## Independent Accountants' Report on Applying Agreed-Upon Procedures

Ohio Department of Medicaid  
50 West Town Street, Suite 400  
Columbus, Ohio 43215

RE: Robert J. Magro, M.D. NPI: 1811003148  
Program Year 2019: Meaningful Use Stage 3 Year 5

We have performed the procedures enumerated below on Dr. Robert Magro's (the Provider) compliance with the requirements of the Medicaid Promoting Interoperability Program for the year ended December 31, 2019. The Provider is responsible for compliance with applicable laws and regulations of the Medicaid Provider Incentive Program.

The Ohio Department of Medicaid (Department) has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of reviewing eligible providers awarded Medicaid Provider Incentive Program monies. No other party acknowledged the appropriateness of the procedures. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes. The sufficiency of the procedures is solely the responsibility of the Department. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The procedures and the associated findings are as follows:

1. We obtained the Provider's encounters during the patient volume attestation period, performed a duplicate check, observed and removed duplicates encounters, and confirmed that the encounters included multiple payer sources. We recalculated the Medicaid patient volume using the unduplicated encounters and the Provider met the 30 percent requirement.
2. We obtained the system generated dashboards and compared the dashboard to the summaries for Meaningful Use Objectives 2 and 4 through 7 and the Clinical Quality Measures.

We confirmed the dashboards indicated that these objectives and the minimum measures were met. We noted no variances between these reports.

We were engaged by the Department to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the AICPA. We were not engaged to and did not conduct an examination or review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on the Provider's compliance with applicable laws and regulations of the Medicaid Provider Incentive Program. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.
