

SHAKER HEIGHTS

Comprehensive Annual Financial Report
For the Fiscal Year Ended December 31, 2015
City of Shaker Heights, Ohio

Dave Yost • Auditor of State

City Council
City of Shaker Heights
3400 Lee Rd
Shaker Heights, OH 44120

We have reviewed the *Independent Auditor's Report* of the City of Shaker Heights, Cuyahoga County, prepared by Ciuni & Panichi, Inc., for the audit period January 1, 2015 through December 31, 2015. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The City of Shaker Heights is responsible for compliance with these laws and regulations.

SHAKER HEIGHTS

December 50, 2016

Mayor Earl M. Leiken,
Members of City Council and
Citizens of the City of Shaker Heights, Ohio
Shaker Heights City Hall
3400 Lee Road
Shaker Heights, Ohio 44120

Re: Submission of 2015 Comprehensive Annual Financial Report

Dear Mayor Leiken, Members of Council, and Citizens of Shaker Heights:

We are pleased to submit for your review the City of Shaker Heights' (the City) 2015 Comprehensive Annual Financial Report, commonly referred to as a "CAFR". This report is the City's official annual report for the fiscal year ended December 31, 2015. This CAFR is a more extensive report than the basic financial statements, and we believe that it demonstrates the City's ongoing commitment to be accountable not only to its citizenry but also to excellence in financial reporting. Ohio law requires that the City of Shaker Heights annually publish a complete set of financial statements for the results of its fiscal operations, presented in conformity with generally accepted accounting principles (GAAP). The Finance Department is responsible for the accuracy of the data and the completeness and fairness of its presentation, including disclosures. We believe that the information presented is accurate in all material respects and reported in a manner designed to show the financial position and operating results of the City.

This CAFR consists of management's representations concerning the finances of the City of Shaker Heights. Consequently, the management of the City assumes full responsibility for the completeness and reliability of all of the information presented in this report. In order to provide a reasonable basis for making these representations, the management of the City has established a comprehensive internal control framework. This internal control system has been designed to both protect the City's assets from loss, theft or misuse and to compile sufficient reliable information for the preparation of the City's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the City's comprehensive framework of internal controls has been designed to provide reasonable, rather than absolute, assurance that the financial statements will be free from material misstatement. As the management of the City of Shaker Heights, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The City of Shaker Heights' financial statements have been audited by Ciuni & Panichi, Inc., a firm of licensed certified public accountants. The goal of the independent audit is to provide reasonable assurance that the financial statements of the City of Shaker Heights for the year ended December 31, 2015, are free of material misstatement. An independent audit involves examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. Based upon the results of the audit, the independent auditor concluded that there was a reasonable basis for rendering an unmodified opinion that the City's financial statements for the year ended December 31, 2015 are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the City of Shaker Heights was part of a broader, federally mandated “Single Audit” designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government’s internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal grant awards. These reports are available in the City’s separately issued Single Audit Report.

Provisions of GAAP require that city management provide an introduction, overview and analysis to accompany the basic financial statements in the form of a Management’s Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City’s MD&A can be found immediately following the independent auditor’s report.

Profile of the City of Shaker Heights, Ohio

The City of Shaker Heights, covering approximately 6.3 square miles and a population of 28,488, (2010 Census) is located approximately ten miles southeast of downtown Cleveland in Cuyahoga County in northeastern Ohio. Incorporated under Ohio law as a village in 1912, Shaker Heights became a city in 1931. As provided by Ohio law, the City operates under the auspices of its own charter, which was adopted by the voters in 1931. The Charter provides for the City to operate under the Mayor-Council form of government with the Mayor serving as the President of Council. The Mayor serves as the City’s Chief Executive Officer and appoints, subject to confirmation by City Council, and removes the City’s Chief Administrative Officer and appoints and removes all department heads. The City is empowered by State statute to levy a property tax on real properties and public utility personal property located within its boundaries. It is also empowered to levy a tax on the income and net profits of all individuals and businesses earned within the boundaries of the City as well as the income of City residents, regardless of where the income was earned.

Legislative authority is vested in a seven-member Council. All council members are elected at-large and serve for four-year terms. Council terms are staggered with four members being elected in one election and three members being elected in the next election two years following. City Council holds its regular monthly council meeting on the fourth Monday of the month. In addition, the Council holds a work session meeting on the second Monday of the month. The various committees of Council meet on a monthly basis at various times throughout the month. The Mayor appoints all Council committees. The Chief Administrative Officer serves as the Clerk of Council with the Director of Law serving as the Clerk of Council Pro-Tem. The City department heads attend regular council meetings and council work sessions whenever required.

Primarily considered to be a residential community, Shaker Heights is the nation’s oldest completely planned community and is recognized in the National Register as the Shaker Village Historical District. Combining the “Garden City” movement with comprehensive planning, the City was initially planned and developed to include housing that was diverse in style and in price, large parcels of land for public and private schools and churches, lakes, parks and a golf course. The City is served by a rail transit system to downtown Cleveland. Originally City-owned and operated, the rail system is now owned and operated by the Greater Cleveland Regional Transit Authority (GCRTA).

The City provides a variety of City services to its citizens, including: Police and Fire Protection, Emergency Medical Service, Refuse Collection, Street Maintenance, Recreation, Municipal Court, Public Health, Planning, Economic Development, Inspectional Services, Public Improvements and General Administrative Services. First Energy and the Dominion East Ohio Gas Company, both of which are independent, investor owned utilities regulated by the State of Ohio, provide the City’s residents with electricity and natural gas, respectively. The City also provides a natural gas aggregation program for its residents with Interstate Gas Supply, Inc. which is used by about 5,000 households in the City. The City of Cleveland and the Northeast Ohio Regional Sewer District provide water and sewage service to the City’s

residents. In addition to fees paid to the Northeast Ohio Regional Sewer District, City residents also pay a local surcharge based upon water consumption that is used by the City for the maintenance and replacement of the sewer lines within the City.

The City's Police Department is accredited by the Commission on Accreditation of Law Enforcement Agencies (CALEA). The department annually offers a Citizens Police Academy for City residents and is a member of the Eastside Department's Group Enforcement Agency (EDGE) to share police services, including a SWAT Team. The Shaker Heights Fire Department has a joint dispatch center with the neighboring cities of Cleveland Heights and University Heights. The Public Works Department offers backyard collection of refuse, and as such unsightly garbage cans are not placed on residential tree lawns. The City's recycling program allows the comingling of paper, glass, plastic and cans. In addition, the City offers large item drop off and recycling of corrugated cardboard, magazines and other materials at its service center, as well as recycling of discarded computers and electronic equipment.

Within Cuyahoga County, Shaker Heights is the only City other than Cleveland which has its own health department. The Health Department provides immunizations, works closely with the Shaker public and private schools, conducts screenings, population health surveillance, and community health assessments, supports the development of health policies that benefit Shaker residents and employees, performs health promotion and education activities, supervises jail health, conducts sanitation inspections, supervises environmental health issues including West Nile Virus and raccoon rabies, and receives emergency preparedness grants to fund Shaker preparedness. The department provides employee health services, including pre-employment and random drug testing, pre-employment nicotine testing, health consultations, and return-to-work evaluations.

The City continues to make available superior recreational facilities and programs to its residents. The Thornton Park recreation center is situated on a 13-acre campus and its facilities include an indoor ice arena that provides year-round service, an Olympic size outdoor pool, tot pool, spray pad, sand volleyball court, outdoor tennis courts, skate-park, basketball court, walking trail and sledding hill. Horseshoe Lake Park has trails, picnic pavilions, ADA accessible parking, and a children's playground. There is a multipurpose trail in the Shaker Boulevard median from Warrensville Center Road to the City of Beachwood border, connecting with Beachwood's own multipurpose trail, and sports fields on the Shaker Boulevard median near Warrensville Center Road and on Chagrin in the Shaker Towne Center area, among others. In addition to these facilities, a comprehensive range of recreational programs is offered for children and adults. The City also maintains the Shaker Lakes, a 190-acre area that includes four lakes.

The annual operating and capital budgets serve as the basis for the City's financial planning and control. The City's Charter requires the Mayor, with the assistance of the Director of Finance, to submit a draft of the following year's proposed budget not less than forty-five days (usually November 16th) prior to the end of each fiscal year. Council is required to adopt either an annual budget for the ensuing year or a temporary budget covering the first ninety days of the ensuing year, by no later than December 31st of the current year. If a temporary budget is adopted, a permanent budget must be adopted by no later than the ninetieth day of the budget year, normally March 31st. In recent years Council has adopted an annual operating and capital budget prior to December 31 of the preceding year.

The appropriated budget is prepared by fund, department, and expenditure category (personal services and all other expenditures). Council must authorize appropriation transfers between departments and between categories within departments and transfers or advances of moneys between funds. Operating budgets expire on December 31st. Budget-to-actual comparisons are provided in this report for each individual governmental fund for which an appropriated annual budget has been adopted. For the general fund, this comparison is presented as part of the basic financial statements for the governmental funds. For

governmental funds, other than the general fund, with appropriated annual budgets, this comparison is presented in the governmental fund subsection of this report.

Local Economy and Financial Condition

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the City of Shaker Heights operates.

The City of Shaker Heights is an inner-ring suburb of the City of Cleveland, Ohio. Primarily residential in nature, the City of Shaker Heights has a diverse base of residents working in many professions and industries. The City's economic strength is directly linked to this diversity and the strength of northeast Ohio's economy.

While downtown Cleveland is only twenty minutes by car from the heart of the City, the rapid transit, a light rail public transit system, provides even more accessibility to downtown Cleveland's business community and attractions, including a casino, the Global Innovation Center and the Cleveland Convention Center. The Greater Cleveland Regional Transit Authority's (GCRTA) rapid transit rail line serves not only downtown Cleveland and Cleveland Hopkins International Airport but also the Cleveland waterfront area including the recreational/entertainment area known as the "Flats", the Rock & Roll Hall of Fame and Museum, the Great Lakes Science Museum, Quicken Loans Arena (home of the NBA Cleveland Cavaliers), Progressive Field (home of the MLB Cleveland Indians) and First Energy Stadium (home of the NFL Cleveland Browns). Another contributor to the City's economic strength is its proximity to the University Circle area of Cleveland. University Circle is home to major cultural, educational and medical facilities including Severance Hall, the home of the world-renown Cleveland Orchestra, the Cleveland Museum of Art, and Case Western Reserve University. University Hospitals of Cleveland and the Cleveland Clinic are located in University Circle and are both world-renowned for medical research, teaching and treatment facilities. They are the two largest employers in Cuyahoga County.

Educational institutions contribute significantly to the fabric of the community. Of the principal employers in 2015, four of the top eight are schools: the Shaker Heights City School District; Hathaway Brown School; Laurel School; and University School (Shaker Heights Campus). The City of Shaker Heights residents place a noteworthy value on public education. Of the total millage in the City of Shaker Heights for all entities, approximately 73.2% of residential property taxes support the Shaker Heights City School District. In March of 2014, voters approved an additional levy of 6.9 mills for operating expenses of the Shaker Heights City School District. All of these factors have contributed to the continuing economic strength of the community.

According to the Cuyahoga County Fiscal Officer, the total real property assessed valuation for the 2015 tax year was \$777,985,760. For the 2006 tax-year the total real property assessed valuation was \$904,812,492. Most of the decrease during the ten-year period from 2006 to 2015 came as a revaluation of real property in 2009 and a full reappraisal of real property completed in 2012. This revaluation and the latest full reappraisal reflected the reduction in real estate values that had occurred as a result of the recent economic downturn and related decline in the housing market. Revenue derived from the current property collections decreased by 12.4% from 2012 to 2013 as a result of the lower assessed valuations. The ongoing collections of current property taxes increased in 2013, 2014 and 2015 and are expected to incrementally improve as property values recover in subsequent years.

On a cash basis, City income tax revenue grew 57.5% during the ten-year period from 2006 to 2015. The significant growth over the period was mostly attributable to the 0.5% increase in the income tax rate that became effective in October of 2012. In 2011, the Ohio General Assembly adopted a biennial

State budget that cut State aid to the City by 50% in the second year of the biennium, terminated certain other payments to the City to reimburse it for prior State tax cuts and eliminated the estate tax for all deaths occurring on and after January 1, 2013. These State actions were expected to have a significant impact on the City's financial outlook resulting in a 60% reduction in the City's state aid (excluding estate tax). In response to these actions by the State of Ohio, the City submitted a ballot measure to voters at a special election held in August of 2012 asking for an increase to the municipal income tax rate of 0.5% to a rate of 2.25%. Shaker voters approved the income tax increase by a 64% to 36% plurality.

Prior to the income tax rate increase, the annual rate of growth averaged approximately 1.0% per year from 2006-2011. While there was a 5.7% decline in income tax revenue in 2009 compared to 2008 as a result of the last recession, income tax revenue increased 4.0% in 2011 compared to 2010 and 2.2% in 2012 compared to 2011. It is important to note that income tax collection results since 2013 include collection of income tax at the increased rate. Income tax revenue grew by 30.6% in 2013 as the new rate was in effect for the full year and increased by 8.3% and 5.6% in 2014 and 2015, respectively, on strong collections. The majority of income tax collections, 66.6% are from individual tax payers, 30.3% are from withholding from employers and the remaining 3.1% is from taxes on net profits.

The 2014 and 2015 revenue results included the final distributions of estate tax revenue of \$844,300 and \$4,683, respectively. Future budgets will not include any revenue from this now phased out funding source. The City expects that the revenue from the income tax rate increase will make up for a significant portion of the losses in revenue related to the reductions in State aid and phase out of the estate tax.

Economic Development

The City has historically permitted development only pursuant to carefully developed and implemented general plans. In 2001, the City adopted a Strategic Investment Plan (SIP) which identified areas of the City for commercial and residential development and redevelopment.

In November 2010, the City adopted an Economic Development Strategy to generate income tax to support the City's long term economic strength. The plan focuses on business attraction in specific industry segments (ambulatory care, professional services, technology and information service, and design and engineering); business retention/expansion, such as retail businesses, home-based businesses; financial incentives to commercial property owners and businesses seeking to expand or locate in the City; and an aggressive marketing, branding, and business recruitment effort.

In 2015 the City continued its Vision Fund forgivable loan program to incentive property owners to make building improvements. It partnered with the Cuyahoga County/US Small Business Administration Municipal Loan Program, making funds available to companies who want to relocate to or expand in Shaker Heights. Four loans were awarded.

A "win-win" business challenge resulted in financial awards to businesses to fill underutilized or vacant space in the Chagrin/Lee commercial area. Equity Engineering, a company which provides engineering consultant, support and training for oil, gas and petro chemical companies and a major employer in the City, purchased the City largest commercial office building, Tower East, and heavily invested in building upgrades.

The Shaker Heights Development Corporation hired its first Executive Director and adopted a strategic plan, focusing on the business corridor along Lee Road.

Construction was completed on the \$18 million reconfiguration of the Warrensville/Van Aken/Chagrin intersection where four major highways intersected at various angles. This project set the stage for a 50-acre transit-oriented mixed use district and has improved safety at the intersection for motorists and pedestrians. The City contributed \$2.3 million of the \$18 million project total. Other partners include the State of Ohio, Cuyahoga County, the Greater Cleveland Regional Transit Authority, and the Northeast Ohio Areawide Coordinating Agency. Grants totaling \$1 million were received for additional streetscape improvements in the area.

During 2015 the City saw the addition of Dawn Look Design, Compass Storage, Leopold & Associates and Second Story Productions into storefront and office space in Shaker Heights.

Housing and the Neighborhoods

The City of Shaker Heights is known for the excellent quality of its housing, its attractive, Garden City landscape and its vibrant, diverse neighborhoods. These are the characteristics which draw people to the community and which cause them to stay. While all cities seek to be regarded as desirable places to live, for cities like Shaker Heights where 90.5% of the property tax base is residential, and only 9.5% is commercial, maintaining strong property values is an imperative, not a choice. Housing is Product #1 in this City. Throughout the decades, Shaker Heights has been the choice for home seekers looking to move into a community that acknowledges and recognizes the benefits – social, economic, and long-term – of an integrated, diverse suburb.

Shaker Heights Housing Preservation Plan adopted in 2001 was updated with the Housing and Neighborhood Plan approved by Council in March 2015.

Shaker's City Council has adopted the 2015 Housing and Neighborhood Plan which serves as an update to the 2001 Housing Preservation Plan. The goals of the 2015 Plan are:

- Attract New Residents to Shaker Heights, Increase Demand for Houses, and Increase Property Values
- Preserve Existing High Quality Housing, and
- Increase Cohesiveness, Desirability, Attractiveness, and Stability in the Neighborhoods

In 2015, the Housing Inspection Department conducted 599 point-of-sale inspections, a 3.1% increase over the prior year. 146 escrow accounts totaling \$1,998,244 were established to correct code violations. The Housing Inspection Department also works to improve the quality of rental housing for safety and habitability by requiring an annual Certificate of Occupancy for each rental property as well as a complete interior and exterior inspection every three years. Owner-occupied single-family homes receive an exterior inspection every five years, which assists in maintaining and improving the quality of housing in the City.

