

CITY OF SPRINGBORO
WARREN COUNTY
REGULAR AUDIT
JANUARY 1, 2017 – DECEMBER 31, 2017

Dave Yost • Auditor of State

Members of Council
City of Springboro
320 West Central Avenue
Springboro, Ohio 45066

We have reviewed the *Independent Auditor's Report* of the City of Springboro, Warren County, prepared by Wilson, Shannon & Snow, Inc., for the audit period January 1, 2017 through December 31, 2017. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The City of Springboro is responsible for compliance with these laws and regulations.

A handwritten signature in black ink that reads "Dave Yost".

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
REQUIRED BY *GOVERNMENT AUDITING STANDARDS***

City of Springboro
Warren County
320 West Central Avenue
Springboro, Ohio 45066

To the City Council and Management:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Springboro, Warren County, (the City) as of and for the year ended December 31, 2017, and the related notes to the financial statements, which collectively comprise the City's basic financial statements and have issued our report thereon dated June 15, 2018.

Internal Control Over Financial Reporting

As part of our financial statement audit, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support our opinions on the financial statements, but not to the extent necessary to opine on the effectiveness of the City's internal control. Accordingly, we have not opined on it.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. *A material weakness* is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the City's financial statements. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Given these limitations, we did not identify any deficiencies in internal control that we consider material weaknesses. However, unidentified material weaknesses may exist.

City of Springboro
Warren County
Independent Auditor's Report on Internal Control
Over Financial Reporting and on Compliance and Other Matters
Required By *Government Auditing Standards*

Compliance and Other Matters

As part of reasonably assuring whether the City's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

Purpose of this Report

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this report is not suitable for any other purpose.

June 15, 2018

Honorable Mayor, Members of Council
And Citizens of Springboro
Springboro, Ohio

We are pleased to present the City of Springboro (the City) Comprehensive Annual Financial Report (CAFR) for the year ended December 31, 2017. The responsibility for both the accuracy of the presented data, and the completeness and fairness of presentation, including all disclosures, rests with the management of the City, particularly the office of the Director of Finance. This report is prepared in conformance with accounting principles generally accepted in the United States of America as set forth by the Governmental Accounting Standards Board (GASB) and other recognized authoritative sources. We believe the data is fairly presented in all material aspects and that it is presented in a manner designed to set forth the financial position and results of operations of the City as measured by the financial activity of its various funds; and that all disclosures necessary to enable the reader to gain a reasonable understanding of the City's financial affairs have been included.

Accounting principles generally accepted in the United States of America require that management provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The City's MD&A can be found immediately following the independent auditor's report.

THE CITY

We became a chartered municipality thirty-nine years ago, a City twenty-six years ago and have earned the reputation as being a very progressive community. The City is located in the southwestern part of the State of Ohio, uniquely within the boundaries of two counties, Warren County and Montgomery County, Ohio. The City is a home rule municipal corporation, organized under the laws of the State of Ohio, which operates under its own Charter. The current Charter, which provides, for a Council/Manager form of government, was adopted on November 7, 1978, effective on January 1, 1979 and was amended most recently on November 4, 2009. The seven-member Council is elected to four-year terms. The Council appoints a City Manager who serves as the chief executive officer.

***Letter of Transmittal
For the Year Ended December 31, 2017***

REPORTING ENTITY AND SERVICES

A reporting entity is composed of the primary government, component units and other organizations that are included to ensure that the financial statements are complete. The primary government of the City consists of all funds and departments which comprise the legal entity of the City and which provide various services including police, street construction and maintenance, traffic signalization, street lighting, planning and zoning, building inspections, recreation, parks, the library, recycling and general administrative services. In addition, golf, sewer, water, storm water and trash collection and disposal services are provided under an enterprise concept with user charges set by the City Council to ensure adequate coverage of operating expenses and payments on outstanding debt.

Component units are legally separate organizations for which the City is financially accountable. The City is financially accountable for an organization if the City appoints a voting majority of the organization's governing board and (1) the City is able to significantly influence the programs or services performed or provided by the organization; or (2) the City is legally entitled to or can otherwise access the organization's resources; the City is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the City is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the City in that the City approves their budget, the issuance of their debt or the levying of their taxes. The Community Improvement Corporation of Springboro is reported as a discretely presented component unit in a separate column on the entity wide financial statements.

The Warren County General Health District, the Greater Warren County Drug Task Force, the Miami Valley Regional Planning Commission, the Warren County Transportation Improvement District and the Montgomery County Transportation Improvement District were determined to be jointly governed organizations and the Ohio Municipal League of Workers' Compensation Group Rating Plan was determined to be a group purchasing pool. These entities are discussed further in Notes 17 and 18 within the notes to the financial statements.

ECONOMIC OUTLOOK

Growth and development within the City of Springboro is expected to exceed the national and state average due to the City's physical location along Interstate 75 between Cincinnati and Dayton. The United States Census Bureau officially counted population in the City of Springboro on April 1, 2010 as 17,409, an increase of 5,029 from the 2000 United States Census Bureau count. The estimated population from the US Census Bureau in 2017 was 18,213. The main factor contributing to this growth over a sustained period was an abundance of available building sites offering appealing terrain, location, amenities, small town atmosphere and a low crime rate. In 2017, 70 single-family residential construction permits were issued. This is a slight increase from 2016 and reflective of projections.

Springboro is an important center for manufacturing and service industries. Metal fabrication, electronics assembly, distribution and aerospace comprise a substantial portion of the economic base in this region. Pioneer Industrial Components assembles audio components for the automobile industry. Advanced Engineering designs solutions for interiors of domestic and foreign vehicles, and Bosch Batteries develops nickel-hybrid batteries for BMW and Fiat vehicles. Thaler Machine designs and manufactures parts for the aerospace and defense industries. These few companies alone generate over 700 jobs.

***Letter of Transmittal
For the Year Ended December 31, 2017***

Add to that Victory Wholesale Grocers, a national grocery distributor and Klosterman Bakery, a bread distributor, Springboro's prominence as a distribution center becomes evident. In October 2017, Victory Wholesale Grocers completed construction on a 220,000 square foot building expansion that created an additional 127 jobs.

Over 600 businesses call Springboro home, including corporate headquarters, branch offices and bustling distribution and retail/service establishments.

Since the City annexed the South Tech Business Park in 1997 and began marketing the Stolz Industrial Park and Commercial Way Industrial Park, industrial growth in Springboro has blossomed. In November 2004, the City of Springboro purchased the remaining 89 acres of land at the South Tech Business Park on the northern edge of the City and, in conjunction with other local governments, redeveloped the surrounding infrastructure to create Austin Landing, a mixed-use development along Interstate 75. The developer for the project announced plans in 2017 to fully build out the entire 142-acre development within the next two years, including retail and entertainment establishments and restaurants, including 54 acres within the City.

The City has recently extended West Tech Boulevard 1,100 linear feet to open an additional 30 acres of property for development and the City is currently working with Mills-Morgan to develop the Ascent, a thirteen building office park, which will be marketed to business prospects interested in locating near the Austin Boulevard Interchange on Interstate 75. The first business to open on the newly extended West Tech Boulevard, Shiver Security, employs 25 employees. Business retention efforts have resulted in Caesar Creek Software staying and expanding in Springboro by building a 20,000 square foot headquarters in the Ascent Business Park. Caesar Creek currently has 64 employees in Springboro residing in their new building.

The City continues to be an attractive location for a wide range of retail shops as well. The City maintains an active role in preserving and enhancing its historical downtown. In 1999, the City's downtown historic district was placed on the National Register of Historic Places. The City continues to be an active participant in state and regional downtown and tourism development programs.

New senior housing was recently completed in the city. The 2-story, 93,000 square foot facility, called The Landing of Springboro, sits on 7.5 acres on the corner of a former farm property. The complex contains 111 suites, 86 for assisted living residents and 25 for residents in need of dementia care.

Growth and development in the City are expected to continue to be strong through 2017. Medical office development and business retention are high on the City's Economic Development priority list. Dayton Children's Medical Center has recently opened a new 16-bed Emergency Care Unit at their current facility in South Tech Business Park and they have completed a new surgery center at the same site in late 2017. In all, Dayton Children's has invested over \$40 million in a 110,000 square foot medical facility in Springboro and they have plans to expand beyond that in the near future.

***Letter of Transmittal
For the Year Ended December 31, 2017***

MAJOR INITIATIVES

For the Year (2017):

The citizens of Springboro are the City's greatest assets. The City's greatest concern in preparing each year's budget is to provide services that address citizens' needs and safeguard their environment in conformity with applicable Federal and State laws.

General Capital Improvements:

In 2017, the telephone system in the Municipal Building was replaced and demolition of buildings continued on the property the City purchased at the corner of SR 73 and SR 741. The veteran's memorial project that started in 2016 was completed and dedicated on Veteran's Day 2017.

Street Capital Improvements:

The City has an annual resurfacing and miscellaneous street repair program that is completed each year. Sidewalks were installed in various areas of the City as per the Mobility Master Plan. Improvements to the intersection of SR 73 and SR 741 began in 2014 and will continue over the next couple years. The light poles on SR 741 north were painted. Sidewalk and a pedestrian bridge were installed on Red Lion Five Points Road to connect the Farms of Heatherwoode subdivision to Heatherwoode Subdivision. There was also a new public works storage facility upgrade completed on our wellfield property.

Park Improvements:

Improvements to Community Park included installation of scoreboards and construction of new concession stands. In 2014, a Master Plan was completed for Hazel Woods Park. Work continued in 2017 on Hazel Woods Park with the demolition of a house, installation of a parking area and completion of a dog park.

Water Capital Improvements:

The interior of the Lytle Water Tower was completed in 2017. The Tamarack Hills Water Main Replacement program and the Royal Oaks Water Main Replacement program continued in 2017, replacing 6" water mains with 8" water mains and will be done over several years.

Sewer Capital Improvements:

There were no sewer capital improvement projects in 2017.

Storm Water Utility Capital Improvements:

Several catch basin repairs/replacements occurred in the Royal Oaks Subdivision in conjunction with the concrete work going on in that area. There were also some catch basin replacements completed in Tamarack Hills Subdivision.

Golf Course Improvements:

Improvements at the clubhouse continued in 2017 to maintain quality standards. These improvements included brick replacement, major restroom renovations, window replacements and fire system replacement in the clubhouse. A new fuel pump was installed at the Golf Maintenance Facility.

***Letter of Transmittal
For the Year Ended December 31, 2017***

For the Future (2018):

General Capital Improvements:

2018 budget of \$485,000 includes: \$115,000 for digital signage and gateway signage; \$300,000 for property redevelopment at the NW corner of SR73/SR74; and \$70,000 for a regional fiber project.

Street Capital Improvements:

Mobility Master Plan was completed in 2001, which analyzed both motorized and non-motorized transportation needs and developed a capital improvement plan. The 2018 budget includes funding for \$2,336,000 of street capital improvements in various areas: \$850,000 for street resurfacing; \$25,000 is designated for light pole painting on SR73; \$241,000 is for intersection improvements on South Main Street at the entrance to the Springboro Junior High School; \$200,000 for Lytle Five Points Road improvements; \$230,000 is for West Tech Lighting improvements; \$40,000 to replace banner poles on South Main Street; \$600,000 is for improvements to South Pioneer Boulevard; \$75,000 for improvements to the medians on SR73 west of SR741; \$50,000 for the Clearcreek Park Bike Trail Connection, Phase I; and \$25,000 for the installation of various sidewalks.

Park Improvements:

The 2018 budget includes: \$80,000 for improvements to Community Park that includes rehabilitating the tennis courts; and \$50,000 for improvements to Mills Park for landscaping and hardscape; \$350,000 for improvements to Hazel Woods Park that includes development of additional soccer / lacrosse fields; \$70,000 for Gardner Park to construct a fishing pier at the pond and a parking lot at the Veterans Memorial; \$15,000 for North Park to install two additional solar parking lights; and \$120,000 for Clearcreek Park to add lighting to the two practice football fields to allow for later usage.

Water Capital Improvements:

In 1995, the City commissioned the development of a Water Master Plan study in conjunction with the strategic planning process. This plan was updated in 1998, 2001 and 2008 to evaluate how the City's growth and development had compared to that projected in the earlier study and was updated again in 2009. The 2018 budget includes funding for \$750,000 water capital improvements as follows: \$325,000 for the replacement of a 6" water main with an 8" water main in the Tamarack Hills Subdivision; \$325,000 for replacement of a 6" water main with an 8" water main in the Royal Oaks Subdivision; \$60,000 to install water main interconnects with Warren County; and \$40,000 for water projects in conjunction with street capital projects.

Sewer Capital Improvements:

The City has developed a Sanitary Sewer Master Plan to address the sewer collection system and treatment plant needs for the next 20-years. This plan includes an analysis of the system and a Capital Improvement Program (CIP) to address these needs. In 2018 the budget includes \$150,000 to extend the sanitary sewer to the Villages of Creekside subdivision, which will eliminate that lift station and \$140,000 for influent piping at the Wastewater Treatment Plant.

Storm Water Utility Capital Improvements:

The 2018 budget includes: \$75,000 to catch basin replacement program; \$50,000 to construct a retaining wall at Heatherwoode Golf Course at the #16 hole for safety purposes; and \$177,000 for storm water projects in conjunction with street capital projects.

***Letter of Transmittal
For the Year Ended December 31, 2017***

Golf Course Improvements:

Heatherwoode Golf Course improvements for 2017 include: \$50,000 for emergency repairs; \$60,000 for new tee construction at holes #2, #10, #17 and #18; and \$128,500 replace lighting, remodel the fireplace and replace carpeting at Heatherwoode Clubhouse.

FINANCIAL INFORMATION

Internal Control, Budgetary Control and the Accounting System

Development of the City's accounting system included substantial consideration of the adequacy of the internal accounting controls. Internal accounting controls are designed to provide reasonable but not absolute assurance of the following:

1. The City's assets are protected against loss and unauthorized use or disposition.
2. Reliable financial reports for preparing financial statements and providing accountability for assets are maintained.

The concept of reasonable assurance states that internal controls should be evaluated applying the following criteria:

1. The expense associated with providing the internal controls should not exceed the benefits likely to be derived from their implementation.
2. The evaluation of the offsetting costs and benefits involves estimates and judgment by the City administration and the Finance Department.

All internal control evaluations occur within this framework. It is the belief of the administrative and financial management personnel that the City's financial controls adequately safeguard existing assets and provide reasonable assurance of the proper recording of financial transactions.

Budgetary control is maintained at the object level for each department within each fund via legislation approved by City Council. Lower levels within each object are accounted for and reported internally. Such lower levels are referred to as line items of expenditure. Estimated amounts must be encumbered prior to final approval of purchase orders or other contracts to vendors. Encumbrances in excess of the available object level appropriations are not approved unless additional appropriations are authorized. Unencumbered appropriations return (lapse) to the unappropriated balances in the individual funds at the end of each fiscal year, which coincides with the calendar year.

***Letter of Transmittal
For the Year Ended December 31, 2017***

OTHER INFORMATION

Independent Audit:

An audit team from the Wilson, Shannon and Snow, Inc. has performed this year's audit. The independent auditor's unmodified opinion has been included in the Independent Auditor's Report.

Certificate of Achievement:

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Springboro, Ohio, for its Comprehensive Annual Financial Report for the year ended December 31, 2016. This was the twenty-eighth year that the government has achieved this prestigious award.

In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both accounting principles generally accepted in the United States of America and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. We believe our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements, and we are submitting it to GFOA to determine its eligibility for another certificate.

Acknowledgment:

Sincere appreciation is extended to the many people who have contributed their time and effort to prepare this report. The Finance Department Staff is to be commended for their input and commitment.

We would like to express appreciation to Mr. Donald J. Schonhardt, and his staff for their guidance and efforts in preparing this report.

