INDEPENDENT AUDITORS' REPORT

Leesburg Township
Union County
11700 Hopewell Road
Marysville, Ohio 43040

To the Township Trustees:

Report on the Financial Statements

We have audited the accompanying financial statements of the cash balances, receipts and disbursements for each governmental fund type combined total as of and for the year ended December 31, 2020 and for each governmental fund type as of and for the year ended December 31, 2019, and related notes of Leesburg Township, Union County, Ohio.

Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with the financial reporting provisions Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit; this responsibility includes designing, implementing and maintaining internal control relevant to preparing and fairly presenting financial statements free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the Township's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the Township's internal control. Accordingly, we express no opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinion.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 2 of the financial statements, the Township prepared these financial statements using the accounting basis permitted by the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D), which is an accounting basis other than accounting principles generally accepted in the United States, to satisfy these requirements.

Although the effects on the financial statements of the variances between the regulatory accounting basis and GAAP are not reasonably determinable, we presume they are material.

Though the Township does not intend these statements to conform to GAAP, auditing standards generally accepted in the United States of America require us to include an adverse opinion on GAAP. However, the adverse opinion does not imply the amounts reported are materially misstated under the accounting basis Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit. Our opinion on this accounting basis permitted is in the *Opinion on Regulatory Basis of Accounting* paragraph below.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the *Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles* paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of Leesburg Township, Union County as of December 31, 2020 and 2019, or changes in financial position thereof for the years then ended.

Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements referred to above present fairly, in all material respects, the cash balances, receipts and disbursements for each governmental fund type combined total as of and for the year ended December 31, 2020 and 2019, and related notes of Leesburg Township, Union County, in accordance with the financial reporting provisions Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit, described in Note 2.

Emphasis of Matter

As discussed in Note 13 to the 2020 financial statements and Note 11 to the 2019 financial statements, during 2020, the impact of COVID-19 and the ensuing emergency measures will impact subsequent periods of the Township. We did not modify our opinion regarding this matter.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued a report dated June 14, 2021, on our consideration of Leesburg Township's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Township's internal control over financial reporting and compliance.

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020**

1. REPORTING ENTITY

Description of the Entity

The constitution and laws of the State of Ohio establish the rights and privileges of Leesburg Township, Union County, (the Township) as a body corporate and politic. A publically elected three-member Board of Trustees directs the Township. The Township provides road and bridge maintenance, cemetery maintenance, fire protection and emergency medical services. The Township provides fire and emergency medical services via the Leesburg Township Volunteer Fire Department. Emergency services are funded by a property tax levy.

The Township participates in a jointly governed organization and a public entity risk pool. Notes 6 and 10 to the financial statements provide additional information for these entities.

The Township's management believes these financial statements present all activities for which the Township is financially accountable.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Presentation

The Township's financial statements consist of a combined statement of receipts, disbursements and changes in fund balances (regulatory cash basis) for all governmental fund types which are organized on a fund type basis.

B. Fund Accounting

The Township uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The funds of the Township are presented below:

General Fund

The General Fund accounts for and reports all financial resources not accounted for and reported in another fund. The general fund balance is available to the Township for any purpose provided it is expended or transferred according to the general laws of Ohio.

Special Revenue Funds

These funds account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. The Township had the following significant Special Revenue Funds:

Gasoline Tax Fund – This fund receives gasoline tax monies to pay for constructing, maintaining, and repairing Township roads.

Motor Vehicle License Tax Fund – This fund receives motor vehicle license tax monies to pay for constructing, maintaining, and repairing Township roads

Fire District Fund – This fund receives property tax monies to provide fire protection and emergency medical services to Township residents

**LEESBURG TOWNSHIP
UNION COUNTY**

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020**

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Basis of Accounting

These financial statements follow the accounting basis permitted by the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code 117-2-03(D). This basis is similar to the cash receipts and disbursements accounting basis. The Township recognizes receipts when received in cash rather than when earned, and recognizes disbursements when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved).

These statements include adequate disclosure of material matters, as the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code 117-2-03(D) permit.

D. Budgetary Process

The Ohio Revised Code requires that each fund be budgeted annually.