Foreclosures and properties sold at Sheriff's sales are monitored regularly, and instances of suspected fraud are referred to the City's Police Department for investigation. The City's Vacant Property Ordinance mandates that vacant homes be secured and maintained, and each vacant property is checked monthly by a dedicated Housing Inspector to ensure that it is kept secure and maintained to community standards. Nuisance abatement orders were issued on 29 properties in 2015 for items such as removal of boarded windows, replacement of broken windows, mold, holes in roofs, and demolition of 16 dwelling structures.

In 2015, four Shaker Renovator homes were rehabbed and sold, and 154 vacant lots were maintained. In addition, 166 residential foreclosures were filed, an increase of 6.4% compared to 2014.

New housing that meets the needs of Millennials and empty nesters is also being planned. A development and use agreement has been approved for Avalon Station Phase 2 which includes market rate, for sale townhomes in the Shaker Town Center area. Another market rate for sale townhome project in the Moreland neighborhood, dubbed “Transit Village”, features a blend of new housing and upgraded energy efficient housing to capitalize on the location’s proximity to transit. The City has established the Moreland Innovation Zone in the one-quarter-mile radius around the Chagrin-Lee intersection where residents and businesses leverage the opportunities created by high-speed fiber. This project builds off the City’s earlier Entrepreneurial Housing Project, where the City redeveloped two vacant foreclosed properties as nine units of affordable rental housing for entrepreneurs.

Construction was underway in 2015 for the Lake to Lakes multipurpose trail to connect the Shaker Lakes to Lake Erie, with our partners the City of Cleveland and Cleveland Heights. The Lee/Lomond intersection streetscape improvements funded with \$150,000 in grant dollars were completed.

Attract and Retain Strategy

The City’s Communications and Marketing Department leads the City’s efforts to market the City locally, regionally, and nationally through advertising and public relations. A marketing plan that distinguishes Shaker Heights as a desirable destination for retention of and relocation by a population capable of and willing to commit to its preservation and future includes:

- An annual advertising campaign in print, electronic and other media;
- Maintaining an active website shakeronline.com and Facebook page which has over 10,235 followers;
- Marketing to prospective residents and area employers;
- Publishing *Shaker Life* magazine;
- Emailing messages and “e-news” to a list of 9,357 subscribers; and
- Maintaining an active social media presence.

Awards and Acknowledgements

GFOA Certificate of Achievement Award and Auditor of State Award: The City of Shaker Heights was awarded the Government Finance Officers Association of the United States and Canada (GFOA) Certificate of Achievement for Excellence in Financial Reporting for its Comprehensive Annual Financial Report (CAFR) for the fiscal years ended December 31, 1996 through 2004. Due to a significant transition of Finance Department personnel in 2006, application for the CAFR for the fiscal year ending December 31, 2005 was waived. For the fiscal years ended December 31, 2006 through 2014, the City was again awarded the Certificate of Achievement for Excellence in Financial Reporting for its Comprehensive Annual Financial Report.

A Certificate of Achievement is valid for a period of only one-year. We believe that the City’s submission for the fiscal year ended December 31, 2015 continues to conform to the Certificate of Achievement program’s requirements and, as such, it will be submitted to the GFOA for review, evaluation and consideration.

For the third consecutive year, the City was awarded the Auditor of State Award with Distinction by the Ohio Auditor for 2014 Audit report.

Acknowledgements: The successful completion of a report of this scope depends upon the dedicated contributions of many employees. The sincere appreciation of those primarily responsible for the completion of this CAFR is extended to all contributors, but especially those employees in the Finance Department, particularly former Finance Director Matthew Rubino, Assistant Director of Finance Cheryl Arslanian, CPA, Accountants Paul Beckwith, CPA (inactive), and Lorraine Miller, CPA, Accounting Specialist Beverly Brown, Accounting Technician Rita Brown, Senior Administrative Assistant Gail Little and Accounting Technician Janet Jones. Without the dedicated assistance of the Finance Department employees, this report would not have been possible. Finally, the Staff wishes to extend its appreciation to the Mayor, City Council, and the Finance Committee for their support and commitment to responsible and transparent financial reporting.

Respectfully submitted,

Jeri E. Chaikin
Chief Administrative Officer

Robert H. Baker

Independent Auditor's Report

Members of the City Council
City of Shaker Heights, Ohio

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the City of Shaker Heights, Ohio (the "City"), as of and for the year ended December 31, 2015, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

Members of the City Council
City of Shaker Heights, Ohio

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the City, as of December 31, 2015, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As described in Note 2 to the basic financial statements, during 2015, the City adopted new accounting guidance, Governmental Accounting Standards Board (GASB) Statement No. 68, *Accounting and Financial Reporting for Pensions – an amendment of GASB No. 27*, and GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date – an amendment of GASB Statement No. 68*, and as a result restated their December 31, 2014 net position. Our opinions are not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 5 to 14 and the schedules of the City's proportionate share of the net pension liability and schedules of the City's contributions on pages 69 through 71 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements, and statistical section, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

Members of the City Council
City of Shaker Heights, Ohio

The combining and individual nonmajor fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 30, 2016 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

Management's Discussion and Analysis
For the Year Ended December 31, 2015

The discussion and analysis of the City of Shaker Heights's (the City) financial performance provides an overall review of the City's financial activities for the year ended December 31, 2015. The intent of this discussion and analysis is to look at the City's performance as a whole; readers should also review the notes to the basic financial statements and financial statements to enhance their understanding of the City's financial performance.

Financial Highlights

Key financial highlights for 2015 are as follows:

- Net position increased \$5.1 million, which represents an increase of 6 percent from 2014.
- Total capital assets increased \$2.4 million during 2015. The City purchased equipment and completed community improvement and street resurfacing and improvement projects in 2015.
- Outstanding debt decreased from \$21.9 million to \$20.6 million. The City rolled over \$1.0 million bond anticipation note and made \$2.4 million in principal payments, including the rollover in 2015.
- The City implemented GASB 68, which reduced beginning net position as previously reported by \$32.7 million.

Using this Comprehensive Annual Financial Report

This report is designed to allow the reader to look at the financial activities of the City of Shaker Heights as a whole and is intended to allow the reader to obtain a summary view or a more detailed view of the City's operations, as they prefer.

The Statement of Net Position and the Statement of Activities provide information from a summary perspective showing the effects of the operations for the year 2015 and how they affected the operations of the City as a whole.

Reporting the City as a Whole

Statement of Net Position and the Statement of Activities

The *Statement of Net Position* and *Statement of Activities* provide information about the activities of the whole City, presenting both an aggregate view of the City's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the City's most significant funds with all other nonmajor funds presented in total in one column. In the case of the City of Shaker Heights, the general fund is by far the most significant fund.

City of Shaker Heights
Cuyahoga County, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2015

A question typically asked about the City's finances is "How did we do financially during 2015?" The Statement of Net Position and the Statement of Activities answer this question. These statements include *all assets* and *liabilities* using the *accrual basis of accounting* similar to the accounting method used by most private-sector companies. This basis of accounting takes into account all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the City's *net position* and *changes in net position*. This change in net position is important because it tells the reader that, for the City as a whole, the *financial position* of the City has improved or diminished. The causes of this change may be the result of many factors, some financial, some not. Non-financial factors include the City's property tax base, current property tax laws in Ohio which restrict revenue growth, facility conditions, and other factors.

In the Statement of Net Position and the Statement of Activities, Governmental Activities include general government, security of persons and property, public health, leisure time services, housing and community development, sanitation and sewer services, street maintenance and repair, public works and interest and fiscal charges.

Reporting the City's Most Significant Funds

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been safeguarded for specific activities or objectives. The City uses many funds to account for financial transactions. However, these fund financial statements focus on the City's most significant funds. The City's major governmental funds are the general fund and capital projects fund.

Governmental Funds Most of the City's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in future periods. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the City's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance future services. The relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the financial statements.

Fiduciary Funds Fiduciary funds are used to account for resources held for the benefit of parties outside the City. Fiduciary funds are not reflected in the government-wide financial statements because the resources are not available to support the City's own programs. The City of Shaker Heights has only agency funds to report within the fiduciary fund category. Agency funds are reported on a full accrual basis and only present a statement of fiduciary assets and liabilities.

Proprietary Funds There are two types of proprietary funds; enterprise funds and internal service funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City has no activity that fits this category. Internal service funds are an accounting device used to accumulate and allocate costs internally among the City's various functions. The City maintains four individual internal service funds. Because these activities benefit governmental rather than business functions, they have been included within governmental activities in the government-wide financial statements.

City of Shaker Heights
Cuyahoga County, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2015

The City as a Whole

Recall that the Statement of Net Position provides the perspective of the City as a whole. Table 1 provides a summary of the City's net position for 2015 compared to 2014:

Table 1
Net Position

	Governmental Activities	
	2015	Restated 2014
Assets		
Current and Other Assets	\$ 71,982,527	\$ 68,164,693

City of Shaker Heights
Cuyahoga County, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2015

During 2015, the City adopted GASB Statement 68, *Accounting and Financial Reporting for Pensions—An Amendment of GASB Statement 27*, which significantly revises accounting for pension costs and liabilities. For reasons discussed below, many end users of this financial statement will gain a clearer understanding of the City's actual financial condition by adding deferred inflows related to pension and the net pension liability to the reported net position and subtracting deferred outflows related to pension.

Governmental Accounting Standards Board standards are national and apply to all government financial reports prepared in accordance with generally accepted accounting principles. When accounting for pension costs, GASB 27 focused on a funding approach. This approach limited pension costs to contributions annually required by law, which may or may not be sufficient to fully fund each plan's *net pension liability*. GASB 68 takes an earnings approach to pension accounting; however, the nature of Ohio's statewide pension systems and state law governing those systems requires additional explanation in order to properly understand the information presented in these statements.

Under the new standards required by GASB 68, the net pension liability equals the City's proportionate share of each plan's collective:

1. Present value of estimated future pension benefits attributable to active and inactive employees' past service
2. Minus plan assets available to pay these benefits

GASB notes that pension obligations, whether funded or unfunded, are part of the "employment exchange" – that is, the employee is trading his or her labor in exchange for wages, benefits, and the promise of a future pension. GASB noted that the unfunded portion of this pension promise is a present obligation of the government, part of a bargained-for benefit to the employee, and should accordingly be reported by the government as a liability since they received the benefit of the exchange. However, the City is not responsible for certain key factors affecting the balance of this liability. In Ohio, the employee shares the obligation of funding pension benefits with the employer. Both employer and employee contribution rates are capped by State statute. A change in these caps requires action of both Houses of the General Assembly and approval of the Governor. Benefit provisions are also determined by State statute. The employee enters the employment exchange with the knowledge that the employer's promise is limited not by contract but by law. The employer enters the exchange also knowing that there is a specific, legal limit to its contribution to the pension system. In Ohio, there is no legal means to enforce the unfunded liability of the pension system *against the public employer*. State law operates to mitigate/lessen the moral obligation of the public employer to the employee, because all parties enter the employment exchange with notice as to the law. The pension system is responsible for the administration of the plan.

Most long-term liabilities have set repayment schedules or, in the case of compensated absences (i.e. sick and vacation leave), are satisfied through paid time-off or termination payments. There is no repayment schedule for the net pension liability. As explained above, changes in pension benefits, contribution rates, and return on investments affect the balance of the net pension liability, but are outside the control of the local government. In the event that contributions, investment returns, and other changes are insufficient to keep up with required pension payments, State statute does not assign/identify the responsible party for the unfunded portion. Due to the unique nature of how the net pension liability is satisfied, this liability is separately identified within the long-term liability section of the statement of net position.

City of Shaker Heights
Cuyahoga County, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2015

In accordance with GASB 68, the City's statements prepared on an accrual basis of accounting include an annual pension expense for their proportionate share of each plan's change in net pension liability not accounted for as deferred inflows/outflows of resources.

As a result of implementing GASB 68, the City is reporting a net pension liability and deferred inflows/outflows of resources related to pension on the accrual basis of accounting. This implementation also had the effect of restating net position at December 31, 2014, from \$114.5 million to \$81.8 million.

At year end, capital assets represented 56 percent of total assets. Capital assets include, land, construction in progress, buildings and improvements, land improvements, machinery and equipment and infrastructure. Net investment in capital assets was \$69.9 million at December 31, 2015. These capital assets are used to provide services to citizens and are not available for future spending. Although the City's investment in capital assets is reported net of related debt, it should be noted that the resources to repay the debt must be provided from other sources, since capital assets may not be used to liquidate these liabilities.

A portion of the City's net position, \$18.0 million represents resources that are subject to external restrictions on how they may be used. The deficit balance of unrestricted net position of \$1.0 million is due to GASB 68 and 71.

Intergovernmental receivables showed an increase of \$1.7 million over 2014. Increases in grants receivable for City programs and capital improvement projects contributed to this increase. Lease receivable and the associated unearned revenue increased \$1.1 million over 2014 due to the extension of the cell tower lease. Deferred outflows for pension increased \$1.8 million over 2014.

Table 2 shows the changes in net position for fiscal year 2015 and 2014.

Table 2
Changes in Net Position

<i>Total Program Expenses</i>	54,865,413	52,634,601
 <i>Change in Net Position</i>	 \$ 5,149,694	 \$ 2,132,068

The information necessary to restate the 2014 beginning balances and the 2014 pension expense amounts for the effects of the initial implementation of GASB 68 is not available. Therefore, 2014 functional expenses still include pension expense of \$3,645,278 computed under GASB 27. GASB 27 required recognizing pension expense equal to the contractually required contributions to the plan. Under GASB 68, pension expense represents additional amounts earned, adjusted by deferred inflows/outflows. The contractually required contribution is no longer a component of pension expense. Under GASB 68, the 2015 statements report pension expense of \$3,895,518. Consequently, in order to compare 2015 total program expenses to 2014, the following adjustments are needed:

	Governmental Activities
Total 2015 program expenses under GASB 68	\$ 54,865,413
Pension expense under GASB 68	(3,837,615)
2015 contractually required contribution	3,556,368
Adjusted 2015 program expenses	54,584,166
Total 2014 program expenses under GASB 27	52,634,601
Increase in program expenses not related pension	\$ 1,949,565

City of Shaker Heights
Cuyahoga County, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2015

Governmental Activities

The funding for the governmental activities comes from several different sources, the most significant being the municipal income tax. Other prominent sources are charges for services, property taxes, operating grants and grants and entitlements.

The City's income tax rate was 2.25% in 2015 after voters approved an increase in the income tax rate at a special election in August 2012. The rate became effective on October 1, 2012. The City submitted to voters a request to increase its municipal income tax rate as a result of the state legislature reducing state local government fund support of cities by 50% and the elimination of the tax on estates of descendants that had died on or after January 1, 2013. Prior to this approval, the tax rate was unchanged at 1.75% since the last voter approved increase in 1981. Both residents of the City and nonresidents who work inside the City are subject to the income tax. The City grants an income tax credit to residents who work in a locality that has a municipal income tax. The City provides a credit of 50% of the resident's workplace community's income tax rate up to a tax rate of 1.0%.

Income and other tax revenue for 2015 was \$31.7 million, accounting for 53 percent of the City's total 2015 revenue of \$60.0 million. Charges for services of \$9.8 million account for 16 percent of total revenues. Property taxes of \$6.3 million account for 11 percent of total revenues. Unrestricted grants, entitlements, and estate taxes of \$3.3 account for 5 percent of total revenue and all other revenue of \$8.9 million accounts for the remaining 15 percent of the City's 2015 revenue. The City monitors its sources of revenue very closely for fluctuations throughout the year, especially income tax.

Charges for services decreased \$1.0 million from 2014 while operating grants increased \$0.3 million due to additional grants for City programs. The City received capital grants of \$3.1 million in 2015 for various improvement projects.

Security of persons and property, consisting of police and fire, represent the largest expense of the governmental activities. This expense of \$23.2 million represents 42 percent of the total governmental activities expenses.

General government expenses total \$7.6 million or 14 percent of total governmental expenses. General government expenses include legislative, executive and financial management departments of the City.

Street maintenance and repair expense of \$6.6 million accounts for 12 percent of total governmental activities expense. These expenses consist of road maintenance and repair projects and in 2015 included a resurfacing project partially funded by the Ohio Department of Transportation.

The City's Funds

Governmental Funds

Information about the City's governmental funds begins on page 18. These funds are accounted for using the modified accrual method of accounting. All governmental funds had revenues of \$59.2 million and expenditures of \$58.7 million. The funds are monitored consistently with adjustments made throughout the year in budgets to accommodate yearly revenues.

City of Shaker Heights
Cuyahoga County, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2015

The general fund's net change in fund balance for 2015 was an increase of \$2.1 million. Income tax revenue increased \$1.0 million (from improved economic conditions) in addition to a decrease in expenditures of \$1.3 million from 2014. Expenditures in general government decreased, with housing and community development decreasing \$0.3 million and security expenditures decreasing \$0.1 million from 2014.

The fund balance of the capital improvement fund decreased by \$1.4 million. Grant revenues for community and improvement projects increased \$3.0 million over 2014 while expenditures for housing and community development and street maintenance and repair increased \$1.0 million and \$3.6 million, respectively from 2014. The majority of these expenditure increases were associated with the grant proceeds received and a reduction of the capital improvement fund balance.