INDEPENDENT AUDITOR'S REPORT

To the City Council and Management:

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Springboro, Warren County, Ohio (the City), as of and for the year ended December 31, 2017, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes designing, implementing, and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the City's internal control. Accordingly, we express no opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Springboro, Warren County, Ohio, as of December 31, 2017, and the respective changes in financial position and, where applicable, cash flows thereof and the budgetary comparison for the General Fund thereof for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require this presentation to include *Management's discussion and analysis* and schedules of net pension liabilities and pension contributions listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, consisting of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, to the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not opine or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to opine or provide any other assurance.

Supplementary and Other Information

Our audit was conducted to opine on the City's basic financial statements taken as a whole.

The introductory section, the financial section's combining statements, individual fund statements and schedules and the statistical section information present additional analysis and are not a required part of the basic financial statements.

The statements and schedules are management's responsibility, and derive from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. We subjected these statements and schedules to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling statements and schedules directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves in accordance with auditing standards generally accepted in the United States of America. In our opinion, these statements and schedules are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

We did not subject the introductory section and statistical section information to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion or any other assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 15, 2018 on our consideration of the City's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

Wilson, Shuman & Snow, Inc.

Newark, Ohio
June 15, 2018

Management's discussion and analysis of the City of Springboro's (the City) financial performance provides an overall review of the City's financial activities for the year ended December 31, 2017. The intent of management's discussion and analysis is to look at the City's financial performance as a whole; readers should also review the transmittal letter, notes to the basic financial statements and financial statements to enhance their understanding of the City's financial performance.

FINANCIAL HIGHLIGHTS

Key financial highlights for 2017 are as follows:

- ❑ In total, net position increased \$3.7 million. Net position of governmental activities increased \$297,009 million which represents a .5% increase from 2016. Net position of business-type activities increased \$3.4 million or 4.3 % from 2016.
- ❑ General revenues accounted for \$15.4 million in revenue or 49.7% of all revenues. Program specific revenues in the form of charges for services and sales and grants and contributions accounted for 50.3% of total revenues of \$31.1 million.
- ❑ Total net position of governmental activities increased by \$297,009 in total. Both revenues and expenses increased from 2016. Income tax collections continued to increase in 2017 and helped to offset the increase in expenses resulting in the increased net position.
- ❑ The City had \$16.3 million in expenses related to governmental activities; \$2.2 million of these expenses were offset by program specific charges for services and sales, grants or contributions. General revenues (primarily taxes) of \$15.4 million were adequate to provide for these programs.
- ❑ Among major funds, the general fund had \$11.5 million in revenues and other financing sources and \$10.4 million in expenditures and other financing uses. The general fund's fund balance increased \$1.1 million.
- ❑ Net position for enterprise funds increased by \$3.4 million. Revenues were virtually unchanged from 2016 while expenses increased in the current year. Additional transfers from governmental activities and the surplus of revenues over expenses accounted for the increase in 2017.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of three parts – *management's discussion and analysis*, the *basic financial statements*, and an optional section that presents *combining statements* for nonmajor governmental funds. The basic financial statements include two kinds of statements that present different views of the City:

These statements are as follows:

1. *The Government-Wide Financial Statements* – These statements provide both long-term and short-term information about the City's overall financial status.
2. *The Fund Financial Statements* – These statements focus on individual parts of the City, reporting the City's operations in more detail than the government-wide statements.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data.

Government-wide Statements

The government-wide statements report information about the City as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the government's assets, liabilities and deferred inflows/outflows of resources. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two government-wide statements report the City's net position and how they have changed. Net position (the difference between the City's assets and deferred outflows of resources and liabilities and deferred inflows of resources) is one way to measure the City's financial health or position.

- Over time, increases or decreases in the City's net position are an indicator of whether its financial health is improving or deteriorating, respectively.
- To assess the overall health of the City you need to consider additional nonfinancial factors such as property tax base, current property tax laws, conditions of the City's streets and continued growth within the City.

The government-wide financial statements of the City are divided into two categories:

- *Governmental Activities* – Most of the City's program's and services are reported here including security of persons and property, public health and welfare services, leisure time activities, community environment, transportation and general government.
- *Business-Type Activities* – These services are provided on a charge for goods or services basis to recover all of the expenses of the goods or services provided. The City's golf course, water, sewer, trash and storm water services are reported as business-type activities.

Fund Financial Statements

The fund financial statements provide more detailed information about the City's most significant funds, not the City as a whole. Funds are accounting devices that the City uses to keep track of specific sources of funding and spending for particular purposes.

Governmental Funds – Most of the City's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in future periods. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the City's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the financial statements.

CITY OF SPRINGBORO, OHIO

**Management's Discussion and Analysis
For the Year Ended December 31, 2017**

Unaudited

Proprietary Funds – Proprietary funds use the same basis of accounting as business-type activities; therefore, these statements will essentially match.

Fiduciary Funds – Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are *not* reflected in the government-wide financial statement because the resources of those funds are *not* available to support the City's own programs. All of the City's fiduciary balances are reported in the separate Statement of Assets and Liabilities.

FINANCIAL ANALYSIS OF THE CITY AS A WHOLE

The following table provides a summary of the City's net position for 2017 compared to 2016:

	Governmental Activities		Business-type Activities		Total	
	2017	2016	2017	2016	2017	2016
Current and other assets	\$24,731,351	\$24,712,004	\$20,445,274	\$17,535,028	\$45,176,625	\$42,247,032
Capital assets, Net	59,140,105	59,558,717	79,145,865	80,055,296	138,285,970	139,614,013

Unrestricted	(1,352,115)	(1,523,402)	17,291,992	14,799,177	15,939,877	13,275,775
Total net position	<u>\$61,038,270</u>	<u>\$60,741,261</u>	<u>\$81,793,481</u>	<u>\$78,393,017</u>	<u>\$142,831,751</u>	<u>\$139,134,278</u>

The adoption of GASB Statement 68, "Accounting and Financial Reporting for Pensions—an Amendment of GASB Statement 27," significantly revised accounting for pension costs and liabilities. For reasons discussed below, many end users of this financial statement will gain a clearer understanding of the City's actual financial condition by adding deferred inflows related to pension and the net pension liability to the reported net position and subtracting deferred outflows related to pension.

Governmental Accounting Standards Board standards are national and apply to all government financial reports prepared in accordance with generally accepted accounting principles. When accounting for pension costs, GASB 27 focused on a funding approach. This approach limited pension costs to contributions annually required by law, which may or may not be sufficient to fully fund each plan's net pension liability. GASB 68 takes an earnings approach to pension accounting; however, the nature of Ohio's statewide pension systems and state law governing those systems requires additional explanation in order to properly understand the information presented in these statements.

***Management's Discussion and Analysis
For the Year Ended December 31, 2017***

Unaudited

Under the new standards required by GASB 68, the net pension liability equals the City's proportionate share of each plan's collective:

1. Present value of estimated future pension benefits attributable to active and inactive employees' past service.
2. Minus plan assets available to pay these benefits.

GASB notes that pension obligations, whether funded or unfunded, are part of the "employment exchange" – that is, the employee is trading his or her labor in exchange for wages, benefits, and the promise of a future pension. GASB noted that the unfunded portion of this pension promise is a present obligation of the government, part of a bargained-for benefit to the employee, and should accordingly be reported by the government as a liability since they received the benefit of the exchange. However, the City is not responsible for certain key factors affecting the balance of this liability. In Ohio, the employee shares the obligation of funding pension benefits with the employer. Both employer and employee contribution rates are capped by State statute. A change in these caps requires action of both Houses of the General Assembly and approval of the Governor. Benefit provisions are also determined by State statute. The employee enters the employment exchange with the knowledge that the employer's promise is limited not by contract but by law. The employer enters the exchange also knowing that there is a specific, legal limit to its contribution to the pension system. In Ohio, there is no legal means to enforce the unfunded liability of the pension system as against the public employer. State law operates to mitigate/lessen the moral obligation of the public employer to the employee, because all parties enter the employment exchange with notice as to the law. The pension system is responsible for the administration of the plan.

Most long-term liabilities have set repayment schedules or, in the case of compensated absences (i.e. sick and vacation leave), are satisfied through paid time-off or termination payments. There is no repayment schedule for the net pension liability. As explained above, changes in pension benefits, contribution rates, and return on investments affect the balance of the net pension liability, but are outside the control of the local government. In the event that contributions, investment returns, and other changes are insufficient to keep up with required pension payments, State statute does not assign/identify the responsible party for the unfunded portion. Due to the unique nature of how the net pension liability is satisfied, this liability is separately identified within the long-term liability section of the statement of net position.

In accordance with GASB 68, the City's statements prepared on an accrual basis of accounting include an annual pension expense for their proportionate share of each plan's change in net pension liability not accounted for as deferred inflows/outflows.

Governmental Activities

Net position of the City’s governmental activities increased by \$297,009. Revenues increased by \$1,029,290 in 2017 compared to 2016 and expenses and transfers increased by \$1,916,802. Income taxes and proceeds from the sale of land accounted for virtually all of the increase in revenues. Income tax increases are mostly due to business net profits and withholdings. Expenses increased across almost all functions except the Community Environment function. The decrease in Community Environment was from incentives provided to existing businesses in 2016 in order for them to grow and stay in the City, which will only increase income tax and property tax revenue over time.

The City receives an income tax, which is based on 1.5% of all salaries, wages, commissions and other compensation earned from residents living within the City and from nonresidents for work done or services performed or rendered in the City.

Property taxes and income taxes made up 5% and 75.6% respectively of revenues for governmental activities for the City in 2017. The City’s reliance upon tax revenues is demonstrated by the following graph indicating 80.96% of total revenues from general tax revenues:

Revenue Sources	2017	Percent of Total
Intergovernmental, unrestricted	\$289,115	1.65%
Program Revenues	2,196,744	12.51%
General Tax Revenues	14,222,136	80.96%
General Other	859,124	4.88%
Total Revenue	<u>\$17,567,119</u>	<u>100.00%</u>

Business-Type Activities

Net position of the business-type activities increased by \$3,400,464. This increase was the result of additional transfers for projects, as well as the higher beginning net position from previous year. Revenues were virtually unchanged from 2016. Expenses increased 3.8%.

***Management's Discussion and Analysis
For the Year Ended December 31, 2017***

Unaudited

FINANCIAL ANALYSIS OF THE CITY'S FUNDS

The City's governmental funds reported a combined fund balance of \$20,524,996, which is an increase from last year's balance of \$19,733,828. The schedule below indicates the fund balance and the total change in fund balance by fund type as of December 31, 2017 and 2016:

	Fund Balance December 31, 2017	Fund Balance December 31, 2016	Increase (Decrease)
General	\$8,133,014	\$7,035,219	\$1,097,795
Debt Service	278,412	225,749	52,663
Construction (Capital Project)	5,051,485	4,508,538	542,947
Income Tax Capital Improvement (Capital Project)	2,029,892	2,652,860	(622,968)
Other Governmental	5,032,193	5,311,462	(279,269)
Total	<u>\$20,524,996</u>	<u>\$19,733,828</u>	<u>\$791,168</u>

General Fund – The City's General Fund balance increase is due mainly to a decrease in the amount of Community Environment expenditures. In 2016, the City offered economic incentives leading to the spike in Community Environment expenditures, which did not happen in 2017. Increases in income taxes and miscellaneous revenues helped to offset the decrease in fines, licenses and permits decrease. The tables that follow assist in illustrating the financial activities and balance of the General Fund:

	2017 Revenues	2016 Revenues	Increase (Decrease)
Municipal Income Taxes	\$8,920,577	\$8,721,837	\$198,740
Property and Other Taxes	678,200	672,999	5,201
Intergovernmental Revenue	239,076	247,878	(8,802)
Fines, Licenses and Permits	546,587	650,170	(103,583)
Investment Earnings	101,836	100,862	974
Special Assessments	34,020	34,975	(955)
All Other Revenue	474,410	321,930	152,480
Total	<u>\$10,994,706</u>	<u>\$10,750,651</u>	<u>\$244,055</u>

General Fund revenues increased compared with revenues in 2016. The majority of the increase is attributed to higher collections of income taxes and miscellaneous revenues, which included the receipt of the sale of property as well as a cash performance bond.

CITY OF SPRINGBORO, OHIO

***Management's Discussion and Analysis
For the Year Ended December 31, 2017***

Unaudited

	2017	2016	Increase (Decrease)
	<u>Expenditures</u>	<u>Expenditures</u>	
Security of Persons and Property	\$3,142,430	\$3,016,911	\$125,519
Public Health and Welfare Services	16,480	16,685	(205)
Leisure Time Activities	636,392	642,794	(6,402)
Community Environment	783,064	1,642,089	(859,025)
General Government	3,972,677	3,732,207	240,470
Debt Service:			
Interest and Fiscal Charges	<u>4,250</u>	<u>1,750</u>	<u>2,500</u>
Total	<u><u>\$8,555,293</u></u>	<u><u>\$9,052,436</u></u>	<u><u>(\$497,143)</u></u>

General Fund expenditures decreased by \$497,143 or 5.5% over the prior year mostly due to decreased costs in the Community Environment function. These decreased costs are a result of an agreement with the Warren County Port Authority and incentives for the construction, equipping and operating of a new 225,000 square foot warehouse and distribution facility within the City in 2016.

Debt Service Fund – The Debt Service Fund balance increased this year by \$52,663. The fund balance of this fund will vary from year to year based upon the City's debt service requirements, as well as premiums received on notes or bonds sold during the year.

Construction Fund - The fund balance of this fund will vary from year to year based upon the City's capital project schedules. The City is required by Charter to maintain a five-year Capital Improvement Program, which is approved each year by City Council. The five-year Capital Improvement Program includes capital projects, as well as new and replacement vehicles and equipment.

Income Tax Capital Improvement Fund - The fund balance decreased \$622,968 to a balance of \$2,029,892. Increased transfers out accounted for the majority of the decrease, which will also vary year to year, depending on the capital projects slated for that year.

The City's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The most significant budgeted fund is the General Fund.

During the course of 2017 the City amended its General Fund budget several times, none significant.

For the General Fund, final budget basis revenue of \$10.5 million changed very little when compared to the original budget estimates. The General Fund had an adequate fund balance to cover expenditures.

The large variances between budgeted and actual figures represent higher than expected revenue collections, as previously noted and a reduction in expenditures as noted above.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

At the end of 2017 the City had \$138,285,970 net of accumulated depreciation invested in land, improvements, infrastructure, buildings, machinery and equipment and construction in progress. Of this total, \$59,140,105 was related to governmental activities and \$79,145,865 to the business-type activities. The following table shows 2017 and 2016 balances:

	Governmental Activities		Changes
	2017	2016	
Land	\$17,685,652	\$17,685,652	\$0
Construction in Progress	7,465,948	6,712,910	753,038
Total Non-Depreciable Capital Assets	25,151,600	24,398,562	753,038
Improvements	4,972,497	4,866,369	106,128
Infrastructure	45,812,903	45,305,013	507,890
Buildings	13,190,912	12,859,711	331,201
Machinery and Equipment	5,542,565	5,197,922	344,643
Less: Accumulated Depreciation	(35,530,372)	(33,068,860)	(2,461,512)
Total Depreciable Capital Assets, Net	33,988,505	35,160,155	(1,171,650)
Totals	\$59,140,105	\$59,558,717	(\$418,612)

	Business-Type Activities		Changes
	2017	2016	
Land	\$8,685,240	\$8,685,240	\$0
Total Non-Depreciable Capital Assets	8,685,240	8,685,240	0
Buildings	3,848,637	3,848,637	0
Land Improvements	1,633,905	1,633,905	0
Infrastructure	90,727,904	90,066,044	661,860
Machinery and Equipment	3,364,816	3,363,048	1,768
Less: Accumulated Depreciation	(29,114,637)	(27,541,578)	(1,573,059)
Total Depreciable Capital Assets, Net	70,460,625	71,370,056	(909,431)
Totals	\$79,145,865	\$80,055,296	(\$909,431)

The primary increases occurred in construction in progress and infrastructure for governmental activities. The increase in improvements and infrastructure is relative to the major intersection improvements being made at the intersection of two state routes in the center of the City (SR73/SR741). The largest changes in the business-type activities capital assets (other than accumulated depreciation) occurred primarily in infrastructure (i.e. replacement of small water and sewer mains to larger sizes). This is a result of the decision by City Council and management to start to revitalize some of the older neighborhoods within the City.