Appropriations

Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the fund, function and object level of control and appropriations may not exceed estimated resources. The Trustees must annually approve appropriation measures and subsequent amendments. Unencumbered appropriations lapse at year end.

Estimated Resources

Estimated resources include estimates of cash to be received (budgeted receipts) plus unencumbered cash as of January 1. The County Budget Commission must approve estimated resources.

Encumbrances

The Ohio Revised Code requires the Township to reserve (encumber) appropriations when individual commitments are made. Encumbrances outstanding at year end are canceled, and reappropriated in the subsequent year.

A summary of 2020 appears in Note 3.

E. Deposits and Investments

The Township's accounting basis includes investment as assets. This basis does not record disbursement for investment purchases or receipts for investment sales. This basis records gains or losses at the time of sale as receipts or disbursements, respectively.

F. Capital Assets

The Township records disbursements for acquisitions of property, plant and equipment when paid. The accompanying financial statements do not report these items as assets.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

G. Accumulated Leave

In certain circumstances, such as upon leaving employment, employees are entitled to cash payments for unused leave. The financial statements do not include a liability for unpaid leave.

H. Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the Township must observe constraints imposed upon the use of its governmental-fund resources. The classifications are as follows:

Nonspendable

The Township classifies assets as *nonspendable* when legally or contractually required to maintain the amounts intact.

Restricted

Fund balance is *restricted* when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or is imposed by law through constitutional provisions.

Committed

Trustees can *commit* amounts via formal action (resolution). The Township must adhere to these commitments unless the Trustees amend the resolution. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed to satisfy contractual requirements.

Assigned

Assigned fund balances are intended for specific purposes but do not meet the criteria to be classified as *restricted* or *committed*. Governmental funds other than the general fund report all fund balances as *assigned* unless they are restricted or committed. In the general fund, *assigned* amounts represent intended uses established by Township Trustees or a Township official delegated that authority by resolution, or by State Statute.

Unassigned

Unassigned fund balance is the residual classification for the general fund and includes amounts not included in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance.

The Township applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first, followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

Fund Type	Budgeted Receipts	Actual Receipts	Variance
General	\$ 49,500	\$ 57,981	\$ 8,481
Special Revenue	423,311	526,775	103,464
Total	\$ 472,811	\$ 584,756	\$ 111,945

Contrary to ORC 5705.41(D), the township had expenditures prior to certification

4. DEPOSITS AND INVESTMENTS

To improve cash management, cash received by the Township is pooled. Monies for all funds are maintained in this pool. The Ohio Revised Code prescribes allowable deposits and investments. A summary of the Township's deposits and investment accounts are as follows:

	2020
<i>Cash Management Pool</i>	
Demand deposits	\$ 416,074
Certificates of deposits	525,000
Total Carrying Amount of Deposits and Investments held in Pool	\$ 941,074

The Township does not use a separate payroll clearing account. The expenditures included in the accompanying financial statements reflect net payroll plus all remitted payroll withholdings. At December 31, 2020, the Township is holding \$0 in unremitted employee payroll withholdings.

Deposits: Deposits are either insured by the Federal Depository Insurance Corporation or collateralized by the financial institution's public entity deposit pool.

5. PROPERTY TAX

Real property taxes become a lien on January 1 preceding the October 1 date for which rates are adopted by Township Trustees. The State Board of Tax Equalization adjusts these rates for inflation. Property taxes are also reduced for applicable homestead and rollback deductions. The financial statements include homestead and rollback amounts the State pays as intergovernmental receipts. Payments are due to the County by December 31. If the property owner elects to pay semiannually, the first half is due December 31. The second half payment is due the following June 20.

Public utilities are also taxed on personal and real property located within the Township.

The County is responsible for assessing property, and for billing, collecting, and distributing all property taxes on behalf of the Township.

6. RISK MANAGEMENT

The Government belongs to the Ohio Plan Risk Management, Inc. (OPRM) – formerly known as the Ohio Government Risk Management Plan, (the “Plan”), a non-assessable, unincorporated non-profit association providing a formalized, jointly administered self-insurance risk management program and other administrative services to Ohio governments (“Members”). The Plan is legally separate from its member governments.

