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.75 percent), or one percentage point higher (8.75 percent) than the current rate.

	1% Decrease (6.75%)	Discount Rate (7.75%)	1% Increase (8.75%)
District's proportionate share of the net pension liability	\$ 12,304,878	\$ 8,873,877	\$ 5,984,690

Actuarial Assumptions - STRS

The total pension liability in the June 30, 2015, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

**BARBERTON CITY SCHOOL DISTRICT
SUMMIT COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016

NOTE 13 - DEFINED BENEFIT PENSION PLANS - (Continued)

Inflation	2.75 percent
Projected salary increases	2.75 percent at age 70 to 12.25 percent at age 20
Investment Rate of Return	7.75 percent, net of investment expenses
Cost-of-Living Adjustments (COLA)	2 percent simple applied as follows: for members retiring before August 1, 2013, 2 percent per year; for members retiring August 1, 2013, or later, 2 percent COLA paid on fifth anniversary of retirement date.

Mortality rates were based on the RP-2000 Combined Mortality Table (Projection 2022—Scale AA) for Males and Females. Males’ ages are set-back two years through age 89 and no set-back for age 90 and above. Females younger than age 80 are set back four years, one year set back from age 80 through 89 and not set back from age 90 and above.

Actuarial assumptions used in the June 30, 2015, valuation are based on the results of an actuarial experience study, effective July 1, 2012.

The 10 year expected real rate of return on pension plan investments was determined by STRS’ investment consultant by developing best estimates of expected future real rates of return for each major asset class. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized as follows:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Domestic Equity	31.00 %	8.00 %
International Equity	26.00	7.85
Alternatives	14.00	8.00
Fixed Income	18.00	3.75
Real Estate	10.00	6.75
Liquidity Reserves	<u>1.00</u>	3.00
Total	<u>100.00 %</u>	

Discount Rate - The discount rate used to measure the total pension liability was 7.75 percent as of June 30, 2015. The projection of cash flows used to determine the discount rate assumes member and employer contributions will be made at the statutory contribution rates in accordance with rate increases described above. For this purpose, only employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Projected employer contributions that are intended to fund the service costs of future plan members and their beneficiaries, as well as projected contributions from future plan members, are not included. Based on those assumptions, STRS’ fiduciary net position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2015. Therefore, the long-term expected rate of return on pension plan investments of 7.75 percent was applied to all periods of projected benefit payment to determine the total pension liability as of June 30, 2015.

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate - The following table presents the District's proportionate share of the net pension liability calculated using the current period discount rate assumption of 7.75 percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one-percentage-point lower (6.75 percent) or one-percentage-point higher (8.75 percent) than the current rate:

NOTE 14 - POSTEMPLOYMENT BENEFITS

A. School Employees Retirement System

Health Care Plan Description - The District contributes to the SERS Health Care Fund, administered by SERS for non-certificated retirees and their beneficiaries. For GASB 45 purposes, this plan is considered a cost-sharing, multiple-employer, defined benefit other postemployment benefit (OPEB) plan. The Health Care Plan includes hospitalization and physicians' fees through several types of plans including HMO's, PPO's, Medicare Advantage, and traditional indemnity plans as well as a prescription drug program. The financial report of the Plan is included in the SERS Comprehensive Annual Financial Report which can be obtained on SERS' website at www.ohsers.org under Employers/Audit Resources.

Access to health care for retirees and beneficiaries is permitted in accordance with Section 3309 of the Ohio Revised Code. The Health Care Fund was established and is administered in accordance with Internal Revenue Code Section 105(e). SERS' Retirement Board reserves the right to change or discontinue any health plan or program. Health care is financed through a combination of employer contributions and retiree premiums, copays and deductibles on covered health care expenses, investment returns, and any funds received as a result of SERS' participation in Medicare programs. Active employee members do not contribute to the Health Care Plan. Retirees and their beneficiaries are required to pay a health care premium that varies depending on the plan selected, number of qualified years of service, Medicare eligibility and retirement status.

Funding Policy - State statute permits SERS to fund the health care benefits through employer contributions. Each year, after the allocation for statutorily required basic benefits, the Retirement Board allocates the remainder of the employer contribution of 14 percent of covered payroll to the Health Care Fund. For fiscal year 2016, none of the employer contribution was allocated to health care. In addition, employers pay a surcharge for employees earning less than an actuarially determined minimum compensation amount, pro-rated according to service credit earned. For fiscal year 2016, this amount was \$23,000. Statutes provide that no employer shall pay a health care surcharge greater than 2 percent of that employer's SERS-covered payroll; nor may SERS collect in aggregate more than 1.5 percent of the total statewide SERS-covered payroll for the health care surcharge. For fiscal year 2016, the District's surcharge obligation was \$84,028.

The District's contributions for health care for the fiscal years ended June 30, 2016, 2015, and 2014 were \$84,028, \$116,702, and \$84,610, respectively. The full amount has been contributed for fiscal years 2016, 2015 and 2014.