***Management's Discussion and Analysis
For the Year Ended December 31, 2017***

Unaudited

As of December 31, 2017, the City has contractual commitments of \$730,449 for various projects. Included in these projects are the Tamarack Hills/Royal Oaks Subdivision water main and catch basin replacement and the Hazel Woods park development. Additional information on the City's capital assets can be found in Note 9.

Debt

At December 31, 2017, the City had \$25 million in bonds outstanding, \$3,463,156 due within one year. The following table summarizes the City's debt outstanding as of December 31, 2017 and 2016:

	<u>2017</u>	<u>2016</u>
Governmental Activities:		
Special Assessment Bonds	\$794,842	\$895,000
General Obligation Bonds	7,727,538	7,319,597
General Obligation Notes	6,050,000	7,300,000
Compensated Absences	599,132	564,986
Net Pension Liability	8,293,058	7,330,026
Total Governmental Activities	<u>23,464,570</u>	<u>23,409,609</u>
Business-Type Activities:		
General Obligation Bonds	6,598,911	7,439,390
Mortgage Revenue Bonds	9,907,366	10,989,602
Compensated Absences	152,234	163,000
Net Pension Liability	2,623,122	1,954,083
Total Business-Type Activities	<u>19,281,633</u>	<u>20,546,075</u>
Totals	<u>\$42,746,203</u>	<u>\$43,955,684</u>

State statutes limit the amount of unvoted general obligation debt the City may issue. The aggregate amount of the City's unvoted debt is also subject to overlapping debt restrictions with other political subdivisions. The actual aggregate amount of the City's unvoted debt, when added to that of other political subdivisions within the respective counties in which Springboro lies, is limited to ten mills. At December 31, 2017, the City's outstanding debt was below the legal limit. Additional information on the City's long-term debt can be found in Note 13.

ECONOMIC FACTORS

The City's budget for 2018 is very conservative. The City of Springboro has been fortunate enough to sustain and thrive over the past several years despite economic conditions during that time. We have a good residential and business base, which continues to grow and expand, and our income tax revenue has increased and is budgeted to increase in 2018. The 2018 expenditures were decreased from 2017 levels due to a reduction in capital projects. City Council wants to continue to maintain current service levels to the residents of the City and they will continue to monitor the revenue stream for 2018 and if necessary, adjust expenditures accordingly.

REQUESTS FOR INFORMATION

This financial report is designed to provide our citizens, taxpayers, investors and creditors with a general overview of the City's finances and to show the City's accountability for the money it receives. If you have questions about this report or need additional financial information contact the Finance Department by calling 937-748-4353 or writing to City of Springboro Finance Department, 320 West Central Avenue, Springboro, Ohio 45066.

***Reconciliation Of The Statement Of Revenues, Expenditures
And Changes In Fund Balances Of Governmental Funds
To The Statement Of Activities
For The Year Ended December 31, 2017***

Net Change in Fund Balances - Total Governmental Funds	\$ 791,950
<i>Amounts reported for governmental activities in the statement of activities are different because</i>	
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation exceeded capital outlays in the current period.	(398,998)
The net effect of various miscellaneous transactions involving capital assets (i.e. disposals and donations) is to change net position.	(19,614)
Revenues and transfers in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.	(241,250)
Contractually required contributions are reported as expenditures in governmental funds; however, the statement of net position reports these amounts as deferred outflows.	60,037
Except for amounts reported as deferred inflows/outflows, changes in the net pension liability are reported as pension expense in the statement of activities.	(915,753)
The issuance of long-term debt (e.g. notes, bonds) provides current financial resources to government funds, while the repayment of the principal of long-term debt consumes the current financial resources of government funds. Neither transaction, however, has any effect on net position.	
General Obligation Bonds Issued	(1,370,000)
General Obligation Notes Issued	(6,050,000)
Refunding Bonds Issued	(2,835,000)
Premium on All Issues	(281,517)
Total	<u>(10,536,517)</u>
The repayment of principal of long-term debt consumes current financial resources of governmental funds, however, it does not effect net position.	
Principal Retirement	8,535,000
Payment to Refunded Bond Escrow Agent	2,995,367
Total	<u>11,530,367</u>
In the statement of activities, interest is accrued on outstanding bonds, whereas in governmental funds, an interest expenditure is reported when due.	61,715
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.	<u>(34,928)</u>
<i>Change in Net Position of Governmental Activities</i>	<u>\$ 297,009</u>

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2017***

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Springboro, Ohio (the City) is a home rule municipal corporation created under the laws of the State of Ohio. The City operates under its own Charter. The current Charter, which provides for a Council - Manager form of government, was adopted November 7, 1978, became effective January 1, 1979, and was amended November 4, 2011. The six member Council and the Mayor are elected to four-year terms. The Council appoints a City Manager who serves as the chief executive officer, the head of the administrative agencies, and a law enforcement officer of the City. The City Manager appoints all of the department managers.

The financial statements are presented as of December 31, 2017 and for the year then ended and have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) applicable to local governments. The Governmental Accounting Standards Board (the GASB) is the standard-setting body for establishing governmental accounting and financial reporting principles, which are primarily set forth in the GASB's Codification of Governmental Accounting and Financial Reporting Standards (GASB Codification).

A. Reporting Entity

The accompanying basic financial statements comply with the provisions of GASB Statement No. 14, "*The Financial Reporting Entity*," as amended by GASB Statement No. 39, "*Determining Whether Certain Organizations are Component Units*" as amended by GASB Statement No. 61, "*The Financial Reporting Entity Omnibus*" in that the financial statements include all organizations, activities, functions and component units for which the City (the primary government) is financially accountable. Financial accountability is defined as the appointment of a voting majority of a legally separate organization's governing body and either (1) the City's ability to impose its will over the organization, or (2) the potential that the organization will provide a financial benefit to or impose a financial burden on the City.

Based on the foregoing, the City's financial reporting entity includes all funds, agencies, boards and commissions that are part of the primary government, which includes the following services: police protection, street construction and maintenance, street lighting, parks and recreation, planning and zoning and other governmental services. In addition, golf, water, sewer, trash collection and disposal services and storm water collection services are provided under an enterprise concept with user charges set by City Council to ensure adequate coverage of operating expenses and payments on outstanding debt. In addition, the City has included the Community Improvement Corporation of Springboro (CIC) as a discretely presented component unit.

Discretely Presented Component Unit – The component unit column in the entity-wide financial statements includes the financial data of the City's component unit. It is reported in a separate column to emphasize that it is legally separate from the City. The component unit is being presented as a part of the City's reporting entity because the City appoints the voting majority of the component unit's board and the City can impose its' will on the component unit.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2017***

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

A. Reporting Entity (Continued)

Community Improvement Corporation of Springboro – The Community Improvement Corporation of Springboro (CIC), a non-profit organization, has a Board of Directors consisting of no less than three and no more than five board members as determined by the City of Springboro. The CIC was created to serve the business community of Springboro. The CIC spends a majority of its time and effort on administering financial assistance programs that provide resources to local businesses for projects that improve the community through increased local investment, more viable businesses, and increasing or maintaining employment opportunities in the City. The City provides all subsidies to the CIC to finance its operations and activities. Financial statements related to the CIC can be obtained from the Finance Director.

The Warren County General Health District, a jointly governed organization, provides health services within the County. The Board of Health, which consists of a representative from each of the participating governments, oversees the operation of the District. The City is not financially accountable for the District. The County Commissioners serve as the taxing authority and the County Auditor and Treasurer serve as fiscal officers. The City is associated with the Greater Warren County Drug Task Force, the Miami Valley Regional Planning Commission, Warren County Transportation Improvement District and the Montgomery County Transportation Improvement District also jointly governed organizations. The City is also a member of the Ohio Municipal League of Workers Compensation Group Rating Plan (GRP), an insurance purchasing pool. See Notes 17 and 18 for additional information on these organizations.

B. Basis of Presentation - Fund Accounting

The accounting system is organized and operated on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, deferred inflows/outflows of resources, fund equity, revenues and expenditures/expenses. The various funds are summarized by type in the basic financial statements. The following fund types are used by the City:

Governmental Funds

The governmental funds are those funds through which most governmental functions typically are financed. The acquisition, use and balances of the City's expendable financial resources and the related current liabilities (except those accounted for in the proprietary funds) are accounted for through governmental funds. The measurement focus is upon determination of "financial flow" (sources, uses and balances of financial resources). The following are the City's major governmental funds:

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2017***

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Basis of Presentation - Fund Accounting (Continued)

General Fund - This fund is used to account for all financial resources except those accounted for in another fund. The general fund balance is available to the City for any purpose provided it is expended or transferred according to the general laws of Ohio and the limitations of the City Charter.

Debt Service Fund - This fund is used for the accumulation of resources for, and the payment of, general obligation and special assessment long-term debt principal and interest.

Construction Fund - This fund is used to account for transfers of income tax revenues and grants used for all construction projects not accounted for in the permanent improvement fund or the enterprise funds.

Income Tax Capital Improvement Fund - This fund is used to account for income tax proceeds from .5% of the City's 1.5% income tax. The funds are to be spent on capital projects at Council's discretion.

Proprietary Funds

All proprietary funds are accounted for on an "economic resources" measurement focus. This measurement focus provides that all assets and all liabilities associated with the operation of these funds are included on the balance sheet. Proprietary fund type operating statements present increases (i.e., revenues) and decreases (i.e., expenses) in net total position.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's enterprise funds are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

Enterprise Funds - These funds are used to account for operations that are financed and operated in a manner similar to private business enterprises -- where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. The City's major enterprise funds are:

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2017***

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Basis of Presentation - Fund Accounting (Continued)

Golf Course Fund – To account for revenue received from user charges; such as greens fees, rentals and concessions, to be used for the general operation of Heatherwoode, an 18-hole championship golf course.

Water Fund – This fund is used to account for the operation of the City’s water service.

Sewer Fund – This fund is used to account for the operation of the City’s sanitary sewer service.

Trash Fund – This fund is used to account for the operation of the City’s solid waste collection and disposal service.

Storm Water Fund – This fund is used to account for the City’s storm water collection system.

Fiduciary Funds

Agency Funds - These funds are used to account for assets held by a government unit as an agent for individuals, private organizations, other governmental units, and/or other funds. The City’s agency funds account for donations to the Library, Joint Economic Development District (JEDD) activity, Mayor’s court fines and special assessments collected on behalf of neighborhood associations. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

This Space Intentionally Left Blank

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2017***

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Basis of Presentation – Financial Statements

Government-wide Financial Statements – The statement of net position and the statement of activities display information about the City as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The statements distinguish between those activities of the City that are governmental and those that are considered business-type activities.

Interfund receivables and payables between governmental and business-type activities have been eliminated in the government-wide Statement of Net Position. These eliminations minimize the duplicating effect on assets and liabilities within the governmental and business-type activities total column. Interfund services provided and used are not eliminated in the process of consolidation.

The government-wide statements are prepared using the economic resources measurement focus. This is the same approach used in the preparation of the proprietary fund financial statements but differs from the manner in which governmental fund financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

The government-wide statement of activities presents a comparison between direct expenses and program revenues for each segment of the business-type activities of the City and for each function or program of the City's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues which are not classified as program revenues are presented as general revenues of the City, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each business segment or governmental function is self-financing or draws from the general revenues of the City.

Fund Financial Statements – Fund financial statements report detailed information about the City. The focus of governmental and proprietary fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. Fiduciary funds are reported by fund type.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2017***

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Basis of Presentation – Financial Statements (Continued)

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental fund types are accounted for using a flow of current financial resources measurement focus. The financial statements for governmental funds are a balance sheet, which generally includes only current assets, current liabilities, deferred inflows of resources, and a statement of revenues, expenditures and changes in fund balances, which reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources.

All proprietary funds are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities and all deferred outflows/inflows associated with the operation of these funds are included on the statement of net position. The statement of changes in fund net position presents increases (i.e., revenues) and decreases (i.e., expenses) in net total position. The statement of cash flows provides information about how the City finances and meets the cash flow needs of its proprietary activities.

D. Basis of Accounting

Basis of accounting represents the methodology utilized in the recognition of revenues and expenditures or expenses in the accounts and reported in the financial statements, and relates to the timing of the measurements made. The accounting and reporting treatment applied to a fund is determined by its measurement focus.

The modified accrual basis of accounting is followed by the governmental funds. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual, i.e., both measurable and available. The term "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period, which for the City is 60 days after year end. Expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on general long-term debt which is recognized when due.

Non-exchange transactions, in which the City receives value without directly giving equal value in return, include income taxes, property taxes, grants, entitlements and donations. Revenue from income taxes is recognized in the period in which the income is earned and is available. Revenue from grants, entitlements and donations is recognized in the year in which all eligibility requirements have been satisfied and the revenue is available. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the City must provide local resources to be used for a specific purpose, and expenditure requirements, in which the resources are provided to the City on a reimbursement basis.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2017***

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Basis of Accounting (Continued)

Revenue considered susceptible to accrual at year end includes income taxes withheld by employers, interest on investments, and state levied locally shared taxes (including motor vehicle license fees and local government assistance). Other revenue, including licenses, permits, certain charges for services, income taxes other than those withheld by employers and miscellaneous revenues are recorded as revenue when received in cash because generally these revenues are not measurable until received.

Special assessment installments including related interest, which are measurable but not available at December 31, are recorded as deferred revenue. Property taxes measurable as of December 31, 2017 but which are not intended to finance 2017 operations and delinquent property taxes, whose availability is indeterminate, are recorded as deferred inflows of resources.

The accrual basis of accounting is utilized for reporting purposes by the government-wide statements, the enterprise funds and the agency funds. Revenues are recognized when they are earned and expenses are recognized when incurred.

E. Budgetary Process

The budgetary process is prescribed by provisions of the Ohio Revised Code and entails the preparation of budgetary documents within an established timetable. The major documents prepared are the tax budget, the certificate of estimated resources and the appropriation ordinance, all of which are prepared on the budgetary basis of accounting. The certificate of estimated resources and the appropriation ordinance are subject to amendment throughout the year.

All funds, other than agency funds, are legally required to be budgeted and appropriated; however, only governmental funds are required to be reported. The legal level of budgetary control is at the object level (personal services, operations and maintenance and capital outlay) within each department. Budgetary modifications may only be made by ordinance of the City Council.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2017***

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. Budgetary Process (Continued)

1. Tax Budget

The City Finance Director submits an annual tax budget for the following fiscal year to City Council by July 15 for consideration and passage. The adopted budget is submitted to the County Auditor, as Secretary of the County Budget Commission, by July 20 of each year for the period January 1 to December 31 of the following year.

2. Estimated Resources

The County Budget Commission reviews estimated revenue and determines if the budget substantiates a need to levy all or part of previously authorized taxes. The Budget Commission then certifies its actions to the City by September 1 of each year. As part of the certification process, the City receives an official certificate of estimated resources stating the projected receipts by fund. Prior to December 31, the City must revise its budget so that the total contemplated expenditures from any fund during the ensuing fiscal year do not exceed the amount available as stated in the certificate of estimated resources. The revised budget then serves as the basis for the annual appropriations measure. On or about January 1, the certificate of estimated resources is amended to include any unencumbered fund balances from the preceding year. The certificate may be further amended during the year if a new source of revenue is identified or if actual receipts exceed current estimates. The amounts reported on the budgetary statement reflect the amounts in the final amended official certificate of estimated resources issued during 2017.

