HANCOCK COUNTY

**NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
2 CFR 200.510(b)(6)
FOR THE YEAR ENDED DECEMBER 31, 2020**

NOTE A – BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) includes the federal award activity of Hancock County, Ohio (the County) under programs of the federal government for the year ended December 31, 2020. The information on this Schedule is prepared in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the County, it is not intended to and does not present the financial position, changes in net position, or cash flows of the County.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the cash basis of accounting. Such expenditures are recognized following the cost principles contained in Uniform Guidance wherein certain types of expenditures may or may not be allowable or may be limited as to reimbursement.

NOTE C – INDIRECT COST RATE

The County has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

NOTE D – SUBRECIPIENTS

The County passes certain federal awards received from the United States Department of Health and Human Services and the United States Department of Justice to other governments or not-for-profit agencies (subrecipients). As Note B describes, the County reports expenditures of Federal awards to subrecipients when paid in cash.

As a subrecipient, the County has certain compliance responsibilities, such as monitoring its subrecipients to help assure they use these subawards as authorized by laws, regulations, and the provisions of contracts or grant agreements, and that subrecipients achieve the award's performance goals.

NOTE E – COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) with REVOLVING LOAN CASH BALANCE

The County has established a revolving loan program to provide low-interest loans to businesses to create jobs for persons from low-moderate income households. The Federal Department of Housing and Urban Development (HUD) grants money for these loans to the County passed through the Ohio Department of Development. The initial loan of this money is recorded as a disbursement on this schedule. Loans repaid, including interest, are used to make additional loans. Such subsequent loans are subject to certain compliance requirements imposed by HUD, but are not included as disbursements on this schedule. These loans are collateralized by mortgages on the property. The County incurred \$22,516 in administrative costs during 2020.

Beginning loans receivable as of January 1, 2020	\$498,229
Loans disbursed	35,000
Loans repaid	(60,682)
Ending loans receivable as of December 31, 2020	<u>\$472,547</u>
Cash balance on hand as of December 31, 2020	\$329,683
Delinquent amounts due as of December 31, 2020	\$79,370

HANCOCK COUNTY

**NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
2 CFR 200.510(b)(6)
FOR THE YEAR ENDED DECEMBER 31, 2020**

NOTE F – MATCHING REQUIREMENTS

Certain Federal programs require the County to contribute non-Federal funds (matching funds) to support the Federal-funding programs. The County has met its matching requirements. The Schedule does not include the expenditures of non-Federal matching funds.

NOTE G – PRIOR YEAR PROGRAM EXPENDITURE ADJUSTMENTS

These grant amounts include cash-basis expenditures from previous years that were inadvertently omitted from previous Schedules of Expenditure of Federal Awards. The table below summarizes those federal expenditures from previous years:

Program	CFDA Number	2015 Federal Expenditure	2016 Federal Expenditure	2019 Federal Expenditure
U.S. Department of Education Special Education – Grants for Infants and Families	84.181	\$2,570	\$7,346	
U.S. Department of Homeland Security Flood Mitigation Assistance	97.029			\$37,105

These errors would not have a material effect on the assessment of major programs or testing of the major programs.

NOTE H – TRANSFERS BETWEEN FEDERAL PROGRAMS

During fiscal year 2020, the County made allowable transfers of \$37,667 from the Child Care and Development Block Grant (CCDBG) (93.575) program to the Temporary Assistance for Needy Families (TANF) (93.558) program. The Schedule shows the County spent approximately \$52,104 on the CCDBG program. The amount reported for the CCDBG program on the Schedule excludes the amount transferred to the TANF program. The amount transferred to the TANF program is included as TANF expenditures when disbursed. The following table shows the gross amount drawn for the CCDBG program during fiscal year 2020 and the amount transferred to the TANF program.

Child Care and Development Block Grant	\$ 89,771
Transfer to Temporary Assistance for Needy Families	<u>(37,667)</u>
Total Child Care and Development Block Grant	<u>\$ 52,104</u>

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
REQUIRED BY GOVERNMENT AUDITING STANDARDS**

Hancock County
300 South Main Street
Findlay, Ohio 45840-3309

To the Board of County Commissioners:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Hancock County, Ohio (the County) as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the County's basic financial statements and have issued our report thereon dated June 30, 2021. Our report refers to other auditors who audited the financial statements of Hancock Community Housing, Inc., the discretely presented component unit, as described in our report on the County's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that those auditors separately reported. We also noted the financial impact of COVID-19 and the continuing emergency measures which may impact subsequent periods of the County.

Internal Control Over Financial Reporting

As part of our financial statement audit, we considered the County's internal control over financial reporting (internal control) as a basis for designing audit procedures appropriate in the circumstances to the extent necessary to support our opinions on the financial statements, but not to the extent necessary to opine on the effectiveness of the County's internal control. Accordingly, we have not opined on it.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. *A material weakness* is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the County's financial statements. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Given these limitations, we did not identify any deficiencies in internal control that we consider material weaknesses. However, unidentified material weaknesses may exist.

Efficient • Effective • Transparent

Compliance and Other Matters

As part of reasonably assuring whether the County's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the financial statements. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

Purpose of this Report

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the County's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the County's internal control and compliance. Accordingly, this report is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Hancock County
300 South Main Street
Findlay, Ohio 45840-3309

To the Board of County Commissioners:

Report on Compliance for Each Major Federal Program

We have audited Hancock County, Ohio's (the County) compliance with the applicable requirements described in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* that could directly and materially affect each of Hancock County's major federal programs for the year ended December 31, 2020. The *Summary of Auditor's Results* in the accompanying schedule of findings identifies the County's major federal programs.

Management's Responsibility

The County's Management is responsible for complying with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to opine on the County's compliance for each of the County's major federal programs based on our audit of the applicable compliance requirements referred to above. Our compliance audit followed auditing standards generally accepted in the United States of America; the standards for financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). These standards and the Uniform Guidance require us to plan and perform the audit to reasonably assure whether noncompliance with the applicable compliance requirements referred to above that could directly and materially affect a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe our audit provides a reasonable basis for our compliance opinion on each of the County's major programs. However, our audit does not provide a legal determination of the County's compliance.

Opinion on Each Major Federal Program

In our opinion, Hancock County complied, in all material respects with the compliance requirements referred to above that could directly and materially affect each of its major federal programs for the year ended December 31, 2020.

Report on Internal Control Over Compliance

The County's management is responsible for establishing and maintaining effective internal control over compliance with the applicable compliance requirements referred to above. In planning and performing our compliance audit, we considered the County's internal control over compliance with the applicable requirements that could directly and materially affect a major federal program, to determine our auditing procedures appropriate for opining on each major federal program's compliance and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not to the extent needed to opine on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program's applicable compliance requirement. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program compliance requirement will not be prevented, or timely detected and corrected. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with federal program's applicable compliance requirement that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

This report only describes the scope of our internal control over compliance tests and the results of this testing based on Uniform Guidance requirements. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have also audited the financial statements of the governmental activities, the business-type activities, the discretely-presented component unit, each major fund and the aggregate remaining fund information of Hancock County, Ohio (the County) as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the County's basic financial statements. We issued our unmodified report thereon dated June 30, 2021. Our report refers to other auditors whom audited the financial statements of the Hancock Community Housing, Inc., a discretely presented component unit, as described in our report on the County's financial statements. Our opinion also explained the financial impact of COVID-19 and the continuing emergency measures may impact subsequent periods of the County. We conducted our audit to opine on the County's basic financial statements as a whole. The accompanying schedule of expenditures of federal awards presents additional analysis required by the Uniform Guidance and is not a required part of the basic financial statements. The schedule is management's responsibility, and was derived from and relates directly to the underlying accounting and other records management used to prepare the basic financial statements. We subjected this schedule to the auditing procedures we applied to the basic financial statements.

We also applied certain additional procedures, including comparing and reconciling this schedule directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, this schedule is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Hancock County AUDITOR

Charity A. Rauschenberg

COURTHOUSE • 300 S. MAIN STREET • FINDLAY, OHIO 45840
PHONE (419) 424-7041 FAX (419) 424-7435

June 30, 2021

To the Citizens of Hancock County
and to The Board of County Commissioners:
The Honorable Tim Bechtol
The Honorable Michael Pepple, and
The Honorable William Bateson

As Auditor of Hancock County, I am pleased to present the County's Comprehensive Annual Financial Report (Annual Report) for the year ended December 31, 2020. This report conforms to accounting principles generally accepted in the United States of America (GAAP) and provides full and complete disclosure of the financial position and operations of the County.

Management assumes full responsibility for the completeness and reliability of the information contained in this report based upon a comprehensive framework of internal controls that it has established for this purpose. Because the cost of internal controls should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

Included in this report, at the front of the financial section, is an unmodified opinion on Hancock County's financial statements for the year ended December 31, 2020, rendered by Keith Faber, Auditor of State. This Independent Auditor's Report, found on page one of the Financial Section, provides assurance that the financial statements are free of material misstatements.

Management's Discussion and Analysis (MD&A) immediately follows the Independent Auditor's Report and provides a narrative introduction, overview, and analysis of the basic financial statements. The MD&A complements this letter of transmittal and should be read in conjunction with it.

Profile of Hancock County

Hancock County was established and organized in 1820. The name Hancock was chosen in honor of the first signer of the Declaration of Independence, John Hancock. The County is located in northwestern Ohio abutting Allen, Hardin, Putnam, Seneca, Wood, and Wyandot counties in Ohio. It is approximately forty-five miles south of the City of Toledo and one hundred ten miles north of the City of Dayton. As a result of this location, in the so-called "I-75 Corridor", the County has been able to take advantage of its proximity to major population centers, its access to major transportation routes, and its rural location to create strong business and industrial growth. A number of major distribution centers have been constructed and opened in the County because of its location. The location of suppliers and related businesses in the County has been fostered by the presence of large facilities in Ohio, Michigan, and Kentucky, all of which are located close to I-75.

The County’s estimated 2020 population of 75,646 placed it as the 34th most populous of the State’s eighty-eight counties. The City of Findlay (the “City”), which is the County seat, has an estimated 2020 population of 40,987 and is the largest municipality in the County. In addition to the City, there is a portion of one other city, eleven villages or portions of villages, and seventeen townships located within the County.

The County’s area is approximately five hundred thirty-two square miles broken down by land use as follows:

	Percent of Assessed Valuation for Real Property
Residential	68.18%
Commercial/Industrial	18.16
Public Utility	0.05
Governmental (including parks) and Other Tax Exempt	(a)
Agricultural	13.61

(a) Exempt from property taxation.

Cities and villages in the County provide various services pursuant to statutory authorizations and the constitutional grant to municipal corporations of “all powers of local self-government”. Among the services provided and powers generally exercised by cities and villages (and to some extent by townships) are public safety including police and fire, construction, maintenance and repair of streets and sidewalks, certain sanitation and health activities, recreation including parks, playgrounds and swimming pools, certain public service enterprises such as water and sewer systems, airports, and hospitals, and certain planning and zoning functions.

The County nonetheless has significant responsibilities in the areas of general government, administration of justice, road and bridge maintenance, health care, sanitation and public welfare, social services, and public assistance.

Educational services are provided by the various quality school districts within the County.

The Hancock Park District provides exceptional park and recreation facilities and programs for the County.

Two daily newspapers serve the County. The County is within the broadcast area of five television stations and approximately twenty AM and FM radio stations. Spectrum provides multi-channel cable television service including educational, governmental, and public access channels in the County’s area.

The County is directly served by Blanchard Valley Regional Health Center, a one hundred fifty bed acute-care hospital located in the City, and one of the largest general hospitals in northwest Ohio. Blanchard Valley Health System is one of the largest employers in the area with 3,000+ associates and serves an eight-county area, which includes Hancock, Allen, Putnam, Henry, Wood, Seneca, Wyandot, and Hardin Counties. The Health Center is presently owned and operated by Blanchard Valley Health Association, a private nonprofit corporation. The County owns the land of the Health Center.

The County’s area has a number of institutions of higher education. The University of Findlay, a four-year institution, has an approximate enrollment of 4,822 full- and part-time students. Owens Community College have campuses located in the County and account for enrollment of 656 students. Within commuting distance to the County are numerous public and private two-year and four-year colleges and universities, including Bowling Green State University, University of Toledo, James A. Rhodes State College, The Ohio State University-Lima Branch, Tiffin University, Ohio Northern University, Bluffton University, Heidelberg College, and University of Northwestern Ohio.

The Marathon Center for the Performing Arts (MCPA) is Northwest Ohio's premier destination for diverse arts programming, education and entertainment. MCPA strives to enrich lives and strengthen the economic vitality of the community. Using Findlay's historic Central Middle School as both its structural and aesthetic foundation, MCPA features a beautifully renovated 960 seat performance space featuring a large proscenium stage. The Findlay Area Arts Partnership has merged with the MCPA which coordinates the activities of 14 member organizations in the fields of theater, art, music, and literature. It brings The Toledo Symphony and other nonresident artists, poets, writers, and dancers into area schools and annually sponsors the Findlay Art Walk in downtown Findlay. This merger combines strengths and consolidates resources, opening up a whole new world of possibilities for arts education programming.

The Findlay-Hancock County Public Library serves the County with the main library, two branches, and a bookmobile. Its collection includes well over 200,000 catalogued items. The Hancock Historical Center preserves the history of the area.

Major railroads serving the County include Conrail, Norfolk, and Southern. One interstate highway, and 12 State and U.S. highways that serve the County enable trucking companies to provide motor freight carrier service between the County and various points throughout the United States. In addition, the County constructed a connector road between the Tall Timbers International Industrial Park and I-75. This road serves as the first leg of a by-pass around the City and opened approximately 500 acres of land to development.

The County is served by the Findlay Airport, located in the City. Commercial air service is available at airports of the cities of Cleveland, Columbus, Toledo, Dayton, and Detroit, all less than a two-hour drive from the County.

The County has only those powers conferred upon it by Ohio statutes. The County is governed by a three member Board of County Commissioners. The Commissioners serve as the taxing authority, the contracting body, and the chief administrators of public services for the County. The Commissioners adopt the annual operating budget and prepare the annual appropriation resolution for expenditures of all County funds.

The Board of County Commissioners, by statute, adopts an annual appropriation measure for the County on or before the first day of January. All disbursements or transfers of cash between funds require appropriation authority from the County Commissioners. Budgets are controlled at the object level within a department or fund. The department head or the County Commissioners approve the purchase orders and the Auditor encumbers the funds. Any purchase order that exceeds the available appropriation is rejected until additional appropriation authority is secured. A computerized certification system allows the Auditor's Office to ascertain the status of a department's appropriation prior to authorizing additional purchases from a particular account.

The County Auditor serves as Chief Fiscal Officer for the County. No County contract or obligation may be made without the Auditor's certification that funds for that contract or obligation have been lawfully appropriated and are available for payment or are in the process of collection. As Chief Assessing Officer for the County, the Auditor is responsible for determining the fair market value on real estate for property tax purposes, establishing tax rates, and maintaining property record information. In addition, the Auditor serves as the County Sealer of Weights and Measures.

The County Treasurer is the custodian of all County funds and is responsible for collecting all tax monies and applying payments to the appropriate tax accounts. The Treasurer is also responsible for investing all County funds under the guidelines specified by Ohio law. Other elected officials serving four-year terms are the Coroner, Engineer, Prosecuting Attorney, Recorder, Sheriff, and Clerk of Courts. Three Common Pleas Judges, one designated as Probate/Juvenile Judge, are elected to six-year terms.

For financial reporting purposes, the County includes all funds, agencies, boards, and commissions making up Hancock County (the Primary Government) and its component unit in accordance with Governmental Accounting Standards Board (GASB) Statement No. 14 “The Financial Reporting Entity” and GASB Statement No. 39 “Determining Whether Certain Organizations Are Component Units - an amendment to GASB Statement No. 14” and GASB Statement No. 61 “The Financial Reporting Entity: Omnibus”. The County’s primary government includes the financial activities of the Hancock County Board of Alcohol, Drug, and Mental Health Services, the Board of Developmental Disabilities, the Job and Family Services Department, and all departments and activities that are directly operated by the elected County officials.

A Component unit is legally separate organizations which are fiscally dependent on the County or for which the County is financially accountable. The Hancock Community Housing, Inc. has been included as a discretely presented component unit.

The Joint Board of County Commissioners for the Blanchard River Stream Enhancement Project, the West Central Partnership, Inc., the Blanchard Valley Port Authority and Metropolitan Housing Authority are jointly governed organizations. The County participates in the Midwest Pool Risk Management Agency, Inc. and the Midwest Employee Benefit Consortium, which are insurance pools. The County Park District, the Findlay-Hancock County Public Library and the Hancock County Regional Planning Commission are related organizations.

The County Auditor serves as fiscal officer and custodian of funds, but is not financially accountable for, the County Park District, the Hancock Public Health Department, Hancock County Family First Council, the Hancock County Soil and Water Conservation District, Hancock Regional Planning Commission, and the Local Emergency Planning Commission whose activities are included as agency funds.

A complete discussion of the County’s reporting entity is provided in Note 1.

Local Economy

Hancock County is home to large, global companies such as Marathon Petroleum Corporation, Cooper Tire & Rubber, and Whirlpool Corporation. The March 2020 outbreak of a novel strain of the coronavirus, referred to as COVID-19, has caused a significant strain on economic activity for Hancock County. The local economy experienced reduced consumer spending and increased unemployment. Government mandated school and business closures, event cancellations, and reduced travel were some of the results of the pandemic. Many restaurants, grocery, retail stores, and other businesses adapted to changes by selling online, offering delivery services, and curbside pickup which changed the dynamics of how their businesses were operated.

The Hancock County Elected Officials proactively managed the effect of the potential for revenue reduction on the fiscal year 2020 budget due to the pandemic by self-imposing reductions in department budgets, utilizing Shared Work Ohio through the department of Job & Family Services, and closely monitoring revenues and expenditures. With Ohio unemployment fluctuating throughout 2020, the County sales tax proceeds seen monthly increases and decreases from prior years on a monthly basis. This fluctuation nearly flattened large gains in the first quarter, however the County finished the year with a reduction in sales tax numbers compared to the previous year.

Small business is important to Hancock County. Many small businesses felt the impact of COVID-19. Revolving Loan Funds from the City of Findlay and Hancock County were used to assist current small businesses and new funds were issued to startups as well throughout 2020. As the demand for businesses changed throughout the year many small businesses saw increases in customers, but with a change in direction of the activity. Grant funding provided by the Small Business Development Center at Rhodes College was used to help small businesses establish more of an online presence to assist with the constraints of business closures and less foot traffic within stores.

Personal incomes in Hancock County increased by \$1.01 billion, or 39.7 percent over the last ten years. Hancock County is consistently ranked among the top counties in the State for the lowest unemployment rate; it ranked 20th out of 88 counties for 2020. Hancock County averaged 4.7 percent unemployment, remaining under the State average of 5.6 percent.

The next County revaluation is for tax year 2022 with taxes payable in 2023 based on the updated values. Recently, the demand for housing can be attributed to low inventory. The number of homes offered for sale in the County decreased in 2020 slightly, thus creating competition among buyers. The result was an active housing market where the average sales price for residential property was increased from 2019 values of \$147,100 to \$147,600 in 2020.

Long-Term Financial Planning

Hancock County management has been committed to maintaining, at a minimum, a year-end cash balance of \$2.5 million in the General Fund. This cash balance was strong for the 2020 year-end, in addition the County was able to maintain the Budget Stabilization fund.

The Commissioners established a Budget Stabilization Fund in 2010; the fund is only an insulator against a short-term economic change and, because of the limitations imposed by the Ohio Revised Code, could not reasonably protect an entity from long-term economic factors. The County maintain a proactive management approach by requesting quarterly meetings with the Budget Commission to review revenue. The Budget Commission members are the County Auditor, Prosecutor, and Treasurer. If actual revenue falls below the estimates, the Budget Commission has the statutory authority to decrease the revenue estimates. If the revenue estimates decrease, the appropriations are reviewed for potential adjustments to ensure that appropriations remain within the revenue estimates as required by statute. The Commissioners have reduced appropriations in the past to keep pace with the revenue estimates and end the year with a minimum cash balance of \$2.5 million in the General Fund.

The elected officials in the County continue to work together to establish a long-term operating plan. This plan will provide a decision-making tool to assist County officials with management decisions both presently and into the future. However, as with any long-term plan, constant monitoring and assessments must be done to ensure the plan remains viable. As economic and other factors change, Hancock County elected officials understand the need to investigate, plan, and respond in a manner which maintains a high level of services to our community. County officials meet regularly to address operational concerns that have an impact on the budget. In 2018 the Board imposed a continuing ¼% for operations, a new Juvenile/ Probate Courthouse, jail study and jail expansion after several strategic planning sessions were held. These projects were still forthcoming in 2020.

Relevant Financial Policies

It is the County's policy to ensure that current year revenues are sufficient to fund current year expenditures without the use of non-recurring revenues. Expenditures are set based upon available revenues with the County Commissioners determining the level of funding for each department or office within the primary government. The availability of resources is determined by the County's Budget Commission.

The County Treasurer manages the investment of County funds by adhering to the Investment Policy that has been approved by the County's Investment Advisory Committee. Any financial institution that holds County funds must also agree to the requirements of this policy. This policy details the objectives and allowable rules for the safekeeping of County funds.

The County Auditor's capital assets policy is designed to provide accountability and internal controls for the County's capital asset reporting. The Auditor's Office assists departments in gathering and maintaining information for the preparation of financial statements.

Major Initiatives

After the passage of an additional ¼ % sales tax in 2018, strategic planning sessions were commenced with elected officials. The new revenues were intended for the renovation or construction of a Probate/Juvenile Courthouse, the overcrowding of the current jail, and relief for extensive operational increases in children services, courts, and prosecutor expenses due to the opioid epidemic. Debt has been incurred for the building of a new courthouse to properly conduct Juvenile and Probate Court proceedings. In April 2021, the County Commissioners additionally, passed a resolution with the intent to acquire property to address the housing needs of Juvenile/Probate Court . Plans for the acquisition combine the needs of other County offices currently leasing space since the 2007 flood displaced them. The acquisition of the property will be paid from general operating funds. In addition, a feasibility study continues to be underway to address the jail overcrowding issue. Construction and location are to be determined upon the results of the study and committee input. Plans to address the jail overcrowding issue are under review with a feasibility study. Construction and location depend on the results of the study.

Hancock County is committed to mitigating water issues. The Maumee Watershed Conservancy District has in progress Phase I of a flood reduction measure with a benching project through the City of Findlay. In 2018 bids were received for the benching project with the winning bid coming in at \$6.1 million, over half of the projected amount. Benching involves digging into the banks along the river and will extend up to 450 feet wide at the widest point. The benching project will cover roughly 3500 feet along the river in between two streets within the City limits. Phase I of the flood reduction measure is anticipated to reduce the flooding by one foot on Main Street in Findlay during a 100-year flood. A ¼% of the County sales tax had been placed into a capital fund for ten years and is the revenue source of funding Phase I. In addition to the overall flood-control plan, major benching work was completed along the Blanchard River in 2019. In December of 2018, Governor Kasich signed legislation that earmarked \$15 million for flood-reduction efforts along a Blanchard River tributary known as Eagle Creek. The funds will come with a twenty percent local match and will be managed by the Maumee Watershed Conservancy District. The Commissioners have partnered with the City of Findlay for the purpose of raising the level of the streets at both ends of the railroad overpass on Martin Luther King Jr. Parkway. This will create a through fare for County residents to cross the Blanchard River during major flooding. The Commissioners continue to meet with constituents, businesses, and other governing bodies to discuss further flood reduction measures to be financed with the existing Flood Mitigation sales tax funds such as a basin, diversion channel, elevation of low railroad bridge, and bridge. Ideas underway include the following projects access.

