We have reviewed the *Independent Auditor's Report* of the Logan County Metropolitan Housing Authority, Logan County, prepared by Perry & Associates, Certified Public Accountants, A.C., for the audit period January 1, 2020 through December 31, 2020. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Logan County Metropolitan Housing Authority is responsible for compliance with these laws and regulations.

## INDEPENDENT AUDITOR'S REPORT

September 24, 2021

Logan County Metropolitan Housing Authority  
Logan County  
116 North Everett Street  
Bellefontaine, Ohio 43311

To the Director and Board of Commissioners:

### *Report on the Financial Statements*

We have audited the accompanying financial statements of the **Logan County Metropolitan Housing Authority**, Logan County, Ohio (the Authority), as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

### *Management's Responsibility for the Financial Statements*

Management is responsible for preparing and fairly presenting these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes designing, implementing, and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

### *Auditor's Responsibility*

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

Members: American Institute of Certified Public Accountants

***Auditor's Responsibility (Continued)***

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the Authority's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the Authority's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinion.

***Opinion***

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Logan County Metropolitan Housing Authority, Logan County as of December 31, 2020, and the changes in its financial position and its cash flows for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

***Emphasis of Matter***

As discussed in Note 15 to the financial statements, the financial impact of COVID-19 and the ensuing emergency measures will impact subsequent periods of the Authority. We did not modify our opinion regarding this matter.

***Other Matters***

***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require this presentation to include *Management's discussion and analysis* and schedules of net pension and other post-employment benefit liabilities and pension and other post-employment benefit contributions, as listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, consisting of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, to the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not opine or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to opine or provide any other assurance.

***Other Matters (Continued)***

*Supplementary and Other Information*

Our audit was conducted to opine on the Authority's basic financial statements taken as a whole.

The Financial Data Schedule presented on pages 47 through 54 is presented for additional analysis as required by the U.S. Department of Housing and Urban Development and is not a required part of the basic financial statements.

The Schedule of Expenditures of Federal Awards presents additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards and is not a required part of the financial statements.

The schedules are management's responsibility and derive from and relate to the underlying accounting and other records used to prepare the basic financial statements. We subjected this information to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves in accordance with auditing standards generally accepted in the United States of America. In our opinion, this information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated September 24, 2021, on our consideration of the Authority's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

LOGAN COUNTY METROPOLITAN HOUSING AUTHORITY  
MANAGEMENT’S DISCUSSION AND ANALYSIS  
DECEMBER 31, 2020

UNAUDITED

The Housing Authority of the County of Logan’s (“the Authority”) management’s discussion and analysis is designed to (a) assist the reader in focusing on significant issues, (b) provide an overview of the Authority’s financial activity, (c) identify changes in the Authority’s financial position, and (d) identify individual fund issues or concerns.

Since the Management’s Discussion and Analysis (MD&A) is designed to focus on the current year’s activities, resulting changes and currently known facts, please read it in conjunction with the Authority’s financial statements.

**FINANCIAL HIGHLIGHTS**

- The Authority’s net position decreased by \$123,222 (or 3.17%) during 2020. Since the Authority engages only in business-type activities, the increase is all in the category of business-type net position. Net position was \$3.76 and \$3.88 million for 2020 and 2019, respectively.
- Revenues decreased by \$66,589 (or 2.82%) during 2020 and were \$2.30 and \$2.36 million for 2020 and 2019 respectively.
- The total expenses of all Authority programs increased by \$94,411 (or 4.06%). Total expenses were \$2.42 and 2.33 million for 2020 and 2019 respectively.

**USING THIS ANNUAL REPORT**

This Report includes four major sections, the “Management’s Discussion and Analysis (MD&A)”, “Basic Financial Statements”, “Required Supplementary Information”, and “Supplementary Information”:

MANAGEMENT'S DISCUSSION AND ANALYSIS  
DECEMBER 31, 2020

UNAUDITED

The primary focus of the Authority's financial statements is on both the Authority as a whole (Authority wide) and the major individual funds. Both perspectives (authority-wide and major fund) allow the user to address relevant questions, broaden a basis for comparison (year to year or Authority to Authority) and enhance the Authority's accountability.

**AUTHORITY-WIDE FINANCIAL STATEMENTS**

The Authority-wide financial statements are designed to be corporate-like in that all business type activities are consolidated into columns which add to a total for the entire Authority.

These Statements include a Statement of Net Position, which is like a Balance Sheet. The Statement of Net Position reports all financial and capital resources for the Authority. The statement is presented in the format where assets, minus liabilities, equal "Net Position", formerly known as equity. Assets and liabilities are presented in order of liquidity and are classified as "Current" (convertible into cash within one year), and "Non-current".

The focus of the Statement of Net Position (the "Unrestricted Net Position") is designed to represent the net available liquid (non-capital) assets, net of liabilities, for the entire Authority. Net Position (formerly net assets) is reported in three broad categories:

**Net Investment in Capital Assets:** This component of Net Position consists of all Capital Assets, reduced by the outstanding balances of any bonds, mortgages, notes or other borrowing that are attributable to the acquisition, construction, or improvement of those assets.

**Restricted Net Position:** This component of Net Position consists of restricted assets, when constraints are placed on the asset by creditors (such as debt covenants), grantors, contributors, laws, regulations, etc.

**Unrestricted Net Position:** Consists of Net Position that do not meet the definition of " Net Investment in Capital Assets", or" Restricted Net Position".

The Authority-wide financial statements also include a Statement of Revenues, Expenses, and changes in Net Position (similar to an Income Statement). This Statement includes Operating Revenues, such as rental income, Operating Expenses, such as administrative, utilities, and maintenance, and depreciation, and Non-Operating Revenue and Expenses, such as capital grant revenue, investment income and interest expense. The focus of the Statement of Revenues, Expenses and Changes in fund Net Position is the "Change in Net Position", which is similar to Net Income or Loss.

Finally, a Statement of Cash Flows is included, which discloses net cash provided by, or used for operating activities, non-capital financing activities, and from capital and related financing activities.

**FUND FINANCIAL STATEMENTS**

The Authority administers several programs that are consolidated into a single proprietary type-enterprise fund. The enterprise fund consists of the following programs.

**Conventional Public Housing** - Under the conventional Public Housing Program, the Authority rents units that it owns to low-income households. The Conventional Public Housing Program is operated under an Annual Contributions Contract (ACC) with HUD, and HUD provides Operating Subsidy and Capital Grant funding to enable the PHA to provide the housing at a rent that is based upon 30% of household income. The Conventional Public Housing Program also includes the Capital Fund Program, which is the primary funding source for physical and management improvements to the Authority's properties.

**Housing Choice Voucher Program** - Under the Housing Choice Voucher Program, the Authority administers contracts with independent landlords that own the property. The Authority subsidizes the family's rent through a Housing Assistance Payment made to the landlord. The program is administered under an Annual Contributions Contract (ACC) with HUD. HUD provides Annual Contributions funding to enable the Authority to structure a lease that sets the participants' rent at 30% of household income.

**Business Activities** - Represents non-HUD resources developed from a variety of activities.

**AUTHORITY-WIDE STATEMENTS**

**STATEMENT OF NET POSITION**

The following table reflects the condensed Statement of Net Position compared to prior year. The Authority is engaged only in Business-Type Activities.