General Fund Budgeting Highlights

The City's budget is prepared according to Ohio law and is based on accounting for certain transactions on the basis of cash receipts, disbursements and encumbrances. An annual appropriation budget is legally required to be prepared for all funds of the City other than the capital projects and agency funds. The City appropriates for capital projects on a project-by-project basis. Council is provided with a detailed line item budget for all departments and has discussions at several regularly held council meetings and work sessions, which are open to the public. The budget is adopted by City Council at the fund level by department and within each department, broken out between personal services, other expenses and transfers. Appropriations by department may be transferred between departments and between personal services and other expenses within a department with the approval of Council. Council must also approve any revisions to the budget that alter total fund appropriations or that require the transfer of monies between funds. Recommendations for budget revisions are reviewed by the Finance Committee of City Council before being presented to the Council for consideration for enactment by ordinance. During the course of 2015, the City used this process to amend its general fund budget on several occasions.

The most significant budgeted fund is the general fund, which includes the recreation fund and economic development and housing fund. The Chief Administrative Officer and the Finance Department monitor all departmental budgets closely to monitor compliance with allocated budgets and provide quarterly reports to City Council and its Finance Committee depicting monthly and year-to-date activity.

For the general fund, the actual budget basis revenue was \$46.9 million, representing \$1.4 million over the final budget estimate of \$45.5 million. Municipal Income tax revenue exceeded projected amounts.

Final expenditure appropriations of \$39.1 million were \$3.4 million higher than the actual expenditures of \$35.6 million, as cost savings were recognized throughout the year.

Original budgeted revenues were \$30,000 less than final budget. Original expenditure appropriations were \$0.2 million under final expenditure appropriations. Housing and community development and street maintenance and repair were originally estimated lower.

Original transfers out were \$2.3 million under final estimates and actual transfers as more general fund resources were needed to fund various other services and capital projects of the City.

City of Shaker Heights
Cuyahoga County, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2015

Capital Assets and Debt Administration

Capital Assets

At the end of year 2015, the City had \$89.9 million in capital assets. Table 3 shows fiscal year 2015 balances compared with 2014.

Table 3
Capital Assets at December 31
(Net of Depreciation)

	Governmental Activities	
	2015	2014
Land	\$ 19,799,204	\$ 19,623,512
Construction in Progress	3,578,073	3,593,961
Buildings and Improvements	9,726,270	9,731,303
Land Improvements	5,747,999	5,823,848
Machinery and Equipment	7,450,218	6,258,408
Infrastructure:		
Streets	22,923,486	21,319,102
Storm and Sanitary Sewers	10,841,953	11,007,005
Bridges	53,813	59,749
Culverts	47,724	48,471
Traffic signals	9,730,181	10,059,530
<i>Total</i>	<u>\$ 89,898,921</u>	<u>\$ 87,524,889</u>

The \$2.4 million increase in capital assets of governmental activities was attributable to current year additional purchases exceeding depreciation and disposals which included predominantly an increase in machinery and equipment and street improvements. See Note 8 for additional information about the capital assets of the City.

Debt

The outstanding debt for the City as of December 31, 2015 was \$29.8 million. See Note 11 for additional details. Table 4 summarizes outstanding debt.

Table 4
Outstanding Debt, at December 31

For the Year Ended December 31, 2015

Current Financial Related Activities

In 2011, the Ohio General Assembly repealed effective January 1, 2013, the estate tax which had been an important revenue source for the City. It also significantly cut state aid (Local Government Fund) to the City. To contend with the loss in State revenue, City Council approved submitting a 0.5% income tax increase to the voters at an August 2012 special election. This tax increase was approved by the voters by a 64% to 36% plurality and the increased income rate became effective on October 1, 2012.

The City of Shaker Heights is strong financially and well managed, as evidenced by the AA+ bond rating awarded the City by Standard & Poor's in March 2012. The City's AAA rating awarded from Fitch Rating Services was reaffirmed in February 2016. These favorable credit ratings are the result of the City's history of creative planning and the combined cooperation of the elected officials, professional administration and employees and, most importantly, its residents. The City is well prepared to meet the challenges of the future. City management continues to be committed to providing the residents of the City of Shaker Heights with full and timely disclosures of the financial position of the City.

The City of Shaker Heights has committed itself to financial excellence. The City has received the Government Finance Officers Association (GFOA) Certificate of Achievement for Excellence in Financial Reporting every year since 1996, with the exception of the 2005 audit period due to the transition of Finance Directors. The City was awarded the Auditor of State Award with Distinction by the Ohio Auditor of State for the 2012, 2013 and 2014 audit reports.

Contacting the City's Finance Department

This financial report is designed to provide our citizens, taxpayers, investors and creditors with a general overview of the City's finances and to show the City's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Interim Director of Finance Robert Baker, at the City of Shaker Heights, 3400 Lee Road, Shaker Heights, Ohio 44120, (216) 491-1420 and by email: robert.baker@shakeronline.com. Additional financial and budgetary reporting for the City of Shaker Heights can be found online at the City's website: <http://shakeronline.com/departments/finance>.

City of Shaker Heights
Cuyahoga County, Ohio
Reconciliation of Total Governmental Fund Balances to
Net Position of Governmental Activities
December 31, 2015

Total Governmental Fund Balances		\$ 42,316,207
 <i>Amounts reported for governmental activities in the statement of net position are different because:</i>		
Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds.		89,898,921
Other long-term assets are not available to pay for current-period expenditures and therefore are deferred in the funds:		
Delinquent Property Taxes	\$ 543,782	
Income Taxes	7,737,401	
Intergovernmental	1,982,164	
Special Assessments	2,446,820	
Charges for Services	1,616,348	
Other	55,076	14,381,591
Internal service funds are used by management to charge the costs of certain activities, such as insurance, worker's compensation, printing supplies, and maintenance and repair of the City's fleet of vehicles to individual funds. The assets and liabilities of the Internal Service Funds are included in governmental activities in the statement of net position.		(146,162)
Accrued interest payable is not due and payable in the current period and therefore not reported in the funds.		(55,676)
Unamortized gain/loss on refunding represents deferred outflows, which do not provide current financial resources and, therefore, are not reported in the funds.		923,802
The net pension liability is not due and payable in the current period, and the net pension asset is not available for spending in the current period; therefore, the asset, liability and related deferred inflows/outflows are not reported in governmental funds (net of internal service funds).		
Net Pension Asset	40,031	
Deferred Outflows - Pension	5,305,482	
Deferred Inflows - Pension	(220,199)	
Net Pension Liability	(37,709,146)	(32,583,832)
Long-term liabilities are not due and payable in the current period and therefore are not reported in the funds:		
General Obligation Bonds	(15,895,000)	
Loans Payable	(3,648,133)	
Bond Anticipation Notes	(1,025,000)	
Unamortized Bond Premium	(499,866)	
Capital Leases	(659,179)	
Compensated Absences (net of internal service funds)	(6,074,654)	(27,801,832)
 <i>Net Position of Governmental Activities</i>		 \$ 86,933,019

See accompanying notes to the basic financial statements.

City of Shaker Heights
Cuyahoga County, Ohio
*Reconciliation of the Statement of Revenues, Expenditures and Changes
in Fund Balances of Governmental Funds to the Statement of Activities
For the Year Ended December 31, 2015*

Net Change in Fund Balances - Total Governmental Funds	\$	637,005
<i>Amounts reported for governmental activities in the statement of activities are different because:</i>		
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense.		
Capital Asset Additions	\$ 5,551,121	
Current Year Depreciation	<u>(3,068,910)</u>	2,482,211
Governmental funds only report the disposal of capital assets to the extent proceeds are received from the sale. In the statement of activities, a gain or loss is reported for each disposal.		
		(108,179)
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.		
Delinquent Property Taxes	(5,425)	
Municipal Income Taxes	(678,389)	
Intergovernmental	939,357	
Special Assessments	109,287	
Charges for Services	354,244	
Other	<u>53,173</u>	772,247
Repayment of principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position.		
General Obligation Bonds	780,000	
Loans Payable	341,882	
Bond Anticipation Notes	1,230,000	
Capital Lease	<u>224,291</u>	2,576,173
Debt proceeds issued in the governmental funds that increase long-term liabilities in the statement of net position are not reported as revenues.		
Bond Anticipation Notes		(1,025,000)
In the statement of activities, interest is accrued on outstanding bonds, and bond premium and the gain/loss on refunding are amortized over the term of the bonds, whereas in governmental funds, an interest expenditure is reported when bonds are issued.		
Accrued Interest Payable	9,053	
Amortization of Premium on Bonds	31,242	
Amortization of Refunding Loss	<u>(57,738)</u>	(17,443)
Contractually required pension contributions are reported as expenditures in governmental funds; however, the statement of net position reports these amounts as deferred outflows.		
		3,556,368
Except for amount reported as deferred inflows/outflows, changes in the net pension asset/liability are reported as pension expense in the statement of activities.		
		(3,837,615)
The internal service fund used by management to charge the costs of insurance to individual funds is not reported in the entity-wide statement of activities. Governmental expenditures and related internal service fund revenues are eliminated. The net revenue (expense) of the internal service fund is allocated among the governmental activities.		
		236,289
Some expenses reported in the statement of activities, do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.		
Compensated Absences (net of internal service funds)		<u>(122,362)</u>
<i>Change in Net Position of Governmental Activities</i>	\$	<u>5,149,694</u>

See accompanying notes to the basic financial statements.

City of Shaker Heights
Cuyahoga County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

Note 1 – Description of the City and Reporting Entity

The City of Shaker Heights (the “City”) was incorporated under the laws of the State of Ohio in 1912. The City has operated as a home rule municipal corporation under its own charter since the charter’s adoption by the residents in 1931. The charter provides that the City operate under the Mayor/Council form of government, with the legislative power vested in the seven-member Council. The Mayor is the Chief Executive Officer of the City. The Mayor appoints the Chief Administrative Officer of the City, who is confirmed by Council.

Reporting Entity

The City provides various services including police and fire protection, public health, parks and recreation, street maintenance, planning and zoning, community preservation, economic development and other general governmental services. None of these services are provided by legally separate organizations; therefore, these operations are included in the primary government.

As defined by generally accepted accounting principles established by the Governmental Accounting Standards Board, the financial reporting entity consists of the City (the primary government), as well as its component units. Component units are defined as legally separate organizations for which the elected officials of the primary government are financially accountable. Financial accountability is defined as appointment of a voting majority of the component unit’s board, and either a) the ability of the primary government to impose its will on the component unit, or b) the possibility that the component unit will provide a financial benefit to, or impose a financial burden on, the primary government.

Based upon the foregoing criteria, these financial statements do not include any component units.

The City participates in two jointly governed organizations and a related organization. The jointly governed organizations are the Northeast Ohio Public Energy Council and the First Suburbs Consortium of Northeast Ohio Council of Governments, while the Shaker Heights Development Corporation is a related organization. These organizations are presented in Note 16.

Note 2 – Summary of Significant Accounting Policies

The financial reporting practices of the City conform to generally accepted accounting principles as applicable to local governments. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial principles. The most significant of the City’s accounting policies are described below.

A. Basis of Presentation

The City’s basic financial statements consist of government-wide statements, including a statement of net position and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

City of Shaker Heights
Cuyahoga County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

Government-Wide Financial Statements

The statement of net position and the statement of activities display information about the City as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The activity of the internal service funds is eliminated to avoid double-counting revenues and expenses.

The statement of net position presents the financial condition of the governmental activities of the City at year-end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the City's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and therefore, clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program, and interest earned on grants that is required to be used to support a particular program. Revenues not classified as program revenues are presented as general revenues of the City, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the City.

Fund Financial Statements

During the year, the City segregates transactions related to certain City functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the City at this more detailed level. The focus of governmental and enterprise fund financial statements is on major funds. Each major fund is presented in a separate column. Non major funds are aggregated and presented in a single column. The internal service funds are presented in a single column on the proprietary fund statements. Fiduciary funds are reported by type.

B. Fund Accounting

The City uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. There are three categories of funds: governmental, proprietary and fiduciary.

Governmental Funds – Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and deferred outflows of resources and liabilities and deferred inflows of resources is reported as fund balance.

The following are the City's major governmental funds:

General Fund – To account for all financial resources except those required to be accounted for in another fund. The general fund balance is available to the City for any purpose provided it is expended or transferred according to the charter of the City and/or the general laws of Ohio. Within the general fund group are the economic development and housing fund and the recreation fund.

City of Shaker Heights
Cuyahoga County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

Capital Projects Fund – To account for financial resources to be used for the acquisition or construction of capital facilities.

The other governmental funds of the City account for grants and other resources whose use is restricted to a particular purpose.

Proprietary Funds – Proprietary fund reporting focuses on the determination of operating income, changes in net position, financial position and cash flows. Proprietary funds are classified as either enterprise or internal service. The City has no enterprise funds.

Internal Service Funds – Internal service funds account for the financing of goods or services provided by one department or agency to other departments or agencies of the City on a cost-reimbursement basis. The City maintains four separate internal service funds to account for its self-insurance activity, inventory of consumable supplies, copier management, and its municipal garage (fleet maintenance).

Fiduciary Funds – Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private purpose trust funds and agency funds. Trust funds are used to account for assets held by the City under a trust agreement for individuals, private organizations, or other governments and are therefore, not available to support the City's own programs. The City has no trust funds. The City maintains two other non major funds, the police pension fund and the fire pension fund that are not considered fiduciary funds because the funds are used to make the City's payments to the Ohio Police and Fire Pension Fund but are not used to make payments directly to former employees. The City's agency funds are custodial in nature (assets equal liabilities) and thus do not involve the measurement of the results of operations. The City's agency funds are fully described on page 127.

C. Measurement Focus

Government-Wide Financial Statements

The government-wide statements are prepared using the flow of economic resources measurement focus. All assets and deferred outflows of resources and all liabilities and deferred inflows of resources associated with the operation of the City are included on the statement of net position, except for fiduciary funds. The statement of activities presents increases (e.g., revenues) and decreases (e.g., expenses) in total net position.

Fund Financial Statements

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and deferred outflows of resources and current liabilities and deferred inflows of resources generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements, therefore, include reconciliations with brief explanations to better identify the relationship between the government-wide statements and the fund financial statements of governmental funds.

City of Shaker Heights
Cuyahoga County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

All proprietary funds are accounted for on a flow of economic resources measurement focus. All assets and deferred outflows of resources and all liabilities and deferred inflows of resources associated with the operation of these funds are included on the statement of fund net position. The statement of revenues, expenses and changes in fund net position presents increases (i.e., revenues) and decreases (i.e., expenses) in total net position. The statement of cash flows provides information about how the City's finances meets the cash flow needs of its proprietary activities.

D. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Proprietary funds and fiduciary funds also use the accrual basis of accounting.

Governmental funds are accounted for using the modified accrual basis of accounting and the current financial resources measurement focus. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred inflows/outflows of resources, and in the presentation of expenses versus expenditures.

Revenues – Exchange and Non-Exchange Transactions

In applying the susceptible to accrual concept under the modified accrual basis, the following revenue sources are deemed both measurable and available: municipal income taxes withheld by employers, estate taxes, sewerage surcharges, investment earnings, fines and forfeitures and state levied locally shared taxes (including motor vehicle fees). Available means that the resources will be collected within the current year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current year. Revenues received by the City within 60 days after year-end are deemed to be available. Reimbursements for federally funded grant projects are accrued as revenue at the time the eligible expenditures are made. Property taxes and special assessments, though measurable, are not available soon enough in the subsequent year to finance current period obligations. Income taxes and sewerage surcharges are considered to be measurable when billed; however, these revenue sources are not considered to be available until they have been received by the collecting agency. Accordingly, these items are recorded and revenue recognition is deferred until they become available.

All other revenue sources, including licenses and permits, certain charges for services, and non-employer withheld income taxes, are recorded as revenue when received in cash because they generally are not measurable until actually received by the City.

Unearned Revenue

Unearned revenue represents amounts under the accrual and modified accrual basis of accounting for which asset recognition criteria have been met, but for which revenue recognition criteria have not yet been met because such amounts have not yet been earned. At December 31, 2015, the City has unearned revenue for lease receivables recorded for rent that will be collected for a future year.

City of Shaker Heights
Cuyahoga County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

Deferred Outflows/Inflows of Resources

In addition to assets, the statements of financial position will sometimes report a separate section for deferred outflows of resources. Deferred outflows of resources represent a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until then. For the City, deferred outflows of resources are reported on the government-wide statement of net position for pension and deferred charges on debt refunding. The deferred outflows of resources related to pension are explained in Note 9.

In addition to liabilities, the statements of financial position report a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net position that applies to a future period and will not be recognized until that time. For the City, deferred inflows of resources include property taxes, pension, and unavailable revenue. Property taxes and payment in lieu of taxes, for which there is an enforceable legal claim as of December 31, 2015, but which were levied to finance 2016 operations. These amounts have been recorded as a deferred inflow on both the government-wide statement of net position and governmental fund financial statements. Unavailable revenue is reported only on the governmental funds balance sheet, and represents receivables which will not be collected within the available period. For the City, unavailable revenue includes delinquent property taxes, intergovernmental grants, municipal income taxes, special assessments and miscellaneous revenues. These amounts are deferred and recognized as an inflow of resources in the period the amounts become available. Deferred inflows of resources related to pension are reported on the government-wide statement of net position. (See Note 9).

Expenses/Expenditures

On the accrual basis of accounting, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Most expenditures are measurable and are recorded when the related liability is incurred except for unmatured principal and interest on general long-term debt which is recognized when paid. Allocations of cost, such as depreciation and amortization, are not recognized in the governmental funds.

