## Independent Accountants' Report on Applying Agreed-Upon Procedures

Ohio Department of Medicaid  
50 West Town Street, Suite 400  
Columbus, Ohio 43215

RE: Suvarna Bhandaru, M.D. NPI: 1417934043  
Program Year 3: Meaningful Use Stage 1 Year 2

We have performed the procedures enumerated below, which were agreed to by the Ohio Department of Medicaid (ODM), on Dr. Suvarna Bhandaru's (hereafter referred to as the Provider) compliance with the requirements of the Medicaid Provider Incentive Program (MPIP) for the year ended December 31, 2014. The Provider is responsible for compliance with the MPIP requirements. The sufficiency of these procedures is solely the responsibility of ODM. Consequently, we make no representation regarding the sufficiency of the procedures enumerated below either for the purpose for which this report has been requested or for any other purpose.

1. We searched the Medicaid Information Technology System and confirmed that the Provider had an active Ohio Medicaid Agreement during the patient volume and meaningful use attestation periods.
2. Using the Ohio e-license center, we verified the Provider type was the same as reported in MPIP and confirmed that the Provider was licensed to practice in Ohio during the patient volume and meaningful use attestation periods.
3. We reviewed the MPIP system and confirmed that the Provider underwent ODM's pre-payment approval process, was approved for incentive payment and received an incentive payment.

We compared the date of pre-payment approval with the date of the incentive payment and confirmed that pre-payment approval occurred prior to payment. In addition, we compared the payment amount with the MPIP payment schedule and confirmed that ODM issued the correct payment amount.

4. We obtained the list of all encounters during the patient volume attestation period from the Provider. We scanned the list and found no duplicate encounters.

We also verified that all payer sources were included in the encounter list and found no unrecorded encounters.

5. We compared the Medicaid encounters in the MPIP system with those from the Quality Decision Support System and the final Provider's Medicaid encounters identified in procedure 4 to determine if the MPIP data exceeded these two reports by 20 percent. We found no variances exceeding 20 percent and the MPIP data met the 30 percent patient volume requirement.
6. We found that the location where the Provider worked was no longer in practice and we were unable to determine the electronic health record (EHR) system currently in use. We obtained a vendor letter for the original EHR system and confirmed that it was the same as reported in the MPIP system.
7. We confirmed the Provider did not report multiple locations.

Suvarna Bhandaru, M.D.  
Independent Accountants' Report on  
Applying Agreed-Upon Procedures

8. We obtained supporting documentation for the core measures and compared it to the applicable criteria. For those measures that require only unique patients be counted, we scanned the detailed data and found no duplicate patients. We found seven core measures without any supporting documentation and six core measures that did not meet the applicable criteria as the report provided did not identify the period of time.
9. We did not perform the procedure to compare documentation for the menu and clinical quality measures to the applicable criteria as the Provider did not provide any supporting documentation.

This agreed-upon procedures engagement was conducted in accordance with the American Institute of Certified Public Accountants' attestation standards. We were not engaged to and did not conduct an examination or review, the objective of which would be the expression of an opinion or conclusion, respectively, on the Provider's compliance with the MPIP requirements. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported. This report is intended solely for the information and use of the Provider and ODM, and is not intended to be, and should not be used by anyone other than the specified parties.