For more detailed information, see the Statement of Net Position in the financial statements.

**MAJOR FACTORS AFFECTING THE STATEMENT OF NET POSITION**

During 2020, current and other assets increased by \$192,411 (or 31.97%), and current liabilities increased by \$55,028 (or 48.77%). The increase in current and other assets resulted from current year activities. Current assets increased mainly due to the cash increase and receivable from HUD. Current liabilities increased mainly due to unearned revenue not earned by the end of the year.

Capital assets also changed, decreasing from \$4,133,841 to \$3,902,107. The \$231,734 (or 5.61%) decrease is primarily, due to a combination of net acquisitions, less current year depreciation and amortization.

Current Year Principal Payments		<u>(19,458)</u>
Ending Balance - December 31, 2020	\$	<u>149,686</u>

**ECONOMIC FACTORS**

Significant economic factors affecting the Authority are as follows:

- Federal funding levels of the Department of Housing and Urban Development
- Local labor supply and demand, which can affect salary and wage rates
- Local inflationary, recessionary and employment trends, which can affect resident incomes and therefore the amount of rental income
- Inflationary pressure on utility rates, supplies and other costs
- Market rates for rental housing
- Local rental market rates and housing supply and demand, which affects the Authority's ability to maintain leasing rates.

**IN CONCLUSION**

Logan County Metropolitan Housing Authority takes great pride in its financial management and is pleased to report on consistent and sound financial condition of the Authority.

LOGAN COUNTY METROPOLITAN HOUSING AUTHORITY  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2020

**1. DESCRIPTION OF THE HOUSING AUTHORITY AND REPORTING ENTITY**

**Summary of Significant Accounting Policies**

The financial statements of the Logan County Metropolitan Housing Authority (the Authority) have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

**Reporting Entity**

The Authority was created pursuant to the Ohio Revised Code Section 3735.27. The Authority contracts with the United States Department of Housing and Urban Development (HUD) to provide low and moderate income persons with safe and sanitary housing through rent subsidies provided by HUD. The Authority depends on the subsidies from HUD to operate.

The accompanying basic financial statements comply with the provisions of Governmental Accounting Standards Board (GASB) Statement No. 14, The Financial Reporting Entity (as amended by GASB Statement No. 61), in that the financial statements include all organizations, activities, and functions for which the Authority is financially accountable. This report includes all activities considered by management to be part of the Authority by virtue of Section 2100 of the Codification of Governmental Accounting and Financial Reporting Standards.

Section 2100 indicates that the reporting entity consists of a) the primary government, b) organizations for which the primary government is financially accountable, and c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

The definition of a reporting entity is based primarily on the notion of financial accountability. A primary government is financially accountable for the organizations that make up its legal entity. It is also financially accountable for legally separate organizations if its officials appoint a voting majority of an organization's governing body and either it is able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to, or to impose specific financial burdens on, the primary government. A primary government may also be financially accountable for governmental organizations that are fiscally dependent on it.

A primary government has the ability to impose its will on an organization if it can significantly influence the programs, projects, or activities of, or the level of services performed or provided by, the organization. The financial benefit or burden relationship exists if the primary government a) is entitled to the organization's resources; b) is legally obligated or has otherwise assumed the obligation to finance the

deficits of, or provide financial support to, the organization; or c) is obligated in some manner for the debt of the organization.

Management believes the financial statements included in this report represent all of the funds of the Authority over which the Authority is financially accountable.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### **Basis of Presentation**

The Authority's basic financial statements consist of a Statement of Net Position, a Statement of Revenues, Expenses, and Changes in Net Position, and a Statement of Cash Flows.

The Authority uses a single enterprise fund to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts.

Enterprise fund reporting focuses on the determination of the change in net position, financial position and cash flows. An enterprise fund may be used for any activity for which a fee is charged to external users for goods and services.

### **Measurement Focus**

The enterprise fund is accounted for on a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of the Authority are included on the Statement of Net Position. The Statement of Revenues, Expenses, and Changes in Net Position presents increases (i.e., revenues) and decreases (i.e. expenses) in net total position. The Statement of Cash Flows provides information about how the Authority finances and meets the cash flow needs of its enterprise activity.

### **Enterprise Fund**

The Authority uses the proprietary fund to report on its financial position and the results of its operations for its housing programs. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities.

Funds are classified into three categories: governmental, proprietary and fiduciary. The Authority uses the proprietary category for its programs.

The following are the various programs which are included in the single enterprise fund:

FOR THE YEAR ENDED DECEMBER 31, 2020

**Projects - Conventional Public Housing and Capital Fund Programs**

Under the Conventional Public Housing Program, the Authority rents units that it owns to low income households. The Conventional Public Housing Program is operated under an Annual Contributions Contract (ACC) with HUD, and HUD provides Operating Subsidy to enable the Authority to provide the housing at a rent that is based upon 30 percent of household income. The Conventional Public Housing Program also includes the Capital Fund Program, which is the primary funding source for physical (i.e. capital) and management improvements to the Authority's properties. Funds are provided by formula allocation and based on size and age of the units.

**Housing Choice Voucher Program**

Under the Housing Choice Voucher Program, the Authority administers contracts with independent landlords that own the property. The Authority subsidizes the family's rent through a Housing Assistant Payment made to the landlord. The program is administered under an Annual Contributions Contract (ACC) with HUD. HUD provides Annual Contributions Funding to enable the Authority to structure a lease that sets the participants' rent at 30 percent of household income.

**Other Business Activities**

Other Business Activities (OBA) – Represents non-HUD activities of the Authority that include providing affordable housing for low income people outside of the scope of the conventional and housing choice voucher programs.

**Cash and Cash Equivalents**

For the purpose of the Statement of Cash Flows, cash and cash equivalents include all highly liquid debt instruments with original maturities of three months or less, and all non-negotiable certificates of deposits regardless of maturity.

**Accounting and Reporting for Nonexchange Transactions**

Non-exchange transactions occur when the Authority receives (or gives) value without directly giving equal value in return. GASB 33 identifies four classes of non-exchange transactions as follows:

1. Derived tax revenues: result from assessments imposed on exchange transactions (i.e., income taxes, sales taxes and other assessments on earnings or consumption).

LOGAN COUNTY METROPOLITAN HOUSING AUTHORITY  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2020

2. Imposed non-exchange revenues: result from assessments imposed on non-governmental entities, including individuals, other than assessments on exchange transactions (i.e., property taxes and fines).
3. Government-mandated non-exchange transactions: occur when a government at one level provides resources to a government at another level and requires the recipient to use the resources for a specific purpose (i.e., federal programs that state or local governments are mandated to perform).
4. Voluntary non-exchange transactions: result from legislative or contractual agreements, other than exchanges, entered into willingly by the parties to the agreement (i.e., certain grants and private donations).

The Authority grants and subsidies will be defined as government-mandated or voluntary nonexchange transactions.

GASB 33 establishes two distinct standards depending upon the kind of stipulation imposed by the provider.