Pursuant to Section 2744.081 of the Ohio Revised Code, the plan provides property, liability, errors and omissions, law enforcement, automobile, excess liability, crime, surety and bond, inland marine and other coverages to its members sold through fourteen appointed independent agents in the State of Ohio.

OPRM coverage programs are developed specific to each member’s risk management needs and the related premiums for coverage are determined through the application of uniform underwriting criteria addressing the member’s exposure to loss. Effective November 1, 2017, the OPRM retained 47% of the premium and losses on the first \$250,000 casualty treaty and 30% of the first \$1,000,000 property treaty. The OPRM is also participated in an a property primary excess of loss treaty. This treaty reimbursed the OPRM 30% for losses between \$200,000 and \$1,000,000. The reimbursement is based on the amount of loss between \$200,000 and \$1,000,000. Effective November 1, 2018, the OPRM property retention remained unchanged, however, the Plan assumed 100\$ of the first \$250,000 casualty treaty. Members are only responsible for their self-retention (deductible) amounts, which vary from member to member. Effective November 1, 2019, the OPRM’s property retention increased from 30% to 33%, while the casualty treaty remains unchanged and still assumes 100% of the first \$250,000 casualty treaty. OPRM had 776 members as of December 31, 2019.

The Pool’s audited financial statements conform with generally accepted accounting principles, and reported the following assets, liabilities and equity at December 31, 2019 (latest information available):

	<u>2019</u>
Assets	\$15,920,504
Liabilities	<u>(11,329,011)</u>
Retained Earnings	<u>\$ 4,591,493</u>

You can read the complete audited financial statements for OPRM at the Plan’s website, www.ohioplan.org .

7. DEFINED BENEFIT PENSION PLANS

The Township’s full-time employees belong to the Public Employees Retirement System (OPERS) of Ohio. OPERS is a cost sharing, multiple employer plan. The Ohio Revised Code prescribes the plan benefits, which include postretirement healthcare, and survivor and disability benefits.

The Ohio Revised Code also prescribes contribution rates. For 2020, OPERS members contributed 10.0% of their gross wages and the Township contributed an amount equal to 14.0% of participant’s gross salaries. The Township has paid all contributions required through December 31, 2020.

8. POSTEMPLOYMENT BENEFITS

OPERS offers cost-sharing, multiple-employer defined benefit postemployment plans, which include multiple health care plans including medical coverage, prescription drug coverage, deposits to a Health Reimbursement Arrangement and Medicare Part B premium reimbursements, to qualifying benefit recipients. OPERS contributes 2 percent of the employer contribution to fund these benefits. The portion of employer contributions allocated to health care for OPERS members in the traditional pension plan and combined plan was 0 percent during calendar year 2020. The portion of employer contributions allocated to health care for OPERS members in the member-directed plan was 4.0 percent during calendar year 2020.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Basis of Accounting

These financial statements follow the accounting basis permitted by the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code 117-2-03(D). This basis is similar to the cash receipts and disbursements accounting basis. The Township recognizes receipts when received in cash rather than when earned, and recognizes disbursements when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved).

These statements include adequate disclosure of material matters, as the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code 117-2-03(D) permit.

D. Budgetary Process

The Ohio Revised Code requires that each fund be budgeted annually.

Appropriations

Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the fund, function and object level of control and appropriations may not exceed estimated resources. The Trustees must annually approve appropriation measures and subsequent amendments. Unencumbered appropriations lapse at year end.

Estimated Resources

Estimated resources include estimates of cash to be received (budgeted receipts) plus unencumbered cash as of January 1. The County Budget Commission must approve estimated resources.

Encumbrances

The Ohio Revised Code requires the Township to reserve (encumber) appropriations when individual commitments are made. Encumbrances outstanding at year end are canceled, and reappropriated in the subsequent year.

A summary of 2019 appears in Note 3.

E. Deposits and Investments

The Township's accounting basis includes investment as assets. This basis does not record disbursement for investment purchases or receipts for investment sales. This basis records gains or losses at the time of sale as receipts or disbursements, respectively.