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Hancock County for its comprehensive annual financial report for the year ended December 31, 2019. The Certificate of Achievement is a prestigious national award received for conformance with the highest standards for preparation of state and local government financial reports.

In order to be awarded a Certificate of Achievement, a government unit must publish an efficiently organized Comprehensive Annual Financial Report that is both easy to read and satisfies all program standards. Such a report must also conform to generally accepted accounting principles and comply with applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current report continues to conform to the Certificate of Achievement Program requirements and we are submitting this report to GFOA.

The preparation of this report could not have been accomplished without the assistance and cooperation of every County elected office, department head, and their staff. The staff of the Auditor's Office works diligently each year to ensure accuracy and accountability in the financial report for Hancock County. I would like to thank my fiscal staff, Adam Witteman, Kim Boudrie, Nancy Hiatt, Christine Carrigan, and Stacy Settlemire for their dedication and service. I am grateful to the County Commissioners for their continued support through adequate funding of the Annual Report and the help of their Chief Clerk, Sarah Mutchler.

Respectfully submitted,

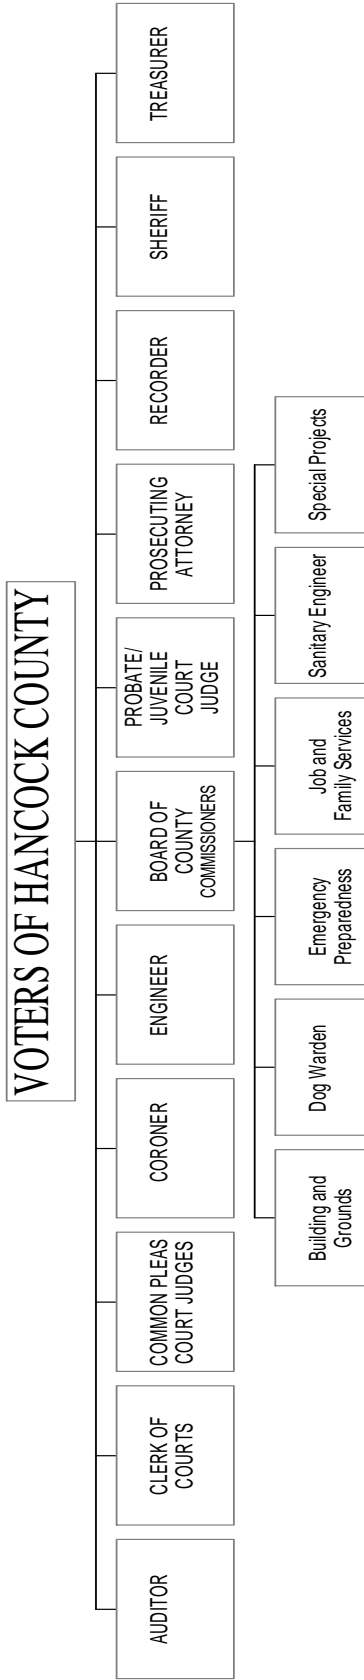

A handwritten signature in cursive script, appearing to read "C. A. Rauschenberg".

INDEPENDENT AUDITOR'S REPORT

Hancock County
300 South Main Street
Findlay, Ohio 45840-3309

To the Board of County Commissioners:

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Hancock County, Ohio (the County), as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes designing, implementing, and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We did not audit the financial statements of Hancock Community Housing, Inc., which represents 100 percent of the assets, net position, and revenues of the County's discretely presented component unit. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amount included for the Hancock Community Housing, Inc., is based solely on the report of other auditors. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the County's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the County's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

Opinions

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Hancock County, Ohio as of December 31, 2020, and the respective changes in financial position and where applicable, cash flows, thereof and the respective budgetary comparisons for the General and Board of Developmental Disabilities funds thereof for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 30 to the financial statements, the financial impact of COVID-19 and the continuing emergency measures may impact subsequent periods of the County. We did not modify our opinion regarding this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require this presentation to include *management's discussion and analysis*, and schedules of net pension and other post-employment benefit liabilities and pension and other post-employment benefit contributions listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, consisting of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, to the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not opine or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to opine or provide any other assurance.

Supplementary and Other Information

Our audit was conducted to opine on the County's basic financial statements taken as a whole.

The introductory section, the financial section's combining statements, individual fund statements and schedules, and the statistical section information present additional analysis and are not a required part of the basic financial statements.

The statements and schedules are management's responsibility, and derive from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. We subjected this information to the auditing procedures applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves in accordance with auditing standards generally accepted in the United States of America. In our opinion, this information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

We did not subject the introductory section and statistical section information to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion or any other assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 30, 2021, on our consideration of the County's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

HANCOCK COUNTY, OHIO

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2020 (UNAUDITED)

The management's discussion and analysis of Hancock County's (the "County") financial performance provides an overview of the County's financial activities for the year ended December 31, 2020. The intent of this discussion and analysis is to look at the County's financial performance as a whole.

Using This Annual Report

This annual report consists of a series of financial statements and notes to those statements. The statements are organized so the reader can understand the County as a financial whole or as an entire operating entity. The statements also provide detail of the County's financial position.

The County's basic financial statements are comprised of three components: the County-wide financial statements, the fund financial statements, and the notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements.

County-Wide Financial Statements

The county-wide financial statements are designed to provide readers with a broad overview of the County's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the County's assets, deferred outflows of resources, liabilities and deferred inflows of resources with the difference reported as net position. The statement of activities presents information showing how the County's net position changed during 2020. These statements are prepared using the accrual basis of accounting similar to the accounting method used by most private sector companies. This basis of accounting considers all of the current year's revenues and expenses, regardless of when the cash is received or paid.

The change in net position is important because it tells the reader whether, for the County as a whole, the financial position of the County has improved or diminished from the prior year. Over time, these increases and/or decreases are indicators of whether the financial position is improving or deteriorating. However, in evaluating the overall position of the County, nonfinancial information such as changes in the County's tax base and the condition of the County's capital assets may also have an impact on the change.

In the statement of net position and the statement of activities, the County is divided into three kinds of activities:

Governmental Activities - Most of the County's programs and services are reported here, including general government legislative and executive and judicial, public safety, public works, health, human services, economic development, and conservation and recreation. Primarily taxes and intergovernmental revenues, including federal and state grants and other shared revenues, fund these services.

Business-Type Activities - These services are provided on a charge for goods or services basis to recover all or most of the cost of the services provided. The County's Sanitary Landfill, Agricultural Service Center, and BMV One-Stop building are reported here.

Component Unit - The County's financial statements include financial data of the Hancock Community Housing, Inc. This component unit is described in the notes to the financial statements. The component unit is separate and may buy, sell, lease and mortgage property in their own name, and can sue or be sued in their own name.

HANCOCK COUNTY, OHIO

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2020 (UNAUDITED)

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objects. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, enterprise funds, and fiduciary funds. Fund financial statements provide detailed information about the County's major funds. Based on the restriction on the use of moneys, the County has established many funds that account for the multitude of services provided to our residents. The County's major governmental funds are the General Fund, Board of Developmental Disabilities Fund and Flood Mitigation Fund.

Governmental Funds - Governmental funds are used to account for essentially the same functions reported as governmental activities on the government-wide financial statements. Most of the County's basic services are reported in these funds. The reporting focuses on how money flows into and out of the funds and the year end balances available for spending. These funds are reported on the modified accrual basis of accounting which measures cash and all other financial assets that can be readily converted to cash. The governmental fund statements provide a detailed short-term view of the County's general government operations and the basic services being provided.

Because the focus of the governmental funds is narrower than that of the county-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities on the county-wide financial statements. By doing so, readers may better understand the long-term impact of the County's short-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The County maintains a multitude of individual governmental funds. Information is presented separately on the governmental fund balance sheet and on the governmental fund statement of revenues, expenditures, and changes in fund balances for the major funds, which were identified earlier. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements in this report.

Proprietary Funds - The County's proprietary funds use the accrual basis of accounting, the same as used for the business-type activities on the government-wide financial statements. The County uses enterprise funds to account for the Sanitary Landfill operations, the Agricultural Service Center, and the BMV One-Stop building. The County also maintains an internal service fund for the self insurance of workers' compensation.

Fiduciary Funds - Fiduciary funds are used to account for resources held for the benefit of parties outside the County. Fiduciary funds are not reflected on the county-wide financial statements because the resources from these funds are not available to support the County's programs. The accounting method used for fiduciary funds is the accrual basis.

Notes to the Financial Statements - The notes provide additional information that is essential to a full understanding of the data provided on the county-wide and fund financial statements.

Required Supplementary Information - In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the County's net pension asset/liability and net OPEB asset/liability.

Other Information - In addition to the basic financial statements and accompanying notes, this report also presents combining and individual fund statements and schedules.

HANCOCK COUNTY, OHIO

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2020 (UNAUDITED)

The net pension liability/asset is reported pursuant to Governmental Accounting Standards Board (GASB) Statement 68, "Accounting and Financial Reporting for Pensions—an Amendment of GASB Statement 27." The net other postemployment benefits (OPEB) liability/asset is reported pursuant to GASB Statement 75, "Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions." For reasons discussed below, many end users of this financial statement will gain a clearer understanding of the County's actual financial condition by adding deferred inflows related to pension and OPEB, the net pension liability, and the net OPEB liability to the reported net position and subtracting deferred outflows related to pension and OPEB, net pension/OPEB asset.

Governmental Accounting Standards Board standards are national and apply to all government financial reports prepared in accordance with generally accepted accounting principles. Prior accounting for pensions (GASB 27) and postemployment benefits (GASB 45) focused on a funding approach. This approach limited pension and OPEB costs to contributions annually required by law, which may or may not be sufficient to fully fund each plan's *net pension liability/asset* or *net OPEB liability/asset*. GASB 68 and GASB 75 take an earnings approach to pension and OPEB accounting; however, the nature of Ohio's statewide pension/OPEB plans and state law governing those systems requires additional explanation in order to properly understand the information presented in these statements.

GASB 68 and GASB 75 require the net pension liability/asset and the net OPEB liability/asset to equal the County's proportionate share of each plan's collective:

1. Present value of estimated future pension/OPEB benefits attributable to active and inactive employees' past service.
2. Minus plan assets available to pay these benefits.

GASB notes that pension and OPEB obligations, whether funded or unfunded, are part of the "employment exchange" – that is, the employee is trading his or her labor in exchange for wages, benefits, and the promise of a future pension and other postemployment benefits. GASB noted that the unfunded portion of this promise is a present obligation of the government, part of a bargained-for benefit to the employee and should accordingly be reported by the government as a liability since they received the benefit of the exchange. However, the County is not responsible for certain key factors affecting the balance of these liabilities. In Ohio, the employee shares the obligation of funding pension benefits with the employer. Both employer and employee contribution rates are capped by State statute. A change in these caps requires action of both Houses of the General Assembly and approval of the Governor. Benefit provisions are also determined by State statute. The Ohio Revised Code permits, but does not require, the retirement systems to provide healthcare to eligible benefit recipients. The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits.

The employee enters the employment exchange with the knowledge that the employer's promise is limited not by contract but by law. The employer enters the exchange also knowing that there is a specific, legal limit to its contribution to the retirement system. In Ohio, there is no legal means to enforce the unfunded liability of the pension/OPEB plan *as against the public employer*. State law operates to mitigate/lessen the moral obligation of the public employer to the employee, because all parties enter the employment exchange with notice as to the law. The retirement system is responsible for the administration of the pension and OPEB plans.

Most long-term liabilities have set repayment schedules or, in the case of compensated absences (i.e. sick and vacation leave), are satisfied through paid time-off or termination payments. There is no repayment schedule for the net pension liability or the net OPEB liability. As explained above, changes in benefits, contribution rates, and return on investments affect the balance of these liabilities but are outside the control of the local government. In the event that contributions, investment returns, and other changes are insufficient to keep up with required payments, State statute does not assign/identify the responsible party for the unfunded portion. Due to the unique nature of how the net pension liability and the net OPEB liability are satisfied, these liabilities are separately identified within the long-term liability section of the statement of net position.

HANCOCK COUNTY, OHIO

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED DECEMBER 31, 2020
(UNAUDITED)**

In accordance with GASB 68 and GASB 75, the County's statements prepared on an accrual basis of accounting include an annual pension expense and an annual OPEB expense for their proportionate share of each plan's *change* in net pension liability/asset and net OPEB liability/asset, respectively, not accounted for as deferred inflows/outflows.

Current and other assets for governmental activities increased \$4,065,418 from the previous year. The largest increases were in the area of equity in pooled cash and investments and real estate and other taxes receivable. Equity in pooled cash and investments increased due to an increase in the cash in the general fund due to conservative spending practices during the COVID-19 pandemic. The increase real estate and other taxes receivable was the result of a new tax levy passed by the voters for children services that will begin collection in 2021. The increase in Capital assets increased \$979,760 due to the land purchases, building and infrastructure projects that were completed during the year. Current liabilities in the governmental activities decreased \$1,996,877 due to a decrease in accounts payable, contracts payable and due to other governments. Long-term liabilities decreased due to a decrease in net pension liability. This decrease was the result of an increase in earnings on investments earned by the Ohio Public Employees Retirement System (OPERS) which decreased the collective net pension liability.

The current and other assets of the business-type activities decreased by \$317,415 due primarily to a decrease in equity in pooled cash and investments in the sanitary landfill activities. Capital assets of the business-type activities increased \$1,444,192 due to capital asset additions in the sanitary landfill fund. Long-term liabilities increased due to increases in landfill closure/postclosure costs.

HANCOCK COUNTY, OHIO

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED DECEMBER 31, 2020
(UNAUDITED)

The operating grants and contributions increased by \$5,376,542 in 2020 due primarily to COVID-19 relief money that the County received under the Coronavirus Aid, Relief, and Economic Security Act (CARES) Act passed by the federal government. The capital grants and contributions decreased \$1,120,311 primarily due to the decrease in grants received from the Ohio Department of Transportation.

General revenues increased slightly by \$18,760 in 2020. While the County had decreased sales tax revenues due to the pandemic, property taxes increased due to the revaluation of property tax assessed values.

Many of the expense categories decreased from the prior year due primarily due to a decrease in pension expense compared to last year. Pension expense decreased approximately \$4.1 million due to a large decrease in OPERS net pension liability.

Net position of the business-type activities decreased due primarily to an increase in the closure/post closure liability for the sanitary landfill after a re-evaluation of the remaining capacity at the landfill.

Table 3, for governmental activities, indicates the total cost of services and the net cost of services. The statement of activities reflects the cost of program services and the charges for services, grants, and contributions offsetting those services. The net cost of services identifies the cost of those services supported by tax revenues and unrestricted intergovernmental revenues.

Table 3
Governmental Activities

	Total Cost of Services <u>2020</u>	Net Cost of Services <u>2020</u>	Total Cost of Services <u>2019</u>	Net Cost of Services <u>2019</u>
Program Expenses:				
General government				
Legislative and executive	\$ 9,204,295	\$ 2,877,818	\$ 9,868,026	\$ 6,006,252
Judicial	6,279,037	4,303,760	6,577,041	4,616,193
Public safety	12,704,017	7,782,379	13,603,399	11,623,294
Public works	7,819,411	(933,676)	9,121,634	(1,876,550)
Health	17,233,739	10,281,335	15,943,915	8,648,410
Human services	14,503,582	4,007,425	14,286,870	4,265,918
Conservation and recreation	3,464,068	3,381,093	7,380,660	7,380,493
Economic development	1,032,476	220,500	186,724	18,468
Interest and fiscal charges	296,491	296,491	256,483	256,483
Total	\$ 72,537,116	\$ 32,217,125	\$ 77,224,752	\$ 40,938,961

Charges for services provided for 45.66% of the costs of the legislative and executive program which represents costs associated with the general administration of County government including the County Commissioners, Auditor, Treasurer, Recorder, and Prosecuting Attorney. Charges for services (primarily fines and forfeitures) provided for 23.14% of the costs of the judicial program. This program represents costs associated with the administration of the County's court system including the Common Pleas, Probate, and Juvenile courts.

Program revenues exceeded costs for the public works program due to the capital contributions from the state and federal governments for capitalized assets.

HANCOCK COUNTY, OHIO

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2020 (UNAUDITED)

The health and human services programs are principally funded from operating grants and contributions. The net cost of services represents property tax revenues or allocations from the General Fund. Health services consist of mental health and mental disability expenses. Human services include expenses for the Job and Family Services and Children Services departments.

Governmental Funds Financial Analysis

The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's financing requirements. The County's major governmental funds are the General Fund, Board of Developmental Disabilities Fund and Flood Mitigation Fund.

The General Fund is the primary operating fund of the County. At the end of 2020, unassigned fund balance was \$13,645,070 while total fund balance was \$17,217,477. During 2020, the County's General Fund increased \$7,622,308 due primarily to a decrease in expenditures. This decrease was due to costs being shifted to the Local Coronavirus Relief Fund (a nonmajor governmental fund) during the pandemic.

The Board of Developmental Disabilities Fund balance increased \$1,901,439. This was primarily due to the decrease in transfers out compared to the previous year.

The Flood Mitigation Fund decreased due to costs incurred to alleviate flooding within the County.

Business-Type Activities Financial Analysis

The County's enterprise funds provide the same information found in the county-wide financial statements. The County's major enterprise fund is the Sanitary Landfill.

The change in net position for the Sanitary Landfill Fund was mainly the result of an increase in landfill closure and post-closure costs from completion of an expansion phase during 2020.

Budgetary Highlights

The County prepares an annual budget of revenues and expenditures/expenses for all funds of the County for use by County officials and department heads. By State statute, the Board of County Commissioners adopts the annual operating budget for the County effective the first day of January. Elected officials meet regularly to evaluate budget status and prioritize the capital needs of the County.

For the General Fund, the revenue and other financing sources decreased from the original budget to the final budget by \$497,772. This decrease was the result of decreased estimates in the charges for services and intergovernmental due to the pandemic. Actual receipts and other financing sources exceeded the final budget estimated amounts by \$5,432,898. This increase was primarily the result of increases in sales taxes, charges for services, intergovernmental, investment income and other income was impacted by Ohio Bureau of Worker's Compensation returns not anticipated in the budget compared to final estimates.

Appropriation changes from the original budget to the final budget were \$301,818 higher due to an increase in transfers out to fund capital projects. Actual expenditures and other financing uses were \$3,660,720 less than the final budget. While all expenditure line items showed positive variances, advances out increased \$863,247 since the County is not required to budget these amounts. The most significant changes in the expenditures were in the areas of legislative and executive, judicial and public safety. In legislative and executive, the most significant decreases from final budget to actual were in prosecuting attorney, data processing board and building and ground maintenance. Contractual services decreased due to conservative budgeting. In judicial, adult probation and clerk of courts showed the most significant unused appropriation decreases due to limited court proceedings under the pandemic health orders. Public safety decreased due to lower costs associated with the Sheriff's Office and the jail which were primarily moved to the Local Coronavirus Relief Fund (a nonmajor governmental fund).

HANCOCK COUNTY, OHIO

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2020 (UNAUDITED)

Capital Assets and Debt Administration

Capital Assets - The County's capital assets for governmental and business-type activities as of December 31, 2020, were \$120,160,792 and \$14,195,415, respectively, (net of accumulated depreciation). This investment in capital assets includes land, easements, buildings, improvements other than buildings, equipment, vehicles, and infrastructure.

For governmental activities, major capital asset additions included land purchases, equipment, buildings and infrastructure. In business-type activities, the Landfill purchased improvements other than buildings and equipment. Note 11 to the basic financial statements provides additional information regarding capital assets.

Debt - At December 31, 2020, the County had total general obligation bonded debt outstanding (net of premiums and discounts) of \$10,484,760. Of this amount, \$1,448,999 will be repaid from business-type activities. Other outstanding debt included special assessment bonds of \$240,481, OPWC loans of \$501,175 and other long-term obligations of \$39,878.

Moody's has assigned an underlying rating of Aa2 and Standards & Poor's Corporation has assigned an underlying rating of AA- to the outstanding general obligation debt of the County.

In addition to the bonded debt, the County's long-term obligations include net pension liability, net OPEB liability, compensated absences and closure/post-closure costs. Notes 18 and 19 to the basic financial statements provide additional information regarding the County's debt.

Current Issues

In 2020, the Board of County Commissioners proceeded with renovations to the Hancock County Justice Center. Jail renovations included exterior work including roof repairs and tuck-pointing, and the purchase of new jail doors and locking mechanisms. Due to the back ordered equipment, renovations continued into 2021.

The County Commissioners, in conjunction with other elected officials, continued to work together on various County wide financial and capital project planning. Elected Officials worked on determining the best course of action for continued flood mitigation efforts, future capital projects, the construction of a new Juvenile/Probate Courthouse, the expansion of the current county jail and improvements to existing infrastructure impacted by major flood events.

During 2020, the Hancock County Commissioners spent over \$2 million dollars on capital projects including the purchase of new election poll machines and electronic poll books, a Tyler New World for law enforcement reporting system in conjunction with the City of Findlay and transferred \$1.5 million dollars towards the construction of a new Juvenile/Probate Courthouse. The new poll machines and poll books were tested and implemented for the 2019 General Election. The Tyler New World system was being tested and implemented at the end of 2019. In 2020, the planning for the Juvenile/Probate Courthouse continues under an existing 2019 contract for the design phase.

The Hancock County Landfill started the planning process for Phase II of a lateral expansion. Phase II will prepare ten additional acres to receive waste after Phase I has been filled. Phase II is moved forward in 2020 and competitive bids were processed.

HANCOCK COUNTY, OHIO

RECONCILIATION OF TOTAL GOVERNMENTAL FUND BALANCES TO
NET POSITION OF GOVERNMENTAL ACTIVITIES
DECEMBER 31, 2020

Total governmental fund balances		\$ 62,236,941
<i>Amounts reported for governmental activities on the statement of net position are different because:</i>		
Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds.		120,160,792
Other long-term assets are not available to pay for current-period expenditures and therefore are deferred inflows in the funds.		
Sales taxes receivable	\$ 2,970,592	
Real estate and other taxes receivable	515,945	
Accounts receivable	334,988	
Special assessments receivable	911,053	
Accrued interest receivable	42,135	
Due from other governments	3,517,192	
Total	8,291,905	
An internal service fund is used by management to charge the costs of workers compensation to individual funds. The assets and liabilities of the internal service fund are included in governmental activities on the statement of net position.		15,078
On the statement of net position interest is accrued on outstanding bonds and loans payable, whereas in the governmental funds, interest is accrued when due.		(28,385)
Unamortized deferred amounts on refundings are not recognized in the governmental funds.		68,080
Unamortized premiums (discounts) on bond issuances are not recognized in the governmental funds.		(211,242)
The net pension asset and net pension liability are not available to pay for current period expenditures and are not due and payable in the current period, respectively; therefore, the asset, liability and related deferred inflows/outflows are not reported in governmental funds.		
Net pension asset	303,019	
Deferred outflows of resources	4,753,296	
Deferred inflows of resources	(6,106,376)	
Net pension liability	(28,154,881)	
Total	(29,204,942)	
The net OPEB liability is not due and payable in the current period; therefore, liability and related deferred inflows are not reported in governmental funds.		
Net OPEB asset	33,620	
Deferred outflows of resources	3,234,830	
Deferred inflows of resources	(2,769,512)

SEE ACCOMPANYING NOTES TO THE BASIC FINANCIAL STATEMENTS

HANCOCK COUNTY, OHIO

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES
IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED DECEMBER 31, 2020

Net change in fund balances - total governmental funds \$ 5,896,145

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense.