1. Time requirements specify (a) the period when resources are required to be used or when use may begin (for example, operating or capital grants for a specific period) or (b) that the resources are required to be maintained intact in perpetuity or until a specified date or event has occurred (for example, permanent endowments, term endowments, and similar agreements). Time requirements affect the timing of recognition of non-exchange transactions.
2. Purpose restrictions specify the purpose for which resources are required to be used, (i.e., capital grants used for the purchase of capital assets). Purpose restrictions do not affect when a non-exchange transaction is recognized. However, authority's that receive resources with purpose restrictions should report resulting net assets, equity, or fund balance as restricted.

**Investments**

Investments are restricted by the provisions of the HUD regulations (See Note 3). Investments are valued at market value. At December 31, 2020, the Authority did not have any investments.

**Receivables - Net of Allowance**

Bad debts are provided on the allowance method based on management's evaluation of the collectability of outstanding tenant receivable balances at the end of the year. At December 31, 2020, the Authority believed \$2,266 of the accounts receivable to be uncollectible.

NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2020

**Prepaid Expenses**

Payments made to vendors for services that will benefit periods beyond December 31, 2020, are recorded as prepaid expenses using the consumption method. A current asset for the amount is recorded at the time of the purchase and expense is reported in the year in which the services are consumed.

**Inventory**

The Authority's inventory is comprised of maintenance materials and supplies. Inventory is stated at cost and uses the Moving Average Costing flow assumption in determining cost.

The consumption method is used to record inventory. Under this method, the acquisition of materials and supplies is recorded initially in inventory accounts and charged as expenditures when used. The allowance for obsolete inventory was \$0 at December 31, 2020.

**Capital Assets**

Capital assets are stated at cost and depreciation is computed using the straight-line method over an estimated useful life of the assets. The cost of normal maintenance and repairs, that do not add to the value of the asset or materially extend the asset life are expensed as incurred. The Authority's capitalization threshold is \$750. The following are the useful lives used for depreciation purposes:

Buildings	40 years
Building improvements	15 years
Furniture and Equipment	3-7 years

**Restricted Cash**

Restricted cash represents amounts held in HAP funds received and Vouchers CARES Act Funding not spent.

**Accrued Liabilities**

All payables and accrued liabilities are reported in the basic financial statements.

**Compensated Absences**

The Authority accounts for compensated absences in accordance with GASB Statement No. 16. Sick leave and other compensated absences with similar characteristics are accrued as a liability based on the sick leave accumulated at the balance sheet date by those employees who currently are eligible to receive termination payments. To calculate the liability, these accumulations are reduced to the maximum amount allowed as a termination payment. All employees who meet the termination policy of

LOGAN COUNTY METROPOLITAN HOUSING AUTHORITY  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2020

the Authority for years of service are included in the calculation of the compensated absences accrual amount.

Vacation leave and other compensated absences with similar characteristics are accrued as a liability as the benefits are earned by the employees if both the following conditions are met: 1) The employees' rights to receive compensation are attributable to services already rendered and are not contingent on a specific event that is outside the control of the employer and employee, 2) It is probable that the employer will compensate the employees for the benefits through paid time off or some other means, such as cash payments at termination or retirement.

In the proprietary fund, the compensated absences are expensed when earned with the amount reported as a liability.

**Deferred Outflow and Inflows of Resources**

In addition to assets, the statement of net position reports a separate section for deferred outflows of resources. Deferred outflows of resources represent a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense) until then. For the Authority, deferred outflows of resources are reported on the statement of net position for pension and OPEB. The deferred outflows of resources related to pension and OPEB plans are explained in Note 7 and 8.

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net position that applies to a future period and will not be recognized until that time. For the Authority, deferred inflows of resources are reported on the statement of net position for pension and OPEB. The deferred inflows of resources related to pension and OPEB plans are explained in Notes 7 and 8.

**Pension / Other Post-Employment Benefits**

For purposes of measuring the net pension/OPEB liability, deferred outflows of resources and deferred inflows of resources related to pensions/OPEB, and pension/OPEB expense, information about the fiduciary net position of the pension/OPEB plans and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the pension/OPEB plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension/OPEB plans report investments at fair value.

**Unearned Revenue**

Represent tenant's prepayment of rent.

LOGAN COUNTY METROPOLITAN HOUSING AUTHORITY  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2020

**Net Position**

Net position represents the difference between assets plus deferred outflows and liabilities plus deferred inflows. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction, or improvement of those assets. Net position is recorded as restricted when there are limitations imposed on their use by internal or external restrictions.

The Authority applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted amounts are available.

**Operating Revenues and Expenses**

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary fund. For the Authority, these revenues are tenant revenues, operating grant from HUD and other miscellaneous revenue.

Operating expenses are those expenses that are expended directly for the primary activity of the proprietary fund. For the Authority, these expenses are administrative, utilities, maintenance, PILOT, insurance, depreciation, bad debt and housing assistance payments.

**Capital Grant**

This represents grants provided by HUD that the Authority spends on capital assets.

**Budgetary Accounting**

The Authority annually prepares its program budgets as prescribed by the Department of Housing and Urban Development. These budgets are adopted by the Board of the Authority and submitted to the Federal agencies, as applicable.

**Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

**3. DEPOSITS AND INVESTMENTS**

**Deposits**

State statutes classify monies held by the Authority into three categories:

LOGAN COUNTY METROPOLITAN HOUSING AUTHORITY  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2020

- A. Active deposits are public deposits necessary to meet demands on the treasury. Such monies must be maintained either as cash in the Authority's Treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.
  
- B. Inactive deposits are public deposits that the Authority has identified as not required for use within the current two-year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.
  
- C. Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts including passbook accounts.

Protection of the Authority's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, by collateral held by the Authority, or by a single collateral pool established by the financial institution to secure the repayment of all public monies deposited with the institution.

The carrying amount of the Authority's deposits was \$662,368 at December 31, 2020, including \$300 petty cash. The corresponding bank balances were \$702,002. Based on the criteria described in GASB Statement No. 40, "Deposits and Investment Risk Disclosure," as of December 31, 2020, \$319,335 was covered by federal depository insurance. \$382,667 was exposed to custodial risk.

Custodial credit risk is the risk that in the event of bank failure, the Authority will not be able to recover the deposits. All deposits are collateralized with eligible securities in amounts equal to at least 105 percent of the carrying value of the deposits. Such collateral, as permitted by the Ohio Revised Code, is held in single financial institution collateral pools at the Federal Reserve Banks or at member banks of the federal reserve system, in the name of the respective depository bank and pledged as a pool of collateral against all of the public deposits it holds or as specific collateral held at the Federal Reserve Bank in the name of the Authority.

LOGAN COUNTY METROPOLITAN HOUSING AUTHORITY  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2020

**Investments**

In accordance with the Ohio Revised Code and HUD investment policy, the Authority is permitted to invest in certificates of deposit, savings accounts, money market accounts, certain highly rated commercial paper, obligations of certain political subdivision of Ohio and the United States government and its agencies, and repurchase agreements with any eligible depository or any eligible dealers. Public depositories must give security for all public funds on deposit. Repurchase agreements must be secured by the specific qualifying securities upon which the repurchase agreements are based.

The Authority is prohibited from investing in any financial instruments, contracts, or obligations whose value or return is based or linked to another asset or index, or both, separate from the financial instrument, contract, or obligation itself (commonly known as a derivative). The Authority is also prohibited from investing in reverse purchase agreements.