E. Cash and Cash Equivalents

For purposes of the statement of cash flows, the proprietary fund types consider all highly liquid investments that are both readily convertible to known amounts of cash, with a maturity of three months or less when purchased to be cash equivalents.

To improve cash management, cash received by the City is pooled. Monies for all funds are maintained in this pool. Individual fund integrity is maintained through City records. Each fund's interest in the pool is presented as "cash and cash equivalents".

During fiscal year 2015, investments were limited to U.S. Treasury Notes and U.S. Treasury Money Market Fund holdings.

Except for nonparticipating investment contracts, investments are reported at fair value, which is based on quoted market prices. Nonparticipating investment contracts such as repurchase agreements are reported at cost.

City of Shaker Heights
Cuyahoga County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

The City also invests in STAR Plus, a federally insured cash account powered by the Federally Insured Cash Account (FICA) program. STAR Plus enables political subdivisions to generate a competitive yield on cash deposits in a network of carefully-selected FDIC-insured banks via a single, convenient account. STAR Plus offers attractive yields with no market or credit risk, weekly liquidity and penalty free withdrawals. All deposits with STAR Plus have full FDIC insurance with no term commitment on deposits.

Investment procedures are restricted by the provisions of the Ohio Revised Code. Interest revenue credited to the general fund during 2015 amounted to \$41,100, of which, \$24,074 was from other funds. The adjustment to investments for fair market value at December 31, 2015 reduced investment income in the general fund to a loss of \$72 for reporting purposes.

Investments with an original maturity of three months or less and investments of the cash management pool are presented on the financial statements as cash equivalents.

F. Prepaid Items

Payments made to vendors for services that will benefit periods beyond December 31, 2015, are recorded as prepaid items using the consumption method by recording an asset for the prepaid item at the time of the purchase and the expenditure/expense in the year in which the services are consumed.

G. Inventory

Inventory is stated at weighted average cost and is expended/expensed when used. Obsolete inventory has not been valued for financial reporting purposes.

H. Capital Assets

General capital assets are those assets not specifically related to activities reported in the proprietary funds. These assets generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide statement of net position but are not reported in the fund financial statements.

All purchased capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated capital assets are recorded at their fair market values as of the date received. The City's capitalization threshold is \$10,000. The City's infrastructure consists of curbs, sidewalks, sewers, streets, and other general capital assets that are immovable and of value only to the City. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not.

All capital assets are depreciated except for land and construction in progress. Improvements are depreciated over the remaining useful lives of the related capital assets. Useful lives for infrastructure were estimated based on the City's historical records of necessary improvements and replacement. Depreciation is computed using the straight-line method over the following useful lives:

City of Shaker Heights
Cuyahoga County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

	<u>Estimated Lives</u>
Buildings and Improvements	25 to 60 Years
Equipment	3 to 20 Years
Land Improvements	10 to 40 Years
Infrastructure	40 to 100 Years

I. Interfund Balances

During the course of normal operations, the City had numerous transactions between funds, most of which are in the form of transfers of resources to provide services or to service debt. The accompanying financial statements generally reflect such transactions as transfers. The City also advances money between funds throughout the year. To the extent that certain transactions between funds have not been paid or received as of December 31, 2015, interfund amounts receivable or payable have been recorded as interfund payables and interfund receivables. Interfund balance amounts are eliminated in the statement of net position and the statement of activities.

J. Compensated Absences

The City has accrued a liability for compensated absences (vacation and sick leave) at December 31, 2015 along with any salary-related benefit liabilities associated with the payment of compensated absences. The City uses the vesting method to calculate this liability. The entire compensated absence liability is reported on the government-wide financial statements.

K. Pensions

For purposes of measuring the net pension asset/liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the pension plans and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the pension systems. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension systems report investments at fair value.

L. Payables, Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements, and all payables, accrued liabilities and long-term obligations payable from proprietary funds are reported on the proprietary fund financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of the funds. However, claims and judgments, compensated absences and net pension liability that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current year. Bonds and long-term loans are recognized as a liability on the fund financial statements when due.

City of Shaker Heights
Cuyahoga County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

M. Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the City is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

Nonspendable The nonspendable fund balance category includes amounts that cannot be spent because they are not in spendable form, or legally or contractually required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash.

Restricted Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or is imposed by law through constitutional provisions or enabling legislation (City ordinances).

Enabling legislation authorizes the City to assess, levy, charge, or otherwise mandate payment of resources (from external resource providers) and includes a legally enforceable requirement that those resources be used only for the specific purposes stipulated in the legislation. Legal enforceability means that the City can be compelled by an external party, such as citizens, public interest groups, or the judiciary to use resources created by enabling legislation only for the purposes specified by the legislation.

Committed The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by a formal action (ordinance) of City Council. Those committed amounts cannot be used for any other purpose unless City Council removes or changes the specified use by taking the same type of action (ordinance) it employed to previously commit those amounts. In contrast to fund balance that is restricted by enabling legislation, committed fund balance classification may be redeployed for other purposes with appropriate due process. Constraints imposed on the use of committed amounts are imposed by City Council, separate from the authorization to raise the underlying revenue; therefore, compliance with these constraints is not considered to be legally enforceable. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned Amounts in the assigned fund balance classification are intended to be used by the City for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the general fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the general fund, assigned amounts represent intended uses established by City Council or a City official delegated that authority by City Charter or ordinance. The Finance Director is authorized to assign fund balance. The Council may also assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year’s appropriated budget.

Unassigned Unassigned fund balance is the residual classification for the general fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

City of Shaker Heights
Cuyahoga County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

The City applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

City Council has adopted a minimum fund balance policy for the general fund with the goal of maintaining a fund balance of not less than 20 percent of annual operating expenditures on the non-GAAP budgetary basis of accounting.

N. Net Position

Net position represents the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the City or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

The City applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

O. Interfund Activity

Transfers between governmental activities are eliminated on the government-wide financial statements. Internal allocations of overhead expenses from one function to another or within the same function are eliminated on the statement of activities. Interfund payments for services provided and used are not eliminated.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

P. Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the City Administration and that are either unusual in nature or infrequent in occurrence. Neither type of item occurred in 2015.

Q. Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

City of Shaker Heights
Cuyahoga County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

R. Reclassification

Prior year data presented in the Management's Discussion and Analysis have been reclassified in order to be comparative and provide an understanding of the changes in financial position and operations. Certain reclassifications have been made to 2014 data in order to conform to the 2015 presentation.

S. Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the City, these revenues are charges for services for miscellaneous supplies and materials, printing charges, repairs and maintenance fees and the City's worker's compensation. Operating expenses are necessary costs incurred to provide the service that is the primary activity of the funds. All revenue and expenses not meeting these definitions are classified as nonoperating.

T. Budgetary Process

Tax Budget

A budget of estimated cash receipts and disbursements is submitted to the County Fiscal Officer, as secretary of the County Budget Commission, by July 20 of each year, for the period January 1 to December 31 of the following year.

Estimated Resources

The County Budget Commission certifies its actions relative to the submitted tax budget to the City by September 1. As a part of this certification, the City receives the official certificate of estimated resources, which states the projected resources of each fund. On or about January 1, this certificate is amended to include any unencumbered balances from the preceding year. The City must then revise its budget so that the total contemplated expenditures from any fund during the ensuing fiscal year will not exceed the amount stated in the certificate of estimated resources. The revised budget then serves as the basis for the annual appropriation measure.

Appropriations

A temporary appropriation measure to control cash disbursements may be passed on or about January 1 of each year for the period January 1 to March 31. For all operating funds except capital projects and trust and agency funds, an annual appropriation measure must be passed by April 1 of each year for the period January 1 to December 31. For 2015, the annual appropriation measure was passed by City Council on December 15, 2014.

The appropriation measure may be amended during the year as new information becomes available provided that total appropriations do not exceed estimated resources as certified. Trust and agency funds are deemed to be appropriated for their intended purpose upon receipt. The City appropriates capital project funds on a project by project basis.

As provided by the City's Charter and State law, amendments to the 2015 appropriation ordinance were approved by City Council. These amendments are reflected in the individual fund schedules of revenue, expenditures, and changes in fund balances – budget (non-GAAP budgetary basis) and actual.

City of Shaker Heights
Cuyahoga County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

Lapsing of Appropriations

For all funds, except capital project funds, unencumbered appropriation balances lapse at year-end and revert to the respective funds from which they were originally appropriated, thus, becoming available for future appropriation. Capital projects are appropriated on a project basis. Project appropriation balances lapse upon completion of the project; therefore, their unencumbered appropriation balances are carried over to the subsequent fiscal year.

Budgeted Level of Expenditure

State law mandates that a fund's total obligations may not exceed the total amount appropriated for the fund. For all funds except fiduciary and capital project funds, the City maintains its legal level of budgetary control at the department level and within each department segregates out expenses between personal services and other expenses. For fiduciary funds, the legal level of budgetary control is maintained at the fund level. For capital project funds, the City maintains its legal level of budgetary control at the project level. Management control is exercised at the department level within each fund. Administrative control is maintained through the establishment of more detailed line-item budgets. Council may authorize the transfer of budgeted amounts between personal service and other expenses within a department and between departments within a fund. Council may also authorize any revision in the budget that alters the fund totals or requires the transfer of moneys between funds.

U. Loan Receivable

The City advanced monies to the Shaker Heights Development Corporation to fund costs associated with professional fund development to assist in raising funds to pursue economic development projects. The loan has a three-year term with an interest rate of 1 percent, all due at maturity.

V. Implementation of New Accounting Principles

For the year ended December 31, 2015, the City has implemented Governmental Accounting Standards Board (GASB) Statement No. 68, *Accounting and Financial Reporting for Pensions—an amendment of GASB Statement No. 27* and GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date - An Amendment of GASB Statement No. 68*.

GASB Statement No. 68 requires recognition of the entire net pension liability and a more comprehensive measure of pension expense for defined benefit pensions and defined contribution pensions provided to the employees of state and local governmental employers through pension plans that are administered through trusts or equivalent arrangements. The implementation of GASB Statement No. 68 resulted in the inclusion of net pension liability and pension expense components on the full-accrual financial statements. See below for the effect on net position as previously reported.

GASB Statement No. 71 amends paragraph 137 of GASB Statement No. 68 to require that, at transition, a government recognize a beginning deferred outflow of resources for its pension contributions, if any, made subsequent to the measurement date of the beginning net pension liability. The provisions of this Statement are required to be applied simultaneously with the provisions of Statement 68. See below for the effect on net position as previously reported.

City of Shaker Heights
Cuyahoga County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

	Governmental Activities
Net Position December 31, 2014	\$ 114,529,654
Adjustments:	
Net Pension Asset	11,390
Net Pension Liability	(36,402,997)
Deferred Outflow - Payments	
Subsequent to Measurement Date	3,645,278
Restated Net Position, January 1, 2015	\$ 81,783,325

The effect on net position of internal service funds as previously reported is as follows:

	Internal Service				
	Municipal Garage	Self-Insurance	Central Purchasing	Copier Management	Total
Net Position December 31, 2014	\$ 16,109	\$ (155,268)	\$ 196,856	\$ 3,596	\$ 61,293
Adjustments:					
Net Pension Asset	433	47	0	0	480
Net Pension Liability	(459,744)	(50,122)	0	0	(509,866)
Deferred Outflow - Payments					
Subsequent to Measurement Date	59,189	6,453	0	0	65,642
Restated Net Position, January 1, 2015	\$ (384,013)	\$ (198,890)	\$ 196,856	\$ 3,596	\$ (382,451)

Other than employer contributions subsequent to the measurement date, the City made no restatement for deferred inflows/outflows of resources as the information needed to generate these restatements was not available.

Note 3 – Fund Balances

Fund balance is classified as nonspendable, restricted, committed, assigned and/or unassigned based primarily on the extent to which the City is bound to observe constraints imposed upon the use of the resources in the governmental funds. The constraints placed on fund balance for the major governmental funds and all other governmental funds are presented below:

City of Shaker Heights
Cuyahoga County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

Total Fund Balance (Deficit)	\$25,506,737	\$10,866,241	\$ 5,943,229	\$42,316,207

City of Shaker Heights
Cuyahoga County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

* Net position at December 31, 2015, included the following individual fund deficits:

	Deficit Fund Balance
Nonmajor Governmental Funds:	
High Intensity Drug Trafficking Area Grant Fund	\$ 353,129
Street Lighting Special Assessments Fund	49,278
Tree Maintenance Special Assessment Fund	99

These fund deficits are the result of the recognition of liabilities in accordance with general accepted accounting principles.

Note 4 – Budgetary Basis of Accounting

While reporting financial position, results of operations, and changes in fund equity on the basis of generally accepted accounting principles (GAAP basis), the budgetary basis, as provided by law, is based upon accounting for transactions on a basis of cash receipts and disbursements. The statements of revenues, expenditures, and changes in fund balance-budget (non-GAAP budgetary basis) and actual for the general fund is presented on the budgetary basis to provide a meaningful comparison of actual results to the budget. The major differences between the budget basis and the GAAP basis are:

1. Revenues are recorded when received in cash (budget) as opposed to when susceptible to accrual (GAAP).
2. Expenditures are recorded when paid in cash or encumbered (budget) as opposed to when susceptible to accrual (GAAP).
3. Encumbrances are treated as expenditures (budget) rather than as a reservation of fund balance (GAAP).
4. Some funds are included in the General Fund (GAAP basis), but have separate legally adopted budgets (budget basis).
5. Investments reported at fair value (GAAP) rather than cost (budget).

The following table summarizes the adjustments necessary to reconcile the GAAP basis statements to the budgetary basis statements for the general fund.

City of Shaker Heights
Cuyahoga County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

Net Change in Fund Balance

	General Fund
GAAP Basis	\$ 2,137,739
Net Adjustment for Revenue Accruals	(297,894)
Net Adjustment for Expenditure Accruals	834,198
Funds Budgeted Elsewhere **	44,051
Adjustment for Encumbrances	(1,027,476)
Budget Basis	\$ 1,690,618

** As part of Governmental Accounting Standards Board Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions, certain funds that are legally budgeted in separate special revenue funds are considered part of the general fund on a GAAP basis. This includes the central services operation fund.

Note 5 – Deposits and Investments

State statutes classify monies held by the City into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the City treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are monies identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. The City's investment policies are governed by the City's charter and ordinances. The charter authorizes the City to invest in the following securities:

1. Bonds or notes which are issued by and are obligations of the City of Shaker Heights, Ohio.
2. Bonds, notes, certificates of indebtedness, treasury bills or other securities issued by and constituting direct obligations of, or guaranteed by the United States, or those for which the faith of the United States is pledged for the payment of principal and interest thereon.

City of Shaker Heights
Cuyahoga County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

3. Bonds or notes which are issued by and are the obligations of the State of Ohio, provided that such bonds or notes have a rating assigned to them by Standard & Poor's Corporation or Moody's Investor Services, Inc. which rating:
 - a. As to bonds, is one of the two highest rating categories that may be assigned; and
 - b. As to notes, is the highest rating category that may be assigned.

In order to be eligible investments under points (2) and (3), there must be no outstanding default for the payment of the principal or interest on such securities and the securities must mature or be subject to redemption at the option of the City within five years of the date the City purchased such security.

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the City, and must be purchased with the expectation that it will be held to maturity.

Written repurchase agreements in the securities listed above are permitted provided that the fair value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to the market daily. The term of the agreement may not exceed 30 days.

Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the Finance Director or qualified trustee or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

Custodial credit risk is the risk that in the event of bank failure, the City's deposits may not be returned to it. Protection of the City's deposits is provided by the Federal Deposit Insurance Corporation, by eligible securities pledged by the financial institution, by surety company bonds or by a single collateral pool established by the financial institution. In accordance with Chapter 135 of the Ohio Revised Code, any public depository receiving deposits pursuant to an award of City funds shall be required to pledge security for repayment of all public moneys. In 2013, the City amended its ordinance that governs the deposit of public funds to include the FDIC insurance amount (up to \$250,000) towards the collateral requirement. This change enabled eligible depositories to purchase FDIC insured certificates of deposit on behalf of the City and added another option for earning investment income.

Deposits - The carrying value of the City's deposits totaled \$30,719,526 and the bank balances of the deposits totaled \$30,781,626. Of the bank balance \$27,373,429 was covered by depository insurance which includes \$5,000,029 held in a STAR Plus account; and \$3,408,197 was uninsured and uncollateralized.

The municipal court bond fund is maintained separately from the City's deposits. The carrying amount of the deposits was \$707,584 ("Cash in Segregated Accounts") and the bank balance was \$706,940. Of the bank balance, \$250,000 was covered by Federal depository insurance and \$456,940 was uninsured and uncollateralized.

Although the securities serving as collateral (for all deposits) were held by the pledging institution in the pledging institution's name, and all State statutory requirements for the deposit of money had been followed, noncompliance with federal requirements could potentially subject the City to a successful claim by the FDIC.