3. Appropriations

A temporary appropriation ordinance to control expenditures may be passed on or about January 1 of each year for the period January 1 through March 31. An annual appropriation ordinance must be passed by April 1 of each year for the period January 1 through December 31. The appropriation ordinance establishes spending controls at the fund, department and object level, and may be modified during the year by ordinance of the City Council. Total fund appropriations may not exceed the current estimated resources as certified by the County Budget Commission. Expenditures may not legally exceed budgeted appropriations at the object level. The allocation of appropriations within a fund may be modified with the approval of the City Council. During 2017, several supplemental appropriations measures were necessary to budget the use of contingency funds and capital improvement projects. Administrative control is maintained through the establishment of more detailed line-item budgets. The budgetary figures which appear in the Statement of Revenues, Expenditures, and Changes in Fund Balances--Budget and Actual (Non-GAAP Budgetary Basis) for the General Fund is presented on the budgetary basis to provide a comparison of actual results to the final budget, including all amendments and modifications.

**Notes to the Basic Financial Statements
For the Year Ended December 31, 2017**

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. Budgetary Process (Continued)

4. Lapsing of Appropriations

At the close of each year, the unencumbered balance of each appropriation reverts to the respective fund from which it was appropriated and becomes subject to future appropriations. The encumbered appropriation balance is carried forward to the subsequent fiscal year and need not be reappropriated.

5. Budgetary Basis of Accounting

The City's budgetary process accounts for certain transactions on a basis other than accounting principles generally accepted in the United States of America (GAAP). The major differences between the budgetary basis and the GAAP basis lie in the manner in which revenues and expenditures are recorded. Under the budgetary basis, revenues and expenditures are recognized on a cash basis. Utilizing the cash basis, revenues are recorded when received in cash and expenditures when paid. Under the GAAP basis, revenues and expenditures are recorded on the modified accrual basis of accounting.

The following table summarizes the adjustments necessary to reconcile the GAAP basis statements to the budgetary basis statements for the General Fund:

	Net Change in Fund Balance
	General Fund
GAAP Basis (as reported)	\$1,098,799
Increase (Decrease):	
Accrued Revenues at December 31, 2017 received during 2018	(854,678)
Accrued Revenues at December 31, 2016 received during 2017	831,135
Accrued Expenditures at December 31, 2017 paid during 2018	287,200
Accrued Expenditures at December 31, 2016 paid during 2017	(910,842)
2017 Prepays for 2018	(235,311)
2016 Prepays for 2017	261,780
Outstanding Encumbrances	(432,686)
Budget Basis	<u>\$45,397</u>

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2017***

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

F. Cash and Cash Equivalents

During 2017, cash and cash equivalents included amounts in demand deposits, the State Treasury Asset Reserve (STAR Ohio) and in U.S. Treasury Money Market accounts in US Bank and Charles Schwab investment accounts with original maturities of less than three months.

The City pools its cash for investment and resource management purposes. Each fund's equity in pooled cash and cash equivalents represents the balance on hand as if each fund maintained its own cash and cash equivalent account. See Note 5, "Cash, Cash Equivalents and Investments."

G. Investments

Investment procedures and interest allocations are restricted by provisions of the Ohio Constitution and the Ohio Revised Code. The City allocates interest among certain funds based upon the fund's cash balance at the date of investment. In accordance with GASB Statement No. 31, "Accounting and Financial Reporting for Certain Investments and for External Investment Pools" and GASB Statement No. 72, "Fair Value Measurement and Application," the City records all its investments at fair value except for nonparticipating investment contracts which are reported at cost, which approximates fair value. All investment income, including changes in the fair value of investments, is recognized as revenue in the operating statements.

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets. Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. See Note 5, "Cash, Cash Equivalents and Investments."

The City's investment in the State Treasury Asset Reserve of Ohio (STAR Ohio) is an investment pool managed by the State Treasurer's Office which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company and is recognized as an external investment pool by the City. The City measures their investment in STAR Ohio at the net asset value (NAV) per share provided by STAR Ohio. The NAV per share is calculated on an amortized cost basis that provides a NAV per share that approximates fair value. For fiscal year 2017, there were no limitations or restrictions on any participant withdrawals due to redemption notice periods, liquidity fees, or redemption gates. However, notice must be given 24 hours in advance of all deposits and withdrawals exceeding \$25 million. STAR Ohio reserves the right to limit the transaction to \$50 million, requiring the excess amount to be transacted the following business day(s), but only to the \$50 million limit. All accounts of the participant will be combined for these purposes.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2017***

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

H. Restricted Assets

Restricted assets in the enterprise funds represent cash and cash equivalents and cash and cash equivalents with fiscal agents set aside to satisfy bond indenture requirements for current and future debt payments and for the replacement and improvement of capital assets originally acquired with bond proceeds. In addition, water and sewer customer deposits are presented as restricted assets.

I. Inventory

Inventory is stated at cost (first-in, first-out) in the governmental funds and at the lower of cost or market (first-in, first-out) in the proprietary funds. The costs of inventory items are recorded as expenditures in the governmental funds when purchased. Inventories of enterprise funds are expensed when used.

J. Prepaid Items

Payments made to vendors for services that will benefit periods beyond December 31, 2017, are recorded as prepaid items using the consumption method. A current asset for the prepaid amount is recorded at the time of the purchase and an expenditure/expense is reported in the year in which services are consumed.

K. Capital Assets and Depreciation

Capital assets are defined by the City as assets with an initial, individual cost of more than \$7,500 and an estimated useful life threshold of three or more years.

1. Property, Plant and Equipment - Governmental Activities

Governmental activities capital assets are those not directly related to the business type funds. These generally are acquired or constructed for governmental activities and are recorded as expenditures in the governmental funds and are capitalized at cost (or estimated historical cost for assets not purchased in recent years). These assets are reported in the Governmental Activities column of the Government-wide Statement of Net Position, but they are not reported in the Fund Financial Statements.

Contributed capital assets are recorded at acquisition value at the date received. Capital assets include land, improvements to land, buildings, building improvements, machinery, equipment and infrastructure. Infrastructure is defined as long-lived capital assets that normally are stationary in nature and normally can be preserved for a significant number of years. Examples of infrastructure include roads, bridges, curbs and gutters, streets and sidewalks, drainage systems and lighting systems.

**Notes to the Basic Financial Statements
For the Year Ended December 31, 2017**

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

K. Capital Assets and Depreciation (Continued)

2. Property, Plant and Equipment – Business-Type Activities

Property, plant and equipment acquired by the proprietary funds are stated at cost (or estimated historical cost), including interest capitalized during construction and architectural and engineering fees where applicable. Contributed capital assets are recorded at acquisition value at the date received. These assets are reported in both the Business-Type Activities column of the Government-wide Statement of Net Position and in the respective funds.

3. Depreciation

All capital assets are depreciated, excluding land and construction in progress. Depreciation on newly acquired/constructed streets begins in the year following acquisition. Depreciation has been provided using the straight-line method over the following estimated useful lives:

<u>Description</u>	<u>Governmental and Business-Type Activities Estimated Lives (in years)</u>
Land and Land Improvements	15 - 60
Buildings	10 - 40
Infrastructure	50 - 65
Equipment	3 - 15
Utility Plant in Service	50 - 65

L. Long-Term Obligations

Long-term liabilities are being repaid from the following funds:

<u>Obligation</u>	<u>Fund</u>
Special Assessment Bonds	Bond Retirement Fund
General Obligation Bonds	Bond Retirement Fund, Golf Course Fund and Water Fund.
Compensated Absences Net Pension Liability	General Fund, Street Maintenance and Repair Fund, Golf Course Fund, Water Fund, Sewer Fund, Trash Fund and Storm Water Fund
Mortgage Revenue Bonds	Sewer Fund

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2017***

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

M. Bond Discounts/Premiums

Bond discounts and premiums are amortized over the term of the bonds using the bonds-outstanding method, which approximates the effective interest method. Bond discounts are presented as a reduction of the face amount of bonds payable, while premiums are presented as an increase in the face amount of the bonds payable.

N. Compensated Absences

In accordance with GASB Statement No. 16, *"Accounting for Compensated Absences,"* vacation and compensatory time are accrued as liabilities when an employee's right to receive compensation is attributable to services already rendered and it is probable that the employee will be compensated through paid time off or some other means, such as cash payments at termination or retirement. Leave time that has been earned but is unavailable for use as paid time off or as some other form of compensation because an employee has not met the minimum service time requirement, is accrued to the extent that it is considered to be probable that the conditions for compensation will be met in the future.

Sick leave is accrued using the vesting method, whereby the liability is recorded on the basis of leave accumulated by employees who are eligible to receive termination payments as of the balance sheet date, and on leave balances accumulated by other employees who are expected to become eligible in the future to receive such payments.

For governmental funds, if a portion of unpaid compensated absences has matured as of year-end, it is reported as an expenditure in the fund from which the individual earning the leave is paid, and a corresponding liability is reflected in the account "Compensated Absences Payable." In the government wide statement of net position, "Compensated Absences Payable" is recorded within the "Due within one year" account and the long-term portion of the liability is recorded within the "Due in more than one year" account. Compensated absences are expensed in the proprietary funds when earned and the related liability is reported within the fund.

O. Net position

Net position represents the difference between assets and liabilities and deferred outflows/inflows of resources. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. As disclosed in Note 18, the City is participating in a jointly governed organization related to the Austin Road Interchange and the City will not be responsible for maintaining any infrastructure improvements, therefore any debt (or any unspent debt proceeds) associated with this project is excluded from net investment in capital assets. Net position are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the City or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. The City applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2017***

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

P. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the pension plans and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the pension systems. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension systems report investments at fair value.

Q. Interfund Activity

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after nonoperating revenues/expenses in proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

Transfers between governmental and business-type activities on the government-wide statements are reported in the same manner as general revenues. In addition, interfund transfers between governmental funds are eliminated for reporting on the government-wide financial statements. Only transfers between governmental activities and business-type activities are reported on the statement of activities.

R. Interfund Assets/Liabilities

The City reports cash overdrafts from pooled cash and cash equivalents as an interfund loan payable in the fund with the overdraft and as an interfund loan receivable in the fund(s) designated by management. The interfund loans receivable are equally offset by a fund balance reserve account which indicates that they do not constitute available expendable resources since they are not a component of net current assets. Receivables and payables resulting from transactions between funds for services provided or goods received are classified as “due from other funds” or “due to other funds” on the balance sheet. Long-term interfund loans are classified as “advances to/from other funds.” There were no outstanding interfund loans at December 31, 2017.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2017***

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

S. Fund Balance

In the fund financial statements, fund balance for governmental funds is reported in classifications that comprise a hierarchy based primarily on the extent to which the City is bound to honor constraints on the specific purpose for which amounts in the funds can be spent. Fund balance is reported in five components – nonspendable, restricted, committed, assigned and unassigned.

Nonspendable – Nonspendable fund balance includes amounts that cannot be spent because they are either not in spendable form or legally contractually required to be maintained intact.

Restricted – Restricted fund balance consists of amounts that have constraints placed on them either externally by third parties (creditors, grantors, contributors, or laws or regulations of other governments) or by law through constitutional provisions or enabling legislation. Enabling legislation authorizes the City to assess, levy, charge or otherwise mandate payment of resources (from external resource providers) and includes a legally enforceable requirement (compelled by external parties) that those resources be used only for the specific purposes stipulated in the legislation.

Committed – Committed fund balance consists of amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the City’s highest level of decision making authority. For the City, these constraints consist of ordinances passed by City Council. Committed amounts cannot be used for any other purpose unless the City removes or changes the specified use by taking the same type of action (ordinance) it employed previously to commit those amounts.

Assigned – Assigned fund balance consists of amounts that are constrained by the City’s intent to be used for specific purposes, but are neither restricted nor committed. The City Charter authorizes the Director of Finance to assign fund balance.

Unassigned – Unassigned fund balance consists of amounts that have not been restricted, committed or assigned to specific purposes within the General Fund as well as negative fund balances in all other governmental funds.

When both restricted and unrestricted resources are available for use, it is the City’s policy to use unrestricted resources first (committed, assigned and unassigned), then restricted resources as they are needed.

T. Assets Held for Resale

As part of the economic development program, the City has acquired land at the South Tech Industrial Park. The City’s intent is for the land to be sold to businesses to promote economic development within the City. Transactions are conducted through the City’s Land Acquisition and Construction Funds.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2017***

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

U. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

V. Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the City Council and that are either unusual in nature or infrequent in occurrence. Neither type of transaction occurred during 2017.

W. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/ expenditure) until then. For the City, deferred outflows of resources are reported for pension amounts (See Note 10) and also for deferred charges on the refunding of debt. The amounts are reported in the government-wide and proprietary statements of net position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. On the government-wide statement of net position and governmental funds balance sheet, property taxes that are intended to finance future fiscal periods are reported as deferred inflows. In addition, the governmental funds balance sheet reports deferred inflows which arise only under a modified accrual basis of accounting. Accordingly, the item, *unavailable amounts*, is reported only in the governmental funds balance sheet. The governmental funds report unavailable amounts for property taxes, income taxes, special assessments, and state levied shared taxes. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. Deferred inflows of resources related to pension are reported on the government-wide and proprietary funds statement of net position. See Note 10.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2017***

NOTE 2 – CHANGE IN ACCOUNTING PRINCIPLE

For 2017, the City implemented Governmental Accounting Standards Board (GASB) Statement No. 73, “Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68,” Statement No. 74, “Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans,” Statement No. 80, “Blending Requirements for Certain Component Units—an amendment of GASB Statement No. 14,” Statement No. 81, “Irrevocable Split-Interest Agreements,” and Statement No. 82, “Pension Issues—an amendment of GASB Statements No. 67, No. 68, and No. 73.”

GASB Statement No. 73 establishes requirements for defined benefit pensions that are not within the scope of Statement No. 68, Accounting and Financial Reporting for Pensions, as well as for the assets accumulated for purposes of providing those pensions.

GASB Statement No. 74 establishes new accounting and financial reporting requirements for governments whose employees are provided with OPEB, as well as for certain nonemployer governments that have a legal obligation to provide financial support for OPEB provided to the employees of other entities.

GASB Statement No. 80 amends the blending requirements for the financial statement presentation of component units of all state and local governments.

GASB Statement No. 81 addresses irrevocable split-interest agreements by providing recognition and measurement guidance for situations in which a government is a beneficiary of the agreement.

GASB Statement No. 82 addresses certain issues that have been raised with respect to Statements No. 67, Financial Reporting for Pension Plans, No. 68, Accounting and Financial Reporting for Pensions, and No. 73, Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68 and Amendments to Certain Provisions of GASB Statements 67 and 68.

These changes were incorporated in the City’s 2017 financial statements; however, there was no effect on beginning net position/fund balance.