**Interest Rate Risk** - The Authority does not have a formal investment policy that limits investments as a means of managing its exposure to fair value losses arising from increasing interest rates. However, it is the Authority's practice to limit its investments to three years or less.

**Credit Risk** - HUD requires specific collateral on individual accounts in excess of amounts insured by the Federal Deposit Insurance Corporation. The Authority's depository agreement specifically requires compliance with HUD requirements.

**Concentration of Credit Risk** - The Authority places no limit on the amount that may be invested with any one issuer. However, it is the Authority's practice to do business with more than one depository.

The Authority had no investments at December 31, 2020.

The long-term debt consists of two mortgages and a construction Line of Credit that were assumed by the Authority on September 2, 2015. This debt is associated with several rental properties that were transferred to the Authority by the Not-for-Profit agency, (HAND), on that date. The principal amount owed at the time of transfer was

LOGAN COUNTY METROPOLITAN HOUSING AUTHORITY  
 NOTES TO THE FINANCIAL STATEMENTS  
 FOR THE YEAR ENDED DECEMBER 31, 2020

\$242,223. The property and associated debt were recorded on the Authority’s Business Activities Ledger.

The original amount of the mortgage for 512 Walker is \$71,250. Monthly payments of \$747 started in 2014 and are required until the maturity date in 2024.

The original amount of the mortgage for 229 Walker is \$120,000 in 2014. Due at the variable interest rate, Citizens Federal notifies the Authority of the yearly interest rate and monthly payment amount to begin in June each year. Due to the variance rate, the monthly payments changed from \$442.27 in 2019 to \$500.18 in 2020. This mortgage matures in 2037.

The original amount of the line of credit for Pratt/Seymour is \$34,917 in 2008. Additional draws were made on the line of credit until the maximum of \$120,000 was reached and the line of credit was terminated and converted into a permanent loan. No maturity date has been established.

Amortization of the above debt, including interest, is scheduled as follows:

Year ending

2036-2037	-	9,086	-
	\$ 27,588	\$ 83,771	\$ 70,153

**6. RISK MANAGEMENT**

The Authority is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees and natural disasters. During the year ending December 31, 2020 the Authority maintains comprehensive insurance coverage with private carriers for health, real property, building contents and vehicles. Vehicle policies include liability coverage for bodily injury and property damage.

Settled claims have not exceeded this coverage in any of the last three years. There has been no significant reduction in coverage from last year.

LOGAN COUNTY METROPOLITAN HOUSING AUTHORITY  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2020

7. **DEFINED BENEFIT PENSION PLAN**

**Net Pension Liability/Asset**

The net pension liability/(asset) reported on the statement of net position represents a liability to employees for pensions. Pensions are a component of exchange transactions, between an employer and its employees, of salaries and benefits for employee services. Pensions are provided to an employee on a deferred-payment basis as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for pensions is a present obligation because it was created as a result of employment exchanges that already have occurred.

The net pension liability represents the Authority's proportionate share of each pension plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension plan's fiduciary net position. The net pension liability calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting this estimate annually.

Ohio Revised Code limits the Authority's obligation for this liability to annually required payments. The Authority cannot control benefit terms or the manner in which pensions are financed; however, the Authority does receive the benefit of employees' services in exchange for compensation including pension.

GASB 68 assumes the liability is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires all funding to come from these employers. All contributions to date have come solely from these employers (which also includes costs paid in the form of withholdings from employees). State statute requires the pension plans to amortize unfunded liabilities within 30 years. If the amortization period exceeds 30 years, each pension plan's board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension liability. Resulting adjustments to the net pension liability would be effective when the changes are legally enforceable.

The proportionate share of each plan's unfunded benefits is presented as a long-term *net pension liability* on the accrual basis of accounting. Any liability for the contractually-required pension contribution outstanding at the end of the year is included in *intergovernmental payable* on both the accrual and modified accrual bases of accounting.

***Plan Description – Ohio Public Employees Retirement System (OPERS)***

Plan Description - Authority employees participate in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans. The traditional pension plan is a cost-sharing, multiple-employer defined benefit pension plan. The member-directed plan is a defined contribution plan and the combined plan is a cost-sharing, multiple-employer defined benefit pension plan with defined contribution features. While members (e.g. Authority employees) may elect the member-directed plan and the combined plan, substantially all employee members are in OPERS' traditional plan; therefore, the following disclosure focuses on the traditional pension plan.

LOGAN COUNTY METROPOLITAN HOUSING AUTHORITY  
 NOTES TO THE FINANCIAL STATEMENTS  
 FOR THE YEAR ENDED DECEMBER 31, 2020

OPERS provides retirement, disability, survivor and death benefits, and annual cost of living adjustments to members of the traditional plan. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report that includes financial statements, required supplementary information and detailed information about OPERS' fiduciary net position that may be obtained by visiting <https://www.opers.org/financial/reports.shtml>, by writing to the Ohio Public Employees Retirement System, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling 800-222-7377.

Senate Bill (SB) 343 was enacted into law with an effective date of January 7, 2013. In the legislation, members were categorized into three groups with varying provisions of the law applicable to each group. The following table provides age and service requirements for retirement and the retirement formula applied to final average salary (FAS) for the three member groups under the traditional plan as per the reduced benefits adopted by SB 343 (see OPERS' CAFR referenced above for additional information):

<b>Group A</b>	<b>Group B</b>	<b>Group C</b>
Eligible to retire prior to January 7, 2013 or five years after January 7, 2013	20 years of service credit prior to January 7, 2013 or eligible to retire ten years after January 7, 2013	Members not in other Groups and members hired on or after January 7, 2013
<b>State and Local</b>	<b>State and Local</b>	<b>State and Local</b>
<b>Age and Service Requirements:</b>	<b>Age and Service Requirements:</b>	<b>Age and Service Requirements:</b>
Age 60 with 60 months of service credit or Age 55 with 25 years of service credit	Age 60 with 60 months of service credit or Age 55 with 25 years of service credit	Age 57 with 25 years of service credit or Age 62 with 5 years of service credit
<b>Formula:</b>	<b>Formula:</b>	<b>Formula:</b>

Final average Salary (FAS) represents the average of the three highest years of earnings over a member's career for Groups A and B. Group C is based on the average of the five highest years of earnings over a member's career.

Members who retire before meeting the age and years of service credit requirement for unreduced benefits receive a percentage reduction in the benefit amount.

When a benefit recipient has received benefits for 12 months, an annual cost of living adjustment (COLA) is provided. This COLA is calculated on the base retirement benefit at the date of retirement and is not compounded. For those retiring prior to January 7, 2013, the COLA will continue to be a 3 percent simple annual COLA. For those retiring subsequent to January 7, 2013, beginning in calendar year 2019, the COLA will be based on the average percentage increase in the Consumer Price Index, capped at 3 percent.

A death benefit of \$500-2,500, determined by the number of years of service credit of the retiree, is paid to the beneficiary of a deceased retiree or disability benefit recipient under the Traditional pension plan and the Combined Plan.