B. State Teachers Retirement System

Plan Description - The District participates in the cost-sharing multiple-employer defined benefit Health Plan administered by the State Teachers Retirement System of Ohio (STRS) for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS. Ohio law authorizes STRS to offer this plan. Benefits include hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare Part B premiums. The Plan is included in the report of STRS which can be obtained by visiting www.strsoh.org or by calling (888) 227-7877.

**BARBERTON CITY SCHOOL DISTRICT
SUMMIT COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016

NOTE 14 - POSTEMPLOYMENT BENEFITS - (Continued)

Funding Policy – Ohio Revised Code Chapter 3307 authorizes STRS to offer the Plan and gives the Retirement Board authority over how much, if any, of the health care costs will be absorbed by STRS. Active employee members do not contribute to the Health Care Plan. All benefit recipients, for the most recent year, pay a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions. For fiscal years 2016 and 2015, STRS did not allocate any employer contributions to post-employment health care. The District's contributions for health care for the fiscal years ended June 30, 2016, 2015, and 2014 were \$0, \$0, and \$175,871, respectively. The full amount has been contributed for fiscal year 2014.

NOTE 15 - BUDGETARY BASIS OF ACCOUNTING

While reporting financial position, results of operations, and changes in fund balance on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts and disbursements.

The statement of revenue, expenditures and changes in fund balance - budget and actual (non-GAAP budgetary basis) presented for the general fund is presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and the GAAP basis are that:

- (a) Revenues and other financing sources are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis);
- (b) Expenditures and other financing uses are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis);
- (c) In order to determine compliance with Ohio law, and to reserve that portion of the applicable appropriation, total outstanding encumbrances (budget basis) are recorded as the equivalent of an expenditure, as opposed to assigned or committed fund balance for that portion of outstanding encumbrances not already recognized as an account payable (GAAP basis);
- (d) Investments are reported at fair value (GAAP basis) as opposed to cost (budget basis); and,
- (e) Some funds are included in the general fund (GAAP basis), but have separate legally adopted budgets (budget basis).

**BARBERTON CITY SCHOOL DISTRICT
SUMMIT COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016

NOTE 15 - BUDGETARY BASIS OF ACCOUNTING - (Continued)

The adjustments necessary to convert the results of operations for the year on the budget basis to the GAAP basis for the general fund is as follows:

Net Change in Fund Balance

	<u>General fund</u>
Budget basis	\$ 4,513,932
Net adjustment for revenue accruals	39,800
Net adjustment for expenditure accruals	(607,852)
Net adjustment for other sources/uses	550,702
Funds budgeted elsewhere	(112,002)
Adjustment for encumbrances	804,109
GAAP basis	<u>\$ 5,188,689</u>

Certain funds that are legally budgeted in separate special revenue funds are considered part of the general fund on a GAAP basis. This includes the special trust, uniform school supplies, rotary - special services, rotary, public school support, special enterprises and internal service funds.

NOTE 16 - CONTINGENCIES

A. Grants

The District received financial assistance from federal and State agencies in the form of grants. The expenditure of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the general fund or other applicable funds. However, the effect of any such disallowed claims on the overall financial position of the District at June 30, 2016, if applicable, cannot be determined at this time.

B. Litigation

The District is involved in no material litigation as either plaintiff or defendant.

C. Foundation Funding

District Foundation funding is based on the annualized full-time equivalent (FTE) enrollment of each student. Traditional Districts must comply with minimum hours of instruction, instead of a minimum number of school days each year. The funding formula the Ohio Department of Education (ODE) is legislatively required to follow will continue to adjust as enrollment information is updated by the District, which can extend past the fiscal year-end. As of the date of this report, ODE has not finalized the impact of enrollment adjustments to the June 30, 2016 Foundation funding for the District; therefore, the financial statement impact is not determinable at this time. ODE and management believe this will result in either a receivable to or liability of the District.

**BARBERTON CITY SCHOOL DISTRICT
SUMMIT COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016

NOTE 17 - SET-ASIDES

The District is required by State law to annually set-aside certain general fund revenue amounts, as defined by statutory formula, for the acquisition and construction of capital improvements. Amounts not spent by the end of the fiscal year or offset by similarly restricted resources received during the year must be held in cash at fiscal year-end. This amount must be carried forward to be used for the same purpose in future years. Expenditures exceeding the set-aside requirement may not be carried forward to the next fiscal year.

The following cash basis information describes the change in the fiscal year-end set-aside amounts for capital improvements. Disclosure of this information is required by State statute.