City of Shaker Heights
Cuyahoga County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

Investments - Investments are reported at fair value. As of December 31, 2015, the City had the following investments:

Moody's	Investment	Fair Value	Investment Maturity		% Total Investments
			Less than One Year	1 - 3 Years	
Aaa	U.S. Treasury Notes	\$ 8,968,755	\$ 2,501,415	\$ 6,467,340	78.7%
Aaa	Huntington U.S. Treasury Money Market Fund	2,426,495	2,426,495	0	21.3%
		<u>\$11,395,250</u>	<u>\$ 4,927,910</u>	<u>\$ 6,467,340</u>	<u>100.0%</u>

Interest Rate Risk arises because potential purchasers of debt securities will not agree to pay face value for those securities if interest rates subsequently increase. The City's investment policy addresses interest rate risk requiring that the City's investment portfolio be structured so that securities mature to meet cash requirements for ongoing operations and/or long-term debt payments, thereby avoiding the need to sell securities on the open market prior to maturity and by investing operating funds primarily in short-term investments. The City's investment policy also limits security purchases to those that mature within five years unless specifically matched to a specific cash flow. To date, no investments have been purchased with a life greater than five years.

Custodial Risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, the City will not be able to recover the value of investment or collateral securities that are in the possession of an outside party. All financial institutions and broker/dealers who desire to become qualified for investment transactions with the City must meet a set of prescribed standards and be periodically reviewed.

Credit Risk is addressed in the City's investment policy by the requirements that all investments are authorized by Ohio Revised Code and that the portfolio be diversified both by types of investment and issuer.

Concentration of Credit Risk is defined by the Governmental Accounting Standards Board as five percent or more in the securities of a single issuer. The City's investment policy requires diversification of the portfolio but does not indicate specific percentage allocations. The investment percentages are listed above.

Note 6 – Receivables

Receivables at December 31, 2015, consisted of municipal income taxes, property and other taxes, accounts, loans, special assessments, lease, accrued interest, and intergovernmental receivables arising from grants, entitlements, and shared revenues. All receivables are deemed collectible in full. Special assessments are expected to be collected within one year.

City of Shaker Heights
Cuyahoga County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

A. Property Taxes

Property taxes include amounts levied against all real property and public utility tangible personal property located in the City. Property tax revenue received during 2015 for real and public utility property taxes represents collections for 2014 taxes. Property tax payments received during 2015 for tangible personal property, except for public utility property, are for prior year unpaid tangible personal property taxes.

Real property taxes (other than public utility property) are levied after October 1 on the assessed value listed as of the prior January 1, the lien date. Assessed values are established by the Cuyahoga County Fiscal Officer at 35% of the appraised market value, and reappraisal of all property is required every six years with a triennial update. The last triennial update was in 2015 with the next reappraisal scheduled for the year 2018.

Real property taxes are payable annually or semi-annually. If paid annually, payment is due January 20; if paid semi-annually, the first payment is due mid-January with the remainder payable by mid-July. Taxes not paid become delinquent after December 31 of the year in which payable. Under certain circumstances, state statute permits earlier or later payment dates to be established.

Public utility tangible personal property currently is assessed at varying percentages of true value; public utility real property is assessed at 35% of true value. Public utility real and tangible personal property taxes collected during the calendar year were levied in the preceding calendar year based on assessed values as of January 1 of that preceding year, the lien date.

The full tax rate for all City operations for the year ended December 31, 2015, was \$9.90 per \$1,000 of assessed valuation. The assessed values of real property and public utility tangible property upon which 2015 property tax receipts were based are as follows:

<u>Category</u>	<u>Assessed Value</u>
Real Property	\$ 765,129,000
Public Utilities - Personal	<u>12,856,760</u>
Total Assessed Value	<u>\$ 777,985,760</u>

The County Fiscal Officer collects property taxes on behalf of all taxing districts within the County, including the City. The County Fiscal Officer periodically remits to the City its portion of the taxes collected. Property taxes receivable represents real and public utility property taxes and outstanding delinquencies which were measurable as of December 31, 2015, and for which there was an enforceable legal claim. In governmental funds, the portion of the receivable not levied to finance 2015 operations is offset to deferred inflows of resources – property taxes levied for the next year. On the accrual basis, collectible delinquent property taxes have been recorded as a receivable and revenue while on the modified accrual basis the revenue has been reported as deferred inflows of resources – unavailable revenue.

City of Shaker Heights
Cuyahoga County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

B. Municipal Income Taxes

The City income tax is applied to the gross salaries, wages and other personal service compensation earned by residents of the City and to the earnings of nonresidents working within the City. The tax also applies to the net income of businesses operating within the City. The tax rate was 2.25% in 2015. Both residents of the City and non-residents working inside the City are subject to the income tax. The City grants an income tax credit to residents who work in a locality that has a municipal income tax. The City provides a credit of 50% of the resident's workplace community's income tax rate up to a tax rate of 1.0%. A receivable totaling \$12,715,936 has been recorded in the general fund. This total includes \$5,483,699 for the portion of taxes that is due prior to December 31, 2015, but is not received until January and February of the following year, and \$7,232,237 estimated to be collectable as of December 31, 2015, but is not available in the current period.

C. Intergovernmental Receivables

Intergovernmental receivables at December 31, 2015 include the following:

<u>Governmental Activities</u>	<u>Amount</u>
Homestead/Rollback	\$ 468,194
Estate Taxes	10,230
Local Government	355,341
Gasoline Tax	384,111
Permissive Tax	13,832
Auto Registration	11,188
Grants	1,324,415
TIF Receivable	981,524
Local Government Contracts	525,705
Fines and Forfeitures	208,742
Other	84,548
	<u>\$4,367,830</u>

City of Shaker Heights
Cuyahoga County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

Note 7 – Interfund Balances and Transfers

A. Interfund Receivables/Payables

Interfund activity for the year ended December 31, 2015, consisted of the following:

Interfund Receivable	Interfund Payable		
	Non Major Governmental Funds	Internal Service Fund	Total
General Fund	\$ 0	\$ 50,000	\$ 50,000
Nonmajor Governmental Funds	109,986	0	109,986
Total	\$ 109,986	\$ 50,000	\$ 159,986

The interfund receivables and payables listed above result from a difference in the timing of when expenses are recognized in accordance with generally accepted accounting principles and when the related interfund subsidies are budgeted for payment on a cash basis.

B. Transfers

Interfund transfers for the year ended December 31, 2015, consisted of the following:

Transfers Out	Transfers In			Total
	Non Major Governmental Funds	Capital Projects Fund	Internal Service Fund	
General Fund	\$ 4,086,837	\$ 4,502,000	\$ 918,000	\$ 9,506,837
Nonmajor Governmental Funds	154,800	0	0	154,800
Total	\$ 4,241,637	\$ 4,502,000	\$ 918,000	\$ 9,661,637

Transfers are used to move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them and unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations; to segregate money for anticipated capital projects; to provide additional resources for current operations or debt service. All transfers were made in accordance with Ohio Revised Code Sections 5705.14, 5705.15 and 5705.16.

General fund made transfers to nonmajor governmental funds and the self-insurance internal service fund to cover expenditures. The sewer maintenance fund transferred \$154,800 to the debt service fund to cover principal payments and interest payments.

Note 9 - Defined Benefit Pension Plans

Net Pension Asset/Liability

The net pension asset/liability reported on the statement of net position represents an asset/liability to employees for pensions. Pensions are a component of exchange transactions—between an employer and its employees—of salaries and benefits for employee services. Pensions are provided to an employee—on a deferred-payment basis—as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for pensions is a present obligation because it was created as a result of employment exchanges that already have occurred.

The net pension asset/liability represents the City’s proportionate share of each pension plan’s collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension plan’s fiduciary net position. The net pension asset/liability calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting this estimate annually.

Ohio Revised Code limits the City’s obligation for this liability to annually required payments. The City cannot control benefit terms or the manner in which pensions are financed; however, the City does receive the benefit of employees’ services in exchange for compensation including pension.

GASB 68 assumes the liability is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires all funding to come from these employers. All contributions to date have come solely from these employers (which also includes costs paid in the form of withholdings from employees). State statute requires the pension plans to amortize unfunded liabilities within 30 years. If the amortization period exceeds 30 years, each pension plan’s board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension asset/liability. Resulting adjustments to the net pension asset/liability would be effective when the changes are legally enforceable.

**City of Shaker Heights
Cuyahoga County, Ohio**
*Notes to the Basic Financial Statements
For the Year Ended December 31, 2015*

The proportionate share of each plan's unfunded benefits is presented as a long-term *net pension asset/liability* on the accrual basis of accounting. Any liability for the contractually-required pension contribution outstanding at the end of the year is included in *accrued wages and benefits* on both the accrual and modified accrual bases of accounting.

Plan Description – Ohio Public Employees Retirement System (OPERS)

Plan Description - City employees, other than full-time police and firefighters, participate in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans. The traditional pension plan is a cost-sharing, multiple-employer defined benefit pension plan. The member-directed plan is a defined contribution plan and the combined plan is a cost-sharing, multiple-employer defined benefit pension plan with defined contribution features. While members (e.g. City employees) may elect the member-directed plan and the combined plan, substantially all employee members are in OPERS' traditional and combined plans; therefore, the following disclosure focuses on these two plans.

OPERS provides retirement, disability, survivor and death benefits, and annual cost of living adjustments to members of the traditional and combined plans. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report that includes financial statements, required supplementary information and detailed information about OPERS' fiduciary net position that may be obtained by visiting <https://www.opers.org/financial/reports.shtml>, by writing to the Ohio Public Employees Retirement System, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling 800-222-7377.

Senate Bill (SB) 343 was enacted into law with an effective date of January 7, 2013. In the legislation, members were categorized into three groups with varying provisions of the law applicable to each group. The following table provides age and service requirements for retirement and the retirement formula applied to final average salary (FAS) for the three member groups under the traditional and combined plans as per the reduced benefits adopted by SB 343 (see OPERS CAFR referenced above for additional information):

Group A	Group B	Group C
Eligible to retire prior to January 7, 2013 or five years after January 7, 2013	20 years of service credit prior to January 7, 2013 or eligible to retire ten years after January 7, 2013	Members not in other Groups and members hired on or after January 7, 2013
State and Local	State and Local	State and Local
Age and Service Requirements: Age 60 with 60 months of service credit or Age 55 with 25 years of service credit	Age and Service Requirements: Age 60 with 60 months of service credit or Age 55 with 25 years of service credit	Age and Service Requirements: Age 57 with 25 years of service credit or Age 62 with 5 years of service credit
Formula: 2.2% of FAS multiplied by years of service for the first 30 years and 2.5% for service years in excess of 30	Formula: 2.2% of FAS multiplied by years of service for the first 30 years and 2.5% for service years in excess of 30	Formula: 2.2% of FAS multiplied by years of service for the first 35 years and 2.5% for service years in excess of 35

Final average salary (FAS) represents the average of the three highest years of earnings over a member's career for Groups A and B. Group C is based on the average of the five highest years of earnings over a member's career.

City of Shaker Heights
Cuyahoga County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

Members who retire before meeting the age and years of service credit requirement for unreduced benefits receive a percentage reduction in the benefit amount.

When a benefit recipient has received benefits for 12 months, an annual cost of living adjustment (COLA) is provided. This COLA is calculated on the base retirement benefit at the date of retirement and is not compounded. For those retiring prior to January 7, 2013, the COLA will continue to be a 3 percent simple annual COLA. For those retiring subsequent to January 7, 2013, beginning in calendar year 2019, the COLA will be based on the average percentage increase in the Consumer Price Index, capped at 3 percent.

Funding Policy - The Ohio Revised Code (ORC) provides statutory authority for member and employer contributions as follows:

	State and Local
2015 Statutory Maximum Contribution Rates	
Employer	14.00 %
Employee	10.00 %
 2015 Actual Contribution Rates	
Employer:	
Pension	12.00 %
Post-employment Health Care Benefits	2.00
Total Employer	14.00 %
 Employee	 10.00 %

Employer contribution rates are actuarially determined and are expressed as a percentage of covered payroll. The City's contractually required contribution was \$1,563,469 for 2015. Of this amount, \$204,451 is reported as an intergovernmental payable.

Plan Description – Ohio Police & Fire Pension Fund (OPF)

Plan Description - City full-time police and firefighters participate in Ohio Police and Fire Pension Fund (OPF), a cost-sharing, multiple-employer defined benefit pension plan administered by OPF. OPF provides retirement and disability pension benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by the Ohio State Legislature and are codified in Chapter 742 of the Ohio Revised Code. OPF issues a publicly available financial report that includes financial information and required supplementary information and detailed information about OPF fiduciary net position. The report that may be obtained by visiting the OPF website at www.op-f.org or by writing to the Ohio Police and Fire Pension Fund, 140 East Town Street, Columbus, Ohio 43215-5164.

Upon attaining a qualifying age with sufficient years of service, a member of OPF may retire and receive a lifetime monthly pension. OPF offers four types of service retirement: normal, service commuted, age/service commuted and actuarially reduced. Each type has different eligibility guidelines and is calculated using the member's average annual salary. The following discussion of the pension formula relates to normal service retirement.

City of Shaker Heights
Cuyahoga County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

For members hired after July 1, 2013, the minimum retirement age is 52 for normal service retirement with at least 25 years of service credit. For members hired on or before after July 1, 2013, the minimum retirement age is 48 for normal service retirement with at least 25 years of service credit.

The annual pension benefit for normal service retirement is equal to a percentage of the allowable average annual salary. The percentage equals 2.5 percent for each of the first 20 years of service credit, 2.0 percent for each of the next five years of service credit and 1.5 percent for each year of service credit in excess of 25 years. The maximum pension of 72 percent of the allowable average annual salary is paid after 33 years of service credit.

Under normal service retirement, retired members who are at least 55 years old and have been receiving OPF benefits for at least one year may be eligible for a cost-of-living allowance adjustment. The age 55 provision for receiving a COLA does not apply to those who are receiving a permanent and total disability benefit and statutory survivors.

Members retiring under normal service retirement, with less than 15 years of service credit on July 1, 2013, will receive a COLA equal to either three percent or the percent increase, if any, in the consumer price index (CPI) over the 12-month period ending on September 30 of the immediately preceding year, whichever is less. The COLA amount for members with at least 15 years of service credit as of July 1, 2013 is equal to three percent of their base pension or disability benefit.

Funding Policy - The Ohio Revised Code (ORC) provides statutory authority for member and employer contributions as follows:

	Police	Firefighters
2015 Statutory Maximum Contribution Rates		
Employer	19.50 %	24.00 %
Employee:		
January 1, 2015 through July 1, 2015	11.50 %	11.50 %
July 2, 2015 through December 31, 2015	12.25 %	12.25 %
2015 Actual Contribution Rates		
Employer:		
Pension	19.00 %	23.50 %
Post-employment Health Care Benefits	0.50	0.50
Total Employer	19.50 %	24.00 %
Employee:		
January 1, 2015 through July 1, 2015	11.50 %	11.50 %
July 2, 2015 through December 31, 2015	12.25 %	12.25 %

Employer contribution rates are expressed as a percentage of covered payroll. The City's contractually required contribution to OPF was \$2,058,882 for 2015. Of this amount \$240,641 is reported as an intergovernmental payable.

City of Shaker Heights
Cuyahoga County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

Pension Assets/Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The net pension asset/liability for OPERS was measured as of December 31, 2014, and the total pension asset/liability used to calculate the net pension asset/liability was determined by an actuarial valuation as of that date. OPF's total pension liability was measured as of December 31, 2014, and was determined by rolling forward the total pension liability as of January 1, 2014, to December 31, 2014. The City's proportion of the net pension asset/liability was based on the City's share of contributions to the pension plan relative to the contributions of all participating entities. Following is information related to the proportionate share and pension expense:

	OPERS <u>Traditional Plan</u>	OPERS <u>Combined Plan</u>	<u>OPF</u>	<u>Total</u>
Proportionate Share of the Net Pension Asset	\$ 0	\$ 41,794	\$ 0	\$ 41,794
Proportionate Share of the Net Pension Liability	\$ 12,360,475	\$ 0	\$ 25,870,319	\$ 38,230,794
Proportion of the Net Pension Asset/Liability	0.10248200%	0.10854900%	0.49938680%	
Pension Expense	\$ 1,344,576	\$ 27,413	\$ 2,523,529	\$ 3,895,518

At December 31, 2015, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	OPERS <u>Traditional Plan</u>	OPERS <u>Combined Plan</u>	<u>OPF</u>	<u>Total</u>
Deferred Outflows of Resources				
Net difference between projected and actual earnings on pension plan investments	\$ 659,517	\$ 2,551	\$ 1,114,987	\$ 1,777,055
City contributions subsequent to the measurement date	<u>1,515,784</u>	<u>47,685</u>	<u>2,058,882</u>	<u>3,622,351</u>
Total Deferred Outflows of Resources	<u>\$ 2,175,301</u>	<u>\$ 50,236</u>	<u>\$ 3,173,869</u>	<u>\$ 5,399,406</u>
Deferred Inflows of Resources				
Differences between expected and actual experience	<u>\$ 217,149</u>	<u>\$ 12,753</u>	<u>\$ 0</u>	<u>\$ 229,902</u>

\$3,622,351 reported as deferred outflows of resources related to pension resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability or addition of the net pension asset in the year ending December 31, 2016. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

City of Shaker Heights
Cuyahoga County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

Year Ending December 31:	OPERS		OPF	Total
	Traditional Plan	Combined Plan		
2016	\$ 64,686	\$ (879)	\$ 278,747	\$ 342,554
2017	64,686	(879)	278,747	342,554
2018	148,116	(879)	278,747	425,984
2019	164,880	(880)	278,746	442,746
2020	0	(1,517)	0	(1,517)
Thereafter	0	(5,168)	0	(5,168)
	<u>\$ 442,368</u>	<u>\$ (10,202)</u>	<u>\$ 1,114,987</u>	<u>\$ 1,547,153</u>

Actuarial Assumptions - OPERS

Actuarial valuations of an ongoing plan involve estimates of the values of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and cost trends. Actuarially determined amounts are subject to continual review or modification as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation. The total pension asset/liability in the December 31, 2014, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

<u>Actuarial Information</u>	<u>Traditional Pension Plan</u>	<u>Combined Pension Plan</u>
Wage Inflation	3.75 percent	3.75 percent
Future Salary Increases, including inflation	4.25 percent to 10.05 percent, including wage inflation	4.25 percent to 8.05 percent, including wage inflation
COLA or Ad Hoc COLA	3.00 percent, simple	3.00 percent
Investment Rate of Return	8.00 percent	8.00 percent
Actuarial Cost Method	Individual Entry Age	Individual Entry Age

Mortality rates were based on the RP-2000 Mortality Table projected 20 years using Projection Scale AA. For males, 105 percent of the combined healthy male mortality rates were used. For females, 100 percent of the combined healthy female mortality rates were used. The mortality rates used in evaluating disability allowances were based on the RP-2000 mortality table with no projections. For males 120 percent of the disabled female mortality rates were used set forward two years. For females, 100 percent of the disabled female mortality rates were used.

