## Independent Accountants' Report on Applying Agreed-Upon Procedures

Ohio Department of Medicaid  
50 West Town Street, Suite 400  
Columbus, Ohio 43215

RE: Kim E. Crum, C.N.P. NPI: 1811082589  
Program Year 2: Meaningful Use Stage 2 Year 2

We have performed the procedures enumerated below, which were agreed to by the Ohio Department of Medicaid (ODM), on Ms. Crum's (hereafter referred to as the Provider) compliance with the requirements of the Medicaid Provider Incentive Program (MPIP) for the year ended December 31, 2016. The Provider is responsible for compliance with the MPIP requirements. The sufficiency of these procedures is solely the responsibility of ODM. Consequently, we make no representation regarding the sufficiency of the procedures enumerated below either for the purpose for which this report has been requested or for any other purpose.

1. We obtained the Provider's encounters during the patient volume attestation period. We scanned the list and found no duplicate encounters. We also found it included multiple payer sources.
2. We recalculated the Medicaid patient volume from the encounters identified in procedure 1 and confirmed the Provider met the 30 percent patient volume requirement.
3. We did not determine if the current electronic health record software was approved as the Provider did not participate in the MPIP program after program year 2016.
4. We obtained the Provider's equipped practice locations during the meaningful use period and compared this to the locations included in the meaningful use report. We found no exception.
5. We obtained supporting documentation for the 10 objectives and compared it to the applicable criteria. We found no differences for objective 1 and 3 through 10. We found for Objective 2, Measure 1 a system log report indicated that clinical decision support interventions were implemented during the meaningful use period; however, it did not describe which five clinical decision support interventions were implemented. We also found for Objective 2, Measure 2 the Provider implemented Drug to Drug and Drug Allergy Intervention checks in December 2019. We also received a vendor letter stating they were enabled during 2016; however, we received no other documentation to support the interventions were enabled during the meaningful use period on the Provider's EHR system.

For those measures that require only unique patients be counted, we scanned the detailed data and found no duplicates.

6. We obtained supporting documentation for the clinical quality measures and compared it to the applicable criteria. We confirmed the minimum number of measures was met with at least one measure from three different domains.

Kim E. Crum, C.N.P.  
Independent Accountants' Report on  
Applying Agreed-Upon Procedures

This agreed-upon procedures engagement was conducted in accordance with the American Institute of Certified Public Accountants' attestation standards. We were not engaged to and did not conduct an examination or review, the objective of which would be the expression of an opinion or conclusion, respectively, on the Provider's compliance with the requirements of the Medicaid Provider Incentive Program. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported.

This report is intended solely for the information and use of the Provider and the ODM, and is not intended to be, and should not be used by anyone other than the specified parties.

A handwritten signature in black ink that reads "Keith Faber". The signature is written in a cursive, flowing style.
