We have examined the Lake Metropark's management's assertion that the census data and pensionable wages reported to the Ohio Public Employees Retirement System (OPERS) as of December 31, 2020, and for the year then ended was accurate and complete.

Management asserts that:

- The census data provided to OPERS as of December 31, 2020 is accurate and complete. Census data includes
 - First and Last Name;
 - Last four digits of the social security number;
 - Contributions remitted to the plan;
 - Pensionable Compensation;
- The census data provided to OPERS as of December 31, 2020 included all enrolled employees.
- Census data changes occurring during the year ended December 31, 2020 to an enrolled employee's eligible compensation, were properly updated with OPERS
- All employees required to be enrolled in OPERS in accordance with statutory requirements were properly enrolled.
- The total pensionable wages and employee contributions information reported to OPERS for the year ended December 31, 2020 agrees with the payroll records of the employer.

Lake Metropark's management is responsible for the assertions. Our responsibility is to opine on management's assertions based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and the standards applicable to attestation engagements included in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether management's assertions are fairly stated, in all material respects. An examination involves performing procedures to obtain evidence about management's assertion. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material misstatement of management's assertions, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.