The most recent experience study was completed for the five year period ended December 31, 2010.

The long-term rate of return on defined benefit investment assets was determined using a building-block method in which best-estimate ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected real rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adjusted for inflation.

City of Shaker Heights
Cuyahoga County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

OPERS manages investments in four investment portfolios: the Defined Benefits portfolio, the Health Care portfolio, the 115 Health Care Trust portfolio and the Defined Contribution portfolio. The Defined Benefit portfolio includes the investment assets of the Traditional Pension Plan, the defined benefit component of the Combined Plan, the annuitized accounts of the Member-Directed Plan and the VEBA Trust. Within the Defined Benefit portfolio, contributions into the plans are all recorded at the same time, and benefit payments all occur on the first of the month. Accordingly, the money-weighted rate of return is considered to be the same for all plans within the portfolio. The money weighted rate of return, net of investments expense, for the Defined Benefit portfolio is 6.95 percent for 2014.

The allocation of investment assets with the Defined Benefit portfolio is approved by the Board of Trustees as outlined in the annual investment plan. Plan assets are managed on a total return basis with a long-term objective of achieving and maintaining a fully funded status for the benefits provided through the defined benefit pension plans. The table below displays the Board-approved asset allocation policy for 2014 and the long-term expected real rates of return:

Asset Class	Target Allocation	Weighted Average Long-Term Expected Real Rate of Return (Arithmetic)
Fixed Income	23.00 %	2.31 %
Domestic Equities	19.90	5.84
Real Estate	10.00	4.25
Private Equity	10.00	9.25
International Equities	19.10	7.40
Other Investments	18.00	4.59
Total	100.00 %	

Discount Rate The discount rate used to measure the total pension asset/liability was 8 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and those of the contributing employers are made at the statutorily required rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefits payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension asset/liability.

Sensitivity of the City's Proportionate Share of the Net Pension Asset/Liability to Changes in the Discount Rate The following table presents the City's proportionate share of the net pension asset/liability calculated using the current period discount rate assumption of 8 percent, as well as what the City's proportionate share of the net pension asset/liability would be if it were calculated using a discount rate that is one-percentage-point lower (7 percent) or one-percentage-point higher (9 percent) than the current rate:

	1% Decrease (7.00%)	Current Discount Rate (8.00%)	1% Increase (9.00%)
City's proportionate share of the net pension (asset)/liability:			
Traditional Plan	\$ 22,739,731	\$ 12,360,475	\$ 3,618,639
Combined Plan	5,427	(41,794)	(79,241)

City of Shaker Heights
Cuyahoga County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

Actuarial Assumptions – OPF

OPF's total pension liability as of December 31, 2014 is based on the results of an actuarial valuation date of January 1, 2014, and rolled-forward using generally accepted actuarial procedures. The total pension liability is determined by OPF's actuaries in accordance with GASB Statement No. 67, as part of their annual valuation. Actuarial valuations of an ongoing plan involve estimates of reported amounts and assumptions about probability of occurrence of events far into the future. Examples include assumptions about future employment mortality, salary increases, disabilities, retirements and employment terminations. Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Key methods and assumptions used in calculating the total pension liability in the latest actuarial valuation, prepared as of January 1, 2014, are presented below:

Valuation Date	January 1, 2014
Actuarial Cost Method	Entry Age Normal
Investment Rate of Return	8.25 percent
Projected Salary Increases	4.25 percent to 11.00 percent
Payroll Increases	3.75 percent
Inflation Assumptions	3.25 percent
Cost of Living Adjustments	2.60 percent and 3.00 percent

Rates of death are based on the RP2000 Combined Table, age-adjusted as follows. For active members, set back six years. For disability retirements, set forward five years for police and three years for firefighters. For service retirements, set back zero years for police and two years for firefighters. For beneficiaries, set back zero years. The rates are applied on a fully generational basis, with a base year of 2009, using mortality improvement Scale AA.

The most recent experience study was completed January 1, 2012.

The long-term expected rate of return on pension plan investments was determined using a building-block approach and assumes a time horizon, as defined in the Statement of Investment Policy. A forecasted rate of inflation serves as the baseline for the return expectation. Various real return premiums over the baseline inflation rate have been established for each asset class. The long-term expected nominal rate of return has been determined by calculating a weighted averaged of the expected real return premiums for each asset class, adding the projected inflation rate and adding the expected return from rebalancing uncorrelated asset classes. Best estimates of the long-term expected geometric real rates of return for each major asset class included in OPF's target asset allocation as of December 31, 2014 are summarized below:

City of Shaker Heights
Cuyahoga County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long Term Expected Real Rate of Return</u>
Cash and Cash Equivalents	0.00 %	(0.25) %
Domestic Equity	16.00	4.47
Non-US Equity	16.00	4.47
Core Fixed Income*	20.00	1.62
Global Inflation Protected*	20.00	1.33
High Yield	15.00	3.39
Real Estate	12.00	3.93
Private Markets	8.00	6.98
Timber	5.00	4.92
Master Limited Partnerships	8.00	7.03
Total	<u>120.00</u> %	

* levered 2x

OPF's Board of Trustees has incorporated the "risk parity" concept into OPF's asset liability valuation with the goal of reducing equity risk exposure, which reduces overall Total Portfolio risk without sacrificing return, and creating a more risk-balanced portfolio based on their relationship between asset classes and economic environments. From the notional portfolio perspective above, the Total Portfolio may be levered up to 1.2 times due to the application of leverage in certain fixed income asset classes.

Discount Rate The total pension liability was calculated using the discount rate of 8.25 percent. The projection of cash flows used to determine the discount rate assumed the contributions from employers and from the members would be computed based on contribution requirements as stipulated by State statute. Projected inflows from investment earning were calculated using the longer-term assumed investment rate of return 8.25 percent. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, a long-term expected rate of return on pension plan investments was applied to all periods of projected benefits to determine the total pension liability.

Sensitivity of the City's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate Net pension liability is sensitive to changes in the discount rate, and to illustrate the potential impact the following table presents the net pension liability calculated using the discount rate of 8.25 percent, as well as what the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (7.25 percent), or one percentage point higher (9.25 percent) than the current rate.

	<u>1% Decrease (7.25%)</u>	<u>Current Discount Rate (8.25%)</u>	<u>1% Increase (9.25%)</u>
City's proportionate share of the net pension liability:	\$ 35,782,564	\$ 25,870,319	\$ 17,477,660

City of Shaker Heights
Cuyahoga County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

Note 10 - Post-Employment Benefits

A. Ohio Public Employees Retirement System

Plan Description – Ohio Public Employees Retirement System (OPERS) administers three separate pension plans: The Traditional Pension Plan – a cost sharing, multiple-employer defined benefit pension plan; the Member-Directed Plan – a defined contribution plan; and the Combined Plan – a cost sharing, multiple employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan.

OPERS maintains two cost-sharing multiple-employer defined benefit post-employment health care trusts, which fund multiple health care plans including medical coverage, prescription drug coverage, deposits to a Health Reimbursement Arrangement and Medicare Part B premium reimbursements, to qualifying benefit recipients of both the Traditional Pension and the Combined plans. Members of the Member-Directed Plan do not qualify for ancillary benefits, including OPERS sponsored health care coverage.

In order to qualify for post-employment health care coverage, age-and-service retirees under the Traditional Pension and Combined plans must have 20 or more years of qualifying Ohio service credit. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available. The health care coverage provided by OPERS meets the definition of an Other Postemployment Benefit (OPEB) as described in GASB Statement 45. Please see the Plan Statement in the OPERS 2014 CAFR details.

The Ohio Revised Code permits, but does not mandate, OPERS to provide health care benefits to its eligible benefit recipients. Authority to establish and amend benefits is provided in Chapter 145 of the Ohio Revised Code.

OPERS issues a stand-alone financial report. Interested parties may obtain a copy by visiting <https://www.opers.org/financial/reports.shtml>, by writing to OPERS, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling 614-222-5601 or 800-222-7377.

Funding Policy – The Ohio Revised Code provides the statutory authority requiring public employers to fund post-retirement health care through their contributions to OPERS. A portion of each employer's contribution to OPERS is set aside to fund OPERS health care plans.

Employer contribution rates are expressed as a percentage of the earnable salary of active members. In 2015, State and Local employers contributed at a rate of 14.0 percent of earnable salary and Public Safety and Law Enforcement employers contributed at 18.1 percent. These are the maximum employer contribution rates permitted by the Ohio Revised Code. Active member contributions do not fund health care.

OPERS maintains three health care trusts. The two cost-sharing, multiple-employer trusts, the 401(h) Health Care Trust and the 115 Health Care Trust, work together to provide health care funding to eligible retirees of the Traditional Pension and Combined plans. The third trust is a Voluntary Employee's Beneficiary Association (VEBA) that provides funding for a Retiree Medical Account for Member-Directed Plan members. Each year, the OPERS Board of Trustees determines the portion of the employer contribution rate that will be set aside to fund health care plans. The portion of employer contributions allocated to health care for members in the Traditional Pension Plan and Combined Plan was 2.0 percent during calendar year 2015. As recommended by OPERS' actuary, the portion of employer contributions allocated to health care beginning January 1, 2016 remained at 2.0 percent for both plans. The Board is also authorized to establish

City of Shaker Heights
Cuyahoga County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

rules for the retiree or their surviving beneficiaries to pay a portion of the health care provided. Payment amounts vary depending on the number of covered dependents and the coverage selected. The employer contribution as a percentage of covered payroll deposited to the VEBA for participants in the Member-Directed Plan for 2015 was 4.5 percent.

The City's contributions allocated to fund post-employment health care benefits for the years ended December 31, 2015, 2014, and 2013 were \$260,578, \$272,204 and \$133,699, respectively. For 2015, 87 percent has been contributed with the balance being reported as an intergovernmental payable. The full amount has been contributed for 2014 and 2013.

B. Ohio Police and Fire Pension Fund

Plan Description – The City contributes to the Ohio Police and Fire Pension Fund (OPF) sponsored health care program, a cost-sharing multiple-employer defined post-employment health care plan administered by OPF. OPF provides health care benefits including coverage for medical, prescription drugs, dental, vision, Medicare Part B Premium and long-term care to retirees, qualifying benefit recipients and their eligible dependents.

OPF provides access to post-retirement health care coverage for any person who receives or is eligible to receive a monthly service, disability, or statutory survivor benefit or is a spouse or eligible dependent child of such person. The health care coverage provided by OPF meets the definition of an Other Post-employment Benefit (OPEB) as described in GASB Statement 45.

The Ohio Revised Code allows, but does not mandate, OPF to provide OPEB benefits. Authority for the OPF Board of Trustees to provide healthcare coverage to eligible participants and to establish and amend benefits is codified in Chapter 742 of the Ohio Revised Code.

OPF issues a publicly available financial report that includes financial information and required supplementary information for the Plan. That report may be obtained by writing to OPF, 140 East Town Street, Columbus, Ohio 43215-5164. That report is also available on OPF's website at www.op-f.org.

Funding Policy – The Ohio Revised Code provides for contribution requirements of the participating employers and of plan members to the OPF defined benefit pension plan. Participating employers are required Ohio Revised Code to contribute to the pension plan at rates expressed as percentages of the payroll of active pension plan members, currently, 19.5 percent and 24.0 percent of covered payroll for police and fire employers, respectively. The Ohio Revised Code states that the employer contribution may not exceed 19.5 percent of covered payroll for police employer units and 24.0 percent of covered payroll for fire employer units. Active members do not make contributions to the OPEB Plan.

OPF maintains funds for health care in two separate accounts. One for health care benefits under an IRS Code Section 115 trust and one for Medicare Part B reimbursements administrated as an Internal Revenue Code 401(h) account, both of which are within the defined benefit pension plan, under the authority granted by the Ohio Revised Code to the OPF Board of Trustees.

City of Shaker Heights
Cuyahoga County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

The Board of Trustees is authorized to allocate a portion of the total employer contributions made into the pension plan to the Section 115 trust and the Section 401(h) account as the employer contribution for retiree health care benefits. The portion of employer contribution allocated to health care was 0.5 percent of covered payroll from January 1, 2015 through December 31, 2015. The amount of employer contributions allocated to the health care plan each year is subject to the Trustees' primary responsibility to ensure that pension benefits are adequately funded and is limited by the provisions of Sections 115 and 401(h).

The OPF Board of Trustees also is authorized to establish requirements for contributions to the health care plan by retirees and their eligible dependents, or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected.

The City's contributions to OPF, which were allocated to fund post-employment health care benefits, for police and firefighters were \$26,758 and \$22,172 for the year ended December 31, 2015, \$24,772 and \$25,389 for the year ended December 31, 2014, and \$174,261 and \$178,598 for the year ended December 31, 2013. 88 percent has been contributed for police and 89 percent has been contributed for firefighters for 2015. The full amount has been contributed for 2014 and 2013.

Note 11 – Long-Term Obligations

Changes in the City's long-term obligations during the year were as follows:

	Restated Balance 12/31/2014	Additions	Reductions	Balance 12/31/2015	Due Within One Year
Governmental Activities					
<i>General Obligation Bonds</i>					
Urban Renewal Bonds, Series 2009, 4.30% due 12/1/2031	\$ 3,865,000	\$ 0	\$ 160,000	\$ 3,705,000	\$ 165,000

As of December 31, 2015, the City's future debt service requirements consisted of bonds and notes payable at various interest rates, four non-interest bearing Ohio Public Works Commission Loans numbered CA08F, CA17E, CA17K and CA18M, capital leases, compensated absences and claims payable. For governmental activities, compensated absences are generally liquidated by the general fund and claims payable are generally liquidated from the self-insurance internal service fund. The City pays obligation related to employee compensation from the fund benefitting from their service.

In 2007, the City transferred ownership of its waterlines to the City of Cleveland, but retained its obligation to pay the Ohio Public Works Commission Loans CA08F and CA17E.

Notes payable at December 31, 2015, consisted of various purpose improvement notes. The notes have a term of one year or less, and were issued to finance improvements to City owned property and to acquire equipment. The City has been retiring a portion of the various purpose improvement notes as they mature and is issuing new notes for the remaining principal balance. The City will either convert this debt to bonds or pay off the debt within ten years. The notes were dated April 28, 2015, and were due April 27, 2016, at an interest rate of 1.0%. These notes were paid off in 2016.

City of Shaker Heights
Cuyahoga County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

On April 11, 2012, the City issued \$13,460,000 in general obligation bonds for the purpose of advance refunding general obligation bonds outstanding in order to take advantage of lower interest rates. The interest rates of the bonds ranged from 1.0% to 4.0% and the bonds were sold at a premium of \$464,383. Proceeds of \$13,744,754 were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the refunded portion of the general obligation bonds. The City decreased its total debt service payments by \$1,332,007 as a result of the refunding. The City also incurred an economic gain (difference between the present value of the old and new debt service payments) of \$1,021,201. The final defeased bonds were called in December 2013.

On May 9, 2013, the City issued \$385,000 in general obligation bonds for the purpose of improving sewer lines along Van Aken Boulevard. The bonds bear an interest rate of 2.9% with semi-annual interest payments on June 1 and December 31 of each year, commencing December 1, 2013. The bonds mature on June 1, 2018.

The annual debt service requirements are as follows:

Year Ending December 31,	Governmental Activities			
	General Obligation Bonds			OPWC Loans
	Principal	Interest	Total	Principal
2016	\$ 800,000	\$ 583,415	\$ 1,383,415	\$ 321,694
2017	815,000	567,763	1,382,763	321,694
2018	815,000	551,788	1,366,788	321,694
2019	840,000	530,663	1,370,663	321,694
2020	860,000	506,863	1,366,863	321,694
2021 - 2025	4,780,000	2,067,673	6,847,673	1,575,997
2026 - 2030	5,705,000	1,012,465	6,717,465	463,666
2031	1,280,000	54,450	1,334,450	0
Total	\$ 15,895,000	\$ 5,875,080	\$ 21,770,080	\$ 3,648,133

Legal Debt Margin Under the Uniform Bond Act of the Ohio Revised Code, at December 31, 2015, the City's overall debt limitation is \$81,688,505 (10.5% of the City's total assessed property valuation of \$777,985,760) of which \$81,613,231 is available for additional voted and unvoted general obligation debt. Of this total general obligation debt capacity, the City's unvoted general obligation debt capacity is \$42,789,217 (5.5% of the City's total assessed property valuation) at December 31, 2015, of which \$42,713,943 is available.