Capital asset additions	\$	6,048,676	
Current year depreciation		(4,843,724)	
Total			1,204,952

The net effect of various miscellaneous transactions involving capital assets (i.e., sales, disposals, trade-ins, and donations) is to decrease net position. (225,192)

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.

Property taxes		199,917	
Sales taxes		(234,291)	
Special assessments		(259,127)	
Charges for services		(4,426)	
Intergovernmental		(666,242)	
Interest income		(296,736)	
Rental income		(211)	
Other		8,142	
Total			(1,252,974)

Proceeds of loans are reported as an other financing source in the governmental funds, however, in the statement of activities, they are not reported as revenues as they increase the liabilities on the statement of net position. (156,526)

Repayment of principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities on the statement of net position.

General obligation bonds		1,580,000	
Special assessment bonds		85,000	
OWDA loans		156,526	
ADAMH loan		8,028	
Total			1,829,554

In the statement of activities, interest is accrued on outstanding bonds and loans, whereas in governmental funds, an interest expenditure is reported when due.

Accrued interest payable		3,426	
Amortization of bond premiums		35,562	
Amortization of bond discounts		(236)	
Amortization of deferred amounts on refunding		(11,835)	
Total			26,917

HANCOCK COUNTY, OHIO

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES
IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED DECEMBER 31, 2020
(CONTINUED)

Contractually required pension contributions are reported as expenditures in governmental funds; however, the statement of net position reports these amounts as deferred outflows.	\$ 2,915,710
Except for amounts reported as deferred inflows/outflows, changes in the net pension asset/liability are reported as pension expense in the statement of activities.	(4,455,789)
Contractually required OPEB contributions are reported as expenditures in governmental funds; however, the statement of activities reports these amounts as deferred outflows.	21,226
Except for amounts reported as deferred inflows/outflows, changes in the net OPEB liability are reported as OPEB expense in the statement of activities	(2,083,065)
Some expenses reported in the statement of activities, such as compensated absences, do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.	<u>(349,033)</u>
Change in net position of governmental activities	<u><u>\$ 3,371,925</u></u>

HANCOCK COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

NOTE 1 - DESCRIPTION OF THE COUNTY

Hancock County, Ohio (the “County”), was incorporated in 1828. The County is governed by a Board of three Commissioners elected by the voters of the County. Other officials elected by the voters of the County that manage various segments of the County’s operations are the Auditor, Coroner, Engineer, Prosecuting Attorney, Recorder, Sheriff, Treasurer, Clerk of Courts, two Common Pleas Court Judges and a Probate/Juvenile Court Judge. Although the elected officials manage the internal operations of their respective departments, the County Commissioners authorize expenditures as well as serve as the budget and taxing authority, contracting body, and the chief administrators of public services for the entire County, including each of these departments.

The reporting entity has been defined in accordance with GASB Statement No. 14, “The Financial Reporting Entity” as amended by GASB Statement No. 39, “Determining Whether Certain Organizations Are Component Units” and GASB Statement No. 61, “The Financial Reporting Entity: Omnibus”. The reporting entity is composed of the primary government, a component unit, and other organizations that are included to ensure the financial statements of the County are not misleading. The primary government of the County consists of all funds, departments, boards, and agencies that are not legally separate from the County. For Hancock County, this includes the Board of Alcohol, Drug, and Mental Health Services, the Board of Developmental Disabilities, the Job and Family Services Department, Hancock Emergency Management Agency, and all departments and activities that are operated directly by the elected County officials.

Component units are legally separate organizations for which the County is financially accountable. The County is financially accountable for an organization if the County appoints a voting majority of the organization’s governing board and (1) the County is able to significantly influence the programs or services performed or provided by the organization; or (2) the County is legally entitled to or can otherwise access the organization’s resources; the County is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the County is obligated for the debt of the organization. Component units may also include organizations for which the County approves the budget, the issuance of debt, or the levying of taxes. Certain organizations are also included as component units if the nature and significance of the relationship between the primary government and the organization is such that exclusion by the primary government would render the primary governments financial statements incomplete or misleading.

The component unit column on the financial statements identify the financial data of the County’s discretely presented component unit. It is reported in a separate column to emphasize that it is legally separate from the County.

Hancock Community Housing, Inc.: The Hancock Community Housing, Inc. is a legally separate not-for-profit corporation. It was created to develop dwellings and provide affordable housing in Hancock County for persons from the County with disabilities. The Hancock Community Housing, Inc., is governed by a five member Board of Trustees appointed by the Hancock County Board of DD. The Hancock Community Housing, Inc., under a contractual agreement with the Hancock County Board of DD, provides housing for handicapped adults in Hancock County. The Hancock County Board of DD provides Hancock Community Housing, Inc. with State grants to purchase property.

Based on the significant services and resources provided by the County to Hancock Community Housing, Inc., and their sole purpose of providing housing to handicapped adults of Hancock County, the Hancock Community Housing, Inc. is presented as a component unit of Hancock County. Separately issued financial statements can be obtained from Hancock Community Housing, Inc., 1700 East Sandusky Street, Findlay, Ohio 45840.

HANCOCK COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

NOTE 1 - DESCRIPTION OF THE COUNTY - (Continued)

Jointly Governed Organizations - The County participates in four jointly governed organizations; the Joint Board of County Commissioners for the Blanchard River Stream Enhancement Project, the West Central Partnership, Inc., the Metropolitan Housing Authority and the Blanchard Valley Port Authority (See Note 25).

Insurance Pools - The County participates in two insurance pools: the Midwest Pool Risk Management Agency, Inc. and the Midwest Employee Benefit Consortium (See Note 26).

Related Organizations - Hancock County officials are responsible for appointing a voting majority of the Board members of the County Park District, the Findlay-Hancock County Public Library and the Regional Planning Commission (See Note 27).

The County Treasurer, as custodian of public funds, invests all public moneys held on deposit in the County treasury. In the case of separate agencies, boards, and commissions, the County serves as fiscal agent, but is not financially accountable for the organization. The activity of the remaining organizations is presented as custodial funds within the County's financial statements:

- Hancock County Combined Health District (Hancock Public Health)
- Hancock County Soil and Water Conservation District
- Local Emergency Planning Commission
- Hancock County Family First Council
- Hancock County Regional Planning Commission
- Hancock County Park District

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of Hancock County have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. Following are the more significant of the County's accounting policies.

A. Basis of Presentation

The County's basic financial statements consist of government-wide financial statements, including a statement of net position and a statement of activities, and fund financial statements, which provide a more detailed level of financial information.

Government-Wide Financial Statements

The statement of net position and the statement of activities display information about the County as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The statements distinguish between those activities of the County that are governmental in nature and those that are considered business-type activities.

HANCOCK COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

The statement of net position presents the financial condition of the governmental and business-type activities of the County at year end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the County's governmental activities and business-type activities. Direct expenses are those that are specifically associated with a service, program, or department and, therefore, clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program, and interest that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the County, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental program or business activity is self-financing or draws from the general revenues of the County.

Fund Financial Statements - During the year, the County segregates transactions related to certain County functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the County at this more detailed level. The focus of governmental and enterprise fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. Fiduciary funds are reported by type.

B. Fund Accounting

The County uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The funds of the County are presented in three categories; governmental, proprietary and fiduciary.

Governmental Funds - Governmental funds are those through which most governmental functions of the County are financed. Governmental fund reporting focuses on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purpose for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets plus deferred outflows of resources less liabilities and deferred inflows of resources is reported as fund balance.

The following are the County's major governmental funds:

General fund - The general fund is used to account for and report all financial resources not accounted for and reported in another fund. The general fund balance is available for any purpose provided it is expended or transferred according to the general laws of Ohio.

Board of developmental disabilities fund - The fund accounts for a county-wide property tax levy and federal and state grants and entitlements that are restricted for operating the Blanchard Valley School, a residential center, and the costs of administering a facility for the developmentally disabled.

Flood mitigation fund - The fund accounted for transfers from the County general fund sales tax revenues and contributions from the City of Findlay that were committed and restricted, respectively, for capital improvements intended to reduce the risk of damage to County property due to severe flooding.

HANCOCK COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Other governmental funds of the County are used to account for (a) financial resources that are restricted, committed, or assigned to expenditures for capital outlays including the acquisition or construction of capital facilities and other capital assets, (b) specific revenue sources that are restricted or committed to an expenditure for specified purposes other than debt service or capital projects, (c) financial resources that are restricted, committed, or assigned to expenditure for principal and interest and (d) to account for and report resources that are restricted to the extent that only earnings, and not principal, may be used for purposes that support the County's programs.

Proprietary Funds - Proprietary fund reporting focuses on the determination of operating income, changes in net position, financial position and cash flows.

Enterprise Funds - Enterprise funds may be used to account for any activity for which a fee is charged to external users for goods and services. The following is the County's major enterprise fund:

Sanitary landfill fund - This fund accounts for fees collected at the County landfill for dumping waste. This fund also includes the activities for the recycling facility, Litter Landing.

Other enterprise funds of the County are used for the agriculture service center and BMV one-stop.

Internal Service Fund - The internal service fund is used to account for the financing of goods or services provided by one department or agency or other departments or agencies of the County, or to other governments, on a cost-reimbursement basis. The only internal service fund of the County accounts for a self-insurance program for workers' compensation.

Fiduciary Funds - Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private purpose trust funds and custodial funds. Trust funds are distinguished from custodial funds by the existence of a trust agreement or equivalent arrangements that have certain characteristics. Custodial funds are used to report fiduciary activities that are not required to be reported in a trust fund. Custodial funds are custodial in nature and are used to report fiduciary activities that are not required to be reported in pension trust funds. The County's custodial funds account for assets held by the County for political subdivisions in which the County acts as fiscal agent, which include the Hancock County Park District, Hancock County General Health District, the Hancock County Soil and Water Conservation District, the Local Emergency Planning Commission and the Hancock County Family First Council, Hancock County Regional Planning Commission and for taxes, State-levied shared revenues and fines and forfeitures collected and distributed to other political subdivisions.

C. Measurement Focus

Government-Wide Financial Statements - The government-wide financial statements are prepared using a flow of economic resources measurement focus. All assets, all deferred outflows of resources, all liabilities and all deferred inflows of resources associated with the operation of the County are included on the statement of net position. The statement of activities presents increases (e.g. revenues) and decreases (e.g. expenses) in total net position.

HANCOCK COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Fund Financial Statements - All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets, current deferred outflows of resources, current liabilities and current deferred inflows of resources are generally included on the balance sheet. The statement of revenues, expenditures, and changes in fund balances reflects the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements, therefore, include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the fund financial statements for governmental funds.

Like the government-wide financial statements, the proprietary funds are accounted for using a flow of economic resources measurement focus. All assets, deferred outflows of resources, liabilities and deferred inflows of resources associated with the operation of these funds are included on the statement of net position. The statement of revenues, expenses, and changes in fund net position presents increases (e.g., revenues) and decreases (e.g., expenses) in total net position. The statement of cash flows reflects how the County finances and meets the cash flow needs of its enterprise activities.

D. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting; proprietary funds and fiduciary funds use the accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred inflows of resources, and in the presentation of expenses versus expenditures.

Revenues - Exchange and Nonexchange Transactions - Revenues resulting from exchange transactions, in which each party gives and receives essentially equal value, are recorded on the accrual basis when the exchange takes place. On the modified accrual basis, revenue is recorded in the year in which the resources are measurable and become available. Available means the resources will be collected within the current year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current year. For the County, available means expected to be received within thirty-one days after year end.

Nonexchange transactions, in which the County receives value without directly giving equal value in return, include property taxes, sales taxes, grants, entitlements, and donations. On the accrual basis, revenue from property taxes is recognized in the year for which the taxes are levied (See Note 10). Revenue from sales taxes is recognized in the period in which the sales are made (See Note 8). Revenue from grants, entitlements, and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted; matching requirements, in which the County must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the County on a reimbursement basis. On the modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered both measurable and available at year end: sales taxes, charges for services, fines and forfeitures, State-levied locally shared taxes (including gasoline tax and motor vehicle license tax), grants, interest and rent.

HANCOCK COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Deferred Outflows of Resources and Deferred Inflows of Resources - In addition to assets, the government-wide statement of net position will report a separate section for deferred outflows of resources. Deferred outflows of resources, represents a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until then. For the County, see Notes 15 and 16 for deferred outflows of resources related the County's net pension liability/asset and net OPEB liability/asset, respectively. In addition, deferred outflows of resources include a deferred charge on debt refunding. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

In addition to liabilities, both the government-wide statement of net position and the governmental fund financial statements report a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net position that applies to a future period and will not be recognized as an inflow of resources (revenue) until that time. For the County, deferred inflows of resources include property taxes, payments in lieu of taxes and unavailable revenue. Property taxes and payments in lieu of taxes represent amounts for which there is an enforceable legal claim as of December 31, 2020, but which were levied to finance 2021 operations. These amounts have been recorded as a deferred inflow of resources on both the government-wide statement of net position and the governmental fund financial statements. Unavailable revenue is reported only on the governmental funds balance sheet, and represents receivables which will not be collected within the available period. For the County, unavailable revenue includes, but is not limited to, sales taxes, delinquent property taxes and intergovernmental grants. These amounts are deferred and recognized as an inflow of resources in the period the amounts become available.

For the County, see Notes 15 and 16 for deferred inflows of resources related to the County's net pension liability/asset and net OPEB liability/asset, respectively. This deferred inflow of resources is only reported on the government-wide statement of net position. In addition, deferred inflows of resources include a deferred gain on debt refunding. A deferred gain on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

Expense/Expenditures - On the accrual basis of accounting, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

E. Budgetary Process

All funds, except custodial funds, are legally required to be budgeted and appropriated. The major documents prepared are the certificate of estimated resources and the appropriations resolution, both of which are prepared on the budgetary basis of accounting. The certificate of estimated resources establishes a limit on the amount the County Commissioners may appropriate. The appropriations resolution is the County Commissioners' authorization to spend resources and sets annual limits on expenditures plus encumbrances at the level of control selected by the County Commissioners. The legal level of control has been established by the County Commissioners at the fund, program, department and object level.

HANCOCK COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

The certificate of estimated resources may be amended during the year if projected increases or decreases in revenue are identified by the County Auditor. The amounts reported as the original budgeted amounts on the budgetary statements reflect the amounts on the certificate of estimated resources when the original appropriations were adopted. The amounts reported as the final budgeted amounts on the budgetary statements reflect the amounts on the amended certificate of estimated resources in effect at the time final appropriations were passed by the County Commissioners.

The appropriations resolution is subject to amendment throughout the year with the restriction that appropriations cannot exceed estimated resources. The amounts reported as the original budgeted amounts reflect the first appropriations resolution for that fund that covered the entire year, including amounts automatically carried forward from prior years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by the County Commissioners during the year.

F. Cash and Investments

To improve cash management, cash received by the County is pooled. Monies for all funds, including proprietary funds, are maintained in this pool. Individual fund integrity is maintained through the County's records. Each fund's interest in the pool is presented as "equity in pooled cash and cash equivalents" on the basic financial statements.

Cash and cash equivalents and investments that are held separately within departments of the County and not included in the County treasury are recorded as "cash and cash equivalents in segregated accounts" and "investments in segregated accounts".

During 2020, the County's investments included negotiable and nonnegotiable certificates of deposit, American Municipal Power bonds, Cuyahoga County, Ohio bonds, Federal Agricultural Mortgage Corporation (FAMC) bonds, Federal Farm Credit Bank (FFCB) bonds, Federal Home Loan Bank (FHLB) bonds, Federal Home Loan Mortgage Corporation (FHLMC) bonds, Federal National Mortgage Association (FNMA) bonds, governmental money market, U.S. Treasury bonds, U.S. Treasury notes and investments in the State Treasury Asset Reserve of Ohio (STAR Ohio). Investments are reported at fair value, except for nonnegotiable certificates of deposit, which are reported at cost. Fair value is based on quoted market price or current shares price.

During 2020, the County invested in STAR Ohio. STAR Ohio (the State Treasury Asset Reserve of Ohio), is an investment pool managed by the State Treasurer's Office which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but has adopted Governmental Accounting Standards Board (GASB), Statement No. 79, "Certain External Investment Pools and Pool Participants." The County measures its investment in STAR Ohio at the net asset value (NAV) per share provided by STAR Ohio. The NAV per share is calculated on an amortized cost basis that provides an NAV per share that approximates fair value.

For 2020, there were no limitations or restrictions on any participant withdrawals due to redemption notice periods, liquidity fees, or redemption gates. However, notice must be given 24 hours in advance of all deposits and withdrawals exceeding \$100 million. STAR Ohio reserves the right to limit the transaction to \$100 million, requiring the excess amount to be transacted the following business day(s), but only to the \$100 million limit. All accounts of the participant will be combined for these purposes.

Interest earnings are allocated to County funds according to State statutes and grant requirements. Interest revenue credited to the general fund during 2020 was \$1,421,942 which includes \$1,260,228 assigned from other County funds.

HANCOCK COUNTY, OHIO

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2020**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

For presentation on the basic financial statements, investments of the cash management pool and investments with original maturities of three months or less at the time they are purchased by the County are considered to be cash equivalents. Investments with an initial maturity of more than three months are reported as investments, to the extent the investments were purchased from a specific fund rather than the pool.

G. Inventory

Inventory is presented at cost on a first-in, first-out basis and is expended/expensed when used. Inventory consists of expendable supplies held for consumption. On the fund financial statements, reported inventory is equally offset by a nonspendable fund balance in the governmental funds which indicates that it does not constitute available spendable resources even though it is a component of net current assets.

H. Capital Assets

Governmental capital assets are those assets not specifically related to activities reported in the proprietary funds. These assets generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide statement of net position, but are not reported in the fund financial statements. Capital assets utilized by the enterprise funds are reported both in the business-type activities column of the government-wide statement of net position and in the respective funds.

All capital assets are capitalized at cost and updated for additions and reductions during the year. Donated capital assets are recorded at their acquisition value on the date donated. The County maintains a capitalization threshold of \$5,000 for all capital assets except infrastructure. The capitalization threshold for infrastructure is \$10,000. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the assets or materially extend an asset's life are not capitalized. Interest incurred during the construction of enterprise fund capital assets is also capitalized.

All capital assets are depreciated, except for land, easements and construction in progress. Improvements are depreciated over the remaining useful lives of the related capital assets. Useful lives for infrastructure were estimated based on the County's historical records of necessary improvements and replacement. The County reports all infrastructure, including that acquired prior to 1980. The County's infrastructure consists of roads, bridges and culverts. Depreciation is computed using the straight-line method beginning in the month of acquisition over the following useful lives:

<u>Description</u>	<u>Estimated Lives</u>
Buildings and Building Improvements	40 - 100 years
Improvements Other Than Buildings	5 - 20 years
Machinery and Equipment	5 - 20 years
Vehicles	6 - 20 years
Infrastructure	20 - 50 years

I. Prepaid Items

Payments made to vendors for services that will benefit periods beyond December 31, 2020, are recorded as prepaid items using the consumption method by recording a current asset for the prepaid amount and reflecting the expenditure/expense in the year in which services are consumed. On the fund financial statements, reported prepayments are equally offset by a nonspendable fund balance in governmental funds which indicates that it does not constitute available expendable resources even though it is a component of net current assets.

HANCOCK COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

J. Unamortized Bond Premium/Unamortized Bond Discount/Unamortized Deferred Loss/Unamortized Deferred Gain/Bond Issuance Costs

Bond premiums, bond discounts and accounting losses and gains are deferred and amortized over the term of the bonds using the bond outstanding method, which approximates the effective interest method. Bond premiums are presented as an addition to the face amount of the bonds and bond discounts are presented as a reduction to the face amount of the bonds. Unamortized deferred losses on refundings are reported as a deferred outflow of resources on the statement of net position. Unamortized deferred gains on refundings are reported as a deferred inflow of resources on the statement of net position. On the governmental fund financial statements, bond premiums, bond discounts and deferred charges are recognized in the period when the debt is issued. Bond issuance costs are expensed when they occur.

K. Compensated Absences

Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable the County will compensate the employees for the benefits through paid time off or some other means. The County records a liability for accumulated unused vacation time when earned for all employees with more than one year of service.

Sick leave benefits are accrued as a liability using the vesting method. The liability includes the employees who are currently eligible to receive termination benefits and those the County has identified as probable of receiving payment in the future. The amount is based on accumulated sick leave and employee wage rates at year end taking into consideration any limits specified in the County's termination policy. The County records a liability for accumulated unused sick leave for employees with seven or more years of service at varying rates depending on County policy. Employees hired after March 10, 1994, must also be at least 55 years of age to be considered probable of receiving payment under the County's policy enacted in 1994.

L. Loans Receivable

Loans receivable represent the right to receive repayment for certain loans made by the County. These loans are based upon written agreements between the County and the various loan recipients.

M. Accrued Liabilities and Long-term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements, and all payables, accrued liabilities and long-term obligations payable from proprietary funds are reported in the proprietary fund financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. However, claims and judgments and compensated absences that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current year. Bonds, capital leases and long-term loans are recognized as a liability in the fund financial statements when due. Net pension/OPEB liability should be recognized in the governmental funds to the extent that benefit payments are due and payable and the pension/OPEB plan's fiduciary net position is not sufficient for payment of those benefits.

N. Internal Activity

Transfers between governmental and business-type activities on the government-wide financial statements are reported in the same manner as general revenues.

HANCOCK COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Internal allocations of overhead expenses from one function to another or within the same function are eliminated on the statement of activities. Payments for interfund services provided and used are not eliminated.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after nonoperating revenues/expenses in the enterprise funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

O. Interfund Balances

On the fund financial statements, receivables and payables resulting from short-term interfund loans are classified as "interfund loans receivables/payables". Receivables and payables resulting from routine lag between the dates interfund goods and services are provided or reimbursed expenditures occur are classified as "due to/due from other funds". Receivables and payables resulting from long-term interfund loans are classified as "loans to other funds/loans from other funds". These amounts are eliminated in the governmental and business-type activities columns of the statement of net position, except for the net residual amounts due between governmental and business-type activities, which are presented as internal balances. Receivables and payables resulting from activity between the primary government and custodial funds are classified as "due to/due from external parties".

P. Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the County, these revenues are charges for services for the self-insurance workers' compensation program, recycling services and collection fees for the sanitary landfill, and rent for the Agricultural Service Center and BMV One-Stop. Operating expenses are the necessary costs incurred to provide the service that is the primary activity of the fund. Revenues and expenses not meeting this definition are reported as nonoperating.

Q. Contributions of Capital

Contributions of capital in proprietary fund financial statements arise from outside contributions of capital assets (primarily from developers), or from grants or outside contributions of resources restricted to capital acquisition and construction. The County did not receive any capital contributions during 2020.

R. Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the County is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

Nonspendable - The nonspendable fund balance classification includes amounts that cannot be spent because they are not in spendable form or legally required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash. It also includes the long-term amount of loans receivable.

Restricted - Fund balance is reported as restricted when constraints are placed on the use of resources that are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments, or imposed by law through constitutional provisions or enabling legislation.