**Notes to the Basic Financial Statements
For the Year Ended December 31, 2017**

NOTE 3 – FUND BALANCE CLASSIFICATION

Fund balance is classified as nonspendable, restricted, assigned and unassigned based primarily on the extent to which the City is bound to observe constraints imposed upon the use of the resources in the governmental funds. The constraints placed on fund balance for the major governmental funds and all other governmental funds are presented below:

Fund Balances	General	Debt Service	Construction	Income Tax Capital Improvement	Other Governmental Funds	Total Governmental Funds
Nonspendable:						
Prepaid Items	\$235,311	\$0	\$0	\$0	\$31,189	\$266,500
Supplies Inventory	39,788	0	0	0	123,645	163,433
Total Nonspendable	275,099	0	0	0	154,834	429,933
Restricted:						
Transportation Projects	0	0	0	0	1,217,173	1,217,173
Court Projects	0	0	0	0	199,604	199,604
Law Enforcement	0	0	0	0	202,784	202,784
TIF Projects	0	0	0	0	262,245	262,245
Debt Service	0	278,412	0	0	0	278,412
Capital Improvements	0	0	5,051,485	2,029,892	2,995,553	10,076,930
Total Restricted	0	278,412	5,051,485	2,029,892	4,877,359	12,237,148
Assigned:						
Projected budgetary deficit	1,034,274	0	0	0	0	1,034,274
Goods and Services	403,889	0	0	0	0	403,889
Total Assigned	1,438,163	0	0	0	0	1,438,163
Unassigned	6,419,752	0	0	0	0	6,419,752
Total Fund Balances	\$8,133,014	\$278,412	\$5,051,485	\$2,029,892	\$5,032,193	\$20,524,996

For the Year Ended December 31, 2017***

NOTE 4 – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between net changes in fund balances – total governmental funds and changes in net position of governmental activities as reported in the government – wide statement of activities. The following is a detailed listing of those reconciling items that are net adjustments or a combination of several transactions:

Amount by which depreciation exceeded capital outlay in the current period:

Capital Outlay	\$2,198,896
Depreciation Expense	<u>(2,597,894)</u>
	(\$398,998)

Net effect of capital asset transactions:

Loss on Disposal of Capital Asset	(\$19,614)
-----------------------------------	------------

Governmental revenues not reported in the funds:

Decrease in Delinquent Income Tax Revenue	(\$107,664)
Increase in Delinquent Property Tax	1,399
Increase in Intergovernmental, unrestricted	10,917
Decrease in Special Assessment Revenue	<u>(145,902)</u>
	(\$241,250)

Expenses not requiring the use of current financial resources:

Increase in Compensated Absences Payable	(\$34,146)
Decrease in supplies inventory	<u>(782)</u>
	(\$34,928)

This Space Intentionally Left Blank

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2017***

NOTE 5 - CASH, CASH EQUIVALENTS AND INVESTMENTS

Cash resources of a majority of individual funds are combined to form a pool of cash and investments. Each fund type's portion of this pool is displayed on the combined balance sheet as "Cash and Cash Equivalents." Ohio law requires the classification of funds held by the City into three categories.

Category 1 consists of "active" funds - those funds required to be kept in a "cash" or "cash equivalent" status for immediate use by the City. Such funds must be maintained either as cash in the City treasury or in depository accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts.

Category 2 consists of "inactive" funds - those funds not required for use within the current five year period of designation of depositories. Inactive funds may be deposited or invested only as certificates of deposit maturing not later than the end of the current period of designation of depositories.

Category 3 consists of "interim" funds - those funds which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim funds may be invested or deposited in the following securities:

- United States treasury notes, bills, bonds, or any other obligation or security issued by the United States treasury or any other obligation guaranteed as to principal or interest by the United States;
- Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including but not limited to, the federal national mortgage association, federal home loan bank, federal farm credit bank, federal home loan mortgage corporation, government national mortgage association, and student loan marketing association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
- Written repurchase agreements in the securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
- Interim deposits in eligible institutions applying for interim funds;
- Bonds and other obligations of the State of Ohio;
- No-load money market mutual funds consisting exclusively of obligations described in the first two bullets of this section and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions, and
- The State Treasury Asset Reserve of Ohio (STAR Ohio).

**Notes to the Basic Financial Statements
For the Year Ended December 31, 2017**

NOTE 5 - CASH, CASH EQUIVALENTS AND INVESTMENTS (Continued)

A. Deposits

Custodial credit risk is the risk that in the event of bank failure, the City's deposits may not be returned. Protection of City cash and deposits is provided by the federal deposit insurance corporation as well as qualified securities pledged by the institution holding the assets. The City has no policy on custodial credit risk and is governed by Ohio Revised Code. Ohio Law requires that deposits be placed in eligible banks or savings and loan associations located in Ohio. Any public depository in which the City places deposits must pledge as collateral eligible securities of aggregate market value equal to the excess of deposits not insured by the Federal Deposit Insurance Corporation (FDIC). The securities pledged as collateral are pledged to a pool for each individual financial institution in amounts equal to at least 105% of the carrying value of all public deposits held by each institution. Obligations that may be pledged as collateral are limited to obligations of the United States and its agencies and obligations of any state, county, municipal corporation or other legally constituted authority of any other state, or any instrumentality of such county, municipal corporation or other authority. Collateral is held by trustees including the Federal Reserve Bank and designated third party trustees of the financial institutions.

At year end the carrying amount of the City's deposits was \$6,979,317 and the bank balance was \$7,290,516. Federal deposit insurance covered \$533,569 of the bank balance and \$6,756,947 was uninsured. Of the remaining uninsured bank balance, the City was exposed to custodial risk as follows:

	<u>Balance</u>
Uninsured and collateralized with securities held by the pledging institution's trust department not in the City's name	<u>\$6,756,947</u>
Total Balance	<u><u>\$6,756,947</u></u>

This Space Intentionally Left Blank

**Notes to the Basic Financial Statements
For the Year Ended December 31, 2017**

NOTE 5 - CASH, CASH EQUIVALENTS AND INVESTMENTS (Continued)

B. Investments

The City's investments at December 31, 2017 were as follows:

	Measurement Amount	Credit Rating	Fair Value Hierarchy	Investment Maturities (in Years)		
				less than 1	1-3	3-5
Star Ohio	\$1,006,470	AAAm	N/A	\$1,006,470	\$0	\$0
Negotiable C/D's	6,342,584	AAA	Level 2	1,468,493	3,165,838	1,708,253
FHLB	3,648,503	AA+	Level 2	1,499,184	1,551,935	597,384
FHLMC	3,750,052	AA+	Level 2	1,101,585	2,648,467	0
FNMA	5,722,484	AA+	Level 2	1,708,382	4,014,102	0
FFCB	1,913,068	AA+	Level 2	1,002,402	910,666	0
Freddie Mac	543,984	AA+	Level 2	0	543,984	0
US Treasury Bills	1,160,821	A-1+	Level 2	1,160,821	0	0
US Treasury Notes	879,701	A-1+	Level 2	879,701	0	0
Total Investments	<u>\$24,967,667</u>			<u>\$9,827,038</u>	<u>\$12,834,992</u>	<u>\$2,305,637</u>

Credit Rating – Standard and Poor's

Interest Rate Risk – The Ohio Revised Code generally limits security purchases to those that mature within five years of settlement date. The City has no policy that limits investment purchases beyond the requirements of the Ohio Revised Code.

Concentration of Credit Risk – The City places no limit on the amount the City may invest in one issuer. Of the City's total investments 4% are Star Ohio, 25.4% are Negotiable C/D's, 14.6% are FHLB, 15% are FHLMC, 22.9% are FNMA, 7.7% are FFCB, 2.2% are Freddie Mac, 4.7% are U.S. Treasury Bills and 3.5% are U.S. Treasury Notes.

Custodial Credit Risk – For an investment, custodial credit risk is the risk that in the event of the failure of the counterparty, the City will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. The City's investment policy states that it will diversify its investments to avoid incurring unreasonable and avoidable risks regarding specific security types or individual financial institutions. All of the City's investments are collateralized by underlying securities pledged by the investment's counterparty, not in the name of the City.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2017***

NOTE 6 - TAXES

A. Property Taxes

Property taxes include amounts levied against all real, public utility and tangible personal property located in the City. Property tax revenue received during 2017 for real and public utility property taxes represents collections of 2016 taxes. Property tax payments received during 2017 for tangible personal property (other than public utility property) is for 2017 taxes.

2017 real property taxes are levied after October 1, 2017, on assessed value as of January 1, 2017, the lien date. Assessed values are established by State law at 35 percent of the appraised value. 2017 real property taxes are collected in and intended to finance 2017.

Public utility tangible personal property currently is assessed at varying percentages of true value; public utility real property is assessed at 35 percent of true value. 2017 public utility property taxes became a lien December 31, 2016, are levied after October 1, 2017, and are collected in 2017 with real property taxes.

Tangible personal property tax revenue received during 2017 (other than public utility property tax) represents the collection of 2017 taxes levied against local inter-exchange telephone companies. Tangible personal property tax on business inventory, manufacturing machinery and equipment, furniture and fixtures is no longer levied and collected. Tangible personal property taxes received from telephone companies in 2017 were levied after October 1, 2016, on the value as of December 31, 2016.

The full tax rate for all City operations for the year ended December 31, 2017, was \$1.11 per \$1,000 of assessed value. The assessed values of real and tangible personal property upon which 2017 property tax receipts were based are as follows: \$520,048,020 in real property assessed value and \$14,872,650 in public utility assessed value.

Real property taxes are payable annually and semi-annually. If paid annually, payment is due December 31; if paid semi-annually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, State statute permits later payment dates to be established. For 2017, the due dates were February 19 and July 15.

Tangible personal property taxes paid by multi-county taxpayers are due September 20. Single county taxpayers may pay annually or semi-annually. If paid annually, payment is due April 30; paid semi-annually, the first payment is due April 30, with the remainder payable at September 20.

The County Treasurer collects property taxes on behalf of Warren County, including the City. The County Auditor periodically remits to the City its portion of the taxes collected.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2017***

NOTE 6 – TAXES (Continued)

A. Property Taxes (Continued)

Property taxes receivable represents real property taxes, public utility taxes and outstanding delinquencies which are measurable as of December 31, 2017 and for which there is an enforceable legal claim. In the General Fund and the Austin Center Municipal Public Improvement TIF Fund, the entire receivable has been offset by deferred inflows of resources since the current taxes were not levied to finance 2017 operations and the collection of delinquent taxes during the available period is not subject to reasonable estimation. On a full accrual basis, collectible delinquent property taxes have been recorded as revenue while the remainder of the receivable is deferred inflows of resources.

B. Income Tax

The City levies a tax of 1.5% on all salaries, wages, commissions and other compensation and on net profits earned within the City as well as on incomes of residents earned outside the City. In the latter case, the City allows a credit of 67% of the tax paid to another municipality to a maximum of the total amount assessed. Of the one and one-half percent income tax, one-half percent is voter approved for the sole purpose of funding capital improvements.

Employers within the City are required to withhold income tax on employees' compensation and remit the tax to the City either monthly or quarterly, as required. Corporations and other individual taxpayers are required to pay their estimated tax quarterly and file a declaration annually. Income tax proceeds are to be used for general fund operations, maintenance of equipment, new equipment/capital improvements, debt service and other governmental functions when needed, as determined by City Council. Income tax revenue for 2017 was \$13,272,536.

NOTE 7 - RECEIVABLES

Receivables at December 31, 2017 consisted of income taxes, property taxes, accounts, special assessments and intergovernmental receivables arising from shared revenues. All receivables are considered collectible in full.

**Notes to the Basic Financial Statements
For the Year Ended December 31, 2017**

NOTE 8 - TRANSFERS

Following is a summary of transfers in and out for all funds for 2017:

Fund	Transfer In	Transfer Out
General Fund	\$495,446	\$1,836,060
Debt Service Fund	3,248,925	0
Construction Fund	5,406,342	2,868,374
Income Tax Capital Improvement Fund	0	5,082,591
Other Governmental Funds	633,205	1,007,347
Total Governmental Funds	<u>9,783,918</u>	<u>10,794,372</u>
Golf Course Fund	966,938	0
Water Fund	0	81,970
Sewer Fund	0	81,970
Storm Water Fund	207,456	0
Total Proprietary Funds	<u>1,174,394</u>	<u>163,940</u>
Totals	<u><u>\$10,958,312</u></u>	<u><u>\$10,958,312</u></u>

Transfers are used to move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them and unrestricted revenues collected in the income tax fund to finance various programs accounted for in other funds in accordance with budgetary authorizations; to segregate money for anticipated capital projects; to provide additional resources for current operations or debt service; and to return money to the fund from which it was originally provided once a project is completed. All transfers are considered allowable in accordance with Ohio Revised Code Sections 5705.14, 5705.15 and 5705.16.

Transfers into the General Fund from other governmental funds include a legally authorized transfer from the Austin JEDD Fund as well as a transfer of proceeds from the sale of land held for resale. Transfers out of the General Fund to the Other Governmental Funds was to cover street maintenance, the DARE program, general capital projects, vehicles, equipment and capital improvements to various parks; and the General Fund's share of the debt service for outstanding debt. Transfers out of the Income Tax Capital Improvement Fund to the Construction Fund, Golf Course Fund and Storm Water Fund were for vehicles, equipment, capital improvements and/or debt service on capital improvements within each of those funds. The transfers from the Water and Sewer Funds to the Debt Service fund were to cover a portion of the 2008 Various Purpose Bonds.

**Notes to the Basic Financial Statements
For the Year Ended December 31, 2017**

NOTE 9 - CAPITAL ASSETS

A. Governmental Activities Capital Assets

Summary by category of changes in governmental activities capital assets at December 31, 2017:

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2017***

NOTE 10 – DEFINED BENEFIT PENSION PLANS

Net Pension Liability

The net pension liability reported on the statement of net position represents a liability to employees for pensions. Pensions are a component of exchange transactions—between an employer and its employees—of salaries and benefits for employee services. Pensions are provided to an employee—on a deferred-payment basis—as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for pensions is a present obligation because it was created as a result of employment exchanges that already have occurred.

The net pension liability represents the City’s proportionate share of each pension plan’s collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension plan’s fiduciary net position. The net pension liability calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting this estimate annually.

Ohio Revised Code limits the City’s obligation for this liability to annually required payments. The City cannot control benefit terms or the manner in which pensions are financed; however, the City does receive the benefit of employees’ services in exchange for compensation including pension.

GASB 68 assumes the liability is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires all funding to come from these employers. All contributions to date have come solely from these employers (which also includes costs paid in the form of withholdings from employees). State statute requires the pension plans to amortize unfunded liabilities within 30 years. If the amortization period exceeds 30 years, each pension plan’s board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension liability. Resulting adjustments to the net pension liability would be effective when the changes are legally enforceable.

The proportionate share of each plan’s unfunded benefits is presented as a long-term *net pension liability* on the accrual basis of accounting. Any liability for the contractually-required pension contribution outstanding at the end of the year is included in *intergovernmental payable* on both the accrual and modified accrual basis of accounting.

Plan Description – Ohio Public Employees Retirement System (OPERS)

Plan Description - City employees other than full-time police participate in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans. The traditional pension plan is a cost-sharing, multiple-employer defined benefit pension plan. The member-directed plan is a defined contribution plan and the combined plan is a cost-sharing, multiple-employer defined benefit pension plan with defined contribution features. While members (e.g. City employees) may elect the member-directed plan and the combined plan, substantially all employee members are in OPERS’ traditional plan; therefore, the following disclosure focuses on the traditional pension plan.

**Notes to the Basic Financial Statements
For the Year Ended December 31, 2017**

NOTE 10 – DEFINED BENEFIT PENSION PLANS (Continued)

OPERS provides retirement, disability, survivor and death benefits, and annual cost of living adjustments to members of the traditional plan. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report that includes financial statements, required supplementary information and detailed information about OPERS’ fiduciary net position that may be obtained by visiting <https://www.opers.org/financial/reports.shtml>, by writing to the Ohio Public Employees Retirement System, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling 800-222-7377.

Senate Bill (SB) 343 was enacted into law with an effective date of January 7, 2013. In the legislation, members were categorized into three groups with varying provisions of the law applicable to each group. The following table provides age and service requirements for retirement and the retirement formula applied to final average salary (FAS) for the three member groups under the traditional plan as per the reduced benefits adopted by SB 343 (see OPERS CAFR referenced above for additional information):

Group A	Group B	Group C
Eligible to retire prior to January 7, 2013 or five years after January 7, 2013	20 years of service credit prior to January 7, 2013 or eligible to retire ten years after January 7, 2013	Members not in other Groups and members hired on or after January 7, 2013
State and Local	State and Local	State and Local
Age and Service Requirements: Age 60 with 60 months of service credit or Age 55 with 25 years of service credit	Age and Service Requirements: Age 60 with 60 months of service credit or Age 55 with 25 years of service credit	Age and Service Requirements: Age 57 with 25 years of service credit or Age 62 with 5 years of service credit
Formula: 2.2% of FAS multiplied by years of service for the first 30 years and 2.5% for service years in excess of 30	Formula: 2.2% of FAS multiplied by years of service for the first 30 years and 2.5% for service years in excess of 30	Formula: 2.2% of FAS multiplied by years of service for the first 35 years and 2.5% for service years in excess of 35

This space intentionally left blank.