City of Shaker Heights
Cuyahoga County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

Note 12 – Lease Obligations

The City is obligated under certain leases accounted for as capital leases. The leased assets and related obligations are accounted for in the capital assets and the long-term debt liabilities in the governmental and business-type activities, respectively. Capitalized assets acquired under capital leases amount to \$1,013,055 and are all classified as machinery and equipment with accumulated depreciation of \$130,983. All items are long-term agreement leases, which meets the criteria of a capital lease as they transfer benefits and risks of ownership to the lessee.

The future minimum lease payments required under capital leases are as follows:

Year Ending December 31,	Lease Payments
2016	\$ 203,436
2017	226,681
2018	138,592
2019	112,501
Total Minimum Lease Payments	681,210
Less: Amount Representing Interest	(22,031)
Present Value of Minimum Lease Payments	\$ 659,179

Principal payments in the current year totaled \$224,291 in the governmental activities.

Note 13 – Compensated Absences

Vacation is earned by City employees at varying rates based upon length of service. Vacation accumulates based on the bargaining units, and the maximum amounts vary from a range of 160 hours to 600 hours. In the case of death, termination or retirement, an employee (or the employee's estate) is paid for the accumulated, unused vacation leave.

All full-time employees earn sick leave at a rate of fifteen (15) workdays per year. In November of each year, full-time employees of the City have the right to convert accumulated sick leave days earned but not used for the previous year in excess of a total accumulation of ninety (90) days at the ratio of three days of accumulated sick leave for one day's pay. Sick leave not converted under this option may be used through time off from work. Dependent upon bargaining unit membership, full-time employees with minimum continuous service with the City ranging from five to ten years who terminate employment for other than disciplinary reasons may receive payment for their accumulated sick leave according to various formulae with maximums ranging from 520 to 1,300 hours. Compensated absences are charged to various funds of the City in accordance to where an employee's salary is charged.

City of Shaker Heights
Cuyahoga County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

Note 14 – Lease Receivable

As of December 31, 2015, the City has leased multiple pieces of real property. All of the leases are accounted for as operating leases. The value of the City's investment in the operating leases is reflected as lease receivable and unearned revenue in the general fund and capital projects fund.

Former Moreland School Building: This property was leased to the Shaker Heights Public Library during 1991 to serve as the library districts' new main library facility. The initial lease term expired in 2013 and was renewed for two ten-year periods, until August 29, 2033. The lease provides for two additional ten-year renewal options. Under the terms of the lease, the Library Board of Directors completed approximately \$4.3 million in renovations to the facility. The annual basic lease payment is \$100.

Warrensville Center Road Parking Lots: This lease was entered into with University Hospitals Health System, Inc. as of December 16, 2006 for a term of 15 years. Under the terms of the lease, the City constructed and made necessary improvements to existing parking lots on City-owned property along Warrensville Center Road. The lease requires annual payments of \$1 through 2016, with annual step increases in subsequent years through 2021.

Former Sussex School Building: The former Sussex School Building, which the City now owns, is leased to the "Family Connections of Northeast Ohio" for the operation of an early learning and day care center for children. The initial term was for two years, from August 1, 2014 through July 31, 2016, with rent being \$1 per year. The lease is renewable for subsequent two year terms by agreement of the parties.

2558 Lee Road: This lease, entered into with Goldstein, Caldwell and Associates, dba Shaker LaunchHouse on March 16, 2011, and amended in June 2012, provides for the rental of the City-owned building at 3558 Lee Road for the operation of an entrepreneurial business incubator and headquarters for LaunchHouse. The lease is for a five-year, renewable term. The first term runs from April 11, 2011 through April 10, 2016. The lessee pays no rent during the first initial five-year term, expiring April 10, 2016. Under the terms of a development agreement between the parties, the City also paid for various improvements to the property.

Former Malvern School Building: The City purchased this property in 1992 from the Shaker Heights Municipal School District. The building was then sold to Hannah Perkins School, but the City retained the land. Hannah Perkins School and the City then signed a ground lease on the land for a period of 50 years beginning October 1, 2002, with an annual base rent of \$100 per lease year. There is an option for the lessee to renew for an additional 50-year term. This ground lease is recorded with the Cuyahoga County Fiscal Office.

Cell Phone Tower: The City entered into a Site Lease Agreement for the rental of the cell phone tower in the Shaker Heights City Hall parking lot with New Cingular Wireless PCS, LLC and this agreement calls for five-year terms that renew automatically, through 2028. The lease was amended on September 17, 2012 to reflect an increase in rent effective as of April 1, 2012 due to the addition of a second cell site on the same tower leased by New Cingular. In 2015, the lease was extended for an additional 18 years expiring in 2046 with rent increases scheduled at 5 year increments. In 2015, the City received \$52,812 in rent.

City of Shaker Heights
Cuyahoga County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

Duck Creek Energy: The City entered into an Oil and Gas Lease with Duck Creek Energy on April 12, 2010, that continues so long as oil or gas continue to be produced, but the lease expires July 1, 2030. Prior to drilling, Lessee paid the City a spud fee of \$20,000. Other compensation includes royalties in the amount of 12.5% of the gross proceeds of all oil and gas produced. In-kind benefits to the City per the lease include a certain amount of free gas to Thornton Park per year. No receivable is recorded as the amount to be received in the future cannot be determined as of December 31, 2015. In 2015, the City received \$2,736 in the general fund related to the oil and gas produced.

The following lists the components of the net investment in operating leases as of December 31, 2015:

Year Ending December 31,	General Fund	Capital Projects Fund	Total
2016	\$ 52,912	\$ 1	\$ 52,913
2017	35,100	10,000	45,100
2018	35,100	20,000	55,100
2019	35,100	30,000	65,100
2020	35,100	40,000	75,100
2021 - 2025	196,500	50,000	246,500
2026 - 2030	225,500	0	225,500
2031 - 2035	259,209	0	259,209
2036 - 2040	298,091	0	298,091
2041 - 2045	342,805	0	342,805
2046	70,398	0	70,398
	<u>\$ 1,585,815</u>	<u>\$ 150,001</u>	<u>\$ 1,735,816</u>

Note 15 – Risk Management

The City is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets, errors and omissions, injuries to employees, and natural disasters. During 2015, the City contracted with the following insurance companies:

Argonaut (Trident) – provided public entity broad form liability insurance. This insurance included law enforcement, public officials, and emergency medical liability insurance, and is limited to \$1,000,000 per occurrence with a deductible of \$25,000 for general liability only and a \$50,000 deductible for all other claims. This insurance also included excess insurance for automobile liability with no retention limit. American Alternative Insurance Corporation provided the excess liability (umbrella) insurance with a limit of \$10,000,000.

City of Shaker Heights
Cuyahoga County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

Trident – provided liability insurance for all City-owned vehicles (excluding refuse collection scooters) and physical damage insurance for all units valued at \$50,001 and above with a deductible of \$500. Any vehicle valued below \$50,001 does not carry comprehensive or collision insurance. The vehicles not carried under the plan are self-insured by the City. This coverage includes \$1,000,000 for liability, \$25,000 for uninsured/under insured motorist, \$1,000,000 for leased or rented vehicles, and a \$500 comprehensive and collision deductible.

Trident – provided commercial insurance for property and inland marine. Property insurance, with a deductible of \$10,000, was limited to \$54,088,210 for property and contents and \$1,390,804 for contractor's equipment. This coverage also included valuable papers and records limited to \$100,000 and computer equipment limited to \$712,000.

Trident – provided commercial crime and public employee dishonesty insurance with an aggregate limit of \$500,000 and a deductible of \$5,000.

Trident – provided catastrophic loss coverage for the City's vehicle fleet (provided for all vehicles valued \$50,000 and under for catastrophic loss). This insurance coverage has a maximum limit of \$500,000 and deductible of \$5,000.

The City accounts for its general liability and property insurance premiums in the self-insurance fund (an internal service fund). At December 31, 2015, the general and property liabilities balance is zero. The amount of the liability, if any, cannot be reasonably estimated at this time. Settled claims have not exceeded commercial coverage in any of the past three fiscal years. There were no reductions of coverage in 2015 when compared to the prior year.

Historically, under the Ohio Workers' Compensation System for public employer taxing districts, a city could be fully insured against worker compensation claims. The city paid a premium determined by the "base rate" as modified by the "experience factor."

On September 1, 2008, the City elected to provide worker's compensation coverage through a partially self-insured program. The City is accounting for the worker's compensation self-insurance through the self-insurance fund (an internal service fund). Compensable Benefits LLC is the City's third-party administrator. The retention point for excess insurance is \$500,000, which is through Midwest Employers Casualty Corporation. The insurance will cover the City for each incident that goes beyond \$500,000.

On January 1, 2012 the City began providing medical and dental insurance to its employees through a self-insurance plan. The City pays a monthly administrative premium, including a stop-loss fee, for the self-insurance plan. The City contracts with a third-party administrator to direct this program. During 2015, self-insurance was in effect for claims up to \$115,000 per covered individual. Any claims exceeding this threshold are covered by a stop-loss insurance policy.

City of Shaker Heights
Cuyahoga County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

At December 31, 2015, \$1,933,972 has been accrued for self-insurance claims. The claims liability reported in the self-insurance fund is based on the requirements of Governmental Accounting Standards Board Statement No. 30, which requires a liability for unpaid claims costs, including estimates of costs relating to incurred but not reported claims, be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. This represents estimates to be paid for property and casualty, workers' compensation, and hospitalization unpaid claims costs, including an estimate of costs relating to incurred but not yet reported claims based on the current information available.

A reconciliation of changes in the balances of claims liabilities during the fiscal years 2015 and 2014 were as follows:

	Property and Casualty		Workers' Compensation		Hospitalization	
	2015	2014	2015	2014	2015	2014
Beginning of the Year Liability	\$ 0	\$ 0	\$ 1,142,311	\$ 776,741	\$ 287,086	\$ 547,700
Current Year Claims and						
Changes in Estimates	20,825	42,642	(220,488)	584,905	4,494,195	2,915,693
Claim Payments	(20,825)	(42,642)	(90,497)	(219,335)	(3,678,635)	(3,176,307)
End of the Year Liability	\$ 0	\$ 0	\$ 831,326	\$ 1,142,311	\$ 1,102,646	\$ 287,086

Note 16 – Jointly Governed Organizations and Related Organizations

A. Jointly Governed Organizations

Northeast Ohio Public Energy Council (NOPEC)

The City is a member of the Northeast Ohio Public Energy Council (“NOPEC”). NOPEC is a regional council of governments formed under Chapter 167 of the Ohio Revised Code. NOPEC was formed to serve as a vehicle for communities wishing to proceed jointly with an aggregation program for the purchase of electricity. NOPEC is currently comprised of a number of communities who have been authorized by ballot to purchase electricity on behalf of their citizens. The intent of NOPEC is to provide electricity at the lowest possible rates while at the same time insuring stability in prices by entering into long-term contracts with suppliers to provide electricity to the citizens of member communities.

NOPEC is governed by a General Assembly made up of one representative from each member community. The representatives from each county then elect one person to serve on the ten-member NOPEC Board of Directors. The Board oversees and manages the operation of the aggregation program. The degree of control exercised by any participating government is limited to its representation in the General Assembly and on the Board. The City did not contribute to NOPEC during 2015. Financial information can be obtained by contacting NOPEC, 31320 Solon Rd, Suite 20, Solon, Ohio 44139.

City of Shaker Heights
Cuyahoga County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

First Suburbs Consortium of Northeast Ohio Council of Governments

The City is a member of the First Suburbs Consortium of Northeast Ohio Council of Governments (Council). The Council is a regional council of governments formed under Chapter 167 of the Ohio Revised Code. The Council is currently comprised of 19 communities. The Council was formed to foster cooperation between municipalities in matters of mutual concern, including but not limited to initiation and support of policies and practices which protect, maintain and redevelop mature communities and other matters which affect health, welfare, education, economic conditions and regional development.

The Council is governed by an Assembly made up of one representative from each member community. The representatives then elect the Governing Board made up of a Chair, Vice Chair and other members elected in annual elections. The Board oversees and manages the Council. The degree of control exercised by any participating government is limited to its representation in the Assembly and on the Board. During 2015, the City of Shaker Heights contributed \$3,000 to the Council. Financial information may be obtained by contacting First Suburbs Consortium of Northeast Ohio Council of Governments, 40 Severance Circle, Cleveland Heights, Ohio 44118.

B. Related Organizations

Shaker Heights Development Corporation (SHDC)

In 1980, the City formed the Community Improvement Corporation of Shaker Heights, Ohio (CIC) which is now known as the Shaker Heights Development Corporation. The CIC was formed and designated by the City as its agent for industrial, commercial, distribution and research development in the City, but was largely inactive. In 2011, the CIC was reactivated and reorganized to be involved in the economic development of the City, and the Internal Revenue Service determined that the CIC was a 501(c) (3) organization. The City acts as fiscal agent for the Shaker Heights Development Corporation.

Note 17 – Construction and Other Significant Commitments

As of December 31, 2015, the City’s construction commitments were as follows:

	<u>Contractual Commitment</u>	<u>Expended</u>	<u>Remaining Commitment</u>
Street Improvement Projects	<u>\$ 3,619,454</u>	<u>\$ 2,484,388</u>	<u>\$ 1,135,066</u>

City of Shaker Heights
Cuyahoga County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

Other significant commitments include the encumbrances outstanding at year-end. The amount of the encumbrances expected to be honored upon performance by the corresponding vendor in the next year were as follows:

Fund	Amount
General Fund	\$ 1,441,573
Capital Projects Fund	1,444,095
Nonmajor Governmental Funds	120,169
	\$ 3,005,837

Note 18 – Claims and Judgments

The City is a defendant in various lawsuits. The amount of the liability, if any, cannot be reasonably estimated at this time. However, it is in the opinion of management that such claims and lawsuits will not have a material adverse effect on the financial condition of the City.

The City has received federal and state grants for specific purposes which are subject to review and audit by the grantor agencies. Such audits could lead to requests for reimbursements to grantor agencies for expenditures disallowed under the terms of the grants. However, it is the opinion of management that any such disallowances would be immaterial.

Note 19 – Subsequent Event

On April 1, 2016 the City entered into a lease for a fire truck in the amount of \$940,000. There are 7 annual payments of \$144,054 with the final payment due April 1, 2023.

On April 27, the City paid off the street improvement notes, series 2015 for \$1,025,000 plus interest of \$10,222.

The lease with Goldstein, Caldwell and Associates, dba Shaker-Launchhouse terminated April 10, 2016. Shaker Heights Development Corporation has proposed to take over the lease from the City, but the terms are still being negotiated.

City of Shaker Heights
Cuyahoga County, Ohio
Combining Statements - Nonmajor Funds

Nonmajor Special Revenue Funds

The Special Revenue Funds are used to account for the proceeds of specific sources that are legally restricted or committed to expenditure for specified purposes other than debt service or capital projects. The title of each special revenue fund is descriptive of the activities accounted for therein. The special revenue funds are:

Street Maintenance and Repair Fund

One of two funds legally required by the Ohio Revised Code (the other being the state highway maintenance fund) to account for revenue from the state gasoline tax and motor vehicle registration fees. The Revised Code requires that 92.5% of these revenues be used for the maintenance and repair of streets within the City.

State Highway Fund

One of two funds legally required by the Ohio Revised Code (the other being the street maintenance and repair fund) to account for revenue from the state gasoline tax and motor vehicle registration fees. The Revised Code requires that 7.5% of these revenues be used exclusively for the maintenance and repair of state highways within the City.

Sewer Maintenance Fund

To account for funds derived from a surcharge levied upon all users of the sewer system with the City. This surcharge pays for sewer system maintenance, replacement and repair. The surcharge is levied in addition to the treatment and disposal rate set by the Northeast Ohio Regional Sewer District.

Police Pension Fund

To account for the payment of current and accrued police pension liability to the Police and Fireman's Disability and Pension Fund of Ohio. The Ohio Revised Code requires that the City levy .3 mills of property tax annually for the partial payment of this liability. The remaining liability is financed by a transfer primarily from the City's general fund.

Fire Pension Fund

To account for the payment of current and accrued fire pension liability to the Police and Firemen's Disability and Pension Fund of Ohio. The Ohio Revised Code requires that the City levy .3 mills of property tax annually for the partial payment of this liability. The remaining liability is financed by a transfer primarily from the City's general fund.

Indigent Driver/Alcohol Treatment Fund

To account for reinstatement fees collected by the State Bureau of Motor Vehicles and \$1.50 per traffic case paid in connection with driving under the influence offenses. Ohio Revised Code Section 4511.191(L) provides that payments are to be made only upon order of the Municipal Court Judge for alcohol and other drug treatment costs for indigent drivers.