F. Capital Assets

The Township records disbursements for acquisitions of property, plant and equipment when paid. The accompanying financial statements do not report these items as assets.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

G. Accumulated Leave

In certain circumstances, such as upon leaving employment, employees are entitled to cash payments for unused leave. The financial statements do not include a liability for unpaid leave.

H. Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the Township must observe constraints imposed upon the use of its governmental-fund resources. The classifications are as follows:

Nonspendable

The Township classifies assets as *nonspendable* when legally or contractually required to maintain the amounts intact.

Restricted

Fund balance is *restricted* when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or is imposed by law through constitutional provisions.

Committed

Trustees can *commit* amounts via formal action (resolution). The Township must adhere to these commitments unless the Trustees amend the resolution. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed to satisfy contractual requirements.

Assigned

Assigned fund balances are intended for specific purposes but do not meet the criteria to be classified as *restricted* or *committed*. Governmental funds other than the general fund report all fund balances as *assigned* unless they are restricted or committed. In the general fund, *assigned* amounts represent intended uses established by Township Trustees or a Township official delegated that authority by resolution, or by State Statute.

Unassigned

Unassigned fund balance is the residual classification for the general fund and includes amounts not included in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance.

The Township applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first, followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

5. PROPERTY TAX

Real property taxes become a lien on January 1 preceding the October 1 date for which rates are adopted by Township Trustees. The State Board of Tax Equalization adjusts these rates for inflation. Property taxes are also reduced for applicable homestead and rollback deductions. The financial statements include homestead and rollback amounts the State pays as intergovernmental receipts. Payments are due to the County by December 31. If the property owner elects to pay semiannually, the first half is due December 31. The second half payment is due the following June 20.

Public utilities are also taxed on personal and real property located within the Township.

The County is responsible for assessing property, and for billing, collecting, and distributing all property taxes on behalf of the Township.

6. RISK MANAGEMENT

The Government belongs to the Ohio Plan Risk Management, Inc. (OPRM) – formerly known as the Ohio Government Risk Management Plan, (the “Plan”), a non-assessable, unincorporated non-profit association providing a formalized, jointly administered self-insurance risk management program and other administrative services to Ohio governments (“Members”). The Plan is legally separate from its member governments.

Pursuant to Section 2744.081 of the Ohio Revised Code, the plan provides property, liability, errors and omissions, law enforcement, automobile, excess liability, crime, surety and bond, inland marine and other coverages to its members sold through fourteen appointed independent agents in the State of Ohio.

OPRM coverage programs are developed specific to each member’s risk management needs and the related premiums for coverage are determined through the application of uniform underwriting criteria addressing the member’s exposure to loss. Effective November 1, 2017, the OPRM retained 47% of the premium and losses on the first \$250,000 casualty treaty and 30% of the first \$1,000,000 property treaty. The OPRM is also participated in an a property primary excess of loss treaty. This treaty reimbursed the OPRM 30% for losses between \$200,000 and \$1,000,000. The reimbursement is based on the amount of loss between \$200,000 and \$1,000,000. Effective November 1, 2018, the OPRM property retention remained unchanged, however, the Plan assumed 100\$ of the first \$250,000 casualty treaty. Members are only responsible for their self-retention (deductible) amounts, which vary from member to member. Effective November 1, 2019, the OPRM’s property retention increased from 30% to 33%, while the casualty treaty remains unchanged and still assumes 100% of the first \$250,000 casualty treaty. OPRM had 776 members as of December 31, 2019.

The Pool’s audited financial statements conform with generally accepted accounting principles, and reported the following assets, liabilities and equity at December 31, 2019:

	<u>2019</u>
Assets	\$15,920,504
Liabilities	<u>(11,329,011)</u>
Retained Earnings	<u>\$ 4,591,493</u>

You can read the complete audited financial statements for OPRM at the Plan’s website, www.ohioplan.org .

7. DEFINED BENEFIT PENSION PLANS

The Township’s full-time employees belong to the Public Employees Retirement System (OPERS) of Ohio. OPERS is a cost sharing, multiple employer plan. The Ohio Revised Code prescribes the plan benefits, which include postretirement healthcare, and survivor and disability benefits.