HANCOCK COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Committed - The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by a formal action (resolution) of the Board of Commissioners (the highest level of decision making authority). Those committed amounts cannot be used for any other purpose unless the Board of Commissioners removes or changes the specified use by taking the same type of action (resolution) it employed to previously commit those amounts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned - Amounts in the assigned fund balance classification are intended to be used by the County for specific purposes, but do not meet the criteria to be classified as restricted nor committed. Intent should be expressed by (a) the governing body itself or (b) a body or official to which the governing body has delegated the authority to assign amounts to be used for specific purposes. In governmental funds other than the general fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the general fund, assigned amounts represent intended uses established by policies of the Board of Commissioners.

Unassigned - Unassigned fund balance is the residual classification for the general fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is only used to report a deficit fund balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

The County applies restricted resources first when expenditures are incurred for purposes for which restricted and unrestricted (committed, assigned, and unassigned) fund balance is available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

S. Net Position

Net position represents the difference between assets plus deferred outflows of resources and liabilities plus deferred inflows of resources. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction or improvement of those assets or related debt also should be included in this component of net position. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation or through external restrictions imposed by the creditors, grantors or laws or regulations of other governments. As of December 31, 2020, there was no net position restricted by enabling legislation.

The County applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

T. Restricted Assets

Assets are reported as restricted when limitations on their use change the nature or normal understanding of the availability of the asset. Certain resources set aside for the payment of closure and postclosure costs for the sanitary landfill are classified as restricted assets because their use is limited.

U. Estimates

The preparation of basic financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the basic financial statements and accompanying notes. Actual results may differ from those estimates.

HANCOCK COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

V. Pensions/Other Postemployment Benefits (OPEB)

For purposes of measuring the net pension/OPEB liability, net pension/OPEB asset, deferred outflows of resources and deferred inflows of resources related to pensions/OPEB, and pension/OPEB expense, information about the fiduciary net position of the pension/OPEB plans and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the pension/OPEB plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension/OPEB plans report investments at fair value.

W. Fair Value Measurements

The County categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles generally accepted in the United States of America. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

X. Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the County administration and that are either unusual in nature or infrequent in occurrence. The County had no extraordinary or special items during 2020.

NOTE 3 - ACCOUNTABILITY AND COMPLIANCE

A. Change in Accounting Principles

For 2020, the County has applied GASB Statement No. 95, "Postponement of the Effective Dates of Certain Authoritative Guidance" to GASB Statement Nos. 87 and 89, which were originally due to be implemented in 2020. GASB Statement No. 95 provides temporary relief to governments and other stakeholders in light of the COVID-19 pandemic. This objective is accomplished by postponing the effective dates of certain provisions in Statements and Implementation Guides that first became effective or are scheduled to become effective for periods beginning after June 15, 2018, and later.

The following pronouncement is postponed by one year and the County has elected delaying implementation until the fiscal year ended December 31, 2021:

- Statement No. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period*

The following pronouncements are postponed by eighteen months and the County has elected delaying implementation until the fiscal year ended December 31, 2022:

- Statement No. 87, *Leases*
- Implementation Guide No. 2019-3, *Leases*

HANCOCK COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2020

NOTE 3 - ACCOUNTABILITY AND COMPLIANCE - (Continued)

B. Deficit Fund Balances

Fund balances at December 31, 2020 included the following individual fund deficits:

<u>Nonmajor funds</u>	<u>Deficit</u>
Water pollution control	\$ 19,637
COP CAR Grant	60,550
Alcohol and drug capital projects	110,149
Sheriff capital projects	1,042,329
Distribution Drive capital projects	180,000

The general fund is liable for any deficit in these funds and provides transfers when cash is required, not when accruals occur. The deficit fund balances resulted from adjustments for accrued liabilities.

NOTE 4 - BUDGETARY BASIS OF ACCOUNTING

While reporting financial position, results of operations, and changes in fund balance on the basis of accounting principles generally accepted in the United States of America (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts and disbursements.

The statement of revenue, expenditures and changes in fund balance - budget and actual (non-GAAP budgetary basis) presented for the general fund and board of developmental disabilities fund are presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and the GAAP basis are that:

- (a) Revenues and other financing sources are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis);
- (b) Expenditures and other financing uses are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis);
- (c) In order to determine compliance with Ohio law, and to reserve that portion of the applicable appropriation, total outstanding encumbrances (budget basis) are recorded as the equivalent of an expenditure, as opposed to assigned or committed fund balance for that portion of outstanding encumbrances not already recognized as an account payable (GAAP basis);
- (d) Advances-in and advances-out are operating transactions (budget basis) as opposed to balance sheet transactions (GAAP basis);
- (e) Investments are reported at fair value (GAAP basis) rather than cost (budget basis); and,
- (f) Some funds are included in the general fund (GAAP basis), but have separate legally adopted budgets (budget basis).

HANCOCK COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2020

NOTE 4 - BUDGETARY BASIS OF ACCOUNTING - (Continued)

The following table summarizes the adjustments necessary to reconcile the GAAP basis statements (as reported in the fund financial statements) to the budgetary basis statements for all governmental funds for which a budgetary basis statement is presented:

	<u>General Fund</u>	Board of Developmental Disabilities <u>Fund</u>
Budget basis	\$ 5,160,229	\$ 1,349,860
Net adjustment for revenue accruals	74,118	(69,961)
Net adjustment for expenditure accruals	503,400	124,467
Net adjustment for other sources/uses	501,411	-
Funds budgeted elsewhere	198,302	-
Adjustment for encumbrances	<u>1,184,848</u>	<u>497,073</u>
GAAP basis	<u>\$ 7,622,308</u>	<u>\$ 1,901,439</u>

Certain funds that are legally budgeted in separate special revenue funds are considered part of the general fund on a GAAP basis. This includes the sheriff police revolve fund, the County home donations fund, the centennial fund, the budget stabilization fund, the certificate of title administration fund, the severance fund and the payroll fund.

NOTE 5 - DEPOSITS AND INVESTMENTS

Monies held by the County are classified by State statute into two categories. Active monies are public monies determined to be necessary to meet current demand upon the County treasury. Active monies must be maintained either as cash in the County treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Monies held by the County which are not considered active are classified as inactive.

Inactive monies may be deposited or invested in the following securities:

1. United States Treasury Notes, Bills, Bonds, or any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal and interest by the United States;
2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, and Government National Mortgage Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above provided that the fair value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
4. Bonds and other obligations of the State of Ohio, and with certain limitations including a requirement for maturity within ten years from the date of settlement, bonds and other obligations of political subdivisions of the State of Ohio, if training requirements have been met;

HANCOCK COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

NOTE 5 - DEPOSITS AND INVESTMENTS - (Continued)

5. Time certificates of deposit or savings or deposit accounts including, but not limited to, passbook accounts;
6. No-load money market mutual funds consisting exclusively of obligations described in items 1 and 2, above, and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
7. The State Treasurer's investment pool, the State Treasury Asset Reserve of Ohio (STAR Ohio); and,
8. Certain bankers' acceptances for a period not to exceed one hundred eighty days) and commercial paper notes (for a period not to exceed two hundred seventy days) in an amount not to exceed 40 percent of the interim monies available for investment at any one time if training requirements have been met.

Protection of the deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, or by the financial institutions participation in the Ohio Pooled Collateral System (OPCS), a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution.

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. Except as noted above, an investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the County, and must be purchased with the expectation that it will be held to maturity. Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the County Treasurer or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

A. Cash and Cash Equivalents in Segregated Accounts

At year end, the County had \$1,955,661 in cash and cash equivalents deposited separate from the County's internal investment pool, which includes \$765,952 in restricted assets associated with the County sanitary landfill. This amount is included in the amount of deposits with financial institutions below.

B. Deposits with Financial Institutions

At December 31, 2020, the carrying amount of all County deposits, including nonnegotiable certificates of deposit and cash in segregated accounts, was \$52,937,271 and the bank balance of all County deposits was \$53,913,763. Of the bank balance, \$35,100,859 was covered by the FDIC and \$18,812,904 was either covered by the Ohio Pooled Collateral System or subject to custodial credit risk as described below.

Custodial credit risk is the risk that, in the event of bank failure, the County will not be able to recover deposits or collateral securities that are in the possession of an outside party. The County has no deposit policy for custodial credit risk beyond the requirements of State statute. Ohio law requires that deposits either be insured or protected by (1) eligible securities pledged to the County's and deposited with a qualified trustee by the financial institution as security for repayment whose fair value at all times shall be at least 105 percent of the deposits being secured, or (2) participation in the OPCS, a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution. OPCS requires the total fair value of the securities pledged to be 102 percent of the deposits being secured or a rate set by the Treasurer of State. For 2020, the County's financial institutions were approved for a reduced collateral rate of 50 percent through the OPCS. Although all statutory requirements for the deposit of money had been followed, noncompliance with Federal requirements could potentially subject the County to a successful claim by the FDIC.

HANCOCK COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2020

NOTE 5 - DEPOSITS AND INVESTMENTS - (Continued)

C. Investments

As of December 31, 2020, the County had the following investments and maturities:

Measurement/ <u>Investment type</u>	Measurement <u>Value</u>	Investment Maturities		
		6 months or <u>less</u>	7 to 12 <u>months</u>	1 year to <u>5 years</u>
<i>Fair value:</i>				
American Municipal Power	\$ 327,376	\$ -	\$ 327,376	\$ -
Cuyahoga County, Ohio	220,464	220,464	-	-
FAMC	249,500	-	-	249,500
FFCB	3,495,495	-	-	3,495,495
FHLB	599,280	-	-	599,280
FHLMC	6,100,660	-	-	6,100,660
FNMA	1,241,446	-	-	1,241,446
Negotiable CD's	17,462,297	4,855,207	1,008,976	11,598,114
U.S. Treasury bonds	256,541	-	-	256,541
U.S. Treasury notes	2,280,545	-	-	2,280,545
U.S. Government money market	1,504,320	1,504,320	-	-
<i>Amortized cost:</i>				
STAR Ohio	34,309	34,309	-	-
Total	\$ 33,772,233	\$ 6,614,300	\$ 1,336,352	\$ 25,821,581

The weighted average maturity of investments is 2.34 years.

The County's investments in U.S. Government money markets are valued using quoted market prices (Level 1 inputs). The County's investments in American Municipal Power, Cuyahoga County, Ohio, federal agency securities (FAMC, FFCB, FHLB, FHLMC, FNMA), negotiable CDs, U.S. Treasury bonds and U.S. Treasury notes are valued using quoted prices in markets that are not considered to be active, dealer quotations or alternative pricing sources for similar assets or liabilities for which all significant inputs are observable, either directly or indirectly (Level 2 inputs).

The following investments are held by the landfill enterprise fund and are restricted for the closure and post closure of the solid waste facility.

<u>Investment type</u>	<u>Landfill</u>
FFCB	\$ 1,724,808
FHLB	249,700
FHLMC	2,239,401
Negotiable CD's	5,467,783
U.S. Treasury bonds	256,541
U.S. Treasury notes	602,111
Total	\$ 10,540,344

Interest Rate Risk: As a means of limiting its exposure to fair value losses arising from rising interest rates and according to State law, the County's investment policy limits investment portfolio maturities to five years or less. State statute requires that an investment mature within five years from the date of purchase, unless matched to a specific obligation or debt of the County and that an investment must be purchased with the expectation that it will be held to maturity. Investments may not be redeemed prior to maturity without majority approval of the Advisory Committee.

HANCOCK COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2020

NOTE 5 - DEPOSITS AND INVESTMENTS - (Continued)

Credit Risk: The County's investment in American Municipal Power were rated A and A1 by Standard & Poor's and Moody's Investor Services, respectively. The County's investment in Cuyahoga County, Ohio bonds were rated AA and Aa2 by Standard & Poor's and Moody's Investor Services, respectively. The County's investments in federal agency securities, U.S. Treasury bonds and U.S. Treasury notes were rated AA+ and Aaa by Standard & Poor's and Moody's Investor Services, respectively. STAR Ohio and the government money market was rated AAAM by Moody's Investor Services. Ohio law requires that STAR Ohio maintain the highest rating provided by at least one nationally recognized standard ratings service. The County has no investment policy dealing with investment credit risk beyond the requirements in State statute. Ohio law requires that no-load money market mutual funds be rated in the highest category at the time of purchase by at least one nationally recognized standard rating service.

Custodial Credit Risk: For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the County will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The federal agency securities and the U.S. Treasury bonds are exposed to custodial credit risk in that they are uninsured, unregistered and held by the counterparty's trust department or agent, but not in the County's name. The County has no investment policy dealing with investment custodial risk beyond the requirement in State statute that prohibits payment for investments prior to the delivery of the securities representing such investments to the Treasurer or qualified trustee.

Concentration of Credit Risk: The County places no limit on the amount that may be invested in any one issuer. The following table includes the percentage of each investment type held by the County at December 31, 2020:

Measurement/ <u>Investment type</u>	Measurement <u>Value</u>	<u>% of Total</u>
Fair value:		
American Municipal Power	\$ 327,376	0.97
Cuyahoga County, Ohio	220,464	0.65

HANCOCK COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2020

NOTE 5 - DEPOSITS AND INVESTMENTS - (Continued)

D. Reconciliation of Cash and Investments to the Statement of Net Position

The following is a reconciliation of cash and investments as reported in the note above to cash and investments as reported on the statement of net position as of December 31, 2020.

<u>Cash and investments per note</u>	
Carrying amount of deposits	\$ 52,937,271
Investments	<u>33,772,233</u>
Total	<u>\$ 86,709,504</u>
 <u>Cash and investments per statement of net position</u>	
Governmental activities	\$ 64,561,364
Business-type activities	14,698,581
Custodial funds	<u>7,449,559</u>
Total	<u>\$ 86,709,504</u>

NOTE 6 - RECEIVABLES

Receivables at December 31, 2020, consisted of accounts (billings for user charged services); sales taxes; accrued interest; amounts due from other governments including grants, entitlements, and shared revenues; amounts due from external parties; interfund, payment in lieu of taxes; property taxes, loans (community development block grant moneys loaned to local businesses), notes and special assessments. All receivables are considered collectible in full and within one year, except for payment in lieu of taxes, property taxes, loans, and special assessments. Payment in lieu of taxes and property taxes, although ultimately collectible, include some portion of delinquencies that will not be collected within one year.

Loans receivable represent low interest loans for development projects granted to eligible County businesses under the Federal CDBG program. The loans have an annual interest rate of 2 to 5.25 percent and are to be repaid over periods ranging from six to fifteen years. Loans outstanding at December 31, 2020, were \$472,547. Loans receivable, in the amount of \$402,704, will not be received within one year.

Special assessments relating to the payment of debt are not expected to be collected within one year. Special assessments, in the amount of \$2,126,133, will not be received within one year. Delinquent special assessments were \$239,768.

Receivables recorded on the County's financial statements are recorded to the extent the amounts are determined material and substantiated, not only by supporting documentation, but also by a reasonable systematic method of determining their existence, completeness, valuation and collectability. Using this criteria, the County has elected to not record child support arrearages in the custodial funds. These amounts, while potentially significant, are not considered measurable and, because collections are often significantly in arrears, the County is unable to determine a reasonable value.

A summary of the principal amounts due from other governments is as follows:

Fund	Description	Amount
Governmental activities:		
General Fund	Local Government	\$ 554,406
	Casino revenue	452,051
	Homestead and Rollback	165,001
	Other	<u>53,625</u>

HANCOCK COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

NOTE 7 - PERMISSIVE SALES AND USE TAX

In 1983, the County Commissioners, by resolution, imposed a one-half of one percent tax on all retail sales made in the County, except sales of motor vehicles, and on the storage, use, or consumption of tangible personal property, including motor vehicles not subject to the sales tax. On November 3, 2009, County voters retained a .5 percent sales tax for ten years for general operations. The Commissioners' resolution further discerned that the .5 percent sales tax would be allocated as .25 percent for general operations provided by the County's general fund and .25 percent for flood mitigation. The additional sales taxes were effective January 1, 2009 for ten years. Proceeds of the tax are credited to the general fund and transferred accordingly. Of the .5 percent sales tax, .25 percent was imposed by the Commissioners in August of 2017 for a continuing period of time and reduced an existing .25 percent that expired at the end of 2018. As of December 31, 2018, .25 percent of sales tax was to expire. In October of 2018, the County Commissioners levied by resolution an additional .25 percent for a continuing period of time effective January 1, 2019.

Vendor collections of the tax are paid to the State Treasurer by the twenty-third day of the month following collection. The State Tax Commissioner certifies the amount of the tax to be returned to the County. The Tax Commissioner's certification must be made within forty-five days after the end of each month. A warrant payable to the County is to be made within five days of the certification.

A receivable is recognized at year end for amounts that will be received from sales which occurred during 2020. On the modified accrual basis, the amount of the receivable not collected within the available period is recorded as deferred inflows of resources. On the accrual basis, the full amount of the receivable is recognized as revenue.

NOTE 8 - PAYMENT IN LIEU OF TAXES

According to State law, the County has entered into agreements with a number of property owners under which the County has granted property tax abatements to those property owners and agreed to construct certain infrastructure improvements. The property owners have agreed to make payments to the County to help pay the costs of the infrastructure improvements. The amount of those payments generally reflects all or a portion of the property taxes which the property owners would have paid if their taxes had not been abated. The property owners' contractual promise to make these payments in lieu of taxes generally continues until the costs of the improvement have been paid or the agreement expires, whichever occurs first. Future development by those owners or others may result in subsequent agreements to make payments in lieu of taxes and may therefore spread the costs of the improvements to a larger number of property owners.

NOTE 9 - PROPERTY TAXES

Property taxes include amounts levied against all real and public utility property located in the County. Taxes collected from real property taxes (other than public utility) in one calendar year are levied in the preceding calendar year on the assessed value as of January 1 of that preceding year, the lien date. Assessed values are established by the County Auditor at 35 percent of appraised market value. All property is required to be revaluated every six years. Real property taxes are payable annually or semi-annually. If paid annually, payment is due December 31; if paid semi-annually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, State statute permits later payment dates to be established.

Public utility real and tangible personal property taxes collected in one calendar year are levied in the preceding calendar year on assessed values determined as of December 31 of the second year preceding the tax collection year, the lien date. Public utility tangible personal property is assessed at varying percentages of true value; public utility real property is assessed at 35 percent of true value. 2020 public utility property taxes became a lien December 31, 2019, are levied after October 1, 2020, and are collected in 2021 with real property taxes. Public utility property taxes are payable on the same dates as real property taxes described previously.

HANCOCK COUNTY, OHIO

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2020**

NOTE 9 - PROPERTY TAXES - (Continued)

The County Treasurer collects property taxes on behalf of all taxing districts in the County. The County Auditor periodically remits to the taxing districts their portion of the taxes collected. The collection and distribution of taxes for all subdivisions within the County, excluding the County itself, is accounted for through custodial funds. Property taxes receivable represents real property taxes, public utility taxes and outstanding delinquencies which are measurable as of December 31, 2020 and for which there is an enforceable legal claim. In the governmental funds, the current portion receivable has been offset by a deferred inflow of resources since the current taxes were not levied to finance 2020 operations and the collection of delinquent taxes has been offset by a deferred inflow of resources since the collection of the taxes during the available period is not subject to reasonable estimation. On a full accrual basis, collectible delinquent property taxes have been recorded as a receivable and revenue while on a modified accrual basis the revenue is deferred.

The full tax rate for all County operations for the year ended December 31, 2020 was \$8.40 per \$1,000 of assessed value. The assessed values of real and tangible personal property upon which 2020 property tax receipts were based are as follows:

<u>Real property</u>	
Residential/agricultural	\$ 1,574,294,870
Commercial/industrial/mineral	340,101,150
<u>Public utility</u>	
Personal	<u>226,672,570</u>
Total assessed value	<u>\$ 2,141,068,590</u>

NOTE 10 - TAX ABATEMENTS

Tax Abatements Entered into by Other Governments

Within the County, the taxing district of the City of Findlay has entered into tax abatement agreements under the Community Reinvestment Area (CRA) program that forgo property taxes assessed to the County. During 2020, property taxes of the County were abated by \$205,839.

NOTE 12 - INTERFUND RECEIVABLES/PAYABLES

A. Interfund loans receivable/payable consisted of the following at December 31, 2020, as reported on the fund statements:

<u>Receivable fund</u>	<u>Payable fund</u>	<u>Amount</u>
General fund	Nonmajor governmental funds	\$ 347,713
General fund	Landfill fund	398,282
Nonmajor governmental fund	Nonmajor governmental fund	<u>250,000</u>
Total interfund loans		<u>\$ 995,995</u>

The primary purpose of the interfund balance is to cover costs in specific funds where revenues were not received by December 31. These interfund balances will be repaid once the anticipated revenues are received.

HANCOCK COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2020

NOTE 12 - INTERFUND RECEIVABLES/PAYABLES - (Continued)

Interfund balances between governmental funds are eliminated on the government-wide statement of net position. Interfund balances between governmental funds and business-type activities are reported as internal balances on the government-wide statement of net position.

- B.** Due to/from other funds at December 31, 2020, consisted of the following as reported on the fund statements:

	<u>General</u>	<u>Flood Mitigation</u>	<u>Other Governmental</u>	<u>Sanitary Landfill</u>	<u>Total Due from Other Funds</u>
General	\$ -	\$ 5,955	\$ -	\$ -	\$ 5,955
Other Governmental	<u>8,971</u>	<u>-</u>	<u>190,884</u>	<u>2,526</u>	<u>202,381</u>
Total due to other funds	<u>\$ 8,971</u>	<u>\$ 5,955</u>	<u>\$ 190,884</u>	<u>\$ 2,526</u>	<u>\$ 208,336</u>

These balances resulted from the time lag between the dates that (1) interfund goods and services are provided, (2) transactions are recorded in the accounting system, and (3) payments between funds are made. All interfund balances are due within one year.

Amounts due to/from other funds between governmental funds are eliminated on the government-wide financial statements. Amounts due to/from other funds between governmental activities and business-type activities are reported as an internal balance on the statement of net position.

- C.** Due to/from external parties at December 31, 2020, consisted of the following as reported on the fund statements:

	<u>Sanitary Landfill</u>	<u>Custodial</u>	<u>Total Due from External Parties</u>
General	\$ -	\$ 4,158	\$ 4,158
Board of developmental disabilities	-	16,027	16,027
Custodial	<u>17,548</u>	<u>-</u>	<u>17,548</u>
Total due to external parties	<u>\$ 17,548</u>	<u>\$ 20,185</u>	<u>\$ 37,733</u>

These balances resulted from the time lag between the dates that (1) goods and services are provided, (2) transactions are recorded in the accounting system, and (3) payments are made. All balances are due within one year.

NOTE 13 - RISK MANAGEMENT

A. Property and Liability

The County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Since 1992, the County has contracted with the Midwest Pool Risk Management Agency, Inc. for liability, property, and crime insurance. The program has a \$100,000 self-insured retention per occurrence, respectively.

HANCOCK COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2020

NOTE 13 - RISK MANAGEMENT - (Continued)

The list below is a general description of insurance coverage; all policy terms, conditions, restrictions, exclusions, etc. are not included.

Liability

General, Automotive and Law Liability

Combined (Per Occurrence) \$ 7,000,000

Public Official Errors and Omissions

Aggregate 7,000,000

Property including Automotive Comprehensive

and Collision (Per Occurrence) 85,600,000

Flood and Earthquake (Annual Aggregate) 36,000,000

Boiler and machinery

(Per Occurrence) 100,000,000

Cyber Security

(Per Occurrence) 500,000

The County pays all elected officials' bonds by statute.