LOGAN COUNTY METROPOLITAN HOUSING AUTHORITY  
 NOTES TO THE FINANCIAL STATEMENTS  
 FOR THE YEAR ENDED DECEMBER 31, 2020

The OPERS Board of Trustees approved a proposal at its October 2019 meeting to create a new tier of membership in the OPERS traditional pension plan. OPERS currently splits in non-retired membership into Group A, B, or C depending on age and service criteria. Retirement Group D would consist of OPERS contributing members hired in 2022 and beyond. Group D will have its own eligibility standards, benefit structure and unique member features designed to meet the changing needs of Ohio public workers. It also will help OPERS address expected investment market volatility and adjust to the lack of available funding for health care.

Defined contribution plan benefits are established in the plan documents, which may be amended by the Board. Member-directed plan and combined plan members who have met the retirement eligibility requirements may apply for retirement benefits. The amount available for defined contribution benefits in the combined plan consists of the members' contributions plus or minus the investment gains or losses resulting from the members' investment selections. Combined plan members wishing to receive benefits must meet the requirements for both the defined benefit and defined contribution plans. Member-directed participants must have attained the age of 55, have money on deposit in the defined contribution plan and have terminated public service to apply for retirement benefits. The amount available for defined contribution benefits in the member-directed plan consists of the members' contributions, vested employer contributions and investment gains or losses resulting from the members' investment selections. Employer contributions and associated investment earnings vest over a five-year period, at a rate of 20 percent each year. At retirement, members may select one of several distribution options for payment of the bested balance in their individual OPERS accounts. Options include the purchase of a monthly defined benefit annuity from OPERS (which includes joint and survivor options), partial lump-sum payments (subject to limitations), a rollover of the vested account balance to another financial institution, receipt of entire account balance, net of taxes withheld, or a combination of these options.

Funding Policy - The Ohio Revised Code (ORC) provides statutory authority for member and employer contributions as follows:

	<b>State and Local</b>
<b>2020 Statutory Maximum Contribution Rates</b>	
Employer	14.0%
Employee	10.0%
 <b>2020 Actual Contribution Rates</b>	
Employer:	
Pension	14.0%
Post-employment Health Care Benefits	0.0%
 Total Employer	 14.0%
Employee	10.0%

LOGAN COUNTY METROPOLITAN HOUSING AUTHORITY  
 NOTES TO THE FINANCIAL STATEMENTS  
 FOR THE YEAR ENDED DECEMBER 31, 2020

Employer contribution rates are actuarially determined and are expressed as a percentage of covered payroll. The portion of employer contributions used to fund pension benefits is net of post-employment health care benefits. The portion of the employer’s contribution allocated to health care was 0% for 2020 for the Traditional and Combined plans. The portion of the employer’s contribution allocated to health care was 4% for the Member-Directed plan for 2020. The Authority’s contractually required contribution for pension was \$43,256 for fiscal year ending December 31, 2020.

***Pension Liabilities, Pension Assets, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions***

The net pension liability / (asset) was measured as of December 31, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Authority's proportion of the net pension liability was based on the Authority’s share of contributions to the pension plan relative to the contributions of all participating entities. Following is information related to the proportionate share and pension expense:

	<b>Traditional Plan</b>	<b>Combined Plan</b>	<b>Total</b>
Proportionate Share of Net Pension Liability / (Assets)	\$312,693	-\$29,111	\$283,582

 NOTES TO THE FINANCIAL STATEMENTS  
 FOR THE YEAR ENDED DECEMBER 31, 2020

**Actuarial Assumptions - OPERS**

Actuarial valuations of an ongoing plan involve estimates of the values of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and cost trends. Actuarially determined amounts are subject to continual review or modification as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation. The total pension liability in the December 31, 2019 actuarial valuation was determined using the following actuarial assumptions, applied to all prior periods included in the measurement in accordance with the requirements of GASB 67. Key methods and assumptions used in the latest actuarial valuation, reflecting experience study results, are presented below:

Actuarial Information	Traditional Plan	Combined Plan	Member-Directed Plan

Pre-retirement mortality rates are based on the RP-2014 Employees mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Post-retirement mortality rates for disabled retirees are based on the RP-2014 Disabled mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Mortality rates for particular calendar year are determined by applying the MP-2015 mortality improvement scale to all of the previously described tables.

The most recent experience study was completed for the five-year period ended December 31, 2015.

The long-term rate of return on defined benefit investment assets was determined using a building-block method in which best-estimate ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected real rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adjusted for inflation.

OPERS manages investments in three investment portfolios: the Defined Benefits portfolio, the Health Care portfolio, and the Defined Contribution portfolio. The Defined Benefit portfolio

LOGAN COUNTY METROPOLITAN HOUSING AUTHORITY  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2020

includes the investment assets of the Traditional Pension Plan, the defined benefit component of the Combined Plan, the annuitized accounts of the Member-Directed plan. Within the Defined Benefit portfolio, contributions into the plans are all recorded at the same time, and benefit payments all occur on the first of the month. Accordingly, the money-weighted rate of return is considered to be the same for all plans within the portfolio. The annual money weighted rate of return expressing investment performance, net of investments expenses and adjusted for the changing amount actually invested, for the Defined Benefit portfolio was 17.2 percent for 2019.

The allocation of investment assets with the Defined Benefit portfolio is approved by the Board of Trustees as outlined in the annual investment plan. Plan assets are managed on a total return basis with a long-term objective of achieving and maintaining a fully funded status for the benefits provided through the defined benefit pension plans. The table below displays the Board-approved asset allocation policy for 2019 and the long-term expected real rates of return:

Asset Class	Target Allocation for 2019	Weighted Average Long- Term Expected Real Rate of Return
Fixed Income	25.00%	1.83%
Domestic Equities	19.00%	5.75%
Real Estate	10.00%	5.20%
Private Equity	12.00%	10.70%
International Equities	21.00%	7.66%
Other investments	13.00%	4.98%
Total	100.00%	5.95%

**Discount Rate** The discount rate used to measure the total pension liability was 7.2 percent, post-experience study results. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and those of the contributing employers are made at the contractually required rates, as actuarially determined. Based on those assumptions, the pension plan’s fiduciary net position was projected to be available to make all projected future benefits payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**Sensitivity of the Authority’s Proportionate Share of the Net Pension Liability to Changes in the Discount Rate** The following table presents the Authority’s proportionate share of the net pension liability calculated using the current period discount rate assumption of 7.2 percent, as well as what the Authority’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is one-percentage-point lower (6.2 percent) or one-percentage-point higher (8.2 percent) than the current rate:

***Changes Between Measurement Date and Report Date***

Subsequent to December 31, 2019, the global economy was impacted by the COVID-19 pandemic and market volatility increased significantly. It is likely that 2020 investment market conditions and other economic factors were negatively impacted; however, the overall impact on the OPERS investment portfolio and funding position is unknown at this time.

**8. DEFINED BENEFIT OPEB PLAN**

***Net OPEB Liability***

The net OPEB liability reported on the statement of net position represents a liability to employees for OPEB. OPEB is a component of exchange transactions – between an employer and its employees – of salaries and benefits for employee services. OPEB are provided to an employee – on a deferred-payment basis – as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for OPEB is a present obligation because it was created as a result of employment exchanges that already have occurred.

The net OPEB liability represents the Authority’s proportionate share of each OPEB plan’s collective actuarial present value of projected benefit payments attributable to past periods of service, net of each OPEB plan’s fiduciary net position. The net OPEB liability calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting these estimates annually.