The Ohio Revised Code also prescribes contribution rates. For 2019, OPERS members contributed 10.0% of their gross wages and the Township contributed an amount equal to 14.0% of participant’s gross salaries. The Township has paid all contributions required through December 31, 2019.

8. POSTEMPLOYMENT BENEFITS

OPERS offers cost-sharing, multiple-employer defined benefit postemployment plans, which include multiple health care plans including medical coverage, prescription drug coverage, deposits to a Health Reimbursement Arrangement and Medicare Part B premium reimbursements, to qualifying benefit recipients. OPERS contributes 2 percent of the employer contribution to fund these benefits. The portion of employer contributions allocated to health care for OPERS members in the traditional pension plan and combined plan was 0 percent during calendar year 2019. The portion of employer contributions allocated to health care for OPERS members in the member-directed plan was 4.0 percent during calendar year 2019.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
REQUIRED BY GOVERNMENT AUDITING STANDARDS**

Leesburg Township
Union County
11700 Hopewell Road
Marysville, Ohio 43040

To the Township Trustees:

We have audited, in accordance with auditing standards general accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements the cash balances, receipts and disbursements for each governmental fund type combined total as of and for the year ended December 31, 2020 and for each governmental fund type as of and for the year ended December 31, 2019 and related notes of Leesburg Township, Union County and have issued our report thereon dated June 14, 2021, wherein we noted the Township followed financial reporting provisions Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit.

Internal Control Over Financial Reporting

As part of our financial statement audit, we considered Leesburg Township's internal control over financial reporting (internal control) as a basis for designing audit procedures appropriate in the circumstances to the extent necessary to support our opinions on the financial statements, but not to the extent necessary to opine on the effectiveness of the Township's internal control. Accordingly, we have not opined on it.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or a combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the Township's financial statements. A *significant deficiency* is a deficiency or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Therefore, unidentified material weakness or significant deficiencies may exist. We did identify a certain deficiency in internal control, described in the accompanying schedule of findings that we consider a material weakness. We consider finding 2020-002 to be a material weakness.

Compliance and Other Matters

As part of reasonably assuring whether Leesburg Township's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could directly and materially affect the financial statements. However, opining on compliance was not an objective of our audit and, accordingly, we do not express an opinion. The results of our tests disclosed one instance of noncompliance or other matters we must report under *Government Auditing Standards*, which is described in the accompanying schedule of findings as item 2020-001.

Purpose of this Report

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the Township's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the Township's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Noncompliance – Certification of Funds

Ohio Revised Code Section 5705.41(D) prohibits a subdivision or taxing authority from making any contract or ordering any expenditure of money unless a certificate signed by the fiscal officer is attached thereto. The fiscal officer must certify that the amount required to meet any such contract or expenditure has been lawfully appropriated and is in the treasury, or is in the process of collection to the credit of an appropriate fund free from any previous encumbrance.

There are several exceptions to the standard requirement stated above that a fiscal officer’s certificate must be obtained prior to a subdivision or taxing authority entering into a contract or order involving the expenditure of money. The main exceptions are: “then and now” certificates, blanket certificates and super blanket certificates, which are provided for in Sections 5705.41(D)(1) and 5705.41(D)(3), respectively, of the Ohio Revised Code.

- If the fiscal officer can certify that both at the time that the contract or order was made (“then”) and at the time that the fiscal officer is completing the certification (“now”), that sufficient funds were available or in the process of collection, to the credit of a proper fund, properly appropriated and free from any previous encumbrance, the Township can authorize the drawing of a warrant for the payment of the amount due. The Township has 30 days from the receipt of the “then and now” certificate to approve payment by ordinance or resolution. Amounts less than \$3,000 may be paid by the fiscal officer without a resolution or ordinance upon completion of the “then and now” certificate, provided that the expenditure is otherwise lawful. This does not eliminate any otherwise applicable requirement for approval of the expenditures by the Township.
- Blanket Certificates. Fiscal officers may prepare “blanket” certificates if the Township has approved their use and established maximum amounts.
- Super Blanket Certificates. The Township may also make expenditures and contracts for any amount from a specific line item appropriation account in a specified fund upon certification of the fiscal officer for most professional services, fuel, oil, food items, and any other specific recurring and reasonable predictable operation expense. This certification is not to extend beyond the current year. More than one so-called “super blanket” certificate may be outstanding at a particular time for any line item appropriation.