**Notes to the Basic Financial Statements
For the Year Ended December 31, 2017**

NOTE 10 – DEFINED BENEFIT PENSION PLANS (Continued)

Final average Salary (FAS) represents the average of the three highest years of earnings over a member’s career for Groups A and B. Group C is based on the average of the five highest years of earnings over a member’s career.

Members who retire before meeting the age and years of service credit requirement for unreduced benefits receive a percentage reduction in the benefit amount.

When a benefit recipient has received benefits for 12 months, an annual cost of living adjustment (COLA) is provided. This COLA is calculated on the base retirement benefit at the date of retirement and is not compounded. For those retiring prior to January 7, 2013, the COLA will continue to be a 3 percent simple annual COLA. For those retiring subsequent to January 7, 2013, beginning in calendar year 2019, the COLA will be based on the average percentage increase in the Consumer Price Index, capped at 3 percent.

Funding Policy - The Ohio Revised Code (ORC) provides statutory authority for member and employer contributions as follows:

	<u>State and Local</u>
2017 Statutory Maximum Contribution Rates	
Employer	14.0 %
Employee	10.0 %
2017 Actual Contribution Rates	
Employer:	
Pension	13.0 %
Post-employment Health Care Benefits	<u>1.0</u>
Total Employer	<u>14.0 %</u>
Employee	<u>10.0 %</u>

Employer contribution rates are actuarially determined and are expressed as a percentage of covered payroll. The City’s contractually required contribution was \$438,624 for 2017.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2017***

NOTE 10 – DEFINED BENEFIT PENSION PLANS (Continued)

Plan Description – Ohio Police & Fire Pension Fund (OPF)

Plan Description - City full-time police participate in Ohio Police and Fire Pension Fund (OPF), a cost-sharing, multiple-employer defined benefit pension plan administered by OPF. OPF provides retirement and disability pension benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by the Ohio State Legislature and are codified in Chapter 742 of the Ohio Revised Code. OPF issues a publicly available financial report that includes financial information and required supplementary information and detailed information about OPF fiduciary net position. The report may be obtained by visiting the OPF website at www.op-f.org or by writing to the Ohio Police and Fire Pension Fund, 140 East Town Street, Columbus, Ohio 43215-5164.

Upon attaining a qualifying age with sufficient years of service, a member of OPF may retire and receive a lifetime monthly pension. OPF offers four types of service retirement: normal, service commuted, age/service commuted and actuarially reduced. Each type has different eligibility guidelines and is calculated using the member's average annual salary. The following discussion of the pension formula relates to normal service retirement.

For members hired after July 1, 2013, the minimum retirement age is 52 for normal service retirement with at least 25 years of service credit. For members hired on or before July 1, 2013, the minimum retirement age is 48 for normal service retirement with at least 25 years of service credit.

The annual pension benefit for normal service retirement is equal to a percentage of the allowable average annual salary. The percentage equals 2.5 percent for each of the first 20 years of service credit, 2.0 percent for each of the next five years of service credit and 1.5 percent for each year of service credit in excess of 25 years. The maximum pension of 72 percent of the allowable average annual salary is paid after 33 years of service credit.

Under normal service retirement, retired members who are at least 55 years old and have been receiving OPF benefits for at least one year may be eligible for a cost-of-living allowance adjustment. The age 55 provision for receiving a COLA does not apply to those who are receiving a permanent and total disability benefit and statutory survivors.

Members retiring under normal service retirement, with less than 15 years of service credit on July 1, 2013, will receive a COLA equal to either three percent or the percent increase, if any, in the consumer price index (CPI) over the 12-month period ending on September 30 of the immediately preceding year, whichever is less. The COLA amount for members with at least 15 years of service credit as of July 1, 2013 is equal to three percent of their base pension or disability benefit.

**Notes to the Basic Financial Statements
For the Year Ended December 31, 2017**

NOTE 10 – DEFINED BENEFIT PENSION PLANS (Continued)

Funding Policy - The Ohio Revised Code (ORC) provides statutory authority for member and employer contributions as follows:

	<u>Police</u>
2017 Statutory Maximum Contribution Rates	
Employer	19.50 %
Employee:	
January 1, 2017 through December 31, 2017	12.25 %
2017 Actual Contribution Rates	
Employer:	
Pension	19.00 %
Post-employment Health Care Benefits	<u>0.50</u>
Total Employer	<u>19.50 %</u>
Employee:	
January 1, 2017 through December 31, 2017	12.25 %

Employer contribution rates are expressed as a percentage of covered payroll. The City’s contractually required contribution to OPF was \$372,169 for 2017.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The net pension liability for OPERS was measured as of December 31, 2016, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. OPF’s total pension liability was measured as of December 31, 2016, and was determined by rolling forward the total pension liability as of January 1, 2016, to December 31, 2016. The City's proportion of the net pension liability was based on the City's share of contributions to the pension plan relative to the contributions of all participating entities. Following is information related to the proportionate share and pension expense:

	<u>OPERS</u>	<u>OP&F</u>	<u>Total</u>
Proportionate Share of the Net Pension Liability	\$6,007,271	\$4,908,909	\$10,916,180
Proportion of the Net Pension Liability-2017	0.026454%	0.077502%	
Proportion of the Net Pension Liability-2016	<u>0.025022%</u>	<u>0.076945%</u>	
Percentage Change	<u>0.001432%</u>	<u>0.000557%</u>	
Pension Expense	\$1,540,771	\$612,549	\$2,153,320

CITY OF SPRINGBORO, OHIO

**Notes to the Basic Financial Statements
For the Year Ended December 31, 2017**

NOTE 10 – DEFINED BENEFIT PENSION PLANS (Continued)

At December 31, 2017, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>OPERS</u>	<u>OP&F</u>	<u>Total</u>
Deferred Outflows of Resources			
Net difference between projected and actual earnings on pension plan investments	\$894,621	\$477,370	\$1,371,991
Changes in assumptions	952,827	0	952,827
Differences between expected and actual experience	8,142	1,389	9,531
City contributions subsequent to the measurement date	438,624	372,169	810,793
Total Deferred Outflows of Resources	<u>\$2,294,214</u>	<u>\$850,928</u>	<u>\$3,145,142</u>
Deferred Inflows of Resources			
Differences between expected and actual experience	\$35,754	\$11,302	\$47,056
Total Deferred Inflows of Resources	<u>\$35,754</u>	<u>\$11,302</u>	<u>\$47,056</u>

\$810,793 reported as deferred outflows of resources related to pension resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending December 31, 2018. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

	<u>OPERS</u>	<u>OP&F</u>	<u>Total</u>
Year Ending December 31:			
2018	\$750,649	\$181,154	\$931,803
2019	777,393	181,154	958,547
2020	318,019	137,894	455,913
2021	(26,225)	(32,534)	(58,759)
2022	0	(240)	(240)
2023	0	29	29
Total	<u>\$1,819,836</u>	<u>\$467,457</u>	<u>\$2,287,293</u>

Actuarial Assumptions - OPERS

Actuarial valuations of an ongoing plan involve estimates of the values of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and cost trends. Actuarially determined amounts are subject to continual review or modification as actual results are compared with past expectations and new estimates are made about the future.

**Notes to the Basic Financial Statements
For the Year Ended December 31, 2017**

NOTE 10 – DEFINED BENEFIT PENSION PLANS (Continued)

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation. The total pension liability in the December 31, 2016 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Wage Inflation	3.25 percent
Future Salary Increases, including inflation	3.25 to 10.75 percent including wage inflation
COLA or Ad Hoc COLA (Pre 1/7/13 retirees)	3 percent simple
COLA or Ad Hoc COLA (Post 1/7/13 retirees)	3 percent simple through 2018. 2.15 percent simple, thereafter
Investment Rate of Return	7.5 percent
Actuarial Cost Method	Individual Entry Age

Mortality rates are based on the RP-2014 Healthy Annuitant mortality table. For males, Healthy Annuitant Mortality tables were used, adjusted for mortality improvement back to the observation period base of 2006 and then established the base year as 2015. For females, Healthy Annuitant Mortality tables were used, adjusted for mortality improvements back to the observation period base year of 2006 and then established the base year as 2010. The mortality rates used in evaluating disability allowances were based on the RP-2014 Disabled mortality tables, adjusted for mortality improvement back to the observation base year of 2006 and then established the base year as 2015 for males and 2010 for females. Mortality rates for a particular calendar year for both healthy and disabled retiree mortality tables are determined by applying the MP-2015 mortality improvement scale to the above described tables.

The most recent experience study was completed for the five year period ended December 31, 2015.

The long-term rate of return on defined benefit investment assets was determined using a building-block method in which best-estimate ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected real rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adjusted for inflation.

During 2016, OPERS managed investments in four investment portfolios: the Defined Benefit portfolio, the 401(h) Health Care Trust portfolio, the 115 Health Care Trust portfolio and the Defined Contribution portfolio. The 401(h) Health Care Trust portfolio was closed as of June 30, 2016 and the net position transferred to the 115 Health Care Trust portfolio on July 1, 2016. The Defined Benefit portfolio contains the investment assets of the Traditional Pension Plan, the defined benefit component of the Combined Plan and the annuitized accounts of the Member-Directed Plan. The Defined Benefit portfolio historically included the assets of the Member-Directed retiree medical accounts funded through the VEBA Trust. However, the VEBA Trust was closed as of June 30, 2016 and the net position transferred to the 115 Health Care Trust portfolio on July 1, 2016. Within the Defined Benefit portfolio, contributions into the plans are all recorded at the same time, and benefit payments all occur on the first of the month. Accordingly, the money-weighted rate of return is considered to be the same for all plans within the portfolio. The annual money-weighted rate of return expressing investment performance, net of investment expenses and adjusted for the changing amounts actually invested, for the Defined Benefit portfolio is 8.3% for 2016.

**Notes to the Basic Financial Statements
For the Year Ended December 31, 2017**

NOTE 10 – DEFINED BENEFIT PENSION PLANS (Continued)

The allocation of investment assets with the Defined Benefit portfolio is approved by the Board of Trustees as outlined in the annual investment plan. Plan assets are managed on a total return basis with a long-term objective of achieving and maintaining a fully funded status for the benefits provided through the defined benefit pension plans. The table below displays the Board-approved asset allocation policy for 2016 and the long-term expected real rates of return:

Asset Class	Target Allocation	Weighted Average Long-Term Expected Real Rate of Return (Arithmetic)
Fixed Income	23.00 %	2.75 %
Domestic Equities	20.70	6.34
Real Estate	10.00	4.75
Private Equity	10.00	8.97
International Equities	18.30	7.95
Other investments	18.00	4.92
Total	100.00 %	5.66 %

Discount Rate The discount rate used to measure the total pension liability was 7.5 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and those of the contributing employers are made at the statutorily required rates. Based on those assumptions, the pension plan’s fiduciary net position was projected to be available to make all projected future benefits payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the City’s Proportionate Share of the Net Pension Liability to Changes in the Discount Rate The following table presents the City’s proportionate share of the net pension liability calculated using the current period discount rate assumption of 7.5 percent, as well as what the City’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is one-percentage-point lower (6.5 percent) or one-percentage-point higher (8.5 percent) than the current rate:

	1% Decrease (6.50%)	Current Discount Rate (7.50%)	1% Increase (8.50%)
City's proportionate share of the net pension liability	\$9,177,446	\$6,007,271	\$3,365,487

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2017***

NOTE 10 – DEFINED BENEFIT PENSION PLANS (Continued)

Actuarial Assumptions – OPF

OPF’s total pension liability as of December 31, 2016 is based on the results of an actuarial valuation date of January 1, 2016, and rolled-forward using generally accepted actuarial procedures. The total pension liability is determined by OPF’s actuaries in accordance with GASB Statement No. 67, as part of their annual valuation. Actuarial valuations of an ongoing plan involve estimates of reported amounts and assumptions about probability of occurrence of events far into the future. Examples include assumptions about future employment mortality, salary increases, disabilities, retirements and employment terminations. Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Key methods and assumptions used in calculating the total pension liability in the latest actuarial valuation, prepared as of January 1, 2016, are presented below:

Valuation Date	January 1, 2016
Actuarial Cost Method	Entry Age Normal
Investment Rate of Return	8.25 percent
Projected Salary Increases	4.25 percent to 11 percent
Payroll Increases	3.75 percent
Inflation Assumptions	3.25 percent
Cost of Living Adjustments	2.60 percent and 3.00 percent

Rates of death are based on the RP2000 Combined Table, age-adjusted as follows. For active members, set back six years. For disability retirements, set forward five years for police and three years for firefighters. For service retirements, set back zero years for police and two years for firefighters. For beneficiaries, set back zero years. The rates are applied on a fully generational basis, with a base year of 2009, using mortality improvement Scale AA.

The most recent experience study was completed January 1, 2012.

The long-term expected rate of return on pension plan investments was determined using a building-block approach and assumes a time horizon, as defined in the Statement of Investment Policy. A forecasted rate of inflation serves as the baseline for the return expectation. Various real return premiums over the baseline inflation rate have been established for each asset class. The long-term expected nominal rate of return has been determined by calculating a weighted averaged of the expected real return premiums for each asset class, adding the projected inflation rate and adding the expected return from rebalancing uncorrelated asset classes.

Changes Between Measurement Date and Report Date - In October 2017, the OP&F Board adopted certain assumption changes which will impact their annual actuarial valuation prepared as of January 1, 2017. The most significant change is a reduction in the discount rate from 8.25% to 8.00%. Although the exact amount of these changes is not known, it has the potential to impact to the City’s net pension liability.

**Notes to the Basic Financial Statements
For the Year Ended December 31, 2017**

NOTE 10 – DEFINED BENEFIT PENSION PLANS (Continued)

Best estimates of the long-term expected geometric real rates of return for each major asset class included in OPF’s target asset allocation as of December 31, 2016 are summarized below:

Asset Class	Target Allocation	Long Term Expected Real Rate of Return
Cash and Cash Equivalents	0.00 %	0.00 %
Domestic Equity	16.00	5.21
Non-US Equity	16.00	5.40
Core Fixed Income *	20.00	2.37
Global Inflation Protected *	20.00	2.33
High Yield	15.00	4.48
Real Estate	12.00	5.65
Private Markets	8.00	7.99
Real Assets	5.00	6.87
Master Limited Partnerships	8.00	7.36
Total	120.00 %	

* levered 2x

OPF’s Board of Trustees has incorporated the “risk parity” concept into OPF’s asset liability valuation with the goal of reducing equity risk exposure, which reduces overall Total Portfolio risk without sacrificing return, and creating a more risk-balanced portfolio based on their relationship between asset classes and economic environments. From the notional portfolio perspective above, the Total Portfolio may be levered up to 1.2 times due to the application of leverage in certain fixed income asset classes.

Discount Rate The total pension liability was calculated using the discount rate of 8.25 percent. The projection of cash flows used to determine the discount rate assumed the contributions from employers and from the members would be computed based on contribution requirements as stipulated by State statute. Projected inflows from investment earning were calculated using the longer-term assumed investment rate of return 8.25 percent. Based on those assumptions, the plan’s fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, a long-term expected rate of return on pension plan investments was applied to all periods of projected benefits to determine the total pension liability.

Sensitivity of the City's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate Net pension liability is sensitive to changes in the discount rate, and to illustrate the potential impact the following table presents the net pension liability calculated using the discount rate of 8.25 percent, as well as what the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (7.25 percent), or one percentage point higher (9.25 percent) than the current rate.

	1% Decrease (7.25%)	Current Discount Rate (8.25%)	1% Increase (9.25%)
City's proportionate share of the net pension liability	\$6,538,083	\$4,908,909	\$3,528,159

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2017***

NOTE 11 - POSTEMPLOYMENT BENEFITS

A. Ohio Public Employees Retirement System (“OPERS”)

Plan Description – OPERS administers three separate pension plans: the Traditional Pension Plan – a cost-sharing, multiple-employer defined benefit pension plan; the Member directed Plan – a defined contribution plan; and the Combined Plan – a cost sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan.

