INDEPENDENT ACCOUNTANT'S REPORT

Hamilton County
Ohio Public Employees Retirement System
Plante & Moran, PLLC
138 East Court Street, Room 603
Cincinnati, Ohio 45202

We have examined the Hamilton County, Ohio (the County's) management assertions that the census data and pensionable wages reported to the Ohio Public Employees Retirement System (OPERS) as of December 31, 2021, and for the year then ended, were accurate and complete.

Management asserts that:

- The census data provided to OPERS as of December 31, 2021 is accurate and complete. Census data includes
 - First and Last Name;
 - Last four digits of the social security number;
 - Gender;
 - Date of Birth;
 - Contributions remitted to the plan; and
 - Pensionable compensation.
- The census data provided to OPERS as of December 31, 2021 included all enrolled employees.
- Census data changes occurring during the year ended December 31, 2021 to an enrolled employee's eligible compensation, were properly updated with OPERS.
- All employees required to be enrolled in the OPERS in accordance with statutory requirements were properly enrolled.
- The total pensionable wages and employee contributions information reported to OPERS for the year ended December 31, 2021 agrees with the payroll records of the employer.

The County's management is responsible for the assertions. Our responsibility is to opine on management's assertions based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and the standards applicable to attestation engagements included in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether management's assertions are fairly stated, in all material respects. An examination involves performing procedures to obtain evidence about management's assertion. The nature, timing, and extent of the procedures selected

depend on our judgment, including an assessment of the risks of material misstatement of management's assertions, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

In our opinion, the County's management assertions related to the accuracy and completeness of the census data and pensionable wages as described above provided to OPERS as of and for the year ended December 31, 2021, are fairly stated in all material respects.

This report is intended solely for the information and use of the County's management, those charged with governance, and OPERS management, and plan auditors to provide assurances that the census data reported to OPERS is accurate and complete. This report is not suitable for any other purpose.