The Ohio Revised Code limits the Authority’s obligation for this liability to annually required payments. The Authority cannot control benefit terms or the manner in which OPEB are financed; however, the Authority does receive the benefit of employees’ services in exchange for compensation including OPEB.

GASB 75 assumes the liability is solely the obligation of the employer, because they benefit from employee services. OPEB contributions come from these employers and health care plan enrollees which pay a portion of the health care costs in the form of a monthly premium. The Ohio Revised Code permits, but does not require the retirement systems to provide healthcare to eligible benefit recipients. Any change to benefits or funding could significantly affect the

LOGAN COUNTY METROPOLITAN HOUSING AUTHORITY  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2020

net OPEB liability. Resulting adjustments to the net OPEB liability would be effective when the changes are legally enforceable. The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits.

The proportionate share of each plan's unfunded benefits is presented as a long-term *net OPEB liability* on the accrual basis of accounting. Any liability for the contractually-required OPEB contribution outstanding at the end of the year is included in *accrued liabilities*.

***Plan Description – Ohio Public Employees Retirement System (OPERS)***

The Ohio Public Employees Retirement System (OPERS) administers three separate pension plans: the traditional pension plan, a cost-sharing, multiple-employer defined benefit pension plan; the member-directed plan, a defined contribution plan; and the combined plan, a cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan.

OPERS maintains a cost-sharing, multiple-employer defined benefit post-employment health care trust, which funds multiple health care plans including medical coverage, prescription drug coverage and deposits to a Health Reimbursement Arrangement to qualifying benefit recipients of both the traditional pension and the combined plans. This trust is also used to fund health care for member-directed plan participants, in the form of a Retiree Medical Account (RMA). At retirement or refund, member directed plan participants may be eligible for reimbursement of qualified medical expenses from their vested RMA balance.

In order to qualify for postemployment health care coverage, age and service retirees under the traditional pension and combined plans must have twenty or more years of qualifying Ohio service credit. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available. The health care coverage provided by OPERS meets the definition of an Other Post Employment Benefit (OPEB) as described in GASB Statement 75. See OPERS' CAFR referenced below for additional information.

The Ohio Revised Code permits, but does not require OPERS to provide health care to its eligible benefit recipients. Authority to establish and amend health care coverage is provided to the Board in Chapter 145 of the Ohio Revised Code.

Disclosures for the health care plan are presented separately in the OPERS financial report. Interested parties may obtain a copy by visiting <https://www.opers.org/financial/reports.shtml>, by writing to OPERS, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling (614) 222-5601 or 800-222-7377.

Funding Policy - The Ohio Revised Code provides the statutory authority requiring public employers to fund postemployment health care through their contributions to OPERS. When funding is approved by OPERS Board of Trustees, a portion of each employer's contribution to OPERS is set aside to fund OPERS health care plans.

Employer contribution rates are expressed as a percentage of the earnable salary of active members. In 2020, state and local employers contributed at a rate of 14.0 percent of earnable salary. These are the maximum employer contribution rates permitted by the Ohio Revised Code. Active member contributions do not fund health care.

LOGAN COUNTY METROPOLITAN HOUSING AUTHORITY  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2020

Each year, the OPERS Board determines the portion of the employer contribution rate that will be set aside to fund health care plans. The portion of employer contributions allocated to health care for members in the Traditional Pension Plan and Combined Plan was 0 percent during calendar year 2019. As recommended by OPERS' actuary, the portion of employer contributions allocated to health care beginning January 1, 2020 remained at 0 percent for both plans. The OPERS Board is also authorized to establish rules for the retiree or their surviving beneficiaries to pay a portion of the health care provided. Payment amounts vary depending on the number of covered dependents and the coverage selected. The employer contribution as a percentage of covered payroll deposited into the RMA for participants in the Member-Directed Plan for 2019 was 4.0 percent.

Employer contribution rates are actuarially determined and are expressed as a percentage of covered payroll.

The Authority's contractually required contribution was \$0 for fiscal year ending December 31, 2020.

***OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB***

The net OPEB liability and total OPEB liability were determined by an actuarial valuation as of December 31, 2018, rolled forward to the measurement date of December 31, 2019, by incorporating the expected value of health care cost accruals, the actual health care payment, and interest accruals during the year. The Authority's proportion of the net OPEB liability was based on the Authority's share of contributions to the retirement plan relative to the contributions of all participating entities. Following is information related to the proportionate share and OPEB expense:

	<b>Health Care Plan</b>
Proportionate Share of Net OPEB Liability	\$257,605

***Actuarial Assumptions - OPERS***

Actuarial valuations of an ongoing plan involve estimates of the values of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and cost trends. Actuarially determined amounts are subject to continual review or modification as actual results are compared with past expectations and new estimates are made about the future.

LOGAN COUNTY METROPOLITAN HOUSING AUTHORITY  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2020

Projections of benefits for financial reporting purposes are based on the substantive plan and include the types of coverage provided at the time of each valuation and the historical pattern of sharing of costs between OPERS and plan members. The total OPEB liability was determined by an actuarial valuation as of December 31, 2018, rolled forward to the measurement date of December 31, 2019. The actuarial valuation used the following actuarial assumptions applied to all prior periods included in the measurement in accordance with the requirements of GASB 74:

<b>Actuarial Information</b>	
Wage Inflation	3.25%
Future Salary Increases, including inflation 3.25%	3.25 - 10.75%
Single Discount Rate:	
Current measurement date	3.16%
Prior measurement date	3.96%
Investment Rate of Return	6.00%
Municipal Bond Rate	2.75%
Health Care Cost Trend Rate	10.5% initial, 3.5% ultimate in 2030
Actuarial Cost Method	Individual entry age

Pre-retirement mortality rates are based on the RP-2014 Employees mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Post-retirement mortality rates are based on the RP-2014 Healthy Annuitant mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Post-retirement mortality rates for disabled retirees are based on the RP-2014 Disabled mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Mortality rates for a particular calendar year are determined by applying the MP-2015 mortality improvement scale to all of the above described tables.

The most recent experience study was completed for the five-year period ended December 31, 2015.

The long-term expected rate of return on health care investment assets was determined using a building-block method in which best-estimate ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected real rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adjusted for inflation.

During 2019, OPERS managed investments in three investment portfolios: the Defined Benefit portfolio, the Health Care portfolio and the Defined Contribution portfolio. The Health Care portfolio includes the assets for health care expenses for the Traditional Pension Plan, Combined Plan and Member-Directed Plan eligible members. Within the Health Care portfolio, contributions into the plans are assumed to be received continuously throughout the year based on the actual payroll payable at the time contributions are made, and health care-related

LOGAN COUNTY METROPOLITAN HOUSING AUTHORITY  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2020

payments are assumed to occur mid-year. Accordingly, the money-weighted rate of return is considered to be the same for all plans within the portfolio. The annual money-weighted rate of return expressing investment performance, net of investment expenses and adjusted for the changing amounts actually invested, for the Health Care portfolio was a loss of 19.70 percent for 2019.