Settled claims have not exceeded this commercial coverage in any of the past three years and there has been no significant reduction in coverage from the prior year.

B. Health Care

The County participates in the Midwest Employee Benefit Consortium (MEBC), a public entity shared risk pool consisting of three counties. Each member pays premiums to MEBC for employee medical and life insurance premiums. MEBC is responsible for the management and operation of the program. Upon withdrawal, the County is responsible for the payment of all MEBC liabilities to its employees, dependents, and designated beneficiaries accruing as a result of the withdrawal. Upon termination of MEBC, all member claims will be paid without regard to the member's account balance. The MEBC Board of Trustees has the right to return monies to an exiting member subsequent to the settlement of all expenses and claims.

C. Workers' Compensation

The County participates in the Ohio Bureau of Workers' Compensation (BWC) Group Experience Rating Program (the "Program"). The Program permits both public and private employers with better-than-average claim histories to join together through a sponsoring organization. This results in BWC rating each employer the group as one. By participating in group rating, employers potentially may enjoy much lower premium rates than they could attain on their own. The County's workers' compensation coverage is still through BWC; however, BWC does not form the groups. To be eligible for the Program, the County must meet several criteria to be accepted into a group. A separate internal service fund was established to account for the operation of the Program, including a reserve balance based on sound actuarial principles to cover actual claims costs. The Program is intended to achieve lower workers' compensation premiums and claims costs by promoting safe working conditions and environments for the employees.

The County has agreed to pay all claims up to a maximum of \$200,000 of what the County would have paid had the County remained an experience-rated risk. Claims exceeding these limits will be paid by the State. Each year, the County pays the State a "minimum premium" for retaining the risk of having claims which exceeded the County's maximum claims limit.

HANCOCK COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2020

NOTE 13 - RISK MANAGEMENT - (Continued)

There was no claims liability reported on the basic financial statements at December 31, 2020. Had a claims liability been reported, that liability would be based on an estimate provided by the third party administrator and the requirements of GASB Statement No. 10, "Accounting and Financial Reporting for Risk Financing and Related Insurance Issues", as amended by GASB Statement No. 30, "Risk Financing Omnibus", which requires that a liability for unpaid claims costs, including estimates of costs relating to incurred, but not reported claims, be accrued at the estimated ultimate cost of settling the claim. Changes in the internal service fund's claims liability amounts in the past two years follows:

<u>Year</u>	<u>Balance at Beginning of Year</u>	<u>Current Year Claims</u>	<u>Claims Payments</u>	<u>Balance at End of End of Year</u>
2020	\$ -	\$ -	\$ -	\$ -
2019	-	2,717	(2,717)	-

HANCOCK COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

NOTE 15 - DEFINED BENEFIT PENSION PLANS

The Statewide retirement systems provide both pension benefits and other postemployment benefits (OPEB).

Net Pension Liability/Asset and Net OPEB Liability/Asset

The net pension liability/asset and the net OPEB liability/asset reported on the statement of net position represents a liability or asset to employees for pensions and OPEB, respectively. Pensions and OPEB are a component of exchange transactions – between an employer and its employees – of salaries and benefits for employee services. Pensions are provided to an employee – on a deferred-payment basis – as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for pensions is a present obligation because it was created as a result of employment exchanges that already have occurred.

The net pension liability/asset and the net OPEB liability/asset represent the County's proportionate share of each pension/OPEB plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension/OPEB plan's fiduciary net position. The net pension/OPEB liability/asset calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost-of-living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting this estimate annually.

Ohio Revised Code limits the County's obligation for this liability to annually required payments. The County cannot control benefit terms or the manner in which pensions/OPEB are financed; however, the County does receive the benefit of employees' services in exchange for compensation including pension and OPEB.

GASB 68/75 assumes the liability/asset is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires funding to come from these employers. All pension contributions to date have come solely from these employers (which also includes pension costs paid in the form of withholdings from employees). The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits. In addition, health care plan enrollees pay a portion of the health care costs in the form of a monthly premium. State statute requires the retirement systems to amortize unfunded pension liabilities within 30 years. If the pension amortization period exceeds 30 years, each retirement system's board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension/OPEB liability/asset. Resulting adjustments to the net pension/OPEB liability/asset would be effective when the changes are legally enforceable. The Ohio revised Code permits, but does not require the retirement systems to provide health care to eligible benefit recipients.

The proportionate share of each plan's unfunded benefits is presented as a long-term net pension/OPEB liability/asset on the accrual basis of accounting. Any liability for the contractually-required pension/OPEB contribution outstanding at the end of the year is included in due to other governments on both the accrual and modified accrual bases of accounting.

The remainder of this note includes the pension disclosures. See Note 16 for the OPEB disclosures.

Plan Description - Ohio Public Employees Retirement System (OPERS)

Plan Description - County employees, other than full-time teachers, participate in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans. The traditional pension plan is a cost-sharing, multiple-employer defined benefit pension plan. The member-directed plan is a defined contribution plan and the combined plan is a combination cost-sharing, multiple-employer defined benefit/defined contribution pension plan. Participating employers are divided into state, local, law enforcement and public safety divisions. While members in the state and local divisions may participate in all three plans, law enforcement and public safety divisions exist only within the traditional plan.

HANCOCK COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2020

NOTE 15 - DEFINED BENEFIT PENSION PLANS - (Continued)

OPERS provides retirement, disability, survivor and death benefits, and annual cost of living adjustments to members of the traditional and combined plans. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report that includes financial statements, required supplementary information and detailed information about OPERS' fiduciary net position that may be obtained by visiting <https://www.opers.org/financial/reports.shtml>, by writing to the Ohio Public Employees Retirement System, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling 800-222-7377.

Senate Bill (SB) 343 was enacted into law with an effective date of January 7, 2013. In the legislation, members in the traditional and combined plans were categorized into three groups with varying provisions of the law applicable to each group. The following table provides age and service requirements for retirement and the retirement formula applied to final average salary (FAS) for the three member groups under the traditional and combined plans as per the reduced benefits adopted by SB 343 (see OPERS Comprehensive Annual Financial Report referenced above for additional information, including requirements for reduced and unreduced benefits):

Group A Eligible to retire prior to January 7, 2013 or five years after January 7, 2013	Group B 20 years of service credit prior to January 7, 2013 or eligible to retire ten years after January 7, 2013	Group C Members not in other Groups and members hired on or after January 7, 2013
State and Local	State and Local	State and Local
Age and Service Requirements: Age 60 with 60 months of service credit or Age 55 with 25 years of service credit	Age and Service Requirements: Age 60 with 60 months of service credit or Age 55 with 25 years of service credit	Age and Service Requirements: Age 57 with 25 years of service credit or Age 62 with 5 years of service credit

Final Average Salary (FAS) represents the average of the three highest years of earnings over a member's career for Groups A and B. Group C is based on the average of the five highest years of earnings over a member's career.

HANCOCK COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

NOTE 15 - DEFINED BENEFIT PENSION PLANS - (Continued)

Members who retire before meeting the age and years of service credit requirement for unreduced benefits receive a percentage reduction in the benefit amount. The initial amount of a member's pension benefit is vested upon receipt of the initial benefit payment for calculation of an annual cost-of-living adjustment.

When a traditional plan benefit recipient has received benefits for 12 months, current law provides for an annual cost of living adjustment (COLA). This COLA is calculated on the base retirement benefit at the date of retirement and is not compounded. Members retiring under the combined plan receive a cost-of-living adjustment on the defined benefit portion of their pension benefit. For those who retired prior to January 7, 2013, the cost of living adjustment is 3 percent. For those retiring subsequent to January 7, 2013, beginning in calendar year 2019, current law provides that the COLA will be based on the average percentage increase in the Consumer Price Index, capped at 3.00%.

Defined contribution plan benefits are established in the plan documents, which may be amended by the Board. Member-directed plan and combined plan members who have met the retirement eligibility requirements may apply for retirement benefits. The amount available for defined contribution benefits in the combined plan consists of the member's contributions plus or minus the investment gains or losses resulting from the member's investment selections. Combined plan members wishing to receive benefits must meet the requirements for both the defined benefit and defined contribution plans. Member-directed participants must have attained the age of 55, have money on deposit in the defined contribution plan and have terminated public service to apply for retirement benefits. The amount available for defined contribution benefits in the member-directed plan consists of the members' contributions, vested employer contributions and investment gains or losses resulting from the members' investment selections. Employer contributions and associated investment earnings vest over a five-year period, at a rate of 20 percent each year. At retirement, members may select one of several distribution options for payment of the vested balance in their individual OPERS accounts. Options include the annuitization of the benefit (which includes joint and survivor options), partial lump-sum payments (subject to limitations), a rollover of the vested account balance to another financial institution, receipt of entire account balance, net of taxes withheld, or a combination of these options.

Beginning in 2022, the Combined Plan will be consolidated under the Traditional Pension Plan (defined benefit plan) and the Combined Plan option will no longer be available for new hires beginning in 2022.

HANCOCK COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2020

NOTE 15 - DEFINED BENEFIT PENSION PLANS - (Continued)

Funding Policy - The Ohio Revised Code (ORC) provides statutory authority for member and employer contributions as follows:

	<u>State and Local</u>	<u>Public Safety</u>	<u>Law Enforcement</u>
2020 Statutory Maximum Contribution Rates			
Employer	14.0 %	18.1 %	18.1 %
Employee *	10.0 %	**	***
2020 Actual Contribution Rates			
Employer:			
Pension	14.0 %	18.1 %	18.1 %
Post-employment Health Care Benefits ****	<u>0.0 %</u>	<u>0.0 %</u>	<u>0.0 %</u>
Total Employer	<u>14.0 %</u>	<u>18.1 %</u>	<u>18.1 %</u>
Employee	<u>10.0 %</u>	<u>12.0 %</u>	<u>13.0 %</u>

* This rate is determined by OPERS' Board and has no maximum rate established by ORC.

** This rate is also determined by OPERS' Board, but is limited by ORC to not more than 2 percent greater than the Public Safety rate.

*** Member contributions within the combined plan are not used to fund the defined benefit retirement allowance

**** This employer health care rate is for the traditional and combined plans. The employer contribution for the member-directed plan is 4.00%.

Employer contribution rates are actuarially determined and are expressed as a percentage of covered payroll.

The County's contractually required contribution for the Traditional Pension Plan, the Combined Plan and Member-Directed Plan was \$3,021,358 for 2020. Of this amount, \$188,486 is reported as due to other governments.

Plan Description - State Teachers Retirement System (STRS)

Plan Description – County licensed teachers and other faculty members participate in STRS Ohio, a cost-sharing multiple employer public employee system administered by STRS. STRS provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS issues a stand-alone financial report that includes financial statements, required supplementary information, and detailed information about STRS' fiduciary net position. That report can be obtained by writing to STRS, 275 E. Broad St., Columbus, OH 43215-3771, by calling (888) 227-7877, or by visiting the STRS Web site at www.strsoh.org.

New members have a choice of three retirement plans; a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan, and a Combined Plan. Benefits are established by Ohio Revised Code Chapter 3307.

The DB plan offers an annual retirement allowance based on final average salary multiplied by a percentage that varies based on years of service. Effective August 1, 2015, the calculation is 2.20% of final average salary for the five highest years of earnings multiplied by all years of service. In April 2017, the Retirement Board made the decision to reduce COLA granted on or after July 1, 2017, to 0.00% to preserve the fiscal integrity of the retirement system. Benefit recipients' base benefit and past cost-of living increases are not affected by this change. Eligibility changes will be phased in until August 1, 2026, when retirement eligibility for unreduced benefits will be five year of service credit and age 65, or 35 years of service credit and at least age 60.

HANCOCK COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

NOTE 15 - DEFINED BENEFIT PENSION PLANS - (Continued)

Eligibility changes for DB Plan members who retire with actuarially reduced benefits will be phased in until August 1, 2023, when retirement eligibility will be five years of qualifying service credit and age 60, or 30 years of service credit at any age.

The DC Plan allows members to place all their member contributions and 9.53% of the 14.00% employer contributions into an investment account. The member determines how to allocate the member and employer money among various investment choices offered by STRS. The remaining 4.47% of the 14.00% employer rate is allocated to the defined benefit unfunded liability. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal.

The Combined Plan offers features of both the DB Plan and the DC Plan. In the Combined Plan, 12.00% of the 14.00% member rate is deposited into the member's DC account and the remaining 2.00% is applied to the DB Plan. Member contributions to the DC Plan are allocated among investment choices by the member, and contributions to the DB Plan from the employer and the member are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The defined benefit portion of the Combined Plan payment is payable to a member on or after age 60 with five years of service. The defined contribution portion of the account may be taken as a lump sum payment or converted to a lifetime monthly annuity at age fifty and after termination of employment.

New members who choose the DC plan or Combined Plan will have another opportunity to reselect a permanent plan during their fifth year of membership. Members may remain in the same plan or transfer to another STRS plan. The optional annuitization of a member's defined contribution account or the defined contribution portion of a member's Combined Plan account to a lifetime benefit results in STRS bearing the risk of investment gain or loss on the account. STRS has therefore included all three plan options as one defined benefit plan for GASB 68 reporting purposes.

A DB or Combined Plan member with five or more years of credited service who is determined to be disabled may qualify for a disability benefit. New members must have at least ten years of qualifying service credit that apply for disability benefits. Members in the DC Plan who become disabled are entitled only to their account balance. Eligible survivors of members who die before service retirement may qualify for monthly benefits. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Funding Policy – Employer and member contribution rates are established by the State Teachers Retirement Board and limited by Chapter 3307 of the Ohio Revised Code. The 2020 employer and employee contribution rate of 14.00% was equal to the statutory maximum rates. For 2020, the full employer contribution was allocated to pension.

The County's contractually required contribution to STRS was \$31,424 for 2020. Of this amount, \$1,634 is reported as due to other governments.

Net Pension Liabilities/Assets, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The net pension liability and net pension asset for the OPERS were measured as of December 31, 2019, and the total pension liability or asset used to calculate the net pension liability or asset was determined by an actuarial valuation as of that date. STRS's total pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The County's proportion of the net pension liability or asset was based on the County's share of contributions to the pension plan relative to the contributions of all participating entities.

HANCOCK COUNTY, OHIO

Actuarial Assumptions - OPERS

Actuarial valuations of an ongoing plan involve estimates of the values of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and cost trends. Actuarially determined amounts are subject to continual review or modification as actual results are compared with past expectations and new estimates are made about the future.

HANCOCK COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2020

NOTE 15 - DEFINED BENEFIT PENSION PLANS - (Continued)

Projections of benefits for financial-reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation. The total pension liability was determined by an actuarial valuation as of December 31, 2019, using the following actuarial assumptions applied to all periods included in the measurement in accordance with the requirements of GASB 67. Key methods and assumptions used in the latest actuarial valuation, reflecting experience study results, prepared as of December 31, 2019, are presented below.

Wage inflation	3.25%
Future salary increases, including inflation	3.25% to 10.75% including wage inflation
COLA or ad hoc COLA	Pre 1/7/2013 retirees: 3.00%, simple Post 1/7/2013 retirees: 1.40%, simple through 2020, then 2.15% simple
Investment rate of return	
Current measurement date	7.20%
Prior measurement date	7.20%
Actuarial cost method	Individual entry age

In October 2019, the OPERS Board adopted a change in COLA for Post-January 7, 2013 retirees, changing it from 3.00% simple through 2018 then 2.15% simple to 1.40% simple through 2020 the 2.15% simple.

Pre-retirement mortality rates are based on the RP-2014 Employees mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Post-retirement mortality rates are based on the RP-2014 Healthy Annuitant mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Post-retirement mortality rates for disabled retirees are based on the RP-2014 Disabled mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Mortality rates for a particular calendar year are determined by applying the MP-2015 mortality improvement scale to all of the above described tables.

The most recent experience study was completed for the five-year period ended December 31, 2015.

During 2019, OPERS managed investments in three investment portfolios: the Defined Benefit portfolio, the Health Care portfolio, and the Defined Contribution portfolio. The Defined Benefit portfolio contains the investment assets for the Traditional Pension Plan, the defined benefit component of the Combined Plan and the annuitized accounts of the Member-Directed Plan. Within the Defined Benefit portfolio, contributions into the plans are all recorded at the same time, and benefit payments all occur on the first of the month. Accordingly, the money-weighted rate of return is considered to be the same for all plans within the portfolio. The annual money-weighted rate of return expressing investment performance, net of investment expenses and adjusted for the changing amounts actually invested, for the Defined Benefit portfolio was 17.20% for 2019.

The allocation of investment assets with the Defined Benefit portfolio is approved by the Board of Trustees as outlined in the annual investment plan. Plan assets are managed on a total return basis with a long-term objective of achieving and maintaining a fully funded status for the benefits provided through the defined benefit pension plans. The long-term expected rate of return on defined benefit investment assets was determined using a building-block method in which best-estimate ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected real rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adjusted for inflation. Best estimates of arithmetic real rates of return were provided by the Board's investment consultant.

HANCOCK COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2020

NOTE 15 - DEFINED BENEFIT PENSION PLANS - (Continued)

For each major asset class that is included in the Defined Benefit portfolio's target asset allocation as of December 31, 2019, these best estimates are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Weighted Average Long-Term Expected Real Rate of Return (Arithmetic)</u>
Fixed income	25.00 %	1.83 %
Domestic equities	19.00	5.75
Real estate	10.00	5.20
Private equity	12.00	10.70
International equities	21.00	7.66
Other investments	13.00	4.98
Total	<u>100.00 %</u>	<u>5.61 %</u>

Discount Rate - The discount rate used to measure the total pension liability/asset was 7.20%, post-experience study results, for the Traditional Pension Plan, the Combined Plan and Member-Directed Plan. The discount rate used to measure total pension liability prior to December 31, 2019 was 7.20%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and those of the contributing employers are made at the contractually required rates, as actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefits payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments for the Traditional Pension Plan, Combined Plan and Member-Directed Plan was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the County's Proportionate Share of the Net Pension Liability/Asset to Changes in the Discount Rate - The following table presents the proportionate share of the net pension liability/asset calculated using the current period discount rate assumption of 7.20%, as well as what the proportionate share of the net pension liability/asset would be if it were calculated using a discount rate that is one-percentage-point lower (6.20%) or one-percentage-point higher (8.20%) than the current rate:

	<u>1% Decrease</u>	<u>Current Discount Rate</u>	<u>1% Increase</u>
County's proportionate share of the net pension liability (asset):			
Traditional Pension Plan	\$ 47,581,225	\$ 28,848,933	\$ 12,009,151
Combined Plan	(188,953)	(312,708)	(401,900)
Member-Directed Plan	(1,572)	(2,971)	(3,929)

Actuarial Assumptions - State Teachers Retirement System (STRS)

All disclosures related to the actuarial assumptions relate to the amounts used for the net pension liability for STRS which was measured as of June 30, 2020.

HANCOCK COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2020

NOTE 15 - DEFINED BENEFIT PENSION PLANS - (Continued)

Key methods and assumptions used in the latest actuarial valuation, reflecting experience study results used in the July 1, 2020, actuarial valuation are presented below:

Inflation	2.50%
Projected salary increase	12.50% at age 20 to 2.50% at age 65
Investment Rate of Return	7.45%, net of investment expenses, including inflation
Discount rate of return	7.45%
Payroll Increases	3.00%
Cost-of-Living Adjustments (COLA)	0.00%, effective July 1, 2017

Post-retirement mortality rates for healthy retirees are based on the RP-2014 Annuitant Mortality Table with 50.00% of rates through age 69, 70.00% of rates between ages 70 and 79, 90.00% of rates between ages 80 and 84, and 100.00% of rates thereafter, projected forward generationally using mortality improvement scale MP-2016. Pre-retirement mortality rates are based on RP-2014 Employee Mortality Table, projected forward generationally using mortality improvement scale MP-2016. Post-retirement disabled mortality rates are based on the RP-2014 Disabled Mortality Table with 90.00% of rates for males and 100.00% of rates for females, projected forward generationally using mortality improvement scale MP-2016.

Actuarial assumptions used in the July 1, 2020, valuation are based on the results of an actuarial experience study for the period July 1, 2011 through June 30, 2016.

STRS' investment consultant develops an estimate range for the investment return assumption based on the target allocation adopted by the Retirement Board. The target allocation and long-term expected rate of return for each major asset class are summarized as follows:

Asset Class	Target Allocation	Long-Term Expected Rate of Return*
Domestic equity	28.00 %	7.35 %
International equity	23.00	7.55
Alternatives	17.00	7.09
Fixed income	21.00	3.00
Real estate	10.00	6.00
Liquid reserves	1.00	2.25
Total	100.00 %	

* 10 year annualized geometric nominal returns, which include the real rate of return and inflation of 2.25% and does not include investment expenses. Over a 30-year period, STRS' investment consultant indicates that the above target allocations should generate a return above the actuarial rate of return, without net value added by management.

HANCOCK COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2020

NOTE 15 - DEFINED BENEFIT PENSION PLANS - (Continued)

Discount Rate - The discount rate used to measure the total pension liability was 7.45% as of June 30, 2020. The projection of cash flows used to determine the discount rate assumes that member and employer contributions will be made at the statutory contribution rates in accordance with rate increases described above. For this purpose, only employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Based on those assumptions, STRS' fiduciary net position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2020. Therefore, the long-term expected rate of return on pension plan investments of 7.45% was applied to all periods of projected benefit payment to determine the total pension liability as of June 30, 2020.

Sensitivity of the County's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate - The following table presents the County's proportionate share of the net pension liability calculated using the current period discount rate assumption of 7.45%, as well as what the County's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one-percentage-point lower (6.45%) or one-percentage-point higher (8.45%) than the current rate:

	1% Decrease	Current Discount Rate	1% Increase
County's proportionate share of the net pension liability:	\$ 659,037	\$ 462,863	\$ 296,623

NOTE 16 - DEFINED BENEFIT OPEB PLANS

Net OPEB Liability/Asset

See Note 15 for a description of the net OPEB liability/asset.

Plan Description - Ohio Public Employees Retirement System (OPERS)

Plan Description - The Ohio Public Employees Retirement System (OPERS) administers three separate pension plans: the traditional pension plan, a cost-sharing, multiple-employer defined benefit pension plan; the member-directed plan, a defined contribution plan; and the combined plan, a cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan.

OPERS maintains a cost-sharing, multiple-employer defined benefit post-employment health care trust, which funds multiple health care plans including medical coverage, prescription drug coverage and deposits to a Health Reimbursement Arrangement to qualifying benefit recipients of both the traditional pension and the combined plans. This trust is also used to fund health care for member-directed plan participants, in the form of a Retiree Medical Account (RMA). At retirement or refund, member directed plan participants may be eligible for reimbursement of qualified medical expenses from their vested RMA balance.

In order to qualify for postemployment health care coverage, age and service retirees under the traditional pension and combined plans must have twenty or more years of qualifying Ohio service credit. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available. The health care coverage provided by OPERS meets the definition of an Other Post Employment Benefit (OPEB) as described in GASB Statement 75. See OPERS' Annual Report referenced below for additional information.

The Ohio Revised Code permits, but does not require OPERS to provide health care to its eligible benefit recipients. Authority to establish and amend health care coverage is provided to the Board in Chapter 145 of the Ohio Revised Code.

HANCOCK COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

NOTE 16 - DEFINED BENEFIT OPEB PLANS - (Continued)

Disclosures for the health care plan are presented separately in the OPERS financial report. Interested parties may obtain a copy by visiting <https://www.opers.org/financial/reports.shtml>, by writing to OPERS, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling (614) 222-5601 or 800-222-7377.