OPERS maintains a cost-sharing, multiple-employer defined benefit post-employment health care trust, which funds multiple health care plans including medical coverage, prescription drug coverage and deposits to a Health Reimbursement Arrangement to qualifying benefit recipients of both the Traditional Pension and the Combined plans. This trust is also used to fund health care for Member Directed Plan participants, in the form of a Retiree Medical Account (RMA). At retirement or refund, Member-Directed Plan participants may be eligible for reimbursement of qualified medical expenses from their vested RMA balance.

In order to qualify for health care coverage, age-and-service retirees under the Traditional Pension and Combined Plans must have 20 or more years of qualifying Ohio service credit. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available. The health care coverage provided by OPERS is considered an Other Postemployment Benefit (OPEB) as described in GASB Statement No. 45. Please see the Plan Statement in the OPERS 2016 CAFR for details.

The ORC permits, but does not mandate, OPERS to provide OPEB benefits to its eligible benefit recipients. Authority to establish and amend benefits is provided in Chapter 145 of the ORC.

OPERS issues a stand-alone financial report. Interested parties may obtain a copy by visiting <https://www.opers.org/financial/reports.shtml#CAFR>, by making a written request to OPERS, 277 East Town Street, Columbus, Ohio 43215-4642 or by calling (614) 222-5601 or 1-800-222-7377.

Funding Policy – The ORC provides the statutory authority requiring public employers to fund post retirement health care coverage through their contributions to OPERS. A portion of each employer’s contribution to OPERS may be set aside for the funding of post retirement health care benefits. Employer contribution rates are expressed as a percentage of the covered payroll of active members. In 2017, local government employers contributed at a rate of 14.00% of covered payroll. The ORC currently limits the employer contribution to a rate not to exceed 14.0% of covered payroll for local government employers. Active members do not make contributions to the OPEB plan.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2017***

NOTE 11 - POSTEMPLOYMENT BENEFITS (Continued)

A. Ohio Public Employees Retirement System (“OPERS”) (Continued)

Each year, the OPERS Board determines the portion of the employer contribution rate that will be set aside to fund health care plans. The portion of employer contributions allocated to health care for members in the Traditional Pension Plan and Combined Plan was 1.0% during calendar year 2017. As recommended by OPERS’ actuary, the portion of employer contributions allocated to health care beginning January 1, 2018 decreased to 0.0% for both plans. The OPERS Board is also authorized to establish rules for the retiree or their surviving beneficiaries to pay a portion of the health care provided. Payment amounts vary depending on the number of covered dependents and the coverage selected. The employer contribution as a percentage of covered payroll deposited for Member-Directed Plan participants for 2017 was 4.0%.

The City's contributions for health care to the OPERS for the years ending December 31, 2017, 2016, and 2015 were \$31,330, \$77,552 and \$69,654, respectively, which were equal to the required contributions for each year.

B. Ohio Police and Fire Pension Fund (“OP&F”)

Plan Description – The City contributes to the OP&F sponsored health care program, a cost-sharing multiple-employer defined postemployment health care plan administered by OP&F. OP&F provides health care benefits including coverage for medical, prescription drugs, dental, vision, Medicare Part B Premium and long term care to retirees, qualifying benefit recipients and their eligible dependents.

OP&F provides access to post-retirement health care coverage for any person who receives or is eligible to receive a monthly service, disability, or survivor benefit check or is a spouse or eligible dependent child of such person. The health care coverage provided by OP&F is considered an Other Postemployment Benefit (OPEB) as described in GASB Statement No. 45.

The ORC permits, but does not mandate, OP&F to provide OPEB benefits. Authority to establish and amend benefits is provided in Chapter 742 of the ORC.

OP&F issues a stand-alone financial report that includes financial information and required supplementary information for the plan. Interested parties may obtain a copy by making a written request to 140 East Town Street, Columbus, Ohio 43215-5164. That report is also available on OP&F’s website at www.op-f.org.

Funding Policy – The ORC provides for contribution requirements of the participating employers and of plan members to the OP&F. Participating employers are required to contribute to the pension plan at rates expressed as percentages of the payroll of active pension plan members, currently, 19.5% of covered payroll for police. The ORC states that the employer contribution may not exceed 19.5% of covered payroll for police employer units. Active members do not make contributions to the OPEB Plan.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2017***

NOTE 11 - POSTEMPLOYMENT BENEFITS (Continued)

B. Ohio Police and Fire Pension Fund (“OP&F”) (Continued)

OP&F maintains funds for health care in two separate accounts. One for health care benefits under an IRS code Section 115 trust and one for Medicare Part B reimbursements administrated as an Internal Revenue Code 401(h) account, both of which are within the defined benefit pension plan, under the authority granted by the Ohio Revised Code to the OP&F Board of Trustees.

The Board of Trustees is authorized to allocate a portion of the total employer contributions made into the pension plan to the Section 115 trust and the Section 401(h) account as the employer contribution for retiree health care benefits. For 2017, the portion of employer contributions allocated to health care was 0.5% of covered payroll for police officers. The amount of employer contributions allocated to the health care plan each year is subject to the Trustees’ primary responsibility to ensure that pension benefits are adequately funded and is limited by the provisions of Sections 115 and 401(h). The OP&F Board of Trustees also is authorized to establish requirements for contributions to the health care plan by retirees and their eligible dependents, or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected.

The City's contributions for health care to the OP&F for the years ended December 31, 2017, 2016, and 2015 were \$9,543, \$8,496 and \$8,663 for police, which were equal to the required contributions for each year.

NOTE 12 - COMPENSATED ABSENCES

The costs of vacation and sick leave benefits are recorded as they are earned. Employees earn vacation leave at varying rates based upon length of service. Sick leave is accumulated at a rate of four and six tenths hours per eighty hours of service. Sick leave is cumulative without limit. Upon retirement an individual will be compensated for their accumulated sick leave at a rate of 25% of the balance.

At December 31, 2017, the City's accumulated, unpaid compensated absences amounted to \$751,366, of which \$599,132 is recorded as a liability of the Governmental Activities and \$152,234 is recorded as a liability of the Business-Type Activities. The amounts are recorded as Amounts Due Within One Year and Amounts Due in More Than One Year on the Government Wide Statement of Net Position.

CITY OF SPRINGBORO, OHIO

**Notes to the Basic Financial Statements
For the Year Ended December 31, 2017**

NOTE 13 - LONG-TERM OBLIGATIONS

Long-term debt and other long-term obligations of the City at December 31, 2017 were as follows:

		Balance December 31, 2016	Issued	(Retired)	Balance December 31, 2017	Amount Due Within One Year
Business Type-Activities:						
General Obligation Bonds:						
1.00 - 3.65% Golf Course Refunding	2010	\$1,590,000	\$0	(\$245,000)	\$1,345,000	\$250,000
3.00 - 5.00% Water Capital Refunding Bond	2008	5,720,000	0	(4,980,000)	740,000	740,000

The principal amount of the City's special assessment bonds outstanding at December 31, 2017, \$750,000, is general obligation debt (backed by the full faith and credit of the City) that is being retired with the proceeds from special assessments levied against benefited property owners. The City is obligated to repay the debt irrespective of the amount of special assessments collected from property owners. Delinquent special assessments related to outstanding special assessment bonded debt at year end was \$13,900.

2023-2027	135,000	6,075	4,875,000	424,850
Totals	\$750,000	\$92,875	\$9,135,000	\$1,927,475

B. Defeased Debt

In prior years, the City has defeased certain general obligation and other bonds by placing the proceeds of the refunding bonds in irrevocable trusts to provide for all future debt service payments on the old bonds. Accordingly, the trust account assets and the liability for the defeased bonds are not included on the City's financial statements. At December 31, 2017, \$1,495,000 of bonds outstanding are considered defeased.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2017***

NOTE 13 - LONG-TERM OBLIGATIONS (Continued)

B. Defeased Debt (Continued)

In September 2008, the City partially refunded \$515,000 of General Obligation Bonds for Various Purpose 1999, through the issuance of \$535,000 of General Obligation Bonds. The refunded bonds, which have an outstanding balance of \$125,000 at December 31, 2017, are not included in the City's outstanding debt since the City has in-substance satisfied its obligations through the advance refunding.

In September 2008, the City refunded \$10,570,000 of Mortgage Revenue Bonds for Water 1997, through the issuance of \$10,630,000 of General Obligation Bonds. The refunded bonds, which have an outstanding balance of \$5,140,000 at December 31, 2017, are not included in the City's outstanding debt since the City has in-substance satisfied its obligations through the advance refunding.

In March 2010, the City refunded \$3,060,000 of General Obligation Bonds for Golf Course Refunding 1999, through the issuance of \$3,200,000 of General Obligation Bonds. The refunded bonds, which have an outstanding balance of \$1,425,000 at December 31, 2017, are not included in the City's outstanding debt since the City has in-substance satisfied its obligations through the advance refunding.

In April 2012, the City partially refunded \$10,245,000 of Mortgage Revenue Bonds for Sewer Improvements 2004, through the issuance of \$10,295,000 of Mortgage Revenue Bonds. The refunded bonds, which have an outstanding balance of \$8,910,000 at December 31, 2017, are not included in the City's outstanding debt since the City has in-substance satisfied its obligations through the advance refunding.

In March 2017, the City refunded \$850,000 of Special Assessment Bonds for Various Purposes 2003, through the issuance of \$830,000 of Special Assessment Bonds. The refunded bonds, were called and paid off May 15, 2017. The City reduced its aggregate debt service payments over the life of the refunded bonds by \$96,081 and obtained an economic gain (difference between the present values of the old and new debt service payments) of \$93,429.

In March 2017, the City partially refunded \$4,265,000 of General Obligation Bonds for Water Capital Refunding 2008, through the issuance of \$4,300,000 of Water Refunding Bonds. The refunded bonds, which have an outstanding balance of \$4,265,000 at December 31, 2017, are not included in the City's outstanding debt since the City has in-substance satisfied its obligations through the advance refunding. The City reduced its aggregate debt service payments over the life of the refunded bonds by \$436,625 and obtained an economic gain (difference between the present values of the old and new debt service payments) of \$249,270.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2017***

NOTE 13 - LONG-TERM OBLIGATIONS (Continued)

B. Defeased Debt (Continued)

In March 2017, the City partially refunded \$1,985,000 of General Obligation Bonds for Municipal Building 2008, through the issuance of \$2,050,000 of Municipal Building Refunding Bonds. The refunded bonds, which have an outstanding balance of \$1,985,000 at December 31, 2017, are not included in the City's outstanding debt since the City has in-substance satisfied its obligations through the advance refunding. The City reduced its aggregate debt service payments over the life of the refunded bonds by \$202,188 and obtained an economic gain (difference between the present values of the old and new debt service payments) of \$116,032.

NOTE 14 – COOPERATIVE AGREEMENT

The City entered into a cooperative agreement in September of 2016 with the Warren County Port Authority and Brothers Trading Company, Inc. (Developer). The City determined it is in the best interest of the City and its residents to provide an incentive to the Developer to induce the Developer to expand its operations in the City by constructing, equipping and operating a new two-hundred fifty-five (255,000) square foot warehouse and distribution facility in the City, that would provide an additional 127 employees with an estimated payroll of \$2.5 million.

The Port Authority issued \$600,000 in notes to finance the project. The note was repaid by the City to the Port Authority, in 2017, from revenues derived by the project (income and property taxes).

This Space Intentionally Left Blank

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2017***

NOTE 15 - RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. During 2017 the City contracted with several different insurance providers for various insurance coverages, as follows:

<u>Type of Coverage</u>	<u>Liability Limits</u>	<u>Deductible</u>
Property	\$84,902,675	\$5,000
Crime	250,000	2,500
Inland Marine	2,366,001	1,000
General Liability	10,000,000	0
Employee Benefits Liability	8,000,000	1,000
Employers Liability	8,000,000	0
Automobile Liability	8,000,000	0
Public Officials Liability	9,000,000	2,500
Police Liability	9,000,000	2,500
Employment Practices Liability	9,000,000	2,500

There has been no significant reduction in insurance coverages from coverages in the prior year. In addition, settled claims resulting from these risks have not exceeded commercial insurance coverages in any of the past three years.

For the year 2017, the City participated in the Ohio Municipal League of Ohio Workers' Compensation Group Rating Plan (GRP), an insurance purchasing pool (see Note 17). The intent of the GRP is to achieve the benefit of a reduced premium for the City by virtue of its grouping and representation with other participants in the GRP. The workers' compensation experience of the participating cities is calculated as one experience and a common premium rate is applied to all cities in the GRP. Each participant pays its workers' compensation premium to the State based on the rate for the GRP rather than its individual rate. Total savings are then calculated and each participant's individual performance is compared to the overall savings of the GRP. A participant will then either receive money from or be required to contribute to the "Equity Pooling Fund." This "equity pooling" arrangement insures that each participant shares equally in the overall performance of the GRP. Participation in the GRP is limited to cities that can meet the GRP's selection criteria. The firm of Comp Management, Inc. provides administrative, cost control and actuarial services to the GRP.

The City may withdraw from the GRP if written notice is provided within sixty days prior to the prescribed application deadline of the Ohio Bureau of Workers' Compensation. However, the participant is not relieved of the obligation to pay any amount owed to the GRP prior to withdrawal, and any participant leaving the GRP allows the representative of the GRP to access loss experience for three years following the last year of participation.

CITY OF SPRINGBORO, OHIO

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2017***

NOTE 16 - CONTRACTUAL COMMITMENTS

As of December 31, 2017, the City had the following significant contractual commitments:

<u>Project</u>	<u>Remaining Contractual Commitment</u>
Hazel Woods Park Development	\$377,322
Bank Stabilization - Heatherwoode Golf Club	142,100
Tamarack Hills/Royal Oaks Catch Basin	110,281
Tamarack Hills/Royal Oaks Water Main	100,746
Total	<u><u>\$730,449</u></u>

NOTE 17 – GROUP PURCHASING POOL

The City participates in the Ohio Municipal League of Ohio Workers' Compensation Group Rating Plan (GRP). The GRP's business and affairs are conducted by a twenty-five member Board of Trustees consisting of fifteen mayors, two council members, three administrators, three finance officers and two law directors which are voted in by the members for staggered two year terms. The Executive Director of the Ohio Municipal League serves as coordinator of the GRP. Each year, the participating cities pay an enrollment fee to the GRP to cover the costs of administering the GRP.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2017***

NOTE 18 – JOINTLY GOVERNED ORGANIZATIONS

During 2017, the City participated in the Warren County General Health District, the Greater Warren County Drug Task Force, Miami Valley Regional Planning Commission, the Montgomery County Transportation Improvement District and the Warren County Transportation Improvement District, jointly governed organizations. The following describes the relationship between these organizations and the City:

Warren County General Health District

The Warren County General Health District (the District) provides health services to the citizens within the County. The District, which consists of a representative from each of the participating governments, including the City, oversees the operation of the District. The amount the City contributed during 2017 for the operation of the District was minimal. The City does not have any financial interest in or responsibility for the District. The County Commissioners serve as the taxing authority, and the County Auditor and County Treasurer serve as the fiscal officers. Financial information may be obtained from Kathy Stephenson at the Warren County General Health District, 416 S. East Street, Lebanon, Ohio 45036.

The Greater Warren County Drug Task Force

The Greater Warren County Drug Task Force (the Task Force) is a multijurisdictional drug task force with the primary goal of combating major narcotic traffickers in Warren and Clinton Counties. It is governed by a local policy board consisting of members from local police departments, sheriff's offices, and county prosecutor's offices. Participating members contribute a fee for the operation of the task force, with each member's control over the operation limited to its representation on the Board. The City does not have any financial interest in or responsibility for the operations of the Task Force. Any information requests should be directed to P.O. Box 898, Lebanon, Ohio 45036.