The allocation of investment assets with the Health Care portfolio is approved by the Board of Trustees as outlined in the annual investment plan. Assets are managed on a total return basis with a long-term objective of continuing to offer a sustainable health care program for current and future retirees. OPERS' primary goal is to achieve and maintain a fully funded status for the benefits provided through the defined pension plans. Health care is a discretionary benefit. The table below displays the Board-approved asset allocation policy for 2019 and the long-term expected real rates of return:

Asset Class	Target Allocation	Weighted Average Long- Term Expected Real Rate of Return
Fixed Income	36.00%	1.53%
Domestic Equities	21.00%	5.75%
REITs	6.00%	5.69%
International Equities	23.00%	7.66%
Other Investments	14.00%	4.90%
TOTAL	100.00%	4.55%

**Discount Rate** A single discount rate of 3.16 percent was used to measure the OPEB liability on the measurement date of December 31, 2019. Projected benefit payments are required to be discounted to their actuarial present value using a single discount rate that reflects (1) a long-term expected rate of return on OPEB plan investments (to the extent that the health care fiduciary net position is projected to be sufficient to pay benefits), and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating as of the measurement date (to the extent that the contributions for use with the long-term expected rate are not met). This single discount rate was based on an expected rate of return on the health care investment portfolio of 6.00 percent and a municipal bond rate of 3.71 percent. The projection of cash flows used to determine this single discount rate assumed that employer contributions will be made at rates equal to the actuarially determined contribution rate. Based on these assumptions, the health care fiduciary net position and future contributions were sufficient to finance health care costs through 2034. As a result, the long-term expected rate of return on health care investments was applied to projected costs through the year 2031, and the municipal bond rate was applied to all health care costs after that date.

**Sensitivity of the Authority's Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate** The following table presents the Authority's proportionate share of the net OPEB liability calculated using the single discount rate of 3.16 percent, as well as what the Authority's proportionate share of the net OPEB liability would be if it were calculated using a

LOGAN COUNTY METROPOLITAN HOUSING AUTHORITY  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2020

discount rate that is one-percentage-point lower (2.96 percent) or one-percentage-point higher (4.16 percent) than the current rate:

	<b>1% Decrease (2.16%)</b>	<b>Current Discount Rate (3.16%)</b>	<b>1% Increase (4.16%)</b>
Authority's proportionate share of the net OPEB liability	\$337,117	\$257,605	\$193,941

***Sensitivity of the Authority's Proportionate Share of the Net OPEB Liability to Changes in the Health Care Cost Trend Rate*** Changes in the health care cost trend rate may also have a significant impact on the net OPEB liability. The following table presents the net OPEB liability calculated using the assumed trend rates, and the expected net OPEB liability if it were calculated using a health care cost trend rate that is 1.0 percent lower or 1.0 percent higher than the current rate.

Retiree health care valuations use a health care cost-trend assumption that changes over several years built into the assumption. The near-term rates reflect increases in the current cost of health care; the trend starting in 2020 is 10.5 percent. If this trend continues for future years, the projection indicates that years from now virtually all expenditures will be for health care. A more reasonable alternative is that in the not-too-distant future, the health plan cost trend will decrease to a level at, or near, wage inflation. On this basis, the actuaries project premium rate increases will continue to exceed wage inflation for approximately the next decade, but by less each year, until leveling off at an ultimate rate, assumed to be 3.5 percent in the most recent valuation.

	<b>1% Decrease</b>	<b>Current Health Care Cost Trend Rate Assumption</b>	<b>1% Increase</b>
Authority's proportionate share of the net OPEB liability	\$250,003	\$257,605	\$265,110

***Changes Between Measurement Date and Report Date***

Subsequent to December 31, 2019, the global economy was impacted by the COVID-19 pandemic and market volatility increased significantly. It is likely that 2020 investment market conditions and other economic factors were negatively impacted; however, the overall impact on the OPERS investment portfolio and funding position is unknown at this time.

On January 15, 2020, the Board approved several changes to the health care plan offered to Medicare and pre-Medicare retirees in efforts to decrease costs and increase the solvency of the health care plan. These changes are effected January 1, 2022, and include changes to base allowances and eligibility for Medicare retirees, as well as replacing OPERS-sponsored medical plans for pre-Medicare retirees with monthly allowances, similar to the program for Medicare

 NOTES TO THE FINANCIAL STATEMENTS  
 FOR THE YEAR ENDED DECEMBER 31, 2020

retirees. These changes are not reflected in the current year financial statements but are expected to decrease the associated OPEB liability.

**9. COMPENSATED ABSENCES**

Vacation and sick leave policies are established by the Board of Commissioners.

Annual vacation leave is given to all full time permanent employees on a pro-rate basis; two weeks per year of service one through five years, three weeks for six to ten years of service and four weeks for ten years of service or more. The annual leave does not accumulate for longer than a one-year period and must be schedule in the year earned.

Sick leave accrues for full time permanent employees on the basis of 10 hours per month, cumulative to 120 days or 960 hours. An Employee at the time of retirement from active service with the authority may elect to be paid cash for (1/4) of the value of accrued unused sick leave credit at the employee’s rate of pay at the time of retirement. The Authority’s policy is to begin to accrue sick leave for employees five (5) years before they are eligible for retirement. At December 31, 2020, the Authority had \$16,332 sick and vacation leave accrued. The following is a summary of changes in compensated absences for the year ended December 31, 2020:

	<b>Balance 12/31/19</b>	<b>Net Change</b>	<b>Balance 12/31/20</b>	<b>Due One Year</b>
Compensated Absence Payable	\$16,527	(\$195)	\$16,332	\$6,324

**10. RESTRICTED ASSETS**

The Authority’s restricted assets are as follows:

The Authority's restricted assets is as follows:

Tenant Security Deposits	\$46,444
Housing Assistance Payments funds	71,590
Family Self-Sufficiency Program	69,335
	\$187,369

**11. CONTINGENCIES**

**Grants**

Amounts grantor agencies pay to the Authority are subject to audit and adjustments by the grantor, principally the federal government. Grantors may require refunding any disallowed costs or excess reserve balances. Management cannot presently determine amounts grantors may disallow or recapture. However, based on prior experience, management believes any such disallowed claims or recaptured amounts would not

LOGAN COUNTY METROPOLITAN HOUSING AUTHORITY  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2020

have a material adverse effect on the overall financial position of the Authority at December 31, 2020.

**Commitments and Contingencies**

The Authority has, under its normal operations, entered into commitments for the purchase of maintenance, cleaning, and other services. Such commitments are monthly and annually.

**Litigations**

In the normal course of operations, the Authority may be subject to litigations and claims. At December 31, 2020, the Authority was not aware of any such matters.

**12. FAMILY SELF-SUFFICIENCY PROGRAM**

The Logan County Metropolitan Housing Authority has a Family Self-Sufficiency Program (FSSP). This program is designed to assist families to become self-sufficient through an escrowed savings plan provided by the Authority. Upon completion of the objectives, the family receives their escrow balance.

At December 31, 2020, the Authority held in escrow \$69,335 for the Family Self Sufficiency Program. The Authority recognizes the escrow as cash and FSS liability on the balance sheet.

**13. FINANCIAL DATA SCHEDULE SUBMITTED TO HUD**

For the fiscal year ended December 31, 2020, the Authority electronically submitted an unaudited version of the balance sheet, statement of revenue and expenses and changes in net position, and other data to HUD as required on the GAAP basis. The schedules are presented in the manner prescribed by HUD.

**14. ECONOMIC DEPENDENCY**

Both the Low Rent Public Housing Program and the Housing Choice Voucher Program are economically dependent on annual contributions and grants from HUD.