Funding Policy - The Ohio Revised Code provides the statutory authority allowing public employers to fund postemployment health care through their contributions to OPERS. When funding is approved by OPERS' Board of Trustees, a portion of each employer's contribution to OPERS is set aside to fund OPERS health care plans. Beginning in 2018, OPERS no longer allocated a portion of its employer contributions to health care for the traditional plan and the combined plan.

Employer contribution rates are expressed as a percentage of the earnable salary of active members. In 2020, state and local employers contributed at a rate of 14.00% of earnable salary and public safety and law enforcement employers contributed at 18.10%. These are the maximum employer contribution rates permitted by the Ohio Revised Code. Active member contributions do not fund health care.

Each year, the OPERS Board determines the portion of the employer contribution rate that will be set aside to fund health care plans. As recommended by OPERS' actuary, the portion of employer contributions allocated to health care was 0.00% for the Traditional and Combined plans. The OPERS Board is also authorized to establish rules for the retiree or their surviving beneficiaries to pay a portion of the health care provided. Payment amounts vary depending on the number of covered dependents and the coverage selected. The employer contribution as a percentage of covered payroll deposited into the RMA for participants in the Member-Directed Plan for 2020 was 4.00%.

Employer contribution rates are actuarially determined and are expressed as a percentage of covered payroll. The County's contractually required contribution was \$22,113 for 2020. Of this amount, \$1,380 is reported as due to other governments.

Plan Description - State Teachers Retirement System (STRS)

Plan Description – The State Teachers Retirement System of Ohio (STRS) administers a cost-sharing Health Plan administered for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS. Ohio law authorizes STRS to offer this plan. Benefits include hospitalization, physicians' fees, prescription drugs and partial reimbursement of monthly Medicare Part B premiums. Medicare Part B premium reimbursements will be discontinued effective January 1, 2021. The Plan is included in the report of STRS which can be obtained by visiting www.strsoh.org or by calling (888) 227-7877.

Funding Policy – Ohio Revised Code Chapter 3307 authorizes STRS to offer the Plan and gives the Retirement Board discretionary authority over how much, if any, of the health care costs will be absorbed by STRS. Active employee members do not contribute to the Health Care Plan. All benefit recipients pay a portion of the health care costs in the form of a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions, currently 14.00% of covered payroll. For 2020, STRS did not allocate any employer contributions to post-employment health care.

Net OPEB Liabilities/Assets, OPEB Expense, and Deferred Outflows or Resources and Deferred Inflows of Resources Related to OPEB

The net OPEB liability and total OPEB liability for OPERS were determined by an actuarial valuation as of December 31, 2018, rolled forward to the measurement date of December 31, 2019, by incorporating the expected value of health care cost accruals, the actual health care payment, and interest accruals during the year. STRS's total OPEB asset was measured as of June 30, 2020, and the total OPEB asset used to calculate the net OPEB asset was determined by an actuarial valuation as of that date. The County's proportion of the net OPEB asset was based on the County's share of contributions to the retirement plan relative to the contributions of all participating entities.

HANCOCK COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2020

NOTE 16 - DEFINED BENEFIT OPEB PLANS - (Continued)

Following is information related to the proportionate share and OPEB expense:

	<u>OPERS</u>	<u>STRS</u>	<u>Total</u>
Proportion of the net OPEB liability prior measurement date	0.14974200%	0.00237864%	
Proportion of the net OPEB liability current measurement date	<u>0.15094300%</u>	<u>0.00191294%</u>	
Change in proportionate share	<u>0.00120100%</u>	<u>-0.00046570%</u>	
Proportionate share of the net OPEB liability	\$ 19,805,726	\$ -	\$ 19,805,726

2024	(430,942)	(7,889)	(438,831)
2025	-	(2,034)	(2,034)
Thereafter	-	(1,731)	(1,731)
Total	<u>\$ 470,281</u>	<u>\$ (37,204)</u>	<u>\$ 433,077</u>

Actuarial Assumptions - OPERS

Actuarial valuations of an ongoing plan involve estimates of the values of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and cost trends. Actuarially determined amounts are subject to continual review or modification as actual results are compared with past expectations and new estimates are made about the future.

HANCOCK COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2020

NOTE 16 - DEFINED BENEFIT OPEB PLANS - (Continued)

Projections of health care costs for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of coverage provided at the time of each valuation and the historical pattern of sharing of costs between OPERS and plan members. The total OPEB liability was determined by an actuarial valuation as of December 31, 2018, rolled forward to the measurement date of December 31, 2019. The actuarial valuation used the following actuarial assumptions applied to all prior periods included in the measurement in accordance with the requirements of GASB 74:

Wage Inflation	3.25%
Projected Salary Increases, including inflation	3.25 to 10.75% including wage inflation
Single Discount Rate:	
Current measurement date	3.16%
Prior Measurement date	3.96%
Investment Rate of Return	
Current measurement date	6.00%
Prior Measurement date	6.00%
Municipal Bond Rate	
Current measurement date	2.75%
Prior Measurement date	3.71%
Health Care Cost Trend Rate	
Current measurement date	10.50% initial, 3.50% ultimate in 2030
Prior Measurement date	7.50%, initial 3.25%, ultimate in 2029
Actuarial Cost Method	Individual Entry Age Normal

Pre-retirement mortality rates are based on the RP-2014 Employees mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Post-retirement mortality rates are based on the RP-2014 Healthy Annuitant mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Post-retirement mortality rates for disabled retirees are based on the RP-2014 Disabled mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Mortality rates for a particular calendar year are determined by applying the MP-2015 mortality improvement scale to all of the above described tables.

The most recent experience study was completed for the five-year period ended December 31, 2015.

The long-term expected rate of return on health care investment assets was determined using a building-block method in which best-estimate ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected real rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adjusted for inflation.

HANCOCK COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2020

NOTE 16 - DEFINED BENEFIT OPEB PLANS - (Continued)

During 2019, OPERS managed investments in three investment portfolios: the Defined Benefit portfolio, the Health Care portfolio and the Defined Contribution portfolio. The Health Care portfolio includes the assets for health care expenses for the Traditional Pension Plan, Combined Plan and Member-Directed Plan eligible members. Within the Health Care portfolio, if any contribution are made into the plans, the contributions are assumed to be received continuously throughout the year based on the actual payroll payable at the time contributions are made. Health care-related payments are assumed to occur mid-year. Accordingly, the money-weighted rate of return is considered to be the same for all plans within the portfolio. The annual money-weighted rate of return expressing investment performance, net of investment expenses and adjusted for the changing amounts actually invested, for the Health Care portfolio was 19.70% for 2019.

The allocation of investment assets within the Health Care portfolio is approved by the Board of Trustees as outlined in the annual investment plan. Assets are managed on a total return basis with a long-term objective of continuing to offer a sustainable health care program for current and future retirees. OPERS' primary goal is to achieve and maintain a fully funded status for the benefits provided through the defined pension plans. Health care is a discretionary benefit. The long-term expected rate of return on health care investment assets was determined using a building-block method in which best-estimate ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected real rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adjusted for inflation.

For each major asset class that is included in the Health Care's portfolio's target asset allocation as of December 31, 2019, these best estimates are summarized in the following table:

Asset Class	Target Allocation	Weighted Average Long-Term Expected Real Rate of Return (Arithmetic)
Fixed Income	36.00 %	1.53 %
Domestic Equities	21.00	5.75
Real Estate Investment Trust	6.00	5.69
International Equities	23.00	7.66
Other investments	14.00	4.90
Total	<u>100.00 %</u>	<u>4.55 %</u>

Discount Rate - A single discount rate of 3.16% was used to measure the OPEB liability on the measurement date of December 31, 2019. A single discount rate of 3.96% was used to measure the OPEB liability on the measurement date of December 31, 2018. Projected benefit payments are required to be discounted to their actuarial present value using a single discount rate that reflects (1) a long-term expected rate of return on OPEB plan investments (to the extent that the health care fiduciary net position is projected to be sufficient to pay benefits), and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating as of the measurement date (to the extent that the contributions for use with the long-term expected rate are not met). This single discount rate was based on an expected rate of return on the health care investment portfolio of 6.00% and a municipal bond rate of 2.75%. The projection of cash flows used to determine this single discount rate assumed that employer contributions will be made at rates equal to the actuarially determined contribution rate. Based on these assumptions, the health care fiduciary net position and future contributions were sufficient to finance health care costs through 2034. As a result, the long-term expected rate of return on health care investments was applied to projected costs through the year 2034, and the municipal bond rate was applied to all health care costs after that date.

HANCOCK COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2020

NOTE 16 - DEFINED BENEFIT OPEB PLANS - (Continued)

Sensitivity of the County's Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate - The following table presents the proportionate share of the net OPEB liability calculated using the single discount rate of 3.16%, as well as what the proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is one-percentage-point lower (2.16%) or one-percentage-point higher (4.16%) than the current rate:

	1% Decrease	Current Discount Rate	1% Increase
County's proportionate share of the net OPEB liability	\$ 25,918,968	\$ 19,805,726	\$ 14,911,006

Sensitivity of the County's Proportionate Share of the Net OPEB Liability to Changes in the Health Care Cost Trend Rate - Changes in the health care cost trend rate may also have a significant impact on the net OPEB liability. The following table presents the net OPEB liability calculated using the assumed trend rates, and the expected net OPEB liability if it were calculated using a health care cost trend rate that is 1.00% lower or 1.00% higher than the current rate.

Retiree health care valuations use a health care cost-trend assumption that changes over several years built into the assumption. The near-term rates reflect increases in the current cost of health care; the trend starting in 2020 is 10.50%. If this trend continues for future years, the projection indicates that years from now virtually all expenditures will be for health care. A more reasonable alternative is that in the not-too-distant future, the health plan cost trend will decrease to a level at, or near, wage inflation. On this basis, the actuaries project premium rate increases will continue to exceed wage inflation for approximately the next decade, but by less each year, until leveling off at an ultimate rate, assumed to be 3.50% in the most recent valuation.

	1% Decrease	Current Health Care Trend Rate Assumption	1% Increase
County's proportionate share of the net OPEB liability	\$ 19,221,275	\$ 19,805,726	\$ 20,382,724

Changes between Measurement Date and Reporting Date

On January 15, 2020, the Board approved several changes to the health care plan offered to Medicare and pre-Medicare retirees in efforts to decrease costs and increase the solvency of the health care plan. These changes are effective January 1, 2022, and include changes to base allowances and eligibility for Medicare retirees, as well as replacing OPERS-sponsored medical plans for pre-Medicare retirees with monthly allowances, similar to the program for Medicare retirees. These changes are not reflected in the current year financial statements but are expected to decrease the associated OPEB liability.

HANCOCK COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2020

NOTE 16 - DEFINED BENEFIT OPEB PLANS - (Continued)

Actuarial Assumptions - State Teachers Retirement System (STRS)

Key methods and assumptions used in the latest actuarial valuation, reflecting experience study results used in the July 1, 2020, actuarial valuation, compared with July 1, 2019, are presented below:

	July 1, 2020		July 1, 2019	
Inflation	2.50%		2.50%	
Projected salary increases	12.50% at age 20 to 2.50% at age 65		12.50% at age 20 to 2.50% at age 65	
Investment rate of return	7.45%, net of investment expenses, including inflation		7.45%, net of investment expenses, including inflation	
Payroll increases	3.00%		3.00%	
Cost-of-living adjustments (COLA)	0.00%		0.00%	
Discounted rate of return	7.45%		7.45%	
Blended discount rate of return	N/A		N/A	
Health care cost trends				
	Initial	Ultimate	Initial	Ultimate
Medical				
Pre-Medicare	5.00%	4.00%	5.87%	4.00%
Medicare	-6.69%	4.00%	4.93%	4.00%
Prescription Drug				
Pre-Medicare	6.50%	4.00%	7.73%	4.00%
Medicare	11.87%	4.00%	9.62%	4.00%

Projections of benefits include the historical pattern of sharing benefit costs between the employers and retired plan members.

For healthy retirees the mortality rates are based on the RP-2014 Annuitant Mortality Table with 50% of rates through age 69, 70% of rates between ages 70 and 79, 90% of rates between ages 80 and 84, and 100% of rates thereafter, projected forward generationally using mortality improvement scale MP-2016. For disabled retirees, mortality rates are based on the RP-2014 Disabled Mortality Table with 90% of rates for males and 100% of rates for females, projected forward generationally using mortality improvement scale MP-2016.

Actuarial assumptions used in the June 30, 2020 valuation are based on the results of an actuarial experience study for the period July 1, 2011 through June 30, 2016.

Assumption Changes Since the Prior Measurement Date - There were no changes in assumptions since the prior measurement date of June 30, 2019.

Benefit Term Changes Since the Prior Measurement Date - There was no change to the claims costs process. Claim curves were trended to the fiscal year ending June 30, 2020 to reflect the current price renewals. The non-Medicare subsidy percentage was increased effective January 1, 2020 from 1.944% to 1.984% per year of service. The non-Medicare frozen subsidy base premium was increased effective January 1, 2020. The Medicare subsidy percentages were adjusted effective January 1, 2021 to 2.1% for the Medicare plan. The Medicare Part B monthly reimbursement elimination date was postponed to January 1, 2021.

HANCOCK COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2020

NOTE 16 - DEFINED BENEFIT OPEB PLANS - (Continued)

STRS' investment consultant develops an estimate range for the investment return assumption based on the target allocation adopted by the Retirement Board. The target allocation and long-term expected rate of return for each major asset class are summarized as follows:

Asset Class	Target Allocation*	Long-Term Expected Real Rate of Return **
Domestic Equity	28.00 %	7.35 %
International Equity	23.00	7.55
Alternatives	17.00	7.09
Fixed Income	21.00	3.00
Real Estate	10.00	6.00
Liquidity Reserves	1.00	2.25
Total	<u>100.00 %</u>	

**10-Year geometric nominal returns, which include the real rate of return and inflation of 2.25% and does not include investment expenses. Over a 30-year period, STRS' investment consultant indicates that the above target allocations should generate a return above the actuarial rate of return, without net value added by management.

Discount Rate - The discount rate used to measure the total OPEB asset was 7.45% as of June 30, 2020. The projection of cash flows used to determine the discount rate assumes STRS Ohio continues to allocate no employer contributions to the health care fund. Based on these assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members. Therefore, the long-term expected rate of return on health care plan investments of 7.45% was used to measure the total OPEB asset as of June 30, 2020.

Sensitivity of the County's Proportionate Share of the Net OPEB Asset to Changes in the Discount and Health Care Cost Trend Rate - The following table represents the net OPEB asset as of June 30, 2020, calculated using the current period discount rate assumption of 7.45%, as well as what the net OPEB asset would be if it were calculated using a discount rate that is one percentage point lower (6.45%) or one percentage point higher (8.45%) than the current assumption. Also shown is the net OPEB asset as if it were calculated using health care cost trend rates that are one percentage point lower or one percentage point higher than the current health care cost trend rates.

	1% Decrease	Current Discount Rate	1% Increase
	County's proportionate share of the net OPEB asset	\$ 29,251	\$ 33,620

	1% Decrease	Current Trend Rate	1% Increase
	County's proportionate share of the net OPEB asset	\$ 37,096	\$ 33,620

NOTE 17 - COMPENSATED ABSENCES

County employees earn vacation and sick leave at varying rates depending on length of service and department policy. All accumulated, unused vacation time is paid upon separation if the employee has at least one year of service with the County. Accumulated, unused sick leave is paid, up to a maximum of 120 days, depending on length of service to employees hired before March 10, 1994, who retire, leave, or due to death. Accumulated, unused sick leave is paid, up to a maximum of 30 days, depending on length of service to employees who retire or due to death for employees hired on or after March 10, 1994.

General Obligation Bonds

On November 4, 2009, the County issued \$3,935,000 in various purpose limited tax general obligation bonds, with interest rates ranging from 2.0 percent to 4.00 percent. The bonds were issued to retire notes originally issued for the Engineers Garage, Jail Security System, Sheriff's Office Radios, County Landfill Improvements and County Landfill Equipment.

On March 14, 2013, the County issued \$2,595,000 in general obligation bonds with interest rates ranging from 0.35-3.375%. The bonds were issued to retire bond anticipation notes originally issued to construct, furnish and equip the engineer's garage.

On March 14, 2013, the County issued \$1,715,000 in Series 2013 BMV one-stop refunding bonds. The bonds were issued to refund \$1,605,000 of the BMV one-stop bonds issued in 2003. This refunded debt is considered defeased (in-substance) and accordingly, has been removed from the statement of net position. The balance of the refunded bonds at December 31, 2019 was \$880,000.

HANCOCK COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

NOTE 19 - LONG-TERM DEBT - (Continued)

The reacquisition price exceeded the net carrying amount of the old debt by \$79,885. This amount is being netted against the new debt and amortized over the remaining life of the refunding debt, which has a final maturity date of December 1, 2026. This advance refunding was undertaken to reduce the combined total debt service payments by \$404,358 and resulted in an economic gain of \$345,344.

During a previous year, \$95,000 of the ADAMHS and \$420,000 of the Agriculture Service Center bonds were refunded by the Series 2016 refunding bonds.

The reacquisition price exceeded the net carrying amount of the old debt by \$613,925. This amount is being netted against the new debt and amortized over the remaining life of the refunded debt, which equals the life of the new debt. This refunding was undertaken to reduce the combined total debt service payments by \$317,722 resulting in an economic gain of \$255,166.

The alcohol, drug addiction and mental health services bonds will be paid with transfers from the alcohol, drug addiction and mental health services special revenue fund.

The Agriculture Service Center refunding bonds were paid from tenants who rent the facilities.

On March 14, 2013, the County issued a total of \$1,285,000 in general obligation bonds with interest rates ranging from 0.35-3.375%. The bonds were issued to retire bond anticipation notes originally issued for Landfill Leachate, Landfill Land Acquisition and Landfill Equipment.

On October 25, 2016, the County issued \$3,350,000 in Various Purpose Improvement and Refunding Bonds, Series 2016 for the following purposes: (i) to refund \$95,000 of the Series 2005 bonds related to the ADAMHS building, (ii) to refund \$1,820,000 of the Series 2007 bonds related to the US 224/CR 300 construction, (iii) to refund a portion of the Series 2015 bond anticipation notes outstanding related to Distribution Dr. and the Beach Joint Ditch, (iv) to refund \$440,000 of the Series 2007 bonds related to the CR95/CR18 sewer district and (v) to refund \$420,000 of Series 2005 bonds related to the agriculture service center. At December 31, 2020, \$1,705,000 of the refunded bonds being held by the escrow agent is still outstanding.

The reacquisition price exceeded the net carrying amount of the old debt by \$108,945. This amount is being netted against the new debt and amortized over the remaining life of the refunded debt, which equals the life of the new debt. This refunding was undertaken to reduce the combined total debt service payments by \$279,493 resulting in an economic gain of \$263,697.

On October 29, 2019, the County issued \$5,800,000 in County Building Improvement Bonds, Series 2019 to build a new building for the juvenile and probate courts. The bonds carry an interest rate of 1.99% and have a final maturity of December 1, 2024. At December 31, 2020, the County had \$5,294,091 in unspent proceeds.

Special Assessment Bonds and OWDA Loans

The special assessment refunding 2013 series bonds and series 2016 refunding - Beach Joint Ditch bonds will be paid from the proceeds of special assessments levied against the benefited property owners. In the event the property owners do not pay their assessment, the County will be responsible for the debt payments.

On November 1, 2004, special assessment bonds were issued with interest rates ranging from 4 percent to 5 percent for various water and sewer projects. The bonds will be paid from the proceeds of special assessments levied against the benefited property owners. In the event the property owners do not pay their assessment, the County will be responsible for the debt payments.

HANCOCK COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

NOTE 19 - LONG-TERM DEBT - (Continued)

On March 14, 2013, the County issued \$695,000 in Series 2013 special assessment refunding bonds. The bonds were issued to refund \$630,000 of the Griffith heights water/sewer project, CR 220 sanitary sewer/Van Buren, US 224 W/Trenton Avenue sewer and McKinley Street waterline special assessment bonds issued in 2004. This refunded debt is considered defeased (in-substance) and accordingly, has been removed from the statement of net position. The balance of the refunded bonds at December 31, 2020 was \$240,000.

The reacquisition price exceeded the net carrying amount of the old debt by \$53,142. This amount is being netted against the new debt and amortized over the remaining life of the refunding debt, which has a final maturity date of December 1, 2024. This advance refunding was undertaken to reduce the combined total debt service payments by \$60,632 and resulted in an economic gain of \$56,914.

The OWDA loans were paid from the proceeds of special assessments levied against the benefited property owners and with transfers from the general fund for the County's portion of the projects. In the event the property owners do not pay their assessment, the County would be responsible for the debt payments. These loans are considered direct borrowings. Direct borrowings have terms negotiated directly between the County and the lender and not offered for public sale.

The special assessment bonds will be paid from special assessment collections. In the event special assessments are not sufficient to cover the principal and interest payments, the general fund will be responsible for making principal and interest payments. The total principal remaining to be paid on the special assessment bonds are \$235,000. Principal and interest for the current year and total assessments received were \$125,000 and \$18,772, respectively.

ADAMH Taxable Affordable Housing Revenue Note

The County issued a \$100,000 taxable affordable housing revenue note on November 24, 2009 to pay a portion of the costs of the Melrose Efficiency Apartment Complex, a supervised living facility owned and operated by ADAMH. Principal and interest payments are payable May 25 and November 25 of each year at an interest rate of 8.50% commencing May 25, 2010. The scheduled maturity date is November 25, 2024. These loans are considered direct borrowings. Direct borrowings have terms negotiated directly between the County and the lender and not offered for public sale.

OPWC Loans

During 2011, the County received an Ohio Public Works Commission (OPWC) interest free loan for the purpose of building a sanitary sewer at the County landfill. The final maturity date of the loan is July 1, 2031.

During 2018, the County received an OPWC interest free loan for the purpose of building a water line at the County landfill. The final maturity date of the loan is July 1, 2038.

These loans are considered direct borrowings. Direct borrowings have terms negotiated directly between the County and the lender and not offered for public sale. In the event of default, the OPWC may (1) charge an 8% default interest rate from the date of the default to the date of the payment and charge the City for all costs incurred by the OPWC in curing the default, (2) in accordance with Ohio Revised Code 164.05, direct the County Treasurer of the County to pay the amount of the default from funds that would otherwise be appropriated to the County from the County's undivided local government fund pursuant to ORC 5747.51-5747.53, or (3) at its discretion, declare the entire principal amount of loan then remaining unpaid, together with all accrued interest and other charges, become immediately due and payable.

HANCOCK COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2020

NOTE 19 - LONG-TERM DEBT - (Continued)

Net Pension Liability, Net OPEB Liability and Compensated Absences

See Note 16 and 17 for details on the net pension liability and net OPEB liability, respectively. The compensated absences liability, net pension liability and net OPEB liability will be paid mainly from the General Fund, Motor Vehicle and Gas Tax, Alcohol, Drug Addiction, and Mental Health, Job and Family Services, Board of Developmental Disabilities, Child Support Enforcement Agency, Real Estate Assessment, Community Corrections, Felony Delinquent Juvenile Care and Custody, Jail Diversion, Emergency Management Agency, Juvenile Diversion, Law Library, Delinquent Real Estate Tax Assessment Collection, Victim's Assistance, COP-CAR Grant, Common Pleas Court General Special Projects and Probation Improvements Special Revenue Funds and the Sanitary Landfill and Agricultural Service Center enterprise funds.