Miami Valley Regional Planning Commission

The Miami Valley Regional Planning Commission (the Commission) was formed to provide planning and administrative services to approximately 71 governmental and 18 non-governmental members that constitute the full Board of Directors. Each unit of local government members pays a per capita assessment to join the Commission. Non-governmental and other governmental members pay a flat rate to cover associated Commission expenses if they are not a member. The Commission is not dependent upon the City for its existence, no debt exists, and the City does not have an equity interest or a financial responsibility for the Commission. Any information requests should be directed to One South Main St., Suite 260, Dayton, OH 45402.

Montgomery County Transportation Improvement District

The City is a participant in the Montgomery County Transportation Improvement District (the District), a statutorily created political subdivision created for the purpose of financing, constructing, maintaining, repairing and operating selected transportation projects. The District is a jointly governed entity administered by a Board of Directors that acts as a legislative body and is comprised of seven board members, of whom five are voting and two are non-voting appointed by Montgomery County and State governments. Of the seven, three are elected as officers of the District.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2017***

NOTE 18 – JOINTLY GOVERNED ORGANIZATIONS (Continued)

The City entered into a cooperative agreement with the District on December 15, 2005 which was amended on July 21, 2010 and includes Miami Township, the City of Miamisburg, and the Miamisburg City School District related to the Austin Road Interchange Project. This project is intended to enhance and facilitate traffic flow in the southern portion of Montgomery County and further simulate development of real property in the hope of expanding the employment base in the area. Each entity has agreed to borrow their predetermined respective sum as collateral for the District borrowing monies from the State Infrastructure Bank or from any other appropriate sources in an amount to pay their respective portion of the costs to be incurred for the Austin Road Interchange Project.

On July 30, 2010 the District issued \$20,335,000 Austin Road Interchange Bonds, Series 2010. These 33 year bonds were used for repayment of the note, cost of issuance of the bonds and new money for right-of-way acquisition. The responsibilities for repayment of these bonds is governed by each participating entity in the Austin Road Interchange Project and were allocated to Miami Township of \$11,520,000, City of Miamisburg of \$4,580,000, and the City of Springboro of \$4,235,000. Repayment of the City of Springboro's bonds are collateralized by Tax Increment Financing and full faith and credit of the City. Any information requests should be directed to Steve Stanley, (937) 226-8240, 451 W Third Street, Dayton, OH 45422.

Warren County Transportation Improvement District

The City is a participant in the Warren County Transportation Improvement District (the WCTID), a statutorily created political subdivision created for the purpose of financing, constructing, maintaining, repairing and operating selected transportation projects. The WCTID is a jointly governed entity administered by a Board of Directors that acts as a legislative body and is comprised of seven board members, of whom five are voting and two are non-voting appointed by Warren County and State governments. Of the seven, three are elected from the voting members as officers of the WCTID.

The City entered into an intergovernmental agreement with the WCTID on August 23, 2013, which was amended on December 4, 2015 related to the SR73/SR741 Intersection Improvement Project. The WCTID will act as the project manager for the intersection project in order to facilitate the property acquisitions and the construction of the project which began in 2015 and should be completed in 2019.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2017***

NOTE 19 – RELATED ORGANIZATION

The Springboro Friends and Family Fund (the Fund) was incorporated on August 6, 2007 and was created to promote a spirit of good fellowship among the members, their families and dependents, and to assist others during time of health related distress. All permanent full-time employees and permanent part-time employees of the City of Springboro shall be eligible for membership in the Fund as of the date of their hiring.

The Fund shall have a Board of Directors consisting of 5 members. Three members shall be employees of the City of Springboro and two members shall be of the general public at large. The Board of Directors shall have general control over business and activities of the Fund and shall approve all requests for benefits. Although the Fund was created to benefit all employees of the City of Springboro, the City of Springboro does not have an ability to impose its will over the Fund, is not responsible for approving the Fund's annual budget, or would be responsible for any debt issued or outstanding during the course of its existence. Finally, in the event the Fund is dissolved any funds shall be remitted to the Hospice of Dayton in accordance with the Fund's by-laws.

Any requests for information should be directed to Ryan Michel, President, 220 East Mill St, Springboro, OH 45066.

NOTE 20 – SUBSEQUENT EVENT

On January 25, 2018, the City issued general obligation bond anticipation notes in the amount of \$6,050,000 for the SR73/SR741 intersection improvements and site development improvements. This was to retire notes previously issued. The notes have an interest rate of 3.0 percent and mature on January 24, 2019. The Warren County Transportation Improvement District is managing this project for the City. The note was for right-of-way acquisition, utility relocation, management fee and construction costs.

CITY OF SPRINGBORO, OHIO

**Notes to the Basic Financial Statements
For the Year Ended December 31, 2017**

NOTE 21 – SIGNIFICANT ENCUMBRANCES

At December 31, 2017 the City had the following significant encumbrances outstanding:

<u>Fund</u>	<u>Total Encumbrances</u>	<u>Significant Encumbrances</u>	<u>Explanation</u>

**Notes to the Basic Financial Statements
For the Year Ended December 31, 2017**

NOTE 22 – TAX ABATEMENT DISCLOSURES

As of December 31, 2017, the City of Springboro provides tax incentives under the Community Reinvestment Area (CRA) program.

Real Estate Tax Abatements

Pursuant to Ohio Revised Code Chapter 5709, the City established a Community Reinvestment Area in 1981, which included all commercial and industrial land within the boundaries of the City of Springboro. The City of Springboro authorizes incentives based upon each businesses investment criteria, and through a contractual application process with each business, including proof that the improvements have been made. The abatement equals an agreed upon percentage of the additional property tax resulting from the increase in assessed value as a result of the improvements. The amount of the abatement is deducted from the recipient’s property tax bill. The establishment of the CRA gave the City the ability to maintain and expand businesses located in the City and create new jobs by abating or reducing assessed valuation of properties, resulting in abated taxes, from new or improved business real estate.

The City of Springboro also has an agreement with the Springboro Community City School District, Franklin City School District, Miamisburg City School District and Warren County Career Center for payments in lieu of taxes when required by Section 5709.82 of the Ohio Revised Code.

Incentive Criteria for Decision Making

The City of Springboro has offered **Community Reinvestment Act (CRA)** abatements to various businesses based upon substantial project investment in the City. The City considers projects that have at least a payroll of \$1,000,000 dollars annually. There have been a few CRA tax abatement transactions in the past that were less than the criteria above, however, these projects rehabilitated some areas of the City needing improvement with such success.

Below is the information relevant to the disclosure of those programs for the year ended December 31, 2017:

<u>Tax Abatement Program</u>	<u>Total Amount of Taxes Abated for the Year 2017 (In Actual Dollars)</u>
Community Reinvestment Act (CRA)	
Commercial	\$113,296
Industrial	364,224
	<u>\$477,520</u>

CITY OF SPRINGBORO, OHIO

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2017***

NOTE 22 – TAX ABATEMENT DISCLOSURES (Continued)

The City of Springboro and the Springboro Community City School District, Franklin City School District, Miamisburg City School District and Warren County Career Center, in line with section 5709.82 of the Ohio Revised Code, have created a Community Reinvestment Area (CRA) Compensation Agreement. This agreement requires municipal income tax sharing with the School Districts, when new income tax collections exceed \$1,000,000 dollars for a project granted a CRA abatement. The agreement with Springboro Community City School District and Franklin City School District reimburses those school districts 90 percent of one-third of the municipal income tax revenue. In those same agreements, the Warren County Career Center is reimbursed 10 percent of one-third of the municipal income tax revenue. The agreement with Miamisburg City School District reimburses that school district 50 percent of the municipal income tax revenue.

The following are the required amounts of income tax dollars paid by the City to each School District in 2017:

<u>Springboro City School District</u>		
Commercial	90% of 1/3 Municipal Income Tax Revenue	\$9,578
<u>Franklin City School District</u>		
Industrial	90% of 1/3 Municipal Income Tax Revenue	\$89,376
<u>Miamisburg City School District</u>		
Commercial	50% of Municipal Income Tax Revenue	\$83,743
<u>Warren County Career Center</u>		
Commercial	10% of Municipal Income Tax Revenue	\$1,064
Industrial	10% of Municipal Income Tax Revenue	9,931
		<u>\$10,995</u>

NOTE 23 – CITY OF SPRINGBORO COMMUNITY IMPROVEMENT CORPORATION (CIC)

Summary of Significant Accounting Policies

Organization

The Community Improvement Corporation of Springboro (“CIC” or “the Organization”) is a non- profit organization incorporated in Ohio on March 30, 1989 by resolution from the City of Springboro, Ohio. The Organization was established as a “community improvement corporation”, as set forth in the Ohio Revised Code. The Board of Directors consist of no less than three and no more than five board members as determined by the City of Springboro.

The CIC was created to serve the business community of Springboro. The CIC's responsibilities include providing financial resources and assistance for development that benefits the business community. Due to the variable nature of local development, the CIC consistently seeks potential projects that support its identified core principles of maintaining a functioning CIC, supporting the business community, developing or maintaining local infrastructure, and encouraging stability and vitality within the region.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2017***

NOTE 23 – CITY OF SPRINGBORO COMMUNITY IMPROVEMENT CORPORATION (CIC)
(Continued)

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles. Net position and revenues and expenses are classified based on the existence or absence of imposed restrictions. Accordingly, net position of the CIC is classified as unrestricted net position because it is not subject to imposed stipulations.

Cash and Cash Equivalents

During the calendar year 2017, the CIC's cash in an interest bearing account is considered to be cash equivalents. The CIC had no investments.

Income Taxes

The CIC is a non-profit entity exempt from income taxes under Section 501(c)(6) of the Internal Revenue Code. Therefore, no provision for income taxes has been made in these financial statements.

Fin 48- Accounting for Uncertain Tax Positions

The CIC may file income tax returns and information returns in the US Federal jurisdiction and various state and local jurisdictions. The CIC is no longer subject to US Federal income tax examination by authorities for the years prior to 2007. With respect to state and local jurisdictions the CIC is no longer subject to income tax examinations prior to 2007. In the normal course of business, the CIC is subject to examination by various taxing authorities. Although the outcome of tax audits is always uncertain, the CIC believes that there are no significant unrecognized tax liabilities as of December 31, 2017.

***Notes to the Required Supplemental Information
For the Year Ended December 31, 2017***

OHIO PUBLIC EMPLOYEES RETIREMENT SYSTEM (OPERS)

There were no recent significant changes of benefit terms, investment policies, the size or composition of the population covered by the benefit terms impacting the actuarial valuation study for the year ended December 31, 2016.

In 2016, a five-year experience study was completed on the period January 1, 2011 through December 31, 2015. The Board adopted changes to both the demographic and economic assumptions as a result of the study. The most notable change in demographic assumptions is an increased life expectancy of the members and the most notable change in economic assumptions is the reduction in the actuarially assumed rate of return from 8.00% down to 7.50% for the defined benefit investments. The new assumptions are included in the 2016 actuarial valuation.

In 2016, OPERS, in conjunction with the Board's investment consultants, also completed an asset liability study. Periodically, the System engages in a more comprehensive study that examines the nature of the pension liabilities the plan will ultimately pay and the characteristics of the asset allocation projections and the associated level of risk. As a result of this study, OPERS modified the asset allocation slightly, but not substantively.

OHIO POLICE AND FIRE (OP&F) PENSION FUND

In October 2017, the OPF Board adopted certain assumption changes which will impact their annual actuarial valuation prepared as of January 1, 2017. The most significant change is a reduction in the discount rate from 8.25 percent to 8.0 percent. Although the exact amount of these changes is not known, the impact to the City's net pension liability is expected to be significant.

*COMBINING AND INDIVIDUAL FUND
STATEMENTS AND SCHEDULES*

*THE FOLLOWING COMBINING STATEMENTS AND SCHEDULES
INCLUDE THE MAJOR AND NONMAJOR GOVERNMENTAL FUNDS,
AND FIDUCIARY FUNDS.*

Nonmajor Governmental Funds

Special Revenue Funds

Special Revenue funds are used to account for the proceeds of specific revenue sources (other than amounts relating to trusts or major capital projects) that are legally restricted to expenditures for specified purposes.

Street Maintenance and Repair Fund

To account for that portion of the state gasoline tax and motor vehicle registration fees designated for maintenance and repair of designated streets within the City.

State Highway Fund

To account for that portion of the state gasoline tax designated for maintenance of state highways within the City.

Permissive Use Tax Fund

To account for the \$5.00 license tax levied by the City of Springboro. This money is used for the maintenance of highway projects.

Motor Vehicle License Tax Fund

To account for \$2.50 of each \$5.00 tax levied by Warren County on each motor vehicle registered in the City. Expenditures include planning, constructing, improving, maintaining, and repairing roads, streets and bridges.

Community Oriented Policing Service (COPS) Grant Fund

To account for proceeds from federal and state grant monies. The grant funds must be used toward the salary and benefits of police officers.

Drug Law Enforcement Fund

To account for fines and costs collected for felonious drug trafficking convictions and sentences. This money may be used in any drug law enforcement activity.

Mayor's Court Improvement Fund

To account for fees collected from each paid case in the Springboro Mayor's Court. The money may be used to purchase and improve the court computer systems.

Austin Center Municipal Public Improvement TIF Fund

To account for payments in lieu of taxes from Montgomery County for properties within the Austin TIF area to be used for repayment of the Austin Road Interchange Bonds and payments to the Miamisburg City School District as required per the Cooperative Agreement.

Special Revenue Funds

Austin JEDD Fund

To account for the City's portion of income tax revenue distributed from the Austin JEDD and expensed for maintenance and improvements to the Austin JEDD area, as required by the Austin Center JEDD Contract.

South Tech Public Improvement TIF Fund

To account for payments in lieu of taxes from Warren County for properties within the South Tech TIF area to be used for repayment of the South Tech Street Improvement Bond Anticipation Note and payments to the Springboro Community City School District as required per the Cooperative Agreement.

Law Enforcement Trust Fund

To account for the fines generated in the prosecution of those in possession of contraband and the proceeds gained from the sale of confiscated contraband. This money may be spent for any law enforcement activity.

D.A.R.E. Trust Fund

To account for donations and a portion of fines and forfeitures from the City of Springboro's Mayor's Court to be used for the DARE education program.

Capital Projects Funds

The Capital Projects Funds are used to account for the financial resources to be used for the acquisition or construction of major capital facilities.

Permanent Improvement Fund

To account for various local and state revenues used for all construction projects related to park facilities.

Land Acquisition Fund

To account for purchase of land for City use or for land held for resale. (This fund only exists on a GAAP basis and is not part of the City's appropriated budget, therefore no budgetary schedule is presented)

Fiduciary Funds

Fiduciary fund types are used to account for assets held by the City in a trustee capacity or as an agent for individuals, private organizations, other governmental units and/or other funds.

Agency Funds

Library Donation Fund

To account for donations that the City receives and then gives to the library.

Lytle Five Points JEDD Fund

To account for the collection and disbursement of JEDD income tax from the Lytle Five Points JEDD area, as required per the Lytle Five Points JEDD Agreement.

Mayor's Court Fund

To account for the collection and distribution of court fines and forfeitures.

Special Assessment Fund

To account for special assessments collected from property owners and remitted to various homeowners associations.

STATISTICAL SECTION

STATISTICAL TABLES

This part of the City’s comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City’s overall financial health.

Contents

Financial Trends	S 2 – S 13
These schedules contain trend information to help the reader understand how the City’s financial position has changed over time.	
Revenue Capacity	S 14 – S 17
These schedules contain information to help the reader understand and assess the factors affecting the City’s ability to generate its most significant local revenue sources, the property tax and the income tax.	
Debt Capacity	S 18 – S 27
These schedules present information to help the reader assess the affordability of the City’s current levels of outstanding debt and the City’s ability to issue additional debt in the future.	
Economic and Demographic Information	S 28 – S 31
These schedules offer economic and demographic indicators to help the reader understand the environment within which the City’s financial activities take place and to provide information that facilitates comparisons of financial information over time and among governments.	
Operating Information	S 32 – S 39
These schedules contain service and infrastructure data to help the reader understand how the information in the City’s financial report relates to the services the City provides and the activities it performs.	
Sources Note:	
Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.