Court Computer Legal Research Fund

To account for revenues from court costs assessed under the authority of Ohio Revised Code Section 1901.261(A) by the Municipal Court on the filing of each cause of action or appeal for the purposes of computerizing the court and to make available computerized legal research services.

City of Shaker Heights
Cuyahoga County, Ohio
Combining Statements - Nonmajor Funds

Non-Major Special Revenue Funds (Continued)

Clerk's Computerization Fund

To account for revenues from court costs assessed under the authority of Ohio Revised Code Section 1901.261(B) by the Municipal Court on the filing of each cause of action or appeal, certificate of judgment or modification of judgment for the purpose of procuring and maintaining computer systems for the office of the clerk of the Municipal Court.

Housing Grant (Neighborhood Revitalization) Fund

To account for monies received from grants from various sources to be used to provide funding for housing within the City.

Fair Housing Grant Fund

To account for monies received from the Department of Housing and Urban Development. The funds are to be used to monitor fair housing practices within the City.

Law Enforcement Grant Fund

To account for grants received by the Shaker Heights Police Department whose primary purpose is to reduce the amounts and effects of external harm to individuals and property.

Court Alternate Dispute Resolution Fund

To account for the collection and use of an additional court cost imposed by the Shaker Heights Municipal Court, under the authority of Ohio Revised Code Section 1901.26, on each civil and small claims case to fund alternate dispute resolution programming and materials.

Ohio Court Security Project Fund

To account for a grant received from the State of Ohio to be used to upgrade court security by replacing door entry locks with a computerized keyless entry system. This also accounts for \$1.00 collected per criminal and traffic case collected which came into effect September 2003.

High Intensity Drug Trafficking Area Grant Fund (HIDTA)

The City is the grantee and acts as the fiscal agent for the federally funded Ohio HIDTA. The HIDTA Program functions as a coordination umbrella by forging partnerships among local, state, and federal law enforcement agencies in designated areas to combine resources and efforts in order to reduce drug trafficking and distribution.

Housing and Nuisance Abatement Fund

To account for funds received from the levy of special assessments against nuisance properties and charges for services from nuisance properties for the maintenance of such properties.

Indigent Driver Interlock Device Fund

To account for funds received from court costs that are collected on each DUI offense. The fund was created with the purpose of funding interlock and SCRAM (Secure Continuous Remote Alcohol Monitoring) for indigent drivers. In addition, the court receives monthly checks from the Bureau of Motor Vehicles for reinstatement fees collected.

City of Shaker Heights
Cuyahoga County, Ohio
Combining Statements - Nonmajor Funds

Non-Major Special Revenue Funds (Continued)

Street Lighting Assessment Fund

To account for funds received from the levy of special assessments against property with frontage on public streets for the legally restricted purpose of paying the cost of street lighting with the City.

Tree Maintenance Special Assessment Fund

To account for funds received from the levy of special assessments against property with frontage on public streets for the legally restricted purpose of paying the cost of tree care on the City's public right-of-way.

Law Enforcement Trust Fund

To account for the proceeds of property deemed contraband by the courts and ordered forfeited to the City. The Ohio Revised Code permits these funds to be expended only for the cost of protracted or complex investigations or prosecutions, to provide reasonable technical training or expertise or other such law enforcement purposes as determined by Council. The fund may not be used to meet operating costs of the City that are not related to law enforcement.

Central Services Operation Fund

To provide a central cost center for work for other governmental agencies, utilities, and individuals that is not considered to be a normal city function and is billable back to the responsible party. Included in this fund is the maintenance of the rapid transit tracks for the Greater Cleveland Regional Transit Authority, street openings and closing, public property damage repaid, sidewalk repair and replacement and other miscellaneous activities. Due to the implementation of GASB Statement No. 54, this fund was combined with the general fund on the governmental fund financial statements but remained a separate fund in the budgetary schedules because it has a legally adopted budget.

Non-Major Debt Service Funds

Debt Service Administration Fund

To account for the accumulation of resources for, and the payment of all general long-term debt principal and interest except for urban renewal debt.

Urban Renewal Debt Service Fund

To account for the accumulation of resources for and the payment of urban renewal debt issued pursuant to Ohio Revised Code Section 725 to finance improvements secured by a general obligation pledge of the City and repaid with revenue from semi-annual tax increment payments including the Sussex Area revitalization project and the Shaker Towne Centre Community Development District revitalization project.

Combining Statements – Internal Service Funds

Internal Service Funds

These funds are used to account for the financing of goods or services provided by one department to other departments of the City, on a cost-reimbursement basis.

Central Purchasing Fund

To provide a central cost center to account for the purchasing of office supplies, road materials, sidewalk materials, fuel, fire hydrants, and other miscellaneous supplies to be charged back to the individual City departments as the supplies are drawn.

Copier Management Fund

To provide a central cost center to account for the cost of copying performed by City departments.

Municipal Garage Fund

To provide a central cost center to account for the cost of repairing and maintaining the City's fleet of vehicles and heavy equipment. Operating costs are charged back to City departments based upon the number of vehicles and equipment maintained and upon the department's actual utilization of the garage.

Self-Insurance Fund

To account for monies charged to the governmental funds of the City by the self-insurance reserve fund. Since 1986 the City has directly assumed the risk of loss from general liability claims. The self-insurance reserve fund was created by Council to provide for a loss reserve for the administration of the self-insurance activity and to account for the workers' compensation and hospitalization claims. The self-insurance reserve fund is not available to fund the general operations of the City.

Combining Statements – Agency Funds

Agency Funds

Agency funds are purely custodial (assets equals liabilities) and thus do not involve measurement of results of operations.

Public Art Deposit Fund

To encourage public art throughout the City and to allow residents to make donations in honor of services rendered by various City departments.

Obstruction Permit Deposit Fund

To account for the receipt of refundable deposits required of individuals to insure that obstructions or openings in public property created during construction are returned to pre-construction condition.

Excavating Permit Deposit Fund

To account for the receipt of refundable deposits required of individuals who wish to excavate and/or haul material over public property. The deposit is to guarantee that the public property will be cleaned and restored to its original condition and that the excavation, if any, will be properly guarded in accordance with applicable provisions of the City Code.

Unclaimed Monies Fund

Fund required by Ohio Revised Code to account for monies received or collected and not otherwise paid out according to law. Monies that are deemed to be unclaimed and credited to this fund that are not claimed within a five-year period revert to the general fund.

Municipal Court Fund

To account for assets received and disbursed by the Shaker Heights Municipal Court as agent or custodian related to civil and criminal court matters.

Contractor Deposit Fund

To account for the receipt of refundable deposits required of individuals who perform construction electrical, plumbing, sewer or HVAC work. The deposit is to guarantee that the work will be performed and inspected according to City Code.

Recreation Scholarship Fund

To account for funds solicited to be used for the purpose of providing financial aid and/or services to assist disadvantaged youth who otherwise could not afford to participate in various Recreation Department programs. The scholarship program is a non-profit corporation established under the authority of section 501(c) of the Internal Revenue Service Code.

Shaker Family Resource Center Fund

To account for assets held by the City as fiscal agent for the Shaker Family Resource Center, Inc. The purpose of this non-profit corporation is to enhance the quality of life for families with young children in the Shaker Heights City School District by providing educational, social, and recreational and support programs and services.

City of Shaker Heights
Cuyahoga County, Ohio
Combining Statements – Agency Funds

Agency Funds (continued)

Board of Building Standards Fund

To account for state mandated fees collected by the City's Building Department relating to the acceptance, review and approval of building plans and specifications. An amount equal to 3% of fees imposed must be remitted on a monthly basis to the State of Ohio Department of Industrial Relations.

Heights Area Special Rescue Team Fund

To account for assets held by the City for the Heights Area Special Rescue Team (HASRT).

Cleveland Waterline Projects Fund

In 2007, the City transferred ownership and replacement responsibilities of its waterlines to the City of Cleveland. The City also entered into an agreement with the Cleveland Division of Water under which the City of Shaker Heights would manage and design the projects of which the Division of Water would pay for. This fund is to account for funds received by the Cleveland Division of Water to be expensed for the design and construction of such projects.

Shaker Heights Development Corporation Fund

To account for the purposes of the Community Improvement Corporation, also known as the Shaker Heights Development Corporation which includes seeking corporate and other private sponsorships and contributions and foundation, federal and state grants to be used for economic development in the City.

Shaker Cuyahoga Credit Enhancement Fund

To account for the purposes of the agreement with Cuyahoga County for the City County SBA loan program. Funding from the City and County to fund forgivable loans is deposited into the fund. Loan payments are made from the fund for credit enhanced SBA loans to local businesses that meet the qualifications of the City County loan program.

Statistical Section

This part of the City of Shaker Heights's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health.

<u>Contents</u>	<u>Page(s)</u>
Financial Trends These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.	S-2 - S-9
Revenue Capacity These schedules contain information to help the reader assess the City's most significant local revenue sources, property tax and municipal income tax.	S-10 - S-17
Debt Capacity These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.	S-18 - S-23
Economic and Demographic Information These schedules offer economic and demographic indicators to help the reader understand the environment within which the City's financial activities take place.	S-25 - S-27
Operating Information These schedules contain service data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.	S-28 - S-35

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant fiscal year. The City implemented GASB Statement 34 in 2003; schedules presenting government-wide information include information beginning in that fiscal year.

With the implementation of GASB 68 in 2015, the calculation of pension expense has changed; however, government-wide expenses for 2014 and prior years were not restated to reflect this change.

In 2013, the City implemented GASB 65, which resulted in the bond issuance costs to be expenses in the year incurred. Prior year information has been adjusted for the implementation of the Statement.

In 2015, gasoline tax and motor vehicle license fees were reclassified from general revenues - grants, entitlements and estate taxes to program revenues - operating grants and contributions offset against street maintenance and repair.

Real property is reappraised every six years with a State mandated update of the current market value in the third year following each reappraisal.

The assessed value of real property (including public utility real property) is 35 percent of estimated true value. The assessed value of public utility personal property ranges from 25 percent of true value for railroad property to 88 percent for electric transmission and distribution property. General business tangible personal property was assessed in previous years at 25 percent for machinery and equipment and 23 percent for inventories. General business tangible personal property was phased out by the State of Ohio. For collection year 2007 both types of general business tangible personal property were assessed at 12.5 percent. The percentage was 6.25 percent for 2008 and zero for 2009.

The tangible personal property values associated with each year are the values that, when multiplied by the applicable rates, generated the property tax revenue billed in that year. For real property, the amounts generated by multiplying the assessed values by the applicable rates would be reduced by the 10%, 2 1/2% and homestead exemptions before being billed. Beginning in the 2006 collection year, the 10% rollback for commercial/industrial property has been eliminated.

(1) Tax rates are per \$1,000 of assessed value

Notes: The rates presented for a particular calendar year are the rates that, when applied to the assessed values presented in the Assessed Value Table, generated the property tax revenue billed in that year.
The City's basic property tax rate may be increased only by a majority vote of the City's residents

Charter millage is consistently applied to all types of property

The real property tax rates for the voted levies of the overlapping taxing districts are reduced so that inflationary increases in value do not generate additional revenue

Overlapping rates are those of local and county governments that apply to property owners within the City

Cuyahoga County millage for 2015 includes voted rate of 14.05 mills for County government, 2.75 mills for Cleveland Metroparks, 4.0 mills for Cuyahoga Community College and 0.13 mills for the Cleveland Cuyahoga Port Authority.

**Independent Auditor's Report on Internal Control over Financial Reporting and on
Compliance and Other Matters Based on an Audit of Financial Statements
Performed in Accordance with *Government Auditing Standards***

Members of the City Council
City of Shaker Heights, Ohio

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the City of Shaker Heights, Ohio (the "City"), as of and for the year ended December 31, 2015, and the related notes to the financial statements, which collectively comprise the City's basic financial statements and have issued our report thereon dated December 30, 2016, wherein we noted that the City adopted Governmental Accounting Standards Board (GASB) Statement No. 68, *Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27*, and GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date – an amendment of GASB Statement No. 68*, and as a result restated their December 31, 2014 net position, as disclosed in Note 2 to the basic financial statements.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and questioned costs that we consider to be a material weakness (Finding No. 2015-001).

Members of the City Council
City of Shaker Heights, Ohio

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

The City's Response to Findings

The City's response to the finding identified in our audit is described in the accompanying schedule of findings and questioned costs and in the corrective action plan. The City's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor’s Report on Compliance for Each Major Program; Internal Control over Compliance; and Report on the Schedule of Expenditures of Federal Awards Required by OMB Circular A-133 and the Uniform Guidance

Members of the City Council
City of Shaker Heights, Ohio

Report on Compliance for Each Major Program

We have audited the City of Shaker Heights, Ohio’s (the “City”) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on the City’s major federal programs for the year ended December 31, 2015. The City’s major federal programs are identified in the summary of auditor’s results section of the accompanying schedule of findings and questioned costs.

Management’s Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor’s Responsibility

Our responsibility is to express an opinion on compliance for the City’s major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* (OMB Circular A-133) and Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards, OMB Circular A-133 and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City’s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

Members of the City Council
City of Shaker Heights, Ohio

We believe that our audit provides a reasonable basis for our opinion on compliance for the major federal programs. However, our audit does not provide a legal determination of the City's compliance.

Opinion on Major Federal Programs

In our opinion, the City complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal programs for the year ended December 31, 2015

Report on Internal Control over Compliance

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City's internal control over compliance with the types of requirements that could have a direct and material effect on the major federal programs to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for the major federal programs and to test and report on internal control over compliance in accordance with OMB Circular A-133 and the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133 and the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Members of the City Council
City of Shaker Heights, Ohio

Report on the Schedule of Expenditures of Federal Awards Required by OMB Circular A-133 and the Uniform Guidance

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the City as of and for the year ended December 31, 2015, and the related notes to the financial statements, which collectively comprise the City's basic financial statements. We issued our report thereon dated December 30, 2016, which contained an unmodified opinion on those financial statements, wherein we noted that the City adopted Governmental Accounting Standards Board (GASB) Statement No. 68, *Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27*, and GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date – an amendment of GASB Statement No. 68*, and as a result restated their December 31, 2014 net position, as disclosed in Note 2 to the basic financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by OMB Circular A-133 and the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

City of Shaker Heights

Notes to the Schedule of Expenditures of Federal Awards

For the Year Ended December 31, 2015

Note 1: Basis of Presentation

The accompanying schedule of expenditures of federal awards (SEFA) includes the federal grant activity of the City of Shaker Heights, Ohio, and is presented on the cash basis of accounting. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* and Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

The amount of Highway Planning and Construction Cluster (CFDA #20.205) expenditures included in the SEFA are based on the date the invoice was submitted to the Ohio Department of Transportation (ODOT), and not the date ODOT made the payment to the contractor.

Note 2: Matching Requirements

Certain federal programs require that the City contribute non-federal (matching) funds to support the federally funded programs. The expenditure of non-federal matching funds is not included on the accompanying Schedule.

Note 3: Indirect Cost Rate

No indirect costs were charged to federal grants; therefore, no indirect cost rate was established.

(d)(I)(ix)	Low Risk Auditee?	No

City of Shaker Heights

Schedule of Findings and Questioned Costs (continued)

For the Year Ended December 31, 2015

2. Findings Related to the Financial Statements Required to be Reported in Accordance With GAGAS

2015-001 – Material Weakness in internal control over financial reporting:

Condition:

We noted the City improperly excluded expenditure amounts from the schedule of expenditures of federal awards (SEFA) and from the financial statements relating to CFDA #20.205 due to a lack of communication between the City's Public Works Department and the City's Finance Department. The expenditures related to payments The Ohio Department of Transportation (ODOT) made directly to contractors.

Criteria:

The internal control structure and processes should provide for the proper communication and recording of all expenditures and facilitate the preparation of a complete and accurate SEFA.

Cause:

Controls were not in place to ensure all expenditures were being accounted for, including those paid directly by ODOT.

Effect:

The lack of controls over the accounting of expenditures could result in an understatement of expenses required to be reported in the financial statements and on the schedule of expenditures of federal awards and decrease the reliability of financial data throughout the year. This can also lead to errors when identifying major programs.

Recommendation:

We recommend the City adopt procedures specifically over the direct payments made by ODOT to the vendors to help ensure the information accurately reflects the expenditures incurred throughout the year, increasing the reliability of the financial data at year-end.

Management's Response:

The City is taking the necessary steps to ensure all contractor payments, including those paid to the contractor directly by ODOT, are being accounted for.

3. Findings for Federal Audits

None noted.

City of Shaker Heights

Corrective Action Plan

For the Year Ended December 31, 2015

Finding No.	Finding Summary and Corrective Action Planned	Anticipated Completion Date	Responsible Contact Person
2015-001	<p>Finding: We noted the City improperly excluded expenditure amounts from the SEFA and financial statements relating to CFDA #20.205 due to a lack of communication between the Public Works Department and the Finance Department. The expenditures related to payments ODOT made directly to contractors.</p> <p>Corrective Action Plan: Moving forward the City will establish internal control procedures to require a copy of all grant agreements to be filed with the Finance Department so they can be reviewed to determine instances where Federal monies required to be reported by the City are not flowing through the City's Financial Accounting system, but being paid directly by grantor to vendors on the City's behalf.</p>	December 31, 2016	David Pfaff, Director of Finance