Debt Margin

The Ohio Revised Code provides that the net general obligation debt of the County, exclusive of certain exempt debt, issued without a vote of the electors should not exceed 1 percent of the total assessed valuation of the County. The Revised Code further provides that the total voted and unvoted net debt of the County less the same exempt debt should not exceed a sum equal to 3 percent of the first \$100,000,000, plus 1.5 percent of such valuation in excess of \$100,000,000 and not in excess of \$300,000,000, plus 2.5 percent of such valuation in excess of \$300,000,000.

The effect of the debt limitations described above is an overall debt margin of \$40,536,715 at December 31, 2020.

The following is a summary of the County's future annual debt service requirements for long-term obligations:

Year Ending December 31,	Governmental General Obligation Bonds			Year Ending December 31,	Special Assessment Bonds		
	Principal	Interest	Total		Principal	Interest	Total
2021	\$ 1,640,000	\$ 233,711	\$ 1,873,711	2021	\$ 80,000	\$ 4,832	\$ 84,832

Conduit Debt

In 2017, the County issued \$85,150,000 in hospital facilities revenue bonds. The proceeds were used to acquire, construct, equip, and improve hospital facilities at an acute health care facility for Blanchard Valley Regional Health Center. The County is not obligated in any way to pay the debt charges on the bonds from any of its funds, and therefore, the debt has been excluded entirely from the County's debt presentation. As of December 31, 2020, \$85,150,000 of these bonds was outstanding.

In 2019, the County issued \$5,603,280 in multi-family housing refunding revenue bonds and \$215,000 in multi-family housing revenue bonds. The bonds were used to acquire, construct, improve, and equip real and personal property as a multi-family housing complex for Pedcor Investments. In 2019, The County is not obligated in any way to pay the debt charges on the bonds from any of its funds, and therefore, the debt has been excluded entirely from the County's debt presentation. As of December 31, 2020, \$5,603,280 of these bonds was outstanding.

In 2019, the County issued \$2,408,500 in multi-family housing refunding revenue bonds in multi-family housing revenue bonds. The bonds were used to acquire, construct, improve, and equip real and personal property as a multi-family housing complex for Pedcor Investments. The County is not obligated in any way to pay the debt charges on the bonds from any of its funds, and therefore, the debt has been excluded entirely from the County's debt presentation. As of December 31, 2020, \$2,408,502 of these bonds was outstanding.

In 2007, the County entered into a \$6,756,000 capital lease agreement of Independence House, which is comprised of a skilled nursing facility, rehabilitation facility and independent living apartments located in Fostoria, Ohio. The leasing arrangement will provide hospital facilities to service the residents of the County. The County is not obligated in any way to pay the lease charges on the lease from any of its funds, and therefore, the lease has been excluded entirely from the County's debt presentation. As of December 31, 2020, \$4,034,681 of the lease was outstanding.

NOTE 20 - CLOSURE AND POSTCLOSURE OF LANDFILL

State and federal laws and regulations require the County to place a final cover on its landfill site when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for thirty years after closure. Although closure and postclosure care costs will be paid only near or after the date the landfill stops accepting waste, the County reports a portion of these closure and postclosure costs as an operating expense in each period based on landfill capacity used as of each balance sheet date. The \$11,043,770 reported as landfill closure and postclosure costs payable at December 31, 2020, represents the cumulative amount reported to date based on the use of 53.74% of the estimated capacity of the landfill. The County will recognize the remaining cost of closure and post-closure care of \$9,507,048 as the remaining estimated capacity is filled. These amounts are based on what it would cost to perform all closure and post-closure care in 2020. The County expects to close the active cell of the landfill in 2032. Actual costs may be higher due to inflation, changes in technology, or changes in regulations.

HANCOCK COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2020

NOTE 20 - CLOSURE AND POSTCLOSURE OF LANDFILL - (Continued)

The County is required by State and federal laws and regulations to make annual contributions to a trust to finance closure and postclosure care. The County is in compliance with these requirements, and, at December 31, 2020, cash and cash equivalents in segregated accounts and investments in segregated accounts of \$11,306,296 are held for these purposes. These are reported as restricted assets on the statement of fund net position.

The County expects that future inflation costs will be paid from interest earnings on these annual contributions. However, if interest earnings are inadequate or additional postclosure care requirements are determined (due to changes in technology or applicable laws or regulations, for example), these costs may need to be covered by charges to future landfill users or from future tax revenues.

NOTE 21 - INTERFUND TRANSFERS

During 2020, the following transfers were made:

	Transfers Out		
<u>Transfers In</u>	<u>General</u>	<u>Other Governmental</u>	<u>Total</u>
Nonmajor governmental funds	\$ 1,408,871	\$ 835,760	\$ 2,244,631

Transfers are used to (1) move revenues from the fund that statute or budget required to collect them to the fund that statute or budget requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due, and (3) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

The transfers out of the other governmental funds were for the following purposes:

- (a) the \$146,781 transfer from the Motor Vehicle and Gas Tax Fund to the Motor Vehicle and Gas Tax Bond Retirement Fund was for debt service payments;
- (b) the \$15,022 transfer from the Alcohol, Drug and Mental Health Fund to the ADAMHS Bond Retirement Fund was for debt service payments;
- (c) the \$30,000 transfer from the Alcohol, Drug and Mental Health Fund was to fund the Substance Abuse Fund;
- (d) the \$384,657 transfer from the Job and Family Services fund was to fund the Child Support Enforcement Agency and Children Services fund;
- (e) the \$300 transfer from the Special Improvements Capital Projects Fund to the Special Improvements Bond Retirement Fund was for debt service payments;
- (f) the \$193,000 transfer from Distribution Drive Bond Retirement Fund to the Distribution Drive TIF Fund was for debt service payments;
- (g) the \$26,000 transfer from the Sheriff's Office Capital Projects Fund to the Capital Projects Sheriff Bond Retirement Fund was for debt service payments; and
- (h) the \$40,000 from the Juvenile Probate Capital Projects Fund to the Juvenile Court Bond Retirement Fund was for debt service payments.

All transfers were made in compliance with Ohio Revised Code Sections 5705.14, 5705.15 and 5705.16. Transfers between governmental funds are eliminated on the government-wide financial statements.

HANCOCK COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2020

NOTE 22 - FUND BALANCE

Fund balance is classified as nonspendable, restricted, committed, assigned and/or unassigned based primarily on the extent to which the County is bound to observe constraints imposed upon the use of resources in the governmental funds. The constraints placed on fund balance for the major governmental funds and all other governmental funds are presented below:

Fund balance	General	Board of Developmental Disabilities	Flood Mitigation	Nonmajor Governmental Funds	Total Governmental Funds
Nonspendable:					
Prepayments	\$ 680,022	\$ 55,412	\$ 140	\$ 136,166	\$ 871,740
Materials and supplies inventory	207,730	1,047	-	405,630	614,407
Permanent fund	-	-	-	247,000	247,000

HANCOCK COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2020

NOTE 23 - OTHER COMMITMENTS

The County utilizes encumbrance accounting as part of its budgetary controls. Encumbrances outstanding at year end may be reported as part of restricted, committed, or assigned classifications of fund balance. At year end, the County's commitments for encumbrances in the governmental funds were as follows:

<u>Fund</u>	<u>Year-End Encumbrances</u>
General fund	\$ 696,605
Board of developmental disabilities fund	480,297
Flood Mitigation fund	875,683
Other governmental funds	<u>2,106,519</u>
Total	<u>\$ 4,159,104</u>

NOTE 24 - COMPONENT UNIT

Hancock Community Housing, Inc.

Purpose of the Organization - The Hancock Community Housing, Inc. (the Organization) was incorporated on October 18, 2001 as a 501 C (3) nonprofit organization in the State of Ohio. The entity was created to develop dwellings and provide affordable housing in Hancock County for the occupancy by persons from the county including persons with disabilities. The Organization's main source of revenue is rent income.

Basis of Accounting - The Organization's operates as a self-supporting governmental enterprise and uses accounting policies applicable to governmental enterprise funds. All transactions are accounted for in a single enterprise fund. The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with generally accepted accounting principles (GAAP) as applied to a governmental nonprofit organization. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

Cash and Cash Equivalents - The carrying amount of the cash deposits held by the Organization at December 31, 2020 was \$290,696 and the bank balance was \$292,131. Of the bank balance, \$42,131 was uninsured by federal depository insurance.

Capital asset activity as of December 31, 2020, was as follows:

	Restated Balance <u>12/31/2019</u>	<u>Additions</u>	<u>Reductions</u>	Balance <u>12/31/2020</u>
Land	\$ 196,664	\$ -	\$ -	\$ 196,664

HANCOCK COUNTY, OHIO

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2020**

NOTE 24 - COMPONENT UNIT - (Continued)

Depreciation was taken on the buildings over a twenty-seven and a half year life. Improvements over a fifteen year life; and equipment over a five year life.

Long-Term Note Debt

The following are mortgages of the Organization:

Hancock County Board of Developmental Disabilities
Property located at 1532 Marcelle Avenue
Imputed Interest is presently 4.5% on a non-interest bearing note.
Original Amount at Present Value: \$91,447

Hancock County Board of Developmental Disabilities
Property located at 661 Remington Avenue
Imputed Interest is presently 4.5% on a non-interest bearing note.
Original Amount at Present Value: \$115,017

Hancock County Board of Developmental Disabilities
Property located at 332 Warrington Avenue
Imputed Interest is presently 4.5% on a non-interest bearing note.
Original Amount at Present Value: \$152,000

In September of 2013, the Hancock County Board of Developmental Disabilities (HCBDD) issued a non-interest bearing promissory note in the amount of \$130,300 secured with a mortgage on the property located on Marcelle Street. The HCBDD note outstanding at year end was \$73,033.

In September of 2016, the Hancock County Board of Developmental Disabilities (HCBDD) issued a non-interest bearing promissory note in the amount of \$160,000 secured with a mortgage on the property located at Remington Street. The HCBDD present value of the note outstanding at year end was \$98,765.

In October of 2016, the Hancock County Board of Developmental Disabilities (HCBDD) issued a non-interest bearing promissory note in the amount of \$152,000 secured with a mortgage on the property located at Warrington Street was given by the Organization. The HCBDD present value of the note outstanding at year end was \$100,065.

If the Organization fulfills the duties assigned to it under a "Contract for services" with the HCBDD, then the Organization will receive a credit against the amounts due. Generally Accepted Accounting Principles require that non-interest bearing notes have an imputed interest rate and the note be carried at a discount or present value. The schedule below includes principal and interest payments along with the other mortgages, however, a portion of each annual amount that the Organization is to pay on the HCBDD notes and interest expense should receive a credit as long as the home is used for its intended purpose. The credit earned for this year was recognized in Contribute Capital-grant on the Statement of Revenues, Expenditures and Changes in Net Position in the amount of \$29,487.

HANCOCK COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2020

NOTE 24 - COMPONENT UNIT - (Continued)

The following is a schedule of long-term debt:

	Beginning Balance 12/31/2019	Issued	Redeemed	Ending Balance 12/31/2020	Due Within One Year
Mortgage - HCBDD	\$ 254,249	\$ -	\$ (18,423)	\$ 235,826	\$ 19,268
Totals	\$ 254,249	\$ -	\$ (18,423)	\$ 235,826	\$ 19,268

The annual requirements to amortize all mortgages outstanding as of December 31, 2020, including interest payments of \$58,145 are as follows:

Year Ending December 31,	Principal	Interest	Total
2021	\$ 19,268	\$ 10,218	\$ 29,486
2022	20,154	9,333	29,487
2023	21,080	8,407	29,487
2024	22,048	7,439	29,487
2025	23,061	6,426	29,487
2026 - 2030	130,215	16,322	146,537
Total	\$ 235,826	\$ 58,145	\$ 293,971

Risk Management

The Organization is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets, and natural disasters.

The Organization does not have a "self-insurance" fund with formalized risk management programs. During 2020, the Organization purchased property liability insurance from the USI Insurance & Investments.

Settled claims have not exceeded this commercial coverage in any of the past three years and there has been no significant reduction in insurance coverage from last year.

Tax-Exempt Status

The Organization is a not-for-profit organization that is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Service Code and classified by the Internal Revenue Service as other than a private foundation.

The Organization's Forms 990, Return of Organization Exempt from Income Tax, for the years ending 2017, 2019, and 2020 are subject to examination by the IRS, generally for three years after they are filed.

Prior Period Adjustment

Management determined that capital assets purchased by the Hancock Board of Development Disabilities were not being recognized on the books of account. The following prior period adjustment is made:

Net Assets December 31, 2019	\$ 746,777
Prior Period Adjustment for Capital Assets	<u>(2,383)</u>
Restated Net Assets December 31, 2019	<u>\$ 744,394</u>

HANCOCK COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

NOTE 24 - COMPONENT UNIT - (Continued)

Subsequent Events

On June 25, 2021, the Organization paid ACI Construction Company, Inc. \$66,029 for home improvements to the property at 432 North Main Street. In addition, on June 25, 2021 the Organization issued a promissory note to Ohio Department of Developmental Disabilities (ODODD) for \$122,032. Pursuant to the Funding Agreement, ODODD shall forgive one one-hundred-eightieth (1/180) every month the project and site is used by the Organization for approved developmental disability services licensed by ODODD. To secure the principal and interest for the note, the Organization executed a mortgage on the property located at 432 North Main Street.

NOTE 25 - JOINTLY GOVERNED ORGANIZATIONS

A. Joint Board of County Commissioners for the Blanchard River Stream Enhancement Project

The Joint Board of County Commissioners for the Blanchard River Stream Enhancement Project (Board) is a jointly governed organization among six counties. The Board consists of eighteen members; the three county commissioners of each of the six counties. The Board was formed to approve construction and maintenance for clearing the Blanchard River of logjams and debris. Revenues are generated by assessments and a state grant. Hancock County's portion of the assessments was collected in 1996 for construction and maintenance. Separate financial statements may be obtained from the Blanchard River Stream Enhancement Project, 7868 CR 140, Findlay, Ohio 45840.

B. West Central Partnership, Inc.

The West Central Partnership, Inc. (Partnership) is a jointly governed organization among Allen, Auglaize, Hancock, Hardin, Mercer, Paulding, Putnam, and Van Wert counties. The Partnership was formed to administer local loan programs in these counties for the State of Ohio Department of Development using state funds and to raise money for such purposes and to expend, contribute, disburse, or otherwise handle and dispose of the same for such purposes. The Board of Trustees consists of nine members, including a County Commissioner from each of the member counties and the Director of Region 3, West Central SBDC Partnership. Separate financial statements may be obtained from the West Central Partnership, Inc., 915 West Market Street, Lima, Ohio 45805.

C. Metropolitan Housing Authority

The Metropolitan Housing Authority (Authority) is a jointly governed organization between Hancock County and the City of Findlay. The Authority was established under Section 3735.27 of the Ohio Revised Code to monitor housing accommodations to insure safe and sanitary housing is available to the citizens. Two members of the Board of Trustees are appointed by the Probate Court Judge, two members are appointed by the mayor of the City of Findlay, and one member is appointed by the County Commissioners. Separate financial statements may be obtained from the Metropolitan Housing Authority, 1800 North Blanchard Street, Findlay, Ohio, 45840.

D. Blanchard Valley Port Authority

The Blanchard Valley Port Authority (the "Authority") was established in 2007 and is a jointly governed organization between the City of Findlay and the County. The Authority was established pursuant to Ohio Revised Code Section 4582.21. The purpose of the Authority is to better provide for the improvement and development of the County and the City of Findlay into the foreseeable future.

The Authority is governed by a Board consisting of seven appointed members. The City of Findlay and the Board of County Commissioners shall appoint three Board Members each and the seventh appointed Board Member shall be made jointly by the City of Findlay Mayor with the approval of a majority of the members of the Findlay City Council and the Board of County Commissioners of Hancock County.

HANCOCK COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

NOTE 25 - JOINTLY GOVERNED ORGANIZATIONS - (Continued)

The Authority may be dissolved at any time upon the enactment of an ordinance by the City of Findlay Council and resolution by the County Board of Commissioners provided that upon dissolution, any real or personal property or combination thereof which has been received from or made available by the City of Findlay or the County shall be returned to the subdivision from which it was received or made available. In the event of the dissolution, after paying all expenses, debts or funds or any remaining real or personal property belonging to the Authority shall be distributed to the City of Findlay and the County equally.

During 2020, the County did not make any contributions to the Authority. Financial information can be obtained from the Blanchard Valley Port Authority 3900 N. Main St., Findlay, Ohio 45840.

NOTE 26 - INSURANCE POOLS

A. Midwest Pool Risk Management Agency, Inc.

The Midwest Pool Risk Management Agency, Inc., (Pool) is an Ohio not-for-profit corporation established by five counties for the purpose of establishing a group primary and excess insurance/self-insurance and risk management program. Member counties agree to jointly participate in coverage of losses and pay all contributions necessary for the specified insurance coverages provided by the Pool. These coverages include comprehensive general liability, automobile liability, certain property insurance, and public officials' errors and omissions liability insurance.

Each member county has one vote on all matters requiring a vote, to be cast by a designated representative. The affairs of the Pool are managed by an elected Board of not more than five trustees. Only county commissioners of member counties are eligible to serve on the Board. No county may have more than one representative on the Board at any time. Each member county's control over the budgeting and financing of the Pool is limited to its voting authority and any representation it may have on the Board of Trustees.

B. Midwest Employee Benefit Consortium

The County participates in the Midwest Employee Benefit Consortium (MEBC), a public entity shared risk pool consisting of three counties. The County pays premiums to the MEBC for employee medical and life insurance benefits. The MEBC is responsible for the administration of the program and for processing of all claims for each member.

The MEBC is governed by a Board of Trustees consisting of one county commissioner from each participating member. Each participant decides which plans offered by the Board of Trustees will be extended to its employees. Participation in the MEBC is by written application subject to acceptance by the Board of Trustees and payment of the monthly premiums.

NOTE 27 - RELATED ORGANIZATIONS

A. County Park District

The Hancock County Park District (District) is a distinct political subdivision of the State of Ohio. The District is governed by a Board of Trustees appointed by the Hancock County Probate Court Judge. The Board of Trustees possesses its own contracting and budgeting authority, hires and fires personnel, and does not depend on the County for operational subsidies. Although the County serves as the taxing authority, its role is limited to a ministerial function. The determination to request approval of a tax, the rate, and the purpose are discretionary decisions made solely by the Board of Trustees. Financial information can be obtained from the Hancock County Auditor, 300 South Main Street, Findlay, Ohio 45840-3345.

HANCOCK COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

NOTE 27 - RELATED ORGANIZATIONS - (Continued)

B. Findlay-Hancock County Public Library

The Findlay-Hancock County Public Library is a distinct political subdivision of the State of Ohio created under Chapter 3375 of the Ohio Revised Code. The Library is governed by a Board of Trustees appointed by the County Commissioners. The Board of Trustees possesses its own contracting and budgeting authority, hires and fires personnel, and does not depend on the County for operational subsidies. Although the County serves as the taxing authority, its role is limited to a ministerial function. The determination to request approval of a tax, the rate, and the purpose are discretionary decisions made solely by the Board of Trustees. Financial information can be obtained from the Findlay-Hancock County Public Library, 206 Broadway Street, Findlay, Ohio 45840.

C. Regional Planning Commission

The Regional Planning Commission (Commission) is statutorily created as a separate and distinct political subdivision of the State. The nineteen members of the Commission consist of ten members appointed by the County Commissioners, including one commissioner, and nine members appointed by the City of Findlay. The County and the City each pay for half of the operating costs of the Commission. The Commission adopts its own budget, authorizes expenditures, hires and fires staff, does not rely on the County to finance deficits and the County cannot impose its will on the Commission; therefore, the County's role is limited to a ministerial function. Financial information can be obtained from the Hancock Regional Planning Commission, City of Findlay Municipal Building, 318 Dorney Plaza Room 304, Findlay, Ohio, 45840.

NOTE 28 - CONTINGENT LIABILITIES

The County has received federal and State grants for specific purposes that are subject to review and audit by the grantor agencies or their designee. These audits could lead to a request for reimbursement to the grantor agency for expenditures disallowed under the terms of the grant. Based on prior experience, the County Commissioners believe such disallowances, if any, will be immaterial.

The County is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the County's counsel, the resolution of these matters will not have a material adverse effect on the financial condition of the County.

NOTE 29 - OTHER REVENUE

For the year ended December 31, 2020, other revenue in the job and family service nonmajor special revenue fund consists primarily of reimbursements from the child support enforcement agency and children services nonmajor special revenue funds.

NOTE 30 - COVID-19

The United States and the State of Ohio declared a state of emergency in March of 2020 due to the COVID-19 pandemic. The financial impact of COVID-19 and the continuing emergency measures may impact subsequent periods of the County. The County's investment portfolio and the pension and other employee benefits plan in which the County participate fluctuates with market conditions, and due to market volatility, the amount of gains or losses that will be realized in subsequent periods, if any, cannot be determined. In addition, the impact on the County's future operating costs, revenues, and additional recovery from emergency funding, either federal or state, cannot be estimated.

NOTE 31 - SUBSEQUENT EVENT

The Board of County Commissioners of Hancock County, Ohio has entered into a purchase agreement with the Findlay Mall Capital Holding, LLC to purchase property known as Lot 4 containing 28.852 acres of land and all buildings. The purchase price for this property is \$3,700,000 and the purchase agreement was signed by the Commissioners on June 15, 2021. There is a 75-day due diligence period for the County to complete building inspections. Once the 75-day period is completed and the results are satisfactory then the County has 15 days to close. If the due diligence is not satisfactory then the County can cancel the purchase agreement. The acquisition of the property is encumbered from the General Fund cash balance.

HANCOCK COUNTY, OHIO

NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION
FOR THE YEAR ENDED DECEMBER 31, 2020

PENSION

OHIO PUBLIC EMPLOYEES RETIREMENT SYSTEM (OPERS)

Changes in benefit terms : There were no changes in benefit terms from the amounts reported for 2014-2020.

Changes in assumptions : There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for 2014-2016. For 2017, the following were the most significant changes of assumptions that affected the total pension liability since the prior measurement date: (a) reduction in the actuarially assumed rate of return from 8.00% down to 7.50%, (b) for defined benefit investments, decreasing the wage inflation from 3.75% to 3.25% and (c) changing the future salary increases from a range of 4.25%-10.05% to 3.25%-10.75%. There were no changes in assumptions for 2018. For 2019, the following were the most significant changes of assumptions that affected the total pension liability since the prior measurement date: (a) the assumed rate of return and discount rate were reduced from 7.50% down to 7.20%. There were no changes in assumptions for 2020.

STATE TEACHERS RETIREMENT SYSTEM (STRS) OF OHIO

Changes in benefit terms: There were no changes in benefit terms from the amounts reported for 2014-2016. For 2017, STRS decreased the Cost of Living Adjustment (COLA) to zero effective July 1, 2017. There were no changes in benefit terms for 2018-2020.

Changes in assumptions: There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for 2014-2016. For 2017, the following changes of assumption affected the total pension liability since the prior measurement date: (a) the long term expected rate of return was reduced from 7.75% to 7.45%, (b) the inflation assumption was lowered from 2.75% to 2.50%, (c) the payroll growth assumption was lowered to 3.00%, (d) total salary increases rate was lowered by decreasing the merit component of the individual salary increases, in addition to a decrease of 0.25% due to lower inflation (e) the healthy and disabled mortality assumptions were updated to the RP-2014 mortality tables with generational improvement scale MP-2016 and (f) rates of retirement, termination and disability were modified to better reflect anticipated future experience. There were no changes of assumption for 2018-2020.