The Township did not certify the availability of funds prior to the purchase commitment for 54% of expenditures tested. For these items the Township also did not prepare blanket certificates, super blankets certificates or then and now certificates in accordance with the Ohio Revised Code. Failure to properly certify the availability of funds can result in overspending funds and negative cash fund balances.

We recommend the Township certify purchases to which Section 5705.41(D) applies. The most convenient certification method is to use purchase orders that include the certification language 5705.41(D) requires to authorize disbursements. The Fiscal Officer should sign the certification at the time the Township incurs a commitment and only when the requirements of 5705.41(D) are satisfied. The Fiscal Officer should post approved purchase commitments to the proper code, to reduce available appropriations.

Material Weakness – Financial Reporting

All local public offices should maintain an accounting system and accounting records sufficient to enable the public office to identify, assemble, analyze, classify, record and report its transactions, maintain accountability for the related assets, document compliance with finance-related legal and contractual requirements and prepare financial statements.

The Ohio Township Handbook provides suggested account and fund balance classifications and clarifies the existing governmental fund type definitions. These accounts classify receipts by fund and source (taxes or charges for services, for example) and classify disbursements by fund, program (general government, for example) or object (personal services, for example). The fund balance classifications relate to constraints placed upon the use of resources reported in governmental funds. The five classifications are nonspendable, restricted, committed, assigned and unassigned. Using these classifications will provide the Township with information required to monitor compliance with the budget, and prepare annual reports in the format required by the Auditor of State.

The Township did not properly record all receipts and expenditures. Errors were made in recording various transactions. Amounts were not always posted to the correct fund and/or line item. The following reclassifications and adjustments were made to the financial statements and accounting records.

The following is related to 2019:

- Property and Other Local Taxes Receipts were reclassified to Intergovernmental in the amounts of \$2,825 and \$16,407 for the General Fund and Fire District Fund, respectively.
- Principal Retirement was increased by \$18,181 and Interest and Other Fiscal Charges was increased by \$1,294 and Capital Outlay was decreased by \$19,475 to properly show debt payments made in the Fire District Fund.
- Principal Retirement was increased by \$18,784 and Interest and Other Fiscal Charges was increased by \$319 and General Government was decreased by \$19,103 to properly show debt payments made in the General Fund.
- Intergovernmental Revenue was increased and Other Financing Sources decreased by \$20,000 to properly show grant money in the Fire District Fund.
- Charges for Services was increased and Other Financing Sources decreased by \$18,297 for payments received for fire runs in the Fire District Fund.
- Other Debt Proceeds and Capital Outlay were increased by \$125,000 to record new debt in the Fire District Fund.
- The General Unassigned Fund Balance was overstated and the Assigned Fund Balance understated by \$111.

- Property and Other Local Taxes Receipts were reclassified to Intergovernmental in the amounts of \$11,199 and \$8,347 for the General Fund and Fire District Fund, respectively.
- Principal Retirement was increased by \$22,821 and Interest and Other Fiscal Charges was increased by \$5,795 and Capital Outlay was decreased by \$28,616 to properly show debt payments made in the Fire District Fund.
- Intergovernmental Revenue was increased and Miscellaneous Revenue decreased by \$86,052 for CARES Act monies in the Coronavirus Relief Fund.

Reclassifications and adjustments are reflected within the accompanying financial statements and posted to the accounting system.

Sound financial reporting is the responsibility of the Township and is essential to help ensure the information provided to the readers of financial statements is complete and accurate. To help ensure the Township's financial statements and notes to the financial statements are complete and accurate, the Township should adopt policies and procedures to identify and correct errors and omissions. In addition, the Township should review the financial statements and notes prior to submission for audit.