	<u>Capital Improvements</u>
Set-aside reserve balance June 30, 2015	\$ -
Current year set-aside requirement	647,774
Current year offsets	(299,501)
Prior year offset from bond proceeds	<u>(348,273)</u>
Total	<u>\$ -</u>
Balance carried forward to fiscal year 2017	<u>\$ -</u>
Set-aside reserve balance June 30, 2016	<u>\$ -</u>

During fiscal year 2009, the District issued \$34,249,993 in capital related school improvement bonds. These proceeds may be used to reduce the capital improvements set-aside amount to below zero for future years. The amount presented for prior year offset from bond proceeds is limited to an amount needed to reduce the capital improvements set-aside balance to \$0. The District is responsible for tracking the amount of bond proceeds that may be used as an offset in future periods, which was \$30,187,484 at June 30, 2016.

NOTE 18 - OTHER COMMITMENTS

The District utilizes encumbrance accounting as part of its budgetary controls. Encumbrances outstanding at year end may be reported as part of restricted, committed, or assigned classifications of fund balance. At year end, the District's commitments for encumbrances in the governmental funds were as follows:

<u>Fund</u>	<u>Year-End Encumbrances</u>
General	\$ 519,147
Nonmajor governmental	<u>247,750</u>
Total	<u>\$ 766,897</u>

The accompanying notes to this schedule are an integral part of this schedule.

BARBERTON CITY SCHOOL DISTRICT
Summit County, Ohio

Notes to the Schedule of Expenditures of Federal Awards
2 CFR 200.510(b)(6)
For the Year Ended June 30, 2016

1. Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) includes the federal award activity of the Barberton City School District (the District's) under programs of the federal government for the year ended June 30, 2016. The information on this Schedule is prepared in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the District, it is not intended to and does not present the financial position, changes in net position, or cash flows of the District.

2. Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the cash basis of accounting. Such expenditures are recognized following, as applicable, either the cost principles contained in OMB Circular A-87 *Cost Principles for State, Local, and Indian Tribal Governments* (codified in 2 CFR Part 225), or the cost principles contained in Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, wherein certain types of expenditures may or may not be allowable or may be limited as to reimbursement. The District has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

3. Child Nutrition Cluster

The District commingles cash receipts from the U.S. Department of Agriculture with similar State grants. When reporting expenditures on this Schedule, the District assumes it expends federal monies first.

4. Food Donation Program

The District reports commodities consumed on the Schedule at the entitlement value. The District allocated donated food commodities to the respective program that benefitted from the use of those donated food commodities.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
REQUIRED BY GOVERNMENT AUDITING STANDARDS**

Barberton City School District
Summit County
479 Norton Avenue
Barberton, Ohio 44203

To the Board of Education:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Barberton City School District, Summit County, (the District) as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the District's basic financial statements and have issued our report thereon dated November 18, 2016.

Internal Control Over Financial Reporting

As part of our financial statement audit, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support our opinion on the financial statements, but not to the extent necessary to opine on the effectiveness of the District's internal control. Accordingly, we have not opined on it.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the District's financial statements. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Given these limitations, we did not identify any deficiencies in internal control that we consider material weaknesses. However, unidentified material weaknesses may exist.

Compliance and Other Matters

As part of reasonably assuring whether the District's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

Purpose of this Report

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS
APPLICABLE TO THE MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER
COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

Barberton City School District
Summit County
479 Norton Avenue
Barberton, Ohio 44203

To the Board of Education:

Report on Compliance for the Major Federal Program

We have audited the Barberton City School District's (the District) compliance with the applicable requirements described in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* that could directly and materially affect the District's major federal program for the year ended June 30, 2016. The *Summary of Auditor's Results* in the accompanying schedule of findings identifies the District's major federal program.

Management's Responsibility

The District's management is responsible for complying with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to opine on the District's compliance for the District's major federal program based on our audit of the applicable compliance requirements referred to above. Our compliance audit followed auditing standards generally accepted in the United States of America; the standards for financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). These standards and the Uniform Guidance require us to plan and perform the audit to reasonably assure whether noncompliance with the applicable compliance requirements referred to above that could directly and materially affect a major federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe our audit provides a reasonable basis for our compliance opinion on the District's major program. However, our audit does not provide a legal determination of the District's compliance.

Opinion on the Major Federal Program

In our opinion, the Barberton City School District complied, in all material respects with the compliance requirements referred to above that could directly and materially affect its major federal program for the year ended June 30, 2016.

Report on Internal Control Over Compliance

The District's management is responsible for establishing and maintaining effective internal control over compliance with the applicable compliance requirements referred to above. In planning and performing our compliance audit, we considered the District's internal control over compliance with the applicable requirements that could directly and materially affect a major federal program, to determine our auditing procedures appropriate for opining on the major federal program's compliance and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not to the extent needed to opine on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program's applicable compliance requirement. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program compliance requirement will not be prevented, or timely detected and corrected. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with federal program's applicable compliance requirement that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

This report only describes the scope of our internal control over compliance tests and the results of this testing based on Uniform Guidance requirements. Accordingly, this report is not suitable for any other purpose.