**15. SUBSEQUENT EVENTS**

The United States and the State of Ohio declared a state of emergency in March 2020 due to the COVID-19 pandemic. The financial impact of COVID-19 and the ensuing emergency measures will impact subsequent periods of the Authority. The impact on the Authority's future operating costs, revenues, and any recovery from emergency funding, either federal or state, cannot be estimated.

NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION  
FOR THE YEAR ENDED DECEMBER 31, 2020

***Ohio Public Employees' Retirement System***

**Net Pension Liability**

*Changes in benefit terms:* There were no changes in benefit terms from the amounts reported for 2014-2020.

*Changes in assumptions:* There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for 2014-2016 and 2018. For 2017, the following changes of assumptions affected the total pension liability since the prior measurement date: (a) the expected investment return was reduced from 8.00% to 7.50%, (b) the expected long-term average wage inflation rate was reduced from 3.75% to 3.25%, (c) the expected long-term average price inflation rate was reduced from 3.00% to 2.50%, (d) Rates of withdrawal, retirement and disability were updated to reflect recent experience, (e) mortality rates were updated to the RP-2014 Health Annuitant Mortality Table, adjusted for mortality improvement back to the observant period base year of 2006 and then established the base year as 2015 (f) mortality rates used in evaluating disability allowances were updated to the RP-2014 Disabled Mortality tables, adjusted for mortality improvement back to the observation base year of 2006 and a base year of 2015 for males and 2010 for females (g) Mortality rates for a particular calendar year for both healthy and disabled retiree mortality tables are determined by applying the MP-2015 mortality improvement scale to the above described tables. For 2019, the following changes of assumptions affected the total pension liability since the prior measurement date: (a) the expected investment return was reduced from 7.50% to 7.20%. For 2020, the following changes of assumptions affected the total pension liability since the prior measurement date: a) the cost-of-living adjustments for post-1/7/2013 retirees were reduced from 3.00% simple through 2018 to 1.40% simple through 2020, then 2.15% simple.

**Net OPEB Liability**

*Changes in benefit terms:* There were no changes in benefit terms from the amounts reported for 2018-2020.

*Changes in assumptions:* For 2018, the single discount rate changed from 4.23% to 3.85%. For 2019, the following changes of assumptions affected the total OPEB liability since the prior measurement date: a) the expected investment return was reduced from 6.50% to 6.00%. b) In January 2020, the Board adopted changes to health care coverage for Medicare and pre-Medicare retirees. It will include discontinuing the PPO plan for pre-Medicare retirees and replacing it with a monthly allowance to help participants pay for a health care plan of their choosing. The base allowance for Medicare eligible retirees will be reduced. The specific effect of these changes on the net OPEB liability and OPEB expense are unknown at the time. c) the single discount rate changed from 3.96% to 3.16%.

**LOGAN COUNTY METROPOLITAN HOUSING AUTHORITY  
NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS  
FOR THE YEAR ENDED DECEMBER 31, 2020**

**NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The accompanying Schedule of Expenditures of Federal Awards includes the federal activity of the Authority and is presented on the full accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the Authority, it is not intended to and does not present the financial position, changes in net position, or cash flows of the Authority.

**NOTE B – SUBRECIPIENTS**

The Authority provided no federal awards to subrecipients during the year ended December 31, 2020.

**NOTE C – DISCLOSURE OF OTHER FORMS OF ASSISTANCE**

The Authority received no federal awards of non-monetary assistance that are required to be disclosed for the year ended December 31, 2020.

The Authority had no loans, loan guarantees, or federally restricted endowment funds required to be disclosed for the year ended December 31, 2020.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
REQUIRED BY *GOVERNMENT AUDITING STANDARDS***

September 24, 2021

Logan County Metropolitan Housing Authority  
Logan County  
116 North Everett Street  
Bellefontaine, Ohio 43311

To the Director and Board of Commissioners:

We have audited in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements of the **Logan County Metropolitan Housing Authority**, Logan County, (the Authority) as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements and have issued our report thereon dated September 24, 2021, wherein we noted the financial impact of COVID-19 and the ensuing emergency measures will impact the subsequent periods of the Authority.

***Internal Control Over Financial Reporting***

As part of our financial statement audit, we considered the Authority's internal control over financial reporting (internal control) as a basis for designing audit procedures appropriate in the circumstances to the extent necessary to support our opinion on the financial statements, but not to the extent necessary to opine on the effectiveness of the Authority's internal control. Accordingly, we have not opined on it.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the Authority's financial statements. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

***Internal Control Over Financial Reporting (Continued)***

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Given these limitations, we did not identify any deficiencies in internal control that we consider material weaknesses. However, unidentified material weaknesses may exist.

***Compliance and Other Matters***

As part of reasonably assuring whether the Authority's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the financial statements. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

***Purpose of this Report***

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the Authority's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the Authority's internal control and compliance. Accordingly, this report is not suitable for any other purpose.

**INDEPENDENT AUDITOR’S REPORT ON COMPLIANCE WITH REQUIREMENTS  
APPLICABLE TO THE MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL  
OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

September 24, 2021

Logan County Metropolitan Housing Authority  
Logan County  
116 North Everett Street  
Bellefontaine, Ohio 43311

To the Director and Board of Commissioners:

***Report on Compliance for the Major Federal Program***

We have audited **Logan County Metropolitan Housing Authority’s**, (the Authority) compliance with the applicable requirements described in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* that could directly and materially affect the Authority’s major federal program for the year ended December 31, 2020. The *Summary of Auditor’s Results* in the accompanying schedule of audit findings identifies the Authority’s major federal program.

***Management’s Responsibility***

The Authority’s Management is responsible for complying with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal program.

***Auditor’s Responsibility***

Our responsibility is to opine on the Authority’s compliance for the Authority’s major federal program based on our audit of the applicable compliance requirements referred to above. Our compliance audit followed auditing standards generally accepted in the United States of America; the standards for financial audits included in the Comptroller General of the United States’ *Government Auditing Standards*; and the audit requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance).

***Auditor's Responsibility (Continued)***

These standards and the Uniform Guidance require us to plan and perform the audit to reasonably assure whether noncompliance with the applicable compliance requirements referred to above that could directly and materially affect a major federal program occurred. An audit includes examining, on a test basis, evidence about the Authority's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe our audit provides a reasonable basis for our compliance opinion on the Authority's major program. However, our audit does not provide a legal determination of the Authority's compliance.

***Opinion on the Major Federal Program***

In our opinion, Logan County Metropolitan Housing Authority complied, in all material respects with the compliance requirements referred to above that could directly and materially affect its major federal program for the year ended December 31, 2020.

***Report on Internal Control Over Compliance***

The Authority's management is responsible for establishing and maintaining effective internal control over compliance with the applicable compliance requirements referred to above. In planning and performing our compliance audit, we considered the Authority's internal control over compliance with the applicable requirements that could directly and materially affect a major federal program, to determine our auditing procedures appropriate for opining on each major federal program's compliance and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not to the extent needed to opine on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the Authority's internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

This report only describes the scope of our internal control over compliance tests and the results of this testing based on Uniform Guidance requirements. Accordingly, this report is not suitable for any other purpose.