FOR THE YEAR ENDED DECEMBER 31, 2020

OTHER POSTEMPLOYMENT BENEFITS (OPEB)

OHIO PUBLIC EMPLOYEES RETIREMENT SYSTEM (OPERS)

Changes in benefit terms : There were no changes in benefit terms from the amounts reported for 2017-2020.

Changes in assumptions : There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for 2017. For 2018, the following were the most significant changes of assumptions that affected the total OPEB liability since the prior measurement date: (a) reduction in the actuarially assumed rate of return from 4.23% down to 3.85%. For 2019, the following were the most significant changes of assumptions that affect the total OPEB liability since the prior measurement date: (a) the discount rate was increased from 3.85% up to 3.96%, (b) The investment rate of return was decreased from 6.50% percent down to 6.00%, (c) the municipal bond rate was increased from 3.31% up to 3.71% and (d) the health care cost trend rate was increased from 7.50%, initial/3.25%, ultimate in 2028 up to 10.00%, initial/3.25% ultimate in 2029. For 2020, the following were the most significant changes of assumptions that affect the total OPEB liability since the prior measurement date: (a) the discount rate was decreased from 3.96% up to 3.16%, (b) the municipal bond rate was decreased from 3.71% up to 2.75% and (c) the health care cost trend rate was increased from 10.00%, initial/3.25%, ultimate in 2029 up to 10.50%, initial/3.50% ultimate in 2030.

STATE TEACHERS RETIREMENT SYSTEM (STRS) OF OHIO

Changes in benefit terms : There were no changes in benefit terms from the amounts reported for 2017-2020.

Changes in assumptions : There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for 2017. For 2018, the following were the most significant changes of assumptions that affected the total OPEB liability since the prior measurement date: (a) increase in the discount rate from 4.13% to 7.45% and (b) decrease in trend rates from 6.00%-11.00% initial; 4.50% ultimate down to 5.23%-9.62% initial; 4.00% ultimate. For 2019, the following were the most significant changes of assumptions that affected the total OPEB liability since the prior measurement date: (a) increase in prescription drug trend rates from -5.23%-9.62% initial; 4.00% ultimate up to 4.00%-9.62% initial; 4.00% ultimate. For 2020, the following were the most significant changes of assumptions that affected the total OPEB liability since the prior measurement date: (a) decrease in medical trend rates from 4.93%-5.87% to -6.69%-5.00% and (b) an increase in prescription drug trend rates from 7.73%-9.62% to 6.50%-11.87%.

COMBINING STATEMENTS
AND INDIVIDUAL FUND SCHEDULES

HANCOCK COUNTY, OHIO

**COMBINING STATEMENTS AND INDIVIDUAL FUND SCHEDULES
FUND DESCRIPTIONS - MAJOR FUNDS**

GENERAL FUND

The general fund accounts for all financial resources except those required to be accounted for in another fund. The general fund balance is available to the County for any purpose provided it is expended or transferred according to the general laws of Ohio.

Major Special Revenue Fund

Board of Developmental Disabilities (DD)

This fund accounts for a county-wide property tax levy and federal and state grants and entitlements that are restricted for operating the Blanchard Valley School, a residential center, and the costs of administering a facility for the developmentally disabled.

Major Capital Projects Fund

Flood Mitigation

This fund accounts for transfers from the County general fund sales tax revenues and contributions from the City of Findlay that are committed and restricted, respectively, for capital improvements intended to reduce the risk of damage to County property due to severe flooding.

Major Enterprise Fund

Sanitary Landfill

This fund accounts for fees collected at the County landfill for dumping waste. This fund also includes the activities for the recycling facility, Litter Landing.

HANCOCK COUNTY, OHIO

COMBINING STATEMENTS AND INDIVIDUAL FUND SCHEDULES
FUND DESCRIPTIONS - NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

Special revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specific purposes other than debt service or capital projects. The term *proceeds of specific revenue sources* establishes that one or more specific restricted or committed revenues should be the foundation for a special revenue fund. The following are the special revenue funds which the County operates:

Nonmajor Special Revenue Funds

Motor Vehicle License and Gas Tax

This fund accounts for revenues derived from motor vehicle licenses and gasoline taxes that are restricted for public works programs.

Child Support Enforcement Agency (CSEA)

The fund accounts for poundage fees and earned incentives collected by the Child Support Enforcement Agency. Monies are restricted by State statute to finance the operation of the CSEA. The fund also accounts for Title IV-D grants that reimburse expenditures for support enforcement. The CSEA is managed by the Department of Job and Family Services.

Dog and Kennel

The fund accounts for revenues that are restricted for the dog warden's operations. This fund is financed by fine collections and the sale of dog tags and kennel permits.

Alcohol, Drug, and Mental Health

The fund accounts for a County-wide property tax levy and federal and State grants that are restricted for the cost of services provided by local mental health agencies to the public at large.

Job and Family Services

The fund accounts for various federal and State grants that are restricted to provide public assistance to general relief recipients and pay their providers of medical assistance, and for certain public social services.

Children Services

The fund accounts for monies received from federal and State grants, support collections, and social security that are restricted to children service expenditures. Major expenditures are for foster homes, emergency shelters, medical treatment, school supplies, counseling, and parental training.

Real Estate Assessment

The fund accounts for State mandated County-wide real estate reappraisals that are funded by charges to the political subdivisions located within the County and are restricted for legislative and executive programs.

Community Development Block Grant

The fund accounts for housing rehabilitation, tenant-based rental payment assistance, and home buyer down payment assistance through grants received from the Department of Housing and Urban Development. This fund is restricted for economic and development programs.

Community Corrections

The fund accounts for monies received from the Bureau of Rehabilitation and Correction and used to pay the cost of probation officers to rehabilitate high risk people on probation. Expenditures are restricted to salaries, supplies, and equipment.

Felony Delinquent Juvenile Care and Custody

The fund accounts for monies received from the Department of Youth Services that are restricted for training, treatment, and rehabilitation of juveniles who have committed felonies.

Agency on Aging Levy

The fund accounts for the collection and distribution of real estate taxes that are restricted for senior services provided by the agency on aging.

National Emergency Grant

This fund accounts for grant monies that are restricted for national emergencies.

Local Coronavirus Relief

This fund is used to account for grant money received under the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) that is restricted for use on items related to the COVID-19 pandemic. These include payroll expenditures, reimbursements for the purchase of supplies and other costs incurred during the pandemic.

HANCOCK COUNTY, OHIO

**COMBINING STATEMENTS AND INDIVIDUAL FUND SCHEDULES
FUND DESCRIPTIONS - NONMAJOR GOVERNMENTAL FUNDS**

Nonmajor Special Revenue Funds - (Continued)

Other Public Safety

The fund accounts for a combination of funds that receive federal, State and local monies that are restricted for public safety purposes. These funds are:

Drug Law Enforcement	Probation Services
Domestic Violence	Criminal Administrative Justice Services
Indigent Drivers Alcohol Treatment	COP-CAR Grant
Sheriff's Commissary	Juvenile Diversion
Enforcement and Education	Sheriff Concealed Handgun License Issuance
Jail Diversion	Law Enforcement Assistance
Metrich Law Enforcement	Law Enforcement Terrorism Prevention
E-911	Indigent Driver Interlock
Emergency Management Agency	

Other

The fund accounts for a combination of funds operated by the County and subsidized in part by federal, State, and local monies that are restricted for various purposes. These funds are:

Ditch Maintenance Assessment	Veterans Assistance
Court Computerization	Common Pleas Court General Special Projects
Law Library	Probate Court Dispute Resolution
Indigent Guardianship	Help Americans Vote Act
Special Projects	OGRIP State Grant
Delinquent Real Estate Tax Assessment Collector	Juvenile Interlock
Multi-Mat Recycling Facility	Treasurer Delinquent Tax Assessment Collector
Victims Assistance	Prosecutor Delinquent Tax Assessment Collector
Water and Sewer Project Maintenance	Probation Improvement
Ohio Children's Trust	Water Pollution Control
Federal Emergency Management Agency	Election Redistrict
Van Buren Water	Hazard Mitigation Grant
Recorder's Indexing	Juvenile Court Special Projects
Enterprise Zone	Courts Technology
Veterans Service Trust	Targeted Community Alternative
Substance Abuse	Juvenile Court Title
Peace Grant	CPC - Specialized Docket
Juvenile Court Probation Supervision	Juvenile Court Special
Probate Court Special	Ballot Marking System
Flood Mitigation Assistance	

The following funds are included in the general fund (GAAP basis), but have separate legally adopted budgets (budget basis):

Sheriff Police Revolve

This fund is used to account for monies received from townships in the area that is committed to judicial programs.

County Home Donations

This fund is used to account for monies received that are committed for the Hancock County Home.

Centennial

This fund is used to account for monies committed for the centennial project in the County.

Budget Stabilization

This fund is used to account for monies set aside for budget stabilization in the County.

Certificate of Title

The fund accounts for the collection of fees used by the Clerk of Courts for processing titles.

Severance

This fund is used to account transfers from other funds that are committed to paying sick and vacation leave at separation from the County.

Unclaimed Monies

This fund is used to account for money collected that is nonspendable for unclaimed monies.

HANCOCK COUNTY, OHIO

**COMBINING STATEMENTS AND INDIVIDUAL FUND SCHEDULES
FUND DESCRIPTIONS - NONMAJOR GOVERNMENTAL FUNDS**

DEBT SERVICE FUNDS

Debt service funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditures for principal and interest. Debt service funds should be used to report resources if legally mandated. Financial resources that are being accumulated for principal and interest maturing in future years also should be reported in debt service funds. Following is a description of the County's nonmajor debt service funds:

Nonmajor Debt Service Funds

Special Improvements Bond Retirement

The fund accounts for the retirement of special assessment notes issued that are restricted for the construction or major improvement to various ditches.

Water and Sewer Bond Retirement

The fund accounts for principal and interest payments on special assessment bonds and OWDA loans issued that are restricted to install water and sewer lines.

Job and Family Services Bond Retirement

The fund accounts for principal and interest payments on general obligation bonds issued that are restricted to construct the human services building.

US224/CR 300 Bond Retirement

The fund accounts for the retirement of bond anticipation notes issued that are restricted for infrastructure improvements and construction on US 224 and County Road 300.

Road Improvement Bond Retirement

The fund accounts for the retirement of special assessment notes issued that are restricted for the construction of roads.

Blanchard Bond Retirement

The fund accounts for special assessments that are restricted to the repayment of principal and interest payments for the Blanchard River reconstruction.

Motor Vehicle and Gas Tax (MVGT) Bond Retirement

The fund accounts for the retirement of bond anticipation notes issued that are assigned for the construction of a salt shed and a maintenance garage.

ADAMHS Bond Retirement

The fund accounts for principal and interest payments on general obligation bonds issued that are assigned for the acquisition of the office building and necessary improvements to the building.

Capital Project Sheriff Bond Retirement

The fund accounts for note proceeds that are restricted to purchase radio equipment and a jail security system.

Distribution Drive Bond Retirement

This fund is used to account for revenues that are restricted to the repayment of the Distribution Drive debt.

Juvenile Probate Bond Retirement

This fund is used to account for revenues that are restricted to the repayment of the debt associated with the juvenile probate bonds and notes.

HANCOCK COUNTY, OHIO

**COMBINING STATEMENTS AND INDIVIDUAL FUND SCHEDULES
FUND DESCRIPTIONS - GOVERNMENTAL FUNDS**

CAPITAL PROJECTS FUNDS

Capital project funds are used to account for and report financial resources that are restricted, committed or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets. Capital project funds exclude those types of capital-related outflows financed by proprietary funds or for assets that will be held in trust for individuals, private organizations, or other governments. The following is a description of all nonmajor capital project funds:

Nonmajor Capital Projects Funds

Special Improvements

The fund accounts for special assessments that are restricted for the construction or major improvement to various ditches.

Alcohol and Drug Abuse

The fund accounts for revenues that are restricted for capital improvements for the Alcohol, Drug Addiction, and Mental Health Board

Ohio Public Works Commission

The fund accounts for State grants that are restricted for the construction of county roads.

Federal Highway

The fund accounts for grants from the Federal Highway Administration that are restricted to replace/reconstruct various County bridges.

Courthouse Restoration

The fund accounts for money that is committed for the renovations or major repairs to the courthouse.

Developmental Disabilities

The fund accounts for bond proceeds that are restricted for capital improvements at the Blanchard Valley School.

County Capital Improvements

The fund accounts for transfers that are assigned for the purchase and/or renovation of various improvements for the County.

Sheriff's Office

The fund accounts for note proceeds that are restricted to purchase radio equipment and a jail security system.

Distribution Dr. TIF

The fund accounts for note proceeds that are restricted to a township infrastructure project on Distribution Dr. This fund does not have an associated budgetary schedule presented as there were no budget or cash-basis activity that occurred during the year.

Juvenile Probate Capital Projects

The fund is used to account for bond/ proceeds and transfers in that are restricted and committed, respectively, for the construction of a new juvenile and probate court building.

HANCOCK COUNTY, OHIO

**COMBINING STATEMENTS AND INDIVIDUAL FUND SCHEDULES
FUND DESCRIPTIONS - GOVERNMENTAL FUNDS**

PERMANENT FUND

Permanent funds should be used to account for and report resources that are restricted to the extent that only earnings, and not principal, may be used for purposes that support the reporting County's programs-that is, for the benefit of the government or its citizenry. Permanent funds do not include private-purpose trusts funds, which should be used to report situations in which the County is required to use the principal or earnings for the benefits of individuals, private organizations, or other governments.

Nonmajor Permanent Fund

Children's Trust

The fund accounts for clothing, medical/dental assistance, and holiday gifts for children in the custody of the County. Expenditures are limited to interest earnings on the original principal contribution.

**COMBINING STATEMENTS AND INDIVIDUAL FUND SCHEDULES
FUND DESCRIPTIONS - NONMAJOR PROPRIETARY FUNDS**

ENTERPRISE FUNDS

Enterprise funds may be used to account for any activity for which a fee is charged to external users for goods and services.

Nonmajor Enterprise Funds

Agricultural service center fund

This fund accounts for the rental of space in the agricultural service center. Rental fees are based on the costs of maintaining the building and annual debt service payments.

BMV one-stop fund

This fund accounts for the rental of space in the Bureau of Motor Vehicles building. Rental fees are based on the costs of maintaining the building and annual debt service payments.

INTERNAL SERVICE FUND

Internal services funds may be used to report any activity that provides good or services to other funds, departments or agencies of County on a cost-reimbursement basis.

Workers' Comp Reserve

The fund accounts for a self-insurance program for workers' compensation.

HANCOCK COUNTY, OHIO
COMBINING STATEMENTS
FUND DESCRIPTIONS - FIDUCIARY FUNDS

Custodial Funds

The custodial funds are used to account for fiduciary activities that are not required to be reported in a trust fund. The following are the County's fiduciary funds:

Park District

The fund accounts for the activity of the Hancock County Park District for which the County is fiscal agent.

Board of Health

The fund accounts for the activity of the Hancock County Combined Health District for which the County is fiscal agent.

Subdivision

The fund accounts for the flow of property taxes and State-levied shared revenues that are allocated to the various political subdivisions of the County.

Undivided Tax

The fund accounts for the collection and distribution of gas tax for townships in the County.

Real Estate Taxes

The fund accounts for the collection and distribution of real estate taxes and special assessments to local governments in the County.

Personal Taxes

The fund accounts for the collection and distribution of tangible personal property taxes to local governments in the County.

Manufactured Home Tax

The fund accounts for the collection and distribution of manufactured home/trailer tax to local governments in the County.

Soil and Water

The fund accounts for the activity of the Hancock County Soil and Water Conservation District for which the County is fiscal agent.

Hotel/Motel Tax

The fund accounts for the collection and distribution of hotel and motel taxes to local governments in the County.

Local Emergency Planning Commission

The fund accounts for the activity of the Hancock County Soil Local Emergency Planning Commission for which the County is fiscal agent.

Blanchard River Construction

The fund accounts for the activity of the Blanchard River Enhancement Project for which the County is fiscal agent.

Hancock County Election Commission

The fund accounts for the collection and distribution of election fees to the State of Ohio.

Housing Trust

The fund accounts for the collection and distribution of housing trust fees to the State of Ohio.

Indigent Defense Fee

The fund accounts for the collection and distribution of indigent defense fees to the State of Ohio.

Arson Offender Registration

The fund accounts for the collection and distribution of arson registration fees to the State of Ohio.

HANCOCK COUNTY, OHIO
COMBINING STATEMENTS
FUND DESCRIPTIONS - FIDUCIARY FUNDS

Custodial Funds - (Continued)

Family First Council

The fund accounts for the activity of the Hancock County Family First Council for which the County is fiscal agent.

Library Local Government Support

The fund accounts for shared revenues from the State that represent a portion of State income taxes returned to the County for use by district libraries and park districts. These moneys are apportioned on a monthly basis.

Estate Taxes

The fund accounts for the collection and distribution of estate taxes to local governments in the County.

Local Government

The fund accounts for shared revenues from the State that represent a portion of State income taxes, State sales taxes, and corporate franchise taxes. These moneys are apportioned to local governments on a monthly basis.

Municipal Permissive Motor Vehicle Tax

The fund accounts for the collection and distribution of motor vehicle permissive taxes for governments in the County.

Hancock County Regional Planning Commission

The fund accounts for the activity of the Hancock County Regional Planning Commission for which the County is fiscal agent.

County Court

The fund accounts for money received and distributed by the Court for the following court activities:

1. Clerk of Courts auto title fees, and legal (court related) receipts and dispositions;
2. Probate Court related receipts and disbursements; and
3. Juvenile Court related receipts and disbursements.

Sheriff

This fund accounts for money received and distributed by the Sheriff's Office to other governments.

Land Escrow

This fund accounts for money held for land purchases that are held in escrow.

HANCOCK COUNTY, OHIO

STATISTICAL SECTION DESCRIPTION

This part of Hancock County's Comprehensive Annual Financial Report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the County's overall financial health.

<u>Contents</u>	<u>Page</u>
Financial Trends	224
These schedules contain trend information to help the reader understand how the County's financial performance and well-being have changed over time.	
Revenue Capacity	236
These schedules contain information to help the reader assess the County's most significant local revenue sources, the property tax and the sales tax.	
Debt Capacity	250
These schedules present information to help the reader assess the affordability of the County's current levels of outstanding debt and the County's ability to issue additional debt in the future.	
Demographic and Economic Information	256
These schedules offer demographic and economic indicators to help the reader understand the environment within which the County's financial activities take place and to provide information that facilitates comparisons of financial information over time and among governments.	
Operating Information	259
These schedules contain service and infrastructure data to help the reader understand how the information in the County's financial report relates to the services the County provides and the activities it performs.	

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

Notes:

Real property is reappraised every six years with a State mandated updated of the current market value in the third year following each appraisal.

The assessed value of real property (including public utility real property) is 35 percent of estimated actual value. Personal property tax is assessed on all tangible personal property used in business in Ohio. The assessed value of public utility personal property ranges from 25 percent of actual value of railroad property to 88 percent for electric transmission and distribution property. General business tangible personal property is assessed at 25 percent of actual value for machinery and equipment and 23 percent for inventory. The general business tangible personal property tax is being phased out beginning in 2006. The percentage is 18.75 percent for 2006, 12.5 percent for 2007, and 6.25 percent for 2008. For 2009, tangible personal property tax is assessed at 0.00% of property value, including inventory, except for telephone tangible personal property, which is assessed at 10.0%.

The tangible personal property values associated with each year are the values that, when multiplied by the applicable rates, generated the property tax revenue billed in that year. For real property, the amounts generated by multiplying the assessed values by the applicable rates would be reduced by the 10 percent, 2 1/2 percent, and homestead exemptions before being billed.

Tangible Personal Property		Total

Source: Ohio Department of Taxation.

Notes:

The rates presented for a particular calendar year are the rates that, when applied to the assessed values presented in the Assessed Value Table, generated the property tax revenue billed in that year.

Real property tax rates are reduced so that inflationary increases in value do not generate additional taxes. Real property is reappraised every six years and property values are updated in the third year following each appraisal.

Overlapping rates are those of local governments that apply to property owners within Hancock County. Not all overlapping rates apply to all County property owners. Property tax rates for all overlapping governments are based on the original voted levy.

Rates may only be raised by obtaining the approval of a majority of the voters at a public election.

Notes:

- (1) The amounts shown as collected include the collection of current taxes and the state reimbursement (rollback and homestead) amounts.
- (2) The tax system utilized by the County is unable to identify delinquent tax collections by tax year. Therefore, the County is only able to provide a total of delinquent tax collections by year. The County will need more time to make appropriate tax system changes to track delinquent tax collections by tax year.

Total Collections by Year						Current Delinquencies as a Percentage of Current Tax Levy	Outstanding Delinquencies to Total Tax Collections

LEGAL DEBT MARGIN
LAST TEN YEARS

	<u>2020</u>	<u>2019</u>	<u>2018</u>	<u>2017</u>
Voted debt limitation (1)	\$ 52,026,715	\$ 47,761,261	\$ 46,631,902	\$ 46,216,760
Total net debt applicable to limit	<u>11,490,000</u>	<u>370,000</u>	<u>465,000</u>	<u>555,000</u>
Total voted legal debt margin (Debt limitation minus debt)	<u>\$ 40,536,715</u>	<u>\$ 47,391,261</u>	<u>\$ 46,166,902</u>	<u>\$ 45,661,760</u>
Legal debt margin as a percentage of the debt limit (voted)	77.92%	99.23%	99.00%	98.80%
Unvoted debt limitation	<u>\$ 21,410,686</u>	<u>\$ 19,704,505</u>	<u>\$ 19,252,761</u>	<u>\$ 19,086,704</u>
Total unvoted legal debt margin	<u>\$ 9,920,686</u>	<u>\$ 19,334,505</u>	<u>\$ 18,787,761</u>	<u>\$ 18,531,704</u>
Legal debt margin as a percentage of the debt limit (unvoted)	46.34%	98.12%	97.58%	97.09%

Legal Debt Margin Calculation for 2020:

Assessed value	\$ 2,141,068,590
Debt limitation:	
3% of first \$100,000,000	3,000,000
1.5% of next \$200,000,000	3,000,000
2.5% of excess over \$300,000,000	<u>46,026,715</u>
Voted debt limitation (1)	<u>\$ 52,026,715</u>
Debt applicable to limit:	
Governmental activities general obligation bonds	\$ 8,830,000
Governmental activities notes	2,220,000
Business-type activities notes	<u>440,000</u>
Total net debt applicable to limit	<u>11,490,000</u>
Total voted legal debt margin	<u>\$ 40,536,715</u>
Unvoted debt limit	\$ 21,410,686
Total net debt applicable to limit	<u>11,490,000</u>
Total unvoted legal debt margin	<u>\$ 9,920,686</u>

Source: Hancock County Auditor.

(1) The debt limitation is calculated as follows:

Three percent of first \$100,000,000 of assessed value.

1 1/2 percent of next \$200,000,000 of assessed value.

2 1/2 percent of amount of assessed value in excess of \$300,000,000.

Note: The amount of debt presented as subject to the limit are balances used to compute the margin as specified by statute (i.e., the gross balances) not amounts that are net of premiums or discounts. On deep discount or capital appreciation bonds, this is the original issue amount.
